

Dark Ages 611

Chapter 611 - Shocking Secrets, Preachers, Hua Xia Dang Xing

With Qin Tiange's words, people inside Huaxia suddenly came to their senses, and then the look at the heritage stele became different and no longer mysterious.

puff!

Beiling trembled and spit out blood suddenly, and suffered a backlash of luck.

"Sister Beiling ..." Ren Huang Yinqi exclaimed, and immediately supported her.

I saw that the inheritance of Beiling's body trembled, constantly changing, and the mist dispersed, revealing her true face, a peerless woman.

She was pale and looked extremely weak, because she had suffered from the backlash of the Chinese fortune, and could not get any blessing of luck.

"Master ..." the Emperor Yin Yin Ling shouted sadly.

Qin Tiange looked expressionless, looking down at the ten spirits of the tablet, and said indifferently, "The resources left by our ancestors' past ancestors are placed in the stone stele in order to make future generations come back to life with these resources.

"And you, as a stele, have run counter to the wishes of previous sages, and lived up to your mission and responsibility. This is your fault."

Qin Tiange said one word at a time, word by word: "Look at the cultivation mentality and various resources above. There are only nine stars, ten stars, kings, emperors, first emperors, and even ancestors. Where are the cultivation methods and resources? "

"Needless to say, most of them are in Ziwei?"

"Why is this?"

"Aren't humans on our earth's ancestors part of the human race?"

Qin Tiange questioned with three expressions on his face, making the inheritance of the tombstone dumb and speechless. Even the human emperor seal spirit was silent, bowed his head, and dare not speak again.

All he said are facts. In the heritage stele, there is no grade-mind mental practice beyond ten stars, and even no treasures or drugs with more than nine stars exist.

Even some inheritance of knowledge is limited to ten stars, just like the ten-star pharmacist inheritance that Qin Tiange obtained. There is no more advanced one.

Yes, none of them.

"Don't think that after following several generations of emperors, you can control the destiny of the entire human race, even to enclose the emperors? Do you have this ability?"

“Now, I will break the limit set by you, the stele, on the earth’s human beings. The limit of the level of cultivation is not something you can limit.”

After Qin Tiange finished speaking, he looked up and saw Qi Yun Changhe roll down, coiled behind him, and penetrated deep into nothingness.

Above the long river, a vast imagination radiates bright purple light, the endless majesty is pressed down, and the souls inside the whole China feel the oppression.

“broken!”

With an indifferent drink, Wanzhang Xingying severely pulled a sword towards a place of nothingness, chopped a sword, and clicked, a mysterious crackling noise came.

The crunching sound of Kaka Kaka appeared in countless people’s hearts. Suddenly, everyone felt that some kind of yoke on the body was gone, and the whole person was relaxed physically and mentally.

All of a sudden, many strong people who were stuck in the ten-star rating and failed the assessment, broke into the monarchy level at this moment.

“I broke through!”

“I’ve broken through the monarchy!”

On the land of Huaxia, one by one breaking through the ranks of kings, without exception, is inspiring and feels his own powerful power, belonging to the king level.

They were excited and cheered constantly. Looking at Qin Tiange ’s supreme leader in China, the whole man was full of enthusiasm. This is the true leader.

“Long live the leader!”

“Long live the leader!”

“Long live the leader!”

The waves of cheers rose higher than waves, countless people were boiling, and they looked at Qin Tiange enthusiastically. The overbearing figure directly broke the limit of the inheritance of the stele, and also gave the entire earth a free environment for human cultivation and breakthrough.

“Our people don’t need others to restrict and control. No matter who it is, who dares to restrict our people’s progress, must be crushed.”

In a word, Qin Tiange turned into a force of terror, and smashed the last layer of restrictions of the Beiling Spirit. There is no force that can restrict the growth of human beings on earth.

He stared indifferently, looking down at the tragic inscription, and coldly hummed, “I am not the emperor, so I am not qualified to do anything to you, but if you dare to restrict the growth of human beings on our planet, I will inevitably Smash your subject. “

Everyone's faces were inspiring, and everyone's energy and spirit inside Huaxia became different, as if awakening the unyielding will that belonged to the ancestors from the blood, more firm and condensed.

At present, the entire Chinese people look at the heritage stele differently. The original mysterious stele was directly pointed out by Qin Tiange and suddenly opened up.

It turned out that the things in the heritage steles were reserved for future generations by the sages of all human races.

However, such inheritance has been secretly controlled, unevenly distributed, and resource allocations have varied in level. The resources allocated to the earth are the lowest and pitifully small.

Look, the nine-star cultivation mentality was originally, from the perspective of Qin Tiange before, these mentality is very high, but now look, your sister's, is completely castrated cultivation.

Nothing above the ten-star level, let alone the king level, the emperor level, even the first emperor level, even the patriarch level and higher and more ancient mentality. These advanced things have no corresponding resources. ?

Inside, Qin Tiange felt chilling when he thought about it. This time, he suddenly saw the inscription spirit of the heritage stele running out to recognize the Lord and made him disgusted.

As a stele, your resources are unevenly distributed. What qualifications do you have to choose the emperor?

“You go, don't show up again, go back to your body, or directly support Ziwei Star or other candidates to become emperors.”

Qin Tiange faced a bit of coldness and stared at Bei Ling, saying, “In the next day, I will lead the Huaxia nation and the entire earth humanity into other ancestors, and kill the so-called candidate for the emperor you selected, because , People selected by outsiders are not qualified to be the emperor.
“

“Masters don't ...” The Emperor Yinji's complexion changed dramatically, and he immediately knelt down.

With tears in her eyes, she clutched Beiling and begged, “Begging her master, please don't drive Sister Beiling from the earth. This is the only place where she can hide.”

“Master, these are not actually made by Bei Ling's sister. Her body has been controlled by a group of Ziwei stars, and she is in deep refining. It has been eroded in the previous era.”

The imperial seal of the Emperor Yin told this secret that is not known, that is, Li Bai and others have changed their faces and looked shocked.

They knew that some of the old antiques in the human race were being selected by the intervening clan emperor, but they did not expect that the inherited stone monuments were eroded by them.

“That is to say, she was actually used, right?” Qin Tiange asked this expression blankly.

“Yes, please, please forgive Sister Bei Ling. She is not trying to allocate resources, but she is powerless.” The Emperor Yinji told these big secrets that had always been hidden.

Humph!

How do you know Qin Tiange lengheng, dissatisfied: “Since you can no longer control your own body, why do you limit the growth of humans on the earth?”

“My consciousness is guided by some kind of power ...” Bei Ling finally said this word slowly, extremely weak.

Her body is very illusive, and it will always collapse because the body is already under the control of other forces. Of the major origins of the entire human race, only the earth can let her hide and escape.

But because the ontology was controlled, her consciousness was guided by the external force, and she did certain things she didn’t want to do, such as limiting the growth of the hierarchy.

“What kind of power can actually affect here?” Qin Tiange frowned, looking at Li Bai and others, maybe they knew some information.

“My queen, these secrets will be explained to my queen in detail later.” Li Bai took the lead to start, meaning that now is not a good time to say these secrets.

Qin Tiange nodded, glanced at Bei Ling, and asked, “I ask you, how many resources are there in all the heritage steles of the earth?”

Bei Ling had a bitter face, and said a chilling word with her head down, and only listened to her slowly, “In fact, most of my resources were hidden by me secretly, and those of Ziwei Xing were not allocated. No resource comes to Earth. “

Silence, dead silence!

The entire Huaxia, up to Qin Tiange’s supreme leader, and down to every Huaxia people, fell into a long silence at this moment.

In fact, from the beginning of the resource allocation, the inheritance resources here on the earth were not allocated to any point, yes, not at all, but Bei Ling himself secretly detained some of the resources allocated.

Moreover, this is the lowest level of resources. Those high-level resources cannot be moved at all, and are controlled by the power behind the main body that controls the heritage.

“Ziweixing, good, good!” Qin Tiange spoke slowly, breaking the silence.

He took a look at his body being illusory, and passed on the stone stele and tombstone with a horrible complexion, and sighed in his heart, if he had not awakened Pangu’s blood himself, and obtained a lot of ancient memories and information, he knew some secrets, but he really did not know anything.

“Master, master, please don’t rush Bei Ling sister away?” The Emperor Yin Yin looked at Qin Tiange in fear.

She suddenly felt that the breath of this master made her even more afraid. No matter the nature or the will, outsiders were not allowed to control his future and destiny.

“Concealing that is your fault, and I have done it with me, and I won’t embarrass you. Other days, I will take back the glory that belongs to us and everything that belongs to our planet.”

Qin Tiange Han’s face looked up to the void, and the tall and powerful Emperor’s stature rumblingly disappeared.

All I saw was a mighty stream of gas pouring into the spirit body of the ten robbed tombstone spirits, so that the tombstone spirits ready to collapse and dissipate were restored and the breath was complete.

Inheriting the spirit of the stele, looking strong, in fact, it will be affected and restricted by the overall human luck of the people. Once you do something extraordinary, you will be backed up by the luck and even crushed.

“Thank you, Master!”

Qin Tiange nodded, but didn’t say much, but turned to the ancient human beings who strayed outside the starry sky and returned from Li Bai and so on.

“Predecessors, at present, our heritage resources are exhausted, no matter the cultivation method or any other resources. Some people want to sever our way forward. What do you think the sages should do?” Qin Tiange directly ask.

Li Bai and others looked at each other, brushed forward, and kneeled on one knee.

“U, is willing to pass on everything we have learned in our lifetime to our own people. Anyone from our tribe can come and learn from us.”

Eighteen ancient human sages directly swore that they would teach everything they learned to their children, this is to preach.

This is the true inheritance. The powerful ancient human sages from the starry sky that roamed the earth have passed on a huge knowledge and skills.

“Very well, I, on behalf of the entire Chinese nation, thank you all for your help!”

Qin Tiange said, worshiped directly, let Li Bai and others flash together and let go, a little embarrassment appeared on his face, and he couldn’t bear it.

From this moment, eighteen more ancient humans returned from wandering stars in Huaxia began to preach throughout Huaxia.

The sages preached, passed down countless high-level cultivation methods, and brought back all kinds of precious cultivation resources and various insights, which improved the understanding of the entire Chinese nation.

Since then, Huaxia has entered a brand new era.

Chapter 612 - Squad, Target: All Asia

“Master, all the resources have been properly arranged, the exchange process and the cultivation of the illusion can be started.”

On the Beijing capital, on the suspension base, several powerful figures floated there, looking down at the situation of the entire Beijing base.

The one who spoke was Shijie, the inherited monumental spirit, with a stern expression on his face, and after acknowledging Qin Tiange as the master, he did not dare to neglect even the slightest bit of heart.

Qin Tiange nodded and said, “The eighteen sages have poured a lot of resources into the stele. Now that all high-level exercises, mysteries, and peerless studies are ready, they are open for exchange and everything comes with merit. Exchange, and cultivation of illusions also requires merits to enter cultivation. “

“If you want to enter, you must have merits, and those who contribute to this tribe can enter cultivation. This is an opportunity for everyone to work diligently.”

“Increase the meritorious list, you can calculate the meritorious value of everyone with your own self, and release it, and count it into a data template for everyone to see clearly.”

“Yes, master!”

Shi Jie took a serious note of this look. This time, Qin Tiange completely broke the assessment of the mysterious heritage stele.

And he changed to another form, that is, all resources are open to everyone, as long as you have merit value.

And where the value of the meritorious service comes from, naturally it has done things that have contributed to the tribe, for example, building city walls, such as fighting in the battle, such as creating various values and dedicating one's strength to oneself.

These many things can get meritorious service, and the greatest meritorious value belongs to the army, a battle, killing the enemy to get the most meritorious service.

The meritorious value issued after the statistics, with the exception of a small number of people, is the most meritorious of the people in the army. Anyone who kills foreigners and kills the enemy can get huge merits.

With meritorious value, the whole of China will be unprecedentedly condensed, and all forces will be unanimously outward, because if you are not external, then there is no meritorious value, and if you do not kill the enemy, there is no meritorious value.

Without merit, it is equivalent to losing the opportunity to enter the mirage to practice and understand the higher mind. Those eighteen ancient human sages, including Li Bai and Dugu, brought back from outside the sky.

Wow!

With the order of Qin Tiange, the heritage steles from across China suddenly bloomed an immense amount of light, and a huge virtual light curtain emerged directly, listing various treasures and various exercises.

However, the thing exchanged above is no longer an energy crystal nucleus, but a meritorious value, a new kind of calculation merit point.

This is to calculate the contribution of each person to your own clan, how much you have contributed to this clan, this is calculated, and everyone is no exception.

Even Qin Tiange, a leader, has been listed in a series of meritorious values in detail, and the statistics are open so that everyone can see it.

“Merit value!”

“Great, I have so many merits.”

With the opening of the new system, there has been another upsurge in Huaxia. Countless people are excited and are checking their meritorious value. Some are excited, some are helpless, and some are bitter.

Because, how many things each person has done for their own family is actually recorded by their own self after being issued from the personal terminal.

These statistics are not too different, they are the most accurate data, and they are still monitored according to the entire process of the Tomb Spirit.

In fact, she has a kind of monitoring for everyone. Everything she has done is clearly recorded. Someone has done something that contributes to her family. Naturally, she has many merits.

“Merit, this is to consolidate the entire Huaxia into one unit, and unify to the outside world.”

“In the future, as long as the leader gives an order, everyone will madly wield weapons and kill all enemies that belong to him.”

“A nation united into a force will be extremely scary, extremely strong, and nothing can stop this force.”

Some people who were originally interested in competing for leaders watched bitterly as the whole of China entered a new era.

Watching the tribe’s excitement and enthusiasm, for the merit value, the next time will be the most cohesive moment of the Chinese nation. For the merit, everyone will burst out endless enthusiasm and potential, one after another, everything is for merit.

Because, with Qin Tiange opening all resources to the public, regardless of military and civilians, only merit can be obtained. In this way, everyone will be at the same starting point.

Once the merit is high enough, you can not only get what you want to redeem, but also get a higher status, so you have more opportunities to earn merit.

This is an incentive. All resources are put out. Everyone can see and feel. If you don't work hard, you will be exchanged for others. If you don't work hard, you won't be united, so there is no chance.

“Look, that's the merit of the leader.”

“Wow, so much?”

Suddenly, at the top of the meritorious list, a person's name appeared, which is the merit value of Qin Tiange, the highest leader of China.

The series of dense feats, each of them, clearly explained the calculation and origin of his feats, and what he did, is clearly listed.

For example, from the beginning, he established a Shenzhen city base, gathered countless refugees, and provided a safe living environment for the Chinese people.

In addition, a variety of scientific and technological products, part of the meritorious value to be attributed to him, plus several expeditions to foreign races, overseas expeditions, suppression of restricted areas, and even just recently expedition to Mars, annihilating the three ethnic invasion forces.

These feats directly pushed his reputation to the apex and made countless people look up.

“Well ... our leader, no one can shake it. Honestly contribute to this family!”

For a time, within Huaxia, all the ambitious people, without exception, changed their strategy. Don't think about the position of leader. No one can shake it.

What is that set of data? In fact, no one can count it clearly, because that row of data is dense, and many people are not good at math, and they don't understand what those symbols are.

There are also various merit values for the strong men participating in the war. Some people are extremely merit. Seeing that many people are salivating and hot, a wave of joining the army has erupted.

Qin Tiange was finally satisfied when he saw that Huaxia had entered a good development situation.

“Very well, what I want is this effect. Only such an unprecedentedly cohesive ethnic group can fear no race or any danger.”

Qin Tiange stood in Shangjing, looking down at Bafang, watching Huaxia enter a very high-speed development environment, and was satisfied.

Behind him, the Emperor Yin Qi Ling and Bei Ling were in great danger. They looked at each other and saw the surprise in each other's eyes. This was the first time they saw a master like Qin Tiange.

“Master, eighteen sages went out to preach. Almost all the great kings of China were deeply trapped in the Pangu world. At present, the alien race is descending from the Tianzhu of the Pangu continent to the Pangu continent. Do you want to stop it?”

At this time, Jiji walked quickly and reported the news. A foreign army came across the stars and descended from the Tianzhu of the Pangu continent.

Hearing this news, Qin Tiange sneered and asked, "How many aliens have come out of the wormhole on the moon?"

"There are eight vanguard corps, all of which are unknown races. They are extremely powerful, and they have landed on various continents one after another, and are starting to kill them there." Xi Ji assembles the monitoring images.

Above, in several pictures, a powerful alien race appears. Some are strangely shaped and look like others. Some are similar to humans, but they are very different from humans.

These are the eight alien races that emerged from the wormhole of the moon and space, entering the divided continents.

Since Qin Tiange had earlier sent his own drone to convey the pictures on Mars, and prepared human forces on all continents, these alien races encountered great resistance despite their strength.

"Master, after the Asian plate was split, Russia was dismembered. A foreign race descended on the Tsarist region. Now fierce fighting is taking place there. You can see that the split Tsarist currently uses the nuclear arsenal."

I pointed at a picture, and a cloud of mushrooms exploded on it. It was Russia's Great Ivan. The super nuclear arsenal was all taken out, and it severely bombarded the advent of the alien army.

But unfortunately, despite the use of nuclear weapons, the human forces in Russia were still unable to wipe out the alien pioneer.

After all, their nuclear weapons have not been transformed by Huaxia, and they have no anti-material weapons. This is the gap.

After looking at Qin Tiange for a moment, he would not bother, and Russia would not be extinct anyway at any time. He set his sights on the Pangu continent.

Those races on Mars that crossed the sky have entered the Pangu Realm and seem to be heading for the ancient resources of the Pangu Realm.

"I want to rob our earth's native resources, I will let you spit out all the benefits."

Qin Tiange looked cold and stared at the Tianzhu column of the Pangu continent, where a large alien army came from Mars across the sky.

"Dear oneself, monitor these alien races well. Once you find that they are coming to China, China and even the Asian plate, report immediately that Asia will not allow them to come in." Qin Tiange gave a death order.

In addition, he immediately issued an order to the Ministry of Science and Technology: "Tell the Ministry of Science and Technology to accelerate the mass production of anti-material bombs and produce at full capacity. How much will be made for me, I will destroy all these alien races."

“Yes!”

The order was communicated, and the Ministry of Science and Technology immediately cooperated fully with the military factory to make anti-material bombs, and began to implement crazy weapons destruction reserves.

This is for the next war, these alien races are just the vanguard of the vanguard.

The real main force is still on its way to Earth. Once it comes, it will be an unprecedented race war.

There is not enough reserves for destruction. Qin Tiange feels that even if humans win, they are considered semi-disabled. Not many humans have survived since the end of the day. Once they are disabled, it will take a long time to recover.

Therefore, if there are not enough people and insufficient information, then he will make up for this with powerful technology. As long as there are enough antimatter bombs, he does not believe that these alien races cannot be killed.

Qin Tiange ruthlessly ordered: “Tell the Ministry of Science and Technology If one hundred anti-material bombs do n’t work, then ten thousand, if ten thousand are not enough, then give me 100,000, million, 10 million. An antimatter bomb, I do n’t believe in killing these alien races. I want to bomb all the alien races, and I dare not step into the earth half a step further. “

“Also, immediately start building quantum portals inside Huaxia. Be sure to have a portal and energy protection system at each base. I see who of these aliens dare to step into my territory?”

Qin Tiange gave orders one after another, and the entire Huaxia was caught in the high-speed development and the truncation of preparations for war, waiting for the sky to soar, crushing all alien races who dared to come to China.

“Order, the first and second sky mothership formations immediately assembled, and the legion returned from the expedition to Mars followed me to destroy the alien race in the north that fell on the Asian continent.

“Asia, which belongs to our Chinese garden, all external forces must be crushed.”

Qin Tiange’s last sentence made everyone understand that Huaxia is ready to conquer the entire Asian territory, and those who are not subject to it and foreign alien forces will be crushed.

With the spread of the news that the Supreme Leader once again led the army, it immediately exploded the whole of China and countless people were boiling.

Chapter 613 - Celestials, 2 Armies at War

With the news that the Supreme Leader sent troops to go out, countless Chinese people were excited and eager to follow the leader.

Even the heads of the city bases were very moved, thinking that at present there is no danger in Huaxia, and it would be better to go out and make a contribution.

“Master, the person in charge of each city base sent a joint application for a war.”

At this time, Qin Tiange, who had just left the leader, left Beijing and heard his own words. He checked a sealed joint book, and it turned out that all the city bases were responsible for passing on the leader.

The meaning is almost the same. At present, there is not much crisis in Huaxia, and internal stability, thinking about the leader to make some contributions.

After thinking for a while, Qin Tiange directly replied, after all, he could not wipe out the blood and the heart of fighting that had just been hard to ignite inside Huaxia.

“Tell them that Asia belongs to China’s territory. Let them discuss for themselves. What I want is a stable and prosperous Asia, not a declining population and a smoke-filled Asia.”

A word passed, and the generals in each city base were surprised without exception. I did not expect that the leaders agreed, and it meant that they wanted to let them negotiate independently and attack other forces in Asia.

These generals are all human beings. If you read Qin Tiange’s words, you can understand that this leader wants the whole of Asia, and he is excited all by himself, flexing his muscles and starting to gather their respective legions.

In addition, the major bases and legions cannot be adjusted cleanly. The only way is to recruit troops temporarily. One by one, scattered intensifiers heard the sound, and joined the army madly, and began the first war in China to conquer Asia.

For their request, Qin Tiange did not refuse, but also wanted to see if there were any special military talents among these people, and he used Asia as a test.

“Yanji, keep your eyes on and tell me if anything is wrong.”

Qin Tiange instructed Jiji to look at the expeditionary forces in these cities, not to worry at all. With his current prestige and force, no one can shake it in any way.

“Master, after the Asian plate was separated, Russia was divided into two parts, which belonged to Asia. The surviving population was about 40 million.”

Fu Ji introduced in detail the current number of Russian survivors after the separation of Asia. Only 40 million people, far less than China.

After all, the population base of Huaxia is too large, and the total number of people who have survived after the end of the day, as far as statistics are concerned, there are 400 million people.

“Master, at present, the ratio of male to female in the Chinese population is seriously inconsistent.” Xi Ji said this news with a frown.

After listening, Qin Tiange thought a little, thought coldly, and said, “The secret order was given to those generals who went on the expedition and told them that there are too few Chinese women.”

Another message secretly conveyed that the words of the Supreme Leader were too few Chinese women. A group of generals looked at the secret message and looked at each other with strange feelings. They naturally understood the meaning of the words inside.

There are too few Chinese women, so fewer foreign men and more women, eh, that's what it means.

“My self, how long will it take to arrive?”

Qin Tiange is standing on the sky mothership, looking north of Huaxia, and is currently on the enlarged Mongolian steppe.

The current Asian sector is ten times larger than before, and various resources are more abundant, even giving all kinds of monsters a living space.

On the grassland, all kinds of mutant organisms are running happily. Obviously, here has gradually become an active area for countless mutant organisms to gather.

“Look at the master, this is a picture from a nanosatellite. The Russian forces have been beaten down.”

I have opened a virtual light curtain with a nano-satellite monitoring screen and a live broadcast. I just saw that the major bases in Russia have collapsed and were attacked by this alien race. Everyone was arrested and treated as slaves.

With the exhaustion of nuclear bombs, the Russian army faced a terrible alien race and faced with the great, first emperor and even first ancestors. There was no room for resistance.

Those king-levels were killed face to face, and some of the leaders in the leadership base were cleaned up without exception.

Seeing this, Ye Qing was a little speechless. I did not expect that a vanguard of an alien race would have killed more than half of Russia.

“The Tianlong family from the Tianlong galaxy is focused on individuals and has great strength.”

Ye Qing murmured to himself, looking at the more than five million Tianlong pioneers, all from Tianlong Star. The faces of these dragons are covered with dragon scale cuticles, and there are two gray horns on the head. It looks like a dragon, but it's not.

They call themselves Tianlong, but they are not dragons, but because they have a sub-dragon mount mounted on them, which is a strange fierce dragon.

At the top level of the Tianlong clan, everyone with an identity has a dragon mount. The higher the level, the stronger and more gorgeous the mount, which represents the status symbol.

For example, this time the army's ancestor-level marshal, the mount is an emperor-level flying dragon, the size does not look very large, but the wingspan is also 100 meters, and the body is covered with dense all kinds of shining gems.

What makes Qin Tiange speechless is that the Tianlong tribe's ancestor is wearing a shiny, colorful treasure armor with strong defense power, but he looks extremely luxurious and is used to pretend. good stuff.

“Tianlong tribe, really pretend to be furious.” Qin Tiange shook his head and looked at the superbly dressed Tianlong creatures.

From the marshal to the soldiers, they are all very beautifully dressed, as if they do n't wear gorgeous points, they are very shameless and have no identity.

“Report to the Marshal and find that an unknown human legion is approaching.”

At this moment, the Marshal of the Tianlong clan, who had just destroyed all the forces of the Russian survivors, heard his man's return, and his eyes brightened.

“Where are there, how many people?” The Tianlong tribe's ancestor was a look of excitement.

After listening to his reports, he sneered, and immediately ordered the army to be gathered. Regardless of the slaves who were conquered, the ten million human army that suddenly appeared.

Rumble ...

More than 5 million Tianlong warriors are dispatched neatly. The weakest are all seven-star, generally eight-star and nine-star, ten-star can be a thousand people, the kings are all 10,000 captains, and the great ones are Shifang rule.

The powerful army was very fast. It didn't take long to see the tens of millions of troops led by Qin Tiange.

The formation of two airborne motherships unfolded in the air, and dense drone drones hovered and flew directly, whistling directly.

These unmanned fighters are bombed at high altitudes. If you want to break them, you must rush to high altitudes. Otherwise, even the ancestors who want to destroy are stopped by Qin Tiange.

“Oh my God, it's Huaxia. The Huaxia army came to save us?”

“Oh, that's great. The Chinese army is here.”

The defeated and enslaved Russians were one by one excited, watching the arrival of the tens of millions of Chinese troops, the formation of two air and mother ships, the powerful lineup was shocking.

The two armies encountered each other unexpectedly, no conversation at all, and even without hesitation, they directly swarmed into a mass.

“Kill, raise my Huaxia army!”

With the order of Qin Tiange, the formations of the two spacecraft carriers fired, the electromagnetic energy guns roared, and a main gun snarled, bombarding the Tianlong warriors in front with strong electromagnetic energy waves.

Immediately afterwards, unmanned fighters circling at high altitude dived down, and individual hydrogen bombs poured down.

Boom boom ...

For a time, the Tianlong army was blown up and turned dizzy, watching in horror that the human nuclear bomb was so terrible.

These hydrogen bombs are not the ordinary nuclear bombs used by the Russian forces just now, but new super-concentrated and powerful hydrogen bombs.

“court death!”

Some first emperor-level powerfuls were furious and, without saying a word, rushed into the air to break up the unmanned bombers flying in the sky.

However, when they took off in the air, they immediately felt a cold sword-like sword covering, such as falling ice cave.

“The sword cracks the sky!”

A word of indifference came, and I saw a dark stalk of awns passing by. A dozen first emperors paused at a high altitude, then fell like dumplings, and their bodies shattered into pieces.

More than a dozen first emperor-level strong men were directly killed by a single sword, making people fearful. Many masters of the Tianlong tribe turned their heads and looked at the place where Jianmang appeared, where there was a young man in a black robe, carrying a dark sword.

“Dugu, kill all the emperors and first emperors.” Qin Tiange directly gave the order. It turned out that the young man in black turned out to be the sword demon Dugu.

He had been preaching in the north, but he met Qin Tiange’s leader and went straight, but the others did not come.

“Okay!” Dugu simply replied, and his body disappeared.

Then, in the opposing Tianlong army, there were sudden screams, some emperor-level masters and first emperor-level masters hidden in the team were beheaded and killed in the team.

“court death!”

The ancestors of the Tianlong tribe were angry.

boom!

The two hands hit each other, the powerful air waves rolled, and many of the Dragon Warriors died in the surroundings, making the patriarch marshal even more angry.

Qin Tiange’s body crossed the space and came to the ancestor of the ancestor. He glanced at the eight half ancestors standing behind each other with a sneer.

“An ancestor, eight and a half ancestors, very good, enough for my 100,000 ancient war souls to eat a good meal.” Qin Tiange finished, a palm printed on the palm of his hand and thrown in the sky.

Wow, a hundred thousand ancient war spirits were scattered into the array, directly covering the Tianlong ancestor and eight and a half ancestors, trapped in the array.

Moreover, all nearby Dragon Warriors, whether strong or weak, were trapped inside this area.

“kill!”

Qin Tiange sighed loudly, his body broke out with horror, his fists fluttered, and he directly confronted one ancestor and eight ancestors.

Chapter 614 - Slaying the Spirit, Black Hole Celestial Body

boom!

A crunchy crackling sound came, and a semi-ancestor-level creature's brain burst, and blood and water mixed with brain plasma splashed in all directions, and died on the spot.

Qin Tiange rose up, disappeared into a black particle, escaped the bombardment of several ancestors, and quietly appeared behind a ancestor.

“Be careful, back ...” exclaimed the ancestor.

The half-ancestor was covered with cold, his stratum corneum was trembling, and he was waiting to fight back, but it was late.

He fluttered, his heart was pierced by one hand, and a beating heart was grasped among the five fingers, and it was crushed with a bang.

Qin Tiange's face was cold and full of anger, and he crushed the heart of the half ancestor and locked his opponent's throat with his left hand. He squeezed it hard, clicked, clicked, and blood and water spurted his head.

“Jack!”

“Burn the ancestral blood and awaken Schering.”

Two semi-ancestors died in a row, and the remaining six semi-ancestor-level powerfuls were furious, and apart from that, they directly burned the ancestor blood condensed in their respective bodies, awakening the ancestral will in the genetic memory.

With a loud bang, six huge forces emerged, tearing the six and a half ancestral bodies into pieces in an instant, the flesh and blood quickly gathered, and with a bang, they merged into one.

“Burning the blood of the ancestors and awakening the spirits with your own flesh and blood sacrifices, you are also fierce enough.” Qin Tiange had to say a word of admiration.

These six and a half ancestral creatures simply burned their respective ancestors' blood and awakened a spirit from the bloodstream with their own flesh sacrifices.

The six great ancestors are united, and the flesh and blood are transformed into a terrible creature. It is an ancient ancestor of the Tianlong tribe, who awakened from the blood gene of the offspring.

Looking at the extremely powerful Schering, Qin Tiange was not shocked and sneered, “This is better, I can suppress one more Schering.”

“My name, Tian Yin, return today, when the heavens will rise and fall ...”

The Schering-head laughed wildly, and when he just said this, he was thrown away by a fist before he finished speaking, and a dozen teeth were sprayed out of his mouth, and his entire jaw was broken.

“Noise, you have too much nonsense.”

Qin Tiange came out of the air, waved his arm and slammed the other side with a slam, his brain collapsed, and a few broken bones passed through.

“Ah ... shit, I killed you ...” The ancestor was furious and furious.

He did not expect that when he woke up, his brain was broken, half of his face collapsed, most of his teeth were lost, and his image was miserable.

Qin Tiange sneered, and sneered: “Zhuo Xianling, don’t think you can wake up and do whatever you want? This is not your time.”

boom!

As soon as the voice fell, the ancestor was blown out again, his neck was bent, his forehead was tilted more than halfway forward, and his eyes almost burst out.

He was spitting blood depressively, and the script was wrong. Should he be born again, and then the ancestors of the clan would cry and call on their mothers?

“You ...” Schering was furious, and opened his mouth to spit out a word. As a result, a fist smashed on the bridge of his nose, and he beat back the words that came after him.

With a click, the entire bridge of the nose was sunken, a deep fist print emerged, and blood and water splashed out with a stream of minced meat.

“Zhan Shiling, dare to wake up and watch me kill you!”

Qin Tiange drank swiftly and rushed violently. A horrifying breath erupted in his body. He grabbed the snoring Schering’s shoulder with both hands and tore his arms hard.

Click!

The blood spilled into the sky, the minced meat mixed with the internal organs splashed and scattered, and the ancestor was ripped apart in half. The horror scene stunned the ancestors over there.

He had no idea that the six and a half ancestors sacrificed themselves and burned the blood of the ancestors to return from the ancestors in the gene, but they were hanged and finally torn.

“Ah ... you are ...” I saw a hazy true spirit rushing up, screaming and turning to escape, terrified.

Unfortunately, he could n't even run, because Qin Tiange did n't allow him to escape at all, so he encountered an ancient ancestor awakened in the bloodline gene. These arrogant ancestors contained the understanding of ancient power. There are huge benefits to swallowing.

“Feng!” The five fingers spread open, directly blocking the ancestor, and Qin Tiange was thrown into the conscious sea space to suppress it. This is the third foreign ancestor.

“Damn!”

Over there, the remaining remaining ancestors of the Tianlong Star tribe were furious, watching eight and a half ancestors killed two, and then six sacrifice awakened the return of an ancestor, but they were also severely killed.

He knew, however, that the awakened ancestor had absolute ancestor-level combat power, but was actually killed by Qin Tiange.

And he is only the first ancestor, how can he fight this terrifying and terrifying human?

“It's your turn!”

Qin Tiange finished killing the ancestor, and looked at the horrified ancestor with a look of horror, with a cold smile on his face.

He said that the disappearance of the body suddenly appeared in front of the ancestor of the Tianlongxing tribe, and his eyes were radiated with two beams of coldness.

“kill!”

The other party was frightened, a roar of instinct exploded, and the power of an ancient gene burst out, and the ancestor's energy burst out.

Qin Tiange waved his fist with a bang. The two collided, the burst of power annihilated each other, and they both retreated for dozens of meters before stopping.

There is a difference in the ancestor class. The ancestor of the opposite ancestor is extremely powerful, and there must be more than three star cores hidden in the body.

Moreover, the awakened ancestral blood in the blood vein gene contains ancient and powerful energy, and some can even increase its combat power by ten times.

boom!

The two rushed to each other and punched each other. Qin Tiange's cheeks were sunken, but the other side was smashed half of his face, stubborn and weak, at a glance!

Qin Tiange rubbed his face, and the wound healed instantly. Looking at the ancestor of the opposite ancestor, the broken half of the face recovered at a speed visible to the naked eye, but it was too full.

“If you don't have other skills, then you die.”

As soon as the words fell, Qin Tiange's figure disappeared, and the whole person lost his trace. No matter how the ancestor of the first ancestor felt, he didn't catch it.

boom!

Suddenly, a fist penetrated the space, slamming his back, and a rattling sound came from his spine, breaking three.

The terrible punch caused the ancestor to fly hundreds of meters away. Then, before he stopped, Qin Tiange quietly appeared on top of his head and stomped ***** his head.

“Ah ... black hole celestial body, let me die!”

The first ancestors were in a critical moment, and even opened their mouths to spit out a horrible thing. The black sphere was like a dark star.

boom...

When this sphere appeared, all the light sources were absorbed within tens of kilometers around it. The powerful suction almost swallowed the hundred thousand ancient war spirits. The eyes were not good. Qin Tiange directly recovered the hundred thousand ancients with the seal of the emperor. Fighting spirit.

Booming ... black holes erupted, flowers and trees within a radius of ten kilometers, and rock and soil were sucked into them.

Qin Tiange's face changed slightly, looking at the black celestial body that hit him, devouring light and countless things, like a black hole.

That's right, that is a black hole for a moment. It is the ancestor-class powerhouse that directly used one of its own star cores as a medium to self-explode like a star collapse, forming such black star cores, which produced a black hole effect.

“Black hole celestial body, you are fierce!”

Qin Tiange looked solemn, feeling a strong suction coming, trying to get rid of this ten-meter-old black celestial body was extremely difficult to find and was swallowed a little.

The black celestial body constantly radiates endless swallowing power, swallowing everything within a radius of ten kilometers, and completely crushed into molecular energy devouring and absorbing.

Even if the light source is absorbed and devoured, the whole area is in darkness, and the black hole is allowed to devour everything here.

Qin Tiange did not expect that the ancestor-level strongman directly used the star core to explode to simulate the collapse of the planet into a black hole to attack the enemy.

This is a method of self-harm. Generally speaking, no one will use it, because once it is used, it is equivalent to one star nucleus forever.

Rumble ...

A black celestial body transformed into a star nucleus is a black hole that engulfed all things. Trees were uprooted and directly loaded into the black celestial body. They were hanged into powder and energy was absorbed on the spot.

Even if it is rock and dirt, they are all crushed one by one and cannot be left behind. The light is firmly attracted and cannot escape.

“Ha ha ha ha ... boy, wait for your death slowly.”

The ancestor of the ancestral class laughed wildly, with blood spurting from his mouth. He used a star nucleus to turn into a small black hole to hang and kill Qin Tiange, and was naturally severely wounded.

Qin Tiange struggled hard, Pangu blood roared in his body, broke away from this attraction, but, because he was too close to the black hole, he could not get rid of this suction.

Gradually, Qin Tiange was sucked onto the black celestial body. Immediately, the endless stream of energy drowned him directly, and he was completely destroyed here.

“I don’t believe that simulated black holes can trap me.”

Soon, Qin Tiange calmed down, his eyes were stern, and he looked at the black hole celestial body that emits horrible black light above his head, devouring endless material.

“Forbidden time and space!” A light drink, the black hole celestial body stopped for a moment, the suction disappeared, Qin Tiange took the opportunity to growl, his body suddenly pulled up, full and tall, and the whole person exuded a quaint vicissitudes.

“Power of Pangu!”

With a loud drink, accompanied by Qin Tiange’s drink, Pangu’s blood boiled in his body, as if a raging flame was ignited, full of destruction and anger.

Seeing Qin Tiange’s changes, the ancestor was finally panicked.

“Black hole celestial body, burst!”

With an extremely loud roar, the black celestial body in the sky suddenly expanded, dissipating a more horrible suction

“Open the sky!”

Qin Tiange held up the ancient sword, ancient veins spread all over the muscles of the body, and then, the power of opening up the pangu blood burst into the sword body.

With a click, as his sword slowly fell, the rapidly expanding black celestial body slowly cracked a gap, getting bigger and bigger, and finally disappeared with a bang.

“impossible!”

The patriarch-level strong was terrified, watching Qin Tiange split the black hole celestial body, the horror suction disappeared without a trace.

“You can die!”

Qin Tiange suddenly turned around and fluttered with a sword. The figure appeared suddenly behind the ancestor, and quietly retracted the ancient sword.

“Okay, a terrible sword ...” Behind him, the ancestor of the ancestral class had a stiff face, lowered his head, and watched a terrible sword mark emerging from head to toe Confused, true spirit Crashed, and finally died.

Qin Tiange killed this ancestor-level strongman, and the rest is not scared at all. The emperor level and even the first emperor level were all cut and killed by the sword demon.

At the scene, only more than 5 million fighters of the Dragon Galaxy were left panicked, surrounded by tens of millions of armies, and strangled a little to eat.

“Master, there was a change in the ghost gate, and the ghosts were crying for hundreds of kilometers, and all the monitoring equipment set up there was damaged.”

“Furthermore, there is news from the base on the Pangu continent that a huge alien force has arrived, and the target is our eastern Asian plate continent.”

At this moment, two news came from the self-consciousness, and the ghost gate changed, and an endless amount of ghost spirit suddenly erupted, flooding the area of hundreds of kilometers, and the ghost was crying and shaking.

“It’s up to you here. Be sure to annihilate the alien army and tell the other expeditionary teams to wipe out the resistance of Asia in ten days. There can only be one voice in Asia.”

After Qin Tiange said sternly, he directly invited the sword demons and sent messages to other ancient human sages who were preaching everywhere. Eighteen ancient sages gathered at the ghost gate.

Chapter 615 - Lead 18 sages into the ghost gate

The ghost gate changed, and within five hundred kilometers, the ghosts cried and wobbled, and the grievance resounded, as if **** had come to earth, and the earth was shaking for a while.

Huh!

Dozens of strong horizontal figures appeared together, watching the infinite ghosts coming in front, about to be drowned into the nearest Huaxia base.

Nineteen people floated quietly in the void, headed by Qin Tiange. Eighteen sages stood behind them, all indifferent expressions, looking at the immense amount of ghostly gas coming from the raging flames.

“roll!”

With a loud drink, accompanied by a horrible breath sweeping away, with a rumbling sound, the ghosts of the sky collapsed and disappeared, the ghosts stopped, and they did not dare to take a step forward.

Qin Tiange floated above the base, attracting the attention of countless survivors of China. After seeing the Supreme Leader, they were all excited.

“Look, leader, here is the leader.”

“When the leader comes, we don’t need to worry about those ghosts and evil spirits.”

“Yes, follow the leader and destroy the restricted area.”

For a while, hundreds of thousands of people were boiling below the base, and Qi Qi shouted, thinking about following Qin Tiange, the leader, into the restricted area and leveling the restricted area.

Seeing hundreds of thousands of people enthusiastically going to follow him into the restricted area for a war, Qin Tiange smiled, and this was a good phenomenon.

War is not necessarily a bad thing. In such a turbulent era, only with full-hearted blood, can the battle be burned along the way.

“Comrades, the restricted area has changed. You retreat first, and my sages entered the restricted area to find out.”

After Qin Tiange finished speaking, he nodded to eighteen sages such as Li Bai, Dugu, and Li Zijun, and both rushed into the restricted area, depending on what happened.

Watching Qin Tiange rush into the restricted area with eighteen sages, for a while, hundreds of thousands of people here were disappointed, and failed to follow the leader to get familiar with each other, let alone make a contribution.

However, the person in charge of the base here still obediently evacuated everyone at the base. This place has been affected by endless ghosts. Under the ghost fire, endless evil spirits are flying in the sky, making a terrible roar.

Oh oh ...

“Ha ha ha ha ha ha ha ...”

“Kill kill!”

In the restricted area, the roar of infinite grievances, the laughter from hell, the roar of ghosts, and the horror of shouting and killing were intertwined into a horrible hell.

The evil spirits fluttered in the sky and rushed towards Qin Tiange and others. Unfortunately, they were all wiped out by the black particles dangling from his body, leaving only a soul ball.

“Come out, kill the ghosts!”

Qin Tiange’s cold hum, directly throwing the emperor’s seal, the instrumental spirit emerged, the hundred thousand ancient war spirits appeared in unison, the explosive terror of the blast, swept past, swarmed with countless ghosts to devour.

Killing all the way and swallowing all the way, the 100,000 ancient war spirits are invincible here. There is no grievous evil spirit who can resist and is completely crushed and devoured.

“Linger, you are responsible for strangling the ghost, I’ll go to Guimen to see.”

Qin Tiange dropped a sentence and rushed straight into the restricted area, the ghost gate.

Behind them, eighteen ancient sages came along one after another, and they never encountered any monarch-level ghost king, let alone ghost emperor and ghost emperor.

Here are completely endless ghosts, very ordinary, the strongest are only ten stars, but the number is too scary, endless.

Within a radius of 500 kilometers, the sky and the ground are completely dense army of evil spirits, sweeping out in all directions.

Depending on the situation, there are still more evil spirits pouring out of the ghost gate. Is this to be born completely?

“My lord, evil spirits are the most weird among the hundreds of stars. Once they have surpassed the ancestors, it is extremely difficult to kill them.”

“Yes, my emperor must be cautious. We suspect that this is an ancient battlefield fragment of our tribe that fell on the ancestral land. It should suppress many tyrannical evil spirits.”

Around him, Li Bai seriously reminded him that Li Zijun on the side nodded and expressed his own knowledge and suggestions.

Listening to the two reminders, Qin Tiange nodded and said, “I have something in my heart. I was just trying to force them back into the ghost gate and stayed still for a while.”

“But now it seems that these evil spirits are suddenly pouring out, and there must be a repressed terrible evil spirit among the ghost gates.” Qin Tiange looked coldly.

He sneered: “Since you dare to run out, there’s nothing to say. Today, I broke into the ghost gate, flattened this restricted area, transformed it into our back garden, and gave herds to herds for future generations.”

“Wish to follow my queen and level the penalty zone!”

The eighteen sages, including Li Bai, Dugu, and Li Zi, were all excited, with excitement, and flexing their muscles. This is the true character of the human race.

What happened to the restricted area? Dare to influence the life of the human race, then he completely smoothed it out, and transformed it into the back garden of our human race, allowing future generations to graze sheep and cattle.

“A big breath!”

At this moment, a cold humming voice came from the front of the ghost gate, and a huge ghost swelled.

It was a ghost emperor, or a half-ancestor-level ghost with scarlet eyes, three terrible ghost horns on his head, and stared at Qin Tiange and others fiercely.

“Little tribe, dare to speak wildly, threatening to flatten out our land of evil spirits? Still want to transform the adult garden?”

This half-ancestor-level ghost snarled fiercely, and then laughed wildly, looking very funny, and felt that these dozens of people were too arrogant.

“Off!”

Suddenly, there was an icy word next to me, and I saw Dugu sword demonstrating gently with a finger, and the void cracked open a sword mark.

The dark sword-mantle, with the meaning of destruction, passed all the way, the space was divided, and finally cut off this semi-ancestor-level Li Gui body.

“Destroy the sword ...” The half-ancestor looked terrified, and the three horns first turned into powder, then the head and body turned into powder one inch by one inch.

One sword spike, the sword of Dugu Sword Demon was born solely for killing, and exists for destruction.

“It’s a sharp sword. One sword can destroy everything. It is indeed the sage of my race.” Qin Tiange had to sigh.

The sword demon lonely smiled with a modest smile: “My emperor is ridiculously praised, there is still a little gap compared to Taibai brother’s Qinglian sword song.”

Oh? Qin Tiange was curious and looked at Li Bai. The latter looked wild and uninhibited, and Youyou was drinking, as if in his eyes this was not a restricted area, but a good place to drink poetry and enjoy the moon.

“Go and see why the evil spirits came out of the nest.”

With a serious face, Qin Tiange walked directly to the huge ghost gate, looking at this dark portal, full of ghosts and evil.

In the ghost gate, endless evil spirits emerged, roaring, roaring, fierce, as if to engulf countless souls.

But in the face of Qin Tiange and the Eighteen Sages, these evil spirits are not enough to look at. They can crush these evil spirits with only one eye.

Groan!

The black light of the sword demon’s eyes flashed, a terrible sword surged out, and the countless evil spirits crushed in front of it, smashed on the spot.

This is sword intention, crushing opponents with a strong kendo will, and its power is not at all able to be blocked by these evil spirits.

The eighteen spirits erupted at the same time, each destroying the countless evil spirits and ghosts emerging from the ghost gate, and finally made the ghost gate seem a little empty.

“Huh, it seems that the contents are trying to get us in.”

Qin Tiange glanced to understand what was going on. This was to attract them into the ghost gate.

Look at the army of endless evil spirits that are pouring out. There is no king level, there is only a half-ancestor level ghost who is guarding in front of the ghost gate.

This point, the fools all understand, this is to attract Qin Tiange and eighteen ancient human sages into the ghost gate, the purpose is unknown.

“My lord, there must be fraud, be careful.”

The giant spirit said in a whispering voice, carrying a pair of huge warhammers, his muscles swelled, his powerful momentum exuded, and he was not afraid at all.

Why didn't Qin Tiange know about his reminder? However, he is not afraid. His strength is enough to enable him to have this confidence, together with eighteen unpredictable ancient human sages. This is the main reason why Qin Tiange tried hard to level the penalty area this time.

“No matter what his conspiracy is, he will be beaten to death!”

Qin Tiange snorted, stepped forward, smashed a punch on the dark ghost gate, and when the loud noise rang out, the entire ghost gate trembled.

Many evil spirits were shocked to death on the spot. It is not difficult to see how terrible the fist contained in this fist, and the whole ghost door buzzed and trembled.

“Go, break into the ghost gate, kill him upside down!”

Qin Tiange vacated the sky and jumped up. He waved his fist and directly hit the gate of the ghost. Suddenly, a shocking wave broke out inside, and fierce fighting came.

“kill!”

Li Bai was serious, and raised his sword to kill him. A blue edge surrounded him, and he darted a sword into the ghost gate and hit it directly.

“Wish to follow the emperor and ban the penalty area!”

Eighteen sages, including Li Bai, Sword Demon Guru, and Li Zijun, followed suit, erupting their respective arrogance and breaking into ghost gates.

This time, Qin Tiange was so relieved that he could destroy this restricted area and completely pacify the threat of the soul-stealing restricted area before he could rest assured.

As the saying goes, do you let others sleep by the couch?

“Bold!”

Rumble ...

There was a loud drink from the Ghost Gate, accompanied by waves of horrific fighting, which caused the turmoil of the entire Ghost Gate. As if it was about to break apart, it was scary.

A stream of ghostly fire surged, then broke up, the sword was magnificent, revealing endless slaughter, and disturbed the endless ghostly fire in the ghost gate.

“Kill, ban the penalty area!”

Suddenly, Li Xiao came out of the ghost gate, it was Qin Tiange's voice, and he was so angry with endless fierceness.

A violent violent vibration came out, accompanied by pieces of broken flesh and blasted out, inserted in the shashu around the ghost gate, exuding a sense of anger.

It was the corpse fragments of arrogant and powerful ghosts, at least the ghost-level ghosts of the ghost emperor level, but splattered and blasted out.

“Roar ... Close the ghost doors and kill them!”

Suddenly, an extremely eerie horror roar came from the ghost gate, and then, the ghost gate closed slowly, with a bang, completely closed, unable to enter or exit.

Qin Tiange and the eighteen ancient human sages were locked in the ghost gate in this way, facing the mysterious and terrible powerful spirits, the Emperor Seal Spirit couldn't help worrying.

Chapter 616 - How to cut off the ghost ancestors on the bridge?

In the gate of the ghost, nineteen powerful figures rushed to death, killing one after another.

The eighteen sages joined forces and entered Qin Tiange with Qin Tiange, but none of them was an opponent, completely crushed and killed.

“Woohoo ...”

There are fierce ghosts roaring, a huge body covering one side, overcast, raging, ghosts, but unfortunately they were beaten and crushed by a shadow and a pity.

Qin Tiange came out of the air, his fists waved, and he killed all the blocking ghosts.

boom!

A palm split, an emperor-level evil spirit in front of him was miserable, his body shattered into black gas, and only a soul bead was left for him to collect.

Qin Tiange didn't know how many he had killed, anyway, after stepping into the ghost gate, the number of fierce ghosts above the king level is unclear, he can't kill them, he can't cut them all.

He killed eight thousand without ten thousand, as if the piece of broken earth in the ghost gate, hiding endless tyrannical ghosts.

boom!

Just as they were killing and killing, a huge roar came from deep in the dark soil, and then an ancient stone bridge straddled the void and slammed in front of Qin Tiange and others.

The stone bridge is divided into three layers, the upper layer is red, the middle layer is black, and the lower layer is black, revealing an ancient vicissitudes, which is stunning.

Seeing the horrible stone bridge running through, Qin Tiange punched him with a punch, and his body was knocked flying.

The eighteen sages stepped back, guarding Qin Tiange, and quietly looked at the mysterious and terrible three-story stone bridge in front of them.

On the stone bridge, three spooky characters are portrayed.

“What bridge?”

Qin Tiange’s face was condensed, and he looked at this three-story stone bridge in surprise, turned out to be the legendary Naihe Bridge. It is rumored that there is the Wangchuan River under the prefecture, and a stone bridge above the river is the Naihe Bridge.

Could it be that this ancient and mysterious three-story stone bridge in front of me is actually the legendary Naihe Bridge? However, isn’t Naihe Bridge in the prefecture?

Also, there are so many ghosts here, evil spirits are everywhere, and ghosts are rampant. What looks different from the land government?

“Human race, dare to break into the shade, so brave!”

On the upper level of the stone bridge, a black figure emerged, wearing a ghost robe, with a five-claw black ghost dragon engraved on it.

Behind him, eight half-ancestors, thirty-six ghost emperors stood up, and then all were dense ghosts of ghost emperor level, with a total of three thousand, standing quietly on the stone bridge.

And the figure wearing a black ghost dragon robe has an ancient and arrogant atmosphere, and it is exactly a ancestor of the ancestor level, which is exactly a tyrant.

“Three thousand ghost emperors, thirty-six ghost emperors, eight ancestors, very good, this is a rich dinner of the ancient war spirit.” Qin Tiange eyes widened, looking at the arrogant ghosts gathered from the opposite , As if watching a plate of dishes.

Unable to look at his eyes, the ghost ancestor was gloomy, and his pale face flashed with anger.

He said in a somber tone: “Let it be in front of our ancestors and wait to suppress you under the Naihe Bridge and torture your soul for 10,000 years.”

boom!

As soon as the words fell, I saw the three-storey stone bridge flying suddenly, and suppressed it severely, with endless coercion, as if the whole ***** was cracking down.

Faced with such a powerful crackdown, Qin Tiange looked surprised, looking at the ancient and mysterious stone bridge, but did not expect it to be an extraordinary treasure.

“My lord, Nai He Bridge is rumored to be a mysterious space-time treasure. It can penetrate time and space, and its power is extremely scary, but he cannot exert his power.” Li Bai drank the wine and introduced the history of the bridge .

After hearing this, Qin Tiange’s eyes brightened, and he stared at the Naihe Bridge, which was suppressed by the rumble, turned out to be a treasure of time and space.

“Space-time treasure, hey, since you can’t exert its power, then give it to me.” Qin Tiange suddenly showed a sneer, his body turned into a black particle and disappeared.

The eighteen sages flickered, and each avoided the suppression of Naihe Bridge, and surrounded them in all directions, struck their own strength, and temporarily locked it firmly.

They saw it. Qin Tiange even took the attention of this treasure. Seeing this, the sword demon could not help but ask: "You said, can my emperor take the bridge of Naihe?"

"It is rumored that Nai He Bridge is a mysterious and invaluable treasure in the universe. Its origin is unknown. It can suppress the soul, obliterate the true spirit, penetrate time and space, and lead infinite souls to enter the land."

"Furthermore, the spirit of Neihe is at the level of time and space. At present, it seems to be falling asleep. If he wakes up, he may irritate the other party, which is a bit dangerous."

Regarding the concerns of the eighteen sages, Qin Tiange didn't care about it at all, and the incarnation black particles appeared on the bridge of Naihe.

"Look to death!" The ghost ancestor shouted, and the eight half-ancestors behind them snarled and rushed up. The thirty-six ghost emperors formed a powerful array, and the three thousand ghost emperors turned into a ghost array and directly covered Qin Tiange.

Seeing Qin Tiange shrouded in a ghost array, the ghost ancestral laughed: "The arrogant people, dare to step into the ancestor's unparalleled ghost array, then you wait for the soul to be refined."

"Resolve the eighteen human races first." The ghost ancestors glanced around the eighteen human race sages, smirking.

He intends to solve these people first, and then slowly makes Qin Tiange. It looks like he is the leader and has the highest status.

boom!

Suddenly, there was a violent roar in the ghost array, accompanied by a scream, and then the broken corpse flew out, and it fell on the Naihe Bridge and was absorbed strangely.

Banging, the ghost array shattered, a fragmented corpse spilled, and three thousand ghost emperors were killed, and all soul beads were taken away.

Among the thirty-six ghost emperors, only two ghost emperors survived, and half of their bodies were gone. The situation was miserable, and they looked at the proud figure in the center of the ghost array in horror.

Of the eight half ancestors, six were killed, and the broken corpses were scattered all around. Two of them were perforated by Qin Tiange with one hand and one through his head, grabbed the soul beads, and crushed the true spirit.

"What's the matter?" The ghost ancestor was stunned, looking at his most proud three thousand ghost emperor, plus thirty-six ghost emperors, eight half-ancestors, was killed.

He widened his eyes and watched Qin Tiange leave two half-ancestor corpses, stepping on one foot and killing the last two ghost emperors. Then he reached the center of Naihe Bridge and came to the ghost ancestor.

“Your men are dead, are there any, and some of them will be released soon to let me kill a few more.” Qin Tiange came up with the first sentence, almost let the opposite ancestor vomit blood.

Killing all his elites is still not enough, and you want to continue to kill?

“you wanna die!”

The ghost ancestor shouted and slammed into the palm of his hand.

Bear!

A cloud of gray flames came out, and a bang, the ghost fire broke out, revealing that white ghost hand was about to be caught in Qin Tiange’s face.

Seeing Qin Tiange waving his arm and punching out, a crackling sound came, and the ghost hand flexed and cracked on the spot, and the powerful force flew him out.

Qin Tiange was breathless, his black hair was dancing, and he stepped forward, splitting his palm on the ghost ancestor.

Bang bang ...

The two powerful men collided fiercely, Qin Tiange’s fists waved, and the ghost ancestors retreated back and forth, looking paler and paler.

The ancestral wolf was embarrassed, but it was able to stop Qin Tiange’s violent attack, which surprised him and secretly paid attention.

“It turned out that Nai Heqiao blocked most of the damage for you. No wonder it was able to block my full attack.”

Soon, Qin Tiange saw the difference. The ancestor of the ghost had the power of blessing from the bridge. Although he could not exert his due power, he still got a lot of blessings.

“It’s my time and space treasure.”

Qin Tiange’s pupils suddenly lighted up, and he sighed loudly, his body filled with a mysterious and terrible breath, and Pangu’s blood was boiling.

With a bang, the ancient sword came out of the sheath and cut the void with a touch of sharpness, as if a sky mark had fallen down, unstoppable.

With a click, a mark of the sky fell off, and the ghost ancestors shouted, and a continuous stream of raging ghosts and fires continued to resist. As a result, the body was cut in half by the marks of the sky.

“The mark of the heavens ...” The ghost ancestor looked stiff and looked at Qin Tiange, who was quietly collecting a sword in front of him, his body slowly cracked, his true consciousness was blurred, and eventually he disappeared.

The marks of the heavenly Tao, but they contain the power of a certain Tao, which can directly cut off the true spirit, which is a manifestation of the power of the Tao.

Qin Tiange sighed softly and murmured: “The traces of the heavens have become deeper and deeper. Pangu’s blood has now reached the limit of 10%, which is enough for the blood to return to the ancestors and enter the ancestor level.”

It turned out that Qin Tiange had not yet entered the first ancestor class, but only relied on the blood of that group of ancestors to break through to the top of the first emperor class, and completed the breakthrough with the power of an ancient soul.

After the breakthrough, the ancient power in the genetic blood was awakened, and Pangu blood was awakened, which made him extremely scary.

“How can I overcome it?”

At this point, the ghost ancestor was killed, and the mysterious stone bridge was still motionless, floating here quietly, as if out of control.

This quaint stone bridge reveals the mottled traces of years, as if from the depths of endless space and time, the horrible treasure that can penetrate time and space.

“My lord, every treasure above the level of time and space has a true spirit space. As long as you enter it and put your own mark on it, you can get some control of the treasure.”

At this time, Li Bai and others quickly flew up to Naihe Bridge, came to the side, and spoke this prompt.

Qin Tiange thought a little bit, and started to stroll on the Naihe Bridge. He saw a pavilion at the end of the middle of the stone bridge, and a strange blue boulder stood on the pavilion.

Seeing this mysterious cyan boulder Qin Tiange showed a strange color on his face, and looked strangely at the strange stone in front of him.

“Sansheng Stone?” Qin Tiange asked suddenly, something strange in his heart.

Li Bai and others looked at each other, all looking at the mysterious boulder in front of them, which was engraved with three quaint characters, shining green, and it was Sansheng Stone.

Neihe Bridge, Sansheng Stone?

Qin Tiange looked weird and looked at this mysterious strange stone, which is the rumored three-life stone, and felt a mysterious and unpredictable breath fluctuation from the stone.

“It’s a strong breath, isn’t it possible, Sanshengshi and Nai Heqiao are the treasures of time and space?” Qin Tiange’s face changed slightly, making this guess.

“Sansheng Stone, rumors record a person’s past and present life, don’t know true or false?”

Qin Tiange murmured to himself, stepped forward, reached out his hand, and gently touched the mysterious three-life stone.

Wow!

A gleam of blood appeared, and the Sansheng Stone lit up.

Chapter 617 - 3 Raw stone front mysterious girl

As Qin Tiange reached out and touched, the Sansheng Stone Moments lit up a dim blue light, and then a few lines of blood-colored fonts slowly appeared on the blue stone.

Three lives, three lives, inscribed on the stone, past life, this life, the next life!

Looking at these fonts, Qin Tiange’s heart was ebb and flow, and he fixedly looked at the first scarlet word, past life.

In his previous life, only he himself knew, could this stone really understand all the things and secrets of his previous life?

“Look, don’t look?” Qin Tiange’s face changed, his heart tangled.

In the end, he slowly stretched out his fingers and pointed at the two blood-red characters of the “previous life”. At a moment, the two blood-colored characters turned into a hazy mysterious blood light that enveloped Qin Tiange, and he stopped him all.

On the Sansheng Stone, a picture appeared in front of Qin Tiange. However, there is nothing in this picture. It is chaotic and fuzzy, and there is no trace of previous life at all.

“What’s going on?” Qin Tiange froze, staring blankly at his own past records, nothing at all.

With a movement in his heart, he directly clicked on the two fonts of “Jinsheng”. At that moment, a hazy light poured out from the sansheng stone, and then a light curtain emerged.

This is a picture of this life and this life, which records the trajectory of Qin Tiange’s life.

But why not have his birth record or even his childhood growth memory? Only the scene where he was abducted before the end of the day, why?

Qin Tiange stared blankly at the picture in front of him. In the picture, there was nothing before his eighteen years old, nothing at all, as if it were blank.

The record on Sansheng Stone was only the moment he was born again, but there was no previous record. This situation made Qin Tiange dumbfounded.

From the beginning of the rebirth of Doomsday, everything that has been experienced all along is clearly replayed. On the screen, Qin Tiange rises from Doomsday all the way to the point where he is now.

After watching it, Qin Tiange’s face became more and more calm, his eyes remained unchanged, and he looked quietly at the mysterious three-life stone in front of him.

“Why is there nothing in the previous life, but this life is incomplete, then in the next life?”

Qin Tiange suddenly realized that he looked at the three living stones in front of him, shook his head, and suddenly felt a little funny, he even believed a stone?

Something that can clearly record a person’s past, present, and even afterlife is a bit scary.

“Let me see, what is my afterlife?” Qin Tiange showed a hint of sarcasm, and clicked on the words afterlife.

I saw a ray of light emerge, and a picture appeared on the Sansheng Stone. Unfortunately, there was nothing on it.

Qin Tiange laughed dumbly and murmured: “I think too much, what three life stones, what past life, this life after life, all are a joke.”

Said that he was about to turn around, but at this moment Sanshengshi suddenly burst into a strong light, so that everyone in the room could not open his eyes.

Qin Tiange’s face changed, he quickly retreated, raised his hand to this light, and looked through the light with the power of time and space. Vaguely, a hazy figure stood in front of Sansheng Stone.

“Who is she?” Qin Tiange looked horrified, but he didn’t find it appropriate to have a hazy figure out?

“I’m willing to transform into a stone bridge, just for you to return in the middle of the red dust, I just hope to see you again ...”

An empty whisper came from the heart, deep into the bones, as if with an inseparable sorrow, and an infatuated love.

“Who is she?”

The faces of Li Bai and others changed greatly, because in their realm, they couldn’t see how the dim figure appeared.

In front of the Sansheng Stone, the graceful figure was dressed in white, fluttering like a fairy, snow-white long hair dancing without wind, without any decorative embellishment on the body. China.

She has no breath, can’t feel it, can see but can’t feel it, close her eyes, but can’t feel any breath, as if she doesn’t exist.

“Best reincarnation ... are you back?”

With a murmur, I saw the mysterious woman slowly looking back, what kind of face was that? Words are not enough to describe her, maybe only a “xian” word can describe her beauty.

But this is not the point. What Qin Tiange cares about is that the mysterious woman glanced back at him. The whole person suddenly fell like an ice cave, covered with cold, stiff, and unable to move.

Bang Bang!

Li Bai and others flew up inexplicably, and were confined outside the stone bridge by a force, leaving only Qin Tiange alone by the mysterious woman and looking back.

“Even the power of space-time taboos has been sealed?” Qin Tiange looked dignified, looking at the mysterious woman who was just looking back.

What level of terrible power would this hold him in a glance?

“There is no previous life, this life is incomplete, the next life is not obvious, you, not him ...”

Suddenly, the mysterious woman spit out a sentence, revealing endless loss, so that Qin Tiange felt a little intolerable.

But he came to his senses and had no previous life? This mysterious woman says she has no previous life, so what is he to be born again?

Seeing that the mysterious woman turned back and was about to disappear, Qin Tiange opened his mouth and shouted, “Wait, I have something to ask you.”

Huh!

A gleam of light swept over and slammed, Qin Tiange hit the stone bridge and flew into his mouth with a little blood.

He didn’t care, but wiped the blood on the corner of his mouth, stood up, fixed his eyes, walked to the original position, and looked at the woman’s back.

“You say I have no previous life, and this life is incomplete. What does this mean?” Qin Tiange asked this sentence solemnly.

The woman paused for a while, and said an indifferent saying: “Without previous lives, you have a source without a source, and this life is incomplete, that is, your life is incomplete, you are a life without a past, without a future, this life An incomplete and incomplete life should not exist in the world, but it appears strangely in the world. “

After that, the woman disappeared without a trace and never appeared again, and Qin Tiange was stunned by her words.

He was stuck on the stone bridge, thinking about the meaning of that sentence, which made him feel bad all over.

Without a past life, there is no past and no source, and this life is incomplete, which means that his cry is incomplete and missing a part.

And the afterlife is not obvious, that is, he has no afterlife, and ca n’t even reincarnate, which means that he has no afterlife.

“I don’t have a previous life? What was the life before my rebirth?” Qin Tiange was a little confused, but he was forced to suppress it and calm down.

With no time for Bingxin to turn, countless chaotic thoughts were frozen. After calming down, Qin Tiange looked at the Sansheng Stone.

boom!

Suddenly, the Nai He bridge flew out, and Qin Tiange flew out. Then, the simple and mysterious three-story stone bridge suddenly broke through the void and penetrated the river of time and space and disappeared directly in front of everyone.

Looking at the disappearing Naihe Bridge, Qin Tiange's face was calm, his eyes flickered slightly, it was not clear what he was thinking.

On the bridge, who is the mysterious woman in front of Sansheng Stone, and where did it come from?

“You sages, have you ever seen that woman?” Qin Tiange had to ask Li Bai and others.

However, Li Bai and others shook their heads, all confused, and never heard of the existence of the woman, not to mention mentioning it.

Moreover, listening to what she said just now, it seems that she has gone through the reincarnation of the 100th century. How terrible is that?

“Best reincarnation, she has such a great ability to reincarnate again and again and keep her memories?” Li Bai said solemnly.

Sword demon and others have a serious look, and they all have a feeling of hairiness in their hearts. As long as one thinks that someone can maintain a century of reincarnation without losing memory, it feels really bad.

“This woman is mysterious and unpredictable. Nai Heqiao is related to her. Unfortunately, there are not many rumors, not even any rumors about her.” Li Zijun shook her head and sighed.

Looking at the disappearing Naihe Bridge, Qin Tiange smiled bitterly and sighed: “This woman seems to be waiting for someone to return. It should be waiting for her lover. Didn't expect that such a woman and love existed in the world?”

“Three lives and three, have you never forgotten the reincarnation of Best?”

Qin Tiange murmured to himself, then shook his head and no longer thought about it, the identity of the woman was not his business, and he came here to flatten the restricted area.

“Well, Naihe Bridge left through time and space. Without the obstruction of Naihe Bridge, let us see what secrets are hidden here.”

After Qin Tiange finished speaking, he took the lead and walked on this desolate and gloomy land. Around him, the evil spirits seemed to be gone.

But everyone knows that it is not gone, but it was out of breath when Nai Heqiao appeared just now, and they all retreated.

Now when He Heqiao walked away, it seemed that the things suppressed on the heads of countless evil spirits were gone, and the fierce evil spirits ran out, screaming and roaring excitedly.

“Is this really a piece of shady soil?”

Along the way, Qin Tiange couldn't help frowning. Under the ground a terrible pale hand came out and wanted to catch them and drag them into the ground.

No matter in heaven or underground, there are lonely ghosts, powerful evil spirits, terrible ghosts everywhere.

Rumble ...

At this moment, the whole treacherous land suddenly violently shakes, and countless evil spirits and ghosts scream excitedly and worship madly.

Seeing this, Qin Tiange and Li Bai and others looked serious and felt a terrible and terrifying atmosphere, fierce and towering.

"Not good!" Qin Tiange said, looking dignified: "The Naihe Bridge is probably the treasure that suppresses here, but it suddenly ran away. Now there is no suppression of the treasure, and something under the shade is out . "

"Go and see!"

"Be careful!"

Qin Tiange took the lead, and eighteen sages were on guard next to him. Nineteen people reopened the evil spirits and fierce ghosts, and came to the yin earth. They saw a huge and magnificent palace, but unfortunately it was already broken.

Chapter 618 - The mystery of heaven, earth, people, 3 books

boom!

Shade, a majestic hall trembled and towered, even if it collapsed, it still exuded a towering and sacred breath.

Above the broken hall, there are three characters engraved, simple and vicissitudes, endless years.

"Sen Luo Temple?"

Qin Tiange and others looked cautiously and floated here, staring at the majestic palace. The whole body is black and emits a hazy light. There is a kind of sacred breath in such spooky shady soil.

Sen Luodian, isn't it rumored that the land government judges evil spirits?

"Is that legend true?"

Suddenly, Li Bai's complexion changed, and he murmured this sentence, seeming to understand some ancient and unknown secrets.

Qin Tiange frowned, and asked, "Taibai, do you know Sen Luo Dian?"

"I have seen some sporadic records of ancient books. That is the information I recorded when I broke into an ancient tribe ancient place 300,000 years ago."

Li Bai's words almost made Qin Tiange vomit blood, 300,000 years ago? But he soon realized another word.

Just listen to Li Bai solemnly said: "It is rumored that in the universe, three Que Que books were born."

"Too white, you are talking about the three books of heaven, earth, and people?"

Li Bai bowed his head slightly, looking serious, staring at Sen Luodian, saying: "I learned a little bit of records in that ancient ancient book, saying that there had been a book before the birth of the universe, known as the Book of Heaven, which recorded the mystery of the Tao of Heaven. Can understand the mysteries of heaven and earth, break the shackles of heaven, and soar the multidimensional space-time universe. "

"And there is a book in the universe, called the Book of Earth, which records all the souls of the universe's souls. The rumors can get the book of the earth, and they can penetrate the immortal meaning of the true spirit, so that the true spirit is immortal. Eternal. "

"Where's that book?" Qin Tiange asked solemnly.

Just listening to Li Bai's weird complexion, he said: "Humanshu is the most mysterious and unpredictable. There are rumors that it suddenly appeared when the human race was born. No one knows what it says."

Hearing this, everyone looked weird, thinking, is the book so mysterious?

"I thought about it and saw the relevant records." Li Zijun said something suddenly, he said: "It is said that the heavenly scriptures represent the supreme heavenly way, and the earthly books are the only key to record the eternal transcendence of the souls of thousands of souls.

"Renshu, the rumor seems to be a loophole and virus in Tiandao ..." After he said this, Qin Tiange didn't laugh out of danger.

Human books are the loopholes and viruses of Tianshu. Doesn't it mean that the human race is the loopholes and viruses of the entire universe and even heaven?

However, his face changed, and his brain pondered quickly, and suddenly felt that this was really possible. Human race, maybe a loophole and virus in heaven.

"What do you mean, below the hall of Sen Luo, the suppression is the ground book?" Giant Spirit scratched his head and asked stupidly.

When this word came to an end, everyone stared at the Temple of Shenluo in unison, in all directions, countless evil spirits and sharp ghosts rushed up like a pilgrimage, kneeling and worshipping together.

Seeing this, Qin Tiange's eyes flickered and he stared at the broken Senluo Temple. There seemed to be something breaking through the seal below.

Rumble ...

Sen Luodian trembled, and cracked with a click, and finally broke completely.

With the shattering of the Temple Hall, an extremely horrifying light soared into the sky, agitating the entire Yin soil, causing the madness of countless evil spirits, one after another went mad.

With a click, the shade of the earth cracked, revealing a mysterious atmosphere inside, shining brightly, and soaring into the sky, foreshadowing the appearance of a stunning treasure.

“Ground Book?”

Qin Tiange’s face changed slightly, and looking under the cracked shady soil, a mysterious book appeared, which looked like a book, but it was hazy and unreal.

The only thing that can be seen clearly is the cover of the book, which depicts two weird words. It is not clear what the words are, but I can clearly understand that they are the words “ground book”.

Li Bai and others were shocked, looking at the cracks in the shady soil, and they actually sealed a strange book, the book of the earth and the earth, and the book of the earth.

“It’s a book of earth, which records the eternal immortality of the true spirit.”

“This is a chance to escape from heaven!”

“grab!”

For a while, the endless evil spirits went crazy, especially those conscious evil spirits, tyrannical ghosts, and terrible fierce spirits came up and rushed wildly.

Seeing the earth books appear, countless evil spirits are crazy, because the evil spirits are spirit bodies. Once the true spirit of the earth books is immortal, it is tantamount to eternal road.

“kill!”

“The ground book is mine!”

Dozens of semi-ancestor-level fierce spirits reached to death and rushed down, but a melee formed here, and none of them wanted to **** each other.

Not only the semi-ancestors, but the ghost king, ghost emperor and ghost emperor all came, one by one, rushing into the cracks in the shade of the earth, and robbing the local book.

Qin Tiange and the eighteen sages stepped back a little and did not step forward, but stared at the local book in the cracks in the shade of earth.

“My lord, how can there be a land book here, of which there is fear of fraud.” Li Zijun warned cautiously.

Li Bai flashed his eyes and thought for a moment, and said, “No matter whether there is fraud, we must grab the ground books and not let these evil spirits take them away.”

“I see, this local book appears a little strange ...” The sword demon suddenly mentioned, reminding him: “Don’t forget the Naihe Bridge and the mysterious woman before.”

“Did she keep suppressing the ground books here, or was she peeping at the mysteries of the ground books?” Qin Tiange muttered to himself.

Click!

There was suddenly a strange and strange sound under the crack, and then a mysterious light spread out, radiating the entire shadowy world, and countless evil spirits were crazy.

“No, keep your mind and guard the true spirit!”

Qin Tiange’s face changed slightly, and he slammed loudly. The forbidden space of time and space opened, directly suppressing his constantly shaking and beating spirit and soul.

The faces of Li Bai and others changed slightly, each suppressing their own true spirits. Because they paid a huge price to return, resulting in the retrogression and damage of the true spirits, affected by the mysterious light of the book, they were almost taken away.

“too horrible!”

The sword demon and others looked horrified, looking at the mysterious book under the crack, it was incredible that they could take away the true spirit.

Uh ... ohh!

The endless evil spirits roared and poured into the cracks, where they fought wildly. Under the cracks, countless fierce ghosts roared, biting each other, devouring, and furiously killing, completely losing their reason.

Qin Tiange’s gaze fixed, looking at the local book, emitting a dim, mysterious light, even devouring the evil spirits killed around him, his breath became more and more terrifying.

“It’s devouring the soul!” A thought flashed through his heart, Qin Tiange’s expression couldn’t help changing, and he was surprised.

A book was actually devouring the soul, and the infinite evil spirits were swallowed up by it, but all the evil spirits and ghosts seemed to have lost their senses, and swarmed up regardless of it, continuing to fight and snatch.

Earth books, as much as they swallowed, as if the bottomless pit, absorbed the power of the soul that devoured the endless Ligui ghosts, seeing this, Qin Tiange and the eighteen sages could not help but hair.

“This book is too weird.” Li Bai had a solemn expression, carried a green sword, and snarled in his breath, almost violent.

The eighteen sages felt the deepest, and the earth books had the strongest impact on them. If Qin Tiange suppressed it in the time and space forbidden, they might have been taken away at this moment.

Roar!

“The ground book is finally out!”

Suddenly, in a certain corner of the dark soil, a horrible roar suddenly came, with fierce vigor and endless evil intentions.

Qin Tiange and others looked around and saw a horror burst suddenly in the depths of the yin earth, and then a huge rumbling rumbling rose up, his eyes were like two huge blood lakes, staring directly at this The book on the side showed greed.

“Yinshan old thing, that’s mine, you better not grab it.”

Suddenly, another insidious word came, and I saw, on the other side, a black mist gushing out, there was hidden a behemoth, there was an ancient and fierce breath.

“Nigga, are you looking for death?” Yin Shan, the terrible ghost who appeared first, passed by with a ferocious pressure.

boom!

The two breath collided, and the result was evenly divided, but it aroused the vigilance of Qin Tiange, because he felt that these two were not ordinary ghost ancestors, but generations of ghost ancestors above the second generation ancestors.

“The two generations of ghost ancestors didn’t expect to hide until now. They didn’t even enter the Pangu world. They seem to know that the land book is here.” Li Bai said with a wary expression.

The first generation of ghost ancestors was much more arrogant than ordinary ancestors, and even the two were incomparable, one in heaven and the other in the ground.

“Well, it’s a group of little guys of the human race.” Yin Shan glanced over here and saw Qin Tiange and the eighteen sages.

Over there, the **** fiercely hummed: “A group of garbage people, dare to come and peek into the highest book of my evil spirits?”

“act recklessly!”

The two generations of ghost ancestors did not seem to take Qin Tiange and others into their eyes, but he did not take the two ghost ancestors in mind, but stared at the book intently.

Qin Tiange felt an inexplicable throbbing, as if from the true spirit. It seemed that as long as he got this local book, even if it was only a short time, he could get great benefits from it.

“It is necessary to get the ground books, and to gain a little gain from it no matter how bad it is.” Qin Tiange secretly decided.

He is not confident now to seize the land book is not another threat, but the land book itself. Naihe Bridge was an example before, who knows what ghosts are hidden in the more mysterious ground books?

Hum!

At that moment, a buzz came from the earth book, and then an infinite amount of light was emitted. It instantly swallowed up the infinite evil spirits and ghosts, and rose to the sky on the spot, leaving it empty.

“Stop it!”

“Wait for 100,000 years, still want to run?”

Two generations of ghost ancestors Li Xiao, they were ready to go directly. The two ghost hands covered the sky and pressed down, blocking the way of the book, directly imprisoning the void, and disrupting the book that wanted to escape. The only chance.

“Leave it to me, you destroy another generation of ghost ancestors.”

Seeing this, Qin Tiange smiled, left a sentence and disappeared in place, and flew to the Yinshan ghost ancestors and killed them.

The other generation of ghost ancestors was cut off by eighteen sages such as Li Bai.

Chapter 619 - Open the ground book, 1 page of gold paper

With a bang, a fierce battle broke out, and two generations of ancestors tried to seize the land books, but were stopped respectively.

“Human race, look for death!”

The ancestors of the Yinshan Mountain were screaming in anger, turning their hands to support a gloomy hill, and as soon as they were thrown, the hill rose in the wind and turned into an ancient ghost mountain.

Faced with such a terrible mountain, Qin Tiange looked calm, lifted his strength, waved his arm, and thumped a punch on the giant mountain.

Hum!

The fist passed, and the space buzzed and crackled, finally hitting the horrible ghost hill.

I only heard a loud noise, the huge mountain trembled, the ghost fire broke up, the yin disappeared, and he was blown out with a punch.

“Dead!”

Yin Shan’s face was ruthless and he shot it with one palm. The endless ghost fire turned into a huge skull and opened his mouth to swallow Qin Tiange.

I saw Qin Tiange vacating, the ancient sword came out of the sheath, and passed through the center of the skull with a bang. The huge skull flew hundreds of meters before gradually cracking, and finally screamed and disappeared.

“kill!”

Qin Tiange killed, the ancient sword swept across the sky, crossed a scary heavenly sword mark, the strong sword with a sense of destruction, made the generation of the ancestral ghost ancestral Yinshan surprised.

Yinshan roared, his hands were intertwined with strange weird flames, and suddenly turned into a terrible wall of skeletons and ghosts.

Click!

A sword mark of the sky was cut off, the ghost was destroyed, the grieving mourning, and the thick bone wall was broken apart inch by inch, and was finally chopped on the body by the sword mark of the sky.

“Do you dare to hurt your ancestors?” Yin Shan looked angrily, looking down at a sword mark on his chest, blood and water flowing out, the bones inside were clearly visible, and the icy breath was measured.

He was wounded and cut by Qin Tiange with a sword. Moreover, the wound was difficult to heal, and the blessing of the power of the traces of heaven was like a road injury.

“kill!”

The yin mountains were screaming, and a grey fight was drawn out, struggling to kill them, and the force of the force rolled the Quartet ghosts to sweep through.

Uh ...

Qin Tiange waved the ancient sword, his figure flickered, and the swords came out one after another, but they were blocked one by one by the Yinshan Mountain.

The Yinshan side was fine with Qin Tiange alone, but the situation of the **** on that side was not good. The eighteen sages joined forces, and the power was so shocking that the **** had no temper and thundered wildly.

“Ah ... shit!”

Over there, the **** were besieged, miserably mourned, and roared by the eighteen sages, but still unable to escape the siege of the eighteen sages.

Yin Shan looked at the **** so miserably and was full of scars, especially the two sword marks, and almost cut the **** into two parts.

Seeing this, the ghost ancestors in Yinshan couldn't bear the chill. How could this group of people be so horrible? Eighteen half-ancestors had tortured a generation of ghost ancestors, niggas, and almost confessed.

“Damn, where did a bunch of perverts run out?” Yin Shan was shocked, distracted in the battle.

Seeing this, Qin Tiange couldn't help raising a sneer and humming: “Dare you be distracted by playing against me, it seems you are trying to kill yourself.”

“Space prison!”

One finger pointed out, Yinshan had a cold heart, and suddenly felt that the body and the surrounding space suddenly became extremely solid, unable to move, and imprisoned.

His face changed greatly, and he looked at Qin Tiange in horror. However, he did not expect that the other party had the power of space and directly imprisoned the space.

“Tiandao marks!” Qin Tiange drew his sword, and a crackling sound came, and the imprisoned space was cut through a crack.

That is the mark of heaven, cut out in the form of kendo, like a sword mark directly to the powerful Yinshan ghost ancestor.

“Ah ... drive me!” At a critical moment, Yinshan was roaring, a terror force broke out, and the repression of the space cage was broken.

But he was too late to escape, and just moved his body. The sky’s sword marks were cut directly on his body, and half of his shoulders were cut with a click.

Ghost blood spurted, Yinshan screamed, his body was blown out, and half of his shoulders flew aside, exuding a strong and horrifying yin.

“Yinshan Guizu, suffer!”

Qin Tiange drank swiftly, held up the ancient sword with both hands, and Pangu blood boiled, he would kill this generation of ghost ancestors with one sword.

But at this time, the land book originally locked by the two generations of ghost ancestors suddenly glowed with horror and broke away from the restraint.

Hum!

There was a buzzing sound from the ground book, and the imprisonment forces around it shattered, and then it burst into the void to escape.

“No, the ground books are about to run away.”

“Stop it!”

Yin Shan and Nigga’s complexion changed greatly, and they exclaimed, but Qin Tiange’s complexion changed slightly, and he gathered a good force. He didn’t want to wave his sword directly toward the ground.

With a sword open, ancient forces belonging to the Pangu tribe swept across, nothingness crumbled, and space turned into chaos.

With only a click, a sword mark appeared on the cover of the ground book, clearly visible.

Buzz ...

Slashed by a sword, the ground book issued a violent buzzing, like an extreme anger, sending a beam of horrible light to Qin Tiange, coming straight to the sea with his eyebrows.

Seeing the strange light coming from the laser, Qin Tiange snorted, waved his sword, and chopped the strange light with a click.

“Forbidden in time and space!”

Suddenly, Qin Tiange’s body turned into black particles and disappeared. He suddenly appeared in front of the written ground. A forbidden space of time and space directly pressed up, covering the ground and suppressing it.

The two great forces of time and space are directly superimposed on each other, and this local book is instantly restrained.

“Close!”

Seeing this, Qin Tiange did not hesitate to directly receive the ground books, seeing here, Yinshan and **** turned wild.

“you dare!”

“presumptuous!”

Two roars came, accompanied by the mad ancestors of the two generations of Yinshan and Nigger, and they each hit the most terrible blow.

Faced with the two major generations of the ancestor Xeon strike, Qin Tiange had to be cautious, but at the moment he was shocked to find that the land book could not be collected?

Yes, the ground book is still in motion. No matter how he can use his power to shake this mysterious and strange book, it seems that he can't move at all, even more.

Qin Tiange gritted his teeth, his body suddenly disappeared, and then two Xeon powers bombarded the ground books.

There was a loud bang, the ground book trembled, and the power of time and space forbidden collapsed. It was freed by it and it was about to leave.

“Where to go!”

Qin Tiange yelled, his figure emerged, and his palm was pressed against the cover of the ground book.

This time, Qin Tiange did not want to collect the ground books, but instead reached out to open the local book. Want to see what content and secrets are hidden inside?

“You stop two ghost ancestors!”

Qin Tiange yelled without turning back, so he was attentive, raised his whole body strength, and opened the mysterious ground book with his arms.

Buzz ...

The ground books kept trembling, resisting being opened, and an overwhelming light surged to prevent Qin Tiange's practice, but it was useless, and only the first page was opened by Qin Tiange.

A dazzling gleam of golden light permeated all the evil spirits present, and without exception, the body stood still.

“what...”

“No, don't open!”

There was a scream of screams from all directions, and I saw the whole yin earth, suddenly spread by this mysterious golden light radiation, all the evil spirits and ghosts, regardless of their strength, were drawn into the book by this golden light .

The ghost king roared, his body couldn't control being pulled by Jinguang, and he flew into the ground book.

“No, save me, save me.”

“Old ancestors help ...”

There were screams of ghost emperors and emperors, and their bodies were dragged one by one, and they were constantly swallowed by the golden light into the ground books.

Seeing here, no matter Qin Tiange, Li Bai, etc., they were all shocked, and looked at the ground books opened a little by him, and the light filled with gold.

“Roar ... stop!”

Yinshan was roaring, roaring wildly, looking terrified, looking at the book that was forcibly opened by Qin Tiange, and before the first page was completely opened, countless ghosts and ghosts were swallowed directly. Is it okay to open it?

“Ah ...” The ancestors of the two generations, Yinshan and Nigga, were terrified, screaming terribly, and sorrowing in horror. There was even a hint of green smoke on their bodies, which was corroded.

Li Bai and others faced tragic changes, all of them retreated, keeping their minds at bay, each breaking out into the Xeon Power, suppressing their own mind and true spirit.

They looked horrified and looked at Qin Tiange, who was struggling to open the ground book there, but they were expressionless, still turning the first page of the ground book.

“Drive me!”

Qin Tiange suddenly screamed, his muscles were swelled, his blood was boiling, his arms opened this mysterious ground book.

The rumbling sound came like a horrible door opened, and Qin Tiange finally opened the local book.

The golden color is diffused, and the endless evil spirits are illuminated by the golden light. They are turned into powder on the spot. The king, ghost emperor, ghost emperor, half ancestor, and even the ghost ancestor are no exception. They are immediately pulled by this horrible golden light and swallowed directly In the open ground book.

At this point, Qin Tiange froze, staring blankly at the opened ground book, the golden pages flipped wildly, and the countless dense golden symbols on it flickered, interweaving into a piece of truth, as if hiding the world The supreme and eternal immortal mystery His mind is attracted, the entire brain is turning madly, calculating the mystery of these symbols, the soul consciousness and even the true spirit have emerged, and they crazy draw and analyze these mysterious symbols.

Hum!

At that moment, the ground book issued a horrible buzzing, and then Qin Tiange's imprisonment was opened, and then a cracking sound broke out, and it would disappear into time and space.

Qin Tiange was awakened, his face changed drastically, and he grabbed it with one hand, just above the last page of the floor book.

Hissing, the ground book disappeared, and Qin Tiange looked ugly, looking down, holding a sheet of gold paper in his palm.

"It ran away, unfortunately ..." Qin Tiange regretted it, looking at the ground-breaking book that broke into time and space, he shook his head in regret.

Fortunately, at the last moment, his whole body strength Pangu power, time, space, and the traces of the heavens emerged. Finally, he grabbed the ground book and directly tore off a piece of gold paper.

Qin Tiange is curious, this page of gold paper contains mysterious mysteries?

Chapter 620 - The true spirit is incomplete, the restricted area is gone

"My queen ..."

At this time, eighteen sages such as Li Bai and Sword Demon rushed together, all looking pale, the true spirit was damaged, and the breath was somewhat unstable.

Seeing this, Qin Tiange couldn't bear to frown, and asked, "What happened to you, the real spirit is extremely unstable, the atmosphere is chaotic, and the situation is not good."

Li Bai grinned bitterly and said, "My lord, you just forcibly opened the ground book, causing all the evil spirits in the entire Yin soil to be swallowed up. Even those two generations of ghost ancestors were swallowed without exception. Being pulled out of the true spirit. "

After listening to Qin Tiange, he swept around. Sure enough, the ancestors of the two generations of Yinshan and Nigga were gone, and they were swallowed by the opened book.

Even the whole shady soil is empty, and no evil spirit exists, and it is completely empty. Seeing this, Qin Tiange couldn't help the cold, and looked down at a piece of gold paper in his hand, his heart was shocking.

"Why am I not affected?" Qin Tiange frowned, muttering to himself.

Li Bai and others looked at each other, looking a little complicated, and looked at Qin Tiange with a touch of weirdness, and they stopped talking.

Seeing their look, Qin Tiange asked, "Did you guys know what? Tell me?"

"Taibai, you say it." Sword Devil looked complex and sighed.

Li Bai looked at Qin Tiange and glanced at a sheet of gold paper on his hand, which was torn from the ground book.

In the face of this page of gold paper, Li Bai and others looked dignified and kept their hearts, as if this page of gold paper could attract their true spirit.

“My lord, any living thing is affected by the scriptures. The biggest impact is the soul consciousness and even the true spirit, especially the spiritual body. Once facing the scriptures, it is impossible to resist.” Li Bai explained first.

What he said was the fact, just like now, the whole shade is empty, and countless evil spirits and ghosts are swallowed up by the earth books.

Qin Tiange forcibly opened the ground book, which caused the entire Yin soil to be empty, which is equivalent to directly destroying all the evil spirits and ghosts in the entire Yin soil.

The horrifying soul-stealing restricted area disappeared completely after the ground book was opened, and was wiped out.

“Even if our realm is very high, because the true spirit is damaged, my emperor almost opened the ground book to pull out the true spirit, and once it was swallowed by the ground book, the soul really broke away.” Li Bai said with a guilty expression.

“Yeah, the ground book is opened, and there is such a terrible power. This is still unmanned. If someone manipulates the ground book, the consequences are unthinkable.” The sword demon also looked pale and lingering.

They were very impressed by the previous experience. Qin Tiange forcibly opened the ground book. The power was really terrifying. If he could control the ground book, it might wipe out everyone at once.

“Then why am I not affected?” Qin Tiange’s pupil flickered, and he was most concerned about this problem.

But he was the closest, and he opened the book in person. Why wasn’t it affected?

After hesitating, Li Bai slowly said, “My lord, it is likely that your true spirit is incomplete.”
boom!

This sentence seemed like a thunder, exploding inside Qin Tiange’s knowledge of the sea, which made the knowledge of the sea turbulent and set off a sea of waves.

He froze, never thinking about it, because he didn’t feel that his soul was incomplete.

Li Bai, the sword demon, and others looked at each other, and saw the sword devil whispered, “My queen, everyone with a broken soul and true spirit, has no previous life, and this life is incomplete, so ...”

He did not continue to say the following words, but Qin Tiange has understood that his soul is incomplete and incomplete.

“The real spirit is incomplete ... no wonder, the woman said that I have no previous life ...” Qin Tiange was silent, muttering to himself.

This news had a great impact on him, but it was also limited to this. It is not important whether the soul is incomplete or not. Qin Tiange cares that he is a person born again. Is the previous life born again?

For a while, Qin Tiange was a little confused. He suddenly had doubts about these. Is he really born again, or is there a mystery he does not understand?

Also, why is his soul incomplete and why is his true spirit incomplete? Many questions plagued Qin Tiange all of a sudden. Even a fully developed brain cannot answer these questions.

“My lord, maybe this page of gold paper can solve these problems.”

Li Zijun suddenly put forward his own opinion, pointing at the golden paper page in Qin Tiange’s hand, which was the last page torn from the ground book.

Qin Tiange was sober, staring at the piece of gold paper, his eyes flickered constantly, and at the moment, there were still strange gold symbols flashing in his mind.

These symbols were copied forcibly by the super brain and the forceful taboo of time and space when he opened the earth book.

In other words, in his mind, there is a complete content symbol in the ground book, an undisclosed record is copied, and it is deeply imprinted in his mind.

Huh!

Qin Tiange took that page of gold paper into the sea, and at that moment, the golden symbols of the sky flooded directly, even surrounding that page of gold paper, emitting a radiance and suppressing the sea.

Feeling a strong sense of security from the sea, Qin Tiange took a sip, suddenly spit out a sigh of turbulence, and couldn’t help raising a smile.

“Well, this time breaking into the ghost gate and killing into the dark soil to destroy the restricted area is finally complete.”

Qin Tiange’s face regained a faint smile. Looking at Li Bai and others, the thoughts moved, one after another, the golden symbols flew out, divided into eighteen strands and poured into the sea of eighteen sages including Li Bai and the sword demon. .

Suddenly, a golden light diffused, the two looked pale, and the real spirit was damaged. Li Bai and others immediately recovered, and even, the true spirit recovered a lot more than before.

“This...”

“My lord, is that?”

Li Bai, Sword Demon, Li Zijun and others were shocked. They looked at Qin Tiange in wonder and felt the golden symbols floating in the sea. Although not all, they are just the symbols on the previous page of the book, but Enough for them to understand the meaning and restore the damaged true spirit.

Once the true spirit is repaired, they will restore their most prosperous practices, even if they break into higher levels.

“That’s the inner meaning of the book of the earth, you should take a good look at it.” Qin Tiange said these words lightly, shaking the heart.

“Thank you for your generosity!”

Li Bai and others looked ecstatic and worshiped in excitement. This is a huge opportunity. Who has the ability to obtain those hidden mysteries from the earth books?

But Qin Tiange got all the symbols of the uprising inside the book, and even torn off a page of gold paper. How amazing is that?

“Let’s go, it’s time to go out.”

Qin Tiange smiled and nodded, turned around and emptied, and constantly checked in the open dark soil. After confirming that no more evil spirits existed, he finally announced that this soul-eating restricted area was completely destroyed by him.

Bang ...

Outside, the deadly ghost door suddenly trembled suddenly, and then a violent explosion sound came, attracting countless lights.

I saw the ghost door blasting from the inside, flying out countless fragments, bursting through the laser beam, causing countless people to shake.

“It’s the leader!”

“The leader is out!”

The next moment, many people who watched the live broadcast in the restricted area were surprised to see that there were nineteen powerful figures out of the broken ghost door, led by Qin Tiange.

Behind the eighteen ancient human sages, all pale with a little paleness, as if injured, seeing here, everyone flashed a startling guess.

“You all!”

Qin Tiange walked out of the ghost door, glanced around, and the anger gradually dissipated. All the evil spirits and ghosts that had rushed out were swallowed up by one hundred thousand ancient war spirits led by the Emperor Yin Yin Spirit.

He pointed at the broken ghost door behind him and screamed, “From today on, the soul-stealing restricted area no longer exists, and the evil spirits inside it have been strangled by us.”

“Soul Eater, forbidden!”

A word of news spread. At the moment, the whole of China was boiling, and countless people stared at Qin Tiange and the eighteen sages on the screen.

Everyone did not expect that Qin Tiange, the leader, personally took eighteen sages into the gate of the ghost, and he really flattened out this mysterious and terrible evil spirit forbidden zone.

The forbidden area was destroyed, and Qin Tiange took eighteen sages and one hundred thousand ancient war souls to death.

“Leader! Leader! Leader!”

All of a sudden, there were horrible cheers from all over China. Everyone couldn't be more excited. With such a powerful leader, they couldn't be more excited.

From this moment on, the Soul Eater's forbidden zone is destroyed and no longer exists. No one will think about how the forbidden zone will be destroyed. Anyway, it is Qin Tiange, the Supreme Leader, who has directly flattened people. Man can surpass and can only look up.

“Every sage, you go back to recover the damaged true spirit first, and restore your original strength as soon as possible. We in Huaxia and the entire human race need your sages.” Qin Tiange said, bowing his hand gently and thanking him.

Li Bai and others returned a ceremony before leaving, leaving to go to see the mysterious golden symbol Qin Tiange entered in his mind, waiting for the true spirit.

As for Qin Tiange, he came to the hundred thousand ancient war spirits, and he said that he would directly put the corpses and soul beads of countless ghost kings, ghost emperors, ghost emperors, and even ancestors in the gate of the ghost into the seal of the emperor. One hundred thousand war spirits absorbed.

“Master, I'll go back first.” Linger said goodbye, turned the light into Renhuang Yin Qin Tiange took Renhuang Yin into his heart, and looked at the disappearing sorrow around him, the ghost door and even The shady soil inside disappeared completely, and it changed back to the Gobi Desert.

At last glance, Qin Tiange turned into a black particle and disappeared. At this point, the battle of the restricted zone was over, and the soul swallowed restricted zone was completely settled.

“Master, the alien vanguard of the Pangu continent who came to the East Asian continent suddenly withdrew.”

At this time, I heard the news that the vanguard of the alien clan who was about to come to the East Asian continent suddenly withdrew. It should be the news that the Tianlong star was destroyed.

Qin Tiange returned to the base in Shangjing, looked at the situation in various parts of Asia for a while, watched an expeditionary army conquer the whole of Asia, and stopped paying attention after few threats.

“Secretary, I'm going to retreat for a while, don't contact me without urgent matters.”

“Yes, master!”

After instructing Wan Xie, Qin Tiange directly tore the space and step into the mezzanine, and closed in the turbulent space.
