

## Dark Ages 52

Chapter 52 - Follow me, it will die

“What are you doing here?”

I looked at the person, Qin Tiange was expressionless, his eyes narrowed slightly, and the dangerous rays of light flickered, especially a flash of silver in the left eyeball from time to time.

On the opposite side, Moda and others had a sudden pause in their hearts, their faces were horrified, and they felt cold, as if they were stared at by an ancient creature. It was terrifying.

All of them bowed their heads unconsciously, and did not dare to see Qin Tiange's eyes. It was too scary, and the eyes seemed more scary than before.

“Why is his eyes so scary?” Liu Yefang's heart was beating violently. To Qin Tiange's eyes, he felt the heart and blood stopped immediately, and his head was immediately frightened.

Like Xiaolong Xiaoya, she was panicking in her heart, as if she was not facing a person, but a terrible beast, which made her feel terrible.

As if he looked at them, they would die. This feels very bad, really very bad, scared a bunch of girls look pale, and they dare not look at them.

“Qin, brother Qin Qin ...” Moda stepped forward scrupulously, carefully looking at him before he hurriedly explained: “Brother Qin, we came back to find you, we decided to follow you.”

“Yes, we have to follow Brother Qin.” Yang Xiaolin and others answered together.

This group of boys, with their heads lowered, is like a bunch of children, waiting eagerly for Qin Tiange's answer in front of them.

Qi Qin Tiange did not speak, but looked away and looked at Liu Yan and others. The latter seemed to sense the other's gaze, Fang heartbeat, raised his head slightly.

“I ... we want to follow you too.” Liu Yan whispered, representing all girls.

What the female teacher said was the thoughts of the girls. They naturally wanted to follow Qin Tiange, a powerful and mysterious young man. After all, in the past five days, they had gained the power that others could not imagine, all from this young man.

Xiao Long Xiaoya didn't say anything, but her face had shown that Liu Ye's words meant her.

Seeing these people, Qin Tiange was relieved. It was better not to come to him for trouble. If he came to trouble, it was a group of white-eyed wolves. Maybe he had to kill him cleanly.

“I said before, as long as you help me to do things for five days, now five days have passed, there is no relationship between us, you go.” Qin Tiange waved his hand and directly rejected the group.

I was kidding. He was going to leave by himself. How could he care about these people? If he hadn't been looking for someone to help him before and complete the five-day plan, he wouldn't even care about them.

I said it plainly, Qin Tiange was just using them. Now five days have passed and the inheritance stone has disappeared. There is no need for him to stay here and prepare to leave here.

After a month, the heritage stele will appear again, and he remembered some places where the heritage stele appeared for the second time in the previous life, and this time a permanent heritage stele appeared, so he planned to leave as soon as possible.

**“Brother Qin, we have no home, our loved ones are dead, and we have nowhere else to go.”**

Moda stood up and said sadly, that he had already gone home a while ago, but it collapsed him, his family was in a mess, and his loved ones were dead or turned into zombies.

He was sad because he saw his loved ones rushing towards him, and that feeling was really beyond an ordinary person's ability to bear.

Moda, tied his relatives who became zombies to that house, then left without looking back, his family and relatives were gone.

Here, most boys are the same. The students who live on the streets of the town have similar experiences. The people who come back to him are gone, and their loved ones are gone.

As for some people who did not return, in addition to those who were originally Huang Ba's younger brother Ma Zai, there were a few students who did not return. Perhaps their relatives were fine.

Maybe, they don't want to come back. With strength, who will come back to him? People's hearts will change. These Qin Tiange are all clear, but they do not care. If they come to trouble him, they will kill them.

**“Qin brother, let's follow you!”**

At this time, Wu Xiaoyu, the little girl, came out with a little tear on her face, apparently she went home and watched it once, and the result made her heartbroken and desperate.

In front of my eyes, seventy boys were sad, and forty girls were the same. Some people didn't even go home to take a look because their home was in the countryside.

What's the most in the countryside? Chickens, ducks, cows, sheep and dogs are the most, even snakes, insects, ants, etc. There is nothing before the end of the world, but after the end of the day, these creatures have terrible mutations, and the countryside is the most terrifying.

These students naturally understand this truth. Most of the people in the village are fierce and fortunate, and their family members are just ordinary people without strength. How can they survive?

Now, their only mind is to follow Qin Tiange, a mysterious young man who, despite using them, gave them strength to live.

“Follow me?” Qin Tiange smiled, coldly, and hummed: “You are too weak. Besides, following me will be dead.”

“We are not afraid!”

Qi Moda, Yang Xiaolin, Wu Xiaoyu and others immediately promised that they were all excited, and Qin Tiange’s words seemed a little loose, which meant that they did not refuse to follow them.

Yan Liuxuan glanced at him, and then said, “Tiange, we want to follow you out of here, rest assured, we are definitely not a burden, at least we can help you kill the zombies.”

Alas, they did not dare to say this before, but at this moment, she is more than twenty times stronger than an average adult man. This is the confidence.

As for Qin Tiange will die? Just kidding, wouldn’t you die here?

If you don’t want to die, then you have to become stronger, and how to become stronger? Just now, a group of boys such as Moda have seen the stele on the football field, and the light disappeared.

Tamarix, Long Xiaoya, and a group of girls saw it, and now they really understood why Qin Tiange would only ask them to be obedient for five days and help him kill the zombies for five days.

In this way, didn’t Qin Tiange know that the legacy stele would disappear after five days? Think carefully, this group of students is not stupid. The teachers Liu Yan and Long Xiaoya are not stupid. It is too scary to think that Qin Tiange already knew these things when the end of the world came.

This is their dead heart. The most important reason to follow Qin Tiange. is loyal, a bit, but don’t take it too seriously, because individuals will have selfishness.

Now it ’s okay, the legacy stele disappeared inexplicably, Qin Tiange is leaving, how can they become stronger next?

The only way is to follow him and follow Qin Tiange, because he seems to know some secrets of the last days, such people do not follow, unless they are fools.

“Since you are not afraid of death, that’s good. Follow me to do one thing tomorrow. Once done, I can take you out of this town.”

Qin Tiange looked at a group of embarrassed boys and girls, thought for a while, and finally agreed, but with conditions, that is, he is going to do something tomorrow.

“Everyone go to rest!”

“Gather tomorrow!”

Everyone left, but only Moda came to the door and walked back with a hint of hesitation and fierceness on his face.

“Muda, are you still there?” Qin Tiange asked gently.

A flash of determination flashed on his face, and he suddenly came forward and quietly whispered, “Qin Brother, the group of my eighties who belonged to Ma Zi was untrustworthy, and there were five classmates who left and didn’t return. Did they take them ...”

He said, doing a movement to wipe his neck, his eyes flashed with a fierce light.

Oh? Qin Tiange looked surprised, glanced at him, and patted him on the shoulder in admiration, but said: “Muda, you have the heart, but these are all the same, what I said is to be forgotten, they helped me after all Five days, now five days have passed, what they love to do, as long as they don’t hinder me. “

After Qin Tiange waved his hand, without waiting for Moda to speak, he turned directly into a dormitory, closed the door, and was ready to rest.

Moda stood in place, his expression changed, he looked up at the closed dormitory door, suddenly looked certain, turned and left.
