

THE DARK AGES

Chapter 12 - 2 star beast

He walked out of the office and went straight downstairs. In front of the stairs on the second floor, Qin Tiange slashed four zombies blocking the road, quickly dug out the brain crystal, and rushed to the next floor before the zombies on the second floor reacted.

Roar!

On the first floor, several small zombies followed behind a tall middle-aged male zombie. When they saw Qin Tiange coming down, they screamed wild beasts and rushed up.

Qin Tiange stepped forward, the steel knife waved, making a terrible sound of humming, and saw the black blood splash, the blade broke into the soft part of the middle-aged zombie's neck, and cut off his head on the spot.

Zombies, only by cutting off their heads are the most deadly, or directly piercing their brains, which can also be quickly killed.

Click!

The crossblade cut diagonally, and another head soared. Qin Tiange stepped back, his body leaning on one side and avoiding two zombie claw attacks.

At this time, he drew a knife in his right hand, just turned around and stabbed into a zombie's head, quickly drew a knife and squatted, avoiding a dark paw behind him.

扑哧!

Qin Tiange turned around and stabbed on the tip of his knife, hitting the chin of the zombie in the middle, dying through his brain. Four zombies were

quickly killed, and before the nearby zombies came over, they dug out their brain crystals, quickly rushed out of the teaching building, and hid in a flowerbed grass.

She quietly lurked for a while, carefully observed the surroundings, and found that only two zombies on the football field were swinging outside, and the other zombies were on a green tree avenue on campus.

Huh!

The figure came out, Qin Tiange cautiously, quickly rushed into the football field, ten times his physical quality made him extremely fast, reached the football field in ten seconds, came to the wandering zombies, raised his sword and waved down.

After two swords passed, the two zombies died, and after digging out the brain crystal, Qin Tiange kept walking and quickly came to the inheritance stone.

He knows that this three-meter-high heritage stele is just a temporary heritage stele that landed on the first day of the last days.

In the next month, there will be a heritage stele in other places, it is not clear whether it is in the same position as the previous life. If it is, then it is definitely good news for Qin Tiange, because he has fifteen years of the previous life. Memories.

There was no nonsense, and when the hand was pressed on the stone tablet, the light appeared. Immediately, the dense exchange items appeared in front of him.

Qin Tiange was unmoved and knew his purpose, so without wasting any time, he quickly exchanged ten one-star quenching body fluids and spent a hundred brain crystals.

Carefully wrapped the ten one-star quenched body fluids in the bag. After putting it close to his body, he quickly turned around and was ready to go back.

Ang ...

Suddenly, there was a weird roar from the campus. It felt like a pig was barking. The sound was sharp and horrifying.

The call came so suddenly that Qin Tiange, who was about to leave, was surprised, and immediately stopped and hid behind the heritage stele, staring in one direction of the campus.

There is the canteen of the middle school. The call just came from the back of the canteen. The call was terrifying and terrifying.

Ok?

Suddenly, Qin Tiange's eyes were frozen, and his enhanced eyesight saw the entrance of the canteen suddenly opened, and a petite figure burst out, somewhat familiar.

"Chen Xi?" He changed his face fiercely and cursed, "What the **** did this stupid woman cause?"

Xun Zheng cursed, and suddenly he saw Chen Xi's figure running towards the football field, panting, his face pale, and apparently out of strength.

She was originally spurred by Qin Tiange to rush out to hunt and kill zombies, but she was afraid at first, but she began to get used to it after killing one zombie.

As a result, she entered the canteen, but it was bad. She didn't know that there was a small pig house behind the canteen.

猪 This pig house was established by this middle school. It raised a sow and fed it with the leftovers of the students in the canteen. It was not wasted, and one pig could be slaughtered to add food to the students.

This is a good thing, but now it 's bad, the end is coming, dark energy is sweeping the world, most humans have become zombies, and animals are even more brutal.

Boom!

As expected, as Chen Xi rushed out, the dining hall door collapsed and the glass door was hit and shattered.

Qin Tiange kicked his eyes and saw a pig that was as big as an adult buffalo. Yes, it was a pig or a sow.

母 This sow is up to 1.6 meters long and more than 3 meters long. The whole body is huge and covered with a layer of dark red scales. When the four hoofs run, the ground is dull.

The terrible thing is that this sow is full of eyes, the original domestic sow has become extremely fierce and aggressive, two huge tusks have grown from the mouth, and a unique one has grown between the nose and the eyes. angle.

KA CA ...

There was a sharp roar, and the sow was violent, with red eyes and four-hooked Benz coming, chasing Chen Xi all the way.

What made Qin Tiange stare is that behind the sow, eighteen followers, as small as cowboys, ran out, and chased after the sow.

“Wo Ri ...” Qin Tiange screamed, cursing Chen Xi's stupid woman.

发现 He found that the sow turned out to be a two-star wild animal, and the domestic sow mutated into such a ferocious wild animal.

之处 Wherever these wild beasts pass, no grass grows, and the absolute food that can be eaten is clean and barren everywhere, so it is called a wild beast.

A two-star beast, with a group of eighteen one-star piglets, saw Qin Tiange crying without tears.

Do n't wait to be so fun? Seeing Chen Xi rushing all the way, he ran into the football field panting, and even ran towards the heritage stone stele.

Seeing this, Qin Tiange's eyes narrowed and he sneered secretly. This woman really was not honest. She was indeed a great power in the previous life.

However, he soon found himself misunderstood. Chen Xi did not come here to inherit the stele on the football field.

"You ... run!" When I came here, I saw Qin Tiange behind the stone monument suddenly, Chen Xi nodded, then shouted, and immediately turned around and ran to the other side.

Seeing this, Qin Tiange smiled bitterly, shook his head and shouted, "Don't run, you can't run away from the two-star wild beast, UU reading www.uukanshu.com come quickly."

I heard him say that Chen Xi, who was already exhausted, was pardoned, trot over immediately, and stretched out her hands on the stone tablet, breathing hard, but then her face froze there the next moment.

Seeing her like this, Qin Tiange knew that she had discovered the secret of the stele, and sure enough, soon Chen Xi woke up and looked at the stele with a horrified look. Then she looked at Qin Tiange and realized that she understood everything. .

"It turns out that this thing is a heritage stele?" Chen Xi looked stunned.

However, at this time, the two-star-level wild beast sow rushed with a group of one-star cubs, and ran on four hoofs, causing a wave of smoke to rise on the football field.

“Come here, two-star wild animal scaled pig, with a nest of one-star piglet, you will really cause trouble for me.”

Qi Qin Tiange looked dignified, staring at that two-star-level sow, with a faint light in his eyes, his hands clenched tightly with a steel knife, his heart was extremely tense and heavy.

Two stars have a huge gap with one star. It is rumored that two stars have at least 30 times the power of ordinary adults.

However, there has been a legend in previous lives. Some people have calculated that if someone can find the inheritance stele at the beginning and discover the secret above, then as long as they continuously exchange one-star quenching body fluid for improvement, they will definitely be able to strengthen the one-star level Raised to the limit of one hundred times.

A hundred times, this is the ultimate enhancement level of a star in the rumor. What is that concept?

“Tiange, what shall we do?” Chen Xi’s cold forehead ticked down and asked Qin Tiange with a tense look.

Not to mention that two-star-level sow, he said that there were eighteen one-star piglets in a nest, and one was as big as a calf, which caused a headache.

“How many brain crystals do you have?” Qin Tiange suddenly asked
