

THE DARK AGES

Chapter 3 - Apocalyptic heritage

The old town of Wudong, with a population of 150,000 and 30 new rural areas developed in conjunction with the surrounding area, has a total population of 200,000. It is one of the key towns in China.

The small town is very prosperous, crowded, and crowded, and it is not worse than the general county. He drove all the way to this small town with a pickup truck. Qin Tiange never said a word, let alone Chen Xi in the car.

前 The former emperor was left out in the cold. If it was in the past, it would be impossible for Qin Tiange to talk to others, but you must know that she is not a great emperor, but a girl in distress.

“I ...” Since entering the town, Chen Xi opened her mouth several times and wondered whether she would jump out of the car directly.

“Stay honest if you don’t want to die.” When driving, Qin Tiange suddenly spoke and said something that made her chill. She looked up instinctively, staring at the young man driving in front of him. The man who rescued her couldn’t believe he would say such a thing.

But Chen Xi couldn’t doubt it, because she saw how the two people died, one was killed by Qin Tiange’s neck aorta with her hairpin, and one was killed by a headshot.

She has no doubt that if she jumps at this moment, her mind will definitely be hit by a shot on the street, and she dare not bet.

At this time, Qin Tiange drove his car on the streets of the town, his expression was more and more dignified, because he felt the breath of the end, and it was about to come.

This is the instinct and dangerous instinct that he has cultivated for fifteen years in the last days. Qin Tiange has always believed in his instinct. He would not die so quickly if he did not meet the ten-star beast.

Suddenly driving, Qin Tiange stopped the car suddenly on the street and turned back to warn him: "Listen, you better stay in the car, otherwise don't blame me if you will die."

He left an inexplicable threat, Qin Tiange got out of the car with the car key, and left Chen Xi alone in the car, nervous and nervous, and at the same time a little emotional.

She watched Qin Tiange get out of the car and walked into a hardware shop. At this time, it was definitely the best time to get out of the car and escape.

"Want to leave?" Chen Xi was tangled, really tangled.

She thought and thought, it would be safe to run directly into the crowd after grabbing the door several times, but in the end it was not done.

The woman's sixth sense told her to keep up with this man, otherwise she will encounter extremely horrible things, which is very dangerous.

She has always been confident of her intuition. A woman's intuition is terrifying. At this moment, Chen Xi believes in her intuition.

"Forget it, shouldn't he be a bad guy?" Chen Xi wasn't sure, thinking about the troubles in the car.

Suddenly she noticed that some of them could not see through, but a handsome-looking young man, not even knowing his real name, only knew that he had been abducted like himself.

I now think about it, if it wasn't for Qin Tiange, she would probably have been tarnished by those two bastards. If you think about it, she would feel horrible. At least for now Qin Tiange is harmless to her.

While she was thinking about these things in the car, Qin Tiange came to the hardware store and smashed a stack of red-headed banknotes in front of the boss, so that the boss immediately made him a two-handle alloy machete.

The owner of the hardware store was so scared that he had to call the police. Fortunately, his wife secretly pulled a hand beside him, and finally looked at the full 10,000 yuan and agreed to this inexplicable business.

五金 This hardware store not only has stainless steel, but also a lot of reinforced materials, and even special steel plates, but the number is small.

Making a machete, but cutting and welding with steel plates, and then polishing the front, the entire process takes about an hour, after telling Qin Tiange to leave the hardware store after the boss.

回到 He returned to the car, drove it to a grain market, bought a few sacks of rice for loading, and then went to the supermarket to buy a variety of packaged foods, compressed biscuits, and so on.

Looking at the big bag and the stuffed food behind the small pickup, Chen Xi was dumbfounded and confused, looking at Qin Tiange like a fool.

“What do you buy so much food for?”

Sui Chenxi suddenly became nervous, staring at Qin Tiange's face, hoping to see something from his face.

Her heart, wondering if Qin Tiange intends to lock her up as a slave, and then play with her for a long time? I have to doubt it like this. Many news reports have reported that how many girls have been deceived by a certain person, imprisoned in a dark basement or a cave, trained as a slave girl, and then offered to him for fun.

Wu Chenxi panicked!

“Shut up!” Qin Tiange gave an unpleasant yell, feeling annoyed, because time was running out and his money was running low.

He still has a lot of things to do and a lot of ideas to do, but unfortunately, not only time is too late, but even his money is running out.

When he was kidnapped, he didn't take anything with him, and he was left at home. It is a day away from his home. Don't be stupid if you want to go back.

“Be honest, you will appreciate me later.”

Qin Tiange looked at the time. It was already close to twelve o'clock in the morning at 11 o'clock in the morning. He recalled the sporadic memories of the previous life. He could vaguely remember that he came to this town in the afternoon in the previous life. It was then.

I was thinking about my mind, completely disregarding the thoughts of the former empress, and got out of the car directly, came to the hardware store, and saw the sweaty boss.

I didn't talk nonsense at all, took his own two-handed steel knife, Qin Tiange left 10,000 yuan and walked away, and drove away as soon as he got on the car.

“Where are we going, you should always tell me? How can we say that we were all kidnapped, wouldn't you want to imprison me?” Chen Xi bit her silver teeth and asked them word by word.

Unfortunately, Qin Tiange was driving, looking at the buildings on both sides, and ignored her questions at all.

I looked at the building in the town. Qin Tiange frowned while pondering. He was remembering a scene from the previous life. This is why he came to this town.

Because he knew in his previous life that there was a mysterious stone monument falling from the sky in this town, and he came to this stone monument.

“just in front!”

Quickly, Qin Tiange let his eyes shine, staring at a huge building in the town, which was the only middle school in the town.

In the past life, the moment the end came, the entire sky broke apart, and endless black torrents swept the world. All creatures were washed away by that black energy. If human beings could not resist the washing of those energy, they would become unconscious walking dead.

It 's like a zombie in the movie, full of aggressiveness. After that, a lot of huge things suddenly landed in the cracks in the sky. I ca n't see clearly. Some are large broken land, some are huge mountains with a lot of bones piled up. clear.

The most important thing is that since then the sky has fallen down into strange pieces of stone monuments. In previous lives, humans have called these stone monuments-inheritance sky monuments.

And in this town, there is exactly a doomsday inheritance skystone coming to a middle school. In the previous life, he saw that thing landed, but he did n't understand what it was, so there was no gain in the previous life, and he regretted it for many years. This is exactly what The main reason Qin Tiange is here at the moment.

He inherited the stele, which was extremely mysterious. No one in the past life could solve this secret until his death. Even the five emperor-level powerhouses and the three first emperor-level powerhouses could not destroy these steles.

These mysterious steles descend from the sky. The reason why they are called inheritance steles is that some people have discovered that there are mysterious heritages on the steles, such as those legendary powerful exercises, even some rare and powerful bloodlines, all kinds of strange and strange powers. Ability, weapon armor, magic weapon, etc. can be obtained from the heritage stone.

Doomsday is coming, and mankind is facing a crisis of destruction. It is because someone first discovered that this mysterious stele can inherit the power and can even be exchanged for a variety of mysterious and powerful abilities and items, so that mankind has found a strong direction and survival hope.

In the previous life, Qin Tiange had not been able to obtain a strong inheritance from the inheritance steles until his death, because at that time these steles had been occupied by great forces.

He is a low-level practice spread from some markets. He fights all the way to the eight-star strength, and can be regarded as a lower-level master.

After returning from this lifetime, Qin Tiange was excited because he had 15 years of precious memory and experience in the previous life. With these, he was confident to become the strongest in the last days.

“What shall we do in middle school?”

At this moment, when Chen Xi in the car saw Qin Tiange coming to the gate of the middle school, he suddenly panicked, fearing whether he wanted to come here to do something amazing.

When I saw her, Qin Tiange glanced back at her, and her cold eyes and indifferent eyes made Chen Xi's heart stop and her breathing was sad.

“You better shut up. I’m annoyed now. If I say it again, I don’t mind rewarding you with a peanut.” Qin Tiange said indifferently, but coldly words stimulated Chen Xi’s fierce resistance. .

However, in his eyes full of murderous threats, Chen Xi, the previous empress, finally succumbed, watching Qin Tiange drive the car directly into the school gate without a word.

At this time, it was during the class that the gate was not closed, and the gatekeeper was sleeping, and he did not see a foreign pickup entering the campus at all.

Parked his car at the door of a dormitory building. Qin Tiange inspected the dormitory building, which was near the football stadium in the back.

Opposite the 教学 is the teaching building. The two teaching buildings are connected. At this moment, Qin Tiange is watching a large group of middle school students taking physical education classes on the playground.

“Okay, when UU read the book www.uukanshu.com in the previous life, I remember that stone monument should land on that football field ...” Qin Tiange looked at the football field and mumbled something.

Suddenly, when Qin Tiange’s face changed, he looked up and saw that the sky was clear and suddenly became dim.

Boom ... Kaka Kaka ...

There followed a loud noise that spread throughout the earth. All humans looked up, staring at the sky in stuns, and black cracks began to spread.

黑色 These black cracks, as if the space had cracked, the inner black paint exudes the power of eating people.

“what happened?”

Around him, Chen Xi grasped the iron gate of the dormitory with both hands, his face was horrified, his eyes flickered, and he looked at the sudden change in the sky. He looked at the calm Qin Tiange from time to time, as if the other party knew something.

She suddenly woke up, and along the way, Qin Tiange's performance was too strange, as if he was preparing something, it seemed to be clear what happened to these changes.

"Doomsday begins ..."

Qin Tiange's expression suddenly became a little excited, a little excited, yes, just excited, looking at the ever-expanding cracks in the sky. Soon, a dark torrent of energy swept the world, and the entire earth was horrified by this. The black torrent wrapped and drowned.

These black torrents are the dark energy in the universe.

Click!

With a squeaking noise, I saw huge things in the sky squeezed out of the cracks, and quickly fell on the ground. Then, a mysterious stone monument descended on the sky.

"Inherit the stele!"

I saw a three-meter-high stone monument falling from the sky, and the location was the football field in the middle school. At this moment, Qin Tiange couldn't help but be excited, very excited.
