

Dark Ages 171

Chapter 171 - Immortal, poison?

“Oh my god, I won’t live!”

“Three days. Three days and three nights before they come out. I’m going to die.
[Full text reading]”

A group of young people had pale faces and dark circles around their eyes. Obviously, they could not sleep well for three days, could not eat well, and were stunned all day.

They stared blankly at the still-closed door. For three days and three nights, the dream goddess Du Jing and Qin Tiange’s boss had not yet come out of it.

Now this group of energetic young talents can be anxious and almost crazy, should we play like that?

“Boss, I hate you!”

A young man burst into tears and turned and ran away, crying so sad. Let a lot of people keep shaking their heads as they get older, and feel that this group of people are just full and have nothing to do.

The matter between the boss and President Du, what do you care about blindly, a bunch of suckling children, can Du always think about it?

“It’s still too young.” Many old researchers shook their heads gently, and ignored these grief and sadness young people.

“Goddess, my goddess is gone!”

“I don’t love her anymore. She is no longer pure, no longer a lonely snowdrop, but a rose just picked.”

A group of young people finally cried and shouted, one by one turned silently away and went back to their rooms and cried.

A sad past, a secret love epic, was ruthlessly crushed by Qin Tiange, breaking their goddess dream.

Our party did not even know that a large group of young people were crying and fainting in the toilet. They were refining in the closet for the last time.

“This is the last medicine.”

Looking at the last herb, Qin Tiange breathed a sigh of relief, and the two were busy day and night, staying up all night for three days and three nights, and finally refined more than 1,200 herbs.

When the last herbal refining was finished, Du Jing collapsed, and stood up without strength, lying on the ground without a image, breathing heavily.

“I really can’t do it anymore, I, I want, I want to take a break” Du Jing said, and she fell asleep at the end.

Watching her fall asleep like this, Qin Tiange froze, some could not laugh or cry. But when she saw her pale face and dark circles, she felt a little distressed.

A good beauty is just being transformed into a sloppy look, which makes people distressed.

“Then you sleep well.” Qin Tiange took off a coat and put it lightly on her, then pried open her mouth, fed two drops of life fluid, and stood up to continue working.

Refining is complete, and the final preparation is the top priority. If you are not careful, it is likely that you will fail.

“I can do it!” Taking a deep breath, Qin Tiange secretly encouraged himself, moved his bones, and adjusted his body and mind to the best state.

Refinement is not so easy and simple to refine. Therefore, we must be cautious and careful, keep improving, and be foolproof.

All preparations were completed, and physical and mental rest was enough. Qin Tiange finally started to prepare the undead medicine.

For immortal medicine, two main medicines are needed for preparation, one is regenerative substance, and the other is eternal blood, both of which are indispensable.

With these two main drugs, it is not enough, and there must be several precious tonics, such as the liquid of life.

“Two-star liquid of life” Qin Tiange took out a test tube, which was full of turquoise liquid, with a golden sheen.

It is the two-star life fluid, and even he has a more precious three-star life fluid, which is rumored to be alive and dead.

“let’s start!”

Qin Tiange looked serious, and meticulously fetched a huge container. Regenerative material, longevity blood, and liquid of life were poured into this container in turn.

The preparation of immortal medicine is mainly not important. The important thing is that the proportion of subsidized medicine must be strictly observed, otherwise the success will fail.

Next, Qin Tiange poured all the refined medicinal materials one by one according to the proportion of the immortal drug formula in the inherited knowledge.

And, in the process, he turned on the electromagnetic energy heating on the instrument and started cooking these liquids with a slow power.

Hundreds of medicaments are added one by one, in strict sequence. Some medicinal materials are toxic, but they can still be poured into them.

I do not know when, Du Jing has woke up, Qiao Shengsheng stood behind Qin Tiange, looked silently, his eyes flashed with some strange light.

Grunt

In the container, the colorful liquid began to boil, and bursts of blisters seemed to be boiling water.

These liquids are becoming more and more viscous. The more medicinal materials are added, the more viscous the liquid is, like mercury is flowing and boiling.

In the closet, there was a strong scent of medicinal herbs, with hundreds of thousands of odors, and it was very strong.

Du Jing took a breath and suddenly felt dizzy and vomiting. Qin Tiange only found out she was awake now.

“Take this, the scent of this immortal drug refining process is toxic.” Qin Tiange threw a gas mask and let the latter wear it.

During the refining process of immortal medicine, the scent produced is poisonous, which can make people feel weak and even stop breathing on the spot and die.

“Toxic? Are you practicing poison or immortality?” Du Jing was speechless, wearing a gas mask, and quietly watching Qin Tiange refine the so-called immortality.

Qin Tiange listened to her muttering, and she turned back and explained, “In fact, if you don’t die, it will be poison. If you have poison, then the better the medicine, the more poison.”

“Undead medicine, said to make people immortal, in fact, it is a poison in itself.” Qin Tiange no longer explained, carefully prepared.

Because all subsidized drugs are formulated and added to it, the rest is a matter of time. As long as the essence of thousands of drugs is fully integrated into it, it is considered a success.

Grunt

In the container, the liquid was bubbling, more and more, the aroma emitted was more and more intense, and Qin Tiange’s expression became more dignified and serious.

“It’s coming, it’s coming soon.” Qin Tiange murmured to himself, staring at the huge container in front of him, the liquid in it gradually reduced, and even the colorful liquid gradually reduced the luster.

The color fades and the liquid decreases, which is a good change.

The so-called Avenue to Jane is actually the truth.

Time passed by little by little, when the liquid in the container was completely colorless, leaving only a little transparent colorless liquid, Qin Tiange knew that it was.

“It’s done!”

Qin Tiange showed ecstasy, staring at a colorless transparent liquid in the container, and couldn’t help but be excited.

In the container, there was only a small amount of colorless transparent liquid, with a little bit of strange light flashing looming, it looked very ordinary.

The process of refining immortal medicine is cumbersome. At the moment when the medicine is finished, there is no such thing as the magical scenes of floating ceilings, flooding golden lotuses, and thunderous movements. Some are just a little ordinary liquid.

And this liquid is exactly the elixir!

Ordinary, ordinary and simple, this is the essence of immortality.

“Ha ha ha immortal medicine is done!” Qin Tiange couldn't help laughing, laughing happily and happily.

The immortal medicine was trained for him, even though Du Jing on the side was a little sluggish, looking at that little liquid, it was hard to imagine that it was an immortal medicine?

“Is it really an immortal medicine?” Du Jing looked at Qin Tiange with suspicion.

The latter laughed with a crooked mouth, explaining: “It is indeed an immortal medicine, but this is only an initial immortal medicine. It cannot be taken because it is a poison. It will undoubtedly die.”

When Du Jing heard it, she had no blood spurts, she was extremely speechless, and spent three days and nights, exhausting countless herbs, but she heard that the refined immortal medicine could not be taken, or was it poison?

Chapter 172 - This chick, can't bear me?

Is immortality poison?

Du Jing did not bleed after listening well, what is the reason?

Qin Tiange didn't care. He smiled and looked at the transparent carcass in the container. He explained: “The immortal medicine, when it was just refined, was poison. If you want to become a real immortal medicine, you must precipitate it over time. [] “

There is explanation in his inherited knowledge. The immortal medicine was a poison at the beginning. Only by time precipitation, the immortal medicine slowly evolved itself and expelled the toxins.

“Moreover, if the immortal medicine wants to precipitate and grow, it must also absorb countless energy and all kinds of strange treasures, and eventually evolve into a complete immortal medicine, that is the real immortal medicine.”

Qin Tiange's tone was so solemn, and his face looked bright, as if he had accomplished a great thing, made an undead medicine, and was naturally proud.

Du Jing had some vomiting blood, and she lived for three days and three nights. It turned out to be poison, and it took time to precipitate and grow. Can the medicine evolve by itself?

“Are you sure what you said is true?” Du Jing was a little skeptical and did not believe it.

Originally, the immortal medicine was a legend, but now when she heard it, it turned out to be poison. It was probably fake, which made her feel very disappointed.

“You’ll be satisfied!” Qin Tiange rolled his eyes and learned: “Do you know that immortal medicine is not something you can practice and you need to grow out of it? You think immortal medicine is a magic medicine. ? “

Qin Tiange stopped paying attention to her after speaking, and carefully took the elixir with a test tube prepared long ago.

Two full test tubes, two immortals, you’re done!

“Haha, my immortal medicine will grow into a complete immortal medicine in the near future. By that time, it will be when I rise completely.”

Looking at the two immortal pills in his hand, Qin Tiange couldn’t help feeling excited, his face turned red, and he was really excited.

Immortal medicine. I have never heard of anyone who can make it in the past life. I just heard that someone has made a basic version of the immortal medicine like the one in front of them. One was poisoned and one was destroyed halfway.

Immortal medicine, when it is just born, it is just like a newly born baby. It needs to grow slowly and precipitate the immortality. This is the real immortality.

After collecting two immortal pills, Qin Tiange hummed the song, opened the closed door for three days and went out.

“Come out! Come out!”

Outside, a large group of people suddenly saw the door that had been closed for three days suddenly opened up, and suddenly came over and watched.

When they saw the first Qin Tiange coming out, his face was red, he sang the song, and stepped out, the young people were completely heartbroken.

Click! Click!

In the air, there seemed to be a crisp and crackling sound, which made Qin Tiange’s inexplicable stupidity, sweeping the crowd around, and found that everyone’s eyes were strange.

Especially those young people, looking at Qin Tiange’s eyes are extremely weird, with resentment, sorrow and anger, despair, and so on.

“Goddess ...”

“Three days and three nights ...”

The group of people mourned, goddess, three days and three nights. Needless to say, what they thought at the moment was that Qin Tiange spent three days and three nights with the goddess in their minds. What else could they do?

Moreover, when I saw Du Jing stepping out, she seemed to hear the heartbreaking voice.

Du Jing was stupid. Looking at these people’s weird eyes, he immediately realized that they thought of something else.

“I ...” Du Jing was trying to explain, but couldn't say anything.

Could it be that I have nothing to do with Qin Tiange, chatting in it for three days and nights? Don't be stupid, even the fools don't believe it. This time, Du Jing has the urge to kill Qin Tiange.

“I go first, go back and take a shower, I keep doing it for three days and nights, I'm too tired.”

Qin Tiange said something suddenly, touching the sweaty smell and messy hair on his body, and there was a trace of exhaustion in that tone, which made people wonder.

Doing this for three days and three nights is ambiguous. What young people think of is a picture that makes them completely desperate.

“I'm not alive!”

Someone screamed and ran away crying with pain in his face, leaving Qin Tiange's face inexplicable.

“What's wrong with them?” Qin Tiange asked unknownly.

Who knew Du Jing shook his back and quickly stepped on high heels, leaving the underground laboratory as if to escape. He didn't want to stay for a moment, it was shameful.

“baffling!”

Qin Tiange shook his head secretly, and then stopped paying attention. He was in a good mood at the moment and didn't care what these people were.

The completion of two immortal pills means that there will be two truly immortal pills in the future. As long as you take care and carefully cultivate the immortal pills, you can wait until the day when Dafeng receives them.

“My heart is waiting, always waiting ...”

Qin Tiange hummed the song, and walked out of the underground laboratory with a heartbroken expression on the face of a group of young people.

Back on the ground, Qin Tiange returned to his room, took a shower, and fell asleep.

There is no way, after all, no rest for three days and three nights, even the ironed body can't stand it. Although his physical fitness has the amazing strength of a hundred people, it is still personal?

This sleep was very fragrant, and even had a spring dream, but it was a pity that the mirror had no trace.

“Why dream of her?”

Waking up, Qin Tiange frowned slightly, could not help muttering. He had a dream just now, and the person who dreamed turned out to be a person who surprised him.

“She can live without her eyes?” Qin Tiange frowned secretly, thinking about the situation he encountered in his dream. It seemed something extraordinary.

He had almost forgotten the girl who lost both eyes, but at this moment dreamed, suddenly realized that something important to him was going to happen.

“No, you must go and see. With my current spiritual will, I rarely dream, and even impossible, is it what my subconscious is foreshadowing?”

Qin Tiange jumped out of bed and walked back and forth in the room. There was a kind of restlessness in his heart. He always felt that something related to his destiny was about to happen, making him uneasy.

After thinking for a while, Qin Tiange decided to leave here immediately to see the girl who lost his eyes, otherwise he always felt uneasy.

“Hopefully I think more.” Wearing clothes, Qin Tiange thought secretly.

Soon, neatly dressed and finished washing, Qin Tiange walked out of the door, and unexpectedly saw a pretty shadow standing pretty at the door, slender and slender, like a morning glow in the morning.

The visitor is Du Jing, who is waiting for him here?

“Can’t leave?” Du Jing said the first sentence, surprising.

Qin Tiange looked at her unexpectedly, and muttered in his heart, how did this little girl know that the decision he had just made was to leave?

“Why, can’t bear me?” Qin Tiange smiled.

“This is something I prepared for my dad. You help me bring it to him.” Du Jing’s face was very calm, and gently handed over a mobile phone, exactly the one Qin Tiange brought to her before, and now wants him Take it back to Zhuo Tianfan.

“And these materials are all employee contracts and materials of our Changsheng Group Secret Institute, including mine.”

She handed in a thick material, which was contract information for all researchers, including her own.

“You keep these things, I believe in you.” Qin Tiange thought a lot, but pushed back without hesitation.

He thought for a while and said, “I can’t take the whole team away for now, you are in charge of everything here, and temporarily set up a more powerful and hidden research base.”

“Can’t you really stay?”

Suddenly, Du Jing raised her head, staring directly at Qin Tiange, and there was a hint of hope in the eyes under the glasses.

“This little girl can’t bear me?” Qin Tiange was shocked, secretly surprised, and looked at the little girl in front of him, looking as if he wanted him to stay.

Unfortunately, she is going to be disappointed. Qin Tiange will not stay, because he has his own things to do, has his own plans and plans, can not stop his own footsteps for anyone, and can only say sorry in his heart Already.

Chapter 173 - Inexplicable irritability

Qin Tiange left, hurried to come, hurried to go, leaving only a lonely back. [Full text reading]

However, his arrival left an indelible impression on someone, and brought an irreparable spiritual injury to a large group of young employees of the Changsheng Group.

“Sister Jingjing, the man is so cool, everyone is so tempted, why don’t you give it to me?” On the top floor of the Changsheng Group headquarters building, two figures stood proudly. One of them was Du Jing, a beautiful pharmacist.

The other one is the super-male demon who dresses like a splendid girl and is an enchanting Anan who claims to only like men and dislike women.

He looked at the back of Qin Tiange, and couldn’t help committing idiots. With a look of admiration and admiration, he almost jumped up and cried and took me away.

boom!

Du Jinghan faced, and gave him a kick with a high heel, saying fiercely: “Are you okay to do it? Well, let me wash all the toilets in the group building.”

“Don’t wash clean, don’t eat!”

After finishing speaking, Du Jing twisted Xiaoman’s waist and left, leaving An An alone crying on the roof of her father and crying, mourning.

“Don’t, Sister Jingjing, I was wrong, I shouldn’t grab a man from you ...” An An cried and chased after him.

As a result, Du Jing came in a sentence, driving him into the bottomless abyss.

“Clean the toilets in the entire industrial area!”

An An was dumbfounded, the whole person was stunned *, and the heart kept echoing the phrase: Wash the toilets in the entire industrial area! “

“Women are terrible, especially women in love, the most terrible. Fortunately, people like men, it is too prescient.”

An An wants to cry without tears, and also feels fortunate. He likes men and dislikes women, so he doesn’t worry about being bullied by women in the future.

If Qin Tiange knew his thoughts, he would definitely vomit blood and chill for a while, and the forest would be big and all birds would be there.

...

Taoyuan Village, high-end villa group.

Returning here again, Qin Tiange felt inexplicably a little irritable, looking at the villas in the distance, especially the villa in the center.

The girl who lost her binoculars was there at the time, and is back again at this moment. Qin Tiange doesn't know what the mood is.

As for saying that you like that girl? Don't make a joke, just met her once. Helping her is just looking at the poor. If you can save it, save it to the end.

I came back this time because of the dream of yesterday. With his current physical fitness, he would never dream at all. The only explanation was that he had a subconscious feeling of what was going on.

"Hope is not what I think." Qin Tiange frowned secretly, quickly rushed into the villa group, quietly along the way, not a zombie.

When I came to the villa, the door was open. When I saw this, Qin Tiange couldn't help but feel that something had happened.

However, what puzzled him, even if Ling Sha had an accident, could not cause a self-reminder of his subconscious.

Why on earth? With deep questions, Qin Tiange stepped into this villa, which was empty with some black blood stains.

When I came upstairs and inspected the rooms one by one, Qin Tiange didn't see Ling Sha. Even the furniture and floor here started to get a lot of dust.

The only room he had stayed in was clean. Don't think about it. Ling Sha had cleaned up after he left, and it was clean.

"This woman ..." Qin Tiange looked at the room where he had lived. It was very clean and tidy, and he couldn't help feeling strange.

Then I came to the room where Ling Sha had lived, where people went upstairs, and everything was still there, but she disappeared.

But what surprised Qin Tiange was that there was a box on the bed.

Open the box, there is a piece of paper quietly inside, crookedly written a lot of characters, it seems that Ling Sha is still very laborious to write these characters.

It's good to be blind and still be able to write. I can barely see the meaning.

"Brother Qin, I don't know if you will come back, but when you come back, I have already left, I don't know where I will go, and where I can go. The future is really confused for me, despite you The weapons and equipment provided, but I still do not have the confidence and courage to live. "

After reading it word by word, Qin Tiange sighed slightly. Maybe Ling Sha was right. She was blind. Even with the weapons and equipment he left, and even the hardening agent to strengthen the body, she still did not survive. Confidence and courage.

Confidence, courage, and two words are very light to say, but it is really difficult to do it. Many people say that they are confident and brave, but they are not deceiving themselves.

In the face of such a dilemma and losing his eyes, it is normal for Lingsha to have such a mindset. Individuals will be helpless and afraid and will lose courage.

“Why does my subconscious remind me about Lingsha?” Looking at the note left by Lingsha, Qin Tiange frowned deeply, thinking about the deep meaning of his subconscious reminder.

Everyone has a subconscious mind and will issue a warning at a certain time. Maybe it is a dangerous self-defense instinct, or it may be some reason.

These are not clear to Qin Tiange. The only thing he can do is to find Lingsha to unlock all the secrets.

Taking the halberd, Qin Tiange rushed out of the villa quickly, and began to look carefully in the entire Taoyuan village.

Soon, he saw many zombies at the exit of Taoyuan Village.

“These zombies were killed by spears or spears.”

Squatting down to see several zombies, Qin Tiange came to a conclusion that they were all killed by a spear or pike D.

He immediately realized that Ling Sha was probably killed, so it turned out that she had appeared here and exited from Taoyuan Village.

Searching for possible clues along the way, Qin Tiange chased down along the clues, and saw a lot of zombies on the road.

“Lingsha, Lingsha ... always feel familiar, why can't you remember?”

While tracking, Qin Tiange thought secretly. The name Ling Sha gave him a very familiar feeling, but unfortunately he couldn't remember.

This made him inexplicably upset there was an impulse to break out, very uncomfortable.

Along some possible clues, Qin Tiange chased and stopped at a crossroads, only to find that there were no clues left.

“Damn, where is it going?”

Standing at the crossroads, Qin Tiange had a trace of irritability on his face. The more he thought about it, the more he couldn't calm down, and felt that this matter had a great relationship with himself.

Roar...

Just when he was restless, a burst of growl came from afar, which caught Qin Tiange's attention.

Listening to the roar, the roar from the zombies, seemed extremely irritable.

“Is someone fighting there!”

This is Qin Tiange’s speculation, faintly feel that there should be some people fighting there, without any hesitation, thinking of the direction here, holding the halberd.

At this time, the zombies began to surround them in all directions, and all rushed in that direction.

Chapter 174 - Death Merchant!

Five hundred meters ahead, there was a large shopping mall, surrounded by countless zombies, and made a terrifying roar at the mall. [Full text reading]

Crowds of crowds, at least thousands of zombies are here, and it is amazing how these zombies could not pass through the ten-meter range around the mall, as if they were blocked by an invisible wall.

“Weird!”

From a distance, Qin Tiange stood on a tall building and looked at the situation here, surprised by the scene in front of him.

He looked around the mall, and the dense crowd of zombies rushed out, as if the waves were higher than the waves, but he couldn’t rush into the mall.

This situation made him extremely surprised, and he secretly guessed that there was some invisible force around the mall to prevent these zombies from entering.

“There is a layer of invisible power covering the whole mall. What is it?” Qin Tiange narrowed his eyes and looked at the mall 500 meters away.

He didn’t know what force caused it, and he didn’t even understand what was in the mall that attracted so many zombies. It was incredible.

At this time, more and more zombies were coming from all directions, and they all rushed towards the mall, as if something attracted them.

“There is a problem in the mall.” Qin Tiange stood on the top of the building and quickly thought whether he should go to see what happened.

Soon, he made a decision to enter the mall and take a look. But the only concern was that layer of invisible power blocking his entry.

This is a problem that has to be carefully considered. It would be funny if it was blocked out like a zombie.

More and more zombies are coming to the outside. Thousands of people are rushing. If blocked and unable to enter, Qin Tiange will face these dense corpses.

“Bold and timid.”

Qin Tiange’s face calmed, and he made a decision, and immediately took out a sharp steel spear from the space bracelet, and a large bundle of rope.

He tied the steel spear with a rope, then took a few steps back, raised the steel spear and aimed at the roof of the mall five hundred meters away.

call!

I saw, Qin Tiange rushed in three steps, threw a steel spear, and tore the air instantly, whistling and stuck on a wall on the roof of the mall, firmly nailed.

After pulling the rope and feeling that he could bear the weight of his body, Qin Tiange tied the rope here, took out a hook and stood on the edge of the roof, and suddenly jumped out.

A distance of five hundred meters passed from high altitude, which alarmed a lot of zombies, raised their heads and opened their mouths and made a terrifying roar, full of violence and bloodthirst.

Unfortunately, they were called in vain, and they couldn't hook Qin Tiange over his head, so they could only growl in resentment.

Slap!

Soon, Qin Tiange landed steadily and came to the top of the mall. The worry in his heart finally let go, and there was no phenomenon blocked by that invisible force.

With deep questions, Qin Tiange took the halberd and carefully walked down the entrance of the mall roof.

He wants to see how such a mysterious force exists in the mall, which not only attracted numerous zombies, but even blocked the entry of zombies.

The mall was quiet, without a figure, not even a zombie. There are five floors in the entire mall, and the fifth floor is a game and entertainment hall.

It's in a dilapidated state, with game machines falling to the ground, coins scattered on the ground, and blood everywhere.

I checked here a little and found that there were no silhouettes and strange phenomena. Qin Tiange went down to the fifth floor and came to the fourth floor.

This is a place to buy clothes. The shops are messy, clothes are scattered on the ground, blood is everywhere, there is no corpse.

"Strange, where are the corpses?" Qin Tiange frowned secretly, feeling a bit out of place, and he became more vigilant.

He had walked through the entire fourth floor, not to mention the silhouette, no zombies were found, no corpses were found, and there was only blood everywhere to see the chaos here.

Finally, Qin Tiange descended to the third floor along the stopped elevator stairs. This is a supermarket where the goods have been swept away by mutant mice.

The supermarket was empty and nothing, the scattered shelves were crooked.

There was no figure on the third floor, and no strange place was found. Qin Tiange couldn't help frowning, so he had to go down the third floor carefully and came to the second floor.

Here, it was once a large KTV song and dance hall, but now it is empty and there is no figure.

Entering this song and dance hall, Qin Tiange suddenly felt a cold rushing from the soles of his feet, reaching Tianling, cold.

“Someone?” Qin Tiange’s pupils shrank, looking at the KTV hall in front, and a dark shadow was sitting there quietly, drinking unknown wine.

The man was shrouded in a black robe, and could not see clearly, and did not move who he was at all.

“Another business is coming, welcome!”

The man in the black robe slowly put down his glass and uttered a hoarse word. He could not hear his age, but could judge that he was not a woman.

However, Qin Tiange was extremely vigilant, because he did not feel any breath from this person, as if the other party did not exist.

This is an incredible discovery. The only thing that can’t be sensed is the dead, but what’s going on in the black robe?

Strange, extremely weird!

“Who are you?” Qin Tiange was wary of a broken heart, and Euphorbia was in his hand, making a slight buzzing sound as if to strike at any time.

The man in the black robe looked at it slightly and sighed, “Nice spurge, worth some money.”

“I forgot to introduce myself. I am from Hell Star. I am a dead businessman who travels through the universe. You can call me zero!”

The man in black robes introduced himself faintly and hoarsely, his voice revealing a certain magic power, which convinced people unconsciously.

However, Qin Tiange was vigilant, and his pupils were constantly flashing a little silver awn, always staring at the person in the black robe opposite.

There was a raging sea in his heart, extremely shocked, completely shocked by the words of the other party.

“Hell Star? The dead merchant who travels across the stars?”

Qin Tiange remained immobile, but his heart changed a lot. He had doubts about the origin of the man in black robe before him, but he suddenly remembered some news from previous lives.

In the past life, there was news that someone had seen a weird man somewhere, claiming to be a dead businessman who was from Hell Star and was walking among the universe.

No one believed it at the time, and now in retrospect, isn’t it the person in front of the mysterious black robe?

“Are you a businessman?” Qin Tiange was extremely vigilant Euphoria didn’t leave his hand and crossed his chest, he looked at each other up and down, but unfortunately he couldn’t see each other’s appearance and figure.

“Yes, I am a businessman, and seeing me shows that you are very lucky.” The black robe man who called himself “zero” said lightly.

Qin Tiange was a little unbelieving and asked, "Since you are a merchant, what goods do you have, how do you and I trade?"

"Simple, come here and see for yourself. These are the products I brought with me this time, and I want to exchange them naturally." The man in black robe said, waving gently, a huge screen appeared in front of his eyes.

Seeing this scene, Qin Tiange's pupils shrank, and he was horrified secretly, because he captured the opponent's hand with fine silvery white hairs and sharp claws.

"He's not a human!" This was the thought that Qin Tiange had flashed in his heart, suppressing the horror. He stepped forward carefully and began to look at the huge screen.

This is a virtual light curtain, with many products listed in detail, with detailed introduction and functions.

However, when he saw these product introductions and exchange price codes, Qin Tiange was astounded and was surprised by the price.

Chapter 175 - Trade with life

"In exchange for life?" Qin Tiange's pupils shrank, and a wave of stormy waves set in his heart, unable to calm down for a long time. [Read the latest chapter]

All in all, when he saw these commodities, the way of trading turned out to be the exchange of life. He was not mistaken, that is, the exchange of life.

"Kalaxing cherishes blood berries. If eaten, it can increase biological talents. Exchange price: 15 years life?"

Qin Tiange looked at this product, and the blood berries from a planet like Kara Xing had to be exchanged for 15 years of life.

He couldn't believe it, but he had to believe it, and he was shocked that the dead businessman who claimed to be "zero" had asked for life to be exchanged for commodities.

Wouldn't he be able to extract the life of a creature? What a frightening thing, can life be withdrawn as money to trade?

"It is indeed worthy of claiming to be a dead businessman." Qin Tiange was secretly shocked, and looked at the black-robed man in front of him.

He continued to look at those goods, but at this time the man in black robes spoke again. He faintly and hoarsely said, "Hurry up, I won't have much time here."

"What do you mean?" Qin Tiange looked at him puzzled.

The other person gently lowered the glass and explained, "When there can be only one projection of mine here, time will naturally disappear."

"Projection?" Qin Tiange squinted his eyes, thinking about the word secretly, that is, the man in front of the black robe was not the real body, but just a projection?

“That’s right, it’s projection. Our family is a dead businessman who walks the stars and walks in the sky, and uses projection to descend to lower-dimensional spaces to do business.”

“You are the second person I met when I came to this dimension of the world. I’m leaving in ten minutes. You may be able to trade some good things faster.”

The Heipao people were faint, but did not know that Qin Tiange had started to be surprised and figured out.

Qin Tiange was surprised that the other party was just a projection, so what kind of existence can be projected into the sky and the universe?

Also, I heard from the words in his mouth that the earth is a lower-dimensional world, is there still many lower-dimensional worlds and even higher-dimensional worlds?

“By the way, you were the second person to meet you just now. Who was the first?” Qin Tiange was suddenly curious.

He turned out to be the second one, who was the first one?

Who knows, the man in black robe shook his head gently: “Sorry, this is a business rule. As a businessman, I cannot disclose any information about the customer.”

“But I can tell you what the first customer exchanged.” The man in black robe suddenly said strangely.

Qin Tiange thought, and asked, “Then what did you trade for the first person?”

“A pair of eyes, alas, these are the eyes, and they are rare in the whole world of stars.” The man in black robe gently touched the screen, and a pair of weird eyes appeared at once.

These eyes are extremely weird, as red as blood, as if made of blood, without any white parts at all.

Qin Tiange narrowed his eyes and looked at the introduction of those eyes carefully: “The Eye of Hell, from the most evil place in the sky, is rumored to be a pair of eyeballs born from the blood prison monster, possessing extremely strange and special abilities. “

“She spent eighty-nine years of her life and changed her eyes.” The man in the black robe said so, and then did not disclose any information.

Qin Tiange was startled. He changed his eyes for 89 years of life? He looked at the man in black robes, and continued to look at the products listed above, but he faintly guessed something.

“Did you bring the zombies outside? Also, did you make that invisible force?” Qin Tiange asked calmly as he looked.

The Heipao people did not conceal, admitting: “Yes, as a businessman, walking in the sky, there are natural means of self-protection, the protective energy field is just one of them.”

“As for attracting those rotten corpses, it’s just to attract customers. This doesn’t include the fact that you have attracted two customers now.” The Heipao people joked a little.

Qin Tiange took a rough look at these commodities. They were various, many were unheard of, and he had seen things he had never seen before, even technology products.

However, it requires life to be exchanged. For example, a high-tech laser gun has to pay back with a life of one month. I can’t believe it.

“Is it necessary to exchange my life with these things?” Qin Tiange was tangled. If he paid back with his life, he would definitely not do it.

Many of these things are not on the stele, but there are definitely a lot of them, not to mention consuming their own life to change these things, it is foolish.

“Of course not!” Heipao laughed, “In addition to life, I also contain things that contain the power of life, nothing else.”

“However, your left eye can be used for exchange, depending on whether you want to.” The man in the black robe aimed at Qin Tiange’s left eye intentionally or unconsciously, and looked a little stunned.

Oh? Qin Tiange touched his chin, thinking about the things that contained the power of life. As for his left eye, don’t be stupid, how could it be used for exchange?

Looking at the tone of this man in black robes, it seems that the origin of his left eye is even more impossible to change. The rest are things that contain vitality. For example, the immortal medicine he just extracted is one.

However, it is impossible to take out the elixir. The only thing that contains the power of life may be the liquid of life.

“Can you see this?” Qin Tiange palmed up, a green liquid of life appeared before his eyes.

Heipao people just glanced and said, “The lowest liquid of life can be exchanged. You have too little quantity, what do you want to change?”

“I want this ten-star technology to pass the ball, how can I change it?” Qin Tiange suddenly reached for something.

It is a ball of science and technology inheritance, containing countless science and technology and knowledge below ten stars, very precious.

The exchange price above is ten years of life, but he doesn’t want to use his life to exchange, naturally he has to ask how much liquid of life.

The man in the black robe looked at it and said directly: “It takes five such liquids of lower life to be exchanged.”

“I want it!” Qin Tiange simply and neatly took out five fluids of life.

The original ten liquids of life were used all the way, plus the ones now used, and finally two liquids of life were left in the hands.

“You engineering mechas, why are there no prices?”

At this time, Qin Tiange set his sights on one of the commodities, the engineering mech, which was fifteen meters high, and was used to build a city or a space fortress.

The businessman in black robe shook his head slightly and smiled, “This is just a gift. As long as I spend enough one hundred years of life with me, I will get one hundred engineering mechas.”

“Of course, you can also choose other gifts, such as these intelligent engineering robots, which are the technological products from Zhixing.”

He also introduced a gift, an engineering robot, five meters high, which can be used to build a variety of buildings, but not for combat.

After receiving the ball of science and technology inheritance, Qin Tiange squinted his eyes, and probably had these engineering mechas and engineering robots in his heart, so that he could definitely build a huge base in a very short time.

It is a pity that you must give up after spending 100 years of life, and you can only give up.

Qin Tiange sighed softly and was about to give up, but he did not notice the shock of the body of the Heipao people, and suddenly said something that surprised him.

“Forget it, for the sake of being the last guest of my arrival, I will give you a hundred engineering mechas and a hundred engineering robots for free. I will come here next time, I hope you will have more good stuff.”

The Heipao people looked very kind to me and gave them directly. One gift was two kinds of gifts, one hundred each, so that Qin Tiange could hold it, so he did not vomit blood.

But if there is no benefit, then it will not pass, and he really needs these things.

“Thank you so much, I hope you can see you again next time.” Qin Tiange smiled and thanked him.

He took over the two metal square boxes handed by the other side. There was a large space inside, which contained exactly one hundred engineering mechas and one hundred engineering robots. This is Disposable space equipment, you will destroy it after you open it. Qin Tiange, who was laughing and making a big profit in his heart, immediately collapsed when he heard this.

“I’m going!” Qin Tiange scolded him really, but at this time he really had nothing to exchange. As for a drop of Samsung’s liquid of life, it was used to prevent accidental life-saving.

“The transaction is complete. Thank you for your patronage.”

The man in the black robe was sitting and drinking quietly, and the meaning of catching people was revealed in the words. Qin Tiange didn’t stop, he just turned around and left, naturally he didn’t want to stay after the transaction.

The dead businessman was full of weirdness. He thought about somewhere before going, then turned away.

“He’s gone and you can come out.”

At this point, soon after Qin Tiange left, the silent Heipao people suddenly said such a word, it was amazing.

I saw that as his voice had just fallen, a graceful figure suddenly appeared in the corner of the room. Looking closely, she turned out to be Qin Tiange’s Lingsha?

Chapter 176 - Grace and love, who owes whom?

A graceful figure stepped out of the corner, eyes closed, but walked in front of the Heipao people accurately. [Full text reading]

Amazingly, her short hair, white as snow, and silvery, she looked a little shaggy, as if she were much older.

She is Ling Sha!

“I don’t understand why you are willing to spend ten years of life in exchange for those things?” The man in the black robe looked at her with a hint of curiosity in his light tone.

The one hundred engineering mechs and one hundred engineering robots were not given to Qin Tiange by the Heipao people at all, but were used by Ling Sha to cover Qin Tiange’s life in secret.

It took a full ten years of life, which had to arouse the curiosity of the black robe man, and was very puzzled about this human woman’s approach.

He said: “You redeemed a pair of magic eyes and spent 89 years of your life, plus one year of your life, let me use mystery to help you bring in the person just now, and it is even more appropriate to spend 10 years of life to help him With those things, you’ve spent 100 years of your life. “

“Although I’m curious, I won’t sympathize with you, so it’s time to charge for the ten years you just promised.”

Speaking, the man in black robe extended a furry hand and stroked the expressionless Ling Sha lightly, and a strange light was caught from Ling Sha’s eyebrow.

It was a ray of light, full of vitality, as if it were a vitality. In fact, there was nothing wrong with this. The group of things caught out was Ling Sha’s ten-year life.

After being deprived of his life for ten years, Ling Sha’s pale face was even paler, and her silvery white hair was dancing, her whole body seemed a bit futile, as if her vitality had been emptied.

Heipao people put away the vitality that represents ten years of life, shook his head and said, “You have spent 100 years of your life. With your current life, you only have five years to live. If you can’t live in five years, If you increase your loss of life during the year, you will be violent in five years. “

Ling Sha, who has a life span of only five years at the moment, took the hardening agent. She could have lived 105 years, but unfortunately it took 89 years to change a pair of magic eyes, and it took another year to spend the life of the black robe. The secret law guides Qin Tiange to arrive.

In the end, it took ten years to advance for Qin Tiange and help him buy a hundred engineering mechas and a hundred engineering robots.

“Unfortunately, that kid didn’t even want to deal with Shouyuan, he was a stingy and rude human kid.” Heiburen couldn’t help but mutter Qin Tiange’s stinginess.

He looked at Ling Sha in front of him, and smiled, “Is this lady generous enough, I will spend 100 years of life in one second.”

The man in the black robe suddenly moved his mind and asked, “I am curious, who is you, why do you want to help him at the expense of his life?”

Ling Sha didn’t speak, slowly raised her head, and slowly opened her exchanged eyes. At the same time, two blood-red rays bloomed.

It was **** eyes, no white eyes, only a **** pupil, cold and evil, giving a creepy feeling.

“Stop, close your eyes quickly, as soon as I see these eyes, I feel a little uncomfortable, and I can’t wait to burst them.” The man in the black robe saw the eyes, and immediately felt a little disgusted, and Ling Sha closed immediately. Close eyes.

The latter glanced at him indifferently before closing his eyes slowly, feeling his empty life for a while, as if he would soon die.

Five years, she has only five years of life, but she does not regret it.

“You haven’t said, why didn’t you spend a lot of your life to help that kid? He’s your little lover?” The man in black robe asked again.

“Grace!” Ling Sha said coldly, and didn’t say more.

In fact, she did this to repay her gratitude, to repay Qin Tiange’s kindness that saved her life, and even to give her hope for survival.

With this kindness, she always kept in mind, thinking that she must reciprocate. This time she inadvertently encountered this dead businessman who claimed to be from Hell Star and regained her light. Finally, she thought that this person might be useful to Qin Tiange. Then she spent one year of her life and asked the dead businessman to use Qin Tian to use the secret method. Ge brings here.

“Grace?” The man in the black robe shook his head and muttered, “For the goodness of shit, for our dead merchants, there is only eternal interest, and no so-called kindness.”

Merchants are profit-seeking, profit-seeking is only a diagram. If there is no benefit, they will not do it. This is even more true of dead merchants, and they still use biological life to trade. How can there be so-called kindness?

“You humans are complicated ...” The man in black robe shook his head and laughed, and then he said, “Congratulations on spending 100 years of your life.

As the first customer I came across in this low-dimensional world, I can send you A gadget. “

“Here, this is the little thing I gave you. It has only one function, that is, stealth.” The man in black robe said, throwing a black cloak.

Ling Sha followed the black cloak and was about to ask, but the black robe man turned into a light and disappeared.

At the scene, only a few weird space ripples were left, and no black robe man existed.

“Hidden cloak?” Ling Sha muttered to herself, stroking this magical cloak. It had no other function, and the only function was to hide.

That’s right, this is a stealth cloak, which cost a hundred years of life. A gift from Heipaoren to Lingsha.

This gift is really good. As long as you put on this cloak, you can hide your figure immediately.

Wow!

Putting on the cape, Ling Sha’s figure faded, getting lighter and lighter, and finally disappeared completely here.

She was invisible. If an outsider was here, she wouldn’t find anyone here.

“Yes, I like the feeling of darkness.”

There was a sudden murmur in the void, and then two beams of red awns penetrated through it. It was weird that no recognized figure could be seen at all.

...

At the same time, on the top of the building not far from the mall, Qin Tiange stood quietly and locked his eyes on the large mall.

Ok?

Suddenly, Qin Tiange’s expression was frozen, and he saw that the zombies around the mall suddenly poured into the mall, and a large number of zombies roared.

The invisible force disappeared, inexplicably, Qin Tiange raised his head, a little silver gleam flashed in his eyes, as if he saw a ripple of space ripples.

“Dead businessman, gone.” Qin Tiange knew to himself that the businessman was gone.

But he didn’t, but stared at the mall tightly, never let go of any details, and felt something faint in his heart.

“Is she?” Qin Tiange thought secretly. Suddenly, a strange sense of strangeness passed into the sense of mind.

This feeling was as if someone far away was watching him, and this discovery made Qin Tiange’s heart unbearable.

“Who’s observing me?” Qin Tiange secretly startled, his eyes continued to glance, and finally locked his eyes on a certain window of the mall building.

The window was open, but no figure was found. Qin Tiange felt that he did not feel wrong, and someone was watching him there.

“That’s it?” In the left eye, Yinmang blinked, and suddenly caught a faint shadow, very pale, if she didn’t pay attention, she wouldn’t catch it.

At the moment of seeing this shadow, Qin Tiange trembled in his heart and felt that the figure was very familiar. Although the other party was wearing a dark cloak, he was still able to discern the identity of the other party.

“Lingsha!” Qin Tiange was startled first, and then screamed, recognizing that the man was Lingsha.

At this moment, Ling Sha stood quietly in front of the mall window, slowly opening her blood-red eyes, staring at Qin Tiange, this was the first time she saw her life-saving benefactor.

He took a deep look, as if to imprint this person’s features on her mind forever. In the end, Ling Sha jumped, jumped out of the mall, and quickly moved through the zombies.

“Ling Sha, wait!”

Seeing this, Qin Tiange was anxious, and the whole person leapt down from the tall building, waving the halberd fiercely with a halberd to smash the dense zombie group below.

Just hearing a loud noise, the ground was sunk in a pit, and dozens of zombies were smashed on the spot.

Qin Tiange stood looking around in the corpse, but unfortunately, Ling Sha had already disappeared.

With a cloak of invisibility, even though Qin Tiange could vaguely capture a shadow, he could not track each other, and could only watch Ling Ling disappear from his eyes.

“Lingsha …” Qin Tiange gave a loud shout, and the zombies rushed wildly.

“Damn, get out of me!”

The corpses rushed up, causing Qin Tiange’s fury and screaming, and he yelled. The halberd swept across in his hands, and dozens or twenty zombies densely surrounded were swept into two quarters.

Seeing Ling Sha gone, Qin Tiange was so angry that he vented that resentment on the surrounding zombies, killing him.

He now knew that he would have a dream, which was probably related to Ling Sha. Even the dead businessman suddenly changed his mouth and sent him a hundred engineering mechas and a hundred engineering robots, which were actually related to Ling Sha.

Qin Tiange cursed inwardly: “Stupid woman, help me pay for my life, is it really worth your time to do this?”

He doesn't like to owe other people's favor, especially the kind of kindness which is the most difficult to return. Once owed, it will be difficult to return.

Ling Sha was helping him. This Qin Tiange had already understood. At this moment, he couldn't help feeling a little moved. He was hard to be touched.

“Asshole Stupid woman, what am I owing you?”

After venting a blow and killing hundreds of zombies, Qin Tiange climbed up to the top of the building again and looked at the sunset in the distance. He felt inexplicably heavy and very depressed.

In the end, he turned directly, and the whole person jumped up and down on the top of the building, and gradually disappeared into the sunset.

Shortly after he left, a dark shadow gradually emerged from the air on the roof of the building where he was originally located. It was Lingsha.

She looked at the back of Qin Tiange's departure silently, not knowing what she was thinking.

“Blessed by your dripping water, I will report to the spring!”

Muttering, Ling Sha closed her evil eyes again, turned around and flashed, and the whole person disappeared.

This may be the so-called grace of receiving dripping water. Besides, Qin Tiange saved her life, pulled her from the abyss, and gave her hope to survive again.

Grace and love, who owes who?

Chapter 177 - Pippi shrimp, let's go!

Qinglian Apartment, since Qin Tiange left, here began to madly sweep all the zombies and mutants around. [No Popup Novel Network]

These days, more and more people have gathered in the apartment, from 2,000 or 3,000 people in the beginning to more than 20,000 people.

The zombies around Lianhua Mountain were completely emptied by Moda, Nie Teng, Liu Ye and others, and there were fewer mutant creatures.

Except that the interior of Lianhuashan Park has not been cleaned up, all sources of threat within a radius of ten kilometers around the entire Lianhuashan Mountain have been removed.

Of course, this also needs to pay a price. Several of the teams did not lose, especially that death squad. The casualties were the worst.

Fortunately, as the pace of cleanup is accelerating, more and more survivors are encountered on the periphery, and even a large number of survivors have joined the scene immediately after seeing the situation here.

In just a few days, the original Qinglian Apartment in Lianhua Mountain could no longer accommodate so many people and had to clear out a large residential area.

Moreover, with the increase of personnel, the perimeter defensive fence has begun to speed up the process, and now it has begun to take shape, and the construction of the entire defensive fence is almost completed.

Reinforced concrete is not lacking, more than 20,000 people worked overtime together, and finally completed the construction of a three-kilometer fence around the Lotus Hill this morning.

“Yes, it didn’t disappoint me.”

Three kilometers away from Lianhua Mountain, next to the wall, Qin Tiange was surprised to look at the reinforced concrete cement wall just constructed.

It is five meters high and thirty centimeters wide, and it can be a good fence. Although it is very simple, it looks at least like it.

Qin Tiange walked along the wall and found that the wall was full of dense steel thorns, which could prevent people from climbing and zombies from climbing.

As for being able to defend against mutant creatures, Qin Tiange shook his head secretly and thought it was impossible to do so. Mutant creatures are far from being blocked by this wall.

Soon after walking, he soon came to a gate and saw many people coming in and out.

“Look, Pippi Knight rides out again to show off.”

He was about to walk in. Qin Tiange heard the words hesitated for a moment, then looked up, and saw that there was a big thing in the far door rushing fast.

Along the way, many people looked up, and immediately rolled their eyes after seeing the thing, as if speechless.

“It’s this guy again, riding a mutant Pippi shrimp all day to show off, don’t he just get a mount?” A young man muttered with jealousy.

They were upset, but at the same time, they were a little envious. Not everyone can catch mutant creatures and domesticate them into mounts.

Among the survivors of the entire Lotus Mountain base, the only one who can have a mount is the one in front of him, riding a mutant Pippi shrimp, known as a Pippi shrimp knight.

“I also want to catch a Pippi shrimp as a mount!”

“so envious!”

By the side of the road, many people showed envy and jealousy, and envy and jealousy about the young man riding on Pippi shrimp.

And some girls show admiration and commit idiots.

“Wow, he’s so handsome, so cool, I like this guy, it’s good enough!”

A girl with freckles on her face, looking at the huge Pippi shrimp walking by like an idiot, the young knight riding on it is exactly the type she likes.

Qin Tiange was originally curious, standing by the gate and drinking water. Then, he saw a huge Pippi shrimp rushing out at a fast speed.

This Pippi shrimp is blood red and covered with hard carapace. The most amazing thing is the pair of huge ***** pliers.

The entire Pippi shrimp is four meters long and one meter high. It looks majestic and majestic, and it seems that there is a person sitting on it.

It was a young man, holding a rope in his hand, and tied a Pippi shrimp, a long steel spear, and a Pippi shrimp walking by.

“Pippi shrimp, let’s go, kill the zombies.” The young man yelled, his voice was loud, and he rode out of the door rumblingly, riding away.

“Lie lie down!” Qin Tiange was drinking water, but was spouted with a sip of water, staring blankly at the young man riding a Pippi shrimp, and a row of crows flew over his forehead. , Howling barked and was thundered.

He had no idea that as soon as he came back, he saw that someone had a mutant creature mount. The most unexpected thing was that the young man was riding a mutant Pippi shrimp.

“Zhang Ji Nazi, this time I can definitely join the battle team, I really envy him that he has a Pippi mount.” Next to the gate, a young man showed envy.

He knew the young man riding a Pippi shrimp, named Zhang Ji, who claimed to be the descendant of Zhang Fei.

“How did you get a Pippi shrimp?” Someone was curious and couldn’t help asking people nearby.

Qin Tiange was also curious. He didn’t rush in, but watched the discussion among the crowd, and soon a young man came out to explain why.

“Don’t you know?” The young man smiled bitterly. “Zhang Ji is from a school in our school. He likes to keep skinny shrimp, and that skinny shrimp is his pet.”

“Oh I got it!”

Everyone understands that Zhang Ji’s mount, Pippi Shrimp, is actually a pet he had raised before and after the end, and has been raised for several years, with deep feelings.

No matter what you do, Zhang Ji takes the Pippi shrimp, goes to school, eats, and sleeps. On the whole, he always takes his body with him at 24 o’clock. This is not the end. The Pippi shrimp is mutated, but it’s strange. Under Zhang Ji’s control.

This became Zhang Ji’s mount, and everyone’s enviable Pippi Shrimp Knight was born in this way.

“It’s all right?” Qin Tiange shook his head secretly and couldn’t help crying and laughing. I didn’t expect it to be the case. The young man named Zhang Ji looked very moist.

Qin Tiange saw that the Pippi shrimp had a good fighting ability. Generally, ordinary zombies were not its opponents. A zombie was immediately reimbursed as soon as the tongs went up.

With Pippi shrimp, Zhang Ji killed the zombies more easily. This time, he went out to hunt and kill zombies in order to participate in the assessment task of the combat team. After completing the mission, he can join the combat team.

“It seems that a few things happened a few days after I left.”

While walking on the cleaned streets Qin Tiange watched people coming and going, there are really many people, most of them are strange faces, they want to come all the time when he recently left Coming survivor.

This made Qin Tiange more and more satisfied. At the same time, he had a new understanding of Zhuo Tianfan's management ability. After a long inspection, there were many survivors, but he did not appear confused.

Zhuo Tianfan deserves to be the president of a large group. His management ability is not covered, but he is a real management talent.

“Not bad!”

After looking at the situation in the gathering place where the entire Lianhua Mountain has just been established, he has basically seen it. He temporarily extinguished his plans to go back to see Zhuo Tianfan, Nie Teng, etc., but changed the way halfway and headed towards the central area. Lotus Mountain Park.

He had some expectations in his heart, hoping to see the colorful company on the Lotus Hill, and the macaw.

I have n't seen each other for a long time, and I do n't know what happened to the colorful lotus, what about the macaw?

With expectations, Qin Tiange came to Lianhuashan Park, bypassed the two people who were behind the gate, and went straight through the wall.

Chapter 178 - Goblin evolved

On the southwest **** of Lianhuashan Park, a huge lotus rooted there, is slender, budding, and exudes a light fragrance, which is attractive. []

The one-meter-wide lotus leaf, green like jade, is constantly coiled with delicate flower buds, full of seven lotus flowers, and a particularly large flower in the center. Extraordinarily charming.

It was a colorful lotus flower, and around this huge colorful flower bud, six smaller lotus flowers of different colors, one red, one blue, one pink, one black, one cyan, turned out to be There is also a purple one.

Huh?

From a distance, Qin Tiange saw the lotus at first glance, and suddenly made a suspicion, and was very surprised.

He remembered that the lotus before he left was multicolored, only six flower buds, and now it seems that there is an additional purple lotus, and the largest lotus even flashes colorful lights.

“This little fairy has successfully evolved?” Qin Tiange was finally relieved with joy.

He hurriedly walked and looked at the lotus flower. Within a range of ten meters, it was occupied by a huge lotus leaf, wrapped with seven delicate lotus flowers.

What made him even more surprised was that under those lotus leaves, a colorful feathered parrot was sleeping there.

The colorful macaw has a slightly larger body, which is twice as large as it was originally. It is likely that this period has also completed evolution.

Wow ...

The moment Qin Tiange’s arrival immediately caused the entire lotus to vibrate fiercely, the lotus leaves continued to sway, and the lotus trembled, making a strange sound.

I saw a parrot that suddenly slept to the bottom with lotus leaves beating.

“Ouch, that **** dare to hit the baby?”

The parrot was whipped fiercely, and immediately jumped up, opening his mouth. As a result, two lotus leaves slammed fiercely, beating the parrot to the ground for mercy.

“Don’t hit it, don’t hit it, Aunt Grandma spared her life, Little knew it was wrong.”

Slap!

Another whip was pulled down, and the parrot was lying on the ground aggrieved, only to find that it was the lotus that hit it, and the little devil was really fierce with his hands.

“Boss, boss, you’re finally back, take me away, my baby is bitter.”

Suddenly, the parrot finally found Qin Tiange’s existence, immediately flew into a spirit, hula ran over to open the list, hugged Qin Tiange and cried father.

“Okay, look at your advice, what kind of system is crying and crying?” Qin Tiange reprimanded with a stern expression, in fact, already laughed in his heart.

The parrot was bullied, or was bullied by a goblin, then he was relieved.

“Little guy, have you evolved?”

Qin Tiange opened the parrot crying and complaining, came to the colorful lotus, and stroked the largest lotus lightly, and the colorful light continued to shine.

Wow la la la ...

The lotus leaf rolled gently, coiled around Qin Tiange’s body, and the lotus swayed, as if he was a coquettish child to Qin Tiange.

“Haha ...” Qin Tiange was teased, and he stroked this little fairy, and smiled: “Very well, you didn’t let me down, it evolved to a three-star so soon, it will soon break to a four-star. ,very good.”

Hearing Qin Tiange’s appreciation, the lotus immediately shook dozens of lotus leaves and swayed in unison, looking very happy.

This lotus has successfully evolved, reaching Samsung level, it can almost evolve to four stars, but Qin Tiange knows that it is not so easy.

If this lotus wants to evolve from Samsung to four stars, it must absorb huge and incomparable dark energy to complete it. Otherwise, once the evolution fails, it will completely lose the birth consciousness.

“Little guy, don’t be afraid, you won’t fail with me.”

As if feeling the kind of worry and fear of the little fairy, Qin Tiange comforted gently, but he was jealous of the parrot next to him.

It’s a pity that it didn’t dare to bother silently, otherwise, the boss Qin Tiange would not clean it up, and the little fairy would not let it go.

You know, during this time, the parrot was not bullied by little fairies, which made it look forward to Qin Tiange’s return every day and take it out of the sea of suffering.

“By the way, Xiao Mu, what’s been happening on the Lotus Hill these days?” Qin Tiange comforted the little fairy, and then turned to ask the macaw next to the circle.

After hearing the boss’s question, the parrot immediately came to his spirits and crackled and said, “Boss, I’m tired of eating ants every day these days. Can you let me leave here, I want to go elsewhere for food.”

“Eating ants?” Qin Tiange looked weird, looking at the macaw that had grown in a circle, and a handful of colored feathers had grown on his head.

The parrot looked at him pitifully, crying, “Boss, don’t you know, the ants and other insects here have been eaten by me. I have nothing to eat. Although the peach grove has fruit, Eat, but I dare not fly in. “

Well, Qin Tiange was shocked. Did this silly parrot eat up a lot of giant ants on the Lotus Hill?

This makes people speechless, but this is a good thing. Qin Tiange was also worried that there were too many mutant insects on the Lotus Hill, which were solved by this parrot.

“Good job, I approved your request, go wherever you want, but remember to come back once a day.” Qin Tiange waved his hand and agreed directly.

“Boss mighty!” Upon hearing this, the macaw jumped up and flew into the air, hovering continuously, shouting in excitement.

Soon, it left a sentence: "Boss, I'm going, Grandma, goodbye."

After that, the colorful parrot flew away in a blink, disappearing into the sky in a blink, leaving only a colorful light across the void.

Looking at the colorful parrot flying away, Qin Tiange shook his head secretly, thinking that he must have been bullied in the past few days.

"Little guy, are you naughty?" Qin Tiange touched the colorful lotus in a funny way, seeming to blame, but he was spoiled.

Playing with the little fairies for a while Qin Tiange left the little fairies who reluctantly came to the area of Taolin.

In front of Taolin, a pink, hazy mist shrouded, constantly transpiring and dancing, revealing a seductive fragrance, people couldn't help stepping into it.

Qin Tiange stood outside Taolin for a long time, silently observing the situation of the entire Taolin, especially the huge central peach tree.

"This peach tree essence is even sharper, and the radon is almost doubled, and it seems to have evolved again."

This is Qin Tiange's speculation that the peach tree essence has evolved. The entire peach forest has more than two thousand peach trees forming a Jedi, and any creature stepping in will inevitably usher in a terrorist blow.

Continue to look for a while, a sneer appeared in the corner of Qin Tiange's mouth, murmured: "Wait for a while to come to clean up you, always letting go or not."

As he turned and left, in Taolin, a faint shadow suddenly appeared on the largest refined peach tree, emerging from the thick trunk, a hazy woman.

She stared at the distant Qin Tiange, as if she felt the hostility from the other person, and seemed to indicate that trouble was about to come to him.

Chapter 179 - Jumping beam clown

Qinglian apartment building, in the luxury suite on the top floor, is gathering a group of people in a meeting. []

"I, who is the Qin brother you talked about, why didn't you see a personal picture, did you deceive us?"

"Yes, aren't you just making up personally and not letting us boss Su take that position?"

In the conference room, a few people jumped out and looked a little angry, accusing Moda, Nie Teng and others, looking a little irritable.

There are more than a dozen or twenty people here. In addition to Moda, Nie Teng, Li Zhi, Zhuo Tianfan, Liu Ye, Long Ya and others, there are eight new senior executives.

Among these eight people, a young man led faintly. They are all survivors who have gathered recently. They are holding more or less people in their hands.

“To me, there should be a leader in the team. I recommend Boss Su.” One stood up and elected what boss on the spot.

The so-called Boss Su is the young man who has been sitting in a dumb position. His name is Su Ming. He has a team of 3,000 people and has just joined Qinglian Apartment recently.

He was among the survivors gathered. Except for Moda and others, he had the greatest power in his hands and always wanted to take the lead.

“Everyone is in love” Su Ming smiled slightly, stood up and pressed his hands, and calmed down those supporting him.

Moda and others looked expressionless, watching their performances, and there was a light in the eyes of the dead looking at the people.

Nie Teng glanced at the Su Ming, disdaining: “I killed this kind of person at the time, you just kept it, now you see it, the wolf’s ambition.”

“Who won’t kill him?” Liu Ming tapped his finger on the table, and said, “As our team gets bigger and bigger, many people don’t know that Tian Ge exists. This is not a good phenomenon.”

“Yes, keeping this group of people jumping up and down is to wait for him to come back and solve it together, so it will be of great benefit to him to control the entire team and base.”

Next, Zhuo Tianfan explained lightly, in fact, he did not want to kill this group of people, let alone not to kill, but to wait for Qin Tiange to come back and wipe out in one fell swoop, so that he could better deter the entire team and fully control the recently gathered More than 20,000 survivors.

The conversation over here, Su Ming jumped even more happily, as if he were the boss, it seems that Nie Teng, Moda, Liu Ye and others did not say anything, just by default he was the boss.

“Since everyone has no opinions, I now announce that the Deadmen’s Battalion, Sword Shield Battalion, and Bow and Crossbow Battalion will be dissolved, all of which will be incorporated into my guard camp.”

Su Ming was writing, and suddenly made this decision to the team led by Moda, Nie Teng, Liu Ye and others, as if an order.

He was faintly excited, broke up several teams, and incorporated him into his team, that is, to completely control this power and become the leader of this place.

Moda looked at him with a scornful look, as if looking at a monkey, and disdainfully said, “Is this guy dumb kicked by a donkey?”

“I don’t need to keep it, just kill it, and look at me upset.” Liu Yan looked down, with a look of disgust.

“That’s right, kill it!” As soon as the words came down, the door of the meeting room opened, and a figure came in. As he walked in, he said something like this.

Everyone broke into the meeting room when they broke into the meeting room, and Su Ming and others glared at each other.

Su Ming was so angry in her heart, she scolded: “Who are you, we have a high-level meeting here, and it is a capital crime for you to break into the meeting room.”

“Come here, drag it out and chop.” Su Ming continued, more and more excited, as if he was the tallest man who ordered the entire Qinglian apartment.

Qin Tiange Han walked in with a face, without even looking at the guy who jumped up and down, but came to the original empty position, his eyes sharply swept over Moda and others.

Originally seeing Qin Tiange’s return, the excited Mo Da and others suddenly felt chills, lowering their heads one by one and not daring to look at him again, feeling a little embarrassed, feeling that Qin Tiange was really angry.

He was angry and saw this scene when he came back. Someone even blatantly wanted to seize his authority, and even hesitated to drag out and cut it?

“What? My words won’t work anymore?” Qin Tiange Han faced, and his eyes swept across Moda, Nie Teng, Liu Ye and others.

As soon as the words fell, Moda in the position moved, with a slap, the sword was in his hand, and he stabbed across the neck of a person next to him, his head soared, and he fell a few turns before falling.

Almost at the same time, Nie Teng, Liu Ye, Long Ya, Yang Lin and others all started.

“what”

“What do you do?”

Su Ming and others were frightened. I didn’t expect that Qin Tiange had just turned back, and this group of people suddenly turned their faces. Not so well. Why did they suddenly kill?

This group of people was killed directly, only one breath time, the original group of people lost their voice, except Su Ming died.

The **** smell filled Su Ming, who was aggressive, with a pale face, his eyes staring at everyone in the scene with fear.

“You, you” Su Ming pointed at Moda and others, and finally looked at Qin Tiange, the young man who just came in.

“Qin Brother” Moda just wanted something, but was interrupted by Qin Tiange.

He spoke coldly, and hummed, “As high-level influencers, you have casually accepted outsiders into the high-level, and you have not yet agreed with me. Do you want to rebel?”

“I don’t blame you for accepting people, but see what ghosts you collect?” Qin Tiange looked angry, not cheating.

At this moment, he was really annoyed. He did n’t object to joining newcomers at the top of the force. He did n’t even blame them for picking newcomers to enter the high-ranking team. strange.

“You, you are Brother Qin?” Finally, Su Ming realized the identity of the comer It is Moda and others who have always mentioned the person behind the scenes, Brother Qin.

Qin Tiange was too lazy to talk, walked in front of him gently, looked up and down, and looked more and more disappointed.

“A jumper is ugly. You have been sucked into the high level, and you have kept him jumping up and down. It seems that you have been too leisurely in recent days.”

Then, Qin Tiange reached out and pinched Su Ming’s neck. The speed was that Moda and others didn’t see clearly, let alone Su Ming.

He only felt his neck pinched, and then opened his mouth to ask for mercy, but unfortunately there was a rattle and a click from his neck, and his consciousness fell into eternal darkness.

Su Ming, dead!

“Huh!” Qin Tiange’s mood was a little better when he killed the guy who jumped up and down, but he still stretched his face and glanced over everyone present.

“The corpse is disposed of, I have something to announce!”

Qin Tiange finished sitting on the main seat, so he quietly watched Moda and others handling the corpses. The atmosphere at the scene was a little dignified, and everyone felt his breathing a little heavy, as if pressing a stone.

Chapter 180 - Rectify, wasteland!

After disposing of the body, everyone sat in his own position and quietly looked at the youth on the main seat. The highest leader of this power, Qin Tiange. [Read the latest chapter]

Moda and others felt a little embarrassed in their hearts, and suddenly found that Qin Tiange seemed to have changed a bit, making them all feel a sense of heaviness and depression.

“Now, I announce!”

Qin Tiange stood up and swept over the two silent beauties Liu Yan and Long Xiaoya, who led the crossbow battalion.

Huh, everyone stood up. In the conference room, the atmosphere was condensed again, and there was a heavy breath in the air.

Qin Tiange swept the crowd one by one, and finally stayed on Liu Yan and Long Xiaoya, he said word by word.

“Dissolve the Bow and Crossbow Battalion, Liu Ye, Long Xiaoya, you two will remove the posts from the Bow and Crossbow Battalion, after that you will specially care for and teach the underage children within the forces.”

In a word, an order directly disbanded the Bow and Crossbow Battalion, removing Liu Yan and Long Xiaoya’s fighting positions.

As soon as this remark came out, everyone in the room froze and stared at him blankly. No one expected that the first thing Qin Tiange would do was dissolve the bow and crossbow battalion and remove Liu Yan and Long Xiaoya Position.

Liu Yan and Long Xiaoya listened for a long time after hearing, bowed their heads silently, remained silent, did not say a word, and did not object and asked why.

The two of them were a little lost in their hearts. As they went along, they worked hard and wanted to be a real strong man, but now they have completely shattered their illusions.

“Qiqi, the Bow and Crossbow Battalion is under your command to help Liu Ye and Long Xiaoya set up a school to ensure the safety of the children in the base.”

Another order was issued, and the disbanded crossbow battalion was directly incorporated into the hands of Qiqi, the indifferent girl, to let her take charge to protect the safety of the children in the base.

“Yes!”

Liu Yan, Long Xiaoya, and Qiqi stood up and silently took their orders. No one objected. Moda and others were afraid to jump out.

Then, Qin Tiange turned his eyes and looked at Nie Teng: “I announced that the Nie Teng death squad will be removed from his command. The death squad will be led by me personally from today.

“Yes!”

Nie Teng was lost in his heart, but he stood up honestly and surrendered the dead camp, and it was inevitable that some lost emotions were permeating in his heart.

Qin Tiange was inside the rectification forces. First, he broke down the bow and crossbow battalion, removed Liu Ye and Long Xiaoya’s positions, left them to manage the children, and taught the minors.

Even Nie Teng, the leader of the dead camp, was shot down. In the future, the entire dead camp will belong to the Qin Tiange direct armed forces and will no longer be mobilized by anyone.

“Moda, Yang Xiaolin!”

Suddenly, Qin Tiange ordered two more people. Moda and Yang Xiaolin stood up and stood still, but their hearts were darkened. Could they also be removed from their posts?

Qin Tiange glanced at the two of them and said, "The Sword Shield Battalion and Long Gun Battalion were broken up into a new team, led by Moda and subsidized by Yang Xiaolin."

"Yes, Brother Qin!"

The two were relieved that they were not removed from their posts like Nie Teng and Liu Ye, but they were merged or led by the two of them.

As these orders were issued, the forces began to integrate internally, and Zhuo Tianfan and Li Zhi, who were watching aside, trembled in their hearts and cold sweats came down.

"Nie Teng, Li Zhi!"

The next moment, Qin Tiange ordered two more people, Nie Teng and Li Zhi were shocked, but stood up and looked at Qin Tiange, waiting for his next order.

I saw that Qin Tiange thought about it for a while, and then said, "You two, re-select personnel to form two wasteland reclamation teams, mainly Nie Teng and Li Zhi, and each of you will be temporarily set at 3,000. . "

"Yes, Brother Qin!" Nie Teng and Li Zhi breathed a sigh of relief, and at the same time looked at each other with a bitter smile, and they were all in a cold sweat.

Qin Tiange looked at the two men and said solemnly: "Listen well, the bases of these two teams will become larger and larger. They are pioneers dedicated to the forces and to open up wasteland inside the base. You replace them. "

"Brother Qin rest assured that we will do our best to do our best."

Nie Teng and Li Zhi immediately promised that they were shocked in their hearts, and they had to say that this time the big adjustment shocked them with cold sweat.

The forces were rectified and Qin Tiange's actions were very large, breaking up the original team and directly taking away the dead camp, and now rebuilding two huge wasteland reclamation teams.

I have to say that this series of actions attracted the attention of all the high-level attendees at the scene. Looking at Qin Tiange's eyes were a little different, and he was no longer as casual as before.

"Zhuo Tianfan, the next day, you will preside over the base construction general, and the two wasteland development teams will provide you with all the materials needed for construction." Qin Tiange ordered another order.

This is a big step. To build a base, we must not only engage in construction, but also thoroughly develop the team. A huge cone of power is slowly taking shape in his hands.

"That's it for this adjustment and rectification. I hope you will learn from it in the future. Things like today will not happen again."

In the end, Qin Tiange made a summary and warning. What happened today made him very annoyed. The internal high-level ran into a large group of people casually, or the bad-hearted jumping beam clown.

Everyone lowered their heads and didn't talk, like children who did the wrong thing.

“Boss, I suggested they leave the gang.” At this moment, Zhuo Tianfan stood up and took the initiative.

Qin Tiange glanced at him unexpectedly, and then waved his hand and said, “Okay, I won’t care about it this time, you can adapt to your new job as soon as possible.”

“Now tell me about the current situation and introduce me to this new face.” Qin Tiange sat down, but locked his eyes on a girl next to Li Zhi.

She had dark hair and eyes, and looked very quiet, but she was a very hot girl in her heart.

Li Zhi looked a little embarrassed, and stood up and introduced, “Brother Qin, this is my little aunt, my sister-in-law.”

“Speak the point!” Qin Tiange frowned slightly, glanced at the girl, and finally stared at Li Zhi, like that, it’s like your kid is better not to get me in a relationship.

And at this moment, the little girl stood up, touched her glasses, and stared calmly at Qin Tiange, the head of power.

She said softly, “My name is Jiajia Li, I majored in genetic engineering, pharmaceutical research, biological research ...”

Listening to her self-introduction, most of them were stunned, staring at the little-looking little girl in surprise, some could not believe it.

Qin Tiange also took a look Li Jiajia with a strange look in front of him, there was always a feeling of falling asleep and sending someone a pillow.

“Jia Jia, when did you learn these things, why didn’t I know?” Li Zhiyi * asked quietly.

Who knows, Li Jiajia faintly answered him, and was almost not scared to death.

“Brother-in-law, I taught myself!” Li Jiajia’s words were calm, without any concealment, and there was no fluctuation in her heart, because she had real materials.

Da da da...

Qin Tiange sat quietly, tapping his fingers rhythmically on the table, his eyes never left the girl named Li Jiajia opposite.

She majored in genetic engineering, pharmaceutical research, and biological research. She can be said to be a rare talent, she just doesn’t know the truth.

“You said that you majored in genetic engineering. Do you know much about gene cloning?”

Suddenly, Qin Tiange, who had been silent for a long time, spoke lightly and asked such a question.
