

Dark Ages 29

Chapter 29 - Conflict, shooting

In the canteen, the atmosphere was heavily suppressed, and the two groups were facing each other.

One group was headed by Liu Yan. The boys erected steel shields in front of them, and the girls' steel crossbows pointed at the opposite group.

“Huang Feilong, what do you want to do?”

Liu Ye looked iron-blue, holding a weak girl who was lying in a pool of blood. The girl ran in just now, and before everyone knew what was going on, the gun shot behind her. The girl fell into a pool of blood, angry. If the hairspring, it was apparently hit by a bullet in the chest.

All the boys in the canteen responded immediately, erecting steel shields in front of them, and the girls behind them instinctively picked up their steel crossbows and aimed at the door of the canteen.

Immediately afterwards, he saw a large group of people coming in, headed by a burly boy, with yellow hair, holding a blue dragon on his arm.

He is Huang Feilong, nicknamed Huang Mao, is a bully in this middle school. He is idle all day, bullying his classmates in school, and even the teacher is scared that he has three points.

“Miss Liu, I haven't seen you for a long time, but I miss you every day ...” Huang Feilong came in, and first of all, he fixed his eyes on Liu Yan who was more beautiful.

This beauty teacher, but the beauty he has been secretly remembering, now it seems that Liu Yan is more beautiful and attractive than before, with a taller body, fair and tender skin, and it seems that he can't help but bite.

Huang Feilong secretly swallowed a spit, then raised the gun in his hand, a black hole in the hand, the gun aimed at the crowd over there.

“Drop the weapon, or I'll shoot his head.” Huang Feilong looked grim and warned fiercely.

It's just, how could the boys across from them obey his words and lay down their arms? Although their faces were ugly, they still clung to the steel shield, completely covering themselves and the girls behind them.

“Boss, talk nonsense to them, kill these men and women directly, and we will have a good time later.” A young boy-like student laughed.

“Yes, boss, we shot and killed them, while the mysterious young man was away, he killed this group of people before ambushing the mysterious guy.”

Several younger brothers around Wu Huangma agreed, one by one, suggesting to kill these people, and then ambush the mysterious young man Qin Tiange.

With the gun, they were full of anger and even more courageous. This group of people, looking at the girls in the opposite direction, and the beautiful teacher Liu Yan, one by one, can't wait to jump straight up and enjoy it.

“Let's put down our arms and go, we can enjoy the beauty together, enjoy the food, and be a superior.” Huang Mao finally spoke.

He hesitantly sneered and said, “Obviously put down your arms and throw in your arms. I can give you a taste of the beauty teacher. I think you will like it. Think about it. The beauty teacher who was high above you was under you. Playing over and over again, listening to their begging for mercy and the eerie cry is really exciting.”

If you say anything to him, Liu Yan and a group of girls on the other side will look ashamed, and their eyes almost burst into flames.

听 “Listen, I count to three, and don't lay down my arms to surrender, then don't blame me for being cruel.” Huang Mao finished, raising his gun and pointing at the group of boys opposite.

When he hit him, the four little brothers immediately raised their guns, with five guns facing the person opposite. Inside the group of boys, some people were fascinated, but when they thought of Qin Tiange's fierce means, the mysterious foreign youths persuaded.

It's good to be beautiful, but you have to enjoy it. Think about their equipment and how they have strength. Qin Tiange gave it. So how horrible is his strength?

“Yellow hair, shut up!”

A boy couldn't help but shouted, “You are a rubbish, and you want us to accompany Brother Qin. It's just a delusion. You better put down your gun and accept our collection, otherwise there will be only one.”

“Yes, put down your gun right away, or Brother Qin will come back and tell you not to die!”

This group of boys came to their senses and must not betray the young man who was so powerful and frightening. Qin Tiange had absolute deterrence in the hearts of these boys.

What's more, who said that having a gun is great? Look at the group of girls behind, but holding a powerful steel crossbow in their hands, nine consecutive bursts, forty girls holding a steel crossbow, as long as the shot is chaotic, the yellow hair on the opposite side is absolutely dead.

“Drop the gun, otherwise we will shoot arrows!”

Suddenly a girl swigged, it was Wu Xiaoyu, her face was flushed, and her eyes were a little panicked, but she was calm, and her steel crossbow aimed at Huang Mao and others.

At this moment, Liu Ye put down the girl who was mad like a gossamer, stood up, almost **** little hand grabbed the steel crossbow on the ground, and clicked to secure the load.

“Huang Feilong, I'll ask you again, put down the gun, I can not blame it before.” Liu Ye was furious. The quiet and kind female teacher saw her student being

shot in the chest with a shot, she was seriously injured and dying. The outlook on life has changed dramatically.

On the opposite side, Huang Mao and others were a little nervous. In fact, they regretted it when they rushed in. Originally chased a girl who ran away without permission, but did not expect these people to be cooking in the canteen.

As soon as I entered, it was a shot, hitting the escaped girl's chest. This was to kill someone.

I originally wanted to seduce the boys here to rebel. As a result, Qin Tiange's deterrence was a little greater, so the boys did not rebel, and the girls picked up a steel crossbow and aimed at them.

Steel crossbow, although they have guns, but there are only four, and the opposite steel crossbow is forty. Once the arrow is released, they will definitely be shot into hedgehogs.

The atmosphere at the scene was solidified. No one dared to move, or even dared to take the lead, because once it started, it was a scuffle.

boom!

The atmosphere in the dining room was so extreme that everyone's nerves were tight and the critical moment, a gunshot broke the heavy atmosphere here.

Suddenly, everyone was shocked. Liu Ye and others turned wild, she almost roared and roared out.

“Arrow!”

Tamariu was so angry that the opposite student shot. She didn't know who was shot, but she definitely didn't want to shoot herself, so she almost instinctively pulled the trigger of the steel crossbow.

With her angry cry, forty girls pulled the trigger together, a sharp steel arrow whistled away at the same time, drowning Huang Mao and others who were equally surprised.

He even growled in his heart: “Who shot him?”

Huangmao didn't shoot, and the younger brother also didn't shoot, but the sound of the gunfire was a fact, which directly broke the confrontation between the two sides and immediately fell into a scuffle.

“Who shot the fuck?” Huang Mao growled almost with all his power.

Suddenly, he was greeted by a large piece of sharp steel arrows, which poured down, and immediately enveloped the group of people. The steel arrows penetrated the body and were shot into hedgehogs one by one.

Huang Mao, before he died, he could n't understand who actually fired. He did n't even have time to respond and was shot into a hedgehog by a large steel arrow. He was lying on the ground, his mouth was vomiting blood continuously. His body was full of dense steel arrows, and the thirty men who came in were aggressive, and now he lay down almost half of them. A dozen people were shot dead as hedgehogs on the spot.

There are more than a dozen people who are lucky to escape from the disaster, one by one, looking horrified, looking at the companion who was shot as a hedgehog, the fear faltering, and the smell of stinking came out, scaring urine.

“I ... we ...” Liu Ye’s face turned pale and she killed.

Looking at the group of boys who fell to the ground in front of them, each one was covered with steel arrows. She was a peaceful, soft-hearted, gentle and beautiful lady teacher, who had murdered her?

The group of girls was stunned, one by one stagnant. In fact, it is one thing to pull the trigger, but it is another thing to really see that they have killed someone.

This is not the same as killing zombies or killing mutants. They are humans, originally students, and now they are shot and killed.

“well done!”

Outside the canteen, three people walked in, headed by the three Qin Tiange who came back. He looked calm, glanced at the group of boys lying on the ground, with dense arrows.

I walked up to Huang Mao, Qin Tiange leaned down slightly, his eyes twinkling with coldness, staring at the other’s wide eyes.

“You ... hmm ... is ... was it your shot?” Huang Mao spoke hardly, a stream of bright red blood spouting from his mouth, eyes widened, looking at Qin Tiange’s hand Of a black paint gun.

He understood. It wasn’t him who shot him, let alone his men, but the mysterious foreign youth who shot him.

Well, it was Qin Tiange who fired, but why did he fire without firing?
