

# THE DARK AGES

## Chapter 7 - 1st, 5 days

Shocked, powerful, and exquisite, this is ten times the effect of taking the enhanced version of quenching body fluid, making Qin Tiange full of excitement and joy

Ten times, a whole ten-fold improvement, the overall quality is ten times higher than an adult man, how terrible is that?

Qin Tiange's great power indulged and delighted, and finally he had a little capital to survive in the last days.

自信 He is confident that he can become the strongest person in the last days, and even surpass the three first emperors of the previous life. This is a huge advantage of rebirth.

“You, what's wrong with you?” Chen Xi was shocked, staring at Qin Tiange with wide eyes. She was extremely shocked and incredible.

I saw Ye Fan suddenly lifted up a bed frame with one hand, at least two hundred pounds. It looked very relaxed, effortless, and amazing.

怎么 “What? You want something that adds strength?”

At this moment, Qin Tiange lowered the bed frame, and tilted his head to look at the former emperor who was in front of him. Seeing the strong desire in the eyes of the other party, he was in a good mood.

Wu Chenxi nodded fiercely, and really wanted what Qin Tiange drank just now. Needless to say, it was definitely a good thing. Even after just drinking it, he could easily lift an iron bunk bed with one hand.

“Want? Of course, but why should I give it to you?” Qin Tiange’s mouth slightly tilted, revealing a playful look.

Seeing his face, Chen Xi was suddenly in a bad mood, and opened his mouth, but I do n’t know how to speak. Could it make you inexplicably good for you?

Don’t be stupid. Even if she is the one who asks herself, she can’t give others benefits for nothing, let alone Qin Tiange, who has been struggling for fifteen years in the last days.

“What do you want me to do except my body.”

After a word, Chen Xi directly asked it without any embarrassment. She knew that she had nothing to entice him except her body.

But she definitely doesn’t do it, even if she can’t have such a powerful force, she will never betray her body. That is not what she wants, even if she is dead.

虽然 “Although you are beautiful and sexy, I don’t need your body.” Qin Tiange looked up and down at her perfect figure, in fact, it was definitely not true if he didn’t want to move, but he didn’t have the idea.

Wu Chenxi, how to say it is one of the five emperor-level powers of the previous life, to him, this woman has her greater value, that is to subdue her.

“What do you want?” Chen Xi’e frowned slightly, staring at the young man in front of her, mysterious, unable to see through.

He killed without blinking. He cut the bald man’s neck in the woods without hesitation, and then shot the scar man’s head with a shot, which was called sharp.

Moreover, she also saw Qin Tiange beheading and killing a large number of zombies on the football field. The zombie mutated by students was extremely horrible.

Su Qin Tiange suddenly looked serious, staring at Chen Xi, saying, "I need your cooperation, or in other words, need your help."

"I see!" Chen Xi was surprised, and understood Qin Tiange's meaning in her heart, that is to make her useful to him, useful.

To be honest, just follow him and be his subordinate. As soon as this idea started, Chen Xi found that he had no room to resist.

However, Qin Tiange said at this time: "I can tell you the truth, the thing I drank just now is called Yixing Quenching Body Fluid. It was not made by me, but was exchanged from a heritage stone tablet."

"Hey, that's what I exchanged for this thing." He said, spreading his palms, and a black-gray crystal appeared in front of Chen Xi.

She opened her eyes with curiosity and asked disgustingly: "Isn't this thing you just dug out of those dead zombies?"

"Yes, this is a brain crystal. The first level is a one-star brain crystal. The higher one is a second-level brain crystal. Then there is a higher level. Until the tenth-level brain crystal, I won't say Now. "

She Qin Tiange explained a little bit and explained some knowledge of the previous life, which shocked Chen Xi, shocked, and completely subverted her outlook on life.

"You mean, those stones that have fallen from the sky can be exchanged for anything?" Chen Xi was really shocked, but could not believe it but had to believe it.

For a long time, she calmed down slowly, calmed down and stared at Qin Tiange. This young man is very mysterious and seems to have expected it. He is likely to know the end of the world.

"Did you already know?" She asked.

Wu Qin Tiange admitted, chuckling: “I did learn some information, and I know the end of the world.”

He didn’t say much, and didn’t want to tell anyone that he was born again, that was the biggest secret in his heart, not even the closest woman.

好 “Well, I tell you these news, that is to tell you, if you want that powerful force, you must hunt the zombies, or the wild beasts that have mutated.”

Qin Tiange interrupted Chen Xi, who continued to ask again, coldly: “There is a strange crystal in the head of the zombie, which is the brain crystal, and the mutant beast also has this mutant crystal in the head, which can be exchanged What you want, like great power. “

前提 “The premise is that you must be able to hunt those things in order to get those brain crystal exchanges. If you accidentally get caught and bitten, then congratulations, you will be my target for hunting.”

Qin Tiange’s icy words without any emotional fluctuations, revealing coldness and murderousness, made Chen Xi’s heart tremble, but her face was calm, and she was indeed one of the emperors of the previous life.

赞 He sighed, then pulled out a new steel knife behind him and threw it over, the latter hurriedly caught it, his expression changed a little.

“Go, if you want to be strong, you must hunt those zombies alone.

Fortunately, this is a middle school. The zombies turned into by those students are not very powerful. This is your chance.” .

Although she was a former emperor-level powerhouse, but it is not yet. If you can’t hunt and kill those zombies alone, let alone the emperor-level, even if you live, it is a problem.

The stubborn need watering it with blood and killing, not a delicate flower cultivated in the greenhouse.

Wu Chenxi didn't say a word, she went out with a heavy knife, without any hesitation and hesitation. She needed strength and desire for strength, and the only way was the way Qin Tiange said.

Now, she can rely on the mysterious young man Qin Tiange. With his help, she can quickly become stronger. UU reads [www.uukanshu.com](http://www.uukanshu.com) to survive and find her relatives.

Lao Ren, once there is obsession, the power and potential that erupts are extremely powerful.

"With the goal, talents will continue to advance."

Chen Qin Tian Ge looked at the leaving Chen Xi muttered to himself, did not go to see, did not follow, if she died, it would not be the emperor of the previous life, but an unknown dead.

Wu Chenxi had his own goal, and he also had his own plan. He stepped out of the dormitory door and looked at the heritage stone monument in the center of the football stadium. He felt a sense of urgency inexplicably.

"There is not much time left. At least five days are left before the stone monument disappears." Qin Tiange knew that his time was running out.

For the first time in the past, the stone monuments descended from heaven. Those stone monuments are not permanent, but they have a time limit and they are random stone monuments.

The first time is five days!

For twenty-five days, it looked very long, but in a blink of an eye, it passed. Qin Tiange knew exactly this, so he did not hesitate to move Chen Xi to go hunting alone, because he needed helpers, the more the better.

Speaking of helpers, Qin Tiange's eyes moved to the two teaching buildings, and on each floor of the corridor there were many students who became zombies wandering, and screams came from time to time.

"In five days, you must hunt as many zombies as possible to mine brain crystals and exchange more good things. The first chance is only five days."

Qin Tiange has a dignified expression, and calculates quickly in his heart that his own hunting must be inefficient, so only gathering a group of people to help him kill, the efficiency is different, and people have more power.

So how to gather a group of people?

Looking at the opposite teaching building, Qin Tiange had a calculation in his heart, holding a steel knife, immediately left the dormitory, and quietly moved towards the teaching building.
