Twenty two micro punches lifted up the load and aimed at a group of people headed by Qin Tiange in the carriage. For a time, the atmosphere was a little tense.

This group of people is Brother Kun and others who control the train. They had heard the sound of guns coming in, but never expected to see the corpse on the ground.

Brother Kun Kun was shocked and immediately raised his gun. When he saw that the body was his original puppet, he immediately became angry.

Behind him, two big men in black, wearing sunglasses, holding small punches and loading bullets, faced the group of people in the carriage.

They were nervous and a little shocked, because dead people lying on the ground were all on their side, and immediately realized that it was not good.

“Friend, are you on that road?”

The leading Kun brother opened his mouth, his tone was a bit cold, his eyes stared at Qin Tiange gloomily, and he could see that he was the leader of the group.

He was very angry, but he didn't shoot, because a large group of people in armor opposite held steel shields in front of a group of girls, and the steel crossbow pointed at them.

Looking at Brother Kun in front of him, Qin Tiange didn't speak, and looked up and down, feeling a little familiar. After thinking about it, I suddenly remembered who he was, but there was such a person in the memory of previous lives.

“Zhao Kun, the three provinces are black-handed, and the ten-star power of the past life ...”

I think of who this person is, Qin Tiange knows it well, the other party is a former life or a ten-star powerhouse, the force is not small, and the heart is dark.

He didn't expect that on this train, he would encounter a master of previous lives, and he was still a ruthless man. It was very interesting.

Zhao Kun watched Qin Tiange not to speak, and hummed with a somber face: “This friend, are you killing me, Zhao Kun, is it too shameless, haven't I appeared for too long, my friends on the road have forgotten me Zhao Kun's name? “

“He is Zhao Kun?”

“I remember him, he seems to be a real estate boss. His business spreads across Guangdong, Guangdong, Yunnan and even Laos and Vietnam. He is very rich.”

In the carriage, some people exclaimed immediately, and some people whispered quietly and said some information about this Zhao Kun quietly, that was the information on the bright side.

As for secretly, in fact, this Zhao Kun is a big real estate just a cover for him.

“I heard that he is still the black boss of the three provinces, you see they all have guns.”

“Shh, don’t say it, want to die?”

In the carriage, many people whispered, and soon they quieted down again. The atmosphere at the scene was depressing again, and someone was breathing hard.

Humph! Zhao Kun’s heart was permeated and he hummed, “I haven’t been an elder brother for many years. Friends on the road don’t even remember me. People who dare to kill my Zhao Kun, do you eat ambitious leopards?”

“Why, do you want me to make amends?” Qin Tiange said suddenly, smiling slightly.

I finally spoke, and the atmosphere was slightly relaxed, but immediately became tense again. Although Zhao Kun lowered his gun, the two men aimed at Qin Tiange with a slight punch, and there were more than a dozen big men holding guns, all of them aimed at this side.

Zhao Kun came up, stopped three meters away, his eyes were gloomy, and he looked at the opposite Qin Tiange, this young nonsense person.

He suddenly spoke and said something shocking: “Don’t think that wearing a pile of broken copper and iron is the ancient general. When I went out to mix with Zhao Kun, you were still feeding.”

“Today, you killed my people. As a senior on the road, I have to remind you that if you make a mistake, you must admit it. This is a rule on the road.”

Zhao Kun said, suddenly stretched out a foot, pointed at his dirty shoes and said, “Come up and kneel and apologize, then lick my shoes, and that’s it.”

“Also, ask your group of friends to put down the steel crossbow in their hands. Good not to learn, do you want to use a steel crossbow at home, do you want to hit birds?”

Then, Zhao Kun looked cold, pointed his gun at Qin Tiange and yelled, “Come up, kneel and **** and apologize, or Kun Kun, I’ll blast you.”

Wow!

Moda and others took a step forward, neatly uniform, steel shields erected, steel knives raised, one by one exuding an astonishing evil.

Especially a group of girls who are protecting behind, all of them are full of murderous faces, and their murderous strength is beyond everyone’s imagination.

Da da da!

“Who dares to move?”

Suddenly, one of the two big men suddenly raised the roof of the car with a slight burst, and then directed the muzzle at Moda and others, warning with a screaming expression.

Moda and others naturally ignored the person's warning, what about Wei Chong? However, Qin Tiange waved his hand gently, stopping them from coming up, looking at Zhao Kun with a crooked head, with a touch of coldness in his eyes.

"Boy, did you hear what I said?" Zhao Kun narrowed his eyes and asked with a cold voice.

boom!

Suddenly another gunshot came, and a bang, a bullet hole appeared three inches below Qin Tiange's feet, but he did not change his face, and didn't even look at the bullet hole, he didn't care.

With a click, Zhao Kun raised his hand and pointed at Qin Tiange with a gun, and shouted, "Come up, kneel down, lick your shoes, and clean up Lao Tzu's shoes. That's all it takes, otherwise, Lao Tzu will make all of you milky stinks. go with."

"Do you know that a few people used to point me at the gun like this, pointing at a group of friends behind me, guess what their end is?" Qin Tiange was not nervous at all, but said something lightly. .

As soon as this word came out, the atmosphere in the carriage was so dignified that the survivors were panic one by one, adults and children were no exception.

The two groups are not good stubble. Once the fight is likely to hurt the pond fish, this is the reason for their fear. It is not good to have a steel arrow shot or a bullet to hit, then it is funny.

"Boy, dare to threaten me, you're looking for death!" Zhao Kun was furious, and his finger moved the trigger.

He clicked ... A light sound, but no gunshot came. The crowd's original horror expression froze there, staring at each other, looking at the amazing scene in the middle of the carriage.

"You ..." Zhao Kun looked shocked and looked at the person in front of him in shock, when did he come to him?

He only felt a flower in front of him, and then Qin Tiange appeared in front of him. He couldn't do it because he wanted to shoot because he held his wrist with one hand.

With a click, his wrist was crushed, and Zhao Kun twitched his face. He did not make a scream, it was a ruthless person. The hand holding the gun was not crushed. It is indeed a generation of black bosses and big brothers. !! "

Suddenly, Kun's group of hula rushed up and aimed the gun at Qin Tiange.

didn't dare to open, because the latter grabbed Zhao Kun's neck and lifted it up gently.

"The person who once pointed at me with a gun is now dead, and you will be the next, but not the last." Qin Tiange said Zhao Kun leaning forward and said this word by word. words.

Zhao Kun shrank his pupils, flushed his flushed face, gritted his teeth and spit out a few words: "Dare you kill me, the whole train will be blown to pieces, everyone will finish playing together."

"I'm not threatened by anyone!" Qin Tiange's mouth twitched a cold smile, and then slightly lifted his left hand and waved it violently.

Uh ...

Suddenly, a rain of arrows screamed behind him, instantly covering Zhao Kun's group of men who were the first to take guns.

Hey, hey!

There was a sound of steel arrows coming into the flesh, and the two big-handed men fell down straight, pulled the trigger before instinctively, and a gun shot.

It was a pity that it soon went out. Before the death, the two big guys were able to pull the trigger and had to say that they were well-trained people.

It's a pity that I met Qin Tiange's group of people who did not play cards according to common sense. They started to kill if they didn't agree with each other, and even steel arrows followed the waves, covering all the brothers over there.

"what..."

"Shoot, shoot!"

Bang bang ...

All of a sudden, a scream and screams were heard in the carriage. Gun Lin Jianyu fired at each other, the bullets whistled, the steel arrows flew in chaos, and the scenes became chaotic.

Fear, screams frequently came, some people were shot and killed by arrows, some were hit by flying bullets, and sighed with grief, and died lying under the seat and did not dare to move.

Until a long time, the gunfire stopped, the arrow rain was gone, and the carriage fell into silence again.
