

Dark Ages 461

Chapter 461 - Breakthrough, 5 stars, 10,000 people

At night, the Sucheng base was brightly lit, and the crowd was full of people. People gathered in groups of three and five, eating roasted alligator meat, talking and laughing.

Of course, they talk more about Qin Tiange, a mysterious and powerful man.

“You said, isn’t that Chen Xi’s man?”

In front of a fire, dozens of people were surrounded by a five-meter-long mutant crocodile. Everyone ate crocodile meat while talking about the origin of Qin Tiange.

These crocodiles were finally hunted by Qin Tiange and Chen Xi, and were distributed to the residents of the city. Everyone had a barbecue banquet.

Qin Tiange’s approach has been recognized by most people. Sometimes, the human heart is actually simple, but sometimes the human heart is very complicated.

For example, Qin Tiange has just divided the hunted crocodile free of charge, and has been recognized by most residents of the Sucheng base.

But some people are dismissive, thinking that Qin Tiange is contrived and wants to buy people’s hearts, who won’t?

Unfortunately, they are a group of people who can’t eat grapes and say sour grapes. They are jealous and narrow-minded. They can’t have a climate.

Regardless of whether it is intentional or inadvertent, anyway, Qin Tiange has gained a lot of recognition in the minds of most of the military and civilians in the Soviet city, which is enough.

“Brother-in-law, how many stars are you now?”

In the barracks, there was a pile of fire outside a tent, with a large piece of meat on it, which was the meat of an emperor crocodile.

Sitting next to the fire was a man, two women and three people. The youngest Chen Chen raised his head, looked at Qin Tiange curiously, and asked while eating.

In fact, she was curious, Qin Tiange is now several stars, why is it always so powerful, and even feels unpredictable.

Not to mention Chen Xi, even Chen Xi was a little curious, eating the crocodile meat in a small mouth, quietly looking at the man around him, instinctively reaching out to gently wipe the oil stains on the corner of his mouth.

Qin Tiange smiled softly at her before he said, “Actually, I’m only four stars now, lower than yours.”

“What?” Chen Yan’s eyes widened, startled, with an incredible feeling.

She didn’t even realize that Qin Tiange’s powerful brother-in-law was only four stars, which was really a surprise.

Chen Xi was also surprised. He looked at Qin Tiange, but did not speak. His face was filled with a quiet smile, and he was very satisfied.

What dissatisfaction with such a man?

“I just broke the limit of my level, and the combat power is naturally much stronger than the average high-level person.” Qin Tiange whispered.

Later, he explained some of his own understanding with Chen Xi and Chen Ye, and taught the two people one by one about the experience of evolution and ascension.

Talking, Qin Tiange moved his face and looked up at the dark sky. From time to time there was a flash of lightning, and the rain had stopped.

He didn't pay attention to this, but a mysterious gas appeared inexplicably in the sky. The purple light was dim, and only he could see it.

“Purple Qi?” Qin Tiange squinted his eyes, watching the purple qi coming down from the sky, reappearing again and again, interwoven into the body.

Once again, the inexplicable arrival of purple gas was sensed, which caused Qin Tiange's attention. After careful inspection, he quickly discovered that these purple gas came from all sides of the city.

The purple air is intertwined, so weak that it cannot even be seen by the naked eye, and people who are not sensitive enough to sense it cannot catch it.

Even Chen Xi and Chen Yan did not notice the difference, but Qin Tiange captured these mysterious purple air.

On the sky, the slightest purple gas landed, most of it entered Qin Tiange's body, disappeared into it, and a small part entered Chen Xi's body.

As for Chen Yun, it was so small that it was almost invisible, as if there was no purple gas on her. Actually, this is not the case. Qin Tiange was surprised to see a trace of purple light on Chen Xi.

“What is the role of these purple qi?” Qin Tiange secretly guessed, suddenly surprised, and suddenly felt something in his body was about to move.

Slightly inducted, Qin Tiange looked pale and secretly said: “This is a sign to break through, I am about to break through the five-star?”

After the purple gas entered the body, he suddenly felt the tremor of the five-star barrier, and immediately had a strong feeling to break through.

“Chen Xi, find a quiet place for me. I want to practice and break through. I feel that I am about to break through.”

Qin Tiange stood up suddenly and directly asked Chen Xi to find a quiet place for him to break through his practice.

“Are you going to break through?” Chen Xi faced with surprise, then took him seriously to her private training place in the barracks.

This is a set of cultivating secret rooms, where she usually cultivates. No one disturbs, watching Qin Tiange enter the secret room, she closes the door gently.

“Sister, brother-in-law will be fine, right?” Chen Xuan was a little worried, looking at the closed door of the closed room, worried.

Chen Xi was not worried, and smiled: “Relax, your brother-in-law will be fine. There is no danger in breaking the level. Don’t worry about it blindly.”

After speaking, the two were guarding outside the closet, Chen Yun ran out, took a large piece of barbecue back, and sat here while eating and waiting.

In the back room, Qin Tiange stood quietly with Euphorbia aside. He closed his eyes and carefully felt the inexplicable changes in his body, and the barrier was suddenly broken.

Four-star has already reached the stage of promotion to five-star. I wanted to enter the assessment, but I never wanted to be rejected by the assessment stele.

Along the way, Qin Tiange saved a lot of gathering places from flooding, and thus gained a trace of mysterious purple gas. Just getting those mysterious purple gas again, he immediately broke the original barrier in his body.

“Purple gas ...” Qin Tiange murmured, faintly guessing.

He was thinking secretly, and decided to collect these purple qi in the future. In addition to obtaining purple qi twice in the mission, Qin Tiange had already faintly understood.

Converging, Qin Tiange began to sink into the practice, holding the ancient sword in his hands, and slowly fell into the second type of mystic practice.

Drunk beauty knees ...

A hazy purple figure emerged, ethereal and immortal, dancing around him, spilling pieces of purple light.

Then, a purple gas rose, slowly converging into a picture of rivers and mountains, with his breath changing, as if a king overlooking the world.

In the secret room, the purple light is faint, the mist is misty, and the little stars gather, gradually turning into a small nebula, continually circling, it seems that the interior is brewing something.

Soon, as the nebula turned sharply, the speed became faster and faster, and finally, the nebula became richer, as if the viscous gas was turning.

A crunching noise came from within the body, the bones clamored, and the nebula coiled around, constantly strengthening the precision of the bones, and even the internal organs were shrouded in a cloud of nebula-like mist, enhancing the strength of all aspects of the body.

Soon, as the purple air poured out, all the forces in Qin Tiange’s body suddenly compressed, quickly turned into a burst, broke through the barriers of the level, and successfully entered the five-star.

boom!

At the moment of the breakthrough, the purple gas was energetic, enveloping the figure of Qin Tiange, setting off a boundless coercion, and the majesty belonging to the king was gradually being formed.

The five-star rating has doubled from the strength of 5,000 people, and it has reached the horrible level of 10,000 people.

Tens of thousands of people were tenacious, and the whole secret room shuddered unconsciously, as if it was shocked by some force. It was that Chen Xi and Chen Chen sisters both stood up in shock.

“What’s wrong?” Chen Xun looked stunned, alerting with a silver gun.

Chen Xi raised her eyebrows and stared silently at the door of the secret room, feeling the powerful coercion from the secret room, becoming more and more intense.

She was both surprised and curious, and secretly said, “Tian Ge’s breath is getting more and more terrifying, as if an upper man had been on the throne of the world for a long time.”

Chen Xi’s feeling changed, Qin Tiange’s breath changed, more majestic, like an upper man who has long been on the throne of the world, he developed a strong breath.

boom!

Suddenly, a shock came from the iron door of the secret room, and then a click, the cracks spread and staggered, and finally broke to the ground.

The door made of steel was shattered inexplicably. Chen Xi and Chen Xuan only felt a huge momentum, and slammed back three steps.

It was just an imposing gesture that took the two of them back three steps, which was incredible and unbelievable.

“Sister ... brother-in-law?” Chen Yun stuttered, staring at the figure slowly coming out of the door of the back room.

The person who came is Qin Tiange, who feels extremely shocked. The transpiration of purple gas around his body has caused inexplicable pressure.

Chen Xi looked dignified and looked directly at Qin Tiange coming out in front of him, feeling an unprecedented sense of crisis, and determined in his heart that his man broke through and became more horrible.

“Tiange, you ...” She opened her mouth, but didn’t know how to say it, and felt a gulf in her heart.

When Qin Tiange moved his mind, sensed the ray of separation in Chen Xi’s heart, suddenly came up with a smile, and gently held her small waist.

“Don’t think wildly, you are my Qin Tiange’s woman in this life.” His overbearing and gentle words directly melted the gap in Chen Xi’s heart.

Yes, Qin Tiange’s majestic breath just made her uncomfortable, and felt that there was a gap between the two people who could not see or touch.

However, under a sentence of Qin Tiange, this newly born barrier was directly broken, and each other's hearts were once again fused together and became closer.

"Brother-in-law, sister, can't you stop my face and show affection, be careful I circle you and curse you." Chen Yan said displeasedly and hummed.

"Hahaha ..." Qin Tiange Haha laughed, not caring about Chen Xi's curse.

Chen Xi rolled her eyes, but just smiled and didn't care. The three talked and laughed. They returned to the fire and continued to eat grilled crocodile meat.

"General, emergency information!" But at this moment, a captain hurriedly hurriedly, and reported diligently.

Chapter 462 - Beijing, the wind is rising

"General, this is an urgent secret letter from Beijing ..." The captain handed a urgent urgent letter, a confidential letter from Beijing.

Chen Xi took the confidential piece with a dignified expression, quickly opened it and glanced at it, but his face changed greatly and he suddenly stood up.

"Sister, what's wrong?" Chen Yan realized that something was wrong. His sister's face was a little pale, and something bad seemed to happen.

Qin Tiange looked at her fusion face, and secretly guessed that something should happen, otherwise Chen Xi would not do so.

"Ten Ge, grandpa has an accident." Chen Xi was anxious, almost crying.

"What?" Chen Yan aside, suddenly stood up and exclaimed: "Sister, what are you talking about, grandpa has something wrong?"

Chen Xi nodded, and handed over the urgent secret letter sent by Beijing to Chen Yi, who rushed over and looked up, and his face changed immediately.

"Grandpa was seriously injured and unconscious?" Chen Yanqiao's face was pale, her hands were shaking, and she couldn't believe the news.

Her grandfather, Beijing's highest commander, and the old Huaxia general, Chen Guodong was seriously injured and unconscious. The news was like a thunderstorm, which caused the sisters Chen Chen to lose their square.

"Don't panic!" Qin Tiange stood up solemnly, holding Chen Xi, and comforted softly: "The old man is just in a coma, don't mess up, calm down, now the most important thing is to rush to Beijing, I think, Beijing Mostly there will be a torrential storm. "

He said, his eyes were flashing with lightness, and his brain was thinking about something quickly.

In the previous life, Beijing suddenly fell into chaos in a certain period of time, which led to the absence of heads of the dragons, and caused endless civil wars throughout China.

The water in the capital city is very deep, and the forces of all parties are intertwined. It is like a dragon and a tiger's cave in one side. With the chaos in the capital city, a dark and disorderly era of chaos will form in the whole of China.

He vaguely remembered that the Chinese civil war lasted for fifteen years. After his death, this chaotic situation had not ended, resulting in excessive dispersion and loss of power, which could not keep up with some huge strength outside China.

It is not even comparable to the rise of various intelligent races. This is the pain of Huaxia in the past, and it is a pain of bones. The entire nation is torn apart, and each of them is condemned, and there are countless deaths and injuries.

“Huaxia, don't mess!”

Qin Tiange flashed a thought in his mind, his eyes flashed in his eyes, and a decision had been made in his heart that Huaxia could not be confused, or not only would his plan be disrupted, but even the Huaxia people wanted to rise up in the world of contention. It is very difficult to survive among the hundreds.

He doesn't have much kindness, but the civil strife in China is definitely not in his interest. Therefore, Qin Tiange feels that it is time to go to the Longtan tiger cave in Beijing.

“Ten Ge, grandpa suddenly suffered a serious coma, what do we do now?”
Chen Xi became more and more upset, although she seemed to hate her grandpa.

Because her parents died because of her grandfather's order. This was a pain, but after all, the blood was thicker than the water. Now she heard her grandfather was seriously injured and unconscious, and immediately panicked.

In this world, her only loved ones are grandpa and sister, and now also Qin Tiange, the lover.

“Don't panic, calm down, your grandpa will be fine.” Qin Tiange patted her back gently, comforted.

He said firmly: “You deal with the matter at hand immediately, we immediately rush to the capital.”

“Yes, yes, sister, hurry up, we're going back to see Grandpa.” Chen Yi immediately agreed, and flew to Beijing immediately.

The two sisters were completely panicked. Fortunately, Qin Tiange was around, but it was quite stable. Chen Xi, anxious, immediately held a high-level meeting to arrange some things.

“The curtain opened, Beijing, the beginning of this storm, after all, it was still lit. No one can stop my plans and footsteps.” Qin Tiange looked at the night sky, muttering to himself.

He was very clear that the former general of the Beijing capital, General Chen Guodong, died of an inexplicable serious injury, and did not wake up afterwards, causing internal disturbances in the capital and internal disturbances in China.

Qin Tiange secretly measured that if China is in chaos, it will have advantages and disadvantages for him, but overall the disadvantages outweigh the advantages, so he insists on maintaining the legitimacy of the capital.

Everything is based on his own interests. The most important part of Qin Tiange's series of plans after his rebirth is that there must be no chaos within China.

How big his heart is, only he himself knows best, all along the way, what he does, is to pave the way for his own goals and plans.

Today, there is finally a storm over Beijing, which will affect the future of the entire Chinese nation.

Now, someone has moved his interest, that is, the enemy, since it is the enemy, it must be eliminated in the bud.

"Come on, let me completely change the course of that destiny, and see, how big a storm this reborn butterfly can stir up?" Qin Tiange's mouth slightly tilted, revealing a faint smile.

At this moment, Chen was anxious, and couldn't help worrying, "Brother, do you think grandpa will be fine?"

Her worries are not unreasonable. In fact, seriously, in the previous life, the one in Beijing suddenly suffered a serious coma and then never woke up.

Qin Tiange understood it after thinking about it. In the current situation, the serious injury and coma couldn't even wake up, which is justified.

Some of the heritage steles are drug recovery, and some are even ways to rescue a seriously injured unconscious person.

But why is Chen Guodong dead?

"Don't worry!" Qin Tiange patted her shoulder, comforting: "As long as we return to Beijing, I have a lot of potions here to fully restore your grandpa."

"But I'm still worried!" Chen Yan said with anxiety and angrily, "Who the **** did he dare to hurt Grandpa? Let me know that he must have scratched his skin."

Chen Ye, the same guess, her grandfather must think that the factor is in this incident, that is, she understands, let alone Qin Tiange?

It didn't take long for Chen Xi to handle the matter of the base. After making proper arrangements, Qin Tiange took the two sisters to the sky and hurried to the city overnight.

...

In the dark night, Qin Tiange flew past Chen Xi and Chen Xuan in one hand, rolling up the clouds and rolling. Fortunately, the Thunder and Lightning had now subsided.

"Brother, can you fly?"

In the sky, Chen Qiaoqiao was shocked and looked at her brother-in-law Qin Tiange, who was shocked to find that he could fly.

In fact, not to mention her, even Chen Xi was shocked. She did not understand that Qin Tiange was able to fly at such a fast speed that it was shocking.

“Flying, in fact, you can do it in the future, don’t be envious.” Qin Tiange’s tone was very calm, and he didn’t feel any fuss about flying.

As long as Chen Zhen and Chen Xi can step into the eight-star level, it is a deep metamorphosis, and flying is a natural instinct.

“Chen Xi, you have to be prepared. This time, the capital must be windy and turbulent, and the tide is fierce. It may even cause a huge storm.”

During the flight, Qin Tiange whispered to Chen Xi and reminded her so that she would not be caught by then.

With his toes, Qin Tiange can guess that this incident is absolutely strange. As the highest general in Beijing, how could he suddenly hurt his coma suddenly?

This is artificial Some people can’t wait to get involved in the capital, or to completely disrupt the capital and even the whole of China.

“Tian Ge, rest assured, I know how to do it.” Chen Xiqiao’s face was cold and her eyes were full of murderous murder.

In fact, she also understood that Chen Guodong’s serious coma this time must have a lot of weirdness in it, saying that she didn’t believe it because of no artificial factors.

Chen Guodong, how can they say that they are the highest generals in Beijing and command the three armed forces in Beijing? Are there not many experts and guards around him?

Moreover, he didn’t have to fight in battle, how could he suddenly hurt his coma? Qin Tiange sneered, and said quietly, “Those behind the scenes can’t wait any longer. I can only blame you for blocking my plan, so I will break all your strengths one by one.

Huh!

Qin Tiange took Chen Xi and Chen Kui, both of whom were extremely fast, and disappeared into the night in the distance in a blink of an eye.

Beijing is about to usher in a turbulent storm, and many keen people are faintly smelling a **** breath.

Chapter 463 - General house arrest, who gave you courage?

The dark clouds were pressing over the capital, and even the air became heavy, as if a storm was coming.

The entire capital is in a state of combat readiness, and the various legions are on alert. On the surface, nothing can be seen, but there is already an undercurrent surging in secret and the crisis is perilous.

Ordinary people in the city cannot detect these changes, but many people already feel that the sky is changing.

“Stop, this is a military forbidden area. No one is allowed to come near.

Chen Xi and Chen Ye, who rushed back overnight, took Qin Tiange back to the old house in Beijing in a hurry, but were blocked by a group of heavily armed soldiers.

Thirty fully armed soldiers stopped the incoming Qin Tiange three, all wearing icy faces, wearing armor and holding laser weapons.

“Asshole, this is my house, Chen Guodong is my grandpa, do you dare stop us?”

Chen Yan was so angry on the spot, his face flushed, and almost his eyes were about to spit fire. The two sisters were so anxious that they rushed back in the night with Qin Tiange, but they did not expect to be blocked outside the door.

Qin Tiange didn't speak, his eyes were calmly looking at a large group of soldiers with live ammunition in front of him, all equipped with new laser guns, almost armed to his teeth.

Each of them exudes a powerful evil spirit. They are all intensifiers, and they are all intensifiers of two stars and above, which are extremely powerful.

Even the one who took the lead was a four-star intensifier, carrying a huge ancient sword, his eyes were cold, and he looked at Qin Tiange three expressionlessly.

He also felt that there were hundreds of intensifiers hidden around him, which surrounded the old house.

“Get out, I want to see my grandpa.”

At this point, Chen Xi stepped forward and presented his credentials, but unexpectedly, the group turned a blind eye and instead raised the laser gun and aimed at the three.

“Stop, and go to the ground to kill.”

One soldier gave a cold drink and refused to let it go. Thirty soldiers guarded here, it seemed to be protecting the house, but in Qin Tiange's view, there was something strange.

Chen Xi stared at each other coldly, humming: “Sergeant, you dare to stop me, not to mention that this is my home, and what is the purpose of my grandfather?”

She had been faintly aware that this group of people did not protect her grandpa, but gave people a sense of surveillance.

No, to be exact, under house arrest.

“No one can do it. The command above, no one should approach this place, let alone step into it. Violators will be executed on the spot.”

The middle-aged man named head came up, wearing a military uniform, the rank of captain, looked at Chen Xi and Chen Yan indifferently, and finally glanced at Qin Tiange.

His words were bland, but there was a icy cold, as if he was a piece of icy iron without feelings.

“Leave, or be executed as a trespasser.”

The captain waved his hand gently, and there was a rattle around him. A laser gun was aimed at Qin Tiange and Chen Xi.

Ultimate ultimatum, if he did not leave, he was deemed to have broken into the military restricted area and executed on the spot. The cold words revealed the murderous murder.

Humph!

Just when Chen Xi was about to continue to say something, a cold hum came, and Qin Tiange, who had never spoken, came up.

He looked up and down the captain in front of him, and said indifferently, “Which order did you take to prevent the two granddaughters of Admiral Chen Guodong from going home?”

“No comment!” The middle-aged man replied suddenly, his hand faintly placed on the handle of the knife, and a sharp flash in his eyes.

Seeing this, Qin Tiange squinted his eyes and said coldly, “Your guts are fat, and you are openly under house arrest. Who gave you your gall?”

“Kill, execute on the spot!”

The middle-aged man changed his face slightly, and immediately ordered the three Qin Tianges to be resolved. As soon as his voice fell, he pulled out an ancient sword.

With a short whistle, the sharp whisper came, the sharp icy cold. He even started to kill Qin Tiange and Chen Xi sisters.

“Look for death!” Qin Tiange was furious. This group of people not only openly placed General Chen Guodong under house arrest, but also tried to kill them directly, and could not forgive them.

Click!

Surprised to see, one hand reached out, catching the chopped ancient knife with a click, and five fingers clasped the edge of the knife to pinch the power of the chop.

The middle-aged man turned wild and felt that his knife was caught by the other side instantly, and he still caught it with his bare hands, which was incredible.

“Fire!” His response was unpleasant, and he retreated, and ordered to fire.

However, Qin Tiange was faster than him, and before his words fell, the figure quietly appeared in front of him, holding his neck gently with one hand and lifting it.

“Release Captain!”

“Crouching down, immediately, immediately!”

At this moment, dozens of people were clamoring and holding a laser gun to press them up, aiming at Qin Tiange, one by one looking cold.

Unfortunately, Qin Tiange didn't bother, but stared at the middle-aged captain carrying his hand, his eyes were a little cold.

“Admiral of house arrest, but also to kill the admiral, who gave you the courage?” Qin Tiange drank the word, and the fighters around him shook with ear drums and their heads were buzzing and shaking.

The middle-aged captain fused, with a little surprise in his eyes, but gritted his teeth and uttered a few words: “Military soldiers, obedience to orders is a duty, since now we are required to guard here and imprison prisoners, that is our mission.”

“Shit mission, you insulted the soldier.” Qin Tiange Han hummed, “Look at you, and who's order?”

“Do you know who is inside? That is the Supreme Commander of the Three Armed Forces of the Beijing City, General Chen Guodong, you even imprisoned him, and you have accused him, who do you want to order, or do you want to rebel? Every word of Qin Tiange shook the nose of middle-aged people, and the ear drums buzzed.

“Also, a captain in your area wants to kill one general and two major generals. You are so brave.”

Qin Tiange looked expressionless, looking at the middle-aged man with his mouth open, his fingers suddenly forced, and he snapped the other person's neck with a click.

He shook it casually and thumped, and the middle-aged man's body was dropped to the ground and completely dead.

“And you, the imprisoned general, have betrayed the Huaxia army, departed from the vow of enlistment, openly rebelled, and increased the crime.”

Qin Tiange finished speaking word by word, the voice had just dropped, and the whole person had no trace.

“what...”

At first glance, dozens of soldiers with laser guns in front screamed. Some people pulled the trigger and wanted to fire, but it was too late.

I saw a flash of aftershocks, accompanied by the splattered heads, blood and gushing, and after a breath, dozens of armed personnel were killed directly.

Heads rolled all over the floor, and the corpse was lying there spurting blood, filled with stinking gas, which alarmed hundreds of soldiers around.

“Fire, kill them!”

Around, among hundreds of unknown soldiers, someone screamed in anger and issued a kill order.

But unfortunately, Qin Tiange was too fast, and even Chen Xi didn't even see clearly. He heard a scream of screams around him and then calmed down quickly.

With just two breaths, hundreds of people lay on the ground together, their heads moved, and they fell to the ground without staring.

These people did not even have the opportunity to shoot, and were all cleaned up by Qin Tiange, leaving none alive.

“General house arrest, assault and killing of superiors, you have become rebels, it is not a pity.”

Qin Tiange came out expressionlessly, with a flat tone, without a trace of emotion, that both Chen Xi and Chen Chen sisters were scared.

They didn't expect Qin Tiange to do it directly, but they didn't care, because these people ***** it, it wasn't enough to stop them from going home. They even had to kill them in place.

“Let's go and see the old man. I estimate that the situation in Beijing is much worse than we thought.”

Qin Tiange patted Chen Xixiang's shoulder, and the latter immediately awakened, and took Chen Xuan into the old house in front of him.

This is Chen Xi's home. The inside door was closed and was blocked from the outside, but Qin Tiange crushed the door lock and went in.

In the courtyard, there were streaks of dark red blood everywhere. Obviously, there was a ***** battle.

Seeing this, Chen Xi was anxious, walked quickly into the main hall, and just saw three figures coming out.

“Xiao Xi? Xiao Yan?”

An exclamation came, and the two old men who came out looked at the person in surprise, but they did not expect to be Chen Xi and Chen Chen sisters.

They were surprised, and even more surprised, when they saw another person, the young man walking next to the sisters, was Qin Tiange himself.

“Why are you back?” An old man looked dignified and did not see the joy of the arrival of Sister Chen Xi, but had a kind of anger.

He was the Deputy Chief of Staff of the Beijing Military Forces, Lieutenant General Xia Ming, and the next one turned out to be Lieutenant General Chen Wu who originally came to the capital from the Shenzhen City Police District.

“Grandpa Xia, what about my grandpa?” Chen Xi looked anxiously, and asked about the situation of Chen Guodong, because she didn't see her grandpa.

Xia Ming's face was gloomy, and he finally sighed, "Your grandfather was secretly framed and is currently unconscious. We are under house arrest here, and we can't exchange medicine for saving your grandfather."

"By the way, how did you get in?" Xia Ming suddenly came to his senses and asked this sentence in surprise.

At this time, Qin Tiange came up to and saluted, saying, "Two old generals, at this time, not when I said this, everyone outside was killed by me and took us to Look at General Chen. "

"Okay, come with me!"

Xia Ming knew the importance. Although he shocked Qin Tiange to kill hundreds of people in captivity outside, he didn't care, but took Qin Tiange and Chen Xi and Chen Yi into the room.

"grandfather..."

As soon as they entered the room, Chen Xi and Chen Chen's eyes turned red, tears blurred their eyes, and he screamed.

Lying on the bed was an old man with gray hair, looking pale, with a scar on his chest, and deep bones. The most deadly was a wound on the head. Although it was tied up, it was the most deadly.

He was the highest commander of Beijing. General Chen Guodong, Chen Xi and Chen Ye's grandfather, did not expect that the old man had made a plan and was seriously injured and unconscious.

Qin Tiange squinted his eyes and flickered with dangerous lights. Judging from the unavoidable breath of Chen Guodong, the veteran general could not live for three days, and his injuries were getting worse.

Chapter 464 - Someone wants to be up

In the old mansion in the capital, Chen Xi and Chen Yan looked excited, looking at Chen Guodong, who was unconscious, turning rosy and his breath was recovering.

A deep wound on his chest showed a rapid recovery, and a fatal wound on the head was also recovering quickly.

Qin Tiange used regenerative materials, coupled with the spring water and the liquid of life, to pull the dying old man back from the edge of death.

"Well ... Xiao, Xiaoyu ..."

For a long time, Chen Guodong, who was in a coma, slowly woke up, and at first glance he saw Chen Xi and Chen Xi, who were anxious and crying.

Then, his eyes brightened, and he saw the young man standing behind the two. However, he tried his best to complete Qin Tiange, who was ordered to end in danger, the youngest general in China.

"Grandpa, you finally woke up." Chen Xi wept with joy, watching her grandpa recover, and the big rock in her heart finally fell.

Chen Yong wiped her tears, and she was really scared to death just now. Fortunately, her brother-in-law rescued her grandfather.

“Well, Xiaoxi and Xiaoyou, don’t cry, I’m not dead ...” Chen Guodong stood up with a smile.

His most eyes were on Qin Tiange, and the two eyes collided with each other.

“I finally saw you, ha ha ha ha ...” Looking at it, Chen Guodong burst into laughter, leaving the two sisters Chen Xi and Lieutenant General Xia Ming and Chen Wu to face each other.

Qin Tiange showed a faint smile. The young and old laughed strangely, and no one knew what they were laughing at.

“Master, who hurt you?” Qin Tiange asked gently.

The room was quiet for a moment, and the air was condensed. Chen Xi and Chen Chen sisters looked astonished, and their eyes were flashing with murder.

Someone seriously injured and placed their grandfather under house arrest. This was absolutely intolerable, but neither of them spoke, but looked at his grandpa quietly.

Chen Guodong’s smile converged, his face was expressionless, his eyes flashed from time to time, but he shook his head unexpectedly.

“To be honest, we are not sure who led all of this.” His words were surprising.

Qin Tiange frowned, and asked, “It’s hard to do, even you don’t know who is behind it all.”

Xia Ming nodded and explained: “Originally we thought it was the Xiao family, but it turned out that the Xiao family was actually a horse pawn.”

“Xiao family, horse died?” Qin Tiange muttered thoughtfully.

He understood in his heart that the Xiao family might be just a horse pawn, but the real behind the scenes was not revealed.

According to Chen Guodong, the three armies of Beijing seem to be passive, and most of the senior generals have been replaced.

“The eight seven-star powerhouses, headed by the Xiao family, suddenly killed our guards, and finally sent people under house arrest. They were currently under the control of the Beijing Army Corps.” Chen Guodong said calmly
Sentence.

He didn’t seem to worry about his situation at all, and he was in a state of danger. This is the veteran style. Even if he just died, it is still not shocking.

When Qin Tiange heard this, his eyes couldn’t help narrowing his eyes, and he was secretly surprised that eight seven-star masters attacked Chen Guodong and killed his guard.

Even Lieutenant General Xia Ming and Lieutenant General Chen Wu jointly defended the guards, the three men retreated to the old house, and eventually the three were placed under house arrest.

Since Chen Guodong was the supreme commander in chief of the three armies of the capital, he could not be assassinated in an assassination, but could only be placed under house arrest.

Otherwise, once the majority of the soldiers in the Beijing Armed Forces react, some people will blatantly rebel and kill the Supreme Commander.

Even so, most soldiers in the Beijing Army have already guessed that this attack was definitely premeditated.

“Father, it seems that someone can’t wait and wants to be in a position ...” Qin Tiange’s mouth turned a cold arc.

He had already guessed that some people couldn’t wait and wanted to take the opportunity to take the lead in order to lead the land of China. This was ambitious and wanted to get mad at the fire.

“Huh ...” Chen Guodong snorted softly, taunting: “The Xiao family who wants to be in rank is simply a delusion. Don’t say that he doesn’t have this prestige, he just has it, and it’s just another man’s pawn.”

It ’s not that easy to think of a position. It ’s not that you go up when you say it. That position is n’t just a seat.

Even Chen Guodong himself and the commander-in-chief of the three armies of the capital did not have the ability to sit up, because the major bases and military regions in Huaxia would not support it.

“Lao Chen, the current situation in the capital is critical. If we die, the entire capital will be chaotic. When the capital is in chaos, China will be in chaos.” Xia Ming solemnly expressed his hunch.

After this incident, they have fully understood that the capital city has been completely disrupted by those who can’t sit still. They want to plunge the capital city into a chaotic situation, and even set off a storm and disrupt the whole China.

They want to rise up in the chaos, and some people want to take advantage of this position and lead the world.

“The idiot is talking about dreams!” Chen Guodong sneered, humming: “The three armies of the capital are not so easy to control. Although I was caught off guard by the emergency, more than 90% of the entire capital in the capital is my first-hand training and promotion belt. from.”

The various legions of the capital are currently on guard and are afraid to act rashly, but they cannot be commanded and controlled by people in Chen Guodong’s accident.

They felt that something was wrong, and they entered the state of combat readiness. When they wanted to come to protect the general, they suddenly discovered that the capital had more powerful legions, blocking the major legions of the capital and forming a confrontation. This puts Beijing in a dangerous situation.

The capital city is now like a gunpowder barrel. Once the news of Chen Guodong’s death spread, the major legions of the entire capital city will inevitably explode.

Because of this huge risk, no one dared to kill him after fleeing after being seriously injured. Instead, he sent someone to house arrest and not allowed in or out.

“Father, I’m very puzzled. With the Beijing military master, can’t I stop eight seven-star masters from attacking each other?” Qin Tiange frowned and asked this question.

Chen Xi and Chen Ye were equally curious, and suddenly came to realize that there wasn’t a master guard around his grandpa?

Chen Guodong frowned and explained, “In fact, there are many masters in the Beijing army, let alone seven stars, two stars are eight stars, but I was secretly sent out to perform a mission to explore a place . “

“That is to say, there are traitors around you, otherwise, the secret news that the master went out will not be known to outsiders.” Qin Tiange immediately affirmed that there were many traitors hidden around Chen Guodong.

Chen Guodong nodded and admitted, sighing: “I didn’t expect that there would be so many people around me who couldn’t stand the temptation.

“Except for the two of us, most of the generals above in the capital have been countered by those people.” Xia Ming looked a little unsightly.

This news was a big blow to the three. Some generals were brought up by their own hands. I never thought that after all, I could not stand the temptation to do such things.

They think that after removing Chen Guodong and Xia Ming, those people promised them a huge return that they would get after the event, and finally went risky.

“Father, it’s time to go out, otherwise, Beijing will really fall into war.”

Qin Tiange suddenly said this with a smile, so that Chen Guodong was greatly appreciated, nodded, and looked more and more satisfied. Whether in public or private, he was very satisfied with Qin Tiange.

“Yes, Lao Chen, we should show up, otherwise the major legions of Beijing will be completely disrupted by those people, and they will be out of control at that time.” Lieutenant General Xia Ming agreed with this decision.

At present, the capital city must not be chaotic. Neither Qin Tiange nor Chen Guodong have any benefit.

“We can’t go out, those people already know Xiaoxi, you’re back.”

As soon as I left the house, I saw a crowd of armed men outside, all armed and powerful, all intensifiers.

Qin Tiange was full of eyes, watching thousands of people suddenly outside the house, surrounded the old house directly, the bodies on the ground had not yet been cleaned.

“Coming soon ...” He sneered, not worried at all.

Today, Qin Tiange, who has entered the five-star world, has reached a terrible level of horror. The entire capital, even the eight-star powerhouse, is not necessarily his opponent.

Of course, unless those who are extremely talented and have the potential to push the limits from the beginning, such a strong person must be taken seriously.

“Chen Guodong, Xia Ming, and Chen Wu, the three of you are suspected of selling the country through the enemy, and your superior ordered to kill them in place.”

“Kill, not one!”

At the door, a young man wearing an armor and holding an iron gun looked icy cold, said this sentence coldly, and directly ordered the killing.

Qin Tiange listened to the accident and wanted to laugh. These people are so brave enough that they even pressed Chen Guodong and Xia Ming for this crime of treason.

“Chen Xi, Chen Ye, solve them!”

Although he wanted to laugh, Qin Tiange whispered a word. Before Chen Guodong and others had not responded, they saw the figures of Chen Xi and Chen Ye disappear suddenly.

Immediately afterwards, there were screams around, accompanied by laser howling lasing, penetrated the walls and houses, and even some lasers hit Chen Guodong and others but all were Qin Tiange easily blocked it. Thousands of intensifiers fell by half under the killing of Chen Xi and Chen Yan.

“Bold Maniac!”

Seeing thousands of fortifiers being slaughtered by two women, a master hidden in the secret finally couldn't sit still.

For a moment, a shadow flashed out, and a sword screamed away, taking Chen Xi's eyebrows directly.

“Seven stars, can you finally make it?” Qin Tiange sneered, his footsteps disappeared.

boom!

The figure flashed, and saw a man screaming and spitting blood, flying out, hitting the ground, and couldn't get up for a while.

“You ...” This man looked pale, bleeding from the corners of his mouth, and stared at the young man who suddenly appeared in front of him.

As a seven-star powerhouse, he was hit hard by a move, it was incredible.

Chapter 465 - Hiding a knife in a smile, the whole city blocked

“Assassination of the admiral, deserve to be guilty!”

Qin Tiange came to the seven-star powerhouse one by one and looked down at each other indifferently.

This man, the leader of more than a thousand evolvers around, even came to kill Chen Guodong and others, which showed that he would kill General Chen Guodong by means of thunder.

“It’s impossible!” The man’s face turned wild, his body moved back slightly, and his face was shocked. He didn’t expect that he would be hit badly.

On his chest, there was a boxing mark, deep in the bones, which was severely injured by Qin Tiange’s punch. If he did not intentionally leave the other party with a life-threatening, he might be killed in one blow.

“Say, who is the master behind you?” Qin Tiange leaned down and fluttered into the other’s ear.

“I said, my lord is ...” The man’s complexion changed, and he said in a stubborn rush, suddenly a dagger stabbed into Qin Tiange’s heart.

The dagger was sharp and whistled, but was gently pinched by one or two fingers, and could no longer penetrate even half an inch.

Qin Tiange’s binocular killing flashed and hummed, “Find your own way, then it’s useless to keep you.”

“No ... rao ...” The man was terrified to ask for mercy. Before he finished speaking, he saw Qin Tiange hitting his knife with a thump knife.

With a click, blood and water gushed, and the head soared and rolled down, staring dead. Qin Tiange actually chopped off the opponent’s head with a knife. Since he refused to say that he was the most stubborn, he killed him.

“Kill them with heavy weapons!”

Suddenly, a loud drink came. The young gunman who just spoke gave an order to kill Qin Tiange and others with heavy weapons.

Seeing him jumping out again, Qin Tiange sneered at the corner of his mouth, his body suddenly disappeared in place, and then reappeared, but he flew up with a scruffy head.

“kill!”

Qin Tiange took the halberd and rushed into the ranks of the fortifiers with weapons. He opened the killing ring, flew flesh and blood, his head rolled, and hundreds of people were killed in just one breathing time.

Thousands of intensifiers arrived to kill Chen Guodong and others. As a result, they were slaughtered halfway by Chen Xi and Chen Ye. They ran out of a seven-star intensifier, but were killed by Qin Tiange on the spot.

In the end, thousands of assassins were killed, Qin Tiange slowly walked around the corpse, and there was a faint ray of gray gas rising from the corpse, disappearing into his left arm.

That was the spirit body, the soul thoughts of these corpses, and Qin Tiange secretly instructed Tianxi to wait for the twelve-day girl to quietly ***** it away.

“Old general, let’s go and go directly to the barracks. I would like to see, how do these people control the army of Beijing?” Qin Tiange came to Chen Guodong and made this suggestion.

Chen Guodong looked indifferent, nodded with a smile, and praised: “I am more at ease with you as a master.”

With that said, he led Qin Tiange and others to the direction of the Beijing military barracks, where they were closely surrounded by the army and the two armies confronted each other.

“Chen Guodong rebelled against the enemy and has been suspended from investigation. Do you want to resist?”

Outside the Beijing military barracks, a large army regiment surrounded the army barracks in front, with live ammunition and even equipped with high-tech weapons.

The atmosphere at the scene was a little dignified, like a gunpowder barrel, which would explode at any time. Inside the barracks, more than 100,000 troops assembled, entered the fortifications, and pointed their weapons outside the barracks.

“General, there must be something wrong with the chief, we kill and defend the chief.”

The commander of the elite elite division of Jingcheng had a solemn proposal and was about to kill immediately to defend General Chen Guodong, the supreme commander of Beijing.

Since last night, a large army suddenly appeared, inexplicably surrounded the barracks, and also said that Chen Guodong’s treason was taken down, and the barracks were almost bombed.

“The people inside listened and immediately surrendered and under investigation, otherwise they will be punished for treason.”

Outside the barracks, some people shouted into the barracks, causing a lot of shock, and the army’s heart was a little unstable.

“It’s pure rumors and slander. They are treason.”

A major general with a somber complexion and squealing with his fists, was obviously outraged by the words outside, and even slandered General Chen Guodong.

This is a bowl of shit. If you directly fulfill Chen Guodong’s treason, that’s a big deal.

“General, fight, the security of the chief, the security of the capital is above all else.”

“Go to war!”

“Destroy the rebels!”

For a time, the enthusiasm for fighting in the barracks was entangled with anger, was besieged in the barracks inexplicably, and he was inexplicably charged with treason and rebellion, and everyone had fire.

Moreover, they are all a group of soldiers who defend the country. How can they not be angry when they are treated like this?

“Old Xiao family ghost, do you slander me like this, really when I have no temper?”

Just as the **** battle between the two armies was about to erupt, a special squadron came outside the army surrounding the barracks, and six guards came up.

In fact, this special team has always been hidden near the old house, but did not know the situation of Chen Guodong and others and did not dare to act rashly.

First, Qin Tiange and others arrived, killing hundreds of intensifiers guarding the outside, and then slashed thousands of intensifiers who came to kill Chen Guodong and others.

Finally, when Chen Guodong appeared, this special team emerged quietly, guarding Chen Guodong around and keeping on.

This time the incident broke out, and the situation was too sudden, causing some special war elites to be helpless, trying to storm without understanding the safety of the general.

Fortunately, everything is fine, Chen Guodong is not in danger, which is enough.

Now he came, went directly outside the barracks, and watched the dense army surrounded the barracks.

The leader of this army is the father of the Xiao family, who are both older generations of the military and understand each other.

“Chen Guodong?” Looking at the person, an old man wearing a military uniform changed his face slightly, but it was fleeting.

His eyes flickered and he looked at the people. It was Chen Guodong, Xia Ming, Chen Wu, Chen Xi and Chen Ye, and Qin Tiange, plus the thirty special warriors around the arch guard. They are all three-star powerhouses.

“Badger, kill without amnesty!”

Ahead of them, ten special war elites held their swords, strode forward and opened their roads. They had fortitudes and faced 100,000 troops without fear.

Ahead of it, a battalion of soldiers stood in front of it, but when they saw Chen Guodong and others in full armor, they shone the stars, one by one, they became timid.

The gap in status, consciousness, and the majesty of the superior should not be easily profaned, and those soldiers gave way on their own.

No way, they are the highest commanders of the three armies of the capital, and they are the generals of Huaxia, the older generation, and naturally have an aura.

Coupled with the two veteran generals Xia Ming and Lieutenant General Chen Wu, in addition, Chen Xi and Chen Xi instinctively exude their own breath, oppressed, who can stop, who dares to stop?

Dozens of people were unobstructed and went directly to the gate of the barracks. They saw an old man standing in front of them. Hundreds of five-star strong men stood behind him, and several six-star strong men faintly guarded him.

This is the father of the Xiao family, a character of the older generation in China. The entire maritime market is under the control of the Xiao family. The power is not to be underestimated.

“Old Xiao family, what do you want?”

Chen Guodong only stepped forward, facing the Xiao family’s father, with a majestic tone, questioning the other party.

The Xiao family, named Xiao Shi, has a huge influence in the military. Especially after the last days, he built a maritime base directly to control the huge forces.

Now, Xiao Shi directly led his soldiers into the capital and besieged the barracks. This old guy’s ambition was a little bit bigger. So openly he wasn’t afraid of being shot?

“I’m not dead. I just heard that you had been conspired by someone, so you brought the soldiers to Gongwei Jingshi. You didn’t even appreciate it, and you slandered me?” Xiao Shi’s eyes flickered and he said this sentence.

Chen Guodong squinted his eyes, suddenly hehe he smiled suddenly, took two steps forward, and patted Xiao Shi’s shoulder, looking like an old comrade in arms.

“Old man, you have this kind of heart is enough, but did you bring your soldiers to the capital without reporting?” Chen Guodong smiled lightly.

Xiao Shi’s eyes flashed away, and he laughed: “In extraordinary times, when you use extraordinary methods, please ask General Chen to be considerate.”

The two talked and laughed, but the sword was hidden in the smile, but the eyesight people saw it. This is not a conflict. The two armies each have 100,000. Once the conflict occurs, the entire capital is bound to fall into a state of war.

Moreover, not only is the Xiao family’s external forces in the capital, but also forces from all sides have come to the capital and got involved.

“Since General Chen is already immaculate, my task is complete.”

“withdraw!”

Xiao Shi was neat and sharp, leaving behind a scene, he led his soldiers and left. He walked very fast. The army of 100,000 said to go, and soon disappeared here.

Chen Guodong looked at Xiao Shi who led his soldiers, looking cold and humming, “This old guy, if there are other forces in the capital, let you jump around here?”

In fact, he was very helpless. The capital city was intricate and complicated. Not only did the Xiao family bring soldiers, but also people from all sides had brought soldiers to the capital city and wanted to get a share.

What is divided is naturally the place where the capital of Beijing rises. If you want to become the master of the capital, and then the commander-in-chief of China, Huaxia, order the Quartet.

“Lao Chen, at present, several forces in Beijing have stepped in, and we must cut the knife quickly, otherwise Chi will change.” Xia Ming put forward his opinion solemnly.

This attack made him understand Some people want to cure them dead. In this case, then a quick knife will be used to cut off all hands and feet involved in Beijing.

“Grandpa, do you want me to send troops from Sucheng?” Chen Xi stepped forward and asked seriously.

Chen Guodong thought a little, thoughtfully took a look at Qin Tiange, but shook his head and smiled, “No, at present, the various legions in Beijing are sufficient to deal with these foreign forces.”

Naturally, he did not want Chen Xi to transfer troops, and he also asked General Qin Tiange to dispatch troops. His family is not small.

“Come, ring the city alarm, order all troops to block the city, and search for enemy spies!”

Chen Guodong was very popular and stepped directly into the barracks. He issued this order. Suddenly, the entire capital remembered a blast of sirens.

This is a warning of war, and everyone realizes that something big has happened in Beijing. Following this, Chen Guodong led the army directly, searching for those assassins who assassinated him in the capital.

Qin Tiange understands that, in fact, it is said that he is searching for assassins and spies of enemy countries. In fact, the real purpose is to deal with those outside forces.

“It’s going to change ...”

Somewhere in the courtyard of Shangjing, a figure stood on the top of the building, looking at the base, and groaned with emotion from time to time.

With no expression on his face, he murmured, “Xiao family, there is more to accomplish than to lose, so Chen Guodong has the opportunity to fight back, and the plan has completely failed.”

“Master, now that Chen Guodong has appeared and regained control of the major legions of Shanghai, now we are using the shareholder wind to clear the obstacles in the city. Are we temporarily evacuating?”

Behind this man, a middle-aged man bowed slightly and carefully spoke this sentence.

The one in front of him, but his master, as far as the identity is unknown.

“No, anyway, the Xiao family came to carry the blame. After this incident, although Shang Jing took complete control of Chen Guodong's hands, he did not dare to move us.”

The person said, sighing, with infinite regret, but did not leave here, confident that Chen Guodong did not dare to move them.

At this time, among the parties in the Shangjing base, an elite army appeared fully armed, which attracted the attention of all parties in the base.

“The people inside listened and immediately surrendered.”

A living quarter of the base was surrounded by hundreds of elite soldiers, and armored vehicles, tanks, and other heavy weapons were aimed inside.

In the community, dozens of people gathered together, looking dignified, quietly looking at the army that surrounded them.

“Damn, we are exposed.”

A burly man with a grim complexion and a domineering atmosphere, full of seven stars, he is a seven-star powerhouse, but he raised the star with the medicine on the stele.

The combat effectiveness, in fact, is the strength of more than 600 people, which is just a high star rating, and the inherent details are not very powerful.

There are thirty-nine people here, and the seven-star powerhouse is exactly forty. They were all part of the assassins who participated in the assassination of Chen Guodong.

“Kill it out!”

This person was very straightforward, took out a forest sword directly, strode out of the meteor, jumped out from the door, and instantly killed the army surrounded by the outside.

“Fire!”

Outside, hundreds of elite soldiers immediately opened fire, all equipped with new laser guns, wearing armor, fully armed, and directly firing.

A series of lasers poured out, and dozens of people rushed out of the community were instantly broken into pieces. Only two six-star and one seven-star strong men jumped up to the high-rise and fled.

call out...

Just when the three were sneering and thought they could escape, there was a whistling sound from the distance, sharp and piercing, and three arrows and feathers burst into the air.

“No ...” The two six-star powerhouses roared, dodging instinctively, but unfortunately it was too late, and two arrowheads penetrated their hearts and fell straight to the ground.

The last arrow flew through the air, and Feng pointed directly at the heart of the last seven-star middle-aged big man.

“Drink!” The middle-aged man drank angrily, his whole body erupted, and he turned and slashed away with a knife.

With a click, the knife broke and shattered the ground, and Arrow Man broke his sword, and the remaining force pierced his eyebrow and twisted a half of his head.

Lethal, middle-aged people can't think of it. They were killed by a single shot, and the seven-star powerhouse could not reach the power of a single shot.

hiss!

Hundreds of elite soldiers outside the community took a deep breath and watched the three escaped strong men who were killed in seconds, shaking their hearts.

One shot, one shot, and three shots, two six-star and one seven-star powerhouse fell here.

“So strong, who is it?”

Hundreds of elite warriors were horrified. It was not clear who was helping them in the dark, but they knew it was their own.

After all, they were elite warriors. After being surprised, they immediately dealt with the scene, pulled away the corpses, and searched every corner of the community.

At the same time, in another community, thousands of elite soldiers vigilantly surrounded the front of the residential area, and the laser gun was charged and aimed inside.

“The master ordered me to find a way to evacuate, and the mission failed.”

In the community, hundreds of black men gathered together to discuss, taking the lead is a gloomy young man, wearing black clothes and black armor, to carry a sword, the breath is extremely strong.

He is a seven-star powerhouse, there are three six-star powerhouses here, and the rest are actually four-star powerhouses, one of those assassins involved in the assassination of Chen Guodong.

“Head, we are surrounded by the army.”

A figure rushed quickly and reported the news. The whole community was surrounded and they knew it was found.

The leading young man looked somber and hummed, “Zhejiang is one thousand stars, and the two-star fortifiers are just like surrounding us, it is just delusion.”

“Go on, kill me.”

Having said that, he pulled out the sword behind him and rushed out first. The speed was lightning fast, he swept away quickly, and flew out of the community.

“Kill, not one!”

Outside, among the thousands of elite soldiers, there was a coquettish drink, and a white figure rose into the air, the silver gun whistled, and took the first seven-star strongman who rushed out.

With a bang, the guns and swords collided, and the ignition sparks splashed around, but they saw that the rushing seven-star young strong changed his face and was shocked by a strong force.

“Who are you?” The young man looked dignified, the sword in his hand trembled and his entire arm was numb.

Opposite, stood a pretty tall and petite figure, it was Chen Xi, holding a silver gun, standing in front of the other.

“Treason with the enemy, assassination of the admiral, do you not catch it quickly?”

Chen Xijiao drank and rushed to kill, as if a silver lightning, struck the opponent’s sword, and shot through the young man’s throat with a shot.

“You ... good gun ...” The seven-star young strongman, after saying this, fell down unwillingly.

“Head is dead, run away!”

In the community, hundreds of black armor and black armor intensifiers rushed out of their faces. Someone sighed and hurled and dispersed.

Hundreds of people scattered and fled, but were smashed into fragments by thousands of elite soldiers who had already prepared.

In an instant, hundreds of assassins were killed and none of them escaped.

“Ha, you can’t stop me!”

“A group of weak chickens still want to catch me?”

All sides of the base came with a loud laughter and laughed, and saw powerful figures rising from each residential area, breathless, and fast as lightning.

These are all powerful forces hidden in the base of Shanghai, or assassins involved in the assassination of Chen Guodong, and quickly fled.

Especially for some six-star and seven-star powerhouses, the elite troops can’t really stop them.

However, there are also many strong men in the army on the Beijing side. There are not many six-stars, so they can block all six-star assassins.

As for the seven-star powerhouses, because the military’s seven-star powerhouses above were sent out secretly, it was impossible to stop the seven-star powerhouses.

They ran away with one heart, and naturally no one stopped them. Of course, they did not include the two sisters Chen Xi and Chen Ye, not to mention the monster Qin Tiange.

“You wait, I will be back.”

A seven-star powerhouse stepped forward, smirking and dropping a threat. As a result, he attracted murder.

Alas ... A sharp whistling came, and Arrow Feather penetrated through the air, fluttering through the eyebrow of this seven-star intensifier, and smashed on the spot.

His headless corpse was also struck by a huge force in a building, and it was worthy to stop. The seven-star powerhouse was killed by a single shot.

“The military has superpowers to hide, hurry up!”

For a time, some strong men from all over Shanghai were shocked by this scene, and immediately turned to vacate, escaping the extreme speed and fled here.

They were scared. The seven-star powerhouse was killed in one shot, and even reaction and resistance could not be achieved. What a horrible experience?

“Want to leave?”

In the center of the base, on the huge assessment stone, a figure stood, holding a purple gold bow, and suddenly clasped five sharp arrows to pull the bow.

A slamming sound, accompanied by the five sharp edges passing through the air, quickly passing, the sound of a sharp weapon coming into the flesh came, and saw the five powerful figures pause together.

“No, it's impossible ...” A seven-star powerhouse bowed his head, watching his heart be pierced through a large hole, and blood and water kept flowing.

With reluctance and horror, he turned back slightly, saw the figure on the proud stone monument before his death, and finally lost consciousness.

“Chen Guodong, you are fine ...”

In the capital city, the 100,000 troops of the Xiao family didn't dare to move. They were led by the Xiao family, and looked grimly in a certain direction.

“Grandpa, do we really do nothing?” A handsome young man asked with a gloomy face. He was the second son of the Xiao family, Xiao Bai.

Beside him, there was a young man whose appearance and temperament far surpassed him. It was his brother Xiao Fei.

He looked calm and calmly said: “Brother, Chen Guodong is not dead, and our Xiao family cannot be used as a chess piece for others.”

“Fei said well.” The Xiao family nodded admirably, but made Xiao Bai look dumbfounded.

From here, you can hear a scream of screaming screaming. The various forces and men inside were annihilated by an elite army, and some were arrested.

Chen Guodong, by the assassination of the Dongfeng, rose directly from the wind, and took advantage of the attack to wipe out all the powers of the dark subordinates and so on.

As the so-called fast knife cuts chaos, Chen Guodong knows very well that this is the only excuse and opportunity to cut off the foundation of all external forces and cut off those hands and feet that come in.

Even the old man of the Xiao family brought a 100,000 army to see Chen Guodong's reappearance, and he dared not act lightly.

Because there is no excuse, once the face is really torn, then neither Chen Guodong nor the Xiao family will have a good result.

"Huh, those people want to use me to eradicate Chen Guodong, but unfortunately, I haven't let you do it. Now Chen Guodong isn't dead. See how you people wipe their buttocks?" Xiao Shi's face was cold and hummed, Waiting quietly.

He knew that he would be fine. Even if he was terrible, Chen Guodong would n't dare to move him and the 100,000 troops. The three bases of the Shanghai base moved together. If he or other forces jumped out boldly, then he would be ruthless. The crushing is just an excuse.

"Clear the enemy spies?"

In a residential building, a figure murmured to himself and chuckled: "Chen Guodong, Jiang is still old and spicy, he is really fat, and he borrowed Dongfeng this time to kill Shangjingli in one fell swoop. The forces of all parties. "

"Xiao family, unwilling to be a chess piece, but did not dare to kill Chen Guodong on the spot, but was seriously injured in a coma, wanted house arrest, and then took control of a unit in Shangjing. Although the calculation is good, unfortunately ..."

After this person spoke, he turned away from the room, disappeared into the corner, and disappeared quickly. When he left, Chen Yun hurriedly brought hundreds of elite soldiers to surround him, but unfortunately he was gone.

"Father, all seven-star masters are cleaned up and can be sent to rest assured."

On the city tower A figure descended from the sky and landed beside Chen Guodong, saying this sentence gently.

The person who came was Qin Tiange, who returned after killing all the seven-star powerhouses.

"Tough work." Chen Guodong smiled and nodded, grateful: "Fortunately, you have come this time, otherwise I don't know if this old bone can live to tomorrow."

Qin Tiange shook his head and didn't care, but said, "Father, why don't you take advantage of the prevailing situation in the east to rise up?"

“Huh? You have something to say ...” Chen Guodong’s face was serious, his eyes twinkled with light, and he constantly looked at Qin Tiange around him.

The two, one old and one young, looked at the four sides of the base in Shangjing in this way, watched the army dispatch, and started a real internal cleanup, cutting out all the extra hands and feet.

“Father, the country cannot be ruleless for a day. At the end of the day, a leader in Huaxia should stand up.”

Qin Tiange suddenly spoke softly, said such a sentence, and then turned around and disappeared here, leaving Chen Guodong alone looking surprised and uncertain.

Chapter 467 - Suspected, who is he?

Three days later, the Shanghai base was completely quiet, and the gates were wide open, and everyone had not been relieved from the fear and depression.

On the streets, soldiers were patrolling with bloodstains. It reminded me of everything three days ago. I couldn’t help the thrill, and the undercurrent in the base gradually subsided.

Someone found that as soon as the city gate was opened, several legions of the base suddenly quietly drove out of the base and looked extremely strange.

That was the forces from various forces outside the base. The situation in Shangjing City had just subsided. These external forces immediately left the base and were stationed outside, afraid to stay.

Because they knew that Chen Guodong would not allow these foreign forces to enter the base. Once he did not leave, it would be an excuse to suppress him again, like a killing three days ago.

“Grandpa, outside forces have withdrawn from the city.”

In the base, watching the major external forces withdraw from the city, Chen Xi looked dignified, because these forces add up terribly.

With a full army of 300,000 troops, if Chen Guodong could not wake up three days ago to preside over the overall situation, the entire Shangjing base would fall into chaos. At that time, when these forces competed for the base’s dominance, it would even affect the internal situation of China.

“The most abominable thing is the Xiao family, which actually brought about 100,000 troops. Isn’t this a deliberate guess? I think the assassination of the grandfather was mostly done by the Xiao family.” Chen Yan looked indignant and couldn’t wait to destroy the Xiao family.

Chen Guodong didn’t say a word, his face was calm, he said: “These people can’t move now, but they have completely cut off the hands and feet inside and outside, they can’t get in here.”

“Lao Chen, the Xiao family is nothing more than a chess piece, and the focus is in Liaocheng and Qicheng ...” Xia Ming reminded.

Chen Guodong’s eyes flickered and he hummed, “These people can’t wait and want to be in the ranks, but unfortunately I’m the biggest obstacle to their ranks.”

The Shangjing base is currently the strongest, but several other large bases are also not weak. They are among the Bozhong. They have the upper mind and want to remove the obstacle of Chen Guodong.

This assassination incident has the pushers of these people behind them, even they arranged it personally, otherwise they would not lead their troops here for no reason.

What's nice is to defend the Shanghai base, but in the mainland, I don't know what the idea is, but unfortunately they are disappointed.

"Fortunately, this crisis was resolved by Tian Ge, otherwise our three old men have really come to an end." Chen Wu said with emotion.

Chen Guodong and Xia Ming looked at Qin Tiange in unison, this boy has been very quiet, but Chen Guodong remembered the words Qin Tiange said three days ago.

"Lao Chen is polite. I just happened to be meeting. It happened that General Chen is the grandfather of Xiao Xi. It is proper to do these things." Qin Tiange said with a humble smile.

This is very interesting. It is directly said that Chen Guodong is Chen Xi's grandfather. It is the right thing to help him. This is a matter of personal identity, which points out the relationship between him and Chen Xi.

Chen Guodong's eyes flashed and he smiled: "Xiao Xi, is this your boyfriend?"

"You two, when are you married?"

The next sentence, almost made Chen Xi ashamed to find a seam to drill in, but did not expect his grandfather to say this sentence.

At first, she was still worried about Chen Guodong's opposition, because she was born in such a family and was destined to have many things she couldn't make her own decision. This was the case of love and marriage.

Now, Chen Guodong directly acknowledged and even asked the two people about their development status. When they got married, they agreed.

"Grandpa ..." Chen Xi blushed, squinting at Qin Tiange's smile, and lowered her head and stopped speaking.

"Ha ha ha ha ..." Chen Guodong laughed and said, "Tian Ge, look, since the two of you are in love, why don't you find time to get things done?"

Qin Tiange laughed after thinking a little: "Grandpa, let's put it aside beforehand. I always have to prepare a wedding ceremony scenery to marry Xiaoxi through the door, and the current situation is unstable, so let's not talk about the children's personal affairs."

"Okay, you're my favorite." Chen Guodong smiled and became more satisfied.

Qin Tiange is not just a new star who suddenly rises in the last days, but also actively contacts Shanghai and asks to enter the military system.

The rank of general was Chen Guodong's decision to disagree by consensus. At that time, there was a lot of pressure. Now it seems that this decision was very wise.

"Go, those behind the scenes should already be here, and we must do everything we can to tell the landlord what to say." Chen Guodong went out with a smile and walked to the reception hall.

He knew that as those outside forces withdrew, people behind the scenes would emerge one by one, and how would these outsiders not "enter hospitality"?

At this point, a group of people have gathered in the base's reception hall to shine the stars.

Except for the necessary guards, all others are identified persons, three old men, several young talents, and some generals are laughing and joking here.

"Brother, you will see Chen's sisters later. Can you say that you can do this marriage?"

Xiao Bai, the second son of the Xiao family, kept looking out of the reception hall. He was anxious and couldn't help asking the handsome young man sitting beside him.

He is the eldest son of the Xiao family, Xiao Fei. He is calm and calm, has a calmness that is not lost at this age, and has a very deep mind.

"My brother is not worried." Xiao Fei said lightly, drinking elegantly, and smiling: "The Chen family must have converged after this time. Grandpa went to propose him and forgive Chen Guodong did not dare to reject us. "

"However, the Qin family in Liaocheng and the Zhou family in Qi city also have this meaning." Xiao Fei looked thoughtfully somewhere in the hall.

There, there are also extremely young talents chatting. One of them has a calm atmosphere, a firm face, and a charm that is not angry.

"Brother, Qin Feng of the Qin family is interesting to Chen Xi, you should be careful of each other." Xiao Bai said quietly.

Xiao Fei's mouth slightly tilted, humming, "These people just saw that Chen Guodong did not fall down, but instead used Dongfeng to cut off all the hands and feet that reached into Shangjing, and then wanted to find another way, and wanted to use our Xiao family to kill Chen Guodong has a scapegoat, delusional. "

"As for Qin Feng, hum, I just knew a few days ago that this guy unexpectedly kidnapped Chen Xi in my name. I will have to figure it out with him sooner or later." Xiao Fei muttered to himself, revealing a trace Cold.

"Brother, here it is." Xiao Bai suddenly pointed out the door.

The people in the reception hall looked at each other and saw Chen Guodong and a young man walking side by side, followed by Xia Ming and Chen Wu, and finally Chen Xi and Chen Yan.

"Well? Who is he?"

In the hall, some people looked horrified and looked at the young people who came in together with Tong Chen Guodong. They were surprised and surprised.

Because the person who can walk in front of Chen Guodong must have a high status, otherwise, it is absolutely impossible for Chen Guodong to be in the same position as him.

“Lao Chen is here, and I’m relieved to see that you are still so tough.” An old man came up with a smile, greeting him.

Chen Guodong’s face remained motionless, his eyes flashed away, but he smiled: “Old man Qin, you are as old as a sword, but you don’t guard Soviet Russia at the base of Liaocheng, but you come to Beijing to do what?”

The Qin family guarded the frontiers and guarded against Soviet Russia. The Liaocheng base was established after the last days. The one in front of it was the Qin family talker, Qin Fei.

“I don’t know who this is?” Qin Fei lit up a fine light, looking at the young man Qin Tiange.

“Yes, Lao Chen, you tell us, who is this young talent?” Another old voice came, and saw Master Xiao’s two sons coming.

“I also want to know...”

As soon as the words fell, I saw a spirited old man who came with a young man. He is the master of the Qicheng base, the old Zhou family, Zhou Chang, and the youngest generation of the Zhou family. sword.

“Tian Ge, this is Qin Fei, the grandfather of the Qin family in Liaocheng, and Zhou Chang, the grandfather of the Zhou family in Qi city ...” Chen Guodong explained to Qin Tiange.

“Qin family?” Qin Tiange moved his eyes, and a strange doubt flashed in his heart. Looking at Qin Fei in front of him and the young Qin Feng in the back, he always felt strange.

When he saw Qin Feng’s first glance, Qin Tiange’s heart condensed, and suddenly felt a faint killing intention from the other person. Although he passed away, he was captured by him.

Qin Feng’s pupils were slightly changed. When he saw Qin Tiange’s moment, he couldn’t help but have a wave of killing intention. Although he covered it up quickly, he was captured by the other party.

“Qin family? Interesting ...” Qin Tiange didn’t move, but secretly sneered.

It was normal for Qin Feng to produce a ray of killing at him. Look at the Xiao family at the side of the Xiao family, his eyes contained the cold cold killing.

“Brother, it is he who wants to steal your Chen Xi.” Xiao Bai said quietly.

Xiao Fei's eyes flickered, his face was still aloof and elegant, and he smiled slightly, as if there was a feeling of being like a spring breeze, his mind was extremely deep.

Chen Guodong smiled more and more intensely, looking at the curious expressions of the people around him, but did not introduce on the spot, but took everyone to a huge round table in the middle of the reception hall.

“Come here, everyone sit.”

Speaking of which, Chen Guodong did a good job directly on the theme. Here, he specially accepts people with the same status as him Xiao Jia Xiao Shi, Qin Jia Qin Fei, and Zhou Jia Zhou Chang sit together. Here, because their identity is the same as Chen Guodong.

As for Xia Ming and Chen Wu, they are also seated here, but one person's actions caused a stunner.

“Hey, kid, did you go wrong, your position is here.”

Xiao Bai's face was scorned, pointing to the most edge of their table, and speaking to a figure who was heading for Chen Guodong's table.

The man was Qin Tiange, but he ignored Xiao Bai's words, looked pale and confident, walked to a vacated position beside Chen Guodong, and sat down gently.

Not to mention Xiao Fei, Qin Feng and other young people's complexion changes, it is the three veterans who couldn't help but looked at Qin Tiange who sat down in surprise.

“Lao Chen, don't you introduce?” The Master Zhou said.

Chen Guodong stood up with a slight smile and said, “Look at me, I almost forgot. Come, let me introduce you, this young man is ...”

Chapter 468 - Be wronged

, The fastest update of the darkest * latest chapter!

“This is currently the youngest general in China, General Qin Tiange.”

After speaking, Chen Guodong stood up and looked at Qin Tiange seriously with a military salute. His solemn expression scared everyone present.

Qin Tiange also stood up and returned a ceremony. The movement performance between the two seemed extremely serious. What surprised everyone at the scene was that he was a general?

“what?”

“Admiral?”

“how is this possible?”

As soon as this sentence came out, suddenly, there was a frying pan on the young table next to him. Xiao Fei, Qin Feng, and others were shocked, looking at Qin Tiange's eyes a little differently.

Xiao Bai was even more shocked and unbelieving, and then he felt a deep jealousy, and even hated him. How could the other party be the General of China? Doesn't it mean that his identity has weighed on him?

As for his brother Xiao Fei, he was much calmer. Although he flashed a surprise on his face, he quickly recovered calmness and elegance. His eyes flashed from time to time and he didn't know what he was thinking.

Qin Feng, who was at the same table, was twitching his skin, his eyebrows beating abruptly, and he was really surprised and surprised, but he didn't show it.

He and Xiao Fei are both deep-hearted people, and their emotions are rarely expressed, so no one can see what they think.

As for the Zhou Jian of the Zhou family, his eyes took a hint of weirdness, looked at the Qin Feng next to him, and looked at the opposite Qin Tiange, suddenly a smile aroused in the corner of his mouth.

"Admiral ... is interesting." Zhou Jian muttered, smiling inexplicably.

There was a lot of movement here, and the three old men who were at the same table as Qin Tiange were all surprised. When they saw Qin Tiange saluting to them, they stood up and saluted.

No way, the admiral salutes you. Are you going to salute? Just kidding, the three old generals must return to the same level, let alone Xiao Fei and others here, stood up and returned a ceremony.

What if you do n't want to? You have a higher level than you, so you have to take it seriously, otherwise, you just despise the general.

"I don't believe, how could he be a general?"

Finally, someone couldn't sit still, Xiao Bai's face was upset, and he stood up directly, his brother Xiao Fei couldn't hold it.

When I heard someone standing up and doubting, Qin Tiange's mouth slightly lifted a radian, and it was just the right time to secretly say, we should really thank the second son of the Xiao family.

He was thinking about how to set up an image in front of the three old men in the army, but he did not expect that someone would send a pillow when he fell asleep. Xiao Bai, the second son of the Xiao family, was really nice.

"Funny, sit down for me." Father Xiao's beard turned green.

This boy didn't even know the weight. What Chen Guodong said was the fact. No matter how Qin Tiange climbed to this position, it was definitely a genuine general.

A speech from Chen Guodong proved that the representatives of the parties in Shangjing had already agreed, and the military had even agreed to the sealing system. You ran out of doubt and wondered whether it was in the face of Chen Guodong or even the entire upper level of Shanghai.

"Grandpa, I don't believe he is an admiral. Even if he doesn't, he doesn't have this qualification." Xiao Bai wasn't afraid, as if out of the way.

He raised his arm, there was a watch-like thing on his wrist, and looked at the set of data shown above, which was an instrument for investigating the grade and was redeemed.

Xiao Bai smiled and hummed: “He is only a five-star strength, what qualifications do he have, and what contribution does he make to Huaxia?”

What this said is reasonable, without ability, let alone merit, how can you suddenly reach the rank of general?

The three old men stopped talking, their eyes flickered, and the old **** was sitting there. Even the father of the Xiao family did not speak, as if tacitly answering the question of Xiao Bai.

“Qin Tiange, right, I would like to ask, how did you admire this admirer?” Xiao Bai seemed very proud, but did not know, Qin Feng and Zhou Jian next to him were watching a joke.

This guy went out without a head, and even saying such things on such occasions was not only contempt of the general, but also the face of Chen Guodong, an old general.

Sure enough, although Chen Guodong was expressionless, his eyes were covered with a ray of cold mang. You junior, even hit his face, was just looking for a pump.

“What contribution did I make, and these have something to do with you?” Qin Tiange smiled, and that smile made Chen Xi, who was at the table with Xiao Fei and others, see Xiao Bai in silence.

She knew Qin Tiange’s smile best. Once she showed such a smile, it means that someone is about to fall ill.

“Veteran generals, if anyone framed and despised the general and made good comments, what should I do?” Qin Tiange smiled and asked the three veterans at the same table.

In particular, he looked at the Master Xiao family so that the latter’s face could not be hung up, but he still spoke stubbornly.

“The punishment is lighter, and the lower one is lower.” The Xiao family said gently.

As soon as Qin Tiange heard this, he smiled even more, and nodded and said, “I don’t have to downgrade. I think it’s enough to teach him a little lesson, let him know the reason that the disease comes from the mouth and the disaster comes from the mouth.”

Snapped!

As soon as the words fell, a clear applause passed through the entire reception hall, and Xiao Bai flew out, slamming straight out of the door.

There was a dead silence at the scene. Xiao Fei, Qin Feng, and Zhou Jian stood up in unison, looking horrified and shocked by this change.

It’s not that they were surprised by Qin Tiange’s beating, but that the three of them just failed to capture how Qin Tiange shot.

“Fast speed, why didn’t you find out how he shot?” Qin Feng’s pupils contracted, secretly horrified.

Just now, he didn't see Qin Tiange's hands, he just felt a breeze blowing on his face, and Xiao Bai was beaten and flew out before he heard applause.

During the whole process, the three did not see it, and none of them could see how Qin Tiange moved his hands. It was too fast.

“Contempt the general and humiliate your words. You should have this lesson. Pay attention to your identity and occasion next time you speak.” Qin Tiange said softly.

It seems that his figure has not moved, that is, Chen Guodong and others around him have never seen him move, as if he was here.

In fact, this is Qin Tiange's speed is too fast, so fast that it is difficult to distinguish with the naked eye, leading to the mistaken assumption that he has not moved.

The strong should have the dignity of the strong. No one can be provocative. Even if he doubts the authenticity of his identity, he is not openly provocative and doubtful on such occasions.

This is a provocation to the Shangjing military. Since Chen Guodong said that the other party is a general, it must be a general. In the context of the current doomsday, there is nothing fussing about another general.

“After the Yangtze River pushes forward, we are really old ...” The Qin family suddenly sighed, looked up and down Qin Tiange, his complexion was extremely complicated.

Immediately, he suddenly said to Chen Guodong: “Lao Chen, a long-time comrade in arms, although there are many differences between you and me, today I have to admit that we are old.”

“Yeah, now it should be the world of young people, and we should retreat to enjoy the blessing.” Father Zhou also agreed.

Then, he grabbed the right to speak, and said, “Lao Chen, I decided. Now take off this uniform and leave more opportunities for the younger generation to improve. What do you think?”

“Old fox, grab my line!”

The father of the Qin family scolded in his heart, but said with emotion on his face: “Yeah, I also feel that I am old and unable to do anything. Someone. “

“The two old foxes are really cunning.” Father Xiao's cursed in his heart, but he stood up and said the same thing.

The three old men made an amazing decision at the same time, that is, they unloaded their uniforms and gave up the position of general.

Chen Guodong's eyes flickered, and he secretly said, “Three sophisticated old guys, isn't that trying to force me to seal your generals?”

The three veterans Qin Family, Zhou Family, and Xiao Family also said they would abdicate to give up their virtuousness. This looks very veteran, but in fact they are trying to pass their position to their own outstanding younger generation.

Why this idea suddenly occurred is actually the appearance of Qin Tiange, breaking this situation, so that these veterans can see a strong and powerful new wind is rolling up in China.

With the emergence of Qin Tiange, a young admiral, more young powerfuls will appear in the future, and even some stars will shine, and they will be eliminated sooner or later.

Now I have a premonition. In this case, why not take this opportunity to retreat and give up the position to the outstanding juniors in his family, so that his status and status can be equal to that of a new star like Qin Tiange.

You are not equal, how do you compete with others? Just like Xiao Bai, even if you hate Qin Tiange no more, because the other party is a general, you have been suppressed by the ranks.

Moreover, Qin Tiange has quietly demonstrated a little strength just now, which has deterred these veterans and the younger generation of strong men.

With strength and identity, how do you compete with others? The only way is to compete at the same height, otherwise no matter how strong Qin Feng, Xiao Fei and Zhou Jian are, they will be overwhelmed by Qin Tiange.

In this situation, the three fathers naturally did not want to see it, so they announced their abdication directly to the young people.

“Old fox, bad plan ...” Qin Tiange cursed inwardly, and the three old foxes suddenly decided to disrupt his plan.

In fact, he was intentional. The younger generation who wanted to suppress the three families with their identity and strength directly caused an indelible impact on them, which made them unable to lift their heads forever, but was broken.

“Well ... you all back, what should I do?” Chen Guodong looked depressed, as if unhappy.

He thought for a while, and finally nodded and sighed, “No, we are all old. Since the three of them have the heart to give young people a chance, I won’t say much.”

“Now it’s a special time, you should be treated specially. You should choose young and talented Junjie to take your place.” Chen Guodong said, throwing this blockbuster directly.

He will not go to misfortune too much. The three old men such as Qin family obviously want to promote their own juniors and talk to Qin Tiange at the same height As for why Chen Guodong was not allowed to hold a meeting in Beijing In addition, the general, do n’t make a joke, it ’s only okay if the other party can agree. Do you think that the senior officials in Shanghai are dumb?

Not to mention Chen Guodong did not agree, even Qin Tiange did not agree. Once these people dared to do so, Qin Tiange would risk destroying them all.

If it were not for taking care of it, even in future plans, there would be an important part of these people, which is indispensable, and they would have to do so.

“If you do it wrong, you will be honestly beaten.”

Xiao Fei's face hated the appearance of iron and steel, and whispered Xiao Bai who came back, lowering his head, his face swollen into a pig's head.

He didn't dare to shout, lowered his head, but revealed the biting murderous power in his eyes, and his anger was almost unbearable.

“Yes, Lao Chen, I and I are here today, but the main thing is to come and talk to you.”

The Xiao family's father suddenly spoke, causing curses in the hearts of the other two fathers.

Chapter 469 - Propose marriage? Sorry i have a man

“Oh, what do you want to say?” Chen Guodong's eyes were clear and he secretly came.

He is very clear that the main purpose of these three forces is to move him completely and then enjoy the Beijing base.

But unfortunately, Qin Tiange's appearance broke their illusions and plans, and ultimately had to be second best, and now he finally proposed it.

The Xiao family ignores the ugly faces of the other two and smiles directly: “Lao Chen, you and I have been together for many years. Look at my family Xiao Fei and Xiao Bai, and your family Xiao Xi and Xiao Yan are not young Well, how about you and me?”

As soon as this word came out, at a table over there, Xiao Bai immediately looked up, and looked at Chen Chen, who was opposite. This was his intended woman.

His grandfather spoke, and proposed his family directly, which seemed to him to be possible. Unfortunately, he didn't know. This was nothing but delusion. Chen Xun didn't bird him at all.

Not to mention Xiao Bai, it is Xiao Fei. This handsome and handsome young man, the most outstanding young generation of the Xiao family, also failed to get the approval of Chen Xi, and did not even look at it.

The eyes of Chen Xi and Chen Chen sisters all hit Qin Tiange. This is their focus.

Not far away, Zhou Jian saw the eyes of Sister Chen Xi, and looked at Qin Tiange, who was sitting on the general's seat, suddenly smiled inexplicably.

“Interesting.” Zhou Jian drank the wine leisurely and didn't care.

Beauty, want a lot, what about Chen Xi and Chen Ye, but it is an extra layer of status, but it is optional, for him, strength is the real good thing.

As for Qin Feng, his eyes have never left Qin Tiange, and his eyes are flashing with a strange luster from time to time, which is weird.

As for Chen Xi and Chen Chen sisters, he didn't care at all, and even didn't pay attention to it from the beginning. For him, women's ***** is not worth mentioning at all.

“What a big appetite!” Father Qin on the side couldn’t see it anymore, and scorned: “Old man, your appetite is too big.”

Mr. Xiao meant this, he wanted to propose to Chen Guodong, and he directly mentioned the two Chen family sisters.

This is to show that Chen Xi and Chen Chen sisters will marry into the house of Xiao together, which means that Xiao Fei and Xiao Bai will be proposed at the same time.

“Old man, you dare to mention goods like Xiao Bai?” Mr. Zhou said, without mercy.

He glanced at Xiao Bai, who was swollen into a pig’s head, and chuckled, “People like him are not worth Chen Chen, but Zhou Jian of my family, what do you think of Chen Chen?”

“Lao Chen, it wasn’t me who said that the two sons of the Xiao family were actually not a good match. Why don’t you look at Qin Feng’s boy in our Qin family?” Said the old Qin family with a smile.

They said a word, and I said, directly proposed to the face. This scene made Chen Xi and Chen Xuan somewhat uncomfortable, and even a little disgusted, extremely disgusted.

But they did not speak, because many aspects are now involved, they are often born in such a family and cannot be the master, even if it is a lifelong event.

“Can’t kill me, but want to marry?” Chen Guodong expressionless, sneer in his heart.

The people in these three families were so shameless that they couldn’t bring him down. After killing him, they wanted to marry.

Because the Chen family has no males, only Chen Xi and Chen Chen sisters. Once married, marrying back is equivalent to gaining half of the Chen family.

In this way, the Shanghai base is equivalent to half of them. The plan is good. Unfortunately, Chen Guodong is not stupid, and there is a Qin Tiange next to him.

He was very clear that Qin Tiange was in his best interest, and this time thanks to Qin Tiange’s arrival, he resolved his calamity.

Want to propose, dream it!

Qin Tiange was very calm, sitting there motionless, sitting upright, and smiling at the corners of the three old men where you said a word to me.

“I said, what age is it, you still do this, isn’t it vulgar?” Chen Guodong said with a vulgar expression on your face.

Then he laughed: “You don’t have to raise your relatives. Let the young people do the work themselves. My old man will not interfere.”

Chen Guodong's remarks surprised Chen Xi and Chen Yun, and they were touched. They did not expect that their grandfather rejected it directly, and returned them what should be their freedom of love.

That is to say, do n't mention marriage proposal. The marriage of Chen Xi and Chen Chen sisters is up to them and it does n't help to propose marriage to him.

"Also, let the young people take care of it for themselves, Xiaofei, you need to know more about Xiaoxi and understand each other." The Xiao family father said directly, smiling.

Before Xiao Fei answered, Chen Xi stood up and saluted a standard military salute. She said in a very serious voice: "General Xiao, I'm sorry, I have a man, I hope General Xiao can respect him."

In a word, Chen Xi made everyone in the room stunned. Of course, excluding Chen Guodong and others, Qin Tiange showed a smile and looked at Chen Xi with a firm face, his heart was very warm.

After all, her own woman stood up bravely and admitted that she had a man. This requires a lot of courage for Chen Xi. After all, in the face of three huge forces to propose a relative, she can definitely stand up to take great courage, proving that only Qin Tiange is in her heart.

"Are there any men?" The old Xiao family was shocked and stunned.

The Qin family and the Zhou family were equally silent, disappointed and a little surprised.

There is a man, this is different, if Chen Xi said that he has someone he likes, or a boyfriend, this is not the same.

What she said is that if she has a man, she is actually given to that person long ago.

When Xiao Fei heard it, even with deep thoughts, he couldn't help showing a trace of icy killing. He glanced at Qin Tiange secretly, his face returned to normal, and he was elegant.

The three elders were disappointed, but quickly stared at Chen Yan with all their eyes. Would this man have a man?

Chen Yue was startled when he saw the eyes of the three old men, and jumped up immediately, and blushed and said, "I'm still young, and you shouldn't pull on me when you are young."

Uh ...

As soon as this remark came out, Qin Tiange didn't let him smile, looked at the little aunt indifferently, and secretly gave a thumbs up.

"More, Xiao Xi, who is your handsome man?" The Xiao family was very unwilling and asked kindly.

Chen Xi looked hesitant, and it was not clear whether he should say it or not, because Qin Tiange had never stood up from the beginning and he did not know what he thought.

"I know who her man is."

At this moment of her hesitation, a bland word broke the silence on the spot, and saw Qin Tiange stand up and walked to Chen Xi.

There was a trace of coldness on Xiao Fei's face, his eyes flickered, and he was staring at Qin Tiange, who was dark and no one knew.

"Damn guy!" Xiao Bai was angry in his heart, but he was helpless.

As for Qin Feng and Zhou Jian, they stood up calmly and saluting solemnly. This is a respect for the general. Regardless of whether the enemy is an enemy or not, he must be taken seriously.

"You are wronged ..." Qin Tiange stood in front of Chen Xi, showing a gentle smile.

He raised his hand gently, froze Chen Chenxi's forehead hair, and his intimate move made everyone at the scene understand.

Immediately afterwards, Qin Tiange took hold of Chen Xi's small waist and smiled and introduced himself: "Sorry everyone, I am the man in Chen Xi's mouth, Chen Xi is my Qin Tiange's woman."

After he finished speaking, Xiao Fei, Qin Feng, Zhou Jian and so on swept calmly, meaning that Chen Xi was my woman. Do n't make up your mind, otherwise the consequences will be serious.

Chen Xiqiao blushed and she was endlessly sweet and happy in her shyness. She leaned gently in his arms and said nothing, which was the best answer.

"It turned out to be General Qin." The Master Xiao family looked disappointed, indeed disappointed.

Qin Tiange turned out to be Chen Xi's man, so this matter has to be seen. Regardless of Qin Tiange's identity and strength, then the history, and the ability behind him, all three of them need to reconsider.

Moreover, with Chen Xidong's granddaughter Chen Xi becoming Qin Tiange's woman, then Chen Guodong and Qin Tiange's two Chinese generals are equal to one family.

Suddenly, the three old men's faces changed, looking at Xiang Guodong's eyes a little differently, even the skeptics. Has he done this step long ago?

"Old fox!"

The three elders kept their faces but in their hearts they scolded Chen Guodong as an old fox, so he arranged for this step.

Granddaughter-in-law is the youngest general in China. They don't understand it now, so they have to be vigilant against the general.

"Hahaha ... Okay, that's all for now. Let Xiaoxi and Tiange take care of them. When they get married, my old man invites you to come and drink." Chen Guodong laughed Said.

Then he turned his voice, looked at Chen Yun, and laughed: "As for Xiao Yan, she is too young, let her think clearly and say it again. As for who can enter her heart, no matter what the other person's identity, my old man is absolutely No objection."

There were many hidden meanings in this remark. The three veteran generals who were present were all well-rounded, and they naturally heard the words outside the string.

The three looked at each other and saw the dignity in each other's eyes. This time, the plan was completely failed.

Not only failed the assassination of Chen Guodong, but also failed to marry, because it was impossible at all, and the three forces only withdrew from the base in Shanghai honestly.

Here, the three of them are not allowed to get involved. If you still do n't know it, you ca n't say that Chen Guodong has n't exploded, Qin Tiange has already exploded.

He will not allow the Shanghai base to be occupied by other forces. Otherwise, what is the significance of his series of plans?

Qin Tiange, as a Chinese general, the highest group of people, has now determined the relationship with Chen Xi, which is equivalent to half of the Shangjing base beckoned to him.

Returning from the rebirth, Qin Tiange has gone a long way in this life, and he has unknowingly reached such a step, in the eyes of others, it is already out of reach and unattainable. distance.

Chapter 470 - Abdicated, Shi Po shocked

, The fastest update of the darkest * latest chapter!

“Okay, since this is the case, this matter will not be mentioned.”

Mr. Xiao's face was unpleasant and unpleasant, but he still put up, because this matter had not been discussed.

The Qin family and the Zhou family are the same.

Qin Tiange, as an admiral, has the same rank as several of their veteran generals, and their identities are there. How can Xiao Fei, Qin Feng and others fight?

Ok?

Chen Xi felt a stun in her heart, and felt a force coming from her palm. Then she saw Qin Tiange's vague gesture to her and immediately realized it.

“Sorry, I'm not feeling well. I'm leaving now.”

At this point, Chen Xi looked tired and left the reception hall for discomfort, which made it inappropriate for her to stay here. Everyone didn't care, Chen Zhen left with an excuse to accompany her sister.

In fact, this was Qin Tiange's secret signal to her and Chen Kun to leave. No one knew that there was a secret communication between the two.

“Xiao Xi, Xiao Xi, go down and rest first.” Chen Guodong was surprised, but nodded.

Similarly, the other three veteran generals would not stop, only Chen Guodong was weird and secretly glanced at Qin Tiange, not sure what he was doing.

Back at the seat, Qin Tiange raised his glass with a smile and took a sip. He was very calm, sitting upright, with a strong self-confidence all over his body, and a kind of majesty unique to the superior.

This momentum made the Xiao family and the three veterans of the Qin family and the Zhou family secretly confided. Compared with their younger generation, it was really too much difference.

“No, going on like this, Feier must be overwhelmed by Qin Tiange.” Master Xiao’s heart was so moved, he felt like he couldn’t go on like this anymore.

Otherwise, even if Fei is strong, Qin Tiange will naturally overwhelm his head, because his identity is not equal.

As for these old men, in fact, they do not have much strength, because they are old, and even if they have a lot of medicine, they will not be able to withdraw from the stage sooner or later than young people.

With this in mind, the three old people looked at each other, communicated with each other’s eyes, and at the same time made a decision to immediately give up the position to their most proud juniors.

“Lao Chen, I do n’t think it ’s better to hit the sun. Today, I will drop my position and let the younger generations fight hard.” The Master Xiao family spoke first.

When the words came out, the scene was silent. Many senior generals nearby were weird. Looking at the three old generals here, they understood that this was persecution.

They said they were going to abdicate, but they actually persuaded Chen Guodong to give them the younger generation. In fact, the discerning person could see it. This is to give them to their younger generations. As for the two generals, don’t think about it. .

“Yes, we are old, we can’t keep up, we can’t keep up with the times, and we should retreat.” Father Qin looked at Qin Feng and said with emotion.

Today’s era is the era when the strong are the most respected. The young strong have risen one after another. This is a world where the stars shine, and the older generations must retreat.

“Do you really decide?” Chen Guodong looked at the three old men with a serious look.

Aside, Lieutenant General Xia Ming and Chen Wu did not speak, drank in silence, and kept absolute silence from the beginning.

Hearing this now, the two looked at each other and saw the dignity in each other’s eyes. The words of the three forces persecuted the showdown and directly gave way. This is definitely not a trivial matter.

Looking at the three people’s determined faces, Chen Guodong solemnly and solemnly said, “Since you have made your own decision, I have nothing to say.”

“It’s a very difficult time now, let’s simplify everything, three people, and hand over your stars.”

Chen Guodong said solemnly, staring seriously at the three old people, this is a major event of the old and the new.

The Master Xiao family glanced at Xiao Fei, nodded, solemnly took out his credentials and delivered the star, and directly delivered it to Chen Guodong.

The other two did the same, and handed over their credentials and generals respectively, which means that they have since ceased to be the generals of China.

Because they offered to take the initiative, and at this price, the only price for their descendants to seek the same status as Qin Tiange.

Chen Guodong will not agree, and other people and even other forces will not agree. There are two generals in the door. Therefore, this method can only be used to retire the post and vacate it. .

“Abandoned, just what I wanted ...” On the seat, Qin Tiange looked calm and watched the three old generals retreat in uniform.

This is their Peugeot Rongma lifetime, but had to make sacrifices for their younger generation. They have great courage, but they just fit Qin Tiange’s meaning.

If you don’t retreat, the juniors of the three forces will be overwhelmed by Qin Tiange and never think of equal dialogue, then there is nothing to argue with.

Retreating was in line with Qin Tiange’s plans, so he was not surprised at all, it seemed to have been expected, and looked quietly.

“Special times, everything is simplified.”

Chen Guodong walked directly to the three young strong men, and issued their respective Xing Xing and their printed documents to Xiao Fei, Qin Feng, and Zhou Jian.

Since then, the three masters have ceased to be Chinese generals, and Xiao Fei, Qin Feng, and Zhou Jian have become the new leaders of the three forces.

This is the replacement of the old and the new, and there is no way to do it. At the end of the day, the Shanghai base could not control other bases at all, so even if they were granted privately, they could not stop it.

However, it was an orthodox scene, and justly won the rank of admiral, becoming a new generation of young Chinese generals. Finally, he has evened the distance from Qin Tiange in identity, sat on an equal footing, and is no longer overwhelmed by the opponent.

call!

The three elders were relieved when they saw Chen Guodong’s interest, because they surrendered their respective rights, which means that they can only be wealthy in the future. They can no longer live on their own, or even control their bases. Of the three armies.

“Finally no pressure ...”

Xiao Fei’s face suddenly slackened, and felt that the invisible pressure from Qin Tiange disappeared. It seems that due to the identity of the identity, this pressure no longer exists.

Qin Feng frowned slightly, looked at Qin Tiange in suspicion, and realized that it should not be so simple.

Although Zhou Jian was excited, he finally reached the top of Huaxia and became a member of the tallest group of people, but he felt something wrong. As for what is wrong, it is impossible to say.

Even the three old masters were consciously aware of what was wrong, but they couldn't remember it, they felt a little upset, and they seemed to have made the wrong move.

“Congratulations to the three, Admiral!”

At this moment, Qin Tiange stood up from his position, with a smile on his face, and a sincere thanks, congratulations to Xiao Fei, Qin Feng, and Zhou Jian for becoming the generals of the young generation of China.

The three looked at Qin Tiange in horror, but had to nod their heads, which was a response. At present, the identity is equal. The three of them have straight waist rods, and we are also admirers. See how you overwhelm us with your identity?

“General Chen, I don't know if it should be said or not.” Qin Tiange's voice turned and he suddenly said this to Chen Guodong.

When Chen Guodong heard this, he secretly said, what kind of ghost idea does this boy think? But he still smiled: “You and I are both Chinese Generals. What can't you say?”

“Yes, Admiral Qin made it clear.” Xiao Fei smiled lightly.

Zhou Jian and Qin Feng nodded each other. No matter the temperament or the mentality became different, as if they were sublimated at once, this is the difference in identity affecting a person.

As for the three veterans, they stood silently and did not speak, because they had already retreated, which meant that they had no right to speak.

Qin Tiange looked serious and suddenly solemnly said, “Now that, in the midst of China's ups and downs, the doomsday disaster, * continued, a leader must stand up.”

“leader?”

Everyone's face turned wild, and some generals stood up and stood up, that is, the three old men who had retreated, all looked fused.

In a few words, Shi Po was shocked. No one was scared, no one was scared, because he even made it clear that it scared a lot of people.

Chen Guodong's heart rolled, his eyes flickered, and he stared at Qin Tiange. This was the second time he had mentioned this.

“You want to be a leader?” Xiao Fei's eyes were sharp and he stared at Qin Tiange.

Qin Feng sneered, saying, “I said, although you have the same surname as me, I have to remind you that there are things you can't think about.”

“Yes, you’re overdone.” Zhou Jian also spoke.

The three new generals, Qi Qi to Qin Tiange, a lot of courage with the enemy.

Unfortunately, Qin Tiange shook his head and corrected: “I don’t have this qualification, you’d better not give me stolen money.”

After speaking, he went straight to the front of Chen Guodong and said, “Admiral Chen Guodong, the country cannot be ruleless for a day. The Chinese nation is in a state of crisis. As a Chinese general, I propose to choose a person with high moral standing People to be leaders and to reform Doomsday China. “

After the speech, the scene was dead and silent, everyone looked dull, looking at Qin Tiange, all shocked by his words.

He even proposed directly to elect a leader. This was to push people to the top, to lead Huaxia, and to become the first leader of the Chinese nation after the last days.

“No, I object!”

Mr. Xiao’s face trembled, and he stood up and scolded him, but he let a word go to death.

“Father, you have no right to ask everything about the Huaxia military.” Qin Tiange fluttered a sentence back.

The three old men turned red, followed by Tieqing, secretly remorse and fooled.

“So what do I oppose?” Xiao Fei stood out and said.

How do you know, Qin Tiange shook his head and laughed: “All three are new admirals and naturally have the ability and right to oppose. However, you must remember that once you oppose, you are preventing the Chinese nation from rejuvenating and blocking China. Who will oppose the great cause of national reunification? “

Everyone stopped talking, and just listened to Qin Tiange solemnly: “General Chen, now you have the highest qualifications in China and the highest prestige in the military. You should stand up and give a strong voice to the Chinese people. Thousands of survivors hiding in the corners of the ruins of the city are a strong spiritual pillar. “

“I, Qin Tiange, firmly support the orthodoxy of Beijing!” Qin Tiange’s words were powerful and unquestionable.

However, the three abdicated old men couldn’t wait to kill Qin Tiange, a jerk, who suddenly made such a suggestion. How could he not be furious?

The three of them have sufficient qualifications, and their prestige is not weaker than that of Chen Guodong. They had hoped to compete for the top position. As a result, they were counted, and they abdicated to their juniors.

This time, Qin Tiange suddenly proposed this. As his general, he naturally has this ability and influence, which is enough to move people.

Chen Guodong's face changed, and he looked at Qin Tiange in suspicion. His granddaughter-in-law, who was most satisfied, even pushed him to the position of the supreme leader of the Chinese nation after the last days.

“It's over!”

Qin's grandfather face is as dead as it is Suddenly he feels that he and others are doing the trick. After abdicating, there is no possibility of competing for the position of Chinese leader.

Now, no one can compete with Chen Guodong, except for those who have not come, or have hidden other older figures from other forces.

Because he was in Beijing and led the base, which was the highest commander here. Naturally, he had the most opportunity and ability to ascend to the throne, and his hands and feet from Beijing were cut off.

“Yes, do you have any comments on General Qin Tiange's proposal?” Chen Guodong didn't speak, let alone agree, but asked everyone present.

In the entire reception hall, there was a quiet, no one spoke, only a burst of rapid breathing, heavy and unmatched, and the air was frozen.

Can they object? Qin Tiange has stated that any opposing force is the enemy of the entire Chinese nation. That is to prevent the Chinese nation from moving towards reunification and rejuvenation. If you stand out and try, you will definitely be charged with the crime of undermining the national unity of the Chinese nation. Forces crusade.

Moreover, do the three elders of the Qin family, Xiao family, and Zhou family not want to be in ranks? They naturally thought, otherwise they would not bring soldiers to Beijing, but unfortunately, after all, chess was wrong.
