

Dark Ages 1051

Chapter 1051 - Pinch to death

With a click, a dragon claw cracked open and probed into nothingness, and Qin Tiange would be suppressed at the moment, and brought back to the Dragon Headquarters.

Looking at the two dragon gods coming, they are powerful, and they are infinitely close to the big universe superpowers.

It can be said that the two dragon gods have completed nine reincarnation births and deaths, and are about to transform into the big universe.

Huh!

Suddenly, one hand gently caught the terrifying dragon claw, and with a bang, a burst of amazing sparks burst out between the two, blooming in nothingness.

Qin Tiange caught the terrible dragon claw with just one hand. The powerful force made the opponent unable to advance and retreat, and stalemate there.

“Can you catch it?” The dragon **** flashed his pupils with blood, and a sudden burst of murderous power suddenly burst out from his body with a mighty power.

With a bang, powerful forces erupted, as if one big universe exploded, but Qin Tiange could not be shaken in the slightest.

Seeing that his counterattack was invalid, the dragon ***** will finally change his face and startled, “No, you have transformed into a big universe?”

“Now I know, it’s late.” Qin Tiange snorted, twisted his hand hard, and only heard a crisp sound, a dragon’s claw was chopped off directly.

Qin Tiange held a sharp dragon claw in his hand and watched the other party quickly recede. The expression of horror proved his inner fear at the moment.

“Hurry up and fight against him!”

This dragon ***** will drink and immediately wake up the companion next to him, and another dragon ***** will wake up.

“kill!”

The two dragon gods will work together to deal with Qin Tiange, because his strength is too terrifying, and he has completed the promotion of the universe.

Now he is a big universe-level super strong, the top strong in the major universe alliances, the strongest under the Creator.

Bang!

With the sound of two muffled sounds, the two dragon gods collapsed their bodies, their blood emptied, marking a bright red trajectory.

The two were directly wounded by Qin Tiange with one punch, their bodies retreated, and an incredible expression appeared on their faces.

“Tianlongquan!”

Suddenly yelling, two dragon shadows roared into nothingness and turned into a bang with a punch, hitting Qin Tiange’s face gate and lifeline directly.

The two dragon gods will strike together. If they are hit, they will be wounded, but Qin Tiange has no expression at all.

Hum!

I saw his arm tremble slightly, and there was a buzzing trembling around the nothingness, and then he heard the sound of crunching and crunching, and nothingness broke.

The fist hasn’t been beaten yet, it’s just a trembling arm. It even shattered the void in the surroundings. The power is frightening.

Hearing only a “bang”, Qin Tiange punched through nothingness and banged on the energy of the combined bombardment of the two dragon gods

With the rumbling of the rumbling, the two dragon gods will spit blood first, smashing into nothingness thousands of miles away, looking miserable.

On the other hand, Qin Tiange looked calm and calm, his fists were covered with gray light, and two dragon gods had just been punched.

He stepped out one step, and the man has come to the two dragon ***** generals, and before the other party stood up, it used to be one person and one punch.

Bang!

When the two punches went down, the dragon ***** couldn’t help but utter a scream of sorrow, the whole door was sunken, and the blood was gushing.

“You’re looking for death!” A dragon ***** roared and was about to fight back, but was broken by a fist.

There was a squeak, and there were dragon horns flying out, with a hint of powerful dragon blood, and that dragon ***** would be interrupted by Qin Tiange with a punch.

“kill!”

The roar came, the two dragon gods would explode together, and the figure of Qin Tiange who rushed away avoided it far.

One of the dragon horns was interrupted, and the blood was stagnant, unable to stop flowing, as if he could not stop the bleeding.

Bang bang ...

The three strong men struggled to fight, Qin Tiange, with one enemy and two, did not fall in the slightest, and even suppressed each other in secret.

I saw that Qin Tiange’s figure flickered, and there was a mysterious force between the fists and the two dragon gods would fight again and again.

The more they beat, the more they became scared, feeling very scared, because they felt the power in Qin Tiange's body was endless, and he punched one punch.

Looking at Qin Tiange's full outbreak, the two dragon gods will be completely scared and realize that they have kicked a big iron plate.

“Ah ...” Suddenly, a dragon **** was accidentally beaten by Qin Tiange, and his entire face was completely cracked in half.

Without waiting for him to recover, Qin Tiange suddenly stepped forward and grabbed his face and raised it.

His five fingers clasped tightly, pinching the face of the dragon god's face in front of him, and the powerful force poured directly into his arm, all five fingers were slightly lighted.

Slightly!

Just listening to a squeaking sound, the dragon god's head spread like a watermelon, leaving only a headless body.

A mighty dragon **** will be gently pinched to death by Qin Tiange. Who believes it?

“No ...” The other dragon **** roared, staring angrily at the headless body, dead here.

His eyes were flushed, watching Lin Xuan come out, and his anger could not help but erupt.

boom!

“Tianlong lore!”

With an angry roar coming through, the last dragon **** poured a dazzling dragon shadow into his body.

Suddenly, this dragon shadow was quickly merging into the body and turned into a horrible blow to Qin Tiange.

Hearing only a “bang”, Qin Tiange shattered the opponent's lore, and defeated this force sharply.

Then, Qin Tiange flickered one step, came to the dragon god, and punched him instantly.

With a bang, the Dragon God would rush to resist, but Qin Tiange broke his two arm dragon claws with one palm and hit the door hard.

Clicking and crunching, the dragon **** collapsed the face door, was severely spit on the spot, his face was terrified, and he realized that most of it would fall today.

“This seat is falling, and I will pull you up.”

Suddenly ~ www.mtlnovel.com ~ The dragon **** will roar, even to pull Qin Tiange to die together, seeing being forced to here, understand that kicked the iron plate.

“Uh ...” The next moment, Qin Tiange's figure emerged, holding Long Shen's neck with one hand.

Watching himself pinched by the other's neck, the dragon **** would be a little scared, and there was a strong fear in the dragon's eyes.

"No, you can't kill me, the dragon master will hold you accountable." The dragon **** will feel his ending and panic immediately.

He was incoherent and apparently broke down, and was unable to struggle away from Qin Tiange's repression and control.

Click!

The next moment, Qin Tiange twisted his five fingers hard, and only heard the crackling sound spread, so the head of that dragon **** was moved.

Holding one of the heads of the dragon god, Qin Tiange smashed it with one hand, crushed the dragon spirit in it and devoured it.

The two mighty dragon gods would hunt down Qin Tiange, but did not expect that they would fall here.

As the two dragon gods will fall, the true spirit will be completely broken, and even Qin Tiange will absorb it directly.

Hum!

Suddenly, on both headless corpses, a powerful breath fluctuation was showing, the idea was magnificent.

"This breath is, the Creator?"

Lin Xuan's face changed slightly, looking at the two headless corpses, there was a horrible atmosphere coming together, locking here.

It was a powerful breath and conviction beyond the cosmic level, a terrible conviction belonging to the Creator.

"Who is it, kill me?"

An indifferent and cold, full of majesty, the supreme words pierced through nothingness, came from the endless and profound nothingness, shocked all directions, and caused the sea of sea to boil.

Chapter 1052 - Lord of the Dragon

Hum!

Void splits, a supreme will comes, Qin Tiange is locked, and a terrible existence from the depth of the void is alarmed.

That is the powerful dragon master of the Tianlong tribe, a creator!

"Kill my god, be a grandma!"

The will swept across two headless corpses, exactly the corpses of the dragon god, who were pinched to their heads and devoured their souls.

Seeing this, the powerful dragon master was furious, locked in Qin Tiange's will, and descended directly from the endless void.

boom!

A virtual shadow stepped out of nothingness, stepping through the sea of the sea step by step, wherever it passed, it seemed like one big universe after another.

On his body, there are one big universe after another, and after being destroyed again and again, it evolves again, revealing endless power.

The Creator, the birth and death of a thought, the reincarnation of the universe is born under his thought.

Click!

Two beams of light swept away, and nothingness collapsed. The powerful force of destruction would crush Qin Tiange Sheng as terrifyingly.

Faced with the strong will of the Creator, Qin Tiange looked serious, though surprised, but not a little afraid.

“Break!” With a loud shout, Qin Tiange’s eyes burned, and a strong silver mang burst into his left eye.

Suddenly, the two beams of light in front of them were directly framed, and then gradually annihilated and disappeared, both of them went out, and nothingness was disturbed.

The strong will disintegrated, Qin Tiange’s body stepped back a few steps, watching in horror that the figure came out of nothingness.

The comer was very young, with black hair fluttering, two dragon horns, and the light and breath that tore everything, shook endless numbers around him.

His eyes were radiant with a golden light, and there were terrible scenes of the destruction of the universe. Like the cycle of the universe, everything is born and destroyed.

“Dragon Master ...” Qin Tiange muttered, staring at the person.

The two eyes collided and looked at each other. The dragon master’s eyes showed a hint of surprise, and the more he frowned, the more confused he seemed.

Because with the will of his creator, he couldn’t see through the details of Qin Tiange, as if there was a fog blocking it, and he couldn’t see clearly.

When he thought of a faint chaotic symbol in Qin Tiange’s eyebrows, his pupils could not help shrinking, his face changed slightly, and he was fleeting.

“Tan?” The dragon master was surprised, and a doubt appeared in his heart, looking at Qin Tiange, the more weird he looked.

boom!

The breath of the two suddenly collided, and a crunchy sound came, and the nothingness around them collapsed suddenly, the cracks were staggered, and they continued to crack.

That terrifying atmosphere, the terrible will from the two are colliding, the powerful faith is fighting, causing an amazing fluctuation.

Uh ...

Qin Tiange's will was burning, his eyes were burning, his eyebrows almost revealed a strong light of God, the endless will spurted out, and turned into a sharp blade to smash up.

On the opposite side, the dragon's eyes were faintly beaming, and one big universe after another suddenly emerged, banging over.

The universe was destroyed directly, swept with endless terrible power, as if to tell Qin Tiange to be completely buried.

One thought of the universe's birth and one thought of the universe's extinction, this level of power is the creator's ability that Qin Tiange does not have now.

The dragon master is a real creator, and Qin Tiange can feel threatened under one idea.

Boom boom ...

One big universe after another collapsed, shattered in front of Qin Tiange's eyes, and swept away into terror.

He did not change his face, and his powerful will crushed it, turning it into a skyknife to split the sky, breaking up one big universe after another.

“dead!”

On the opposite side, the dragon master was indifferent and arrogant, watching Qin Tiange block it, raising his hand and killing him with a finger.

With a click, nothingness could not stop the power of that finger, as if a blow that could penetrate the nothingness barriers of Zhouhai came through.

Crisis, a strong crisis made Qin Tiange's eyebrows flutter, feeling the threat of the other's finger.

But he does not flinch, this is a great opportunity to verify himself and test the Creator, because the other person is not from the real body.

The Lord of Dragons was just a phantom. How could he miss such an opportunity? Qin Tiange exploded into a force of ten.

Huh!

He raised his hand to point and kill, Xeon collided with one finger, and slammed together. A burst of terrible sparks burst out from his fingertips, and the central area continued to collapse and destroy.

Two fingers and one finger contain endless power, one is the creator, and the other is a monster with a thousand big universes inside.

boom!

The next moment, Qin Tiange was finally shaken away, leaving a trace of blood on his fingers, and healed back quickly.

As for the dragon master, he looked at his fingers stingily, the flesh and blood had been destroyed on it, and the crystal phalanx was exposed, which was being repaired quickly.

“How many years?” The Dragon Lord murmured to himself, shocked and incredible.

In endless years, since becoming a Creator, he has not been injured in the presence of a creature below him.

However, Qin Tiange in front of him actually caused harm to him. With the same finger, it looked like Qin Tiange was weak, but in fact, the dragon master was disadvantaged.

Because he is the Creator, the two are not at the same level, one is high, and the other does not belong to the Creator.

“No one has ever been able to challenge the Creator at a cosmic level and wound the Creator. You are the first.”

The dragon owner’s gaze was dim, and he became a little cold, as if he saw something amazing, and he had a heart to kill Qin Tiange.

If you can’t become the creator, you can hurt the creator. Although it is just a phantom, it is definitely the heart of the thrilling dragon.

“This is the power of the Creator?” Qin Tiange lowered his head and looked at a ray of mysterious power on his fingers, the power from the Dragon Master.

This power broke into his body and he was forcibly intercepted by the seal. He was extremely surprised because he had a vague understanding, as if something had been captured.

Unfortunately, there seems to be a strong obstacle that prevents him from seeing the true power of the Creator. It belongs to a blocked force ~ www.mtlnovel.com ~ to fight! “

Qin Tiange suddenly looked up, his eyes burned, and he stepped forward directly, erupting with unparalleled strength, sublimating.

A thousand large universes, 60 trillion small universes, exploded directly, killing them without reservation, and going to fight against the Creator.

Seeing that Qin Tiange dared to take the initiative to invite the battle, the dragon master was gloomy, and his heart seemed to be pierced with a thorn, which was uncomfortable.

“Kill!” The dragon master shot, and the shot was a lore.

With the blow of the Creator, all living things cannot be blocked, the universal universe is difficult to stop, and there is a terrible power of disillusionment and reincarnation.

With a thump, Qin Tiange raised his arm and punched him, hitting his strongest and most extreme punch at the moment. Rumbling came up.

Click!

With just a click, the two forces had not collided yet, causing nothingness to collapse directly into a hollow.

Suddenly, as Qin Tiange's fist collided with the palm of the creator, no sound came out, and there was no wave that destroyed the sky.

There was only one annihilation of silence, one punch and one palm, annihilation of nothingness, and the arms of the two turned into flying ash and dissipated.

After a rush, Qin Tiange flew out, his entire arm was gone, and he was completely wiped out by the force just hit.

On the opposite side, the dragon owner's face was shocked, and he couldn't believe it, looking at his arm that had also been annihilated and disappeared.

“kill!”

Qin Tiange shouted, shaking his arm, a brand-new arm grew, waving and killed again.

Looking at such a fierce Qin Tiange, even the dragon master is unavoidably surprised, horrified by the strength and strangeness of Qin Tiange.

How could he be against the Creator?

Chapter 1053 - Kill and alarm all parties

A fierce muffled bang came, and in nothingness, two Xeon creatures fought fiercely and were inextricably linked.

boom!

With a roar, nothingness shattered, was smashed by a simple fist all the way across, and blasted in front of a powerful figure.

It was a dragon body, a phantom of the Creator, extremely powerful, with every movement carrying a supreme power of the birth and death of the universe.

However, it is shocking that someone can fight the Creator. Who can fight with the Creator except the same Creator?

“Excessive!” The dragon master was furious, and the two dragon horns were all lighted up, looking extremely angry.

It was a pity that in response to him, Qin Tiange's strong punch punched him in the face gate, his bones cracked, his flesh was sunken, and he was almost blown.

The power of Qin Tiange shocked the dragon master, and it was incredible that there were a thousand large universes, combined with the power of 60 trillion small universes, directly shaking the illusion of the creator.

Click!

Blood and water sprayed horizontally, the main door of the dragon collapsed, the flesh was blurred, and it looked miserable and scary.

“Damn, where’s the monster?” The dragon master was furious, and was severely wounded by a big universe-level creature, it was simply a shame.

If I knew it for other creators, I would have to laugh for tens of millions of years. I thought that I was hurt by a large ant-like universe creature, and my face could not hang.

“Dead!” The dragon master shouted angrily, slamming down with one hand of the dragon claws, and wanted to kill Lin Xuan.

I only heard the sound of 哐 when the claws collided, and the power that erupted from both disappeared, and even the arms of both people disappeared.

The strength was annihilated, the arm was annihilated again, Qin Tiange was expressionless, his body shook, and the broken arm grew quickly.

Opposite, the dragon owner’s face was gloomy, his eyes flashed with mad murderous power, his heart was almost blasted by gas.

For the first time in countless years, he was wounded by an ant. Although it was just a phantom, it was enough to make him lose his face.

“Boy, you can’t stay!” Dragon Master said gloomily, and suddenly a stronger force emerged from his body.

That’s the power from the body, which instantly suppressed Qin Tiange’s breath, giving people more than twice as powerful as before.

boom!

After being hit by a blow, Qin Tiange’s face was stern, his eyes showed a trace of killing, and he stared at the dragon master opposite.

“Creator, slaughter your phantom today, and kill your own body the next day.”

Qin Tiange suddenly said such a sentence, in his words there was a lore of will, and his strong conviction made people tremble.

He even said that he wanted to kill the Dragon Lord’s phantom and kill him in the future. This was a shame on the Creator.

“Well ... go to death!”

The dragon master was completely violent, and was directly enraged by Qin Tiange. He wanted to kill him, but now he can’t stand it anymore.

Looking at the dragon master’s violent, surging strength, he was twice as strong as before, it looked terrible and dangerous.

In fact, Qin Tiange didn’t care about it at all. He had just fought fiercely with Dragon Master for a long time, and he had basically figured out the details of the opponent.

“kill!”

Qin Tiange scorched his eyes, slammed a fist, and punched his fist as a punch. The void in front of him collapsed, crushing like a mirror.

With a powerful punch, even my dragon master's phantom body felt threatened and pulled back in horror, but was locked by a strong will.

That was Qin Tiange's will, firmly locked him, and poured out all the powerful energy all over him. Zizi!

The two forces collided with each other, and then a weird scene appeared, and the two forces' mutual annihilation disappeared.

The crunching sound of Kacha Kacha came, and between Qin Tiange and the Dragon Lord, the vanity vanished and disappeared into ruin.

Suddenly, a "snoring" came, sparks sprang between the two, the void broke, and a terrible will directly hit each other.

"Tianlong Yin, strangling!" The dragon snarled, and a mini-Tianlong screamed angrily in his brows, suddenly slamming into Qin Tiange's brows.

That dragon yin broke through nothingness and shook into Qin Tiange's sea of knowledge, trying to destroy the true consciousness that strangled him.

Huh!

Qin Tiange's will swept out, turned into a sky knife, fiercely slashed, and sent out a burst of astonishing sounds, unmatched.

Both eyes burned, their wills were desperate, and it was even more dangerous and terrible. It was possible that one could accidentally die.

"Ant, dare to compete with the deity, and die!"

The dragon master was furious. Seeing Qin Tiange had not won it, his heart was furious, and when he saw that the other party dared to compete with him and started a fight, it was furious.

As the Creator, he has the highest will and endless power, and naturally has the absolute confidence to crush the true spirit of Qin Tiange.

Unfortunately, he underestimated the strength of Qin Tiange, his immortality of will, and turned it into countless magic knives, breaking up the mighty will of the Dragon Lord.

"I, willed soldiers, kill!"

Qin Tiange drank, his eyes burned, a silver flame boiled, his killing scorched, pierced through nothingness, torn the defense of the dragon's will, and killed him.

With a click, the dragon's eyebrow cracked a bloodstain, and his mighty will split his eyebrows to understand the sea, almost splitting the dragon's knowledge of the sea into a void.

"Damn!" The dragon master was furious and startled. He did not expect that Qin Tiange not only broke his will, but even killed him directly.

“A phantom, do you still want to kill me?” Qin Tiange drank coldly, stepped out suddenly, and came to the front of the dragon master.

The two eyes stared at each other, killing intently.

boom!

I saw the two claws slamming into each other fiercely, and there was a terrible sound this time.

Immediately afterwards, the dragon master's face changed greatly, and he felt only a strong force sweeping in, rushing into his body, breaking his arm instantly.

“Dead!” Qin Tiange shook his eyes, raised his hand and slashed down, right in the head of the dragon master.

With a bang, the two dragon horns made a whistle, blocking Qin Tiange's stabbing, and Kaka's turtle cracked.

Uh ...

Bang!

The two fought fiercely, beating tens of thousands of times instantly, ***** to flesh, sharp claws, and splitting blood stains.

Qin Tiange's blood streaks staggered, but his face did not change, and he punched and punched thousands of punches in the chest of the dragon.

With a slight whistle, the flesh penetrated through the air, the dragon master spit blood, and the entire chest was penetrated by Qin Tiange's 10,000 punches in an instant, transparent on both sides.

A dragon heart beating inside, looming and revealing a strong breath, but was beaten by Qin Tiange, his arm trembled, and 100,000 punches hit him.

“Oh ...” The dragon master fought hard to resist, and the two killed a million times, and eventually Qin Tiange broke through his heart and burst into pieces.

The dragon master was wounded, his body was broken and flew across, with a look of horror on his face, and some anger and disbelief.

Qin Tiange is strong, invincible and awesome!

“Dragon Lord, you can die!”

With a low drink, from the back, the dragon owner who was flying out was covered with chills. Before he could turn around and stop, he felt a backache.

With a bang, the dragon's consciousness was blurred, and it felt that the entire head was directly blown away with a punch from the back of the head, leaving only two dragon horns flying horizontally through.

The headless body was caught by Qin Tiange in one hand, his fingers fastened, his arms exploded, hissing and tearing the dragon's body in half.

“Uh ...” A miniature Tianlong screamed in the sky, the dragon soul of the dragon master flew up, and quickly escaped through nothingness.

But soon one hand protruded into nothingness, pinched its dragon spirit severely, imprisoned in the palm of his hand, and caught Qin Tiange in front of him.

“I dare you?” Dragon Master Zhenling howled, yelled.

As a result, Qin Tiange’s grim eyes ushered in the next moment. The five fingers squeezed hard, and only a whining sound was heard, and the dragon spirit was crushed.

“Roar ...” A terrifying dragon roar came from the depths of nothingness, shaking the entire nothingness battlefield and shocking countless powerful creatures.

Some creators were even awakened, and were surprised to see the dragon roar in the void space, which was where the dragon master was.

“It’s that old dragon, what nerves?”

“It looks so angry. Water irritates it?”

Many creators were surprised, they probed nothingness, captured all the information, and quickly formed the scattered information into a complete information.

“what?”

“Someone challenged the old dragon and killed him with a phantom?”

The creators who saw the information, without exception, were stunned by the news and were incredible.

No wonder the dragon owner was so violent and angry, it turned out that he had no phantom, the most amazing thing is that the person is not the creator.

A creator’s phantom body ~ www.mtlnovel.com ~ was directly destroyed by a large universe-level creature, which is a kind of extinction.

“who is it?”

“It’s interesting!”

“Poor old dragon, this time planted a tumble.”

Many powerful creatures are grateful and grateful, and are curious about Qin Tiange, who can challenge a creator’s phantom, and in turn kill him clean.

I have to say that Qin Tiange caught the attention of many creators this time, and all of them began to pay attention to investigate his whereabouts and origin.

In this regard, Qin Tiange didn’t care, but took the broken body and dragon spirit of the dragon master directly to tear apart the nothingness, covering up the breath and disappearing.

He is going to prepare the phantom of the dragon master, to draw from it and even peek into the supreme mystery of the other being the creator.

Qin Tiange dared to do this by devouring the illusion of a creator. If it is known by those creators, something will definitely happen.

Chapter 1054 - The power of creation

The battlefield of nothingness, the alliances of all parties, and the strong ones were shocked by the news. The dragon master was even destroyed by a phantom.

At this moment, the dragon master's face could not be stopped, and the other creators knew the news, and immediately felt a shame and anger and thunder.

“Boy, deity will kill you in person.”

Finally, the dragon master, who could not bear the shame of the skin, came out directly from the deepest point of nothingness, and disappeared, and no one knew that the dragon master really appeared.

Only some powerful creatures who are also creators can know that the old dragon ran out in anger and wanted to kill Qin Tiange himself to take revenge.

“Lao Long is angry, hey, there's a good show.”

“Who the **** is, actually killing a phantom of Lao Long, it seems not simple.”

“Well, watch the show!”

At the deepest part of the battlefield of nothingness, horrible waves came, and many creators were awakened and were hiding in the dark to watch a play.

Qin Tiange had no idea about the appearance of the dragon master, even if he knew it, he didn't care. He was smelting the dragon master's phantom and true spirit.

.....

Inside, there was a figure hidden in the hollow, a gray flame burning in front of the eyes, chaotic fire burning, and crumbling a broken body.

In the chaotic flames, a broken corpse floated, exuding the breath of the Creator, which was the phantom of the Dragon Lord.

Said to be a phantom, it is actually the real clone of the dragon master, with the ability of the creator, and concealing a mystery of the creator.

This is what Qin Tiange cares about, so he took the flesh of the dragon lord and the broken dragon spirit to hide here, and began to melt.

Zizi ...

The flames burned, burning the broken body of the dragon master, and a strange strand of strange power was fighting the incineration.

That is the power of the Creator, which is called the Power of the Creator, and belongs to the core power of the Creator. It is extremely powerful and terrible.

Qin Tiange looked serious, staring at the corpse of the Creator, who was difficult to be smelted, and a broken dragon spirit.

All were broken, still unable to smelt, and even had a tendency to self-heal, allowing Qin Tiange to have a deeper understanding and knowledge of the Creator.

For example, now Qin Tiange is surprised to find that the broken corpse of the dragon master is repairing himself. If there is no accident, he can be completely recovered in one day.

Even the crushed dragon spirits are being repaired by dance, and the pieces come together and continue to fuse together.

Seeing this, Qin Tiange realized that the creator had a power he didn't know, perhaps the so-called power of creation.

The power of creation can reincarnate the birth and death of all things in the universe. In one thought, it has the same ability of self-birth and death.

“The Creator, the power of the creation ...” Qin Tiange's eyes burned, and he continued to melt without any discouragement.

A little bit of time passed, Qin Tiange finally found that the broken body of the dragon master had a slight change.

Under the powerful burning of Chaos Flame, the corpse of the dragon master was finally slowly smelted down a little bit.

Drops of strange liquid flowed down, smelting continuously from the fragments of the dragon master's body.

Qin Tiange knows that it is one of the most precious and mysterious things, an energy, a power of creation.

He looked excited, looking at the liquid that was actually smelted, turned out to be the mysterious power of creation.

“swallow!”

At this time, Qin Tiange sang aloud, suddenly opened his mouth and swallowed, and directly absorbed the power of those overflowing creations.

Even after the dragon spirit began to melt and turned into a drop of true spirit, Qin Tiange did not let it go, and devoured it directly.

While absorbing, Qin Tiange felt as if he had become different, as if the strength in his body suddenly skyrocketed and fiercely transformed.

Inside the body, a thousand universes boiled in a thousand individuals, and 60 trillion small universes burned, all together refining the power of these creations.

Smelting continued, swallowing speed accelerated, the corpse of the dragon master was reduced a little bit, and many flesh fragments quickly disappeared.

This is true smelting. It will extract all the essence and energy hidden in the dragon master's remains to devour and absorb.

Kaka ...

The flesh and blood fragmentation ruptured and turned into a powerful source, allowing Qin Tiange to continue to absorb and grow.

This energy is too majestic. The incarnation of a Creator contains extremely profound and mysterious power.

At the same time, it is very dangerous, because smelting an avatar of the creator is equivalent to completely angering the dragon lord, and once it is not good, it will die.

But Lin Xuan, you are not afraid, but continue to burn, little by little to draw the mystery and strength in the dragon body.

boom!

Suddenly, a violent shock came from Qin Tiange's knowledge of the sea, and a terrible breath flowed out, shocking people.

There was a strong breath and mystery coming, and it was not clear what it was, but Qin Tiange knew what it was.

It was a force of creation from the dragon's body, roaring and roaring inside Qin Tiange's knowledge of the sea.

Feeling the threat from the sea of knowledge, Qin Tiange snorted, and a powerful true spirit poured out, and then an outrageous will and belief poured out from countless cells.

Those are the strong will of Qin Tiange, hidden in countless cells, all have a complete will.

Now in crisis, once the fuser is up, it is absolutely terrifying will and terror.

Huh!

Qin Tiange was shaken, a strong will poured out, and a click broke the powerful mysterious force that poured into the sea of knowledge.

That was the power of the Creator, a ability to create things in the void, which made Qin Tiange extremely coveted.

But he was not in a hurry, full of analysis and comprehension of the mysterious power in front of him, and a little bit of the secrets of the creation.

“Creation, creation, destruction, destruction ...”

There was a muffled murmur, like a roar of heaven and earth, which was constantly introduced into Qin Tiange's head, full of mystery.

The core secrets from the Creator are being parsed out a little by Qin Tiange, from which a peek of secrets belongs to the Creator.

The creator is the strongest creature known so far. As to whether there is a creature beyond the creator's level, Qin Tiange is not clear.

Now, he can gradually control and absorb this mysterious and supreme power, the power of creation.

boom!

Suddenly, Qin Tiange's body exploded into a blood hole, and a stream of blood spewed out of it. It was apparent that he had just absorbed a little bit of the force of the creation and immediately collapsed.

The power of creation contains a kind of destruction, and it is not the opponent that directly destroys Qin Tiange's body.

However, he did not give up, but instead immersed himself in it, and kept trying, extremely exerting the power of the dragon corpse and dragon spirit.

Qin Tiange quickly took control of the power of the creation from the unsuitability at the beginning to the quick adaptation now.

Hum!

At this moment, Qin Tiange's heart was buzzing, and the silent heart of civilization suddenly burst into flames.

Qin Tiange was surprised, looking at the change of the heart of civilization, it seemed to be a little holy, with a mysterious atmosphere and strength.

The most amazing thing is that it is drawing the power of the outside creation and constantly transforming and strengthening the load of the heart.

Soon, the heart of civilization became stronger and stronger, and the breath coming out of the skull was just like the sky.

Huh!

When the last bit of the dragon's flesh was refined, it turned into Qin Tiange's body as a force of creation, making him wake up instantly.

For a moment, the two beams of light tear through nothingness, hazy, as if seeing through something.

“There is a strong breath, as if it is the real owner of the dragon.”

Qin Tiange said to himself, his eyes flickered, and he had just swallowed up the dragon master's phantom body and dragon spirit, and immediately had a wonderful feeling.

The old dragon came, with real murderous anger, and appeared in person to kill the rebellious youth Qin Tiange.

“Go ahead!”

Qin Tiange bowed his head and thought about it ~ www.mtlnovel.com ~ Then he got up and stepped out of the hole, blinking and tearing the emptiness and disappeared here.

He did not stop, but chose to leave, because the true body of the Creator came, not a phantom comparable.

Currently unable to bombard the Dragon Lord's true body, he can only temporarily avoid it. When he truly understands the power of creation, Qin Tiange will be confident enough to resist the Dragon Lord's true body.

Huh!

When Qin Tiange left shortly, a dim and horrible figure emerged quietly, his eyes glanced quietly across the Quartet, feeling the remaining breath, which was exactly the breath of Qin Tiange.

“I thought it would be safe to hide?” Lengzhu Lengheng said coldly, “Dare to refine and swallow the avatar of this seat, you must die!”

The Dragon Lord said desolately that powerful murderous intentions swept through nothingness, rolling up a terrible storm, and many creators noticed here.

Unfortunately, Qin Tiange is no longer here at this time, even in the vast ocean, even if the creator wants to find someone, it is difficult.

Chapter 1055 - Virtual city

Void battlefields, chaotic killings are often staged, there are Void Parasites killed, and major alliances fight each other.

Here, only the strong can survive, and the entire battlefield of nothingness is like a **** place to feed the strong.

Because here the strong are all killed, one by one to kill the strongest throne, stand out, some powerful creatures, can even become the super life of the kind of creator.

boom!

“Hmm ...”

There was a fierce roar in the emptiness, and there was a roar of Xeon creatures, and two extremely strong creatures were fighting.

One of them was torn apart, his body was torn into two halves, and he died tragically above nothingness. The two huge halves were being devoured by a bite of a terror creature.

Click ... quack ...

The creature was eating happily, suddenly stopped, and turned abruptly, two terrible eyes staring directly at this side, showing a ray of fierce light.

“Roar, disturb Uncle Ben for dinner, are you trying to die?” The creature snarled with a terrifying roar, smashing the void.

I saw a figure slowly coming out of it, looking calm, looking around, and finally glancing at the creature in front of it.

“Want to die?” Qin Tiange’s eyes froze, two beams of light tearing into nothingness, stabbing in the pupil of that creature severely.

Suddenly, the fierce creature trembled, and the fierce pupil shrank, revealing a terror.

“My lord’s life!” The creature wailed, and immediately got down, his huge body shivering, looking terrified.

A glance just made this creature very scared and had a strong sense of fear for Qin Tiange, as if facing a creator.

Qin Tiange looked indifferent, and asked, "Tell me, in which direction is Xushen City?"

"Xu Shencheng?"

When the creature heard it, it was suddenly inexplicable, and looking at Qin Tiange's eyes was full of awe and fear.

His body shivered and yelled, "Lord, lord, the city of virtual gods is in that direction, and there is a channel of nothingness that goes to the city of billions of miles."

"Oh?" Qin Tiange's eyes flickered. As he looked in the direction, he faintly saw the existence of a breathless passage.

One billion miles is not far away in the void battlefield. With Qin Tiange's ability, he can reach it in almost two or three breaths.

"My lord, little news, there are some extreme creatures living in the virtual **** city. One by one, you can make the creator, and you must have the consent of the virtual **** to enter." This creature carefully mentioned Woke up.

Qin Tiange looked at it in astonishment and laughed, "You are a bit able, knowing these things is a bit of a skill for you."

"No, no, lord, there is a small clan who is always a member of the virtual **** city. The clan has a lot of knowledge about it." After this creature said, he carefully looked at Qin Tiange.

In fact, it was worried, and Qin Tiange would kill it after asking the question. This is not a thing, and there is no pity here.

He mentioned that he had a half-step creator's clan, and he wanted Qin Tiange to be reluctant to let it go.

Thinking about this, Qin Tiange couldn't help chuckling and said, "If I want to kill you, no matter who stands behind you, the creator can't stop me from killing you."

"Yes, yes, the adult is naturally not afraid of the creator." The creature smiled awkwardly, his mouth and face horrified.

"You go." Qin Tiange shook his head and waved his hand gently to let the creature leave without killing the other party.

Just a universe-level creature, killing you is not very useful, and there is only one inner universe in the body, which is not worth it at all.

"Thank you, Lord!"

The creature was overjoyed, and thanked him for a moment before turning around and slipping away. There was no sign of running, there was no meaning to stop at all.

Watching it run away, Qin Tiange didn't care, but stood there quietly and pondered, thinking about the things in Xushen City.

As for how Qin Tiange got the news of Xushen City, it was actually some scattered information obtained from the dragon spirit of that dragon incarnation.

The virtual **** city is the most famous **** city in the virtual battlefield, which contains countless Xeon to fierce creatures from various cosmic alliances, and even various super alien life.

Huh!

Qin Tiange stepped out, and people shuttled in nothingness, and came to the front of that nothingness passage almost the next moment.

Looking at an empty channel in front of him, Qin Tiange looked inexplicable, because he sensed the breath of the Creator imprinted on the channel.

Needless to say, this channel was created by the creator. It leads directly to the city of virtual gods, and the creatures that can enter the city of virtual gods are all the best in the battlefield.

They are all top-notch creatures, and some even rival the creator, which is not unusual.

Here you can even see some scary creatures, dare to question the Creator, and even directly confront the Creator.

The virtual **** city is just one of them. In the depth of nothingness, there are many such powerful **** cities.

The creatures gathered here are all super powerful creatures. The reason why Qin Tiange wants to enter such a place is to think of the creatures inside.

“Half-step creator, it should taste good.”

Qin Tiange suddenly showed a faint smile, and his discourse was amazingly informative, even to eat those creatures that were very close to the Creator.

He was addicted to eating. He just ate an incarnation of the creator, but now he has the idea of half-step creator-level creatures in the virtual city.

boom!

As Qin Tiange stepped into the channel one step, he felt a strong oppression swept up, and there was a force to suppress his entry.

Humph! Qin Tiange snorted, his breath erupted, and the rumbling impact directly shattered that momentum.

Just listening to the banging noise, a mysterious and powerful breath was shattered by Qin Tiange in the void channel.

“The strength and breath of the Creator.” Qin Tiange said to himself, sensing the origin of this blocking force.

It is the power left by the creator who opened the channel, the purpose is to restrict some weak creatures from entering the virtual city.

Because the creatures in the virtual **** city are Xeon creatures, once they enter the weak, they must die miserably.

Regardless of Qin Tiange, this power was useless at all, and was directly scattered and walked into it, passing quickly along this passage.

Wow!

With just one blink of an eye, Qin Tiange came out of the channel of nothingness, and man has come to another piece of nothingness.

Here, there is a terrible and fierce atmosphere everywhere, and there is a dense and dense variety of creatures exuding their own fierce gas, not taking care of it at all.

When he came here, Qin Tiange first felt a dense and dense atmosphere.

In some breaths, they can even be compared to the Creator, not the Creator, but they can be compared to the Creator. This is some alien super life.

“This is the virtual city?”

Qin Tiange’s eyes swept peacefully around him. Inside the vast void, a vast and imposing city was located deep in the void.

Underneath the city, there are numerous dense systems extending out, rooted in the barriers of nothingness, and drawing endless nothingness to maintain the energy and existence of the city.

Seeing such a super **** city is like a huge parasite, parasitizing inside the void wall, drawing infinite energy.

At first glance, Qin Tiange felt that the city was alive, a living creature. A city turned out to be a living creature, and it was inevitable that he was surprised.

Taking a closer look, it turned out that the Void City was actually made up of masses of flesh and blood. The walls were solid, but it was living flesh and blood genetic material.

Qin Tiange walked step by step toward the **** city, and soon came to the gate, not far away, looking at the huge gate in front, with three ancient fonts imprinted on it.

Virtual city!

He stood in front of Xushen City and looked quietly. He was a little surprised, and felt that the city was not easy.

“Well? How many years have I never seen someone come to Xushen City?”

Suddenly, a muffled murmur came from the vast and empty fog in front, showing a dull sense of oppression.

When Qin Tiange looked up, he saw a behemoth lying on the wall above the Void City, and his eyes looked through the fog, reflecting a faint color.

Through the fog, Qin Tiange saw a huge unicorn, lying on his face, his eyes shining through the burning light, extremely terrifying.

“Kirin?”

Muttering, Qin Tiange glanced at this unicorn, ignored it, and walked directly into the virtual **** city in front of him.

The unicorn stared straight at Qin Tiange without obstruction, watching him enter the city and continue to snoring there.

“Human race, come to Xushen City? Interesting ...”

Kirin murmured to himself, with a hint of jokes, as if a good show had begun, because no human race dares to come here.

In other words, Xujin City does not welcome human races. As for where some of the Xeon of Human Race are, they are not in Xujin City, but in another Shencheng city.

The arrival of Qin Tiange ~ www.mtlnovel.com ~ broke the peace of Xushen City for many years, and immediately attracted a forceful gaze, staring fiercely at him.

From the moment he arrived, when he stepped into the city of virtual gods, he felt a horrible gaze locked on him, constantly looking and examining, revealing a ferocious and bad intention.

“This human race is not brave!”

“From the point of view of breath, this human race is very fat, and it should be delicious.”

One after another, the terror creatures looked up, and their eyes revealed the horrible fierce light. Looking at Qin Tiange walking into the virtual city, some Xeon creatures couldn't help it.

“Terrestrial, you are welcome to come here, you are welcome!”

I only heard a cold voice coming from the mist of nothingness, and then a terrible creature slowly emerged, blocking Qin Tiange's way and swallowing it directly.

A Xeon creature shot and swallowed at Qin Tiange, trying to swallow him.

A good show is about to be staged. The city of virtual gods will no longer be calm from today.

Chapter 1056 - Who eats who?

Click!

Nothing cracked, a huge sloppy head protruded out, swallowed with a wide mouth, and the target was exactly Qin Tiange.

In the face of such a horrible scene, Qin Tiange was very calm, his eyes were not wavy, and his footsteps never stopped.

He stepped into the virtual city step by step, feeling the terrible head swallowed from his head, suddenly stopped and looked up.

Hiss!

Two beams of eyes stared out, staring at the terrible creature that swallowed, a Xeon creature that had successfully transformed into the universe after nine cycles.

Qin Tiange sneered suddenly and hummed, “If you want to eat me, then you have to see who is eating who.”

“rise!”

As soon as a low drink came, Qin Tiange’s body swelled and turned into a giant of 100,000 feet.

He stood there, looking at the huge creature that had bitten, and there was a shock of light in his eyes. Obviously, Qin Tiange would directly fight back.

But it didn’t care at all, instead he growled and said, “Boy, it’s bigger and fatter, and it tastes more delicious.”

boom!

The horrible big mouth opened, as if he could swallow a big universe, and Qin Tiange’s body seemed a little small, but his body was still expanding.

In the end, when Qin Tiange swelled to a million feet, he took a look with his arms, and his five fingers caught the huge beast fiercely.

“Look for death!” The creature shouted angrily, and the captured body shook suddenly, trying to shake Qin Tiange away.

As a result of the tragedy, Qin Tiange’s arms were arrogant and firmly restrained, he couldn’t break free at all.

“If you want to eat me, then I will eat you first.” Qin Tiange suddenly showed a smirk, his arm muscles trembled, and violent power poured out.

Just listening to hissing, accompanied by a scream of screams, many Xeon creatures were stunned by the scene in front of them.

That originally fierce creature was torn in half by Qin Tiange Sheng, and blood and water sprayed across it.

Quiet!

There was a dead silence in Xushen City, with powerful and terrible creatures staring at the terrible scene in front of them.

Qin Tiange actually tore up a large universe-level creature, it can be said that it was straightforward and killed in one shot.

“Swallow!” The next moment, Qin Tiange tore the creature in front of countless powerful creatures, dragged it out of nothingness, swallowed it with his mouth open.

Grumbling, the two corpses were swallowed, without leaving any, they swallowed and digested.

“Oh!” Then, Qin Tiange opened his mouth and spit out a black piece of material, and various garbage toxins were sprayed out.

He looked dissatisfied: “Although it tastes good, it’s a pity that there is too much garbage and toxins on him.”

As soon as this word came out, there was a chill from all around, and the pupils of powerful creatures shrank, and their eyes staring here were somewhat surprised.

They saw that Qin Tiange was so fierce that he was even more fierce than these fierce creatures.

For a while, many creatures in Xushen City looked at each other and did not dare to act arrogantly. A large universe-level creature swallowed up when it said it was swallowed.

Qin Tiange wants to fight fiercely, and is directly straightforward, more direct than fierce beasts, not like a human race at all.

It seems that he is more like a murderous man in human skin, shredded and devoured directly, and it can be said that many creatures in the city of Xujin were shocked.

“Is this still human?”

“It won’t be a fake human race, it’s a disguised old thing?”

In the Void City, the hidden communication of some powerful creatures quietly retracted their gazes, and did not dare to watch it in such a brazen way.

The unscrupulous gaze suddenly disappeared, or it was hidden around, and I dared not arrogant like before.

Qin Tiange felt that all eyes were quietly disappearing. He couldn’t help sneering. His body quickly became quick and quickly recovered.

He walked step by step on Chengmen Avenue, came to the city of Xushen, and looked at this huge and vast city.

Huh!

As soon as I stepped into the street, I saw a gaze sweeping from the houses on both sides of the street, and one strange creature after another stared at Qin Tiange.

They all have one thing in common, that is, a little bit more fear, the horrible scene just now is still fresh in memory, and a large universe-level creature is directly torn up and killed.

This scene is not ordinary hot, it has deterred many fierce creatures and terrible species here.

Qin Tiange’s eyes faintly swept around, all the creatures on the street gathered together, and looked back.

The weakest one in the virtual city is a powerful creature that has gone through nine cosmic reincarnations and has achieved a great universe.

Here, we don’t see a weak person at all, they are all big universe-level creatures, and big universes have been born in the body.

You have to be careful here, because all of them are fierce and powerful creatures, and it is not clear what you are going to cause.

“Human, when did it become so bloody?”

Some creature said something faintly, looking at Qin Tiange’s gaze a little more and looked surprised.

“Normal, who stipulates that Terrans cannot be bloody?”

“I feel that the human race is much more cruel and **** than the other races.”

Some fierce sneers have deep understanding and impression of the human race, and some creatures think that the human race is bullying.

However, some creatures know that the human race is extremely cruel, especially the treatment of foreign races is **** and cruel.

“Human race, this is the place of Lao Tzu, get out of here.”

Suddenly, a roar came from Xushen City, which shocked all parties and attracted many eyes to look at it.

I saw that Qin Tiange didn't know when he came to the central area of Xushen City, stood on the void, and looked at a huge island in front of him.

The roar just came from the temple, which attracted the attention of many creatures and looked at it in surprise.

“Oh, you got the fierce penguin.”

There is a gloat of creatures, and it's incredible to watch Qin Tiange walk into the site of that island.

Because that area is a place where a super scary creature lives, and it is a hegemon in the entire city of Xujin, which is extremely fierce and terrible.

“From now on, this is not yours anymore.”

Qin Tiange replied lightly, stepping into the vast island in front of him step by step, seeing the location here at a glance, he could overlook the entire virtual **** city.

In this area, there are many buildings floating in the center of Xushen City, some temples, and some islands, such as the **** island in front of it, is one of the best **** islands.

The entire virtual **** city, that is, there are only nine such **** islands, and the creatures that can live in it are all overlords without exception.

“court death!”

There was a roar inside the island, and then there was a dark sky, and a huge thing came out of the air.

It was a fierce penguin with a huge body, shaking up to 90,000 miles, and struck Qin Tiange in the blink of an eye.

Fierce Peng, evolved from the fierce family, is a higher-level form of fierce, commonly known as Dapeng.

Xun Peng, the first form is a fierce beast, a powerful and unmatched fish, and once transformed into the second form, Dapeng, it is a super creature.

The fierce penguin in front of him is a super creature, extremely terrifying. It can be said that half of them have stepped into the creator level.

boom!

Facing fierce Peng's assassination, Qin Tiange directly raised his arm, punched through nothingness, and powerful and violent forces swept through.

With a bang, the fierce Peng was stopped directly, and one paw trembled, shaking violently.

“Junk stuff!”

Xie Peng's expression was furious, and his huge body suddenly flashed, and he became a young man, handsome, demon, and strong.

He turned into a human body ~ www.mtlnovel.com ~ and grabbed it directly with a claw, trying to pinch Qin Tiange's neck and suppress the seal.

“kill!”

Qin Tiange drank, and directly launched a fierce killing, with one punch and one palm, one stroke and one style with the power to destroy nothingness.

Boom Boom Boom ...

In an instant, the two men slayed tens of thousands of times, causing horrible fluctuations. Fortunately, Xushen City has a strong secret force, blocking the battle in the waves.

Even so, the battle between the two still moved all the powerful people in Xushen City, especially when they saw Qin Tiange gradually suppressing the fierce penguin, all of them changed greatly.

“Well ... this tribe is so strong, I thought it was overrated, and never thought of surprises or surprises.”

“Good show in Cairo!”

On the gate of Xushen City, the unicorn slightly raised his head, his eyes burned, and he looked at Qin Tiange who was fighting fiercely. He was very surprised, and his face suddenly showed a touch of excitement.

Chapter 1057 - 2 characters

cry!

A fierce rumor spread throughout the nothingness, and the parties were horrified.

It is fighting fiercely with the same giant giant, both of which are illusory, but defeated in nothingness and the city is shaken.

With a bang, Xushen City trembled by three points, the two huge virtual shadows trembled together, and then the fierce Peng Xuying wailed and was torn in half by the giant arms.

Under the collapse of the shadow, a young figure rushed out, looking dull, his eyes swept forward like electricity.

“The power of creation is impossible. You obviously haven't reached that level.” Xiong Peng was furious, looking at Qin Tiange, his eyes were full of disbelief.

He never thought that Qin Tiange was so strong that he thought it was a snack, but was suppressed by the other party.

Even more frightening is that Qin Tiange has a power of creation in his body, which is the supreme ability that belongs to the creator.

But Qin Tiange didn't get there, why he could master the power of creation is simply incredible and unbelievable.

“Nothing is impossible, you are ignorant!”

Qin Tiange snorted, stepping through nothingness, and the man had already come to the front of the fierce Peng, his arm was shaken, his fist blasted up with the voice of destruction.

A powerful punch contains unparalleled strength, and there is even a supreme charm of the birth and death of the universe on the fist.

That is the power of creation, which can make the universe live and die, and all things reincarnate.
boom!

Flesh and blood flew, fierce Peng hurriedly resisted, but was badly hit, punched against the face door, his arms bent and broken directly because of blocking, blood and water continued to flow.

Suffering heavy blows, Xie Peng looked somber, watching his arms gradually recover, feeling a kind of thriller.

“Too strong, this human race should be so terrible?” Xie Peng secretly trembled in his heart, feeling kicked to the iron plate.

He secretly regretted that he shouldn't have run out first, causing his face to fail, and now it was a strange feeling.

It is impossible to retreat, not to mention whether Qin Tiange gives or retreats, even if his own face can't get through, wouldn't it make other strong men jokes?

“Swallow the secret!”

Suddenly, Xie Peng sulked in his face, hissing and roaring, and a super-horror breath broke out.

He directly used the strongest secret method. He played all his cards, burst out without reservation, and killed him.

Since there is no way back, then all of his hole cards are completely bloomed and he has played vigorously.

A loud noise came from Gu Longlong, and he was surprised to see that the fierce Peng opened his mouth to swallow the sky, and a large swath of nothingness was swallowed into it, turning into a force of nothingness.

The power from nothingness was swallowed by him and turned into his own power, which instantly caused the combat power to skyrocket, extremely terrifying.

“Oh, it forced Xie Peng to use the talent secret method. It seems to be desperate. Now, even if he wins, Xie Peng is crippled, and it is probably dangerous.”

On the gate of the city, the huge unicorn teased and looked at the fierce Peng that erupted, feeling gloating.

It is clear that once the fierce Peng uses the strongest talent secret method, it is tantamount to desperately, swallowing nothingness, and causing great harm to himself.

“Kill!” Xie Peng roared, looking extremely fierce and savage.

He came forward in front of Qin Tiange and struck him with a powerful blow.

Looking at the fierce Peng desperately, the fierce creatures and fierce creatures in the city of Xushen were all moved and their hairs were in their hearts.

Faced with such a fierce penguin, they ask themselves that they may not be able to continue, and Qin Tiange can take over?

At this time, Qin Tiange looked calm, looking at the mighty force of imagination, and had a wonderful feeling in his heart.

The power of imagination, he once tried to absorb, but failed, but now suddenly there is a kind of aura light sensing, very delicate.

Xie Peng has a secret method of swallowing the sky, which can directly swallow the power of nothingness into power, which makes Qin Tiange see a trace of aura, and seems to be able to absorb the power of falsehood.

What is nothingness? Qin Tiange said that it is not clear, but now he knows that this battle may be the key battle for him to realize the power of nothingness.

Once successful, perhaps the creator can suppress it. This is a kind of intuition and a strong hunch of Qin Tiange.

“broken!”

With a roar, a huge virtual shadow fell suddenly, poured into Qin Tiange’s body, and directly flashed and accelerated, the two figures collided in the nothingness.

Click!

One punch, two fists collided, there was no violent explosion, and no powerful wave came, only the death of silence.

In the middle of the two, the terrible powers annihilated each other, and nothingness disappeared a little bit, as if it had ceased to exist.

On the arm of Qin Tiange, flesh and blood flew into ash, and the ferocious Peng on the opposite side disappeared from the fist.

His face was twisted, and he was horrified to watch his arm annihilate and disappear, spreading his body quickly, as if the whole body was annihilating little by little.

“Ah ...” Xiong Peng gave a sigh of sorrow, and his body shook suddenly, suddenly falling and flying away from the annihilation crisis.

Qin Tiange stepped back two steps, watching the flesh and blood on his arm disappear, leaving only the iron bones, the whole body crystal, exuding gray light.

There was a ray of chaos, and the skeleton did not die, but it persisted tenaciously, blocking the force of annihilation.

“hiss...”

“So strong!”

Around him, the powerful men hidden in nothingness were stunned, especially the powerful creatures located in other islands of Xushen City.

The fierce battle between Qin Tiange and Xie Peng was terrifying. The most terrible thing was Qin Tiange, a people who completely suppressed Xie Peng.

The fierce and mighty Peng of the world, at this moment, seemed a little embarrassed, his arms and even his entire shoulders were annihilated and disappeared, and he was recovering hard.

Encountered by annihilation, the body is difficult to recover, and there is a terrible force of illusory erosion, and it is almost impossible to recover.

“You ...” Xiong Peng looked horrified and looked at Qin Tiange, trying to say what he swallowed back.

Because Qin Tiange had already punched up, the hand bones were recovered, and the flesh and blood was restored. The violent fist swept across the four sides, causing nothingness to break.

boom!

With a punch, Xie Peng’s head burst and his face door collapsed directly, and blood and water sprayed on it, falling on top of nothingness.

He was furious, and his body roared back: “Damn, whoever came together to chop this human race, he is too arrogant.”

Many powerful creatures around him showed unexpected expressions, and the proud and fierce fierce peng turned up for help.

“interesting!”

“An arrogant fierce peng for help?”

For a while, many powerful creatures looked at each other, and it was a surprise to have a strong one.

It was the mysterious unicorn on the gate, showing a touch of surprise, and looking excitedly at the two strong players in the fierce battle.

“Huh!” Qin Tiange sneered, dismissive: “You have lost your heart, and you even asked for help, it seems your way is gone.”

“It’s easy to kill you now!”

As soon as he drunk, he saw that Xie Peng’s complexion changed greatly, and he hurriedly struck the sky. A loud boom came, and the other arm broke.

His body flew out, blood squirted wildly, and a black gas puffed out from his body, which turned into a horrible Dapeng and jumped up to 90,000 miles.

cry!

He turned out to be fierce and fierce, but unfortunately a pair of wings were severely damaged, and Qin Tiange caught up and stepped on his back at a greatly reduced speed.

“Let’s die!” Qin Tiange shouted and punched Xie Peng in the back.

Hearing only a clatter, powerful punches penetrated the back of Xie Peng, and a blood cave blew from under the abdomen, blood and water mixed with the five internal organs and six shards flying down.

“Ah ...” the fierce scream of fierce Peng was severely damaged once again, his power was greatly reduced, and his breath was weakened more than ten times.

In contrast, Qin Tiange’s momentum became even more arrogant, as if a barrier was about to be broken and the Supreme Being of the Creator was achieved.

boom!

One foot fell, fierce Peng was hit **** the neck, flesh and blood flew across the neck, bones were broken and broken, blood and water spread into a large area of nothingness, and sprinkled inside Xushen City.

“No, Lord save me!”

Fierce Peng growled sternly, and even issued a mysterious call for help, which was asking for help from a Dai master of the Dai family, a creator.

Unfortunately, Qin Tiange had anticipated that he would naturally not allow it to send out a distress signal, and was directly isolated by the great chaos.

boom!

Chaos pervaded the party, suppressing the ferocious Peng’s conviction, and even trying to convey the message of help.

“I want to ask for help, it’s late ...” Qin Tiange drank sternly, throwing a fist and a palm in his arms, and struck Feng Peng’s wings instantly.

Two thumps, the two wings of Xie Peng burst and were interrupted on the spot. Blood and water mixed with feathers and fell down.

“kill!”

Qin Tiange drank in the air and smashed into Xie Peng’s head with a single palm, his huge brain cracked with a click.

“Crying ...” A scream of screaming came, and Xie Peng planted nothingness, turned his body into a human body, and fell on the suspended island of God.

At this moment, the fierce Peng, there was no perfect place on his body, his arms disappeared as much as possible, two large holes were broken behind his back, his heart was penetrated, his head burst, and his eyes were dull.

“Oh, I’m not willing ...” Xie Peng gave a deep wailing, and was severely put in his head by a foot falling from the sky.

With a slight whistle, the powerful fierce Peng was trampled on his head and died on the spot. The real spirit was pinched by Qin Tiange and swallowed on the spot by refining.

“swallow!”

Qin Tiange opened his mouth to devour this mighty fierce penguin, including the true spirit, and he was devoured and absorbed by him, directly grabbing the origin of the opponent.

Seeing such a horrible scene, the powerful creatures from various parties in the virtual ***** city were silent ~ www.mtlnovel.com ~ the silence inside the ***** city.

“Fearsome Terran!”

At the gate, the unicorn looked a little serious, his eyes twinkled with an astonishing light, staring directly at the ***** city in the sky, the ***** island.

There, the original nest of the fierce Peng, was beheaded by Qin Tiange, who had just arrived, and occupied it.

boom!

A huge stone tablet shattered flying, and the words and names belonging to the fierce peng on it were directly transformed into flying ash and disappeared.

Later, Qin Tiange erected a gray stone on the island of God, and directly erected a chaotic stone. The ancient characters of the two human races were branded.

“People!”

Two ancient characters smashed through the sky, and powerful killing intentions swept through nothingness, deterring the city inside and outside.

Looking at the two ancient words shining in the sky, killing the sky, all the powerful creatures in the city of Xushen were heartbroken and silent.

Chapter 1058 - Divine order

Xushen City, since then there is one less ferocious penguin and one more fierce emperor!

“The Emperor ...”

“I call myself emperor, so ambitious!”

“Aren’t you afraid that the Elder Alliance Elder will turn his face?”

Looking at the chaotic stone on that ***** island, the two ancient characters “People Emperor” smashed into the sky, killing them with mighty power, causing many powerful creatures in Xushen City to be stunned and debated.

The word “renhuang” is not what it is called. It dared to claim such a thing. It has never appeared in the Terran Universe Alliance.

Now suddenly a bold person comes out and claims to be the emperor directly. How can he not shock and impress the strong men from all sides?

No matter what outsiders think, Qin Tiange lived in that ***** island and has since lived in Xushen City.

On the island of God, there is a quaint temple that was originally an old nest of fierce peng. Now Qin Tiange has directly changed it into the palace of the emperor.

In the island, there are still some cherished creatures, but they are all foods raised by the previous fierce penguins. All kinds of fierce beasts are raised, and they are all raised to eat.

“Master, the Dragon and Phoenix Feast is ready.”

In the Emperor’s Hall, a beautiful and pretty girl was respectfully serving two plates of food, and one plate contained a steamy dragon, terrifying.

This is a real true dragon, a five-clawed true dragon, cooked and placed on a plate, where the plate looks particularly shocking.

The other dish was a phoenix with bright hair and a fiery flame, which was still burning, but was steamed.

One true dragon, one fire phoenix. This is the daily meal of the fierce Peng before. Three meals a day never change.

As for this petite and pleasant girl, she is a maid, a heavenly girl, and a strange creature, who specializes in serving the fierce peng diet.

Now that Xie Peng is dead, Qin Tiange naturally became the host here, and everything on God Island belongs to him.

“Place it here, you go down.” Qin Tiange waved his hand and let her go down.

Looking at the heavenly daughter who respected her, Qin Tiange sighed in her heart, but she remembered those heavenly women she had subdued on the earth, a heavenly woman in a flying mural.

Now it is estimated that I followed Chen Xi, and then looked at the phoenix on the plate, thinking of phoenix, colorful parrots, etc., some inexplicable thoughts in my heart.

“Eating one dragon and one phoenix at one meal, life is really nourishing.” Qin Tiange felt a lot of emotion.

He silently ate a real dragon and a phoenix in front of him, not to mention that the taste was simply superb, and he had never eaten such treasured food.

Although he has engulfed countless creatures along the way, Qin Tiange has never tried to cook and eat before, but directly swallowed.

I have to say that the fierce peng really enjoyed it, but unfortunately, everything is cheap now.

He ate the real dragon, held the fire phoenix, and drank a kind of **** wine unique to the virtual **** city. The scene was really enviable.

Full of food and drink, Qin Tiange sat cross-legged and began to absorb several huge energy sources praised by the refinery.

Killed many powerful creatures, swallowed many origins, and now slowly digestion and absorption, and even refine the big universe that belongs to those creatures.

Especially the fierce penguin, the several large universes in the body are the most powerful. After being melted by Qin Tiange, the cost universe can transform many small universes in his body.

As time passed, Qin Tiange fully integrated after a few months, completely consolidating his own strength and becoming stronger.

Huh!

Suddenly, two gray lights flashed in the hall, tearing the nothingness, disappearing in a blink.

When Qin Tiange woke up, there was a faint ray of divine light in his pupils, and the whole person became more restrained and his breath was leaking.

After practicing, Qin Tiange exhaled lightly, suddenly turned his palm, and pulled out an ancient sword from a chaos.

Groan!

As soon as the ancient sword came out, a burst of excited sword groan was issued, and a powerful light emerged from it, turning it into a light out of his palm.

For a moment, a dim figure appeared before the eyes, looming, exuding a desolate and simple charm.

It was the sword spirit, the sword spirit of the ancient sword of the Emperor Emperor, which first appeared in front of Qin Tiange, unveiling its mysterious veil.

“Master!” Sword Spirit saluted slightly, and in the fog, he couldn’t see its true content, but Qin Tiange had a weird feeling.

He suddenly felt that the sword spirit of this ancient sword was somewhat familiar, and his breath felt a sense of acquaintance.

“You, Pan’s sword?” Qin Tiange suddenly hesitated and asked instinctively.

As a result, the sword spirit in front of him moved slightly, and said softly, “Yes, master, I used to follow the owner of the disc, but in the end he left me in the universe.”

“No wonder!” Qin Tiange knew, and said to himself, looking at the sword spirit in front of him, suddenly a little strange.

He asked, "Where do you know, where is the owner?"

"I don't know!" Jian Ling shook his head slightly, saying he didn't know.

It still doesn't know where the owner of the disk is now, because there is no connection since the disk left the universe.

After hearing this, Qin Tiange was inevitably still a little disappointed. Many questions in his heart required the owner to answer, but Jian Ling was unclear.

"Come out!"

Soon, Qin Tiange waved his hand gently, and there was chaos behind him, and several powerful figures flew out of it.

A simple stone stele, a mysterious seal on one side, a hazy figure, and long white hair dancing.

"Ten Calamities, Lark, Prophet, meet my lord!"

The three figures appeared together, the ten calamities and the emperor's seal that have been changing and evolving, as well as the prophet who has been sinking in the river of fortune.

Qin Tiange looked at the four figures in front of him, and smiled bitterly in his heart. He was followed by his weapon and a prophet.

The prophet, because of sinking into the long river of Qi and suppressing it, is closely related to Qin Tiange, and is prosperous, so he always follows Qin Tiange.

This is the Terran Prophet who served his life for the Emperor, and then came to the sea of nothingness, which can be said to be the first of the Terran Prophets.

As for the Ten Calamity Monuments, the Emperor Yin and Bailing also stepped out of the universe for the first time. They did not know their current situation at all. Only the prophets knew it.

"My lord, here is the mysterious world outside the universe?" The prophet asked softly, and her eyes were blind with a cloud of pale eyes.

Seeing this, Qin Tiange frowned, slightly frowning, and an immortal root broke directly into the body of the prophet, and immediately, the white hair was immediately black, and the pale and blind eyes became clear and bright.

Snapped!

Just listening to a crisp sound, a mysterious curse inside the prophet was suddenly broken by Qin Tiange's fingertips and was directly worn away.

The terrible curse that corroded the prophets of all ages was completely removed here in Qin Tiange, directly breaking the layer of terrible shackles on the prophets of the past.

From then on, the prophet was completely free from the curse and completely restored himself.

"Thank my emperor!" The prophet's face was full of excitement, his eyes glowed with tears, apparently his heart was too excited and joyful.

Qin Tiange bowed his head slightly, and a hazy origin appeared in the palm of his hand, and laughed: "Prophet, this is the origin of the universe, you should absorb it and adapt to growth as soon as possible."

"Yes, my lord!"

The prophet directly and respectfully took over the origin of the cosmic universe, which is a super origin condensed by Qin Tiange, extremely magnificent.

Enough prophet himself broke through. Qin Tiange now has his own plan after stabilizing.

He turned his eyes to look at Shijie and Bailing, who had been silent for a while. Shijie was the old human heritage bearing device, while Bailing was the emperor seal spirit.

"You have completed metamorphosis, and now you are considered a universe-level strongman, successfully transformed into a true independent soul." Qin Tiange said in a word.

He looked at the Devil and Lark in front of him, and laughed: "Next, you live here, ascend up as soon as possible, and conceive your big universe."

"Yes, master!"

During the ten calamities, Bailing bowed and saluted, and their hearts were excited, because the two already knew that they had successfully broken the shackles of the universe, and followed the master Qin Tiange to the beyond the sea of the sea.

This is something that I can't even think of. I am naturally excited. When I come here, I will definitely have greater achievements. This is my chance.

"Well, all three of you have been transformed and separated from you. In this case, you can't be my weapon. The future way, look at yourself."

Qin Tiange has some inexplicable emotions. The Emperor's Sword, the Ten Calamities Monument, and the Emperor's Seal. The three have successfully transformed. As he has fed countless sources of the universe all the way, it can be said that he has obtained benefits that are unimaginable to outsiders.

Now the three have become independent souls, just like the sword creatures we saw before.

Utensils can also qualify for self-transformation!

"Thank you for your cultivation!"

The Emperor Sword, the Emperor's Seal, and the Ten Calamities Stele Thank you all, and I have never felt stronger about Qin Tiange.

Perhaps this is their true master, a master who is willing to let them evolve freely and fly autonomously.

"Ok?"

Suddenly, Qin Tiange frowned, and his eyes bloomed with two beams of mansions. He suddenly pricked his hands into the nothingness in front of his eyes, his fingers twitched, and he squeezed a token to slowly pull it out.

“A false order?”

Looking at the token in front of her ~ www.mtlnovel.com ~ Qin Tiange was surprised, the word “Xu Shen” was engraved on it, and a message was revealed.

“Nine islands and eighteen palaces, come to the virtual temple immediately!”

There was such a word in Xu Xing’s order, indifferent and full of vicissitudes, giving people a supreme meaning, powerful and unpredictable.

Qin Tiange’s eyes flickered, he stared at the Xushen Order in his hand, and quickly thought in his heart that it should be the mysterious city owner of Xushen City, Xushen.

It was a creator who actually ordered to gather the nineteen islands and eighteen temples, the masters of the nine **** islands in the virtual **** city, and the eighteen suspended temples around him.

These are the first-rate powerhouses, formerly fierce Peng, now Qin Tiange, naturally received this token.

“You practice here with peace of mind. I’ll go out.”

Qin Tiange didn’t stop much, got up and explained, stepped out of Renhuang Palace, and blinked out of Renhuang Island.

Chapter 1059 - Weird

In the virtual **** city, nine huge **** islands suddenly glowed, and powerful figures came out from inside, all of which were terrifying super creatures.

“Well ... he’s the one who claims to be the emperor?”

“Slay the fierce Peng, the strength is very strong.”

In the other eight **** islands, eight powerful creatures came out one after the other, and the first thing they looked at was the island where Qin Tiange was located.

Seeing the figures coming out from the inside, everyone was shocked, and saw that the real people understand the strength of the other person, and they really have a capital that is proud of nothingness.

No wonder it was so arrogant, claiming to be the emperor, was the first in the sea of nothingness, and, once it came, killed a ferocious penguin.

“This person is absolutely strong and cannot be provoked.”

Outside the nine **** islands, there are eighteen huge temples. It is the eighteen supernatural beings who live inside and come out one after another.

These creatures are very powerful. They are the strongest group in Xushen City, of course, it is not absolute, because from the perspective of Qin Tiange, the mysterious unicorn at the gate of the city is stronger.

Even more powerful and mysterious than the overlords living in the eight ***** islands, Qin Tiange believes that he will not feel wrong.

He walked out of the island of God, and glanced at the powerful creatures calmly, one by one covered by a fog, in order to see clearly the appearance must be blocked by the strong fog.

The eight ***** island creatures are not worse than the murderous fierce peng, and even stronger, but they are still a little worse than the unicorn lying on the gate of Xushen City.

“That unicorn ...” Qin Tiange thoughtfully, watching a mighty unicorn lying on the boiling mist in the gate area.

This unicorn is very mysterious, at least Qin Tiange has not seen the details of the other side at present, and has a ray of speculation in his heart.

Moreover, in the virtual ***** city, many creatures are not weaker than those nine ***** islands, and some just don’t want to live on the ***** island.

As for why, Qin Tiange is not clear, it may be related to some secrets of Xushen City, or it may be related to that Xushen.

“Come on, the Lord has been waiting for a long time.”

A powerful creature opened his mouth, took a look at Qin Tiange, turned around and stepped out, blinking open, and vanishing.

Then, the other creatures turned around to tear apart the nothingness and disappeared here one by one. The nineteen islands and eighteen palaces, which represent the highest force in the bright side of Xushen City, is actually controlled by the Lord of Xushen.

“Hey, occupy an island, that’s for the gods.”

At the gate of the city, the unicorn watched Qin Tiange tear open nothingness and couldn’t help smiling, watching him enter a mysterious area.

There is a virtual temple, which is actually located in the central area of the virtual ***** city, hidden in the void of the void.

“It hasn’t been lively for many years, and see how the virtual host handles it?” Kirin’s eyes glowed with a hint of light, and he looked at the mysterious area in the center of Xushen City with interest.

Inside, there is a temple, which is the place where the virtual ***** is located.

In fact, the Lord is not resident here, all the Creators are in the deepest area of the Void Battlefield.

The lord abruptly returned to convene the nineteen islands and eighteen palaces precisely because of the recent great event in the battlefield of emptiness.

Xushen City, the central area, Qin Tiange crossed the barrier of nothingness, came here, and saw a vast temple.

“Virtual Temple!”

Looking at the majestic temple in front of him, Qin Tiange’s eyes flickered, and he felt the powerful breath and coercion of the Creator from the inside.

Before entering, there is already a feeling of depression and suffocation. If I enter, can’t I even raise my head?

But Qin Tiange did not hesitate, watching the other eight powerful creatures enter, and the eighteen masters of the temple entered the virtual temple one after another.

He stepped out step by step, came to the Temple of Virtual God in a blink of an eye, walked into it step by step, looking calm and without fear.

Yi Gao is bold and has great strength in his body. Qin Tiange is not afraid of anyone, even the creator.

boom!

When stepping into the virtual temple, I felt a powerful momentum down, like the Creator above, looking down at all beings.

Qin Tiange was expressionless, and his eyes swept across the hall, and he saw that the creatures from the eight **** islands that had come in had stood in front of the hall.

The masters of the eighteen shrines were lined up on both sides, all of them staring at each other, watching Qin Tiange coming in as if watching a play.

But they were disappointed. Qin Tiange did not change at all, step by step, and hurried up.

“You killed the fierce peng?”

Suddenly, an indifferent voice came from above the hall, a vicissitudes of vicissitudes, and a feeling of endless years.

Qin Tiange slowly raised his head and saw a hazy mist over the temple, where a mysterious and powerful figure sat.

That is the lord, the master of the city of emptiness, a creator.

“I killed it, do you want to take charge of him?” Qin Tiange looked calmly, staring directly at the other side, breaking through the mist to look at the true face of the lord.

“Bold!”

A yell came from the side, and saw a powerful attendant next to Xuzhu flashing forward, raising his hand to split Qin Tiange.

The attendant is very powerful, at least not weaker than the fierce Peng killed before, but in Qin Tiange’s view, it is not enough to look at.

boom!

Qin Tiange raised his hand with a single palm, a mediocre palm containing a horrible force that shattered the void in front of him.

The powerful palm force shattered the attendant's strength, hit him severely, and a muffled noise came. The attendant vomited blood and flew out.

Qin Tiange was directly strong and hit the servant next to the virtual host with one palm, without taking care of it at all.

The powerful creatures in the eight **** islands were shocked, and the eighteen temple masters were dumbfounded and stunned by the strength of Qin Tiange.

Creator, in the presence of one creator, hurt the other's servant. This is Chiguo's face.

“Miscellaneous ...” The waiter was angrily, growling, and was about to kill again, almost blasted by gas.

How honorable is the attendant around the dignified creator, who was directly injured by Qin Tiange in the presence of his master, and his anger can be imagined.

boom!

It was just a surprise that the attendant suddenly fell on his knees inexplicably, slammed out, smashed against the temple wall, vomited blood, and was frightened.

That was not Qin Tiange's move, but that the virtual host shot directly and flew the attendant in a single blow, which was very surprising.

“What is rude, the deity has not spoken, when is it your turn to speak?” The lord said indifferently, making those powerful creatures present with a trembling heart.

The attendant was even more horrified. His master even beat him. Just now he was trying to maintain the dignity of the lord.

But he didn't dare to say a word, instead he knelt there with a horrified look, his body shivering, making Qin Tiange even more disdainful.

How can such a soft egg become a strong man, even if he climbs to this level step by step, he is not really a strong man.

The strong should not give up dignity and pride for anything. Qin Tiange will not. He will go all the way, no matter how strong the enemy is.

“If you kill, you will be killed. If you are killed, you will have no waste.” The lord said faintly.

He looked at Qin Tiange, looked up and down, and a strange ray of light revealed in his eyes, with inspection and doubt.

“As a human race, why should you come to the Human Spirit Hall of Spirits when you come to Xushen City.” Xu Zhu looked at Qin Tiange with a little doubt and asked.

He didn’t want to ask Qin Tiange what he meant, which made other powerful creatures chill. No one guessed why the Lord had not been held accountable.

Qin Tiange flashed his eyes, looked at the virtual host, and smiled, “Go wherever I want to go. Isn’t your city of virtual gods welcome, or do you not allow me in?”

“Of course there is no such requirement.” Nothing shook his head slightly.

He stared at Qin Tiange and said suddenly: “But you come to my virtual city, you must abide by the rules here, although there are not many, there is only one.”

“Rules are formulated by the strong, and the strong create and control the rules.” Qin Tiange said directly, and the atmosphere at the scene suddenly condensed.

The other eight island owners all stared at Qin Tiange. The eighteen masters of the temple were even more impatient, thinking that Qin Tiange was provoking.

“Well said, although it is not clear what your relationship with the owner, but I have had several encounters with the owner, it can be considered a bit of friendship.”

The lord said quietly, but what he said was shocking. The other eight island masters and eighteen temple masters were nothing more.

However, Qin Tiange’s face changed slightly, and he looked at this imaginary master in surprise, and seemed to know the owner of the pan.

“You can live here, I don’t care about you, but don’t eat up all the people in the deity, so you make it difficult for me, hit you, I can’t explain to the owner.”

Xuzhu whispered quietly, almost scared a group of powerful men present, and for the first time saw his master had such a side.

Even Qin Tiange is very surprised. It seems that the owner of the plate has a great reputation, otherwise a chaotic ancient character in Qin Tiange’s eyebrows would not have such an effect.

The word “pan” is the reason why the virtual master is helpless. Move Qin Tiange. It seems that he can’t beat the master of the disk.

After thinking about it, Xuzhu finally said, “If you want to eat, I will take you to the pantheon, where all the creatures like the fierce peng want to eat, and eat whatever you want.”

“.....”

There was a dead silence in the temple. The severely damaged attendant was already terrified and looked at Qin Tiange with a look of horror.

The eight island masters and the eighteen palace masters were all horrified, trembling in their hearts, feeling a cold horror of hands and feet.

What did the lord say? Wwww.mtlnovel.com ~ Peaceful tone, not angry at all, but a little helpless, let Qin Tiange go to the pantheon to eat powerful creatures?

Qin Tiange's expression was weird, and his heart was weird. Looking at the Lord in front of him, a helpless expression flashed in his eyes, which was weird.

The other party knew that he wanted to come here to eat powerful creatures, and it seemed that he had really met the owner of the plate and had a little friendship.

"Where is the owner of the pan?" Qin Tiange thought suddenly, and suddenly asked.

"Since you want to know, then ..." There was a smile on Xuzhu's face, and his mouth was open to say, but his expression was taken aback, and he swallowed back stiffly.

He paused and changed his words: "Ah ... he's in the deepest part of nothingness. You should go find it yourself."

"Well, this is the entrance to the pantheon. I opened it for you. You can go in yourself and take away those people before you leave."

After the Lord said calmly, raising his hand a little, a dark entrance immediately appeared in front of Qin Tiange, making him weird.

Chapter 1060 - Mysterious unicorn

"Sorry, I have no plans to enter there for the time being."

In the temple, Qin Tiange's bland voice broke the silence, and all powerful creatures present were surprised and surprised.

Even the imaginary master froze, and soon returned to peace, his eyes flickered, and he gently waved away the dark passage.

"As long as you want to enter, just say to the person at the gate of the city." Xuzhu said calmly.

Although accidentally Qin Tiange didn't enter, he didn't care, the other party didn't enter that was his freedom.

I have already said that, and reminded me, if Qin Tiange is still here to kill him and kill him, then he will say nothing and go straight to the rack.

As the Creator, that majesty still exists.

"Since nothing is wrong, then I will leave."

Qin Tiange gently arched his hands, turned directly and stepped forward, disappeared in the temple, leaving a group of island and temple owners facing each other.

The eight island masters looked stunned and strange in their hearts. The eighteen palace masters looked at each other and did not dare to say a word.

"It's really the same smelly and hard. Master, are your people the same as you?" The virtual master said inexplicably and said to himself.

But he didn't know this sentence, so that all the men present were trembling, bowed his head and remained silent, feeling a bit bitter.

I thought Qin Tiange was a stronger human race, but I didn't expect to have a strong backer, even the virtual host would give some face.

Others swallowed his subordinates fiercely, and did not talk about it. They had to persuade the other party to enter other places and not eat here.

What is it called? The sheer amount of information behind it makes people think it terribly!

Huh!

Outside the virtual temple, Qin Tiange emerged quietly, turned around and glanced at the majestic temple, his eyes flickered, and he turned around and disappeared here.

He came out directly from the virtual temple, shocked the mysterious unicorn who was paying attention to it, and was surprised.

Qin Tiange was able to come out safely and was intact. It seemed that there was no fighting inside, and the virtual host didn't do anything.

This point was beyond the expectation of this unicorn, looking weird, watching Qin Tiange coming out of the virtual temple, step by step towards it.

“Yo, the old kid of the Lord, sold me.” Kirin blinked a joke and said to himself.

In the blink of an eye, Qin Tiange came to the gate of Xushen City, watching the mysterious unicorn lying in the void in front of his eyes, revealing a mysterious and unpredictable breath.

Qin Tiange was not able to see through the other party's virtual reality. This is a bit of an accident, even the virtual host just now could vaguely capture a little detail.

But now looking at this unicorn, I feel something is wrong, even if it is not piercing at all, it must be terrifying.

“Boy, you ran out without a fight with the virtual host. It's really boring.” Kirin said with a look of dissatisfaction.

After Qin Tiange heard the words, his eyebrows jumped abruptly, and his heart was speechless.

“I am the creator, how can I fight?” Qin Tiange chuckled, walked to the side of Kirin, and suddenly lay down.

This movement made this mysterious unicorn almost jump up, staring at Qin Tiange lying beside him, showing a hint of anger.

“Hey, this is my place. You ran here to sleep without my consent. What do you mean, you want to fight?” Kirin said with a disappointed expression, with a vicious tone.

Qin Tiange turned a deaf ear, lying on a gray cloud, and looked at the unicorn with the scales standing beside him.

This unicorn is black and full of mysterious flames burning all over his body. The temperature is not obvious, but it is full of destruction.

It stared at Qin Tiange fiercely, warning: “boy, this seat has cleanliness, how long have you not taken a bath, and it smells bad?”

This made Qin Tiange’s head full of black lines, but he remembered how long he hadn’t taken a bath, and he forgot something.

But if he doesn’t take a bath, it is impossible for him to have a little dust on his body. Is he strong enough to use a bath?

Looking at Kirin’s disgusted expression, Qin Tiange said with a depressed face, “Is it impossible for you to take a bath every day, this kind of strength is so much more.”

“Shit, this seat is soaked with clear water every day. You are stink, you don’t know how many creatures you eat, don’t brush your teeth, don’t take a bath.

“Anna, Ann!” Qin Tiange was impatient, and asked, “I said, old unicorn, you should be stronger than the imaginary, why lie here and keep the door?”

“Who do you say is old?”

A scream came, and then the sound of a thunderous blast spread across the entire city of Xujin, awakening countless powerful creatures.

All the strong men looked at it in unison, and their faces changed immediately, and they saw with horror. The unicorn on the gate of the city issued a spit of fire and blasted the entire gate.

Qin Tiange flickered a bit, slamming the heavenly fire with a punch, and cursing, why was this old unicorn suddenly angry?

“Damn, dare you say I’m old?” The unicorn jumped wildly, burning with mysterious flames.

It’s eyes wide, with a rage, and its powerful breath scared countless powerful creatures in the city of Xujin.

“Oh my God, who angered it?”

“It’s that Terran!”

Xushen City, the strong men from all sides moved, one by one looking at the mysterious unicorn angry at the gate in horror, all had a kind of palpitations.

Looking at the unicorn angry, in the temple of the virtual god, the virtual master was quite surprised, looking at it with a strange expression.

“Well, this boy, dare to call this old Qi ...”

He had a weird look, looking at the angry unicorn, and looked at Qin Tiange with a joke, his heart was gloating.

Except for this unicorn, he is very clear, and there is no doubt that he is a powerful man, and he must consider himself not an opponent.

As for why this unicorn stayed here and lay at the gate of Xushen City all day, it was necessary to ask the other party.

“I’m wrong?” Qin Tiange felt a little upset, patted the flames on his body, and looked at Kirin who was in a rage in front of him.

He shook his head and said, “You are at least billions of years old, many times older than me. This is not old, I call you old Kirin, what’s wrong?”

“Well ... I killed you!”

Upon hearing this, Kirin, who was already furious, ran away on the spot, snarled and rushed directly, and two Kirin horns slammed into Qin Tiange.

In the virtual ***** city, countless creatures couldn’t bear to look directly, closed their eyes, and only heard the loud sound of “Boom”, the whole virtual ***** city shook.

When they opened their eyes slightly, they suddenly saw that Qin Tiange’s body was flying out with a strong impact.

“Good strength, this unicorn is not the creator, but it can stand up to the creator, and even fight the ordinary creator.”

Qin Tiange flew away, shocked in his heart, judging from the breath and strength that erupted from this unicorn.

The opponent is not the creator, but has the ability to fight the creator. Perhaps, the lord has been beaten up.

Now, Qin Tiange understands the details of the other party. He turned out to be a super-life and can fight the creator.

“Roar!”

A roar came, shaking the hearts of countless strong men in Xushen City, and the violent Kirin was extremely horrible. Even the vanity owner had to avoid three points.

This unicorn has a mysterious history, and even Qin Tiange feels that the unicorn is not its real body, as if there is a sense of mystery.

Bang Bang!

One person, one unicorn, fights into a mass in the nothingness above the city of virtual gods. You come and go and fight hundreds of thousands of times in a blink of an eye.

The powerful force shook the Bafang, terrified by the spirits of all parties in the virtual city.

In particular, the imaginary master contracted his pupils and stared at Qin Tiange, who was fighting fiercely with the mysterious unicorn. The more he fought, the more he seemed to have endless power.

“It really is the power of Panzhu, but he seems to have another power.” Xuzhu was surprised, and had a new estimate and opinion on Qin Tiange.

He quietly watched the two fight, fighting each other hundreds of thousands of times in the blink of an eye, getting fiercer and fiercer. In the end, he became fiercer and fiercer.

boom!

After one blow, the two separated, Qin Tiange's face was cold, his eyes were horrified, and murderous.

"Old Kirin ~ www.mtlnovel.com ~ I'm welcome again." Qin Tiange was out of anger, wasn't it just called Old Kirin, at least billions of years old, isn't he old?

"Well ... I said, no ... to ... call ... me old unicorn!"

An extremely terrifying roar came, and the entire virtual ***** city shook. The virtual host couldn't help changing his face and immediately waved his hand to cover the entire virtual ***** city, then disappeared.

When he saw that Kirin was completely furious, he directly hid the virtual ***** city and looked very thrilled.

"Woyu, that kid is so courageous that he dared to anger this unicorn completely, and some hit."

The imaginary host was excited, closed the city of virtual gods, and hid behind to watch the drama. Numerous powerful creatures gathered around him, all of them were thrilled and excited.

A great show!

"kill!"

The unicorn roared and the figures snarled. The two strong men once again killed themselves in a ball. This time they really killed the real fire, and every action broke out into the ultimate power.
