

## Dark Ages 121

Chapter 121 - Giant ant

Click!

A sizzle rang through the grove, and a thick bush shattered.

I was shocked to see that a behemoth rushed out, darkened all over, with three sections in the body, and a hard carapace. At first glance, it was an enlarged version of an ant.

That's a giant ant!

“Giant ant?” Qin Tiange's pupils shrank, and he secretly murmured.

At the first glance of seeing that thing, he knew what it was. He never thought it was a giant ant, three meters in length and one meter in height, full of behemoths, and the huge pliers flashed with amazing coldness.

The two giant tentacles were dancing constantly, sensing the prey information around them, and immediately captured Qin Tiange's existence as a group of them.

“Damn, it's a giant ant, let's go!”

Zhao Wenbin was so frightened that he was scared, but he did not expect to be a giant ant.

This ant is the largest of the known ant species in the world. Adding to the horror after mutation, the three-meter-long and one-meter-high body gives endless oppression.

The most terrifying thing for them was that not only was a giant ant in the woods, but it was densely packed, and a large number of giant ants appeared.

“Ah ... boss help!”

Suddenly, a scream came from the grove. Some people on the outskirts were attacked and were torn apart by some giant ants on the spot.

The \*\*\*\* smell was permeated, and the three teams were tense in the grove.

Qi Zhuo Tianfan looked dignified, and his men gathered, one by one holding weapons, some with guns, and some with knives, all looking very nervous.

“Brother Qin, we are surrounded!”

At this moment, Moda, who had just left, hurried back again, taking three people, holding the stunned policewoman out of the bushes, and came to them, all looking a little embarrassed.

Seeing this, Qin Tiange frowned slightly, looked at the giant ants that appeared constantly around him, and said unluckily.

They were surrounded and wanted to come to these giant ants because of the attraction caused by the helicopter crash, or the smell of the corpses here attracted these giant carnivorous ants.

“Come with me, kill it!”

When the decision was made, Qin Tiange took the lead in drawing the knife. When the first person approached, he rushed up to kill the encircling circle of giant ants.

At this time, you must not hesitate, otherwise you will be eaten up by the giant ant colony. Once you cannot kill them, it is likely that everyone will be buried here.

“kill!”

Moda handed a comatose female special policeman to a classmate, raised her shield and drew a knife to keep up with Qin Tiange, snarled and killed her.

“rush out!”

Finally, the other two teams moved. Zhao Wenbin and Zhuo Tianfan immediately took the initiative and issued a command to impact the encirclement. The movement was not slow.

两个 The two of them each brought twenty men. In addition to those killed by peripheral guards, there were fifteen or six men.

Adding Qin Tiange’s people, there are more than forty people in total. The three teams instinctively converge and kill in the same direction.

Huh!

Suddenly, a crisp golden iron and iron symphony came. Everyone raised their eyes and was surprised to see a figure leaping into the air, and fell sharply on the head of a giant ant.

Qin Tiange vacated a knife, which is not unpleasant, but unexpectedly, the giant ant was not chopped, and the sword was bounced off.

“Good guy, the shell is so hard!” Qin Tiange fell back two steps, looking dignified, looking at the giant ant that was chopped and shaking his head in front of him, he couldn’t help breathing.

The defense of this giant ant is too amazing. The one-star sword, and the power of forty people erupting in his body, just let this giant ant retreat a few meters.

“Morda, don’t fight hard, rush out from the left.”

Qi Qin Tiange sighed and warned Moda not far away, then turned around and rushed towards the left.

Behind the puppet, Moda led someone directly to follow, wielding a huge steel knife, his face froze, and his strength broke out completely.

Boom!

The two together worked together and finally chopped an ant on the left completely to the ground. The powerful force tore the giant ant’s hard shell. Although it was still not dead, at least it couldn’t lie there.

He knocked out a giant ant. Qin Tiange’s brows did not loosen, but he got even deeper, because at least eight giant ants stopped in front of him and flew wildly.

“kill!”

Immediately, Qin Tiange sighed in anger, kicked his feet, and the whole person spread his wings like a Dapeng and fell from the sky, slashing with anger.

There was a loud noise of “Dang”, the ground was sunken, and a giant ant sank into the ground three feet on the spot.

I didn’t wait for it to get up, and saw Moda killing him. He slashed on the two tentacles of the ant with a stab, and clicked off on the spot.

Hiss!

The giant ant was chopped off two tentacles. The pain made it sorrowful and mournful. It struggled to stand up, and two huge pliers stopped Qin Tiange from biting it.

If Xun was bitten, Qin Tiange had no doubt that he would be bitten through even the steel armor on his waist. Fortunately, he was extremely fast and cleverly avoided the blow.

“Ah ...” As soon as the man had fallen, he heard a scream coming from him. Looking up, he found that a sword shield hand was hit by a giant ant with a shield flying away.

The ants are very powerful, especially this giant ant, it is just a strong man, who hits and who flies, and crashes into trees without exception.

I squinted and watched that the sword shield hand was about to be bitten on the neck. If I bite it, he would be killed on the spot, and his head would be bitten off.

I drink!

At a critical moment, Qin Tiange screamed angrily his body flashed quickly, blocking in front of the ant, his strength gathered in his hands, chopping with a knife.

He only heard a loud sound of “Dang”, Qin Tiange’s body took three steps backwards, and the giant ant only pushed it a little, the contrast of power was huge.

“Go!” Seeing that he was shocked, Qin Tiange was furious, and he was anxious.

He was the first one, and took a path of life with Moda and other sword shields, but the other two teams were not so lucky.

“Ah ... Boss save me.”

I was surprised, Zhao Wenbin was not far to the left, a subordinate screamed, was struck under the body by a giant ant, a huge mouth bit the other person’s neck like pliers, blood spurted, and his head was moved.

The \*\*\*\* scene scared many people, waved their swords in panic, and one after another desperately wanted to rush out.

Zhao Wenbin and Zhuo Tianfan have good strength. Although they are not as powerful as Qin Tiange’s forty-four, they are at least a dozen and can be regarded as a master.

下 Under the shock of their two teams, the two teams finally rushed out after Qin Tiange, but the losses were a bit large.

Hiss!

I saw the prey rushing out, and the giant ant colony rioted. One of the giant ants, which was thicker than the other giant ants, issued a strange frequency roar, which immediately caused the entire ant colony to hunt down.

“Run, giant ant colony is catching up.”

When I saw this, Zhao Wenbin and others were shocked and immediately ran away, regardless of whether there was danger in front of them, rushing one by one, and rushed directly into a garden on the north gate of Lianhua Mountain.

In front of him, Qin Tiange rushed all the way, but suddenly stopped, looked up suddenly, and his face changed immediately.

Chapter 122 - 10 Mile Monster Forest

Mantian petals falling, pink, exuding fragrance, strange and gorgeous.

This is a peach forest, ten miles of peach blossom forest. Thousands of peach trees converge into a pink peach forest, with petals falling and mist.

“stop!”

Qi Qin Tiange waved his hand to stop the team, his expression was horrified, and he looked at the peach forest in front of him. They ran all the way, and no one noticed that they had broken into a peach forest.

I don't know anyone who has nothing, but was attracted by the gorgeous scenery in front of me, shocked.

“What a beautiful peach blossom!”

Among the two teams following the escape, many people expressed their admiration. Only Qin Tiange and others looked dignified and stared at the thick peach trees around him.

They didn't appreciate it, but they were very alert, staring at the growing peach trees one by one, holding a steel knife and a steel shield around them.

“Qin brother, will there be peach trees in this peach forest?” Moda asked with a tremor.

Qi Qin Tiange didn't answer him. He looked dignified and looked at the peach trees around him. Each peach tree was extremely thick and coiled like a dragon.

桃 These peach trees are not tall, only about three or four meters high, but the branches are extremely thick and vigorous, as if they are coiled up in a row, which is amazing.

快 “Come on, giant ants are coming.”

At this moment, a large number of giant ants were catching up behind, and many people were pale, and they ran away without thinking of instinct, and rushed directly into the peach forest.

Seeing this, Qin Tiange's face remained motionless, but his eyes narrowed slightly.

Someone in Zhao Wenbin's and Zhuo Tianfan's team rushed into Taolin first. The two of them were also surprised by the giant ant colony behind them. They were about to step into it, but when they saw Qin Tiange, they were motionless, but they were all surprised Looking at Taolin.

“No!”

Wu Zhuo Tianfan immediately realized that he was wrong. Qin Tiange didn't move. That was a problem in this peach forest, but they didn't find it.

也不 He is not moving, Zhao Wenbin there is also not moving, close to the edge of Taolin, gathered together and began to guard against a large number of giant ants that came after him, ready to rush into Taolin at any time.

“Qin brothers, have you found anything, why don't you enter Taolin?”

Not far from here, Zhuo Tianfan couldn't help asking questions, and directly asked his doubts. He couldn't delay at this moment, because the giant ant colony was only ten meters away from them.

Squinting as the ant colony was about to pounce, they couldn't help but turn around and rush into Taolin. If it weren't for Qin Tiange, they wouldn't move and they all rushed in.

你们 “You look at those giant ants, it seems to stop.”

Suddenly, someone exclaimed, and found the abnormality of the giant ant colony. They didn't catch up about ten meters away from them, one stopped there, and two huge tentacles danced fiercely.

Sizzling ...!

巨型 A giant ant stopped, turned fiercely in the place, and made an amazing roar, but didn't pounce on it, as if it seemed to be very cautious.

Yes, that's scruples!

When Qin Tiange saw this, he was more sure of the conjecture in his heart. There is a problem in this peach forest. It is likely that among the thousands of peach trees here, peach trees have already mutated successfully, and they have given birth to wisdom and become a monster. tree.

“The ants stopped moving, proving that there was a tree demon in Taolin, and it was passive to enter it.” Qin Tiange replied slightly, shaking Zhuo Tianfan and others.

He looked over in horror, with an inconsistent tone: “Do you mean, is there a peach tree in it?”

“Yes!”

Over there, Zhao Wenbin looked startled and suddenly remembered an incident before the end. When they first played on the Lotus Hill, many people turned into zombies in the end of the world.

At that time, people were very confused. Some people were killed by zombies and some people were eaten by mutant creatures on the Lotus Hill. He also heard that many people were hanged by strange trees. At that time, they thought it was a joke. Now it seems it's not true.

“Does the tree mutate into a sperm? Isn't it said that sperm can't be sperm after the founding of the People's Republic of China?”

Hiss!

Suddenly, the giant ant colony that stopped still moved, automatically separated a passage, and a particularly huge ant came up behind him.

只 This ant is particularly huge, with a burgundy red body, which is obviously different from other giant ants around it.

“This is an ant general, like the army system, command all combat ants.” Qin Tiange stared at the wine red general ant and said.

That is a general ant, commander of the ant colony, ranks second only to the queen of the ant colony, it can be said that one ant is above 10,000 ants.

“It's going to attack!”

Suddenly, Qin Tiange's pupils shrank, and he saw a movement of the general ant. The tentacles suddenly lifted up, waving at Qin Tiange and others instantly.

With a loud noise, the giant ant colony launched an attack. At a moment, the ant colony was raging and galloping, killing everyone, scaring everyone's face.

“Run ...”

At this moment, everyone regardless of whether Taolin is in danger or not, Zhao Wenbin and Zhuo Tianfan, regardless of whether there are monsters in Taolin, turned around and rushed into the misty peach forest.

Ten miles of peach blossoms, crisis everywhere!

“Brother Qin, shall we go in?” Moda looked nervous.

Qin Tiange did not move, but took out a grenade to bite the pull ring, and threw it towards the giant ant colony in front.

I heard only a loud sound of “Boom”, a yellow flame suddenly burst out in the ant colony, and the flames of white phosphorus were burning, which caused a huge commotion.

The ant colony is boiling, and giant ants within tens of meters are shrouded in white phosphorus fire. The blazing fire burned, and the extinguishable white phosphorus fire caused huge damage to the ant colony.

Hiss!

There are giant ants crying in pain, rolling on the ground, trying to put out the yellow and white phosphorous fire on their bodies, but unfortunately, they can only be killed by burning.

The ant colony retreated, and the flame was their nemesis. The ants were inherently afraid of the flame, but they knew how to protect themselves.

I saw that the giant ants gathered together quickly, one by one, and they quickly became a huge sphere, tumbling out of the flame.

However, it is a pity that the white phosphorus fire is difficult to extinguish. Although the ants rescued themselves, they were still burned into a pile of coke.

“Taolin is more dangerous, everyone defends in place!”

Qin Tiange took out a white phosphorous grenade, his words were firm, and he could not step into Taolin half a step, otherwise it would be more dangerous.

数千 There are thousands of other peach trees in this peach forest. Once one of them becomes a fine peach tree, the whole peach forest is under its control, and if you go in, you will die.

“what...”

“Help...”

The fruit was not true. People who had just stepped into Taolin were horrified to find that the surrounding peach trees would suddenly launch an attack, causing many people to be entangled and dragged into the soil by the root systems protruding from the ground.

A few clicks, and with the last scream coming, those who were dragged into the soil by the roots were hanged on the spot, and the soil was stained red with blood.

“Monster, there are monsters!”

The pan was fried in Taolin, and the crowd was frightened. He turned and fled in a panic, apparently scared by the scene in front of him. There were monsters in Taolin.

Zhao Wenbin and Zhuo Tianfan walked to the end. They found out that the situation was wrong and evacuated immediately. They were not attacked. Instead, those who walked the front were beaten.

“Wo-Yu, are there fairies?”

Zhao Wenbin, who escaped from the wolf, counted the number of people and found that he lost eight of his men. He was angry and couldn't help but swear. The only thing in the team that was fairly calm was Qin Tiange's side.

They have seen the linden tree demon, and once killed a hundred-year-old banyan tree demon. Naturally, I am not very afraid.

But how can the situation be broken now?

大家 “Everyone can rest assured that the ant colony is afraid to come forward easily.”

At this time, Qin Tiange, who had been silent, spoke and said something unexpected.

Sure enough, as everyone looked up, those ant colonies who had attacked really retreated a lot, but completely blocked them around.

Only the peach grove behind the crowd did not have a giant ant, and they did not even dare to approach the peach grove within five meters.

“The ant colony is afraid of approaching Taolin.”

Wu Zhuo Tianfan and others understand that the ant colony is afraid of approaching Taolin. It must be that Taolin makes them feel extremely dangerous and cannot approach.

Even mutated ant colonies are afraid to approach this peach forest. Doesn't it mean that the danger inside is beyond their imagination?

怎么 “What should we do? Are we trapped here?”

“I don't want to die!”

Some people couldn't help the scene, crying so much, sitting on the ground looking disheartened, and felt that this time was really over.

咦 “Oh, the pink mist in Taolin is so fragrant.”

Suddenly, someone in the crowd exclaimed, and found that a pink mist permeating in Taolin was gradually flowing, with a strange fragrance, which was particularly attractive.

“No, this is radon, poisonous, everyone goes back in air!”

I asked a fragrant scent, Qin Tiange was shocked, and suddenly realized that he was not good. Seeing the pink mist rising from the peach forest, his face turned wild. He immediately held his breath and quickly retreated.

Chapter 123 - Peach blossoms, killing

The peach blossoms in Shishili are translucent, and when viewed from afar, it looks like a pink cloud, as if the clouds are rising from the ground, which is very charming.

This is Peach Blossom 桃, a kind of horrible defensive weapon produced by Taolin after mutation. It is charming and charming, but extremely dangerous.

This charming pink cloud hides the danger of horror. Peach blossom 瘴 is extremely toxic. If you take a breath of pink thoron, it will not only make people imaginative, consciousness will produce hallucinations, but it will directly corrode living things' internal organs.

“What a nice view...”

I saw someone in Zhao Wenbin's team staring blankly, with a look of joy, as if seeing a certain enchanting beauty, taking off his clothes while mumbling to himself, and flung naked to a peach in Taolin. tree.

The next moment, a frightening scene appeared. The young man hugged the trunk of a peach tree, as if a beautiful woman was constantly hugging and kissing.

“What is he doing?” Zhuo Tianfan stared at the young man.

Then, the peach tree trembled slightly, and the entire trunk turned pink, as if a shy beauty blushed.

However, the roots of the underground tree were constantly coming out of the ground, and the roots of the tree climbed up like that of a group of snakes to climb up the young man's body, surrounded by layers, leaving only a head out.

“Oh ... cool ... beauties, here I am!”

The young man uttered a pleasant groan, looking soothing, as if he was doing something to make him happy. He was immersed in hallucinations. He had no idea that his body was stabbed into the flesh by the roots of the trees, and he drew the whole body Flesh essence.

The next moment, the young man's body dried up quickly, leaving only a skinny bone, his flesh and blood were drained, and his dry face could still see the happy smile before death.

“Mum!”

Moda couldn't help swallowing her mouth, her throat was dry, her hand holding the steel knife couldn't help shaking, her face was pale and she was frightened.

“Hold your breath, don't breathe, be careful inhaling these peach blossoms.” Qin Tiange closed her breath and solemnly warned her teammates.

Moda and others were in shock, seeing the miserable appearance of the young man, who would dare to inhale the pink clouds that floated?

“Holding gas is poisonous, everybody shuts down!”

Over there, Zhao Wenbin and others came to their senses and immediately closed their breath, but unfortunately it was a little late, and many of them inhaled the pink radon gas, and the situation appeared.

“Beauty, I see so many beautiful women!”

“Ah ... I can't help it!”

One man after another couldn't hold back, his face flushed, his eyes twinkled with pink light, and his mind was eroded by radon, creating hallucinations.

They chopped down each peach tree into charming, charming and charming beauties, took off their clothes one after another, and darted up and hugged the peach tree to kiss.

“Come back, come back to me!”

Qi Zhuo Tianfan was shocked and saw that his men were eroded by radon gas, and immediately came forward to stop it, but it was too late.

He looked at his own staff, as well as some of Zhao Wenbin's, who were madly hugging a peach tree and kissing, and were entangled by the countless roots coming out of the ground, dying from the essence of flesh and blood. It's scary.

“Wo 艹, everyone back!”

He calmed down as he couldn't help swearing, closed his breath, and immediately retreated. The giant ant colony is terrible, but there is no horror from the scene in front of it. Taking a breath of pink radon, it has such an amazing effect?

Everyone was scared. Before they saw them, they even had a happy and cheerful expression, as if they were doing that shy thing with the beautiful women, but unfortunately they were not holding beautiful women, but a peach tree that would eat Human peach tree.

The mist is transpirational and diffuses. The pink cloud is exuding a strange fragrance, which is addictive, but hides murder.

“Terror!” Moda swallowed droolingly, horrified secretly.

其他 Even the other sword shield hands turned pale, looking at the dead body of an adult who had been sucked, and also wrapped in countless roots of peach trees, and soon got caught in the soil and became fertilizer.

The terrible scene even made everyone forget that there were giant ants, but the caring people found that the giant ant colony also receded at the moment when the pink mist emerged.

Ant, also afraid of these pink radon!

“Look at it!”

Suddenly, the people who exited Taomian ten meters away suddenly looked up and looked at the center of Taolin in horror. Through the endless pink clouds, they saw a huge peach tree.

The peach tree was born in the center of the peach grove. It was ten meters high and had a lush crown. There were no peach blossoms but there were red peaches.

“That's peach? Isn't it Xiantao?”

Some people were stunned, and looked at the largest peach tree in the middle of Taolin stupidly. The branches were covered with red peaches, so huge that they were the size of a baby's head.

The peaches are all red and fascinating, and the skin is a little bit transparent, which makes people can't help but bite.

It's a pity, that's a delusion. Not to mention those ordinary peach trees that eat people, it is said that the pink Yunxia Qi that pervades ten miles is not what they dare to step in.

“what...”

When everyone thought it was safe, suddenly a scream came from the crowd, and many people fell to the ground on the spot, rolling back and forth in pain, screaming with sorrow.

“what happened?”

文 Zhao Wenbin was shocked, watching his two men fall inexplicably, and then sorrowful and sorrowful, his hands kept clutching his face.

Suddenly, even Zhuo Tianfan's three men suddenly fell, screaming screaming, rolling on the ground, grabbing his face and body.

Soon, these people began to see a pink color in their bodies, and then a little \*\*\*\*\* spots appeared on the skin, and the blood leaked out.

“Ah ... save me, boss save me!”

“President save me ...”

These people are very distressed, one by one, they are asking for help, but all of them are dispersed in horror, looking at these people with fear.

I saw that these people began to rot on their bodies, their skin was a little bit ulcerated, pink pus and blood flowed out, and even their bones began to melt.

“They are poisoned, suffocate and invade the body, and all the internal organs are ulcerated. It’s not saved.” Qin Tiange gently shook his head and said something cool.

The result is not the same. Those people soon no longer cry or move, because their entire bodies are completely rotten and clean, leaving only a pool of pink liquid with a scent of fragrance, but it is not attractive, but rather creepy.

“too terrifying!”

Zhao Wenbin and Zhuo Tianfan looked iron-blue, and killed a dozen or more of their men, which made them feel better.

Among the three teams, only Qin Tiange lost no one, leaving the two unbalanced.

Qi Qin Tiange ignored the two fearful teams on the other side, but stared at the Taolin in front of his face, looking far away. The largest peach tree in the middle was very eye-catching.

His eyes were full of finesse, and he secretly said: “The peach tree is fine, and the peaches that have been rumored are immortal peaches. They have great effects, if they can be obtained ...”

If anyone knew how he was picking the wonderful peaches from the refined peach tree at the moment, he would definitely scorn him, I would dare to think.

“Morda, kill me!”

I finally looked at it, Qin Tiange sighed with regret, suddenly turned around, and launched a charge against the giant ant colony that could not be surrounded.

Tao Taolin can’t get through, the only way to survive is to kill from the giant ant colony.

“Follow them, kill them!”

Zhao Wenbin’s eyes flickered, and he led someone to rush up directly, and he would rush out of the ant-encircled circle with the people who opened the road on the side of Qin Tiange.

I was that Zhuo Tianfan led someone to charge at the same time, and he didn’t dare to stay here, because the impact of that piece of Taolin on him was too great.

“Kill!”

Everyone yelled, desperately wanted to fight with the giant ants, and didn't want to go back into Taolin. It was really scared by the scene just now.

Chapter 124 - 1 net exhausted

In the ant colony, eighteen people led by Qin Tiange rushed in, chopped down several giant ants blocking the road, and looked at the two teams that followed, a smile flashed on his face.

“Brother Qin, the show is almost done. The bottom of the two teams is thoroughly figured out. Are they closed?”

By the way, Moda split a giant ant, and the power of twenty-five people broke out, which was quite horrible.

I don't mention him, that is, the other ordinary sword shield players each have twenty people, which is not comparable to the latter two teams.

Among the two teams, Zhao Wenbin and Zhuo Tianfan, who are headed by each other, have fifteen players each, and they are not opponents of Moda and others.

“The time has come, tell the surrounding Nie Teng it's time to close the net!” After looking at it, Qin Tiange's mouth showed a hint of sneer, and said such a sentence directly.

As soon as the chanting voice fell, everyone saw a sudden outbreak, each holding a shield and slashing the giant ants in front, and a group of three hacked and killed eight giant ants around.

boom!

I was shocked to see Moda take out a gun and fired at the sky. When Zhao Wenbin and others didn't know why, a team of 100 people suddenly appeared outside.

“kill!”

Nie Teng is headed by Nie Teng, who led the Fifty Siege camp, followed by fifty steel crossbowmen, and chopped and killed the giant ants surrounding Qin Tiange and others, completely disrupting the ant colony.

“What's going on?” Zhao Wenbin's face turned wild. Seeing that he suddenly realized that something was wrong, it seemed a bit unusual, and felt like he was caught in a big net.

When Zhuo Tianfan saw this group of people appearing, he chuckled in his heart and secretly said, “Not good, it's a good idea. He wants to wipe us out.”

Hiss!

The ant colony was messed up, and was impacted by fifty strengthened trapped dead men. The steel arrows screamed in the back, and a dozen giant ants were chopped down in an instant, causing the general ant to hiss.

It was a pity that it was about to explode, but it ushered in a fierce blow from one person. Qin Tiange took out the electromagnetic light blade and leaped forward.

A squeaking noise made the general's ant's head crack, and the powerful defense could not stop the chopping of the electromagnetic light blade, and his head moved on the spot.

“Clean up the remnants!”

After killing the general ants, Qin Tiange walked up with an electromagnetic light blade and ordered the giant ants nearby to be cleaned up.

It is strange that the number of these ants nearby is not very large, only a few dozen.

The original Qin Tiange just took Moda and others out to take a look at it. He never thought that the two leaders of the faction in the apartment actually brought people to follow up with him. Then he temporarily set off and set up a new set.

“Damn, did you even draw us out?” Zhao Wenbin was furious and looked at the dozens of girls around him, steel crossbow aimed at them, but I still didn't understand that this was to deal with them.

Qi Zhuo Tianfan squinted his eyes, holding an alloy knife hardly, his strength almost boiled, but he didn't dare to do it easily.

He was extremely shocked, because among these people, in addition to the fifty trapped dead men, the others, including the fifty girls with steel crossbow in their hands, were much stronger than him, wouldn't they be surprised?

“You want to wipe us all away?” Zhuo Tianfan asked without asking a word.

知道 He knows that panic is useless now, and only by calmly facing it is possible to survive this crisis.

The two gangs gathered together. Apart from many people who lost from the beginning, only 31 people were still alive at the scene, including Zhao Wenbin and Zhuo Tianfan.

“Actually, I didn't intend to do this, but you even followed me, didn't you give me a chance to break you in?”

With a smile on his face, Qin Tiange stepped up step by step, looking at Zhao Wenbin and Zhuo Tianfan who were surrounded by him.

To be honest, he didn't have this idea at the beginning, he just explained before leaving. If the two leaders of the forces followed, they would call Nie Teng, Liu Ye and others to control the two forces directly.

“Qin brother, the apartment is basically controlled, the resistance has been killed.”

Xie Nieteng walked up quickly, still a little bit of blood stained on his body, apparently just arrived from the apartment, and the scene was already under the control of their people.

Sure enough, when hearing this, Zhao Wenbin and Zhuo Tianfan were both frightened and angry. What was surprised was how easily the other party controlled the whole apartment?

You know, there are at least 2,000 people on their two sides, so they are easily controlled by 300 people?

“I don’t believe it, are you cheating us?” Zhao Wenbin growled, and the whole person seemed very restless.

Qi Zhuo Tianfan believed that Qin Tiange was not cheating them, but that he might have controlled the whole apartment because he had this strength.

He thought for a while, stepped forward, and said with a smile: “Brother Qin, there is no river water between you and me, can you? Can there be any misunderstanding between you and me?”

“Zhuo Tianfan, at this time, what else do you have to contend with each other, this is bullying on us.” Zhao Wenbin yelled at Zhuo Tianfan, anxious to cut it off.

What a pity, Zhuo Tianfan ignored him. As the president of a large company, who hasn’t seen him?

Ye Ke has never seen a person like Qin Tiange. He is young, full of ambition, and does not conceal the kind of ambitious flame in his heart, which is released directly.

“One voice is enough here, three voices are too many, what do you think?” Qin Tiange’s tone was very light, but one was beyond doubt.

He didn’t hide his ambitions at all, and didn’t even deny that he wanted to annex the two major forces in the apartment, just now he wanted to wipe them out.

文 Zhao Wenbin secretly regretted it, should not follow up, or should bring more people, it will not be the situation now.

“You cheated, I dissatisfied, I have the ability to single out!” Zhao Wenbin was so angry, shouted out such a sentence without reason, to single out with Qin Tiange.

As soon as this remark came to an end, there was a man out there immediately. He was Nie Teng.

Nie Teng held a sharp steel knife in his hand and sneered, “You want to challenge our brother Qin, then it depends on whether you have this qualification. I will pass this level first.”

“Look for death!” Zhao Wenbin saw Nie Teng’s irony, and he took out a handle directly from the storage ring in spite of his anger.

Deez ...

A scorching front came. It was a laser knife. Didn’t think he had a laser knife?

Qi Qin Tiange looked a little surprised and looked at the laser knife, which is a two-star weapon. He didn’t have it himself, but he only got an electromagnetic light blade at first.

“Nie Teng, be careful, the other side has a laser knife, kill the other side, that’s yours.” Qin Tiange was not worried. Nie Teng’s body at this moment had already been strengthened a lot, and was not inferior to the opposite Zhao Wenbin.

I heard Qin Tiange's words, Nie Teng looked ecstatic, staring directly at the laser knife in the opponent's hand, without concealing the possessiveness.

**"Kill!" Yelled Nie Teng took the lead in launching the attack.**

Almost at the same time, Zhao Wenbin moved, dancing laser knife rushed up, thinking in his heart that this kid must be hacked to kill Qin Tiange.

Unfortunately, his idea is good, but the reality is cruel. Whether it is the strength comparison of the two sides or the number of people, it is disproportionate.

boom!

The two silhouettes staggered quickly, Nie Teng twisted his body, avoided laser cutting, and inserted the steel knife in his hand.

**"Uh ... this ... impossible ..."** Zhao Wenbin bowed his head, staring at his pierced heart, piercing his sharp blade from the back and piercing.

He wondered why he wasn't slow, why was he avoided by the opponent, and even pierced his heart with a single counterattack?

He didn't understand how he lost his life. Only Zhuo Tianfan, who was watching the battle, could see clearly. Nie Teng stabbed across the ground against the ground at the moment of the attack, and then stood up and stabbed him directly to the opponent's life.

**"This group of people is better than me."** Zhuo Tianfan was dignified and had to admit that these people were better than them.

When he saw this, he sighed in his heart. He lost his weapon and walked in front of Qin Tiange, looking at the character who had just arrived. He had a sadness in his heart.

**"I Zhuo Tianfan acknowledged it today, but it costs me to kill me."**

He was a bachelor, standing calmly in front of Qin Tiange, as if he was not afraid of death at all. With a slight wave of his hand, he saw a dark thing appearing at his feet.

Seeing this, Qin Tiange couldn't help squinting his eyes, and raised his eyebrows slightly. He looked at Zhuo Tianfan with a calm face in front of him.

Chapter 125 - Red mercury nuclear bomb?

A dark sphere lies there quietly. It looks nothing strange, but the two big characters on it are very eye-catching.

**"Red Mercury ..."**

Qin Tiange's heart shrank, and he couldn't help but be shocked. When he saw this thing, he realized the danger and it was definitely a horrible thing.

His eyes blinked, staring at the calm Zhuo Tianfan in front of him, how could he never imagine that the other party had such a thing?

**"Brother Qin, what is this, how can I feel a thrill?"**

Next to her, Moda's face changed slightly, her heart was beating constantly, her eyebrows burst, and there was an ominous premonition.

Suddenly, everyone around him, including Nie Teng, had a terrible feeling, and he was hesitant about this dark sphere.

"I think you should know what this is?" Zhuo Tianfan said softly, and a small and exquisite remote control appeared in his palm.

He looked at Qin Tiange, his tone was serious and serious: "Brother Qin, brother I just want to live, if you really don't give a way to live, then we will finish it together."

Qi Qin Tiange didn't speak, and the atmosphere was extremely dignified. Around the dead Zhao Wenbin, his original group of people were already frightened and couldn't move.

"The red mercury nuclear bomb, you even have this thing, it seems to have been obtained from a heritage stone tablet." Qin Tiange looked impassive and introduced the origin of this thing.

This thing is the red mercury nuclear bomb!

"what?"

"Nuclear bomb?"

Moda, Nie Teng and others were astonished at the sight of being dumbfounded. They were taken aback by these words, and their instincts took a step back.

Because the deterrence of nuclear bombs is too great, in modern society, who does not know the horror of nuclear bombs?

It is because of the horror of nuclear bombs that I was scared when I heard the word "nuclear bombs", staring in horror at the black ball. Are they really nuclear bombs?

东西 This thing is only the size of a baseball, but its power is extremely scary. At least 10,000 tons or more are small tactical nuclear bombs.

Qin Tiange looked at it and then smiled: "How dare you detonate?"

Qi Zhuo Tianfan looked at the opposite side, and secretly lamented that this guy was so determined that he couldn't change his face in the face of a nuclear bomb and had to admire him.

He was frightened at the moment, and his palms were sweating, nuclear bombs, not to detonate. Who doesn't want to live?

"It's going to die anyway, and there's nothing terrible about pulling you on the back. You know, this red mercury nuclear bomb is enough to level everything within a few kilometers, and it's enough to kill you." dead.

He held the remote control dead, and once Qin Tiange started, he immediately detonated the red mercury nuclear bomb he had won from the heritage stele.

Qin Tiange didn't speak, and the atmosphere was condensed again. An anxious breath could be smelled in the air, which was disturbing.

"Are you sure that this thing can really kill me?" Qin Tiange suddenly opened his mouth, with a slight smile on the corner of his mouth.

As soon as this word came out, everyone froze. Zhuo Tianfan froze for a moment and looked at his expression, it seemed that he was not joking.

He opened his eyes wide and said like a fool: "The red mercury nuclear bomb has an equivalent weight of at least 10,000 tons. What confidence do you have that you can survive the instant of a nuclear bomb explosion?"

Yeah, what confidence does Qin Tiange have to survive the instant of a nuclear bomb explosion, kidding me?

"Okay, you're ruthless!" Qin Tiange waved his hands helplessly, and had to admit that the other party had good luck.

He didn't draw such a thing. How could Zhuo Tianfan draw a nuclear bomb?

"Then you just promise to let me go alive?" Zhuo Tianfan let out a sigh of relief, and finally did not need to die.

I could not wait until he continued to relax, Qin Tiange's next sentence made him nervous.

"I can't kill you, but you must use it for me, and also, give this thing to me, you can live." Qin Tiange's words once again caused tension.

Everyone looked at him in unison, Zhuo Tianfan looked ironed and snarled, "Do you think I'm stupid, Qin?"

不 "No, no, no, you and I are not stupid. I have such a thing in your hand, and I feel uneasy. It is absolutely stupid to let you leave."

Qi Qin Tiange shook his head and then said, "Since this is not the case, it is better for you and me to work together."

自然 He naturally does not want to let this Zhuo Tianfan leave, and the other party has such a big killer in his hands. Wouldn't it be trouble to let him leave?

As soon as Zhuo Tianfan left, he hid nearby, and then placed the red mercury bomb in a corner of the apartment, detonating detonately, and the fun was great.

"Either you leave the nuclear bomb, or you and I cooperate, and everyone will work together in the last days to make a career, or you will detonate and try to see if I will be killed." Qin Tiange spread his hands and made a final concession.

I have to cooperate, otherwise we have no talk. The big deal is to detonate this red mercury bomb. He doesn't believe that he can't escape thousands of meters away at his current speed and physical fitness.

Even he thought about it. He has living fluid and more regenerative materials, which can at least save his life. As for the people under his hands, most of them will be damaged here.

He wouldn't budge at this point, otherwise if he let the other side leave it would be a time bomb, or a nuclear bomb, it would be silly to let it go.

Bian Zhuo Tianfan's face changed, and he kept thinking about the gains and losses. In fact, he also understood that it was impossible to leave safely, people could leave, nuclear bombs could stay, or cooperate with each other.

"You can't promise to kill the donkey later?" Zhuo Tianfan's brows were deep and hesitant.

The opponent bit the final bottom line and either cooperated or detonated the nuclear bomb. Hearing the conversation between the two, Moda, Nie Teng, and others were trembling in their hearts, anxious to turn around and run away.

But they didn't move, because Qin Tiange didn't move himself, and their group of men ran away for no reason. Once they escaped, they might die first.

"You and I cooperate, that's my own person, I can't deal with my own person, you can't bomb yourself, right?" Qin Tiange smiled.

The atmosphere at the scene was quite slack, Zhuo Tianfan secretly squeezed a cold sweat and immediately fell into thought.

"Okay!" Finally, Zhuo Tianfan agreed, and he sighed, "You are a personal person and you will not yield under such threats. I have to say admiration."

"You are not bad!" Qin Tiange smiled, complimenting each other.

卓 This Zhuo Tianfan really made him difficult. Holding a nuclear bomb in his hand had to be said to be an unstable factor, or to change plans and cooperate with each other to maximize the benefits.

Tong Zhuo Tianfan carefully picked up the red mercury nuclear bomb on the ground, and smiled bitterly: "The person I don't want to meet in my life is you."

He sighed and said, "Nuclear bombs can be given to you, and my team can be handed to you. Even, I have a secret research team that can also give you, but what can you give me?"

"Secret research team?" Qin Tiange was surprised, looking at Zhuo Tianfan in front of him, and couldn't help but look at him a few times.

Chapter 126 - Develop elixir?

"Yes, a secret research team specializing in drugs that can make people live longer." Zhuo Tianfan's words were shocking and incredible.

He said that he has a secret research team, which is actually researching drugs that make humans live longer. Isn't he talking about developing longevity drugs?

“Elixir?” Qin Tiange squinted his eyes and constantly looked at Zhuo Tianfan in front of him. It looked ordinary, but he was developing an elixir. It was incredible.

Moda, Nie Teng, and others looked at each other, looking at the middle-aged person in front of them, how could they never imagine that the other party had a secret team in the development of elixir.

“I’m going, is there any elixir?” Moda couldn’t help whispering.

Bian Zhuo Tianfan glanced at him before saying to Qin Tiange: “In fact, this is no secret in the world’s rich circles.”

“Everyone is afraid of death, especially those who are rich and powerful are even more afraid of death. They wish they could live for 100,000 years or even die forever.” He said this expression was somewhat empty, as if caught in some kind of memory.

I watched him fall into memory, Qin Tiange didn’t bother, but a hint of surprise flashed on his face, and he had to admit that Zhuo Tianfan in front of him made him look at it again.

After sobering from the memories, Zhuo Tianfan then said: “The more people have more money, the more afraid they will die, and the more they want to live longer, after all, they have no money to spend, so they wonder whether they can develop elixir. . “

“Every country in the world, major consortia have such secret institutions that privately study the mysteries of human life, some study the soul, some study genes, and some even want to use machines to replace the human body and even the brain. Of course, like us The consortium of companies that produce and develop drugs naturally set their sights on the legendary drugs that can make people immortal. “

Qin Tiange listened quietly, unwillingly, and laughed: “The elixir is not so well refined. From ancient times to today, apart from rumors that Qin Shihuang refined it, no one has heard of anyone who can make the so-called elixir. . “

“I want to say, most of the world does not have so-called elixir, it is rich people daydreaming.” Nie Teng gently shook his head, some do not believe.

But Qin Tiange thought differently. He said: “I don’t think it is impossible. Don’t forget that the end of the day is here, and there are all kinds of strange things. The elixir is definitely there, but there is no research. Just come out or be found. “

“Well, let’s not mention this, for a moment, how big is the research team? Where is it?” Qin Tiange asked directly.

With a bitter face, Wu Zhuotianfan sighed: “In fact, I am not very clear about the specific team, because the team has always been my daughter’s management. I have never asked about it. As for the scale, I must ask my daughter.”

“As for the location in Shenzhen City, built in the underground laboratory of our pharmaceutical factory.” Zhuo Tianfan did not conceal anything, and gave his detailed address.

研究 The research laboratory is located just below his pharmaceutical company’s location, not far from here, but it is a bit difficult to get past now.

“Is that so?” Qin Tiange nodded slightly, his heart moved, and suddenly asked: “Yes, what’s your daughter’s name?”

“She’s called Du Jing ...” Speaking of this daughter, Zhuo Tianfan’s face was a bit wrong, as if there was a sense of helplessness and guilt in it.

“Du Jing?” Qin Tiange muttered to himself, a sudden movement in his mind, remembering some memories of the previous life, seems to have heard the name.

After thinking about it for a long time, he suddenly realized: “It was her, Du Jing, a Chinese ten-star pharmacist, one of the most promising pharmacists.”

Zhuo Tianfan smiled bitterly and explained: “My daughter and my wife’s surname, I have been busy working, so the relationship between our father and daughter is not very good.”

Hearing what he said, Qin Tiange frowned and asked, “You mean, you can’t mobilize that research team. The person who really mobilized is your daughter?”

“That’s it!” Zhuo Tianfan admitted frankly that the team was actually her daughter who had been in charge of it all the time. As for his president, he couldn’t question it.

A little thoughtful, Qin Tiange made a decision, leaving Zhuo Tianfan, nothing else, just for the ten-star pharmacist of the previous life, this is a personal talent, dug over to say.

As for the red mercury nuclear bomb in Zhuo Tianfan’s hand, he said it was promised to Qin Tiange, but everyone knew that it was impossible now.

Zhuo Tianfan is not stupid. How could it be handed over to Qin Tiange now? No one believes anyone. If it was handed over, there would be no protection umbrella. Qin Tiange would not do it himself, so he understands that the other party is not present. give him.

“Brother Qin, more and more giant ants gather outside, and the effect of insect repellent is getting weaker.”

此时 At this moment, a sword shield hand hurried to report the news, the number of giant ants outside was increasing.

It turned out that before entering the Lotus Mountain Park, Qin Tiange ordered them to use an insect repellent to block most of the giant ants. Now that the effect is about to pass, it must be evacuated immediately.

After hearing what he said, Qin Tiange nodded, and said cautiously, “Okay, we shouldn’t stay here for a long time, let’s leave here and talk about it.”

“Morda, Nie Teng, you two take someone back first, I have some things to deal with, and come back later.”

Qin Tiange gave a command, then turned around and looked at the indifferent Zhuo Tianfan. Especially looking at the red mercury nuclear bomb in the other hand, he refused to leave his hand.

“I said, you should put away this thing, you don’t worry about bombing it when you hold it?” Qin Tiange shook his head with a speechless voice.

Bian Zhuo Tianfan laughed bitterly, and didn’t say much, carefully folded up the red mercury nuclear bomb, in fact, the back of his palms was sweaty, saying that he was not afraid that it was fake.

“Aren’t you afraid I blew up the whole apartment?” Zhuo Tianfan couldn’t help but asked Qin Tiange when he turned around and walked away.

Qin Tiange turned around after hearing it, and said with a smile on his lips: “As long as I’m not dead, you can try it. Then you know I’m afraid.”

“Okay, okay, just a joke, everyone don’t have to be so nervous.” Zhuo Tianfan smiled, and quickly glared at Moda and others who were glaring around him.

Moda and Nie Teng left the Lianhua Mountain with the team, and everyone returned to Qinglian Apartment, except Qin Tiange himself.

Before he left, Zhuo Tianfan also glanced at Qin Tiange’s back, and couldn’t help whispering, “It’s a personal thing, but what is he going to do?”

No one knows what Qin Tiange is going to do. The only thing he knows is that he himself understands it.

Seeing Moda and others walking away, Qin Tiange walked out of the woods, looked at the direction, and immediately accelerated towards a certain area of Lianhua Mountain.

“It seems like this area.”

Soon, he came to a wide area alone, here is a rockery, and a few hundred meters ahead is a huge cherry garden.

As for why he came here, that naturally had his thoughts and purpose.

I saw, Qin Tiange waved and released the colorful lotus that had been stored in the storage bracelet. The colorful flowers bloomed, and the sleeping lotus gradually woke up.

Chapter 127 - Stocking Goblin

“Leprechaun, grow up and evolve quickly, I need your help.”

Looking at the wake of the colored lotus, Qin Tiange stroked its delicate petals and murmured softly.

Wushuanglian seemed to understand his words. The verdant lotus leaves trembled, quickly coiled around, and wriggled back and forth along his arm, like a coquettish.

Especially the five lotus flowers of different colors, actually bent down, and faced Qin Tiange's face back and forth.

“Okay, don't be coquettish, grow up quickly, I really need your help.” Qin Tiange's tone became serious and serious, and indeed needed the help of Wu Serian.

Hearing what he said, the five-color lotus shook gently, and the largest multicolored lotus immediately trembled slightly, dripping with drops of water, crystal clear.

Smelling a scent of fragrance, refreshing, makes people drool.

This is the fragrance of lotus, but also the aroma of lotus seeds. Qin Tiange's eyes are dazzling. He can wait until the lotus seeds of the five-color lotus mature to be used for medicine.

Immediately after, Qin Tiange took out the pile of crystal nuclei and sprinkled it next to the root system of Wu Shuanglian, and then saw that Wu Shuanglian suddenly stretched out a delicate root system, quickly wrapped the pile of crystal nucleus, and was caught in the dirt. .

Seeing this, Qin Tiange nodded with satisfaction and smiled: “I still have something for you to eat, remember to evolve quickly, otherwise I won't give you anything to eat.”

He said that he took out two more test tubes, each of which contained a strange liquid, one of which was a turquoise with a little bit of crystal, which was the liquid of life.

The other one is the kind of regenerative material collected from the tail of the gecko. Two magical and precious liquids are poured into each one.

簌簌 … 簌簌 …

The five-colored lotus shivered, and the lotus leaves shook in succession, sending out bursts of joyful and cheerful sounds, like a child, constantly spoiling at Qin Tiange.

After eating a few drops of the liquid of life, Wushuang lotus is more charming and attractive, and two buds of six buds are opened at the same time, the aroma is even more compelling.

Especially after taking a few drops of regenerating material, this five-color lotus has more tenacious vitality, and can quickly re-grow even if it is broken.

“Two-star, pretty good, will soon step into the three-star, as long as the five-star, lotus seeds can be picked maturely.” Qin Tiange smiled continuously, watching the change of Wuselian become more satisfied.

He looked around and suddenly said: “Little guy, this area will be entrusted to you to protect, except for those I told, don't let other creatures step in.”

Uh …

The five-colored lotus trembled, indicating that it understood that it could understand Qin Tiange's meaning, that is, let it take root here and guard this area.

Then, Qin Tiange stretched out \*\*\*\* and put them into his mouth, and suddenly blew a whistle, and saw a colorful flash of light rushing out of the woods.

I took a closer look and found that it was a colorful macaw, with its winged feathers slick, looking extremely weird, more like a fat chicken.

“Boss, do you call me?” The colorful parrot arrived, immediately pleased to hold Qin Tiange’s thigh, and stared at him with eyes.

Qi Qin Tiange was uncomfortable with it, and he kicked his feet before he said, “Don’t make these nasty, disgusting, listen to me, and you will guard here with Wucai Lian.”

“Observe, Boss!” Parrot immediately patted his breast and promised, then he said pitifully: “Boss, look, I’m so hard, do you give my little brother a reward?”

“What reward do you want?” Qin Tiange stared at it with a smile.

The parrot groaned in the throat, and then trembled and said, “Boss, I want the two amazing liquids you just took out.”

After speaking, the parrot also opened his mouth symbolically, and the saliva flowed out. His eyes were dripping, with endless brilliance, staring at him full of desire.

“Okay, I’ll give you a few drops.” Seeing that it was pathetic, Qin Tiange smiled, took out two test tubes, and poured three drops each for the poor-mouthed parrot.

Three drops of liquid of life and three drops of regenerating material. At that moment, the parrot’s body changed wonderfully, and feathers appeared on the wings of the naked feathers immediately. The speed was amazing.

“Quack, I can fly again!”

The cockatoo watched the feathers grow up again, more beautiful and moving, more powerful defense, and could not help screaming in excitement.

He fluttered ... He fluttered his wings, flew directly into the sky, hovering continuously, and looked extra excited.

It is a tragedy that the flightless birds can’t help but it’s so exciting to be able to fly back to the blue sky now.

Looking at the colorful parrot excited and forgetful, Qin Tiange shook his head and didn’t bother to care, but touched the colored lotus rooted around him.

“Little guy, I’m leaving now, and I’ll leave it to you.”

After speaking, Qin Tiange turned and left, leaving only the five-colored lotus that was constantly shaking the lotus leaves, and the colorful parrot on the sky.

He is stocking. He keeps the five-colored lotus and the colorful parrot in the Lotus Mountain Park, allowing them to grow and evolve on their own.

He left a lot of crystal nuclei, and even fed the liquid of life and regenerating matter, Qin Tiange did not worry about the two being unable to evolve quickly.

“That cherry forest seems a little unusual ...”

He walked, Qin Tiange stopped shortly in a cherry blossom forest, his eyes constantly looked at the opposite cherry blossom forest.

This is a sakura planting ground in Lianhuashan Park. Tens of thousands of sakura are planted here. The petals are falling and the fragrance is exuding.

樱花 This cherry tree forest gives Qin Tiange a strange feeling, which is a bit unusual. My heart is wondering whether a cherry demon has already been produced?

Qin Tiange took a look Finally shook his head and stopped paying attention. The cherry blossom demon did not help him at present. The cherry blossom was not a fruit tree, and the peach tree demon attracted him more.

After rushing all the way, Qin Tiange came out of the north gate of Lianhua Mountain, and soon returned to Qinglian Apartment, where he encountered a lot of zombies, but he was solved by him.

“Brother Qin, that special woman is awake.”

Immediately after returning to the apartment, Moda came to report the news, and the special policewoman who came back woke up.

When I heard the news, Qin Tiange nodded, thinking about it and saying, “Let Liu Yan take care of it first, be careful not to let her die. I will pass by later.”

After waiting for Moda’s response, I walked directly into the building C of the apartment, and quickly returned to his room to enter and close the door.

“What on earth did they meet?”

In the room, Qin Tiange looked curious and took out the hyperspectral aerial recorder removed from the wreckage of the helicopter.

He wanted to see what happened to the three armed helicopters. Why did he only return one and crashed, and finally a female special policeman survived, which can be said to be miserable.

I inspected it a little and found that this thing was badly damaged, but still could play a small part of it. After opening it, Qin Tiange sat on the sofa and carefully watched the picture recorded on the recorder.

The picture is a bit floating, unclear, or even intermittent, it feels like the signal is not good, and sometimes a freeze occurs, which is the cause of serious damage.

I looked at it, and suddenly a screen jumped out, very clear.

“this is?”

Qi Qin Tiange moved his face and stood up from the sofa, staring at a picture displayed on the recorder with his eyes straight.

Chapter 128 - Land of Heaven

Suddenly a picture popped up on the recorder. Above it was a barren land, thousands of miles away, deadly.

“A land of heaven?” Qin Tiange’s pupils shrank, and his mind jumped out of such a word. The place on the screen was the land of heaven.

The so-called heaven-falling land is a lot of huge land falling from the sky when the end comes. Those land fragments follow the inheritance stele and fall from the sky, forming a strange place, which was called the heaven-falling land by previous people.

When I saw this, he understood why the three gunships encountered unexpected incidents, and it turned out that they had broken into a sky.

“No wonder, this is the case.”

Qi Qin Tiange felt astonished in his heart that he thought of the terrible land of heaven, and it can be said that the forbidden land of the major humans in previous lives came from these land of heaven.

Of course, the land of heaven is very dangerous and terrifying, but at the same time, there are many opportunities.

Looking at the flashing picture, Qin Tiange was lost in thought, wondering whether the land on the screen was the restricted area of the previous life.

He set the recorder backwards, and then settled in the land where he had fallen. After careful observation, he quickly found something strange.

“That thing, is it a skeleton?” In the picture, a huge skeleton is lying quietly in the soil, half buried, but still can see dozens of meters of outline.

泥 The kind of dirt seems to be the dust of the stars from the sky, and the huge bones are buried. It is not clear what the creature is, it may be a creature from the sky.

Quickly, Qin Tiange determined and mumbled, “This is not a restricted area, but a land of danger and opportunity. Maybe there are good things in it.”

In the past, many people gained opportunities and benefits from the land of heaven, so that they skyrocketed and became admired by everyone.

Of course, there are countless people falling into it. Danger and opportunity coexist. Those who can get the opportunity and survive in the land of heaven are those who have great luck.

Then, Qin Tiange looked at the image recorded by the recorder from beginning to end, but unfortunately the damage was too serious, which caused some to be unplayable, and he could only regret it secretly.

Because he couldn’t see where the heavenly land was, maybe only the only special policewoman who survived knew it.

“It looks like you have to ask that special policewoman to get the truth.”

I thought about it, Qin Tiange picked up the recorder, turned around, and went directly to the room where the only survivor was housed. He just saw Liu Ye coming out of it.

Seeing Qin Tiange's arrival, Liu Min breathed a sigh of relief and said, "Tian Ge, you've come just right, I'm going to find you."

"Something?" Qin Tiange nodded and looked at her.

Qiu Liuxuan glanced into the room behind her, worried: "She woke up just once, but passed out again. Her injuries are very serious and her condition is very bad."

"She had a comminuted fracture of her right leg and left hand, and three thoracic ribs were broken, one of which was inserted into the liver. If it is not treated in time, it may not be able to stand tonight." Liu Yan said with a worried expression.

The two said as they walked into the room, there were two people, one male and one female, both doctors, who were examining the stunned female SWAT.

Ugh!

The middle-aged doctor shook her head slightly and sighed, saying, "She is too seriously injured, the equipment conditions here are not allowed, surgery cannot be performed at all, and the two of us cannot be completed at all. I have not had surgery."

When I saw Qin Tiange and Liu Ye coming in, the female doctor smiled bitterly: "Sorry, we are both an obstetrician and gynecologist, and one is a dentist, so we can't help with her injuries."

Qin Tiange glanced at the two of them, but didn't say much. Let them leave first, leaving Liu Yan alone in the room.

"Tiange, can you save?" Liu Ye still had some hope in his heart.

Because he knows that Qin Tiange has a lot of good things, maybe only those magic potions can cure this unconscious female soldier.

Qin Tiange did not answer, but carefully looked at each other's injuries, and his breath became weaker and weaker. If it was not treated in time, it would not be necessary tonight, and the breath would be completely gone in an hour.

Fortunately, Qin Tiange has a way to save her, otherwise he will be helpless.

"There is still help, you help me open her mouth." Qin Tiange said without looking back, took out two test tubes by himself.

Liu Yan, who was beside him, immediately stepped forward, and carefully opened the mouth of the female soldier, so that Qin Tiange poured a few drops of turquoise liquid into it.

This is the liquid of life. For that land of the sky, Qin Tiange has already lost his blood. He even used the liquid of life to rescue the female special police who was dying.

With a few drops of life fluid, the weak breath gradually became smoother and stronger, and at last, the pale face began to appear healthy and rosy.

This is not over, because the other person's bones are broken in many places and must be corrected internally, but Qin Tiange is not a doctor, and he won't be able to receive bones.

“It’s cheaper for you.” Qin Tiange picked up the second test tube, sighed cheaply, and poured a drop directly into her mouth.

That is a regenerative substance. If you drop it, you can’t immediately die the human bones and bones, but at least speed up the self-recovery of the other’s body and bones.

The vital signs of the female soldiers gradually stabilized. The broken hands and feet began to recover slowly, and the ribs in the chest cavity were slowly recovering. This process took at least seven days to fully recover.

“Hmm ... where is this?”

Soon, the stunned female special policeman gradually woke up, opened her eyes blankly, and flashed a sharp look, staring at Qin Tiange beside the bed.

Instinctively, she copied with both hands, but unfortunately found that the gun was gone. Her sniper rifle was taken away long ago, so she grabbed it and her face changed unconsciously.

“The response is good, it is indeed a special police officer, but you don’t have to worry, if we want to harm you, we won’t save you back.” Qin Tiange explained with a smile, softly.

The other side was slightly relieved, but still looked at him with vigilance. The look of defense made Qin Tiange helpless. Is he like a bad person?

Qin Tiange rolled his eyes and said unpleasantly, “Okay, my name is Qin Tiange, this is Liu Ye, how can we all be your life-saving benefactors you do n’t even say thank you Just leave it, and look at us with a look of bad guys. Is this how you repay your benefactor? “

“Thank you, my name is Hu Yan, and I will repay you for your life-saving grace!” The special policewoman said thank you, the voice was cold, and then she asked, “What is this place?”

“You don’t have to pay back, this is Qinglian Apartment, but I have something to ask you, I hope you can tell me.” Qin Tiange looked at her seriously and said.

Hu Yan looked intently and asked, “What do you say.”

Leaning aside, Liu Ye looked at him with curiosity, what was he asking?

Qin Tiange directly opened the recorder and pointed at the fixed image above and asked, “I just want to know, where did you find this place?”

When she saw the picture on the recorder, Hu 媛’s face turned pale when she saw it, and there was a hint of terror and despair flashing in her eyes, as if recalling the horrible encounter at that time.

“You better not ask, there isn’t a place you can go to,” Hu said with a look of unease.

Qi Qin Tiange shook his head slightly and said, “You don’t need to worry about this, you just need to tell me the specific location of this place, and the rest has nothing to do with you.”

“You ...” Hu Yan was so angry that he kindly reminded him that he didn’t appreciate it, so let him die.

I wondered, Hu Yan gritted his teeth and said where the place was. Liu Ye on the side could hear the fog and couldn’t understand.

He got the information he wanted from Hu Yan, and Qin Tiange thought a little and made a decision immediately.

“Liu Yan, go and tell everyone to come to the meeting, and I want to arrange your next task.”

After saying that, he left without looking back, leaving Liu Yan with a stunned look, and a female special policeman with an aggressive look.

Chapter 129 - Base plan

In the hall, there was a group of people, all sitting quietly around the killings. No one spoke, but just looked at the young people quietly.

“Liu Ye, talk about the current situation in the apartment.” Qin Tiange first spoke and broke the silence.

Liu Yan, who was sitting aside, stood up immediately and said solemnly, “All the people in the apartment have been integrated. Except for those who resisted at the beginning, the remaining people are more than 1,700. People, plus our original team, are two thousand people. “

Listening to her explanation, Qin Tiange has basically understood clearly that the apartment is now completely under their control, and the two forces have annexed and integrated.

“But something went wrong ...” Liu Ye said, staring at Li Zhi, who was sitting nearby, who felt her gaze and was so ashamed to find a slit to get in.

Qin Tiange glanced at Li Zhi and knew it already, he must know that he had misunderstood his girlfriend, so he felt ashamed at this moment, and some did not dare to face the girlfriend sitting next to him.

“Brother, it’s hard to find such a good woman holding a lantern. Don’t be stupid.” Nie Teng stopped Li Zhi’s shoulders and quipped.

As soon as the words fell, he was tragedy.

“What did you just say?” Next to Nie Teng, his girlfriend squeezed his ears and said with a frosty face: “You mean I’m not a good woman. You honestly tell me, are you looking for an affair?”

As soon as Nie Teng heard it, his expression turned pale, and he begged for mercy: “No, no, wife, you misunderstood. In my heart, you are the best, and women in the world can’t compare.”

“It’s almost the same!” Nie Teng’s young wife’s face was pink, and he let go of him with satisfaction.

Huh!

“Hahaha ...”

The people around me suddenly laughed loudly, that is, Li Zhi smiled and looked at the bird-like girlfriend around her, and her heart was more guilty to her.

“Are you still in pain?” Li Jiaxin’s face was distressed, and his hands gently stroked the scars on his face, as well as the stab wounds on his body.

At that time, Qin Tiange took someone out. Although everything was explained, Zhao Wenbin’s group of people suddenly broke into Li Jiaxin’s residence and helped her directly.

The result was just seen by Li Zhi, and now it looks like this, and then I realized that I misunderstood my girlfriend and all my misunderstandings were resolved.

“Okay, everyone talks about business. After that, you will show what you love.” Qin Tiange smiled and stopped the group.

Tamayanagi smiled, and then said, “Ten Ge, I propose that several teams should be expanded.”

“Okay!” Qin Tiange agreed with almost no consideration. She would say that this is a must-do and the battle team must be expanded without mentioning it.

“Muda, Nie Teng, Yang Xiaolin, Liu Ye, the four of you have chosen someone from the team to expand your team, I just ask.”

Qin Tiange threw the matter directly, regardless of this, but made Zhuo Tianfan who was sitting nearby not far away look strange.

He was somewhat lonely at the moment. Originally, there were two forces in the apartment. He had the opportunity to annex Zhao Wenbin’s powerful family. Unfortunately, Qin Tiange was an ambitious tiger.

“Now, let me arrange the next task.”

Qi Qin Tiange said to stand up, and he drew up a well-designed design drawing, which attracted the attention of all the people present and watched them one after another.

He pointed to the design drawing and said, “Look at this, this is the drawing I made out, and it is what you will do next.”

“This is the design drawing of the base?” Zhuo Tianfan couldn’t help but made a noise, and then kept silent, but his eyes stared at the drawing.

Qi Qin Tiange nodded and smiled: “Yes, this is the base design drawing, it is a base drawing I drew.”

你们 “Look, here is the Lotus Mountain. It is the first step to build a base that can accommodate 100,000 people around the entire Lotus Mountain Park.”

As he explained, the crowd looked at him with a surprised expression, and they never expected that he would build a base.

Moreover, just looking at the rough plan on the drawing, the first step is to build a small base that can accommodate 100,000 people, centering on the Lotus Hill Park, spreading around. The entire drawing looks very large, if it is completely established This complete base can at least accommodate millions of people.

Murmur!

Mo Mod swallowed his mouth and couldn't help asking: “Brother Qin, we are just this one. Isn't it realistic to build such a huge base in the first place?”

“I'm not asking you to build it now, but to explain that you have this task so that you have a bottom in your heart now.” Qin Tiange waved his hand and interrupted everyone's inquiry.

Then he said, “At present, your task is to clear all the sources of threats in the area near Lianhua Mountain, and search for as many survivors as possible to gather.”

莫 “Morda, your Sword and Shield hands were integrated and expanded and immediately dispersed into multiple squads. Each squad was eleven people. Together with the trapped dead men's battalion, the steel crossbow battalion, and the long gun battalion, they cleared all threats in the area near Lotus Mountain.

箐 箐 “Liu Yan, you are responsible for finding a few printers, and I will post the cleaned up streets full of recruitment information. As long as they come to our side to help with the work, they will give food and eat three meals a day.”

“Yes!”

Qi Moda, Nie Teng, Liu Yi and others immediately stood up and took a serious command, and could not help shaking in their hearts, that was excitement.

I finally had a big fight. Just thinking about the possibility of building a huge base in the future, everyone in this room couldn't help but swell. Zhuo Tianfan was shocked.

“What a big ambition!” Zhuo Tianfan looked at Qin Tiange in horror.

I don't hide the ambitious ambition on the other person's body, as if to burn into a blaze of flames.

“Morda, this is for you, you remember to collect food during the Qing dynasty.”

Immediately, Qin Tiange took out a ring, which was obtained from the dead Zhao Wenbin, and the space was not small.

Moda took the storage ring with a look of excitement, and laughed in his heart, and finally got the baby, see everyone's expression of envy.

“Thank Brother Qin, and promise to complete the task!” Moda immediately patted his chest to guarantee.

Qin Tiange nodded, aiming at Zhuo Tianfan's finger intentionally or unintentionally, there was a simple and exquisite ring, needless to say, it must be a storage ring.

The latter saw his gaze and shrunk his hands and hid directly. He couldn't help whispering, this guy wouldn't want to grab my treasure?

“Brother Zhuo I plan to go out, just to use your red mercury nuclear bomb, your brother will go with me.” Qin Tiange said gently.

Upon hearing this, Zhuo Tianfan trembled suddenly, looked up, and stared at Qin Tiange.

The surrounding people looked at Qi, all looking at the middle-aged man, but he was my big killer, the red mercury nuclear bomb.

这个 “This, I don't think I'm going anymore.” Zhuo Tianfan thought for a while and hesitated.

Qin Tiange nodded and smiled: “It's okay, since Brother Zhuo doesn't want to go, that's fine. I can borrow the red mercury nuclear bomb. I have great use this time.”

Uh...

Bian Zhuo Tianfan was tangled. Looking at the people around him, they were all Qin Tiange's men. His original men had been faithfully killed almost.

“Okay!” Finally, Zhuo Tianfan weighed it and agreed with his teeth.

He will never go out with Qin Tiange alone, and may not be counted, but now he has a dilemma. After measuring the gains and losses, he still surrenders the red mercury nuclear bomb.

“Thank you Brother Zhuo for your generosity, brother I remember!” Qin Tiange listened to his consent, and was inevitably a little excited, came forward and gave him a hug.

“Brother Zhuo, you pick some other people and manage the back office well, after all, you are the CEO of the old man, and I can trust the management ability.” Qin Tiange smiled and said something amazing.

Now Zhuo Tianfan has nothing to say. In this way, he will be completely tied to this tank, manage the back office, and it is good to talk about the general team and the base back office. In fact, one is for supervision and not to allow him to contact the combat troops. , You can't turn the waves.

Qi Zhuo Tianfan smiled bitterly, never thinking that he would be planted in the hands of a young man, and he would become the other party's subordinates. He would only be able to work for him in the future.

Chapter 130 - Set off

“Sister, is that man the one who destroyed Zhao Wenbin and annexed Zhuo Tianfan?”

On the top floor of the apartment, two Qianying quietly overlooked a distant back. The man was Qin Tiange himself, and he left alone after explaining the matter.

These two women are Li Jiaxin and her sister Li Jiajia.

Li Jiaxin looked at the distant figure, frowned slightly, and asked, “Jia Jia, you can’t disclose the pharmacy for the time being, so as not to be like Zhao Wenbin.”

Li Jiajia touched his glasses, and his pupils flashed with some strange light. He was curious about Qin Tiange, who had swallowed up two forces just after he arrived.

When she heard her sister’s words, she didn’t care to wave her hand, “Anna, Anna, I have my own measure. Let’s see what this person says for the time being.”

The two men were talking and did not notice at all. A figure was looking over here from the corner of the apartment.

“What is the identity of this sister of Li Jiaxin?” Qin Tiange frowned secretly, with his eyesight, he could clearly see the two people on the top of the building watching him.

The moment he came out of the apartment, he keenly felt two lines of sight, from the top floor of the B building of the apartment. It was found that it was Li Jiaxin and her sister Li Jiajia.

Among the two sisters, Li Jiaxin was nothing, and this Li Jiajia made Qin Tiange a little curious, so it was inevitable to speculate.

“Forget it, wait until you come back.” After thinking about it, Qin Tiange stopped paying attention and turned to leave here, disappearing on the street.

Qin Tiange hurried all the way, carefully avoiding the zombies wandering in the street, quickly shuttled through a messy street.

Roar!

In front of him, the two zombies swayed over, suddenly moved their noses, smelled the smell of a living person, and immediately made a low growl.

Zombie walked along the scent into an alley.

flutter!

Suddenly, the first zombie stabbed a dagger over his head, fluttered, his round head rolled down, his mouth closed and horrified.

Another zombie opened his mouth to growl, and as a result the figure flashed, and the steel knife penetrated its mouth fiercely, piercing a pair.

He killed two zombies cleanly and dug out the brain crystals to collect them. Qin Tiange then slowly took out a map.

On this map, there are two places of Peugeot, which are drawn with a red pen circle. These are exactly the two purposes of Qin Tiange's trip.

“From this route, just passing the Changsheng Pharmaceutical Group ...”  
Looking at the map, Qin Tiange was looking for the nearest route.

最终 His ultimate goal was to go to that heavenly land, and before he came out, he asked Zhuo Tianfan's pharmaceutical company where it was right.

Looked at it, Qin Tiange made a decision and immediately went on the road after choosing a route without wanting to delay.

As for the team in Qinglian Apartment, he is not worried at all. If Moda and others can't cope with the current strength, there is really no training value.

I walked out of the alley and crossed the three main streets. I saw a run-down scene along the way. There were abandoned cars everywhere on the street, and many vehicles crashed into scrap iron.

Especially crowds of zombies on the street, watching the scalp explode, few people dare to walk around such corpses.

But there is such a figure, who actually travels on the streets where the zombies roam, running very fast, and wherever they go, their heads must be chopped and flying.

boom!

In front of a large supermarket, Qin Tiange lifted his feet, flew a zombies, rushed into the supermarket, and went straight to the second floor.

Roar...

There are a lot of zombies in the supermarket, but Qin Tiange's master is bold, dancing with a steel knife, bringing up a touch of black blood, and his head rolling down.

Soon, the zombies on the first floor and even the second floor of the supermarket were all killed. For Qin Tiange now, these ordinary one-star zombies are not enough to kill.

After digging up the brain crystal, Qin Tiange started looking for food on the second floor of the supermarket. Before he came out, he had emptied his space bracelet and was about to reserve some food at this moment.

收 He collected ten bags of well-preserved rice, and then swept all kinds of food in the supermarket, all of which are well-packed and can be stored for a long time.

“Almost ...” After the raid was almost over, Qin Tiange felt it was time to leave.

He quickly got out of the supermarket and directly followed the established route. He kept on and on. He could kill if he could meet the zombies and escape if he couldn't.

Qin Tiange is easier to rush on his own. There is no zombie or mutant creature that can block his way. However, he can run without hitting and there is no burden around him.

Huh?

After rushing for about an hour, Qin Tiange suddenly stopped in front of a construction site.

He didn't notice, but he saw the gate of this construction site was locked, the wall was soaring, there was still a lot of black blood in front of the door, and even a lot of broken meat and bones scattered there.

However, Qin Tiange felt that there should be survivors in this construction site. It is not difficult to see that there are some rice grains scattered on the ground, and there are living people in the construction site.

“Foreman, look at it, there is someone outside.”

At the same time, Qin Tiange's traces were found inside the construction site.

The construction site was originally under construction, and a beautiful residential area with beautiful landscapes was built. There were three main buildings in the building.

At this time, many people hid above one of the buildings and watched Qin Tiange who suddenly appeared at the door.

“There are at least dozens of survivors here ...” Qin Tiange stood at the door, touching his chin, and saw the survivors hiding on the floor from a distance.

He was a little pondering and made a decision. He saw that he took out a paintbrush and wrote on the wall of the gate of the construction site.

“Foreman, what is that man doing?”

The people above the tower were stunned, and found that Qin Tiange was acting strangely, so he couldn't help but be a little stunned.

Soon after, Qin Tiange finished writing, nodded with satisfaction after looking at it, and finally looked at the crowd on the floor, and then turned and disappeared here.

On the floor, a group of dozens of migrant workers looked at each other. If you look at me, I don't know what to do if you look at you.

“Foreman, do you want to go and see?”

Someone made a suggestion to the foreman, and to see what happened, many people disagreed and thought it was too dangerous.

At this time, the middle-aged man, known as the foreman, was silent. His dark skin looked like a farmer, and the foreman was actually an honest migrant worker.

“Success, then go and see!”

最后 The foreman finally decided to go and see what Qin Tiange had written on the doorway wall.

Led by the foreman, dozens of people came downstairs, carefully touched the door, staring at the lines on the wall one by one.

“Qing ... what is lotus? Public ...” There are migrant workers pointing at those words, but unfortunately they are incomplete.

Beside him, the foreman still read the book and knew the words. He read it out: “The Lotus Hill Qinglian Apartment has armed forces to resist zombies, and food distribution ...”

“True drops?”

“Isn’t it a lie?”

Some migrant workers don’t believe it, and it feels untrue, but most people are excited because they saw the “armed forces” resisting the zombies, and even saw the distribution of food.

“Foreman, now tidy?”

At this moment, all the migrant workers and dozens of people looked at the foreman eagerly and let him make decisions.

Go, or not?
