

Dark Ages 70

Chapter 70 - Defeated

Beneath his seat, a group of survivors looked up in horror, seeing corpses all over the ground, one by one with dense steel arrows in their bodies, like hedgehogs, a tragic death.

These people are afraid, but dare not make a sound, afraid of being killed.

Tong Yinyin's mother hugged her little girl and covered her eyes. Her pretty face was full of fear, her body curled and shivered under the seat.

"A hot group of people." In a corner, the bright and moving woman's eyes flashed a horror, looking at Moda and Liu Ye, and others, feeling inconceivable.

This group of people, most of them are young? Even if you say kill, kill dozens of people at once. It's not a human, but a devil.

Her face was dignified, looking at the steel shields one by one, holding up the steel knives, one by one looking at the corpse, and seeing that she had died, she immediately added a knife and cut it clean.

When I saw this scene, everyone was frightened. One didn't dare to say a word and lay under the seat.

Alas!

One of them was not dead, but was approached by a girl. The steel crossbow aimed at his head was an arrow shot, and it fell into a chilling position.

She is only fifteen years old and a junior high school student.

"Qin brother, everyone has been cleaned up. Eight of us were injured. Two of the girls were shot in the calf by bullets." Moda returned quickly and reported the situation with a **** steel knife.

Although some people like Moda were blocked by steel shields, some people were still injured. For example, a shot was taken on their feet, or their faces were bruised. Two of the girls were injured by stray bullets.

Of course, one by one wears fine steel armors here, and naturally protects the key points. None of the bullets can penetrate the defense armor, so no one is dead. Of course, if armor-piercing bullets are another matter.

"Very good!" Qin Tiange nodded slightly, praised everyone, then turned his face, staring at Zhao Kun, who was always carrying his hands.

At this moment, Zhao Kun's face was pale, his eyes were full of unbelievable light, as if dreaming. He never dreamed that he would be planted in the hands of a group of young boys.

He walked out for decades, killing countless people, and there were not a thousand people who died because he had eight hundred, but today he was planted in the hands of a group of underage boys and girls, saying that when they go out, they will laugh at their teeth.

But he couldn't laugh at all, because he felt the breath of death.

“You, won ...” Zhao Kun said calmly, and said lightly.

Qin Tiange sneered at the corner of his mouth and said in a calm tone, “Originally you didn’t have to die, but you can only blame you and your group of people for being too blind. When you met, you pointed at us with a gun. You insulted me and we were Killing is also the fault. “

When I heard this sentence, Zhao Kun was speechless in heart, anxious to shoot the young man’s head in front of him with a single shot, it was really annoying.

Don’t you see that your men are dead? Should you point them with a gun? Shouldn’t their own group of people suddenly see a group of people who should suddenly point their guns at them?

“It’s useless to say it, the king will be defeated. I have nothing to say in Zhao Kun. In this life, I have killed women, money, and status. This life is enough. I will wait for you below.” He revealed his face when he said this. A faint smile.

Qi Qin Tiange smiled and nodded and said, “Yes, it’s a personal thing. Since you don’t want to live, then I will give you a ride.”

“Wo ++ you ...” Zhao Kun opened his mouth and yelled. Who doesn’t want to live? Unfortunately, before he finished speaking, Qin Tiange came to the car door and opened the car door.

“Good to go, don’t send it!” Zhao Kun was lifted out of the train, the palm of his hand was twisted slightly, and his neck was crushed with a click, then thrown out like throwing garbage.

After doing this, she closed the door gently, Qin Tiange turned back to the carriage, and came to the bright and worried woman.

“You, kill me?” The woman suddenly calmed down, fear was useless, and since the other party wanted to kill her, it was impossible to escape.

As for the threat of catching people? Just kidding, look at the group of junior high school students. One by one, they are not as strong as humans. She saw the girls and carried the corpses of the big men in one hand, as if they were without weight.

Is that still a junior high school girl? This scene subverted her inner idea, thinking that this group of people is a group of demons in human skins, which is too scary.

“Tell me your name, what I want is the real name.” Qin Tiange stared at each other’s eyes and asked them word by word.

He didn’t feel it at first, but suddenly found out at this moment that this woman was somewhat familiar, as if she had seen it before, and could not remember it.

“I don’t have a name!” Who knows, the woman said, looking at him calmly, without panic and calm.

She really doesn’t have a name, a killer, only a code, no name. And she is exactly an international killer who originally came to China to perform her mission, but never wanted to meet the end of the world.

“Kiki, you stare at her and kill her if she has something wrong.”

I looked at her for a long time, Qin Tiange suddenly spoke, saying something that chilled the beautiful killer.

As soon as his words fell, he saw a **** girl coming up, wearing a huge sword, carrying a steel crossbow in her hand, her face was cold, and her eyes kept flashing with a killing light.

“This woman is a killer lunatic!” This is the first feeling of a beautiful killer, and at a glance Kiki is a lunatic.

Seeing this, she felt a bit broken in her heart. Who are these people? One is scarier than the other, are they still human?

After Qin Tiange instructed Qiqi, she would no longer care about this woman, but turned and walked into the first compartment. At this time, Moda and others have entered here to search for the remaining brother Kun.

“Brother Qin, I found two brothers Kun and they wanted to detonate explosives. We were promptly rushed to stop and kill the spot.” Moda saw him coming and immediately reported the situation.

Qin Tiange narrowed his eyes and came to the first compartment. This is not the front cockpit but the first luxurious compartment. Two corpses lie in it, which looks like Kun’s person.

Beside the puppet, a pile of grenades and explosives had fortunately not been blown out of the back compartment by them, otherwise Qin Tiange would have been in trouble.

Put away these explosives and grenades at will, Qin Tiange walked into the cockpit of the train, and the door was long destroyed by Kun and others. There were two people, a man and a woman. The middle-aged man was the train captain.

The woman, young and beautiful, with a **** body and a professional outfit, was a flight attendant. When they saw Qin Tiange coming in, they looked tense, because a gunshot just made them very nervous.

Unexpectedly, it wasn’t Kun who came, but a young man wearing black ancient armor. The handsome face was full of resoluteness. His eyes were full of endless depth, which made people addicted to it.

“So handsome!” The beautiful flight attendant looked dumbfounded. She had never seen such a handsome young man, and she couldn’t help committing idiots.

“Hello, I’m the train captain, and my name is Fei Changping.” The middle-aged train captain first greeted Qin Tiange and introduced himself.

“Hello Captain, my surname is Qin, just call me Tian Ge.” Qin Tian Ge responded with a smile, without posing.

The beautiful flight attendant was sober, and she extended her hand generously, and smiled sweetly, “Hello, my name is Wu Xinlan, and this flight attendant is here.”

“Yes, brother Kun ...” Wu Xinlan, the beautiful flight attendant, came to her senses and asked, but she couldn’t say the last words. She was a little scared.

“I have been killed!” A fluttering sentence, a look of indifference, as if not talking about people, but killing a group of chickens and ducks is simple and plain.

Thriller!

The words scared the train captain and the beautiful flight attendant named Wu Xinlan, and they looked at him in disbelief.
