

## Dark Ages 37

Chapter 37 - The iron corpse was beaten and wept

“Ugly blame, hurry up, see how I play you!”

On the campus, a figure ran quickly, and from time to time, he turned back and screamed and spurred the three-meter-high iron corpse.

Because of a little consciousness, this iron corpse can be easily stimulated and angered, as if he understands that the previous human was laughing at it.

Roar!

Roaring iron corpse roared, his huge body speeded up, stepped three meters, and chased Qin Tiange in front of him, both of them rushing across the campus avenue.

In front of him, Qin Tiange was calm and not panic at all, and glanced at the two star iron corpses that were getting closer and closer from time to time.

He glanced around, and suddenly his eyes brightened, and he saw a gazebo on a piece of grass. Although weeds were thick and luxuriant all around, he still had a thought in his heart.

Huh!

He didn't hesitate and accelerated in two steps. Qin Tiange rushed into the gazebo surrounded by weeds, and suddenly waved the broken bone knife to cut it across.

Click! Click! Click!

Three consecutive beeps, three of the four pillars in the gazebo were cut in an instant, as uncut as tofu.

At this moment, the three-meter-tall two-star iron corpse rushed to it, rushed into the gazebo, arms spread out, and sharp claws were about to tear Qin Tiange.

“Come on!” Qin Tiange suddenly turned around, flashing a madness on his face, and raised his foot sharply to a pillar next to him.

Powerful, nearly four thousand pounds of foot strength slammed away, and a loud bang, the pillar that had not been cut by the knife immediately smashed and broke from the middle.

At this moment, with the strength of this foot, Qin Tiange's body jumped up and flew away from the gazebo.

Boom!

At this moment, the entire gazebo collapsed, and the two-star zombies rushed into the gazebo were pressed inside on the spot, and the smoke and roar continued.

After the tragedy, the two-star iron corpse just rushed into the gazebo, and was suddenly dozed off by sudden changes, and was severely hit by the huge pavilion.

Uh ...!

A loud roar came, and the two-star iron corpse was pressed under the pavilion, but the three-meter-high body, strong power, and iron-like flesh covered him, unscathed.

However, the heavy pavilion was still pressing on its body, and it was difficult to stand up for a while, only showing a huge head, roaring at Qin Tiange.

“Dead!”

At this moment, Qin Tiange, who saw the opportunity, sang loudly, his body leaped high, his hands holding a broken bone tang knife, and severely chopped down the two star iron corpse’s forehead.

There was a loud noise of “Dang”, and the clashes of gold and iron continued to slash. It was cut down with a knife, and it seemed to be cut on steel, and sparks sprang up.

Qi Qin Tiange looked surprised and looked at the iron corpse’s head that was cut with a knife. Only a knife crack appeared, and the opponent’s head was not imagined to be broken.

Qi Yidao didn’t kill Erxing Iron Corpse, but the pain stimulated the other side. He stood up suddenly and lifted the pavilion that was pressed on his body.

Roar!

Smoke and dust rolled up all over the sky, the iron corpse was screaming madly, waving a pair of iron arms and beating for a while, the fragments of the cement pavilion surrounding it were lifted up and scattered.

Unfortunately, Qin Tiange had already drawn his sword and backed up, and his speed was full, and he had run hundreds of meters away.

I saw this human being overcast and ran away again. The newly-born spirit of the iron corpse was full of anger and roared, regardless of the pursuit and killing.

It looks like a simple-minded, limb-developed giant. It is completely unclear to Qin Tiange that he is calculating it, using the surrounding environment to restrain it, and even killing his body.

“That guy has such a hard flesh!” As he ran, Qin Tiange was surprised, his arms were a little numb at this time.

I went all out with a knife, and only cut a crack, it was incredible. But he didn’t care, but saw that he couldn’t turn away immediately.

In front of it, there is a football stadium, and in the past it was a teacher’s building. Looking at the football stadium and looking at the direction of the teacher’s building, Qin Tiange was quickly calculating what he would use to kill the two iron stars behind him?

I pondered for a while, and eventually his figure rushed into the football stadium and came to the Central Heritage Stone Tablet to stop.

Roar!

Behind me, the two-star iron corpse stopped seeing the prey and immediately roared with excitement, and Huer jumped up and rushed down to Qin Tiange.

Fifty meters jumped across the distance, the two-star iron corpse was high in the air, and immediately flew to the top of his head, his arms and claws waved down fiercely.

Hey!

Looking at the iron corpse that fluttered high, Qin Tiange's mouth turned up, revealing a sneer. Behind him is a stele of inheritance. At the moment when the iron corpse was about to hit his body, one turned and hid behind the stele.

Boom!

A loud noise came, followed by a scream of sorrow, and the iron corpse was tragedy. Due to the strong inertia effect, after losing the target, it hit the inheritance stone directly with its claws, resulting in a natural tragedy.

I inherited the stele, but in the previous life, even the three first-ranked masters could not destroy it, let alone this two-star iron corpse. One arm turned into a twist and wasted.

Huh!

The iron corpse was disastrous, the right arm was completely abolished, and a black blood splashed out, and the entire forehead was broken after hitting a stone monument.

If it wasn't hard enough, it would probably hit you right away. That would be fun. A zombie that you hit yourself, is it fun?

"It's now!"

After the stone tablet was stabbed, Qin Tiange flashed out and stabbed him sharply at an eyeball of the iron corpse. This knife quickly and accurately caught the rare opportunity.

Xun Zheng said that while your illness is killing you, I saw that the broken bone tang knife pierced into the eye socket, and the eyeballs burst into pieces.

"Oh ... roar!" The iron corpse sorrowed in pain, and black blood was flowing from the bursting eyes, leaving a line of blood and tears in the other eye.

It was beaten to tears. If it could speak, it would yell angrily: "You cheat, you don't play cards according to common sense.

"Ugly, you can die!"

He clenched the Tang knife with both hands, Qin Tiange smiled sternly, his teeth were horrible, his arms were twisted fiercely, and he clicked, and even shattered the iron corpse's eyes.

A burst of black blood spewed from the bursting eyes. Qin Tiange wanted to stab the other's head with a stab, but his face turned wild the next moment, too late to think about drawing back.

boom!

A left arm hit the ground hard and hit a big pit. Fortunately, Qin Tiange responded in time and backed out, otherwise the blow was definitely badly hit.

Seeing the iron corpse standing up frenziedly, a violent killer flickered in the remaining eyes, completely losing the last trace of consciousness, and only trying to kill the abominable human in front of it.

Roar!

The iron corpse was violent, and the power erupted was even more fierce, but unfortunately, after losing an eyeball, he was hit harder by Qin Tiange and weakened a lot.

Around the inheritance stone tablet, Qin Tiange joked little by little about the two-star iron corpse, slowly exhausting the opponent's power, and gradually, the iron corpse slowed down.

“Hahaha, see you are not dead yet?”

Seeing that the speed of the iron corpse slowed down, Qin Tiange immediately turned around and held up the broken bone tang knife to speed up and follow the forehead.

when!

There was a loud roar, and the iron corpse's head cracked with blood, but Qin Tiange's face changed.

“Oops, that's it!”

He secretly said something bad, and sure enough, the iron corpse grinned broadly, revealing an extremely stingy smile.

I saw, the iron corpse's claws stabbed in Qin Tiange's chest fiercely.

Xun Tieshi would even disguise and lead Qin Tiange to hook. I have to say that once the zombies have wisdom, it is quite terrible.
