

Dark Ages 20

Chapter 20 - Blood sac

The night passed, the first rays of sunlight fell in the early morning, dissipating the darkness, and leaving the people who were disturbed all night a little warm.

In the classroom, everyone stopped fighting, one by one wheezing violently, and tired to lie down and fall asleep, really tired.

I recalled the fighting last night. At this moment, a group of people were still worried, pale, and a moment of astonishment flashed in their eyes. Suspiciously, they looked around.

“Are those mosquitoes gone?”

女生 A girl asked carefully, she held the steel crossbow tightly with both hands, her fingers were slightly pale, and she was too hard to let go of the steel crossbow in her hand, which was a weapon to protect herself.

Fighting all night, everyone was tired, even Qin Tiange, who was 25 times stronger, felt a little tired, but he didn't feel anything.

“Let's clean it up quickly and throw all the corpses downstairs.”

Watching everyone relax, Qin Tiange let people clean up the classroom immediately. On the ground, a corpse was lying there, dead in misery, some were sucked into dry corpses by mutant mosquitoes, and some were trampled by the panic-stricken crowd lethal.

Moda and others were very fast, Qin Tiange's words just came, and he immediately came forward in twos and threes, carrying the disgusting corpses and rushing out of the classroom, throwing them downstairs.

Bang bang ...

There was a muffled sound, and the girls looked pale, and saw one after another the corpses were carried out and thrown downstairs, almost did not spit out.

Especially those students who have not experienced the fight, curled up in the corner of the classroom and shivered, afraid of the whole night.

The original scene of dozens or hundreds of people has disappeared. The remaining people are less than forty. In addition to the people who ran out in panic at the beginning, there are students and teachers who were sucked into corpses by mutant mosquitoes. The rest are here.

人 These people looked at Qin Tiange and others with different eyes. The terrible mutant mosquito was even killed by them.

Look, the classroom was covered with a thick layer of mosquito corpses, filled with sharp steel arrows, all shot and killed.

“Boss, Boss ... I, we, we want ...”

At this time, the group of students curled up in the corner began to stand up. They were lucky to survive. It can be said that most of them obeyed Qin Tiange's words, otherwise they were either trampled to death or sucked into mutant mosquitoes by their bodies.

I saw, a taller junior third student came up, and there were still a few shocks on his face, his eyes scattered, and he wanted to say something.

"Boss is not free, let's just say, what's the matter?" Moda came up directly and asked in a bad voice.

But Qin Tiange was not available. At this moment, he was looking at the campus situation at the window, staring at the direction of the football field, and his face was gradually calming down.

I glanced at them and ignored Qin Tiange. The boys hesitated, and finally said something to Moda.

"We want to talk to the boss!"

"Yes, we want to talk to the boss."

"Dar brother, can you tell us the boss?"

It turned out that this group of boys wanted to follow Qin Tiange this time, because last night when I saw the power of Qin Tiange and others, not only the strength, but also the toughness of Moda and others, The strength is even stronger than their boys.

Incredible!

As long as I think about it, I guess that these changes must be related to Qin Tiange, a mysterious young man, and the fool would hesitate, so he immediately stood up and wanted to recognize Qin Tiange.

"Oh, you want to follow Boss Qin, I can't be the master. You still ask Boss Qin." Moda understood, but shook his head.

I was joking and asked him to talk to Qin Tiange? Don't be stupid, in Moda's heart, this boss is definitely the most terrible person, none of them.

This group of boys are hard-pressed, one by one, they want to go up but do not dare to move, so that Moda and others secretly laughed, want to confuse with the boss, you have a good idea, but to see if boss Qin is willing.

"Do you want to follow me?"

At this time, Qin Tiange came back from the window and just heard the conversation of a few people. He smiled in his heart, and his mouth slightly tilted, but he couldn't see his expression naturally with the steel helmet.

"Yes, boss, we want to talk to you."

A group of thirty-one boys, including twelve girls who survived, stood carefully in front of the man, all with their heads lowered.

This scene is like worshipping the boss, leaving Qin Tiange secretly silent. Are these students too confused?

“Don’t call me boss, it’s ugly, but if you are willing to obey my command, then I can let you have the same ability as Moda.” Qin Tiange said lightly.

As soon as the boys and girls heard this, they immediately came to their spirits. They came at this, and now when they heard a drama, they all turned red with excitement.

不过 “Well!” Qin Tiange’s next sentence made them jumpy, just listening to him saying, “If you want strength, I can give it to you, as long as you must listen to me and help me do things.”

“Boss Qin, we are willing!”

“Yes, the boss asks us to do whatever we want.”

A group of students immediately promised that Qin Tiange dropped his helmet and revealed his handsome face, but his eyes were shimmering with coldness.

He said one word at a time: “Don’t guarantee that fast, follow me, but you will die. You must hunt zombies and even more terrible mutants, such as the mutant mosquito last night.”

“We are not afraid!”

The boys immediately patted their **** to ensure that they were not afraid. Hunting zombies was simple, and even killing mutant creatures was nothing. As long as they had strong power, it was the most critical.

With strength, what zombies are you afraid of?

Qin Tiange smiled and said with satisfaction: “Since you have decided, that’s good, now I will give you a task. It is good to complete it. If it is not completed, then you get out of my team. I do n’t need waste here. . “

After saying that, Qin Tiange squatted down and grabbed a dead mutant mosquito. This mosquito has the size of a bowl mouth and is full of streaks. Its long mouth is very sharp and very hard ~ enough to pierce the flesh and bones of humans and **** the blood from the whole body up and down.

With a click, the mosquito’s body was crushed, and then Qin Tiange pulled out a pong-ball-sized thing from the stomach of the mutant mosquito.

“Did you see this thing?” Qin Tiange stretched out his palm, pointing at the pong-ball-sized thing, the whole body was blood red, and the inside was a transparent red liquid that looked like blood.

And this is actually blood, or blood sac, is a kind of strange thing that is produced in the body after mutation of mosquito.

In previous lives, people called this kind of thing, blood sacs!

“This is a wonderful blood sac. It is a good thing. It is a treasure produced by mutant mosquitoes. It has a strong effect of strengthening the body. Your task is to break open all the mosquito corpses here, and then carefully remove this. Blood sac is rare. “

This is Qin Tiange's plan to ask this group of people to help him dig out the blood sacs in the mosquito corpse, which is precious.

The blood sac is very rare. It has been used as a medicine in previous lives. It can enhance the potency of the medicine by adding it to the quenching agent, which is better than those of ordinary one-star brain crystals.

The tadpole mutant mosquito has no crystals in the body and only produces this strange blood, which is hidden in a meat sac. This is the origin of the blood sac.

"Chen Xi, Liu Yan, Moda, come here, I have something to explain." Arranged the task, Qin Tiange called Chen Xi and several others to the corner.

Wu Chenxi's eyes have always been on Qin Tiange's body, staring at him momentarily, as if he wanted to see him through, but unfortunately could not see it.

The feeling Qin Tiange gave her was too mysterious, as if she knew everything, even she doubted more than once. Did this guy know that this time of the end of the world was coming?
