

Dark Ages 1061

Chapter 1061 - There is no limit to power

Xushen City is undergoing a shocking world war. A mysterious unicorn, a powerful human race, is fighting endlessly in nothingness.

boom! Boom boom ...

The two major Xeons fight, you come and go, and hundreds of thousands of times of fighting. In the end, the mysterious unicorn suddenly turned into a person, covered with hazy mist, and could not see clearly.

“kill!”

The unicorn turned into a human body is even more fierce and powerful. It contains extremely terrifying power in one move and one style, making Qin Tiange feel extremely depressed.

The two killed the real fire, their figures were staggered, and hundreds of thousands of shadows were blinked, and they collided with each other, as if hundreds of thousands of figures were fighting together.

Looking at such a spectacular scene, from the beginning of the two people's killing, in a blink of an eye, they turned into hundreds of thousands of shadows. You came and went, and they collapsed in nothingness.

The powerful and mysterious unicorn gradually suppressed Qin Tiange, hitting him with a crack and a scar.

Despite being suppressed, Qin Tiange persisted as stubbornly as possible, withstanding the fierce onslaught of this terrible unicorn.

puff!

A spit of blood spurted, Qin Tiange was wounded, but he did not hesitate to throw up his fists. One, two, a thousand, ten thousand, a million shadows flickered out.

The two killed millions of times in an instant, collapsed into nothingness, disappeared, and turned into an absolutely hollow area.

There, Qin Tiange and Kirin, who turned into humans, fought each other, erupting the most extreme fighting power with each other.

Qin Tiange was fighting more and more bravely, and he was extremely tenacious, as if Xiaoqiang could not be beaten. No matter what kind of injury he suffered, he would instantly recover.

The powerful fighting power and the ability to fight more and more bravely shocked the mysterious unicorn.

“Kill!” Qin Tiange's body was ruined, and the corners of his mouth were bleeding, but he seemed to be extremely agitated, his warfare was burning, and he had awakened the surging blood that had been silent for many years.

For a long time, Qin Tiange has never had such a lively and intense battle. The hot blood in his body and the monstrous warfare have gradually extinguished, but now he is suddenly awakened by arousal.

boom!

At this moment, Qin Tiange forgot everything and completely broke out of his own extreme fighting power without any reservations.

Because this unicorn put too much pressure on him, hurt his body again and again, and was beaten out again and again.

It was this pressure that completely restored Qin Tiange's silent blood and warfare, and the whole person became war-fighting and killing the world.

Bang bang bang ...

The emptiness exploded, and the fist collapsed with one punch. Qin Tiange's eyes burned with burning ignorance, and the whole person's speed was extremely fast.

Hundreds of thousands, hundreds of thousands, and millions of shadows played together. Both of them suddenly converged, and the transformation of the Tao finally turned into an extreme figure, and they were desperately fighting.

Boom!

After a blow, Qin Tiange vomited blood and flew, falling into nothingness, smashing into a hollow, looking very embarrassed.

But his eyes were scorching, his warfare was boiling, and he stepped on the nothingness in one step, killing him instantly, and standing with his fists again.

“Come again!”

Qin Tiange snarled, and the powerful men in the virtual city were terrified, that is, the virtual host's face moved.

His strength lies in his unyielding will, no matter whether he is physically injured or his opponent is strong, he cannot crush the will inside him.

Unyielding and unyielding in battle, no force can crush his pride and warfare.

“war!”

The fight continued, and it became more intense. Both were almost crazy, and the mysterious unicorn was completely enraged by Qin Tiange calling the old unicorn.

Qin Tiange was suddenly awakened by the silent warfare, and had fallen into a state of frenzy, unless he was exhausted or until one party fell.

The mythical unicorn transformed into a human body, extremely powerful and horrifying, pressed Qin Tiange to beat him, hit him again and again, but rushed up again and again to fight.

Fighting, the mysterious Kirin was a little shocked inside, and looking at Qin Tiange who couldn't suppress it, couldn't believe it.

Every time he smashed the opponent, Qin Tiange was able to recover at once, and fight again, and he was stronger every time, as if the more he fought, the more he fought.

That's right, Qin Tiange is getting stronger and stronger. He already has a strong background in his body, but he hasn't fully developed it yet.

What a powerful force is a thousand big universes, among which there is a primitive great chaos, which is originally a primitive super universe.

Coupled with the 60 trillion cell universe in the body, that kind of scene is simply afraid to imagine where his limits are.

Bang!

“kill!”

Qin Tiange's eyes were scorching silver, as if losing consciousness, leaving only a combat instinct to support his body.

The scars on his body could not shake his fighting will and instinct at all, and even the mysterious Kirin began to shake his confidence.

He felt that he couldn't completely defeat Qin Tiange's last ray of will, as if hitting his body, and then killed again, his will was stronger and his fighting spirit was stronger.

How can such a monster not be shocking and scary?

“Oh my God, what monster is he?”

“Can't even the adult defeat him?”

Looking at Qin Tiange still fighting, but fighting more and more bravely, many powerful creatures in the virtual **** city were shocked, dumbfounded.

Watching this fight for fighting has entered a fierce heat, no matter it is Qin Tiange or the mysterious unicorn, both have fully exerted their best efforts.

Now the competition is the strong heritage of each other, as well as the stubborn will and belief in battle, whoever can't support it first will be defeated.

It seems that the mysterious unicorn suppressed Qin Tiange, but in fact there is no difference between the two, because as long as you can't kill Qin Tiange in one shot, you can't defeat his will.

“Roar...”

“kill!”

The growl sounded in all directions, causing countless powerful creatures in Xujin City to move, each of them being frightened, and the hair inside.

Looking at the mighty Qin Tiange, all powerful creatures can't believe it. Is there such a fearsome person?

Unbeatable and undefeated, it's just a tenacious fighting little strong. The more the war, the more brave, the awakening of the will in the battle, and obtained an amazing exercise.

The strength in the body is being transformed under the heavy blows, and it is growing under the strong pressure of the mysterious unicorn.

Qin Tiange has obtained unimaginable benefits. Most of his strength was hidden in the body and could not be exerted.

But now it is different. With a powerful master like the mysterious Kirin, he directly suppresses his fight, and under heavy damage again and again, it is quickly inspiring the hidden potential and potential in the body.

Under the oppression of the strong, Qin Tiange became a little stronger and transformed in the battle. The real thing is a monster that is getting stronger and stronger.

“His, this kid is really a monster. There is no limit to his combat power. Is the lord’s clan so terrible?” The emptiness of watching the battle moved, watching Qin Tiange’s performance, it can be said that it was shocking.

Qin Tiange’s fighting power seemed to have no limit, and he was inspired a little bit. From the beginning, he was suppressed and severely wounded, and now he is calm and unrestrained.

boom!

In the final blow, the two separated and stopped each other. The wounds on their bodies were so scared that they were really tied.

Qin Tiange’s body had cracks, bloodstains, and heavy injuries, but the mysterious unicorn on the opposite side was equally uneasy.

Its body shrouded in fog, with the same scars and bloodstains, they both suffered a loss.

“Come again!”

Qin Tiange yelled, and took the initiative to kill the past, without any intention to stop, the whole mind was completely wrapped in a burning zeal.

That was his fighting instinct, which supported Qin Tiange’s battle this time. The fierce battle gave him unimaginable transformation and benefits.

Huh!

The two fists collided, but saw Qin Tiange’s fist unscathed, but the opponent’s unicorn arm was broken by a punch.

Feeling that his arm was cracked, the mysterious unicorn was furious and rushed up in a rolling mist.

“kill!”

The two killed again, and this battle was more exciting. As the fighting strength of the two gradually became equal, the killing became more and more fierce.

You punched me and I slapped them, the two of them were flesh and blood, painful, and their bodies were broken apart again and again.

This battle lasted for ten years, and it didn't stop. The fighting became fiercer and worse, and even the last two people started to go crazy.

“Haven't you stopped playing for ten years?”

In Xushen City, countless powerful creatures are already numb. Looking at Qin Tiange and the unicorn that are still fighting, both are scarred, but they still refuse to stop.

Even the virtual host couldn't help it, he was filled with a horrific warfare, and he wanted to join the battle circle and play directly and freely.

Unfortunately, he hadn't waited for him to think clearly. The battle over nothingness had gradually subsided, and the two strong men who had fought for a full ten years finally stopped.

“Snoring, snoring, no, don't fight, I'm furious ...”

Nothingness, the hazy figure panting, his voice inexplicably changed to another voice, from a neutral before to a crisp and ethereal voice now.

This change made Qin Tiange froze, and the thought that he wanted to continue the fight suddenly went out.

His wounds were staggered, his bones were visible, and even his internal organs were broken. Many bones were broken, but he persisted.

Qin Tiange's eyes suddenly bloomed with two scorching silver awns Penetrating the fog and seeing the real appearance of the unicorn.

“Female?” Qin Tiange was dumbfounded when he saw clearly, then his face was awkward and somewhat speechless.

It turned out that this unicorn was a female. No wonder he was angry with a sentence, which made Qin Tiange cry and laugh.

You said that you were okay to pretend to be a man, so that he misunderstood that this unicorn was a male, but he thought it was disguised.

“What's your name?” Kirin asked, staring fiercely at Qin Tiange.

Qin Tiange recovered his full body after moving, and smiled, “My name is Qin Tiange, thank you for awakening my silent blood and fighting spirit.”

“Huh! I'll let you go for the time being today, wait for me to take a bath, have enough to rest and rest, and then come to you to settle accounts.”

The figure suddenly turned into the previous Kirin look, staring at Qin Tiange fiercely, turning around and trotting and passing away.

Looking at the disappearing mysterious unicorn, especially listening to the other party's words, Qin Tiange could not laugh or cry.

Chapter 1062 - Played for 1000 years

Three days later, a powerful unicorn strutting down the empty sky over Xushen City, and the scales on his body were bright, unlike the previous miserable look.

“People, get out!”

As soon as the unicorn came out, he opened his mouth and snarled loudly, and a blast of blasting fire hit the **** island in Xushen City.

It was the place where Renhuang Island and Qin Tiange were located. The mysterious unicorn that had disappeared three days later appeared again.

When it appeared, it was a spit of fire. This was forcing Qin Tiange to fight fiercely, and stunned many powerful creatures in Xushen City.

Three years ago, the ten-year-long fierce battle just ended, and now it is running out again.

“This adult is here again!”

“Did that emperor dare to fight?”

For a while, some of the creatures in Xushen City were curious, and each one was interested, and suddenly there was a strong sense of anticipation.

They suddenly wanted to see Qin Tiange and that mysterious unicorn fight fiercely, it was simply too exciting.

Even the lords, they rarely stayed in the temple for a long time. When they saw the mysterious unicorn coming out again, they immediately showed excited eyes.

“Very good, continue to fight, I haven’t seen such a wonderful fight for a long time.” The imaginary host was excited, drinking small wine, and Yu You looked at the situation outside.

He saw that the unicorn blasted down a divine fire, and the island of God was burned immediately, but the strange thing was unscathed.

The **** of fire did not burn the island of God, but was blocked out by a cloud of chaos and could not enter.

Huh!

In the middle of God Island, in the palace of the Emperor, Qin Tiange suddenly opened his eyes. Two gray eyes burst through nothingness, saw through the emptiness, and saw the mysterious unicorn who came to the battle.

“Are you here?” Qin Tiange was speechless, his eyebrows fluttered, and his heart was like a thunderous thunderbolt.

Looking at the powerful mysterious unicorn, the endless power broke out again, and he pressed down here, Qin Tiange knew that he would not fight today.

“My lord, give me ...”

boom!

Outside, the mysterious unicorn roared and opened his mouth, but before he finished roaring, he saw a powerful fist hit under his eyelid, and was shocked.

With only a bang, the mysterious unicorn turned into a human body, blocking the punch, and both rushed into the depths of nothingness.

“Old ...” Qin Tiange was about to open his mouth, but swallowed as soon as he spoke, his face embarrassed.

He coughed twice before he said, “I said, do you have to do this? Don’t feel tired after running for a good time without rest?”

“Don’t bullshit, emperor, come to war!”

Qilin roared and turned into a human body to kill Qin Tiange directly. He was simply sharp and stronger than before, which shocked Qin Tiange.

He didn’t expect this unicorn to be stronger than before, and it was unbelievable, but he couldn’t care much at this moment.

“Kill!” Qin Tiange yelled and fisted up to kill him, and the two collided again in nothingness.

With a loud bang and nothingness collapse, the two Xeons once again smashed into a ball and fought fiercely without any temptation or reservation.

In the previous battle, the two had already figured out the details of each other. Now they are going all out from the beginning, and the cards are exhausted.

“Wo-wo, wonderful!”

“Hurry up!”

“So strong!”

In Xushen City, powerful creatures watched the battle intently, watching this shocking battle, and started again.

All the creatures seemed very excited, because watching the fierce battle of the strong was of great benefit, and could even gain a great understanding.

Especially when seeing Qin Tiange’s strength, the mysterious unicorn is much stronger and more fierce than before.

“war!”

“kill!”

Two violent calls came, and many creatures trembled with eardrums. Looking at each of them in horror, they saw Qin Tiange and the unicorn entering the void.

Those two were fighting more and more bravely, as if their strengths were without limits, it was simply an endless improvement, and a little bit of burst was squeezed out.

The potential is infinite and the fighting power is infinite. Qin Tiange feels the pressure and the infinite potential in his body is squeezed out a little bit.

The mysterious unicorn on the opposite side was shocked. It had not been able to crush Qin Tiange after he had been promoted, as if he had a belief behind him that could not be defeated.

Bang! Boom boom ...

The strength of the two was overwhelming, and the battle was shocking, killing until the collapse of nothingness, and hitting all the creatures in the city of God.

This battle was fought for a long time. Ten years later, the two were still fighting, and they were still scarred.

“kill!”

Kirin roared, as if to kill Qin Tiange and be good at rest, this time there was no intention to stop and continue to fight.

Various talents in his body exploded, and all the means were exhausted. Qin Tiange's scars staggered, his physical body collapsed, and he was almost destroyed when he saw it.

However, he was still unable to defeat him, but he persisted tenaciously by Qin Tiange. The more he frustrated and the more courageous, an infinite potential flowed into his body.

Bang bang ...

Nothingness, the two Xeon projections staggered rapidly, and millions of fights took place instantly, and many of them were stunned.

This battle was extremely long and fierce. The two of you came and went with one punch and one punch.

Ten years, one hundred years, three hundred years, four hundred years, five hundred years, six hundred years have passed, and two Xeons are still fighting.

Qin Tiange and the mysterious unicorn have been fighting for 600 years, and they continue to fight. Both of them were bruised and almost collapsed.

Six hundred years of slaughter have left all the powerful men in Xushen City stagnation, some incredible, even a little excited.

Because many powerful creatures gained some insights during the spectating process, they have been greatly improved and naturally excited.

The fight is still going on, and the blood is getting worse and worse, people can't bear to look directly, as if both want to kill each other.

Time passed by, and all the creatures in the entire city of Xushen gathered as many as possible, watching this protracted battle.

“Nine hundred years, isn't it over?”

In the Xushen Temple, Xuzhu's face was calm, drinking wine, watching Qin Tiange and the mysterious unicorn who were still fighting.

The two simply forgot everything and didn't know how long they had killed, but they were full of fighting intentions and surging thoughts.

boom!

Another hundred years have passed, and the two have killed a full thousand years and played for a thousand years, but they have not ended.

The two people in the fight, whether it was Qin Tiange or the mysterious unicorn, were annihilating in battle, growing a little bit in the fight, squeezing their own potential, and replacing them with powerful fighting power.

Both men grew up in battle, but if you want to grow faster, Qin Tiange is faster, making the mysterious unicorn a little scary.

At this point, Qin Tiange's strength and horror had spread through the city of Xushen, and no one knew it.

Now, in the city of virtual gods, there is no one who dares to challenge the emperor Qin Tiange, and no one dares to despise.

See, this battle has been going on for a thousand years, and Qin Tiange has fought more and more bravely, which is comparable to that of the mysterious unicorn.

In other words, he has now tapped out his potential, completely transformed, and has the supreme combat power to fight the Creator.

Who would dare to provoke such a powerful fighting force, in addition to the creator and those super lives at the same level?

Even the lords have to look at Qin Tiange again, and they already have a qualification and ability to talk to each other.

Even, he did not know if he could win against Qin Tiange, or be defeated?

“The people of Panzhu are really extraordinary ...”

The imaginary murmured to himself, and suddenly saw the fiercely fighting two people suddenly separated, each gasping heavily, their rifts staggered, their flesh dried up, and they looked extremely scary.

There was a powerful force in Qin Tiange's body, repairing the wounds and recovering himself. The mysterious unicorn on the opposite side was angry.

In the fog, there was an anger on its delicate face, and a mysterious black light was in his eyes.

“Huh, fight next time!”

The mysterious unicorn dropped a sentence, turned around, shattered into nothingness and stepped in, blinking before Qin Tiange's eyes.

Watching it leave, Qin Tiange was helpless, and his heart was inevitably depressed, because he couldn't really defeat the opponent. This was the first time he had encountered an opponent who was quite equal.

This unicorn is very strong and mysterious, as if he has always had a powerful force, suppressing him a little bit, no matter how to squeeze his own potential, there is no way to defeat the other party.

“This unicorn ... so weird ...” Qin Tiange looked at the disappearing mysterious unicorn, and suddenly frowned, feeling strange.

As for what is weird, and it can't be said, it feels strange.

Qin Tiange smiled bitterly, feeling that he seemed to be in trouble, and he was still in trouble.

Shaking his head, Qin Tiange turned and returned to the God Island in Xushen City. He closed the museum and repaired it, recovering his consumption and damage.

Looking at the end of the 1,000-year-old war, many powerful creatures are still interested in it.

For Qin Tiange, I started to talk about it most, one by one, wondering his origins, when did the Terran appear such a strong man?

Even the current elder of the Terran Alliance has no such ability?

The millennium slaughter came to an end, and the city of Xushen restored its calmness, and countless creatures had guessed that the unicorn would come again, but the day passed and the unicorn never appeared again.

Day after day, year after year, finally, ten years have passed.

Since that war, the mysterious unicorn has disappeared without a trace and has never appeared again, as if it had never appeared.

This made Qin Tiange startled and waited for a full ten years, and finally determined that the mysterious unicorn disappeared and no longer appeared.

Discovering this, Qin Tiange was silent for a long time, even standing at the gate of the city where the unicorn fell asleep before. Unfortunately, nothing was found.

That unicorn really disappeared!

“Don't come?” Qin Tiange stood above the gate of Xushen City, looking at the ignorance and ignorance. He wasn't sure what he was thinking.

After being silent for a long time, Qin Tiange suddenly turned around, stepped across the central area of Xushen City, came to the Xushen Temple, and walked directly into the Xushen Temple.

Chapter 1063 - Into the depths of nothingness

“You came...”

In the Xuan Shen Temple, a dull voice came, and Qin Tiange looked for it, and saw a dim shadow standing in the center of the hall.

That was the imaginary master. With his back to him, he could see at a glance that it was not the real body, but an illusion.

“I know you are here to ask where he went.” Xu Zhu slowly turned around, looking at Qin Tiange dully.

His eyes flickered a little, and he smiled: “Recently, nothing has been quite flat recently, and the battlefield is often in danger of collapse.”

“So, all creators are there to maintain the stability of the battlefield and resist the dangers from the deepest point of nothingness.”

The words of the Lord made Qin Tiange’s eyes flicker, and he was stunned, but he did not expect such a thing.

The Creator needs to stabilize the battlefield in the depths of nothingness, resist some dangers from the depths of nothingness, and let the battlefield collapse.

“What do you mean, that Kirin ran to the depths of nothingness?” Qin Tiange frowned slightly.

The Lord bowed his head with a small smile: “Yes, it has entered the deepest point of nothingness, it has its mission, we have our affairs.”

“We are stabilizing the battlefield, and some stronger beings block the greater danger there at the deepest level.”

“You already have the ability, you should go there.” After the Lord said, looking at Qin Tiange deeply, this remark was very interesting.

What he meant was to tell Qin Tiange that if you have this ability, you should bear this responsibility.

According to nothingness, in the major cosmic alliances of Zhouhai, there are many creators, but they are also strong or weak.

The strongest batches are at the deepest point of nothingness, where there is greater danger, and some of the weaker ones are stabilizing the nothingness battlefield.

“Deepness of nothingness? Blocking danger?” Qin Tiange frowned deeply, feeling a bit inexplicable, not at all clear why.

What is dangerous here, what to block, and why to block, everything seems a mystery.

“What is in the depths of nothingness, and what danger is the Creator resisting?”

Qin Tiange looked at the lord and asked directly, and he wanted to know, what was the danger and depth in the emptiness?

But the Lord shook his head, he said, “Want to know, feel and see for yourself, I said you don’t understand.”

“All you need to know is that the depth of nothingness is the hope of all countless creatures in the sea of the sea, and the Xeon master is opening up hope for us.

Xuzhu said solemnly and revealed a lot of amazing information, which made Qin Tiange’s mind turn sharp and thought a lot.

He remained silent for a long time, and suddenly turned away from the Temple of the Virtual God, and did not continue to stay here, let alone continue to ask.

The question has been asked, the other party has said everything, there is no need to stay, Qin Tiange has obtained the answer he wants.

In the depths of nothingness, there is greater danger, but there is the hope of countless creatures in Zhouhai, where the Xeon masters open up hope for all.

As for what Qin Tiange didn't understand, he could guess that it should be the place where some of the strongest creators gathered. Perhaps, the owner of the pan was there.

“Deepness, it seems to be a trip.”

Out of the temple of virtual gods, Qin Tiange said to himself, looking at nothingness, and already had new plans and decisions in his heart.

He wanted to go into the depths of nothingness and take a personal look at what was there, only to go to understand.

But before you go, you need to be prepared. Qin Tiange flashes back to Renhuang Island, enters the Emperor's Hall, and sees the ten robbers waiting here, Bailing and others.

“Just right, you go back to chaos and practice well. Follow me to the depths of nothingness to see the situation.” As soon as Qin Tiange returned, he said such a sentence directly.

“Yes, my lord!”

Ten calamities, Renhuang sword, Bailing flashed directly, returned to the great chaos of Qin Tiange's body to practice.

Qin Tiange approached that heavenly girl, and after explaining some things, she turned directly to tear apart the nothingness, stepped into it and disappeared.

After he left, the imaginary body of the lord in the Xuan Shen Temple suddenly opened his eyes, and two beams of light passed by.

“Finally, I am willing to go into the depths of nothingness. It seems I should go now. I heard that the Dragon Lord is chasing someone recently. The area he guards is almost unable to stand.”

After the imaginary body of the virtual master finished speaking, the whole turned into a ray of blue smoke and disappeared from the virtual temple.

Only the strong can understand that the creators have their own tasks, that is, to guard various areas of the virtual battlefield.

The area guarded by the Dragon Lord, because he really left, caused the area to be guarded soon, but the Dragon Lord did not seem to be worried at all, and did not go back to guard his area.

This made some creators in the depths of nothingness dissatisfied, and was angry at the selfishness of the dragon owner.

In order to hunt down a person, even ignoring the task of guarding himself, this is something that many creators cannot tolerate.

As the Dragon Lord left the guarded area, it had collapsed, leading to major areas of implication, causing dissatisfaction and anger from other Creators.

“Dragon Lord, don’t come back to clean up the mess, you wait for the adult above to chop you up and feed it to the beast.”

“Tianlong Alliance, you will immediately call back the dragon master, otherwise, your family will go directly into the depths of nothingness and commit sin.”

Suddenly, an angry roar came from the depth of nothingness, shaking the nothingness battlefield, and the Creator was furious.

Because of the sudden departure of the dragon master, he went after a person, but he has not returned, causing the area under guard to collapse and affecting other areas.

With the opening of the Creator, the Dragon Alliance was frightened up and down, a little frightened, because once the Dragon Lord did not return, then the entire Dragon Alliance should be topped.

This is to blame, isn’t it to exterminate the Tianlong tribe, which is a bit scary, but none of the strong dragons dare to speak.

“Who dares to move this group?”

At this moment, the originally disappeared dragon master appeared, with a look of irritability and boiling spirit, apparently Qin Tiange was not found.

There was a anger in his heart, and when he returned, he heard the voices and warnings of the two creators from within nothingness, and his heart became furious.

“Hurry back to guard your area. If it’s a little later, go to the adult and confess your sins.”

A sensational voice came, and there was a cold killing in it, which made the dragon’s face twisted and angry, but there was no attack.

He knew very well that once the guard area collapsed here, he was the first to die, and it was still miserable.

It even affected the entire area, so that it would not be his own business, but the entire high-level alliance.

“Well, don’t use your fake tadpoles, or you’re afraid that I will collapse here, and let you collapse there, too, afraid of the dead.” The dragon master roared violently.

At this moment, nothingness was quiet, and the two creators didn’t talk anymore, because they would stimulate the dragon master again, and then they would have to fight one another.

Although very furious, the dragon owner obediently ran to suppress his area, where it was occupied by the endless void parasites.

The collapse had already begun. Seeing this, the dragon master was unavoidably startled and turned into a dragon directly over the cracks of nothingness.

Bang!

“Hmm ...”

The dragon master arrived, launched a fierce attack, and a breath of dragons devoured countless nothingness beasts. A powerful nothingness roared and roared at the dragon Lord.

It was a huge nothingness beast comparable to the Creator, terrible, and killed with an endless army of nothingness beasts.

“kill!”

“hiss...”

The Lord of Dragons and the Void Beast killed a group, causing the collapse of this area, causing a lot of chaos, and almost causing other areas to collapse.

Fortunately, the Dragon Lord returned in time to suppress the situation and was fighting fiercely with that terrible Void Beast Lord, as long as he repelled this Void Beast that was comparable to the Creator.

In fact, this phenomenon often occurs and is the most common threat, and the biggest threat here is not these nihilistic beasts.

“This old dragon is very strong.”

On the other side of the distant Void Battlefield, someone was watching it silently, and saw the fierce battle of the Void Beast Lord by the Dragon Lord.

Qin Tiange looked at it from a distance, and saw the fierce dragon master and the nihilistic beast master, both of whom were extremely powerful.

After watching for a while, he stopped paying attention, but swept across the empty battlefield, where fierce battles were taking place.

There are powerful creators to suppress those areas, prevent the dangers from rushing out, and cause the void battlefield to collapse.

In the entire battlefield of nothingness, each alliance has a huge army to guard an area, and the area where the dragon master is located is guarded by countless strong dragons.

The other alliance areas are divided into different defense areas to resist threats from the depths of nothingness.

“Human Alliance, no Creator, why is the defensive area on the front line?”

Soon, Qin Tiange saw a phenomenon. The defensive area of the Terran Alliance was actually on the front line. Compared to some alliances, it was extremely dangerous and the battle was extremely fierce.

With just a glance, Qin Tiange clearly understood that the area guarded by the Terran Alliance was very dangerous. He saw that there were no beasts comparable to the Creator, but the fighting was the worst place there.

In the area guarded by the Terran Alliance, the endless emptiness of the mist boils, and there are countless emptiness beasts.

There, there was an ancient mottled Terran Battle City, floating above nothingness, suppressing that area.

Countless strong humans roared and struggled hard inside. One by one, the universe-level strong men bleed blood there, and created a brand new world for the human race.

Looking at such a fierce battle, how could Qin Tiange not believe that under the harsh conditions of the Terran Alliance, would there be no Creator?

“Who said that the human race had no creator?” Qin Tiange suddenly said to himself, his brows deepening.

He suddenly felt a little weird. Within the Terran Alliance, how could it be possible that no Creator appeared? or countless years, did no Creator appear?

Or is there a secret that is unknown to him or even outsiders, what is hidden inside the human race?

“That breath should be the breath of the elder. Ask the elder of this human race.”

When Qin Tiange’s expression moved, he felt a powerful breath, which was the mysterious elder before.

The Terran Alliance, the elder, sits here deep in the void of battle.

boom!

“hiss...”

At this time, in the area guarded by the human race, a terrible roar suddenly came, shaking the parties.

That roar, with unparalleled power, even Qin Tiange couldn’t help but feel a threat from the roar.

A very strong threat, a powerful nothingness parasite appeared, in the area guarded by the human race.

Chapter 1064 - "Master" Legend

boom!

There was a vibration in the mist of nothingness, and terrible creatures got out of it, and the huge body lay on the nothingness, exuding the horror.

It was an extremely horrifying nihilistic beast, with a breath comparable to the Creator, and even better than it was, a super nihilistic beast.

“Void Beast Lord?”

“Well, it’s the Terran ...”

The movement here immediately caught the attention of the strong in other areas, and they looked at each other in surprise, one after another, and then weird.

Why it's weird, because the area guarded by the human race has a mythical beast that has never appeared in a creator level for countless years.

It is because of this that the human race has been safe there. Although it looked a bit bitter, it really should be supported.

But now, suddenly running out of a vanity beast comparable to the Creator, isn't this going to completely break the defense here in Terran?

"Trouble, the Terran has no Creator. Who can resist?"

"The elder was mostly powerless."

"Who will help?"

For a time, many creators were silent, and no one passed because they were guarding their own areas.

And most of them are fighting fiercely with powerful powerful beasts of the same level, there is no time to help the people here.

I can't take care of myself and help others. Although the collapse of the battlefield area will cause a chain reaction, it is not so serious.

It's just that they will be punished by some stronger creators, or dominate the punishment. As for helping the human race, stop dreaming.

"Hey, the Terran has no Creator. See how they resist that thing?"

There was a smirk at Dragon Master immediately when he saw the situation here. Although he was diligent, he was still in a mood to see the drama.

In the alliances of various ethnic groups, each of them has competition, even hostility. When seeing such things happen to human races, naturally, many creatures of various ethnic groups show a slight happy expression.

"hiss..."

A terrifying roar came, and he saw that the terrifying horror of the horrible emptiness beast groaning deep in the emptiness.

Suddenly, the multitude of Supreme Beasts rushed out behind them, killing them directly towards the area guarded by the human race, rushing up frantically.

This scene is the invasion of countless rampant beasts, trying to settle the huge battle city established by the human race.

Why attack, one is a kind of instinct of the Void Beast, when you see the creature attack directly, the other is driven by some force.

"The elder, the situation is critical. How will our Grand National Alliance respond?"

In the middle of the battle city, inside the elders' hall, the elders with strong breaths looked at the huge and beast that suddenly appeared.

The elders gathered here are the elders of the older generation, guarding the depths of the battlefield, while the elders of the new generation have already taken charge of the interior of the Terran Alliance.

This is the replacement of the old and the new, and now, when encountering the beast owner with no will, even the elders are dignified.

“How to do?”

The elders looked tense, no one here was the opponent of the Void Beast, because there was no Creator here.

An old man changed his face and suddenly said, “The only way to get to this point is to ask the Lord.”

“Please return to the Lord?”

All the elders were shocked, but quickly changed, all of them gloomy, as if they had some secrets.

I saw an old man solemnly say, “The second elder, you should be very clear. In the past, the owner was brought into the deepest part of the void by the owner of the disk. He has never returned for countless years, and it’s too late to return now Now. “

“Yeah, that incident caused countless elders to die, and the owner was taken away by the owner.”

“This is the taboo within our people.”

“Elder, what can you do?”

For a while, all the elders looked at the mysterious elder, who was also the strongest one present.

He is infinitely close to the Creator, but he is not the Creator, and he has no ability to contend with that terrible void beast.

“Master, it’s gone!”

After a long silence, the elder said quietly, sighed, and let the whole elder’s hall fall into silence immediately.

All the elders looked dull and looked at the elders suddenly, one by one’s emotions of disbelief.

“impossible!”

“Why is the Lord gone?”

“Elder, you can tell clearly!”

For a while, the elders fry in the hall, and the elders’ faces changed greatly, shocked, and they all looked at the elders.

They didn’t believe it, somehow, staring at the elder one by one, waiting for his reasonable explanation.

Just listen, the elder sighed softly: “As early as three million years ago, I received a message from the master, and the master has fallen.”

“what?”

“The Lord fell?”

“how come?”

The elder’s hall was boiling, and many elders looked dull and unbelievable. Some couldn’t believe it.

The owner, but a creator, is the only creator of the human race.

In fact, the human race is not without a creator, but there has been a master, but because the master directly confronted the owner of the plate, a tragedy occurred.

In the past, when the Lord had just become the Creator, he clashed with the Pan Lord. The results are self-evident. Countless elders of the entire Terra Alliance have died down, including the Lord himself.

Never again since then, the elder suddenly received a voice from Pan Zhuan, three million years ago, saying that the Lord had fallen.

The creator of the human race, the owner, died in the deepest part of the nothingness. This news caused a great blow to the elder.

“The Lord has fallen ...”

There was a sorrow in the elders’ hall, a group of old human races, all with sad expressions, old tears.

There is no way, the human race has been born that owner, a creator, is a powerful leader of the human race, is the spiritual pillar.

However, I did not expect to face the owner of the pan, which directly led to the extinction of the strong within the human race, and that battle became a taboo, which could not be mentioned within the human race.

It is even more difficult for outsiders to understand these things. Only some powerful creators can understand the past in the human race.

boom!

Suddenly, the Presbyterian Temple trembled slightly, a terrible breath was suppressed, and the fierce vibe permeated, waking up all the elders in a daze.

They saw in horror that the Void Beastmaster rushed down suddenly and watched the terrible Beastlord kill it, and all the elders were cold.

“It’s over!”

“Are the Terrans going to perish here?”

Some elders show despair, because no one can fight against that imaginary beast, only the creator can fight it.

The beast that is comparable to the Creator, who can resist, the only possibility is that the Creator came to help drive it away.

But all the elders of the tribe here knew very well that no creator of the tribe would come to help.

“Elder, fight it!”

“It’s all this old bone. No matter how hard it is, this animal must be damaged and driven away.”

Soon, some old men showed a decisive look, and a decision had been made in their hearts. They had to sacrifice themselves and chase away the imaginary beastmaster.

Just as the elders tried to sacrifice themselves, the elder’s eyes suddenly burst into a burning light.

“and many more!”

Suddenly, the elder stood up, looking stunned, his eyes staring out of the elders’ hall. A strong breath was coming from the sky above the Terran Battle City.

Everyone felt this powerful breath, and they were shocked, all surprised, and some looked at each other.

“This breath belongs to the pure breath of my people!”

“So strong, who is it?”

“Creator, is another Lord born?”

Because this breath is very strong, with a supreme power, as if a Supreme Creator came here, and weighed countless people.

The elders and others felt that breath, as if they were facing a creator, and they were surprised.

“It’s him?”

Suddenly, Elder Jiu Xuan’s face was shocked, his eyes widened, and he almost stared at his eyes.

The elder was also stunned, and then suddenly realized: “It was him who came to the depths of the void battlefield. This breath is like the creator?”

“Who is he?”

The other elders were all amazed, and it was Qin Tiange himself who looked at a figure coming through the void.

He stepped through the nothingness step by step, and his breath erupted directly. The powerful killing intention locked the impacted beastmaster.

This killing intention forced the nihilistic beast owner to stop and stared vigilantly at Qin Tiange.

“hiss!”

A roar, the roar of the imaginary beastmaster, his body slammed, and the whole body disappeared into place, smashing into it with unparalleled strength and might.

In the face of the fierce attack of the Void Beast Master, Qin Tiange calmly, waved a pair of fists calmly, and erupted to the limit.

boom!

Suddenly, the two killed together, and the appearance of Qin Tiange directly shocked the strong men from all sides, especially those creators, who first met Qin Tiange.

“what?”

“Who is he?”

“A Terran has a Creator?”

Suddenly, a horror came from the Void Battlefield. Some creators were surprised. Looking at Qin Tiange’s strength, he was fighting fiercely with a Void Beast Master.

The mighty power and the violent might made the imaginary beast screamed and mourned, as if suppressed by Qin Tiange.

“hiss...”

The Void Beasts roared crazy and furious. Obviously being suppressed by Qin Tiange and feeling extremely angry, he was roaring hard.

The fierce battle here caught the attention of the dragon master, staring directly at Qin Tiange, and finally revealed a crazy killing intention.

“It’s him, **** things, kill the two dragon gods of this seat and devour a phantom of the clan.”

Finally, the Lord of the Dragon issued a roar, and saw that Qin Tiange was exactly the killer he was looking for, but he did not expect to be here.

Moreover, the power of Qin Tiange shocked the Dragon Lord. It turned out that he could stand up to the Creator. No wonder he could kill his phantom.

“kill!”

Above the nothingness in the human battlefield, a huge and terrifying nothingness beast is being beaten by Qin Tiange’s punch and flesh, flesh and blood.

The fierce fighting between the two resulted in the collapse of nothingness, causing a large number of nothingness beasts to be beaten, and they were smashed into powder by powerful battles.

A great battle attracted the eyes of countless powerhouses, and many creators cast an amazing bunch of eyes.

Chapter 1065 - Respect the owner!

The Void Battlefield, the area guarded by the human race, a Void Beast comparable to the Creator suddenly appeared, causing great confusion and panic.

I originally thought that the human race would be miserable this time, because the human race did not have a creator, but did not expect to end up killing a strong human race.

Moreover, when this human race came up, it pressed the fictitious beast fiercely, and killed the fictitious beast master howl.

boom!

A fierce battle swept across the waves, shattering a large chaotic beast, crushed relentlessly by the fighting forces of the two.

Qin Tiange took the power of destruction with one punch and one palm, and it was difficult to stop. The fist wind swept away, and there must be a mass slaughter of nothingness.

And the Void Beast Master was even more fierce, and his huge body was standing there, almost blocking the void.

Horror's mouth opened, with a fierce roar and roar, and even when he fought with Qin Tiange, he opened his mouth and swallowed countless beasts.

It seemed to be angry, and was beaten by Qin Tiange with no temper, but was angry with his own kind, and swallowed numerous beasts of nothingness.

After raging, the situation here has begun to improve, and the pressure on people to guard the area has been greatly reduced, causing countless strong people to cheer.

Even the elders such as the elders took the shots themselves, directly stabilizing the originally collapsed and chaotic situation.

At this moment, the arrival of Qin Tiange led to the fusion of the situation on the scene, and the Terran War Zone that was about to collapse was directly stabilized.

“His ...” The Void Beast snarled, looking extremely embarrassed and miserable.

It was full of scars, and it was cracked again and again by Qin Tiange. He almost exploded the huge body, and he was defensive.

But even so, it seemed miserable, and Qin Tiange was about to torture, and he couldn't help screaming madly.

“Very strong, who knows him?”

“This Terran has never seen it before.”

Some creators' eyes were scorching, watching Qin Tiange's strength and strength, and directly hitting an illusive beast screamed and bruised.

This patience is enough to allow these groups of creators to take the initiative, because Qin Tiange is not the existence of the creator, but he can be compared with the creator.

“Dragon Lord seems to know him!”

Soon, some creators were suspicious, and found that the dragon owner's gaze toward Qin Tiange was full of killing and anger, apparently understanding.

Sure enough, as the creators looked at each other and stared at the Dragon Master quietly, the meaning was obvious, let him explain.

“Why do you look at the deity?” The dragon master felt these gazes and sighed angrily.

His eyes widened, his murderous hum, and he hummed, “He’s the culprit who killed two deities in the deity.”

“Oh...”

“Your phantom should have been killed by him?”

The creators were shocked and shouted, looking very excited, as if they had discovered a new continent.

The dragon master was killed with a phantom. Only the same creators knew this. As for other people, they didn’t know these things at all.

“Hey ...” There was a taunt of ridicule in the nothingness, and one of the creators said arrogantly: “Dragon Lord, you should plant it in a kid’s hand.”

“Lao Long, your dignified creator, you lost all your face.”

There was a grunt of dissatisfaction from the creator, apparently very dissatisfied with the phantom of the old dragon being killed, that was a shame to the creator.

The dragon’s face was cloudy and uncertain, looking at the two strong men who were fighting fiercely in the void, one was Emperor Qin Tiange.

One is the overlord in the Void Beast, a powerful creature comparable to the Creator, but was screamed and screamed by Qin Tiange with one punch and one palm without any temper.

The miserable Void Beast was brutally punched and punched by Qin Tiange, beating his flesh and blood, and trembling fiercely.

“Hmm ...”

“hiss!”

Whether it’s an angry roar or a painful wailing, the Void Beast Lord is extremely powerful, and without strong power, he can’t control it.

Qin Tiange’s brutal fist, strength broke out, and the punchless beast was sorrowful and angry, roaring angrily.

Unfortunately, after all, he still couldn’t escape being attacked by Qin Tiange, and was directly hit by his head, which severely damaged the Void Beast Master.

“His ...” The Void Beast wailed a scream.

Powerful and mysterious, this is the strong side of Qin Tiange, which directly and directly damaged that huge beast.

Just listening to the bang, the huge Void Beast Lord fell, and just hit the Void Hollow above the Battle City, exuding a sense of terror.

Many people looked up, but when they saw the giant monster lying inside, their bodies gradually became a little weird. The terrible breath weighed on many people's hearts.

“What a terrible void beastmaster!”

“Nevertheless, I was hit hard by that adult.”

“Where does this adult come from?”

For a time, countless strong men in the Terran War Zone moved, looked at the vandalized beastmaster, and looked at a strong and mysterious Qin Tiange, all guessing.

But no one knows the origin of Qin Tiange. Only the elder and the elder Jiu Xuan really knew Qin Tiange's existence.

“Elder, I almost caused a disaster.”

Looking at the powerful Qin Tiange, Jiu Xuan became a little bitter, with a feeling of palpitations in her heart, and a moment of good fortune.

He almost caused a catastrophe before. If he really met Qin Tiange, there would really be no room for manoeuvre, which could directly lead to a blood robbery.

Fortunately, the elders came out to stop it in time, and did not let Jiu Xuan attack Qin Tiange, otherwise the consequences would be disastrous.

“He may be the” owner “of the human race, or ...” The elders looked at the supreme Qin Tiange and said to himself.

Soon, they saw Qin Tiange step out, blinking on the huge body of the Void Beast Master.

boom!

“hiss...”

An explosion came, and a blood cave burst into the body of the Void Beast, and a terror of blood poured out from it.

The powerful Void Beast Master was hit hard again by Qin Tiange, screaming sternly, causing the chaos of countless Void Beasts.

Those horrible emptiness parasites, all snarling and screaming, seemed very confused and painful.

“Let's die!” Qin Tiange's eyes were sharpened, and he suddenly punched on the huge head of Void Beast, and the violent power burst out.

Just listening to the bang, the huge head of the entire Void Beast was blasted directly by Qin Tiange and completely shattered.

The Xeon punch directly bombed and killed the imaginary beast master that was comparable to the creator.

The dead beast-owner, the imaginary and hazy body, suddenly became solid, as if it were something made of real material.

However, Qin Tiange found that a strange bead was derived from the body of this imaginary beast owner, and he was dug out of his brain.

This bead is the pearl of nothingness, containing the power of imagination, mysterious, but difficult to absorb and understand.

Qin Tiange has been researching, and now he sees this beast owner who is nothing more than the creator, and he naturally attaches great importance to the pearl of nothingness.

At this time, all the strong human races who saw this scene showed a burning light without exception.

They looked at Qin Tiange's eyes, successfully filled with a ray of admiration and conviction, even for him a little bit of worship.

Watching Qin Tiange easily beheaded and killed an imaginary beast owner, which is not to say that it can be done, but Qin Tiange easily did it, attracting the inner cheers of the people.

The other strong men of all races were a little stunned, their eyes flickered, and watching Qin Tiange's appearance, some creators were seriously attentive.

The Terran ran out of a strong guy, killing a powerful Void Beast that was comparable to the Creator three or two times, does not it mean that he can easily bombard the Creator?

Does Qin Tiange really have this ability?

Huh!

Suddenly, strong silhouettes emerged from the human war zone, and old figures came to nothingness.

They stood in front of Qin Tiange, Qi Qi knelt on one knee, and made a great gift.

“Heroes of the elders, meet the Lord!”

A neat drink, a solemn voice spread throughout the Terran war zone, causing countless strong human races to shake, instinctively Qi Qi bow down.

“See Lord!”

A sacred, solemn shout spread out, constantly backed up in the nothingness, and shocked countless powerful beings in the war zones of all ethnic groups.

They watched this scene in shock. The sound from the Terran War Zone was higher than the wave, as if there were unparalleled excitement.

Terran, a new owner is born!

“Human race, a master?”

“A new owner is born!”

The creators of all races were stunned, their eyes flickered, and scorching through nothingness, they saw the situation inside the Terran War Zone.

There, countless strong human races, led by the elders of the Presbyterian Hall, directly met Qin Tiange, a powerful being, and respected him as the “lord”.

Looking at the crowds of countless strong men worshipping and respecting them as “lords”, Qin Tiange looked calmly, looking down at the countless strong men in the theater below.

He looked at the elders who took the lead and waited for a group of elders in the elders’ hall. His eyes were gloomy and he was not sure what he was thinking.

“Where did the old man go?”

For a long time, Qin Tiange only asked the question quietly, his gaze was approaching the elder, and his sharp eyes made the elder tremble.

“Follow the owner of the pan, falling deep into the void ...”

The elder directly and simply answered such a sentence, so that Qin Tiange was shocked and immediately understood the cause and effect.

“Master?”

Suddenly, a murky voice came, everyone looked at each other, and saw a burly and powerful figure walking out of nothingness. The atmosphere was arrogant, with two dragon horns, all over the body. With the horror of evil spirits, he stared at Qin Tiange, surging intently.

The person who came was the dragon master, who walked out of nothingness and stood in front of Qin Tiange, with a surging killing in his eyes.

“Whether you are a man or not, today you must give an explanation to your deity.”

As soon as the Lord came, his voice was unmatched, with a threatening meaning, looking at Qin Tiange’s eyes was full of murder.

His arrival surprised the creators who looked around here, and then one after another showed an excited expression.

“Dragon Lord, Lord!”

“I watched a show!”

The battlefield was empty, the air over the Terran war zone, the atmosphere was a little dignified and terrible, a dragon master suddenly arrived and faced Qin Tiange, a newly born man.

The two Xeons collided with each other, and the killing spirit was surging.

Chapter 1066 - Dragon Lord defeated

“You must give an explanation to the deity today!”

The dragon master walked step by step through nothingness, his face was cold, his eyes showed a trace of icy murderous power, dragon horns, killing the sky.

Feeling the strong will of the Dragon Lord to kill, the eyesight can see it, this is really angry, and then killing.

“Interpretation?” Qin Tiange snorted, looked at the dragon master who came, and replied indifferently: “Don’t come with me, you can fight if you want, I’ll see what your master has ? “

“court death!”

The dragon master was furious, and two horrible cold mangs bloomed in his horns, his body flashed suddenly, and he disappeared in place instantly.

On the opposite side, Qin Tiange disappeared almost at the same time. The figures of both disappeared on top of nothingness, and countless people could not see it.

Only those creators at the same level can clearly see that Qin Tiange and Dragon Master collided together.

Click!

With a crisp sound, nothingness cracking, and cracks spreading staggered, everyone saw the two powerful figures fist colliding.

“All things die!”

The dragon master drank, and the fist was covered with dense dragon scales. Each piece of dragon scales seemed to be a universe, and the scene of evolution, explosion, and emergence was extremely terrifying.

Facing the strong attack of the dragon master, Qin Tiange calmly, the endless power in his body spurted out, turned into energy into the arm, and punched him up.

On his fist, there is a power of creation. Although he is not the creator, he can be like the creator and fight against the creator.

Bang bang ...

The growth of fighting with the mysterious unicorn in the past was manifested. Qin Tiange waved his fists, punching and punching the dragon’s main body trembling, and his scales cracked.

The two fist to the flesh, there is no defense at all. At this step, anything costly is superfluous.

The dragon master is completely stubborn, strong physical collision, every move, every move with a force of creation.

Tianlong’s body is very strong, but Qin Tiange is even more frightening, as if his strength is unlimited, no matter how strong the opponent is, he can quickly rebound under pressure.

“kill!”

The Dragon Lord roars, the more battles the more brave, the creators of the Tianlong tribe are extremely terrible.

However, what is even more frightening is that Qin Tiange, the mysterious owner, was inextricably linked with the dragon master.

Boom ...

“Come on!”

Qin Tiange was roaring, his war intentions were boiling, his eyes showed two scorching killing intentions, and he directly killed them, his fists exploded, and the dragon master retreated.

The two broke into the void of emptiness, collapsed into emptiness, shattered the mist, and the battlefield of emptiness was somewhat turbulent.

After fierce fighting for a long time, they only heard the sound of “Boom”, and both of them broke into ignorance and lost their traces in a blink of an eye.

A battle was fought fiercely in the depths of ignorance, and the Dragon Lord and the mighty Terran, who had just been respected as the Lord, fought fiercely.

“Well, in front of the powerful dragon master, everyone is a landslide dog.”

“Yes, the Tianlong family, crushing others for billions of years will not be a problem.”

In the Tianlong War Zone, the strong of the Dragon Alliance is very confident in this battle, and it is full of zealous beliefs in the Dragon Lord of this family.

In their view, the so-called owner is a joke and will soon be knocked down by the powerful dragon master.

“Elder, do you say, can the Lord win?”

In the Terran War Zone, a group of elders became nervous. Looking at the newly-respected owner, they even fought fiercely with the long-established creator.

Obviously, they were very worried and entangled in their hearts, and they were not confident enough about Qin Tiange, because he was not the Creator after all, just comparable to the Creator.

Respecting him as the owner, it was Qin Tiange who killed an illusive beast owner who was about to wreak havoc on the Terran war zone. This credit, coupled with the intention of the elder, naturally made sense.

“Relax!”

The elder had a calm face, as if Zhizhu was holding it, and had strong confidence in Qin Tiange. It was not clear where this confidence came from.

Perhaps because Qin Tiange has a little connection with the owner of the plate, he still has confidence in Qin Tiange.

boom!

Suddenly, there was a violent explosion in the ignorance of ignorance, the fog collapsed, the emptiness collapsed, and a wolverine figure suddenly fell from the inside.

With a bang, someone fell into nothingness, crossing it, looking a little embarrassed, with scars on his body, cracked scales, and flesh rolled.

It was the Dragon Lord, and the situation looked miserable. The scales on his body were ruptured, his flesh was fuzzy, and he looked miserable.

The most amazing thing is that there are two Tianlong horns above his head, one broken in half and the other completely broken, and the blood sheds from the fracture.

“Hmm ... shit!”

The Lord of Dragons growled and screamed, but unfortunately with a twilight breath, people could not help screaming. Is the Lord Lord old?

Everyone looked at it, and inside the crack of nothingness, slowly came out a figure, young and strong, stepping out step by step, the whole body intact.

In his hand, he also carried a cricket dragon's horn, with bright light and strong breath. It was exactly a dragon horn that was cut off by the dragon master.

“Dragon Lord, you are old!”

Qin Tiange walked down, carrying the dragon horn, his tone was flat and watery, but a breath of breath was revealed.

His words spread, making many creators chill, even saying that the dragon master is old, and the other party is at the highest state, even saying that he is old?

But there is no way to refute, because the dragon master was defeated, and a dragon horn was cut off by the other party. Who dares to refute?

Even the Dragon Lord himself could not refute, and was furious in his heart, but had a sense of weakness, and had the confidence to Qin Tiange to kill him.

But after real fighting, I realized that Qin Tiange's horror was almost endless, and his strength seemed to have no limit.

After this battle, the dragon master was defeated!

Everyone was quiet, the boiling Tianlong family was completely silent, one by one, like a chicken, dumbfounded.

Some of the Tianlongs are aggressive and have just spoken out, but now they are trembling one by one.

Where did the grand words just now? Now, seeing their own dragon masters were beaten miserably, one by one.

“Dragon Lord, you are still guarding the virtual war zone. Today I will not kill you. I will leave you to guard the war zone. If you dare to challenge the human race, it is not as simple as tearing down a dragon horn. Get your dragon head. “

After Qin Tiange said it word by word, he dropped it gently, and the dragon horn whistled and fell on the dragon's head.

With a short click, the broken dragon's horns healed autonomously, and they recovered directly. The dragon's face changed, and it turned blue and white for a while, looking very angry.

Shame, a strong sense of shame poured out of the mind, and made the dragon master irritable, and almost lost his mind.

Fortunately, in the end, he calmed down, suppressed his inner irritability, and restored his calm mood.

There is no doubt about Qin Tiange's strength. Just after the war, he almost fell. Seriously, if Qin Tiange had intentionally left the dragon master, he might have cut the old dragon directly.

It's not that you don't want to kill, but that there is a gaze of creators around you, and even a more horrible look in the depths of nothingness.

Moreover, the Tianlong War Zone is not far from the Terran War Zone. Once the Dragon Lord is killed, the Dragon War Zone collapses, and it's the Terrans who suffer.

"Huh!" The Dragon Lord said nothing, turned to hide his face and stepped into nothingness, disappeared in a blink, and dared not come out to see anyone.

In this battle, his face was lost. It can be said that Qin Tiange has completely established his reputation since the war.

He stood on the prestige of Dragon Lord's face and stood up, so that all the major creators in the entire battlefield of the Void knew him and remembered the new owner of this human race.

"A new generation of people, great!"

"It always feels like an adult!"

"Not only the breath and power are similar."

Some creators secretly marveled and began to talk. Qin Tiange first came into sight, one by one, and began to dig his information and details.

Moreover, some creators felt the power belonging to the pan owner, which was amazing, and made some creators speculate in their hearts.

Terran, the birth of a brand-new owner, immediately attracted the attention of the powerful battlefields and countless creatures in the major battlefields.

"Are you here?"

"The new owner ..."

"Pan, is the person you train up here?"

At the deepest point of nothingness, all the vague waves came, and the terrible breath permeated. Unfortunately, no one can feel the fluctuations here.

The emergence of Qin Tiange caused a huge wave in the battlefield of nothingness. In the major theaters, and even the deepest part of nothingness, there was a thunderous undercurrent suddenly brewing.

Chapter 1067 - Strongest heritage in 100,000 years?

Nothingness, the human war zone, the elders led the elders in the elders' hall, standing there respectfully, one by one, respectfully welcoming the powerful figures coming down from nothingness.

“See Lord!”

As soon as Qin Tiange came down, a deafening cheer came, and countless strong people of the ethnic group gathered and looked at him with excitement.

The Terran Alliance has not had a master in countless years. Only the elders and other talents know that the Terran is not without a master, but has fallen to the deepest point of nothingness.

The former owner was conquered by the owner, then followed the left and right, and conquered the depths of nothingness, and finally fell down a million years ago.

Only a few creators know about this news, as well as the elders. Now, a tribe has appeared again in the tribe, sitting in the tribe.

How can such a good thing not make people happy? We must know that there is a fundamental difference between the presence of the Creator and the absence of the Creator.

As it is now, the appearance of Qin Tiange directly adds a strong backbone to the clan alliance.

The existence of a human being is tantamount to having a strong backing. The strong and the forces in other alliances will not dare to bully the human race easily.

“Please, everyone!”

Qin Tiange raised his hand gently, let the elders and others rise, and looked at the crowds of countless strong people in front of them, all selected from the major human universe.

They came here to defend the Terran War Zone. No one was involved in the battle, and no one knew their existence.

Yingjie was buried here generation after generation. In order to open up this ignorance of ignorance, and to defend this illusory battlefield, he had to throw his head to shed blood.

“The elder stayed, others cleaned up nothingness and prevented any bigger leaks!”

Qin Tiange looked at the other elders and said a few words, and immediately let everyone jump together and rush into the void to clear the threat.

The battle is not over yet. At present, the Terran War Zone has relatively calmed down. With the Void Beast Lord slaughtered by Qin Tiange, the situation here is no longer threatened.

Seeing that everyone else was gone, Qin Tiange looked at the elder and asked softly, “Elder, what did you say to me?”

The elder's expression changed, and he said hoarsely, “Owner, for 100,000 years, our people have only cultivated the details of the ten closest to the Creator, and will go to the depths of nothingness with the Lord this time.”

“come out!”

As Da Zhang drank in a low voice, he saw the ripples of nothingness, and ten powerful and mysterious figures emerged from the inside.

These ten people are the strongest foundation cultivated by the Human Race Alliance in the past 100,000 years, and ten are close to the existence of the Creator.

In other words, if ten people can join forces with the Creator, if ten people join forces, it will be enough to stand shoulder to shoulder with the Creator and even trap the Creator.

Over the course of 100,000 years of cultivation, only these top ten details have emerged, leaving Qin Tiange speechless.

One hundred thousand years, millions of years. Is n't there a creator who is so bad in the human race?

Perhaps seeing Qin Tiange's doubts, the elder said bitterly: "Owner, all the powerful and elites cultivated must be sent to the deepest point of nothingness."

"People in the past followed the masters and conquered the deepest point of nothingness, but fell a million years ago, and the strongest foundation cultivated from generation to generation was sent in. How we have never known, only the soul that remains The lights are off. "The elder said, looking vicissitudes, the whole person looked older and dusky.

He has been millions of years old, and after countless years, he has cultivated a powerful human race from generation to generation. He personally sent it into the depths of nothingness, but watched the generations die.

The elder, in fact, has run out of oil and lights. If he did not need to enter the deepest point of nothingness, he might have gone in already.

"Is the battle empty?" Qin Tiango meditated silently, without speaking.

He looked at the ten people who were as silent as before, and the strongest heritage of the Terran Alliance was born in 100,000 years.

If the ten creators still have a strong background, these ten, Qin Tiange said that he alone is enough to suppress them.

Nine men, one woman, and just ten people, what can you do? Qin Tiange had a bitter smile in his heart. Did the entire Terran Alliance cultivate these ten?

"Too few, what can ten of them do?" Qin Tiange's faint tone made the ten strongest expressions in front of him angry.

No one ever said that they were useless. Qin Tiange's words stimulated these ten people, and they could not help but burst into a powerful breath.

"presumptuous!"

The elder scolded angrily and yelled, "Don't you dare to pretend before you drive, can you wait to plead guilty?"

“No need!” Qin Tiange waved his hand and stopped the elder.

With a slight smile on his face, his eyes glanced calmly at the ten people in front of him, all glaring at him.

“I’m not convinced?” Qin Tiange chuckled, looking at them. Nine men and one woman, the ten strongest background.

The achievements over the past 100,000 years have gathered the ten strongest results cultivated by the strength of the entire Terran Alliance.

“You are waste!”

Qin Tiange’s next sentence made everyone stunned. The elder was even more aggressive, and his heart was extremely incomparable.

He had a question mark in his head. Qin Tiange said that the ten people in front of him were waste, which might not be so useless?

How can ten people join forces to fight the Creator, which is not strong enough, how can it be considered strong?

“You are humiliating us?”

“What kind of man are you?”

“We don’t agree!”

One by one, the low roar came, and the ten strongest men in front of them were unconvinced, so naturally they were unconvinced.

They are the ten strongest foundations of the human race, and they are the only ten strongest people cultivated in 100,000 years.

Seeing them dissatisfied, Qin Tiange snorted, disdaining: “You are dissatisfied, what qualifications are you dissatisfied with?”

“Look at your bone age, the youngest is ninety-eight thousand years old and the oldest one is eleven thousand eight hundred years old.”

Qin Tiange’s words made the ten people pause for a moment, staring at each other and not talking, because they saw the age of the bones that Qin Tiange had revealed himself.

“Less than 10,000 years?”

Everyone stared, looking at the bone age exposed by Qin Tiange in front of him, less than 10,000 years. Yes, so far, Qin Tiange has not cultivated for 10,000 years.

At this moment, the ten people in front of him were dumb, and became such a powerful existence in less than ten thousand years. They beheaded and killed a vanity beastmaster and defeated the dragonlord.

Who can match this record? By comparison, these ten people, the ten strongest people in 100,000 years, have been trained for 100,000 years, and they have been fully cultivated by the Terran Alliance.

These people turned pale for a while and felt very embarrassed. They had a deep sense of frustration and shame in their hearts. They had surpassed them in less than 10,000 years of practice.

This is called the gap. How to disagree?

Even the elders were stunned and convinced, without any dissatisfaction, completely stunned by the bone age exposed by Qin Tiange himself.

“One hundred thousand years, you can’t become the creator, let alone the creator of the war against the war, this dare to make the strongest heritage of the human race?” Qin Tiange shook his head, said with some disappointment.

He looked at the elders and said, “Elders, this method of cultivation is very problematic. Is it necessary to tilt the resources of the Terran Alliance to a few people?”

“From today on, all ethnic groups are treated equally. Whoever can resist the adversity of the adversary and the adversary of the Creator in the battlefield, I personally seize the-the Lord of War and enjoy the prestige of the Creator.”

“I am waiting here for a thousand years. After a thousand years, whoever becomes the warlord will be able to follow me into the depths of the void, and those who do not meet the standards will not be allowed to enter the depths of the void.”

“Elder, let’s go on!”

After Qin Tiange finished speaking, he gently turned around and stepped into nothingness, disappeared in a blink, leaving only the elders and the ten strongest 100,000-year-old heritage, all facing each other.

The elder was dull, because these ten people were cultivated for the Lord, and as the Lord brought them into the deepest part of the void, they fought.

But Qin Tiange refused, and directly rejected the ten people, because he was really dissatisfied. The ten guys that even the creator could not compete with, dare to claim the strongest background?

Does the Terran fall, Qin Tiange feels that it is not, and the Terran Alliance is undoubtedly strong, but why is there no decent background?

One hundred thousand years, Qin Tiange came along all the way, how long did he cultivate, only less than ten thousand years, and even only a few thousand years.

“Are we abandoned?”

Among the ten, the youngest woman, over 90,000 years old, was the youngest among the ten.

Her words awakened the other nine people, all of them turned wild, and a deep shame poured out in her heart, which was disgusted by the host.

“I’m not convinced!”

A roar came, and a burly man yelled, "I am one of the strongest in 100,000 years. Why are you disliked by the people and not even qualified for the depths of the battle?"

"I want to be stronger!"

Said, this burly man stepped into the air, and directly entered the void of nothingness.

Suddenly, the other strongest people looked at each other, each showing a dissatisfaction, and on what basis was abandoned.

"We have never been suspected."

"On your own, kill it, the inverse creator!"

A roar came, these ten people who had become accustomed to their strongest, were suddenly stimulated to a strong self-esteem.

They were all ignited by their inner anger and a heart of dissatisfaction, and Qin Tiange's heart strengthened.

Even the creator can't challenge, and what the strongest background is to say is just a joke.

"Elder, are we really abandoned by the Lord?"

In the end, there was only one woman with a bitter expression on her face, and it was obviously uncomfortable to be rejected.

The elder shook his head with a bitter smile and said, "Go, if you can't meet the expectations of the Lord, then there is really no possibility of conquering nothingness."

"I understand!"

With a firm face, she stepped forward and broke into the fissure of nothingness. She simply understood Qin Tiange's meaning.

That is to tell them these ten people, if they want to follow him to the depths of nothingness, they must have the ability to independently fight the Creator without defeat.

Without this, everything goes!

Chapter 1068 - Battle of adults

Hum!

At the deepest point of nothingness, in a place where there was a mystery, there was a buzz, and strange and powerful waves shattered nothingness.

There, two huge figures were faintly seen, sitting there crossly, as if the two were separated by an invisible barrier.

Both figures are strong, the breath is deep and horrible, and the void channel that is pressed there is a little trembling, as if it can't bear to break up.

"Pan, the people you train are here ..."

Suddenly, an indifferent voice came, with an amazing breath, which shook the passageway here a little.

But it was quickly suppressed by that majestic figure, the strong breath was suppressed there, a huge axe hummed behind, and confronted with the mysterious existence on the other side of the passage.

“Are you afraid?” A faint word passed.

Suddenly, the mysterious being on the other side suddenly stunned, and then a wave of strong and boiling energy surged.

“Afraid?” The mysterious existence suddenly laughed and laughed, “Dan, you and I have confronted each other for countless years, played countless years, you should know my temperament, would I be afraid of the little guy you carried?”

“Also, the little man you brought up before was cut off by one of my men a million years ago and hung on the monument to hundreds of thousands of years. No one has collected corpses so far. You do n’t feel like following Will those of you chill? “

The mysterious existence on the opposite side, word by word, has countless secrets everywhere. He, and the disc master are here to fight fiercely, what is it for?

What secrets are hidden in this area, what is hidden in the passage where the owner sits, and where is the opposite?

“You blocked our way, then kill!”

Pan Zhu’s words were bland, but there was an unquestionable killing, with a huge axe behind, and axe light splitting the front passage.

The powerful forces of the two collided again, and it was not clear how many years they had killed, and how many years of fierce confrontation had been here.

The existence of these two invincible horrors confronts here, but there is a fierce fierce battle in the depths of the virtual battlefield below.

Some powerful species, super creatures, and even individual creators are fighting here to compete against the powerful forces on the opposite side.

Among the creators of the major alliances, a group of the strongest creators are working together to open a void tunnel, but are blocked by a force. The two sides have killed here for countless years. .

Here, the war is fierce, and it may fall at any moment. Even the creator died directly here. The former owner was cut off and hung above the monument.

“That boy, why don’t you come?”

In the depths of nothingness, a roar spread across all sides, and a unicorn roared violently, fighting fiercely with a equally powerful and terrifying creature.

It was the mysterious unicorn that Qin Tiange met before. It was here that he fought fiercely with some terrible creatures.

It's not just Kirin, here, there is a huge blue dragon, deep in the void, blocking the terrible power and fighting fiercely.

cry!

A fierce rumor came, and a huge Suzaku crossed the nothingness, rolled into the sky and killed it, blocking a terrible species.

On the other side, there are basalt roars, white tigers roar, and five Xeon creatures are turned out to be the five lords.

Qinglong, White Tiger, Suzaku, Xuanwu, Kirin, and the Five Lords, each guarding the five parties in the depths of the void, resisting terrible powers and creatures.

In other places, there are some powerful creators who are struggling to resist, or who or what creatures are at war.

This is completely an independent battlefield, more cruel and brutal, and the Creator may fall here.

“Is Lord, is this new strength not yet here?”

“No more, we can't support it for a long time.”

Deep in the dim nihilism, there was a loud shout, and there was a roar and shock, and it was seen that the strongest figures were struggling to kill.

They are fighting here, erupting to the limit, and fighting fiercely with creatures that are just as powerful and even as terrifying.

“How would I know?”

The lord yelled and yelled, “I'm not here to lead the team. You ask me, who should I ask?”

“Rather than bullshit, get them back behind the vanity tablet.”

After screaming loudly and loudly, many creators broke out together, forcing the equally powerful unknown creatures and unknown beings to retreat.

As Heli repelled the opponent, he returned all the creatures and unknown strongmen back to the back of a monument to nothingness.

The monument, crossing the nothingness, is mysterious and unpredictable, revealing an unknown terrible power and breath.

This is nothingness!

The most terrible thing is that there are many skulls hanging on the monument, and the whole body is crystal clear, exuding a powerful breath, which is the head of some creators or super creatures.

And one of the **** heads, the flesh is not rotten, the eyebrows are penetrated, nailed on top of the vanity monument, his eyes reveal a sharp and unyielding.

That was the Lord, the Lord of the previous generation, fell here, and his head was hung above the Void Tablet, a great shame.

“Master ... hmm ...”

The creatures were forced back, and the creators of all parties retreated, not approaching the mysterious vanity.

They looked at the head of the man hanging above them, all sighing, some sad, but no one went to get the head back.

Not that they didn't want it, but they couldn't, because they had already tried it and couldn't get close to it. Once they approached the Void Tablet, they were immediately attacked by those unknown creatures and the terrible strong ones.

“This generation of Lords, I don't know what the strength is, I heard it was cultivated by Master Pan Lord himself.”

Some creators are talking to themselves, discussing Qin Tiange, a new generation of owners, who will soon take over the position of the former owners.

“On the Void Tablet, the hanging skulls are the super lives and creators who were killed and fallen here.”

“If it goes on like this, we'll fall down one day and our heads will be hung there.”

“Adults are just too weak.”

“Nothing is blocked, we have to kill together.”

Deep in the ignorance of emptiness, one low roar came, and then another slaughter began.

The unknown species and some terrible strongmen who have just been repelled are once again killed, and the creators and super creatures here have to quickly confront them.

The fighting never ceases. Here, it seems that there is no end to the fighting, which has continued for countless years, and it is not clear how many years have been fought.

Some creators were even alive and exhausted. The first group of creators entered here with the big names such as the masters and opened the way to nothingness.

As a result, they were blocked here, and finally they fought fiercely here. This battle lasted for countless years, causing many creators to fall, and their heads were hung on the monument.

The monument to nothingness is a battle monument created by the same terrible existence of countless years of fierce fierce battle, known as the monument to nothingness.

Hanging from above are the creators and super creatures that fell in the past, forming a powerful deterrent, which makes the creators here feel a lot of pressure.

“Roar ... boy, why don't you come?”

Above the Five Sides The Lord of Kirin made a roar of bursts of sound, which seemed very irritable, and was annoyed that Qin Tiange had not come.

They have already made arrangements, even stimulated each other, and even given guidance. Why haven't you entered here yet?

“Suzaku, you go and see.”

Suddenly, Qinglong spoke and said something directly, letting a beautiful Suzaku who was fighting fiercely to see what happened.

“Yes, Suzaku, immediately go and bring that kid over, the position of the owner is indispensable, and he must be returned as soon as possible!”

With a violent expression on his face, Bai Hu smashed into the sky, snarled and rushed to the deepest point of nothingness, swaying in all directions.

The Sovereign Lord of the Five Sides fought fiercely here, and Suzaku made a long cry, suddenly a phantom body directly penetrated the nothingness, killed from here, and disappeared in a blink of an eye.

This is to bring Qin Tiange here. After all, the situation is already very bad, and the people must return to position as soon as possible.

At this moment, where is Qin Tiange, a new-generation owner?

Chapter 1069 - Creation artifact?

In a broken void, there was a person standing, looking silently in front of his eyes without breaking and healing.

No ...

Qin Tiange waved his hand slightly, his fingers cut through the emptiness in front of his eyes, and after looking at the rift, he healed quickly.

He didn't know what he was thinking, his thoughtful expression, and there were a few hazy lights and shadows floating beside him.

“Ten disasters, Bailing, can you absorb the power in these beads?” Qin Tiange asked gently.

Suddenly there were strange beads in his palm, all over the body was hazy, a ray of strange light was revealed, and it was hazy and mysterious.

This is an illusory bead with an illusory force inside. Qin Tiange has been studying how to absorb this force.

But I have n't found a way to absorb it yet. I feel like I ca n't absorb the power in it. I always feel that my body ca n't bear it.

With questions, he directly inquired about the three treasures around him, the Ten Jade Steles, the Emperor Seal and the Emperor Sword Artifact.

All three are utensils. Although they have succeeded in getting rid of the utensils and succeeding in themselves, they are still essentially utensils.

“My lord, there is a mysterious and powerful force in these beads. It seems that it can be absorbed, right?” Ren Huangjian said directly.

It looked strange at the void beads in Qin Tiange's hands, feeling as if it could absorb the illusory forces inside.

Not only is the Emperor Sword, Ten Monuments, the Emperor Yin Qi Qi nodded in agreement, both have a feeling, as if it can really absorb the energy in the void beads.

“Can it be absorbed?” Qin Tiange was surprised and lost in thought.

He thought about it, maybe he could try it. After all, he couldn’t absorb it, but the Emperor Sword and the Ten Jade Monument said that it could be absorbed, which was a little surprising.

He hadn’t thought about before, was it to let the utensil absorb it, just to absorb the illusory power inside himself.

Now think about how you should try another way to let your weapons absorb, which may have unexpected results.

“Ten calamities, come and try.” Qin Tiange spoke directly, and threw an empty bead to her.

I saw that Shizhao grabbed the void bead and swallowed it without any hesitation and fear.

Qin Tiange’s eyes flickered, and he stared at the ten calamities. The gray monument behind him was exuded with breathtaking breath of vitality.

The Ten Calamity Monument has become different. The power is not obvious, but it has great power.

Hum!

Swallowing the void beads, the body of Shijie Beiqi trembled suddenly, and the illusion gradually became hazy, some of them were not real.

Immediately afterwards, she coincided with the ancient monument behind, and instantly showed the body, a mysterious ancient monument, all over gray, exuding a mysterious atmosphere.

Qin Tiange looked serious, staring at the slightest change in Shi Jie Bei. Since he swallowed the void beads, Shi Jie Bei has produced a wonderful and mysterious change.

It’s as if the entire Ten Calamity Monument is in a strange state, as if it doesn’t exist, but it is clearly in front of it.

Buzz ...

The ten calamities trembled, emitting a gray light, the breath became more and more intense, as if suddenly being ignited by the strength in the body, violent and unmatched.

This power is terrible, and Qin Tiange is all moved by it, because in just one moment, the breath in the Ten Calamity Monument becomes extremely horrible.

Seeing this, Qin Tiange looked surprised and wondered: “It’s just a voidless bead, which can double the breath of the Ten Jade Monument directly?”

He felt inconceivable. It was just a bead, which suddenly caused the ten calamities to explode with a breath and energy that surpassed the previous one.

Doesn't that mean that in this short quarter of an hour, the Ten Calamity Monument was suddenly soared because of swallowing a void bead?

Hum!

Suddenly, the ten calamities monument shuddered slightly, and a dim light radiated from the entire monument body, shaking out all the residue in the body.

Then a ray of light shrouded, the monument disappeared, and the ten calamities appeared in front of him, the breath became deeper, and the whole person looked particularly mysterious.

Ten calamities, visible to the naked eye, but really use consciousness to sense, after closing her eyes, she could not find her existence at all.

This surprised Qin Tiange. It was with the strongest will that he could sense the existence of the Ten Calamities. Such a change is really amazing.

"My lord, that illusory force can give me a strong transformation and ascension, as if it is a catalyst that directly evokes the potential and strength in my body." Shijie directly explained the swallowing of the void beads Feeling.

And some of her understanding and comprehension, all informed Qin Tiange one by one, without any concealment.

"Is that so?" Qin Tiange meditated silently, and then took out a bunch of void beads and put them in front of him.

He looked at Shijie, Lark, and Emperor Sword, and said softly, "Let's try it and see if it can all be absorbed."

"Yes, my lord!"

Ten calamities, Bailing, Renhuang Sword immediately took command, and quickly approached, one person swallowed directly into the body with an empty bead.

The Ten Jade Monument was swallowed before, this time naturally unambiguous, but the effect was slightly weakened after swallowing, as if the effect was not very good.

However, it still gave her a huge improvement, including Lark, Emperor Sword, all three, after swallowing and absorbing the power in the Void Bead, they obtained a huge transformation.

This promotion and transformation has made Qin Tiange very concerned. If he can also absorb it, his strength may become more terrifying.

Buzz ...

One by one, the Emperor Sword, the Emperor Seal, and the Ten Calamity Stele not only swallowed and absorbed, but gradually, thousands of vanity beads were swallowed up.

In the end, Qin Tiange released the largest bead, which was the most powerful void bead obtained by beheading the void beast master.

Click!

An ancient sword, an imperial seal, an ancient monument, and the three together worked to suppress the bead and continuously drew the majestic energy inside.

That is the majestic energy of the owner of the Void Beast, which contains the power of imagination beyond imagination. After being absorbed, the three major objects have undergone the most fundamental transformation.

Strong power permeated, Qin Tiange clearly sensed that the Ten Jade Steles first obtained the most powerful metamorphosis, and the entire body suddenly fell out of the old cortex.

Immediately afterwards, a series of fine cracks were uploaded from the body of the stele, which finally cracked in half from the inside and fell down completely.

The ten tombstones that were cracked suddenly floated from the center of the exquisite monument, exuding hazy light and chaos.

“Should he be promoted?” Qin Tiange squinted his eyes and looked at the ten calamity monuments in front of him, which had become different.

If the previous ten calamities were cosmic-grade treasures, the current ten calamities are cosmic treasures.

Promote from the previous small universe-level treasure to the large universe treasure and become the strongest treasure under a true creator.

As for the higher level, the Creator’s artifact is comparable to the Creator. Only the Creator can own, or can become the artifact, all creators.

The artifacts are just as spiritual. Once the body becomes a artifact of creation, the artifact is the true creator.

“Very good, just one step away, you can achieve the artifact of creation, comparable to the creator.” Qin Tian Ge Haha laughed and was very happy watching the changes in the Ten Jade Monument.

It can be said that the Ten Calamity Monument has reached its peak limit, and one step across the past can achieve the creation of Xuanqi and the artifact of creation.

Groan!

At this moment, there was a shocking Jian Yin from the side, splitting the nothingness, chopping the hollow, and letting Qin Tiange’s eyes gather in the past, and he was instinctively shocked.

I saw that the ancient sword of the Emperor Emperor issued a strong argument, a terrible breath burst out from inside, and the sword body suddenly cracked.

Seeing this, Qin Tiange has understood that the sword of the Emperor is being transformed, and the original sword body has gradually cracked and fallen off.

Ding Ding Ding ...

The blade fell off piece by piece, revealing a brand new ancient sword inside, revealing a mysterious mysterious light and breath that had never been seen before.

The humming vibration came, and the human seal began to transform, the whole seal began to crack, and the shell fell off piece by piece.

Qin Tiange has been watching, without intervention, allowing Ren Huangjian and Ren Huangyin to change and make changes on their own.

Soon, the change between the two was over, the original old shell was shed, and a brand new body was revealed. The sword body was quaint and simple, and the imperial seal was heavy and full of oppression.

“It even broke the limit and achieved the cosmic treasure of the universe. It almost became a artifact of creation ...” Qin Tiange said to himself.

There was a hint of surprise and surprise on his face, and he never wanted to break through and be promoted, and became a true cosmic treasure.

Moreover, whether it is the Emperor’s Sword, the Emperor’s Seal, or even the Ten Calamity Monument, they are much more powerful than ordinary large-scale treasures or creatures.

The three now give him a sense of non-existence, more like a strange transformation, a combination of imagination and reality, and the power that erupted is unparalleled.

“My lord, fortunately!”

Three lights flashed, Sword Spirit, Ten Calamities, and Bai Ling salute together, completing this attempt and getting promoted.

This is enough to prove that in fact, void beads can be absorbed, but Qin Tiange has not found a corresponding solution.

“Exempted.” Qin Tiange waved his hand, bowed his head and thought, and continued to take out a few beads, staring silently.

For a long time, he suddenly invaded the beads with a strong will, drawing a ray of illusory power into the body from the palm of his hand.

Zizi ...

There was a burst of sizzling sounds in his arm, making Qin Tiange’s expression extremely dignified, his eyes flashing with a burning light.

He treats his body as an object and directly absorbs this illusory force, trying to inject a brand-new energy into his body.

Judging from the metamorphic breakthroughs obtained after the absorption of the ten calamities, the power of nothingness and imagination can be absorbed Bang!

But unfortunately, just the next moment, a blood vessel on Qin Tiange’s arm suddenly burst, flesh and blood splashed, and the scene was a bit scary, making people unbelievable.

“Still not?” Qin Tiange’s brow was deep, feeling a little tricky, but he couldn’t absorb it, or it didn’t work. Is his body not strong enough?

“My lord, let us help you!”

Finally, the Ten Calamities, Bailing, and Renhuang Sword were immediately cut out. The three directly decided to help Qin Tiange to absorb this power.

As soon as the words fell, the three major artifacts all lighted up, swallowing hundreds of void beads one after another, and refining and filtering this power directly with their own bodies.

The last ten robbed monuments, Renhuang Sword and Renhuang Seal, passed the filtering power to the master Qin Tiange.

boom!

Feeling a mysterious energy entering the body, Qin Tiange trembled on his body, an unprecedented understanding sweeping the mind.

Chapter 1070 - Draw

When the Three Great Treasures absorbed the power of imagination, and passed it to Qin Tiange after filtering, a mysterious comprehension came to the moment when the power poured into the body.

Qin Tiange's entire mind was indulged in it, as if swimming in an endless void, with a wonderful understanding and feeling.

He felt for a moment that he had turned into a force of nothingness, constantly wandering in the vast nothingness, endless.

Gradually, he began to have a new understanding of this power, with a deeper understanding, and finally was no longer blank and clueless.

Creation, how does the power of creation, and why can the Creator create things in the void and completely create everything in the universe?

This is not the same as the imaginary force in the nothingness, which has produced dense cosmic bubbles, created countless universes, and contained countless universes.

In such a scenario, how can it not be shocking. The Creator created everything in the universe just because the Creator realized the power of the void and gained control of a little power of the void.

This is the Creator, who possesses the power of creation, that is, he controls the power of nothingness, creates all beings from nothingness, and the universe is born and destroyed.

Qin Tiange suddenly realized at this moment that he directly saw the essence of nothingness, and saw the essence of the Creator, as if he saw through all the obscurity and fog blocking, and saw the true nature.

It's like an epiphany, seeing the truth, realizing yourself and everything, and seeing the nature of power.

Click!

At this time, Qin Tiange's body suddenly had a weird change. The vitality of the body was suddenly extinguished.

The skin became dull and began to produce cracks, more and more, these cracks spread all over the body.

Just like the transformation of the Three Great Treasures, Qin Tiange's body has also undergone strange changes, which is terrifying.

"Oops, nothing is enough."

"How to do?"

At this time, the Emperor Seal and Emperor Sword trembled together, and found a very serious problem, that is, the lack of nihility.

Hundreds of illusive beads could not be refined to meet Qin Tiange's transformation needs. If it stopped at this moment, Qin Tiange's evolutionary transformation might fail.

This is the only chance. If you miss it, you may stop here forever, so the three treasures are naturally anxious.

"Sister Ten Robbers, what should I do?" Bailing was anxious.

It is a matter of life and death in the future of Qin Tiange. How can you not be anxious, the three big treasures are a little anxious, and the power of nothingness is getting smaller and smaller, and it will dry up the next moment.

Once the energy delivery is exhausted, Qin Tiange is a failure of the advanced level, and complete failure of metamorphosis is equivalent to stopping here in the future.

"Break through nothingness and forcibly extract the power of nothingness."

Suddenly, the ten calamities revealed a decisiveness, directly displaying the ten calamity monuments of the body, which severely broke the nothingness and penetrated through them.

Suddenly, the Emperor's sword buzzed, and a powerful sword penetrated through it, inserted into the nothingness to draw the power of nothingness.

The imperial seal of the people cooperated with the two to continuously extract the power from the nothingness, extract the power of nothingness, and filter it to the master Qin Tiange.

boom!

With the desperate efforts of the three great treasures, forcibly extracting the power from the void, this void collapsed and collapsed.

No one can see the terrible scenes, otherwise they will be stunned by such terrible scenes.

Qin Tiange is being brought together by the three great treasures, drawing endless emptiness, and being transformed a little bit.

The transformation of his body, the power of emptiness consumed is extremely magnificent, as if endless, it is simply a bottomless pit.

In the end, the three top treasures couldn't meet Qin Tiange's speed and limit of swallowing.

As a result, the three Great Treasures were unable to maintain the balance of the transmission of nothingness, and Qin Tiange was again in danger.

Fortunately, at the critical moment, Qin Tiange instinctively captured the powerful mysterious force of nothingness from the surrounding nothingness.

This only eased the crisis, did not cause transformation failure, and completed the final transformation a little bit.

I saw that Qin Tiange's body cracked a little, and a ray of light overflowed from it.

boom!

Suddenly, Qin Tiange's body suddenly exploded, scattered into countless fragments, and quickly disappeared.

When Qin Tiange's body shattered, a hazy light emerged, and there was a figure sitting in front of it.

This man is Qin Tiange. His original body has been transformed and fallen off, and his current body has become extremely perfect and powerful.

It can be said that Qin Tiange has made amazing breakthroughs and changes this time, as if he has completed a wonderful evolution.

"It turns out that this is the power of creation, the power of creation?"

Waking up quietly, Qin Tiange suddenly said such a sigh, as if he understood what is creation and what is creation.

The creation of the void uses the power of nothingness, the force that creates everything, and nothingness means not existence, but the source of everything.

Qin Tiange Ming realized this, it is tantamount to completely controlling the mystery of the power of creation, as well as living unimaginable changes.

The biggest change is strength. At present, Qin Tiange's strength has reached a terrifying limit.

He is not a creator yet, but he is more dangerous than ordinary creators, and even has extremely terrifying potential and background.

Because Qin Tiange has not been able to break through the Creator, he has been able to fight against the Creator, which many creatures cannot do.

"Congratulations!"

The three great treasures were all together to thank Xie Dahe, Qin Tiange nodded slightly, and was very happy to watch the three breaths change.

They are naturally happy for their masters, but Qin Tiange has a bigger idea, and if he is known, he must not be scared to death.

Qin Tiange stretched his body and suddenly felt that his body had become different from the inside to the outside.

There is a force hidden in the body, which is extremely scary. A thousand large universes and 60 trillion small universes have all achieved mysterious metamorphosis.

This transformation caused Qin Tiange's strength to skyrocket by 50%. According to his current strength, 50% is already very scary.

Now Qin Tiange can easily defeat his former self. This is the biggest kind of progress and breakthrough. He can almost make a complete leap and become the creator.

“It seems that the power of nothingness can be absorbed, and the effect is almost horrible.” Qin Tiange said to himself, shocked in his heart.

He felt the powerful changes in his body, excited in his heart, thinking that if he continuously absorbed the power of nothingness, he might even exceed his imagination.

“Okay ...” Qin Tiange smiled softly: “The three of you will grow up by taking advantage of nothingness. I hope you will become the artifact of creation as soon as possible.”

“Yes, my lord!”

The three great treasures took their lives together, and they were so excited that they had the opportunity to achieve the artifact of creation, and couldn’t believe it.

The artifact of creation is a powerful artifact at the level of the Creator. The ontology achieves the creation, and the instrumental spirit transforms into the Creator.

This is the creation Xuanqi!

“Let’s go and follow me as you wander through nothingness and practice well.”

Qin Tiange laughed, leaped into the air, tore open the gap in nothingness, stepped into it and disappeared.

The three great treasures turned into gods, quickly pierced through the nothingness and chased them up, beside him, a hazy light was continuously emitted, tearing away the misty nothingness.

Qin Tiange, with his three treasures, began his journey towards nothingness. From the area where nothingness beasts parasitized, he went deeper and killed countless nothingness beasts.

He not only killed these nihilistic beasts and obtained nihilistic beads, but also relied on the joint strength of the three great treasures along the way to draw the nihilistic power to cultivate and transform.

On this wonderful and brand-new cultivation path, Qin Tiange and the Three Great Treasures transformed and advanced a little bit, becoming more powerful and horrible.

Huh!

In the nothingness, a hazy figure flickered out. Looking at the nothingness, there was a burst of flames all over his body, and his face was a little annoyed and angry.

“Asshole, why are you gone again!”

The man opened his mouth with a sigh of breath, and two flares of fire were pouring out of his eyes, looking at the vast void.

What she was looking for, her face indignant: “It’s really a bastard, even running around. At this time, he still has the mood to go to the void, to swim too much?”

“Let me find you, but it makes you look good!”

This popular lame foot stepped on nothingness, flickered away in one step, and chased along the remaining breath of Qin Tiange.

She is Suzaku, from the deepest part of the virtual battlefield. From there she released a phantom to find Qin Tiange, a new generation of people.

It is a pity that the people are now emptiness, and the travelling sea is too empty, so it's noisy, but the Suzaku who came to him was furious.

Qin Tiange was unaware of this, and took his three great treasures all the way to nothingness, digging up walls of nothingness, beheading countless nothingness beasts, and drawing endless nothingness.

Moreover, as he continued to excavate, suddenly a powerful force started to stop, as if to limit him.

More and more beasts emerged, blocking Qin Tiange's excavation, and even an unknown force gradually approached, even paying attention to Qin Tiange.

hiss...

In the depths of nothingness, the endless parasitic beasts roared, making a horrible hissing sound, dense and dense, and endlessly gushing.

There were also some imaginary beast owners comparable to their creators. It was scary, as if they had broken into the old beast's nest.

“There is a force to block it. It seems that opening up nothingness is not so simple.” Qin Tiange looked at the endless nothingness beast, blocking him in front of him like crazy.

He did not continue, but quietly retreated with the Three Great Treasures, and simply left without any ambiguity.

cry!

He didn't walk long, and a Suzaku broke into it, startled by the scene in front of him, almost thinking that he had returned to the endless battlefield in the depths of nothingness.

“Damn, what is he trying to do?”

Suzaku, after catching up, was angry, looking at Qin Tiange who disappeared, and looked very angry and irritable.

Unfortunately, Qin Tiange is no longer here, leaving only endless void beasts and there are several void beast owners who look at the broken Suzaku tiger.

“hiss...”

A terrible scream and a terrible assassination were inevitable, and the poor Suzaku was caught in the endless stream of nihilistic beasts here.

She was besieged by several beast owners in a frantic siege, and she felt annoyed at Qin Tiange in her heart.

“Asshole, I’m with you!”

Suzaku made a roar of anger, completely transformed the body, and launched a crazy fight directly.

As a five-way lord, Suzaku naturally has his own majesty. Even a phantom has the deterrence of terror.

Sure enough, as Suzaku showed his body, at once, countless fears of the inanimate beast instincts, even those who were comparable to the Creator, were a little jealous.

Suzaku started ***** slaughter here, while Qin Tiange himself continued to swim freely and nirvana, continued to practice breakthroughs, strive to break the limit, and step into the creation level.
