

Dark Ages 571

Chapter 571 - Kill the leader, be the one!

“Who, pretend to be a ghost, get out!”

With a loud shout, Xiao Fei rushed to Xiao Xiao, his breath was surging, and there was a great deal of heroic courage.

However, he had not been proud for two seconds, and in the next second, he saw a ripple of space, and the surrounding space instantly formed a prison cage.

Snapped!

Xiao Fei's face was stiff, and then a clear applause came, and his body was beaten to the ground inexplicably, and he was lying there with no image, his mouth was bleeding, and his face was cracked.

“Who gives you the courage to dare to kill the leader?”

A word of indifference came out, and everyone looked wild and looked at the sound, and saw that the space was broken like a mirror, and a figure came out of it.

“God?”

“Qin Tiange?”

When they saw the people, many people exclaimed, even if people from all over the place couldn't help but utter an excited scream, it was Qin Tiange.

He came back, retreating from the turbulent stream of void space, stepping out step by step, the space crumbled and looked horrifying.

All the kings present did not change color, because they could not capture Qin Tiange's figure, as if he did not exist.

“Is it you?” Xiao Fei looked ironed, and got upset and howled.

He didn't expect it to be Qin Tiange, and he was slapped inexplicably, it was simply shame.

The mighty king-level strong, in the presence of countless people, was slapped down in such a way that he could not tolerate it.

Qin Feng, Zhou Jian, Mu Ye, and others changed their faces one by one. Looking at Qin Tiange, they suddenly realized that they were not good.

These kings looked at the assessment stone of the base in unison, but suddenly found that there was no his name on it, yes, there was no Qin Tiange name on the king list.

“No?”

“He is not a king?”

For a while, many people froze and looked at the list of kings on the assessment stone strangely, without Qin Tiange's name.

Qin Feng and others were dumbfounded, and then looked horrified, watching Qin Tiange coming out, standing in front of the crowd, looking indifferent and expressionless.

As for Xiao Fei, his face was purple and blue, and he roared: "Damn Qin Tiange, it's you again. You just dared to come out while I was not prepared for a sneak attack?"

Seeing Qin Tiange not appearing on the list of kings, Xiao Fei immediately became furious, thinking that he had been beaten just because of his own intention.

"Isn't he a king?" Ishikura's expression was dignified, his eyebrows appeared with a ray of light, and there was a quaint stone stele trembling in it, and a word of war uttered a chirp.

Li Yan's original indifferent expression was gone, replaced by a vigilance, for the first time revealed a dignified expression, staring at Qin Tiange for a moment.

"He is Qin Tiange? Why isn't he on the list?" Wu Yun's face changed, staring at Qin Tiange, but he couldn't see anything.

As for the other king-level powerhouses, they were all wary, because just now they didn't see how Xiao Fei was beaten.

"You are Qin Tiange?"

At this time, inside the Eighteen Kings, someone stood out, showing a pride, looking down at Qin Tiange, as if he didn't pay attention to him at all.

This man, Qin Tiange only glanced and stopped paying attention, but came to Chen Guodong and passed a ceremony.

"Leader, I'm late." Qin Tiange finished, and nodded to Chen Xi and Xi Xi who were so excited.

"Qin Tiange, dare you ignore us?"

Someone was furious, and saw that Xiao Fei exudes a terrifying atmosphere, extremely terrifying. A powerful king-level power, even the ordinary king-level, was a little frightened.

Qin Tiange turned around, looked at the eighteen surrounding kings, and hummed: "Blatantly forcing the leader to abdicate and killing the leader. It seems you are too brave."

"Shicang, Liyu, Wuyun, Gudi, Rama, are you here to kill the leaders?" Qin Tiange said indifferently, sweeping over a group of kings gathered there.

Upon hearing this, Shicang and others shrank their pupils and suddenly felt an inexplicable pressure from Qin Tiange's body, showing a strong threat.

These kings turned wild, especially Lei Cangtian, and took three steps back in horror, thinking that Qin Tiange flew him with a slap in the beginning, and Xiao Fei was just slapped with a slap.

Now seeing Qin Tiange coming out, he was inevitably a little palpitated and frightened. Fortunately, he had just chosen not to be with the eighteen kings.

Otherwise it will be a bit difficult now.

“I’m here to take a look and see, isn’t it possible?” Ishikura smiled lightly, looking calm.

But Li Li sighed coldly, “Qin Tiange, I really want to compete with you and see how strong your character is.”

“I want to see it too.” Wu Yun smiled inexplicably.

None of these people admitted to killing the leader. They did not move from the beginning and watched silently.

They don’t want to take the charge of killing the leader, even if they sit in that position, they won’t win the hearts of the people.

“Less **** nonsense!”

Here, the disregarded king was angry and growled, “Qin Tiange, you can’t even make the list of kings, but you came here to teach us?”

“Okay, a trash, it’s long outdated.”

In the eighteenth king, a king came out, with nothing in his eyes, and a kind of self-exaltation in his eyes.

He looked at Qin Tiange with contempt and scorn: “I said just now that if you dare to come out, you will be strangled to death with one hand.”

“Oh? Really?” Qin Tiange’s mouth evoked a smile, and looked up and down the king-level master in front of him.

He stepped forward, step by step towards the young king, and smiled: “Let me see how you strangled me with one hand?”

“Look for death, let you see what a king is!” The master of the king shouted angrily, concentrating his strength on the palm of his hand, and pressing it down against Qin Tiange.

That magnificent prestige, with a monarch’s spirit, seemed to be the king’s strong strike, and there was nothing to stop under the king.

The young man with a smirk on his face, with an excited smile on his face, was thinking that he would be able to choke this famous figure to death, and then step on his body to become a powerful and invincible king admired by everyone.

Unfortunately, his smile didn’t last for three seconds, and he froze the next moment. He even froze with his body inexplicably. He couldn’t move.

He was frightened and opened his mouth, but he couldn’t say anything. He could only watch Qin Tiange step by step. Wherever he went, the space broke up.

“Participate in the killing of the leader, be a fist!” Qin Tiange snorted gently, raising his hand gently, flipping his fingers down, and banging against the king’s head in a void.

Suddenly, the space collapsed on the spot. Then, Qin Tiange’s five fingers were slightly closed and fastened, the king’s body burst into a crunchy sound, bursting instantly, blood and water gushing, and he was exploded in front of countless people.

boom!

A king-level master was blown away by him in this way. There was no resistance, and it turned into a **** mud. Only one star core was caught in the palm of Qin Tiange and kept trembling. , Belongs to the king-level star core.

There was a dead silence at the scene, and everyone was stunned. No one expected that a king-level master, even if the **** was a king, the rank was there.

But such a king-level master was actually exploded by Qin Tiange in the air and spiked on the spot. The explosive scene was shocking, and he never woke up for a long time.

Around China, watching the live broadcast of countless people dumbfounded, staring blankly at a king pinched in the air, one by one could not help but snore.

“Is this dead?”

“That king, isn’t it fake?”

“Like killing an ant?”

Many people circled around and looked at the picture blankly. The scattered blood and mud showed that the scene just now was not false, but actually happened.

A king-level master was just exploded by Qin Tiange Shengsheng in that way. The picture was so shocking that all the kings on the scene were stunned.

hiss!

For a long time, Gu Cang and others woke up, took a breath, and watched the **** mud scattered by the crushed king, couldn’t help but chill.

King level, is it fake?

Even if they couldn’t help but doubt, was the king false? Everyone couldn’t help but look forward to the assessment stele. On the list of kings, a name gradually disappeared.

A king was killed and he was removed from the list. Since then, it has disappeared. There will never be another person who has died.

“No, that’s impossible!”

“Illusion, must be illusion!”

For a while, Xiao Fei and other seventeen kings changed their expressions and were scared by this scene, almost screaming.

Several kings yelled in panic, thinking that it was an illusion and not real. How could a powerful king be pinched in the air?

“Brother Qin is still so powerful.” Xiao Xi’s face was full of worship, and the eyes looking at Qin Tiange were full of stars.

Long Xiaoqian was excited and watched Qin Tiange pinch a king. Fang’s heart could not help but beating excitedly, almost screaming.

“Tian Ge” Chen Xiqiao’s face flashed a proud blush, this is her man, powerful and mysterious, has never changed.

“Sure enough, he is still so horrible.” Ye Xuan smiled bitterly, fortunately.

Around the seventeen kings, with a dignified expression, looking at Qin Tiange, suddenly there was an inexplicable and terrible pressure, shock and deterrence from the soul.

“Trouble!”

Mu Ye’s eyes flickered Staring at Qin Tiange and wanting to see him through, unfortunately, it was just in vain. It would be delusional to see Qin Tiange.

“What are you afraid of? Let’s go together. I don’t believe he can fight seventeen kings by himself.”

Finally, Xiao Fei looked completely mad and completely insane. He was unwilling and a little scared, but he was crazy. You Qin Tiange has a limit to how strong he can be, and it is impossible to play together with seventeen kings.

“Yes, go together and kill him!”

One by one, the kings awakened, and immediately shouted, cheering themselves up, each with a hint of self-confidence, surging intentions, and started directly.

They did not hesitate, and even did not dare to hesitate, and broke out their strongest forces directly, besieging Qin Tiange.

“kill!”

Seventeen king-level masters attacked in unison, and the scene was shocking. The entire Shangjing base shook, the house trembled, and many cracks collapsed.

Seventeen horrible monarch-level forces are overwhelming, sweeping in and out, even the sky is eclipsed.

Chapter 572 - 18 kings slaughtered

Seventeen kings joined forces to erupt the power of the Xeon to kill Qin Tiange. Seventeen huge powers came flooding over and overwhelmingly.

“Tian Ge be careful!”

Chen Xi exclaimed, could not help but rush up, if not see Qin Tiange’s face calm and calm, exuding a strong self-confidence.

The surrounding king-level masters have a serious face, and even they do not think that they can survive the bombardment of seventeen king-level masters.

“This kid, it’s over.”

“Too arrogant!”

Many people sneered, watching Qin Tiange’s joke to see how he was killed here. However, before their smile lasted for three seconds, they were stunned by the next scene.

“Back off!”

Qin Tiange was expressionless. He stretched out his hand and pointed at the void in front of him. Suddenly, the seventeen huge powers flowed back instantly.

Yes, those torrents of energy are going backwards, returning directly to their respective bodies, as if they never appeared.

Everyone was stunned, their eyes almost fell, and they looked at the stupid seventeen kings, yet they didn’t respond.

“Come together and kill him.”

Some kings screamed loudly. Seventeen kings awakened and gathered their strength. The violent breath swept through all directions, and they shot all at once.

Once again, the sky was fading and the clouds were scattered. However, the scene of the king-level thriller that watched the battle again appeared.

I saw that Qin Tiange once again pointed out, and all the forces coming forward regressed, and the four weeks seemed to be going backwards, back to the moment before the seventeen kings attacked.

Everything is back to the point of origin. The seventeen kings look stiff, and all of them look like a ghost, and feel like something is wrong, as if they have lost some memory.

Grunt ...

“This, what’s going on?”

Everyone was stunned, couldn’t help swallowing, and was frightened by such a weird scene.

Ishikura’s expression was so dignified, his eyes glowed, and his monumental buzzing buzzed. He could see very clearly that the power of the seventeen kings had all been reversed by an unknown force.

“That power ...”

These mighty kings were horrified and had a creepy feeling in their hearts. All attacks were reversed, as if time was backward, yes, it was time backward. []

“impossible!”

“Why do I feel like I just did the same thing?”

Xiao Fei, Qin Feng, and other kings looked pale, recalling the strange feeling just now, as if their consciousness had been erased a little bit of memory.

They were all horrified and looked at the expressionless Qin Tiange. No one dared to take a shot for a while, and even dared not speak.

“Why, dare not do it?” Qin Tiange looked at these people indifferently, step by step, and the space around him cracked, and a stream of black particles spewed around.

“Space capability?”

Ishikura was shocked and startled, and finally realized what this power was, it turned out to be the power of space.

Seeing Qin Tiange passing by, the space was cracked, and a stream of black particles poured out, revealing the terrible wave of destruction, which was the power of space.

“Damn, what a hell, hurry up and kill him!”

Mu Ye’s color changed cold, and he drank a slam, which awakened everyone. The seventeen kings looked at each other, nodded, and rushed together.

Instead of condensing their strength, they would fight close to each other and fight to kill Qin Tiange here.

“kill!”

Seventeen powerful figures rushed forward, one by one withdrawing their weapons, chopping down Qin Tiange to kill him.

The king-level power was powerful and destructive in one move. The upper capital base was shaken by the power of seventeen kings and many buildings collapsed, causing many people to panic.

“Temporal imprisonment!”

With a low drink, the black particles around Qin Tiange’s body suddenly spread out. Then, silver wires spread out, covering a few kilometers into a taboo area.

This is the superposition of time and space, which is a more powerful taboo area, which can be called the space-time forbidden area.

“No, no, why can’t you move?”

The next moment, seventeen kings rushed into the forbidden space of time and space. As a result, their bodies were fixed one by one, and they were imprisoned in the air. []

The mighty king was actually imprisoned by inexplicable restraints. Seventeen, none of them could move, as if the characters in a painting were fixed there.

“Persecute the leader, kill!”

Qin Tiange walked step by step, suddenly disappeared, disappeared, appeared in front of a king-level strongman, stretched out a hand and pierced into the opponent’s Dantian position.

With a flutter, Qin Tiange grabbed a bead, and a powerful energy wave came, making people feel cold, that was a star core.

This kind of picture is frightening. Qin Tiange actually stabbed directly into the opponent's Dantian and grabbed the star core, which is equivalent to the death of the king.

"Ah ..." The monk screamed screaming, then his body was scratched by black silk threads, flesh and blood instantly turned into neat blocks and scattered.

Qin Tiange was expressionless, his body turned into a black particle and disappeared, reappearing in front of a king-level powerhouse.

"Kill the leader, be a slap!"

As soon as a sentence came, I saw a flutter coming. The king-class powerhouse looked terrified, and watched his star nucleus be caught. Then his body was cut through cracks and he died instantly.

"No, don't, I vote ..." Some king-level powerhouses were frightened, frightened, and started to ask for mercy.

Unfortunately, before he finished speaking, he saw a figure appearing quietly, his palm pierced into the opponent's Dantian position, and he grabbed the star core directly.

"Openly rebel against Beijing, kill!"

Qin Tiange turned indifferently, and the king's body was cut into pieces of flesh and scattered, and he followed in the footsteps.

Seeing here, the powerful kings such as Gucang and Liyu were scared, and watched one after another the kings were dug out of the star nucleus, and then cut to death by a crack in space.

Everyone was frightened, watching Qin Tiange walking as if he was walking among the seventeen kings, one by one, slaughtered, as simple as killing a chicken, crisp and neat.

"Excuse me, I don't want to die ..."

"what..."

The voice of begging kept coming, but unfortunately, Qin Tiange was so unwilling to let go of these people that he came to Beijing openly, persecuted the leader, and killed the current leader. It was absolutely intolerable.

"I have given you a chance, but unfortunately, you have done such a scandal as killing the leader and almost upended the current stability of China."

Qin Tiange stepped across the space and appeared in front of Xiao Fei, with no emotion in his eyes, and his indifferent eyes were full of horror and murderous intentions.

"General Qin, no, you can't kill me. Once you kill me, Haishi will lose a king master sitting in the town, how will you resist the foreign enemy then?" Xiao Fei said in horror, demanding to be bypassed.

However, Qin Tiange did not give him this opportunity. Before that, he had given these people a chance. If he stayed at home and did not come out to make troubles, that's fine, but he came to Beijing to kill the leader.

Flutter!

One hand pierced into Xiao Fei's dantian and grabbed a large, a small, and two star nuclei from it. It was surprising that Xiao Fei actually condensed the two star nuclei.

Unfortunately, he couldn't survive, looking desperate, looking at Qin Tiange with mad hatred, and the pain of being pierced through Dan Tian almost collapsed him.

"Qin Tiange, you must not die, I curse you must die, I will not let you die as a ghost." Xiao Fei growled wildly, like a ghost.

"I wanted to let go of your soul, but when you said that, you were looking for your own way of death." Qin Tiange snorted and pierced Xiao Fei's eyebrows directly, grasping a vague shadow.

It was Xiao Fei's soul body, which was caught by him. Everyone at the scene was frightened, his hair was cold, and his sweat was down.

"Ah ... forgive me, I was wrong."

Xiao Fei's soul panicked for mercy, but unfortunately, he was pinched by Qin Tiange and completely dissipated.

"No ... Qin Tiange, my Qin family is with you ..."

Over there, Qin Feng saw Qin Tiange coming over, and immediately panicked, and he was about to say something, but unfortunately he didn't finish talking and was interrupted.

His body was cut by cracks and turned into countless pieces, leaving only two different-sized star nuclei collected by Qin Tiange.

"Disturbing Shangjing, causing civil unrest, kill!"

Qin Tiange stepped forward, came to Zhou Jian, and simply dug out the opponent's star core. Zhou Jian's body was cut into pieces with a bit of bitterness and a little regret.

"The king is defeated, Qin Tiange, you have won again."

Mu Ye's eyes were calm, watching his body cut by dense black silk threads, and he immediately lost consciousness.

"You made a mistake and lost everything. Qin Tiange, I have to say, your heart is too hard."

Yi Shuihan sighed, and as Qin Tiange walked by, his body was smashed by cracks in space, leaving only two star cores.

One king after another, there was no resistance in the presence of Qin Tiange, and it was a one-sided massacre.

His killing the king was like killing a chicken, and he was still a locked chicken, killing everyone, and the king was afraid.

Throughout Huaxia, countless people watched the slaughter, all of them were silent, especially those who were interested were frightened.

Kings, there are eighteen king-level masters, so Qin Tiange slaughtered them one by one, leaving none behind.

Moreover, it was slaughtered in front of countless people. In front of countless compatriots in Huaxia, all 18 kings who were going to kill the leader were slaughtered. Its fierce prestige, covering contemporary times, Hard to find in the world.

“The Eighteen Kings, the leader of the slaughter, a blatant rebellion, has now been slaughtered. Now, you should explain why you came to Beijing.”

Qin Tiange finished killing eighteen kings, removed the time and space forbidden area, turned around, staring blankly at Shikang and a dozen other king-level masters.

Suddenly, Ishikura and others couldn't help but take a step back, with a bit of bitterness on their faces, and regret in their hearts, but they were frightened by a look, a word, and their hearts had been broken.

“Seeing the leader besieged and indifferent, aren't you already improperly Chinese children? Or do you want to return to China?”

Qin Tiange sighed suddenly, a horror breath erupted from the body, the sky was tumbling straight, the clouds rolled, and the heavens and the earth changed color.

Ishikura and others were stunned by this terrible momentum, full of horror, and could not help but take a step back, which was forced to retreat by this momentum.

Pressure, unprecedented pressure swept over, covering the entire Shangjing base, the terror was permeating, as if an emperor was angry.

Chapter 573 - Deter Kings

A question asked the kings such as Shicang and Liyang to be speechless, all with a look of astonishment, surprised by Qin Tiange's terror.

What can they say? Is it here to be a leader in competition? Just kidding, if anyone dared to admit it like this, they might step into the eighteenth king.

“What do you want, let's say, even if you are stronger, I won't fight it, fight if you want!”

Finally, Shicang gave a loud sigh, and his momentum changed, and a horrible warfare burst into his body, and two rays of light were shot in his eyes.

A battle monument buzzed in his brows, sending out a monstrous warfare, which directly broke the fear in his heart and turned it into a terrifying warfare.

The King of War, only one battle, without fear of any enemy, can be regarded as the title of King of War.

Gu Cang stepped forward and got rid of Qin Tiange's deterrence just now. He had no thoughts and no fear at all, even if he knew he was not an opponent, he would have to fight.

“The king of battle ...” Qin Tiange looked at the ancient warehouse that came up, filled with a strong sense of war, and nodded secretly in his heart.

With this spirit, he can get rid of his shock and influence so quickly, I have to say that he won the title of King of War is not empty.

At least, when he saw Qin Tiange's slaughter of the eighteen kings, he still dared to face the battle, even if he was not dead, it was enough to make people look.

"Born in this era, how can you fear death?"

"Nothing to say, let's fight!"

Kings Li, Wu Yun, and Gu Yan came along step by step, exuding intense warfare all over them, one by one, didn't they just die?

As a king, in the face of a strong enemy, you must have the pride of a king. How can one's mind and body be easily cut off?

The king must have the pride of the king. The king can fight to death, but he cannot live on his knees. Once done, he is not a king, but a puppet.

Bang ...

Various figures emerged, such as Gucang, Liyu, and so on. Twelve kings brushed forward together, their faces decisively broken, and the ship settled, they had to fight against Qin Tiange.

They know that this battle will most likely fall, but what about that? Since born in this era, the strong are the most respected, and death is nothing more than an appetizer.

To die, to die with dignity, and to shine his own light in this dark age.

"Do you want to fight?" Qin Tiange looked expressionless and watched Qi brush up and step up. All the regaining self-confidence kings were some of the top king-level masters on the list.

As for the eighteen kings that were killed before, they are all in the lower ranks. When they die, they may deter them for a while, but after all, they have extraordinary abilities and their nature is natural.

The shadow of the obstacles in the heart has been removed and the war intentions have been turned away. The shock that Qin Tiange has just imposed on them has been overcome.

The last twelve kings were silent, no one spoke, each with a sense of death, knowing how terrible a powerful presence this time was.

The eighteen kings had no power to fight back in front of him, but were slaughtered cleanly, which they could not do by themselves.

Humph!

Qin Tiange stepped forward, exuding a mighty weather, covering the bodies of the twelve kings overwhelmingly, a huge will descended directly on their soul will.

The faces of Gucang and others changed, and they felt the terrible pressure brought by the will of the body and even the soul. Each one looked red, the body was boiling and almost burned.

"Battle! Battle! Battle!"

Gu Cang sent a deep roar, a buzzing buzzer flew out of the heart, and flew in front of Qin Tiange, buzzing out a strong light, with monstrous warfare.

Looking at the flying battle monument, Qin Tiange squinted his eyes and was about to raise his hand to split and fly. As a result, a gurgling came from his waist, and the ancient sword came out of the sheath.

Groan!

The ancient sword sharply pointed at the battle monument. For a time, the two ancient artifacts exudes a simple atmosphere, constantly intertwined, as if communicating.

The battle monument trembled a few times, and quickly flew back to Shicang's eyebrow, while the ancient sword gave a soft humming sound, and after a turn, spontaneously returned to the sheath, and everything subsided.

Qin Tiange moved his mind, looked at the ancient sword around his waist, and looked at Shicang's unyielding eyes, as if completely burned by a war of intent, and an unyielding war of indignation ran through his body.

He, known as the King of War, obtained the ancient war monument, which must contain some ancient heritage. Perhaps Qin Tiange's ancient sword also has the ancient sword spirit inside.

"Since you are not afraid of death, I will give you a chance."

Qin Tiange regained his momentum, and the vast and endless will retreated like a tide, looking calmly at the twelve kings who were breathless in front of him.

These people, almost crushed their will just now, is a kind of soul will attack method from Qin Tiange, which is very scary.

"Say yourself and show them what some really strong are doing."

Soon, Qin Tiange said something gently, and saw a huge virtual screen appearing in front of him, with a picture on it.

Ishikura and others looked at the scene in the picture in surprise, one by one, and then calmed down.

"Why the big deity, why not come, I can't stand it anymore."

In the picture, black gas billows, a priest in a robe is fighting fiercely with two terrible images.

They were two fierce spirits. They were real ghost kings. They were so full of ghosts that they beat the unscrupulous Taoist priests and fell back and forth.

"Buddha is universal!"

In the distance, as soon as Jiao drink came, he saw that the sky was full of light, melted the endless ghost, and blocked two fierce ghosts.

That's Miaoshan. It's extremely dangerous to face two ghost king-level ghosts. If you don't rely on the suppression of the Buddha's light, you might lose.

“Amitabha, you can't be born yet!”

Among the dark clouds in the sky, there is a splendid Buddha light, the thousands of Buddha's shadows floating in the void, and the relentless suppression of the monstrous ghostly spirit in the Wudi desert below.

In the middle of the Thousand Buddhas, a dustless disk sits on the golden lotus, surrounded by thousands of Buddhas, suppressing a horrible phantom below.

“Shakya, as soon as you returned from Nirvana, you came to trouble your ancestors. Are you tired?”

In the ghostly air, there was a cold voice, and then, two **** eyes, like two blood pools, penetrated through the black gas, staring at the dustlessness in the void.

The shadow was extremely huge, and mysterious chains were locked on and under my body. As soon as I was struggling, a rush of rattle was heard, which was frightening.

“what is this?”

The faces of Shicang and others changed greatly. Looking at everything on the screen, there was such a terrible and terrible ghost.

Moreover, watching the three masters slaying the ghosts there, the four ghost kings were killed and blocked by the two unscrupulous priests and Miaoshan.

Outside, in a huge base, shrouded in darkness and ghostly, countless people found in horror and despair that they could not go out because it had turned into a ghost.

“See?” Qin Tiange snorted coldly and said, “Look, as a king, instead of guarding one side, he ran to Beijing and wanted to take the leadership position.”

“Leaders, able people, prestige, meritorious service, and those who have made great contributions to the Chinese nation are eligible to sit up.” Qin Tiange's tone was cold, with a hint of anger.

Ishikura and others were so ashamed that they were scolded in the presence of so many people. Although they were unhappy, they had nothing to say.

Because this is the fact, look, the unscrupulous Taoist over there, he thought he was selfish enough, but because he saw Miaoshan blocking the four ghost kings from being suppressed, he had to run to directly confront the two ghost kings.

There is no way, even if he is immeasurable, first of all he is a monk, and he must not lose the demon guardian, isn't it?

Moreover, another person summoned him, and the unscrupulous priest smiled bitterly, even if he didn't want to come.

“You are not coming yet!”

“Wow ... Hang up if you don't come to the old road.”

The unscrupulous Taoist yelled, was beaten by two ghost kings, his robes were torn, and he was invaded by ghost spirits, his face was purple and black.

Seeing this, Qin Tiange's eyes were sharp, and he swept across Shikang and other twelve kings, saying, "This is my last chance for you. If you want to fight, go to a fierce battle with these cruel creatures and foreign races. As a strong Chinese, you should have the role of the strong, and protecting the nation should be the burden and responsibility of my generation. "

"The kings are obedient. Follow me!"

Qin Tiange gave a loud shout, and in front of countless Chinese compatriots, pointed out directly and opened up a space tunnel, leading directly to the desert in northwestern China, the area that swallowed the soul.

He stepped into it first, followed by Chen Xi, who followed him into the space tunnel without hesitation. Then, Xi Xi, Long Xiaoqian, Ye Xuan, and Wu Changkong stepped in, and followed Qin Tiange. Go to the restricted area for a war.

"I agree with foreigners!"

Shicang sighed and rushed into the space tunnel, followed directly behind Qin Tiange and others, went to the northwest desert, and swallowed the forbidden area.

"Let's go!"

"No, it's likely to be accounted for after the fall, and now I understand why I always feel peeping. We have a live satellite broadcast on top of us."

"Wo Yi, isn't that the whole Chinese compatriots are watching us?"

For a time, many king-level masters looked black and red, red and white. I thought that they and others had been live broadcasted and watched by tens of millions of Chinese compatriots, and they felt an urge to vomit blood.

"on!"

Li Xi and others moved and had to go. One was watched by numerous Chinese compatriots. If they didn't go, they would be regarded as spurned and looked down by the entire Chinese compatriots.

The most important thing is the threat from Qin Tiange. They can not go, but afterwards they may have to settle accounts after the fall.

Huh!

In the desert in the northwest, outside the forbidden area of soul swelling, a section of space suddenly broke, and a powerful figure came out from it, and it was Qin Tiange who took the lead.

He took the kings outside the soul-stealing restricted area, and finally let the unscrupulous Taoist who was beaten into a sigh of relief breathe and almost yelled.

"Go on, kill the four ghost kings that ran out!"

Qin Tiange waved his hand gently At that moment, Chen Xi and Xun Xi and Long Xiaoqian rushed out first, and flung at the two great ghost kings of Miaoshan.

Ishikura coming out from behind was not slow. He flew directly to the unscrupulous Taoist priests, and swept away with a fight, and a ghost king hung up.

“kill!”

The kings came out and rushed out, each of them had to perform, because they already understood that this is a live broadcast show.

That’s right, Qin Tiange wants everyone in Huaxia to know that the arrogance of the penalty area is terrible.

“Little friend, you are finally here.”

There, Dusty nodded his head faintly, showing a smile, and a big Buddha behind pressed against the restricted area.

“There is labor!” Qin Tiange stepped forward, and instantly came over the soul-stealing restricted area, looking down at a huge vicious shadow below.

“You can’t stop the birth of the ancestor ...”

Below, the fierce shadow and fierce Xiao Xiao, constantly struggling, two huge arms probed up fiercely, grabbed Qin Tiange.

Chapter 574 - Emperor-level fierce, almost killed

Two sharp claws came across in the air, with devouring power, soaring into the sky.

Dang!

With a loud noise, I saw Qin Tiange pointing out, the dark particles turned into a black light mirror to block the two huge ghost claws, and then broke apart.

Oh oh

Below, the ghosts roared fiercely, the fierce spirits roared, and the evil spirits were flying there, rushing out madly, turning into a flood of thousands of ghosts and rushing to Qin Tiange.

Looking at the infinite ghosts and ghosts that came up, Qin Tiange snorted, and turned his hands and slapped them.

There was a loud noise, and an invisible pressure directly squeezed the air, crushing the ghosts of the sky, and all the evil spirits and ghosts mourned and broke apart.

When Qin Tiange opened his mouth, a horrible flame was blown out. The gray flame engulfed the endless evil spirits and burned into a smog.

“You man, you look for death.”

The vicious shadow roared, scarlet eyes looked through the ghost, a huge horn came out, and the horrible head slowly emerged. It was a unicorn ghost king, extremely powerful.

It was many times more powerful than the average ghost king. When he saw the resentful and evil spirits burned, he immediately struggled and stood up.

Listening only to the sound of “Bang”, the chain of the unicorn ghost king was broken, and the huge body seemed to be a ghost and slaps a giant claw on top of Qin Tiange.

Huh!

A gurgling came, and the ancient sword came out of the sheath, and there was a sword stalk soaring into the sky, and a click slashed the huge ghost’s claw, and half of it fell.

Qin Tiange calmly, stepped up, pulled out his sword and slashed, and with a click he cut down the entire ghost claw.

“Ah,” the ghost king screamed, and his giant claws were all cut off. A dark stream of blood spewed out of the wound, corroding the surrounding air, and there was a burst of noise.

“Dare to come out, then you will die!”

Qin Tiange chilled, his body turned into a black particle and disappeared. The ghost king felt a chill in his heart. He felt an unprecedented crisis, and instinctively waved another ghost’s claw.

Click

Ghost claws were cut off by a dark scabbard. Then, countless people saw that black scabbards cut through the space and cut off the ghost king’s body instantly.

“Oh emperor save me” The unicorn ghost screamed, his body turned into pieces and dissipated, leaving only a huge black bead floating there.

It was the soul bead of the ghost king, which was equivalent to the star core, and buzzed, trying to rush into the restricted area, but was caught in the palm of Detective Qin Tiange.

“Bold, dare you kill your deity?”

At this moment, an extremely terrifying roar came, fierce and fierce, the waves of terror rolled over, overturning the yellow sand within a few kilometers into a dust storm rumble.

I saw a monstrous ghost fire in the middle of the restricted area, which formed a terrible collision with the sky’s light of the Buddha, and a violent shaking came, as if the earth and the earth had collapsed.

“Amitabha!”

A sound of the Buddha’s horn came, and the light of the Buddha fell down, suppressing the ghost fires fiercely and preventing them from erupting.

Dust-free radiates horrible Buddha light, a spit of Buddha wheel is pressed down, and the low chanting of the thousand Buddhas suppresses the horror ghost image below.

“So strong!”

“Is it an emperor?”

Feeling the horror of power, all the kings present did not change color, looking to the restricted area, there was a fierce shadow roaring there, the roar was shaking.

“Leave them alone, kill these ghost kings first!”

Shicang glanced and stopped paying attention, holding an ancient battle monument, banging on the ghost king’s body, and blasting the opponent down into the air on the spot.

“kill!”

Instantly, the ghost king was overwhelmed by several powerful figures, and a scream of screams in the blink of an eye turned into a ghost fire that disappeared and disappeared.

The powerful ghost king was unfortunately killed by someone like Shicang and others. Several powerful kings joined forces. It would be abnormal if the ghost king could not be killed.

Rumbling

Over the restricted area, the light of the Buddha suddenly shook, and the endless black gas rolled below, roaring and roaring, breaking through the blockade of the light of the sky and bombarding it.

“Come on!” Qin Tiange came out of the air, pressed down with one hand, and thundered loudly, and the dark particles turned into a giant hand and pressed the terrible ghost fire back.

“Hey you’re looking for death!”

Seeing the ghostly fire that was pressed back, the evil shadow roared, and there was a thick chain around his body. He had seen this evil shadow.

Qin Tiange came out of the air with two sharp eyes in his eyes, and saw the huge and insidious shadow, which was almost hung up by a ghost claw in the secret realm.

“King of the Great”

Qin Tiange murmured that the terrible image below was a ghost emperor.

Emperor level, is there an emperor level?

Listening to Qin Tiange’s words, whether it is the king of the scene or all the Chinese people watching the live broadcast, without exception, they are inexplicable.

“Oh my God, that’s a great spirit?”

“Imperial, is it above the king?”

A lot of people talked and looked horrified. The news was too sudden and too explosive.

They just knew that the top of the ten stars is the king level, but they did not expect to run out of a terrible area, not only the king-level ghosts, but also a terrible king-level fierce spirit.

“Is an emperor-level fiend, can anyone fight?”

“Can the monk and Admiral Qin deal with this terrible emperor-level fiend?”

Suddenly, many people thought of this problem. Since it is an emperor-level evil spirit, it must be an extremely terrible existence.

Then, it is not clear whether Wuchen can confront Qin Tiange. No one has a bottom, but can only stare at the figure on the screen.

“Oh it’s you?”

At this moment, the emperor-level fierce spirit remembered, Qin Tiange was a little familiar, and suddenly remembered that someone had broken into the mystery at the beginning, and was almost killed by it.

Unfortunately, at first, it was in a secret place, trapped in it, and it was very terrible to attack through the void, but it could not kill Qin Tiange.

Now I saw that the Emperor-level fierce spirit was immediately furious, and his body was rumblingly struggling to stand up. Two scarlet eyes were like two **** lakes hanging in the void.

“broken!”

Emperor-level fierce spirits roared, and the arms bound by the chains struck fiercely, clicking through the void with a click, destroying the Buddha light, and even shattering the Buddhas on the spot.

The Buddha’s light surging behind Dustlessness, the palm of his hand was pressed down, and one side of the Buddha country was severely pressed down.

boom!

The two forces collided, and as a result, they lost without dust. The body was directly blown out, and the virtual shadow of the thousand Buddha around him collapsed and disappeared instantly.

The heavenly Buddha’s light dissipated, and this emperor-level evil spirit could no longer be suppressed. Dustlessness still could not suppress this emperor-level evil spirit.

“My friend, my true spirit is damaged, go back first.”

Over there, the dustless wolverine flew in and said this in a peaceful tone. I saw, dustless eyes closed, then opened, temperament became different.

“Donation, don’t come without a fist?” Dustless hands folded, a bitter bitterness on his face.

Qin Tiange thoughtfully, nodded, and didn’t say much, because the emperor-level fierce spirit stood up, and the body of thousands of feet was full of oppression.

“Emperor-level fierce spirit, can’t stop it” Wu Chen muttered to himself, wiping out a ray of Buddha’s blood in the corner of his mouth, unable to stop it.

He is the reincarnation of Shakyamuni, but his strength is not the original Buddha of Shakyamuni. Nirvana’s rebirth comes at a price.

“No need to block, I dare to kill if he dares to come out.”

Qin Tiange sneered suddenly and walked away, step by step towards that thousand-meter-tall emperor-level fierce spirit, which aroused the attention of the other party.

In particular, his sentence made the imperial fierce spirit who was about to step out of the restricted area suddenly stop.

“Human boy, you talk too much, dare to be arrogant to the Emperor?” The emperor-level evil spirit stared at his eyes, staring at Qin Tiange.

Seeing it like this, Qin Tiange sneered, and said indifferently, “Are you afraid? I didn’t expect the dignified ghost emperor to be afraid of a weak human being?”

“presumptuous!”

The emperor-level fierce spirit was furious and hit him with a wave of his hand. As a result, the chains around his body were tightened, leaving his giant claws unable to hit Qin Tiange.

But even so, the violent storm was still palpitating, but Qin Tiange was expressionless, leaving those winds to blow his body unmoved.

“Is it presumptuous, can you step out of the forbidden area to see?” Qin Tiange stood here, with a look of contempt, making the ghost emperor crazy.

“Just mix things up, dare to insult the Emperor, find death!”

Emperor-level fierce spirit was furious, Qian Zhang’s body was shocked, the terrible sound of rattling came, the thick chain was tightened, and there was a rattling sound.

collapse!

Suddenly, everyone’s heart was beating, and they saw that a chain on the ghost emperor broke, and then a large chain was broken.

“Hahahaha, this deity is finally free.”

Opening the chains around him, the monstrous roar of that Emperor-level fierce roar caused the world to change color, dark clouds rolling and ghostly.

He slowly lowered his head and looked at Qin Tiange, his eyes revealing senran, and he reached out and grabbed him.

“Dare to come out, then you will die.”

Qin Tiange’s killing flashed in his eyes, his body was boiling, and his body was gone.

Just listening to the rumors coming from Then a shocking wave erupted, spreading in the sky with a ghostly atmosphere, revealing the body of the ghost emperor inside.

“Ah” the emperor screamed, turned and rushed into the restricted area, a scary sword marks appeared on the body, and even the heart position was cut off inexplicably, revealing a ghost heart inside.

It flickered into the restricted area in horror, looking at it in horror, with a crack in the eyebrow, and almost cut off its head.

As I saw, Qin Tiange, who had disappeared, gradually appeared outside the restricted area, a hint of disappointment flashed on his face.

“Unfortunately, almost.” Qin Tiange frowned slightly, standing outside the restricted area and watching the emperor-level fierce spirit, without stepping into it.

In the restricted area, it is not just an emperor-level fierce spirit. It is shrouded in a secret area of soul-stealing by a party, and has been turned into a forbidden area.

“Why did you hide inside and come out, I promise not to kill you.”

Qin Tiange’s faint words stimulated the emperor-level fierce spirit, his face sank, and his blood-colored pupils revealed a kind of suspicion.

Chapter 575 - Eye-catching, the Emperor ran away

“Ah qisha deity!”

The emperor-level fierce anger roared, disturbed all directions, and was furious, apparently blasted by the words of Qin Tiange.

His body was shaking with anger, Qian Zhang’s body had to step out of the penalty area several times, but recalling that horrible blow almost made him fall.

The emperor-level fierce spirit was once scorned by a human being, and even almost inexplicably killed by the other party, how can we not be surprised?

Seeing the ghost emperor running out, then ran back in horror. For a moment, everyone was shocked.

Over there, the kings who killed the four ghost kings gathered and stood outside, all of them stunned by the scene in front of them.

“Imperial, almost killed?”

Shicang and others looked at each other, they saw the horror in each other’s eyes, and once again enhanced Qin Tiange’s strong understanding.

No one expected that Qin Tiange had the ability to kill the Emperor. How strong is he now?

“Don’t talk nonsense, come out and fight me!”

Qin Tiange carried an ancient sword with a sharp edge and pointed directly at the emperor-level fierce spirit in the restricted area. His tone was full of contempt.

Everyone calmed down and looked at this scene. In the restricted area, the emperor-level fierce expression was fierce, and the anger in his eyes was almost burning.

What is surprising is that this ghost emperor did not dare to come out, yes, he persuaded, afraid of the power that Qin Tiange had just had.

Just now, it was almost beheaded outside the restricted area. If it was not as powerful as the emperor-level fierce spirit, it returned to the restricted area at a critical moment, and it was not beheaded.

“Boy, the power on you is not yours. What kind of skill is it to rely on that power for blessing and blessing?” Emperor-level fierce spirit growled and looked very angry.

It could see that the power that Qin Tiange had just erupted was extremely ancient, and it was speculated that it was not his power.

After hearing this, Qin Tiange’s mouth slightly tilted, scorning: “How do you know that it is not my strength?”

“You come out and try to see if it belongs to my strength?” Qin Tiange was excited for a while, but unfortunately, the emperor-level fierce spirit was afraid to come out.

It looked suspiciously and secretly: “It’s impossible, that power is extremely ancient, and it doesn’t belong to the people of this era.”

“Boy, you have the ability to come in.” The emperor-level fierce spirit turned his eyes slightly and suddenly sneered.

“Do you think I’m stupid?” Qin Tiange hummed gently, waved the ancient sword, said quietly: “In this soul-eating restricted area, you are not the only emperor-level evil spirit, I guess there should be other There is an emperor, even a ghost emperor above it. “

The pupil of the ghost emperor shrank, and he did not expect Qin Tiange to understand so clearly, it was simply incredible.

Humph!

“Are you scared too?” The emperor-level fierce sneer, staring at Qin Tiange, said, “If you dare to come in, this emperor wants you to come and go.”

“Really?” Qin Tiange’s mouth evoked a smile, and anyone who knew him knew that if he showed such a smile, someone would be unlucky.

“That Emperor is going to be unlucky!” Chen Xi thought in his mind.

Sure enough, as soon as her thoughts fell, she saw Qin Tiange suddenly move and stepped into the restricted area.

His body turned into a black particle, and then a violent vibration came from the restricted area, and the horror of boiling spirits suddenly stopped.

Within five kilometers, it turned into a field, and everything inside was settled, including the emperor-level fierce spirit, which was instantly settled by mysterious power.

The “bad” ghost emperor exclaimed, and the strength of the body belonging to the emperor burst out suddenly. He immediately broke away from the imprisonment in the field and fled into the depths of the restricted area.

I saw that the figure of Qin Tiange emerged, holding up the ancient sword, concentrating to the apex of his whole body, his body was pulled up instantly, full of strength, an ancient mysterious force condensed, turned into a heavenly sword, as if it opened up a world.

With a click, Jianmang was cut off, the space collapsed, the ghost emperor fleeing in front froze, and half of his body was chopped into pieces on the spot.

“Ah” The scream of the ghost emperor screamed, half of his body rushed into the core of the restricted area, disappeared in a blink of an eye.

At this time, inside the restricted area, a horrible wave came, making Qin Tiange scold again, but failed to kill the ghost emperor.

I can only hate it, turned around and stepped out of this horrified restricted area, quietly looking at the core of the restricted area, where the dark air enveloped it, and the situation inside was not visible at all.

Vaguely, Qin Tiange saw the pieces of huge palace wrecks, and there was a terrible atmosphere, and it goes without saying that the contents inside were awakened by his break-in.

However, as he stepped out of the restricted area, those breaths gradually subsided, and soon disappeared, as if never before.

“Ran?”

“So, is it really the Great?”

This scene changed too quickly, from Qin Tiange’s sudden entry into the restricted area, a sword cut off the half body of the great emperor-level fierce spirit, until the other party escaped into the core of the restricted area. The whole process was only ten seconds.

Looking at the disappearing Great Emperor-level fierce spirit, the king-level masters at the scene, without exception, were waiting for big eyes, silly.

Not to mention them, now countless compatriots across China are looking at the virtual screen in a daze, all of them immersed in the sudden scene just now.

They could not have imagined that a mighty fierce spirit of the Great Emperor was almost hacked twice by Qin Tiange, which was a bit shocking.

“This kind of strength comprehension is not enough.” Outside the restricted area, Qin Tiange frowned, muttering to himself.

The power that could kill the Emperor just now is actually the greatest result of his cultivation this time, and he realized an ancient power from the depths of genes and the soul.

It is a pity that he has too little understanding, and has just been in an awakening stage. His grasp and understanding of this power is not very strong.

Even so, he almost hacked and killed the Emperor-level fierce spirit, enough to shock the world, and all the kings couldn’t help but feel a chill.

Emperor-level fierce spirits, if replaced with them, will be shot dead with a single palm, but Qin Tiange almost killed the other side, this may be the gap.

“How strong is he, and what level is he currently?” Ishikura looked dignified, looking at Qin Tiange’s eyes full of curiosity.

Not only him, everyone on the scene was very curious, what level is Qin Tiange’s current strength, and his name is not on the king list.

“Amitabha is indeed worthy,” Wuchen said to the Buddha, but unfortunately he didn’t finish his words.

The imperial priests, Miaoshan and other king-level powerful men all changed their looks, and there was an awe in the eyes of Qin Tiange.

No matter what level Qin Tiange is now, even if he is not a king, but he kills a king like a dog, and the most terrible thing is that he has the ability to kill and kill the Emperor.

“Let’s go, it’s okay for now.”

After looking at it for a while, Qin Tiange shook his head, regrettingly turned around and stepped into the air, stepped forward and appeared in front of Chen Xi and others.

“This area will be listed as a restricted area. The dangers in it will be seen by everyone. I hope it is not an emperor. Don’t get involved easily.”

Qin Tiange cautioned all the masters present, and also warned all Chinese compatriots watching the live broadcast.

Seeing the terribleness of this area, everyone naturally dare not get involved easily. The endless resentment of ghosts, ghost kings, and even ghost emperors are all prohibitive.

“San!”

I saw, Qin Tiange suddenly pointed out, over a large base shrouded in ghosts in the distance, the endless ghostly dissipated immediately.

Inside the base, many survivors looked ecstatic and watched the ghost that disappeared and ran out of the base one by one.

Seeing this, Qin Tiange didn’t care, and warned these people to go to other bases and go alone above the restricted area, overlooking the core of the restricted area in front.

“The strength is still not enough, and the peace zone will be settled again in the future.” Qin Tiange murmured and turned to leave.

Click!

A space channel emerged. Qin Tiange took a final look at the soul-swallowing restricted area and walked directly into it. Later Chen Xi and other kings entered the channel and disappeared here.

When they were all gone, in the restricted area, the emperor-level fierce monster who had been chopped half of his body finally appeared slowly. The broken body had recovered, but the body of the thousand feet had shrunk a large circle.

“Damn, **** it!”

The angry roar of the great-level fierce spirit kept raising a terrible ghost, but he did not dare to take a half step outside.

The death experience just now almost made it collapse. I didn't realize that feeling for a long time. I didn't expect to hang up almost twice in a row today.

“You wait, until the ancestors wake up, it will be your day of destruction.”

The emperor-level fierce roared for a while, then turned around and returned to the core of the restricted area, afraid to come out again.

Regarding these, Qin Tiange ignored them at all, and this time brought the kings to the restricted area of the initial meeting, the purpose has been achieved.

“That Terran is weird”

Outside the restricted area, a gleam of light emerged Then, a young man wearing a crystal armor appeared quietly.

He had crystal-like eyes and couldn't help frowning at the restricted area. This is a powerful young master of the Tianjing clan, with a very strong breath.

“The strong men of other races have already come. It seems that they are also very cautious, and they are still hidden. Do they want to wait for the hunting team of their own race to come?” The Tianjing strong men murmured, then turned and disappeared. Here.

As Qin Tiange took the Huaxia Kings to the restricted area for the first time, naturally what happened here was seen by some foreign powerhouses, and they did not act lightly and dormantly.

Qin Tiange and others returned to Shangjing to meet the leader who had been waiting here.

But as soon as they returned, the crowd heard the leader make an amazing decision and say an amazing word.

“What, the leader wants to give way?”

“Who is the new leader?”

A group of king-level masters were shocked when they heard the news, and then they all looked at Qin Tiange in peace before them.

Chapter 576 - Long fortune, New Age

“Dear fellows!”

On the high platform in Beijing, the current leader Chen Guodong looked solemn and solemn, and made a solemn announcement.

“Today is a great and special day. The arrival of our Chinese nation today is the result of the united efforts of our compatriots.”

Chen Guodong, with a trace of sacredness, said aloud, “However, the world is changing too fast. I am too old to keep up with this era.”

Looking at the old face of the current leader Chen Guodong on the high stage, his level of strength is only five stars, yes, he is five stars.

“A lot of people must be wondering why as a leader, I only have this strength, and I don’t deserve to be a leader.” Chen Guodong smiled slightly.

He swept through the numerous dense military and civilians below, and said loudly, “That’s because I have left all resources to the younger generation. I know that what the Chinese people need in the future is the efforts of a new generation of people, not us old men. It’s a resource-consuming opportunity for young people. “

“Leader! Leader!”

As soon as this remark came to an end, there was a burst of cheers from the entire Shangjing base. At this moment, everyone really recognized the old man, the first leader after the end of China.

Yes, as the supreme ruler of Shanghai and the supreme leader of the Chinese nation, how could there be no resources to improve his own strength?

But Chen Guodong did not do this, but left these resource opportunities to the younger generation. He knew he was old and could not waste resources.

“This is our leader in China!”

Around China, countless compatriots looked at Chen Guodong on the virtual screen with excitement. At this moment, the survivors of the entire China watched the old leader silently.

He was right that China needs a younger generation and more powerful people, so he left the resources and announced that he had retreated.

“Comrades, times have changed, and we at Huaxia need a younger and stronger leader to lead our ancient nation to prosperity and prosperity in the last days.”

“Today, China Huaxia will usher in the second young and powerful leader in the end.”

“Now, Qin Tiange is invited to speak on the next leader.”

After Chen Guodong said, he looked down at the stage, a distinguished young figure, wearing a neat black armor, strode forward and stepped onto the high platform.

Qin Tiange came to the high platform, shook hands with Chen Guodong gently, a smile appeared to all the young and old, and they didn’t know each other.

“Thank you, Father!” Qin Tiange said with a smile, expressing his gratitude.

Chen Guodong bowed his head gently, without speaking, but took out a document, then took out all the things unique to the leader, and handed it to Qin Tiange on the spot.

“He has become a leader and a foregone conclusion. Huaxia will usher in a brand new era.”

Under the stage, more than a dozen king-level strong men silently looked at the two people who had transferred their rights on the stage. They did not speak. The scene was very quiet, and the entire interior of Huaxia fell into silence.

Countless people have witnessed all this with their own eyes, the old Chen Guodong retreated, and the young and powerful Qin Tiange set foot on this highest stage in China.

“His prestige is beyond anyone’s reach. He doesn’t do it, who dares to do it?” Shicang said with a wry smile.

Li Li, who was next to him, said with a mockery: “We still want to fight for the loss, in fact, he has paved the way for this day from the beginning.”

“That’s right. Think about his support for Chen Guodong as the leader and head of Huaxia. At that time, he might have thought of this step.”

“After the overseas rescue operation, he had accumulated enough fame for him under the live broadcast, and even in the army, almost no one knew.”

Ye Xuan smiled and said, “It’s ridiculous that Xiao Fei and others thought that they had a chance, but they could only become his stepping stones. He stepped on the body of the 18th king and made his invincible reputation.”

“Yeah,” Lei Cangtian smiled bitterly and said, “I just experienced another deterrent to the restricted area, which made his prestige reach its heyday. There is almost no opposition in Huaxia. Even if someone is unwilling, they are honest Really. “

“My fellows!”

At this point, the transfer of power was over, Qin Tiange officially became the leader and became the second leader of Huaxia after the end. As for his term of office, no one would think about this issue.

Everyone raised their eyes and looked at this young and powerful leader. For a while, the atmosphere inside Huaxia had some inexplicable changes.

Bang ...

The moment Qin Tian Gordon was approaching the leader, there was a rumbling roar in the sky of Beijing, and it was clearly heard everywhere in China.

Even through the virtual screen, everyone saw that a mysterious atmosphere gathered from the base of Shanghai, continually condensing from all sides.

“Qiyun ...” Qin Tiange looked cautiously, watching the majestic breath continually gathered in all directions, which is the majestic Qiyun belonging to the entire Chinese nation.

The moment he became the leader, this mysterious luck belonging to the Chinese people emerged at this moment and was clearly visible in front of countless Chinese descendants.

Purple luck, vast, runs through the world, as if there is no end.

“what is that?”

“His, so terrifying.”

“It feels like this power can wipe us out.”

The moment of seeing this mysterious purple gas, everyone’s heart trembled, especially those king-class powerhouses, which changed color and shocked.

Just when everyone was wondering what happened, Qin Tiange suddenly rose into the air and stood on a vast purple river.

“You must be wondering, compatriots, what is this?”

In front of everyone, Qin Tiange looked calmly, with a smile, pointing at the vast purple river behind him and saying something that shocked the world.

“This is a long river of luck, and it is the overall luck of our Chinese nation!”

Wow!

As soon as this said, the whole of China was boiling, and countless people were uproaring. They looked at the mighty purple river in shock and turned out to be a river of national fortune?

Just listen to Qin Tiange saying seriously and seriously: “This long river represents the luck of our entire Chinese nation, and represents the heart and soul of all our Huaxia descendants, united and united, the luck is long, and the nation is long-lasting. immortal!”

“China Forever!”

Qin Tiange shouted with trembling arms, instantly bursting into the hearts of countless Chinese people, passionate, looking at the vast long purple river, thinking of the pride of being a descendant of Chinese people, for a time, countless people cheered instinctively.

“China Forever!”

“China Forever!”

In Shanghai, Guangcheng, Shenshi, Jingnan, and one huge base after another, there were sudden shouts of shouts, and countless people let out their voices and shouted.

For a time, supreme cheers erupted in bases throughout China, shouting neatly, shaking the world.

Followed by a majestic purple gas, a mighty, 5,000-mile stretch, directly poured into the purple gas transport river, making the river more vigorous and magnificent, as if full of endless power, never stop.

“Leader! Leader! Leader!”

Seeing the changes in Qiyun Changhe, everyone was even more excited, because they suddenly felt that countless small purple silk threads were flowing out of Qiyun Changhe, and they spread towards the whole land of Huaxia.

At this moment, all Chinese people have gained a little luck, which directly caused a breakthrough in strength, and sparked the enthusiasm of countless people on the spot.

Seeing Qin Tiange standing on the river of luck, everyone couldn't help shouting. This time, within Huaxia, 90% of the people joined it.

Almost everyone recognized the new leader. Qin Tiange received the support of countless people in Huaxia. The river of luck for a moment swept through the sky, penetrated the nothingness, and gradually disappeared.

“Order, Shenzhen City base merges with Shanghai!”

Suddenly, Qin Tiange was at a high altitude and suddenly issued this order, which made many people wonder why they wanted to merge the two bases?

At this moment, countless soldiers and civilians suddenly found that the entire base began to shake at the Shenzhen City base.

“what happened?”

“What's going on, is there another earthquake?”

Countless people in the base did not know why, but were quickly shocked by a message transmitted by their own self.

I saw that the entire Shenzhen city base slowly rose up. No, it can't be said that it rose up. Instead, a similarly large basement slowly emerged from the ground, raising the entire ground base to a high altitude.

As soon as the screen turned around, Jiji broadcasted everything here directly and immediately made countless people inexplicable.

“Oh my god, the suspension base?”

“No, it's two bases.”

Looking at the Shenzhen City base slowly floating, a large base gradually rises underground, constructed of super-ice crystals, gradually floating, and slowly appearing from the ground in front of the world.

This is the real picture of the Shenzhen city base. Seeing this, everyone was shocked, and suddenly realized that the Shenzhen city base had developed to this extent?

“The First Fleet escorted and escorted the base to Shanghai to celebrate the leaders!”

In the base, all the senior staff members looked excited and excited, and Qin Tian Gordon came to the position of leader. This is something they could not even imagine.

Now, the Shenzhen City base is rising directly, and escorted by the First Air Sky Mothership formation, it quickly flies to the Beijing base.

Seeing this, everyone understands that Qin Tiange wants to drive this suspended city directly to Shangjing. In the future, he will sit in Shangjing.

“Wow, the Sky Mothership Formation!”

“Woyu, fighter mech?”

With the formation of the First Air Sky Mothership, many people were shocked and ecstatic. Then, fighter armors emptied, densely flying around the huge base, escorting the two huge bases to Shanghai.

During the period, all the creatures they ran away from, and none of the mutant creatures dared to run into them.

Qin Tiange was the top leader of Huaxia, and the upper and lower double-layer bases in Shenzhen City headed to Shangjing and merged with the Shangjing base to form a new era chapter.

Huaxia was finally brought into a thorny and unknown path by Qin Tiange. Everything is unknown in the future.

Chapter 577 - Tell the world, 3 killing orders

Two suspended bases came and floated over the Shangjing base. The two major bases merged into one, so that the entire Shangjing force skyrocketed, and no one could shake it.

“It is announced that all forces must accept the reorganization of Shanghai.”

In Beijing, Qin Tiange, the supreme leader, finally issued the first order of the boarding leader, proclaiming the world and reorganizing all the forces inside Huaxia.

When this order came out, there was an uproar throughout Huaxia, and many major base forces felt a terrifying pressure.

As the so-called new officer takes office, the young leader takes office as the first fire, which is to break the intricate situation of internal forces in China and unify them into a whole, regardless of each other.

This is to break up the ambitions of all forces, and to be directly under the jurisdiction of Shangjing, that is the real unification.

“Damn, this doesn’t give us a way to live.”

“Are we willing to be annexed?”

“What about unwillingness? Do you dare?”

Even if these forces are unwilling, they dare not act rashly, even dare not oppose it. Once done, it is equivalent to giving Qin Tiange an excuse to go straight to the sword.

Take a look at the battle in Shangjing, where the eighteen kings were massacred directly. The fierce fame of them is all in China. The fear is deeply imprinted in their hearts.

At the same time, Jingnan received an order. Admiral Mu Hua personally led the two major legions, the Snow King and the Phoenix, followed the two kings and went straight to the sea, uprooting the Xiao family forces there, and controlling the whole sea. And migrated into Jingnan.

Three days later, Shencheng, Qicheng, Lancheng, and Anxi were successively compiled by the First Fleet sent by Qin Tiange. The Qin family, Zhou family, Yi family, and Mu family were almost

destroyed. All military and civilians migrated to Beijing base. Enter the large construction and start expansion.

Immediately afterwards, all the forces in Huaxia received orders from the supreme leader of Shanghai. They would not accept the reorganization and reorganization of the base within one month, and they would implement the reorganization by force.

Wow!

“Is it too cruel?”

“Will the leaders do this to cause chaos within China?”

As soon as this order came out, there was an uproar throughout Huaxia. Numerous people were surprised, and Qin Tiange was not expected to be so clear-cut.

In addition, the order did not dare to have the slightest margin and must accept the rectification and adaptation, otherwise it would be resolved directly by force.

The arrangement of the order has caused a great uproar in Huaxia. Some people are unwilling and want to resist, and some people even want to contact foreigners to give Qin Tiange a warning.

“Leader, emergency information!”

At this time, in the United Front Hall of Beijing, Qin Tiange looked blankly at the virtual screens in front of him, all of which were the monitoring pictures of the major bases.

I saw a monitor running hurriedly and reporting a message.

“Say!” Qin Tiange didn’t look back.

Only the monitor said solemnly: “The secret meetings of the heads of the three bases have just been monitored, and discussions are held to unite the foreign race.”

“Union of foreigners?” Qin Tiange narrowed his eyes, revealing the slightest coldness.

He turned around and asked, “Pass me the details of their deliberations.”

“Yes!”

Soon, the content of the secret meeting passed into Qin Tiange’s personal terminal, and the contents of the three major forces’ discussions were heard in his ears.

Qin Tiange listened to the whole content, his face became colder and colder, and his eyes were astonishingly cold.

Humph!

He snorted, and murmured, “I didn’t expect anyone to make this step. I thought there would be no more in this life. It seems that dogs can’t change their shit.”

Qin Tiange’s strange anger was just a reorganization order, not to kill others, nor to deprive them of their rights.

However, some people were not convinced, and they ran out. This was not enough. They even contacted foreign masters to try to subvert him.

“Order the war king, the evil king, the witch king, and the king of the sun, and go to those three bases to destroy the apostates.”

Qin Tiange’s order was conveyed. As his own word came out, several kings in various places received the order at the same time.

“Leader order?”

The king of battle, Ishikura, was surprised, opened the highest order, and carefully reviewed the contents of the above command.

Like several other kings, they immediately acted upon their orders and rushed towards the three large bases to destroy the apostates there.

What is a traitor is collusion with foreigners, and those who want to murder their own belong to the traitor.

The four great kings were dispatched, and the three major bases did not have any resistance at all, and the three heads of colluding foreigners were directly killed and killed on the spot.

As for the alien races they colluded with, they are actually those alien races hidden in China or on Earth.

Seeing that the leaders of Huaxia actually sent the king directly by thunder, these people immediately hid and did not dare to act rashly.

At present, Huaxia is accepting the adaptation and rectification of Qin Tiange, the new leader. Once a foreigner dares to jump out, he will not hesitate to destroy it at any cost.

“Huh, how dare you come out?”

When I went to Beijing, Qin Tiange received a sigh of dissatisfaction from the news. He also looked forward to these foreigners being able to come out and obstruct themselves. I didn’t expect that every one of them was very smart and couldn’t come out.

This made it difficult for him. These foreign powerhouses concealed themselves, that even Qin Tiange could not find it, so he could only press this mind.

If you want to solve these hidden foreign powers, you have to wait for them to come out. At present, Huaxia Unification has become a foregone conclusion, and no one dares to run out against it.

As the three major forces were charged with collusion with foreigners, they were directly destroyed, and other base forces saw a bad situation. They successively announced that they obeyed the leaders of Shanghai and accepted the reorganization order. At a time, the entire internal forces of Huaxia collapsed and were under the direct jurisdiction of Shanghai Huaxia went up and down immediately.

From less than a month from the top, Qin Tiange directly broke down the internal forces of Huaxia and coordinated them.

Since then, Huaxia’s internal environment has been completely stable. Apart from the dormant ones, there have been no major disturbances.

There is no threat inside, and the threat from the outside will be the unified enemy of the entire Chinese nation.

“Pass me an order!”

Just after Huaxia unified, the leader of Shanghai ignited the second fire again, and this time, various mutant creatures were burned.

“Everywhere in China we are born, all geniuses and aliens with wise minds must come and register with China, without cooperation, they shall be destroyed.”

A circular spread throughout China, and countless people were shocked. Looking at the content of this circular, I couldn't believe it.

The previous time was to rectify the internal forces in Huaxia, and then it was to operate on various mutant creatures in Huaxia.

Regardless of whether it is a spermatozoon flower or tree or a spermatozoon variety, it is necessary to report to the registration. Once the registration is refused, it will be hanged.

“Granny, is this human leader's brain rusted?”

“Want us to accept human rule?”

“Destroy these arrogant humans.”

With Qin Tiange's announcement spreading all over the world, in the mountains, forests, and swamps, only powerful monsters became angry.

In addition, some exquisite alien creatures such as idols and ancient paintings must accept the rule of Huaxia, register on the throne, and kill all those who do not accept the discipline.

However, these monsters are not so easy to conquer. The monsters are inherently unruly and disobedient, naturally they will not obey the orders of Qin Tiange, the Chinese leader.

It was less than a month after the news was transmitted. There were many news of being attacked by monsters all over China. One powerful monster rushed out of the forest and attacked the human base directly.

“Leader, this is the 999th attack report.”

I went to Beijing and watched reports of attacks from various places. Various monsters and mutated creatures began to form a large-scale beast tide and drowned all major human bases.

Looking at these messages, Qin Tiange Han faced, and finally issued a strangulation order.

“The kings were ordered to accompany the three main forces in Beijing to annihilate these mutant creatures who did not obey discipline. All the monsters participating in the attack on humans did not stay.”

“Yes!”

Shangjing once again sent a new order from the leader. Within Huaxia, the famous king list, without exception, received Qin Tiange's latest instructions to go and destroy those monsters who resisted.

"This leader, no one!"

A king smiled bitterly and secretly said that his life was bitter and that he could achieve the level of Qin Tiange. He was really no leader.

See, with a command, Qin Tiange people are in Beijing, and all the masters in China throughout the country have received orders without exception. Do you want to go or not?

Of course, no king dared to ignore Qin Tiange, the leader, and received an order to set off on the first time to go to the major bases where the tide of beasts appeared to launch a **** crackdown.

Subsequently, the three main forces of Shanghai went to various places, and the Airspace Mothership formation had completed the second ship three days ago, and successfully formed the second Airspace Mothership formation.

The formation of the two airspace motherships, escorting a total of eighteen air warships, Qicheng, carrying the powerful legion of Shanghai, went directly to various places in Huaxia and annihilated the uncontrollable monsters.

"Disobedient, kill!"

"Don't listen to the commander, kill!"

"Don't come to the reporter, kill!"

As the three killing orders spread throughout Huaxia, countless goblins were afraid, because the entire Huaxia force suddenly condensed and launched a **** slaughter.

A disobedient goblin was slaughtered mercilessly, and one who did not stay, whoever disobeyed and disobeyed the caller, did not come to report the registration, and they were murdered bloodily.

A bloodbath was launched vigorously in Huaxia. Many powerful monsters were killed. Even those demon kings were slaughtered by the major kings of Huaxia.

No one had expected that Qin Tiange would be so murderous, killing the demons, and all kinds of strange life were trembling, even Miaoshan was afraid.

She gathered a large number of strange life, registered one by one, leaving a spiritual mark, she must accept the rule of that Chinese leader in the future.

Finally, when he killed eight demon kings and nine corpse queens, all the monster monsters who were dissatisfied were honest. They came to register and make a successful completion of the three-month cleanup operation.

"Escape, escape from Huaxia!"

"The leaders here are terrible!"

For a while The fairy born inside Huaxia was uneasy, and a few of them ran out of Huaxia and dare not return.

As for the zombies, they were taken away by the elite corpse kings, none of them stayed, and those who did not leave obediently accepted the rule. The entire interior of Huaxia immediately changed.

The monster is docile, the zombies are gone, and the mutant creatures have either hid in the old forest in the mountains or ran out of the Chinese border.

Seeing this result, everyone inside Huaxia was stunned, that is, those foreigners who hide and watch were stunned by such a scene.

“Can’t stay here for now, leave first ...”

In a certain deep mountain, a figure looked at the **** and clear alien creatures inside Huaxia. He always felt a sense of unsteadiness and was about to leave.

“You want to go, you can’t go.”

At this moment, an indifferent word came from the void, and the figure changed greatly, and suddenly turned and looked away.

Chapter 578 - Killing Tian Jing Avatar, Earth changes

Dang!

The space shattered like a mirror, and then a figure came out of it, surrounded by black particles. []

The person who came was Qin Tiange, the supreme leader of China, who appeared directly, blocking the unknown creature who was about to run out of China.

“How did you find me?”

The unknown creature looked surprised and looked at Qin Tiange who came to him. He couldn’t figure out how he found his hidden trace?

Qin Tiange didn’t speak, and looked at this unknown creature, which is one of the races from outer space, Tianjing tribe.

“Tianjing tribe, very good, you are really here.” Qin Tiange’s mouth sneered.

In fact, he didn’t know if the other party was here, but he remembered the place where a strong man of the Tianjing clan had frequented in previous lives, so he quietly paid attention.

Unexpectedly, with the end of Huaxia’s suppression of demons, the power of this Tianjing tribe took the lead and wanted to leave Huaxia. As a result, Qin Tiange noticed that he caught the breath.

“Do you think you can leave me?” The young masters of the Tianjing clan stepped in, standing in the void, facing each other distantly.

He was wearing a set of sky crystal armor, his eyes were like crystals, shining brightly, showing endless coldness, murderous.

Moreover, his breath is extremely terrifying. He is a true emperor-level powerhouse. The alien pioneer hidden on the earth is the leading pioneer who guides the alien race hunting team to the earth.

“Emperor level, have you just grown up in the Tianjing clan?” Qin Tiange said expressionlessly and flatly.

As he talked, his body was condensed, and the surrounding space inexplicably turned into a mysterious area, covering both of them.

“Forbidden domain, you have developed a 100% forbidden brain domain?” The Tianjing tribe’s face turned wild and looked at Qin Tiange in shock.

He felt the inexplicable area around him and immediately understood that this was a forbidden area, which was the result of the development of 100% brain domain.

“It turns out that the life that the ancestors said broke the taboo in the brain domain is you?” The Tianjing strong man was shocked, but soon showed an excited look.

I saw that he quietly sent out a wave of thoughts and wanted to convey them. As a result, he was completely confined in the forbidden area, and his thoughts could not be transmitted.

“Hum, want to spread the news?” Qin Tiange sneered, his figure suddenly turned into a black particle and disappeared.

boom!

Again, the two held each other’s palms, and the powerful force shredded the space, breaking up the weak places around it.

The strong face of the Tianjing clan changed wildly, and with a full blow, he could not repel the opponent. Instead, he was shocked by three consecutive steps.

This is simply incredible. The young masters of the Tianjing clan showed a solemn expression.

“What grade are you on?” The young emperor of the Tianjing tribe was shocked.

Because he couldn’t sense the slightest level of breath of Qin Tiange, he couldn’t tell what level the other party was now?

“The dead don’t need to know too much.” Qin Tiange looked indifferent, waved his hand, and clicked, the space in front of him cracked open, and a stream of black particles surrounded the palm of his hand.

Seeing a horrible slash, the Tianjing tribe was extremely brilliant, a little brilliance shone at the center of his eyebrows, blooming with countless brilliance, and turned into a crystalline defense in front of him.

boom!

With a muffled sound, Qin Tiange slashed Tianjing with a bang and smashed the defense on the spot, then hit the chest of the Tianjing youth unabated.

There was a loud noise, and the Tianjing youth was beaten into the void, and the whole fell into the ground, and the mountain body was smashed.

“You are strong!”

The young Tianjing strong man came forward, rushed out of the ruins, looked solemn, and there was a hint of horror in his eyes.

Hearing only a bang, he had a crystal sword in his hand, which was a Tianjing war sword, a talented weapon belonging to the Tianjing clan.

“kill!”

He is extremely fierce. The Tianjing tribe is a race that lives on wars. Once born, he born his own talent weapon. Then he began to hunt other creatures at the age of three, and gradually grew up.

This is the arrogance of the Tianjing clan. It is no wonder that these alien races regard the weak race as a prey for their minors to hunt and grow.

Huh!

An ancient sword swept across the sky, blocking the celestial sword. The two collided, sparking a burst of sparks that were evenly divided.

No, the youth of the Tianjing tribe looks gloomy. Looking at their talented weapons, a slight gap is created.

Just a few gaps made him extremely angry and shocked. The talent weapon was cut open by the opponent's ancient sword, which was incredible.

“What else can you do? Show it as soon as possible, otherwise, you have no chance.” Qin Tiange looked calmly, and calmly lifted his sword out of the air.

He was not in a hurry to kill the strong man of the Tianjing clan, but wanted to see and understand the fighting methods and abilities of the Tianjing clan, otherwise his understanding of these foreign races was still a bit one-sided.

I saw that the young strong men of the Tianjing clan raised their swords, and they were shining and shining. They gathered the swords and turned them into a more powerful armor covering the whole body.

“Tianjing God Armor, protect me!”

“Tianjing Divine Sword, cut off all enemies!”

Two loud drinks came, and they saw that the Tianjing youth was covered with a new set of armor, which is the talented combat skill of the Tianjing tribe.

He seemed to be wearing the Tianjing mech, and the whole person became taller, swelled dozens of meters, and the Tianjing sword held by both hands became more and more terrifying.

“cut!”

A sword was cut off, and the earth was cut off by an invisible sword gas. The horror edge split off, and Qin Tiange was cut in half by sight.

It is a pity that Jianmang lost and lost Qin Tiange's trace. He could only chop on the ground and plow a gully that was 100 meters long and tens of meters deep.

“You take me a sword too.”

Suddenly, a cold word came over his head, and he saw a huge sword slamming down.

With a bang, Tianjing's strong man held a sword rung. As a result, Tianjing's sword cracked, and a crackling sound came from the sound of clicking, and it quickly broke apart.

The powerful sky crystal sword, the shell was shredded, and restored to a small sharp shape. And without waiting for him to react, Jianmang slashed directly on top of his set of Sky Crystal Goddess.

After a loud bang, a cloud of smoke soared into the sky, and a huge pit was smashed into the ground. A crystal figure was lying inside, and there were patches of hard Tianjing scattered around. puff!

A spit of blood spewed out, and the young strong of the Tianjing tribe was shocked, his eyes were inconceivable, and Qin Tiange, who was slowly descending, was watching.

"You ... do you have that kind of power?"

Then, I saw Qin Tiange pointing out, black particles surging, silver lines spiraling and intertwining into a large net, imprisoning the strong Tianjing clan.

"The power of time, the power of space, and ..." The young celestial power of the Tianjing clan was frightened, and he said two kinds of powers in a row, but he couldn't tell the third one.

Because Qin Tiange did not allow him to continue, a sword pierced the opponent's mouth and penetrated behind the neck.

"You are too weak, I really doubt that you are an emperor-level strong? But you can die!" Qin Tiange looked coldly, raised a hand and pierced the eyebrows of Tianjing clan, as if pierced into a void Space, caught a solid figure out.

It was the soul of the Tianjing youth. He was taken out, imprisoned in the palm of his hand, and carefully observed that the soul of the Tianjing tribe was not a human figure, but a crystal.

Yes, it turned out to be a crystal. I just heard a roar coming from the crystal: "Asshole, the people of the race have agreed not to draw souls and refine souls, do you dare to violate them?"

"Hundreds of promises?" Qin Tiange sneered, ignoring it, and wiped out the other party's consciousness with the power of time, and then swallowed the soul of this crystal.

The so-called convention of the hundreds of people, Qin Tiange simply ignored it, can this thing restrain him?

As for this Tianjing clan master, he is a little speechless, and the dignified emperor has only this ability?

Curious, Qin Tiange broke through the other party's Dantian, penetrated the Dantian void with hidden star cores inside, and grabbed a crystal star core.

“No ...” Qin Tiange frowned suddenly, looking at the star core, feeling a bit wrong.

He always felt that this star core could not reach the Great Emperor level, or even just reached the King level, and could not be called an Emperor level at all.

“Did ...” Qin Tiange thought of something, and immediately closed his eyes, crushing and devouring the soul of Tianjing at that moment, looking for the answer he wanted from the inside.

Soon, he understood why he was in doubt, opened his eyes, and couldn't help sighing.

“Sly foreigner.” Qin Tiange stood up, and a chaotic fire burned the strong body of the Tianjing clan.

He learned from the soul of Tianjing that this Tianjing clan is not a real body, but a Tianjing incarnation.

Sure enough, with the chaos flames burning the corpse, the original corpse gradually turned into a crystalline sky crystal, which is exactly the clone of this thing.

Picking up Tianjing and looking at it, Qin Tiange was shocked to find that this Tianjing was able to carry a part of the soul idea into a avatar, which is a kind of treasure, and took it back to study.

“The strong outsiders can't be hidden and can't be found for the time being. It seems that it is necessary to prepare for prevention.” Qin Tiange muttered, his body turned into black particles, and the incoming space disappeared.

When he beheaded the celestial strongman's clone and swallowed the celestial soul, a very angry roar came out in the forest hundreds of kilometers away Kill me Jing avatar, you must die! “

A figure emerged quietly. It was the true emperor of the Tianjing tribe. He was the main body. The one who was killed was just a clone made of a Tianjing and a star core in his body.

After being killed as a clone, his subject was affected a little, because the loss of a star nucleus weakened and damaged the natural forces in the body, and it took time to recover.

Humph!

The Tianjing strongman sneered coldly: “Wait for the hunting troops of our tribe to come, and then I will find your account.”

He turned around and turned into a gleam of light, disappearing in place, as if he had never appeared before.

As for Qin Tiange, as soon as he returned to Shangjing, he received an astonishing news from his self.

“Master, the earth has changed drastically, the plates are moving ...”

The words of Jiji are extremely astonishing, the earth is expanding rapidly, the major sections have begun to move violently, and even large collisions have occurred.

Chapter 579 - Pangu Continent

Rumble ...

The earth shook violently, as if the earth's center had a terror burst of energy, the mass was expanding, and the plates began to move. []

Looking from space, it can be clearly seen that the entire earth is expanding at a horrible speed, the huge sphere is gradually advocating expansion, and the magnetic field is instantly chaotic.

In the outer space of the earth, a wave of space ripples and waves are constantly radiated by chaotic magnetic fields, and gravitational waves are turbulent, causing the gravity of the earth's body to change drastically.

“what...”

“Fly, fly ...”

Suddenly, everything on the earth suddenly lost its gravity and floated directly. Humans and animals, Shashuo, rocks, and seawater were thrown inexplicably into the air.

Countless people were thrown into the air, and only some ten-star powerhouses remained calm, others were thrown into the air without exception.

“Help...”

In Shanghai, in the huge ground base, countless humans and things were thrown into the air, floating quietly, one by one, but could not fall down.

As for the floating base, after a few violent shaking, it calmed down, and the powerful energy shield protected the base, blocking the inexplicable magnetic field.

“The earth swells, the magnetic field is chaotic, everything is thrown into the air ...”

At the top of the base, Qin Tiange quietly looked at the distant void, and the land continued to tremble and the mountains swelled apart, gradually pouring out larger mountains and rivers.

This is not a trick, but the overall quality of the earth itself is increasing, and the speed is very rapid. It takes as much as ten million years to accumulate but is shortened at this moment, which has directly caused terrible changes.

“Master, the Asian plate is separated ...” At this moment, the news from his own surveillance separated the Asian plate land.

Yes, it can be clearly seen from space that the Asian plate is moving away from its original position and moving towards the center of the Pacific Ocean.

It's not just the Asian plate, Europe, America, Africa and other continent plates that are moving rapidly, huge lands have begun to leave their original positions.

In the sky, countless seawater floats, as if the sea has been overturned, and countless creatures swim in the sea, but humans and other creatures are thrown up into the sky, constantly rising and falling, like bungee jumping up and down in the sky.

This is a change in the Earth's magnetic field, which is extremely confusing, but this change comes fast and goes fast.

Bang bang bang ...

As a result, the things that were thrown up in the sky fell and fell on the ground, and dumping rain began to fall in the sky, regardless of humans, zombies, and mutants.

“what...”

“Mother Earth, what are you doing ...”

A horror screamed in the sky, because some people were thrown 10,000 meters high, and then formed a free fall. They looked extremely thrilled and almost fell into flesh.

Fortunately, during the drop process, something was hit to block the resistance to falling. From the current level of human enhancement, this is not a danger.

All objects on the earth fell, and the magnetic field returned to normal. Then, the land began to move violently, the speed became faster and faster, and the sea became larger.

It is not that the sea is getting bigger, but that the entire earth is expanding, its mass is increasing exponentially, and endless substances are pouring out from the center of the earth, filling and expanding the original appearance of the earth, which has completely changed.

boom!

There was another violent shock, and then, in the direction of the Pacific Ocean, a huge light soared into the sky, and endless energy sprayed out, as if the earth was angry.

Humans or all kinds of creatures on the entire earth have clearly seen that terrible torrent of energy, gushing straight from the Pacific Ocean, and the seawater was broken.

“That breath ... is the ancient breath of the Tertiary.”

Finally, a powerful creature woke up, looking at the spurting energy breath, which was extremely ancient, and distinguished that it was an ancient breath belonging to the Tertiary Period.

In Kunlun, a ray of light permeated, and a jade coffin was faintly seen and heard, and an extremely crisp voice came out.

“It turned out to be the energy breath of the Tertiary, did something in the Tertiary appear?” On the jade coffin, an undead peach trembled gently, exuding joy.

Immortal Peach, seems to like the ancient energy breath, seems to have absolute temptation for it.

Not only here, but also in a secret place, the space is cracked, revealing a huge fruit tree inside, which is the ginseng fruit tree.

Under the tree, Zhenyuan looked in horror at the energy that soared into the sky, feeling the ancient and reckless breath, and was shocked in his heart.

“It’s the energy breath of the Third Age. It’s not wrong. What is born again?”
Zhen Yuan muttered in shock.

These ancient creatures are from the previous era. The Tertiary is older than the era in which they live, and naturally they don’t know very well.

In the face of sudden changes in the earth, even these ancient and previous ages have felt an unknown and palpitated.

“Is it the rumored broken and sunken continent ...”

In the deep sea, a dragon egg floated out, looming for a while, and seemed to be looking out towards the Pacific Ocean, where a breath of terror energy continued to emerge.

This breath, coming from the center of the earth, spewed wildly, putting the entire earth under a state of rapid expansion.

Even countless people can see with their naked eyes that the land under their feet appears wider, the mountains are getting more and more towering, and the peaks are rising involuntarily.

Under the rush of numerous torrents of energy, various unknown ancient plants have sprung up and grown wildly. Gradually, people find that the world is different.

“This is the birth of the most famous ancient continent in the previous life, Pangu continent?”

At this moment, Qin Tiange stood up in the air over the base of Shangjing, and quietly looked out at the direction of the Pacific Ocean. There was endless energy.

Even if the nanosatellite has lost its effect at this moment, it is completely affected by the earth's abrupt magnetic field, which interferes with the operation.

But he knows that this is the great change that shocked the entire earth in the previous life. The original mass of the earth has grown wildly, and then it has driven the continents to move away from the original place and reunite into a vast new continent.

This continent is called the Pangu continent.

It is rumored that the Pangu continent was ruptured and separated during the Paleocene period, and the main continent sank to the ground and disappeared.

According to some ancient memories obtained by Qin Tiange, the Pangu continent existed in the Tertiary Period and is extremely ancient. There are even rumors that the Pangu continent has existed since the First Period.

It just continued into the Tertiary period, and the inexplicable division sank, maybe it was broken by the strong, or it was caused by other reasons.

However, for whatever reason, in short, the Pangu continent that sank for several epochs finally appeared again today.

Bang!

With a loud noise, the entire Pacific Ocean was inexplicably squeezed open, rising rapidly, as if something giant was coming out below.

As the Pacific Ocean was inexplicably broken, gradually, a huge mountain peak slowly protruded from the sea, exposing the majestic mountain mass.

“That is...”

In Kunlun, sea areas, swamps, secret areas, restricted areas, and a mysterious magnetic field, there were sudden waves of terrible waves.

With the emergence of a huge towering mountain, a whole ancient land gradually emerged from the ocean.

It was a continent, an ancient continent, shrouded in a layer of energetic light, and the seawater could not invade it at all. Through energy protection, you can clearly see all kinds of unheard of plants above.

“Pangu mainland?”

An ancient creature exclaimed, stunned by the appearance of a continent in front of it. It was an ancient continent that had disappeared in rumors.

The ancient continent, which belongs to the Tertiary Period, the Pangu continent, is once again alive.

“The third-generation Pangu continent, no, you have to go up.”

Finally, some powerful ancient creatures couldn't help it, even those powerful alien races hidden on the earth moved.

They saw the born Tertiary ancient continent and couldn't sit still. Above, but the owner's ancient energy of the Tertiary Period absorbed the powerful benefits to them.

No matter it is human beings or other races, the cultivation speed on the Pangu continent will be more rapid, absorbing the ancient energy of the Tertiary Period, and even allowing the creatures to return to the ancestors, directly having the opportunity to become the first-generation ancestor.

How can I miss this opportunity?

“Order, the First Fleet escorted Floating City and set off with me to the Pangu mainland!”

At the moment when the Pangu continent appeared, Qin Tiange directly issued an order. Immediately, a suspended base in the sky of Shanghai was immediately separated, and quickly blasted away under the ***** of the First Fleet.

At the same time, king-level powerhouses around China have received orders from Qin Tiange, the leader, to go to the new Pangu continent alone.

“Pangu mainland?”

“Come, rush to Pangu mainland!”

“Grab resources!”

There are fryers everywhere on the earth, one by one strong ancient creatures emerge, some alien races run out, no longer hidden, and rushed directly to that brand-new Pangu continent.

This continent is more than a thousand times larger than the sum of all the lands on the earth. The entire earth has swelled to the point where Jupiter can shoulder it.

In other words, at present, the earth's great changes, both in mass and volume, have reached the level comparable to Jupiter. The original terrestrial plate is surrounding the new Pangu continent, forming the momentum of star arches.

Asia, located in the east of the Pangu continent, is closest to the Pangu continent, but the distance is still very far, separated by a thousand kilometers away from the sea.

It was in this case that Qin Tiange led a floating city and, under the **** of the First Fleet, flew to Pangu mainland at the fastest speed.

“Say yourself, be ready, once we land, activate all energy weapons and bombard all unknown unknown creatures near me.”

Qin Tiange made an order. On the floating base, an electromagnetic energy cannon was immediately charged, and the major legions began to prepare for war.

Only he knew that there were a variety of ancient species on the Pangu continent that had already been extinct on the earth, and these were the most terrifying paleontology.

“When it arrives, the front is the Pangu continent. The owner, detected that an unknown energy shield is blocking the edge of the continent. Is it forcibly broken to land ...”

Soon, a huge and unbounded continent in front of them appeared in front of everyone. There were mountains and mountains, strange peaks and large mountains, all kinds of exotic plants covered, and even the faint sight of the central part of the continent. Pangu continent.

Uh ...

On this ancient earth, a loud roar came, a breath of ancient recklessness, fierce, and some ancient and powerful species that had already been extinct still exist on this Pangu continent, dominating this area Vast ancient land.

Chapter 580 - Ferocious bird Dapeng, 1 king per mouth

In the Pangu continent, powerful figures rushed in, feeling the breath of the ancient Tertiary, and the energy belonging to the Tertiary was permeated everywhere.

This kind of energy can make the creature's spirit tremble with a sip, and the blood vein genes boil because of this.

Uh ...

A pig demon king roared angrily, appearing extremely excited, absorbing the ancient energy on the Pangu continent madly, his hair grew, his body swelled, and it was a hundred meters large.

It is a wild boar demon king, shouting exuberantly: “Cool, the energy here is too cool, the bloodline genes return to the ancestors, as long as one hundred years, I will be able to completely return to ancestors successfully.”

expensive!

A bull demon stood on the top of the mountain, roaring constantly, the fur on his body was changing, the four hoofs were covered with thick scale armor, and the horns on his head were sensational and growing.

These are king-level monsters. They escaped after the Huaxia monsters were suppressed by Qin Tiange's blood wash, and now they rushed directly into the Pangu continent.

“Hahaha, free!”

A powerful monster poured into the Pangu continent, and various creatures came. The demon king, the corpse king, and even the masters of the alien clan rushed into the Pangu continent.

Roar!

“My king is going to transform and become stronger.” A corpse king roared loudly, his voice billowed, his body filled with anger, and the ancient energy around him was swallowed up.

Then, its body changed drastically. The whole body was expanding. It began to swell from ten meters. It grew a hundred meters before it stopped.

The powerful power spread out, the blood veins mutated, and the genetic variants even started to return to their ancestors. This is a horrible phenomenon.

These demon kings and corpse kings shouted in excitement, but it was not clear that the danger was quietly hidden above their heads.

cry!

Suddenly, a fierce cry came from high altitude, and then, a large shadow passed across the ground. Before the demon kings responded, a scream came.

“Ah ...” On the top of the mountain, the cow demon king screamed, and his huge body was stung by a horrible creature.

Yes, the 100-meter-tall Cow Demon King was taken directly in his mouth, scaring all the Demon Kings.

“That's ... fierce bird, Dapeng?”

The Pig Demon King stared at his two eyes, and was so scared that he almost collapsed here. I saw a dark shadow across the sky. The speed was very fast. A closer look revealed that it was a horrible killer bird, Dapeng.

The dark feathers were shining with dark golden light, the huge body, the wingspan was two thousand feet, and the bull demon king with his mouth in his mouth was swallowed by it.

Yes, it was swallowed in one bite. The fierce bird Dapeng swallowed the bull demon king directly, but it was a king-level demon king.

cry!

After eating a cow demon king, the fierce bird Dapeng showed his eyes and looked down at the demon kings below. The scarlet pupils were full of violent violence, there was no wisdom at all, it was an instinctual killing.

The ancient creatures on the Pangu continent are all ferocious beasts. They have no consciousness and wisdom, and only know the instinct to kill and devour.

“Run!”

The pig demon king screamed and ran away, running at a fast speed, running wildly on the ancient Pangu continent, the mountains trembling.

However, a huge dark shadow of the sky swooped down, and the pig demon king was gone, and the flowers and trees in the area were directly rolled up to the sky.

“Ah ...” From the sky, there came the scream of the pig demon king. A demon king looked up and was scared.

The huge pig monster king of one hundred meters was also swallowed by the fierce bird Dapeng. Yes, it was swallowed without any resistance at all.

“Damn, how could it be Dapeng?”

“Isn’t it extinct?”

The remaining demon kings and even the corpse king were terrified. Watching the behemoth hovering over them, the demon king was swallowed and swallowed by one dive, and resistance could not be achieved.

Dapeng was too fast, and his power was too fierce, and the king-level demon king was swallowed by him.

“Don’t run, fight with him!”

Finally, of the remaining five demon kings, three corpse kings felt that they could not run away, otherwise they died faster and gathered directly to fight Dapeng.

The proposal was a corpse king with a huge body and muscles, and terrifying corpses gathered on his claws.

However, just as he roared loudly, Deng Peng, the fierce bird in the air, swooped down and immediately caught the corpse king, swung up, and swallowed in the air.

“We can’t fight, run!”

At the first sight of other demon kings, how dare you stop and explode speeds directly and madly, and wanted to rush out of Pangu mainland, this is too dangerous.

Unfortunately, they can’t be faster than Dapeng, one demon king, swallowed by the fierce bird Dapeng one by one, and the three dead kings are no exception.

Eight demon kings and three corpse kings. As soon as they entered the Pangu continent, they were eaten by a terrible fierce bird Dapeng.

“Help, help, I am willing to surrender to China!”

Finally, the last demon king saw a huge base floating in the void in front of him, and rushed up, shouting wildly.

This demon king is just a king-level goshawk. It is fast and can run in front. It can be said that there is only one left.

However, the huge body of the goshawk 100 meters, facing the fierce bird Dapeng, is like a little witch seeing a big witch, it is not comparable.

cry...

The fierce bird Dapeng swooped in, and instantly turned into a black light, and the goshawk screamed, and then the feathers fell and the goshawk disappeared.

In the sky, Dapeng swallowed his mouth and swallowed feathers, and it was exactly the goshawk's feathers that were eaten by one bite.

This Dapeng ate enough eleven king-level creatures, fierce, sent a shocking cry, exuding a pleasant atmosphere, as if eating a very happy meal.

“Ancient creatures, the fierce bird Dapeng, is really fierce enough ...”

This scene all fell into Qin Tiange's eyes, staring at the fierce bird Dapeng, and there was a urge to rush into the violent heart.

At this time, the suspension base slowly squeezed into the protective layer of the Pangu continent. Here, it is not only to protect the Pangu continent from damage, but also to prevent the paleontology inside.

In other words, in fact, these ancient creatures are powerful and powerful, but they cannot escape the restrictions of the Pangu continent, unless the unique and mysterious energy of the Pangu continent disappears in two layers.

cry!

Seeing the huge suspended base rushing into the Pangu continent, the fierce bird Dapeng issued a fierce cry, as if warning the behemoth.

The body of the fierce bird Dapeng, in front of this huge floating base, looks like an elephant and a mouse.

It stared at the scarlet pupil, staring at the huge base, feeling that there were countless delicious things inside, could not help but pout.

“Humph!”

Watching the fierce bird Dapeng hovering around the base, Qin Tiange snorted, the base stopped, floated here, and opened the electromagnetic energy shield.

Immediately afterwards, Qin Tiange stepped out of the base's protective cover alone, stood outside, and looked at the terrible and fierce Dapeng fierce bird.

“An emperor-level killer bird is indeed an extinct species in ancient times. Unfortunately, it is impossible to give birth to spiritual wisdom.” Qin Tiange murmured to himself, saying the rank of the killer bird.

The emperor-level fierce bird is extremely scary, but it has a fatal flaw, because it was born in the Pangu continent. As the continent sank and disappeared, all the creatures within it failed to maintain

their own sanity, and completely evolved into a scary Ferocious beast, leaving only the killing instinct.

cry!

Dapeng sobbed fiercely, opened his mouth to Qin Tiange, and dreaded the horrible suction, and wanted to swallow him in the air.

Below, the flowers and trees were broken, uprooted and pulled up into the sky, and poured directly into Dapeng's mouth. Pieces of boulder were lifted up by suction, like a black hole.

However, Qin Tiange remained motionless. No matter how much the Dapeng fierce bird increased the suction power, he could not **** him even a millimeter, but his mouth was full of wood and rocks.

Finally, Dapeng stopped, opened his mouth and spit out the mud and sand and rocks of the sky, and stared at Qin Tiange fiercely. He felt that this little creature was not easy to mess with instinctively.

"Don't you be afraid?" Qin Tiange was surprised, looked cautiously, and even turned to the fierce bird Dapeng, who was about to leave, even knew that he was afraid?

However, the fierce bird Dapeng has to leave. Qin Tiange will not let the other party go away, so he will eventually run into a tyrannical Dapeng bird. This is the real fierce creature, a natural mount.

Mounts do not need self-awareness, only killing instincts, and nothing more.

The ferocious beast here is just the right thing to catch this ferocious bird Dapeng as a mount.

"Stay!" Qin Tiange's figure turned into a black particle and disappeared, and then appeared again already standing on the back of the fierce bird Dapeng.

cry!

Dapeng blew a fright, made a frightful cry, flew his wings and soared up to 90,000 miles, trying to shake off Qin Tiange's figure.

Unfortunately, the fierce bird Dapeng found that the little creature on his back couldn't shake off the creature, and he became more fierce and irritable.

"Stop me!"

Qin Tiange's palms rolled down, and Rong patted on the back of the fierce bird Dapeng. With a click, the hard feathers shattered immediately, and blood and water poured out.

After being hit, the fierce bird screamed, faster, and fluttered wildly, but unfortunately could not get rid of Qin Tiange's figure and nailed it firmly on its back.

"Set!"

Suddenly, the winged fierce bird Dapeng suddenly stopped, his whole body froze, and he was inexplicably fixed on the void.

Time is still!

Qin Tiange directly anchored the fierce bird Dapeng with static time, but after all, the other party was Emperor-level and soon broke away. Then, another mysterious force came and locked it.

This is a space cage!

With the interaction of time and space, Emperor-level fierce bird Dapeng was finally unable to move, and scarlet gleam flashed in his pupil.

“Emperor Class Dapeng Good mount ...” Qin Tiange flickered to the top of Dapeng Bird and pressed it with the hand of the Dapeng Bird.

I saw that a mysterious force poured into the sea of consciousness of the fierce bird Dapeng, all of which was chaotic and violent killing consciousness, without any complete wisdom at all.

The force of time and space poured in immediately, locking up a ray of chaotic and fierce real spirit of the fierce bird Dapeng, turning it into a taboo and constraining each other.

Since then, this Emperor-level fierce bird Dapeng can only obey Qin Tiange.

Click ...

Suddenly, a slight crisp sound caused Qin Tiange’s alertness. Looking at the sound, I saw a sudden sound coming from a space in front of it, and then cracks spread across.

“Crack in space? Someone is breaking up?”

Qin Tiange immediately became serious, staring at the cracks in the unbroken space, as if a mirror had been broken.

What made him curious was who was going to break the space inside?
