

Dark Ages 1071

Chapter 1071 - Cut off the power of foster care

“Dish ... is it you?”

In the nothingness, a figure stood in the midst of a mist, talking to himself, as if to look at the world of ignorance.

Since stepping into nothingness, Qin Tiange feels stronger and stronger, as if there is a force calling for him to move forward.

Where to go is the deepest point of nothingness. This feeling has been particularly strong recently, as if a force in the body is working.

Qin Tiange suspected that this was the power of Pan, because he obtained a drop of blood from Pan, and even the Pangu tribe as a Pan ethnic group naturally had a mysterious connection and resonance.

In the body, Qin Tiange's power is getting stronger and stronger, has gradually got rid of the influence of the disk, and even no longer depends on its power.

Recently, with Qin Tiange's success in drawing up the power of nothingness, he has a feeling of completely cutting off this power.

Qin Tiange already has enough strength to be able to cut off the external force in his body completely without any influence.

“My body is affected by two forces, one belongs to the disk and the other belongs to the eyes of the mysterious creator.”

Qin Tiange was contemplative and constantly thinking. He thought he was in control of the two forces, but with the previous breakthrough, he saw the hidden dangers in his body.

In his body, there are two forces, which are difficult to control at all, because the main source of those two forces has not disappeared. How did he become him?

Unless the source is eliminated, the power can be completely controlled, or the source of these two powers can be completely consumed.

The power of the disk comes from the owner of the disk. He did not die. It is no wonder that Qin Tiange can really control the power of the disk.

It's like at this moment, if Qin Tiange stays in some big universe, that power will surely be under his control.

“Uncontrollable power, has been affecting me, Pan, what do you want to do?”
Qin Tiange muttered to himself, his eyes were deep.

At this step, Qin Tiange has seen higher and farther, and is even about to stand at the same height as the master of the plate.

Hum!

Suddenly, Qin Tiange raised his hand with a buzz, and the Emperor's Sword floated on the palm, exuding a hazy luster.

Looking at the Emperor Sword, the weapon of the former master of the plate, Qin Tiange's expression was inexplicably realized, as if he had realized something.

“Haha, this is the case, it is indeed the master of the plate ...” Qin Tiange suddenly realized, looking at the Emperor Sword, he had an understanding.

At this moment, he suddenly realized that the pan owner had left a drop of essence blood and why this sabre was.

The essence of blood is to leave the Pangu clan, and another is to give birth to another strength, plus the protection of the sword, and grow up all the way.

As this force grows, it will become stronger and stronger, and eventually even become another owner.

However, this power is still under the control of the owner, which means that it is a part of the power split by the owner, even if it becomes stronger, it belongs to the owner.

“the host!”

The sword emperor of the Emperor Emperor gently emerged, bowing his head to salute, and Qiao Tiange seemed to change constantly.

She looked at Qin Tiange carefully, but saw him smiling with a smile, and said to herself: “The master left this power with me, let me help him develop, good master, treat me as a nanny. . .”

As soon as the words fell, the Emperor Jianling shuddered, and did not dare to speak. He stood in front of him without a word.

“Now that it has grown up, then this power should be returned to the owner ...” Qin Tiange suddenly said to himself.

Before waiting for Huang Jian to react, he saw Qin Tiange's body tremble, and a dim spirit came out from his brows.

It was the spirit of the human book, suddenly holding a dim sword, and turning it into a sword, the true spirit struck directly on the body of the body.

With a click, Qin Tiange's body trembled slightly, and a mysterious and powerful force was cut down deep in his blood.

In the heart, a drop of blood ticked out, and then a powerful force gathered there, forming a strong light.

“Come on!” Qin Tiange turned pale and cut off all the strength and blood that belonged to the disc, completely severing it.

This power has grown all the way in his body, and today it can be said that he has grown into another master.

Although it is not as good as it is, it is not much worse, otherwise it will not be called more and more, making Qin Tiange uncomfortable.

All of this is a drop of blood and strength left by Pan Zhu, and he wants Qin Tiange to help him grow up.

“I gave him back the strength of the master, and since then, I owe it to him.” Qin Tiange was shocked, his blood was boiling, and he gradually recovered.

He has a powerful heritage in his body, and he has recovered some of the origins of the universe, and soon repairs the huge consumption of the power that cut out the master of the plate.

It can be said that this time consumed all the power, but it was soon added back, because Qin Tiange felt that all the power in the body was transforming.

That was his own power. The power that really belonged to him was no longer affected by other powers.

“No, there is still strength.”

Soon, Qin Tiange’s eyes flickered, and a trace of silver awns appeared in his left eye. Those were the eyes of the mysterious creator who fought fiercely with the disc master.

Thinking of this, Qin Tiange’s gaze was fierce. Since he wanted to cut out the hidden dangers in his body, he would never stop doing it.

puff!

The sword of the Emperor Emperor changed dramatically, his heart jumped, and he looked at Qin Tiange in horror. He even pierced his left eye with one hand and dug out a silver eye.

“You have helped me grow all the way, and I have cultivated your strength, and at the same time got what I want. Now, they do not owe each other.”

Qin Tiange’s expression was indifferent. Holding the silver eyes at that moment, he lost all the cracks in nothingness and disappeared in a blink.

Then, the flesh and blood in his left eye recovered quickly, and a brand new eye grew out and recovered completely.

“Let’s go, go back with the power of Panzhu’s foster care here, and tell him that we are two clear.” After Qin Tiange finished, he turned directly and stepped into nothingness and disappeared.

There was only one face, Huang Jianling, who looked like a silly man, and looked at a vast force in front of him. He was in a daze. It was a force completely cut out by Qin Tiange.

How strong is this power? It can be said that as long as this power is swallowed, the power of Qin Tiange’s anti-war creator and slashing the creator can be obtained.

Perhaps this is another owner. Although not as terrible as the real owner, it is already very scary.

Once this power returned to the body of the disc master, what would it be like, it is tantamount to the disc master suddenly repairing doubled.

That's the master of the plate. Xiuwei has reached a limit. Once he has broken this limit, he is entering another level.

Hum!

Suddenly, a buzz came from the power, and a drop of blood in it seemed to be called, and the Emperor's Sword rolled in a moment to break open nothingness.

This power flickered, shattered the barrier of nothingness, and rushed into a mysterious and unknown land of dreams.

There, there is a mysterious passage, where a burly figure sits, confronting a terrible existence opposite.

“Ok?”

Suddenly, the figure shook slightly, and saw an inexplicable crack in the back, bursting a powerful energy from the inside, wrapped with a drop of blood and an ancient sword.

“what?”

On the opposite side, the horror was in suspicion, watching the strange energy suddenly coming, extremely strong.

And that drop of essence blood turned into a person all at once, that's what the dish looks like, and another dish owner.

“Phantom? Separation?” Opposite, the terrible creature was horrified, watching the other disc master who suddenly appeared, carrying the ancient sword up.

The next moment, he was awakened and surprised: “No, this is your other power. Do you have confrontation with your deity, and is there power?”

boom!

The figure that arrived was just another force of the owner, which was originally left in the universe. I did not expect that the parasite was successful and grew all the way.

“Finally here ... I didn't expect it, or it exceeded my expectations ...” The owner murmured and waved gently, and the dim figure suddenly melted into his body.

Suddenly, a mighty power broke out in Pan Zhu's body. He was already strong enough, and stepped into a limit, unable to break through.

Now all of a sudden there is a terrible force, which belongs to a force he has fostered outside, and has grown to this day, and it has met expectations, even exceeded expectations.

This made the owner very surprised. What was even more unexpected was that Qin Tiange was awakened. He cut off this power and released it.

It is equivalent to saying that the owner of the plate suddenly broke the original limit, and an extra force of life came out, which overwhelmed the opposite force!

Suddenly, an axe split, and the opposite side collapsed, and that terrible existence was suddenly robbed, and the body was split open by a master's axe.

“Han, how do you calculate ... But do you think you have the power to foster outside?”

The terrible creature healed, yelled loudly, and cracked with nothingness, and a silvery white eye flew out of it.

Seeing this eyeball, the owner's gaze was frozen, and he hummed, “In the past, I have killed your avatar, but I did not expect to have an eyeball left.”

“Hahaha, Pan, let's fight!”

The terrible creature suddenly appeared from the opposite side, a silver hair flying, a silver-white eyebrow blooming in the eyebrow.

who is it? It was able to confront the owner of the plate, and the powerful power was not lost to the plate owner at all.

boom!

The two Xeons were fighting again, fighting in this mysterious and ambiguous nothingness, but this time there was a situation.

Huh!

It was hitting, and suddenly a violent gurgling came from the opposite side, and the owner's body was beaten out.

“Hahaha, Pan, this time you're done ...” The creature burst out laughing, looking at the blurry figure walking next to him, looking extra excited.

“Pan, don't come here?” When he saw this figure, Pan's face slightly changed, his eyes flickered, and he stared at the hazy figure.

“It's you?”

The owner of the disc changed his face slightly and recognized the other party. With the arrival of the mysterious person, the one-on-one confrontation became a one-to-two situation.

A crisis is coming, the owner of the disc is serious, holding a sword and axe, there are two major mysteries.

Chapter 1072 - Reinventing the origin, creating the mysterious

“Master, just give up the Emperor Sword?”

Deep in the void of the sea of the sea, a figure sits there, surrounded by a strong force of nothingness.

Beside, the two figures loomed, it was both Shijie and Bailing, their faces flashed a little complex.

The two people saw Qin Tiange directly give up the Emperor Sword, and even cut off their two fostering forces.

A force from the owner of the pan, an eyeball from the unknown strongman, Qin Tiange got an unprecedented ease after being cut out.

“Finally relaxed at last.”

Qin Tiange didn't answer, but exhaled softly, and there was an emptiness in his body.

Surrounded by a large number of void beads, Qin Tiange exhausted it and turned it into fly ash.

He drew endless nothingness to restore the power of the two foster cares he had cut out, and restored himself.

“The strength that has been fostered on me has been cut out. In the future, there will be nothing and strength that can stop me.”

Qin Tiange said to himself, his eyes revealing an unprecedented firmness, as if the two links were completely cut off.

At present, Qin Tiange no longer has any external force in his body, which is completely his own power, purely flawless and powerful.

“That's not the Emperor's Sword, but the old sword of the owner, what's the use of others?” Qin Tiange said calmly.

These words made Shijie and Bailing tremble together, looked at him with some worry, did not even both of them be abandoned?

“I want to reorganize my own body!” Suddenly, Qin Tiange made a decision to rebuild his own body.

It is Qin Tiange's intention to reorganize the ontology to make human books, and this is his real forged treasure.

Only by refining his own body can he be the Creator, and the body be a powerful artifact of creation. This is the way he has to go.

“Come out!” As soon as Qin Tiange waved his hand, he saw an ancient book appearing in front of him, and a powerful breath permeated.

This is a fragment of human books, which was captured by Qin Tiange in one hand, and reorganizing the human book is what he has to do.

“Broken!” Qin Tiange's body broke suddenly with a low drink, turning into pieces of debris that were intertwined and floating constantly.

Pieces of flesh and blood began to be re-trained, turning into a little bit of crystal, and continually gathered on that book.

Qin Tiange reconstituted his book with his essence of flesh and blood and recasted his former body.

That is a kind of return to origin, and the lost ontology must be recovered. This is called returning to origin and rebuilding the ontology.

What is the essence of Qin Tiange is naturally a book of human beings. A book is broken, leaving only the spirit of human books.

Now he wants to reorganize the body, return to its original origin, completely reappear the human book, and even appear in a more powerful form.

Once the reorganization is completed, that person's book is an out-of-the-box artifact of creation. The real terrible treasure is only a treasure belonging to Qin Tiange, which is equivalent to the body.

Huh!

Pieces of pieces were tempered out, continually fused on that book, and a burst of sounds came out.

Not far away, the ten calamities and the seal of the emperor's seal were horrified, and looking at Qin Tiange's approach, he even reorganized his body and refined the book's body.

This is a kind of resurrection, returning to the origin, directly reshaping the origin of the origin, regaining its former glory, and even stepping into a higher realm.

"Master him ..." Bai Ling was shocked, watching Qin Tiange completely turn into endless pieces of flesh and blood, constantly refining and tempering.

The Ten Jade Monument is much calmer, admonishing: "Be careful and alert, the master is currently at a critical moment and must not be disturbed in any way to protect the law for the master!"

The two great treasure spirits directly left and right, protecting Qin Tiange, being alert to nothingness around and not putting anything near.

At this time, Qin Tiange is reorganizing his body a little bit, rebuilding the original body, and the recasting of human books is a self-recovery of Qin Tiange, and it is also a sign of breakthrough.

As long as he finishes, he can step out of the previous limit, and in the further, all the cell universe in the body will be completely transformed.

That was a decisive breakthrough will. There was no way back. The only way was for him to pass, successfully break through, and reorganize himself.

Buzz ...

The books of people are constantly trembling, the breath is getting stronger and stronger, as if there is endless divine power and mysterious power brewing in it.

When Qin Tiange's body was smelted and cleaned, the book recombination was completed, and the whole body trembled, and suddenly an infinite amount of magical light bloomed.

Click! Click!

The reorganization of the human book, a ray of mysterious light overflowed from the inside, and the original book is like a strange mass of material, which is being reorganized rapidly.

This scene made Shi Jie Bei and Ren Huangyin stunned and really saw the incredible picture.

Qin Tiange really used his own body to return to the original, reshape the original source, and reorganize the human script.

The reorganization of the Ontology Book has been completed. Then Qin Tiange, hasn't his body gone?

No, Qin Tiange's body has not disappeared, but it is a reorganization of the original book of the person, which is equivalent to directly reshaping the previous body.

Finally, the current body is actually the book body.

However, Renshu is now in a breakthrough stage, and it is constantly reorganizing and reorganizing to seek a breakthrough.

It can be said that Renshu has all the power in Qin Tiange's body, a thousand large universes, and 60 trillion small universes.

This power has not been able to exert at all before, because there are two fostering powers to draw from their own heritage.

Qin Tiange has been fostered in the body by two forces, and now stands out, completely releasing his endless heritage.

At this moment, Qin Tiange was truly an invincible powerhouse, and now he has reorganized his former Japanese script.

I saw that a powerful and mysterious light burst out on the book of human beings, and a ray of fortune was permeated.

Xuan Qi of nature, supreme power!

Huh!

With a rumbling came, the nothingness clicked and cracked and collapsed autonomously, as if unable to bear the sudden coercion.

It was the breath of human beings, and a natural breath that emanated from it was so crushed as nothing.

This breath shocked the Ten Calamity Monument and the Emperor Seal, and suddenly there was some kind of induction and understanding, as if he saw his own path to fortune.

“This is good fortune?” The Ten Calamities murmured to himself, his eyes shining with a strong light, burning.

Like the emperor's seal, both felt the mystery and mystery of creation from Qin Tiange's books, and obtained a strange understanding.

Perhaps, in the future, it won't be long before both can successfully break through themselves and achieve their own artifacts.

Hum!

The human books buzzed and emitted countless mysterious light, and a natural breath was revealed, which made Zhou Hai unable to bear and collapsed.

I saw a fascination of mysterious material suddenly appearing in human books, like flesh and blood, and the magic of a void creation.

These strange substances constantly draw energy in the nothingness, and draw out little by little the power of the nothingness, and continue to grow and derive.

More and more mysterious substances form a group, and gradually evolve into a huge meat ball, composed of countless mysterious substances.

A hazy light spilled from the book of human beings, and suddenly there was a looming figure in that ball of meatballs.

Click!

With a crack, the meatball was completely split, and a perfect figure slowly emerged from the inside.

He is Qin Tiange, returned to the original source, reorganized the ontology, and obtained a true transformation and breakthrough.

Hum!

Qin Tiange beckoned gently, and the book of humans flew to the palm of his hand. A blood-line connection passed into the mind, giving him a wonderful feeling.

The human book, which is his own body, is mysterious and powerful, and it will become different after being truly reshaped.

“This is the artifact of creation?” Qin Tiange sighed slightly, looking at his own book, and he has become an artifact of creation.

But he had complicated emotions, and he didn't know if it was joy or what. In short, Qin Tiange's mood is a little complicated now.

But this emotion came and went quickly, Qin Tiange recovered in a blink of an eye, his expression with a touch of ease and ease.

This remodeling succeeded, and the Xuanqi of the fortune became the artifact of the fortune. And he himself recomposed from adversity once again, his own strength has undergone tremendous changes.

The biggest change is that the 60 trillion cells in Qin Tiange's body, after drawing endless nothingness, successfully transformed into big universes.

In other words, Qin Tiange now has a total of 60 trillion thousand universes in his body.

Between every cell in the universe, there is a force of nothingness that makes the seemingly close distance endless.

It is as endless as Zhou Hai's nothingness, giving Qin Tiange a truly thrilling feeling, and his body seems to have become another Zhou Hai.

The 60 trillion large universe cells are dying one by one, and there are countless new large universe cells born and some destroyed.

At this moment, Qin Tiange really saw clearly and controlled the changes of each cell in his body.

In his body, the number of cells in the big universe is slowly increasing, and the speed is getting faster and faster, as if opening up some terrible bottlenecks and barriers.

Since then, Qin Tiange's cultivation and strength have embarked on a path of no limit, there is no limit at all.

Countless large cosmic cells in the body are undergoing autonomous transformation, thinking of birth and death, thinking of creation Qin Tiange has tried it in his own body.

With one thought, countless lives suddenly burst out of the large cosmic cells in the body, and endless life species began to emerge and evolve.

Birth and destruction, rebirth and reincarnation, the thought of birth and death, this is the supreme power of the Creator, creating endless life mysteries in the body.

This is the Creator, a supreme realm full of infinite possibilities without any limits. Only at this step can the true dominance of the universe be born.

“It turns out that this is the Creator, this is the Xuanqi of Creation!”

Qin Tiange opened his eyes inexplicably, saw through the ignorance, and saw the master who was fighting against the two most powerful creatures.

Suddenly, the three major Xeon Creators who were fighting were all together, stopped in suspicion, and looked over here.

Hiss!

Four intense eyes collided with each other, making a terrifying sound, and nothingness was completely torn apart.

Chapter 1073 - 1 word "kill"

In the depths of gray emptiness, four strong eyes stared at each other, and they collided and intertwined with each other, tearing up the blind place.

Qin Tiange's expression was calm, with a burning light in his eyes, and a vast and endless universe came out in his eyes, and then the rumbling disillusionment.

One by one, the big universe was quickly destroyed after it was born, revealing a breath of supremacy, like the supreme master of all things in the universe, the supreme creator.

Hiss!

The emptiness broke apart, revealing a blind spot where there was a mysterious passage where a giant giant was seated.

The giant let Qin Tiange see at a glance that it was the owner of the pan, with a sword and axe floating behind it, exuding a mighty might.

As for the existence of the two horrors confronting the disc master, they cast their eyes and looked at Qin Tiange scorchingly, showing a hint of surprise.

“A new generation of people?”

“So strong will and breath ...”

The two mysteries are in suspicion. When I saw Qin Tiange, I felt a sense of horror, because I was too shocked.

Not to mention them, even the owner of the pan froze, looking at Qin Tiange with a hint of surprise.

“Hahaha, no wonder you directly gave up my strength and that guy’s eyes, it turned out to be this way.” The disc master suddenly laughed, smiling very happily.

Originally he was still wondering why Qin Tiange cut off his power directly, and even abandoned it with the Emperor Sword.

This is to give up the power belonging to the master of the plate, and let his own power truly transform into growth. This is Qin Tiange.

“Is this the one you cultivate?” Opposite, the mysterious creature that just appeared, looked at Panzhu in wonder.

As soon as this remark came to an end, Qin Tiange suddenly moved. A hazy figure passed through nothingness, and in a blink of an eye came to this place of dreams.

A mysterious and unreal place, a strange passage, it is not clear where to go, but someone is blocking here.

The disc master is blocked here. The two creatures on the opposite side are very mysterious and powerful, so Qin Tiange feels the horror of the other side.

Hum!

His arrival aroused the buzzing and trembling of the ancient sword of the Emperor, and sent out a sorrowful sword groan, as if sad.

Seeing this, the disc master suddenly gave a laugh: “It belongs to you. It was created by the source of the sea I used to conceive you, and why did you abandon it?”

Yin ...

The Emperor Sword issued a shocking sword sing, and immediately broke away from the owner of the pan, pierced through the nothing barrier, and blinked in front of Qin Tiange.

In fact, this sword is not really the sword of the owner. It is the collection of the source of Qin Tiange’s ontology, and the strength of Zhou overseas.

Because the owner brought him around, many people thought that this was the sword of the owner, even the ancient sword itself was a little ignorant.

In fact, this is just a tailor-made for Qin Tiange, the purpose is to accompany him to grow all the way.

But I didn’t want people’s books to be broken directly. At the beginning, the owner of the disk could not stay in the universe and had to break it out. In the end, he couldn’t continue to stay.

Everything, it is the master of the pan in order to train a strong man out, this series of plans.

“Birth of my origin?” Qin Tiange said to himself, and his hand gently pointed out, and saw the sword of Renhuang Gujian suddenly tremble, overflowing a strange origin from it.

Suddenly, Qin Tiange’s eyebrows fluttered, and a book flew out of it, shaking and buzzing, as if he had encountered something.

That is the birthplace of the Three Books of Heaven and Earth People, which was created into a sword. In fact, the Three Books of Heaven and Earth People is a plot of the master of the pan.

Originally, he wanted to train the three most powerful ‘Heaven and Earth People’, but in the end, because of Heaven’s betrayal, the Earth Book’s death, and the Human Book’s fragmentation, his plan almost failed.

Fortunately, the spirit of the human book has completed its transformation, returned successfully, and embarked on the cosmic nothingness, came here, and became a strong man who can dominate them.

“I won’t say this in advance ...” Qin Tiange hung his book over his head, holding the ancient sword of Emperor Huang in his hand, and his whole body suddenly became a little different.

His eyes were burning, staring at the two terrible existences opposite the nothingness barrier in front, with a hint of curiosity.

“What are they?” Qin Tiange’s sentence almost let the owner of the plate draw away without a smile.

“Ha ha ha ha ...” Pan Zhu laughed a lot after hearing it, and almost burst into tears, but there were two arrogant faces on the other side with a gloomy face.

Qin Tiange’s words are a bit irritating, what is it? Opposite the two powerful creatures could not help anger.

“You are the owner, latecomer, you will die ugly.” The horror creature with white hair, a silver-white eyebrow flashing a horrible light.

He stared at Qin Tiange, saying, “Dare you come, and your deity will cut your head off and hang it on the monument. You are the second owner hung there.”

“Nothingness?”

Qin Tiange frowned a little, looked at the owner, and then saw the giant axe beside the opponent suddenly split a beam of axe.

With a click, the void broke apart, revealing a mysterious void battlefield, and a towering monument was seen in it.

That is the monument of nothingness, with a skull hanging on it, and a human head that hasn’t been rotten, which is the owner of the previous generation.

Hum!

At the moment of seeing the head of the Lord, Qin Tiange's pupils bloomed with two horrible rays, killing the sky.

At the same time, the head of the master hanging above the Void Tablet suddenly shed two lines of blood and tears.

“Later, don't give in!”

With a loud shout spreading through nothingness, the Lord's head opened his mouth and said such a sentence, 铿锵 powerfully filled with 铮铮 killing.

He died in battle and refused to lose, because of this he was cut off and hung on the piece of nothingness.

“Master?”

The head of the man opened his head and shocked everyone in the battlefield. The Lord of the Five Parties looked at each of them in horror. The creators of all parties were shocked and looked at the bleeding head.

The Lord's head even opened up and spit out such a sentence, clicked, his eyebrows suddenly broke completely, and the original indomitable belief remained inside.

“My mission is complete, and I will leave it to you ...”

With the sound of that sorrowful roar, everyone's face changed greatly, and then the head of the Lord suddenly burst into infinite light.

boom!

Just listening to the roar, the head was completely exploded, turned into a towering energy to break through the blockade of Void, and suddenly penetrated the Void to Qin Tiange's presence.

It was an endless mass of powerful energy that belonged to the Lord of the previous generation. At the moment Qin Tiange arrived, the induction between the Lord and the Lord immediately awakened his immortal faith.

“Owner ...” Qin Tiange muttered to himself, looking at the majestic power floating in front of him, which turned out to be the unwilling force left by that master.

This was the only power, which was given to him directly after Qin Tiange's arrival, and his head completely disappeared.

“Huh, how can I still retain a ray of immortality?” On the other side, the silver-haired mysterious creature grunted coldly, dissatisfied.

Another mysterious creature sneered, dismissing: “A residual force, what can you do, come here and dare to step in here, and you will have no place to die.”

The two terrible creatures there were trying to kill Qin Tiange, a new generation of masters, but they couldn't come over.

Because Qin Tiange did not really set foot in this mysterious land of ignorance, but a projection entered into it, and no real body came at all.

He broke through the barrier of nothingness and came here to see Pan Zhu and two unknown beings fighting against each other. The situation is not good.

“For the human race to die, leave this power to your juniors ...”

Qin Tiange said nothing in silence, and suddenly he finished speaking, and he waved his hand gently, and he saw a majestic energy in front of him immediately breaking the nothingness, disappearing in a blink.

This power belonging to the Lord of the Last Generation was directly driven into Qin Tiange by Qin Tiange, and flew along the purest descendants of the Blood.

He didn't want this power, although it was very strong, but he didn't need this power, but left it to the offspring of the Lord, not to the end.

“You like hanging your head on the stone monument?” Qin Tiange slowly looked up, looking at the silver artifact.

The old eye was the creature in front of me, and the silver eyeball on the eyebrow was cut out by Qin Tiange before.

“I didn't expect you to be parasitic by two forces, and you haven't died yet. The power of the disc has protected you from being parasitized and killed by the eyes of the deity.” The silver creature hummed and looked at Qin Tiange.

Qin Tiange didn't care at all about this, his figure was dim, and suddenly the illusory body trembled and gradually became firm.

Huh!

Qin Tiange's body shuddered, and nothingness ruptured around him. He was crushed and crushed by a powerful breath, and the scene was extremely scary.

As Qin Tiange slowly opened his eyes, Zhen Shen came down here, holding the ancient sword of Renhuang, and the book was suspended above his head.

He stepped into this mysterious channel step by step, standing beside the owner of the pan, the two of them suddenly burst out of breath, and thundered.

“Here, what's hidden?” Qin Tiange came, impressing the three most powerful men present.

Because who can enter here, there must be a force comparable to them. Otherwise, if you do n't see that no other creator can come?

There is one who can come across, that is, you have already reached this level before you can enter here. Now Qin Tiange has come, proving that he has already had a stronger power than others such as masters and others I do n't know, I only have one belief That is to kill out from here. “The owner of the pan was simple and clear, and he replied forcefully, leaving Qin Tiange speechless.

do not know? Don't you know what to kill here?

Qin Tiange stared at his eyes and hummed: “Then there is nothing to say, one word” kill “, cut off the two blocking dogs on the opposite side, and type in to see what happened.”

“court death!”

On the opposite side, the two Xeons were angry. Without saying a word, Qi Qi killed them.

And here, facing the two powerful creatures, Pan Zhu and Qin Tiange did not reveal any trace of weakness.

“kill!”

Simply sharply, Qin Tiange and Pan Zhu both violently exploded, the strongest force broke out and killed them, one by one into a ball.

The moment Qin Tiange arrived, it completely disappeared.

Chapter 1074 - Break into a weird river

Huh!

Qin Tiange punched away, his unmatched strength, as if endless universes erupted, shocking the world.

Just listening to the sound of the cricket, the silver creature on the opposite side flew across the body, spilling silver-white blood flying down.

A look of shock flashed across his face, watching his arm bend, and he couldn't turn any more.

“What's going on?” The silver thing was shocked and frightened.

Just one punch, the moment the two forces collided, their arms bent directly into their bones, and they even burst into pieces.

If he had not forcibly retreated, he might have been knocked out, maybe even his body would be half blown with a punch, which is enough to see the violentness of Qin Tiange's punch.

“Hahaha, good!”

Not far from there, the owner laughed and seemed very happy, and was blocked and suppressed by the other side for countless years.

Now that Qin Tiange is here, he finally let him release the pressure inside him, his whole body exploded, and he took a huge axe and slashed up.

Boom boom ...

The mysterious creature that had just arrived was frustrated by the owner of the game, and he lost a lot of strength.

After all, he is no better than the silver-haired man here. The other side is surrounded by a powerful power, which belongs to the power of time.

This kind of power is extremely horrifying, if it is not for Qin Tiange's time to comprehend from each other's parasitic power, he may now suffer.

Moreover, even if he didn't realize, Qin Tiange's strength in his body was enough for him to smash all the power of the opponent.

With a full force of 60 trillion yuan, can you imagine what this surging new and terrifying force will burst out of?

Huh!

As soon as Qin Tiange raised his hand, the ancient sword of the Emperor suddenly slammed, pierced through nothingness, and fell into his hand with a blink of an eye.

He carried the ancient sword, one step at a time, and instantly killed the silver-haired strong man in front of him, the strong man who once parasitized an eyeball in Qin Tiange's body.

Now, in the face of the Lord, Qin Tiange naturally did not have the slightest intention to keep his hand.

Uh ...

The shadows of the two were staggered, and the sound of crickets came, and the silver-haired young man was holding Qin Tiange with a silver gun.

The weapons of both of them were extremely tyrannical. Qin Tiange's ancient sword was already half a step away from creating artifacts, and the silver gun on the opposite side was stronger.

Because it is already an artifact of creation, but isn't the ancient sword weak at all? The two collided, and a strong slaughter broke out.

Hum!

Suddenly, Qin Tiange sacrifice a glorious light from his heart, and he was blocked by a silver gun, which turned out to be a big seal.

The Emperor's Seal struck across the air, exuding a mighty might, and was directly attacked by Qin Tiange's sacrifice. The two great treasures suppressed the good fortune weapon opposite.

"Nothingness!"

Suddenly, the silver creature drank, beckoned softly, and the nothingness monument in that battlefield suddenly broke through.

A powerful battle monument struck across the air. Seeing that it was about to hit Qin Tiange, he saw a bone monument appearing behind him.

Ten monuments emerged, a fierce blow to the sky, and a loud bang, two stone monuments flew together.

Qin Tiange looked expressionless, looking at the Ten Jade Monument and the Void Monument facing each other, and two powerful steles were buzzing strongly.

"It's a treasure, but unfortunately it hasn't completed the artifact of creation." The silver creature on the opposite side gave a sneer.

In response, Qin Tiange replied with a taunt: **"Even if it is not an artifact, it is more than enough to break your vanity."**

“Go and completely destroy the monument.”

Qin Tiange pointed a finger gently, and the book above him suddenly emitted an infinite amount of light, belonging to the splendor of the artifact.

Suddenly, Renshu hit directly on top of the Void Tablet, causing a huge shock, the two lights flashed, and fierce fighting began.

“kill!”

The ten calamity stele screamed, the emperor’s seal buzzed, and the three great treasures were working together to destroy that piece of nothingness.

Seeing this, the silver object on the opposite side had a cold face, hummed, and suddenly threw the silver sharp gun in his hand.

With a short sigh, Lin Xuan throws up his own Emperor Ancient Sword at the same time, directly blocking each other, both of them hitting nothing.

Renhuang sword fights the silver magic gun, while Renshu unites the Ten Calamity Monument and Renhuang Seal with a mad rush against the Void Tablet.

“kill!”

Looking at the slaughter between the utensils, Qin Tiange was not stupid, but went straight up and punched him.

With a loud bang, the fierce fighting between the two started again, which became more intense, and even the fists of the two who lost their weapons were more fierce.

boom!

A punch in the face door, the silver spout spit silver blood, was severely hit, and his cheeks were sunken.

But Qin Tiange was kicked in the chest by his opponent, his bones were broken, and a clear footprint was sunken, which was very scary.

The two bodies flew out, but they flew by, and the bangs hit together again. Tens of millions of times, billions of collisions and clashes, the emptiness channel was a little turbulent and some areas appeared collapse.

“No, the barrier is broken.”

At this time, the silver-haired young man sighed and felt bad, because the channel originally had a strong barrier.

As a result, it was now torn by the fighting powers of the four strong men. Looking at the constant collapse of the broken barrier, the two horrible beings on the opposite side could not sit still.

“kill!”

“Open up nothingness!”

A roar came, and Pan Zhu and Qin Tiange worked together to break the barriers on the opposite side and kill them all.

Suddenly, the fierce battle became more fierce. The two creatures blocked the arrival of Qin Tiange and Pan Zhu, and did not want them to step inside.

And the pan master and Qin Tiange are so good at blocking, not to mention the pan master, the power in Qin Tiange's own body has not yet erupted.

Why is some of the power hidden? This is the feeling of Qin Tiange. After coming here, I always feel a bad feeling. I must hide some of my power as a precaution.

This battle seemed to suppress the opponent's fight, but Qin Tiange really did not exert his true power.

There are more than 60 trillion big universes in existence, and new big universe cells are being added every moment. The birth of every single universe cell represents an extra big universe power.

Although some cosmic cells collapsed and were directly destroyed, new large cosmic cells were born.

Qin Tiange's body is like a brand new cosmic sea. Numerous universes are born, and some universes are destroyed. This is the cycle of life and death.

boom! Bang bang ...

One punch and one palm, tens of billions of punches in the blink of an eye, the silver spat on the opposite side vomited blood continuously, and his body was in ruins.

His brows were full of light, but the effect on Qin Tiange was very weak and almost useless.

“Damn, you understand the origin of time from this parasitic power?” The creature screamed, looking very depressed.

This is the eye that struck one's own foot and parasitized Qin Tiange's body, but was penetrated by the other party's secret, and realized the core strength and the origin of time.

boom!

Responding to him was Qin Tiange's relentless punch, which contained the strength of 100,000 massive universes.

The mighty power, an endless force of birth and death erupted, and the rallying force pressed the opposite creature full of silver dancing, with a distorted face.

boom!

He only heard a muffled sound, his arms smashed, and his heart was passed by a fist.

The broken body flew out, the silver was overcast, the injuries on the body were quickly repaired, and the silver awns staggered, and soon recovered.

“open!”

Qin Tiange yelled, and fisted his fist against the front wall. At once, the mysterious wall that had been broken was smashed by him.

Just listening to the bang, the battle here has affected a void battlefield, and the vanity monument that had been there is gone.

This caused the powerful creatures on the opposite side to be crushed directly and beat them step by step. Everyone realized that there was a strong person to help the owner.

“Our opportunity is here, kill it!”

Suddenly the five lords roared together, the blue dragon, white tiger, suzaku, basalt, unicorn, and the five lords Qi Qi shouted.

I saw that the mysterious creatures and powers on the opposite side were repulsed in an instant as the Five Lords broke out, and then retreated.

Lost the guardianship of the imaginary monument, the line of defense here has steadily retreated, and was killed by a large number of powerful creators, such as the five-way lord.

“Roar ... breaking ground!”

Suddenly a roar came, and the constant turbulence in the nothingness shattered an unknown land.

I saw a horrible giant, surrounded by gray chaos, holding up a huge axe and slashing in front of nothing.

With a loud bang, the axe opened the sky, with the invincible forward splitting the world, cutting all obstacles all the way, splitting a vast channel.

Many creators saw it, felt the strong axe light, and marveled at it one by one. This is a sign that the master is opening up a path to nothingness.

“The master is open, kill!”

For a time, the creators boiled, killing all of them crazy, crushing the mysterious creatures and the strong ones across the road, and constantly beat them.

As the master opened up the emptiness channel, he continued to cut out a mysterious channel of ignorance, which made the two Xeon creatures on the opposite side a bit horrified.

“Damn, I can't stop it!”

Seeing Pan Zhu and Qin Tiange showing their might, under the joint force, the two creatures on the opposite side could not stop at all.

boom!

Finally, the mysterious creature that was fighting fiercely with the master was chopped by an axe, and it was hit **** the spot, showing its true content.

“Is it you?” The moment he saw this guy, Qin Tiange stared at the creature in front of him and knew him.

That's right, this creature is the one that was blocked out of the big universe in the past, and the one that wants to devour the big universe.

“Well, the deity’s clone has not successfully swallowed the owner’s original universe, causing him to successfully cultivate you. This is a great mistake.”

The other party spoke, and it turned out that everything is like this, this creature wants to swallow up the original universe of the birth disc master.

Only in this way can the foundation of Panzhu be annihilated and the latter’s subsequent aid be cut off. Unfortunately, it failed, and Qin Tiange successfully killed him.

“Since you are, then die!”

Qin Tiange’s eyes were cold, his arms suddenly trembled, and unparalleled strength suddenly erupted in the universe.

Suddenly, Qin Tiange exploded with half of his strength and punched him directly in front of the mysterious creature.

collapse!

A super strong punch broke a mirror, and it broke apart, and the imaginary mirror surface was collapsed by the fist, and penetrated the opponent’s body without hindrance.

Boom, swept the fist, smashed the creature’s body on the spot, and half of his body didn’t even have the qualifications to dodge.

Bang Rong’s fist pushes all the way, smashing the nothingness channel all the way past, breaking a certain mysterious barrier instantly.

With a sound of Qin Long, Qin Tiange and Pan Zhu, as well as two Xeon creatures across the road, entered a mysterious and vast river.

“here is?”

As soon as I entered, I felt a vast force of nothingness sweeping in, as if the waves were rolling and drowning them.

It was an endless force of nothingness, which seemed to be swept across by torrents, which shocked Qin Tiange’s heart.

“Two wastes!”

An indifferent and cold voice came from the rolling torrent of emptiness, which made Qin Tiange and Pan Zhu tremble together.

“Open!” The two turned suddenly, each bursting out the strongest condensed hole card, slamming for the source of that sound.

Chapter 1075 - Only kill!

Click!

With a crisp sound, the billowing rapids were broken, and the mighty torrents of emptiness rolled back, even breaking the current.

Qin Tiange and Panzhu joined forces to strike Xeon, which exceeded expectations, and even made the entire strange river a long crack.

A loud rumbling came, and the strength of the two pushed across, and finally a hidden strong figure was forced out.

boom!

The two forces collapsed, disappeared mysteriously in front of the man, disappeared strangely, and surrounded by an unclear force.

Unknown, mysterious, full of nothingness.

“Lord, save me ...”

After hearing only a scream, Qin Tiange looked cold, hummed, lifted his foot, and clicked, spreading, and the torrents around him collapsed.

At the foot of Qin Tiange’s foot was a broken and broken figure, which was the tyrannical presence that struck half of the body.

But now he has broken his head with one foot, leaving only half of the headless corpse, struggling constantly, with a scream of sorrow, but not dead.

The creator is not so easy to kill. As the creator, if he does not have the corresponding ability, he cannot kill the same level of creator.

Because the Creator can think of all beings, including himself, soul consciousness, flesh and blood reorganization, only in one thought.

Huh!

Sure enough, as the broken corpse at his feet collapsed, it turned into a mass of flesh and blood quickly gathered into a figure in front, and the reorganization was completed.

“You ...” Qin Tiange Xun was punched in the head just before he regrouped.

He only heard a clatter, his head was completely smashed, and this time his belief and consciousness were ruthlessly destroyed by Qin Tiange.

As the so-called thoughts, life and death can be reorganized, but if you have no thoughts, how to continue to regenerate yourself?

“Swallow!” Qin Tiange was fierce and swallowed the creature’s true spirit directly, swallowing it upright.

“presumptuous!”

Seeing this, the mysterious and unknown creature was angry, snapped, and shot a terrible blow directly at Qin Tiange.

The torrent of emptiness converged, tumbling in, as if the entire river of emptiness had been mobilized by him, converging into one blow.

“open!”

Qin Tiange didn’t move, the disc master next to him suddenly chopped an axe, the power of opening the sky was surging, and he split the vast torrent of nothingness all the way.

Seeing that the blow didn't work, the creature seemed very angry and stepped on the torrent of emptiness step by step.

"My dog hasn't come to kill you yet." The other party said such a sentence as soon as possible, so that the remaining silver almost did not vomit blood.

A dignified super-existent existence was described as a dog by his unknown existence.

"Hum, I want to kill and kill, who can stop?"

Qin Tiange snorted softly, swallowed everything of that creature, completely eliminated the possibility of the other party's resurrection.

Without thought, there would be no reorganization. Naturally, there is no resurrection and rebirth. This method of death is the worst kind.

"No wonder, I said the taste was so unpalatable, it turned out to be your dog. It seems that the next time you eat it, you should see if it is your dog." Qin Tiange said this in a calm tone.

As soon as the voice fell, the whole weird river suddenly trembled, and the torrent of emptiness lingered for a while, and the flow stopped there.

Not to mention that silver is shaking with anger, that is, that powerful and unknown existence is angered.

"You wait to die!"

The creature was so angry that he rolled up his hands, and the endless stream of emptiness was tumbling and swept up.

Seeing this, both Qin Tiange and Panzhu couldn't help shrinking their pupils, staring at the mysterious existence in front of them, feeling terrible pressure.

Who is this, what is there, why is it here, and where does this weird river belong?

"Be careful, this creature in front of you is probably beyond the existence of the Creator." Pan Zhu suddenly reminded.

Qin Tiange heard his eyes flicker and hummed softly: "No matter what it is, since it has become an enemy, kill it."

"war!"

Almost instantaneously, Qin Tiange and Pan took the initiative, instantly smashing the terrible torrent of turbulence, collapsed in nothingness.

"Open the sky!" Pan Zhu waved his huge axe, splitting the strongest blow, the axe light, opened up the world, and split the rolling rapids in the river of nothingness all the way.

"kill!"

Qin Tiange was even more succinct. It was exactly a flesh and blood fist burst out. There was nothing fancy, only this simple and restrained power.

Watching the blow from the two, the creature sneered, and there was a scorn of light in his eyes.

“Off!”

I saw him gently point out, nothingness converged, turned into a vast universe, directly derived.

That’s right, one after another, the complete and true big universe directly evolved, and the tumultuous Qin Tiange and Panzhu drowned up.

The endless universe was drowned out with a breath of destruction. Even the master of the pan was a little surprised and felt a powerful threat for the first time.

Bang!

An explosion spread, shaking the river of nothingness, cutting off the billowing rapids, and the two forces constantly colliding with each other. No one was willing to lose.

Faced with the blow of that mysterious existence, Qin Tiange felt the pressure, and the big universes in his body suddenly shook, burning with a terrible force.

The full 60 trillion universe exploded all at once, and Qin Tiange’s body disappeared in a flash.

When he reappeared, he had come to the powerful creature, his arm trembled, and the already-prepared strength gushed out, turning into a punch.

boom!

A muffled noise came, the powerful fist burst the fog on the opponent, but the fist was easily caught by the opponent and stopped at the opponent’s forehead three centimeters.

Qin Tiange’s eyes were burning, and he looked at the mysterious creature with real appearance in front of his eyes. He looked almost like a human being, without much difference.

“Huh?” Just when the other party wanted to fight back, he suddenly looked calm, only feeling that a mighty force was uploaded from Qin Tiange’s fist.

The endless stream of power, endless, immediately changed the creature’s relaxed expression.

boom!

With a loud bang, the mysterious and unknown figure was beaten and flew out, and was caught a little bit fur by surprise.

Qin Tiange broke the opponent’s strength with a single punch, and even broke the perimeter defense, directly taking off his opponent.

“The power within you ...”

On the opposite side, the creature was gloomy, with a hint of shock in its pupils, as if something terrible had been seen.

The strength in Qin Tiange’s body no longer belongs to the ordinary creator, it can be said to be a living monster.

Who has more than 60 trillion big universes in his body, and even continues to increase the number of big universes, growing all the time.

“Say, who are you?”

Qin Tiange looked indifferent, looking at the unknown creature on the opposite side, very strong and even more mysterious.

He snatched his hand, and saw an ancient book crossing the nothingness, entered it, and came to him in an instant, exuding a dim light.

Then, there were a few gurgling sounds in the torrent of emptiness, and there were two stone monuments crossing the emptiness, and they arrived instantly.

The imaginary monument flew back to the silver object, the ten calamities monument, the seal of Emperor Emperor, and the sword of Emperor Emperor successively flew to Lin Xuan, emitting a hazy light and killing the sky.

The opposite creature saw here, his eyes were cold, and he was about to make a shot, but saw that the master of the pan flashed, and the giant axe stepped towards the torrent of emptiness, and came to Lin Xuan's side.

The eyes of the two were calm and their breaths gathered together, and they directly locked the terrible and unknown creature opposite.

“Master, what do you think of everything here and in front of you?”

Qin Tiange looked at the owner of the pan and suddenly got a question. It seemed to have some understanding and speculation about the situation here.

The discoloration of the two looks a little weird and skeptical, apparently guessing what this mysterious long river is.

“This river is flowing with a kind of nihilistic blood.” Pan Zhu expressed his opinion word by word.

As soon as this word fell, the unknown creature and the silver opposite were staring at each other, revealing two beams of horrific killings, apparently moving the heart of killing to Pan Zhu and Qin Tiange.

The silver creature's face was gloomy, saying, “God, kill them, you must eliminate these unstable factors.”

“Huh!” The unknown creature sneered, saying indifferently: “You shouldn't come here, you know too much, you will die miserably ...”

But Qin Tiange sneered, floating in his palm a cloud of gray energy rays, chaotic and surging, as if taunting each other.

“Want us to die?” Qin Tiange smiled sternly: “It depends on whether you die first or we die first.”

“kill!”

As soon as the words fell, the owner, Qin Tiange killed almost at the same time, each burst into a powerful force and hit the unknown terrible creature fiercely.

With a bang, the two's strongest blows were blocked by a barrier of nothingness, allowing the other side to point in front of each other and couldn't get in.

“what?”

Qin Tiange's pupils shrank, looking at the power blocked in front of him, feeling a strong crisis permeating his mind.

Pan Zhu's expression was serious, his eyes were burning with two terrible rays of intense light, looking at the creature in front of him, so strong.

“It's no use, it's good that you can come here but never try to break in unless you surrender to my feet.”

The creature said something indifferent and let Qin Tiange and Pan Zhuchen submit under his feet?

“Submit?”

Qin Tiange opened his eyes, two beams of gray light tearing through nothingness, showing a horrendous killing, endless.

“There is no word” submission “in our dictionary.”

“Only ... kill!”

As soon as the words fell, two extremely terrifying forces erupted from within Qin Tiange and the main body of the disc, and they both converged into one and hit the barrier in front of them severely.

With a bang, the barrier broke, the unknown creature was robbed on the spot, his body crossed the nothingness, and even the silver creature was chopped into the billowing water by Qin Tiange and Pan Zhu.

boom!

Four terrible super powers, in this weird long stream of constant slaughter, broke into the billowing rapids.

Chapter 1076 - Immortal

Huh!

There was a violent collision, just like the big universe collided with each other.

Deep in the rapids, four strong horizontal figures fought against each other. Two to two, they played extremely fiercely, which was difficult to solve.

“kill!”

Qin Tiange drank violently and killed him insanely. All the big universes in his body broke out. He didn't leave any cards at all and showed them all.

That monstrous power, even the unknown creature across it, felt terrifying and incredible.

boom!

How horrible is the power that erupted with one punch and one palm with endless force and endless universe?

Even in the presence of the transcendence of the Creator, he was a little moved, and he fought with Qin Tiange to realize that this guy is just a monster.

“Come!”

After a fierce battle, suddenly, the unknown creature beckoned fiercely, and saw a strong light flying from the upper reaches of the Changhe River.

A moment of bang hit Qin Tiange and Pan Zhu, and it turned into a door, blocking them in front of them.

A stream of emptiness hurricanes rolled through the door without any obstacle.

However, Qin Tiange and Pan Zhu were hindered from stepping on the side of the door.

“open!”

Panzhu drank violently, his body swelled swollen, and instantly turned into an innumerable giant, wielding a giant axe and slicing at the door in front of him.

Listening only to the loud noise of “Dangdang”, Pan Zhu’s body flew upside down, and he returned to its original size in an instant, but he couldn’t break that door?

“broken!”

Qin Tiange drank, and his body had already nearly 70 trillion trillion universes erupted in unison, turned into a force to gather fists, and hit directly on that door.

With a bang, the fists roared, the door trembled, and the light was constantly intertwined and coiled, and it almost burst.

But in the end, Qin Tiange was shocked and took a few steps back, looking at the strange and transparent door in front of him.

“No need to waste any time.”

I saw the words from the other side of the door. The unknown creature and the silver creature walked up together and stood opposite the door.

The two creatures sneered, looking at Qin Tiange and Panzhu with a taunt of ridicule and contempt in their eyes.

Just listen to the unknown creature saying: “This is the gate of eternal life, which isolates you from entering the hall of eternal life. You can already touch something you should not touch. If you surrender to my feet, you can enjoy it with two people. The mystery of eternal life. “

“The gate of eternal life? Eternal life?”

Qin Tiange said to himself, his eyes flickered with a hint of light, and looking at the door in front of him was very powerful and weird.

He felt that the door was stronger than the artifact, and had an unbreakable power, like eternity.

“This is an eternal treasure, beyond the artifact of creation.” Pan Zhu said lightly.

After he finished speaking, he raised his great axe and said, “My Arcana, I can almost break through the limits of nature and make it eternal.”

“Unfortunately, after all, it seems that there is a block of power, that is, my own cultivation as a force, as if there is a block of power to block it.” After the owner said, Qin Tiange understood vaguely.

He looked at the immortal door in front of him, and then looked at the unknown creature across the door, and suddenly understood what kind of creature he was.

“Are you eternal?” Qin Tiange said.

Opposite the door, the immortal was surprised, looked at Qin Tiange, and hummed, “The strength in your body is weird, so strong that it’s impossible to happen.”

“In the Creator, apart from this plate, no one is like you. Both of you are weird. They are variables and must be removed.”

The words of the eternal life made Qin Tiange and Pan Zhu’s eyes flicker. They looked at each other and both saw the light in each other’s eyes.

This guy wants to get rid of Qin Tiange and Panzhu, but just after a fierce battle, the silver spawner is not an opponent at all.

Qin Tiange was able to block the power of the immortal, which almost caused the silver spawn to be directly slashed by the owner.

In the end, he had to recruit the gate of eternal life, blocking Qin Tiange and Panzhu, directly locking the two forward, and trapped below.

“He wants to stop us from entering the upper reaches, where there may be the power to unlock the restrictions of cultivation, or maybe there is a mystery of stepping into eternal life.” Qin Tiange said with a word, and he felt some induction. .

He suddenly felt that every cell in his body had turned into a big universe and seemed to have embarked on a strange path.

“Pan Zun, how many chaotic universes do you have?” Qin Tiange suddenly asked in a quiet voice.

Pan Zhu heard it for a while, and said nothing: “I have nine hundred and ninety-nine major chaos in my body.”

“puff!”

Qin Tiange almost spit out blood, horrified, and looked at the owner’s eyes full of incredible, as if he had seen a ghost.

He scolded inwardly: "I have a great chaos, nestling, and you have nine hundred and ninety-nine chaos?"

The strength of the disc master comes from the almost 10,000 chaos in the body, which is his powerful and horrifying side.

But the next sentence made Qin Tiange almost faint.

I only heard the disc quietly said: "However, the power you cut out before is too scary and shocking. It actually caused the number of large chaos in my body to soar. At present, 100,000 chaos have been opened."

"What?"

However, the situation in the main body of the disc is not like him, but originally has a total of 9,999 great chaotic universes.

However, because Qin Tiange cut out the parasitic power belonging to the owner of the plate, the result was that his heritage was too powerful, so that power contained a strange power.

Once returned to the main body of the disk, weird changes occurred, causing the chaos in the main body of the disk to chaos and skyrocket for a time, and the number grew madly.

In other words, the strength of Panzhu's body is currently skyrocketing. With the successful development of chaos, it is equal to the strength of Panzhu.

Now, the owner of the plate is about to break through the immortal, which makes Qin Tiange very surprised, and even more unexpectedly, the silver thing opposite the immortal gate suddenly mutated.

"Ah ... this power ..."

Suddenly a scream came, and the silver thing suddenly burst into a terrifying atmosphere, terrifying.

Even the eternal beings next to them were amazed, looking at the silver eyeballs of the silver eyebrows, and the endless power burst out.

boom!

Almost immediately, the silver spawner broke through directly from the original creator's limit, stepped into a higher level, and became an eternal being.

"Breakthrough?" The eternal life before that changed greatly, shocked: "How could it be possible to break through the Creator and become the eternal life?"

As the breath converged, the silver creature slowly opened its eyes, and a ray of horrible silver awns crossed the nothingness, immediately causing nothingness to stand still.

"Ha ha ha ha, the deity has broken through, the eternal one, I am also an eternal one." The silver-haired creature laughed wildly and seemed very excited.

He scorched his eyes and stared at Qin Tiange, horrified: "That power comes from your body, why do you have such a powerful power?"

Yes, his power comes from Qin Tiange's body. The parasitic eyes were cut out, and the endless power brought by him caused his breakthrough.

Qin Tiange looked weird. Looking at the silver spawn that broke through to become the eternal life, suddenly there was a kind of sensation that seemed to control an incredible power.

He felt that after the silver object on the other side broke through and became an eternal person, the power could be controlled by him. Once he controlled, the silver object became a tragedy.

Hum!

At this moment, the master next to him moved in, and the horrible chaos in the body was opened up, the speed was getting faster and the breath was getting more and more terrifying.

Even the two eternal beings on the opposite side couldn't help but be taken aback, shocked by the breath of the owner.

boom!

Suddenly, the master of the plate completed the breakthrough without stepping into the gate of eternal life, even breaking the limit of creation directly and stepping into eternal life.

Eternal life, that is, the existence of immortality, because whether it is the physical body or the will of the soul, it is broken and read into powder, and it cannot be killed.

This is the eternal one!

Qin Tiange's eyes flickered, and he suddenly cut off the connection of the force in the main body of the disc, completely severing it.

Ok?

Suddenly, the owner of the disk gave Qin Tiange a glance, thoughtfully, as if he understood something, and gave a little gift.

"Your strength seems to be on a path that I cannot understand. I can't help you."
Pan Zhu suddenly said to Qin Tiange.

After breaking through the limit of creation and stepping into the immortal, the owner of the pan saw some secrets in Qin Tiange's body, but not much.

He only knew that Qin Tiange had taken a different path and could not help him.

"Eternal life, immortal existence!"

Qin Tiange murmured to himself, looking at the immortal gate in front of him, and suddenly smiled: "I want to know, how many immortal people are there, and will there be more than the immortal?"

As the words fell, there was a quiet scene at the scene, opposite the immortal gate, and those two immortal ones looked dignified.

Even if the silver creature became an eternal person, it was not a bit easy, but it felt the pressure of horror, because the owner of the plate broke through, his strength is simply scary and scary.

At the same level, the silver spawner's main opponent did not die. Before, he could use the barriers to block the owner's way. This was a relay.

But now it's different. Qin Tiange is here. Can the two eternal beings in front of them block their pace?

"Pan, now that you have become an eternal one, join our eternal life temple and clear up any threats under eternal life."

On the opposite side, the unknown eternal person opened his mouth and threw an olive branch to the owner of the pan. What eternal life hall was he invited to join?

The owner's eyes flickered, and he asked, "What is the Hall of Eternal Life, and how many of you are there?"

"The hall of immortality is supreme. It has power beyond your imagination. If you join it, you will understand. After the creature has finished speaking, it will stop talking and watch the owner quietly, waiting for him. Thinking.

"Are you interested?" Pan Zhu suddenly asked Qin Tiange.

Qin Tiange smiled slightly: "My way is to find freedom. What eternal life hall is a joke. Since immortality cannot be killed, why care about the so-called eternal life hall?"

"That said, the eternal one can actually kill."

After saying this, Qin Tiange's eyes showed a burning killing intention, and the two eternal beings on the opposite side throbbed their hearts, a little hairy.

"You think about it, and to be the enemy of the Temple of Eternal Life, that is to dig the grave!"

On the opposite side, a strong light condensed in the palm of the immortal, and the immortal door buzzed and made a terrible sound.

"No matter what eternal temple you are, block my way, kill!"

As soon as the killing word fell, Qin Tiange and Pan Zhu exploded almost at the same time. Qi Qi struck the strongest blow on the gate of Yongsheng.

Chapter 1077 - Slaughtered 1

when!

The immortal gate trembled, and was pushed out by two extremely horrible forces at once. Wherever they passed, the torrent of nothingness collapsed.

On the other side of the door, the two eternal beings were horrified. Watching Qin Tiange and Pan Zhu join forces, Shengsheng hit the Yongsheng Gate and pushed it all the way.

The combined effect of the two is almost shocking.

In particular, the tens of trillions of the universe in Qin Tiange's body erupted in unison, and the voice of rumble with the power of extinction passed through the gate of eternal life and hit the eternal one.

Hearing only a bang, the immortal flew across his body, with a breath of blood hanging from the corner of his mouth, and was injured.

He looked gloomy, looking at the silver spat that had also been smashed by an axe from the owner, a scar was cracked on his body, his flesh was flowing, and his bones were broken.

The two eternal beings had a meaning that could not stop Qin Tiange and the owner of the plate, as if the two eternal beings were counterfeit goods.

“Open the sky!”

“broken!”

Suddenly two loud drinks came, Qin Tiange and Pan Gu worked together and instantly struck the gate of eternal life, and the sound of sky burst suddenly.

“Stop it!”

With a loud scream, the immortal’s face changed greatly, and his fingers swept open, forcing a drop of heart blood into the gate of eternal life.

Just listening to the buzz, the tremor of the immortal door trembled, sending out immense light, even blocking the power of Qin Tiange and Panzhu.

When the immortal door trembled, Panzhu and Qin Tiange Qiqi stepped back, and the company’s chain retreated dozens of steps before it stopped.

The two looked intently, looking at the eternal life door that burst out in front of them, and their breath was more powerful than before.

“This guy stimulates the gate of eternal life with eternal blood, bursts out of power, and wants to block the two of us.” Pan Zhu said lightly, and the giant axe in his hand kept buzzing.

At this moment, the giant axe in the hand of the owner had undergone a great change, and a wave of chaos was swallowed out, turning it into a mist surrounding the giant axe.

After looking at it for a long time, the owner said seriously: “Everyone is an eternal treasure, but the opponent’s eternal life door seems to be stronger than my associated giant axe.”

“You can’t get through unless you can break the gate of eternal life.”

Qin Tiange bowed his head slightly, his expression was a little dignified, the eternal life gate was stronger than imagined, and the other party did not seem to be the true master of the eternal life gate.

Qin Tiange saw this, and the owner of the pan saw it too. The eternal one who was opposite might not be the true master of the eternal ones.

“The gate of eternal life is not your supreme treasure, does he belong to the hall of eternal life?” Qin Tiange looked at the eternal person who was sneering and asked.

This made the pupils of the two eternal beings opposite to the door shrink, especially the creature who used the eternal blood to sacrifice the eternal life door to blink.

The gate of eternal life is indeed not his thing, but comes from the hall of eternal life, which is used to block and block some areas, and does not allow the souls under eternal life to step into the gate of eternal life.

“Yes, the gate of eternal life belongs to the hall of eternal life. There are eight hundred and eighty-eight gates of eternal life. This is just one of them.”

The immortal said something lightly and scorned: “Every immortal door can lead to the immortal hall, but inferior creatures like you etc. are not allowed to step into the immortal hall, lest they defile the immortal hall. sacred.”

“It’s ridiculous!” Qin Tiange coldly hummed, disdainful: “What inferior beings, in your eyes, you are just a taller grasshopper crawling, sooner or later, you will be knocked down the altar one by one.”

“Arrogant guy, do you know what you’re talking about?” The eternal one across was angry, but unfortunately didn’t dare to come out.

Because of the strength of Qin Tiange and Panzhu, they would almost have killed them. If they had not been blocked by the eternal life gate, they might have been hacked.

Seeing the immortal door in front of him blocking the way, Qin Tiange was extremely upset, thinking about how to break the immortal door.

“Pan Zun, do you think that our known area of cosmic sea is blocked by this immortal door?” Qin Tiange asked suddenly.

The owner of the plate was slightly contemplative, and immediately nodded: “I understand what you mean. Listen to the tone of the other party. The eternal life hall holds 8,888 eternal life gates. Doesn’t it mean that there are already the same number of us in the same area?”

When they looked at each other, they could see the surprise in each other’s heart. If there were so many immortal gates blocking each area of Zhouhai.

In that case, there are many people like Qin Tiange and Pan Zhu, or the Temple of Eternal Life has blocked the entire universe of the universe and the universe.

“A door wants to block our way, isn’t the Temple of Eternal Life so confident?” Qin Tiange looked at the door of Eternal Life in front of him and couldn’t help sneering.

The two immortal people across the face were cold and indifferent, looking down at them from above, and Qin Tiange and Pan Zhu from the upstream.

But they dare not step out of the door of eternal life, otherwise, Qin Tiange and Panzhu will definitely kill the two eternal ones in one fell swoop.

“The so-called Immortal Hall is the only timid and scared garbage like you?” Qin Tiange said sharply, suddenly speaking.

As a result, the two immortals inside the door almost blew up, staring blankly, staring at him gloomily.

“You look for death!” The eternal one was furious, almost lost his mind and rushed out of the eternal life door, but was stopped by the silver spawn.

Seeing the two immortal beings hiding inside, Qin Tiange and Pan Zhu both looked at it, but unfortunately there was no way to cross the immortal gate.

“Hum, I want your deity to go out, save yourself.” The silver creature looked at Qin Tiange and Panzhu with disdain.

Qin Tiange shook his head when the two did not come out, “I’m still eternal, I don’t know how you got here, but do you think I can’t help you if you hide in the gate of eternal life?”

“What do you mean?” Silver collapsed her pupils and suddenly felt an ominous breath and induction.

Before he could react, he saw Qin Tiange slowly raise his hand, and opened his fingers to point at him. What could he do to the other across an eternal life door?

“What are you afraid of? With the door of eternal life, how can others take you?” The face of another eternal life was full of dissatisfaction.

He believes that with the guardianship of the immortal gate, there is no need to be afraid and scruples, because it is impossible for the other party to destroy the immortal gate.

“No, that’s wrong!”

The silver creature was frightened, his hair was cold, and he was sweating, and suddenly he felt like he was in a state of utter danger.

As he was horrified, Qin Tiange’s five fingers slowly moved closer together, and a strange ray of resonance came from the two of them.

Then, the silver creature inside the gate of eternal life froze, his face horrified and twisted, as if something terrible had been encountered.

“Ah ... my power, my power.”

Suddenly a scream made the eternal one startled, and when he looked instinctively, he saw the state of the silver-haired eternal one who had just broken through.

With a horrified look, he saw that in the silver-haired immortal, a powerful new winning force had not been stabilized, and had been mercilessly destroyed.

boom!

Suddenly, the body of the silver creature trembled, and with a bang, the heart burst into a blood hole, and a powerful force emerged from it.

That is the power belonging to the eternal being. It emerged from the silver object and was controlled by Qin Tiange to escape from the opponent’s body.

This is equivalent to directly losing the opponent's immortal power, and even equal to Qin Tiange's capture of the opponent's immortal power which has just been promoted.

“Miscellaneous account!” The eyes did not look good, the eternal life started to operate came up and blasted through the eternal life door.

A powerful blow contains the formidable strength of an eternal person, who wants to fight Qin Tiange and rescue the silver spawn, after all, it is his men.

It is a pity that Qin Tiange didn't let the arm punch directly hit him at all, and the two fists hit each other instantly.

Bang!

The mighty power swept through, the waves of gas rolled, Qin Tiange shook back a few steps and stopped, his expression became a little serious.

At this time, the silver creature screamed in horror, leaving no strength in the body, leaving only an empty shell.

“No ...” Seeing that his strength was gone, and seeing that the owner of the axe chopped up, he suddenly made a sound of despair.

Axe light cut through the torrent of emptiness, and blocked most of it by the gate of eternal life, but still a small part of it broke into the body of the silver spawn.

Hearing only a click, the silver creature, an eternal being surpassed by the creator, was first absorbed by Qin Tiange's whole body strength, and then the owner of the plate was killed with an ax.

Chapter 1078 - Hidden strength

In front of the gate of immortal life, the immortal was horrified, looking at the silver **** killed by an axe not far away, a strong man who had just broken through immortality.

However, under the cooperation of Qin Tiange and Pan Gu, they were suddenly beheaded. This is still across the gate of eternal life. If the gate of eternal life is missing, he will definitely be followed.

The eternal life was originally immortal. Even if it breaks the flesh and crushes the will of the true spirit, it cannot be killed.

But now, the silver thing really died, and there was no sound at all. Both the physical body and the real spirit were killed by an axe.

The reason is that the horrible power in Qin Tiange's hand is an immortal power. Without this immortal power, it is impossible for the silver creature to resurrect.

“You can't end with the Temple of Eternal Life!”

He covered his face gloomily, his eyes were full of assassination, his anger was abnormal, and one of his men was killed again, and he was still a powerful creature that had just broken through the eternal.

This is a big loss, because the strong are hard to subdue, just like Qin Tiange and Panzhu, don't even try to subdue the two at all, only fight to death and no surrender.

“You come out, I promise not to kill you!”

Qin Tiange hooked his hands, a cold smile appeared on the corners of his mouth, and there was a huge force in his palm.

It was an immortal force belonging to the silver object, which was controlled by Qin Tiange as much as possible, and deprived of it.

“Why can you control the power that stripped him?” Inside the gate of eternal life, the last eternal person looked at Qin Tiange in astonishment.

The other party just deprived the physical power of the silver generator just now. Ninety-nine percent of the power was deprived of it instantly, which was simply horrible.

If it weren't for Qin Tiange's sudden control of the opponent's strength, and he was deprived as much as possible, the owner might not be able to slay the opponent, after all, through an eternal life door.

“It's nothing, it killed himself, parasitic an eye in my body, and I nourished it, but I just chopped it out recently. I never thought that I would backwash his original master.” Qin Tiange said to himself. Said softly.

This remark was easy, but it made the immortal inside the door look terrified, with a look of shame, and almost did not yell.

“Stupid, power is parasitic, and sooner or later become something else, and dare to accept it, it is simply stupid.” The eternal one yelled, and was angry.

He was the only one left, two of his men before, one was killed by Qin Tiange, and one was just killed.

Now he is left alone, facing the monster Qin Tiange and the eternal being the owner of the pan, for a while, his heart is very stressed.

Fortunately, there is an eternal life barrier to prevent them from passing and breaking the eternal life gate. Naturally, they cannot enter and kill each other.

Humph! Thinking of this, he hummed coldly: “Finally I advise you to wait for the two to join the temple of eternal life, otherwise you never want to break through the gate of eternal life.”

After speaking, he turned with a look of shame, and broke through the torrent of torrents with one hand, heading up against the current, disappearing here in a blink.

Only one immortal gate remained, blocking Qin Tiange and Pan Zhu's eyes, making them unable to pass.

“He's gone!” For a long time, Qin Tiange said lightly.

The owner's eyes flickered, staring at the door in front of him, the door of eternal life, blocking the way, and the giant axe in his hand had been buzzing with dissatisfaction.

“You just let me hide my strength, what’s the purpose?” Pan Zhu suddenly turned his head, watching Qin Tiange asking this.

This is very amazing. If the eternal one is still alive, it must be scared to death, because the owner did not expose all the strength, but hidden the strength, not only him, but also Qin Tiange.

Qin Tiange’s pupil flashed a faint light, and said softly: “You and I alone can easily break through this door and enter it, but think of facing thousands of immortal people, and even immortality The faint dominance of the eternal beings in the temple. “

“Do you think that the strength of the two of us is enough?” Qin Tiange asked in a rhetorical way.

The owner is naturally not stupid, silently pondering, thinking about his current strength, and indeed cannot face thousands of eternal beings.

Not to mention the ruler above the temple of eternal life, this is the most terrible, who established the temple of eternal life?

“What do you want to do?” Pan Zhu stared at Qin Tiange in surprise, the man he wanted to cultivate in one hand.

The Three Books of Heaven and Earth, only Qin Tiange succeeded in killing it, and his current achievements are no less than the master of the game, and even more mysterious.

Because of the chaos created in the main body of the disk, a force is giving back. Yes, it is giving back to Qin Tiange.

The parasitic power of the master of the plate was cut out, not all of it was lost, but a stream of feedback came over and entered Qin Tiange’s body.

This is mutual. The power that Pan Zhu’s parasitized in Qin Tiange’s body can still return Qin Tiange from the Pan’s body.

“You are in control of this immortal force, you may be able to break through the barriers and step into the immortal.” The master looked at him with a handful of immortal power.

This is the power of eternal life that belongs to the silver creature. Fully ninety-nine percent of the power of eternal life is here, and the rest is scattered by the owner’s axe.

Qin Tiange sealed this immortal force layer by layer and laughed: “The great chaotic immortal force in your body is pouring into my body. At present, this power cannot be refined, it will explode.”

“You cut off the control of the power that I was parasitizing, which is equivalent to giving up that power, don’t you think it’s a pity?” Pan Zhu looked at him seriously.

Qin Tiange shook his head with a smile, and did not answer, but asked: “The drop of essence and blood you left has no little will, but only a pure power. If you help me, I will naturally give you back a kindness. . “

“Hahahaha ...”

Suddenly the disc master laughed. The majestic body showed a desolate charm, the first person in the universe, the first chaos creature in the chaos.

“Tell me what you want to do. In fact, the eternal life gate can be broken at any time, but you don’t want to break it now?” Pan Zhu smiled and asked seriously.

Qin Tiange looked at the eternal life door in front of him, his mouth slightly tilted, and smiled: “Do you think this door can be swallowed?”

“Engulf?” Pan Zhu froze, staring at Qin Tiange blankly, a picture popped out of his brain, Qin Tiange was opening his mouth and swallowing the door of eternal life.

Thinking of this, the master of the plate couldn’t help but take a nap and ate a door, which was a bit shocking.

“You want to eat the gate of eternal life?” Pan Zhu looked at him silently.

Who is Qin Tiange who ate it all the way, before eating a space-time door before, now seeing the eternal life gate a natural idea, and ate it.

“I have eight thousand and eighty-eight gates of eternal life. I think they are interconnected. If you swallow this eternal gate and control it, you may be able to connect with other eternal gates.”

Qin Tiange said, his eyes glowed with a scorching light, and laughed: “I think the immortal gate is a set of treasures. Once you control one, you can open other immortal gates.”

“Even to directly connect other immortal gates, open those closed immortal gates, and release the creatures in other areas to impact the immortal hall.”

Speaking of this, Qin Tiange stopped and did not continue, the meaning revealed in it has been very clear.

“Are you sure?” Asks the owner carefully.

Qin Tiange looked at the immortal gate in front of him, shook his head and smiled, “I haven’t tried it, I’m not sure. When you and I have completely stabilized, we can say that the number of large chaos in your body has exceeded 100,000, and the power of immortality is changing. “

“And I, the universe in my body has been destroyed as much as possible, and is being transformed into primitive chaos on my own, brewing the power of my eternal life.” Qin Tiange said, revealing a mysterious breath.

At this moment, the number of cells in Qin Tiange’s body is increasing. Each cell is equivalent to a brand new great chaos. All universes have transformed into the most primitive great chaos.

This is a gift of power from Pangu. The two complement each other and have a strange and terrible transformation.

“Okay, then I’ll sit here!” Pan said that he would sit here at the Yongsheng Gate.

But Qin Tiange shook his head and explained: "I don't think it's necessary. If those immortal people above dare to come down, it's best."

"I don't think they will necessarily come down, otherwise they won't attract some powerful creatures to surrender and be their running dogs to block the way." Qin Tiange said this, the owner has understood.

The owner slowly nodded and said, "Well, let's be completely silent for a while and completely eliminate the internal threat."

"Go, go back first!"

Qin Tiange spoke, and the two looked deeply at the Yongsheng Gate, and finally turned around, shattering the torrent of emptiness with one hand.

Along the crack in that long river, Qin Tiange and Pan Zhu used force to open the crack and directly create a fixed passage.

boom!

With the advent of the master, a shock wave came from the entire battlefield of nothingness, and the sound of trembling came from the countless things of the nothingness parasite beasts shivering and panicking.

In the battlefield of nothingness, the major alliances and ethnic groups were all astounded. Some creators were even more horrified. Looking at the deepest place of nothingness, a terrible breath came down in the unknown place.

"That's the breath beyond the Creator!"

"who is it?"

"Looks like that lord?"

For a time, some creators were shocked at the deepest part of the illusory battlefield and felt the horror of belonging to the owner of the pan.

Beyond the breath of the creator, shocking and thrilling!

"Sir, break through?"

The sacred Lord of the Five Fangs was stunned, and the powerful forces that originally hunted the opposite side stopped, looking at the deepest point of nothingness in horror, and a mysterious channel began to emerge.

I saw two silhouettes slowly coming out of the passage. The breath was arrogant and mysterious. As soon as they stepped out of the passage, they immediately caused turbulence.

"Have met my lord!"

Suddenly, all the creators and super creatures flashed up, paying respectful worship, and dare not care.

There are more than one hundred powerful creators. They are the strongest of the creators. The virtual masters are also here, and they are watching Qin Tiange with a shocked look standing at the side of the master.

“Everyone, please.”

The owner of the pan raised his hand lightly, and all the creators got up involuntarily and could not resist the mysterious force.

“I have found the gate of eternal life, only when the time is right, I will break the gate of eternal life and step into the hall of eternal life.

“Hey, get ready!”

After speaking, both Pan Zhu and Qin Tiange disappeared, and the five-party saints followed, leaving only a group of creators.

A word from the owner made all the creators tremble with horror, and then overjoyed, because they saw the hope of progress.

Eternal life, the Creator is eternal life, as long as you break the door of eternal life, you can get eternal life and become eternal life.

At this moment, the news spread throughout the void battlefield, all the creators boiled, and countless powerful creatures were excited.

Recommended new book by the old city god:

Chapter 1079 - Eternal life, the secret of the plate

At the deepest point of nothingness, two hazy figures sit in that obscure place, their breaths are intertwined and they form a resonance. !

There is a giant axe floating next to one person, and the edge is faintly severing nothingness, revealing an eternal immortal breath, which is an eternal treasure.

The person on the opposite side was very young, with a few things floating next to him, with a dim light and not weak breath.

One sword, one seal, one monument, the three have exceeded their limits, stepped into eternity, and become eternal treasure.

Behind that young man, across a vast Guang River, turned into a treasure, which contained a behemoth, terrifying breath.

This is a long river of luck. The huge figure inside it is the emperor's body, which has become no more terror, even beyond imagination.

The whole long river of fortune, after Qin Tiange came to the nothingness of the sea of the sea, became the owner, and immediately fell into terror and transformed into eternity.

That's right, this river of luck has become eternal, and it has become somewhere between the highest treasure, but it is not.

With the long river of human fortune becoming eternal, in the future, as long as the long river of human fortune is immortal, the human race can be immortal.

And the Emperor's body has already leapt with that moment and turned into an inexplicable and unpredictable existence.

He is driving the eternal long river of fortune, and beside him stands a prophet, who has already entered eternal life with the long river of fortune.

The Prophet, cultivation is the same as Qi Yun Changhe's glory and loss, and as Qi Yun is eternal, she steps into eternal life as well.

This is the prophet's difference. Holding the Book of Wisdom in his hand, his face is flashing with infinite wisdom, and he is evolving to portray a light of eternity.

“The emperor, there is still a realm of eternal life, and neither the Book of Wisdom nor the Long River of Fortune can figure out what it is.” The prophet suddenly heard an ethereal word.

She calculated that there is still a realm of eternal life, but it is not clear what it is, which makes her very confused, and even doubt whether there is such a realm in the end?

The eyes of the Emperor's body are opened and closed, two hazy rays of light are revealed, and there is no desire or thought. There is only an absolute calmness. This is not an avatar, not an incarnation, but a manifestation of self. Shadow.

Immediately, he stared indifferently into the emptiness of the deep sky, and finally closed his eyes, and said nothing, as if he had no ego at all.

Then, Qin Tiange's body slowly opened his eyes, and two beams of gray chaotic aurora tore through nothingness, and the two beams of light on the opposite side canceled each other out.

“How?” The disc master said gently.

Qin Tiange groaned a little and said, “I can't see clearly, there is a force to block it, and the eternal life hall and the eternal life gate are connected.”

After hearing a slight nod, Pan Zhu said, “My strength has grown and conceived. When do you want to engulf the gate of eternal life?”

“Not in a hurry!” Qin Tiange shook his head gently, and said, “You and I have formed a resonance of strength, driving each other to metamorphosis is fully mature, and the great chaos has completely transformed the power of eternal life.”

Within the body of the pan owner, Qin Tiange, one by one, the chaos has completely matured, and has fully bred the power of immortality to become immortal.

Moreover, because there are too many great chaos in the two people, the immortal power that is bred is simply shocking.

Just in the main body of the disc, because it resonates with Qin Tiange's power, there are a total of one hundred and eight billion great chaos, which transforms into the power of immortality as much as possible.

It can be said that now facing the immortal who called out the immortal gate before, the owner has the confidence to hit or even kill the other with an axe. This is the gap.

As for Qin Tiange, it is even more horrible. The body has completed 99 trillion of chaos, and even evolved the power of eternal life.

At present, Qin Tiange's start-up is mainly too arrogant, but because the two are bred with great chaos and have common ground with each other.

If they fight, Qin Tiange can't kill Pan Zhuo, because his own strength is enough to make Pan Zhuo resurrection time and time again, and he can't be killed or destroyed.

Don't look at Qin Tiange's 99 trillion chaos, trying to overpower the disc master, but he can't really kill the disc master, because the power of the two is the same.

Qin Tiange obtained the essence of great chaos from the master of the pan, transforming all the cell universe in the body, and bred the great chaos.

This is the same source, and the main body of the disc has the power cut out by Qin Tiange. Therefore, it has obtained unimaginable mutations, which has caused the body to open up a billion and eight hundred million chaos.

The power of the two can be said to have something in common with each other.

"Next, wait!" Qin Tiange said to himself, as if he saw something.

In his eyes, a fragmented picture loomed out, mysterious and unpredictable, which was captured by the owner.

"See?" Qin Tiange's eyes were hazy, all sights disappeared, and a faint smile appeared on his face.

The owner was surprised and gave a slightly nodded head: "I see. In this case, wait, you can call when it starts."

"Five Lords, come and see me quickly."

Then, the owner of the pan wore a sentence into nothingness, and saw a ray of light radiate, and five powerful figures blinked in front of them one after another.

"I've seen the owner, owner!"

The five lords, blue dragon, white tiger, suzaku, basalt, unicorn, and full five sacred beasts have arrived, all of them have become different, as if almost stepping into eternal life.

Seeing this, the disc master nodded slightly: "Yes, it is about to step into eternal life, but it is a little bit worse. It seems that if you don't enter the gate of eternal life, you can't go through this barrier."

"Ashamed!"

Qinglong, Baihu, and Xuanwu looked embarrassed, because they didn't expect to break through eternal life, and they really felt shameless.

But Suzaku and Kirin are much calmer. These two are the only two women in the Five Lords. They are very strong and have a bad temper.

Kirin, Qin Tiange has seen before, and has played for a full thousand years, now he wants to come to intentionally sharpen and stimulate Qin Tiange.

Seeing Kirin lowering her head and not speaking, Qin Tiange smiled bitterly, and finally understood why the old Kirin was furious at the time.

You told a beautiful woman that she was old, and you called the old woman in front of her.

“I’ll help you!”

Suddenly, Qin Tiange slowly said such a sentence, so that the Lord of Five Fang suddenly looked up and looked at him in surprise.

Before they can figure out how to help, seeing Qin Tiange’s hands gather a strange light, gray source of strength gathered.

He directly condensed the power of eternal life of fifty great chaos directly, and each directly penetrated into the body of the five sacred beasts.

“Hisse, this power ...” Qinglong looked horrified.

The white tiger’s eyes glowed with joy and overjoyed, and the power of ten immortal chaos poured into the body, resulting in transformation and fusion.

Xuanwu and Suzaku are all excited, because after gaining this power, they will inevitably break through the barriers, step into eternal life, and become eternal life.

But Kirin looked at Qin Tiange with a strange look, because she felt that she had ten huge immortal forces in her body.

It is also said that Qin Tiange secretly gave her ten sources of great chaos to immortal life. She was grateful to the other side for helping her to practice and stimulate him to wake up and transform.

“Go and make a breakthrough.” Qin Tiange waved his hand and let the five-way saints leave.

As the five people left, the owner suddenly smiled: “Well, I never thought that you could reach such a level, I’m not as good as you.”

Qin Tiange shook his head. He didn’t take it seriously. Who is the owner of the plate? He knows how strong he is. As for transcending, there is nothing to do between the two.

He looked at the disc master in front of him, his expression was complicated, and he remembered a dim and beautiful shadow, the expression of crazy love that made Qin Tiange deeply unforgettable.

With a slight sigh, Qin Tiange asked quietly, “There is a man who has waited for you for three lifetimes, are you really indifferent?”

“Huh?” Pan master froze, his head bowed and said nothing, there was a touch of tenderness in his gaze, and the seemingly unbound Pan master, in fact, there was something hidden in his heart.

It was affection, the owner of the pan, just as affectionate, but he did not show it, because he was the first non-existent to hit the universe and enter the sea of the universe.

“She, what’s wrong?” The master’s voice became a little trembling.

Qin Tiange didn’t speak, he waved his hand gently, and saw a scene appeared before him. In the past, when he saw Naihe Bridge, he saw that beautiful figure, and everything appeared.

The owner of the disk watched silently, and the man rushed into the other bank, and ended up as brilliant and extinct as a mysterious woman on the other bank. He lived for three lives, reincarnation III, in order to wait for someone, look for someone.

Qin Tiange has never understood who that person is, but when he saw the owner of the pan, he suddenly realized it.

The woman the woman was looking for was actually the owner of the pan. The reason why she suspected Qin Tiange was the person she was looking for was because he had a drop of pan owner’s blood in her body and the power of the pan.

But unfortunately, it was not clear that Qin Tiange could not be the master of the pan, and the woman eventually died in the other bank in order to penetrate the universe and turned into a flower on the other bank.

“Oh ...” After reading it, the owner suddenly sighed, showing a trace of guilt and remembrance on his face, as if caught in a long memory.

Qin Tiange is not clear about the relationship between the two, but only knows that the mysterious woman is looking for the owner and the person she loves is also the owner With your ability Resurrecting a person is just a thought, don’t you really need it? Qin Tiange asked a little, looking directly at the owner.

I saw Pan Zhu with a bitter face, and sighed, “In the past, I was bent on breaking through the universe and rushing out. I had no intention of nostalgia, and I didn’t tell her my real name and identity.”

“I never thought that she waited for me for three lives, because I owed her too much.”

After speaking, the owner suddenly got up, his expression became a little hazy and complicated, and there was a touch of softness in his eyes.

“I’ll go back and you’re ready to call me.” The owner of the disc dropped a sentence, turned and stepped through the nothingness, and disappeared in a blink.

The rest of Qin Tiange sat here silently, looking at the owner of the disc, thinking of his woman and his friends.

“Chen Xi ... are you all right?”

Qin Tiange’s eyes glowed with dim light, looking through endless barriers, as if he saw a personal figure working hard, constantly cultivating and growing, looking for his trace.

Chapter 1080 - 10,000 years

Years long, in the battlefield of nothingness, the major alliances are still in conflict, the killing continues, generations of powerful men rise from here, and suddenly disappear. !

The major alliances, the creators of all races, suddenly reached a certain agreement, gathered autonomously to the deepest point of nothingness, hidden here, and waited quietly.

Over time, ten thousand years passed!

Ten thousand years is really not very long for Netherworld, because some strong men have been retreating tens of thousands of years, or even 100,000 years.

Not to mention the creator, it is normal to sleep for a million years, but for Chen Xi and others, 10,000 years is really long.

In the past, the powerful men who came out of the Pan universe, after the emperor Qin Tiange broke the barriers of the universe and disappeared, one by one stepped into the cosmic void.

This shake is ten thousand years!

“Sister, it’s been 10,000 years. Where is brother-in-law?”

In the battlefield of nothingness, inside a broken hollow shard, a large group of people are gathered, all of them are young strong men from the human race.

In this group of people, there are all kinds of men and women, headed by a world-renowned woman, with a group of people constantly looking for someone in nothingness.

She is Chen Xi, and next to her sister is Chen Yun, who just spoke is her. Today, Xiao Nizi has grown into a big universe-level powerhouse.

Here, as well as others, all came with Chen Xi to find Qin Tiange, and they all thought he was not dead.

“My dear, I have sensed my father’s breath. He must be alive, waiting for us somewhere.”

Suddenly, a purple figure emerged quietly, stood beside Chen Xi, and spoke softly.

She is the purple daughter, Qin Tiange’s eldest daughter, and her second daughter, Qing Lian. She is dressed in a blue battle suit and has a ten-color lotus mark on her brows.

“My dear, my sister was right, I also felt the breath of my father.” Qing Lian said affirmatively.

They have been searching for 10,000 years. This 10,000 years has been extremely long. After experiencing numerous storms, they have come to this day by step.

“My mother, it’s been 10,000 years. Why hasn’t my brother been born?”

Suddenly, Ziyi looked at Chen Xi’s bulging belly, and said with a weird look, all the people present came together.

“Ah ... naughty little guy ...” As soon as the words were finished, there was a violent vibration in Chen Xi’s stomach, as if the little guy inside had kicked him hard and made her frown slightly.

“Sister Chen Xi, watch out ...” said Xi Xi, walking around a river of life in his hand, and gently crossing the source of life.

“Well ...” Chen Xi sighed slightly, and touched the swollen belly, grinning bitterly: “This little guy hasn’t been born for ten thousand years, should he wait to see his father before he is born?”

“I see it is possible!”

Liu Yan came with a smile, a holy breath permeated under his body, holding an ancient book in his hand, and a force of people’s faith gathered.

She is on the path of holiness. To this day, she has become a true powerhouse, and has broken through the universe level thousands of years ago.

“Queen, is it not enough?”

“How about hunting down a few cosmic powerhouses and refining more sources for absorption by the queen and the little prince?”

Two graceful figures came to his eyes, saluting respectfully, and they were You Ji and Fei Rou, who became Chen Xi’s personal guards, and had grown to this point.

Chen Xi, the child in the stomach has bred a full 10,000 years, and there is no sign of birth, but Chen Xi Xiu is stuck there, unable to break through, because a life is born in the body.

That is the offspring of Qin Tiange. It is difficult to conceive. It has consumed countless sources. It would be difficult to get to this day if it has not been conceived by the river of life and even conceived by the source of countless souls.

“Forget it, the little guy is no longer absorbing the power of the source, as if it has reached saturation, and feels that he is about to be born, perhaps, during this time.” Chen Xi frowned and said softly.

She looked at the group of people around her and smiled bitterly: “It’s really sad to let you run around with me.”

“Queen, it is our duty to protect you.”

You Ji, Fei Rouqi arched their hands, and their expressions were unwavering. Qin Tiange was the master of the two, Chen Xi was the queen. Qin Tiange was not the only one who obeyed her orders.

“Li Luo, did you find it?”

Suddenly, Chen Xi said something to the nothingness in front of them. Everyone looked and saw two beautiful figures quietly emerged and walked out of the void.

The visitor was Li Luo, and there was one, Dayuer, the former jade corpse. Both seemed to have just returned.

“The queen, has made it clear that there is a message in the battlefield of nothingness, about the owner of the plate, and one ...” Li Luo came to the front and explained softly.

Just listen to her say: “Ten thousand years ago, there was a rumor that a master appeared in the Terran Alliance and broke into the deepest point of nothingness.”

“And Panzhu was there at the beginning, as if something had happened, which eventually led to the creators of the major alliances and strong clan to have entered the deepest point of nothingness.”

Li Luo’s words let Chen Xi and others shine their eyes, especially when they heard the news of the Lord, they suddenly jumped in their hearts, as if thinking of someone.

“Who is the owner?” Chen Xi looked at Li Luo with a look of excitement.

I saw her smile lightly, waving a light and a shadow, and a hazy figure appeared in it. The appearance was not very clear, but she could clearly feel that it was Emperor Qin Tiange who had been looking for 10,000 years.

“Tian Ge ...”

“father!”

“Brother Qin!”

Everyone looked excited. Looking at the light and shadow, it was the image of the master spread in the Terran Alliance, and it was Qin Tiange.

After seeing him, Chen Xi and others were so excited that they couldn’t help crying. For ten thousand years, they finally found him and looked for ten thousand years in the vast universe.

That kind of loneliness and despair almost gave up. Fortunately, I never gave up and finally found it.

“Go, let’s go to the Presbyterian Hall!” Chen Xi immediately got up and wanted to go to the Presbyterian Hall in the Terran War Zone.

But Li Luo stopped her gently, explaining: “The queen, the elder said, the Lord has entered the deepest point of nothingness, and with the Pan Lord, it seems to be sitting at the gate of Yongsheng.

“The deepest point of nothingness, the gate of eternal life?”

Chen Xi’s eyes glowed, the whole person became radiant, found the trace and information of Qin Tiange, and finally completely restored a silent heart.

“Sister Xi, let’s find him in the depths of nothingness.” The jade corpse, who had not spoken, opened his mouth, his expression firm.

Chen Yi immediately agreed, and said, “Yes, sister, hurry up, let’s go directly to that eternal life gate to find my brother-in-law.”

Not far away, a snow-haired woman kept watching, her eyes flickered, and she exuded a cold breath.

“Xue Nu, want to see him?” A word came next, seeing Du Jing looking at her with a smile, making Xue Nu couldn't help but give her a blank look.

For ten thousand years, this group of people searched Qin Tiange for ten thousand years. Now that he knows where he is, he naturally wants to go to him.

As for why Qin Tiange didn't show up, perhaps, he had his own plan, not to not want to see each other, but to let them step by step.

The strong need to go out of their own way. Chen Xi and their arrival, Qin Tiange actually sensed it, but did not appear.

Because he was sitting at the gate of Yongsheng Gate with the master of the pan. Some five thousand years ago, something went wrong and he had to guard it directly.

“Come ...” Chen Xi suddenly beckoned, seeing a book flying over, exuding the powerful breath of time and space.

That is the book of time and space. Qin Tiange's treasures left in the universe in the past contain the entire human race.

Later, because he fell into the sea of nothingness, this book stayed there, leaving Chen Xi with him, always with him.

“Go, let's go to the deepest point of nothingness, find him!”

Chen Xi's face was firm and she didn't want to stay for a moment. She simply took a group of people and even the strength of the entire human race in the past.

Of course, their movements can't hide the strong of the various races and major alliances in the empty battlefield, but no one dares to move or block.

Because of their strength, and Li Luo already has the power to fight the Creator, naturally he is not afraid of any enemy.

.....

In the river of nothingness, a mysterious gate blocked the way, it was the gate of eternal life.

In front of the immortal gate, there was a powerful figure sitting in front of it, full of breath, and pressed against the immortal gate.

There were also a few powerful figures sitting there, one by one, all of them were eternal beings, and five eternal beings appeared opposite.

“Master, how long have you been alone?”

Opposite, an immortal opened his mouth, his eyes were cold, staring at Qin Tiange, his heart filled with fear.

He was the eternal one before. He suddenly returned five thousand years ago and came with four eternal ones of the same level.

But the moment they stepped in through the gate of eternal life, Qin Tiange appeared, and he was frightened by the five eternal beings alone, hiding in the door and afraid to come out.

This cost is five thousand years, and now ten thousand years have passed. Qin Tiange has no intention of breaking the gate of eternal life.

“Not enough, how about me?”

Suddenly, a rough voice came from the lower reaches of the Void River. Seeing the torrents rolling back, a huge figure came here step by step on the waves of Void.

The person who came was the owner of the plate, disappeared for ten thousand years, and he returned. However, the owner did not return alone, he came with a graceful figure.

“You’re here!” Qin Tiange slowly opened his eyes, watching the owner of the disc, nodding his head slightly, and then looked at the person next to him.

The two looked at each other, smiled at each other, and said hello. Qin Tiange nodded slightly and said with a smile: “Congratulations, find the person you are looking for Thank you!”

In a clear and ethereal word, she was the mysterious woman who fell on the other side in the past, and the woman who turned into the flower on the other side returned.

The owner of the pan led her back, and finally it was a lover who finally became a dependent, and the love of three lives and three finally came to fruition.

“Master, owner, are you two really not willing to cooperate?”

On the opposite side, the five eternal beings are full of breath, but there is a hint of nervousness in their eyes, because it is difficult for one master to compete.

For a while, the atmosphere here was a little tense and dull, and the five immortal people were nervous when they swam over the immortal gate.

“Two people, it’s disappointing to make five of you like this.”

At this moment, there was an indifferent word from You there, a terrible breath permeated the entire river of emptiness.

Qin Tiange and Pan Zhu turned around together, eyes burning, staring at a terrible figure that gradually emerged from You.
