

Dark Ages 691

Chapter 691 - The mystery collapses and fright runs away

In the mysterious area, there was a sudden and violent shaking in that nothingness.

boom!

There was a sudden loud noise, and a thousand giants broke the vacuum out of nothingness, their fists passed, the space collapsed, and the world collapsed.

With the collapse of nothingness, being shattered from the inside, there is a vast ancient atmosphere permeating the mystery.

“broken!”

Seeing that, a scream of horror came, and countless Ulf creatures found out in horror. The giant giant waved his fist, shattered nothingness all the way, and blasted out.

With a click, the fist bombarded in the mysterious space, causing the entire mystery to be turbulent on the spot, and the area was instantly broken and the mystery shook.

“Ah” With a scream coming, he saw that Prince Yufu’s body was broken, and half of his body was lost.

Nothingness, known as immortality, but now he was shattered in half of his body, his body collapsed, and his face was terrified.

The powerful Prince Yufu couldn’t bear Qin Tiange’s violent punch, which contained Pangu’s power to open the sky, shattered the realm of nothingness, blasted the nothingness star, and severely wounded him.

“Impossible, what is this power?” The prince Yufu growled sternly, not convinced that this was true.

The arrogant strength, as proud as he was, was blown by the other’s punch, didn’t it mean that Qin Tiange actually had the ability to beat him?

This is a fact. When Qin Tiange originally did not release the power of Pangu Kaitian, he did not know how strong it was. Now he has released a force of Pangu, that is, the power to open up the world.

The realm of nothingness was smashed by a punch, the stars were blasted by a punch, and even the prince Yufu broke down directly under this punch, almost falling.

“Nothing is impossible. You are ignorant and pretentious.”

Qin Tiange stepped into the air step by step, the secret realm was constantly shaken, the surrounding space was broken by the ancient and huge force, and cracks in the space.

This broken mystery was originally overwhelmed, but now it was smashed by Qin Tiange’s punch, causing a chain reaction and directly producing a scene of world collapse.

Rumbling

As Qin Tiange stepped in, step by step, the mysterious space collapsed as much as possible, and his physical strength was too strong, which led to the originally unstable mystery directly breaking open.

Seeing such a horrible scene, the Prince Yufu couldn't help horror and horrifiedly wanted to retreat, but found that his body was half broken.

Moreover, the kind of ancient forces that entangled in that kind of injury made him unable to recover from the injury, so don't even try to escape.

"No, no, I don't believe it, the power of nothingness will restore me quickly"
Prince Yufu is frightened and growled wildly.

An endless force of nothingness came in, and he wanted to recover his injury, but unfortunately, the intricate force of Pangu directly damaged his wound.

Heaven and earth can be split apart by the force of opening the sky, not to mention that the wounds to be healed are simply delusions, and can only become more and more serious.

"The power of nothingness, I'm looking forward to it." Qin Tiange came to the other side, his body returned to its original size, and he raised it with his hand holding the neck of Prince Yufu.

At this moment, Prince Yufu finally knew the fear, and the breath of death was approaching. Needless to say, he could smell the breath of his death.

"Wait a minute, we have something to say." Prince Yufu said in a panic, no more arrogance and conceit.

He regretted why he looked down on his opponent so much, and was beaten like this. Seeing Qin Tiange about to kill him, he panicked immediately.

Qin Tiange sneered at the corner of his mouth and hummed: "Nothing to say, since you dare to lead the Ufo Army to invade my ancestral land, then you are ready to be killed."

"However, I'm not just killing you. You can contribute your own strength to me."

With that said, Qin Tiange's palms poured a huge force into the body of Prince Yufu, and even directly poured into the other's true spirit, imprisoned.

"No," the prince Yufu screamed, and his body dried up quickly.

In just a moment, his broken body turned into a pile of ashes, and all his strength, including the power of the bloodline genes, was swallowed up.

Even the real spirit with him was crushed and swallowed by Qin Tiange, and he was completely robbed of everything. The dead can't die anymore.

This method of death can scare other star powerhouses, especially the old man of the Ufo tribe, with a pale complexion and a stupefied body.

"Dare to be distracted in a fierce battle, you will not die, who will die?"

As soon as the drink came, I saw that a dim figure holding the Emperor's Seal struck the old man's forehead instantly.

As soon as I heard it, the old man was blown out of his head before he could scream. The real spirit flew out and wanted to escape. Unfortunately, it was inhaled and swallowed.

"The prince is dead!"

"The prince was killed, run away!"

Watching the prince Yufu being swallowed up, even the old man was blasted to death by the emperor's instrumental spirit. All the lingering creatures who saw this scene were terrified.

They did not hesitate to turn around and run, there was no way, the arrogant prince and the old man were dead. Didn't they just wait to die?

"Want to run, did you run?" Qi Ling sneered, and as soon as he threw the emperor's seal, he saw the heavenly light falling.

Then, a huge army appeared, a whole hundred thousand troops, it was the emperor's immortal guard.

Huh!

A large banner penetrated through the void, pierced through the void, crushed several treasures, killed several ancestors who fled, and the flesh and blood was swallowed up.

"The flags pass, the peoples bow their heads!"

A low roar came, and the one hundred thousand immortal guards moved, like a whole, tumbling in the past, and launched a horrific killing in the secret realm.

This is a one-sided massacre. Without the Umbrella Prince and those stars, the Umbrella Army is not an opponent of the 100,000 immortal guard.

"what"

"Escape, run away"

The screams kept coming, and the young creatures of the Ufu tribe were slaughtered, and the real flesh and blood made the 100,000 emperor's immortal guards gobble up.

Such a horrible scene is simply horrifying. Looking at them is creepy. Naturally, the other Ufu creatures are frightened and flee, and they cannot afford the slightest resistance.

The Emperor's guard here began a **** killing. There, the ten star-rated powerful men who fought fiercely with themselves were horrified. They watched their prince killed and panicked.

"Damn, the prince was killed, we are not opponents."

"Go, run away."

Ten star-level strong men, who had fought fiercely with themselves, barely remained undefeated, because they were so horrible that their bodies seemed to be able to burst into endless energy.

Hundreds of thousands of artificial suns burst out in the body, and even countless artificial sun cores were implanted into the cells, which have not been used yet.

Once you use these terrible artificial energy cores, maybe the planet will be blown by her?

“Want to run, did you ask me?”

There was a sneer on his face, and a slight hum, his body burst into infinite light, the hot light burning through the mysterious space.

She seemed like a horrible supernova explosion to release endless energy, full of destruction, and drowned the ten star powerhouses instantly.

“Superstarburst!”

With the outbreak of Jiao drink, the whole mystery was shaken, and then it collapsed instantly, and a large space was shattered by that terrible force.

The two crumbling mysteries collapsed directly into destruction, destroyed by the latest simulation of the energy wave of a supernova explosion.

“what”

In the center of the explosion, a scream came out suddenly, and then it was completely extinguished, and no breath came out.

For a long time, when the terror energy burst ended, the ten star powerhouses disappeared and were completely turned into nothingness, and only one of them stood in the broken secret void.

Seeing this, Qin Tiange was a little dissatisfied: “Don’t you tell me to suppress the arrest? Why did you kill him?”

“Master,” Jiji looked awkward, and said embarrassedly, “Master, Jiji had just completed the latest simulation of the moves, and could not completely control it, killing them out of control.”

“Forget it” Qin Tiange shook his head with a bitter smile and didn’t say more, but instead looked at the whole secret state of collapse.

Numerous Utopian creatures were slaughtered, and the 100,000 emperor’s immortal guard was like a huge meat grinder, crushing, swallowing, and crushing.

This killing mode scared countless UFO powerhouses to death, almost scared them, and was really scared by such terrible scenes.

But with the mystery broken, on the contrary, many Ufu creatures got escape opportunities. Qin Tiange ignored these escaped Ufu creatures.

He knew that these escaped UFOs were like family dogs. Even if they were hidden on the earth, they would not be able to turn around, but would become hunting targets for humans on the earth.

“The mystery is broken, you leave first”

Looking at it, Qin Tiange suddenly spoke a word, letting his ego and Noah be stunned, but he turned around obediently and left the secret state of destruction.

Here, only Qin Tiange and the Emperor Yin Si Ling are left, as well as the 100,000 emperor immortal guards who are killing wildly.

“Master, do you want to capture the source of the mystery?” Qi Ling asked what seemed to come to mind.

She could see that Qin Tiange stayed, and seemed to want to plan for the origin of this broken mystery, the kind of hard-to-capture material.

Although the origin of the mystery is rare, it involves the origin of the world. This must not be missed for Qin Tiange, because he has a chaotic membrane to raise.

The chaotic membrane is a big swallower, and it is difficult to raise. Once malnutrition leads to incomplete development, it is too late to cry.

“Yes, the origin of the mystery, I want to see if it can be seized.” Qin Tiange admitted carefully.

But the Emperor’s Spirit warned: “Master, although the origin of the mystery is good, it is difficult to be captured, and even invisible, even if the mystery is broken, the origin will return to the origin of the universe, and it is very dangerous.

“Anyway, try it.”

Qin Tiange didn’t give up, and didn’t care much about it, but stared at the core area of this secret realm constantly breaking down.

Gradually, a silver thread was revealed in his eyes, entangled constantly, seeing through all the falsehood.

Chapter 692 - Conquer the Source of the Mystery, the Power of Chaos Membrane

Rumbling

The mystery collapsed, causing a devastating impact, causing countless Ulf creatures to be strangled to ashes on the spot, and it was too late to scream.

Seeing this, Qin Tiange waved his hand gently, and the 100,000 emperor’s immortal guard immediately returned to the seal of the emperor, and even entered with his instrumental spirit.

The energy shock caused by the destruction of the mystery is extremely terrible, but Qin Tiange has to seek the origin of the mystery in such a terrible scene, and he has to say that his courage is fat.

Buzz!

The human emperor’s seal floated above his head, sprinkled with misty light, and protected Qin Tiange’s fist, blocking the terrible destruction around him.

Qin Tiange stood there motionlessly, and continued to wash his body with the devastating impact of the surroundings, without being moved, his eyes locked on the central area of the mystery.

There was a mysterious atmosphere there, which belonged to the origin of this mystery, and gradually collapsed after the mystery collapsed, and returned to the origin of the universe.

The power of this source can hardly be discovered or even captured, because it will be taken back by the universe in a flash.

“Come here” suddenly, Qin Tiange’s gaze was frozen, and the silver and silver awns staggered, seeing through the broken central area of the mystery, where a mysterious substance quietly gathered.

That’s the source of the mystery!

A trace of mysterious material gathered from the broken secret realm, continually condensed into a ball, gradually expanded, and grew from the size of a ping pong ball to the size of a basketball, and continues to grow.

In a secret realm, the underlying source is extremely impressive. Once broken, the power of this source will appear in a moment.

It was at that time that the original source of the mystery could be seized, and the only chance would be that if missed, there would be no more.

Qin Tiange flickered, pangu blood roared in his body, kept rolling, condensing a powerful force, and was fully prepared.

Hum!

Suddenly, a strange buzz came from the collapsed Destruction Energy Center, and mysterious waves of radiation radiated.

Through the power of time, Qin Tiange saw the mysterious origin of the mysterious mystery, and his eyes suddenly became bright.

“It’s now!”

Almost immediately, Qin Tiange’s body disappeared and he blinked in the terror energy center after the destruction of the mystery.

In front of him, there was a mass of mysterious material the size of a basin, which could not be seen by the naked eye, and could not sense the mysterious atmosphere without even a strong consciousness.

Qin Tiange still relied on the power of time to see through the traces of the origin, and locked this huge mysterious source material directly to here.

“Time is still!”

Apart from that, coming up was a force of time stillness, and settled the time and space around the scene on the spot, imprisoning the origin of the mysterious group.

Qin Tiange drank swiftly, clinging to the source of the group with both hands, and it was necessary to get into the body. As a result, he found that the source of the group was motionless.

Yes, he exploded to the limit. Pangu’s blood was boiling, and the hidden power of the sky was exploded. He still couldn’t shake the origin of this basin.

Heavy, too heavy!

Qin Tiange's only feeling now is that it is extremely heavy. This group, which seems to have very few origins, can't move and is so heavy.

Seriously speaking, this source material is exactly the energy and quality of the entire secret realm, which is equivalent to a secret realm and a world.

How powerful is it to carry a world? Qin Tiange's current cultivation is strength, which cannot be achieved.

"Fault, can't move?" Qin Tiange's complexion changed slightly, feeling the fierceness of the origin of the mystery became more and more intense, he had to break away from the time restraint.

Once freed by it, it will instantly return to the origin of the universe. Wanting, that is dreaming.

Seeing that the origin of the mystery was about to leave, Qin Tiange's brain was thinking quickly, and it was useless to try everything.

Moreover, even if an extreme force erupted, there was still no movement, and it would annoy him for a while.

"Chaotic membrane, drive me!"

Qin Tiange snorted and drank directly. In the Dantian world, the growing chaotic membrane trembled suddenly, sending out an ancient and terrifying power.

This power belongs to the power of chaotic fetal membranes, pouring into the body, and at the moment, Qin Tiange only felt that he became extremely tyrannical, as if he was a new generation of chaos, full of infinite power.

"Get up!" With a roar, Qin Tiange finally picked up this mysterious source of material with his hands, and the chaotic membrane in the body suddenly trembled, sending out a force of terror.

Buzz, chaotic fetal membrane riots, directly release an endless force gushing, wrapped in the source of the swallow, disappeared in a blink of an eye.

Rumble!

As the source shattered, the mystery completely collapsed, turning into an endless force of destruction that swept out, and drowned Qin Tiange.

In this regard, Qin Tiange did not care, but looked inside Dantian World with excitement and saw the chaotic tire membrane bulging and shrinking continuously.

boom! Boom

The chaotic membrane swelled, then contracted, as if breathing, a mysterious breath belonging to the universe, which actually drove Qin Tiange's own breathing, and gradually let him fall into some wonderful realm.

Yes, he fell asleep following the chaotic membrane in his body, breathing rhythmically, and exhaling endless energy in one breath.

The terrible power of destruction caused by the mysterious explosion exploded into the body as Qin Tiange breathed in and was swallowed by the power of Pangu, gradually increasing the power of Pangu to open the sky.

The power to open the sky originally contained a destruction that was born in the destruction. The power of this world's destruction erupted can be absorbed by the power of Pangu's open sky.

How strong the energy produced by the explosion of a mysterious realm is, Qin Tiange doesn't know, just knowing that the countless cells in his body are starting to fill the Pangu tribe with crazy power.

Originally, the power of opening up the sky has now grown by a factor of two, the cells have become increasingly arrogant, and the physical body has undergone an amazing transformation, with every action carrying a terrifying force.

The most singular thing is Dantian in the body, that chaotic fetal membrane, after swallowing a secret source, it has achieved amazing growth.

At this moment, the chaotic membranes that were originally malnourished were completely replenished, with sufficient energy and the power of chaos was constantly derived.

The chaotic membrane sighed and breathed out a large amount of gray gas, swept away from all corners of Qin Tiange's body, washed away his physical body, so that Pangu's blood, which had reached its limit, was immediately transformed.

Chaos gas, which is the ration of the Pangu tribe, can absorb the chaos gas so that the ancient blood of Pangu can truly radiate the ancient and powerful mystery.

The blood of Pangu has been transformed, and the cells in the body have gradually changed. The small cells have become more and more simple, and the interior is filled with the terrible power of the Pangu tribe.

Moreover, the blood in Qin Tiange's body became more and more viscous, and the gray blood seemed to be rolling and roaring constantly.

Hum!

I don't know how long in the past, suddenly a strange buzz came from Qin Tiange's body, and the chaotic fetal membranes have completely grown, supplemented the originally incomplete nutrition, and returned to normal.

Now, the chaotic membrane is a complete chaotic membrane, and it contains a real chaos inside.

Exhaling a gray air stream, Qin Tiange opened his eyes suddenly, hissing, his nothingness was torn by his eyes.

He slowly got up, feeling the inexhaustible power in his body, very shocked in his heart, and then exulted.

It doesn't work if you don't want to be happy. I never thought that planning a source of mystery would bring him such huge benefits.

Qin Tiange was pleasantly surprised to find that the chaotic fetal membrane in his body was completely completed, just like a placenta, the nutrition was completely complete, and the interior could begin to truly breed life.

The main thing is that his Pangu blood has undergone tremendous transformation and is even more simple and powerful. Finally, countless cells in the body are finally filled with the power of Pangu to open the sky.

boom!

Gently shaking his arms, the void was cracking. The powerful feeling that fascinated Qin Tiange was the pursuit of strength and the improvement of strength.

“Very well, my strength has gone further. As long as I keep getting stronger in the future, all the stars in the sky and the universe will be stepped on by my feet.

Qin Tiange’s body exudes strong self-confidence. The thick ancient charm is becoming more and more powerful. Even just now, his true spirit repaired a small piece.

This was a huge gain, and the abundance was abnormal, and Qin Tiange began to feel active.

“There are still many hidden places on the earth. Since the hidden place can have such a huge effect, wouldn’t it just allow me to swallow and improve my strength?”

Qin Tiange’s eyes flickered and he burst into a crazy light, thinking that he would start to plan other origins of the mystery.

He didn’t care at first, but now it’s different. With the existence of chaotic membranes, the origin of the mystery can be taken by him. Without chaotic membranes, Qin Tiange might not be able to do it.

To put it bluntly, chaotic membranes are like a brand new chaotic universe. The power of the origin is enough to be absorbed and contained by the chaotic membranes, and naturally there will be no problems.

“Congratulations, master!”

At this time, a happy word came from his head, and the Emperor Seal conveyed the congratulations of Qi Ling. She has been watching Qin Tiange’s changes, watching him take away the origin of the mystery, and devouring it, she is stunned as an ancient instrument spirit.

Qin Tiange smiled, reached out to catch the Emperor Seal, and said, “You recover as soon as possible, he will conquer the universe with me every day, time and space in all realms.”

“Yes Master!”

There was a cheer from the seal of the emperor, and Qi Ling seemed very excited. He naturally hoped that he could follow Qin Tiange’s expedition to the universe and walk in all time and space.

Qin Tiange converged and took a step, his body passed directly through nothingness, crushed the space and walked out of here

Outside, a void suddenly broke apart like a mirror, and a figure of a mighty shore came out from it. It was Qin Tiange.

“Where is this?”

Qin Tiange just came out and swept his mind, and found that he was surrounded by mountains here. It is temporarily unclear where this earth is.

He was about to connect with himself, but at this moment, there was a wave of spatial fluctuations in front of him that caught Qin Tiange’s attention.

Huh?

“Spatial fluctuations?”

Qin Tiange was surprised. Looking at his eyes, he saw that the space not far away suddenly rippled like ripples, and then quickly dropped a wolf figure from it.

Qin Tiange was surprised. Looking at his eyes, he saw that the space not far away suddenly rippled like ripples, and then quickly dropped a wolf figure from it.

Chapter 693 - 8 virgins, apostles of space

With a slam, someone dropped and looked closely. It turned out to be a young girl in a black robe with scars on her body and looked very embarrassed.

She had a pale face and looked at Qin Tiange in front of her in horror. There was a ray of despair in her eyes, as if she saw Qin Tiange even more desperate.

“Do you know me?” Qin Tiange was curious, looking at the injured girl in front of her, and seeing from her eyes that the other knew him.

But Qin Tiange had never seen her, but felt that the other person’s breath was a little familiar, as if he had seen it, and he knew it a little.

“It turned out to be you.” Qin Tiange suddenly realized, chuckling: “Is that the figure who stopped me and fled in Dongzhang at first?”

“Yes, yes, please, let me go.” The young girl looked terrified and became more frightened.

She saw Qin Tiange remembering that when it was in Dongying, when he was beheading the prince of Dongying, a man in a black robe stopped him, but she was almost killed, and finally ran away.

Immediately, Qin Tiange felt a wave of the force of space in her body, and in surprise, her eyes locked on an ancient mirror in her hand.

“Eight eyes? Space treasure?”

Qin Tiange whispered in surprise, and understood in his heart that the girl in the black robe was able to run. Everything was because of the closeness of his hand, which was a treasure of space.

Although it was cut off by the ancient sword at that time, it seems to be repaired now. Moreover, the breath is more powerful and contains strong space power.

Ok?

As he was talking, Qin Tiange looked up, suddenly looked up at the sky, and saw a strong and fast breath approaching quickly, and then came to the front of his eyes.

Coming from three figures, with a strong breath, they are all emperor-level masters, and not humans, but alien life.

“Huaxia Emperor?”

When the three aliens came to life, as soon as they saw Qin Tiange, one of them looked terrified, horrified, and ran away.

He exclaimed, but terrified the other two companions. Looking at Qin Tiange’s eyes full of fear, Qi turned around and ran away.

The girl was stunned, completely stunned, and never thought of such a scene. The three alien creatures who looked extremely powerful to her seemed to be frightened when they saw Qin Tiange and ran away.

“When did I become so famous?” Qin Tiange laughed dumbfounded, looking at the three alien-level emperors who were frightened and fleeing.

He was also surprised. Did he become so famous in the alien race and turned to run away when he saw him?

However, he did not hesitate to point out with one finger. The three imperial aliens who fled in the distance were stiff, and the surrounding space was broken.

The three emperors were too late to scream, and they broke up with the space and scattered, and were finally swallowed up by the healing space.

Pointing to kill the three emperor-level, relaxed and freehanded, killing without fireworks, surprised the black robe girl.

“What’s your name?” Qin Tiange came to the girl after killing three emperor-level aliens, and asked softly.

The words awakened the black robe girl, her face changed, and the eight-camera in her hand suddenly hummed and trembled, and then flew out on her own, floating in front of Qin Tiange.

Looking at the eighth camera that flew by himself, Qin Tiange smiled and said, “It’s just a treasure of space. Seeing that you should belong to the Eight-Big Snake, it won’t ruin you.”

Qin Tiange stretched out his hand and gently bounced, and the eight-camera buzzed, flying back to the girl in the black robe, and did not take the eight-camera.

He has enough treasures on his body, and the biggest role of the eight cameras is to use space to escape or kill the enemy.

But he has the power of space, and it is too powerful. He doesn’t need this extra thing.

“Senior, my name is Hachiko, and I am an apostle of Hachichi Great God.” The girl in black robe, named Hachiko, is an apostle of Hachichi Great Serpent.

In other words, she was a space apostle of the Yachi serpent, but Qin Tiange was somewhat surprised, but she did not expect her to be involved with the Yaqi serpent.

However, he shook his head and smiled: “The Yaki snake has been swallowed by me. You don’t need to call yourself an apostle.”

The eight maidens froze, and then the buzzer buzzed, sending a black light into her eyebrows, and immediately understood.

“Eight virgins, worship God, and ask God to accept them, eight virgins are willing to be your most faithful believers and servants!”

After getting a message from Bajiao, the eight maidens immediately wakened up, bowed down and worshiped, respectfully respected, and worshiped Qin Tiange as sacred.

Suddenly she felt the power of space and the power of space that belonged to the big snake, and the power of space on Qin Tiange was even stronger.

“Do you want to believe in me?” Qin Tiange said with a smile, but shook his head. “I don’t need to see it anymore. You used to be an apostle of the Eightfold Serpent, now you should believe me, what?”

“A believer is originally loyal. You will abandon your original faith like this at every turn. In the future, you will also abandon your current faith for some reason.” Qin Tiange shook his head and did not accept the loyalty of the so-called eight-naive.

Just kidding, he’s not God, don’t say anything. He is human and his goal is not the so-called God.

“Please respect him!” The eight maidens did not get up, and knelt down in front of them.

“Get up first, talk about it, why are you chased by foreigners?” Qin Tiange no longer talked about this topic, waved a gentle force to help the other side, and then asked.

The eight childish girls had a pale face and a horrified expression, as if they saw something that made her afraid.

After a long time, she slowly said, “Respect God, I have discovered some secrets of alien demons. They want to destroy the whole world and destroy the continent of the gods.”

“You mean the Pangu continent?” Qin Tiange knew.

The goddess continent in the mouth of the eight naive girls is actually the Pangu continent. On this re-emerging ancient continent, there are still huge secrets hidden.

Even the present Qin Tiange could not detect the mystery, and could not even understand the mystery when he was able to come back to the Pangu forbidden area freely.

Qin Tiange thought for a while, and asked, “Did you find some gathering and hiding place for the powerful foreigners?”

“Yes.” The eight-naked girl affirmed, she said, “Respect the gods. On the **** Pangu mainland, I found foreign demons gathered, and I heard that they were discussing to destroy the pangu mainland, and thus obtain a certain mystery. thing.”

“Destroy the Pangu continent?” Qin Tiange thought with chin.

“Yanji, come to the Pangu mainland as soon as possible.” Then he connected to Xunji and asked her where she was now. She was still on the deserted island and reef. Qin Tiange cut off the contact after instructing Xunji to come as soon as possible.

He cut off the connection with his uncle, looked at the eight virgins, and asked, “Tell me where the foreigners are hiding.”

“Respect God, they are there”

Subsequently, the eight naive girls informed Qin Tiange where the group of powerful alien race creatures she had accidentally found were located.

Listening to her, Qin Tiange's complexion gradually murmured, "No wonder he couldn't find it, nor could he sense it. It turned out that the treasure and trace were hidden with the treasure."

"Okay, I'm leaving now." Qin Tiange finished, disappeared without flashing without talking to the eight girls.

The eight naive girls were left alone for a while, then looked complex, and looked a little hesitant where Qin Tiange left.

"His strength is so strong. It seems that the Eight-Big Snake was really killed by him." The eight-naked girl changed her face and sighed slightly.

She looked for a moment, and sighed, "It seems that I will serve this new respected ***** and become his apostle."

After the eight maidens finished speaking, they lifted eight close-up lenses, and a black awn appeared, and then disappeared here.

At this time, Qin Tiange came over the base of the Pangu continent, and just saw his uncle and Noah waiting here.

"the host!"

"My lord!"

Xunji and Noya stepped forward, looking at Qin Tiange, and speculated in his heart why he called the Pangu continent. Did they find other main alien forces?

Qin Tiange didn't make nonsense, and said directly: "Yiji, you follow me. As for Noah, you have just restored your freedom. You must repair it as soon as possible, so you should do some repairs in this base first."

"Yes, my lord." Noah sharply turned and entered the base.

Qin Tiange left his base with his uncle, and went to a certain area of the Pangu continent, where there were many powerful foreign clan powerhouses, and even the starry royal family was inside.

They are discussing how to destroy the Pangu continent, so as to obtain the secret of the Pangu continent and even obtain a mysterious thing.

As for what it was, the eight virgins didn't understand it, because they were found before they heard it, and then chased and killed by three emperor-level powerhouses, they almost hung up.

"Master, did you find something?" On the way, I asked this sentence, already guessing.

Sure enough, Qin Tiange's head admits: "Yes, I found a little secret, just as a powerful force of aliens gathered, secretly discussing to destroy the Pangu continent."

"Here it is, ahead!"

Not long after, Qin Tiange and Fu Ji both came to a swamp zone in the Pangu continent, where the suffocation was permeated and shrouded in hundreds of kilometers of mud.

The most terrible thing is that in the mud, there is a terrible suffocation, which is highly toxic.

“Yanji, the Pangu continent is too wide, and it is difficult to find a foreign race. It is necessary to speed up the investigation.” Qin Tiange said lightly.

Just finished He stepped into a terrible swamp in front, there were huge withered trees everywhere, and the mud was mixed with black water to form a huge swamp zone.

Here is filled with horrific poisonous gas. Ordinary people come in and take a breath, and they will die immediately.

“There is a powerful Arcana hiding the breath, no wonder it can't be found.”

Looking at the huge woods in front, the dark mud, and the horrible poison gas, but could not stop Qin Tiange's pace.

He stepped in and walked in the dark, cold, foul illusion, feeling very uncomfortable.

“Master, there are energy waves in front of it, like a blockade.”

At this point, his own eyes flickered, and energy fluctuations were sensed. A quick calculation immediately understood what it was.

Unsurprisingly, after a short walk, the two saw a huge portal established here, revealing a powerful and terrifying atmosphere.

There is an interstellar gate hidden here.

Chapter 694 - The secret of Pangu, Chaos Gate

A flash of interstellar gates stood there, hidden by a blockade, hard to find.

Around the Star Gate, there are dozens of powerful foreign race strong guarded, the weakest are the first Emperor strong, the strongest are ten ancestors.

“Master, there are only a few foreigners here who keep the gate of the satellite, and nothing is found.”

Outside of the ban, Qin Tiange listened to his own report. There were only dozens of strong foreigners guarding the gate of the satellite, but no other major powerful foreigners were found.

Qin Tiange frowned slightly, looking at the powerful guards around the Stargate, and hesitated into the void without hesitation, pinching an ancestor's neck and pulling into the void to appear in front of him.

The “you” ancestral creature was terrified and almost scared.

He watched that he was suddenly grabbed by one hand and dragged his neck, only to discover that Qin Tiange, the terrible Emperor of China, was about to open his mouth, but his eyes were dark and he was pinched to death.

Qin Tiange directly swallowed the true spirit of this ancestor, forcibly plundered each other's memory, and found the whereabouts and whereabouts of the foreign princes.

“Pangu Tianzhu?” Qin Tiange looked at the memory and said in surprise.

He looked in the direction of Pangu Tianzhu, without hesitation, flashed quickly with his self, and disappeared here in a blink of an eye.

It was learned from the true memory of that ancestor that after a total of nine foreign princes quietly arrived, they secretly gathered and reached an agreement.

They did not bring many native creatures, because the main purpose of these foreign races was not to come to hunt for human races, but to have greater plans.

Qin Tiange was curious as the nine alien princes joined forces to plan something in the Pangu continent. What was it?

“Master, there are energy waves ahead.”

Soon, Qin Tiange brought his uncle to the Tianzhu Mountains and looked quietly. It was not long before he discovered it and detected a trace of energy fluctuations.

Qin Tiange also found out that the figure flashed, and the two quietly appeared in a mountain range.

When he came here, Qin Tiange obviously felt a strong breath, and immediately determined that it was a strong foreigner, and he came here.

“A lot of star-rated players, what do they want to do?” Xi Ji said in surprise.

Qin Tiange didn't speak, watching quietly a huge gully in the mountains, where there was no bottom, and the black paint exudes terrible energy fluctuations.

Here he has never looked carefully, it is naturally not clear that there are such deep trenches in Pangu Tianzhu Mountains hiding secrets.

“Let's go, let's not alarm these foreigners first and see what they want to do.”

Qin Tiange said, the figure flashed into the bottomless abyss.

Although he swallowed a great ancestor-level true spirit, the other party's memory did not contain information about the planning of these foreign powerhouses. Therefore, Qin Tiange still did not understand what these foreign powerhouses wanted.

In the abyss, the black wind swept across the cheeks, and it felt like a knife-ache hurting, and it had a strange weird breath, which made people scary.

“Prince, is the secret of Pangu really hidden here?”

In the dark, a group of tyrannical alien creatures carefully landed at the bottom of the abyss. One of the powerful creatures with horns in the head opened and asked a young-looking creature aside.

He is the royal prince of the Magic Horn family, with a noble identity and powerful arrogance, and a pair of pale red eyes are constantly scanning the scene under the abyss.

“Prince of the Night, do you think that legend is true?”

There was a word not far away, and I saw a young man in blue armor walking up, with blue hair dancing without wind, strong breath, and terrifying.

He is the prince of the blue blood tribe, and he is surrounded by eight star-strength strong men, all of whom are his personal guards, which is considered to be overbearing.

“The legend is really not true. Then we need to confirm it, and once it is true, our plan will be successful. Then think about our gains.” Prince Ye Ye said lightly.

“Well said!”

Another voice came. In the darkness, Qin Tiange hid in the void sandwich, approached quietly, looked around, and saw a young creature with a dragon head coming out.

He was unparalleled in his breath and chuckled: “The secret of Pangu is definitely the oldest mystery. Once true, we will be developed, and we will at least be able to achieve the master of time and space in the future.”

“It goes without saying that according to this remnant record, the Pangu continent is hidden in the ancestral land of the human race. I did not expect this to be true.”

A young life-body wearing a golden armor, holding an ancient remnant, said with excitement: “Under the Pangu continent, the secret of Pangu is hidden. As long as we can open this rumored Pangu God’s possession, we will definitely benefit. endless.”

“Hurry up, don’t get ink.”

“That is, hurry up, I’m getting impatient.”

The young biodiversity gathered with arrogance, all are the royal princes of a tribe. They have noble status, and they are extremely powerful and bloody.

Full of nine alien princes gathered here, even to explore the secrets of Pangu, which surprised the hidden Qin Tiange.

“The secret of Pangu?” Qin Tiange frowned secretly, could not help whispering in his heart.

As a Pangu tribe, he didn’t even understand the secrets of Pangu. Does the Pangu continent really hide the secrets of the heavens, or even the Pangu god?

Thinking of this, Qin Tiange was more determined to follow up, and did not intend to expose, want to see what secrets these guys can find.

He is also looking forward to it, once this group of aliens have found the secret of Pangu, and even opened the Pangu God’s hidden treasure, it will be a great news for him.

“Let’s find it.” Qin Tiange sneered secretly, and quietly followed a large group of strong men in front, all of whom were star-studded, with a total of eighty.

The nine foreign princes joined together, with their respective powerful guards, followed by powerful guards of 80 stars, which was really powerful.

Unfortunately, in the face of the current Qin Tiange, this person and strength are still not enough, only let him plug his teeth.

“Front, I’m wrong, it should be this way”

Under the abyss, in the dark underground world, dozens of strong men slowly advanced, led by a young prince in gold armor, and continued to deepen.

Here in all directions, one by one intricate tunnel caves, one after the other, and the air is filled with a strange atmosphere, suppressing the detection of consciousness, leading to all lost here.

As for smashing these caves, don’t make a joke, there is huge secretive support under the Pangu continent, the deeper it gets, the harder it is to smash.

“It’s a weird breath. I feel my soul shudder inexplicably. Is there any danger waiting for us?”

Walking around, some star powerhouse couldn’t help but make a suspicion, his heart beating fiercely, as if there was a sense of crisis instinct.

Not only him, but dozens of star powerhouses present, and even the nine princes felt a strange and terrible threat, extremely strong.

“There is something wrong, the unknown danger is hidden in front, should I wait?” Asked the prince.

The words just came to an end, and the prince next to the devil night snorted, dissatisfied, “You are afraid of a ball. We are not here to hunt for human races. Everything is hidden by the secrets of Pangu and even by the gods of Pangu. You want to leave Get out of here. “

“Stop noisy, move on, be careful.”

The leading young prince of Jinjia reprimanded, dissatisfied, and took the lead to walk. Some strange lines shown on the ancient scrolls in his hand seemed to be broken.

At this time, the group of alien powerhouses stopped at a huge towering gray gate and stared blankly at the towering giant gate.

This door was originally nothing, but the key is that on top of the giant door, there is a continuous stream of gray mist and mist, showing a sense of destruction.

“Chaos, Chaos Gate?” The leading young royal family of Jinjia looked excited and exhilarated, “It’s really the same as the ancient scrolls. Inside, it is the secret of Pangu. Pangu God hides in it. We found it.”

“Great!”

“We finally found it!”

A group of strong foreigners were excited and couldn’t help cheering, one by one, so excited that they seemed to forget that this is the Pangu continent.

They didn’t notice at all that there were two figures hidden in the mezzanine behind them, and Qin Tiange and Jiji were silently hiding.

“Chaos Gate?” Qin Tiange was also surprised by the gray door.

Unexpectedly, under the Pangu continent, such an ancient and weird door is hidden. Is it really a chaotic door?

I saw that the strong foreign races were all excited and took out their own treasures, as if they had already prepared.

“This is Chaos Gate, ready, we open it.”

The prince of the royal family of Jinjia was exhilarated, and took out a bit of treasure like a drill. The whole body was golden, exuding a splendid brilliance, and an overbearing breath.

This group of strong foreign races took out Arcana, each standing, combined into a huge array, condensing their strengths, and converging on a piece of strange Arcana.

“Juli Burning the Chaos Gate”

With a loud drink, dozens of powerful breaths condensed at the same time, gathered on top of the treasure of the young Jinjia youth.

With a click, the golden drill bit flew out instantly, hitting Chaos Gate severely, and then continued to rotate in the cracks of Chaos Gate, turning madly, sending a burst of harsh noises.

Immediately afterwards, dozens of strong men immediately stepped forward, and the power of the extremes that had erupted from each other suddenly blasted over the quaint gray door.

Bang!

The mighty force and endless energy raged, converging into a torrent of bombardment on the chaotic gate, and a violent shock came on the spot.

The Chaos Gate vibrated and buzzed, and a strange chaos gas flowed out. The quaint door, lingering through the years, seemed to have experienced endless years without falling.

Bang Ka Ka Ka

I saw that under the joint force of dozens of star-level alien races, the Chaos Gate was finally opened by a little bit of powerful energy.

Chapter 695 - Chaos Stone, Pangu Seal

A rumbling noise came from the earth, and the ancient chaos gate slowly opened.

In the Chaos Gate, a powerful airflow and gray gas suddenly burst out, with an endless destruction breath and energy, extremely terrifying.

Huh!

Ahead, in front of the Chaos Gate, a group of masters of foreign races released Arcana, one by one, defending against the horrible chaotic airflow that came out of Baoguang.

Gradually, when the chaos door was fully opened, the scene inside was exposed, gray, silent, and nothingness, as if chaotic.

“Come on, get in!”

“Enter the Chaos Gate.”

A line of alien powerhouses with excitement, wrapped in Baoguang, rushed into the door, the ancient and vicissitudes of the chaotic door, gradually closed under the turbulence of the chaotic air flow inside.

Losing the power of bombardment, the Chaos Gate continued to close.

Seeing this, Qin Tiange emerged from the space mezzanine without any hesitation, and rushed into the chaos gate with his own self.

The strong chaotic air flow not only did not make Qin Tiange feel uncomfortable and dangerous, but also had a sense of relaxation, and even couldn't help but swallow a large mouthful of chaotic air flow.

“Well, chaos gas is delicious.” Qin Tiange couldn't help but sigh, Pangu people ate chaos gas, and chaos gas was the ration of Pangu people.

No wonder the Pangu clan will die, because chaos is broken, and there is no chaos gas, then the entire Pangu clan cannot be raised, and it is impossible to end it.

Without chaos, Qin Tiange felt that Pangu's blood would slowly degenerate, which made him alert and aware.

“Master, this gray air is very strange, powerful and full of destruction. If it can synthesize such a super energy core, it must be a good thing.” Xi Ji said with a hint of surprise and excitement.

She felt the fury of the chaotic airflow and calculated the energy level of the chaotic air. She was pleasantly surprised to find that she surpassed the artificial solar core energy currently under her control.

Qin Tiange laughed: “Chaos, but a rare and ancient powerful energy, this thing is the ration of the Pangu tribe, but if you really have the ability to make the core of synthetic chaos energy, maybe I can give you a little Pangu blood to do the study.”

“Really?” With a touch of excitement on his face, he had already made a decision in his heart to make a core of synthetic chaos energy.

Just for the Pangu blood in Qin Tiange's body, once it has been researched, the Pangu can be made from Pangu blood. At that time, the Pangu guards who belong to Qin Tiange will be born.

Bang

The chaos door was closed, Qin Tiange and Jiji entered into it, disappeared here, leaving only a simple gray door.

In the Chaos Gate, you can't see too far at all. There is boiling and chaotic gas on all sides, showing the power of horrible destruction.

“Oh prince, help!”

Suddenly, a scream screamed from the grey void in front of me. Looking at the sound, I saw a large tumble of chaos in the tumbling chaos.

Then, a stellar alien powerhouse inside was terrified and screamed and drowned by chaos. Then the body turned into nothingness, and a star in the body was directly assimilated by chaos.

The whole process took less than two seconds, and watching it made people sweat coldly, so that other foreign masters could not help but be thrilled.

“Chaos, here is a broken chaos.”

“His, so terrible chaos.”

“Everyone hurry up. The treasure can’t defend for long.”

Dozens of star-studded powerhouses, under the leadership of nine princes, each released Arcane treasures, defending and blocking the chaotic gas boiling around.

It’s too dangerous here, chaotic gas is violent, with destruction. Once infected, the body will be broken and assimilated by chaotic gas.

“Master, my body can’t bear it.” At this moment, my uncle’s complexion changed slightly. As soon as he entered here, he was eroded by a chaotic atmosphere, and his flesh was crumbled a little.

Seeing this, Qin Tiange frowned slightly and exerted a force to protect his self, which did not allow her to continue to be crushed by erosion.

He looked solemnly: “My self, there is chaos, chaos and rage everywhere, full of ancient power of destruction, you are not fit to stay.”

“No, master, I want to study these chaos.” He shook his head and said with a firm face.

She is more eager to study this kind of chaos, and wants to analyze the mystery of chaos, so as to create the core of chaos energy.

Qin Tiange looked at his own body’s grayness under the immortal heart and the characteristics of immortal bone, and then listened to her firm idea, finally nodded in agreement.

“Well then, follow me, study the chaos here, and I will absorb it.” He said with a smile.

To others, Chaos Qi is violent and terrible, but to him, Chaos Qi is the best ration, and it is the irreplaceable Pangu ration.

boom

In front of it, dozens of star-like alien family strong forces joined forces to break through the chaotic airflow and continuously penetrate into the vast chaotic void.

Qin Tiange didn’t panic, followed slowly, opened his mouth and swallowed the violent chaotic airflow, absorbing the ancient and violent chaotic power.

Inside the body, Pangu's blood was boiling, tumbling and roaring constantly, gene cells were cheering, and they took chaos to supplement themselves, gradually filling Pangu's blood and the power of opening up the sky.

“Only chaos can bring up the Pangu tribe.” Qin Tiange swallowed the chaos, and suddenly thought in his heart.

If you want to raise the Pangu tribe, you must have enough chaos. The only way is to make the core of chaos energy as I said.

Qin Tiange thinks of the chaotic membrane in his body. This is his biggest card. As long as the expansion and growth of true chaos is completed, it is the real chaos world.

With a chaotic world, afraid to support the Pangu tribe? At that time, he only needs his own Pangu blood to be used as a gene clone, to create the Pangu tribe, and to reproduce the divine power of the Pangu tribe.

“So strong, there's something ahead.”

Suddenly, dozens of foreign strong men not far from each other stopped, staring in horror at the grey nothingness, and could not see anything.

But they could clearly feel that a strange and terrible breath came from the front, which made people feel hairy.

The mysterious atmosphere caught Qin Tiange's attention, and he followed in surprise, wondering what was here?

“Are there really Pangu gods everywhere?”

With such a question, Qin Tiange quietly kept up with the dozens of alien aliens in the front, and was not found by the other party at all.

The terrible and chaotic air flow permeated here, blocking the exploration and induction of ideas, and could not find the trace of Qin Tiange at all.

Instead, they are like a lighthouse, staring at the colorful treasure light in the chaos, which is quite eye-catching.

“Look at the prince, what's that?”

Suddenly, someone exclaimed, pointing to the nothingness in front, and a look of shock appeared on his face, as if he saw something that shocked him.

Everyone looked up and was stunned by the sight.

“This is Chaos Stone?”

The royal prince of the Jinjia royal family looked suspicious, and looked diligently into the distance, where there were huge gray rocks standing, floating quietly in the chaos.

The boulder is huge, tall and tall, gray all over, exuding a simple atmosphere, and the gray gas is constantly flowing.

That's Chaos Stone!

Chaos stone, rumored to come from the super mysterious substance at the beginning of the universe, turned into a rock shape, is called chaos stone.

"It turned out to be a chaotic stone," the exclaimed Prince of the Night.

All the powerful foreigners saw the chaotic stones for a moment, their eyes were bright, and they had a strong desire to possess them.

The ancient and mysterious chaotic stone contains mysterious and unpredictable power. Rumors can help one understand chaos and even create a chaotic body.

But that's the legend. The most accurate use is that Chaos Stone can be turned into a treasure, and can even be used to arrange ancient arrays.

It's like nine huge chaotic stones in front of you, floating there, with strange symbols carved on them, ancient and mysterious unknown.

"Chaos Stone, Pangu Seal" Qin Tiange looked dignified, and he felt faintly the seal inside those chaos stones.

He saw it at a glance. The chaotic stone depicts the seal symbol of the Pangu tribe, which is similar to the Pangu seal in the Pangu forbidden area.

What surprised him was this chaotic seal, which was made of chaotic stone. What was the seal inside?

"Don't do anything wrong!"

At this time, the prince of Jinjia looked dignified, looked at the scrolls in his hand, and said, "It is recorded in the scrolls that these chaotic stones have been carved into seals, and there must be something here.

"It should be the seal of Pangu, will it be the God of Tibetan Plateau?" Some strong foreigners said with surprise, expecting.

They approached quickly, and not long after they came to the seal, they quietly looked at the nine huge chaotic stones floating in front.

Nine chaos stones depict the ancient Pangu seal, with a weird array looming in the center, and a gray one inside, completely unclear what the seal is.

But when came here, I felt a terrible and weird breath leaking out of the seal, which was frightening.

"Jin Jia, did the scroll say that the Pangu clan had sealed anything?" The prince asked a question softly.

The other powerful foreigners looked at each other and saw that the prince of Jinjia shook his head after staring at the broken scroll for a long time.

He said: "The scrolls are too broken, the records above are not complete, but the seal under the Pangu tribe is correct."

“As for whether it is the Pangu tribe’s possession or something terrible about the Pangu tribe’s seal, we must be careful.” Jin Jia finished and took out a strange thing.

It was a golden mirror with a strange light, and he saw a shot inside the seal of Chaos Stone.

Hum!

The golden mist was diffused in the mirror, and the ancient mirror buzzed, breaking the fog inside the seal and shining it in.

The next moment, the scene inside the seal of Chaos Stone appeared, and everyone was shocked.

Chapter 696 - Giant hand, eyes, thriller 1 scene!

The mist in the Chaos Stone Seal was illuminated by golden light, gradually spreading out, revealing the contents of the Seal inside.

“this is?”

Qin Tiange’s pupils shrank, and he saw a hand floating inside the central array of nine chaotic stone seals.

“one hand?”

The strong aliens looked very different, looking at the floating hand inside the seal, a hundred feet long, gray all over, covered with cracks, and strange blood flowing in the cracks.

This hand, locked by gray chains, floated quietly in the formations, exuding a quaint and weird atmosphere, which is extremely old.

The Emperor Jinjia looked dignified, staring at the hand and said, “This is the hand of some powerful creature sealed by the Pangu tribe.”

“Why is the seal here?”

For a while, the strong foreigners who were present were all shocked, because the breath revealed by that hand was extremely terrifying, full of strangeness and oppression.

The Pangu Seal was carved with nine thousand-foot-tall chaotic stones, suppressing one hand, what kind of weird hand?

Moreover, what kind of creature this hand is, it seems that hand is no different from a human hand. The only difference is that the blood flowing inside the cracks covered above is a kind of gray-purple blood.

“Master, this hand is weird,” Xi Ji said quietly.

She felt that quaint hand was extremely weird, terrifying, and the breath exuded was even more strange.

“This breath” The moment Qin Tiange saw the hand, he instinctively felt a sense of heart palpitation, and the Pangu blood in his body kept boiling, as if he wanted to rush out.

That was not excitement, but an anger of encountering natural enemies and trying to destroy each other. This situation made Qin Tiange inevitably a little surprised.

Do the Pangu clan have strong enemies?

Just as the crowd was in shock, some foreign creatures discovered that there seemed to be a seal in the distance, and they were immediately exclaimed.

“Look at it, there seems to be a seal there.” A star-studded staring at Baoguang, exclaimed at the chaos in the distance.

Qin Tiange and Jiji followed, and really saw that there were faintly floating nine huge gray boulders, which were chaotic stones.

There is also a Pangu seal, based on Chaos Stone, which depicts the seal and suppresses inexplicable things.

“There is also a seal, look over.”

The Emperor Jinjia and others looked at each other, breaking through the chaos and heading for a seal in the distance.

When I came near, I found out that it was really a seal. Nine pieces of chaotic stones were carved with the Pangu forbidden pattern and sealed with something inside.

Huh!

I saw that the prince of Jinjia stepped forward and held up a picture of the golden ancient mirror on his hand, and the mist inside the seal gradually dispersed, reflecting the seal scene inside.

In the lines, there was a huge eyeball floating, gray eyes, without any glory, but with the terrible breath that devoured everything.

“His, this is, Chaos Eye?”

The Prince of the Magic Night exclaimed, taking a step back in shock, apparently frightened by this horrible eyeball.

A huge eyeball can have a size of nine feet, a gray body, and a gray light. There is a huge fissure on it, and the gray blood flows continuously, and then flows back strangely.

“Chaotic eyes?” Qin Tiange looked horrified, staring at the eyeball, his eyes flashing with silver awns, as if stimulated by this eyeball.

The so-called chaotic eye is a kind of extremely mysterious and terrible eye, which contains not a source of chaos but blood.

Yes, this is a natural eyeball, not a creature’s eyeball, but some kind of treasure that was born, just like an eyeball, but it actually contains a source of chaos.

The source of chaos, the flowing spontaneous nature is the essence of chaos, which is a great treasure for the Pangu clan, and also an invaluable treasure for all clan people.

However, Chaos Eye has an extremely terrifying ability, that is, once it sees its creatures, it will be swallowed up by Chaos Eye without any exception, and become the essence of Chaos.

Chaos eye, is the so-called one-time life and death, look at you, you are dead.

“No, this chaotic eye seems to have undergone a weird change, giving birth to self-consciousness and spiritual intelligence.”

Suddenly, Qin Tiange’s face changed, and the ground truth in the real spirit space was slightly lighted, and he immediately sensed the powerful ancient spiritual knowledge born in that chaotic eye.

His self-consciousness changed, and he said, “Master, does this eye really produce the true self?”

“Good!” Qin Tiange nodded solemnly, hiding carefully.

A wave of true spirits came out of the chaos eye, although it was fragmented, but it was real. This chaotic eye had become another terrible creature.

“No wonder it is sealed here by the Pangu tribe. The true spirit of Chaos Eye is hidden in the core of the source of Chaos, and it cannot be killed at all, unless Qin Tiange’s eyes flickered and a crazy plan germinated in his heart.

If you want to kill the true spirit of Chaos Eye, maybe only the book of the Earth Book is true, and Qin Tiange happens to have the complete soul of the Book of Earth.

“The eye of chaos contains the source of chaos. This thing is priceless. It must be taken out of the seal.”

The prince of Jinjia was so excited that he wanted to break the seal directly to capture the chaotic eye of the seal.

“Yes, breaking the seal, Chaos Eye is too precious.”

“But how do you divide it?”

For a moment, the princes of the nine starry royal families looked at each other, and they saw each other’s vigilant eyes and took precautions.

Everyone wants to obtain the treasure, not to mention this priceless treasure. As long as you get this chaos eye, you can get the source of chaos inside, which is equal to the endless chaos essence.

For this chaotic eye, Qin Tiange is determined to get it, so he doesn’t want to keep hiding, but he wants to kill this group of strong foreigners, and then slowly seek the things sealed here.

He felt faintly in the world of chaos that perhaps not only these two Pangu seals existed, he even guessed that there were a large number of seals.

“Perhaps this is the God’s possession of the Pangu tribe. We don’t have to do this. Everyone can seize these treasures on their own.”

Finally, the prince of Jinjia spoke, with a slight tone, which was beyond doubt, as if he was the leader.

In this regard, the princes of other ethnic groups did not speak, and their faces were bland, but they could condense secretly to guard against the attack of the other party.

The prince of gold armor with a smile on his face, said lightly, "I want this chaotic eye, the others, you should find it yourself."

"That's what you said." The prince of the night snorted, disagreeing at all.

He sneered: "Jin Jia, you want to swallow this Chaos Eye alone, that is unwilling. We are equal to each other. Why do you get Chaos Eye?"

"Good!"

"We don't agree!"

Suddenly, the nine princes retreated, all the ethnic groups occupied one side, and they refused to let it go. The atmosphere was somewhat depressed.

These foreign tribe powers were directly divided into nine forces. Each prince represented a tribe. The original union, now encountered the treasure, even here may be the Pangu tribe, and naturally did not want to continue cooperation.

"Kill these foreigners first?"

Qin Tiange was about to start a raid to kill this group of foreign celebrity masters, but suddenly he suddenly turned around, staring in suspicion, staring at the seal that was originally found.

There was a weird hand inside the seal. At this moment, the cracked hand in the seal was shaking.

Buzz

The chaotic stone trembled, buzzed, and the Pangu forbidden sign flickered continuously, causing a terrible wave of energy, and the seal suppressed the moving hand.

The movements here awoke the group of strong foreigners who were about to start a **** battle. Turning around one by one, they suddenly changed their looks.

"No, that hand seems to have a spirit. Does it have complete awareness of the true spirit?" Prince Jin Jia's face changed greatly, exclaiming.

Other strong foreign races changed color, looking at the seal. The hand inside was constantly shaking, and a strange energy burst, trying to break the seal.

boom!

With a huge earthquake, the chaotic stones all produced drastic fluctuations, and there was a roar of pangu bans, as if they were to be broken at any time.

Seeing this, Qin Tiange could not help but look dignified, his eyes flickered with silver awns, and he stared at the weird giant hand.

Gradually, the sealed hand stood slowly, with five fingers moving slightly, like a scary creature who had just woke up from a deep sleep.

“Hand, hand awake?”

The star-studded foreigner’s life was frightened, his eyes widened, and he looked at the slowly standing hand in horror, pointing his palm at them.

Then a terrifying scene appeared.

Huh!

The palm position of that hand suddenly appeared a strange light, gradually getting stronger and stronger, in the end it seemed like an eye was about to open.

Yes, there was an eye in the palm of the hand that slowly opened, and the **** eyes were horrifying.

It’s not over yet. Above the palm of the hand, under the eyes, a gap suddenly opened, and horrible fangs were exposed from the inside.

On the palm of one hand, a weird eye opened, and a mouth was opened, and his mouth was full of fangs.

The moment the eye opened, a red ray burst out, a loud noise, and the chaotic rock trembled, causing the Quartet to tremble in the void.

“Ah” suddenly awakened everyone with a scream. in.

With a click, the creature’s entire body melted into a mass of energy on the spot and poured into the seal, devoured by the mouth opened by the hand.

“hiss!”

“What the **** is this?”

The other star powerhouses were horrified, and they continued to recede, and were scared to death. The star powerhouses were melted by a red awn, and they were swallowed up.

Is n’t that hand sealed?

“Hey, hey, I didn’t expect that countless years have passed, and there is still delicious food delivered to my door, this deity is really too excited”

There was a cold laugh in the mouth of the palm, and then the words came out. The weird voice through the mind, shocked the strong.

Dozens of powerful aliens looked at this scene, looking terrified, backed up, all thrilled!

Chapter 697 - Predator, even you swallowed 1

“what?”

The princes were horrified inside, staring at the eerie giant hand that was sealed, and they were able to devour a star powerhouse across the seal. It was incredible.

What’s more terrible is that this hand actually hides the true spirit and looks extremely fierce. The ancient atmosphere, even the Pangu seal, is somewhat difficult to block.

“Everyone don’t need to panic. It is locked by the Pangu Seal of Chaos Stone. It cannot come out at all. Be careful and prevent it from causing problems.”

The prince Jin Jia calmed down and hummed a little, telling the discovery directly. Just now it was just too frightening, so that everyone thought that Pangu’s seal could not suppress that hand.

Now think about it. In fact, it is preconceived. The inexplicable hole in the palm of the palm penetrates a blood light, melting an alien powerhouse and devouring it, only to scare everyone.

After thinking about it, these foreign powerhouses were not so panicked, all gathered together against Baoguang, staring vigilantly at the hand suppressed by the seal.

“Hey, do you think the Pangu Seal can suppress the deity?” The mouth on the palm of the hand cracked and a smirk came out.

A single eye, **** red and no variegated, gives a very strange and unpredictable breath, as if a glance will be swallowed up.

The palms of the palm were shaking slightly, and the gray chains were rustling, deafening, scaring a group of strong foreigners.

“Come on, let the deity eat another.”

As soon as the voice fell, I saw a moment of horror, and a horrible blood flashed out from that eye again, through the seal of Pangu, hit directly in front of the alien strong.

The blood light was extremely fast, and almost no response was bombarded on top of a baoguang. With a click, the baoguang broke apart, and a piece of precious treasure screamed apart.

“Ah, no!”

With a scream, the star-struck alien celebrity horrified and roared, and a force broke out to stop the red glow.

As a result, tragedy, no matter how his power erupted, he couldn’t stop that strange blood, which was directly covered by the body, and melted on the spot.

Seeing this, everyone looked tragic and horrified. They never thought that they couldn’t stop it. Not only was the treasure unable to stop it, but also a force could not stop it.

Spooky!

As that creature was melted into an energy essence, there was also a true spirit inside, struggling in horror and trying to escape.

It’s a pity that this energy was dragged by the blood, and dragged into the seal of Pangu.

“set!”

At this moment, a mysterious force came, the light was still, and before everyone had responded, a figure quietly emerged, opening his mouth to swallow the essence of the anchored energy, and the alien The true spirit was all swallowed.

“Presumptuous!” A loud scream came, awakening those stagnant foreigners who were strong, and all of them recovered their freedom, and then they suddenly felt surprised that there was an extra person in front of them.

The man who came was Qin Tiange. He saw that weird giant hand swallowed these foreign races, and he was simply robbing him of his delicacies.

“Human race?”

The Emperor Jinjia and others changed their faces. Looking at Qin Tiange who appeared, they all felt chills in their hearts. I did not expect that a human race was hidden here.

Moreover, it seems that the other party has been hiding for a long time, and even more horrible, he grabbed food from that weird giant as soon as he came out.

Yes, grab food!

That starred alien race was snatched by Qin Tiange and devoured.

“Well? Who are you? The body’s breath makes this deity very annoying, really annoying.” The giant hand turned, opened five fingers, and aimed at Qin Tiange.

The blood-stained eyes were cold and disgusting, and the slightest ray of anger was flashing, as if hating a natural enemy.

Qin Tiange expressionless, snorted coldly, “Dare to grab my food, and I will even swallow it with you.”

As soon as this word came out, there was silence all around, and the group of aliens behind was stunned, looking at Qin Tiange in front of him a little dumbfounded.

They did not expect that when this human race came out, they not only robbed the food of the giant hand, but also threatened to swallow the weird giant hand together.

“Oh, hey hey hey”

After a long silence, the giant hand suddenly burst into a wild laugh, and the cold laugh came out, sharp and harsh, shaking the hearts of many powerful foreigners.

The giant hand’s five fingers shook slightly, facing Qin Tiange, and a trace of horror and murder was revealed in the **** eyes, which was extremely violent.

It opened its mouth, grinned its teeth, and grinned, “Boy, you are crazy, for countless years, except for the Pangu people who dared to speak to the deity like this in the past, you are the first in countless years.”

“No time to accompany you to grind, wait for me to swallow this group of strong foreigners and slowly brew you.” Qin Tiange’s mouth sneered.

After turning around, he ignored the extremely angry giant hand in the seal, leaving his back to the other side?

“Dead!” A cold word came, and then saw a blood blast blast, penetrated the Pangu seal, and hit Qin Tiange’s back severely.

When the strong aliens were taunting, they seemed to see Qin Tiange’s killing, but then they made these aliens look dumbfounded.

Huh!

Before hitting Qin Tiange, that blood light fell back strangely, retracting the **** eyes in the palm of that giant hand.

There was a dead silence at the scene, and the giant hand’s eyes clearly flashed a stun, it seemed to realize that something was wrong.

“No, that’s the power of time backwards.” Huer, a murmur of surprise came from the mouth of the giant hand.

It sensed that it was the power of time, and Qin Tiange had the power of time, it was incredible.

“Time, that’s right. It’s the power of time. Do you have a pupil of time?” The giant hand made a cry of surprise, staring at Qin Tiange with blood, showing a trace of greed.

Yes, it shows greed, hehe laughed: “Boy, if you really have the pupil of time, the deity said that it would not cost you to swallow you.”

“Time pupil?”

Over there, a group of alien powerhouses who heard these words were horrified, especially the nine royal princes, with a look of suspicion, slightly backing away, watching Qin Tiange’s eyes changed.

Nine princes, such as the Prince of Armor, the Lord of the Night, and the Prince of the Blue Blood tribe, looked at each other, and flashed with determination.

“Go on, kill him together!”

Suddenly, the nine princes shot in unison, each with a horrible hole card. Every action was a shock.

They wanted to kill Qin Tiange, because the words of the weird giant hand just caused their uneasiness, the threat was too strong, and they had to take the initiative.

“kill!”

Seeing his own prince’s shot, dozens of star-level guards made an immediate decision, each wielding their strongest strength, and swarming towards Qin Tiange.

However, at this moment, the nine princes such as Jinjia, Devil Night, and Blue Blood all stopped together, then turned and blasted the chaotic air, blinked away and ran away.

Yes, the nine princes ran away, which made people astounded. Qin Tiange had all stunned, but suddenly laughed.

“What?”

“The prince ran away?”

Seeing here, the group of star-level guards were dumbfounded and stunned, but their respective forces could not be recovered if they wanted to collect them, and they could only bombard them hard.

Qin Tiange sneered, stretched out his hand and pointed out, suddenly a stream of black particles rushed around in the chaotic airflow.

With a bang, the black particles turned into storms, rolling the chaos of the Quartet, directly smashing the dozens of powerful forces.

“Time is still!”

A low drink, accompanied by the stillness and chaotic airflow being freezed, and dozens of star-strength powerful people were instantly locked, even the consciousness began to become hazy and finally freezed.

The power of time, as Qin Tiange absorbed the crystal of time and became more tyrannical, condensed the heart of time, this taboo power has long been transformed.

flutter!

A hand penetrated the heart of a star-strength strongman, and then this creature dried up instantly, and the whole body was turned into ashes.

Qin Tiange held a bright star in his palm, and there was also a terrified true spirit, which was the true spirit of the engulfed stellar creature and the star inside him.

“swallow”

He smiled slightly, turned around and flashed, his body turned into a shadow, appearing behind and in front of star-studded powerhouses, pierced their hearts, devoured flesh and blood, and caught the stars in their respective bodies. And true spirit.

This process was very fast. After almost five seconds, a total of eighty star powerhouses were slaughtered and swept away by him in this way, and no one remained.

“Boy, it’s fine, it’s cruel enough, and the deity is beginning to like a murderer like you.”

As Qin Tiange devoured dozens of star-rated powerhouses, the weird giant hand finally spoke, and a spiteful word came out.

He smiled insincerely: “Boy, worship the deity as a teacher, unravel the seal, the deity takes you to eat the race strong man from all walks of life.”

“Joke!” Qin Tiange turned and smiled back, saying: “What kind of thing are you, a broken hand, even if you reunite with the true spirit, it is just a bereavement dog suppressed by the Pangu tribe. What makes me a master? “

It was foolish to want Qin Tiange to worship the teacher. He never thought about worshipping the teacher, no matter who it was, he could not become his master.

As for the weird giant hand in front, it is just the broken hand sealed here by the Pangu tribe. No matter how weird it can be?

“If you don’t know anything, you will understand the power of the deity.” The giant hand growled loudly.

Qin Tiange chuckled a smirk and said, “I don’t have any time to care about you, wait for me to swallow those royal princes, and then I will make you.”

He was about to leave, but suddenly frowned, and suddenly felt that a simple word appeared in the sea, which was the word “pan”.

Qin Tiange’s expression was condensed. Staring inside the seal of Chaos Stone, the giant hand seemed to show a smirk of surprise.

“Boy, the deity can finally break through the seal, and you won’t be able to get crazy when you meet.”

The giant hand suddenly sneered loudly, then five fingers stretched out, fisted fiercely, and a few bangs, the gray chains on the fingers were broken on the spot.

Qiang Qiang Qiang

After several bursts of maggots spread out, they saw the gray chains that suppressed the blockade giants, one after the other was broken.

The Pangu seal trembled abruptly, the ancient forbidden symbols continued to flash, and a surge of force appeared to want to suppress the giant hand again. Unfortunately, it could not be suppressed gradually.

“broken!”

There was a sudden scream, the giant hand was struggling fiercely, and the crunching sound of crumbles kept coming, and finally the grey chain was completely broken by it.

I saw the giant hand that broke the shackles, opened five fingers, and a gray-purple energy flowed out from inside the cracks. It was weird and slammed against a chaotic seal stone.

Chapter 698 - Promote stars, start first

collapse!

With a clap of palms, the void collapsed, the chaotic stones buzzed and trembled, and the power of the gods was so powerful that they blocked the bombardment of the demon hand.

“The demon Pangu tribe, the deity is fed up.”

The demon hand uttered a fierce roar, and he was so arrogant that there was a weird and terrible energy gathering between the five fingers, hitting Chaos Stone again and again.

However, Chaos Stone is extremely hard, and the Pangu rune imprinted on it is extremely arrogant, and it can withstand the bombardment of the opponent.

Click!

A cracking voice came, Qin Tiange's pupils shrank, and after seeing the Pangu Seal of Chaos Stone was finally cracked.

Seeing that the devil's hand was going crazy, he wanted to blast the seal of Chaos Stone out. Qin Tiange knew that he couldn't sit idly by because he felt the terrible hand.

“Forbidden time and space, town!”

Qin Tiange drank swiftly, a silver-black energy surged in his eyebrows, and instantly turned into a forbidden area covering this area, and he immediately held the giant hand.

The silver and silver awns staggered, and the giant hand was entangled in the seal incessantly, and the power of the seal did not block his invasion.

Seeing this, Qin Tiange understood that it was the cause of the Pangu blood in his body. He is now a true Pangu tribe, naturally not affected by the Pangu seal.

Sure enough, the giant hand was banned, paused for a moment, and then coiled by the power of the Pangu seal, which turned into a chain and continued to seal the giant hand.

“Ah **** things, you” The giant hand broke through the time and space forbidden space, frantically frantic, kept struggling, five fingers lighted up.

In its fissures, a continuous stream of gray-purple blood poured out, turning into a continuous burst of energy bursts.

“Time is still!” Qin Tiange pointed out, and instantly stopped time, and the giant hand stopped suddenly.

Immediately afterwards, the power of time was reversed and turned into a torrent, and the horrible energy that had originally been gathered back quickly.

Giant hands howled: “Damn, what the ***** are you, why not be affected by the Pangu seal, and even have time and space restraints?”

“No, you have the breath of the Pangu tribe, hateful, you are the remnant of the Pangu tribe, how is it possible?”

Huer, the giant hand came to his senses, and immediately understood that the ancient veins in Qin Tiange's body was the unique power of the Pangu tribe.

It was angry and growled: “Impossible, the Pangu people are extinct.”

This giant hand seemed very insane, his consciousness was unclear, as if he had suffered a bruised scar, and it seemed that the true spirit had been cut.

Although it condensed and revived, it was still damaged and seemed a little crazy, even violent. It was not like the calmness, arrogance and coldness that an ancient creature should have.

“Trouble!” Qin Tiange frowned secretly, looking at this giant conscious maniac, feeling a bit troublesome.

Hum!

At this moment, a strange buzz came from a distance, causing a large chaotic airflow to stop, and then collapsed as much as possible.

“Ah no, no”

At the same time, a loud scream came, with endless fear, which caught the attention of Qin Tiange and the giant hand.

Looking around, I saw a figure before a seal in the distance, a figure shrouded in a gray light, constantly struggling to resist, the whole body of light flickered, but it continued to collapse.

That was a royal prince. He didn't expect to run to Chaos Eye. He was unwilling and wanted to take away that Chaos Eye quietly, but it was a tragedy.

“Save me” The prince exploded with all his strength and exhausted all his powers, even using all the precious defenses.

But soon, the treasures were shattered by the chaotic light and turned into chaotic essence and devoured. Then he watched in horror as his body was assimilated by the chaotic light.

“Chaos eyes, did you wake up?” The giant hand uttered a surprise, and then it laughed wildly: “Wake up, wake up quickly, there is a Pangu tribe remnant, swallow him up quickly.”

boom!

As this sentence spread, the seal riot over there turned out, and the gray and terrible eyes inside slowly opened slowly. A horrible light revealed that the target was pointing directly at Qin Tiange.

“The Pangu tribe breath, the rest of the sin, when the kill.” The gray chaotic eyes suddenly heard such an intermittent word.

The words of terror spread all over the place, all sides shook, the chaotic air flow surging, turned into a violent torrent that swept all directions.

Huh!

At this moment, two figures suddenly flashed and came to Qin Tiange, each holding several shining stars.

It was the self-employed and the imperial seal spirit of the emperor. Both were hidden nearby. Just now I saw nine princes running away and they stopped them.

“Master, killed five and ran three.” I stepped forward and turned in three bright stars, the stars of the three princes.

The Emperor Seal of the Emperor handed in two, a total of five, still failed to kill all the royal princes and ran away three.

And the one that was just devoured by the chaotic eye, Qin Tiange took the five stars, and hesitated to take out the stars that had accumulated before, and swallowed them all.

Bang!

Dozens of stars were swallowed. Suddenly, the ninety-nine stars in the body suddenly expanded and turned madly, swallowing all these stars into Dantian, crumbled and devoured.

With the engulfing of these stellar bodies, the ninety-nine stars in Qin Tiange's body finally reached the edge of breakthrough, successfully transformed, and completed the last step of the stellar body condensation.

Hum!

A buzz came from Qin Tiange's body, and the chaotic air flow around it continued, and then a majestic momentum erupted, sweeping in all directions.

The rumbling spread, Qin Tiange's momentum soared, as if the strength in his body suddenly obtained some kind of transformation, the ninety-nine huge stars completed the final transformation, successfully transformed into a stellar body, which is a real stellar body.

"Finally, I have been promoted to Hengxing." Qin Tiange shook his hands and muttered to himself.

He felt the surge of power in his body, and the whole person felt different. It seemed that from this moment, he would be able to fly freely in the Xinghai.

At this moment, Qin Tiange was truly a star powerhouse. He finally took this step and completed the initial transformation. Ninety-nine stars were in his body. How horrible was that power?

Click!

Suddenly, a cloud of gray **** light came in, and the cracked air penetrated and hit Qin Tiange's eyebrow.

Looking at the chaotic light from the laser, Qin Tiange was expressionless, his eyes suddenly bloomed with two horrible silver awns, hissing through.

Huh!

The two rays collided with each other, the chaos light collided with the silver time light, and the sound of gold and iron fighting came out from each other, and finally both collapsed.

"Time pupil, I, have never tasted the taste of time pupil."

Over there, the chaos eyes flickered, and the faint light flowed, sending such a low and terrifying word.

This chaotic eye has its own true spirit, which is completely a terrible creature. If it was not suppressed here by the Pangu tribe, perhaps it would have become an extremely terrifying existence.

Qin Tiange looked at the chaotic eye and the giant hand, and suddenly said, "How can they break the seal? It turned out that they had just swallowed up the flesh and blood of the soul and restored some of its original strength."

"I see, but it's too late."

The giant hand chuckled and said suddenly: "Chaotic eyes, this boy is the relic of the Pangu tribe. You eat his eyes, and the rest belongs to this seat."

“can!”

A word came out of Chaos Eye, and he directly agreed. What he most concerned about was Qin Tiange’s pupil of time, and he just wanted to eat that pupil of time.

The agreement between the two weird things came to an end, and they even discussed how to share Qin Tiange, making the self-confidence and instrumental spirit a little nervous and vigilant.

“You retreat!” Qin Tiange said, looking indifferent, although he was alert but not panic, he had his own card.

Two weird things, no matter what they are, since they were sealed here by the Pangu clan for countless years, they are almost worn away.

What’s most reassuring to Qin Tiange is that, whether it is Chaos Eye or the weird giant hand, the true spirit of both is incomplete and has been chopped. Although it has been patched up after countless years, it is incomplete. Incomplete.

“Want to eat me, then see who eats who, I am also very jealous of your true spirit, old and domineering, contains many mysteries, it is my favorite delicious food.”

There was a fierce smile on the corner of Qin Tiange’s mouth, and there was a sense of serenity in the words, apparently to swallow two weird creatures.

“Arrogance!”

“Break the seal, swallow him!”

Two loud drinks came at the same time, and the chaos eyes trembled, and a horrible gray light burst out suddenly in the eyes, constantly bombarding those seals that blocked it.

The giant hand here also broke out, and after accumulating a part of the recovered power, it directly broke the gray chains, condensing the ancient forces to bomb the Chaos Stone Seal.

boom!

A horrendous loud noise spread through the chaos and nothingness, and the powerful fierce gas was exposed continuously from the seal. Two major creatures were born.

They really broke the seal of Chaos Stone and shattered the seal of the Pangu tribe. After all, they have gone through the seal of countless years, and their power has been almost worn away.

“Think of it, I’ll swallow you first.”

Seeing that the chaotic eye broke the seal even faster, Qin Tiange looked cold, flashed directly, and rushed into the chaotic stone seal into black particles.

Suddenly, a force of taboos radiated, time was still, and the chaotic eye continued to growl, gradually being fixed.

“The ground book is a true word, suppress!”

The figure of Qin Tiange emerged, waving a wave of golden symbols, densely packed, and hundreds of symbols poured into the chaotic eye, to suppress a broken true spirit hidden inside.

For him These ancient remnants are the supreme flavor of his true spirit. How could he let it go?

“Ah, this is true spirit restraint?”

Chaos eyes trembled and screamed screams, and finally the inner spirit finally appeared a little flustered and seemed to be hit by natural enemies.

The true truth of the earth book is the nemesis of the true spirits of all races. No matter what race or how it exists, the true spirit will be threatened by the powerful books.

Unless, it is the supreme being that is free from the shackles of the true spirit, so that it cannot be affected by the book of the earth.

“True power, forbidden!”

Qin Tiange drank swiftly, hundreds of golden symbols entered into it, and rushed into a hidden true spirit hidden in the core source of Chaos Eye.

Suddenly, an endless golden mysterious force came in, imprisoning the true spirit on the spot.

“How dare you!”

The true spirit of Chaos Eye issued a roar, and a gray light burst out from the whole body. The chaotic aurora broke out fiercely and rushed towards Qin Tiange’s body instantly.

Chapter 700 - Mysterious hand, unknown origin

There was a click, and two huge fingers were severed.

“Ah, you’re looking for death!”

The weird giant hand screamed and kept shaking, trying to break the seal, but unfortunately the two Pangu seals could not be broken.

Moreover, its power has not been restored originally, most of it has been sealed, and most of it has been wiped out. It can recover or swallow up a star-shaped creature.

Now, the two Pangu seals are suppressed, and Qin Tiange is fierce, and his ***** are cut off first.

“Good energy.” Qin Tiange clutched a cracked finger in one hand, devouring frantically, and was shocked.

The huge energy contained in the ***** was beyond imagination and could not be swallowed for a while, and even the huge gray-purple energy inside was still not reduced.

Seeing this, Qin Tiange brightened his eyes and sneered, “Just right, my chaotic membrane is lacking energy to grow.”

Before, there was a half-step space-time royal corpse, and now there is another eye of chaos. Together with this strange and mysterious giant hand, the three endlessly provide ancient and powerful energy for the chaotic membrane to grow and complete.

Once the chaotic membrane has completely grown up, it is a complete chaos. At that time, Qin Tiange will carry the mighty power of chaos with every move. Who can stop it?

“Suppression!” Thinking of this, Qin Tiange gave a low sigh, **** directly suppressed in the chaotic membrane.

At this moment, inside the chaotic membrane, thick chains kept coiling around two fingers, invaded the crack, and absorbed the endless energy inside.

Not far away, there is also a corpse, which was also invaded by countless thick gray chains to extract the huge energy, providing the growth of chaotic membranes.

“Smash you into the seal and slowly devour it.” Qin Tiange chuckled, and clenched his hands with the **** of that weird giant hand.

The mighty Pangu power, the power of all the cells in the body to burst out, clicked, and two weird fingers were chopped off.

These **** were also suppressed in the chaotic membrane by Qin Tiange’s seal, and they continued to draw energy from it until they disappeared.

“Ah shit, **** it, how dare you treat this seat?” The giant hand growled wildly with a stern voice.

It was so mad that it was chopped off four fingers in succession, and finally there was a thumb left. The entire giant hand was bare, and a gray-purple blood poured from the wound, but it went back, extremely Weird.

Looking at the last thumb, Qin Tiange stretched out his hand, struggling for a moment, and a croaking crunch came to him, and he gave it a break.

All the fingers were chopped. Why did Qin Tiange feel that the energy contained in this giant hand was too great?

Because most of the energy was sealed by the Pangu seal, which prevented it from erupting, it was suppressed here. The biggest role of the Pangu seal was to seal 50% of the power of this weird giant hand, and the remaining 50% of the power continued to wear away under the years.

In other words, this giant hand contains 50% of the strength of the peak period. Once absorbed and swallowed, it is definitely a huge growth for the chaotic membrane.

“Now, it’s your turn, I’m looking forward to it, more curious, who is this hand?” Qin Tiange’s eyes flickered with a horrible luster.

His fierce approach scared the true spirit of the weird giant hand, shook under the giant hand, and felt the death threat.

That is the fear of the destruction of the true spirit. The powerful and strange giant hand true spirit will also produce fear, and the same will be feared in the face of gray smoke.

“Wait, I have something to say,” said the giant hand. Qin Tiange waited in horror, and something to say.

“Nothing to say.” Qin Tiange drank coldly, reaching into his opponent’s eye with a severe piercing.

“what”

The screams spread all over the place, and the chaotic air flow kept rolling, and the weird giant hand made the most miserable cry, and Qin Tiangesheng pulled out his eyes to seal.

“Forgiveness, I’m willing to follow you” It is begging for mercy, but unfortunately, Qin Tiange has no patience, and even no longer interested in listening to it again, directly condenses the authenticity of the book, and hundreds of golden symbols broke into the other party’s original eyes Child location.

There was a blood cave there, and the true spirit was hidden there. As the ground truth flowed in, the boom trembled, and the giant hand trembled, followed by a terrifying scream.

“Unwilling to be unwilling, not willing to be swallowed up by you” The true spirit growled wildly, constantly struggling, wanting to explode.

It is a pity that the book of the earth is truly mysterious and unsettled, and the direct seal seals its true spirit, making it lose its ability to explode the true spirit on the spot.

Under the mysterious power of the authenticity of the earth book, it was impossible to blow itself up, and it was only to see that it was obliterated by consciousness, leaving only a pure energy and huge memory.

Not long after, the consciousness of that true spirit was completely wiped out, leaving a pure and immaculate energy of the true spirit, which Qin Tiange swallowed up.

Rumbling

Knowing the true spirit space of the sea, an immense amount of true spirit energy poured in, shaking nothingness, causing Qin Tiange’s mysterious fragment of the true spirit to tremble and devouring the surging true spirit energy.

Gradually, the true spirit energy of the weird giant hand was absorbed. Qin Tiange’s fragments of the true spirit were quickly repaired, and even recovered to 10%.

The true spirit recovered to 10%. Qin Tiange suddenly felt that his strength had become stronger. Although the state of cultivation was still the same, the combat power he could burst out was far beyond his previous self.

Perhaps this is a powerful manifestation of the true spirit’s integrity. This is still only 10% repaired. If it is completely repaired, what is the situation?

Looking at his true spirit fragment, Qin Tiange was very puzzled. What is his true spirit?

“Forget it, try to capture and devour more ancient and powerful remnants. I’d like to see what my true spirit is.” Qin Tiange sighed secretly and determined to capture more ancient and powerful remnants. And repair yourself.

There are still 90% of the true spirits that have not been repaired. It is still in the foreseeable future. The more difficult it is to repair later, the even-expected energy of the true spirit will grow geometrically.

“The real spirit is gone, this giant hand is suppressed in the chaotic membrane, just as energy to provide the chaotic membrane to grow.” Qin Tiange smiled with excitement.

In front of him, the giant hand that had been destroyed by the true spirit, his mouth disappeared, and the hole in the eyeball location disappeared. In addition to the broken five fingers, and the dense cracks, he could not see anything special about it. Place.

Qin Tiange swallowed this broken hand into the chaotic membrane, suppressing it, and constantly absorbing the ancient and huge energy inside, increasing the growth of the chaotic membrane.

Rumbling

Suddenly, the chaotic membrane trembled, endless energy spewed out, chaotic gas boiled and roared, and a wave of convergence was derived.

The chaotic membranes are growing rapidly, hundreds of times faster than before. There is an endless stream of chaotic essence spewing from the eyes of chaotic springs, coupled with the immense and vast energy contained in a weird giant hand, which naturally accelerates the growth of chaotic membranes.

However, the energy needed to make a party grow up completely and chaotically is inestimable, and it is not what two or three strands of energy can provide.

“Well, let me see, the origin of this giant hand.”

After Qin Tiange inspected the growth of the fetal membrane, he began to carefully absorb the memory of the true spirit. Gradually, he sat cross-legged in the seal of Pangu.

He absorbed two huge and ancient memories, constantly absorbing the nutrients inside, the powerful and profound cultivation of the realm, the realm that could not be touched or even understood before, and this moment showed up to him without any secret. .

Absorbing two huge ancient memories, Qin Tiange suddenly had a clear and cheerful feeling that lifted the mist and saw the blue sky, with a comfortable body and mind and a true spirit.

However, what made him frown was that he did not find the origin of this giant hand from the memory of the true spirit.

Yes, it is not only the true spirit memory of the giant hand itself, but even the majestic memory of the eye of chaos, there is no information about the origin of the hand.

“What a mysterious broken hand, what is the origin?” Qin Tiange couldn’t help frowning, couldn’t find the specific origin of the hand.

Even the true spirit born of the giant hand was not clear about the origin of this hand, and had to horrify Qin Tiange, constantly guessing the mysterious origin of this hand.

The mysterious broken hand, unknown origin, shocked Qin Tiange’s heart, but soon no longer thought about it, no matter what its origin, it is now swallowed by his suppression.

Qin Tiange laughed suddenly: “Regardless of its origin, let’s swallow it first, and then no matter how old it is, for me, it is to provide nourishment for the growth of chaotic membranes.”

Thinking about this, Qin Tiange no longer struggled, and his body returned to its original size. Then he stood up and looked at the seal of 19 chaos stones.

“These two Pangu seals are still useful. They can even be merged into one seal and become stronger, um, they can be taken away.” Qin Tiange thought about his chin, and finally waved his hand to close up the eighteen chaotic stone seals.

He intends to merge two identical Pangu seals into one, so that he can exert a stronger seal.

Moreover, the original strength of the seal is almost consumed, and the seal of Chaos Stone must be injected with new energy.

And this energy must be the energy of the Pangu tribe, or the chaos essence injected by the Pangu tribe. Qin Tiange just has a chaotic spring eye.

Put the two Pangu seals into the chaotic membrane Floating on the eye of the chaos spring, constantly absorbing and absorbing the spewing chaos essence to restore the seal energy.

“Master, no other seals were found!”

At this time, two figures quickly appeared. It was the self-consciousness and the imperial seal of the Emperor’s Seal. Just to look around, there were no other seals, but neither of them found anything.

Qin Tiange nodded, glanced at the gray chaotic airflow around, and laughed: “If there isn’t, there won’t be it, anyway, this time the gain is already great.”

“Go, let’s go out and hunt down the three fleeing royal princes.” After that, a icy murderous flashed across his face.

I ran three royal princes before. Naturally, they couldn’t let them run away. Once they ran away, some news about Qin Tiange’s presence here might spread.

“Master, I’ll take you there!” Qi Ling turned directly into the emperor’s seal, directly radiated by light, and pursued the breath of the three princes.

Qin Tiange catches up with the emperor’s seal, and leaves his broken chaotic realm with his self to hunt down the prince who ran away from the three starry royal families.
