

Dark Ages 107

Chapter 107 - Big fat chicken?

“what is that?”

“A big fat chicken?”

In the carriage, a group of people focused their eyes and looked at them, and suddenly saw a bird like a fat chicken constantly pecking at the dead fleas there.

A pecking and a pecking, one excited while eating, covered with colorful feathers, looks extremely beautiful.

However, it is surprising that this fat parrot's wings have been stripped of hair, and it looks weird like a fat chicken.

Murmur ...

Many people swallowed saliva and stared at the happy eating parrot, only to find that there was a parrot in the carriage?

Moda saw the parrot sting a moment, as if remembering that Qin Tiange came back with a huge colorful parrot, it seemed to be the one in front of him.

“Willn't this be the mutant parrot chasing us?” Liu Yan came up, his eyes flashed with surprise, and looked at the big parrot that was pecking at fleas.

Xiaolong Xiaoya and others paid attention, eyes twinkling, staring at the big parrot, the body of two meters long, but unfortunately the feathers of the wings were pulled out.

“It doesn't eat people, right?” Some people could not help but worry, back away.

They were worried that this mutant parrot would attack them. After all, they still saw the scene of this parrot chasing everyone with a densely packed mutant bird flock.

A young man worried, “This is a mutant parrot, are we driving it away?”

As soon as this remark came to an end, the young man's forehead was beaten immediately, and he turned around to see that it was Moda, the burly student, who hit him.

Moda dropped her helmet and looked angrily, scolding: “You want to die, that parrot was brought back by Brother Qin, and we can't handle it yet.”

“But what if it attacks us?”

“Yeah, this is a mutant parrot, very fierce.”

Many people hold objections and are afraid that parrots will attack them. Mutated creatures are generally more aggressive, and human-made parrots have become somewhat different.

They are worried and want to drive away this big parrot, but Moda disagrees. Not to mention this is a parrot brought by Qin Tiange. Even if he brings back a zombie, he will not let people drive away.

“Don't say it. Just stay away from it. I don't think it will attack us.”

At this moment, Liu Yan came over and said gently, feeling that this parrot would not actively attack them, and that the parrot with its wings and feathers pulled out could not make the climate.

The person talking here had been heard by the mutant parrot, swallowing a flea that was still struggling and swallowing, and then stared directly at the group of people in front of it.

“Ga ... what do you want?” The mutant parrot stared alertly at the person in the carriage, his eyes wandering around, and then spread its hairless wings, threatening: “Don’t come here, the baby is very powerful, you If you dare come, I will peck you to death. “

Listening to the constant threat of this parrot, Moda and others were speechless and couldn’t help vomiting in their hearts. Is this still a parrot?

“Shouldn’t it be refined?” Someone couldn’t help swallowing saliva, his face horrified.

Long Xiaoya was surprised. She took the first two steps, looked at the mutant parrot, and smiled: “It is very likely that it has become refined. The parrots that were raised in the past will speak. It now looks more spiritual and feels like a Like children. “

“Xiaoya, you have a lot of love, beware of being peened by it. This is a mutated macaw, known as the Hercules, and the bite of the beak is extremely horrible.” Liu Yan warned her.

She naturally knows parrots, and sees that this is the mutated macaw in front of her. It looks docile and cute, but no one knows after mutating. After all, it chased them with the mutated watch group.

“Tiange, is this parrot really okay?” Liu Ye was not assured, and finally asked Qin Tiange who was looking at the situation over the window.

I was right to ask him. After all, he brought back the mutant parrot. After hearing Liu Yan’s inquiry, the latter realized that he had brought back a mutant parrot.

Qin Tiange looked back at the mutant parrot. As far as he could see, the majestic mutant macaw immediately stunned, shook his head, and looked at Qin Tiange from time to time with a look of fear.

“Stew it.” After a few glances, Qin Tiange seemed to carelessly say a word.

A lightly fluttering sentence made the cabin momentarily quiet, one by one, he never expected him to say so.

Tamarix looked at him, looked at the parrot, and muttered, “Stew? Can parrot meat be eaten?”

“Should be able to eat?” Long Xiaoya continued her words.

On the other side, Moda and others looked at each other, their eyes were faint, their eyes staring at the mutant parrots became a little different, as if they were not looking at a parrot, but a big fat chicken.

“Really stewed?” Yang Xiaolin couldn’t help licking his lips and was very emotional.

“Ga ... what do you want to do?”

The mutated parrot was startled, and immediately jumped back, his body shivering, his smooth wings guarding his chest, and he looked at these people with a look of fear, especially Qin Tiange.

It horrified, “Boss don’t, you really want to stew me so cute?”

I have to be afraid, Qin Tiange plucked out its wings and feathers, cracked a few pieces of its body bones, and then slowly recovered after eating a lot of mutant fleas. It is conceivable that it has produced Qin Tiange Heart shadow.

As soon as he heard that he was going to stew himself, the mutant parrot was so cold in his heart that he almost turned away and ran away, but he didn’t dare.

Because now the wings have no feathers, they can’t fly, and, on a subway train of the form, jumping out is to seek death.

Qi Qin Tiange’s mouth slightly angled, his steps slowly came up, and he smiled: “You said, is this big fat chicken stewed or eaten well?”

“It’s better to stew. Put some green snake meat in it and make sure to make up for it.” Moda thought, and she said such a sentence.

Aside, Liu Ye seemed to understand something, and laughed: “I think it’s still crispy when it’s grilled. Look at it. It must be plump with plenty of oil and water. It’s grilled and it’s plump and tender.”

“No, no, no, you can’t do this. My meat is not delicious, poisonous, and the baby is poisonous. You will die if you eat it. You can’t eat it.” The mutant parrot frizzled and opened in shock.

It retreated quickly, hiding in the corner of the compartment, revealing a head, eyes glaring at a group of people here, 忒 terrible.

“If you don’t eat you, what’s the use of keeping you?” Qin Tiange said unmoved as he walked over and said, “Moda, you take someone to see if there are any barbecue appliances or cooking on the train.” Tools, if any, bring me here. “

Hearing this, Moda was surprised for a while, then realized suddenly that he understood the meaning of the words, but instead of asking him to find any tools, he let him take someone to check the condition of the entire train and see if there was any safety hazard.

“Yes, Brother Qin, I’ll go immediately!” Moda responded, left with more than a dozen sword shield hands, and went to check the train.

Among the remaining people, Nie Teng looked at this side with a hundred dead men far away, his face was flushed, and he was about to laugh.

“Husband, that parrot is so cute.” Next to Nie Teng, his little daughter-in-law said with a smile.

“Cute?” Nie Teng groaned. The mutant parrot was so cute. Didn’t you see that it was chasing them with the densely packed mutant birds?

“Boss, my wise boss, don’t!”

There was a sudden scream in the carriage. Everyone was surprised that the mutant parrot suddenly jumped out and rushed to Qin Tiange’s feet in three steps.

The next moment, an astonishing scene appeared. I saw the mutant parrot holding out two hairless wings and hugging Qin Tiange’s feet. The whole body was lying there mourning. The cry was really desolate, and the smell was sad. The listener shed tears.
