

Dark Ages 311

Chapter 311 - Become a tribal patriarch

Qin Tiange cut off the head of the blue blood tribe, picked up the weapon of the dead tribe chief, a huge bone spear, severely pierced the head, and inserted it in front of the tribe door.

“The blue blood leader is dead. Clan people, kill them all, and take revenge for the clan leader!”

“Revenge for the patriarch!”

“Kill!”

The whole tribe boiled, and saw the blue blood clan leader being sacked by Qin Tiange, cut off his head, and nailed his forehead with his dead patriarch’s weapon bone spear hanging high there.

Suddenly, all tribal warriors violently rise, the super dancing weapon slashes, and the 3,000 blue blood fighters who have flustered in front are slashed.

Even some ordinary people in the tribe, the elderly, and the women picked up their weapons and rushed out, turning them into a flood that drowned the three thousand blue blood soldiers.

Anger and hatred kept expanding, and the people in the tribe needed to vent and revenge, wielding weapons one by one, and finally defeating these three thousand powerful blue blood fighters.

“Kill them all, leave none!”

Suddenly, Qin Tiange rushed forward, and the halberd swept away. Five blue blood fighters who were about to flee were cut off half of their bodies on the spot, blood and gushing, and the blue light was extremely bright.

He is like a harvester. The continuous slaughter of the blue blood fighters has been chaotically. None of them can go through a stroke with their halberds and they are all hacked.

Seeing his bravery and fierceness, the tribal warriors were boiling and killing the sky. Soon, the blue blood fighters who were scattered were killed one by one, really none.

Woo!

A shot of azure blue screamed, pierced the air, and instantly inserted into the chest of the last blue blood fighter who fled thousands of kilometers away, nailing him there.

Three thousand blue blood fighters, including their leader, fell here and died, and none of them could escape.

The last one escaped a kilometer away and was about to cross the river, but Qin Tiange picked up a shot of a azure blue shot on the ground.

“We have won!”

Before the tribe, thousands of tribal warriors came out with thousands of people, men and women, young and old.

Looking at the corpse on the ground, they looked very silent, without the slightest joy of battle victory, but with a sadness.

Their patriarch is dead!

“Thank you Brother!”

“Thank you Brother!”

Suddenly, tens of thousands of tribal people saluted together, and expressed deep respect and gratitude to Qin Tiange.

They used an ancient etiquette to express their gratitude to Qin Tiange. If he had not killed him suddenly, the tribe might have been captured.

“It’s all my own, I don’t need to be grateful, but unfortunately I didn’t save your tribal chief, I’m sorry.” Qin Tiange shook his head and sighed, expressing no need to thank him.

On the opposite side, the tribe strongman named the head, a middle-aged man, is extremely burly, with his back on his back, looking very mighty.

With sadness on his face, he came to the patriarch’s body and slowly bowed down, and in the back, countless tribal people bowed down.

“Cloths, clear the battlefield immediately.”

Soon, the mighty middle-aged man stood up and ordered the clan to clear the battlefield. After all, just after a big war, you must clean up, whether it is the body of the enemy or the people of the clan.

Moreover, it is unclear whether there are enemies nearby, so post-war cleanup must be done and cleaned up quickly.

A total of 20,000 tribal people started to work together. In just half an hour, the tribe had piled up two large corpses in front of the tribe. The largest were the three thousand corpses of the blue blood tribe. The small ones were the tribal war dead, including That patriarch.

The incineration fire burned, and the corpses were soon burned clean, leaving only the corpses of the tribal chiefs untreated.

“Warrior, our tribe has lost its patriarch. What should we do in the future?”

At this time, a tribal old man came forward, asking with sadness, showing some concerns about the future.

The strongest tribe, their patriarch died, which is definitely a huge blow to the entire tribe.

Without a master sitting in the town, the tribe will be more dangerous, and the future survival is slim. This is the most worrying thing for the people in the tribe.

That middle-aged man is the second best player in the tribe. This patriarch alone is the chief of the warriors in the tribe, who leads all the warriors.

With a sad face on his face, he shook his head and said, “I don’t know what to do. Now that the tribe has just gone through a ***** battle, the hearts of the people are stricken, and the patriarch is killed again. What can I do?”

“Otherwise, Chief Warrior, do you want to be the new patriarch?” Suddenly someone proposed this, and many people moved, looking at the Chief Warrior full of expectations.

However, the latter frowned deeply after vetoing, vetoing: “I can’t do the job. I can’t be the patriarch with my strength. I can only refuse the love of the people.”

“But ...” he said, suddenly looking away, looking at Qin Tiange, who was picking up a shot of a blue battle.

His eyes flashed with light, and he suddenly proposed: “Clan, this brother saved our entire tribe, beheaded the blue blood, and is a benefactor of our tribe. Why not ask him to be the chief of our tribe? ? “

“This ...” The old man looked hesitantly, looked at Qin Tiange in the distance, and sighed, “I was afraid that the other party would not let me and other tribal people refuse to accept it. You know, a strong man like him is in The tribal alliance is a big man. “

“Yes, our little tribe invites such strong men to sit down.”

The strong are absolutely welcome here, of course, they must be strong in their own race. They identified Qin Tiange as a human race, and naturally became their own strong man.

The warrior thought for a moment, gritted his teeth suddenly, and said, “Let’s all implore, maybe there will be a chance.”

After speaking, I saw that the tribal people did not have an objection, so naturally they would not oppose it. In such a barren land, if the tribe wants to survive, it must have a strong character to lead it.

The patriarch must be the strongest tribe in order to serve, so it is necessary to ask Qin Tiange, the strongest member of the tribe, to come to serve as the new tribal patriarch.

Bang bang ...

Everyone in the entire tribe, more than 20,000 people, men, women and children, came to Qin Tiange and knelt down.

This move made Qin Tiange bewildered. Looking at this group of primitive humans, there is something inexplicable. Even if you are grateful, you don’t have to bow down.

“What are you?” Qin Tiange murmured in his heart, but still asked.

I saw that the warrior chief in the tribe raised his head, his expression was firm and serious, and he begged to say: “My tribe’s chief patriarch died in battle, and now there is no leader in the tribe. Our tribe is prosperous. “

“Please patriarch!”

More than 20,000 people worshiped together, shouting loudly, with a solemn expression, full of seriousness, one by one looking at Qin Tiange with the eyes of expectation, and I hoped that such a strong person would lead the tribe.

Qin Tiange was really stunned. He didn't even think that this group of primitive tribe people asked him to be the patriarch?

Could it be that the tribal chief is so easy to do? Qin Tiange was a little surprised. After thinking about it, he asked, "I'm just someone outside your tribe. Do you trust me to be your patriarch?"

"We are human!"

A neat cry, deafening, spread a long distance, and more than 20,000 primitive tribe humans even uttered such a sentence.

Qin Tiange's expression was restored after he had lost his face, and his complexion was complex. Looking at the primitive people, suddenly there was an inexplicable emotion in his heart.

The meaning of these people's words is that we are all human races, and people of each other naturally candid and trust each other. Perhaps this is one of the most honest virtues of the ancient people.

Think of human beings in modern society, deceit, insidiousness, selfishness, compared with primitive human beings, it is really worse, and the soul is getting more and more dirty.

"OK I promised!"

After a little contemplation, Qin Tiange nodded and agreed, jokingly, he would not miss the benefit of delivering it to the door.

This mission, but to kill a million two-star creatures, was thinking about how to complete it. Now, isn't it a good way to see?

"Task progress: 3,002,000,000 ..."

This is the current task progress. Qin Tiange looked at this set of data with a thoughtful look. He never killed a thousand himself, let alone three thousand.

Perhaps the people in the tribe killed him as homicide, which made him think about it and find a way to complete the task.

"Actually, it's not bad to be a tribal patriarch ..." Qin Tiange looked at the human faces of the more than 20,000 primitive tribe in front of him with an excited expression, and couldn't help flashing this thought in his heart.

In this way, Qin Tiange inexplicably became the new chief of this tribe, leading the primitive tribe of this primitive tribe to start making his plan to complete the death mission.

Chapter 312 - Fierce

In the tribe, tens of thousands of people gathered, a large pile of firewood was stacked in the center, and a burly corpse lay on it, which was the former tribal chief who died in battle.

"Ignite and send the old patriarch!"

With the order of Qin Tiange, the two men next to him immediately held up a torch, ignited the wood pile, set off a burning fire, and engulfed the old patriarch's body.

Faced with sorrow, all the people slowly bowed their heads and congratulated the old patriarch. Next, the tribe held an ancient and cumbersome funeral, and the tribe shared the same tragedy.

After finishing the funeral of the old patriarch, it is the various ceremonies and rituals that the new patriarch took office. It took him a long time to complete.

Seeing that all the procedures were completed, Qin Tiange secretly pinched a sweat, and the various rituals and etiquettes of the primitive era were a bit troublesome.

“Patriarch, this is the genealogy of this tribe.”

In the house where the tribal chief lived, the warrior Changcangshi handed down the tribe's genealogy, which recorded the population and various information of the entire tribe.

Qin Tiange took it and turned it over, and looked closely. There were 22,365 people in the tribe, a total of 12,000 men, and fewer women.

Among them, there are 5,000 tribal warriors, all of whom are one-star. Apart from the dead old patriarchs, the strongest is the warrior Changcang Shi in front of them. The two-star strength has 36 people.

In such a small tribe, it can be regarded as a master, but it is not mentioned in the tribal alliance.

“Patriarch, just after the war, what should we do now?” Cang Shi carefully asked, looking at a petite figure beside him.

It was a woman, young and beautiful, with a ***** and hot body, wearing a set of animal skin tops and animal skin skirts, with a wild beauty.

She had a shaky face, but cheered up while pouring a tribe-specific rice wine for Qin Tiange.

“You just said, there is a messenger of the tribal alliance coming today?” Qin Tiange did not answer, but asked this question.

Cang Shi previously said that the messenger of the tribal alliance should have arrived today, but it should have arrived early, but suddenly there were 3,000 soldiers of the blue blood race, which led to a ***** battle and the death of the old patriarch. Now it is Qin Tiange's turn to preside.

Cang Shi nodded, snoring loudly: “Yes, the patriarch, the tribal alliance has long been rumored that there are messengers to come, select all tribes to join the coalition to form alliances, and fight against aliens.”

“Tribal alliance, crusade against aliens?”

Qin Tiange murmured to himself, and said after contemplation: “I know this, you go ahead and prepare for it, and the Alliance Messenger will tell me when it arrives.”

“Yes, Cang Shi retired!”

Cang Shi bowed slightly and stepped back, leaving only Qin Tiange and the woman with a pale face beside him.

Qin Tiange looked up and looked at the girl next to her. She had a healthy wheat color on her skin, her skin was full of elasticity, and her figure was ***** and hot.

This girl, who is the daughter of the old patriarch, was brought by Cang Shi to express her desire to serve the new patriarch Qin Tiange.

“What’s your name?” Qin Tiange suddenly asked.

The girl trembled and whispered, “Patriarch, I do n’t have a name, and the women in the tribe have no name.”

“Without a name?” Qin Tiange understood after a moment’s sorrow. In the ancient times, except for the matriarchal tribe, women in other ancient tribes were generally of low status, not even having a name.

“Your father, Cangshan, then you will use Cang as the surname and take Yunying as the name?” Qin Tiange thought for a while, and gave his opinion directly, and gave her a name.

Her father, Cangshan, founded the Cangshan tribe. Unfortunately, he died. A large tribe is left unattended, and even a daughter can only be sent to serve the new chief.

“Cang Yunying?” She froze, muttering to herself, a strange light in her eyes, raised her eyes carefully and looked down at Qin Tiange, bowed her head slightly, and agreed.

“Thank you for your name!” She, later, has her own name, Cang Yunying.

This is an honor, a status symbol, and a name, which was extremely important to women in the ancient and wild times.

That was a kind of recognition and a symbol. She had a name, which was tantamount to a free body, and she would no longer be given away easily.

“You are tired too, let’s go to rest first!” Qin Tiange waved his hand gently, letting the old patriarch’s daughter go to rest.

Cang Yunying’s eyes flickered, and the strange light was intertwined. He lowered his head and quietly looked back at him and then retreated.

Originally, she was sent to serve the new patriarch Qin Tiange, but now it seems that the patriarch does not need her to serve.

In fact, she is not unattractive, but has a wild beauty full of primitive temptations that most men cannot control.

However, Qin Tiange was extremely sober and somewhat helpless. This is an illusion, but it is nothing.

Since it is illusory, why show mercy everywhere? The girl was sent, meaning he knew it very well, and naturally he was a puppet.

“Illusion is illusory after all ...” Qin Tiange muttered, then got up and walked out of the residence of the patriarch.

As soon as he left the gate, he saw Cang Shi hurriedly and informed him that the messenger of the tribal alliance had arrived.

“Is the messenger of the alliance here?” Qin Tiange pondered after hearing it, and nodded. “Cang Shi, you take the messenger of the alliance to the chamber, and I will be there later.”

After speaking, he turned and left directly, leaving a silly Cangshi, and his heart was blurred. Qin Tiange even said that he was asked to take the ambassador to the Chamber, rather than greet him in person.

“This ... Patriarch ...” Cang Shi was immediately awake and opened his mouth to speak, but stopped when he shouted halfway because Qin Tiange was gone.

He turned bitter, with a worried look, and couldn’t help whispering. Did the new patriarch know that this would neglect the Alliance Messenger?

Qin Tian Geben is habitual. The messenger came to discuss it. Would he have to go out to the tribe himself to greet him?

In this way, a middle-aged man with a somber face outside the gate of the tribe was an ambassador of the alliance. He listened to Cang Shi’s careful explanation and was extremely angry.

How many small and large tribes have traveled, the tribal chiefs have always come out to greet them, and they have not been ignored and humiliated in this way. This small tribe has been snubbed by the new patriarch.

“What a reason!”

The envoy of the alliance shouted indignantly, yelling, “You and other small clans are so big, don’t you think of the alliance?”

“No, no, messenger, don’t get me wrong, we ...” Cang Shi’s face changed drastically, and he was about to explain, but was stunned by the messenger of the alliance.

The ambassador was not weak. He was much stronger than Cang Shi. When he stepped down, Cang Shi was flied for more than ten meters, he vomited, and he could not climb for a while.

“Cangshan tribe, you are rude, wait and blame me for reporting truthfully to the patriarch of the alliance, you just wait for the name of the tribe to be banned.” The ambassador of the alliance was angrily, and he would have to leave after saying this.

“stop!”

Just as he was about to leave, a cold voice came from the Horde, drank the Alliance Messenger who was about to leave.

He turned to look around, and saw a figure coming out of the tribe, holding a spear, and walking to Cang Shi step by step.

“Did he hurt you?” Qin Tiange asked with a frost on his face.

Cang Shi bowed his head with a pale face and a bitter smile, and didn’t know how to answer, saying yes, that was offending the Alliance Messenger, saying no, that was lying.

Looking at his expression, Qin Tiange understood, gently raised the tribe warrior chief, and then came outside the tribe door, looking at the gloomy tribe alliance messenger in front of him.

“You hurt the chief warrior in my tribe?” Qin Tiange tilted his head and asked the other party whether he was an emissary of the alliance.

The Alliance Messenger’s lungs were exploding, and he retorted, “Little tribal chief, how dare you treat the Alliance Messenger like this?”

Snapped!

A clear slap came, everyone was quiet, staring blankly at the tribe door, the proud figure.

He even waved and slapped the ambassadors of the Alliance, but he was shocked by the people in the tribe, and Cang Yunying was in the crowd.

She stared blankly at Qin Tiange’s back, her eyes were dazzling, her expression was a little weird, and a glance of admiration flashed in her eyes, but Qin Tiange did not see it.

“You, dare you hit me?” The Alliance Messenger was snoozed.

His cheeks were swollen, and the corners of his mouth were bleeding. That slap was not light, and what surprised him most was that he couldn’t escape?

“It’s you!” Qin Tiange said blankly and sneered, “You hurt my tribe warrior chief when you first arrived, and you don’t even put our tribe in your eyes.”

“I asked the tribal people to come out to greet you. That is to respect you, but you hurt the tribe warrior. How should this account be counted?” Qin Tiange Han asked with a face to face.

During his speech, the halberd in Qin Tiange’s hand hummed, killing himself, and rushing towards the Alliance Messenger in the opposite direction.

The latter’s complexion changed slightly, his expression constantly changed, his complexion turned blue and white for a while, and his anger could be imagined.

“I am the ambassador of the Alliance. On behalf of the entire tribal alliance, are you going to rebel from the Alliance?” The Alliance ambassador warned sharply.

However, in response to him was a large spear, slamming it down very fast, and was shot on the ground without any response at all.

boom!

With a muffled sound, the ambassador of the alliance was patted on the ground by the halberd, and the whole party was lying there, pouting the mud and some blue blood.

With a humming sound, Euphorbia crescents crisscrossed the neck of the Alliance messenger, and the piercing sharp body penetrated the body, calming the Alliance messenger that was about to erupt.

“The alliance is the alliance, you are you!” Qin Tiange Han leaned down and said gently, “You are just a little messenger who dared to hurt the warriors in my tribe. You said, an alliance If the messenger died silently, what would the senior members of the Alliance tribe think? “

“You, what are you trying to do?”

There was a smirk in the corner of Qin Tiange’s mouth, hehe laughed: “Of course the messenger of the Alliance walks all sides, it is very easy to encounter danger, for example, being killed by a master of the blue blood race.

“Do you dare ...” The ambassador of the Alliance changed color suddenly, exclaimed, but the voice stopped abruptly, completely silent.

Because, Qin Tiange cut his neck and cut off his head, which completely brought about the life of the alliance messenger.

“The person who hurt me then try it by your life.”

After Qin Tiange said lightly, he turned around and looked at all the people who were completely stuck. They were completely stunned, and did not expect that the new patriarch killed the Alliance Messenger directly?

Everyone looked at each other, no one spoke, but Cang Shi himself was touched, and had deep self-blame and anxiety.

“Patriarch, you shouldn’t kill the messenger.” Cang Shi looked decadent, and suddenly said, “Patriarch, let me kill it.”

Qin Tiange was surprised. He glanced at the man with a glance of appreciation. Such a person is the talent he wants most.

“No need, just a messenger. Since shame hurts people in my tribe, there is nothing to say and dispose of his body.” Qin Tiange waved his hands and directly instructed Cang Shi to deal with the body of the Alliance messenger.

Having said that, he walked directly back to the tribe, leaving behind a group of tribal people with diverse complexities.

In particular, the old patriarch’s daughter, Cang Yunying, had the strangest look. She looked at the back of Qin Tiange’s departure, and a faint flash of light flashed in her eyes.

Chapter 313 - Defeated

In the room, Qin Tiange was thinking about the task in silence, and this time he was very cautious and not afraid to care.

Qin Tiange tapped his fingers on the wooden table rhythmically and mumbled to himself: "If I didn't help the tribe, I wouldn't have a chance to become the chief of this tribe."

The tasks are linked one by one, and the death task is not so easy to complete. With a little carelessness, a mistake can be taken forever.

If he didn't take the shot at first, did not kill the blue blood leader, and did not rescue the tribe in crisis, then he would not have the opportunity to become the tribe chief.

Once you make a mistake, it will be difficult to complete the task at that time. Although everything may be illusory in the task space, Qin Tiange is always alert.

"The key to the mission is the primitive tribal alliance and the blue blood tribe. Only by relying on the power of the tribal alliance to deal with the blue blood tribe, can this mission of death be completed."

Each line of thought gradually became clear. Qin Tiange soon knew what he should do. After he figured it out, he felt much relieved and relieved a lot of pressure.

"Patriarch, patriarch, bad things!"

Just as he was thinking, someone hurried outside, and it was Cang Shi, the tribe warrior chief.

He looked anxious, panic-stricken, and looked a little bit wrong. Seeing his panic, Qin Tiange frowned, "Cang Shi, what's the matter of panic, slowly say, don't panic."

Cang Shi breathed a sigh of relief before eagerly saying, "Patriarch, the big thing is not good, a large number of defeated soldiers came from outside the tribe, all of which were defeated by the Alliance Army."

"Breaking the soldiers?" Qin Tiange listened and choked, a thought flashed through his heart.

He stood up and asked with a serious expression: "Did you not say that the tribal alliance will draw the warriors to form a coalition? Now there is a tribal coalition?"

Cang Shi shook his head and smiled bitterly: "Patriarch, the tribal coalition has been formed long ago, and it has been fighting fiercely with the blue blood tribe. Due to the tightness of the battle, the alliance sent emissaries to draw warriors from small tribes everywhere to support.

"That's it!" Qin Tiange stunned, then calmly said, "In other words, the tribal alliance army was defeated?"

"Yes!" Cang Shi looked downturned, and said with some sadness: "The Alliance Army is the main force against the Blue Blood, and now it is defeated, there will be no place for us to survive here."

"Don't panic first, take me to see those soldiers who collapsed." Qin Tiange patted the opponent's shoulder without panic.

He's calm, even if he knows that the Alliance is defeated, but what? Qin Tiange is here to complete the task, not to care about the life and death of the alliance.

When I followed Cang Shi to the tribe, I saw a large crowd of people coming, all of them ***** and embarrassed.

These people are all soldiers defeated. They are the defeat of the Alliance forces, and the scattered rangers are scattered, or they are deserters.

“The people in front stop and let your leader talk.”

In front of the tribe, five thousand warriors held weapons and pressed up under Qin Tiange’s order. Cang Shi directly ran out of the team and shouted in front of a large number of soldiers.

In front of them, the crowded soldiers were downcast and pale, and some people still had a palpitation on their faces, feeling a kind of escape from death.

After hearing the shout from the tribe, the team instinctively stopped, and then a burly man in animal leather came out, carrying a huge tomahawk.

He has a stature, a rough face, and the boldness of a warrior, but there is a deep sadness on his face.

“I am their leader. I am from the Shiji tribe. My name is Shi Wen. We are the defeated soldiers of the Alliance Army. We face each tribe shamelessly and only plead for a little food. We have not eaten for three days.” Shi Wen, the leader who defeated the army, said this sentence with a sad look on his face.

As soon as his words were finished, almost all the soldiers collapsed, bowed their heads, and felt a deep shame, as if they were deserters and faceless to the tribe.

“Cangshi, get tribal food and let these people eat.”

Qin Tiange thought about it and said this order, Cang Shi said nothing, and took people back to the tribe to get food out, and let the group of soldiers eat.

It didn’t take long for Cang Shi to come out with food, all of which were dried meat and wild vegetables, and of course it was already the best food.

“Thank you, thank you folks!”

Shi Wen was agitated, tears in his eyes, a feeling of shame in his heart, and a burning pain in his skin.

He didn’t want to be a deserter, but was hunted down by the blue blood army for three days and three nights, and it was good to escape.

The million troops of the entire tribal alliance have collapsed and have been completely defeated. It is not surprising that Shi Wen was only a small part of the Alliance army, but Qin Tiange had a plan in mind.

“Master Shi Wen, can you tell me how many troops the Blue Blood has, and what are their strengths?”

Watching thousands of devastated soldiers eating, Qin Tiange came to the head of Shi Wen and asked lightly.

The latter stood up immediately after seeing Qin Tiange, with a restrained face and arched his hand: "Clan chief, just call me Shi Wen, do not call the leader, I feel ashamed."

He sighed and told Qin Tiange all the news he knew in detail.

"The blue blood came out of the nest, and most of the elite soldiers came out. They were caught off guard by the Alliance Army, which led to a series of defeats. Eventually, the Army was dispersed." Shi Wen said with a gloomy expression, disgraceful.

The blue blood tribe came out of the nest, the number reached 1.5 million troops, of which 300,000 were recruits, only one star, and the remaining 1.2 million troops were elite, two-star strength, tribal alliance. Although the millions of coalition forces here are almost two-star, they are still defeated.

"Come out of the nest?" Qin Tiange blinked his eyes and kept thinking about this problem. The blue blood clan came out, that is, the clan killed.

Well, now the tribal land of the Blue Blood must be defending the emptiness, which is a good opportunity to attack them.

"Shi Wen, do you want revenge, do you want to defeat the Blue Blood?"

Qin Tiange, who was thinking, suddenly looked up, asked this sentence seriously, and let Shi Wen hold back, not knowing how to answer.

He hesitated for a long time before he smiled bitterly: "Patriarch, don't make fun of me, although I am stupid, but I also know that the tribal alliance is basically unable to compete with the blue blood tribe."

"No, there is still a chance to defeat the Blue Blood." Qin Tiange was serious and very affirmative.

Shi Wen and Cang Shi were surprised, watching Qin Tiange silent. Around, many people and soldiers stopped and looked at him, the new Cangshan tribe chief.

"The patriarch, please say how to defeat the blue blood, as long as it is available to me, there is no other word, I Shiwen will not, and killing the blue blood is definitely not soft." Although Shi Wen did not know why the other was so confident, he still patted his chest Guarantee.

Qin Tiange waited for this sentence, patted him on the shoulder with a smile, and said, "It is enough for you to have this kind of heart. We still have a chance to turn the war and defeat the Blue Blood."

"what chance?"

Shi Wen, Cang Shi, and even the silent Cang Yunying couldn't help looking at his eyes, his eyes were so colorful, he was curious, what could he do?

"Tread the tribal land of the Blue Blood tribe." Qin Tiange said this word and said that he was carrying the Blue Blood tribe.

“what?”

Shi Wen’s eyes widened, looking at Qin Tiange, looking extremely shocked. Everyone was stunned, no one expected that Qin Tiange would settle down the tribe’s own tribe?

However, if you think about it, it is really possible. This time, the blue blood tribe is out of nowhere. The internal emptiness is a good opportunity to enter the emptiness.

“You think about it, the blue blood tribe came out of the nest. Then, we directly pounded the yellow dragon and slaughtered the blue blood tribe’s land. What would happen then?” Qin Tiange said calmly.

There was silence all around, and some people couldn’t help taking a sigh of cold air, and the sentence that slaughtered the blue blood tribe’s land revealed a murderous act.

“Do you have the guts to go with me to buy the Blue Blood tribe?”

Qin Tiange stood up, sweeping his eyes sharply across the scene, whether it was the 5,000 warriors in the tribe or the thousands of soldiers who escaped, all were deterred.

The next moment Shi Wen wakes up and swears: “I Shi Wen, in the name of the ancestor, swears, and is willing to join the Cangshan tribe chief to enter the Blue Blood tribe.”

“We do!”

“Done!”

Suddenly, one by one, the soldiers stood up, showing their embarrassment, and they all expressed their willingness to do the big vote.

Anyway, it ’s already like this, it ’s better to fight together, maybe they can really capture the blue blood tribe ’s land and settle there.

If so, they will be heroes in the entire tribal alliance, respected and admired forever.

“Shi Wen and Cang Shi, you and two immediately set off and brought back all the defeated Alliance soldiers within a hundred kilometers of the tribe.”

Qin Tiange gave an order to let Shi Wen and Cang Shi lead their respective teams, and gather the alliance’s soldiers who fled from the tribe to flee.

He needed more fighters, formed an army, and then attacked the Blue Blood tribe directly.

Chapter 314 - Raise the banner and assault the blue blood tribe

Two days later, in front of the Cangshan tribe, a number of soldiers were gathered, and more and more soldiers were gathered, and a total of 100,000 soldiers were gathered.

As a result of the continuous collapse of troops, the small Cangshan tribe lost food and was completely consumed.

“Everyone, there is no food in the Cangshan Department, nothing at all.”

In front of the tribe, Qin Tiange looked at the densely populated 100,000 alliances and said the news that the tribe had no food.

Upon hearing this news, most people's faces changed, especially those in the tribe such as Cang Shi, with anxiety.

Without food, how can the tribe survive, and how can 100,000 soldiers break down?

"Now, the only way is to kill the blue blood tribe and settle there, so we can live."

In the end, Qin Tiange described this method, which caused the 100,000 soldiers to look wild, but no one came out to object.

Because those who opposed were long ago slaughtered by Qin Tiange, anyone who refused to cooperate was dealt with early in the morning.

Only one hundred thousand soldiers were left. He was in his hands and was preparing to leave.

"Cangshi, raise the tribal battle flag, let's go!"

Suddenly, Qin Tiange turned over and rode on a strange beast full of scale armor. This was the mount of the tribal chief.

I saw that Cang Shi raised a big banner, which was the battle flag of the Cangshan tribe. In fact, it was a blood-stained banner with a blood-stained herringbone on it.

This is what Qin Tiange asked people to do. As a battle flag, this is to raise the banner, gather the alliance to defeat the troops, and conquer the blue blood tribe headquarters.

"Let's set foot on the blue blood!"

"Peace the blue blood!"

With an order, the 100,000 army set off, and it was a mighty one. There was really a trace of my invincible temperament.

Of course, Qin Tiange knows that 100,000 soldiers are defeated, and it is impossible to capture the blue blood tribe headquarters. Even if the blue blood tribe comes out of the nest, it is difficult to capture.

But he is confident to do this, and today is the third day of the mission, and must go.

When the army passed by, they saw blemishes, and one tribe was razed to the ground and turned into ruins.

Inside, corpses were everywhere, and young and old were ruthlessly slaughtered, spurring an army of 100,000 soldiers behind.

Some tribes happen to be the tribes where these soldiers fall, and their relatives, but now they see their relatives and friends being brutally slaughtered, and their hearts are suddenly sad and angry.

"This is done by the Blue Blood." Cang Shi said with a sad expression beside him.

Looking at the destroyed tribes one after another, everyone felt a anger in their hearts, no matter young or old, they were killed.

The blue blood tribe really killed all the people in these tribes.

“Everyone sees that the blue blood will not die, and our people will have no chance of survival. They are still slaughtering our people and destroying our tribe.”

Seeing the rage and sorrow of the 100,000 soldiers, Qin Tiange stood up in time to say a word that inspired everyone’s inner anger.

“Kill the blue blood!”

“Kill the blue blood!”

Suddenly, the army of 100,000 snarled, and the sound of the waves billowed towards the sky. This time, the 100,000 troops were truly condensed into one group, willing to go to the blue blood tribe headquarters, just to kill the blue blood tribe.

Seeing this, Qin Tiange’s mouth slightly tilted, knowing that things were in half, it was bad whether the next action could be successful.

“Shi Wen, do you know, what is the origin of the blue blood tribe?” Qin Tiange suddenly asked Shi Wen next to him.

The latter looked serious, took out a map of animal skin, and pointed at the rough map line above.

“Lord patriarch, here is where we are, close to the Weihe River, and three hundred miles up, it is the Blue Blood Family Land.” Shi Wen pointed to a place where the Blue Blood Family Land was.

Qin Tiange looked at it carefully. After studying the map carefully, the map drawn above is too crude and even hard to see clearly.

“set off!”

Soon, the army set off, marching all the way, everyone was angry, waiting for the next battle.

Along the way, Qin Tiange and others encountered a lot of defeated soldiers who had lost their lives, and even some tribal warriors took their surviving families to escape.

Without exception, all he encountered were gathered by him, and the team was getting larger and larger.

Before dark, the huge team finally came to the vicinity of the Blue Blood clan, quietly hiding.

“Patriarch, the blue blood tribe is in front.”

In a dense forest, Shi Wen pointed outside the dense forest, a large fertile plain below the mountains, where there was a huge city.

This is the blue blood tribe headquarters, blue blood city, surrounded by mountains on three sides, all of which have steep peaks forming a natural barrier. Only one side erects a fence, which is thirty meters high and extremely majestic.

This blue blood city is easy to defend and difficult to attack. No wonder the blue blood clan dared to come out of the nest. As long as a little elite guard, it can block the attack of dozens of millions of troops for several days.

“Patriarch, how do we attack?”

Cang Shi was hesitant, and asked Qin Tiange, the patriarch, that they had never thought of attacking Blue Blood City because it was easy to defend and difficult to attack.

Qin Tiange didn't answer, but turned his head, looking at a delicate and pretty woman wearing tight leather armor and holding a bone spear.

“Yunying, what did your goshawk pet find?” Qin Tiange asked gently.

It turned out to be Cang Yunying, and she was also brought because Qin Tiange was surprised to find that the daughter of the old patriarch had raised a goshawk.

Although she is still a young juvenile goshawk, she is good enough for reconnaissance work. Sure enough, her luck came along all the way, but her credit was actually her credit.

“About 10,000 blue blood elites were found in Blue Blood City, but no other blue blood elite warriors were found inside, only ordinary blue blood people.” Cang Yunying said.

The Blue Blood City is guarded by 10,000 elites, and they are all guarded on the only wall. As for the other three sides, they are all steep mountains. They are not worried about the arrival of enemies.

“Patriarch, on the southern peak, a path was found, the road is dangerous, and if you accidentally fall, you may fall from above, and startle the blue blood enemies below.”

Then, Cang Yunying said the news again. From her pet's side, she saw such a dangerous trail, and she didn't know how the girl looked at things from the perspective of a goshawk?

Although curious, Qin Tiange didn't just ask, and the news was enough.

“Go, quietly enter from the south.”

He immediately got up, with 150,000 people quietly approaching a high mountain in the south, quietly entered the mountain, and climbed up a dangerous path pointed out by Cang Yunying.

It's very steep and almost vertical. It's really difficult for ordinary people to climb up, but for those who are generally one-star, it is not difficult to climb up.

With the hiding of jungle shrubs, the 150,000 army climbed the peak in an orderly manner, finally crossed the block, and began to descend the mountain and enter the Blue Blood City.

Everything is going on quietly. In the dark, no one knows the Blue Blood of the Blue Blood City. An army of tribal peoples quietly entered their core clan.

In their opinion, the army of the tribal alliance was defeated, and their own army was slaughtering the human tribe. Naturally, no one would think that some tribal army had quietly entered the territory of the blue blood tribe.

If it had been before, the Blue Blood would increase night patrols, and even the three sides of the mountain would be guarded by sentries, but unfortunately the Blue Blood was too proud.

It is believed that the human tribe has been defeated and is unable to stop the blue blood army, which has led to Qin Tiange leading a 150,000 army into the city, but no one has found it yet.

“First solve the 10,000 blue blood elites guarding the city wall.”

In the Blue Blood City, 150,000 troops were counted together, and under the cover of night, followed Qin Tiange towards the city wall to destroy the 10,000 Blue Blood elites there.

“who!”

In front of the city wall, a scream came, and someone saw a warning: “The city is heavily defended, and nights are not allowed to intrude and return.”

call out!

It was a pity that his voice had just come to an end, and there was a howling in the dark, and he fluttered through the eyebrows of this blue blood tribe soldier, killing him instantly.

“Enemy attack enemy attack!”

Suddenly, the walls exploded, and the rest of the elite army of blue blood, who had been resting immediately, hurriedly picked up their weapons and rushed out of the rest camp.

They instinctively looked out of the city, one by one, wondering, in the night, where are any enemies?

“Ah ... the enemy is in the city ...”

In the dark, a terrible scream came suddenly. Some blue blood people issued a warning before death. The enemy was in the blue blood city?

All the blue blood elite warriors were aggressive, turned around, and saw an army pouring out of the night, and attacked the blue blood elite guards above the city walls.

“Kill, not one!”

Qin Tiange took the lead, riding an unknown beast, wielding a halberd to kill the city wall, and no one passed by was his enemy.

Behind him, a fifteen thousand army arrived and rushed to the city wall, all looking at each other, wielding weapons to vent the anger that had accumulated inside.

Chapter 315 - Massacre, Forbidden Area of the Blue Blood

Bang!

The fence on the city wall was broken, Qin Tiange was the first one, and Euphorbia flew fiercely to block the dozen blue blood soldiers.

He rode on a strange beast and slashed all the way. No blue blood fighter could stop a move, and he was killed ruthlessly.

“Bold!”

Suddenly, a loud drink came and saw Lan Guangcangan. The sharp edge pointed at Qin Tiange. It was a blue battle.

Qin Tiange drank low, and the halberd lifted up with a stab, a snorting sound, the sparkling sparkle, flying away in the night.

He blocked the raid of a blue blood tribe, only to find that it was an extremely powerful blue blood tribe leader, with a four-star rating and a power of two hundred people.

Unfortunately, Qin Tiange, with his strength of four hundred people, directly repelled the other party.

“Human, **** it!”

The blue blood tribe led the rage, watching the hordes of hordes killing them, and they were shocked and furious. At all, the tribal alliance was defeated at this time, and there were still troops that quietly entered the blue blood city?

Hey!

Qin Tiange chuckled, riding a strange beast, the halberd whistled, pierced the air, and halberd killed with lightning.

The blue blood leader’s complexion changed greatly, he raised his gun to resist, a violent collision came, and his body was backed up by a huge force.

“Dead!” Suddenly, a dark shadow flashed, Qin Tiange jumped up, his whole body turned blue, as if the halberds were united, and instantly passed through the body of the blue blood clan.

A sip of blue blood spewed out, and the blue blood tribal leader was pierced through his chest and his heart was smashed.

“No ... but ... can ...” Before dying, he couldn’t believe it was true, his body fell slowly, and he couldn’t stare.

The strongest garrison leader of the blue blood tribe was killed, and the body was picked up by Qin Tiange, riding a strange beast along the city wall and ramming.

“The blue blood leader is dead, kill them all!”

A loud drinking came out in the night, far away, and alarmed the entire Blue Blood City, countless Blue Blood people awakened from their sleep.

Unfortunately, they didn’t understand why, they only heard the sound of shouting and killing for a long time.

In the dark night, one after another the blue blood races were slaughtered elitely on the walls of the Blue Blood City, completely unable to stop the raid of 150,000 troops.

Soon, the 10,000 blue blood tribe was cut and killed, and the entire city wall was occupied by the army led by Qin Tiange.

“Cang Shi, lead the 5,000 warriors in the headquarters, hold me firmly here, you can let a few blue blood people, others will kill this blue blood city with me.”

Qin Tiange Gao rides a strange beast, holding a spear in his hand, and slams down the city wall, rushing to the hinterland of the Blue Blood City.

Massacre!

Yes, Qin Tiange is going to slaughter the city and kill all your blue blood people in this blue blood city.

Everyone was shocked when they heard this sentence, but they followed closely, showing cruelty and embarrassment.

The tribal people were slaughtered by the Blue Blood tribe. This time, they came to slaughter the city.

“Slay the city!”

“Slay the city!”

With a loud roar and endless anger, many people in the 150,000 army witnessed the destruction of their tribe and the massacre of countless people.

Now it was their turn to raise the butcher’s knife, and they were naturally very excited. Without hesitation, they waved the butcher knife directly into the Blue Blood City.

“Ah ... the human race is here!”

“The human race is here!”

The Blue Blood City Fryer, countless Blue Blood people, men, women, and children awoke from their sleep. Some people saw the dense army of ethnic people coming in and screaming in horror.

Some blue blood people were slaughtered mercilessly while they were still asleep. Regardless of men, women, and children, the 150,000 troops did not show their soft hands, held up their knives and slaughtered wildly.

A massacre was staged, and millions of blue blood people in Blue Blood City panicked and fled around, but unfortunately still could not escape the fate of being slaughtered.

Flutter!

In the dark night, a small head soared, and that was a blue blood kid who was ruthlessly stupid by Qin Tiange.

If you look closely, this dead blue blood kid is holding a weapon, and the blue blood men, women and children will fight.

They spontaneously stopped and resisted, which really caused Qin Tiange a lot of trouble, but unfortunately, these people were destined to be slaughtered.

Faced with a 150,000-strong army like a wolf, all of them broke out with the greatest strength, slashing all the blue blood people they encountered, regardless of their age, gender, and age.

“You will be punished.”

A blue-blooded old man waved a cane, growled wildly, and looked extremely embarrassed, but unfortunately a sharp flash passed, and he saw the old head soar and fall.

Shi Wen snorted and continued to kill by wielding the steel knife. Wherever the army passed, the heads were rolling, the bodies were piled up, and blood flowed into the river for a while.

This slaughter has been killed from just into the night until dawn. When the sun hangs in the void in the early morning, there is no living blue blood in the whole blue blood city.

In the city, the body was covered with a real blue blood city, and more than 3 million blue blood people were slaughtered, and the blue blood gathered into rivers, flowing and flowing.

Blue Blood City, slaughtered!

Fifty thousand people, more than 30,000 people were killed or injured, and the people who survived were all panting, lying on countless bodies without a picture, silent.

A crazy slaughter last night. Now, the slaughter is over. Except for a small part of the blue blood people who were deliberately let go by Cang Shi, the rest have been cleaned up mercilessly.

“See?”

Qin Tiangoe stood silently on the city wall, looking at the city piled up into mountains, paved into roads, and the blue blood gathered into the river, dyeing the whole blue blood city blue.

More than three million blue blood people fell under the butcher knives of the 150,000 army led by him. Few survivors could escape, but he deliberately let them go.

Beside, Cang Yunying Qiao flashed an inexplicable look on her face, and some strange light flashed in her pupils, looking at the young man beside her from time to time.

Behind him, powerful leaders such as Cang Shi and Shi Wen kept silent, staring at the densely packed corpses.

This is what they did. Under the butcher knife, none of the blue blood people survived, and even the children were slaughtered.

“Clean the battlefield, collect weapons such as bows, arrows, and spears, and collect ignition materials such as black oil and animal oil. The speed is fast.”

Then, Qin Tiange issued a clearing order to collect all the weapons and equipment that could be taken away, and even some animal oil and black oil.

He himself, riding a strange beast, came to the center of the Blue Blood City, the place where the blue blood clan's resident lived was also the forbidden area of the blue blood clan.

“The patriarch, the forbidden area of the blue blood tribe, has always been the site of the deities dedicated to the blue blood tribe. No one can enter except the patriarch and sacrifices.”

Around him, Cang Yunying whispered a word, in front of which was the blue blood clan's forbidden ground, and even the blue blood clan's people could not approach it.

Except for the patriarch and sacrifice, none of the blue blood people were eligible to enter, which made Qin Tiange very curious.

“In other words, the blue blood tribe is enshrined in it?” Qin Tiange only cared about this sentence the blue blood tribe?

With a throbbing emotion, Qin Tiange accelerated to the blue blood tribe’s forbidden ground and looked at the huge building quietly.

“There is still a living mouth?” Qin Tiange’s face suddenly moved, his eyes staring at the huge building in front of him, the forbidden area of the blue blood tribe.

Cang Yunying explained: “Because we know that the blue blood clan is forbidden and there are deities worshipped, we dare not enter easily. We must wait for the clan leader to decide.”

What she meant was that everyone was not qualified to enter, and only the patriarch Qin Tiange could step into it, otherwise, others entered, and once the fetish inside was gone, it really could not be the patriarch with Qin Tiange. Explain.

“You are waiting outside, and sending troops to surround this place. I did not come out, and no one was allowed to enter. If the blue blood people escaped, they were killed.”

Qin Tiange thought for a moment, immediately gave this order, turned over, and stepped on the sacred and inviolable forbidden area of the blue blood tribe step by step.

Inside, there are blue blood tribe alive, and there are blue blood tribal creatures.

Chapter 316 - Female sacrifice

boom!

As soon as I stepped in, I felt a scorching gas wave rushing forward, and Qin Tiange’s halberd slammed hard, slamming a weird force.

It was a flame, pale blue, with a terrible breath that destroyed the sky.

“You should not step into my blue blood forbidden area.”

A cold and indifferent word came from the main hall, looking up, just to see a hazy figure shrouded in the flames.

The pale blue flames were scorching, with a sense of destruction. Qin Tiange squinted his eyes, looked up and down the figure, and it was clear that the other party was wearing a set of blue sacrificial robes, blue hair flying, and a graceful figure.

This is a priestess. She is the sacrificial sacrifice of the blue blood, guarding the forbidden area, and worshipping the gods.

“Sacrifice?” Qin Tiange opened his mouth and spit out two words, gradually looked at the surrounding environment, and saw that this is a huge sacrifice temple.

Inside the huge shrine, there are nine huge iron pillars, which depict the mysterious blue lines, showing a strange atmosphere.

What's even more weird is that the blue blood tribe sacrificed, she was enveloped in the pale blue flames, and the burning scent was tumultuous.

She came step by step, holding a clear blue staff, and murmured: "Slaughter my blue blood tribe millions, you dare to step into the forbidden area. Today, don't you want to step out of my blue blood forbidden step and save your life. Here it is. "

"It depends on whether you have this ability." Qin Tiange chuckled, with the halberd across his chest, his expression alert.

He felt the intense threat from the sacrificial offering of the blue blood tribe. On the surface, he didn't seem to care, but he was extremely vigilant.

"Under Cang Yan, everything is destroyed!"

Suddenly, the female sacrifice held up the blue-blue staff, gently moved towards Qin Tiange, and the whole temple shook.

Immediately afterwards, an endless pale blue flame was born out of thin air. It was turbulent and violent, and rushed around, completely covering the entire interior of the temple.

The blue fire, known as Cang Yan, has the power to destroy the heavens and the earth. I did not expect that this blue blood sacrifice had such a means.

Bear!

Inside the temple, a black flame slammed up, incinerated and burned, covering Qin Tiange's body with it, blocking the blue flames that were constantly rolling around.

It was the self-born talent fire of the eight-winged fallen angel obtained by Qin Tiange. It had mysterious power and blocked the pale blue fire of destruction.

Huh?

In the midst of Cang Yan, the sacrifice of the sacrifice was astonished, and the blue eyes stared at Qin Tiange in front of him, shrouded by a black flame, to defend her.

Seeing this, the sacrifice was surprised and murmured: "No wonder you can slaughter more than 3 million people of my tribe, it seems a bit of a skill."

"Sacrifice of the Blue Blood, do you have that ability?"

In the package of flames, Qin Tiange tilted his head and looked at the peaceful female sacrifice in front of him. The mysterious sacrifice of the blue blood tribe seemed to be such a force to manipulate the flames.

The sacrifice didn't understand what he meant, but suddenly saw Qin Tiange moving, the halberd waved, and smashed the rolling blue fire in front.

"If you just manipulate the power of fire like this, then you die!"

In the flames, Qin Tiange gave a swift drink, his body rushed forward, the halberd waved, and rolled a ball of black flame, dissipating all the surrounding Cang Yan.

“Ghosts and halberds, dominate the heavens and earth!” Suddenly he drank, astonished the temple, and saw the tumultuous blue flames suddenly stop, and then a black air broke into the sky, turning into a huge black ghost, both hands holding the halberd, brazen Shocked down.

In a domineering style, a lore strike, with endless terror, suddenly hit the place where the sacrifice was.

boom!

After a loud noise, Cang Yan collapsed, someone rushed out, and his blue robe was worn out, showing his flawless body.

The sacrificial priest sacrificed blood, was embarrassed, and the azure blue staff was broken for a quarter. I can imagine how powerful the blow was.

If it hadn't been for her burning flames of devastation, it might have been enough to kill her, even if she hadn't died.

“Damn!” The sacrifice of the sacrifice was gloomy, and two flames of light bloomed from her eyes. The green flames burned, burning, like boiling and anger.

In the flame, Qin Tiange stepped out step by step. With each step, the black magic fire on his body became strong. When he walked to the sacrifice of the sacrifice, the black magic fire almost turned into substance, so thick that the air burned.

“Impossible!” The sacrifice of the sacrifice sacrifice, looking at Qin Tiange not only can stop her Cang Yan attack, but also hit her badly and had to be shocked.

Her face was ugly: “Cang Yan is the fire of destruction of the birth of my god, why can you stop the attack of Cang Yan?”

Humph!

After hearing this, Qin Tiange could not help but a sneer appeared, and said suddenly: “It turns out that you are such a powerful flame that the blue blood tribe worships?”

Qin Tiange was curious. What kind of fetish does the Blue Blood tribe worship, which can produce such a powerful and terrible Cang Yan?

This flame, with its breath of destruction, is extremely terrible. Once contaminated, it will be burned into a pile of ashes. If it were not for him, he would have a magical gift of God and fire, which might be a bit difficult to do.

“After the warm-up, you can go with your clan.”

Suddenly, Qin Tiange's mouth slightly tilted, and his figure disappeared, leaving the sacrifice of the sacrifice here with a big change, the whole body was scorching, and the rumbling swept across.

Shocked in her heart, she underestimated Qin Tiange several times in a row, causing her to fall into the wind from the beginning and even being hit hard by the other party.

“Here!” The female sacrifice looked cold, and the blue blue staff waved fiercely. The endless blue flames rolled up, just covering a shadow.

That figure was Qin Tiange, but it was strange that his body gradually disappeared, as if it had never appeared.

“No, that’s the afterimage.” The sacrifice of the sacrifice was not good, and she was waiting for the reaction, but felt that there was a sharp attack behind her.

With a splash, the halberd came out through the body, piercing her heart.

“You ...” The sacrifice of the sacrifice looked stunned, and looked down at the halberd, which showed endless resentment and unwillingness.

The blue blood tribe female sacrifices, guards the temple, and sacrifices to worship the gods die. was beheaded and killed in the temple by Qin Tiange.

Qin Tiange looked at the dead female sacrifice. He was expressionless and did not show any pity for the fragrance. Such a beautiful and **** sacrifice naturally has a strong appeal.

Unfortunately, in the end, he died under Qin Tiange’s halberd. All I can say is that this guy is a heart of stone.

“It’s a pity ...” Qin Tiange shook his head slightly, not knowing what he was sorry for.

After killing this female sacrifice, there is no longer any figure in the whole temple, and the blue blood tribe regains its peace in the forbidden area.

But it is strange that the Cangyan around is still beating and burning, as if it has not been affected in any way, it is really amazing.

“The fetish is on the altar of the temple.”

After passing through the blazing blue flames, Qin Tiange came to a altar and stopped. Looking at this huge and ancient altar, he had to guess its role.

What attracted Qin Tiange the most was that there was one thing floating on the altar, which was the deity worshipped by the blue blood tribe.

Chapter 317 - 1 shrinking planet?

A fist-sized bead, pale in color, floats quietly in the center of the altar, emitting a hazy pale blue light, the flames beating, the breath burning.

“This is the deity enshrined by the Blue Blood tribe?” Qin Tiange was curious, his eyes fixed on the bead floating on the altar.

The fist-sized beads are pale all over, and Cang Yan is constantly beating. Wanting to come to the dead female sacrifice is the Cang Yan ability obtained from this bead.

This made him curious. What kind of fetish is he that has such magical ability?

Thinking, Qin Tiange lifted his foot to the altar, and a hot wave of air swept towards him at once.

With a bang, he hurriedly waved the halberd to chop this sudden force, and his body was shaken back to the altar.

“Somewhat interesting!” Qin Tiange buzzed and trembled in his hands, surprised.

A force just now came from the beads on that altar, which was extremely strange, but he was still blocked by it.

I saw that the originally immobile beads trembled abruptly, and the strands of Cangyan were intertwined and coiled, like that of a nebula.

On the surface of the beads, strange patterns emerged, feeling like the outline of the continent, and the light blue was like the ocean. The more you look at it, the more the bead looks like a real shrinking planet. Startled.

“Strange, isn’t this bead, is it really a planet?” Qin Tiange was astonished, his heart secretly surprised.

He guessed that the bead was weird, much like a planet, a planet that had been shrunk by countless times, making it hard to believe.

Qin Tiange faintly felt that he was right in guessing. A fist-sized star looks weird no matter how it looks. Who has the ability to compress a star?

“The blue blood tribe is really weird.” Qin Tiange had to admire, and stepped on the altar again with vigilance.

He wanted to take away the bead that was suspected of stars, but as soon as he stepped on the altar, the beast burst into fierce blue flames, and it turned into a nebula and bombarded him.

Bang!

After a loud noise, Qin Tiange was shot out of the altar again. Although he was not injured, he was absolutely surprised.

“I don’t believe it!”

Qin Tiange snorted coldly and continued to set foot on the altar with the halberd. This time, the speed was so extreme that he burst into the altar with his most powerful strength and speed.

Suddenly, the figure flashed, came to the center of the altar, reached out and grabbed at the bead fiercely.

Hum!

The beads buzzed, and the endless blue flame broke out. A bang banged in front of Qin Tiange and was blocked by a black ***** of fire, but could not withstand the impact, and stepped back to the edge of the altar.

Qin Tiange looked dignified, stared at the bead, waved his halberd and rushed away, slamming his halberd into the air.

when!

A roar of golden iron clashes came, and the halberd smashed onto the beads, and a strong shock surged along the halberd.

Qin Tiange stepped backwards, looking suspicious, looking at the immobile beads, his hands still shaking, and the euphorbia buzzing.

He was shocked inside. The blow just now seemed to split on a huge star, and he couldn't touch the bead at all. It was really weird.

"Is it really a compressed star?" Qin Tiange had to doubt, his heart was full of shock.

I have to say that the bead attracted his interest. The more weird and powerful he was, the more he wanted to understand and the more he wanted to get it.

Such a fetish can't be missed naturally, just don't know if it is the real thing or not.

However, he couldn't control that much, and when he saw such a wonderful creature, naturally he was happy and wanted to own it.

"I don't believe I can't take you down." Qin Tiange sighed suddenly, his body suddenly rose into the air, and flew down from high altitude.

With a loud whistle, Euphorbia smashed the bead fiercely. When the body landed, his right hand was wrapped in a black flame, and he grasped the trembling bead fiercely.

Buzz ...

The bead trembled continuously, and the infinite Cangyan exploded. She wanted to shake Qin Tiange's palm, but this time it failed.

Soon, this weird bead was caught, but what made Qin Tiange look weird was that he couldn't hold the bead.

Yes, he couldn't hold this weird bead, no matter how he exhausted his whole body, he couldn't shake even the slightest.

"Did you make a mistake?" Qin Tiange yelled, looking at the beads that couldn't be moved, not to mention how sorry he was.

A fist-sized bead couldn't hold it, wouldn't it be a joke if it spread?

A compressed and strange planet, Qin Tiange can only be surprised if he can move it. Think about it, how much is a planet?

He was fine without being crushed, and wanted to pick up a planet. Although compressed, it was definitely not something he could shake.

"I'm going, do I have to go home empty-handed?" Qin Tiange couldn't help rolling his eyes, looking at the beads that were trembling in the palm of his hand and couldn't hold them.

It just floated here quietly and couldn't shake it at all, which made Qin Tiange difficult to deal with, and he was a little reconciled.

Is it like giving up?

No, Qin Tiange will not give up, let alone give up, so he just loosened the bead, his body quickly retreated, and he avoided the infinite inflammation that erupted in the bead.

Soon, he stepped back from the altar and waved his halberd on the front altar. He felt that it should be the limitation of this altar, and it was better to destroy it first.

boom!

With a loud noise, a corner of the altar exploded on the spot, the broken stones penetrated, and the dust was scattered.

After seeing that the altar could be destroyed, Qin Tiange worked harder, and the halberd danced wildly. The halberd of the halberd and halberd chopped down, completely smashing the entire altar.

Soon, the altar was completely destroyed, leaving only a bead floating quietly, the breath was somewhat weakened, and Cang Yan appeared fluctuating and very unstable.

“There is a play!” Seeing this, Qin Tiange faced with surprise, immediately stepped forward to hold the bead, and his strength poured out.

Finally, the bead was shaken, and he was slowly pulled closer, and finally left the place where the altar was.

Grumbling ...

Suddenly, there was a crackling sound in the palm of the hand, the bones burst, and endless pressure and gravity acted on the palm, causing the palm to burst on the spot.

Seeing this, Qin Tiange turned wild, and tossed away the bead without a word. He felt a horrible weight of gravity squeezing down, and the whole person was almost lying down.

However, just when he wanted to let go, he found that the palm of his hand was sticking to the bead and could not be removed.

“It's terrible!” Qin Tiange's complexion changed slightly, watching the right palm of his right hand continue to crack, the bones were broken, the flesh broke apart, and the whole bead was stained.

Under the weight of strong gravity, the body fell to the ground with a bang, and was crushed to the ground and couldn't get up.

What's more, a terrible scene happened. Qin Tiange's flesh and bones, internal organs, and other internal organs all broke down. Qiqiao bleeding, the situation was miserable.

Fortunately, he had an immortal body, and soon healed himself and recovered completely, but then was crushed by horror gravity, shattered again and again, and repaired again and again. In this way, Qin Tiange was on the edge of life and death Constantly endure the pain of this body being torn and repaired.

laugh...

At this moment, a pale flame suddenly burst from the beads, with a faint blue, revealing a terrible sense of destruction.

The flame suddenly penetrated into Qin Tiange's palm, blasted all the way along the arm and entered the body, spreading out instantly, and turned into endless Cang Yan burning the body continuously.

The crisis, Qin Tiange was facing an unprecedented crisis, death quietly came to his side, and as Cang Yan burned, his consciousness began to blur.

“Did I die in this death mission world?”

At the moment when consciousness fell into darkness, Qin Tiange flashed a wave of unwilling thoughts in his heart, a strong unwillingness revealed in his heart, but eventually he became silent and completely lost consciousness.

Chapter 318 - Perfect unicorn changes, female sacrifice disappears

Zizi ...

In the temple, a figure lay there quietly, motionless, as if dead, his body was broken, his flesh was blurred.

Around his body, there was a constant pale flame rising and burning, but strangely there was a black flame blocking it.

Although it is much inferior to the pale flame, it has extremely strong tenacity. It never goes out. The more the war, the more courageous. In the end, it absorbed the strange strands of strange blue flames to strengthen itself.

boom!

Suddenly, Qin Tiange's body skin exploded with blood, then, the body quickly repaired itself, and the blink of an eye passed away. The originally injured body was magically restored.

Moreover, on the surface of the collective, densely packed small scales began to appear, shining with the jade-colored luster.

More weird is that Qin Tiange's head slowly grew two horns of horns, looking extremely strange and scary.

On the face, fine jade-colored scales began to appear on the forehead, shining with black light, blocking the heavy pressure without being injured.

Kirin changes!

At the moment Qin Tiange fell asleep, his instinct began to enter the unicorn transformation, but this time the change was a little different.

Originally, the unicorn turned into a unicorn, but now Qin Tiange has not changed into a unicorn. Instead, he keeps his body, dense scales appear on the surface of his body, and his head has a unicorn horn.

At this moment, he looks like a half-human half-unicorn monster. What is even more weird is that his body is lifted up in a mist like black auspicious clouds and floats quietly.

The bead suddenly trembled and was penetrated by the blood on Qin Tiange's palm. After more and more infiltration, it finally quieted down.

The strong pressure weakened, and eventually disappeared completely, even Cang Yan became docile, and began to repair Qin Tiange's internal injuries, and even strengthened his physique.

Qin Tiange didn't know about this kind of change, and his consciousness was still addicted and he couldn't wake up.

After that bead was completely calm, Qin Tiange gradually woke up.

"This ..." Qin Tiange, who woke up, was dumbfounded, looking at his hands, densely packed with tiny black scales, shining with jade-colored luster.

He was a little surprised, and looked at the torn armor, the exposed skin was completely covered with fine scale armor.

Qin Tiange flashed a big question mark in his face and even above his head.

"Kirin changes?" Soon, Qin Tiange understood that it was Kirin change.

Yes, he was surprised to find out that this is the real unicorn change. The change to a unicorn shape before is not really a real unicorn change.

Only when Kirin is fully integrated into his body and has such a half-demon change can he truly be considered a perfect Kirin change.

The first change, Kirin became completely perfect.

"The power of a thousand people ..." Qin Tiange muttered to himself, feeling the violent boiling power in his body at this moment, almost bursting his body.

What he couldn't believe was that under the change of Kirin at this moment, he had the power of a thousand people, it was incredible.

Originally, he only had the power of four hundred people. The original incomplete Kirin has only doubled, and the power of eight hundred people.

Now, the perfect unicorn changes, and the strength exerted has even more than 200 people's power, enough power for a thousand people.

Click!

With a little force under your feet, the hard ground of the temple shattered, and the cracks spread across the road, which was amazing.

Qin Tiange was amazed, and touched the two unicorn horns above his head, a little black flame permeated above.

“Hah, you will be blessed if you have a hard time ...” Qin Tiange was in a good mood, his body changed rapidly, and Kirin was put away and restored to his original appearance.

Strength faded, and it quickly recovered to the strength of the original 400 people, but the strength of 20 people should be the strengthening effect that was repaired after the body was damaged just now.

“That’s good!” Qin Tiange smiled, and then looked at the bead carefully.

He was surprised to find that there was a cloud-like mist on the surface of the bead, which seemed to be a nebula, and beneath the surface of the sphere, there were dense blue patterns, which looked like a reduced version of a planet.

After looking at it for a long time, I didn’t understand. Qin Tiange could only find something to take away and carry it next to him. Perhaps it was really a fetish.

Looking at the entire temple, Qin Tiange did not find anything again, so he was ready to go out, but suddenly found that the body in the temple was missing.

“What about that sacrificial corpse?” Qin Tiange looked ugly, his heart stunned, and his back suddenly burst into a coolness.

The sacrifice of the sacrifice disappeared, and disappeared strangely. This was an incredible thing, which made people chill.

“How is that?” Qin Tiange frowned, stepped forward vigilantly, and there was still a trace of blue blood on the place where the corpse was originally sacrificed, and a trace of Cangyan was floating on it.

This is enough to prove that the sacrifice was originally lying here and penetrated the heart by a halberd, but why is it missing now?

Qin Tiange’s face was a bit ugly, and it felt like the matter was getting bigger. In his heart, he scolded himself for being too careless, and thought that killing each other with a halberd in his heart, it is likely that the sacrifice did not die.

“Damn!”

With a curse, Qin Tiange continued to rush out of the temple, just seeing Cang Yunying walking around the temple, anxious.

“Matriarch, you finally came out.” Seeing Qin Tiange appearing, Yun Ying Qiao’s face appeared a relaxed expression.

She went on eagerly: “The patriarch, the goshawk came the news, and suddenly a 300,000 elite cavalry came here from the blue blood army.”

“Oh?” After hearing the news, Qin Tiange was lost in thought, he didn’t see it at all, the strange expression on Cang Yunying’s face, and there was a hint of strange light in her pupil, very secretive.

Qin Tiange thought for a while and said, "Where is that 300,000 alien beast cavalry now?"

"It's eight hundred miles away from here ..." Yun Yingjiao said drop by bit.

The 300,000 alien beast cavalry of the blue blood tribe is 800 miles away, and it won't take long to return here. At that time, they will face the army of 300,000 alien beasts.

Thinking of this, Qin Tiange's mouth slightly tilted, revealing a cold smile, murmured: "Three hundred thousand alien beast cavalry, here is good, I'm wondering how to disperse the main force of the blue blood clan, it seems that I do not need to worry about it . "

"The two orders, Cang Shi and Shi Wen, immediately proceeded to make arrangements, and implemented them according to the plan I ordered before. There must be no mistakes." Qin Tiange immediately issued an order to prepare for the battle.

Yun Ying was about to go down, but was stopped by Qin Tiange, staring at her seriously, asking word by word.

"Yunying, have you seen the sacrifice of the blue blood tribe?" Qin Tian Gewen said these words, his eyes were staring at her eyes.

After listening to it for a moment, Yun Ying shook his head and said, "Patriarch, I have been at the gate of the shrine forbidden ground. I have never stepped in half a step, and I have never seen anyone come out. You can ask the warriors who are guarding around you. Blue blood people have come out of it. "

"Yeah Patriarch, we have never seen any blue blood people appear."

Around, a group of tribal warriors said that they had never seen a blue blood tribe coming out of the temple forbidden area.

This is strange. Since I haven't seen it, where can the corpse sacrificed by the blue blood race go?

"Is it burned to ashes by Cang Yan?" Qin Tiange thought about this question secretly and waved his hand to let Yun Ying pass the order.

Alone, he returned to the forbidden area of the temple and looked closely three times, inside and outside, even digging the ground three feet, and found nothing.

In the end, Qin Tiange had no choice but to give up, and the corpse of the female sacrifice really disappeared for some reason.

There are so many doubts, Qin Tiange can only hold in his heart, as if stuck with a thorn, but he doesn't care much, after all, it is a task space. After completing the task, he can leave, regardless of the sacrifice of life and death?

After communicating this, Qin Tiange was quite relaxed, went out of the temple directly, came to the barracks of Blue Blood City, and saw the prepared 120,000 troops.

Chapter 319 - Burning city, mourning in flames

Outside the Blue Blood City, a blast of smoke and dust came from the ground, and the earth shook like a thunderous thunder, deafening.

The shaking sound became stronger and stronger. As the smoke and dust passed by, it was discovered that it was a cavalry, densely packed, with a huge number of 300,000.

These cavalymen are riding a kind of blue beast with shining scale beasts. It is the blue blood tribe 300,000 beast cavalry that has returned.

“stop!”

The 300,000 cavalymen stopped together and were uniform, as if it were a whole. In front of the cavalry team, a blue blood leader, headed by, drove the strange beast slowly forward.

He looked somber and stared at the wide-open gate, quiet inside, without a ghost on the wall.

The blue-blooded strong man realized that it was not good. It is likely that something happened to Blue-blooded City. He waved his hand slightly, and 300,000 cavalymen moved behind, slowly entering the gate with him.

The city was quiet, there was no sound, and the deathly silence left these 300,000 cavalry returning with a big rock in their hearts.

The streets of the city are stained with blue blood, and the ground is covered with thick blue blood, which gathers into streams.

“Damn!”

The blue blood cavalry commander was furious and looked at the corpses on the ground. The blood flowed into the river. Countless blue blood people died and were slaughtered.

When the cavalry passed by, they saw blemishes. It was completely a run-down city. There was no more blue blood tribe.

Here, there is only death, and the bodies of countless blue blood people are standing there, looking at the shocking, old blue blood people, female blue blood people, and even blue blood children are all slaughtered cleanly, none remain.

“Human race, I am at odds with you!”

The commander of the blue blood clenched his fists and roared to the sky. There was a hint of blood in the blue eyes, which was really furious.

Dead, all peoples are dead. In the whole Blue Blood City, there is no living Blue Blood people. What makes the Blue Blood Commander unbearable is that the fetish in the forbidden area is gone.

“Search me and find out those races.”

Standing in the center of the city, the blue blood commander roared furiously, and ordered his men to start collecting clues, and must find the enemy who slaughtered the city.

Just after the 300,000 cavalry entered the city, all parts of the Blue Blood City suddenly burned with fire, and the fire was fierce, and the whole Blue Blood City was enveloped in the sea of fire in an instant.

“The general is bad, the city is on fire.”

At this time, a blue-blooded soldier hurriedly came and informed the news in horror. In fact, without him, 300,000 cavalymen were present.

The Blue Blood City was on fire, and the fire was soaring and incinerated that it directly burned all the wooden houses in the Blue Blood City.

The most terrible thing is that the streets are filled with inexplicably countless firewood, which is poured with black oil and animal oil, and it is instantly burning.

“Jack, we’re in trouble!”

The blue-blood commander’s complexion changed greatly, and watching the raging fire around him, he immediately realized that the middle plan was calculated.

He simply rode on the strange beast and turned to growl: “All the soldiers, retreat immediately and kill the city.”

The commander of the blue blood tribe was uncomfortable, but at this moment, a crowd of hordes of warriors came out of the city, each holding a spear and carrying a trapped blue spear and other weapons.

On the city wall, Qin Tiange’s figure emerged, standing high, looking down at the panic of the 300,000 blue blood tribe alien beasts in the whole blue blood city.

“Close the gate, prepare for bow and arrow, prepare for projection!”

With an order, the gates rumblingly closed, and the four gates were completely closed. The fire in the city became more and more fierce, and the fire rolled up a tongue of fire dozens of meters high.

“Kill it out!”

“Kill it out!”

The 300,000 cavalry were terrified and screamed to kill the siege, but the dense human warriors on the city wall were ready.

Watching 300,000 cavalry rushing in the sea of fire, divided into four parts, rushing towards the four city gates, getting closer and closer.

“Arrow!”

With an order, suddenly, all arrows rushed down, whistling down with a dark cloud cover, and stabbed into the body of the cavalry, and when the man turned over the animal, the scene was extremely chaotic.

On the city wall, waves of arrow rain converged into dark black clouds, pouring down continuously, and shooting condescendingly. The blue blood cavalry suffered a huge blow.

What is more terrible is the fire that raged around, engulfing numerous cavalry, screams, wailing noises constantly came, the roar of strange beasts, the wailing of fear.

The flames swallowed everything ruthlessly. Only a part of the blue blood cavalry that was killed was shot one by one under the rain of human arrows.

“Ah ... kill!”

The commander of the blue blood clan growled, eyes widened, and looked at the fallen cavalry, blood dripping in his heart, anger, and roaring.

He waved the blue battle and rushed all the way. The powerful momentum and horrific killings caused a lot of fear in the hearts of many ethnic warriors.

Behind him, a large crowd of cavalry emerged and killed together, and tens of thousands of cavalry emerged in the direction of the four city gates.

“projection!”

Qin Tiange ordered lightly, with a wave of the halberd, suddenly a horrible spear rose around him, making a sharp whistling sound, pouring down towards the cavalry.

These were all weapons collected from the Blue Blood City, such as spears and spears, which were ordered by Qin Tiange to be used as shotguns.

Woo!

A large swath of blue spears whistled, forming blue clouds pouring down, piercing through the numerous blue blood cavalry, and even crucifying people and beasts there.

In the fire, countless blue blood cavalry screamed and kept roaring and struggling, but unfortunately they were either swallowed up by the fire or shot and killed by bows and arrows.

Miserable, extremely miserable, it was a one-sided massacre. The Blue Blood didn't expect that Qin Tiange not only slaughtered the entire Blue Blood City, but also ambush their 300,000 alien beast cavalry here.

“No ...” The blue blood commander yelled sorrowfully, watching the cavalry falling behind one by one, and some had spears stuck in his body, and died in the fire.

The strange beasts groaned, the blue blood clan mourned, intertwined in the blue blood city, and spread a long distance, making people creepy.

Not to mention the blue blood tribe, that is, the human warriors who continuously shoot and kill the blue blood tribe on the city walls have some hairs in their hearts, and they look different to Qin Tiange.

Everyone looked at him with a hint of awe, it was a mysterious person, ruthless, ruthless, slaughtering millions of blue blood people without blinking.

Now, it is even more fiercely ambushing 300,000 alien beasts, killing them one by one, and killing this huge blue blood elite cavalry with fire.

Roar!

The beast roared, and suddenly saw a huge figure burst out of the sea of fire, and flew straight towards Qin Tiange's side. It was a huge beast with a blue blood master sitting on it.

He was the commander in charge of the 300,000 cavalry this time. He was powerful and took the lead in rushing out of the sea of fire. He came to Qin Tiange not far and continued to kill.

The commander of the blue blood race, Gao Qi, the strange beast, stared at Qin Tiange on the city wall, sending out two horrific killings.

With a cold face, he said word by word, "Is it you who brought people to kill my blue blood tribe?"

"Yes, your blue blood people slaughtered my tribe. I am just treating them as if they were human. You don't have to thank me."

"Ah ... I killed you!" The blue blood commander went crazy, roared, and drove the strange beast to kill him crazy.

He waved the battle and ran all the way to the city wall, and his momentum broke out. Even at this moment, there were faint signs of breakthrough, and he was stimulated to explode his potential.

The thought of the tragic death of millions of people, the thought of the 300,000 cavalry engulfed by the sea of fire, these are all irritating the blue blood commander.

boom!

Eventually, he broke out, his potential was fully inspired, and he was directly promoted to become a powerful five-star powerhouse.

"Kill!" When he screamed, he saw a blue figure rising into the air, wielding the battle to grab Qin Tiange's brows and killing him.

It was said that sooner or later, Qin Tiange's halberd swept across, slammed, and a huge force struck the rushing rush.

He jumped off the beast and leapt away in a few steps. Euphorbia smashed into the blue blood commander and was promoted to a five-star powerhouse.

when!

The two collided, evenly divided!

Qin Tiange showed a hint of surprise, looking at the blue blood commander in front of him, a five-star, with a strength of more than 400 people, incredible.

But he was sneering, not minding at all, to know that he had a hole card.

"Kirin changes!"

In order to make a quick decision, Qin Tiange rushed out his hole card, Kirin changed, and suddenly, his body gave off a powerful black gas, turning it into a dark flame.

Then, there were dense black scales on the surface of his body, but strangely, these scales gradually disappeared.

Above the head, the two unicorn horns that were supposed to grow out slowly retracted at this moment, as if they never appeared.

"Perfect unicorn changes, perfect control, this is my real strength." Qin Tiange enjoyed his face, his strength soared, and he was full of power.

boom!

The footsteps suddenly stepped, the city wall trembled, and it collapsed instantly. A crack on the ground rushed towards the blue blood commander in front.

Looking at the cracks coming from his eyes, there was a terrible impact, and the commander of the blue blood race drank violently, and the battle rushed into the ground fiercely.

With a bang, the ground exploded, two forces collided, and the huge impact immediately flew the blue blood commander.

“Ghosts and gods, dominate the world!”

Suddenly, a loud rumor was heard, and a black air blew into the air, turning it into a huge black phantom, holding the halberd in both hands, and suppressing it fiercely.

Just listening to the loud noise, the city walls collapsed instantly, setting off a stream of smoke and rushing straight to dozens of high, broken stones penetrated, causing many ethnic soldiers to evade.

When the dust dispersed, the big pit there was exposed, under the collapsed city wall a blue figure stood quietly on the ruins, holding his hands to fight.

He looked dull, looking at Qin Tiange standing still in front of him, and a terrible thought flashed in his heart.

“You ... unexpectedly ...” The commander of the blue blood tribe did not finish, his head cracked and cracked into pieces of mixed brain.

He was slammed into the body by the blow of the ghosts and gods, and was originally stubbornly supported, but the interior was completely destroyed.

A few words were spoken before he could die, enough to see his mighty power, but unfortunately he still died under the ghost of Qin Tiange.

“Perfect Kirin becomes really powerful ...” Qin Tiange muttered to himself, watching the tragic death of the five-star commander of the blue blood tribe, and he became more and more fond of Kirin.

Withdrawing the unicorn transformation, the black fire shrouded in Qin Tiange’s body immediately extinguished and returned to normal in a blink of an eye, and outsiders could not see any powerful ability he used.

To really control the power of the Kirin Change, Qin Tiange fully uses this power, and under the condition of unchanged appearance, he can perfectly exert the power of the Kirin Change. This is the perfect first change, the Kirin Change.

Chapter 320 - Alliance killed, Blue Blood missing

The fire burned for a whole day, and the mourning ceased gradually. As the blue blood alien beast cavalry who rushed out of the sea of fire was killed almost, gradually, the screams disappeared.

In the Blue Blood City, the smoke billowed everywhere, the flames burned everything, and burned 300,000 powerful alien beasts.

In the setting sun, a figure stood proudly and stood on the city wall overlooking the city. That figure was full of pride and a trace of vicissitudes.

“3.85 million ...” Qin Tiange stood alone in the setting sun, looking at the city turned into ruins, leaving behind a scorched black body.

A total of 3.85 million blue blood people were slaughtered by the tribal warriors he led. He has never experienced such a thing.

For Qin Tiange, he never killed so many people in the past fifteen years, let alone kill millions of souls.

Although he is not a human, although he knows that this is an imaginary mission world, he still has a faint touch in his heart, not mercy, not even regret, but something unclear and unknown, which quietly takes root in his heart.

He knew that he would become different from now on. As for what is different, he could n’t say it, as if he had undergone some kind of soul-level transformation, or mental transformation.

“Patriarch, it has been confirmed that the blue blood tribe of 300,000 alien beast cavalry, annihilated as many as possible, no one survived.”

Soon, three figures came hurriedly, stood behind Qin Tiange, and gently reported the news that 300,000 alien beast cavalry, none of which were spared, were buried in flames.

Some of them were shot clean. In the whole Blue Blood City, there were no living Blue Blood people except the ruins and corpses.

“The patriarch, the blue blood tribe has not survived, but there are more than a hundred thousand strange beasts alive, are gathering in the east of the city guards.” Shi Wen reported gently, carefully watching Qin Tiange’s arrogant Back view.

The 300,000 cavalry annihilated as many as possible, but among them a lot of strange animal mounts survived, gathered by Cang Shi and others, guarded, waiting for Qin Tiange’s decision.

“Another beast is used to serve as a mount, aren’t we not a mount yet, one by one, and the rest will be taken away.” Qin Tiange said lightly, not caring at all.

For him, this is nothing more than a mission world. It’s illusory, everything is just to complete the death mission, everything else is not important.

“Clean the battlefield, pack useful weapons, and leave as soon as possible.”

Qin Tiange said a sentence, turned around and left directly, and went down the city wall, leaving Shi Wen, Cang Shi, and Cang Yunying to leave together, showing a trace of loneliness.

Yes, Qin Tiange feels lonely. After all, this is not his world, it is not real, which makes him feel lonely.

After the war, the cleaning work is being carried out in an intensive and orderly manner, with more than 100,000 people cleaning the battlefield and collecting all useful weapons.

Soon, after clearing up and collecting, everyone rode on the newly-arranged beast mount, with large bags and small bags, and left the **** city with a mighty spirit.

They left, leaving only a city burned into ruins by the fire, and the corpses on the ground were burned into coke by the fire, giving off a pungent scorch.

Over the Blue Blood City, a grudge gathered, and millions of Blue Blood races were slaughtered in this way. Among them, Qin Tiange had an inexplicable reaction.

“Resentment?” In the distance, Qin Tiange stopped suddenly, turned around and looked at the Blue Blood City, faintly seeing an endless strange breath condensing over the city.

It was a kind of resentment, and the emotions of roaring, unwillingness, sorrow, resentment and so on before the death of the slaughtered souls condensed into a resentment.

Qin Tiange glanced, a sneer evoked from the corner of his mouth, didn’t care, what about the grievance?

If you kill, you will kill. Anyway, they are aliens, but they are also enemies. Naturally, there is no psychological burden. What about resentment, can you stand him?

Resentment is just a sign of weakness. He is not afraid of resentful spirits and evil spirits, but also afraid of your resentment?

With 120,000 soldiers alive, Qin Tiange left here and soon disappeared on the vast grassland.

...

As night fell, a huge team marched quickly, riding a cricket beast, constantly running, and rushing through the night, finally returning to the Cangshan tribe in the early morning of the next day.

“The patriarch is back!”

On the tribal mountain wall, an exclamation spread across the entire tribe, immediately shocking the people in the entire tribe, men, women and children rushed out.

“Really patriarch, they are back!”

Seeing the arrival of a large cavalry troop, the tribe’s tribe were all excited and waved their hands and looked at the cavalry troop that was getting closer. The leader was the new patriarch Qin Tiange.

Seeing him returning with the cavalry, all the tribe breathed a sigh of relief, their faces filled with excited smiles, and they couldn’t help cheering.

Qin Tiange returned with his army, watching the tribe’s tribe with smiles on their faces, and the haze in his heart suddenly disappeared.

Regardless of whether it is illusory or not, he is now the patriarch of this tribe. Seeing the tribe is happy, he is naturally happy for his recognition and support.

“Everyone goes to rest and distributes food to the people in the tribe.”

Qin Tiange left only a word and went back to rest, and let Cang Shi and Shi Wen arrange the next thing, and only Yun Ying followed him.

With the return of the army, there was a shocking news that made the people of the entire tribe boil, and they were excited all day.

“The blue blood tribe is gone.”

This battle flattened the headquarters of the Blue Blood Clan, killed more than 3 million Blue Blood clan members, and even killed 300,000 Elite Beast Cavalry.

This news made people in the entire tribe excited and cheered, shouting words such as patriarch Yingmingwuwu, and praise continued.

For a time, the people in the entire tribe were unprecedentedly united, as if completely defeated by Qin Tiange's battle. Whether it was the collapse of the soldiers or the original tribal people, Qin Tiange had a pair of awe.

More than 3.8 million people, close to 4 million blue blood people, said that the massacres were massacred, which is not what ordinary people can do.

“Patriarch, I just got the news from Goshawk. The tribal alliance headquarters was smashed by the blue blood army.”

In the room, when Qin Tiange had to take a sip of water, he saw Yun Ying come up, said the news gently, and gave him a careful look.

“The Alliance headquarters was destroyed?” Qin Tiange froze and remained silent.

In his opinion, the blue blood tribe headquarters were attacked and millions of blue blood people in the entire city were massacred. The blue blood army who fought abroad should retreat.

Unfortunately, he expected a mistake. The Blue Blood Army was partially withdrawn, and that was the 300,000 alien beast cavalry that he had burned clean with fire.

As for the remaining one million elite troops, they did not evacuate at all, but instead directly killed the tribal alliance headquarters, completely leveling the tribe.

“Where did you get the news?” Suddenly Qin Tiange looked up, staring sharply at Yun Ying in front of him.

The latter calmly looked at him and explained calmly: “I can see some things with the sight of Goshawk. Just now Goshawk flew over the Alliance headquarters. I saw the fire of the Alliance Horde headquarters and the bodies piled into mountains. No one is living at all. “

“Moreover, I didn't find traces of the Blue Blood clan within a radius of five hundred miles, even in Blue Blood City.” Yun Ying whispered the last news.

Da da da...

Qin Tiange was silent, and he banged his finger lightly on the wooden table, without saying a word, so that the atmosphere in the room calmed down.

Especially Qin Tiange intentionally or unintentionally, his gaze swept away from Yun Ying, his face remained unchanged, but he didn't know what he was thinking.

The news that the Alliance Tribe was destroyed is undoubtedly shocking, but Qin Tiange didn't care about it, and the destruction was destroyed. Does it have much to do with him?

He didn't care about the alliance. What Qin Tiange paid most attention to was that the last message mentioned by Yun Ying was that the blue blood army was gone.
