

Dark Ages 361

Chapter 361 - Twin sisters?

In the mountain city of Miaojiang, the villages are all built on mountain waves. Wooden houses are connected one by one, layer by layer, which looks particularly ancient.

On the trail, a figure was carrying a medicine basket full of baskets of herbs.

It was a Miao girl, dressed in a Miao costume and wearing silver jewelry, and continued to make jingles.

“So familiar, is it her?”

Far away, Qin Tiange followed the girl of the Miao family and looked at the familiar back, unable to help but be surprised.

The girl in the Miao family carrying a medicine basket in front is very familiar, but she feels that the breath is a bit wrong, it seems that she is not the same person.

He followed from a distance and walked up the hill along the hillside path. There were rows of wooden houses on both sides. From time to time, he could see some Miao family members preparing dinner.

After the end, the survivors of the entire ten miles and eight villages of Miao Xinjiang gathered together to build a huge base on the Great Wall of Miao Xinjiang.

And here is where all the survivors of Miao Xinjiang gathered, and the small and large villages that were established together are on the hillside.

“Long Xiaoya, aren't you in Shenzhen? Why are you here?” Qin Tiange looked startled and muttered to himself.

It turned out that when he saw the girl in front of the Miao family, he felt very familiar, as if it were Long Xiaoya, but wasn't she in Shenzhen at the moment?

With questions, Qin Tiange quietly opened the self-control subsystem on his wrist, contacted the artificial intelligence self-control, and directly asked his own questions.

“Yiji, is Long Xiaoya still in Shenzhen City Base?” He asked with a frown.

Just listen, a sentence from your wrist uploads: “Master, Long Xiaoya is eating at the college, should you connect with her by yourself?”

Oh?

Qin Tiange narrowed his eyes after listening, and was surprised, looking at the girl in front of the Miao family, it was not Long Xiaoya.

But why is she so similar to Long Xiaoya?

Ok? Suddenly, the girl in front of the Miao family had a body meal and looked back slightly, her exquisite and fair complexion, as if depicting a mold with Long Xiaoya.

She found Qin Tiange, who was not far behind, with a icy coldness in her cheeks, and a strange light flashed in her eyes.

“Like, it’s too much.” Qin Tiange was inexplicably surprised, looking at the Miao family girl who looked back, exactly like Long Xiaoya.

He was surprised, thinking that Long Xiaoya was now in Shenzhen University, who was the Miao girl in front of him?

Is it a twin sister?

After all, Long Xiaoya said that he was a Miao nationality. Although he never mentioned the information of his hometown or relatives, but now he saw the Miao family girl who was exactly like Long Xiaoya, he had to have guesses and doubts in his heart.

Soon, the girl in front of the Miao family reached the top of the mountain, where there was a wooden building house, very huge, leaning against the cliff.

This wooden house is very large, and the entire mountain top is a huge house, which makes Qin Tiange following it feel a little weird.

“What about people?” Just turned a corner, and the girl in front of the Miao family disappeared.

Qin Tiange stopped, squinting his eyes, and looking around, the girl of the Miao family suddenly disappeared.

It was getting dark, the oblique trail was lined with trees and rocks, and it seemed extremely steep, but the Miao family girl was missing.

“Are you looking for me?”

Suddenly, there was such a sentence from behind, Qin Tiange turned abruptly and looked in suspicion at the person who appeared behind him, exactly the Miao girl with the same appearance as Long Xiaoya.

When she ran behind, Qin Tiange really didn’t notice this. He confirmed with his sister along the way the information of Long Xiaoya’s location. He didn’t expect to turn to himself after not paying attention.

“I thought you were a friend of mine, because you look exactly like her.” Qin Tiange looked at the woman holding the Miao knife in front of him and said something gently.

At this point, he had determined that the girl in front of him was not Long Xiaoya, because he had just passed the information with Long Xiaoya and asked some information about her.

“Really?” The girl of the Miao family frowned secretly, a hint of suspicious foxes flashed on the delicate face, some did not believe it.

She blinked her eyes, and tilted her head for a moment, then asked, “You go, don’t follow me anymore, or you will regret it.”

After finishing speaking, she put away the Miao Dao and walked past Qin Tiange gently, and it seemed that she was not afraid of whether the young man held her in a bad mood.

“Who is Long Xiaoya?” Qin Tiange said suddenly, and gently asked.

The girl who had just walked to him had a slight shock and her complexion changed, but she recovered.

With no expression on her face, she looked at Qin Tiange coldly and said, “I don’t know, you can leave. This is my residence. If you don’t leave, I will ask someone to invite you away.”

After turning, she turned and left, carrying a basket full of herbs, and walked to the top of the mountain, a huge and independent strange building.

“Three stars, strength is not weak, and there is a mysterious atmosphere hidden in the body ...” Qin Tiange looked at the girl who passed by, a message flashed in his heart.

She has three-star strength, and the moment she walked by, Qin Tiange felt a mysterious atmosphere.

What makes Qin Tiange wonder is, why does this girl who is very similar to Long Xiaoya not know?

Qin Tiange frowned slightly, watching her walk into the huge independent wooden building, closing the door gently, and couldn’t help guessing.

“Have to ask Long Xiaoya well.”

Thinking, Qin Tiange turned around and did not go down the mountain. Instead, he found a vigorous tree rooted on a rock nearby, jumping up and lying quietly.

From here it can be seen that the huge wooden building on the top of the mountain has a mysterious atmosphere, which makes people dare not get involved easily.

With curiosity, Qin Tiange let his wife connect with Long Xiaoya himself in the base of Shenzhen City.

With the help of the people from the Ministry of Science and Technology, a new communication tool, a small personal terminal, was developed.

This terminal gathers a person’s identity information, blood genetic information, etc., and can also be used for communication.

“General, are you asking me something?”

In the city of Shenzhen, the college cafeteria, Long Xiaoya, who was eating, hurried back to her room, and looked in amazement at a figure that appeared on her wrist terminal.

She didn’t expect that Qin Tiange suddenly contacted her, which made Long Xiaoya’s heart beat slightly, her face a little red, and her heart was very nervous.

“Long Xiaoya, can you tell me something about your hometown and your loved ones?” Qin Tiange suddenly asked a sentence without a word, which made Long Xiaoya chat for a long time.

She felt strange in her heart. Why did Qin Tiange suddenly ask about her relatives?

Long Xiaoya thought about it and said, “My hometown is in Miaojiang, Hucheng. You do n’t understand the specifics. As for my loved ones ...”

She said that her expression was a bit complicated, and she seemed unwilling to mention this question, but asked, “General, why do you suddenly ask me these questions?”

Long Xiaoya stared at the lovely eyes and looked at the ghost image of Qin Tiange, wondering for a moment why he asked these?

“Do you have a twin sister?” Qin Tiange pondered a little and asked directly.

When Long Xiaoya heard it, her face changed slightly, her expression was a little complicated, and there was a hint of remorse and self-blame in her eyes, as if there were many secrets in it.

She was silent for a long time before slowly speaking: “Yes, I used to have a twin sister, we look exactly the same.”

Qin Tiange didn’t speak, and looked at Long Xiaoya with a complex mood quietly. She went on to say: “Since we were young, we have been very close and inseparable, but slowly I realized that our Miaojiang Long family has an ancient heritage. . “

“What inheritance?” Qin Tiange suddenly came to his spirits.

Long Xiaoya’s face flashed a little blame and pain, and sighed, “That inheritance is the oldest and most mysterious sorcery inheritance of the Long clan in our Miao Xinjiang.”

“Originally, this succession mission was taken over by me, but at that time I was an upright young man. At the age of eighteen, I was full of rebellion and full of novelty and longing for the outside, so I secretly left the house and left Miaojiang. To the big cities outside. “

Long Xiaoya said remorse and deeply rebuked her heart. She looked down and said: “Since I quietly left Miao Jiang, the inheritance was not replaced. At that time, my sister could only replace me and accept The mysterious and ancient Miao Xinjiang heritage. “

“Since then, the feelings of our two sisters have faded, as if across a gap that can never be crossed ~ www.mtlnovel.com ~ After Long Xiaoya finishes, the whole person seems a little depressed, and my heart is full of emotions, remorse, Self-blame, pain, etc.

“Okay, you go to rest first.”

After listening to these, Qin Tiange was basically clear, and did not comfort Long Xiaoya, and closed the communication directly after speaking.

He lay on a tree trunk and quietly looked at a huge wooden house standing on the top of the mountain over there, curious.

“Witchcraft inheritance?”

Qin Tiange murmured to himself, thinking of the mysterious and ancient inheritance of the Miaojiang Dragon clan mentioned by Long Xiaoya, which should be Miaojiang witchcraft, but he didn't know which one.

However, in Qin Tiange's view, the witchcraft inherited by the Miao Xinjiang women is mostly martial art, because only Miao Xinjiang women can inherit the practice.

Looking at the tightly closed wooden house, lonely towering on the top of the mountain, revealing a hint of mystery, giving a sense of horror.

He looked at him, frowning slightly, and murmured, "Witchcraft, black art ... Is Long Xiaoya's twin sister a wizard?"

Ziz ... rustle!

Suddenly, in the woods on the top of the mountain, after a crack in the rocks, there was a slight rustle sound even under the cliff, as if there were many things crawling.

Ok?

Qin Tiange looked cold and suddenly stood up, looking at the densely crowded insects that suddenly appeared around him, all of which were not small in size.

The most frightening thing is that these bugs are all poisonous insects. The toxicity is so fierce that ordinary people are bitten to death immediately.

Squeak ...

A poisonous insect crawled over, a basin-sized golden thread toad, a one-meter-long blue-black scorpion, an eight-meter-long bucket of jasper viper, gold and silver blood snake, and a colorful snow spider of one meter. Various mutant poisonous insects suddenly surrounded the trees where Qin Tiange was located.

Chapter 362 - Sacrifice

As night fell, the top of a hill in Miaocheng, the dense poisonous insects crawled out, and surrounded the trees where Qin Tiange was.

All kinds of poisonous insects quietly surrounded below, surprised Qin Tiange on the tree, slowly stood up and looked at a group of terrible poisonous insects below.

Huh!

The next moment, Qin Tiange jumped off the trunk, causing a commotion among a group of poisonous insects, and soon calmed down.

Alas ... A basin-sized golden-lined toad made a name in front of him, and two eyes were staring at him.

Next to it, a bucket of gold and silver blood snake spit out its core, the eyes of the snake were icy bloodthirsty, and stared at Qin Tiange.

Behind it, a hundred-footed golden-headed owl crawled slowly, covered with hard armor, and densely claws looking hairy.

Qin Tiange ignored these poisonous insects that appeared suddenly, but stared at a huge wooden house on the top of the mountain in front.

The door of the wooden house slowly opened, and there was a graceful figure in it. It was the Miao girl, Long Xiaoya's twin sister.

“Why don't you go, what is your intention to peep here?”

She changed her clothes, covered her face with silver, covering the delicate cheek, and said such a word gently.

The moment she appeared, the poisonous insects around her apparently made a huge commotion. Qi Qiba retreated, and came to her lying silently around her.

Seeing this scene, Qin Tiange's eyes narrowed, he was surprised, and did not expect that she could control these fierce poisonous insects, it was incredible.

“Zhangshu really has its own mystery and uniqueness.” Qin Tiange sighed first, not even paying attention to the densely packed poisonous insects.

For his current strength, these poisonous insects have no threat at all and can be cleaned up at any time. The only thing that cares about him is the woman not far away.

“Long Xiaoya is your sister?” Qin Tiange tilted his head and asked gently.

Opposite to that, the woman's eyebrow was thick and thick, and there was a hint of complexity in her eyes, but she soon disappeared, and returned to indifference, as if she had never changed.

She looked up and down Qin Tiange and hummed, “You have a bad heart, aren't you afraid of being killed by these poisonous insects, or do you think I dare not let poisonous insects bit you?”

This young man followed from Miaocheng all the way, and he did not look good at sneaking a glance, which made her very angry.

Even worse, he mentioned that the person he didn't want to mention, Long Xiaoya, was indeed her sister, but it was because of this sister that she became what she is today.

“Don't mention her to me, she's not my sister.” The girl had a bad temper and seemed to have a grudge against Long Xiaoya.

Qin Tiange saw this, came to understand, thinking, it should be Long Xiaoya quietly left Miao Xinjiang, resulting in her sister had to take over the inheritance that should belong to her.

Although I don't know why the heart is resentful, Qin Tiange feels that the woman on the opposite side has no hatred towards Long Xiaoya, but she has some resentment in her heart.

“Your sister mentioned you to me, and she said that the biggest guilt of her life is to be sorry for you.” Qin Tiange thought suddenly, and said this sentence.

He walked forward as he said, and as a result, the dense poisonous insects suddenly became mad, and roared towards him.

Hiss ... oh!

The swarm of insects roared and rushed madly to launch an attack, but as the woman raised her hand gently, all the poisonous insects immediately stopped and lay down obediently.

She froze, her eyes cold with a hint of coldness, and warned: "This is the last warning, you leave immediately, or I will kill you with poisonous insects."

"You won't do this. I feel that you have no intention of killing me, and that a good Miao girl like you will not kill me for no reason."

Qin Tiange didn't care, but said this with a smile.

It was this sentence that made the woman stop and wave her hands. The poisonous insects immediately spread away and quietly backed away.

"Goodness?" She said with some self-deprecation, "I'm a witch, a wizard, and everyone is scared. You didn't find it all the way up. Is everyone afraid of me?"

Just now, when I followed him all the way, Qin Tiange saw that everyone consciously gave way to her, and even resigned in awe. I didn't care, but now I was afraid to come.

"My sister was selfish and left Miao Xinjiang alone, so I had to take over the inheritance task that was supposed to belong to her, and became a scary wizard. She was destined to be lonely and no one would dare to marry. Can you say that I can't hate her?"

Long Xiaoya's younger sister was very excited, remembering her tragic encounter, and was even more resentful to her sister.

She should have had a different life, a wonderful life, but unfortunately she was broken ruthlessly by Long Xiaoya and turned into a wizard. Everyone is scared, and no one is destined to like such a girl.

Miao Xinjiang wizards, who inherit the ancient and mysterious witchcraft, many people and even the Miao people themselves are a bit afraid, let alone foreigners, naturally more afraid.

Such a witch is destined to be lonely. Who would dare to like her?

"What's wrong with the wizard?" Qin Tiange said, looking at her in amazement.

In Qin Tiange's view, the wizard is actually nothing bad, and wearing a mysterious and powerful witchcraft is a good thing, but why does it seem unwilling.

Consider now that the end is coming. With witchcraft it means your power. Even look at the dense poisonous insects around. These are all powerful things.

Qin Tiange said inexplicably: "Witchcraft, mysterious and powerful, you can get this ancient witchcraft inheritance, which represents your luck. Your sister gave up that loss."

He was right. Long Xiaoya's abandonment of these inheritances was equal to her loss. Looking at the current world, there is such a mysterious and ancient witchcraft that naturally is the capital of self-protection in the last days.

“Are you really afraid of me?” She couldn’t help but listen to Qin Tiange’s words, and looked at this mysterious young man of the same origin ~
www.mtlnovel.com ~ for a while, the two looked at each other, a dense poisonous insect around One quietly retreated.

“My name is Long Xiaoqian.” Her name was Long Xiaoqian and she said with a complex look: “Long Xiaoya is indeed my twin sister. I used to hate her forever, but I do n’t hate her so much after the doomsday disaster. Then she was grateful. “

She said she was a little lost, suddenly raised her head, and looked forward to asking: “Do you know my sister, do you know where she is now?”

“Why, you want to find your sister now?” Qin Tiange smiled, and she guessed really well. This girl is exactly Long Xiaoya’s sister.

Moreover, a series of actions she had just made to frighten Qin Tiange, trying to force him to ask about Long Xiaoya, but the other party was not afraid of poisonous insects.

In fact, she is still very kind in heart. She is a kind and beautiful girl of Miao family. Even if she inherits witchcraft, she has never changed her.

“Your sister is very good, now in Shenzhen.” Qin Tian Geti said a few words.

Long Xiaoqian was relieved after hearing that she knew her sister was still alive, at least she wouldn’t blame herself.

After all, she got the inheritance that was supposed to belong to her sister. Although it was not voluntary at first, but now she wants to come. Without these inheritances, she doesn’t know how to live.

“It’s night and it’s dangerous outside. Come in.”

Suddenly, Long Xiaoqian said something lightly, turned directly into the room, and even invited Qin Tiange to enter the room, which has to say that the girls of the Miao family were so enthusiastic?

Qin Tiange followed her into the wooden house with a smile, and squeaked and closed the door. He wondered, what was so strange about the sorcery practiced by Long Xiaoqian?

Long Xiaoya’s sister, Long Xiaoqian, is a Miao Xinjiang wizard, who is good at ancient and mysterious puppetry, and can also be called a puppet master!

Chapter 363 - Rare ice silkworm, metamorphosis

Late at night, lone men and widows are in the same room, don’t think about it.

In the room, a few oil lamps were lit, and in the dim light, there was a strange and strange jar hanging around.

These jars are weird, sealed, and seem to contain all kinds of strange things inside, which attracted Qin Tiange’s attention and curiosity.

“Don’t touch!”

With curiosity, Qin Tiange was waiting to observe those weird jars, but Long Xiaoqian's warning sound came before him.

She solemnly warned: "These jars are filled with some extremely virulent poisonous insects, which I caught and raised before the last days. Although most of them died of the effects of the last days, the toxins in them were extremely strong. Once the jars were opened, The poisonous gas inside will rush out, don't blame me when it is poisoned. "

It turned out that these jars were filled with some poisonous insects. Long Xiaoqian caught them to raise them before the end of the day and prepared to grow into maggots.

But I did not expect a doomsday, dark energy swept the world, causing biological mutations. Some of these poisonous insects got mutations, just those poisonous insects that she controlled.

Others could not bear it and died directly, but the toxicity itself was more violent. As it was sealed in the jar, a terrible toxic gas remained inside.

Once the seal is opened and the poisonous gas is ejected, most people will be poisoned directly, and even one-star and two-star intensifiers will be poisoned.

"Don't you have so many poisons, aren't you afraid that they will eat back?" Qin Tiange asked curiously as he looked at the bottles and cans.

You know, now the poisonous insects in the post-apocalyptic mutation are even more terrible, and even some poisonous insects have developed consciousness, and with spiritual wisdom, it is even more difficult to control.

Once back-bite occurs, it is a horrible and dangerous situation. Does Long Xiaoqian really not know these?

"I will not bite back." Long Xiaoqian gently shook her head and explained: "These poisonous insects were all cultivated from my childhood. They are made from my blood and various poisonous spirits, which is equivalent to me. "

She only explained a little, not much, and Qin Tiange understood and didn't ask much. After all, these are related to the secrets of witchcraft inheritance, so the interesting ones did not continue to ask.

Huh?

"what is that?"

Suddenly, Qin Tiange sensed an icy atmosphere, turned and looked around, and saw a table alone in the room in front of which enshrined a crystal jade altar.

This jade altar is the size of a basketball, crystal-clear, and looks extremely ancient, but the most interesting thing is that the jade altar exudes a strong cold.

Even a thin layer of frost had condensed around the jade altar, which was extremely strange and made Qin Tiange surprised.

"Don't get there." Long Xiaoqian warned seriously, she said: "This is a rare ice silkworm I found outside the Miao Xinjiang Forbidden Area in my early years."

“Rare world ice silkworm?” Qin Tiange’s eyes narrowed, he was surprised, looked at the jade altar, did not expect a rare world ice silkworm inside?

What is the rare ice silkworm? According to ancient records, the rare ice silkworm, with its powerful frost power, will undergo at least nine transformations in its lifetime, also known as the nine-variable ice silkworm.

This kind of metamorphosis is called life and death metamorphosis. Once the metamorphosis of ice silkworm, it will cocoon, then die in the cocoon, shed a dead body, and then regenerate the cocoon to obtain perfect metamorphosis.

In previous life, there was news that this rare ice silkworm was found in a restricted area.

There was news from that person that the ice silkworm had completed the ninth change, and its grade was ten stars, and there would be an absolutely zero degree space within a kilometer of the past.

Absolute zero!

What kind of scene is that? That is, the ice silkworm has passed, everything freezes, freezes into ice in absolute zero space, and disappears into a pool of ice water.

“Rare world ice silkworm, how could you catch a rare world ice silkworm?” Qin Tiange became more and more surprised, couldn’t help looking at Long Xiaoqian in front of him.

He frowned, recalling that in the memory of previous lives, there was no Long Xiaoqian maiden, did he die halfway?

Otherwise, if she owns a rare ice silkworm, as long as the ice silkworm completes the ninth life and death change, it is a ten-star powerful creature, and it is a very scary kind.

Even if the rare ice silkworm can complete the tenth life and death change, it will stand on the king and become a powerful and scary ice silkworm king.

At that time, where the ice silk king passes, an absolute zero space will be formed within ten miles, what a horror?

“How many changes has this ice silkworm completed?” Qin Tiange suddenly asked solemnly.

After listening to it, Long Xiaoqian looked at him in surprise, wondering, “You actually know the capabilities and characteristics of the rare ice silkworm?”

After thinking about it, she said immediately, “This ice silkworm has completed the third transformation, and is ready to enter the fourth transformation.”

Qin Tiange nodded secretly and murmured: “That is to say, this ice silkworm is now a three-star class, close to a four-star.”

“What do you use to feed it?” He was curious again.

I saw, Long Xiaoqian stepped forward gently, took a cup of dark green juice, and showed a hint of cold.

“This is cold medicine, and the toxicity is fierce, so I use this to feed ice silkworms.” She said, and gently lifted the lid of the jade altar, ready to pour cold poison into it.

As a result, as soon as the lid of the jade altar was opened, a icy white light burst out and it was directed towards Qin Tiange’s side.

“Be careful!” Long Xiaoqian changed his face, exclaiming.

She didn’t expect that the ice silkworm suddenly rushed out, or shot towards Qin Tiange. The situation happened too suddenly, causing her too late to react. She could only watch the cold white light hit Qin Tiange’s face. door.

Humph!

Looking at the white light coming from the lasing, showing a strong cold, Qin Tiange could not help but hum, suddenly a fiery flame erupted from his body, and the flames were burning.

Hiss ... Bai Guang paused suddenly, backed up quickly, flying around Qin Tiange in the air, and opened his mouth with a sharp hissing sound.

It is a rare ice silkworm. It is snow-white and transparent, like a baby silkworm. The flesh looks cute.

However, if you know its terribleness, no one will find it cute.

“come back!”

Long Xiaoqian was furious, holding the jade altar, constantly chanting ancient mantras, and wanted to call and drink the ice silkworm back to the jade altar.

It is a pity that Bing silkworm seems to not hear her or keeps her orders, but instead circulates and dances around Qin Tiange’s body.

However, the ice silkworm did not dare to come over, because Qin Tiange was burning with the burning flames, and would be burned to ashes once he touched, even if the ice silkworm was born with the power of mysterious ice.

“No, Bing silkworm is out of control and won’t listen to my orders.” Long Xiaoqian’s complexion changed slightly, and the spell failed.

Bingchan didn’t listen to her, which made Long Xiaoqian’s complexion look anxious, with an ominous premonition.

“Stop, or burn you.”

Suddenly, Qin Tiange gave a sigh, revealing a murderous motive, and the ice silkworm that was spinning around him stopped immediately.

It was amazing that the ice silkworm actually stopped, let alone Qin Tiange, even Long Xiaoqian was dumbfounded.

The two looked at an ice silkworm that was quietly floating in front of them, three pairs of thin cicada wings, transparent throughout, exuding a strong cold, freezing the air.

This is the three-winged ice silkworm, a rare ice silkworm that has completed the third life and death change, floating quietly in front of it, seemingly obedient.

“Strange!” Long Xiaoqian murmured, and E’s eyebrows frowned, and she stepped forward to put the ice silkworm into the jade altar. As soon as it moved, the ice silkworm flew to the other side, floating quietly.

Seeing this, she was shocked and murmured: “Why, Bing silkworm is out of my control, and even refuses to listen to my orders?”

She couldn’t figure this out, but Qin Tiange guessed faintly, guessing in her heart: “Can it be done, this rare ice silkworm wants to **** my blood?”

It’s really possible to think about it, because Qin Tiange once took Jiubian Immortal Blood, this thing has some kind of mysterious power, allowing him to get the first change of Kirin.

But what the next nine changes are, in fact he does not know, only vaguely knows the previous five changes.

For example, the first Kirin change, the second Phoenix change, the third white tiger change, the fourth vortex change, and the fifth true dragon change. As for the other changes up, it is not clear.

“Nine changes in the ice silkworm, is it ...” Thinking, Qin Tiange gritted his teeth, squeezed out a drop of crystalline blood beads in his fingers, and bounced gently in front of the ice silkworm.

hiss...

Suddenly, the still ice silkworm hissed, and the excited mouth swallowed the drop of crystal blood, which was especially excited.

It revolved around Qin Tiange in a continuous circle, making a cheerful and neighing hissing ~
www.mtlnovel.com ~.

Huh!

The ice silkworm rushed quickly and stopped directly on the palm of his outstretched hand, rolling like a puppet in the palm of his hand, the flesh was so cute.

Next to it, Long Xiaoqian had already looked at him for a long time, his complexion was complex, his eyes were flashing with a little strange light, and he constantly looked at Qin Tiange, and suddenly he had a keen interest in this young man.

Why did he get the recognition of the ice silkworm, even at the expense of directly cultivating the slightest connection with her and cultivating Qin Tiange directly?

“The weird young man, what is the secret of his blood that can attract the love and self-confidence of the rare ice silkworm?” Long Xiaoqian muttered to himself.

There was a strong curiosity in her heart. The origin of Qin Tiange's identity and even her ability made her curious. What's more curious is what's hidden in his blood?

A drop of blood can make the rare ice silkworm excited and cheer. It has to be said that Qin Tiange's blood definitely has an unusual mystery.

In fact, this is normal. Think about how many spiritual materials and feats Qin Tiange has used along the way, taking the refined immortal medicine and even using the divine medicine to wash the flesh, his flesh and blood has already become different.

“This ice silkworm, you still keep it well.”

With a hint of embarrassment, Qin Tiange passed the ice silkworm in his palm into the jade altar of Long Xiaoya.

But before Long Xiaoyan closed the jade altar, the ice silkworm rushed out again, returned to Qin Tiange's palm, kept his mouth open and hissed, looking very anxious and angry.

“Uh ... this ...” Qin Tiange was speechless, and for a while he didn't know what to say.

He actually likes this ice silkworm, but after all, it is Long Xiaoyan's thing. This took away the rare ice silkworm from other people.

Chapter 364 - Brother? 9 Lai Horn

Long Xiaoyan had a complex complexion. Looking at the cheerfully rolling ice silkworm on his palm, he felt somewhat jealous and lost.

Ice silkworm, a rare poisonous insect that she obtained, never wanted to escape her control and rearing, and directly chose the mysterious youth in front of her.

“Since the ice silkworm likes you, then you should treat it well.” Long Xiaoyan sighed and said this sentence directly.

She built the jade altar and put it back in place. Then she smiled bitterly: “I don't know how on earth you let this ice silkworm automatically choose you as its master?”

“I don't know!” Qin Tiange looked innocent, and spread his hands saying he didn't know.

In fact, he had already guessed vaguely in his mind, but this involved some of his hole cards and secrets, so he couldn't say it naturally.

“The ice silkworm should belong to you. Since it chose to follow me, I will accept it.” Qin Tiange rejoiced, teasing the ice silkworm in his palm.

I saw the ice silkworm turned over in dissatisfaction, exposing the white and clear belly, so he was lying on his palms and sleeping.

“This little guy.” Qin Tiange couldn't help crying, then looked up and said something to Long Xiaoyan with an envious face.

“Let’s do this ...” Qin Tiange thought for a while and said, “I took your rare ice silkworm, after all, it’s yours, and I’m sorry to take it for nothing.”

“Here are ten one-star hardening medicaments, and ten two-star medullary lavage potions, plus a super regeneration substance, two drops of Lingtao, Shenquan water, and three drops of life.” Qin Tiange said, Take out one thing after another.

These are all good things. Of course, in Qin Tiange’s view, rare treasures and nine-variable ice silkworm are even more rare and precious.

As long as the ice silkworm has completed ten life and death transformations and broken cocoons to respawn, it can become a powerful king-level creature. At that time, no spiritual material can match it.

Long Xiaoya was stunned, looking at what Qin Tiange had taken out, one after another, many of whom had never been seen or even heard.

“By the way, I think you seem to understand pharmacology and even know how to formulate medicines. I still have a lot of medicinal materials here, and I have a lot of opinions on refining medicines. I will discuss with you some of the knowledge about pharmaceuticals. Qin Tiange said with a smile.

Long Xiaoqian nodded dumbly and agreed instinctively, but soon came to his senses and looked at Qin Tiange in amazement, secretly saying that the other party knew how to make medicine?

Qin Tiange looked at the fingers and wrists of her hands and found that there was no storage equipment. Long Xiaoqian didn’t have such a thing.

“Seeing that you have no storage equipment, it is actually very inconvenient. I happen to have a storage ring here, plus these things, it is as if I bought the ice silkworm from you.” Then, Qin Tiange took it out. A storage ring was handed to Long Xiaoqian.

The latter looked crimson, and shyly turned away, his face was hot. This was the time when a young man gave her a gift. From the moment he became a wizard, no young man dared to talk to her.

Moreover, in today’s society, giving a girl’s ring represents something self-evident, and everyone knows the significance.

Now when Qin Tiange sends her a ring, Long Xiaoqian’s heartbeat speeds up, her face is pink, don’t look away and dare not look at him.

“Eh ... this is a storage ring, you can put things, you ... well, I put it here.” Qin Tiange with a hint of embarrassment, secretly pinched a cold sweat.

He put the storage ring next to the pile of things, turned around, and looked around, leaving Long Xiaoqian calm and calm.

The scene just now was too ambiguous, and the ring was given as soon as I opened it, as if it was a marriage proposal. It felt weird.

For a long time, Long Xiaoqian calmed down, turned around and found out that Qin Tiange was walking around the room, look here, look there.

She was relieved, her flushed face was full of temptation, but soon she was attracted by many things on the table.

“Storage ring ...” Long Xiaoqian first picked up the storage ring, examined it carefully, and then gently put it on the index finger.

This means that she is unmarried and would like to have a love, stroking the storage ring gently, Long Xiaoqian looked at Qin Tiange, a mysterious young man, with a complex look.

“Sacred spring water?” Soon, she was attracted to one thing. There were two drops of **** spring water, not many.

Two drops are enough for her. At present, if she drinks two drops of Shenquan water, she will definitely get the magical effect of washing her body.

And the super-regenerating material is a little bit, golden, with a mysterious atmosphere. These are things she has never seen and never heard of.

“Shenquan water is eaten with super-renewable substances. The liquid of life melts into the water and is used for bathing to enhance the vitality of the body, beauty and beauty, and to prolong disease.”

Qin Tiange suddenly walked up, introduced the role of these things with a smile, and made Xiao Xiaoqian look surprised and shocked.

No way, these things are good things, she has never heard of it, but she can feel the faint and extraordinary atmosphere from above.

She knew that these things were precious and somewhat weird. After looking at Qin Tiange, she stopped talking and just collected everything.

Qin Tiange didn't care, and laughed: “I didn't expect that you not only knew witchcraft, but also the knowledge of pharmaceutical preparations, which is really rare.”

Long Xiaoqian gave him a white look and explained: “As a wizard, you must not only understand witchcraft, but also pharmacology. Making drugs and so on are the basic skills of being a wizard.”

If you think about it, wizards not only understand witchcraft, but also have strong and mysterious knowledge of pharmacy. They also know how to formulate drugs, no matter whether they are poison or any kind of medicine. They are the basic skills of wizards anyway.

“I also know something about drugs. Come, let's discuss each other.”

With a touch of excitement, Qin Tiange moved directly to a stool and sat down, thus discussing the understanding and understanding of medicine with Long Xiaoqian, a wizard of Miao Xinjiang.

Just now, Long Xiaoqian was able to calmly explain what she knew, so that the other party could listen to it with interest, but soon she found out that Qin Tiange knew more, and could even use the vastness to describe it.

An hour ago, she could still insert a few words, but after an hour she was speechless, almost all Qin Tiange was explaining the knowledge passed down by the huge pharmacist.

That vast knowledge, as he explained it, opened Long Xiaoqian's eyes and opened a mysterious door for her.

This was Qin Tiange's intention. He took the ice silkworm from others, and it was still the most precious one. Fortunately, no natal connection was formed, otherwise the cause would be large.

The two explained one by one, one listened, and asked questions from time to time, talking, and the night passed.

“Unexpectedly, there is such a huge knowledge of pharmacy, I was really ignorant before.” Long Xiaoqian muttered to herself, her expression shocked.

She is still immersed in the vast ocean of knowledge, and refuses to wake up, but studies unceasingly, and draws on the inheritance knowledge of pharmacy explained by Qin Tiange.

Watching her immersed in her atmosphere of learning and understanding, Qin Tiange smiled, didn't bother, looked at the outside, it was already dawn.

After explaining the whole night, he also had some dry mouth, poured a glass of Shenquan water, and immediately drank his spirits, refreshing.

Qin Tiange can do it by drinking Shenquan as water. Is it a waste or a wealth of money, or has he developed a proud heart?

Looking at Long Xiaoqian who didn't want to wake up, Qin Tiange shook his head, got up and walked out of the wooden house, came to the outside, stood on the edge of the mountain cliff, and looked at the situation of the entire Miaocheng base.

Inside the city walls, there are four huge villages, which are formed by four huge Hmong groups, which are the four Hmong branches of flower seedlings, **** seedlings, white seedlings, and black seedlings.

These four Hmong branches have inherited the ancient Jiu Li tradition, and they have been passed down from generation to generation.

“Si Miao, Jiuli, Wizard” Looking down, Qin Tiange murmured to himself, a ice silkworm sleeping on his head, forming a snow-white silkworm cocoon in his hair.

The ice silkworm fell asleep, and the cocoon entered the fourth life and death transformation. After completing the cocoon rebirth, it was a four-star poisonous insect, which was very powerful.

“looking at what?”

At this moment, a clear voice came from behind, and saw Long Xiaoqian wearing a costume and slowly walking to his side. She had taken off the silver jewelry covering her face, exposing that delicate and pretty face.

She tilted her head and looked at Qin Tiange playfully, revealing a smile, as a gratitude and any ~ www.mtlnovel.com ~ as a friend who passed on the huge pharmacist's inheritance knowledge last night.

Long Xiaoqian has no friends since she was a child, because she inherited the ancient art of magic and became a wizard. Naturally no one dares to be friends with her.

Now, the only friend she identified in her heart was the mysterious young man in front of her. Until now, she had never asked her name.

“You are my first friend and confidant of Long Xiaoqian, but you still don't know your name?” Long Xiaoqian asked with a crooked head.

“My surname is Qin, just call me Tian Ge.” Qin Tian Ge smiled indifferently.

Long Xiaoqian murmured before coquettishly smiling: “Brother, thank you, I will call you like this in the future, don't you mind?”

“Uh ... of course you don't mind, you like it.” Qin Tiange gave a stun, then nodded and smiled.

The girl of the Miao family is enthusiastic and sincere. She regards Qin Tiange as her most trusted and close person, and only called him “Age”, which is a kind of intimacy.

The two faced the rising sun and quietly admired the beautiful scenery of the rising sun. The atmosphere between the two was a little strange, but soon, a long horn sound came, breaking the delicate atmosphere between the two.

Oh oh ...

The sound of Shen Chang's horn sounded like an ancient war horn, which is an ancient means of communication in Miao Village, calling on the Miao people in Shizhai and Bazhai to gather.

“Brother, this is our horn of Miao Xinjiang Jiuli. It is a gathering of Miao people from various ministries. Let's go and see.”

Long Xiaoqian looked a little dignified, explained a sentence, then turned around and took Qin Tiange down the mountain to the central square of Miao Cheng, where a large number of Miao people have gathered.

The Jiuli horn is an ancient horn inherited from Miao Xinjiang. It is full of mystery, but everyone in the Miao Village hears the sound of the horn and looks dignified, predicting that something will happen.

Chapter 365 - There are evil spirits in the iron cage?

In Miao Cheng, all the Miao people in the fourth division of Jiuli are gathered in the central square, densely packed with 100,000 people.

According to Long Xiaoqian, in the entire Miaocheng, a total of 180,000 people survived in the four major Miao villages, forming such a large Miaocheng.

“After the Jiuli horn has been separated for 800 years, this is the second time it has sounded. What is it?”

“The last time was a doomsday robber. The Jiuli horn sounded, gathered all the ministries, and resisted the robbery. Today, the Jiuli horn sounded again. Is there a robber?”

On the square, more than 100,000 surviving Miao people looked dignified, gathered together, holding weapons, waiting for the next situation.

They didn't know what was happening. They only knew that now that the Jiu Li horn had been separated for 800 years, it sounded twice. The last time was the day when the last day came.

This time, it was not clear what was happening. Everyone seemed dignified, and the atmosphere in the square was extraordinarily heavy.

“Look at Elder Huamiao Village!”

Suddenly, a whisper came from the crowd. Many people looked and saw a group of people on the high platform of the square. The group was led by a middle-aged man wearing a Miao costume. .

The Hua Miao tribe, one of the four seedlings, has a long history. Tongshou Miao, Bai Miao and Hei Miao are also called the four major Miao Departments, which have a total respect of Jiuli.

“Brother, that is Elder Huamiao, Ma Sanglin.” Among the crowd, Long Xiaoqian introduced Qin Tiange to the high platform.

Qin Tiange was surprised, looked at the elders of the Huamiao tribe on the high platform, and looked at Long Xiaoqian, it seems that his status is not low.

“Look, Elder Wu Miaojiu has arrived.”

There was a commotion in the crowd. Each one watched another group of people walking around, headed by one person, holding their heads high and wearing a seedling knife. He was Wu Dajiu, an elder of the Miao ethnic group.

Qin Tiange's face was thoughtful. The two Miao elders had three-star and four-star strength and were very powerful.

Of course, in the eyes of ordinary people, in the eyes of Qin Tiange, even two Miao elders are three-star, that is, they have 80 to 90 people each.

“Brother, look, there is Elder Hei Miao, Shi Helie.” Long Xiaoqian suddenly pointed at a group of people coming from the other side, a black-bearded middle-aged man headed by Elder Hei Miao. .

Qin Tiange looked at the elder of the Black Miao tribe, judging from his breath, he was much stronger than the two elders before him, and it was a very powerful one hundred people.

“By the way, Xiaoqian are you from the Miao tribe?” Qin Tiange suddenly asked this question, wondering what Long Xiaoqian was from among the four?

Long Xiaoqian didn't hide, and took Qin Tiange to the high platform, which immediately caught everyone's attention, especially Qin Tiange, a strange young man.

"It's Dragon Witch Festival. Who is the young man beside her?"

In the crowd, many Hmong people were shocked, watching Long Xiaoqian take Qin Tiange to the high platform, one by one looking wild, speculating.

Even the three elders who came had some changes in their faces, and looked strangely at Long Xiaoqian and Qin Tiange, especially Qin Tiange.

"Who is he?"

This was a doubt in everyone's heart, but no one asked it, because the identity of Long Xiaoqian was enough to deter many people.

She is the only sorcerer and priest who inherited ancient witchcraft from the four major Miao villages, and is also called a witch offering.

Long Xiaoqian ignored the strange eyes of others and took Qin Tiange to a place specially prepared for her to sit down. The huge wooden rattan chair was just enough for two people to sit down.

"Brother, sit first. I belong to Bai Miao, but it is the only witch offering for the entire Jiuli." Long Xiaoqian sat down and said something gently in his ear.

It was so quiet that the countless Miao people under the square were stunned. This was also a bit intimidating, which was a bit wrong.

"His, do some people dare to like the Witch Offering?" Some Miao youths looked horrified, secretly drank the air, and felt cold sweats coming out.

They looked at Qin Tiange's eyes with some pity, witch offerings, but the most mysterious existence in the entire Jiuli Li Miao, and everyone talked about it.

No young man dares to like a witch offering. This is a taboo in the clan. Young men, even bachelors, dare not dare to fight witch offerings.

"Brother, look, my Elder Baimiao has arrived." Long Xiaoqian suddenly pointed to the side, and a group of people came over there.

The head, turned out to be a beautiful woman wearing a Miao costume. She looks thirty years old and still has a charm, attracting the fiery eyes of countless young people.

Long Xiaoqian laughed: "Brother, that's my elder Bai Miao, Wu Yi, never married in life, good people."

Oh ... Qin Tiange responded, and after looking at it, he stopped paying attention. Although the Bai Miao chief was very beautiful and mature and charming, he didn't pay attention.

Long Xiaoqian sitting next to him saw his expression, his eyes flashed, his smile was even sweeter.

"Xiao Qian, is this?"

There, Wu Miao, the chief of the White Miao tribe who came all the way, was surprised and constantly looked at the young man sitting next to Long Xiaoqian, and his heart was shocked.

That's Long Xiaoqian's position, barely able to accommodate two people, but why can a young man sit beside Long Xiaoqian?

“Aunt Wu, this is my friend, Qin Tiange.” Long Xiaoqian simply introduced the sentence and said nothing more.

Elder Wu Yan's eyes flashed and looked at Qin Tiange, who nodded to her as a greeting.

After all, Long Xiaoqian called the other party Aunt Wu just now, and she should be closer to each other. At the same time, the people in the Bai Miao tribe must not be rude.

Wu Yue sat down with amazement, and the elders of the four major tribes were all there. The more than 100,000 survivors gathered in the entire square did not speak and calmed down.

“You all!”

As I saw, Shi Helie, the elder of the Black Miao nationality, stood up, looked solemnly, and glanced at all the Miao people present.

He shouted loudly, “This time the Jiu Li horn is sounded and the people are gathered for a major event.”

“Lift it up!”

When everyone was puzzled, they suddenly saw the elder Black Miao scream, everyone turned around and looked at him.

A group of tall men came up with a huge iron cage, and eight people carried the huge iron cage.

哐 Dang!

The iron cage was placed in the center of the high platform, covered with a thick black cloth, and couldn't see what was inside.

Everyone was curious and looked at the huge iron cage in suspicion, speculating what was inside.

“Is it a beast?”

“Or some kind of scary poisonous insect?”

The Miao people are speculating and talking. On the stage, the four ministers have a solemn look ~ www.mtlnovel.com ~, one after another stand up, their expressions are a bit heavy.

On the platform, the moment Qin Tiange looked at the cage from the moment it was lifted out.

His eyes flickered with silver, and he looked horrified, staring at the iron cage covered by the black cloth with some suspicion in his heart.

“This breath ...” His face was slightly condensed, his brows frowned, and he felt the breath from the iron cage secretly, it was a living breath.

However, there is a slight difference in it, it seems that there is a mysterious atmosphere permeating, which makes him indistinguishable for a moment.

“As the sky descends, there will be evil in the world!”

The elder of the Black Miao sighed, his expression was extremely painful, as if he was telling the pain and horror of this coming doomsday.

“I was in the fourth division of Jiuli, and I was hit hard by the doomsday. Everything was because of the evils in the clan.” He looked angrily and said the news angrily.

Wow!

When this word came out, more than 100,000 people were in a panic. Many people looked at the elders of the Hei Miao in surprise and couldn't believe his words.

“Darkness? Is he talking about zombies or mutated creatures?” Qin Tiange froze and asked Long Xiaoqian, who had been sitting beside him.

The latter explained softly: “Elder Hei Miao is not talking about the walking dead, let alone those creatures that cause inexplicable changes, but other things.”

“Is that the evil he said is in the cage?” Qin Tiange narrowed his eyes and looked at the huge iron cage not far from him.

Does it really contain a demon evil that harms the world?

“Open it up and let all the people see what the evildoer looks like.”

Suddenly, Elder Hei Miao ordered two burly men to grab the black cloth and slowly pulled it open, exposing the so-called demon evil inside.

Chapter 366 - Queen of Queens

Wow!

The black cloth was lifted open, revealing a huge steel cage, welded by all metals, three meters long and two meters high, with a figure lying quietly there, like a hairspring.

“this is...”

Qin Tiange's pupils shrank, his eyes flickered, and he stared at the iron cage, setting off a big shock in his heart.

In the iron cage, a young girl was lying, wearing silver jewelry and a traditional Miao costume, with a delicate face, but a little pale.

She was injured, with blood on her body, and was obviously injured, even with a large iron chain tied to her body.

“The head of the snake ...” Qin Tiange was really surprised. The girl locked in the cage turned out to be the head of the snake.

Yes, he saw that the upper body of the girl was no different from a human, but the lower body was not human feet, but a snake tail.

“See?” Elder Shi Helie of the Black Miao ethnic group pointed at the girl in the cage, and he sternly said, “This is the wickedness captured by my son Shibao, that is, she brought us disaster to Miao Xinjiang.”

“Snake monster?”

“God, is this really a snake demon?”

The whole square exploded, and countless Miao Min looked horrified, looking at the girl in the iron cage, the head of the snake, really frightening.

The girl had long hair splitting, and she could vaguely open her eyes, looking at the horrified crowd around her, her eyes flashing with fear.

Yes, she was scared.

“Kill her, kill her!”

Suddenly, I didn't know who it was, shouted so loudly in the crowd. As a result, more than 100,000 people at the scene detonated, followed by the shouting, the sound was rolling, shaking the Quartet.

Everyone was instinctively driven by the shouting of this life, and shouted out instinctively, resulting in an uncontrollable trend.

“In today's society, there are still such stupid people?” Qin Tiange frowned secretly, looking at the excited 100,000 people in the whole square, feeling a little speechless.

But a girl with a snake head, do you need this? Don't even think about it. In the context of the last days, everything is possible. Trees can become sperm, and animals can become sperm. Now it is strange that a girl who was originally human has become a half-human half-demon.

With countless zombies and mutants outside, she didn't shout to kill, but she shouted to kill this girl with a snake body. Is it because she has a snake tail?

“Another genetic awakener, and it seems familiar ...” Qin Tiange muttered to himself, staring at the girl in the iron cage.

Through the scattered black hair, he saw a delicate little face, white and flawless, showing a weakness and serious injuries.

This girl made him feel a little familiar, as if he had seen it in previous lives, and thought about it, and finally remembered who it was.

“Half-demon alliance, one emperor and one queen?” Qin Tiange's pupils jumped violently, recognizing the identity of the girl.

She is the queen, the queen of the emperor and empress of the previous half demon alliance.

The Half-Demon Alliance was founded by the two powerful men, Donghuang Li and Xihou Xi, who gathered countless half-human and half-demon humans, calling themselves demon clan, but the human world generally called them half-demon.

Therefore, the title of the Half-Demon Alliance is just what it is, and the girl in front of her is actually the half-human half-monster who was outside the human group in the previous life.

This is a demon emperor. It is not a human emperor, but a demon emperor. It is not within the scope of the five human emperors, but it is a force that is scattered outside the human group.

In the previous life, the semi-demon alliance was very powerful, an emperor-level powerhouse, an emperor-level powerhouse, and eight king-level semi-powerful powerhouses.

Although it is much weaker than the human forces in China, it is absolutely horrible, because the demon emperor Dongli is extremely mysterious and powerful.

Moreover, the demon Queen is also mysterious and unpredictable. It is rumored to be a descendant of Son-in-law, and it is not clear whether it is true or not. Now it seems that this is really possible.

“Whether she is a son-in-law or not, whether or not there is a son-in-law, this Xun Xi is definitely a demon emperor of the previous era. I did not expect to be a member of the Miao ethnic group.” Qin Tiange thought quickly, thinking secretly how to save After the previous demon.

He thought, if the demon Queen of the half demon alliance is abducted, will the demon emperor of the half demon alliance be about to cry?

Hehe ... Thinking of this, Qin Tiange couldn't help but laughed and made a decision in an instant to abduct this future demon Queen.

“Clan folks, please be quiet!”

At this moment, Elder Wu Yan stood up, and she looked with a hint of anger, scolding: “She is a poor girl, how can you be so cruel?”

“Also, Elder Shi Helie, let me ask you, this is obviously our Hmong tribe. Why did you seriously hurt her and was held in an iron cage?” Elder Wu Yan directly asked.

The other two elders looked at Shi Helie, the elder of the Hei Miao tribe, with doubts. He just said that his son had seized it.

“This is a demon, haven't you seen it clearly?” Shi Helie looked somber and pointed at the girl in the iron cage. “Everyone can see clearly that she is not our Hmong tribe, but a real snake demon, a monster. “

“fart!”

At this moment, Long Xiaoqian, who had been quiet, became angry, and stood up with a loud drink. She looked very excited, and was so angry that she almost couldn't help exploding.

She rushed to the edge of the iron cage, stretched out her hand and gently lifted the girl's hair, revealing the glamorous appearance of the country. She was the second strongest man in the previous half-monster alliance, the Queen of Demons.

"Xi Xi, how did you become like this?" Long Xiaoqian looked anxiously, and asked the girl anxiously.

Listening to her title, Qin Tiange was more certain that this was the queen queen.

"Sister Long ... I, I'm sorry ..." Xi Xi muttered, weak and weak.

The blood on her body was stained red, and the cage flowed out of it. The snake tail was weak and the scale armor was dim.

"Witch offering, you should know that she is no longer the original Xi Xi, but a sorceress, and must be executed, otherwise it will bring endless disaster to my Jiu Li Sibü." Elder Heimiao warned seriously.

Long Xiaoqian sneered, mockingly: "Elder Shi, I don't think it's as simple as killing Xixi, do you?"

"You're right!" Elder Shi Helie flashed his gaze, and suddenly said solemnly: "This demon girl was discovered by my son Shi Ban, and hit her hard, and removed the demon evil for my Jiu Li Sibü, which can be said to be credited Very big. "

"Shi Helie, what do you want to say?" Elder Wu Yan said faintly, his eyes flashed a hint of coldness.

The other two elders felt the same. Today, the sound of the Jiuli Li horn and the convening of the four ethnic groups of the Jiuli Li are not for the sake of this evening.

"We have split the four parts of Jiuli for too long. It is time to merge them into one and form a stronger force to survive and continue in this dark world." Elder Shi Helie said slowly.

The corner of his mouth slightly tilted, and said, "My son Shibān is not talented. Today, I caught the demon who harmed my tribe, covering the contemporary era, and overpowering the ages. It can be said that Miao Jiang has made a lifeless achievement, enough to follow the ancestors. King Miao glory. "

"Today, as I wait for the four Miao people to gather, we should jointly elect a new Miao king. I think that my son Shibān is just qualified to lead us to the four tribes of Miao Xinjiang and continue to survive in this reckless world."

After all this was said, everyone understood that this was to ask for his son's merit and directly take his son to heaven. There was only one purpose, which was to elect the Miao King.

"Recommended King Miao?" The three elders turned wild and furious.

They understood that Elder Shi Helie wanted to elect his son Shi Ban to become the new King of Miao and to rule the various parts of Miao Xinjiang.

King Miao, with a distinguished status, can order the people of the Miao ethnic group in Miao Xinjiang, which is a symbol of noble status, just like the ancient emperor.

“I object!”

Long Xiaoqian looked cold and hummed, “What King Miao, now that the Chinese nation is unified, has long since banned this position. Do you still want to be called king?”

“You are dreaming!” She froze, suddenly pulled out the seedling knife from her body, slashed the chain that locked the iron cage, and opened the iron cage.

“Stop it!” Shi Helie saw the anger and drank to stop the action of Long Xiaoqian, but unfortunately the chain had been cut off.

Just when Long Xiaoqian was about to open the iron cage, cut off the chain, and release Xi Xi, a loud drink came from under the platform, the voice did not fall, and the person had reached the platform.

Huh!

A black gun blocked Long Xiaoqian’s Miao Dao and forced her back on the spot. The man was burly, holding the black gun in his hand, exuding slight pressure from the upright body.

“Shiban, dare you stop me?” Long Xiaoqian was furious and looked at the person.

It was the son of Elder Shi Helie, Shi Ban. He was a burly man with strong strength, and even had a four-star strength, with a combat power of 120 people.

Squeak ... Suddenly, there was a hissing sound around the high platform, and the crowd in the square only felt the chills of their bodies, and then saw a scene of terror.

“蜈蚣, toad, green snake, blood snake ...”

Everyone was embarrassed, watching the dense poisonous insects emerge, madly rushing to the high platform, directly surrounding Shiban and the iron cage around the center.

Long Xiaoqian faced and yelled, “Give me a break, otherwise don’t blame me for being ruthless.”

Opposite, Shiban looked dignified and looked at the densely popped poisonous insects that suddenly appeared around him.

“Wi Ji, you are fighting against the entire Miao Xinjiang.” Shi Ban did not give way, but said a word of righteousness.

He scolded: “Xi Xi has been possessed by the evil demon and has become a demon girl, which will bring endless disaster to my Miao Xinjiang. Are you fighting against the entire Miao Xinjiang?”

“Yes, you can’t do this for the Witch Ritual. The nymph is not worth saving. It must be killed.”

“The demon girl will die!”

In the square, there was a continuous loud voice, and the people who were interested were encouraging everyone present, and it really brought about a bad effect. Most people agreed to burn the eve.

Many people are in the hearts of everyone ~ www.mtlnovel.com ~ Seeing that most people agree, follow directly, but in fact, they do not understand the mystery at all.

“You, you ...” Long Xiaoqian was so angry that silver teeth were about to bite.

She was resentful, and almost everyone agreed to kill Xun Xi, the only sister in the whole Miao Xinjiang who could talk to her. Seeing that she would be killed alive.

“Brother, save Xi Xi, she is innocent. I believe she is not a nymph, let alone a so-called wicked evil.”

Finally, Long Xiaoqian in Panic asked Qin Tiange, who was sitting in her position, and hoped that only this one could save Ji Xi’s life.

When she heard her asking for help, Qin Tiange was speechless and thought, “I said silly girl, you don’t look at the current situation, aren’t you rushing to the doctor?”

Qin Tiange didn’t want to come out now. One was not a Miao Xinjiang man, so he kept silent without saying a word. One was when the time was not up, and he stood up before the time.

Because he wants to intervene in it, he must be vigorous and popular. Once he intervenes, he can directly suppress all the voices and deter more than 100,000 people who live on the scene. Otherwise, the follow-up will be more troublesome.

“Well, it will really give me a problem ...” Qin Tiange sighed and had to stand up. After all, Long Xiaoqian could not help but help.

Originally, he was thinking of waiting for the most critical moment to stand up and rescue the demon Queen, and now it seems that he has to stand up in advance.

“who are you?”

“Who is he?”

At this moment, everyone’s eyes gathered together on Qin Tiange, all curious about who he was, even sitting with the witch offering, and even looked intimate.

Shi Ban looked at Qin Tiange who came up in surprise, and suddenly blurted out, “Aren’t you the man of the witch offering?”

As soon as the words came out, the scene was dead silent, and the needle was heard.

Chapter 367 - Hit you

Snapped!

A crisp slap came, and Shi Ban fell to the ground, his face swollen, his eyes swollen, and his nose and mouth bleeding.

This slap came so suddenly that everyone at the scene was stunned, staring blankly at Shibao who was beaten down.

“Can a witch offering be insulted casually?”

Qin Tiange was expressionless, wiped the blood on his palm, and hummed coldly: “This slap is just a lesson for you, don’t talk nonsense.”

“You ...” Shibao was furious and stood up struggling.

He spit fire into his eyes, shed tears of blood in one eye and growled, “Who are you, how dare you hit me?”

“Do you know who I am?” Shi Ban looked very angry, surprisingly irritable, and shouted, “I caught the evil that harmed Miao Jiang, and conquered the contemporary world. He is a man who wants to become the Miao King. You dare to hit me. ? “

boom!

As soon as the voice fell, the entire Shibao flew up and fell to the ground fiercely, lying motionless.

“It’s you!” Qin Tiangehan said with a face, saying: “Ignorance, let’s not say if Xi Xi is a monster, if it hurts the entire Miao Xinjiang, just relying on what you just said is enough for you He died ten or eight times. “

“Damn, you hit my son?”

At this point, Elder Hei Miao Shi Helie was finally awake, and with a furious roar, he would kill the sword.

He was fast and the steel knife whistled. Few people around him could see his movements clearly, but he faced a strong man like Qin Tiange and was doomed to sorrow.

Ding!

One hand protruded like a lightning, and clanged and grabbed the slashed sword and caught it steadily.

Shi Helie’s complexion changed so much that he wanted to draw a knife, but he didn’t move. No matter how much power he used, he couldn’t pull out the steel knife, and Qin Tiange clung to it with five fingers.

“I am an elder, do you dare to rebel?” Shi Helie yelled furiously.

Snapped!

As soon as the voice fell, Shi Helie’s mouth was swollen with a slap, blood and water sprayed, and fell directly to the ground.

At this moment, everyone finally woke up from the sluggishness, one by one looking at Qin Tiange’s eyes a little differently.

“You, you dare to hit me?” Shi Helie couldn’t believe it. As Elder Heimiao, he was beaten in the presence of everyone.

Humph! Qin Tiange snorted coldly: “It’s you who hit you, why can’t I hit you?”

“Eh ...” Elder Shi Helie spurted blood and passed out on the spot.

He was so angry that he woke up for a long time, crawling up and screaming, “Hei Miao’s brothers and sisters, kill this guy for me.”

Shi Helie actually said this sentence, and immediately caused a lot of people’s turmoil, and saw a large group of people rushing and rushed up.

“I see who dares to move?”

Qin Tiange took a step forward and flew over Shi Helie with a kick, so fast that no one could see it, and then saw the figure flashing, and Elder Shi Helie flew out and hit his son.

I saw, Qin Tiange stepped forward, stepped on Shi Helie’s knife-holding hand, stood high, his face cold, and a ray of murder struck through his eyes.

“What your father and son just said, they are so heartbroken!”

Qin Tiange glanced at the group of people holding the knife and hummed, “I will ask you, who gave you the courage to dare to split the Chinese nation?”

Wow!

As soon as this word came out, everyone took a step back unconsciously, their faces changed wildly, and they all stepped back inexplicably.

Shi Helie’s and his son’s faces changed greatly, and the other three elders were shocked, and were shocked by these words.

Even Long Xiaoqian, who was treating Ji Xi, was shocked. They looked at Qin Tiange and stopped talking for a while.

Who dares to split the Chinese nation?

“Shi Helie, as an Elder of Hei Miao, you dare to blatantly undermine our Chinese national united front. The wolf is ambitious, and his heart is awe-inspiring.” Qin Tiange uttered a word of words, shaking the ears of the whole square Sound straight.

His eyes were sharp and he swept across all the people present. None of them dared to look at each other, and even most of them stepped back unconsciously.

Just kidding, this charge is too big, who dares to come forward?

“My Huaxia people have always followed the great unification. Any person and force trying to split the ancient Huaxia unity will be crushed ruthlessly.”

Qin Tiange’s slow, slow words, revealing the endless cold, staring at Shi Helie and Shi Ban, the cold and bitter killings.

He hummed: “Your two courageous fathers and sons have become kings independently. This is to bring the entire Miao brothers and sisters into the fire pit and become sinners of the entire Chinese nation.”

“The two of you are motivated by desires and want to be kings of the mountains. I think you are the sinners and evildoers that harm the entire Miao Xinjiang.”

“Yes, both of them are sinners in my Miao Xinjiang.”

As I saw, Long Xiaoqian, the witch sacrifice, stood up and hated: “As Chinese descendants, we should know that the unified national mission of the Chinese nation is sacred and supreme, inviolable, indestructible, and unshakable.”

“All those who try to split our nation are our enemies and sinners.”

“Kill them!”

“It’s awful!”

Finally, many people in the crowd came to their senses, and immediately realized that the play between Shi Helie and his son was to control the entire Miao territory, and then called the king independent.

This is the most sinister intention and bad intentions, and it is actually a sacred and inviolable fact that it is necessary to undermine the national unity of China.

“Hei Miao’s brothers, who killed them, I will give him the King of the Earth.” Suddenly, the father and son of Shi Helie on the ground got up and shouted his throat and roared, and immediately caused great confusion.

Many people’s hearts are cracked and the king is cracked. This pie is really big and fragrant, but are these two fathers and sons rusty?

“Cracking the Earth and Sealing the King?” Qin Tiange squinted and teased, “It seems that your father and son have really been swallowed up, not only your eyes and soul are blinded, do you really think you can be called a king emperor?”

Qin Tiange is extremely speechless. Shi Helie’s father and son in front of him are really speechless, don’t they take their minds?

If you want to have the real power to dominate the king, even if you think about it, do you dare to think of breaking the earth and thinking that you are the emperor?

“Kill, kill them!”

“Kill them and kill the King!”

Finally, such a word came from the Black Hmong people, and they suddenly stunned the entire square, and more than 100,000 people brushed their eyes, and saw a person wearing black clothes and black pants, covered in a black robe, hoarse. Shout, rushed up with thousands of people along the way.

“Damn, Shi Helie, you’re on your own!”

Elder Wu Yan was furious and looked at thousands of people around the high platform. It was easy to imagine the anger in his heart. Shi Helie was trying to kill their three elders.

Elder Miao Miao screamed angrily, “Shi Helie, can you be so heartbroken that you can kill us?”

“It turns out that you want to bring the entire Miao Xinjiang into the abyss, and you can’t let him succeed.”

The three elders gathered together around the iron cage on the high platform. At this moment they had understood that Shi Helie was going to rebel.

“Hahaha ...”

Shi Helie looked crazy, laughed a few times, and quickly followed the man in the black robe, his expression seemed very proud.

Around it, thousands of people were fully armed, with swords, guns, and sticks surrounding the platform, and three elders, Long Xiaoqian, and Xi Xi were all around the center.

But those thousands didn’t dare to move, because there was a crowd of poisonous insects around the high platform, staring at these thousands.

“Hey, the Huaxia people are stupid, and casual flickering and temptation can make them disappointed with their own nation, generate anger and retreat.”

Suddenly, the man in the black robe sneered in a low voice, his voice was very low, nobody around him heard it, but was heard clearly by Qin Tiange here.

“It turned out to be a foreign spy?” Qin Tiange squinted his eyes, boiling his heart, and it turned out that foreigners mixed it up.

“I said brothers Miaojiang, why do some people want to undermine their great cause of national reunification? It turns out that outsiders are engaging in ghosts.”

Qin Tiange suddenly stepped forward and approached the black robe man step by step. This action could frighten Shi Helie and his son, and stepped back instinctively.

Shi Helie, a three-star, ninety person power, while his son has the strongest four-star, one hundred and twenty person power, but Qin Tiange is still underaged.

“The ambassador is careful, this person is strong.” Shi Helie reminded the man in black before stepping back.

The man in the black robe sneered, disdainfully said, “Without your reminder, you Huaxia are all a bunch of stupid things, born stupid, and just being fooled by us from within ...”

“Uh...”

Heibu’s words did n’t finish, and it felt like his neck was pinched, his body was gently lifted, and he just lifted it in the air.

He was trembling inside, when was it? The man in the black robe didn’t react at all, and was caught in the neck. It was scary.

Hiss!

Qin Tiange stretched out his hand and hissed, and all the black robes were torn into pieces, revealing the true face of the black robe man.

This is a Westerner, with very pale skin, slender face, green eyes, and a touch of thrill and unbelief.

“Three-star garbage, you are so arrogant, do you think you are invincible or do you think the people behind you are invincible?”

Qin Tiange Han faced and said this word by word. Two fingers pressed hard and pinched each other's throat, making the foreigner's face flush with red, and he soon choked.

“It turned out that foreigners were rumbling internally. I said, how could Miao Xinjiang's brothers and sisters have the sacred mission of undermining the great cause of national unification of China?”

Wu Yi and the three elders suddenly realized that www.mtlnovel.com ~ immediately understood that some people outside of China were rumbling that they were killing each other internally, and this person was speculative.

“kill him!”

“Kill them!”

At this moment, more than 100,000 people in the square were angry, and they were inexplicably clamored by outsiders. They almost did something that would undermine the unification of the nation. This is absolutely intolerable.

The Chinese nation has always advocated the unification of the nation. This determination must not be touched, unshakable, and sacred.

Click!

Qin Tiange's palms were lightly pressed, and he smashed the man's neck with a click, killing the other party directly, and he was too lazy to hear a word from the other party.

As General Hua Xia, I have to stand up and deal with such things naturally, and at this very time, we can't cause much chaos inside.

He only knows one thing, that is, Huaxia must not be chaotic, otherwise, various tragedies and disasters in previous lives will be staged one by one.

Chapter 368 - Enter the Miao Xinjiang Forbidden Area

“This person is dead, what will Shi Helie and his son do next?”

Elder Wu Yan had a complex complexion. He glanced at Qin Tiange before turning cold and staring at the horrified Shi Helie and his son.

Their wolves have ambitions. They talk about their own interests alive, and they are easily deceived by outsiders to do such stupid things. It is not worthy of sympathy.

“I don't know what this is called?”

At this time, Wu Yan came forward and asked Qin Tiange's identity and origin for the first time. He was really curious. Where did Long Xiaoqian find this powerful master?

The other two elders came to see each other, with a look of surprise, after all, it was the first time I saw Long Xiaoqian sitting with a young man, which was definitely not seen.

Not to mention sitting and joking together, it is the countless young talents in Miaojiang who dare not say a word to the witch sacrifice, do not dare to take a closer look, for fear that the inexplicable maggot will enter the body.

“Sister Xiaoqian, who is he?”

Over there, Xi Xi was released and looked curiously. A pair of spirit eyes showed a strong curiosity, and I was really curious about the origin of Qin Tiange.

Long Xiaoqian didn't speak, but frowned: “Xi Xi, how did you become this look, what happened to you?”

After hearing this, she looked pale, gritted her teeth, did not speak, and bowed her head in silence. She was bitter in heart, and she became like this. She was discovered by Shi Ban and insisted that she was a monster, and she was severely wounded and locked in a cage.

The feeling was really bad. Look at the moment, the eyes of the people around her have hit her heart tremendously.

“Don't be afraid, I'll talk later.” Long Xiaoqian hugged her gently and comforted.

Qin Tiange looked at the curious crowd and chuckled: “I currently serve the country in the army, and I am an ordinary soldier. You don't have to guess.”

“So it is!”

Everyone knew it, but Wu Yi and three other elders didn't think so. Ordinary soldiers have his strength. Look at the 100,000 people present, and there are many retired soldiers.

This group of people kept calmly watching, and did not follow the others to clamor, no matter whether it was Xi Xi or the treatment of Elder Heimiao, they seemed very calm.

After seeing that the current situation was contained and controlled, they were relieved one by one. In fact, among the more than 100,000 people, all retired soldiers or active soldiers held a heart.

Once something really happened that undermined the unification of the nation, they would stand up without any hesitation, only to see that Qin Tiange resolved the crisis, and they did not stand up.

“Elder Wu Yan, and two Elder Miao Xinjiang, this Shihelie father and son, let you all deal with it.” Qin Tiange smiled and threw the ball to them.

This means that I will not deal with it, but I will give you this opportunity to see how you deal with these inner ghosts who are trying to undermine the unity and unity of the nation.

“This ...” The three elders Wu Wu, Ma Sanglin, and Wu Dajiu looked at each other, and they could see the decision in the other's eyes.

The three elders can represent all the remaining brothers and sisters in Miao village, which is why Qin Tiange threw the ball to them.

Moreover, how to say that the Shihelie are all elders of the Hei Miao tribe, they should always deal with them by themselves.

“Otherwise, drive Shihelie into Jiuli’s forbidden area, and let their father and son confess to the ancestors and spirits inside.”

When he was hesitant, Ma Sanglin directly stated his opinions, and he and Shi Helie were put into the Jiulian restricted area, that is, the Miaojiang restricted area.

“Forbidden?”

As soon as this word came out, everyone looked wild, and those who were in Miao Xinjiang knew that people from all villages of the Miao nationality had a taboo, which was the Jiuli Prohibition Zone.

This is the place where the entire Miao Xinjiang talks changed. There are poisonous insects all over the place, and no one of the Miao people dares to enter it, even mentioning it is extremely taboo.

“No, you can’t do this.” Shi Helie was terrified after hearing it.

His son, Shibao, had a pale face and was scared to pee. The stench circulated, which made many people despise, and still want to be the Miao King?

Elder Wu Dajiu spoke at this time, and frowned, saying, “Jiuli Forbidden Land, which is the place where our entire Miao Xinjiang is extremely taboo. The innumerable poisonous insects in it are just a paradise for poisonous insects. It is possible to send them into the restricted area, but who sent them in?”

Yeah, whoever sent them into the forbidden area was a very dangerous place, and once you stepped into it, it was difficult to come out.

For a long time, none of the people who stepped into it came out alive, or someone came out alive, but the next day was inexplicable.

“Or else you can kill it directly.” Elder Wu Yan frowned and offered his opinion.

Since no one wants to take them into the forbidden area, they will be killed directly, anyway, it is just a form, and left and right are dead.

“I agree, then kill.”

Ma Sanglin nodded. In fact, he just woke up and scared the Shihelie father and son. After all, they did too much and dared to try to undermine national unity. No one could tolerate this.

Only a united nation can continue its tenacious existence in this world and become stronger and stronger.

How can a chaotic nation survive and take root in such a tumultuous world, not to mention its strength and prosperity, and whether it can continue to exist is a question.

Anyone with insight knows that national unity is sacred and inviolable, and cannot be shaken, even the slightest.

Once someone moves this line, it is the enemy of the entire nation, the sinner.

“What is Jiuli Prohibition?”

At this point, Qin Tiange was curious because he had never heard of this place.

Long Xiaoqian whispered: "Age, Jiuli's forbidden ground is actually the grave of our ancestral witch rituals and puppet masters. It is said that a part of Jiuli's ancestor Chi You was buried."

After hearing this, Qin Tiange understood and had a strong curiosity in his heart. Is this Jiuli restricted area really as mysterious as the rumor, or even a part of Chiyu's body in it?

"Not only that, because Jiu Li's forbidden area is buried with witch rituals and magpies, those poison worms and maggots raised by mages and magisters before their lives will gather there. Over time, it will become a paradise for poison worms. Qian was talking and suddenly there was a trace of longing.

It's weird. What does she yearn for in such a terrible place? Qin Tiange looked weird and asked, "You seem to want to enter that place?"

"Of course!" Long Xiaoqian affirmed, without denying it, she explained: "As a generation of Miao Xinjiang witch sacrifice, I naturally want to enter it. It would be great if I could meet the legendary god.

"God?" Qin Tiange was curious again.

At this time, Xi Xi, who had not spoken beside him, opened his mouth and explained clearly: "The gods are the horrible monsters that have evolved from numerous maggots to each other and are called gods."

Her words attracted Qin Tiange's surprise. After looking at the future demon, she did not expect that she knew these.

"Brother, Xi Xi is right." Long Xiaoqian nodded and patted Xi Xi and smiled. "The so-called god, the rumor is a monster that can only compete with the gods."

Qin Tiange rolled his eyes sharply when he heard it. He just did n't believe it. He did n't believe in any deities. Otherwise, he would not break a conscious eight-winged fallen angel statue and took away the other person 's transformation. Completed undead heart.

He thought for a while, and suddenly decided, "Since you want to enter, then I will accompany you to **** these two guys into Jiuli's forbidden area."

"This, is it really okay?" Long Xiaoqian moved, but seemed hesitant, because she knew the terror and danger inside.

Especially after the Doomsday change, the numerous poisonous insects in Jiuli's tomb are even more terrible. She is most worried about the mutated poisonous insects and tapeworms.

"I'll go too!" Suddenly, Xi Xi said, clutching Long Xiaoqian's hand tightly, her face looked a little nervous and scared.

Yes, she was scared. Today she was almost killed as a demon in front of countless people, naturally fearing in her heart.

Qin Tiange thoughtfully looked at the future demon Queen, thinking that the demon Queen of the previous life has been away from the Huaxia ethnic group, perhaps because of her encounter today, which caused her a great blow. .

You all think of me as a demon, what am I still doing in human society?

Connected to this point, Qin Tiange was more confident in his heart and abducted this future demon queen, just wondering if the mysterious demon emperor of the previous life knew that he would be mad?

The half-demon alliance, but a huge force jointly established by the demon emperor and the demon queen, specializes in gathering those genetic genes that mutate, and even exchanges various messy blood gene from the heritage stone tablet to become half-human half-demon. alliance.

“Perhaps, I can intervene in the forces of the Half-Demon Alliance?” Qin Tiange suddenly flashed a thought in his heart, and suddenly he was out of control.

After he looked at the future monster, Xi Xi, he suddenly had some ideas, but they were still imperfect, and he had to rethink and make a plan.

“Three elders, I decided to confess Shi Helie and his son into Jiuli’s cemetery.”

At this moment, Long Xiaoqian stepped forward and took the task directly. As a contemporary witch sacrifice, she naturally has this qualification, and her status is not low. In fact, she is a hierarchical identity with the four elders.

“Witch offering, you have to think clearly.” Ma Sanglin asked seriously.

Elder Wu Yan’s pretty face changed slightly.

Moreover, as a witch sacrifice, she is good at witchcraft control, and it may be safer to enter the tomb of Jiuli.

“Ok!”

In the end, the three elders agreed, and Shi Helie and his son were crazy over there. They almost fainted when they heard this.

“No ... I don’t want to enter Jiuli Tomb, don’t!”

“Father, save me, father, don’t you say that I was born to be the seed of King Miao?” Shi Ban was crazy, dancing and roaring, his face was terrible.

He picked up the black iron gun and was about to kill him. As a result, Qin Tiange suppressed it, and threw it into the iron cage and locked it.

“Let’s go, take them into the tomb of Jiuli, and confess to the ancestors of Jiuli, to the Chinese ancestors.”

With an order, countless people watched Qin Tiange carrying a large iron cage, led by Long Xiaoqian and Xun Xi, towards the largest and most mysterious area of the Miao, Jiuli Tomb.

Chapter 369 - 9 Tomb of Li Zu

The tomb of Jiuli is located in the depths of Miaowang Cave, which is an isolated place with only one way in and out.

More than 100,000 people watched Qin Tiange and the three take Shi Helie and his son to leave, and entered the mountain behind Miao Xinjiang, where there is an ancient cave known as Miaowang Cave.

It is rumored that there was a generation of Miao kings buried there, but they didn't know the truth. But many Hmong people know that the depths of Miaowang Cave is the entire Miao Village forbidden area, the tomb of Jiuli.

“Brother, your liquid of life works so well, Xi Xi has fully recovered.”

On the way, Long Xiaoqian's face was filled with a happy smile, she pulled Xiao Xi's hand and walked with Qin Tiange.

Yan Xi, the future demon, the head of a snake, watching her walk like a snake, Qin Tiange could not help but vomit.

“Is she the true son-in-law or did she get some kind of blood power from the inheritance stone tablet?” Qin Tiange was curious and looked at Xi Xi next to her.

This little girl is about eighteen years old, and she is so slender, that she looks a little scary, with turquoise snake scales, faintly colored luster, very mysterious.

“Thank you” Qi Xi quietly glanced at Qin Tiange, and then quickly bowed his head, whispering thank you.

She knew that if Qin Tiange had not stood up, she would probably have been killed by Shi Helie's father and son, and even hated by countless people, she felt horrified.

Therefore, she looked at Shi Helie and his son, who were trapped in an iron cage, full of resentment. The two men suddenly attacked her and were severely wounded and locked in the cage.

“Don't thank me.” Qin Tiange shook his head gently, carrying a huge iron cage, and suddenly asked, “I'm curious, how did you become like this?”

“Is it the ability obtained from the heritage stele?” Qin Tiange asked curiously.

Long Xiaoqian immediately turned her head and looked at Xi Xi, hoping that she could explain. After all, it was really uncomfortable to see her only sister in Miao Xinjiang who could speak like this.

Xi Xi pouted, shook her head in distress, and said, “I'm actually not sure about it, it was three days ago. At that time, I was washing clothes by the stream, and I felt some pain in my body. Things are going to be the same. “

“In the end, I passed out with pain and became like this when I woke up. I was just seen by this Shibian and attacked me directly when I was panicked. He was severely injured and taken back. I made an iron cage and locked me up. “Said Xi Xi, staring angrily at the Shibian father and son in the iron cage.

Oh? Qin Tiange looked at her thoughtfully as he walked, feeling very surprised. This is really an autonomous awakening of ancient genetic power. In fact, it is the same as that of the former Emperor Yanxuan of Ye Xuan, awakening the ancient genetic power.

It's just that the genetic power of the two is different. Ye Xuan awakens the gene of fire, while Xi Xi awakens an inexplicable ancient gene, causing the body to change shape and become a half-human half-demon state.

For now, she can't control her body at all, that is to say, she can't control that power, she can't change back to the original.

“Sister Xiaoqian, Brother Qin, do you say I am a monster?” Xiao Xi's face flashed a little panic, but she was very disturbed.

This change was so horrible that she turned into a monster, and she really scared her.

She was scared, she was disgusted by others, and even worried that Long Xiaoqian, the elder sister who had always taken care of her, hated her.

“Nonsense, how can you be a monster?” Long Xiaoqian replied dissatisfied, and touched her face with some distress, and she felt helpless.

She didn't know how to comfort the little girl, but Qin Tiange smiled inexplicably and caught their attention.

“Brother Qin, what are you laughing at? Do you think I look horrible and ugly now?” Xiao Xi said with a sad face and said sadly.

Qin Tiange couldn't help crying and explained, “Where did you want to go? I don't think it's bad for you now, and don't you think your current look is similar to our oldest son-in-law in China?” ? “

“Son-in-law?” Xi Xi stunned, never thought about this problem.

Long Xiaoqian suddenly woke up, wasn't the son-in-law's ancestor the first snake body? Moreover, the two Chinese ancestors of Fuxi and Nuwa are not exactly like snakeheads.

I have never seen anyone hate the son-in-law and Fuxi's ancestors, let alone anyone dare to say that Fuxi's son-in-law is a demon?

Just kidding, you dare to shout like this on the street, dare to say that the two ancestors of Huaxia were monsters, and they must be killed by many people.

“I guess, you should have awakened the genetic memory and certain abilities of the ancient ancestors, but you still can't control this power, so you should not panic and be afraid. Instead, you should feel that this is a glory from the ancestors. Glory.” Qin Tiange comforted the future demon gently, trying to guide her inner helplessness a little bit.

In fact, this is not a big deal at all. Whether she awakens the genetic strength of the son-in-law's ancestors, as long as she is the head of a snake, even if it is really a demon, it can be said to be the genetic descendants of the son-in-law's ancestors. Who would doubt?

“Yeah, our ancestor-in-law is the head of a snake. You Xi, you are not a monster, but a descendant of son-in-law.” Long Xiaoqian cheered immediately.

Now, Xi Xi woke up from sluggish, flushed and a little excited. Actually, she doesn't care if she is a son-in-law or not, but the most important thing is that others just don't treat her as a monster.

It was enough to see Qin Tiange's look of anticipation and admiration, knowing that he did not look down or hate her look, which was enough.

“These two guys have rusted their brains. It is estimated that they have forgotten their wisdom when they were born. It is really sad to use your affairs to destroy the unification of the nation.” Qin Tiange said, looking at the beating in the cage Fainted Shibao father and son.

These two people, who went out without a brain and had no brains to do things, were so stupid as to want to undermine the national unity and stand on their own. It is ridiculous.

“Brother, we're here.”

At this moment, Long Xiaoqian looked serious, pointing to a huge cave in the ravine in front, where is Miaowang Cave.

After entering the Miaowang Cave, go all the way down, in the dark cave, there is a sense of panic in the dark cave.

Miaowang Cave was originally the place where Miaojiang ancestors were sacrificed, but few people dare to set foot in the deepest part of Miaowang Cave, which is the forbidden area of Miaojiang and the tomb of Jiuli.

The origin of this Jiuli tomb can be traced back to the Warring States Period. It is rumored that the Hmong leader built a huge cemetery there and buried a small part of the bones of Jiyou's ancestor Chi You.

I do n't know if it 's true or not, but the legend passed down from generation to generation is like this. As for whether it 's true or not, no one will certify. Who dares to set foot in the Miao territory?

“Be careful, just past the area of Jiuli Tomb.”

When he was a child, three figures walked into the dark cave in front of Miaowang Cave, but there were oil lamps on both sides of the cave.

Long Xiaoqian took out the torch and ignited, lighting these oil lamps all the way, I don't know why these oil lamps still have oil on them, but they can still burn?

“Brother, I often come here, and the rare ice silkworm was caught outside the forbidden area.” Long Xiaoqian explained embarrassedly.

It turned out that she used to come here often, but she had never set foot in the area of Jiuli's tomb. She didn't dare to step into it, she just wandered around. Ice silkworm was found and caught here.

“That's it!” Qin Tiange nodded, looking at the huge cave passage, as if formed naturally, but with a trace of artificial excavation.

Miaowang Cave is actually the only way to a huge underground tomb. It was guarded by Miaowang for generations and buried in the cave after death. It has been called Miaowang Cave for a long time.

“This is Jiuli Tomb?”

At this moment, the three came to a large underground gate and stopped. It was a huge stone gate, ten meters high and eight meters wide, carved with strange and dense patterns.

Above the stone gate, four ancient characters are portrayed. According to Long Xiaoqian, this is the oldest type of barbaric text in China, and the legend is the text created by Chi You.

“Tomb of Jiuli Zu!”

Qin Tiange murmured that it was exactly these four ancient characters, the tomb of Jiuli Zu.

He looked at the closed door, suddenly curious, and asked, “You said that the tomb of Jiuli was the burial place of the witch sacrifices of all ages, then who carried the bones of the witch sacrifices in?”

Long Xiaoqian had a complex complexion and explained: “In fact, each generation of witch offerings has a self-predicting instinct. The day before life is nearly exhausted, it will feel that its own life is near, so it is all in front of it. Come to Jiuli’s tomb, open it and enter it to wait for the final time of death. “

These words are a bit shocking, but every generation of Miaojiang witch offerings can predict the moment when they are close to death, and finally silently pack their things, come to the tomb of Jiuli, and enter it alone to close and wait for death.

Click! Rumbling

I saw, Long Xiaoqian reached out and pressed a handprint pattern in front of Shimen. Immediately, the whole Shimen trembled and opened rumblingly.

The tomb of Jiuli, with a history of thousands of years, was finally opened in front of Qin Tiange, exposing its mysterious veil.

“Let’s go!”

Long Xiaoqian looked serious and worshiped deeply at the tomb, which led Qin Tiange and Xi Xi to enter this forbidden area of Miao Xinjiang.

The three took Shi Helie’s father and son into the tomb of Jiuli, and when they stepped into it, the stone door suddenly closed.

“Not good!” Long Xiaoqian’s complexion changed slightly ~ www.mtlnovel.com ~ Suddenly realized that it was not good.

When the stone gate closed, the three had a bad feeling. The stone gate in Jiuli’s tomb could be opened from the outside, but it could be closed by itself.

Qin Tiange squinted his eyes, looked at the closed Shimen, and said, “This should be to seal the grave to prevent the possibility of those witch offerings that are finally dying but do not want to die here.”

“Sorry, I forgot this, what should I do now?” Long Xiaoqian’s face changed slightly, and she regretted that she had forgotten it.

Xiao Xi’s face was a little nervous, but Qin Tiange was calm and unusual. He comforted: “Don’t worry, a stone gate can’t stop me, rest assured.”

Qin Tiange was not worried. This stone door could not stop him, not to mention ordinary stones, even the steel door could not stop him.

“Let’s go, I’d like to see what mystery is in the tomb of Jiuli Zu.”

With a smile, Qin Tiange turned around and walked with a huge iron cage. This is the tomb of Jiuli Zu, a huge world.

Chapter 370 - Cocoon

In front of a deep passage, a young man and two young girls were passing slowly. The young man was carrying a huge iron cage with two people lying inside.

“Brother, it should be the tomb suspension bridge in front.”

Long Xiaoqian pointed to the front, the looming suspension bridge, which was the only passage and entrance to the tomb of Jiuli.

Soon, the three came to the suspension bridge and looked at the huge gully in front. It was actually a continuous underground river with a suspension bridge over it.

Nine huge iron cables are connected to the opposite side, which made Qin Tiange curious. It has passed thousands of years. These iron cables have not been broken?

Moreover, these iron cables did not rust, and some couldn’t believe what material it was made of.

I have to say that the wisdom of the ancients can sometimes make our descendants feel shocked and incredible.

There is no wooden board on the suspension bridge, which has already decayed and cleaned. The only remaining is nine large iron chains, which are connected to the opposite entrance.

Snapped!

Qin Tiange first stepped on a large iron chain and tried it. It was really sturdy. Although it was shaking, it was not a big deal.

Taking control of his current strength, it is very easy to walk this iron cable, and he walked along with an iron cage.

In the back, Long Xiaoqian and Xun Xi looked at each other, Zheng focused his head, and both walked on a thick iron chain and walked over.

The suspension bridge is fifty meters long, but it is not long. Soon the end, the three stood quietly in front of the entrance.

“There is light in it ...” Qin Tiange frowned slightly, looking at the entrance, revealing a trace of light, feeling very weird.

The three stepped into them and suddenly felt an extremely spooky breath coming out of their faces, and couldn't help raising a goosebump.

Yan Xi's complexion changed slightly, and he looked around vigilantly, the scales of the snake trembling, as if he felt something.

Long Xiaoqian had a dignified face, reminding him: “Beware of my brother, I feel the breath of maggots, many, many.”

Wow ...

As soon as the voice fell, a rustling sound came from the front, as if there were countless poisonous insects crawling, causing the three to be vigilant.

Qin Tiange squinted his eyes, carrying an iron cage in one hand, and a halberd in his hand, looking stern, his eyes staring at the caves in front of him.

The sound came from there, and soon, a huge black torrent gushes in the darkness, all unknown insects.

“A corpse-eating worm?” Long Xiaoqian's complexion changed slightly, looking at the rushing worms, it was the corpse-eating worm.

These worms devour corpses, but they also eat living things. Just now, when they smell strange, they immediately burst out.

boom!

At the moment when countless carnivorous insects came in, Qin Tiange suddenly waved a fiery flame and swept across.

As Cang Yan passed, countless carnivorous insects immediately turned into flying ash, and could not stop Qin Tiange's terrible bursting flame.

Soon, the carnivorous rushes out of several caves reduced, and gradually no more carnivores rushed out, and only a thick ash stood on the ground.

“Brother, you are so good!” Long Xiaoqian was shocked and found out that she still underestimated Qin Tiange.

Xi Xi stared wide-eyed, her eyes glowing. The elder Qin seemed very mysterious and amazingly powerful.

After the carnivorous worms were resolved, the three continued to move forward, and no more worms crawled out of the small caves and cracks on both sides, as if they had been killed.

hiss...

In front of it, the faint light sprinkles, and a little light illuminates the dim Jiuli Tomb, which is like a giant underground world.

The three walked into this place, all stunned by the scene in front of them.

“This ...” Looking at the scene in front of him, Qin Tiange froze, some could not believe it.

Here, there are plants to survive, yes, in a huge space in front, various unknown plants are growing, colorful and extremely visually striking.

It is these colorful and strange plants that emit a little shimmer and illuminate the entire Jiuli tomb.

“There is such a place underground?” Qin Tiange was inexplicable, walked forward, and looked curiously at the unknown plants.

In front of him, there was a weird plant, full of body, as if it were a fleshy plant, the leaves were like fleshy leaves, exuding a bright light, and after a closer look, it was found to be powder.

This powder, constantly wafting and floating in the air, a little bit of fluorescence illuminated the entire underground world, seeming bewildering.

“Be careful, these are poisonous plants and extremely toxic.”

Later, Long Xiaoqian stepped forward and reminded him. In fact, without her reminding, Qin Tiange knows that these things are very toxic, and the powder floating in the air also contains filamentous toxins, which is not so strong and has little effect on the three.

Qin Tiange suddenly spoke, reminding him softly: “Be careful, I feel a lot of breath here, it’s weird, like the breath of a dead man.”

Squeak ...

At this moment, there was a sound of strange poisonous plants around, and among those originally poisonous plants, a terrible poisonous insect was drilled out.

“It’s a roundworm!” Long Xiaoqian’s complexion changed slightly, he spoke a spell, and a black powder spilled from his hands, and then the three of them formed a circle around him.

Those maggots rushed up, but all stopped out of the black gas range, and did not dare to take a step forward.

“Silver-backed crickets, dark green caterpillars, **** toads ...” Long Xiaoqian pointed out the names of these poisons one by one. They were all rare poisonous insects.

Moreover, these poisonous worms are extremely weird. They are not like ordinary things at all, but the maggots produced by mutual engulfing are even more terrible.

Qin Tiange even saw some weird things wandering in the air, frowned secretly, guessing that it should be some colorless and invisible poison.

“You found none, along the way, it seems that no corpse was found, even if there is no broken bone, where are the witch offerings that once came in?”

Qin Tiange's sudden mention of this discovery made Long Xiaoqian and Xun Xi look skeptical, thinking that this was really the case.

Generally speaking, there should be a lot of bones in the tomb. At least a hundred years ago, there were many witch rituals who had entered here to die for funeral.

But there was something wrong without seeing a skeleton.

boom!

I was surprised that a raging flame rose and swept around the three people quickly, burning out the dense crowds of maggots, and even some distant maggots stepped back and evaded immediately.

Cang Yan passed, the plants were incinerated, the maggots howled, and retreated madly, as if afraid of these flames.

Soon, all the tapeworms retreated far away, afraid to take a step forward. Seeing this, Qin Tiange moved, looked at the unconscious Shi Helie father and son in the iron cage, and placed the iron cage directly on the ground.

“Let's go!”

Qin Tiange smiled, took the lead in, followed by Long Xiaoqian and Yan Xi, and quickly followed into the depths of the tomb.

In the back, around the iron cage, the maggots suddenly moved, rushing frantically to the huge iron cage.

“what...”

“Don't ...”

In a coma, Shi Helie and Shibao father and son woke up with pain and bite from the poisonous insects, and then awakened to their horror that they were covered with dense poisonous insects.

Although these poisonous insects do not know why they have not increased their size, they are even more fierce and weird.

Far away, the three of Qin Tiange watched the iron cage submerged by countless tapeworms. There were screams of screams in them, and soon they disappeared.

Shi Helie and his two sons were swallowed up by the maggots, leaving no trace of their bones, and even their clothes were eaten up.

“So terrible!” Xi Xi secretly startled, looking at the empty iron cage. The poisonous insects turned around immediately after eating the two people, and drooled over the three of Qin Tiange.

“Don't you find it strange?” Suddenly Qin Tiange spoke, pointing at the tapeworms: “You see, these tapeworms seem to be controlled by some kind of force, like someone is manipulating behind them ~ [www. mtlnovel.com](http://www.mtlnovel.com) ~ hiss, it

really is ... “Long Xiaoqian, a witch offering, took a deep breath, and immediately saw it.

These maggots are controlled by someone. Who is behind them?

The three came to the deepest part of the tomb with questions. It is rumored that some of the bones of Chiyou, the ancestor of Jiuli, were buried.

“That is?”

When they first came here, Qin Tiange’s faces were slightly condensed, his eyes were skeptical, and he looked at a dark thing in front.

It was a huge cocoon, surrounded by black light, and surrounded by various poisonous insects, all of which were pinworms.

“The cocoon, the demon god, is the rumor true?”

Long Xiaoqian’s complexion changed greatly, and she exclaimed with a terrified expression, as if she saw something incredible.

The ***** cocoon is a terrible thing, a demon demon known to be able to compete with the gods.
