

Dark Ages 34

Chapter 34 - Chen Xi leaves

“busy?”

I looked at Chen Xi, who followed me, and frowned slightly, and turned back and asked. This woman must be looking for him, but she didn't seem to dare to speak.

Wu Chenxi was a little hesitant, and hesitated before speaking slowly: “I ... I want to leave and go to find my sister, who is studying in the maritime market alone. I don't worry.”

When Qin Tiange heard this, he felt a bit in his heart, because in retrospect, he hadn't heard that the great emperor had relatives in his previous life. Perhaps he should have died in the last days.

I now listen to her about to leave. Instinctively, Qin Tiange feels uneasy, because he has not completely stamped his heart on the former emperor, or even gave him back his investment.

If she left, and she would be on each side from then on, would it be possible for the empress to help him in the future?

He was full of thoughts, but he didn't even care about his face, and even nodded his head, and then smiled: “Okay, since you're leaving, you'll talk later, come with me first, I'll prepare something for you, otherwise you don't Going to your sister and loved ones, even going out of town is a problem.”

After saying that, he walked directly to the football field. Behind him, Chen Xi, who had originally lowered his head, suddenly looked up and looked at his back.

Actually, she didn't give any hope at all. This man seemed to have a deep attachment to her, as if to control her in the palm of her hand, she should not let her go.

But unexpectedly, Qin Tiange only agreed after a moment of groaning, which made her quite surprised.

“Do you really let me go?” Chen Xi asked after a few trots to catch up.

Looking at Qin Tiange's handsome side face, resolute eyes, steady steps, as if nothing in the world can stop his footsteps.

I looked at her, she was surprised.

“Why, can't bear me?” Qin Tiange looked at her in a daze, suddenly reached out and squeezed her little pink face, and smiled maliciously in her heart.

The beauty emperor of the previous life was finally squeezed by him. If all the emperors of the previous life and even other emperors knew it, it would be crazy.

Qin Tiange knows that in the previous life, two of the three Emperor Powers had pursued this beauty emperor madly, but none succeeded, and no one could even touch her hands, let alone She said she squeezed her face.

“Well, it feels good, smooth and tender.” Qin Tiange withdrew his hand with a strange look.

Chen Xi was awakened by this action, startled, his face turned red, his head bowed, and his heart was ashamed and angry, but it was strange that he couldn't get angry, but had a hint of sweet taste, let Her whole heart was beating.

“My parents are in Beijing, and only one young girl is studying in the sea. I can't rest assured that she will, but I will come back to you.” Chen Xi seemed to explain, whispering.

When Qin Tiange heard it, he laughed in his heart. The words of the former emperor made him a little worried that he finally let go of his investment, at least the investment would not be frustrated.

The two went one after the other, and soon came to the center of the football stadium and stood in front of the heritage stone. Qin Tiange glanced at his space bracelet, which was piled with crystal nuclei, which were collected during killing zombies and killing mutant creatures.

There are 1,500 zombie brain crystals, and there are very few mutated crystal nuclei, only about 38, but there is one mutated brain crystal of two stars.

Looking at his current wealth, Qin Tiange said in his heart not to be excited that it was false. Considering the bitter life of the previous life, the current harvest is only the second day of the last days.

He took a deep breath, Qin Tiange calmed down, and secretly warned himself that this is just the beginning, and there are more great opportunities waiting for him in the future.

After calm down, he started to check the redemption information on the stele, quickly browse, and find what he wanted.

First of all, if Chen Xi is going to leave, she must be prepared, otherwise she would be ridiculous if she hangs up before leaving the town.

A set of one-star armor, two hundred one-star brain crystals, one one-star tang sword, one hundred and one star crystal nuclei, and three hundred one-star brain crystals are gone.

However, for future investment, Qin Tiange can only buy it with pain. Then he looked a little hesitant, staring at one of the rings, which was a storage ring, with 1,500 brain crystals.

“No investment, how can you gain?” Qin Tiange gritted his teeth fiercely, took out the two-star mutant crystal nucleus with five hundred one-star brain crystals, and bought a storage ring directly.

He threw these things to Chen Xi aside, and said, “Hey, this is for you. It's because I invested in you in advance and I will pay it back later.”

Qin Tiange said that he didn't care much, but his heart was dripping blood, and there was no one thousand five hundred crystal nuclei. If Chen Xi did not compensate him in the future, then he would really cry.

“You ... aren't you afraid I'll never go back?” Chen Xiyi looked at a ring and looked at a set of black one-star armor and one one-star tang sword, shaking his heart.

She didn't expect that Qin Tiange actually exchanged these things for her, which definitely cost a huge price, and she said that she wasn't moved that it was fake.

From being abducted to the end of the present age, she has gone through a lot, and her heart has matured a lot. Now Qin Tiange almost moved to cry.

“Asshole, so good to me, don’t you want to soak me?” Chen Xi cursed with a hate in her heart.

Qi Qin Tiange didn’t care. He stared at the exchange on the stone monument and said without a reply, “Don’t go back here after you leave. I will leave here again in four days.”

“Yes, did you just say, your sister is in the sea?” He suddenly turned back and looked at Chen Xi, looking a little serious.

Wu Chenxi didn’t know why, but still nodded and said something about her sister. Listening to her, Qin Tiange suddenly remembered that in the past life, some situations in the city.

He has been there a few times, and it is natural that I know something about the maritime market

In retrospect, it seems that this is a huge opportunity.

This opportunity is the former emperor-level powerhouse in front of him, a thought flashed through his heart.

“This way, since you are going to leave, my good person can do it to the end. Whether you can achieve higher depends on your own good fortune and hard work.”

Qi Qin Tiange suddenly made up his mind and leaned against Chen Xi’s ear, whispering a lot of words, which contained a lot of shocking information.

Wu Chenxi was stunned. While listening, he looked at him with the eyes of a monster, as if looking at an alien.

“What you said is true?” Chen Xi was shocked by the waves, his face was startled, and his bright big eyes stared at him unscathed.

Qin Tiange nodded and smiled: “Of course, you can not believe it, but I have given you this information and help, can you succeed in seeing yourself?”

“I’ll take someone to attract the zombies in the town. You can take the opportunity yourself.”

说 As he said, he exchanged things quickly, spent all the remaining one thousand brain crystals, and bought all the one-star quenching potion. This time he was going to get a hard one.

Behind me, Chen Xi was tangled, looking at Qin Tiange’s eyes a bit complicated, and suddenly found that he could not see the young man in front of him.

“You are good to me, I will keep it in my heart forever!”

Sui Chenxi suddenly looked certain, picked up the delicate storage ring, and quietly carried it on her left ring finger. For a moment, her face was covered with a red glow like sunset, which was charming.

In this regard, Qin Tiange did not find it, and did not pay attention. After returning the good things, he immediately returned to the dining room. Chen Xi behind him replaced the equipment and weapons, and remained silent all the way. The inner peace is not right now.
