

Dark Ages 331

Chapter 331 - Don't accept it, then die

The five people who rushed in, instinctively dissipated their power, seized the golden light that came, opened it, and discovered that it was a golden fruit.

“God Fruit!”

The five looked slightly happy, but the next moment they couldn't be happy, because they saw that Qin Tiange smiled and put away the whole golden fruit tree, and uprooted the income space bracelet.

Seeing this, the hearts of the five were secretly angry, and the unscrupulous priest held the Seven Star Sword in his hands, and his breath was revealed faintly.

“Door Qin, are you too far?” Wuliang Taoist asked with a cold face.

The look of Houyi on the side changed, looking at Qin Tiange, remembering the terrible archery of the other side, and looking at the halberd he was holding in his hand, he stepped back suddenly.

“I'll just have one, you fight.” He finished, smiled back, and gave up on his own initiative to continue the snatch.

Just kidding. At that time, I was competing with Qin Tiange. If it wasn't for the killing of the other party, they might all be dead. Now that I have got the benefits, I'm foolish to rush up?

“Garbage, what are you afraid of?” After seeing back and retreating, there was an unpleasant scream from there.

As I saw, the burly man came up with a sullen expression and hummed, “Boy, knowingly surrender other **** fruits, otherwise you will have no place to bury yourself.”

The others were silent, Qin Tiange ignored the man, but looked curiously at the small coffin dragged by the palms of the unscrupulous Taoist.

This small coffin was permeated with a cold, wicked air, black and black, as if the wind was blowing over the body, and there was a kind of percolation.

“Why do you disagree?” Qin Tiange crooked his head and chuckled, “I'm pretty generous without swallowing it alone. Do you want more?”

“The treasured one lives, what do you think?” The man snarled sharply, holding the battle to **** a step forward, and the ground cracked.

He is full of breath, full of murderous ambitions, not want to be weak, and three-star rating, strong, but not in the eyes of Qin Tiange.

Qin Tiange stared at two cold mans, staring at each other, saying one word at a time: “Just now, you hit me. I haven't even thought about you yet, but you jumped out.”

“What happened to you, I will kill you.”

The man was extremely aggressive, with a strong tone, saying, "Let's go together and kill him, just to divide up the four **** fruits."

Looking at him jumping here, Qin Tiange's mouth suddenly lifted slightly, revealing a touch of radiant, just seen by the unscrupulous priest.

He was chilling in his heart and secretly said, "This guy is killing his heart. No, I'm careful. Let me look at it first."

Thinking, he took a small step back and stared vigilantly at Qin Tiange. Not far away, he said nothing, and looked at Qin Tiange calmly, without a word.

Not far away from the dust-free body, is the beautiful woman who is enveloped in the frost, the iceberg beauty.

She also did not speak, expressionless, eyes cold and arrogant, exuding an icy breath that no one would enter.

"Since you don't agree, let's die!"

Suddenly, a word came fluttering, and before the words fell down, Qin Tiange's figure suddenly trembled.

Then came "铿锵", the man's complexion changed, and he had no time to raise his hand to grab the bar.

He only heard a snapping sound, the figure flashed, Qin Tiange returned to the original position again, and slowly returned to the sheath with an ancient sword in his hand.

"You ..." The man looked stiff, and the hand was broken into two quarters, and then he felt a stream of hot air flowing down his brows.

It was blood, which remained from the top of his head, and a bloodstain appeared gradually. From top to bottom, the body suddenly split into two halves and fell to the ground.

hiss!

The unscrupulous man took three steps back in horror, took a sigh of air-conditioning, and secretly rejoiced: "Wo, this guy is getting more and more scary, it is better to go first."

"There is still something wrong with the poor road, so let's go one step ahead." The unscrupulous Taoist said, he squeezed out an ugly smile, turned and vacated, and flew away quickly.

In the blink of an eye, he disappeared, leaving only the dustless, Houyi, and the three iceberg beauties here.

"Amitabha, the donor, your suffocation is getting heavier. The little monk is not deep enough to help you dissolve suffocation." The dustless young monk said, his mouth twitched slightly, he spoke the Buddha number, and turned sharply away.

The strong man will be awesome wherever he is. Just like now, the man has three stars, and his strength is not much different from them, but he is inexplicably spiked.

Wuchen's heart was quite shaken, because he couldn't catch Qin Tiange's trajectory, and only saw a flickering image before returning to the original place, and the man was killed.

"Well, I'm going to sharpen my archery." Houyi smiled awkwardly and turned away.

In the end, only the beauty of the iceberg was left at the scene. Her face did not fluctuate, as if the man didn't care about the life or death, but the cold air in his eyes stared at Qin Tiange.

"What's your name?" A crisp voice came, cold and arrogant, with a hint of cold.

The beauty of the iceberg spoke, Qin Tiange looked at her in surprise, and secretly said, "The ice beauty who this person calls Snow Maid can speak?"

He had to be surprised because of the rumors of the previous life, no one in this ice beauty had ever seen her say a word.

She is an arrogant lone walker, a ten-star powerhouse in previous lives, who has the power to preach the king of sermons, but she does not know why she disappeared midway, or whether she is dead or alive.

"My name is Qin Tiange. Why, Snow Girl, do you want to do it with me?" Qin Tiange's mouth creaked slightly and asked slightly.

The ice-beauty, that is, the Snow Woman, shivered, her eyes were cold and her hair frosted, and the frost of her body became more and more intense.

"I remember you!" Snow Girl said indifferently, took a deep look at Qin Tiange, turned and left in a frosty sky.

Watching Snow Girl leave, Qin Tiange's face remained unchanged, and he murmured, "In this life, Huaxia should have more kings and strong ones."

Talking, he came to the dead man's body, gently took off a storage ring from the other side, opened it and looked at it. It contained a lot of things, full of Dangdang, one of the golden **** fruit was taken out by him, carefully it is good.

"Here you are, really thought I would forget it?" Qin Tiange sneered.

This man, the guy who threw the spear at that time, Qin Tiange remembered in his heart, how could he let the other side go?

As for not having swallowed those **** fruits alone, this is his thoughtfulness, he can swallow alone, but it is not like doing so.

Man cannot be too greedy. Once he is too greedy, it will be counterproductive. He has already obtained five **** fruits, which is definitely a great harvest.

In addition, even the **** fruit tree is in his hands, not to mention there is a **** spring, this is already a great opportunity.

Give each of the four people a **** fruit, and maybe there will be more king-level powerful men in this world.

Think about the past lives, there are not many strong men above the rank of King of China, and there are some powers in the face of Kings in other regions.

The stronger should be as many as possible. Of course, the premise is that he is not an enemy of Qin Tiange. Just like this man, even if he is a king of previous lives, as long as he is established as an enemy, he must be killed.

“Oh, Shenquan ...” Qin Tiange came to the mouth of Quankou, surprised.

He looked at the golden yellow spring eyes, and the liquid exuded golden mang, shining brightly, as if a yellow eye formed by the yellow finance.

Shenquan, which contains strange effects, is rumored to be a spring eye formed by the fall of the gods' blood. Qin Tiange cannot believe this statement.

He even believed that after the death of a powerful creature, the body's blood purification converged into this spring eye, and then gave birth to a golden **** fruit.

Qin Tiange almost didn't hesitate, just took out the things and started to install the **** spring. How many golden springs are there?

After working for half an hour, Qin Tiange finally collected all the golden yellow liquid in Quan's eyes, leaving no drop left.

“Finally finished ...” Secretly sweating, Qin Tiange smiled, his gain was extremely huge.

Shenquan, not only for drinking, but also for pharmaceuticals, contains extremely powerful and terrifying energy, with powerful coercion, as if it were a kind of divine power.

What's more valuable is that this kind of **** spring can also be used to water flowers and trees, so that the flowers and trees are transformed, and even evolved to a higher level.

“Huh?” Just as Qin Tiange wanted to leave, he suddenly noticed something strange in the eyes of thirsty Quan.

At the bottom of the spring's eye, a peculiar light appeared, and Qin Tiange curiously jumped away with a layer of black earth covered by the halberd.

Suddenly, a touch of golden light was revealed, and the splendor of the inside was turned into a soft golden mud, the size of a foot, exuding a wonderful breath, full of oppression.

“Divine soil?” Qin Tiange murmured secretly, and obtained relevant information from the pharmacist's inheritance knowledge. This is a divine soil.

Unexpectedly, a square foot of golden yellow soil has already been born at the bottom of Shenquan, which is a mass of **** soil.

The so-called Divine Land is the invasion of the Divine Spring over the years, gradually changing the nature of the land, and turning it into a miracle land, known as Divine Land.

Divine soil, can plant a variety of plants, and even allow these plants to enter the mature stage directly, and can also produce wonderful transformation, if it is added with the Shenquan watering, it will be even worse.

“Good thing, there seems to be hope for the refined spirit of the little demon.” Qin Tiange looked happy and jumped under the eyes of Quan, digging up this piece of golden yellow soil directly.

He thought that the little fairy has taken root in this side of the ***** soil, coupled with the water of the ***** spring, will soon be able to obtain deep transformation and evolution, and future achievements and talents will be even higher.

Perhaps, the future transformation will be simpler. This is why Qin Tiange is excited, and of course, the harvest is huge.

Gather the Divine Land Qin Tiange wandered around the canyon and found nothing good. Before he left, he collected the corpse of the alien beast and left.

Boom!

At this moment, the earth shook violently, the mountains trembled, and cracks began to form. Then, a bang collapsed, and endless mud and dust poured into the canyon.

“Not good!” Qin Tiange’s face turned wild and he couldn’t care much. His body soared into the sky, and then he quickly climbed up the canyon cliff and returned to the top of the canyon.

Rumble ...

As soon as I got up, I felt a violent shaking of the earth, the whole continent was shaking, and the fissures around it spread like the collapse of the Doomsday.

“What happened?” As Qin Tiange ran and leaped, he thought secretly in horror, what happened?

Huh!

Suddenly, a horror roar came from the distance, and if the sound was sulking and thundering, shattered countless mountains, even Qin Tiange, who was on his way, was hit by the terrible shock wave.

Chapter 332 - Xinghai Monster

boom!

The continent collapsed, the ground collapsed, and the mountains collapsed, setting off soaring smoke and dust. The boulder penetrated the air and hit the Quartet with a loud bang.

Qin Tiange crawled out of a crack, looking horrified, almost looking up, almost scolding.

I saw that in the void above the continent, a huge black figure slammed into the continent, causing a terrible shock.

It was cracked all around, everything was extinct, as if the end was coming.

“Wo ...” Qin Tiange tried to swear, but swallowed back, staring at the behemoth in the void in horror.

That behemoth was too large to cover the sky. I did n’t know how many miles, I could n’t see the edge at all, I just saw a terrifying head.

“Xinghai Giant?” Qin Tiange screamed, and ran away, no way, the thing was a little scary.

It is not that he is not brave enough, nor is it that he is not strong, but that Qin Tiange obtained a little piece of information from the pharmacist’s inheritance knowledge about the beast.

It is the Xinghai beast. This terrible thing, exclusively feeding on the stars, is extremely scary.

Why is it introduced in the pharmacist’s heritage? Generally, because the Xinghai beast eats stars, it has all kinds of treasures in its body, even the rare and precious.

But if you want to get a baby from the stomach of Xinghai giant, you should save it. It is better to go home to wash and sleep.

Xinghai giant is extremely scary to devour and digest, especially the adult Xinghai giant, a star is not enough to feed it.

Fortunately, the number of such monsters is very small, otherwise the stars of the entire universe will not be enough for them to eat. With the encirclement of some strong ones, the Xinghai monsters will generally not appear in the area where there are powerful creatures.

They wander in the depths of the starry universe, devouring stars in barren star fields or dead galaxies.

“Countless that big deity, help, help ...”

In the void, a little figure flees in horror, chasing behind the huge star sea monster, which is an unscrupulous man.

His face was white, his figure kept dodging, and he rushed into the continent to escape, avoiding the pursuit of that horrible monster.

“Wo Yi, you unscrupulous Taoist, how did you mess with that monster?”

Over there, Hou Yi rushed out of the collapsed mountain, staring at the unscrupulous Taoist with an indignation, scolding his mother in his heart.

How did this ***** provoke this beast to hit the continent, and the entire suspended continent began to collapse.

“Amitabha, don’t ask the blessing of the donor!”

The dust-free horror face was earth-colored, and the golden Buddha light was set up and ran away directly. There were many speeds when there were multiple pieces.

On the other side, the frost of the frost swept through, and the snow girl also rushed out of the ruins with a little embarrassment. The frost-like face couldn’t help raising a touch of surprise.

The frosty Snow Girl was moving, looked at the star monster in the void, and turned and ran, without daring to stay.

The crowd fled, the fastest was Qin Tiange, who scolded while running: "Aren't you a bad-hearted priest? Have you grabbed the wife of that giant Xinghai beast?"

When the last unscrupulous priest ran, when he heard it, it was so dangerous that he didn't spit out blood, and his expression of sorrow exclaimed: "Oh my God, the immense deity, I really don't, I ...

Bang!

Before he finished speaking, he saw a giant claw peeping down in the void, banging, and shattering the mountain.

The giant claws are horrible, the dense scales are glittering with metallic light, and each scale has a thickness of one meter, which makes people feel hairy.

"Lei Yun, pardon ..." the savage screamed, his robe shattered, his mouth bleeding, and he fled wildly.

His hands were constantly printed, and the lightnings were intertwined, and suddenly turned into electric light lasing, and even accelerated over the Snow Woman and fled away.

At the back, a giant claw slammed it down, and with a bang, the land collapsed and cracked, creating a scene of destruction shaking the ground.

There are megaliths constantly hitting through the air, making Qin Tiange and others face as pale as earth, unable to raise the mind of resistance at all.

He knew that this Xinghai giant was so young that it was so terrible. How terrible was that adult Xinghai monster?

I dare not imagine that at this moment everyone has only one idea, which is to escape.

"Hurry up, I know a recent exit from the mystery."

The unscrupulous man turned into electric light, screaming in panic, shocked everyone, but did not know whether he should believe his words.

The secret exit, who knows?

"Jiugong finds his way, urgent!"

He was surprised to see that his hands were printed, and a ray of light emerged, turning into a mysterious Jiugong, and rushed forward.

Seeing this, Qin Tiange was surprised and looked at this unscrupulous man a few times, and he was really capable in secret.

Roar!

At this moment, a terrible roar came from the void, shattering the mountains and rivers, and the sky was falling apart.

The giant beast of Xinghai was very furious. The huge body constantly hit the continent, causing a horrible collapse, and the mountains and grounds collapsed one after another.

In front of it, a huge crack appeared, and the mainland was hit into two pieces, quickly separated, blocking everyone's way.

For a crack that is several kilometers wide, who can cross it, Qin Tiange thought he could not cross it, and had to jump off the crack.

"Run!" The wicked man turned into an electric light and jumped into the crack.

Dust drove down the Buddha's light, Hou Yi's face was astonished, and she jumped behind, but the final Snow Girl was in trouble.

She was in crisis, and the Xinghai giant snatched a huge claw and slammed hard at her location.

This scene happened to be seen by Qin Tiange who jumped down, hesitant, and finally took out the battle bow and put on a purple and gold sharp arrow.

collapse!

With a buzzing sound, the bow of war broke apart suddenly, the purple and gold sharp arrows turned away from the light, and instantly passed through the giant claw.

With a click, the giant claw encountered a purple arrow piercing, creating a slight pause. It was this opportunity that the snow woman rolled into the big crack with endless frost.

Bang!

The earth smashed and shattered, and the entire continent was completely crushed and crushed by the giant beasts of the sea of stars, and scattered into countless pieces of land.

One edge of a small land flashed a purple awn, and Qin Tiange reached out and grabbed it. It was the purple-gold arrow he just shot.

He hid on the edge of this small piece of land, carefully watching as he was hitting the huge land that was broken open frantically, swallowing it with his mouth open.

Grunt!

Secretly swallowed, Qin Tiange's heart trembled and was extremely frightening. The Xinghai beast is actually devouring the broken land, and it looks hairy when you look at it.

As the floating continent was completely smashed, Qin Tiange and others took refuge in the edge of the small land debris and followed the debris to quickly spread out.

Roar...!

The beasts of the stars and seas are roaring, the sound is rolling, the power is soaring, and the endless sound waves spread the land and rocks apart.

The power of terror made Qin Tiange and other five people frightened and looked at the distant Xinghai beasts, finally relieved.

"Finally escaped." Qin Tiange sighed with relief, his body sweating coldly.

No way, that young star sea beast is too terrible, it is not his existence to counter it at all, just like the vicious shadow locked in that evil spirit secret place at first.

Fortunately, now we have finally escaped, and the five people hidden in the debris have relaxed each.

“Grandma, the unscrupulous Taoist, if you don’t give an explanation, I will shoot your queen chrysanthemum with an arrow.” Hou Yi snarled in a frown.

He stared at the unscrupulous Taoist, and almost buried himself here, naturally angry.

“Amitabha, you should be honest.” Dustless stood on the edge of a small piece of land, his eyes tinged with anger.

The two faintly surrounded the unscrupulous Taoist priests, staring at him poorly, hoping to give an explanation, otherwise there would be a ***** battle.

As for a graceful figure hiding not far away, Snow Woman ignored the unscrupulous Taoist priests, and a pair of beautiful eyes were quietly looking at Qin Tiange’s figure.

Just now, it was Qin Tiange’s sudden arrow that caused a pause in the claws of the Xinghai giant beast, letting her escape, which was considered to have saved her life.

“Thank you!” A clear and ethereal word came, Snow Girl thanked Qin Tiange gently, complex complexion, but quickly recovered cold and arrogant.

Qin Tiange shook his head and didn’t care, to the extent he is now, he has confidently surpassed the powerful men of previous lives.

In this case, why not leave more powerful players for Huaxia and make the overall strength of Huaxia stronger.

“The immeasurable big deity, two, have something to say ...” Wuliang Taoist smiled awkwardly, his face trembled, his eyes twitched.

Suddenly, his body turned into electric light, hissing flickered and disappeared, and he rushed to a ripple in the void in front of him.

“Everyone, take a step first, then there will be a period!” The unscrupulous Taoist smiled and rushed into the ripple and disappeared.

It was the exit of the mysterious land. Seeing this, the duo and Houyi looked slightly different, and they did not hesitate to catch up with the speed and went directly into the ripple and disappeared.

At this time, saw the exit of the mysterious land, but Qin Tiange did not rush to leave, but jumped on the fragment gently, staring quietly at the distant starling giant monster in the distance.

It swallowed the suspended continent there, biting like a sip of bread, watching the scalp numb, and it was terrifying inside.

Over there, Snow Girl looked at the distant Xinghai giant, and finally took a deep look at Qin Tiange before turning around, entering a secret exit with a ray of frost.

“Xinghai Giant ...” Qin Tiange frowned secretly, with some pity in his heart. He is not now an opponent of Xinghai Giant and can only sigh secretly.

Originally, it was still possible to continue the treasure hunt in the mysterious realm, but now it seems impossible, and this Xinghai monster has been provoked. It is basically impossible to continue to stay.

After taking a final look, Qin Tiange shook his head with a sigh and turned around. He also stepped into the exit of the secret place and disappeared here.

Huh!

From time to time in the mystery, there was a horrific roar, and the young star sea monster was devouring madly.

Chapter 333 - Girl, do you miss me?

Taihu Lake peaks, clouds and mists linger on top of the peak, water vapor is transpiration, and the scenery is pleasant.

Uh ...

Suddenly, the clouds and fog on the peak suddenly spread, and then a ripple rippled, and the space rippled.

Immediately afterwards, a figure passed through the void, came out with the ripples of space, and landed on the peak of Xun Peak.

“Where is this?” Qin Tiange stiffened as soon as he came out.

He lifted his eyes and looked around, the mist surrounding it, transpiration, converging into a cloud of mist covering the entire mountain top.

This is not the valley where he entered, and, from here, looking out into the distance, he saw a lake faintly.

Qin Tiange frowned, looking at the strange surroundings, and made some guesses. He looked around and found no traces of Dustless, Snow Maiden and others. He didn't think they should be in the same place.

“It's really troublesome!” He muttered secretly, and then quickly descended from the misty mountain peak.

On the top of the mountain, there is a stone ladder that goes straight to the bottom of the mountain. It was artificially excavated. Needless to say, it must be a certain attraction.

Sure enough, as he came down the mountain, he immediately saw a notice board. Although he was mostly covered by vines, he could still see some of the words on it.

“Taihu Lake, Ethereal Peak?” Qin Tiange looked at those fonts, which is exactly where Taihu Lake was.

In other words, this is Taihu Lake, the most famous scenic spot in the city of Taihu.

However, how far is it from Shenzhen? As soon as Qin Tiange thought, his face was suddenly bad, and it might take a long time to return to Shenzhen from here.

Moreover, the white tiger is still guarding in the valley. If Qin Tiange does not appear, will he stay there?

However, he was worried that it was superfluous, and Bai Hu naturally went into the mountains to hunt, which was not his concern.

“I didn’t expect to come to Taihu Lake. It happened that it wasn’t too far away from the maritime market. Let’s see what happened to Chen Xi’s chick.” Qin Tiange thought for a moment, then smiled.

He left quickly along the scenic path, and from time to time saw some zombies wandering there, and even mutant creatures shuttled in the mountains and forests.

Zombies are easy to deal with. As for mutants, as long as they don’t come out to stop him, they will ignore these things.

Not long after, Qin Tiange came to the Taihu Bridge and saw the dense crowd of zombies on the bridge.

Roar!

Seeing the presence of the living, the zombies were immediately violent and roared over them.

The dense crowd of zombies made the scalp numb when they looked at it, but Qin Tiange was expressionless and rushed forward with a spear.

A banging halberd swept across, and seven zombies were broken on the spot, and half of their bodies were swept under Taihu Lake.

He is powerful and fast. It’s amazing that these zombies can’t stop it at all. Euphorbia is heavy, horrifyingly lethal, and dying.

boom!

Qin Tiange’s eyes were sharp, and he lifted his right hand to sweep away. Dozens of zombies in front of him were blown away instantly, and Tongtong fell into Taihu Lake.

Soon, the lake’s waters attracted mutant fish in the lake, and they all came together to bite the fallen zombies.

Wow!

On the lake, dense black shadows were wandering, tumbling with huge water splashes, carrying the zombies that had fallen into the water, and were soon eaten up.

Looking down from the bridge, black shadows shuttled back and forth in the water, looking at people can not help but hair.

Roar!

The corpses roared on the bridge, but it was a pity that Qin Tiange was hit all the way, chopped to death, and killed a **** path.

Finally, half an hour later he killed the other side and came to Baodao Garden.

“Zombies seem to have been cleaned up here.”

Just came here, Qin Tiange was surprised to find that the zombies here seemed to have been cleaned up, and there was still a lot of blood on the ground, even some zombies.

It's just that the nuclei on the corpse have been excavated. Needless to say, someone has been here and cleaned up the zombies here.

Qin Tiange didn't care, it was better to clean up, a little less trouble, he quickly crossed the street, and soon the center of Changsha Island.

Here he saw corpses all over the place, some of them zombies, some of them, and some of them were wearing military uniforms, needless to say they were all soldiers.

“No, there is **** battle here.”

Qin Tiange squatted down, inspected the body of a dead soldier, and found that there was a huge claw mark on his body. It did not look like a zombie, but instead looked like a beast of some sort.

Moreover, the surrounding ground was a mess, the cement was turned up, there were huge paw prints, and it was faintly visible that some pieces of meat were scattered around.

Bang ...

At this moment, there was a huge roar not far away, and the water spray rose to a height of tens of meters, and it was scattered all over the place.

Uh ...! Then, an extremely fierce roar came, and the sound was rolling, revealing endless pride and fierceness, shocking people.

“Dragon roar?” Qin Tiange suddenly stood up, looking horrified, looking at the tens of meters of water splashing in the distance, and immediately realizing that it was a dragon roar.

He once saw a green scale demon python that was about to turn into a puppet. At this moment he heard the roar, and immediately recognized that it was the roar of the dragon.

Huh!

Qin Tiange hardly hesitated, rushed out quickly, and hurried to the other side. Ahead of it, there is a lake in the island, where the roar comes from.

Immediately after approaching, Qin Tiange heard bursts of gunfire coming, and then saw a group of heavily armed soldiers shooting at the lake.

Da da da...

The machine gun roared and the bazooka whistled, and the water blasted into the air, spreading into a curtain of water.

There, a huge black figure tumbling in the water curtain, roaring loudly, looking particularly terrifying.

It was a large black boa constrictor, with scales that were thick in a sea bowl, and two black black horns on top of its head, emitting black awns.

It opened its mouth and screamed, and suddenly sprayed a black slime, eroding and melting all the trees and flowers on this side, and even dozens of soldiers escaped. They were poured by the black liquor on the spot, bursting their eyes and flesh. Decay on the spot.

“retreat!”

In front of him, a soft drink came, and the voice was filled with anger, so that the spirit of Qin Tiange who came over was refreshed.

Looking up, I saw a petite figure vacated, wearing a bright silver battle armor, holding a bright silver gun, showing a strong and powerful breath all over his body.

It was a woman, with a strong breath, who was stabbed in the past with a silver gun while she was at a high altitude.

There was a tinkling sound, and the scaled armor splashed with sparks. The silver spear did not pierce the black python’s scaled armor and was blocked.

Huh!

The black boa suddenly turned and roared, and the two corners of its head flung fiercely, knocking out the silver figure and knocking it to the shore.

“Chen Xi?” Qin Tiange’s face changed slightly, and he was surprised when he saw that man was Chen Xi.

puff!

Chen Xi fell to the shore, opened her mouth and vomited blood, her face was purple, and she was a little bit decayed. She had suffered a lot of trauma long before. This time, she suddenly encountered a mutant python. Not only did she lose a lot of troops, she also suffered the worst.

“Everyone retreat, let’s go.” Chen Xi struggled to stand up and ordered nearby troops to retreat and leave immediately. They were not opponents.

Outside, thousands of soldiers looked solemn, but none of them ran away. They were soldiers, and it was impossible to run away without leaving the general.

“I order you, withdraw!” Chen Xi sighed, rushed up, and blocked the black python that was about to rush up.

Her flirtatious body was extremely thin, but she did not hesitate to stand in front of the boa constrictor, her silver teeth mattered, and her eyes showed an unprecedented firmness.

Huh!

The python rushed quickly, opened its fishy mouth, opened its mouth full of fangs, and swallowed at Chen Xi severely.

“General beware!”

“General!”

Behind, a large group of soldiers went crazy, rushing up while firing, and what made them furious was that the bullet could not penetrate the python’s scale armor, and could only watch the big mouth about to swallow Chen. Xi, this beautiful major general.

“Tian Ge ... Goodbye ...” Chen Xi murmured to himself There was a flash of loss on Qiao’s face, looking at the huge boa constrictor, which was about to be swallowed. The figure that made him linger.

“Ghosts and gods, dominate the world!”

Suddenly, a loud drink came, shaking the air, and a black gas was blown into the sky, turning into a huge virtual shadow, holding the halberd in the head of that huge python.

With a loud bang, the powerful impact lifted the python into the lake, the water was soaring, and the rumbling sound rang through all directions.

Chen Xi originally closed her eyes and waited for death, but suddenly felt a huge impact lifted her body, and the person fell in the air, suddenly caught by a warm embrace.

“Girl, do you miss me?”

A bad word passed into my ear, accompanied by a blast of heat, which made Chen Xi’s silent heart beat suddenly.

She opened her eyes for a moment, staring at a young man close to her, a smirk on that familiar and handsome face.

Chapter 334 - Black python

“Tian Ge?” Chen Xi stared at the person near him, and it was Qin Tian Ge who suddenly fell from the sky and rescued her.

Is this dreaming? Chen Xi kept echoing this sentence in her heart, and a hint of silly smile appeared on Qiao’s face.

Qin Tiange fell down holding Chen Xi, and the two stood by the lake like this, staring at each other quietly, ignoring the black python that floated slowly in the lake.

Huh!

As if being ignored by the two little people in front of him, the python opened his mouth and issued a terrifying howl, awakening Chen Xi, only to discover that it was not a dream.

“Be careful, this boa constrictor has five stars and is very powerful ...” Chen Xi Huarong was overshadowed and reminded Qin Tiange anxiously.

However, the latter patted her fragrant back gently, comfortingly: “Girl, don’t be afraid, a small five-star little python, watch me catch it for you as a pet.”

“What’s it called, would you call it?”

Roar!

Speaking, Qin Tiange opened his mouth and roared, as if the fierce beast roared, and his voice was soaring, revealing a noble ancient charm.

This was a unicorn roar, fierce and mighty, and the roar shocked the black boa constrictor, and there was a hint of surprise in the eyes of the lantern.

After Qin Tiange’s domineering roar was over, he gently lowered Chen Xi, turned around, and stared at the python, saying, “Little reptile, dare to hurt my woman, I think you are itchy.”

Huh!

The python was irritated, screamed madly, set off a huge wave, and blasted out to kill this tiny human in one go.

Looking at the black python that rushed, Qin Tiange looked cold, and the euphorbia hummed, and a black gas rose from his body, turning into a ghost image, burning the blazing blue flames.

“Ghosts and halberds, kill!” Li drinking came, and was surprised to see the waters burst into a sky water column, and then the python screamed, a depression was smashed on the skull, and the scales were broken.

Qin Tiange stepped on the surface of the water, rising into the air, and slamming his halberd down.

With a bang, it was a huge wave, and the black boa constrictor that passed the water tank was hit into the lake, setting off endless waves.

Huh!

The python roared, raised its head, and scarlet eyes were fierce and cruel.

It was angry, and was hurt by this little human. It was simply humiliation. The injury actually stimulated its ferociousness and snarled.

“Dare you dare to prestige?” Qin Tiange yelled, stepping on the water waves, suddenly rising into the air, Euphorbia bloomed with a black mang, the flames were soaring, and it hit the neck of the black python suddenly.

With a slamming blow, the python’s head tilted and fell into the lake.

Qin Tiange’s body fell, stepping on the body of the black boa, his face was haggard, and his heart burst into anger.

Ever since the moment when Chen Xi was hurt by it, the inexplicable anger exploded, the suffocation burst out, and it was out of control.

“Dead!” Qin Tiange waved his halberd and smashed it with a bang, and a huge water spray blew up from the lake.

The body of the python was punched out of a blood hole, and the scale armor was broken, which could not stop Qin Tiange’s heavy blow.

The strength of that one was beyond everyone's imagination, staring at each other stunned, the domineering figure.

"Do you agree?" Qin Tiange stood on the python's body and questioned sharply.

The halberd lifted up, condensing a cloud of horrible flames, the scorching breath evaporated the surrounding lake water, and a cloud of mist evaporated around it.

He was surrounded by black clouds, as if the devil came into the world, a halberd went down, and the sound of the water was soaring. The black python was smashed by the halberd on the head and blossomed.

boom!

"Isn't you convinced?" Qin Tiange Li Xiao, one halberd slammed one after another, and his strength was controlled in a precise range. He only hit the black python with a broken bone and dying in pain.

Huh! The python roared, showing its solitary height and anger, and did not give in. It has its own pride, as a mutant creature awakened by the dragon blood gene, naturally cannot easily yield.

boom!

Another halberd went down, the python's head sunk a large piece, the scales collapsed, and the thick blood poured out, staining a large lake.

Qin Tiange just stood on the body of the black boa constrictor, and the halberd fell down violently again and again.

On the shore, Chen Xi had already looked at him for a long time, staring at the figure like a demon, and he never moved.

She really didn't expect to be able to meet Qin Tiange here, and when they met again, she found that the other party was more powerful.

Think about it too. At the beginning of the last day, Qin Tiange's performances have deeply imprinted Chen Chen's heart, not to mention that for such a long time, his strength is also normal.

"Who is he?"

At this moment, thousands of soldiers rushing up from the shore were collectively stagnant, gripping their guns one by one, and staring closely at the figure on the lake.

He was standing on the black boa constrictor, pulling the boa constrictor's head fiercely once and again.

"Hurt my woman, you're fat."

Qin Tiange shouted a bite, and the halberd slammed it again, making a bang, and then a horn was broken.

One of the horns of the black python was broken, which was shocking and incredible.

"So strong!"

A group of soldiers looked dignified, looking at the black python who was beaten, and then looked at the figure like a demon. For a time, many people couldn't help looking at Chen Xi in front.

In the hearts of these soldiers, suddenly remembered Qin Tiange's words, Chen Xi, is his woman?

"This stinky man, when am I your woman?" Chen Xi felt a pair of weird eyes behind her, her face glowing with a rosy glow, which was fascinating.

She shyly gave Qin Tiange a glance, but her heart was beautiful, with a proud expression on her face, as if to say, look, it is my Chen Xi man.

Roar!

"Ask you again, will you be convinced?"

Suddenly, Qin Tiange stole the horror of Euphorbia, revealing a horrible killing, and the anger in his eyes skyrocketed. I saw him suddenly pull out the ancient sword in his waist, and snorted, his edge penetrated the sky.

The ancient sword is full of horror, and the purple swords constantly appear on the ancient sword, exuding a noble ancient charm.

Groan!

The sword groaned, and the horror front awakened the black python who was bewildered and turned, feeling the horror threat from the ancient sword, and immediately panicked.

Alas ... The black python opened his mouth and uttered an extremely faint growl, his head floating on the lake weakly, and his blood was stagnant.

It succumbed and was severely beaten by Qin Tiange, his head was hollowed and his bones were mostly broken. If Qin Tiange really wanted to catch it as a gift to Chen Xi, it would be possible to kill the black python.

Humph!

Seeing the python succumbing, Qin Tiange sighed with dissatisfaction. There was still some anger in her heart. Her own woman was seriously injured, and naturally there was fire.

He stepped on his feet and drank, "Since yielding, why not sign a blood deed with my woman and become her pet?"

Uh ... there is a trace of anger in the pupil of the black python, and then fear, because the ancient sword has pierced seven inches of its back, sharp and swollen, and it will be completely reimbursed with only one sword.

In the end, the five-star black boa constricted and wailed, struggling to turn over, and carried Qin Tiange to the shore.

"Niu, this is the greeting I gave you, just be your pet." Qin Tiange stood on the black python and said with a smile.

On the shore, a group of soldiers rolled their eyes, and most people could not help but kill this black boa constrictor, because it killed many former comrades-in-arms.

However, they didn't speak. After all, this black boa conspiracy was persuaded, and it was said that it was nothing to give to Chen Xi as a pet. It was a matter of others.

Moreover, Chen Xi is their general. They haven't said anything. Naturally, they can't say more.

Chen Xi hesitated, looked at the many soldiers who died around, sad in heart, and said, "I think it's all right, this black python kills so many of our comrades. I don't accept it well, or you take it Well, only you can shake it. "

When she refused, a group of soldiers behind her heard it clearly, and there was a touch of sorrow in her heart, and at the same time there was a sorrow. The dead had died, and the living still needed to live.

"Don't you?" Qin Tiange froze, and soon understood Chen Xi's meaning. If he accepted this black python, it would be really difficult to explain to the soldiers.

If so many people die, they will be accepted as pets. Even if there is nothing, some soldiers still have a hard time.

"Since you don't want to, then kill it." Then, Qin Tiange raised the ancient sword, and a sword was about to stab at the seven-inch dead hole of the black python.

Huh!

The python naturally saw that Qin Tiange wanted to really kill it, and immediately panicked. He opened his mouth and spit out a drop of crystal clear blood, rushed directly into Chen Xi's eyebrow, completed some blood deed, and let the distance python The ancient sword that was only one centimeter from the seven-inch dead cave stopped.

"This ..." Chen Xi froze, feeling a kind of connection, the black python from the front was waiting for her huge eyes, looking at her pathetically.

"General, agree, another powerful python is also a good thing for the base."

Finally, an officer came out on behalf of all the soldiers and persuaded Chen Xi to directly accept the black boa constrictor.

Those comrades-in-arms died, although sad and sad, but alive people still have to live after all. There is a powerful boa constrictor, which may be a better choice for the base.

"Okay!" Chen Xi nodded and agreed.

There was a happy smile on her face, watching Qin Tiange jumping in front of her, couldn't help coming forward and hugging it gently, smelling the familiar breath on him.

"All of you take this python back first, and I have something to do with Chen Xi. Let's take a step first." Qin Tiange looked, suddenly dropped a sentence, and then picked up Chen Xi and jumped up. Disappeared before the fighters.

The gang of soldiers were dumbfounded, watching Qin Tiange taking Chen Xi away, all of a sudden didn't respond, then woke up, as if thinking of something.

"Hey ... is there a man in General Grim?" Someone couldn't help smirking.

“Big news!”

“It must be a bad thing to do shame.”

A group of soldiers grinned, and the haze and sadness in their hearts cleared away. They silently began to clean up the corpses of their comrades, and then took the black python conquered by Chen Xi back.

Chapter 335 - Bad guy, Sioux City base

“Bad guy, don’t feel bad about others ...”

Su Cheng, in a certain room, Chen Xi curled tiredly in Qin Tiange’s arms, drawing a circle on his chest, but there was a hint of contentment and happiness in the shameful words.

Qin Tiange held the pretty lady, gently stroking the white skin like jade, smiling at the corners of his mouth, and looking at the exhausted Chen Xi, he felt a great sense of accomplishment.

One of the five emperors of the past life, Chen Xi, the Northern Emperor, was conquered by him in this way, and there was a pool of bright red blood on the sheets, but he tossed all day and night.

“Girl, why are you in Sucheng, not in the maritime market?” Qin Tiange asked gently.

He was very weird. When Chen Xi left, she said she was going to the maritime market. The result was that she was in Sioux City. Depending on the situation, she was still building a base in Sioux City.

Chen Xi rolled over, curled comfortably, and murmured, “I was originally in the maritime market, but it was already under the control of the Xiao family.”

“Xiao’s family?” Qin Tiange blinked his eyes, flashing a cold ray.

At the beginning of the Doom, he had quietly told Chen Xi about the maritime market, such as where the stele was.

This is to allow her to create a career in the maritime market. However, she failed in the end and was eventually occupied by the Xiao family.

In the previous life, the maritime base was established by Qi Qijia. It seems that this life has not changed, and Qin Tiange has to sigh.

“I don’t want to stay there, so according to some information you said, I picked up my sister and came to Sioux City.” Chen Xi muttered to himself.

Chen Xi gave him a playful glance before he said, “The information you gave me was very useful, and it helped me build a gathering place in Sucheng and saved many people.”

“Well, of course my woman is terrific, and she must be terrific.” Qin Tiange smiled inexplicably. The little girl didn’t know she had built a huge base yet.

Chen Xi stroked his cheek lightly, and suddenly the dragonfly pecked a bit of water, and his face was shy and charming.

“Tian Ge, thank you!” Chen Xi murmured, and was really grateful for Qin Tian Ge’s reminder. Without his reminder, there would be no achievement today.

Chen Xi is already a three-star, and her strength is not weak. At least she has a force of 150 people, which is equal to the strength of 50 people when she was one-star.

But seeing this, Qin Tiange was not satisfied. How could his woman be too much behind?

“Ten Ge, will you not leave if you come this time? I will take you back to Beijing to see my grandfather, and then I will hand over the Sucheng base to you?”

Chen Xi suddenly raised her head, her eyes shining brightly, Looking forward to him.

Qin Tiange didn’t speak, and kissed her forehead lightly, and smiled, “You are my woman. It’s a good idea to go back to your mother to visit the elderly with you, but the base is up to you.”

He didn’t have to think about it, Chen Xi could build a base in Sucheng, most of which had the support of Beijing, otherwise she just knew it would be useless.

As far as Chen Xi said, taking him back to see her grandfather, this is for sure, Qin Tiange will not refuse, but not now.

“But, after all, you and I are strong. I believe Grandpa must like you very much, don’t you really take charge of this base?” Chen Xi was surprised and a little disappointed in her heart.

Qin Tiange refused to take charge of the Sucheng base, which caused her to have some cranky thoughts.

Seeing her expression, Qin Tiange couldn’t help pinching her little nose and smiled, “Stupid girl, don’t think about it, the base was set up by your hard work, and I guess the survivors of the entire Sucheng base, most people are right You are very supportive, that’s enough. “

Previously, at the Central Island of Taihu Lake, when she saw the support of the soldiers to her, Chen Xi was very popular at the base of Sucheng.

How could he be so stupid as to take over his woman’s career? Chen Xi also felt that he had a man who wanted to give everything to her.

In fact, this is normal, but Qin Tiange knows that under the background of doomsday, people will be far surpassed without progress and eliminated by this world.

His woman must become stronger. As one of the five emperors of the previous life, can she still become one of the great emperors without the hatred of the previous life?

Qin Tiange has no doubt. With his support, Chen Xi cannot become the emperor, so it is really unreasonable.

For Chen Xi, Qin Tiange couldn’t accept everything she had. Only by making this career the driving force for Chen Xi could she become a real strong man.

Women, there must always be a career, otherwise once they stick around men, they will not have much success in the future.

“Okay!” Chen Xi finally realized what she meant, and smiled: “So, when are you going back to Beijing with me?”

Qin Tiange thought hard this time, and then said: “This is not anxious, you have not completely stabilized the Sucheng base, and I don’t plan to go to Beijing now, I hope you can be considerate.”

“Well, you can say it whenever you want.” Chen Xi finally compromised. She actually wanted to take her man back to show her grandpa. This is the excellent man she chose, just like a proud child. Anxious to prove to the family.

Qin Tiange patted her with a fragrant shoulder and laughed, “It’s time to get up, take me to your base to see, let me see how big the base my woman has established?”

“Okay!” Chen Xi immediately came to the spirit and got up directly, regardless of the perfect posture was seen by Qin Tiange, all of them became his people, naturally do not care about these, but more proud, their own men can be their own body And attractive.

The so-called female is the one who pleases herself. In fact, Qin Tiange prefers Chen Xi’s strong temperament and the style of a strong woman. The most important thing is that she is the emperor of the previous life.

Hehe ...

Watching her dress, Qin Tiange grinned twice, but did not make bad, but rather dressed neatly, washed a bit, and they were ready to go back.

Sioux City is a huge base that Chen Xi set up at the beginning of the last days, and gathered a large number of survivors.

...

Between Gusu District and Wuzhong District of Sucheng, a huge base stands there.

“Girl, your base is good.”

In front of the gate of the base, two young men, one man, one woman, were walking hand in hand, the handsome man was handsome, the beautiful woman was charming, charming and sexy.

The two are naturally Qin Tiange and Chen Xi. Just before returning to the base of Sucheng, Qin Tiange praised Chen Xi after looking at the reinforced concrete defense wall that was 20 meters high in front of him.

The latter listened to his man’s praise, immediately raised his delicate chin, his face was arrogant, and a shy blush appeared on his cheek.

“The Sucheng base has a total of 89,800 people.” Chen Xi walked into the base while holding Qin Tiange’s hand while introducing the situation here.

There were 89,800 people in the Sucheng base, all survivors who gathered after the last days and were gathered together by her.

As for how to do this, most of them have the support of Beijing, otherwise, a woman with Chen Xi is really difficult to do.

Not that it is not, but it is difficult. Although Chen Xi is powerful, after all, many people instinctively look down on women.

“stand at attention!”

In front of the gate, a fully-armed fighter stood up and saluting, watching Chen Xi lead Qin Tiange into the base, all of them were weird for a while.

The two ignored the passers-by who were surprised along the way. Qin Tiange looked at some basic conditions in the base of Sucheng. Except what Chen Xi introduced, what he saw by himself and then combined with each other could guess the specific strength of Sucheng. Already.

In the center of the base, a huge stele stands, which is the assessment stele, and there is also a smaller stele not far from it, which is the heritage stele.

These two stone monuments were fully opened by Chen Xi not long ago. Every day, many people exchanged things at the heritage stone monuments, or they were promoted in the evaluation stone monuments.

“Niu, your strength is too weak. You can’t even beat a small boa constrictor. How can you become a strong admirer in the future?”

Walking and walking, Qin Tiange frowned suddenly and said such a word, with a trace of dissatisfaction, and had great dissatisfaction with Chen Xi’s strength.

Chen Xi was speechless. She is now the strongest and best master in the entire Soviet city. Is this still not satisfactory?

But thinking of Qin Tiange’s strength, she felt relieved. Think about it, her men are so powerful, she is really not good enough at this point.

“You’ll wait until the base is fully lined up. I’ll give you some good things to double your strength.” Qin Tiange sighed quietly in her ear and said with a smile.

Chen Xi’s cheeks were reddish, but she nodded excitedly, expecting faintly, what good things could make her strength double?

Taking Qin Tiange back to her residence to settle down, Chen Xi went to handle the affairs of the base, as well as the black boa constrictor brought back, you must go and look at it to be assured.

The poor python was severely wounded and dying by Qin Tiange, and was dying. He was forgotten by the two. Fortunately, it has tenacious vitality and slowly recovered, otherwise it would really die.

“Jingnan ... Sucheng ... Sea ... Xiao’s ...”

In Chen Xi’s boudoir Qin Tiange stood on the window sill, quietly looking at the situation in the base of Sucheng, watching people coming and going, but he was thinking some questions in his heart.

The original plan was to let Chen Xi go to the sea city, but came to Sioux City. The sea city base was established by the Xiao family and was already controlled by the Xiao family.

Su Cheng was sandwiched between Jingnan and Haishi, and its location was awkward. The Xiao family at the sea base made Qin Tiange very upset.

As for the south of Beijing, I don't know yet, you must ask Chen Xi to understand what's going on there.

Click!

While he was meditating, the door opened with a click, and a petite figure came in. Qin Tiange thought it was Chen Xi, but the result was not.

"Who are you? Why are you at my house?" A petite figure just came in, and was startled. Seeing that there was a man in the room, he instinctively raised his hand and looked at him alertly.

As soon as Chen Yue entered the door, he saw a man, his face was covered with frost, his eyes were full of evil spirits, and he was a female tiger with evil spirits.

Chapter 336 - Auntie's little aunt

Qin Tiange was interested in looking at the girl who was in the door. A light armour wrapped in a graceful figure, with excellent development, unevenness, and small face. He was similar to Chen Xi, and it should be his young aunt.

"I'm your brother-in-law!"

A word came, letting Chen Chen's small face on the other side be stunned, and the annoying little female tiger was annoyed.

"Nonsense!" Chen Yan's cheeky face was stabbed, and Jiao yelled, "You have a bad heart, you don't know where you come from, you break into a house, and you're an uncle."

Woo!

The roar of battle looms, revealing a ray of sharpness, pointing directly at Qin Tiange's brows. Qin Tiange was surprised and felt that the other party really wanted his life, not frightening.

He lamented that the little aunt really got to work, and seemed to have killed someone. The cheeky face is extremely cute, especially the look of those beautiful eyes with a touch of shame, which makes people feel very attractive.

Do not let eyebrows!

Chen Yi was stabbed with a shot, the speed can not be described as unpleasant, but who is Qin Tiange, who has reached the peak of his strength, has a power of 800 people at three stars, and his physical defense is even more amazing.

He avoided the shot with just a light flash, and reached out and patted the shot, and Chen Dechen stepped back for three steps.

"Your name is Chen Yan, your sister told me about you, and she was as bad-tempered as she said." Qin Tiange said with a smile.

How do you know, Chen Yan Qiao's face was so irritated, Jiao yelled, "Nonsense, my sister has never had a boyfriend, eat me a shot!"

Said that she leaped hurriedly, the battle buzzed, and a sharp whistling burst through the air, seeing that it would pierce Qin Tiange's brows.

Unfortunately, she stabbed in the air, Qin Tiange had appeared strangely beside her, looked at her with a smirk, and was close at hand.

"Yeah, die!" Chen Kun was startled, surprised that the other party was fast, but she didn't hesitate and shot at her.

Qin Tiange's figure flickered again and again, avoiding one blow after another. The smile on his face became richer and thicker, and Chen Dejiao was trembling slightly.

"Well, this little aunt's temper is really hot ..." Dodging and hiding, Qin Tiange suddenly thought, feeling the return of Chen Xi's breath.

As soon as his mind moved, his body paused, revealing a flaw, and Chen Yi seized the opportunity to stab him.

Woo!

The battle roared, watching as Qin Tiange's throat was about to be penetrated, but finally stopped, only three centimeters away from Qin Tiange's throat.

"Say, who are you, and why did you break into my house?" Chen Yan's face changed, and he wanted to pierce the other side with a shot, but in the end the ghost stopped him.

Qin Tiange was innocent, and spread his hand and said, "I said, I'm your brother-in-law. Your sister just brought me back, then went to handle the things in the base, and told me to wait for her here."

"I don't believe it!" Chen Yan proudly raised his chin and hummed. "You can't even beat me like this, how could it be my sister's boyfriend?"

"Also, don't call yourself my brother-in-law, or I'll kill you in one shot." Chen Yan said with a threat.

The pair of beautiful eyes were faint, and they really got stuck, but she was hesitant in her heart, not knowing if the other party was true.

You know, who in the Sucheng base did not know that Chen Xi was in power, and that this is Chen Xi's residence. No one can enter without consent. There is a platoon of guards outside.

"Is he really my brother-in-law?" Chen Xun doubted, but shook his head the next moment, denying: "Impossible, my sister never mentioned that she has a boyfriend, and this guy can't even beat me, how could it be My sister boyfriend?"

“Even if I do, I have to choke him. I want to make my sister like this. Although a little handsome, but the strength is too good. I can’t even fight for my brother-in-law and dream.” Chen Yan thought to himself Ao Jiao raised her head.

Qin Tiange couldn’t help laughing at her appearance, saying secretly, “This little aunt is really proud of Jiao. The two-star rating is so proud of her. It seems that she needs to be educated and tuned, otherwise she will easily die. In the cruel end. “

“Chen Yun, what are you doing?”

At this moment, Chen Xi, who had just entered the door, was startled and saw her sister holding her gun against her man’s throat.

She rushed up, grabbed her sister’s fight, and reprimanded: “Chen Yun, what are you doing?”

“Sister, you just came back. This person sneaked into our house and claimed to be your boyfriend, so I subdued him ...” Chen Yan said with a proud look at his sister, looking forward to her praise .

As a result, Chen Xi looked at her with a crying smile, and secretly said, “This little Nizi, do you still subdue your brother-in-law? I laughed if he did not subdue you.”

“Okay, put away your arms and see what you look like now, and make your brother-in-law jokes.” Chen Xi blushed and admitted in front of her relatives that Qin Tiange was her man for the first time.

“Uh ... sister, what are you talking about?” Chen Yan was dumbfounded, and he circled.

Then, she saw Qin Tiange stepping up, holding Chen Xi’s waist small, looking at Chen Xi with a smile on the corner of her mouth, nodding and saying something that would make her almost collapse.

“Chen Xi, your sister’s strength is too weak, and her character is arrogant. It is easy to get into trouble in this last day. I plan to teach her for a few days.” Qin Tiange said with a smile.

Chen Xi stunned, but soon agreed happily. With Qin Tiange’s teaching, his sister would definitely make great progress.

With Qin Tiange’s strength and knowledge, plus so many good things on his body, it is very easy to improve a person in the grinding zone.

“What?” At this moment, Chen Xun awoke, exclaimed, and looked at Qin Tiange and Chen Xi in front of him in wonder.

She pointed at her sister, looked at Qin Tiange, her face changed, why couldn’t she believe that this man was really her brother-in-law?

“Really, really my brother-in-law?” Chen Yan still couldn’t believe it. Suspectingly looked at Qin Tiange, secretly he was his brother-in-law?

Qin Tiange smiled and asked, "Why, am I not qualified to be your brother-in-law?"

"No, no, no, sister ... brother-in-law, me, me, me ... oops!" Chen Ye Qiao's face turned red, and she stuttered before turning, stunned and turned around I ran into a small room and slammed the door shut.

She was so embarrassed in her heart that she even shot at her brother-in-law just now, and she looked proud, and now she wants Qin Tiange to let her.

Of course I let her, after all, is Chen Xi's sister, my little aunt, don't let me bully her?

"Tian Ge, don't mind, my sister is like this, did she not hurt you just now?" Chen Xi said, and then nervously inspected Qin Tian Ge's body.

Qin Tiange shook his head with a smile and said, "I'm fine. How could your sister hurt me, even if you give him a shot?"

What he said was the fact that with the current physical quality and physical strength, Chen Qi's strength could not hurt him at all.

"That's good." Chen Xi was relieved.

Qin Tiange looked at Chen Xi at her side and asked with a smile: "The matter of the base is finished, then the next step is to improve the strength of you and your sister."

Huh!

As soon as the voice fell, the door of the room opened and the petite figure rushed out.

She looked expectantly and asked, "Brother-in-law, you just said that improving my strength, is it true, and also, how strong are you now?"

"Chen Ye, see what kind of system you are like so that your grandfather knows that he won't choke you." Chen Xi scolded with blame.

The latter spit out his tongue, but looked forward to Qin Tiange. The change was really fast. Just now, he shouted and killed. As a result, he became a person, making Qin Tiange a bit uncomfortable.

"Did you not see the black python?" Chen Xi said suddenly. She took a look at Qin Tiange and smiled: "That was given to me by your brother-in-law."

"What?" Chen Yan grew up with a small mouth, and his eyes were very cute. She stared at Qin Tiange blankly, her face incredible, as if looking at a monster.

Chapter 337 - Devil, bad brother-in-law!

"Brother-in-law, this pose ... well, weird ..."

"What a weird thing, do it for me seriously."

There was a strange conversation between a man and a woman in a yard, which made people wonder.

I saw that Chen Yun was posing in the center of the courtyard, making a difficult and weird movement.

“Brother-in-law, can’t you do it ...” Chen Yan has been holding this look for half an hour.

She had a little sweat on her forehead, her face flushed slightly, and yelled inwardly: “Sister-in-law, bad-in-law, you know how to bully me. This is useful and ugly.”

“It’s a shame to let someone do this to show him.” Chen Yun muttered in his heart, very dissatisfied.

Qin Tiange said with no expression, and said, “If you want to be a strong man, if you can’t do that, then I can help you find a man to marry and bring your children.”

“Don’t do it, brother-in-law, can I do it yet?” Chen Yan Qiao’s face suddenly collapsed.

She worked hard to maintain this shape, her silver teeth clenched, she just felt that the pain was falling all over her body. It was really painful.

In fact, Qin Tiange is teaching her basic body skills to improve her physical fitness and willpower.

Only by laying the foundation can you achieve higher achievements, otherwise, this little aunt who has never appeared in previous lives will never become a strong man.

In the past life, apart from her grandfather, Chen Xi never heard that she had any relatives, and her parents and sister were buried at the beginning of the last days.

Due to the appearance of Qin Tiange, a great change has occurred in this life. Chen Yuan has not died, but he must pay a thousand times hard to become a strong man and reverse the ending of the previous life.

“Do it for me seriously, not well. You don’t have to eat today, even your sister’s pleading.” Qin Tiange’s tone was stiff, which really frightened Chen Xi, the aunt.

She had no idea that her brother-in-law took it seriously, it was really scary. Moreover, the requirements for her were too harsh, too strict, and even exceeded her imagination.

“Keep doing this. For three hours, I’ll get you hot water to prepare your meals, and then I’ll take a bath to eat.”

After speaking, Qin Tiange turned around and turned around without paying attention to Chen Wei, who looked strange. When she heard Qin Tiange saying that cooking with hot water, she always felt weird and looked at him with some inexplicability.

“Devil, bad brother-in-law ...” Chen Yan still thought about this at this time.

But soon she had no heart to think about, because she just had a lax idea, which caused her movements to be non-standard. She suddenly felt an arrow screaming, rubbing her cheeks and whistling away, and clicked a tree behind her. on.

The arrow was shot by Qin Tiange, and his bland and stern words came from the room: "If you make a difference, ask your sister to find a good family to marry you."

"Brother-in-law does not!"

Chen Yan screamed in a panic, and immediately converged, earnestly practicing the first form of basic body surgery.

She was scared. This time she really saw Qin Tiange's coldness, and the harshness really scared her.

Suddenly a good arrow suddenly shot and almost cut her pretty face. This was the situation that really scared her.

"Is it too cruel?"

At this time, in the room, Chen Xi looked at her sister with some distress, but she did not blame Qin Tiange, after all, he was for Chen Ye's good.

Qin Tiange patted her fragrant shoulder, solemnly warned: "Your sister is too weak, and her character is detached, it is easy to develop pride, you must strictly ask her like this, otherwise you will only be facing a grave Weeping silently. "

"I know." Chen Xi stopped talking and understood Qin Tiange's meaning.

The character of her younger sister, Chen Zhen, she knows best, and as she builds a huge base and controls millions of lives in the base, Chen Yang's arrogance is getting more and more serious.

This is not a good sign, she must destroy her pride, earnestly lay the foundation, and improve her strength, otherwise she will fall into the doomsday sooner or later.

"Okay, don't worry, I have prepared medicated liquids to bathe her, and even made medicated meals to help her improve her physique. She is the first one." Qin Tiange smiled and comforted her woman.

Let Qin Tiange spend his mind and experience to help, after all, it is his own aunt, and Chen Xi is already his person, so he naturally needs to help.

"By the way, this is a medicine that I specially prepared for you. You take one bath and one." Qin Tiange said, taking out an iron box.

Open it and see that there are rows of neat medicaments, all of which have been prepared by him, and one of them is reserved for Chen Xi, a woman who has been identified by him for a long time.

Huh!

With a happy smile on Chen Xi's face, he gave him a kiss, and then turned into the room, preparing to take a bath and take it.

Watching her enter the room, Qin Tiange didn't follow up. Although she was very excited, she knew that she still needed to prepare some medicine for her auntie.

"Basic body surgery, combined with the washing and taking of the liquid medicine, if I can't grow up, then I really want to strangle her." Qin Tiange muttered, entering the kitchen to prepare the liquid medicine.

Outside, Chen Su suddenly felt a coolness, and could not help but took a nap. He looked around suspiciously, immediately converged, and seriously practiced body techniques.

“It’s weird, how did you feel a chill just now?” Chen Xun’s small head recalled the coolness just now, cold, even into his soul.

She didn’t dare to think about it any more. She took it seriously for three hours, only feeling that her body had lost consciousness.

In the kitchen, Qin Tiange has configured and refined the medicinal solution, and put the hot water in Chen Xiao’s little pink boudoir.

“Chen Xi is three-star, with 150 people ...”

In the lobby, Qin Tiange sat on the sofa, thinking deeply, and quietly thinking about how to help Chen Xi improve his strength and talent.

He took out things one by one, super-regenerating material, soul beads, liquid of life, Shenquan, and even **** fruit.

“First configure a simplified version of the brain-domain development agent.” After thinking about it, Qin Tiange decided to configure a simplified version of the brain-domain development agent.

This thing is not distressing to his own woman. Chen Xi is already his woman. Naturally, she can’t hold back. Of course, it is better to treat her own woman.

Qin Tiange began to take out the furnace for dispensing, and a simplified version of the brain-domain development medicament was completed in no time, and it was two copies.

No way, there is a little sister-in-law, and you can’t give it a favor.

“Sister ... brother-in-law ...”

After finishing everything, I suddenly heard a faint shout from the yard, and went out to take a look, only to find that Chen Kun had collapsed there, lying there without a image.

Her little face was white, she just felt pain all over, hurt her bone marrow, hurt her soul, making her younger almost unbearable Really ... ”Qin Tiange shook his head secretly, sighed, came forward Gently picked up her petite body and walked directly into her little boudoir.

There was a large wooden barrel prepared by Qin Tiange, and naturally some medicinal liquid was added to Chen Zhen to wash his body.

“Can it still move?” Qin Tiange asked gently.

“Sister ... brother-in-law, can you close your eyes?” Chen Yan Qiao’s face was hot, and she was very cute. She said nothing after she said it, and thought of the next scene in her heart.

The corners of Qin Tiange's mouth twitched slightly, and she gave her a white look, secretly saying that this little Nizi wanted to be crooked, and he directly put Chen Zhelien into a large wooden barrel with a nail, and soaked in the liquid medicine.

As for helping her take off her armor? Just kidding, Qin Tiange didn't want to be killed by Chen Xi.

"Take a good bath and wait for dinner."

Leaving a sentence, Qin Tiange went out, leaving Chen Hong with a flushed face sitting alone in a large wooden barrel, soaking the liquid medicine, only feeling comfortable, even the inner shyness was gone.

"Actually, brother-in-law isn't bad ..." Chen Yan thought so and fell asleep.

Gently closing the door of the room, Qin Tiange secretly squeezed a sweat, looked at Chen Xi's room, opened it, she was soaking the medicine inside, and the whole person was immersed in spirit.

"Two simplified versions of brain-domain development medicament, two divine spring waters, two divine fruits, two super-renewable substances ..." Qin Tiange sat on the sofa, quietly thinking about what to do next.

Simplified version of the brain domain development medicament, sister Chen Xi two for one person, two **** fruit, one for each person, two super renewable substances, one for each person.

"I only knew that Chai Mi You Salt is expensive ..." Thinking about it, Qin Tiange shook his head with a bitter smile, and suddenly sighed with a sigh, it was difficult to support his family.

Chapter 338 - The third person?

In Beijing, Supreme Command, a soldier hurried up and handed a confidential copy to General Chen Guodong.

"Head, this is a confidential letter from the intelligence officer over the Sucheng base."

The soldiers retreated immediately after delivering the confidential documents, leaving Chen Guodong alone with the secret documents in surprise.

Su Cheng, a base established by his granddaughter, never thought that an intelligence officer would send a confidential copy, which was a little strange to him.

"Lao Chen, what's wrong?" Over there, Lieutenant General Xia Ming stepped up.

Chen Guodong shook his head slightly, and opened the confidential document while saying, "This is the confidential document from the Sucheng base, which was sent by our intelligence officer."

Oh? Lieutenant General Xia Ming was horrified. Looking at the confidential document, he wondered why he sent a confidential document.

"What did it say?" Xia Ming couldn't help asking.

Chen Guodong looked at the contents of the confidential document, but quietly frowned, as if he had encountered a question of doubt.

He handed the confidential letter to Xia Ming, who took it and looked at it. The more he looked, the stranger it became.

“Chen Xi brought a man back in Sucheng, and stayed for three days?” Xia Ming muttered to himself.

This news is about Chen Xi, the founder of the Sucheng base. She took a man back and lived for three days.

“Xiao Xi has a boyfriend?” Xia Mingchen asked.

With a thoughtful look, Chen Guodong kept looking at a wall in front of him with pictures of Chinese generals. One of the youngest photos was Qin Tiange.

He is the latest and youngest general of Huaxia, Chen Guodong is watching him, and thinking about the man in Su Cheng.

“Who is he?” Chen Guodong felt a little gloomy.

Chen Xi once mentioned Qin Tiange to him, she seemed to like him, and even saw that she was in love.

At first, Qin Tiange had already entered the eyes of their veteran generals, and even had the title of general.

This is tantamount to acknowledging that he is his own person. Chen Guodong directly regarded Qin Tiange as one of his future granddaughters' thoughts.

But suddenly I heard that Chen Xi took a man back, is it a third party?

“Lao Chen, doesn't Xiao Xi like Qin Tiange?” Xia Ming looked serious and felt something serious.

Moreover, he gently reminded: “Recently, the Xiao family is eager to move in the maritime market, and it already has the appearance of infiltrating the capital.

The Xiao family, the famous family, and the maritime base were set up by them, making it difficult for Chen Xi to get involved, and they had to settle for the next and set up a base in Sucheng.

“Lao Chen, you have to think about it.” Xia Ming had to remind the old comrade.

Chen Guodong's face remained unchanged, thinking quietly, and muttering: “Qin Tiange ... Xiao Fei ... and the mysterious man in Su Cheng.”

“Xiao Xi, you will really give your grandpa a problem.” Chen Guodong looked a little helpless. Born in such a family, Chen Xi had a hard time controlling his life-long events.

For example, Chen Guodong didn't even care about Qin Tiange she mentioned, but due to Qin Tiange's sudden rise, he entered his sight and immediately attracted attention.

Only then did he begin to value the things Chen Xi mentioned that he liked one person. Now, he thought things would develop well. As a result, there was a confidential copy. Chen Xi took a man back.

“It’s a terrible thing.”

Chen Guodong rubbed his eyebrows, not knowing what to say. Chen Xi took the man back. Could he still shoot the man?

Xia Ming moved on the face and said, “Old comrades, why not match Xiaoya this girl with that boy?”

“How do you think so?” Chen Guodong looked serious, staring at his old comrade Xia Ming.

The latter thought for a while, and sighed: “You also know that the current form is not good, the undercurrent in the capital is turbulent, and all parties have stepped in. Our situation is not good. We must find reliable allies to stabilize the situation.”

“Originally, Xiao Xi said that he likes Qin Tiange. We think it has been confirmed, but now a third party suddenly appears. What can we do?” Xia Ming asked back.

He reminded: “Xiao Xi is now in control of the Sucheng base, where there are millions of soldiers and civilians. Your grandfather was in conflict because of the death of Xiaoxi’s parents. If it was unpleasant, it would be completely broken. “

“I know that the current form of Huaxia is very bad.” Chen Guodong sighed, of course knowing that he could not interfere with Chen Xi’s choice.

She suddenly took him back with a man other than Qin Tiange, which was a bit inexplicable. Even Chen Guodong couldn’t help but dispose of the man. Isn’t this a bad thing?

“Also, you have to pay attention to Lao Chen, but the eldest son of the Xiao family has always been obsessed with Chen Xi. He has pursued her many times in the early years, and even said that she would not marry. Will the Xiao family miss the chance to enter the capital? “Xia Ming said again.

Chen Guodong is silent, the capital is restless, the inner current is surging, and the outside is more dangerous. It is not only a threat outside humanity, but it is more difficult to see the threat inside humanity itself.

The Xiao family wanted to use Chen Guodong’s strength to enter the Beijing power. This is the key point of the Xiao family’s attempts to marry the Chen family.

“Go, ask someone to check the details of that person.” Chen Guodong looked at the young photos hanging on the wall of the stars that gathered the stars, and gave the order directly.

He wanted to check what the man’s history was, and even let Chen Xi take it back, even for three days.

At this time, Qin Tiange had no idea that he had been reported by Chen Xinxi to some behind-the-scenes forces.

It's not even clear that Chen Xi's grandfather has put him on the third party list.

"Lao Chen, do you want to notify General Qin?" Xia Ming asked suddenly.

Chen Guodong stunned, finally shook his head, and smiled bitterly: "We will not have much trouble, just check who the man is."

The two veteran generals were silent, and Qin Tiange, who was far away in Sucheng, had been very nourishing for three days. He had nothing to train and teach his aunt, or he was a otaku in the room with Chen Xiwo.

...

In the courtyard of Su Cheng, Chen Xi's house, two silhouettes were flying over, weapons collided, and bursts of sound came out.

Uh ...

The silver gun pierced quickly, and three consecutive thorns struck one spear, but unfortunately the spear did not move, but shocked the silver gun.

"No fight, no fight ..."

Seeing a petite figure stopped his body, holding his silver gun in his hands, panting, looking pink, looking extremely charming and touching.

She was Chen Yun. She had been called a pain by Qin Tiange for three days, and she scolded Qin Tiange's demons, cold-blooded, bastards, and so on, and secretly called her demon brother-in-law.

"Two stars, with the strength of 190 people, is already your limit." Qin Tiange sighed secretly, and shook his head sadly.

Chen Yun, since taking Qin Tiange's series of medicaments and Shenguo's help, she has broken her original limits bluntly, and her talent has been refined.

It is a pity that after all, she has been promoted to two stars, and originally had only 20 people. Now she can rise to a horror level of nearly 200 people. Chen Ye feels shocked.

However, in the presence of Qin Tiange, the demon brother-in-law, he was dissatisfied, and was beaten to no avail, and even her sister was not an opponent.

"Sister, look at my brother-in-law and bully me again." Chen Yan's eyes turned round, and he immediately ran to the side of Chen Xi, who was resting.

Chen Xi couldn't help crying and patted her hand and reprimanded: "What do you say, your brother-in-law training you kindly, how can you say that?"

In fact, Chen Xi was grateful to Qin Tiange not only for breaking the strength of her 150 people, but also improving her three-star strength and physical fitness as a whole.

Taking various medicaments, plus Shenguo, Shenquan, and even recently took a simplified version of brain domain development medicament.

Now she is not only transformed in the body, but also transformed in the will of the soul. The body has the strength of 350 people, which is already her limit at three stars. I have to lament that Qin Tiange has broken through the limit from one star, and the accumulation of that kind of heritage is not comparable to others.

At present, Qin Tiange's three-star star has a force of 800 people. This is not the limit. Once he breaks the three-star limit, it will be more horrifying to be promoted to the four-star.

Although the higher you go, the more difficult it is to ascend, but Qin Tiange believes that with his vast heritage now, he can definitely break the realm of the past powerful men.

"Tian Ge, let me take a bath first. There is another important meeting in the afternoon. I can't accompany you, so let Chen Ye go with you." At this moment, Chen Xi suddenly got up and said something.

"Go!" Qin Tiange nodded and didn't care, Chen Xi smiled, turned back to flush the sweat from his body, and prepared to go to the base meeting room for a meeting.

When he heard his sister was going to a meeting, Chen Yan's eyes rolled around and he suddenly proposed: "Brother, since my sister is not available, why don't I take you around the base?"

"Also!" Qin Tiange agreed after a little thought, and he wanted to see the Sucheng base that Chen Xi had set up in one hand.

Although most of them need the help of Jingcheng, Chen Xi's female stream can build this huge base, which is inseparable from her own efforts and strength.

"Brother-in-law, I'll take you around Sioux City."

Chen Yan's small face was filled with excitement, he took Qin Tiange's arm and walked out of the courtyard, taking him directly to the base of Sucheng.

Looking at such a frizzy aunt, Qin Tiange smiled secretly and withdrew his hands without traces, but he did not want to let anyone in his heart see or misunderstand, which had a bad impact on him and Chen Xi and even Chen Zhen.

If Chen Xi saw that she was holding Chen Ye's small hand, although the other party took the initiative to hold him, she would definitely be killed.

In this way, Qin Tiange, under the leadership of Chen Xiao's auntie, began to hang out at You Cheng in Sucheng Base.

"Brother-in-law, you see, Su Cheng left in the park ..."

On the streets of Sucheng, a charming figure, with a handsome and handsome young man, was approaching the Lingering Garden.

Chapter 339 - Furious little aunt

Lingering Garden, Sioux City attractions, a man and a woman came to the gate, the young and handsome man, the extraordinary temperament, the female looks like a fairy, ancient and strange.

“Brother-in-law, let’s go and see in the garden.” Chen Yan said, holding Qin Tiange’s arm again and going directly into the garden.

Helpless, Qin Tiange pulled his arms quietly and scolded: “Little Nizi, pay attention to the image, you are not young anymore, I am your brother-in-law.”

His tone was a little serious, but Chen Yun waved his hand and didn’t care: “Anna, Ann, because you are my brother-in-law, I would like to take you out shopping, don’t think about others.”

She said that Ao Jiao raised her chin, and then quickly retracted again, and carefully looked at Qin Tiange, and immediately spit out her fragrant tongue when she saw his cold appearance.

“Okay, okay, don’t pull, don’t pull, who’s rare.” Chen said, taking the lead in staying in the park, but slowed down deliberately, walking side by side with Qin Tiange, looks extremely intimate.

Qin Tiange smiled secretly, thinking about going back to Chen Xi and asking her to remind this little girl?

In the end, he directly shook his head to veto, joking. If he mentioned to Chen Xi, he would probably sleep on the floor tonight.

“Well, so coincident?”

As soon as I walked into the park, I saw a group of people coming out, all of them wearing armor, especially the head of a young man, handsome and very noble.

The young man saw the moment of Chen Yan, his eyes radiated a surprise light, and immediately greeted.

“Hey, I happened to meet you here. I want to wait to find you.” The young man smiled, his voice was very magnetic, and he felt like a spring breeze.

But Chen Yan frowned, looked at the young man in front of him, and disgusted: “Xiao Bai, I’m not familiar with you, don’t shout so stupid, and, why don’t you stay in the maritime market and come to Sucheng to do something? “

This person’s name is Xiao Bai, the second son of the Xiao family. The maritime base is exactly what their Xiao family established and controls, and their power is huge.

“Xiao Bai, Xiao family?” Qin Tiange stood aside without talking, dragging his chin to look at Xiao Bai in front of him quietly, thinking about the Xiao family.

Xiao Bai smiled and said, “Well, since you don’t like me being too intimate, then I can call your little sister.”

“Right, is this?” Xiao Bai noticed Qin Tiange and asked with a hint.

In fact, he found Qin Tiange’s and Chen Xuan’s traces long ago. This time it was because the Master Xiao family asked him to come and check who was the man brought back by Chen Xi.

This is not the first time I saw Chen Qin taking Qin Tiange out to play, and also holding his arm affectionately, letting Qi Bai's heart be full of gloomy murderous power.

Chen Xun, but how can he tolerate other men's touch with his predetermined flesh. The Xiao family, Xiao Fei and Xiao Bai are two brothers. Xiao Fei looks after Chen Xi, and Xiao Bai looks after Chen Yan.

The entire Chen family, just the two sisters Chen Xi and Chen Ye, have no males, which has led many famous families to want to play the idea of the two sisters. The Xiao family is the most powerful, so Xiao Bai saw Chen Ye holding a man. , Naturally angry, but did not show it.

"This Xiaobai really can hide his emotions, deep in heart, worthy of being a big family child, even if they wish to die, they will welcome each other with a smile." Qin Tiange whispered in his heart, some lamented that the superficial efforts of these family children are really good.

Here, Chen Yan's eyes twisted around, suddenly holding Qin Tiange's arm, Aojiao said: "Who is he to have anything to do with you, and you are not who I am, why can I tell you?"

"Let's go, we have to go shopping." Chen Yan said, cold, not giving Qi Bai a good complexion.

This time, even Qi Bai's heart couldn't bear it anymore, his eyes almost burst into flames.

"Is this the wild man you're looking for?" Qi Bai was furious and arrogant, proud as he couldn't bear Chen Chen to hit him like this.

As soon as this word came out, Qin Tiange's eyes narrowed slightly, flashing a dangerous arc, the other party was insulting him.

But before he started, Chen Kun became angry, like a furious young female tiger, her face covered with ice, staring at Qi Bai.

She said, "Qi Bai, if you dare to say something bad about him, I will rip your mouth."

"Did I say wrong?" Qi Bai seemed very angry. How could he hold back when he saw that the woman he had decided was holding a young man's arm in front of him?

He stared at Qin Tiange, looked up and down, disdain: "This kind of goods, only with a wild man, I see that he has no identity if he wants to, how can he be worthy of you?"

"Also, my Xiao family and your Chen family are in charge of each other. Only I can be worthy of you. It is a matter of time before you and I become husband and wife. Don't you have to hurry me to a green hat?" Got his good image just now.

Qin Tiange shook his head secretly, and was stunned by anger. They all wondered if Qi Bai was going out without IQ, did he think he was bullying?

Still, Qi Bai thought that his Qi family could cover the sky with one hand, and even forgot that this place was the Sucheng base that Chen Xi built, not the Qijia maritime base.

“Stop!” Chen Yanjiao sighed, his eyes flashed a fierce mang, and apart from letting go of Qin Tiange's arm, the figure disappeared suddenly.

With a bang, Qi Bai felt only an afterimage flashing, and his body was blown out heavily, hitting dozens of meters away.

“Two less!”

A group of men exclaimed, rushed over, and hurriedly helped Qi Bai to his feet with fear.

Qi Bai was unexpectedly beaten and flew out, and the armor on his body broke a few traces. If the two-star armor on his body blocked most of the power, it might be enough to hit him with a single blow.

“You ... hey!” Qi Bai opened his mouth to speak, but squirted blood, his eyes almost burst into fire.

The woman he decided to beat him? Moreover, what made him unacceptable was that Chen Yun was not as good as him at first, and could even hurt him.

“What are you doing?” Chen Yan scorched hot, like a furious little female tiger, warned: “You dare to insult him, then you are trying to die.”

“Let me teach you the truth about being a man!”

After Chen Yan said, his body turned into an afterimage and swept away towards Qi Baifei. Only Qin Tiange could see clearly at the scene, but he did not stop.

“Stop her!” Qi Bai was frightened and screamed.

A group of men around them rushed up to stop Chen Yan in the rage, but unfortunately, they got the wrong attention.

Chen Yun is currently a two-star star. His overall physical fitness has skyrocketed, and his strength has soared to the strength of 190 people, which is close to the strength of 200 people. How terrible?

That is Qi Bai, this three-star and close to four-star master, the whole body is up to about eighty people, naturally not an opponent.

Bang Bang!

I was surprised to see that the figure flashed, and a muffled sound came, accompanied by the figure being beaten out, leaving Qi Bai alone to quickly retreat alone.

“Chen Yun, what do you want to do?” Qi Bai was a little panicked, and unexpectedly Chen Chen became suddenly so powerful and terrible.

Chen Yanqiao was furious and hummed, “What do you want me to do?”

She was really angry. Qi Bai was so immortal that she dared to insult Qin Tiange and naturally struck the minefield, which directly detonated the little female tiger.

Qin Tiange, but her brother-in-law who she admires most, although he cursed him as a demon brother-in-law, all his changes in the past three days are clear.

Such a mysterious and powerful brother-in-law even spends a lot of treasures to help her and her sister to improve their strength. Where can I find such a good brother-in-law?

Therefore, as soon as this guy insulted her brother-in-law, she immediately became furious, and under the anger erupted, Chen Kun went directly to a violent blaze.

“I call you cross, I call you rush ...”

Chen Yan waved his powder fist and slammed into Qi Bai’s face, making his cheek puffy, like a pig’s head.

In the back, looking at Chen Xi, who was in a rage, Qin Tiange looked weird, wondering why this little Nizi was so angry?

“Little Nizi, okay, don’t kill someone, then your sister won’t explain.”

Watching the fight was almost the same, Qin Tiange called Chen Chen, let Chen Yan raise his arms to fight again immediately stopped, obediently returned.

“It’s cheaper for you.” Chen Yan still gave a sigh of relief, which led Qin Tiange’s arm past Qi Bai.

Watching the two men leave, the group of men who were beaten up flew up and ran up to help Qi Bai.

“Get off, get off!”

Qi Bai shouted in anger and pushed away a group of men, his face swollen like a pig’s head was somber and bleeding.

He stared at the back of Qin Tiange with a blind eye, and snorted coldly, “Damn boy, you didn’t come here to grab my brother’s woman, but you’d steal my white woman.”

Qi Bai had a somber complexion. Although he was beaten up a lot, Chen Chen was still very decent. He didn’t hurt his muscles and bones. He just beat his skin and became swollen.

After all, he still has a layer of identity, the second son of the Xiao family, and the maritime base is not far from the city of Su, so Chen Yi can clearly understand the importance of the matter.

A meal is not the same as a serious injury. Once Qi Bai is severely damaged maybe the next time the city base will engage in fire with Su Cheng.

“You listen well, after you go back, you will unify your passwords, and say that the man is the wild man Chen Xi found.” Qi Bai suddenly said this coldly, and he was really right.

A group of a dozen or so people faced each other with a chill in their hearts and a cold back because they knew that they had to unify their passwords, otherwise they might be wiped by their masters.

“Little splash, you wait. It won’t be long before your Chen family will be completely destroyed. At that time, I want you to kneel and ask me.” Qi Bai thought for a moment, suddenly showing a faint smile.

He left with a group of men, left Sucheng base directly, and returned to Haishi base. He originally came here to inquire about the news, and by the way came to convey some of the meaning of the elderly on the Xiao family.

But I didn’t expect to encounter this incident and was beaten by Chen Yong, not only caused Qi Bai’s anger as simple as that, but also shocked.

Yes, shock!

Qi Bai was surprised that Chen Zhen’s strength had changed so much that there must be an unknown secret in it.

Chapter 340 - Chen Xi's Decision

“What, you said Xiaobai has been here?”

In the living room, Chen Xi, who was eating, heard his sister’s mention of the matter, looked startled, and asked seriously.

Chen Xi told her sister about the situation today. Of course, this little girl concealed a lot of things, leaving Qin Tiange on the side a bit speechless, but not a little broken.

After listening to his sister’s commentary, Chen Xi’s face grew colder and colder, and she felt a persecution.

Qin Tiange put down the bowl and chopsticks, picked up the wine glass and tasted it with a sip, “Chen Xi, Xiao Bai took a lot of people into the base of Sucheng. You didn’t receive the news the first time. This is something unusual.

“Yes sister, they entered Sioux City, and you didn’t receive any news, which is a bit intriguing.” Chen Ye also felt that something was wrong.

Xiao Bai brought people into Sucheng, and Chen Xi, as the base authority, did not receive any news. There was no problem in this saying that the fool would not believe it.

Chen Xi looked slightly cold and hummed softly: “It seems that some people think I am a female stream, and those people think that I have insufficient means, so bullying?”

She knew in her heart that there were ghosts inside, and there were quite a few, otherwise Xiao Bai would not receive the news as soon as she entered the city with Su, and even her sister told her when she encountered her.

This problem is big, indicating that the Sucheng base is not what it looks like. She has not completely controlled the entire Sucheng base.

“Tian Ge, what do you say I should do?” Chen Xi suddenly turned her head, looked at Qin Tian Ge, and asked her man gently.

How do you know, Qin Tiange shook his head with a smile and spread his hand and said, “Do you look like me as a leader?”

He took a sip of fine wine before saying, "You set up the base in one hand, and, if you want to take full control of the base, you have to think more, you can solve it yourself."

Qin Tiange did not help her, even if it was her own woman, she would not easily remind, because she needs to sharpen, this is an opportunity.

Chen Xi, if she wants to grow, she must go through hardships. This time is an opportunity for her to exercise. The Sucheng base is the best place for her to sharpen herself.

"Okay!" Chen Xi glanced at him, looking a little charming, but the beautiful eyes revealed a clear meaning, tonight, you sleep on the floor.

Qin Tiange whispered in his heart, "It's better to sleep on the floor and sleep on the floor than this, it's better than interrupting your future prospects. I will be wronged by your man."

Next, Chen Xi left after rushing to eat, directly convened a high-level meeting of the Sucheng base, ready to deal with the internal rectification, and completely eliminate all disturbed elements.

On the top of the building, two figures stood quietly, looking into the distance.

"Brother-in-law, what do you think my sister will do?" Chen Yan raised his head in curiosity and asked this question.

Qin Tiange smiled, didn't answer, and asked: "What do you think, your sister will handle internal problems?"

Chen Yan looked down, and soon revealed two little tiger teeth, and smiled: "I think my sister will make heavy efforts to clean up the unstable factors in the base."

"Heavy hands are sure, but there must be evidence." Qin Tiange smiled inexplicably.

Indeed, if you want to get rid of some internal problems, then you must have conclusive evidence, otherwise, once you start, it will cause a big shock inside the base.

This is not a good method. You should pay attention to the principles of doing things, and even have strong evidence on the plain to justify all the unstable factors.

"My brother-in-law, how many troops are there in the barracks, what is your sister doing?" Chen Ye pointed at the base barracks in surprise.

There were just a few troops set off. There were many tanks and armored vehicles, and the number was even larger.

"I guess, your sister must send those who have bad intentions out to perform the task, and then they will be honored to sacrifice." Qin Tiange said with a smile.

Chen took a moment, and thought back carefully, it was really possible. Those who are suspected and have a small piece of evidence must have been sent to death.

As for those who do not have a little evidence, but are skeptical, they are even more sent out to expose them to flaws, and then they are wiped out, all glorious and sacrificed.

Sure enough, those in charge of the troops who were dispatched were all Chen Xi found the flaws and evidence and determined that they were all malice.

For these people, Chen Xi did not hesitate, and met directly to issue a wasteland order, and secretly assigned these people to perform tasks.

Moreover, the original troops have been broken up, and their respective leaders are not the troops they originally led, but have slowed down.

“Major Li, we are likely to be found.”

Outside the base, a lieutenant was whispering to a young major general and was aware of it and seemed to be found.

The Major General Li’s face was cold and hummed coldly: “Even if it is found, what can the lady do to us?”

“That is, for fear of a ball, we have the support of the Xiao family, and we will soon fully penetrate the base of the Sucheng city, and we will completely control the base at that time.” Some universities dismissed it.

This group of people are all hidden misconducts in Sucheng. They are all secrets of Xiao’s family in Sucheng, and they have penetrated into the high-rise.

“The eighteen of us almost controlled the majority of the entire Soviet city. As soon as the Xiao family arrived, we could form an internal and external force.”

“Yes, don’t be afraid of her. A woman is just a small plate of Xiao Da Shao.”

This group of people whispered on the road, didn’t know, there was a figure hiding in the team not far behind them, watching the group of people silently gathering and discussing.

“Sure enough, it looks like I am kind.”

Chen Xi faced disappointment. Looking at the eighteen middle and senior generals in front, she felt a little bit lost. Why was she sorry for these people?

This group of generals are newly promoted newcomers and strong men. She originally thought that these people were the backbone of the base, but unfortunately it was gone.

“Ground it up!”

Suddenly, Chen Xi waved and ordered. For a moment, the troops who had been neatly marching forward rushed forward, and three or two armored vehicles gathered around a military vehicle in front of them.

Eighteen middle and senior generals above saw the armored vehicle blocking the road, and the army suddenly came forward to surround it. The bullets were loaded and aimed at them.

“What are you doing here and want to rebel?”

The Major General Li showed an angry expression, yelled, but unfortunately, the surrounding soldiers were motionless, and the muzzle aimed at them.

I saw that the army automatically separated a passageway, Chen Xi was wearing bright silver armor, carrying a bright silver gun step by step.

“General Chen?”

Seeing Chen Xi’s arrival, then Major Li and a group of senior and senior generals were shocked, and couldn’t help but have a fluster in his heart and be guilty of being a thief.

Lieutenant General Li was still calm and asked, “General Chen, why did you stop suddenly? Is the mission changed?”

“The mission hasn’t changed!”

Chen Xi said something gently, took out a handkerchief and wiped his bright silver gun, and muttered to himself: “I asked you not to be thin, and I personally promoted you up, but I didn’t expect you to eat and eat.”

“General, what do you mean, we do not understand.” Major General Li smiled with a forced smile and wanted to explain.

However, Chen Xi has not given him this opportunity, she said lightly: “Whether you understand it or not, I have decided that the eighteen of you will be honored and sacrificed in this land reclamation mission. This is my final dignity for you. . “

“what?”

“no, you can not...”

Lieutenant General Li and others changed their faces and realized that they were not good. They twitched their weapons and resisted to kill a blood path.

But unfortunately, Chen Xi started her operation, and she was lightning fast. No one could see her clearly, nor could she capture her trace.

Flutter!

After hearing only a crisp sound, Major Li had a blood hole in his eyebrow, and the blood mixed with the brain fluid flowed down and was shot through the head with a shot to kill the spot.

Chen Xi looked like a ghost, the silver gun flickered, and a blossoming plum blossom flew to the other eighteen people.

“Do not...”

Some people had no time to scream, but they were reimbursed completely by the cold ice plum blossoms, and seventeen people fell down almost at the same time.

From Chen Xi’s hands to the fall of the group, the process only took three breaths, shocking the surrounding soldiers, their hearts were trembling, and their backs couldn’t help getting cold.

“Remember, this is the end of betraying the Sioux City base and becoming a traitor.”

Chen Xi dropped a word lightly and warned all the soldiers present, clearly telling them that this group of people are traitors, and they are ready to be killed.

Not long after she returned with the army, she announced that she had encountered a large number of zombies, suffered great damage during the fierce battle, and killed many internal officers. Next, she began to elect new people to those vacant positions.

Even some adjustments were made to the original corps in the Sucheng base, all of them were reorganized, forming three battle groups, two city defense groups, and a security group.

Chen Xi didn't return until late at night, watching Qin Tiange and Chen Yan waiting in the hall. The heavy heart immediately relaxed.

"Good job, although it's still lacking, but it's already good." Qin Tiange stood up and praised with a smile.

"Sister Good job!"

Chen Ye also praised him, looked at Qin Tiange and Chen Xi with a smile, and then turned back to his room with a grimace.

Leaving the two to stare at each other in the living room, Qin Tiange read the ripples from Chen Xi's eyes, and immediately understood.

"Don't be here, Chen Chen will hear."

Chen Xi's face was tender red, and she suddenly whispered a reminder, Qin Tiange knew it, nodded with a smile, picked up the pretty woman and jumped out of the window.

In the room, in front of the window, Chen Yan lay there watching the leap away, and a little uncomfortableness appeared on the little face.

Humph!

"Bad brother-in-law, demon brother-in-law, and took my sister out again ..."
Chen Yan grabbed the war gun and went crazy dancing in the room, looking very angry.

She was mad for a while, and maybe tired, Chen Xi yawned, slouched off her armor, put on a set of pink pajamas and fell asleep in bed.
