

Dark Ages 1041

Chapter 1041 - Crush

boom!

One arm was smashed and turned into a minced meat splash, which caused the super-god to distort his face, his pupils enlarged, and his heart terrified.

He had just tried to dodge, but was still hit by an arm. Although he had regained his life, he was not happy at all.

Because Qin Tiange's strength is beyond imagination, the threat to him is too horrible, never before.

“Three reincarnations, Super God Universe!”

Suddenly a roar came, and that super-god would have a powerful light behind him, a rumbling ascension, which contained a super-god universe.

It was a universe derived from three cycles of birth and death. It contained super terrifying power and turned into a shining bombardment.

This blow was the strongest blow from Super God. It can be said that it broke out 100% and was completely released without reservation.

boom!

Super God will explode in a single blow, endless energy is raging, and a figure is forced out, completely covering it.

“Come on!” Seeing Qin Tiange emerging, the **** roared, pulled his hands, and took out a horrible sharp gun.

He concentrated his energy on the gun body, and instantly realized the unity of man and gun.

The spear-handedness was pointed directly at Qin Tiange's brows. The powerful killing force was horrifying, and the universe-level strong men around could not help shaking.

Huh!

Qin Tiange clicked with one finger, and only heard the sound of “铿锵”, the spark splattered, and the magic gun was actually stopped by him.

Seeing this scene, everyone couldn't help pulling down the air. The ***** would be even more frightened, his eyes widened, and he couldn't believe his eyes.

The Qin Tiange in front of him actually blocked his magic gun with a finger, which was horrifying. He had never seen it before and scared many people.

Click!

With a crackling sound, the crack of the magic gun spread, and the next moment it broke apart, and Qin Tiange broke it with a finger.

The terrible scene scared God into his heart and never thought that he would encounter such a terrible encounter.

“Kill!” Qin Tiange drank, slammed his arm up and punched him, the fist rushed, awakening the **** general.

Unfortunately, he wanted to reflect that it was too late, and Qin Tiange’s fist had hit his forehead.

Just listening to the sound of “click”, God’s head burst like a watermelon, and red and white mixed scattered on the ground.

Qin Tiange punched the head of the **** general with one punch, stepped on the sole of his foot, and thundered, and the headless body of the **** general was stepped on and broken.

hiss!

All around, the universe-class Protoss warriors that God will bring, one by one, are air-conditioned everywhere, backing in horror, watching Qin Tiange’s eyes become extremely horrible.

They never thought about it, but in a blink of an eye, Qin Tiange’s superb **** would be killed by Qin Tiange.

So that the strong people on the human side are dull, with question marks in their heads, will the super gods be weak chickens?

“Super **** will be fake?”

“Is this dead?”

Some people still can’t believe the fact that a super-god in the Shenwu Alliance will fall down and die in Qin Tiange’s hand.

Not to mention them, Jiu Zhendu looks dumbfounded, eyes wide, watching Qin Tiange is holding a cosmic rays of light, which is the inner universe of the Super God.

This is not the same. The inner universe of the super-god has undergone three trials of rebirth, destroying the new life, and then continuing to destroy and continue to regenerate. This cycle of three times is considered a three-turn super universe.

“The super universe that has gone through reincarnation contains the origin and energy of the super universe. It really is a good baby, which is just right for me.” Qin Tiange said to himself, a little excited.

The killing of a super general this time verified that the power of these rebirth-level big men is not invincible.

“kill!”

“Destroy the Protoss warrior.”

Eventually, Jiuzhen came to his senses, hesitated a lot, and directly issued a final killing order to kill the Protoss fighters here.

With the Protoss super-god to be killed by Qin Tiange, at the scene, ten thousand Protoss warriors were horrified and had lost their heart.

The super ***** general hangs up in Qin Tiange's hand without a few moves, which is enough to deter this group of Protoss warriors.

“kill!”

Shouting and screaming, different Protoss warriors and tens of thousands of strong people here in the Terran Alliance burst out into super-combat power.

Seeing Qin Tiange killing the Super God General, everyone in the Terran was excited, this time it seems to be reversed.

“Brothers, kill the Protoss!”

Someone roared, his eyes were red, and through the sky, he killed him directly. Finding a Protoss universe-level powerhouse was a storm.

For a time, a horrible explosion occurred in the void of the void, and each Protoss warrior was suppressed by the morale strong human race, and gradually lost his original advantage.

Moreover, Jiuzhen, the reincarnation powerhouse, personally shot and directly bombarded the powerful Protoss warriors, leading to the final collapse.

“God will be dead, mission failed, withdraw!”

Protoss masters roared, and a brow pattern flickered at the eyebrows, preventing a group of powerful Protoss warriors from smashing nothing directly and trying to escape.

They thought very well, but Qin Tiange did not allow these Protoss warriors to escape. Since they came to ambush, they were ready to die.

Humph!

Qin Tiange snorted coldly and said, “If you want to come to ambush, just ambush, and if you want to go, just leave. Your Protoss is really bullying as a human race, just pinch?”

“Great chaos, blockade!”

With a low drink, accompanied by the chaos coming from one side, he immediately blocked the escape route of the group of Protoss warriors, and burst out from nothing.

The huge primitive chaos directly engulfed the group of Protoss warriors who wanted to escape, and instantly swallowed up the big chaos and directly suppressed it.

The primitive chaos on one side, coupled with the force of a thousand internal universes, erupted violently, suppressing these escaped Protoss warriors.

“Do not...”

Thousands of Protoss warriors were locked in the Primal Chaos. The powerful forces suppressed them from being able to move. They could only watch their bodies burned by a gray chaotic flame and melted a little.

“what...”

“No!”

“Human race, you will pay the price.”

A loud scream came, making Jiuzhen and others who had killed the Protoss fighters all looked at each other, their expressions changed slightly.

Jiuzhen and the strong human races she brought to her looked at the primitive chaos on that side, locking thousands of Protoss warriors one by one.

Thousands of cosmic powerhouses were suppressed by primitive chaos in this way, and they were still smelted one by one, and one never stayed.

The smelted Protoss warrior, leaving only a bunch of the origin of the universe, exudes a sacred light, wandering in the primitive chaos.

The origin of these universes is huge, and the energy is huge, but Qin Tiange has absorbed all of them and strengthened the thousand inner universes in his body.

Bang!

Consume only thousands of cosmic powerhouses at one time, a thousand universes in the body broke through the ranks instantly, and both of them grew up to maturity.

The thousand inner universes, including the primitive Great Chaos, have all matured, and have officially become one mature inner universe.

At this moment, the thousand universes in Qin Tiange’s body finally entered the maturity stage, with more strength, and truly transformed towards the direction of the big universe.

This is just a small universe in the body. If you want to transform into a big universe like the cosmic sea, you must go through the cycle of birth and death to grow into the real big universe.

“That’s what I want!”

Qin Tiange slowly opened his eyes, his eyes radiated a scorching light, and he looked at the thousands of inner universes collected, and did not mean to occupy them.

Those who were killed by Jiuzhen and others belonged to the spoils of others naturally. Qin Tiange didn’t care, but thought that there were countless powerful creatures in the battlefield.

Qin Tiange couldn’t help being excited when he thought that he might be able to successfully conceive the 60 trillion small universe in his body.

“Thank you Brother Qin!”

At this moment, Jiuzhen’s figure flashed gracefully and came to Qin Tiange, a hint of sincerity appeared on Qiao’s face, and he bowed and thanked slightly.

Then she beckoned softly, a ray of light came in, and all poured into her palms, all of which belonged to the inner universe.

“Brother Qin, thanks to your help this time, otherwise our group of people will not be able to escape the ambush of the Protoss.” Jiu Zhen said with a serious face, serious.

She looked at Qin Tiange and laughed: “These spoils will be given to Brother Qin, as a gift of thanks, Brother Qin must accept it.”

Having said that, Jiuzhen looked at Qin Tiange with thousands of strong personal tribe. None of them objected because Qin Tiange had really saved their lives.

If Qin Tiange does not appear, they may fall here, including Jiuzhen, a Terran Warrior.

At this moment everyone is very grateful to Qin Tiange, this is the honor of the strong, and will be respected wherever he goes.

“Please accept it from Qin Zun!”

Seeing that Qin Tiange didn’t move, thousands of strong men of the tribe arched their hands and shouted neatly, waking up the thoughtful Qin Tiange.

He looked at Jiuzhen in front of him in amazement, as well as the thousands of strong human races, and finally looked at the thousands of shining inner universes in Jiuzhen’s hands.

“Thank you!”

Qin Tiange thought for a while, and finally smiled. After all, he really needed these inner universes, and he could n’t refuse Xie Li?

Simply, Qin Tiange accepted it directly. Anyway, the other party sent it, don’t give it up. Moreover, Qin Tiange directly swallowed up the refinery, swallowed the inner universe on the spot, and saw Jiuzhen and others stunned and almost dumbfounded.

A total of 10,000 inner universes were swallowed up, and a thousand inner universes in Qin Tiange’s body boiled and roared. One thousand inner universes that had just broken through the mature period will be completely consolidated and become truly perfect small universes, waiting to enter after aging. Destroyed.

Thousands of inner universes were destroyed together. At that scene, Qin Tiange must feel very beautiful, and he couldn’t even imagine it.

Not to mention, once Qin Tiange’s 60 trillion cosmic cells have matured and exploded together, what will happen?

The imagination is exciting. Qin Tiange is looking forward to it. What kind of scene will he be after that step? Can he directly confront the creator?

Bang ...

At this point, the warship started, slowly sailed out of the void of nothingness, passed through the dim nihilism barrier, and re-entered the entrance of the nothingnessy battlefield.

This time, there was no ambush anymore. The warship entered the void battlefield safely, and everything was peaceful, and soon came outside the hundred void city on the void battlefield.

Chapter 1042 - Alliance, elder?

Baixu City, the Presbyterian Church of the Terran Alliance, Qin Tiange came here with Jiuzhen.

“Brother Qin, here is the Presbyterian Church. I need to report to the Elder some of the experiences and news I just had.”

Jiuzhen walked and explained while avoiding Qin Tiange's misunderstanding, and she came with Qin Tiange to be the request of the elders stationed here.

The Terran Alliance, the Supreme Presbyterian Church, has a total of more than 1,000 elders, the highest being the elders. All elders below represent a human race.

In other words, in the human race alliance, there are a huge alliance force composed of more than 1,000 human race universe.

The Presbyterian Church is the supreme rule of the human race. The elders have an extremely high status. An elder represents the highest ruler of the universe.

And there is an elder above Jiuzhen, the elder of the Terran Alliance sitting in Baixu City.

"Anyway, I also just want to visit the elder you said." Qin Tiange smiled indifferently and didn't care.

He also wanted to see how strong the top-level armed forces of the Terran Alliance were, the elders. From this we can see that the gap between the Terran Alliance and the major alliances.

"Elder, I am back."

At this point, Jiuzhen took Qin Tiange to a vacant hall and stopped in front of her, respectfully saluting in front of the hall.

Qin Tiange remained motionless, looking at the empty hall in front of his eyes, and there was a horrible qi from inside.

From the analysis of these gas engines, the elder inside was extremely powerful and terrible. Judging by Qin Tiange, it is likely that the elder who has gone through eight cycles of the universe.

"come in."

For a long time, there was an old voice inside, the door opened voluntarily, and a raging mist poured out.

Jiuzhen bowed slightly before walking into the hall with Qin Tiange respectfully. This is where the alliance elder is.

boom!

As soon as he stepped into the hall, Qin Tiange felt a gaze on his body and suddenly looked up, two beams of light tearing through the void, a hissing sound came, and the arc intertwined and flashed.

Qin Tiange's eyes were scorching, looking at a huge figure sitting high above the main hall. The rumble of power was down, like a supreme god.

boom!

With a muffled sound, a mighty might emerge from Qin Tiange's body, the emperor's momentum swept away, pressing directly on the other side.

He stepped up step by step, stepping in the void, the space under his feet collapsed, and the mighty power overwhelmed Jiuzhen, which was hard to breathe.

She looked horrified, and watched Qin Tiange suddenly erupt, and even confronted the elders and scared her.

“Brother Qin, that’s the elder ...” Jiuzhen reminded with some worry.

Unfortunately, Qin Tiange didn’t even bother, stepping up step by step, his face was firm, his eyes glowed with burning light.

He stood in the middle of the hall, and looked at a powerful figure sitting at the front. He was an elder of the Terran Presbyterian Church, and it turned out to be an eight-round reincarnation.

“Very well, you are the first person to dare to face me.”

For a long time, the elder opened his mouth slowly, an old voice came, and the fog dispersed, revealing his true features.

Jiuzhang’s tall body, sitting there, exuded a strong power, snow-white beard dancing without wind, his eyes shining with burning light.

This elder is very powerful, but can’t scare Qin Tiange, he walks up all the way, killing countless powerful people, if the other party dares to suppress him, then kill it directly.

“Young man, is there any interest in coming to do things with my men, I can make you the first general and lead hundreds of millions of elites.” The old man said lightly, his eyes were full of praise.

In his opinion, Qin Tiange was very powerful, but it was only cosmic, and he didn’t even look at it, so he directly solicited.

But who is Qin Tiange? As an emperor, how can you surrender yourself, where is the face of the ancient emperors of the Pangu universe?

“No interest!” Qin Tiange replied slightly, looking up and down the old man in front of him, the elder of the tribe.

He glanced inevitably a little disappointed: “Elder Tribe, eight rounds of reincarnation, and that’s it. No wonder Terra hasn’t had a Creator for countless years.”

“Huh?” The old man frowned slightly, his eyes a little displeased, and hummed: “Young man, do you know who you are talking to?”

Qin Tiange shook his head and was disappointed, “You have lost the enterprising spirit, but you still occupy such a position and control the inside of the people. This is equivalent to restricting the growth and ambition of the younger generation inside the people. The next generation of Terran. “

“Human race, why have there not been creators for countless years, and they are inseparable from your group of elders who control the human race, all of them are old and unwilling to let go, but they have limited the growth of the next generation of this people. It seems that your group The old guy is really superfluous. “

Qin Tiange didn't conceal at all. He said this sentence, which made Jiuzhen's whole person dumbfounded and frightened and shocked. It felt incredible.

The elder was even more stunned. I didn't expect Qin Tiange to just say this, it was just scolding him in front of him, even the elders who took the entire human race alliance with them.

“presumptuous!”

The elder in front of him was so angry that he yelled out, and a powerful breath broke out all over him, pressing Qin Tiange.

Unfortunately, this breath was easily shattered by Qin Tiange, which was useless at all, but made the old man's face pale for a while.

“You, do you know what you're talking about?” The old man almost growled in anger.

Qin Tiange's words are simply insulting the entire Presbyterian Church, saying that this group of elders directly controls the internal development of the human race and limits the growth of the next generation.

This remark was simply heart-warming, didn't it mean that all the elders in the entire alliance who strayed into the alliance naturally angered the elders in front of them.

“Did I say wrong?” Qin Tiange snorted, looking at the old man in front of him.

Suddenly he swiped open with a finger, the nothingness burst, revealing a vast breath, the mysterious force emerged and appeared in front of the old man.

“Look at it for yourself, the Terran Alliance seems to be strong, but it is already dying, that is, it is old.” Qin Tiange made the old man speechless.

He looked at the old man in front of him and sneered: “Your so-called elders have controlled how long the Terran Alliance has been, for countless years, how many of them are the same elders as you?”

“No, right?” Qin Tiange became more and more ruthless, so that the old man in front of him didn't know how to answer because he was telling the truth.

In retrospect, the old man's heart was chilling, and he suddenly found that there were more than a thousand elders in the entire Presbyterian Church, and there had never been a new elder in countless years.

Because no one in the Terran Alliance can cultivate to this extent, as if there is a gap between them, blocking the growth of the next generation.

This power is the Presbyterian Church. This group of old things controls the entire human race alliance, which is equivalent to controlling the development of the human race and restricting the growth of the human race.

Why, because their existence has limited the human race, a thousand old things control the development of the alliance, how can people below them appear?

“A group of people like you are immortal. You should hide behind the scenes and let the younger generations fight, but they will not die if they are old. They are still in the footsteps of the next generation. Such an alliance allows me to enter, it is simply joke.”

Qin Tiange said one word at a time, the old man had red ears and red ears, Qiqiao made smoke, and his eyes were flashing with horrific murderous power.

He really moved his heart, and Qin Tiange made it clear that no one had dared to challenge the majesty of the Presbyterian Church.

Now, this young man dared to provoke the Presbyterian Church, and directly pointed out that the existence of their group of elders hindered the internal development of the human race, making people from one generation to the next.

For countless years, no one has surpassed this group of elders, and no one has broken through to become the Creator. This is tragedy, a kind of sorrow.

“sad!”

Qin Tiange sneered, turned around and stepped out to leave here, leaving no mood at all.

Such an alliance is simply not worth Qin Tiange’s stay. The elder wants to make Qin Tiange his subordinate, which is simply a joke.

“stop!”

He scolded himself, the old man flashed to block Qin Tiange’s way, and his eyes showed a cold ray of murder.

“Come where you want to go, go where you want to go?” The old man’s face was somber and his words were extremely cold.

This remark awakened Jiuzhen in a daze, his face changed greatly, and he quickly came forward, pleading with the old man with horror.

“Elder Jiu Xuan, Brother Qin did not deliberately hit your majesty, but also asked the elder to open his grace.” Jiu Zhen pleaded anxiously.

Unfortunately, the old man didn’t even look at her, and waved Jiuzhen out with a wave.

“Eat out and eat, go to the wall and think.” The elder’s face was indifferent, his chilling tone made him chill.

Qin Tiange glanced at Jiuzhen being beaten up, bleeding from the corners of his mouth, apparently not injured lightly, and he couldn’t help bursting out a sense of murder.

How to say that the other party is yours, even if you treat it this way, no wonder the entire human race alliance looks strong, but it is getting old at night is getting old.

Everything is because this group of stubborn old things controls the overall situation of the alliance, causing a resistance within the human race, blocking the promotion of the next generation.

“Old thing, originally I didn’t want to bother you, but since you are looking for death, then I have to fulfill you.”

Qin Tiange slowly raised his head, his tone was gentle but with a firm conviction, his eyes glowed with a burning light, his intentions were cold.

boom!

The momentum of the two erupted, and there was a terrifying voice in the Void Hall. The killing was surging, and the two powerful men were about to start a war.

Qin Tiange and the elders in front of the alliance, both of them are murderous, and they will kill each other without reservation.

A **** battle was imminent, the atmosphere inside the hall was dull, and the powerful coercion made Jiuzhen feel uncomfortable and almost choked.

She really realized that Qin Tiange’s strength was beyond imagination, and even that elder was a little shocked and had a hard time riding a tiger.

Hum!

Just as the two were about to fight, a strange buzz came from the nihility, a click, and a dark token penetrated the nihility, straddling between the two, breaking the sword’s tense breath.

“Jiu Xuan, step down immediately. Human races are not allowed to fight!”

There was an old voice in the token, with an unquestionable tone, which greatly changed the look of the elder Jiu Xuan in front of him.

“Big elder?” Jiu Xuan looked shocked, looking at the token in front of him, which was the sign of his elder.

I saw that the token glowed, and there was a secret word inside Qin Tiange and China: “Qin Zun, you leave on your own, your way is not here, go deep into nothingness.”

This sentence changed Qin Tiange’s face, and his heart shook, setting off a sea of stormy waves, and he couldn’t calm down for a long time. It felt a little incredible.

Chapter 1043 - Deterrence of "disc"

Inside the hall, the atmosphere was weird. Elder Jiu Xuan’s face was cloudy and uncertain, his eyes stared at Qin Tiange, and the murderous power in his heart gradually extinguished.

The elders directly intervened. This must not be ignored. As the elders of the alliance, the elders are the most powerful and unpredictable.

As for Qin Tiange, at this moment, his heart was a stormy sea, which could not be calmed down, his eyes flickered with a hint of light.

He stared at a token in front of him, and the idea conveyed: “Do you know me? Why did you say that to me?”

Hum!

I saw that singular token trembled slightly, suddenly burst into a ray of light, towards Qin Tiange's eyebrows.

He didn't dodge, and let this light flow into the eyebrows, only to find that it was a message with a word on it.

“plate!”

One word shook Qin Tiange's heart, and he understood something, but had many doubts and couldn't get answers.

Pan, that elder knew Panzun? Or is it that he was a strong man in Panzun who failed?

All of this, Qin Tiange is not clear, because that token shattered nothing and disappeared, it is impossible to ask again.

Unless he can see the elder of the Terran Alliance, unfortunately, Qin Tiange has no idea where the other party is.

“Let's go.” Elder Jiu Xuan said, waved his hands indifferently and ordered a guest.

The elder spoke, proving that this person must have a relationship with the elder, and even he was concerned by the elder of the alliance.

As the Alliance Elder, I know the elders of the Alliance are most terrible. Naturally, they cannot counter it, so Qin Tiange left here directly.

“Jiuzhen, take care of yourself!” Qin Tiange looked at Jiuzhen with a sullen face, and said goodbye slightly.

After hearing this sentence, Jiuzhen was suddenly awakened, and opened his mouth to speak, but he didn't know what to say. After all, he just knew Qin Tiange, and it was not a deep understanding at all.

“Brother Qin, take care!” Jiuzhen suddenly showed a bright smile.

Since Qin Tian Geken said goodbye to her, it proves that the two are already friends, which makes Jiuzhen wake up and a stone falls in her heart.

Huh!

As soon as the words fell, Qin Tiange turned and flashed, his hands tore open the hall of nothingness, and disappeared directly into the hall.

In the presence of the elder Jiu Xuan, Qin Tiange tore up the defense of the hall and left the place directly, leaving the opposite side to shake.

“It's so rude!” Jiu Xuan looked indignant, watching the defense of the Void Palace be torn apart easily, unhappy.

But he couldn't stop, the elder said, if he dared to move Qin Tiange, even if the elder didn't hold it, he might fall into Qin Tiange's hands.

“Well, if the elders didn’t stop, the boy would definitely fall here.” Elder Jiu Xuan snorted with a depressed face.

In the end, as soon as the words fell, a hole opened in the nihility, and a ray of light penetrated the endless nihilism to come here.

Hum!

The light fell and instantly turned into a hazy figure, hazy, covered with mysterious mist.

“Big elder?”

Seeing this figure, Jiu Xuan and Jiu Zhen both changed their faces, shocked, and stood up and saluted.

The comer turned out to be the elder, and one of them came down, his hazy appearance was unclear, but he could see the eyes full of mysterious light.

“Jiu Xuan, if your deity had just blocked you, you would be dead now.”

The elder elder’s voice came, shocking and unbelievable. Jiu Xuan looked stunned, staring at the elder in front of him.

He heard the elder say that if he didn’t come out to stop just now, he is now a dead person, which is incredible.

“Impossible!” Jiu Xuan exclaimed, disbelieving.

However, the elder shook his head and murmured, “Surface, that one is not something you can touch. Just stop the deity just now, and you’re all gone now.”

“Did you forget the lesson of that blood countless years ago?” The elder stared at Jiu Xuan quietly.

As soon as this word came out, Jiu Xuan’s face turned white, and he looked at the elder in horror, his eyes showing a kind of panic.

He stunned and said, “This ... elder, you say, that kid is the same as he was many years ago?”

“Yes!” The elder said to himself, his eyes flickered, and suddenly said: “The lesson of the blood of the past, originally the oldest elders in our tribal elders association, how did the elders of the previous generation die? “

“Pan?” Jiu Xuan looked terrified, terrified.

The elder said softly: “Did you forget that the elders will have the highest blood training. Anyone who sees a” pan “mark on their brows, no matter who they are, cannot irritate each other. You want our generation of elders to enter the dust. ? “

“I ...” Jiu Xuan was horrified and was really frightened by these words.

In retrospect, Qin Tiange’s heart really had a quaint character looming at the time, exuding a primitive atmosphere.

He didn't care at the time, and now he can't help shivering when he thinks about it, his cold sweat is scared out, he feels a sense of palpitations, and has a feeling of the rest of his life after the disaster.

He looked at the elder with a grateful expression. If he didn't stop him, he might not know what caused him.

“The original lesson is still vividly remembered. You almost pushed the entire elder into a state of utter danger.” The elder snorted softly and looked at Jiu Xuan with dissatisfaction.

He was really dissatisfied, because this guy was almost bad just now, pushing the entire elder alliance elders into the abyss.

Once Jiu Xuan confronts Qin Tiange, it is okay for Jiu Xuan to die, but it is bound to let Qin Tiange directly confront the entire Presbyterian Church, and he will level up this institution without hesitation.

“Jiuzhen, you have done a good job this time. This deity allows you to enter the Presbyterian Church for hidden repairs. If you are ready, I will promote you and formally enter the Presbyterian Church.”

The elder suddenly turned, looked at Jiuzhen who was silent, and said such an amazing word.

As soon as this word came out, Jiuzhen's face was stunned and his brain was roaring. Jiuxuan was shocked, but he didn't expect the elder to make such a decision.

Directly entering Jiuzhen into the Presbyterian Church and becoming a new elder, this is simply an extraordinary promotion without the consent of the Presbyterian Church.

Because the elders had this right, Jiu Xuan and Jiu Zhen were a little shocked and aggressive, because no new elders appeared for countless years.

“Countless years, the elders should change their blood.” The elder said to himself, suddenly looking at Jiu Xuan.

This glance made Jiu Xuan's heart cold, and she had some bad thoughts.

Sure enough, I only heard the elder said lightly: “Jiu Xuan, go and think for yourself, and the next thing will be given to Jiu Zhen. When she comes out from the source sea, you will retreat behind the scenes. “

“Yes!” Jiu Xuan's face was complex, but he couldn't resist, watching the elder turn away and disappeared.

Suddenly, the elders appeared. The elders who had never come out for countless years were thrown out directly. It seemed that the elders would be changed blood.

What did he fear? Maybe, what is being avoided? As for the specifics, no one knows Only the elders themselves know.

A crisis was thus resolved by the aging of the elder. Originally, Qin Tiange planned to kill the elder Jiuxuan directly.

However, due to the appearance of the elder, Qin Tiange had to choose carefully and eventually did not do anything.

Qin Tiange is not clear, because of his appearance, the elders who have not appeared for countless years ran out and started to rectify the Presbyterian Church.

This time, the elders of the Terran Alliance will receive a major blood exchange. The original elders have received orders and retreated behind the scenes. The disobedient people were suppressed by the mysterious elder in person and convinced.

Almost overnight, the elders of the entire Terran Alliance exchanged blood, and all the elders of the older generation retreated, hiding behind the scenes.

Of course, apart from the elder himself, because he is in charge of the overall situation, more than a thousand elders suddenly retreated behind the scenes, leaving some shock within the entire Terran Alliance.

However, this matter has nothing to do with Qin Tiange. He is coming out of Baixu City, strolling in the vast empty battlefield, thinking about the elder's affairs.

“Human race, the elder of the alliance, what exactly is it?”

Qin Tiange walked step by step on top of nothingness, looking back at the vast and magnificent Baixu City, thinking about the mysterious and powerful elder.

Thinking about it, suddenly I felt a strong smell of wind sweeping over my head, a bang, and nothingness suddenly broke, and a gigantic dragon head was found out of it.

“Hmm ...”

A dragon roar awakened Qin Tiange, looked up, and saw a sloppy dragon head opened his mouth and swallowed at him.

It was a dragon with a huge body. The head of the dragon looked like a star. The scales flashed with gray-black light, and its mouth was biting directly.

Chapter 1044 - Dragon rider? Slaughter and Devour

Looking at the dragon that had bitten out of nothingness, Qin Tiange looked calm, his eyes glowed with a faint light, and the murder was cold.

It is a powerful true dragon that can cross nothingness, has a powerful universe, and is a universal dragon.

But what is shocking is that there is a person standing above the dragon's head, and it seems that he is driving this true dragon.

In other words, this universe-level true dragon is just his mount, which is really shocking.

“Oh!”

The real dragon growled and swallowed, as if it was an instinct, and it has even been done countless times, becoming a habit.

Needless to say, this true dragon does not know how many creatures have been swallowed. Looking at this skilled movement, the person above the dragon's head does not even glance at it.

“Hum, if you want to eat me, then I will eat you first.” Qin Tiange snorted suddenly, saying such a sentence.

As soon as the voice fell, I saw the horror real dragon trembled and stopped suddenly, as if being controlled by a mysterious force.

“what?”

With a suspicion, the people above the dragon head suddenly felt wrong and were waiting for a reaction, but it was too late.

Listening only to the bang, a cosmic-grade true dragon’s jaw against the scales suddenly smashed, penetrated a hole by a force, and was transparent on both sides.

“Well ...” The true dragon screamed sternly, his body suddenly froze, his eyes were endlessly scared, and gradually faded.

The gigantic dragon head had just discovered nihilism, and most of its body was still in nihilism, stuck there, but dead.

“presumptuous!”

Watching his mount die inexplicably, the young man standing above the head of the dragon suddenly became furious and realized that it was not good.

His mount was actually killed by the opponent. He originally thought it was just a trivial trash clan, and never wanted to kick the iron plate this time.

“Who are you, dare to kill my mount?”

The young man yelled and stared at the man who appeared in front of his eyes gloomily. It was Qin Tiange who had just slaughtered the opponent’s mount and a universe-level true dragon.

Qin Tiange glanced at the other side. He was a powerful creature with three revolvers, but unfortunately it was not in his eyes.

“Who am I? The dead don’t need to know.” An indifferent word came into the other’s ear.

The powerful young man was extremely angry, his figure flashed, and his hand was raised in front of Qin Tiange.

boom!

A terrible scene appeared, and the young creature’s fierce blow was easily caught by Qin Tiange with one hand.

The eyes of the two collided, and the young man’s pupil shrank, and when he wanted to withdraw, he was frightened to find that his body could not move, and was locked and suppressed by a powerful force.

“No, you dare to kill me. I am a dragon rider of the Dragon Alliance ...” The young man shouted loudly. It turned out to be the Dragon rider of the Dragon Alliance.

Unfortunately, he didn't finish his words. Qin Tiange split his arm with one palm, and his powerful palm pierced his heart like a sky knife.

With a flutter, Qin Tiange Sheng dug out the opponent's heart, a dragon heart, the powerful dragon rider from the Tianlong tribe, and was hit hard by Qin Tiange.

“Ah ... how dare you?” The Tianlong youth screamed in fear.

He watched Qin Tiange run through his eyebrows with one hand, and the sound of crunching and crunching came to his mind, and then he felt his dragon spirit was dug out.

“Oh ...” A miniature dragon was screaming, it was a nine-clawed dragon, which was different from the killed mount real dragon.

Looking at the struggling dragon spirit, Qin Tiange coldly hummed, pinching with five fingers, and clicking with a crisp sound, the dragon spirit was directly crushed into a ball.

Soon, Qin Tiange started refining and devouring, and swallowed the real dragon and the dragon on the spot, without any mercy.

Bombed, devoured, the real dragon corpse disappeared in a blink of an eye, and the young dragon rider of that Tianlong tribe swallowed the body like Qin Tiange Refining, leaving nothing left.

I have to say that the sadness of this young dragon rider of the Tianlong tribe, even dare to let the horse eat Qin Tiange, is just to die for himself.

Qin Tiange came along all the way, he didn't know how many strong people of various races he had eaten. He couldn't remember anyway, and even saw what was useful to him and ate it directly.

Those who dare to eat him will be eaten in turn, this is the end.

“In the depths of nothingness, what is it?”

Qin Tiange looked at the hole drilled by the true dragon, and thought to himself what the deepness of the void said by the elder.

The depth of nihilism he said may be the depth of the nihilism battlefield, saying that his way is not here, but in the depth of nihilism.

Huh!

Thinking of it, Qin Tiange stepped into the cave one step into the cave and disappeared in a blink of an eye.

And shortly after he left, there were powerful figures appearing here, come to check, are some of the strong dragons.

“Tianlong Riding is about to die, all the gods are gone!”

Soon, these people confirmed that the young dragon had just died and that all the gods had disappeared, and no residue had remained.

This discovery was shocking. A strong man reversed time and space, and looked back at the scene here, and saw the whole process of the young dragon rider being killed.

“Chase, take him back to Tianlong Headquarters!”

The strong Tianlong tribe directly ordered Qin Tiange to be chased and brought him back to the Tianlong headquarters. This was provoking the Tianlong Alliance.

The news spread that a young dragon rider of the Tianlong Alliance was directly swallowed by an unknown youth not far from Baixu City.

The news came to Baixu City, which surprised all the major alliances, especially when the image spread, the elder Jiuxuan in the Baixu City elders hall was stunned.

“Is he?” Jiuxuan looked at a retrospective picture in front of him, showing the whole process of Qin Tiange’s killing of the young dragon rider.

Even the process of swallowing the other party and even the mount surfaced one by one without any concealment and concealment at all. It really swaggered and swaggered directly.

“Mum!”

Jiu Xuan swallowed slightly, bitterly: “Fortunately, the elder stopped it, otherwise I might be swallowed.”

Think of Qin Tiange’s indifferent expression that swallowed the creature, as if he had done it countless times, swallowed countless souls, and there was no fluctuation at all.

“Jiuzhen, starting today, you will be in charge here!”

Suddenly, Jiu Xuan stood up and ordered to throw an elder token to Jiuzhen with a dull face. Then he turned around and disappeared.

Jiu Xuan was frightened by the fierce side of Qin Tiange and ran away directly, hiding behind the scenes, and dared not appear.

In Baixu City, the major alliances began to be curious about Qin Tiange, but there was news from the Tianlong tribe that a dragon **** of the Tianlong tribe would dispatch Boom!

Two giant dragon shadows pierced the nothingness, rushed directly into the depths of the nothingness, and entered the battlefield of nothingness, the breath of the tracker Qin Tiange.

The two giant dragon shadows exuded a terrifying atmosphere, which swept through the sky, shook the hearts of countless powerful people, and made people scary.

“That’s the two dragon gods of the Tianlong tribe?”

“The two dragon gods will be hunted down, and the Tianlong tribe is under the blood.”

The major alliances were shocked when they heard that the two dragon gods sent by the Dragons would chase Qin Tiange, and they felt a little bit moved.

The two dragon **** generals are definitely the strongest **** generals in the Tianlong tribe. Apart from the dragon master, sit down one of the strongest military forces.

In order to hunt down Qin Tiange, even two dragon **** generals were dispatched. It seems that the Tianlong clan attaches great importance to this incident.

Qin Tiange had no idea that the Tianlong clan sent two dragon gods to chase him down, even if he knew it, he didn't care.

At this moment, Qin Tiange was quickly moving through the battlefield of nothingness, constantly moving forward, and rushing to the depths of nothingness.

He wants to go into the depths of nothingness, find his inner doubts, and want to follow the tracks of the disk. Perhaps if he finds the disk, he can solve the countless questions in his heart.

Qin Tiange believes that Pan Zun is still alive, and it is somewhere in the ocean of the sea, perhaps the deepest part of the void battlefield.

Because it is rumored that this is where the creators are, and those creators are in the deepest part of the void battlefield.

“hiss...”

Suddenly, horrible shadows emerged from the nothingness in front of them, their teeth danced, each one terrifying, like a terrible nothingness parasite.

Looking at the sudden emergence of a large number of crickets, parasitic beasts and cricket creatures, Qin Tiange couldn't help frowning, killing his fists without saying a word.

Chapter 1045 - Unknown species, inner universe decay

Bang bang ...

The tremor of emptiness, in the blink of an eye, killed a scourge of emptiness parasites, and was killed here as many as possible.

Vaguely, a figure flashed quickly, the head of a parasite beast collapsed, and the body was broken into several pieces, which could not stop the man's punch.

“hiss...”

With the last hissing extinguished, hundreds, thousands of nothingnessless parasites were slaughtered on the scene, one remained.

Qin Tiange walked among the dead parasitic corpses, and looked closely, digging out the void beads in their heads one by one.

There are thousands of void beads, which contain an imaginary force, which can block the strangulation of the power in void.

Qin Tiange attaches great importance to these strange beads, and even thinks whether he can draw the mysterious and illusory power inside.

He held a grey, futile bead and observed carefully, but unfortunately he could not draw the mysterious power inside.

“The power of curiosity is not drawn and cannot be absorbed. How can this energy be absorbed?” Qin Tiange was surprised and found that he could not draw the illusory power inside.

This mysterious power, it is not clear how to absorb it, which aroused Qin Tiange’s strong curiosity and wanted to unlock its mystery.

However, instead of continuing to look at the research, he slowly raised his head, staring into the depths of nothingness in front of him, and a large fragmented scene appeared in front of his eyes.
call!

A huge fragment of the city ran across nothingness and ran directly into Qin Tiange’s presence, as if a mighty star had crashed down.

It was just that this huge piece was suddenly smashed into a pile of powder and dissipated, as if suddenly turned into ashes.

Qin Tiange’s eyes were like a torch, scorchingly staring into the depths of nothingness, and all kinds of incomplete fragments continued to fly out.

There are huge pieces of food to eat, the remains of ancient warships, and the huge bones of some creatures, all of which are there.

In the depths, there is a huge gap in the land of dreams. These fragments are pouring out from there, as if there is a horrible battlefield inside.

Huh!

Qin Tiange walked through the rubble debris, stepped on some broken corpses, and walked all the way to the huge rift, watching quietly.

He stared through the strange light, saw through the barrier of the void, and saw a desolate scene of killing inside.

boom!

A furry giant hand crosses the nothingness, grasps it fiercely in an area of the nothingness, clicks, and drags a powerful creature directly into the depth of the nothingness.

Qin Tiange’s pupils shrank, watching the pinched creature turned out to be a reincarnation powerhouse, at least after three reincarnation powerhouses.

But such a powerful creature was caught by a mysterious giant hand directly into the depths of nothingness, with a burst of screams of sorrow and eventually extinguished.

Needless to say, the creature has already hung up and was directly swallowed by the unknown creature, making Qin Tiange’s eyebrows jump.

“What kind of creature is that?” Qin Tiange said to himself, waved through a large broken ruin in front, and stepped into that desolate and horrible place.

There are many terrible creatures hidden in the depths of nothingness, which belongs to the inner area of the nothingness battlefield, close to the depths.

Qin Tiange came here, realizing the dangers and horrors here, just now he saw an unknown creature grabbing a powerful creature with three cycles of reincarnation.

“Roar!”

In the depths of nothingness, a shocking roar came suddenly, the sound was rolling, pierced the nothingness and ignorance, and shattered numerous ruin fragments.

That terrible roar made Qin Tiange feel a threat, and the roar of the unknown creature gave him a strong crisis.

He didn't know what the creature's roar was, but he could clearly feel the threat from the other party.

boom!

Suddenly, nothingness broke, a dark thing broke the nothingness, rushed all the way, shook hundreds of millions of miles, and blinked into the depths of nothingness and disappeared.

Qin Tiange's pupils dilated, and two beams of gods were intertwined, shining brightly, capturing the terrible scene that had just passed away.

“Is that Tianpeng?” He said to himself, exclaiming the terrible shadow that had just passed away, shattering nothingness, and frighteningly fast.

Just now he clearly captured that there was a terrible Tianpeng crossing the nothingness, entering the depths of the nothingness battlefield, and rolling with endless fierce power, it was scary.

That Tianpeng is nothing else. It was the transformation of the Qiang. The Qiang tribe is strong. Once transformed, it becomes Tianpeng, and it goes up to hundreds of millions of miles.

This kind of bizarre transformation only exists in the Qiang tribe. As a family of fierce beasts, Li, this is a huge Beiming fierce fish, but once it is lifted for nine days and transformed into Tianpeng, it is another form, the ultimate form.

“Interesting, the supreme creatures in the numerous universes of Zhouhai gathered on the same battlefield, killing and competing, this is the real battlefield of the strong.” Qin Tiange's expression became a little excited.

As if the blood that had been silent for countless years, it suddenly boiled and was awakened by the powerful creatures here, and the fighting spirit gradually recovered.

There are countless scary creatures on the battlefield, and some fierce species can even rival the Creator, and some can even fight the Creator.

This is the terrible aspect of the Void Battlefield, not only the Void Parasite, but also all kinds of weird and weird species.

boom!

For example, Qin Tiange now encounters an extremely fierce unknown species, with 88 heads, 99 claws, and only one eye in his entire body.

Right in the middle of the head, there is no eye on the rest of the head, it feels like an unknown organism.

However, this creature was extremely horrible, so Qin Tiange smelled a bit of pressure from the unknown creature in front of him.

“What species is this?” Qin Tiange looked weird, looking at the weird creatures in front of him, too weird and rare.

He didn’t even know what kind of species this was, but he was extremely powerful, terrible and terrible, and launched an attack directly.

“His!” Eighty-eight heads spread out in unison, sending a terrifying hiss, and a stream of soul thoughts swept across.

Feeling the terrible soul shock of the other party, Qin Tiange blinked his eyes and realized that the power of this unknown creature is the soul shock that crushes the will.

boom!

On the occasion of a stern moment, Qin Tiange’s eyebrows burst into a radiant light, bursting out a mighty will from the inside, and rumbling up.

This volition was terrifying, rushing over, crushing and crushing the powerful impact of the unknown creature, which in turn penetrated the opponent’s unique eye.

boom!

“hiss...”

With a muffled sound, the only eye of the unknown creature was smashed, crushed and crushed by Qin Tiange’s powerful will, and severely wounded.

And the consciousness of that unknown creature was being attacked by Qin Tiange’s mighty will, and the soul’s impact repeatedly defeated the other’s consciousness instantly.

With a click, the unknown creature’s body cracked, and then it slumped in front of Qin Tiange, his breath weakened, and he soon lost his voice.

This unknown creature died like this, being crushed by Qin Tiange’s soul consciousness and directly bombarded and killed.

“It looks very strong. It turned out to be strong and strong.” Qin Tiange shook his head, and the creature was speechless.

With just one will to fight back, he bombarded the unknown creature, disappointing him a bit, and looked very powerful, but he was vulnerable.

“Well, this is ...” Suddenly, Qin Tiange saw a strangeness on the body of the unknown creature.

He quickly stepped forward and found that there was a strange ray of strange light coming out of the body of this unknown creature.

boom!

Raising a palm without saying a word, splitting one of his heads, Qin Tiange found a cold bead from the inside.

He looked at the beads in his hand, and was surprised to find that this was an inner universe, which contained a cold cosmic force.

Bang bang ...

Next, all the heads of this unknown creature were blown up and blasted by Qin Tiange, and they dug out all the beads from the inside.

There are eighty-eight beads, which contain a small universe. It seems that this unknown creature has a strong inside.

Qin Tiange was pleasantly surprised to discover that these 88 small universes have actually experienced the strong universes born from two cycles.

“Isn’t this heaven?” Qin Tiange suddenly showed a weird smile and opened his mouth to swallow the 88 beads directly.

He took the battlefield of nothingness as a hunting ground, swallowed eighty-two small universes, and Qin Tiange felt that the thousand inner universes in his body suddenly shivered together, and strange changes took place.

boom!

The thousand inner universes in Qin Tiange’s body shook together began to fail, and even entered the old age, as if one by one small universe.

One thousand universes in the body have finally started to decay, and will soon be destroyed.

“The universe is dying and is about to be destroyed!”

Qin Tiange was not shocked, but felt that a thousand inner universes in the body, including the primitive great chaos, all entered decay, and the endless force of the universe gathered at the core and began to collapse.

He understands that this is the end of the inner universe. At this moment, Qin Tiange Ming realized that he was about to break through, entered the destruction of the universe, and survived the shock of the destruction of the universe.

“Well, find a big universe to be destroyed and make a breakthrough.”

After a moment of contemplation, Qin Tiange immediately decided to find a big universe to be destroyed, to carry out the destruction shock of the inner and outer universe, and to sublimate and transform himself in the midst of destruction.

Qin Tiange tore open nothingness with one hand, completely imprinted the position here in his heart, and waited for the breakthrough to enter the battlefield of nothingness.

Click!

Rip open the barriers of the virtual battlefield, Qin Tiange stepped into it, and disappeared in the blink of an eye.

As soon as he disappeared, he heard a rumbling sound. Two huge dragon shadows crossed the nothingness, shattered this nothingness, and landed here.

Those were two terrible dragons, with two arrogant figures standing on them. It was the two dragon gods who came after them.

“What about people?”

The two dragon gods will chase them to this end, but they lost Qin Tiange’s trace. For a time, they were a little darkly angry and could not find anyone.

In this regard, Qin Tiange is not clear. At this moment, he has left the battlefield of nothingness and returned to the sea of the sea, looking for the big universe that is about to collapse

Chapter 1046 - Destruction, rebirth, 1 cycle

Zhouhai, the endless, endless.

Here, you can see endless nothingness, and even more dense endless universe bubbles.

But Qin Tiange wondered, came out of the battlefield of nothingness, and searched for a few days, even without seeing a cosmic bubble.

In other words, he didn’t find any big universe, and he had some doubts in his heart. This should not be reasonable.

Huh!

In the void of the sea of the sea, a figure quietly appeared, stopped, his eyes swept around, his brows were deep, and he was very puzzled.

“Weird thing ...”

Qin Tiange frowned, and said to himself, “Why is there no big universe here, as if it were empty?”

He searched for a full three days. There is no big universe here, as if there is no big universe in this area of the ocean.

Although puzzled, Qin Tiange did not give up, his figure flashed, and he slowly searched in the sea of Zhou.

Soon, he saw a ray of light ahead, revealing a sense of dusk, which caught Qin Tiange’s attention.

At a glance, a surprise suddenly appeared on Qin Tiange’s face, where there was a huge cosmic bubble, which was actually falling into exhaustion and was about to be destroyed.

He didn’t want to, a flash of light rushed past, crossed the emptiness of Zhou Hai, and came out of the huge and incomparable universe.

This is a cosmic bubble filled with nine colorful rays. It is extremely gorgeous and gorgeous, giving a very dazzling feeling.

Qin Tiange carefully observes this big universe and finds that it is really too big, unbelievably large, as if it were a super giant.

“This big universe is a little weird.” Qin Tiange flashed a thought in surprise, feeling a little weird.

But he was too late to think about it, because the big universe in front of him was about to fall into destruction, and the thousand inner universes in his body had also reached the edge of destruction.

If you do not grasp the timing now, you may miss the best breakthrough time, then you may have to wait for a long time.

Qin Tiange didn't want to wait. He flashed directly in front of him, punched through the big universe diaphragm in front of him, hit a hole, and flashed into the universe.

This big universe is weird and surprisingly large. It looks tens of thousands of times larger than other big universe bubbles.

It looks like a super bubble, like a super bubble that swallowed up the endless universe.

In this cosmic sea area, the cosmic bubble of this dimension exists, and the other cosmic bubbles disappear completely.

If you think about it, it is likely that all the big cosmic bubbles here have been swallowed up by this super cosmic bubble.

Of course, Qin Tiange has already paid no attention to these things. Now he is in this big universe, and gradually triggers the thousand inner universes in his body to begin to collapse and explode.

A thousand inner universes exploded in unison, the scene was unimaginable, and it was not clear what would happen.

The big cosmic bubble in which Qin Tiange is located is also a super cosmic bubble, which contains the terrifying energy and hides a terrible atmosphere.

He didn't notice this breath, and after coming in, his will swept through this big universe, and he didn't find any living beings.

“let's start!”

After a rough inspection, Qin Tiange began, and he could not suppress the decay and collapse of the thousand inner universes in his body.

There was a thunderous sound, and a terrifying sound came from within, as if something collapsed and compressed.

I saw that Qin Tiange Dantian's location suddenly burst into a strong light, and a huge gray shadow was collapsing rapidly.

The 999 light clusters wrapped inside it are rapidly collapsing, turning into a pole, blooming with unlimited light and energy.

“Primitive chaos, the universe resonates, destruction!”

Suddenly a roar spread, and the whole universe suddenly trembled, inexplicably being pulled and resonating.

A scene of resonance between the inner and outer universe appeared. With the explosion of a thousand inner universes in Qin Tiange's body, a rumbling explosion, releasing endless energy.

At the same time, the outside super universe suddenly shrank, instantly turning into a point, from the original super huge bubble to a point.

In an instant, this point exploded, forming an incomparable terrible power, destroying the emptiness of the ocean of the sea, directly blasting through the barriers of emptiness.

This terrible explosion of energy blasted nothingness into an extremely deep hollow, with endless parasite beasts turning into a pile of powder.

Under the impact of the big universe's explosion and destruction, those parasitic beasts were torn apart and turned into powder and disappeared.

The power of the super universe explosion is too horrible, it is simply impossible to believe, and there are a thousand inner universes exploding together.

That terrifying power destroyed everything, and the sea of the sea was blown through, revealing an endless and far-reaching void area, a mysterious atmosphere was revealed inside, and flesh melted and dispersed.

However, this scene disappeared quickly, and the bursting emptiness gradually recovered, and the energy of the big universe explosion was rapidly converging and contracting back.

This super energy, as if being pulled by a certain force, is flowing back quickly, and is slowly absorbed by a force.

The explosion center, Qin Tiange has long ceased to exist, and with the destruction of the internal and external universe, it was directly torn into powder.

It can be said that he was completely dead under the big bang inside and outside this time, and it was a real disappearance.

Zizi!

Suddenly, a strange wave of energy surged in the center of the explosion, and noisy noises came, and a mysterious substance quickly gathered.

There, a trail of mysterious matter gathered continuously, and an immortal conviction quickly gathered into a mass.

A wave of chaos sprang up, and there appeared a huge chaotic meat ball, as if a flesh and egg floated there, devouring endless energy of destruction.

Vaguely visible, there is a person curled up inside the meat ball, looming, devouring endless destruction energy, and constantly transforming into an immortal life.

Gradually, the meatballs started to dry up, and all the immortality was absorbed, and the figure inside slowly stretched out.

boom!

With a loud noise, the gray meat **** burst and burst into countless fragments, and were then absorbed by a powerful force, integrated into that person's body, and turned into a battle suit.

That man was Qin Tiange, who died under the big bang, was born again from destruction, perfectly transformed himself, and walked out of death.

“This is the rebirth of destruction, the mystery of the reincarnation of the universe?”

Qin Tiange murmured to himself, slowly opening his eyes, and two hazy rays shattered nothingness and pierced ignorance.

He saw an unprecedented sight, his eyes were calm, as if transformed from rebirth, and lived to another height.

It can be said that Qin Tiange has now made a perfect breakthrough, with the destruction of the thousand inner universes in his body, rebirth under the shock of the destruction of the inner and outer universes, and a new life.

It's just that the situation in Qin Tiange's body is a bit weird, and the originally destroyed one thousand universes have begun to gradually recover.

First of all, that primitive big universe, slowly waking up from the destruction, was reborn under the brewing of a primitive big chaos origin.

boom!

The origin of the original Great Chaos exploded, swept up, and turned into a more primitive and powerful original Great Chaos.

Compared with the previous, the current Great Chaos Universe is much larger, ten times as large, as if suddenly transformed and promoted.

The previous small universe has now begun to move beyond the limitations of the small universe and grow step by step toward the large universe.

In the original Great Chaos, 999 small universes have also been conceived from the origin of the Great Chaos, blooming together, becoming stronger, and successfully stepping onto a higher level.

Qin Tiange even stepped directly through the accumulation of indestructible levels, and the inner universe completed a cycle of life and death, destruction, rebirth, and one step in place.

“After experiencing the destruction and rebirth of the universe again and again, the power continues to grow stronger and move towards the real big universe. This may be the real big universe powerhouse.”

Qin Tiange has an inexplicable insight. The inner universe can only be regarded as a small universe and cannot be compared with the big universe at all.

The only way to grow is to continue to transform the small universe in the body, accumulate more of the universe's original energy during repeated destruction, and allow the small universe in the body to continue to transform and promote, and evolve into a truly large universe.

Only in this way can it be truly a big universe-level powerhouse. The previous universe-level is just a small universe powerhouse.

Immortal grade, reincarnation grade, are just a process of transition, a transition to the universe.

The real purpose is to make the inner universe continue to grow into a truly big universe in the cycle of the destruction and rebirth of the universe.

Only by transforming the small universe in the body into a truly large universe, can it be regarded as the top powerhouse in the sea of the universe, the powerhouse of the big universe.

“That’s it!” Qin Tiange Mingwu realized that the Creator might be the strongest evolution above the universe level.

The Creator has been able to produce all beings and creatures in the big universe in his body. The thought of the Creator is the Creator.

After completing a new cycle of inner universe reincarnation, Qin Tiange felt that the 60 trillion cell universe in his body suddenly was a little different. It seemed that he had grown a lot, reaching a stage that was about to conceive and take shape.

Click!

As he was thinking, the super universe that collapsed and destroyed suddenly burst into a crisp sound, which caught Qin Tiange’s attention.

“Ok?”

His pupils narrowed, his eyes staring at the center of the explosion in front of him, and a stream of devastating energy came back and poured into it.

Needless to say, there is the core source area of this super universe before, all the energy flows back.

Inside the core of the big universe, suddenly a strong wave of life surged out, with a domineering will slowly permeating.

“Is this the core will?”

Qin Tiange’s face changed slightly, his pupils dilated, and he stared at the core area of the big universe in front of him, where there was a wave of will, which was very strong.

At the core of the big universe, there is a terrible will. Is there a super life hidden there

Chapter 1047 - Super lifeform

Click! Click!

At the core of the big universe, a crisp sound came, the endless energy rolled back, and it continued to collapse, sending a terrible sound.

There was a complete collapse, nothingness cracked, and the core area turned into a crumbling and shrinking material, undergoing a terrible transformation.

The most amazing thing is that in the core of the big universe, there is a strong wave of will, as if there was life there.

“Is there a super creature hiding there?” Qin Tiange looked stunned, his eyes burning and staring at the core of the big universe in front.

Originally he was thinking of capturing the core origins of this super universe, but now it looks wrong, it's a little weird.

The core of the Big Universe is collapsing by itself. Originally, the burst of energy rolled back and collapsed into a single point.

This situation is special, it seems that there is a super-living body in it, making Qin Tiange unable to judge for a while.

Hum!

Suddenly, a strange buzz came out of the core area, sweeping through a powerful will and overwhelming.

That will is so strong that Qin Tiange has to admit that this will contains a supreme charm.

There is also a terrible immortal breath that made him wonder that the core of the entire universe is being absorbed by that mysterious will.

The rumbling noise continued to come, the energy of the big universe explosion rolled back, and eventually it shrank into another stronger vitality.

boom!

Suddenly a breath swept away, Qin Tiange's body moved thousands of miles, his face was serious, and his eyes stared at it with scorching eyes.

I saw that the surrounding universe of material coming back from the rumbling rumble, the endless energy and matter that had exploded, returned to the point of the core of the universe.

After the entire super universe exploded, it turned back in a short time, collapsing into a mass with infinite mysterious matter.

In the end, the original super universe suddenly disappeared, replaced by a mass formed by condensation and collapse.

The gray material group is constantly swirling around there, breaking up the emptiness of the sea, revealing a strong wave of life.

Seeing this, Qin Tiange's face suddenly changed, his eyes were horrified, and a terrible thought flashed in his heart.

“Big universe transformation?” Qin Tiange exclaimed, his heart could not help but jump.

He had already guessed that the scene in front of him might be the transformation of a big universe. The previous super universe had life, self-consciousness, and transformation.

That's right, the mysterious group in front of it, another super universe exploded, and then rolled down and collapsed into a super life body.

This is the transformation of a big universe. It is transforming itself, trying to break away from the form of the big universe, breaking its own limitations, and achieving a real life form.

And this life form is still a kind of super life form. It is a horrible life that evolved and evolved from the universe.

A big universe can also be transformed?

Qin Tiange looked horrified and looked at the group that was constantly flashing light. There was gradually a figure curled up, looming.

Needless to say, it must be gestating a super life, being transformed, and a true perfect body born from it.

He never thought that he was lucky enough to see such a shocking scene, that a super universe is being transformed.

Originally, the super cosmic bubble Qin Tiange found had already had a strong self-consciousness, devouring countless big universes around it, and even all the living beings in the big universe.

The reason why this cosmic sea has become empty is because it has been swallowed up by the transforming supercosmic life.

boom!

With a roar, the sea of Zhou trembled in vain, with inexplicable power permeating, as if the appearance of this super-living body caused the turmoil of Zhou Hai.

Qin Tiange's expression was serious, without obstruction, and his strong will swept away, watching the every movement and change of the core group of that big universe.

He was observing, spying, and trying to peep out the unknown mystery of the transformation of the universe. He always felt that the universe had something to conceal.

Zizi ...

Domineering wills are intertwined, two wills are colliding, and the two are colliding with each other, one wants to spy on the secret and one wants to block.

Qin Tiange's eyes glowed with scorching light, the endless brilliance of the eyebrows gushed out, a terrible will swept out, and it was crushed by bangs.

He was indifferent and decisive, regardless of whether it affected the transformation of the other party, but concentrated on stealing the secret that attracted him.

The universe is shaped, and what's hidden in it is Qin Tiange's heart to understand, this is a great opportunity to peek into the empty secrets of Zhou Hai.

“presumptuous!”

Seeing Qin Tiange's endless influx of wills, the group of super-lifefoms finally couldn't help being furious and issued a strong warning.

Its strong will cannot be brought into play, because it is in a critical period of metamorphosis, and once things go wrong, everything may be over.

The failure of transformation is complete annihilation. This super-living body is definitely the first conscious and transformable super universe seen by Qin Tiange.

Once it is transformed, it is a terrifying super life, no one knows how strong it is, anyway, Qin Tiange does not know how terrible the other party is once they succeed.

“Withdraw immediately, do you dare to obstruct Wuhua’s testimony?”

The super-living body suddenly heard a cold voice, a voice of anger and murder in its tone.

It believes that Qin Tiange is hindering his distorted evidence, and is naturally angry in his heart. If it is a last resort, it may directly lead to failure.

“I didn’t stop you from being transformed. As long as you give me a secret in your will, I won’t disturb you.” Qin Tiange was sharp and clear, and his powerful will was bombarded by this sentence.

With a bang, the group of super-living bodies was angry and tried to block it, and was almost defeated by Qin Tiange’s defense level of his own will.

But it knows that it is impossible to be broken by Qin Tiange, but it has no time to consume, because the metamorphosis has reached the final stage, and once the transformation fails, then there is nothing.

“Damn, you **** it!”

That super life is extremely angry. It was originally undergoing a little bit of transformation, and it was ready to be reborn again after self-destruction. With this destruction and transformation.

However, it did not expect that Qin Tiange would appear. This creature suddenly appeared and penetrated into its body, which directly detonated the inner universe and directly exploded in resonance with its bulk universe.

This frightened it. At first, it didn’t pay attention, but when Qin Tiange’s body exploded, there was a thousand internal universes, and this super lifeform was frightened.

Thousands of inner universes exploded directly, and that power was simply destroying the sky, and almost destroyed its consciousness.

Fortunately, with the help of this explosion, it successfully reversed the origin, the core transformed, and finally embarked on the ultimate transformation and transformation.

“Jack, junk ... here you are!”

Finally, this super lifeform could not help but threw a group of memory light clusters and gave them to Qin Tiange.

This is a memory information from the beginning of its super will, some secrets about Zhou Hai, and some secrets about nothingness.

Qin Tiange obtained this group of memory light group, immediately withdrew his huge will, quickly absorbed and digested this huge memory, and obtained many secrets that he had never thought of.

“So it is ...” Qin Tiange’s pupils flickered with a fierce light, and a horrifying wave set off in his heart, already shocked by what he saw.

And while he was learning the secret of that information, the super lifeform finally made the ultimate leap, broke through the original trance, successfully escaped, and came out of shape.

boom!

A mysterious vibration came, and a strange wave came from the sea of Zhou, accompanied by a powerful breath that collapsed in nothingness.

The mysterious group suddenly dissolved a little bit and turned into a mysterious substance absorbed by a figure inside.

Gradually, a hazy figure slowly stood up from the inside, with a strong breath that crushed the ocean and collapsed in nothingness, terrifying.

“Hahahaha, I, finally transformed successfully.”

A big laugh spread through nothingness, which caused a huge turbulence. The super life form successfully emerged. The perfect body was imprinted with mysterious patterns.

A ray of light burst from his body quickly, and a mass of material around him suddenly turned into a suit of clothing to cover the body, covering the perfect figure.

“From today, my real name-Yu!”

A loud drink caused a tremor in the sea of Zhou, and a dull thunder came from nothing, as if announcing the birth of a super life.

He, calling himself “Yu”, had just dropped his voice, and his eyebrows flashed a quaint word, unique and mysterious. It can be seen that it was a “Yu” character.

Huh!

Suddenly, the super-living body “Yu” opened his eyes, and two beams of horror rushed to Qin Tiange here, his eyes showing a cold killing intention.

Hiss!

Qin Tiange’s eyes were raised, two beams of Shenmang penetrated, just collided with each other’s eyes, and the eyes of both broke through the nothingness torn a tiny crack.

Powerful breath collision, the two Xeon are confronting each other, one is the super life body transformed and evolved by the super universe, Qin Tiange is a living monster.

“How do you want to die?” That super life, Yu, said.

His face was indifferent and icy, his eyes stared at Qin Tiange, and his strength was continually condensing, a kind of terrible power that had never been gathered.

Qin Tiange’s pupils were stunned, feeling the threat from the other person, a terrible life form transformed into a super universe, truly powerful and terrifying.

“Come, let me see how powerful Super Life Form is?”

Suddenly, Qin Tiange gave a loud shout, and a monstrous warfare erupted in his body. His eyes were burning with a burning flame, and he was going to fight a super life body in front of him.

“Let me kill you!”

The super-life drank coldly and swept through its strength. Just as the two were about to have a life-and-death fight, there was a strong wave suddenly in the depths of the ocean.

With a humming sound, the sea of the sea breaks open, and a powerful wave of terror emerges from it, and the idea sweeps over.

“No, it’s the creator?” The super-living body exclaimed, turning quickly and flashing, tearing the sea away and disappearing.

Qin Tiange’s expression changed slightly, and he didn’t want to, he shone into the void of the ocean with the super life body, and disappeared.

“what?”

The two had just disappeared, and a sound of suspicion came from the depths of nothingness. The terrible wave of will was constantly swept over. Unfortunately, nothing was found.

Eighteen full of terrible idea fluctuations, scaring that super life body away, even Qin Tiange had to walk away directly

Chapter 1048 - Devour the universe

boom!

Zhou Hai, suddenly there was a blast in the vastness of nothingness, and then someone rushed out, looking somber and angry.

“Miscellaneous, a dozen creators bully our deity, you wait.”

This creature, which was the previous super-living body, made a burst of whistling sounds in the depths of nothingness, looking very angry.

The next moment, a wolf figure rushed out of the shard of nothingness, and the corners of his mouth were bleeding, apparently injured.

When I saw someone, this super-living body hummed, but didn’t make a shot, because if it was not for Qin Tiange, it might have been left behind.

“Creator, really terrible!”

Qin Tiange wiped off the blood on the corner of his mouth, but his face was very calm, his eyes stared into the depths of nothingness, and he continued to flash a horrible light.

Just now, a total of eighteen creators found the super life form and Qin Tiange, and were surprised to bring them back.

The result was naturally resistance, but was almost taken away by the repression of the dozen or so creators. Fortunately, the power of the super lifeform, and the horror of Qin Tiange, the two escaped together.

If you are alone, you may be taken away by direct suppression, regardless of whether it is Super Life or Qin Tiange.

This is still an endless distant nothingness. If it is in front of you, let alone the eighteen creators, one of them is enough to suppress Qin Tiange and the super-living body.

This is the gap. If the two can escape, the response is timely, the strength is deep, and the endless nothingness is the only chance to escape.

However, he was still slightly injured, and a deep palm print was imprinted on the super-living body, and he was almost beaten down.

Qin Tiange has suffered a little internal trauma, and has now fully recovered. Both are silently looking into the depths of nothingness. Looking back at the thrills they just had, they can't help but have any fear.

“Hum, Creator, this deity will swallow them sooner or later.” The super-living body snorted, feeling extremely unhappy.

Qin Tiange looked back, looked at this super-living body, with a hint of surprise and curiosity, and the other party's performance was extremely arrogant.

The two looked at each other again, with a hint of dangerous light in their eyes. The super-living body still wanted to kill Qin Tiange.

“Your boy, my dear wants to eat you.” The first sentence of the super life body is to eat Qin Tiange.

However, Qin Tiange smiled slightly: “Why don't I want to eat your super life, a super universe, how many big universes you have swallowed in your body, which makes me covet.”

The two are tit-for-tat and have sharp words. They both really want to eat each other, and there is no concealment at all.

Qin Tiange wants to devour each other, because the mystery of this super life is a metamorphosis of a super universe, and it has swallowed up how many big universes I don't know.

This background is what Qin Tiange wants most. Once he swallows each other, it will surely make his own background extremely deep, and even break the current cultivation into strength in one fell swoop.

“Boy, read that you have just joined forces with the deity against the eighteen creators, and the deity will not eat you.” Yu said slowly.

His pupils flickered a little, and his heart was chilling, because he really saw the strong idea of devouring from Qin Tiange's eyes.

Qin Tiange really wanted to eat it, and his strong conviction made it hairy and depressed.

“Hey ...” Qin Tiange chuckled, looking up and down at the super life in front of him, and he smiled: “Seriously, if not sure, I would have swallowed you with the help of the creators.

Chills!

This remark made the “Yu” in front of him cold and chilled all over, and he felt a kind of chilly feeling, and could not help but shiver.

Qin Tiange's words made him feel hairy. This guy was really scary. He even wanted to use the power of the creator to swallow it.

Fortunately, he did not do it in the end, because Qin Tiange was not sure that he could escape from the creator, so this was not implemented.

“Forget it, the deity doesn’t care about you!”

With a grunt of dissatisfaction, this super-living body tears open nothingness, stepping into it, blinking in front of it.

“Don’t chase it, be careful that the deity is desperately trying to follow you.”
There was a sudden, angry voice in the void.

It turned out that Qin Tiange was about to catch up, but was warned by the other party, and eventually did not continue to catch up and stopped.

Watching that super-living body disappear, Qin Tiange stood in place, his eyes flashed fiercely.

He had previously obtained a mass of memory information from this super-living body, about the secrets of the deep sea and nothingness.

A transformed super universe is what exists. Imagine a cell in the human body has consciousness, and then the transformation is out of the body’s control.

That’s the feeling. Qin Tiange had a lot of speculations in his heart, but he didn’t say it and didn’t ask.

Perhaps, this super life has the same fear inside, because he has obtained some secrets that cannot be said.

“It’s like a cancerous supercell life, constantly swallowing other big cosmic bubbles to grow and transform itself.”

Qin Tiange thought to himself, lost in thought, thinking about many, many things, and connecting the information he understood with everything.

Gradually, Qin Tiange seemed to see the truth and essence of things, but he always felt blocked by fog and couldn’t see through.

“Become stronger first!”

Next, Qin Tiange has a clear plan, that is to keep getting stronger, how to get stronger?

Before, he was thinking of hunting down universe-level creatures and devouring their inner universe to strengthen himself.

But now it’s different. From the super-living body, he obtained an unexpected secret. Qin Tiange already has a way to devour the outer universe.

That’s right, it is to swallow the big cosmic bubbles in the sea of the sea. It feels like they are snatching these cosmic bubbles and devouring them to strengthen themselves.

Just like that super-living body, it devoured other big universes to strengthen itself, transform and evolve, and finally it successfully transformed.

Qin Tiange can’t wait to get a way to swallow the big cosmic bubble from it. Is it really feasible to try it?

Huh!

Qin Tiange ripped open nothingness, and constantly searched in the sea of the sea, looking for some big cosmic bubbles with little life to try to devour.

Why look for a big cosmic bubble with little or no life, because Qin Tiange understands the dangers and may hang up if one is bad.

For the sake of safety, Qin Tiange still feels cautious. Try it first. If it is feasible, the 60 trillion cell universe in the body will hopefully be completely transformed.

The vast ocean, endless, Qin Tiange was constantly searching, not clear how long he was looking, and finally in an empty void area, he saw a fading cosmic bubble floating there.

Qin Tiange quickly stepped forward to check and was pleasantly surprised to find that there are only some low-level life in this big cosmic bubble.

How low, because those species do not have a complete consciousness of birth, and the higher life in the entire universe has been extinct and destroyed.

This is a big universe that is about to be destroyed. The higher life species in it have completely disappeared and become extinct, which means that this big universe bubble is about to disappear.

Seeing this, Qin Tiange was overjoyed, and finally found one, just trying to swallow it.

That is not to grab the core origins of the big universe as before, but to directly and truly swallow this big universe.

Yes, swallow it in one bite!

“let’s start!”

Qin Tiange took a deep breath and stood outside this twilight universe bubble, his expression became extremely serious.

In his body, a thousand inner universes trembled suddenly, emitting a strong light, and the power poured out and kept rolling.

“As the universe, now!”

With a loud drink, Qin Tiange’s entire body bloomed with infinite light, and his body suddenly turned into light spots, suddenly released.

A full 60 trillion cells were transformed into cosmic fetal membranes, which instantly merged into a thousand inner universes, turning into a primitive primitive chaos.

Bang!

Qin Tiange directly transformed into the Primordial Chaos, carrying a thousand inner universes and 60 trillion universe membranes, which were spread out directly and turned into a primitive universe.

This original chaotic universe was formed by Qin Tiange and transformed into a universe. This is a magical ability Qin Tiange obtained from that super-living body.

Like a real universe, he unfolded directly and turned into a hazy cosmic bubble, a gray bubble, looking a little small.

Compared with the big cosmic bubble in front of it It is really thousands of times smaller, it looks like a thumb-sized bead compared with a super big ball.

How can a small universe like a bead successfully swallow a large universe thousands of times larger than its own?

Hum!

I saw that the gray primitive small universe directly hit the big cosmic bubble. The two big universes collided, and a rumbling vibration came, which caused the emptiness of the sea of Zhou to constantly crack and boil.

“swallow!”

With a whisper, the gray and chaotic small universe suddenly suddenly affixed to the big universe bubble.

Suddenly, the entire cosmic bubble was tightly wrapped in a cloud of gray matter, as if a creature was eating the big universe, and a little bit of erosion swallowed it.

Qin Tiange incarnates the original Great Chaos, and starts to devour it directly. He really wants to swallow this big cosmic bubble, and wants to devour the big universe like the super-living body.

This method is very dangerous. If it is not good, it will directly hang up, and even if you can't swallow the big universe, you will be swallowed by the big universe.

boom!

Feeling the engulfing from the chaotic universe, that big universe suddenly shook, like the self-protection instinct, and launched a direct counterattack and engulfing.

The two universes, one large and one small, started a fierce confrontation and even launched a fierce devouring and killing game.

But weirdly, two universes, one large and one small, were swallowed up, but the small universe was extremely fierce, and it seemed that the large universe was not an opponent at all.

A weird scene, no one saw, a primitive chaotic small universe is swallowing elephants, swallowing a horrible universe thousands of times larger than it

Chapter 1049 - Big universe class

Zhou Hai, in the nothingness, there is a solitary big cosmic bubble floating there, the whole body is shining brightly.

However, there is a large amount of gray matter on this big cosmic bubble, which is spreading rapidly throughout the big universe, as if devouring.

boom!

There was a strong shock in the big universe and an instinctual counterattack, but unfortunately after all, there was no way to stop the gray chaos.

Time passed by, and the moment when this big cosmic bubble was completely engulfed, there was a wave of sorrow in the core of the universe.

Like a desolate whine, the whine from the universe was swallowed up, leaving no core.

Kaka ...

At this moment, the endless chaotic light of the cosmic bubble burst, intertwining with each other, constantly compressing and then compressing.

In the end, the entire cosmic bubble was compressed and swallowed, completely digested, and turned into a hazy chaotic bubble, with endless powerful energy.

Qin Tiange completed a feat, directly swallowed a big universe, and really swallowed it from the outside, not from the core source.

At this moment, Qin Tiange had a wonderful feeling in his heart, as if he had suddenly transformed into a big universe.

He vaguely felt countless dense connections, with a wonderful rhythm, like a resonance from other big cosmic bubbles.

The sound of the universe is the sound from the big universes. There are old twilight sounds, young and strong cosmic sounds, and roars of exhaustion and destruction.

Voices from countless large universes came, and Qin Tiange's consciousness almost collapsed. Endless large universe sounds were sent to the mind and almost robbed.

Fortunately, in the end, he blocked the strange and terrible induction and resonance, and adapted to it without being destroyed by the destruction.

The big universe has breathing, sound, and even self-conscious life, just like the previous super-living body.

Now, Qin Tiange swallowed a big universe, as if incarnation of this big universe, felt that kind of wonderful resonance.

In a split second, the 60 trillion cosmic fetal membranes trembled in the body, sending out a strong resonance.

Click, click!

Just listening to the sound of a slight burst, the cells of Qin Tiange's body suddenly collapsed, creating a violent explosion.

One after another, one thousand, ten thousand, million, ten million, billions, and finally all the cells collapsed and exploded.

The rumbling explosion sounded that a total of 60 trillion cell universes exploded, and the scene was simply shocking.

The entire primitive chaos is stretched by endless energy, infinitely expanded, and constantly roared and expanded.

As if chaos reopened, the original great chaos continued to expand, expanding from the original small universe all the way, at an alarming speed, and suddenly turned into a size comparable to the large universe swallowed before.

And this expansion rate continues, the original chaos continues to expand, and eventually exceeds the scale of the previous big universe.

Hum!

With the transformation of the great chaos, the endless chaotic origins swept in all directions, as if the little chaotic universe had transformed into the real great chaos universe.

It's like the small universe before, and now it is transformed and sublimated, and it has become a real big universe.

With the explosion of "Boom", the entire primitive chaos suddenly burst into an incomparable force.

This power comes from the center of the core of the Great Chaos. A true primitive big universe is thus formed, and the core is expanding and condensing.

At the same time, the 60 trillion cosmic tire membrane that had exploded, released endless energy, with destruction, and an immortal vitality.

After a bang, the endless material gathers and turns into a person in a blink of an eye, bred from the origin of the chaotic core of the primitive universe.

He stepped out step by step. The perfect body contains endless power, and a punch can break the sea of nothingness.

Every move seems to be with endless large cosmic power. This is really powerful and belongs to the super strong of the large universe level.

"Finally broke through." Qin Tiange said to himself, stepping out step by step, a wave of chaotic essence sprang up from his body, and turned into a suit of clothing with a bang.

He looked at the vast chaos around him, and it had completely transformed into a true primitive universe chaos.

It can be said that Qin Tiange has now truly broken the limit and leapt to become a big universe-level powerhouse, successfully taking this step.

This is to feed with the energy released by the 60 trillion cosmic tire membrane explosion, giving birth to a fully formed big universe, which has gone through many detours.

With 10% of the primitive chaos in the universe, Qin Tiange is already a true giant in the universe, and furthermore is the Supreme Creator.

That is, at this moment Qin Tiange has become the strongest under the Creator, a super universe-level super strong.

boom!

One step out of the original great chaos, Qin Tiange opened his mouth and swallowed, swallowing the extremely large original great chaos into his body.

With slightly closed eyes, Qin Tiange saw countless densely packed cell universes in his body.

The originally exploded cellular cosmic fetal membranes are undergoing rapid metamorphosis under the feedback of the original great chaos, reborn, and began to breed into a small universe.

As long as it is born, Qin Tiange can have 60 trillion small universes. At that time, even in the face of the creator, he was confident to shake the other side.

“Big cosmic bubbles, they have wonderful interactions and resonances with each other?” Qin Tiange stood in deep thought in the emptiness of Zhou Hai.

He recalled the previous wonderful induction, as if in the form of a large cosmic bubble, which resonated and sensed with the large universe in countless oceans.

And taking this opportunity, he found the big cosmic bubble where he was, separated by endless distances.

Even so, Qin Tiange was still in a good mood, and he found a place in the universe where he came out, and he felt much more at ease.

Most importantly, he succeeded and really completed an attempt to devour the cosmic bubbles of the Cosmic Ocean.

This time, Qin Tiange gained unimaginable benefits and an unprecedented experience.

He saw a lot of secrets that he had never understood before. There was a wonderful sense of similarity between the bubbles of the universe.

Strictly speaking, it looks like a cell, and it looks almost the same, but in reality there is a lot of difference. This is the case of the big cosmic bubble.

“Before, several primitive chaotic universes were sensed, and one of them was not far from here.”

Qin Tiange’s eyes flickered with a strong light, and suddenly became hot, because in the previous wonderful induction, several sounds belonging to the primitive universe were sensed. One of them was firmly remembered. And the lock position, the distance is not very far, which makes Qin Tiange coveted.

You know, the emergence of primitive chaos is very difficult, even extremely harsh, and it is absolutely rare to appear, even if you don’t want to see it.

Once primitive primitive chaos appears, there must be the most primitive living beings in it, and it is most likely that it will penetrate the primitive chaos first and enter the ocean of the sea.

And there are very few such life forms in the ocean of the sea, but each one is an earth-shattering existence.

For example, “disk” is one of them. Now, Qin Tiange suddenly senses the position of a primitive chaotic universe, naturally he does not want to miss it.

If he wants to swallow this primitive chaos, he may be able to transform his other 999 small universes into large universes in one fell swoop, so that his strength is even more terrible.

Click!

As soon as Qin Tiange's thoughts fell, he tore open the emptiness of Zhou Hai in one hand, stepped into the hollow, and disappeared here all at once.

He shuttled through the nothingness of the ocean, and along the previous induction, he constantly shuttled, trying to find that primitive and chaotic universe.

Qin Tiange's speed is almost horrible. He blinked through the void in the blink of an eye many times in a blink of an eye.

Huh!

The next moment, he stepped out of nothingness, and quietly glanced at the scene in front of him. There was nothing here, nothingness and nothingness, only a gray light, looming.

“Chaos universe!”

Qin Tiange blinked his eyes and stared at a group of gray light clusters in the distance, which was the original great chaos that had been sensed before.

A most primitive chaos universe!

Chapter 1050 - 2 dragon gods

An original chaotic universe, floating above nothingness, is like a huge gray bubble with a dim light throughout.

Inside, there is a violent and turbulent primitive power, that is, the power of great chaos, extremely ancient and powerful.

Being able to run into a primitive great chaos universe is simply an opportunity, because once there is a cosmic or immortal class, some powerful creatures of the samsara class will see it and will inevitably compete.

Why, because as long as you enter the original Great Chaos, you can capture the origin of an original Great Chaos power, transform yourself, and even break through into a great universe.

For Qin Tiange, who has just broken through the universe, the primitive chaos in the body needs the power of the same origin to consolidate.

The best thing is the same as the original Great Chaos. The original Chaos Universe in front of it is exactly suitable for Qin Tiange to devour, strengthen himself, and even transform again.

“Primitive chaos, devour!”

Qin Tiange gave a loud shout, his body exploded, and it turned into a vast primitive chaos, which unfolded directly, engulfing towards the chaotic universe in front.

When it is really sharp, swallow it when you see it, it is indeed a monster that devours all kinds of biological energy all the way up.

boom!

The two chaos collided with each other, and there was a wonderful fusion with each other. Yes, the two chaos did not destroy each other, but melted directly.

The unimpeded integration allowed Qin Tiange's anticipated resistance and obstruction to not occur, and for a while it was a bit of a shock.

Feeling that they are constantly merging, the two primitive chaotic universes are quickly fused together, as if they were one.

This feels weird, but Qin Tiange soon understood that the primitive chaos had the most powerful assimilation ability.

As a homogeneous primitive chaotic universe, it was originally a layer, and two encounters naturally merged directly and actively.

No need to devour, Qin Tiange's primitive chaos merged directly, and this primitive universe actively merged in.

Rumble ...

The fusion of the two primitive universes, the endless chaotic origins boiled and roared, and continued to expand, as if all of a sudden they had skyrocketed countless times.

At this moment, Qin Tiange felt that the primitive chaos in his body suddenly became extremely solid, as if suddenly matured.

In addition, there are infinite origins in the core origin, which directly absorbed the 999 inner universes, and suddenly grew and continuously transformed.

The original small universe has finally undergone metamorphosis. It is rapidly being promoted and then promoted, soaring all the way, and evolved from a small universe into a large universe.

This is the origin of the original great chaos, which gave birth to 999 big universes. It is conceivable how powerful this source is.

As Qin Tiange completely devoured this primitive chaos, the whole person became a little different, as if there was an unclear connection.

“This feels very bad!” Qin Tiange's mind flashed a thought, and a strong will sprang up instinctively, breaking a smash of the connection in a whisper.

Just hearing a click, the unknown link was completely broken, disappeared without a trace, and never appeared again, making Qin Tiange feel relaxed.

I felt very bad just now, he had a sense of induction. If he didn't deal with it, he might be restricted.

“Is this the consequence and cost of swallowing the universe?” Qin Tiange frowned secretly, feeling a little uncomfortable.

I just thought about engulfing the big universe all the way to grow myself, and now I suddenly realized that something was wrong. As soon as I swallowed the two big universes, I had a feeling of being restricted.

As if to continue like this, it may be locked by an invisible shackle and unable to obtain freedom.

“Forget it, at present, great opportunities have been gained, primitive chaos has completely become a big universe, and 999 small universes in the body have begun to transform into big universes.

It can be said that there are now a thousand universes in Qin Tiange’s body. What kind of power is that?

Carefully sensing the changes in the power in the body, the power of a thousand large universes, he said that even facing the Creator, he is now not afraid.

“It takes a price to be strong.” Qin Tiange squeezed his fists, his five fingers scratching the void around him.

He felt that his previous restrictions had disappeared, but he knew that once he continued to devour the cosmic bubble, he might really be completely free.

That kind of restriction is terrible, just like it will slowly become a big universe in the ocean of the sea, completely reduced to a big universe.

If this is the case, how can Qin Tiange be free? He is regarded as part of the endless universe bubble of Zhou Hai.

Click!

Outside, the grey universe is being pulled by some unknown force in the sea of the sea, and a trace of intrusion into the universe.

As if to treat this primitive universe as the original primitive chaotic bubble, it forms an absolute control in the ocean of the sea.

Qin Tiange’s expression changed slightly, feeling the threat of his original great chaos, he immediately realized that he couldn’t go on like this.

“broken!”

With a shout, like the beginning of chaos, the entire primitive chaotic universe suddenly exploded, a rumbling explosion, and endless energy raged, which directly defeated that block of invisible control power.

Suddenly, Qin Tiange put the original great chaos into his body, completely severing the danger of being locked in control and integrating into the ocean of the sea.

After doing this, he was relieved, and was almost assimilated by Zhou Hai, and has since become a part of Zhou Hai, unable to escape.

“It’s dangerous, it seems that we can no longer devour the universe, otherwise, I really become a part of Zhou Hai.” Qin Tiange said to himself, his heart became dignified.

But he didn’t care, because now he has obtained real benefits and transformation, and has strong capital.

Now, Qin Tiange has stood at the strongest height under the Creator, and can step into the level of the Creator in just one step.

Once he breaks through the current realm and becomes the creator, Qin Tiange can truly swim in the sea of the universe.

He now speculates that the mysterious elder in the Terran Alliance is likely to be a terrible big universe-level strongman.

That is the strongest under the Creator. He has now reached this level. It can be said that the previous questions have been completely solved.

“The Creator, it’s not far away.” Qin Tiange looked at the deep nothingness and muttered to himself, thinking in his heart how to become the Creator?

The ability to think of creation and destroy the universe, Qin Tiange feels that he cannot do it now, or even understand it.

Qin Tiange understands that as long as he can successfully realize the creation of the void in the big universe in his body, and create all the creatures of the universe, it is a creator.

“It’s time to go back to my big universe!”

Thinking for a long time Qin Tiange suddenly looked up, looking at the endless depth of the ocean, as if he saw the big universe he was born.

He sensed that he naturally locked the big universe he was born in, and was now ready to go back.

Thinking of this, Qin Tiange could not help but tore the void in front of him and was about to step into it.

“Ok?”

But the next moment, Qin Tiange stopped, turned in horror, and looked inside the battlefield of emptiness. Suddenly, two powerful thoughts locked him.

Those two ideas are very strong and extremely strong, exceeding many reincarnation classes, but they are not big universe class powerhouses, but they are infinitely close.

“Who is it?” Qin Tiange frowned, feeling that he was locked in and the visitor was not good.

Before he could figure out who it was, he saw a huge opening crack in the void battlefield, leading directly to this cosmic void.

With a click, two powerful figures emerged from the cracks of nothingness, each with a strong breath, and two dragon horns on the head flooded.

“Will the dragon **** of the Tianlong tribe?” Qin Tiange was surprised, and looked at the two powerful creatures coming from the void battlefield.

They, the two dragon gods of the Tianlong tribe, chased here, and finally locked in Qin Tiange’s breath and figure, and completely came.

“Did you kill a dragon general of my Tianlong clan?”

Two dragon gods are coming. One of them looks at Qin Tiange, his eyes are cold, and he questions directly.

“Don’t talk nonsense, bring back the Dragon Headquarters, and let the dragon master get off guard.”

The other dragon **** snorted coldly and took a step forward. He found a dragon claw and thought that Qin Tiange would grab him severely, so he would suppress him.
