

THE DARK AGES

Chapter 14 - Clearance Plan

When Qin Tiange caught up and found Chen Xi's trace, she was lying in the lower corner of the teaching building, covered with blood, her legs were fleshy, and her chest had a deep blood hole. Fortunately, it was not in the left heart. Position, otherwise she's dead at the moment.

However, her condition was not good, her head was too dull with too much blood loss, and she had no strength to blast, and there were eighteen calves like calves lying around her.

Zhe Yiwozi, a one-star mutant piglet, was killed alive by her. Seeing this scene, Qin Tiange could not help but curse, stupid woman!

Roar...

The **** smell of blood drew a few swaying zombies downstairs, and soon found Chen Xi lying in the corner, and immediately rushed up.

"Don't I die here?" Looking at the three zombies rushing up, his face looked bleak, Chen Xi couldn't help despairing.

I finally managed to kill eighteen one-star mutant piglets. This time, she is seriously injured and is facing the threat of zombies. Later, she will be bitten and swallowed by three zombies?

A zombie rushed, and the disgusting claws had reached her, and her sharp nails could almost catch her two eyes.

flutter!

Suddenly, a strange Tang knife pierced the head of the zombie, twisted fiercely, and shattered the head of the zombie on the spot.

She suddenly raised her eyes and found out that it was Qin Tiange's arrival, with a somber look on her face, and stared at this stupid woman with a vicious look.

Qin Tiange couldn't help but curse: "Stupid, didn't I give you two one-star quenching body fluids? Why did you do that?"

Chen Xi was a little embarrassed by his scolding, her face was red and white, but she remembered that she had forgotten to drink those one-star quenched body fluids, but she didn't want to drink them directly, but used the mysterious brain crystal like him And stimulating to improve the medicinal properties of the quenched body liquid.

Scolding and scolding, Qin Tiange was not slow in his hands, took out the broken bone tang knife and severely chopped it on the other zombie's forehead, and only heard a muffled noise, the zombie split into two in an instant.

Yi Yixing's bone-breaking knife was sharp and unparalleled, as if chopped on tofu, and cut off the hard bones of the zombie without any hindrance.

If it is an ordinary steel knife, although his current strength is enough to split the zombie in half, it can never be so easy.

This is the strength of the one-star weapon. With this broken bone sword, Qin Tiange's speed of killing zombies is even faster.

In the blink of an eye, the last zombie was killed. After digging out one star mutant brain crystal of three zombies and eighteen mutant piglets, he took away the dead pig's body, and Qin Tiange then looked at the motionless Chen Xi, frowned slightly.

“Can you still move?” After asking these words, Qin Tiange couldn’t help cursing, regardless of the feelings of the other side, directly leaned over and embraced Chen Xi.

“Thank you ...” Chen Xi said weakly, thank you, her eyelids were a bit heavy, her face was very red, and her pale face was a little unhealthy with a lot of blood loss.

Qin Tiange frowned, and drank, “Don’t sleep if you don’t want to die, or I will lose a lot if you die.”

Wu Chenxi, the former emperor-level powerhouse, if he died here, his loss would be great, and how could he die without draining her value?

Fortunately, she was injured by the mutant creature, not by the zombie, otherwise there is no possibility of rescue.

Hugging Chen Xi’s fragile and petite body, Qin Tiange walked up and down, rushing upstairs, rushing straight to the third floor, and returned to the office.

In the office, Liu Ye, a young and beautiful teacher, saw Qin Tiange holding back a beautiful woman covered with blood, and her heart was extremely weird.

A group of junior high school students were even more surprised. Looking at this powerful and mysterious person, they really did not understand where he came back from this beautiful woman?

“Wait for me, don’t talk!”

Qin Tiange dropped a sentence, hugged Chen Xi directly into the bathroom, and then pulled out the cup that the teacher used to drink water in the office and went in again, closing the door.

Qiu Liuxuan kept watching, not talking, the pair of pupils in the glasses constantly blinking, looking at the closed bathroom door, a flash of red flashes from time to time, as if thinking of bad things.

In the bathroom, Qin Tiange took Chen Xi's two two-star hardened medicines and poured them into a cup, and then one by one added a brain crystal.

These one-star brain crystals were originally formed by the dark energy of the universe condensing in the body of the zombies, which contained strange energy inside, which quickly melted into a liquid under the attraction of a one-star quenching agent.

There are nine one-star brain crystals fused in, and a glass full of liquid appears, red and black, which is the enhanced version of the hardening agent.

He did not hesitate. He poured the potion on Chen Xi, who was about to fall into a coma, and drank it. Qin Tiange finally breathed a sigh of relief.

I saw that Chen Xi was strengthened by the enhanced version of the body quenching agent, the wound on his body quickly healed and healed, and soon recovered, he was relieved that he did not die here for the former emperor-level powerhouse.

Next, Qin Tiange picked up two empty cups, one cup poured two two-star quenching medicaments into it, then hesitated.

"Can't put a mutated star crystal core in?" Qin Tiange hesitated, and finally thought about it, and decided to give it a try.

变异 The mutant crystal nuclei of mutant creatures are more precious and powerful than the brain crystals of zombies, and they seem to have more energy. If you use the vigilance of mutation to neutralize and enhance the hardening agent?

Do it as soon as you think of it. Qin Tiange began to add a one-star mutant brain crystal in a cup, and quickly added nine. This is a method that someone has experimented in previous lives, and soon a cup of mutant-enhanced version of the quenching agent appeared.

Murmur!

After raising his head and rumbling, he drank a cup of enhanced version of body hardening medicine. Qin Tiange felt that two powerful energies broke out in his body, very violent, cold and hot, quickly swept the whole body, and strengthened.

The peculiar star marks began to condense and spread rapidly in the muscles. Originally, ten star marks were now quickly condensing more star marks.

At the moment, the tenfold physical fitness has been increasing rapidly at this moment, and the speed is still very fast, eleven times, twelve times, and thirteen times, soaring all the way.

When the violent medicinal effect evaporates, a stench of black liquid is squeezed out from his body again, and physical impurities are squeezed out again.

Soon, the effect of the medicine passed, and this time there were fifteen strange star marks in the body. And his physical fitness has been fully raised to the limit of 25 times. The power of 25 people is close to 26 times that of an adult. How terrible is the strength?

“It’s powerful. It is indeed a mutated one-star brain crystal. The effect is different. It has improved fifteen times ...” Qin Tiange looked surprised. When he was one star in the previous life, he had only three times as many adults Physical fitness, and then had to step into the second star.

Now, he is born again and everything is different. There are nine one-star mutant brain crystals. He thought about giving up and continued, but put the one-star zombie brain crystals into another cup.

Looking at the remaining glass of enhanced version of the medicament, and looked at the remaining four one-star hardened medicament, Qin Tiange felt hesitant and measured the gain and loss.

“Forget it, the initial investment is very necessary. If there is no payment, how can there be a return?”

In the end, Qin Tiange made a decision. He filled the last glass of the enhanced version of the hardening medicine with a washbasin, and filled it with a full basin of water.

I took these things, Qin Tiange came out, and called a large group of junior high school students and Liu Ye, a young beauty teacher, to drink a cup of water-enhanced version of the hardened medicine.

Although the water has been mixed, the strengthening effect is not bad at all. When one cup goes down, everyone has at least doubled their physical fitness. Don't underestimate this.

“Well, you now have twice the physical fitness of an adult. Now you feel the powerful power in your body?”

Qi Qin Tiange clapped his hands and attracted everyone's attention. He looked at him exuberantly, even a group of girls, and Liu Ye was shining his eyes. UU Reading Books www.uukanshu.com

“Did you see it?” Raising four of the one-star quenching potions in his hand, the dark red liquid was full of mysterious colors, but Qin Tiange revealed a devil-like smile.

Sunda voiced a strong temptation, saying: “This is a one-star hardening medicine. Drinking one can improve your physical fitness by at least three times, and maybe four times with good luck.”

“However, if you want to get it, you must of course obey my command, otherwise, you will never get this kind of thing.” Qin Tiange looked suddenly cold, his tone full of threat.

Click!

After he finished speaking, the broken bone tang knife stabbed into the underground cement slab fiercely. He didn’t get half of it on the spot.

The reinforced concrete floor was pierced easily, and even they suspected that it was made of tofu residue.

“I announced that these four potions will be the four people who will kill the most among the waiting corpses, and you will take care of yourself.”

As soon as this sentence came out, the boys were flushed on the spot, and they could not wait to kill and kill those zombies, their strength, their eyes were like wolves staring at the potion in Qin Tiange’s hand, and Chi Guoguo wanted to possess it.

I looked at everyone’s expression, Qin Tiange’s mouth slightly tilted, there was temptation to be motivated, even Liu Ye, a beautiful teacher and a group of girls, were no exception.

“Count me in!”

At this time, Chen Xi came out of the bathroom. The cleaned face looked whiter and pinker, like baby-like skin, which could be torn apart, and some torn clothes on his body were gone, leaving many boys with red ears and red eyes, afraid to look down.

I was kidding. In their opinion, this woman who is not so beautiful is the young man who is so powerful and terrible right now, that is, the woman who is now the eldest boy. This group of junior high school boys dare not to think.
