

Dark Ages 53

Chapter 53 - Murder in the night

“Everyone is here!”

In a dormitory on the third floor of the dormitory building, a group of people, men and women, each wearing armor and holding sharp-edged steel knives.

The boys are headed by Moda, and a group of girls are headed by Wu Xiaoyu, holding steel crossbow in both hands, it seems that they are going out.

“Xiaoyu, have you come out without being discovered by Teacher Liu and Teacher Long?”

Wu Moda whispered Wu Xiaoyu aside. After five days of killing, the girl had already become a hero, and her face was full of confidence.

After listening to Moda’s question, she nodded her head and determined: “We came out after Teacher Liu and Teacher Long fell asleep.”

“Muda, what are you trying to do?” She asked, frowning immediately.

Everyone was looking at Moda, which was why they were here at this moment, because he had previously told them to come quietly at night, something was wrong.

As for what the two teachers didn’t even tell, this made the students nervous.

“Everyone listen!” Moda looked serious, and he swept the crowd, and began to say, “This time you are all called over, because some people have not only betrayed Brother Qin, they have to deal with us.”

“what?”

When this remark came out, everyone was shocked and betrayed Brother Qin? They felt chilling when they thought about it, and none of the people in the audience dared to give birth, let alone to deal with Qin Tiange.

That man, mysterious and powerful, unpredictable, ruthless and ruthless, betrayal is simply death, let alone deal with him?

Moreover, the strength of these people comes from Qin Tiange. Without him, few of them would survive.

“Dage, you said, who is going to deal with Brother Qin, we slaughtered him!”

Yang Xiaolin first stood up, his face glowed with astonishing murderous power. To Qin Tiange, he was impressed. Such a person is qualified to be his boss.

Now when I hear someone betrayal, I even have to deal with the boss in his mind, is it okay? Without saying a word, the guns are going to kill those bastards.

“Morda, you say, who dares to betray him?”

At this time, another girl stood up holding the steel crossbow, her pretty face was covered with frost, and her eyes were full of cold murder.

She was murderous. Even those people like Moda were frightened, because the girl was crazy, she was extremely **** every time, and she was almost divided by zombies.

This girl is one of the girls who were imprisoned and played by the deputy headmaster at the time. She had been twisted in her heart after being abused, and Moda was a little afraid of this.

“You didn’t find that a few boys were missing. One of them was sent on purpose by me, and the news came back from him.” Moda said the news without any hesitation.

The crowd exploded immediately, and many people looked angry. What made them even more resentful was that the boys were actually mixed with the puppies of the myna, and they seemed to be discussing how to deal with Qin Tiange.

“What are you doing here?”

At the moment when everyone was discussing, the door of the dormitory opened. Two beautiful figures walked in. It was Liu Ye, the beautiful teacher who led the way, and Long Xiaoya followed.

The two of them were sleeping, but Liu Ye got up in the middle of the night and found that a large group of girls had disappeared. This was okay. He immediately awakened Long Xiaoya to look for it, and saw that there was light and a voice coming over here.

I never thought that I happened to meet Moda and others to discuss how to deal with those traitors.

“Miss Liu, Teacher Long ...” Moda and others stood up.

For these two teachers, they are still very respectful, no matter before or now. They were respected before because they were students. Now they are respected because the two teachers are not weak, at least not worse than them.

Tamarix frowned, watching a group of students ready to go, frowning in his heart, knowing something happened. Under her serious inquiry, Moda and others explained the whole story, which made her wonder what was going on.

“Are you going to kill them? After all, they are all your classmates.” Liu Ye couldn’t bear it anymore.

She went on to say: “Besides, Tian Ge hasn’t said it. Five days have passed. What should everyone do? There is no need to kill someone for this purpose, right?”

“Teacher you don’t understand, they are discussing with us at Diba.” Moda was upset and hummed.

“Teacher, leave this thing alone, let’s handle it.”

He said, the knife went out, a group of boys immediately followed, and Wu Xiaoyu took a group of girls to follow immediately, none of them remained.

I looked at a group of impulsive students. Liu Ye and Long Xiaoya were so anxious that they couldn't stop them. They could only secretly grit their teeth and followed them resentfully to avoid accidents.

Uh ...

At the same time, a large group of people are gathering in the Di Bar on the second floor of the market.

This group of people, more than one hundred people, were the puppets of the oldest brother. They were originally intimidated by Qin Tiange and intimidated by Gali to kill the zombies. They died more than twenty, leaving hundreds of people to get a hardened potion Improve physical fitness.

They are burly and powerful, with such powerful strength, their minds are impure, and they immediately feel that they do not have to obey Qin Tiange's arrangements.

Even, it does n't matter if the other party said, it 's better. Some of these people are even more fierce in their minds, thinking whether Qin Tiange will be eliminated, and then he will be the overlord in the whole town?

“Fat brother, it's unethical of you to do this.”

The people in the Didi Bar were divided into two groups, most of them were the people who were originally imprisoned in Di Bar, men and women, most of the people opposite were the puppies before the eighth brother, led by a guy named Fat Guy.

This person is three big and five thick, round and thick, and has great strength. He took the hardening medicine and improved his physical fitness by five times, which is the most powerful person in this group.

Now, it was him who was thinking about it. Brother Fei was sitting on the sofa, holding two **** and hot women in one hand, this is the woman of the oldest star, now it is his.

“Little **** nonsense!” Fat brother burst out swearing.

He cursed, “Are you guys arguing about goods, are you afraid of a little boy?”

“Look at what this is?” He pointed to several large wooden boxes stacked aside.

A few younger brothers rushed forward, opened the wooden boxes, and the fat guy picked up one of the contents.

He chuckled with a grin: “This is explosives, originally my brother was going to blast the rock over the stone field, but it came on the last day before it was shipped out.”

Boom dynamite, this is Kaishan dynamite, a bunch of explosives, it looks scary. Everyone was shocked at the scene. Many people in the opposite group were frightened. When they saw so many explosives, they immediately realized that they wanted to deal with Qin Tiange with explosives.

How much explosive is there? The five big boxes full of dangdangs make people feel hairy. Once they explode, don't want the entire Di bar or even the entire market.

“Here, there is a ton of the latest type of TNT explosives, which was stored privately by My Eighth.” Fat brother’s face was agitated, his flesh trembled, but his words were shocking.

One ton of explosives, or new TNT explosives? Where did that myna get it? Questions frightened everyone. How powerful is a ton of explosives?

Brother Fei suddenly sneered and said, “If this ton of explosives is properly arranged, I don’t believe that the kid who explodes will not die. Is he still immortal?”

“Yes, as long as we bring them here, we will blow the entire market to the sky, and then they will survive?” A betrayed boy laughed.

“Yes, the girls and teachers are all left, and we will be beautiful in the future, even the whole town is under our control.” The fat guy said, excitedly dancing.

He has ambitions for everyone, and he is no exception.

“Want to kill him? You won’t succeed.”

On the opposite side, a young woman came up with a knife and froze her eyes. She was one of the girls imprisoned and played by her myna. At this moment, I heard someone was going to deal with her life-saving benefactor.

“Sisters, do you still want to be played with these garbage captivity?” She suddenly turned and asked.

Suddenly, all the women who had been imprisoned by Mynah immediately raised their knives and went forward, one by one, determinedly not wanting to experience such a thing, Qin Tiange was their life-saving benefactor.

Their strength now comes from that man. Although it is the strength that the other party obtained by using them to kill the zombies, what he gives is what he gives.

“Smelly pussy, do you really want to die? Believe me or not?” The fat guy was immediately angry. A shotgun was raised and aimed at the group of women opposite him. arms.

The woman’s eyes were crazy, and she said, “I remember you, you had a share of playing with us at that time, and today you will die, and it won’t let your plans succeed.

“Sisters, ignite!” She burst out loud.

Behind him, a group of women raised the torch frantically and ignited. At this moment, everyone was horrified, looking at this group of crazy women, and they wanted to ignite the explosives.

“You guys, aren’t you afraid of death?” The fat guy was shocked, regretted in his heart, and shouldn’t reveal these fried ones.

On the opposite side, the women were so crazy that they couldn’t do anything to control them now, because their strength was not weak.

Moreover, this group of women are crazy, so dead, they have to die together.

“If you want to die, let’s die together, and want to deal with our life-saving benefactors, then we will send you to Xitian first, as a reward benefactor, there is nothing to be nostalgic in this life.” This girl has a crazy face, she can do it.

Perhaps, the hearts of these women have been distorted, and their hearts are as dead as death. The only idea is to repay Qin Tiange, the benefactor who saved them from the flames.

Before, the end of the day, they were imprisoned and played with by my brother before they woke up from their fear. The dark and helpless despair made the girls who had been violated even change their hearts, become crazy, and become scary. .

“well said!”

When the atmosphere of the two groups was tense, a commendation came from the door of Diba, and then a large group of mermaids wearing armor and holding steel shields and swords came in.

The caller, Moda and others, just came here to hear this sentence and could not help but praise it.
