

Dark Ages 701

Chapter 701 - Killing the royal family, neutron star, is about to explode

In the Pangu mainland, three figures rushed out of the ground in embarrassment, all of them were somber that they almost burst into fire.

“Damn, that is the Emperor of China?”

A blue-haired young man with a mess of blue hair groaned and was extremely angry. He was the blue blood royal prince who ran out of the chaos world.

The two next to him, one was the Prince of the Night, and the other was the leader of Jinjia. Nine princes brought in a group of guards, but three of them escaped.

“Magic night, that young man of this tribe should be the candidate of the emperor of this tribe’s ancestral land. We will send the news back and let the family find a way to send one or two black hole-level strong men to kill him.” The blue blood prince was angry. Said.

On the magic night, the prince of the magic horn family snorted and said unpleasantly, “Do you think it would be easy to get the black hole class here? That would cost a lot of money, and even the old people in the royal family would not agree.”

The prince Jinjia on the side hummed, “Yes, don’t think about this idea, it’s a stupid idea, and the two women who are blocking us, one of them is the emperor’s seal, and the other is probably the brain.”

“Damn, Chaos Realm has found it, but we must find a way to get the Pangu God Hidden in it.”

“Go, hide for a while and find the princes of other races. We will spread the news and let them enter the chaos gate again.”

The three princes said they were about to leave, but at this moment, the void in front of the three suddenly produced ripples.

“not good!”

The prince of Jin Jia changed his face slightly, and screamed, “The ripples in space are the means of the Emperor of China, and it is rumored that he has the power of space.”

“go!”

The three looked very different, waiting to turn around, but a figure came out in the space, blocking their way.

The person who came was Qin Tiange, looking dully at the princes of the three royal families in front of him, his eyes showing the slightest murder.

“Where do you want to go?” Qin Tiange asked lightly.

A black particle surrounds his body, enveloping the space around him and the three foreign princes into a field.

Seeing this, the three princes looked dull, and the prince of Jinjia hummed coldly: “Chinese emperor, do you think you can leave us?”

“Can’t you know if you try it?” Qin Tiange flicked his fingers, and the particles in the surrounding space immediately combined into a black prison cage.

The space cage directly blocked the range of several kilometers, and wanted to run. Unless he broke the black cage, he could only kill Qin Tiange.

“Can’t walk, then kill him!”

The prince of the magic night showed his murderous face, his eyebrows flickered with black awns, and the horrible breath was constantly blooming on the unicorn, and the black arc permeated.

“Then kill him!” The blue-blood prince also said, his body flooded, and a tinge of blue light from his brows converged, as if he had an eye to break away.

Qin Tiange looked expressionless, glanced at the two of them, and then glanced at the prince of Jinjia, who was the one who most attracted him.

I saw the Emperor Jinjia slowly speaking, Sen Ran said: “Since this is the case, look at your candidate for Emperor Emperor, what’s the skill?”

“on!”

The three princes emptied together and surrounded Qin Tiange in a three-orientation position. The whole body was boiling, and the strength in the body was constantly flowing, condensing in their hands.

As soon as the Prince of the Magic Night pulled his hands, he saw a purple-black battle grab. A magic wand and a killing towering into the sky are an ancient powerful weapon.

“Look at the trick, the magic cracks the sky!” Suddenly a gun pierced through the void, and a trace of cracks broke in the void. The sharp spikes made Qin Tiange’s heart muscle cold.

But instead of panic, he calmly raised his hand and gently.

Jingle!

With a crisp sound, the fingers and the magic gun collided with each other, and a burst of sparks burst out, and there was a continuous burst of powerful air waves.

In the area where the two collided, a little black crack appeared. It was a space crack and was broken by the impact of the two people.

The prince of the magic night was shocked, and it was incredible that Qin Tiange even shot his Xeon shot with his fingers.

“Broken!” Before he continued to slap God, he saw a light drink, Qin Tiange slammed his finger hard, and when the slap was heard, the tip of the gun

cracked and shattered, and then the entire gun body was broken by him all the way.

On the fingers, there are silky black awns, and there is a strand of silver awns intertwined, with a mysterious force that penetrates time and space, and points at the eyebrow of Prince Moya.

Click!

Just listening to the sound of a crisp sound, the devil's face was stiff, his eyebrows were pierced with a finger, a blood hole exploded behind his head, and consciousness and even the true spirit were broken and crushed on the spot.

One-shot spike!

The Prince of the Magic Night did not have time to use his hole cards, and was killed by Qin Tiange.

“Eye of the Cang, suppress!”

Suddenly, a loud Xiao came, then Qin Tiange looked up and saw a huge eye suddenly appeared above his head, slowly opened.

It was a horrible eye, a pale blue eyeball, revealing the cold and ruthless murderous power, locked Qin Tiange, and turned it into an inexplicable force to suppress it.

Qin Tiange only felt his body tightened, as if locked by some force, madly compressed, and wanted to invade his body.

“Break!” Seeing this, he looked cold and drank softly.

I saw the body tremble with trembling, pangu blood boiled in the body, and then an incomparable power broke out. The ancient vast force shattered the blockade around the body.

Opening the repressive force, Qin Tiange was about to rush to destroy the eye, but as soon as Jinguang lased, he had to wave and slap him up.

哐 Dang!

With a loud noise, the sound of the golden iron attack spread all around the void, only to discover that the golden light turned out to be a sharp golden sword.

“Golden family, golden sword?” Qin Tiange spit out, staring at the gold prince, who is one of the strong families in the starry family, the golden family.

Their whole body is like gold casting, and the blood in their body is more like gold liquid, filled with a golden immortality, and even with a super sharp force.

“Eye of the Cang, traces of heaven, strangling!”

Suddenly, the blue-blood prince screamed loudly, and saw the huge eyes overhead suddenly filled with a mysterious force, and strange threads lingered around.

That was the mark of heaven, the mark of heaven, and Qin Tiange was surprised that the other party could use the mark of heaven in the eyes of Cang to kill the enemy.

The rift road came in coils, and wanted to hang Qin Tiange, but strangely, as soon as the mark of the sky was close to his body, it was absorbed by the inexplicable assimilation.

“You like to use the marks of the sky, then I will use the marks of the sky to kill you.” Qin Tiange hummed, put his fingers together and waved gently towards the blue blood prince.

With a click, a sword mark was cut off from the top of the opponent’s head, which was the sword mark of the sky.

“Ah, the mark of the sky, how is it possible?” The blue blood prince stared with wide eyes, staring in horror at the sword mark of the sky that had been cut down from his head.

He screamed in horror, his body instinctively receding, but he was cut off by the sword marks of the sky and half of his body was sprayed with blood.

Losing half of his body, the blue blood prince had lost his spirit, looked at Qin Tiange with horror, couldn’t believe that the other party could understand the power of Tianchen.

That’s the power of the mark of heaven, how did the other party realize it? As the Prince of the Blue Blood clan wondered about speculation, he saw Qin Tiange suddenly vacated, his hands inserted into that eye.

“Ah no!” Prince Blue Blood screamed, covering one’s eyebrows with one hand. There was a blood hole there, leaving blue blood constantly.

Soon, the blue eye in the void was dug up by Qin Tiange Sheng, and the prince of the blue blood screamed and passed out completely.

“It’s up to you, what can you do to make it happen, otherwise you won’t have a chance.” After closing the eyes of the Cang, Qin Tiange turned and stared at the last Golden Prince.

The golden prince’s face was gloomy and his eyes flickered. When he saw his mouth opened, he suddenly spit out a purple-golden bead.

Bang!

The moment the bead appeared, the surrounding space was distorted on the spot, and powerful suction was emitted, causing terrible chaos.

Qin Tiange stared at the bead, and saw that the cage around the space began to collapse, and was shattered by the bead.

“A neutron star?” He said in horror, guessing the origin of the beads.

The prince of the Golden Family sneered and said, “A little insight, yes, this is a neutron star that failed to derive a black hole.”

As he said, as soon as he waved his hand, the bead swelled up against the wind, and the powerful cage broke the space prison.

The two appeared on the Pangu continent, and Qin Tiange looked at the growing sphere above his head, which was exactly a terrible neutron star.

The neutron star, which is an extremely heavy and obscure star, is the product of the failure of the supernova after its explosion, and has a high density.

It is rumored that each cubic centimeter of neutron star has a weight of one billion tons, which is simply incredible.

boom!

The neutron star skyrocketed, and instantly turned into a huge sphere with a diameter of three kilometers. It was madly engulfing the surrounding flowers and trees, dirt rocks, and even the air.

Qin Tiange was settled in the void, his eyes staring at the neutron star were scorching hot, it seemed that he wanted to occupy the neutron star.

“People of the Emperor ~ www.mtlnovel.com ~ Enjoy the explosion of this neutron star slowly.” The emperor of the Golden Family suddenly laughed, and then turned to leave in the void.

Looking at his movements, Qin Tiange showed a slight smirk, reached out and pointed out, and instantly, nothingness remained, everything was still.

flutter!

The prince of the gold family had a stiff face, slowly lowered his head, and saw a hand penetrating out of the new house, grasping a golden yellow heart with his five fingers.

It was his heart, and blood like gold lacquer continued to flow and shed splendid golden light.

“Time you” murmured in horror, and the body dried up quickly.

Soon he had only one true spirit, and still could not escape the fate of being swallowed up, and eventually became a little nutrient for Qin Tiange to restore the true spirit.

The princes of the three royal families were easily killed by Qin Tiange. Finally, there was a neutron star that was expanding and the internal energy was boiling.

The point is, this neutron star is about to explode.

Chapter 702 - Super heavy, in the name of Huaxia, the starry sky will be carved forever

Kakaka

On the Pangu continent, a huge neutron star is constantly expanding, and the internal high temperature is released, which is hundreds of thousands of times higher than the sun.

The intense heat has burned countless substances on the ground, and the dirt rocks have been swallowed into the neutron star by strong suction, increasing its volume.

“Master, the neutron star will explode. Once it explodes, the entire Pangu continent and even the entire earth will suffer the trauma of destruction, and even cause a geocentric change.”

Xun Ji’s figure rushed quickly, his face changed greatly, standing next to Qin Tiange, and solemnly speaking his calculation information.

Qin Tiange swallowed up the prince of the golden clan, stared prudently at the expanding neutron star above his head, and the surrounding land was rolled up and sucked into the neutron star.

Once the neutron star explodes and collapses inside, it is likely to trigger a new round of supernova explosions, and may even produce a black hole celestial body that engulf the earth.

Almost in a breath, the lands and rocks within tens of kilometers in a circle, the mountains came up from the ground, poured into the neutron star, and were turned into neutrons and merged into them.

This scene scared countless creatures, many ancient creatures nearby roared in horror, and ran away, but unfortunately they could not run away from the horrible attraction of the neutron star.

Huh!

A huge dinosaur was directly sucked up, and it instantly turned into a neutron structure and melted into a neutron star.

The strong attraction made Qin Tiange's body a little bit attracted. Pangu blood boiled in the body, and the powerful force resisted this suction.

“Time is still!”

Almost immediately, Qin Tiange spent time to stand still, the void was paused, everything was fixed there, and the neutron star was still at this moment.

But soon, this static force gradually loosened, and a horrible explosion occurred inside the neutron star. The power became more and more fierce, and it was about to break through the static blockade of time.

“Forbidden time and space, open!”

The situation was not good. Qin Tiange opened the time and space forbidden area. Pangu blood in his body burned, his body suddenly swelled up, and turned into a giant three thousand feet tall.

He stretched his arms, hugged the neutron star, and frantically pushed it out of Earth space, but found that the neutron star was too heavy.

Heavy, super heavy, this is how Qin Tiange feels at this moment, the mass of that neutron star is too horrible, and it just surpasses the earth.

Even the mass of this neutron star is growing at a geometric multiple, hundreds of thousands of times heavier than the sun, and Qin Tiange's weight is hard to shake.

boom!

The ground collapsed, heavy pressure caused the land below to collapse, a tens of kilometers of large cracks spread, countless rocks and dirt, and high mountains off the ground.

The neutron star is about to explode. The intense heat burns the air, and numerous clouds of air have converged and poured into the neutron star.

Once this neutron star continues to expand, the entire Earth's material is likely to be swallowed up.

“Chaotic membrane, open!”

As a last resort, Qin Tiange finally used the power of the chaotic membranes, and a terrible power broke out in the body.

As if the strength of a chaotic world had increased, Qin Tiange's body suddenly rose up to a thousand feet, and his body of four thousand feet finally shook the neutron star.

Under the chaotic power of the chaotic membrane, he laboriously collected the neutron star into the chaotic membrane of the body and swallowed it.

This method is quite dangerous. One is bad. A neutron star explodes inside the chaotic membrane, which may destroy the chaotic membrane.

However, Qin Tiange underestimated the strength of the chaotic membranes. As an exhausted universe created after the failure of the baby universe evolution, how can it be a small universe, how could it be destroyed by a neutron star explosion?

In that case, the universe can no longer be called the universe. All the neutron stars swallowed by the chaotic membranes explode directly in the chaotic membranes.

A loud bang came from within him, and the terrible power formed a shock wave, which shook the Pangu mainland slightly.

The dark clouds in the sky collapsed and the atmosphere was swept out of a cave on the spot, exposing the dark starry sky outside.

boom!

The confidant not far away was directly hit by the explosive force that erupted in Qin Tiange's body and fell into the crack.

Qin Tiange himself was stiff there, his body was floating in the air, a strong wave of air rolled away, and a flame of flame gradually burned.

This flame was ignited by the high temperature inside the body, in fact, this impact had no problem with his Pangu body.

The point is, Qin Tiange's consciousness is immersed in the chaotic membrane, watching the neutron star produce a big explosion, the kind of power that destroys the sky is like breaking the ground and exploding the chaos.

"Opening the sky" Qin Tiange captured an aura of light for a moment, his inspiration flashed, but he was unable to capture it.

Seeing that neutron star swell, then exploded, destroyed the sky, and exploded the chaos. The picture flashed an inspiration in his mind, as if he understood the mystery of opening the sky.

But I could n't catch it. I tried hard to perceive it, but I did n't get anything. I only sighed helplessly, and then I looked at the explosion energy and blew the chaos in the chaotic membrane.

Rumbling

Within the body, the chaotic fetal membranes are constantly vibrating, and it seems that the volume has expanded a little at the moment when the neutron star exploded.

Moreover, the super energy exploded from the neutron star not only did not destroy the chaotic membrane, but also promoted the growth of the chaotic membrane.

That energy was absorbed by the chaotic membrane, which gave rise to more chaos, which suddenly grew a lot, so that Qin Tiange truly realized the power of the chaotic membrane.

“It is indeed a dead baby that reappeared in the universe, and I was blindly worried.” Qin Tiange muttered to himself, and had a completely new understanding of the chaotic membrane.

The crisis was lifted, and the neutron star exploded in the chaos, turning it into a nutrient for the growth of the fetal membrane.

call!

Exhaling lightly, Qin Tiange woke up, sweeping around, the ground completely collapsed, forming a huge pit of dozens of kilometers.

Seeing such a scenario, Qin Tiange had to smile bitterly and almost caused greater damage. This is still a neutron star. If it is a black hole celestial body, wouldn't it be necessary to swallow the entire earth directly?

Moreover, if the neutron star was not forcibly collected into the chaotic membranes of the earth just now, maybe the earth would really be swallowed up, and this neutron star would be created, and it would even re-transform into a black hole celestial body.

The “Master” rushed forward, looking a little nervous and worried.

She finally felt relieved when she saw that Qin Tiange was okay. The neutron star was about to explode just now, which really scared her.

Qin Tiange patted her fragrant shoulder and smiled: “It's okay, the neutron star is resolved. It seems that no prince of any alien family can be underestimated.”

“Yeah, I didn't expect that the prince of the golden family had a neutron star, and it is still a neutron star that can be detonated at any time.” Xi Ji said with a hint of heart.

A neutron star is a star after the star failed to enter a supernova explosion and evolved. It is extremely scary and infinitely close to a black hole object.

Only those who have evolved into black hole celestial bodies can become black hole-class powerhouses. Losers can only become failed products such as neutron stars, or die in smoke under the explosion of a supernova.

The practice is not so simple and smooth. Countless creatures are stuck in the stars all their lives, or fail when the stars in the body evolve into black holes.

This makes Qin Tiange even more firm. His own cultivation path cannot be carried out in accordance with the current cultivation system.

Qin Tiange looked at the scene of destruction around him and sighed, “My self, I am going to practice it in the Chaos Gate, and sort out my current ability.”

“Master, at present, the main forces of all races are quietly coming. If you are not, who will preside over the big picture?” Fu Ji said with some worry.

Listening to this, Qin Tiange shook his head and looked up at the starry sky for a long time without saying a word. After a long time, he said blandly: “At present, we Chinese and even human beings need to grow up in the course of hardening. Otherwise, how will we cope with the more cruel expeditions on the stars in the future?”

“Race battles are all dead and dead. Defeating the war is tantamount to exterminating the tribe. It is not strong enough. It is a wrong decision to step out of the galaxy.”

After Qin Tiange finished speaking, he looked at the starry sky silently, and his eyes were constantly beating a strange ray of flames, as if he had seen countless wars and burned the entire universe.

He then said: “Although I can kill the foreign royals, the main force of each tribe still needs Huaxia people and all human beings to deal with it. This is a grind. I am about to step into the Xinghai. We want to grow. To be strong in the sky, we must take advantage of the time when the young main forces of the foreign races come and use their blood to sharpen the immortal will to fight for the Chinese people. “

“Go, there are no dead people in the war. Tell all the generals that once they are all done, who can follow me on the road to the starry sky depends on their own efforts.”

Qin Tiange finished speaking ~ www.mtlnovel.com ~ turned around and disappeared here, leaving nothing but a drowsiness, watching his back.

“Master, I will follow you all my life and never give up!”

Xi Ji murmured silently, turned, with a firm complexion, set off in the air, and returned to Huaxia to arrange the tasks assigned by Qin Tiange.

He decided to use these young foreign troops to sharpen the Huaxia tribe, and turn the entire Huaxia tribe into a starry and even a cosmic strong.

Human race, after all, is too one-sided and too huge, Qin Tiange is now speechless when looking at humans on the earth.

What about the larger human race above the Xinghai? The human race is a large multi-ethnic group with various ancient ethnic groups. Without the support of a strong ethnic group of its own, how to lead the entire human race and how to conquer the ancient ethnic branches of other powerful ancient peoples?

“In the future, in the name of Huaxia, I will forever carve the stars and celebrate the universe.”

Inside the Chaos Gate, Qin Tiange's eyes were firm, his arms were strong, and he slowly closed the ancient and vicissitudes of the gate. The only word that came out was a word of determination.

Chapter 703 - Unsealing the seal, 1 phalanx

In the Chaos Gate, the boiling chaos gas was sweeping, violent and full of destruction.

This kind of power is very old and terrible, but it is an indispensable ration for Qin Tiange. To absorb the chaos essence, it is necessary to absorb the chaos gas.

I saw, in the fury of chaos, a figure sitting cross-legged, quietly looking at an eyeball floating in front of him, it was the eye of the blue.

This eye was dug out from the blue blood royal prince. The inner part contains the traces of heaven. This thing is very useful and naturally cannot be wasted.

“Swallow!” Qin Tiange opened his mouth and swallowed, and clicked, and that eye swallowed him, crunched and then swallowed the mystery of the heavenly marks inside.

The mark of the heavens belongs to the power of the heavens. This mysterious power cannot generally be parsed and devoured, but Qin Tiange is like a bug, more like the virus of the heavens can erode the mystery of the power that devours the marks of the heavens.

Absorbing the mystery of the marks of heavenly path, Qin Tiange has a deeper understanding of the marks of heavenly path, and even exerted more powerful sword marks of heavenly path.

“Let's take a look, what exactly is sealed in that star?”

After a long time, Qin Tiange took out a thing, which was a bead-like thing, but a real star, a seal made of it.

Inside the seal of the planet, there is a seal of the blue blood tribe. This thing has always attracted Qin Tiange's curiosity. I want to see what is inside the seal.

However, for the sake of safety, Qin Tiange still took out two Pangu seals from the chaotic membrane, and first sacrifice them, and then the two merged with each other.

Just listen to the sound of “—”, two identical drive letter seals are fused into one, forming a more powerful seal.

Looking at the nine huge quaint grey boulders floating in front of him, Qin Tiange knew that the seal of Chaos Stone was even more powerful.

However, he suddenly had an idea and murmured: “Can the soul of the earth book be imprinted on the Chaos Stone and integrated into the Pangu seal?”

Qin Tiange suddenly wondered whether he could let the formation of the Pangu seal blend into the mystery of the soul of the earth book. Such a chaotic stone seal is not only more powerful, but also directly suppresses the true spirit.

“Try it!” Qin Tiange thought to act immediately. After the sacrifice was completed, Pangu's seal was immediately printed, and a number of golden symbols were

poured out. Hundreds of golden symbols poured out and imprinted on the chaotic stone.

Qiang Qiang Qiang Qiang

After a while, the Chaos Stone buzzed, and the golden symbols flashed on it, and the badger's imprint was on it.

The banned symbol of Pangu miraculously incorporates the symbol of the true character of the book, and the two become even more strange and powerful.

The authenticity of the ground book can be integrated into the Pangu seal, making the Pangu seal after fusion more powerful and strange, even the true spirit can suppress the seal.

"It turned out to be." Qin Tiange felt a touch of emotion, in fact, he didn't have much hope, but he did not expect to succeed.

Looking at the more powerful Pangu seal, Qin Tiange knew that it was time to unravel the seal of the planet and release the suppressed things inside.

Buzz

As you can see, the Pangu seal spread out, circling continuously around Qin Tiange, and the mountain was shining with a terrifying light.

After doing this, Qin Tiange carefully took out the seal of the planet, his face gradually condensed, and slowly opened the seal inside.

Click

The seals on the surface of the planet were untied. Qin Tiange, who had studied thoroughly through the early days, easily unsealed these dense seals one by one.

Suddenly, an extremely horrifying breath burst out of the planet, and a powerful wave of life erupted inside, which aroused Qin Tiange's vigilance.

He stood inside the seal of Pangu, quietly watching the planet floating in front of him, and then slowly expanded.

Bang

The planet swelled, and the Pangu seal swelled along with it, and gray chains lingered around the planet, sending out bursts of maggots.

The planet seal was untied, but there was a Pangu seal on the outside, which was even stronger. Soon, the thing inside was gradually revealed.

The planet has become extremely large, floating slowly in the chaos, exuding an old and unknown terrible atmosphere.

Suddenly, there was a rattling sound on the surface of the planet, and the entire planet began to crack, slowly cracking from the inside.

There were more and more fissures, and the last burst exploded, turning into a gorgeous light that gradually extinguished and became dust.

That planet was gone, replaced by a ray of light emerging from the inside, extremely brilliant, and a faint section of things floating in the blue-gray light.

“A finger bone?” Qin Tiange squinted his eyes, his eyes shining through the silver, seeing through the light and seeing the contents inside.

I never thought it turned out to be a phalanx bone, pale blue, crystal clear like jade, revealing a powerful breath, mysterious and unknown.

A phalanx bone, a thousand feet long, unmatched, is just a small bone, not a finger at all.

But such a phalanx is so huge. What kind of creature’s phalanx is sealed in the planet, or is it a blue blood fetish?

Qin Tiange was bewildered, looking at the incomplete finger bone in front of him, the whole body was pale blue, and the surface was burning with bubbling inflammation.

Hum!

As soon as the phalange appeared, a buzzing sound was heard, and then a trembling, it was broken, but unfortunately was surrounded by gray chains.

The Pangu seal directly suppressed this weird phalanx, so that it could not be broken. It just broke away from the planet seal, and was suppressed by the Pangu seal again, as if it angered the phalanx. boom!

The finger bones slammed into Qin Tiange, and the powerful coercion swept through, but unfortunately he was suppressed and even locked it firmly.

Qin Tiange didn’t move, looked at the phalange in front of him quietly, and felt carefully, and finally found the huge energy contained in the phalanx.

Seeing this, the corners of his mouth were slightly tilted, and he chuckled: “So much energy is just used to feed chaotic membranes.”

“swallow!”

Without hesitation, Qin Tiange opened his mouth and swallowed, and the chaotic fetal membrane in the body burst into an unparalleled huge force, directly swallowing the repressed finger bone.

As soon as he entered the chaotic membrane, the digit of the phalanx broke out directly, but was quickly suppressed by the accompanying Pangu seal.

“No matter what the finger bones are, it will become my nourishment for my chaotic membranes.” Qin Tiange said to himself and stopped paying attention.

After entering the chaotic membrane, the digit of the phalanx was quickly drawn from the energy inside and provided for the growth of the chaotic membrane.

Just after swallowing the energy of a neutron star explosion, the chaotic membrane is much stronger than before, and it is easy to swallow up this phalanx.

However, the huge energy contained in the bones of the fingers is beyond Qin Tiange's expectations. No matter what the chaotic membrane absorbs, the energy in it does not decrease.

“Very good, the chaotic membrane has no shortage of energy for the time being. The next step is to consolidate my ability, and by the way, swallow this piece of chaos.”

With a smile on his face, Qin Tiange directly transformed Pangu's body, and in this piece of chaotic chaos began to devour, cultivate, and realize the strength of his whole body.

He wants to sort out all abilities and strive to upgrade them all, because he is ready to step into the sky.

When this training is completed, he will go beyond the earth and enter the higher-dimensional galactic world, sharpen his chances and make himself stronger.

With a bang, an endless stream of chaos came, turning into a terrible vortex around Qin Tiange, constantly absorbing the surrounding chaos.

Qin Tiange is engaged in cultivation, consciously organizing his various abilities, and the understanding of time and space is becoming more and more unpredictable.

As for the power of the Pangu tribe, it is even simpler. As long as the chaos gas is swallowed, the condensed and tempered into the chaos essence can make the body cells stronger.

In addition, Qin Tiange also ingested a large amount of chaos essence from the eyes of Chaos Spring, constantly strengthening himself and improving combat effectiveness.

As Qin Tiange practiced for a longer time, his devouring intensity became more and more terrible, and the entire chaotic chaos became turbulent, which led him to endless chaos.

Devour, devour!

Qin Tiange seemed to have fallen into madness, devouring the violent chaos without any worries, and dried up this fragmented chaotic world.

Without chaos, here is nothing, there is nothing at all, and some are chaos.

At this time, Pan Gu's blood was almost condensed to the extreme in Qin Tiange's body, followed by the crazy growth of volume.

The more chaos and assimilation it absorbed, the more horrible Pangu's blood in Qin Tiange's body gradually broke through the original level and slowly increased.

When the entire broken chaos was swallowed up by him, and even swallowed the countless chaos essence in the eyes of Chaos Spring, finally Pangu blood in the body successfully transformed again.

Hum!

There was a buzzing sound from the body, Qin Tiange suddenly stood up, his body voluntarily expanded, and directly rushed to the height of 9,999 feet.

It was almost completed, and unfortunately, it seemed to be stuck, and it was impossible to improve the previous period.

In his body, there is a surging force hidden in countless cells, which is the Pangu tribe's power to open the sky, which is very scary.

Every cell was filled with the power of Pangu ~ www.mtlnovel.com ~ How terrible it was, even Qin Tiange began to have strange and unpredictable changes in his body.

The physical strength has strengthened Qin Tiange's self-confidence.

But he hasn't woke up yet, continues to cross his knees, and starts to realize other abilities, the mysterious and great time, and the vast mystery of space.

He even realized some of the mysteries of the soul's true meaning, his breath was stronger, and he became extremely powerful and terrifying.

“swallow!”

Qin Tiange opened his mouth and shouted, and the endless suction directly swallowed up the fragmented chaos, turning it into the nutrients of the chaotic membrane.

With his final engulfment, this little chaos collapsed, and the world collapsed, which is equivalent to disappearing here completely.

“Is there a source of mystery here?”

Seeing that this nothingness was about to collapse, Qin Tiange was not thinking about leaving, but thinking whether there was a secret source here.

Chapter 704 - The battle flag does not fall, and the expedition continues!

Underneath the Pangu continent, where a flash of quaint gray gates stood, mysterious.

Suddenly, the door trembled and buzzed.

boom!

There was a loud noise, and the Chaos Gate was torn apart, blasted directly from the inside, and saw a huge hand protrude, then retracted.

Soon, a figure emerged from the chaotic energy of the explosion, stepped out of the collapsed nothingness, and the chaotic gate of the broken dream gradually turned into a black hole that became smaller and smaller, and eventually disappeared completely.

“There is no mystery source, unfortunately” Qin Tiange sighed, a little bit sorry.

He didn't find the origin of the mystery after the chaos was broken, which made him regretted that he could swallow up another origin of the mystery, which turned out to be nothing.

He glanced at the disappearing Chaos Gate without stopping, but turned around and blinked, disappearing here.

Huh!

Once again, Qin Tiange has returned to China to go to Beijing to see his busy self.

“Master, are you back in retreat?” Huang Ji asked in surprise.

Qin Tiange nodded, the power of time turned around, and he immediately understood how much time he spent in retreat, only ten days passed.

He looked at his self and laughed: “You are ready to send a message to the heads of human power in each state and ask them to come to China to discuss the formation of the Earth Human Race Alliance.”

“Establishing the Terran Alliance?” Ji Ji stunned and quickly understood.

She smiled and said, “Master, I will send an invitation right away, but will they come?”

Qin Tiange looked at the sun recovering in the void and laughed inexplicably: “They have no room for refusal, and the main alien forces have not been eliminated. If they don’t come, I will wait to be destroyed one by one, and then flee to us China. “

“Hee hee, master you are so bad, isn’t this forcing them to come to the alliance, and then heading the entire earth human alliance headed by Huaxia ruler?” Ji Ji said with a smile.

Qin Tiange smiled lightly and didn’t speak. In fact, he had no patience to stay on the earth, but he resolved the problems within the earth’s people as soon as possible.

First come out of the Grand Alliance of Individuals, coordinate the Earth ’s humanity to form a huge whole, and then slowly control it from the inside to gather the power in the Alliance a little bit.

Take Huaxia as the standard, accommodate the major human race branches of the earth, create a strong earth human race alliance, and build up a strong enough force to break through the dimensional barriers into the four-dimensional galaxy in one fell swoop.

“Also, ready, I may leave the earth for a while after the establishment of the Earth Terra Alliance, and create a frontier base belonging to our Huaxia tribe outside.”

Qin Tiange said, and then asked, “Yes, what happened to the artificial ***** warriors, if it has not been completed, then I will go alone.”

“I’m sorry for the host. I haven’t finished this plan yet, and I’m working hard.” I apologize, she failed to complete this part of the plan.

This plan looks very simple, but it is very difficult. Creating a huge number of artificial ***** warriors is an extremely large plan.

There are many difficult problems and difficulties. Although it can be accomplished for the ego, it cannot be achieved in a short time.

Thinking of this, Qin Tiange didn’t care about it either, and said, “Okay, then this time I will step into the Milky Way alone, and the earth will be given to you.”

“The master is assured that he will look at his family.” He looks serious and earnestly promises.

Here is her home, Qin Tiange's home, and the homes of countless human beings on earth. Once lost, it is equivalent to the rootless duckweed, and it will wander the starry sky.

This is definitely not good. A strong race is useless without a foundation.

As Qin Tiange arranged Huaxia's internal affairs and planned to enter the Xinghai, the human forces in all states received an invitation letter.

Invitation letter from Huaxia!

“Form a Grand Alliance for Humanity?”

In North America, the president looked at the invitation, looking dull and volatile. Looking at the above content, it was Qin Tiange who sent his self to write clearly. He went to Huaxia to discuss the formation of the Terran Alliance.

“Everyone said, go or not?”

At this moment, North American high-level officials immediately negotiated urgently. Whether to go or not, this issue is not big, but it is not small.

Some people agree to go, others disagree, and think that Huaxia wants to grow bigger and wants to lead the Earth Human Race Alliance, which is simply ambitious.

“Go, we must go, otherwise we will be excluded.”

Those who advocate going forward all firmly believe that they must go, otherwise they will be excluded or even beaten by anti-human alliance elements.

If you do not agree with the Terran Alliance, it means tantamount to not recognizing that you are part of the Terran. The Terran Terran Alliance must be formed.

If you do n't go, if you are excluded, you will have to face the offensive of the main alien army.

The most frightening thing is that Huaxia already has the ability to open bases in aliens. This situation has disturbed other human forces in the states.

As soon as I heard of the need for alliances, the formation of a major human race against the earth, it is a good opportunity to obtain powerful technology from China.

In the end, no human force was stupid enough to refuse, but did not want to come to Huaxia, but to restore their opinions.

The alliance can, but cannot hold this alliance meeting in Huaxia. It must be held above the Pangu continent.

“Master, what do you think?”

After receiving the information and opinions from all parties, Qin Tiange smiled, didn't care, and it was the same where the alliance meeting was held.

“Tell them, it will be in the Pangu continent. Since they want to go there for a meeting, they will do as they want.” Qin Tiange agreed directly.

He laughed: “Yi Ji, you immediately ordered a group of engineering robots to build a temporary conference venue directly at Tianzhu Mountain in the Pangu mainland.”

“Okay, master, I’ll do it right away.” Xi Ji nodded and went to supervise the office.

She is not assured, because there are many strong alien races hidden in the Pangu continent, as well as various ancient fierce beasts, and the robot can be easily destroyed.

Watching her leave, Qin Tiange turned around and blinked, appearing on a huge high platform. This is the largest square in the base of Shangjing. There are countless people gathered here. Dozens of uniform legions stand quietly above the military ground in the square, and there are countless Chinese people gathered in the dense surroundings.

Even at this moment, countless people are watching the live broadcast here.

On the high stage, the senior Huaxia personnel gathered together were waiting seriously.

“leader!”

Everyone stood up in unison, and all the senior executives of Huaxia had expired, even if the heads of the bases came in person.

“Leader! Leader!”

The wave of cheers rose higher than the wave, Qin Tiange’s current prestige has reached the highest point, and even as time goes by, every Chinese person will deeply remember this powerful Chinese leader.

Around China, in front of virtual big screens, densely packed Huaxia people, even those who are integrated into China, gathered together and looked at the virtual light curtain silently.

Qin Tiange came to the high platform and swept the Quartet seriously. Behind him was standing the Huaxia executive, and beside him was the leader and wife Chen Xi.

As one of China’s top powerhouses, she is naturally qualified to stand here, and as a leader’s wife, of course, no one will object.

“My fellows, I want to announce one thing.”

Qin Tiange reached out and pressed down the boiling cheering. At the moment, the scene was silent, and countless people stopped cheering at the same time, forbidding the line.

With a satisfied smile on his face, he opened the door and said: “Comrades, next, we will lead the formation of the Earth Human Race Alliance, but the Chinese people must be the most powerful and want to be strong. Then annihilate the main forces of the alien races and sharpen themselves. “

He has decided to let go and let the people below deal with the next crisis on the earth, hidden strong alien races, various unfriendly mutant species, and he will no longer care.

It doesn’t matter whether it’s a starry royal family or an ordinary alien strong one. In short, as long as it doesn’t exceed the star strong one, he won’t bother.

“In the future, for a long time, you will not be able to get any support from me. If you want to become stronger, you are on your own.”

Qin Tiange brushed countless people with no expression on his face, and then said, "The resources are given to you, the method of strengthening is also given, and the opportunity is also given. The directions are all for you. It's your own business. "

Huh!

Suddenly, Qin Tiange waved a battle flag, and the bright red flag fluttered on the high platform, exuding soaring spirits, and an indomitable war will burn, like a flame, eternal.

Qin Tiange looked at this battle flag and shouted, "I will stay with the Huaxia battle flag. I want it to become an immortal battle flag. I want it to fly above the ancestral land of the stars. , You, can you fulfill my wish? "

"People are in the flag, the flag is not falling, and the expedition is endless!"

"People are in the flag, the flag is not falling, and the expedition is endless!"

A loud roar came from ~ www.mtlnovel.com ~, then broke through the clouds, and a wave of sounds rang across Huaxia, which was the roar of the Chinese people.

The bursts of roar, shaking the void, containing the determination of countless Chinese people, the kind of sworn to defend the Chinese flag of war, people are in the flag, and the leader wants to let it fly above the ancestral land of the stars, so as China As a member of the nation, we must strive for this goal.

Rather than a wish, it is better to say that this is the goal that Qin Tiange has set for them. The magnificent goal is to insert the Huaxia battle flag on the ancestral land of the starry peoples and fly forever.

The battle flag does not fall, and the expedition continues!

Huaxia boils again, and even the entire Asian human beings who have just been conquered are driven by this powerful blood. The blood boils, unconsciously, as the numerous Chinese people roar and shout, they gradually merge into one.

The general situation has been achieved. As long as the flag of war does not fall, one day, the name of Huaxia will surely reverberate through the universe of the heavens.

For a while, the creatures of various ethnic groups hidden in the starry sky suddenly became cold, and there was a shudder in the soul inexplicably.

Chapter 705 - Tough, deterred, and the leader of the alliance

On the top of the Pangu continent, on the top of Tianzhu Mountain, a huge floating platform floated there, surrounded by dense legions of guards.

There is also an airborne mothership formation that is constantly towing in the space at the top of Tianzhu to prevent accidental and dangerous approach.

On the platform, gathered the heads of human power from all continents, the king of the three gods of Europe, Qi Zhi, the ***** of Africa, the president of the North American Union, and the human power of Oceania.

They are all here, gathered on the Tiangu column of the Pangu continent, and come to the meeting place of the Earth Alliance for Humanity opened up by Huaxia.

“What about the Chinese leaders?”

At this time, above the platform, the leaders of the human forces in all states have arrived. The president of North America is unhappy, and he sees that no one representing China is coming.

This made him very uncomfortable, thinking that it was Huaxia who was putting on a show, leaving them here, and everyone was waiting for the leader of Huaxia.

“Look, here you are!”

At this time, the three ***** kings of the European Three Gods Department brushed their heads together, and others looked up into space, and saw a space passage emerged there.

The dark passageway filled with a strong breath, rushed towards the face, and changed the high-level color of all humans present.

Soon after, a figure came out of the black hole, followed by a large group of breathy people, all of China’s current strongest, all emperor-level, full 39, and four first emperor-level strong follow.

“Chinese leader!”

The heads of human beings in each state are dignified, looking at the coming person, and a young person headed by him is currently the supreme leader of China, with unpredictable strength.

Qi Qin Tiange came out of the air and landed on a suspended platform. He looked at the leaders in the states present and smiled and greeted him with a smile.

“You have been waiting a long time.”

“Sit down, let’s start now.”

Qin Tiange sat down and went directly to the subject without any nonsense, so that the heads of human power in all states present were inexplicable pressure.

Not only the level of strength, but also the vision, even the size of the heart, makes everyone inexplicably more stressed.

The North American president flashed his eyes and said: “You called us to discuss what constitutes the Earth Alliance for Humanity, how to establish it, and who will lead the alliance?”

不错 “Yes, the human alliance on our side of Oceania is actually an alliance, and you Huaxia said that you want to form an earth human alliance to jointly fight against the invasion of alien races. How do you unite?”

“What are the benefits of the alliance? Can China’s current technology be shared with the alliance members?”

One question after another, all those heads of human power from North America or Oceania, they are most concerned about their own interests.

The alliance can, but the benefits cannot be less, otherwise they will not do things that are not beneficial, or even oppose them.

It was the King of the Three Gods of Europe and several human representatives who were silent, and even the ***** of pull on the African side just looked at Qin Tiange quietly and did not speak.

“The alliance is imperative, and any force or individual who blocks the earth’s human race must be crushed.”

Qin Tiange said lightly, his eyes swept across the people calmly, an invisible oppression acted on their minds, and everyone felt a stagnation in breathing.

He said this very clearly, it has been made clear that the alliance is imperative, and once someone blocks or opposes the alliance, it will usher in his terrorist blow.

“Are you too domineering?” The president of North America gloomy, humming: “Although you Huaxia is very strong, it is impossible to dominate the earth, do you want to stir up human civil war?”

“Yes, we didn’t say against the alliance, but aren’t you persecuted like this, if we don’t want the alliance, we will be killed?”

人类 Several human leaders in Oceania are ugly and uncomfortable. You Chinese cattle, even if you want to export, you must say that you are crushing opponents?

Paula looked at Qin Tiange quietly and suddenly said: “We African humans are part of the human race and are willing to enter the big leagues.”

“what?”

As soon as this word came out, he immediately surprised the president of North America, and the representatives of the extreme human forces in Oceania looked at him in surprise.

Paula God, the legendary deity, is actually an ancient human race. He once returned to the earth and now comes back from waking, naturally belongs to the human race.

However, he even supported the proposal of the Huaxia leader, which was somewhat puzzled or even upset.

王 The **** kings of the three European deities looked at each other and nodded with several European human powerhouses and reached an agreement.

“We European Union of Humans and Gods are willing to join the Grand Alliance of Humankind and become a member of the Terran, guarding the Terran together and defending the Alliance.”

Twenty-three ***** kings and two human emperor-level powers stood up together and announced that the European Union of Humans and Spirits directly joined the Earth Human Race Alliance.

This decision immediately panicked the president in North America and several human leaders in Oceania, leaving them alone.

“Damn it.” The president of the North American Alliance was angry, but couldn’t vent it.

When they were hesitant, Qin Tiange, who had not spoken, finally spoke lightly, and said a chilling word.

I saw him stand up and sweep across the crowd, saying, “You guys, presumably you know the current situation on Earth. We humans cannot be scattered, we must unite into a force, or we cannot face the increasingly powerful alien race.”

“If someone blocks the alliance, or even stalks it, it will end up like a group of hidden foreign powers over there.”

After Qin Tiange finished speaking, he suddenly looked up and waved his hand gently, and saw the formation of the Sky Mothership suddenly turn around, and then a series of missiles burst out.

That is a new type of missile, very fast, almost rushed into an area outside space in an instant, and three full missiles exploded there.

Snapped!

There was a slight, crisp sound, and there was no horrible and violent explosion of the missile, and no horrible loud noise came. Instead, there was no sign of collapse, a horrible space annihilation.

Yes, where the void is collapsing, matter is annihilating, and the endless power of destruction is silently annihilating all matter.

Antimatter Bomb!

Three antimatter bombs exploded directly there, and then, there were screams of screams, and powerful alien races broke out from the inside to burst out the annihilation energy wave.

Those who are strong are very powerful, but unfortunately they cannot escape the fate of being annihilated, the treasure light flashes, and they are still annihilated by antimatter.

“what...”

“Do not...”

A loud roar came, and the void oscillated. There were three antimatter bombs exploding, and they fell into the annihilation of space. Everything collapsed and all matter was annihilated and disappeared.

Dozens of powerful alien races there were swallowed up on the spot, annihilated cleanly, disappeared without a trace, and no material residue was left.

Among them, there are many Emperor-level strong, even half-step star-strength strong players roared and rushed out, and three full-half-step star-strength strong stars burst out, exploding to the limit, and using all the treasures and methods. Can run out.

“boom!”

In the end, before waiting for the three and a half step star powerhouses to be happy, they saw Qin Tiange raising his hands and grabbing them with a click, and three powerful alien powerhouses burst into the void on the spot.

The three strong men were smashed in one palm, and they were pinched to death. The scene was shocked as much as possible, and everyone who came was in shock.

Everyone looked at Qin Tiange's gaze, gradually a little more awe and fear. The strong, especially when they were beyond their imagination, could not afford a trace of resistance.

“Antimatter ...”

The president of the North American Alliance looked pale, watching the scene of annihilation from space, and it took a long time to calm down.

The anti-matter annihilation power, any material is annihilated and disappeared, this is the terrible and tyrannical anti-matter.

Coupled with the shock of Qin Tiange pinching and killing three and a half stars of star power, everyone couldn't bear the slightest resistance.

“Well, we agree to join the Major League of Nations.”

Eventually, the president of North America temporarily surrendered and had to agree to form an alliance and join it as a member of the alliance.

He originally thought about whether he could sit in the position of the leader of the alliance. Now it seems that it is delusion, and Qin Tiange only blame him.

“We have no opinion. Join the major leagues.”

首脑 Oceania 's leaders of human power smiled and nodded, and immediately expressed their intention to join the Earth Human Race Alliance.

Joking, Huaxia has mastered the anti-matter bomb, and even if it has been mass-produced, who dares to oppose this?

Moreover, look at the understatement of the Huaxia leader who crushed three and a half steps of star-studded alien races. They simply killed the chickens and warned them.

“Since we agree, it's so good, everyone, sign this Terran Alliance contract.”

Qin Tiange said, took out a contract ~ www.mtlnovel.com ~ It was an ancient contract, which was taken from the Shijie Monument.

The contract has the power of restraint, but Qin Tiange is not affected because there is no force of restraint that can restrain time.

“Sign it!”

The heads of the parties were gloomy, and after reading the contract, they had to sign the contract with blood, which is tantamount to violating the rules of the Grand National Alliance in the future.

I can't even betray. This may not be absolute, just like Qin Tiange can be protected from the contract, other people can't be guaranteed to have the same unrestrained ability.

既然 “Since everyone has signed the alliance contract, then starting today, the Earth Human Race Alliance is formally established. I will be the first alliance leader. What do you think?”

Qi Qin Tiange stood up and said this with a smile, so that the atmosphere at the scene was condensed, and no one spoke, all of them were right.

Seeing that they did not speak, Qin Tiange didn't care, but clapped his hands, and saw a figure coming out of the void next to him.

“Leader, you have completed your task.”

The Taolai was actually a self-confidant, and when she saw her hand gently, she threw out a corpse and released the corpses of hundreds of powerful aliens.

When I saw these corpses, the president of the North American Union shrank his pupils and shook his hands. These foreign strong men naturally knew and had seen them.

Because these foreign powerhouses had met with him secretly and seemed to have reached an agreement. Now when they see their bodies, the president of North America has changed his face greatly.

“I agree to support the Chinese leader as the first Terran Alliance leader.”

The President of North America, Hula, stood up and spoke directly, expressing his support for Qin Tiange to become the first major leader of the alliance.

Chapter 706 - Battlestar, Alliance Headquarters

The word was amazing, and unexpectedly, the president of the North American Alliance directly agreed to support Qin Tiange as the first major leader of the alliance.

I couldn't help it, he was panicking at the moment, because the corpses were all aliens who had contacted him and even reached some agreement in private.

But Ke Qin was killed by Qin Tiange and brought the body back. Wouldn't he be a deterrent? If you still don't know it, you won't have to talk about it.

“We agree!”

Oceania, several heads of human power have expressed their support, bitter in heart, and disagreement may be destroyed.

This is not a joke. Qin Tiange has proved the strength of Huaxia with facts and proved his toughness. Once he refuses to oppose, he cannot get out of here.

As for the European Union of Gods, they have no objection at all, because they knew that Huaxia was overbearing and they had already made a decision.

And the African **** of God, in fact, when Qin Tiange went to Africa at that time, suppressing that area of God's forbidden area, he was awake, but he did n't come out.

Qin Tiange's strength at the time, but deeply imprinted in his heart, the Chinese emperor's strength and fierceness, unable to rival.

I do n't say these, but say that the eighteen ancient human sages that are currently hidden in Huaxia are the reason why God is the most afraid to object.

At the same time, the ancient human beings, but he still sent Huaxia's 18 ancient sages a lot. Once he refused to oppose Qin Tiange and did not touch him, the sage demon, Li Bai and others said that he could not be removed directly.

“These foreign races are all lurking within our human beings. They have no good intentions and have been cleared by me.”

Qin Tiange agreed and looked at it. No one objected. It was a little bit chilling to explain the origin of these corpses.

He can find and kill even foreign strong creatures lurking in various states, which proves that if Huaxia wanted to move them, they would not have been involved in them.

“See Alliance Leader!”

Finally, the human powers of all continents, the powerful men from all walks of life came forward to meet, this one-handedly created the Earth Human Race Alliance, the first alliance leader.

Qin Tiange, successfully ascended the rank of leader of the Earth Human Race Alliance, it can be said that in the future he will lead the entire human power of the earth.

As for the term of office, no one has spoken it, and even dare not mention it, unless it is a fool to mention it.

Needless to say, with Qin Tiange's mighty power, his term is extended indefinitely. Unless someone can shake Qin Tiange's status or even defeat him, don't even think about peeking at the position of the leader of the alliance.

现在 Until now, Qin Tiange has truly become the leader of the earth's human race and has become a candidate for the emperor.

Rumble ...

With the establishment of the Terran Alliance, Qin Tiange suddenly felt that there was a magnificent breath over the entire earth, which was the luck of the Terran.

Gradually, the confluence of air transport gathered from the states continued to converge into a huge river running through nothingness. Those are the human air transport representing the states.

The largest gas transport river that belongs to Huaxia directly traverses nothingness, attracting other relatively small gas canals to be fluidized into branches, gradually absorbed into them, and integrated into one.

At this point, Huaxia has achieved the hegemonic status of leading the global human race and leading the future. It cannot be shaken or shaken.

“The alliance has been established, then, the headquarters of the alliance, I decided to set up on the peak of Tianzhu in the Pangu mainland.”

“What's your intention?”

Regarding Qin Tiange's question, all members of the alliance face each other, can you object? No, because the big leader chooses a sentence, you can't say it if you don't want to.

联盟 As soon as the Alliance opposed it, you didn't find death so fast.

"We have no opinion, you the big leader, you decide." The president of the North American branch has a bit of bitterness, but he is actually very uncomfortable.

What a pity, he couldn't shake Qin Tiange's status, nor did he have the strength and courage to challenge this great leader.

Seeing no objection, Qin Tiange laughed: "Very well, the headquarters of our major human race will be a starry fortress. In the future, the senior executives of the alliance must live and work here."

"Star Fortress?"

As soon as this word came out, everyone's face changed greatly, and he looked at him in shock, some incredible.

I saw, Qin Tiange gently nodded to Jiji: "Yiji, you can drive out the starry fortress as the headquarters of our human alliance."

"Yes, leader!"

With a somber complexion in his face, with countless people's astonishment and doubts, he gradually manipulated a huge fortress hidden somewhere in the space.

Zan is a starry sky fortress, also known as a space fortress, which Qin Tiange originally purchased from the dead merchant zero cat and secretly handed it to his own.

东西 This thing has already done its role and positioning for a long time, and is used as the future Earth Human Alliance. Right now, the alliance is established, and the headquarters is set up in the fort.

Boom ...

In space, a huge space fortress slowly squeezed out of space and crossed it. The huge body was a hundred kilometers long, and it was a starry city.

In fact, seriously, this is a space city, said to be a fortress, also because he is a space battle city, called a space fortress.

The huge fortress appeared in front of everyone, even the high-level inside of Huaxia was dumbfounded, because they had never seen it, and never heard of the starry fortress inside Huaxia.

Seeing this, everyone's eyes widened, and finally he was shocked by the huge starry fortress in front of him.

"Pass me a command, members of the alliance must send the most elite soldiers, stationed in the starry fortress, to defend the headquarters of the Terran Alliance."

"Each army must not be less than one million. After three days, they must be gathered together. They must reach the Star Fortress and enter the designated location."

Qin Tiange issued orders one after another, members of the alliance looked at each other, then quickly conveyed the order, immediately ordered the states, summoned the elite soldiers.

I was kidding, the fool didn't come. This starry fortress is just a terrible war machine. It is absolutely safe to live in it.

Although I do not know the weapons and equipment above, it is absolutely terrible. Just look at Huaxia's use of three anti-material bombs just now.

Above the starry fortress, there must be a terrible weapon system, which immediately boosted the morale of the newly formed alliance.

"God!"

"Oh my God!"

"It turns out to be a starry fortress. Our alliance has a space fortress."

At this time, the human survivors in all states who watched the live broadcast of the Alliance meeting, without exception, were stunned by Qin Tiange's huge handwriting.

The moment I saw the starry fortress, all kinds of humans who were originally dissatisfied immediately raised an excitement and gradually produced an approval.

The strength of the Tatar Terra Alliance is equivalent to being able to fight those invading alien races, which has made the people in all states agree.

I especially can't afford any dissatisfaction when I see such a huge star fortress, unless you don't want to live on such a powerful fortress.

"Comrades, all kinsmen!"

I saw Qin Tiange standing on the high platform, pointing to the huge starry fortress, showing a faint smile.

He made the announcement: "I announced that within the Star Fortress, one billion free residential areas will be set up for people throughout the Alliance."

"Those who want to enter the starry fortress must make a certain contribution to the Terran Alliance. Of course, if you can enter by virtue of your personal strength and talent, then I am equally welcome, and the Alliance Technology Department is always open to you."

After Qin Tiange finished speaking, the entire world was boiling, countless humans were cheering, screaming frantically, all scrambling and trying to enter the starry fortress.

Don't look at this fortress which is only 100 kilometers long and wide, but the internal space is not small enough to accommodate a billion people.

Because of the interior of Xingkong Fortress, a combination of space technology is used to create an inner space residential area, which is completely a folded space residential area, even if it has a population of 3 billion people.

“Okay, everyone, now you can go back and prepare. There is a quantum portal on top of the starry fortress. When you go back and open the authority, you can teleport into the starry fortress at will.”

“As soon as possible, anxious their respective troops, stationed in the starry fortress, and strive to open all the war functions of the entire fortress to guard against foreign races.”

“Yes!”

Everyone responded in a loud voice. This time, no one hesitated, rushed back, quickly convened their elite army, and even began to prepare a large number of immigrants to enter the starry fortress.

But there is not much movement in Huaxia. Although many people want to go in, but thinking of the leader once said that Huaxia wants to become stronger, he can't always think of hiding in a comfortable environment.

Danger is the best grind ~ www.mtlnovel.com ~ Only growing up in the environment of blood and fire can the Chinese nation finally stand on the starry sky, and the name of China Xia can always be carved into the starry sky.

“Leader, how many troops do we have to station in Huaxia, and how many people will we move into the Star Fortress?”

When the leaders of the league left, Huaxia executives immediately gathered around and asked Qin Tiange with excitement.

Looking at their excited faces, Qin Tiange laughed secretly. If you know that China is currently in possession of a terrible star-killer, even Mercury, who is transforming, and many satellites in the solar system are undergoing secret transformation.

These are the real killers. As for the Star Fortress, it is just a guise, one thrown out for people to see.

“It doesn't matter how much you enter, but you must not forget our Huaxia goal. Also, wait for me to take you into the most confidential place in Huaxia. After reading it, you have something in mind.”

After finishing Qin Tiange's speech, she nodded to her, and the latter realized that she wanted to lead Huaxia's high-level personnel to enter the stars, and even decrypt some high-level secret information for them to know.

“You take them to me, I'm going to retreat. It will take a long time. If there is something that can't be decided, I will directly call a coalition meeting to decide.”

After Qin Tiange said, he turned around and brought Chen Xi, which disappeared into black particles and disappeared. He no longer appeared, leaving only his own self. He was brought to the star performer with a misty Huaxia high-level visit.

When I saw the star star, everyone was sluggish, petrified on the spot, completely dumbfounded.

Only then did I realize that Huaxia had hidden such a huge secret killer. Now, all the high-level officials are full of vigor and morale.

Chapter 707 - About to set foot in the sky

Earth, too outer space, two men and a woman silhouette quietly looking at the dark starry sky.

“Chen Xi, don’t you really follow me?”

Silent for a long time, Qin Tiange slowly turned around, gently holding Chen Xi in front of him, a flash of bitterness and reluctance flashed in his heart.

Wu Chenxi was unwilling to leave the earth with him and head to the unknown starry sky, which made Qin Tiange feel helpless and distressed.

“I know you can’t bear me, and I can’t bear you too” Chen Xi looked up, muttered to himself, and gently stroked Qin Tiange’s fortitude cheek with his hand.

I looked at his sad and depressed expression, and my heart was sweet, but his man was the big leader of Huaxia and even the entire Earth Human Alliance.

Even in the future, it is likely to compete for the positions of the emperors of the universe. This is an extremely difficult and dangerous path full of killing and conspiracy.

Qi Qin Tiange stroked a strand of hair in her forehead and said, “Chen Xi, set foot on the starry sky with me. I’m afraid that if I leave, I probably won’t be able to return.”

“No!” Chen Xi blocked his mouth, shook his head and said, “My man is the strongest. You have now become the strongest under the stars, the leader of the human race alliance. After all, you have to set foot on the unknown stars , I can’t be your burden, I don’t want to drag you down. “

“You are not a burden!” Qin Tiange frowned and looked at her seriously.

Chen Xi shook her head slightly, and a smile appeared on the corner of her mouth. She said, “But I consider myself a burden on you. Following you will slow down your progress. In that case, how will my husband compete with others in the future? Where? “

“Husband” Chen Xi gently held Qin Tiange and murmured: “The vast starry sky is your stage, go, I will wait for your success at home and come back.”

Wu Qin Tiange didn’t say more, hugging her woman quietly, this woman who once only wanted to use her identity to reach the summit.

At this moment, he really realized that his original thought was ridiculous. Women are used for love, not for use.

Some things can’t be used, especially feelings, but fortunately, everything is so beautiful. Qin Tiange feels that he is the luckiest to marry Chen Xi.

As for rebirth? Hell, he’s not serious anymore.

“Chen Xi, thank you. With your presence, my life is complete.” Qin Tiange whispered the beauty and murmured, for the first time, he revealed his sincere words.

After listening, Chen Chenxi's mouth slightly lifted a happy arc. She shook her head and smiled, "You and my husband and wife, needless to say thank you so much for seeing you, I understand."

It's enough to say a word about you. It is better than a thousand words, and it can best touch the heart of a man with blood.

Wu Chenxi can understand Qin Tiange's inner ambitions, and better understand his pursuit. Therefore, he has never been restricted, and even silently paid behind his back.

Although at the beginning, she also understood that Qin Tiange wanted to use him to climb the peak of Huaxia, but she had no complaints and regrets. Who made herself fall in love with this man?

Now, Chen Xi feels that he finally touched this iron-hearted man, and it was hard work.

"Then I will stay with you for another year." Qin Tiange thought for a while, and finally decided to pay more attention to accompany his wife.

This is the ending wife he is marrying. He lives and dies, shares tribulations and perseveres. This is what a man should do.

If you want to leave, then accompany your wife while you are not leaving, otherwise, when you go to the starry sky, there will be more fierce battles waiting for him, no more leisure and time and even more energy Already.

"No" Chen Xi listened but shook her head and looked at Qin Tiange, she said: "Time is the most precious, a minute is wasted, maybe you are a long way behind other candidates."

Qi Qin Tiange frowned, then unfolded, revealing a strong self-confidence. He laughed: "It doesn't matter, no matter how far away, I can catch up or even surpass. In my opinion, the most important thing now is to accompany my wife."

"Go, I'll take you to see the giant star sea monster." Qin Tiange said, without waiting for Chen Xi to object, he directly opened her to break through the void, disappeared here in a blink of an eye.

Soon, the two came to the edge of the solar system, appeared outside the halo of Neptune, and quietly watched a giant beast lying in front of the starry sky to sleep.

哟 "Oh, I didn't expect to see it for a few days, it became bigger."

I came here, Qin Tiange all showed a surprised expression, not to mention Chen Xi around him, this is the first time to see this star sea monster up close.

She looked shocked and looked at the 100,000-kilometre giant, which was incredible.

Huh!

With Qin Tiange's arrival, the sleeping beast of Xinghai immediately looked up, opened his eyes, and showed a hint of excitement. He could not help but open his mouth and growled.

As a result of this roar, the two satellites near Neptune shifted, and Qin Tiange noticed that Neptune, which was surrounded by many satellites, suddenly became scarce. Only a few scattered satellites were still there, and the others were gone.

Needless to say, Qin Tiange guessed that the Xinghai Giant must have been hungry and had eaten other Neptune satellites.

“It is really edible and must be taken away, otherwise the solar system is not enough for it to eat.” Qin Tiange was speechless and more determined to take away this Xinghai beast.

带着 He took Chen Xi to the head of the Xinghai Beast, as if standing on a dark land, and he really did not know that it was a beast.

“Chen Xi, this Xinghai giant, I'll leave it to you.”

When Chen Xi was amazed, Qin Tiange suddenly changed his mind, and spoke directly about this decision, sending the Xinghai beast to Chen Xi.

This decision was Qin Tiange's deliberate consideration. He originally wanted to take away the Xinghai beast, but suddenly felt that he had left, and Chen Xi would most likely embark on a starry journey at some point.

Thinking of this, how can Qin Tiange be assured? In the end, he directly decided to give Chen Xi as a pet as a talisman.

“Here, I don't want, you take it away, you need it more.” Chen Xi refused without thinking.

But this time Qin Tiange didn't listen to her, he directly entered the true charm of the soul controlled by the Xinghai beast into her soul, and merged into the true spirit.

At this moment, the Xinghai giant changed hands and gave it directly to Chen Xi, a wife who owed a lot to him.

“I do n't need it. My strength is in my body. Being there limits my development. Just keep it as a pet. When you want to set foot in the sky, bring it, so I am more at ease.” Qin Tiange's tone was serious, and she could not tolerate and refuse.

What can Chen Xixi say? I can only nod my head, hide this emotion and happiness, and silently warn myself that we must work hard to become stronger.

“Let's go, let's take a trip to the solar system. I never took you to play, let alone any romantic act. I want to come to be the most failed man.”

Qin Tiange jokingly said, holding Chen Xi, the two flickered away, leaving the Xinghai giant here, strolling in the cosmic vacuum of the solar system.

Seriously, Qin Tiange has never done any romantic things. After the end, who still thinks about romance?

The solar system is very large, but with Qin Tiange's current ability, walking the entire solar system is almost effortless.

He walked the entire solar system with Chen Xi, and it took him three months. During this time, Chen Xi said many times, but he did not.

Qi Qin Tiange knew that Chen Xi was reminding him that it was time to go, set foot on the starry sky, and search for the road of his strong man.

“Husband, I want to practice in Neptune retreat, there will be no problems with Xinghai giants protecting the law for me.”

Finally, in this day, Chen Xi proposed to Qin Tiange the idea of retreat, and still retreat in Neptune.

After hearing Qin Tiange frowning, he finally nodded and agreed. Without saying anything, he sent Chen Xi to Neptune.

Wu Chenxi looked at Qin Tiange, and suddenly smiled: “Husband, you go and talk to Xun Xi, Xiao Qian, and Snow Woman separately.”

After saying that, she turned and walked into a dense mist in front of her, watching her disappear. Qin Tiange stood here silently, and never left.

“Little Star, protect her!”

When Qin Tiange spoke to the void, he saw the giant beast rushing into the atmosphere of Neptune, disappeared there, and guarded Chen Xi.

Seeing this, Qin Tiange finally glanced at the fog in front, turned and stepped into the void, disappeared here, and left Neptune.

他 After he left, Chen Xi walked out silently, looking at the place where he disappeared 愣愣 ~ www.mtlnovel.com ~ Zhen Zhong, my man. “

Wu Chenxi murmured to herself and finally entered the mist and began to retreat. She needed more powerful power and naturally wanted to practice hard.

As for Qin Tiange, she knew very well that the starry sky was his future stage. As a woman, he couldn't limit the man who dragged himself down.

“唉” in the void uploaded a faint sigh, the breath flashed, disappeared without a trace.

In fact, Qin Tiange didn't leave just now, saying that it was false to be willing, and who was willing to leave her woman?

He nevertheless left. Despite all his perseverance, he knew he couldn't stop, the starry sky stage was open, and he didn't go up to fight, how to deal with the dangerous and abnormal future?

A man, he must have a responsibility. As the leader of the alliance of Huaxia and the entire humanity on earth, he must shoulder a heavy burden.

Qin Tiange returned to the earth, came to the Jiuli forbidden area, and saw Long Xiaoqian and Bing silkworm who were falling into the deadlock.

Looking at Long Xiaoqian with closed eyes, Qin Tiange said nothing, did not disturb her, suddenly raised his hand to play a golden symbol, poured into her eyebrows, then he solidified for a while before turning quietly and leaving .

“Mom, he’s gone.”

After Qin Tiange left, a small figure emerged and waved his hand to play a radiance, then Long Xiaoqian’s breath changed immediately and he woke up.

Looking at the empty place in front of her, there was still a familiar breath of Qin Tiange, which made Long Xiaoqian happy and lost in heart, which was very complicated.

“Brother, have you left? Starry sky, I will go, follow your steps, forever” Long Xiaoqian muttered to herself, silent for a while, her expression became more firm.

Chapter 708 - Return to the true self, the true spirit skyrocketed

At this time, when talking about the Shan Yaochi Temple, Qin Tiange’s figure appeared quietly, quietly watching a graceful figure in front of him, sitting cross-legged in a river of life to practice.

She is Xi Xi, and she is working hard to practice, lingering on a trace of strong life force, and realizing the power of her own blood.

Qi Qin Tiange didn’t say a word, and bowed his head slightly in front of Tiangong. Then he stared at Xi Xi in the practice, and suddenly raised his hand to hit a true sign of the soul, and immediately fell into her eyebrows.

“Xi Xi, take care!” After doing this, Qin Tiange’s figure flickered and disappeared.

After he left, a wonderful fairy came out of Yaochi Tiangong, and stood silently next to Xi Xi, watching the leaving Qin Tiange without saying a word.

“Here he is, and he is gone. He wants to come to set foot on the starry sky. What do you think?” Fairy Yaochi asked lightly.

Zheng Xi’s eyes closed suddenly, two teardrops slipped, dripped in the mud, splashing a little light.

She bit her lip, shook her head and didn’t want to talk, but Yaochi smiled slightly and said: “Half-demon tribe is a powerful force. If you can subdue it, you will definitely bring him great help if you want to come. He, you have to work hard. “

“Semi-demon tribe?” Xi murmured to himself, fascinated.

He left Kunlun, Qin Tiange came to a fantasy inside the Ten Jade Monument, and he looked at a holy light ahead.

The breath was so intense that it was as if the existence of the most holy was born.

“Sage’s Way, Yanao, is this your choice?”

Qin Tiange murmured to himself, watching a graceful figure in that divine brilliance, looming, being caught in a wonderful state.

That is Liu Yan, she seems to have gained some kind of understanding, or inheritance, which makes Qin Tiange a bit unintelligible.

His heart was complicated. Liu Ye chose this path. The sages of the sons did not have many people on the road before. She even made this choice.

However, Qin Tiange didn't say much. Individuals have their own fate. The road is their own choice. Don't look back or regret when you go up.

Looking at the sleeping people in the light, Qin Tiange had a complicated mind, thinking about the beginning of the last day, and he entered Liu Ye's junior high school.

I thought of every bit that came together, and for a while, he was silent, my thoughts turned and my thoughts turned.

Isn't Tamariyaki beautiful? She was pretty, but she did n't have enough identity. At that time, Qin Tiange only wanted to climb up and stand on the highest peak.

The only thing I can use is the identity behind Chen Xi. This is the kind of utilitarianism that Qin Tiange started with.

He was so embarrassed that he neglected many things on his own initiative, and even almost caused him to go the wrong way, but fortunately, he was alert.

To this day, Qin Tiange has understood how to go his own way, but the people and things that he ignored in the past have become a knot in his current state of mind.

Maybe Chen Xi saw his heart knot before he came to say goodbye, and he understood the practical meaning.

“Take care” withdraws her thoughts, Qin Tiange sighs, punches a golden symbol into her body, disappears in an instant.

When he left, the sleeping shadow in the light suddenly trembled, his eyelashes trembled, and he wanted to break away, but did not wake up, and calmed down again. The holy brilliance became richer and richer, as if the most holy sage gradually awaken .

I left the illusion space, Qin Tiange flashed to a mysterious place, where the fog was surging, the bones were everywhere, and there were huge bones everywhere.

行走 He walked in the fog without stopping, not even paying attention to the strange skeletons around him, but staring closely at a figure in the dark.

Quickly, Qin Tiange walked to a skeleton mountain and quietly looked at the huge throne of throne above, with a figure sitting on it.

人 This man is shrouded in a set of black robes. It is not real. The only thing he can feel is that weird and terrible breath.

What's more, from time to time, two weird red dots were revealed in the black robe, as if two scarlet eyes were shocking.

Qi Qin Tiange stepped up to the Skull Mountain step by step, not too far in front of the figure, staring at each other quietly.

“You, Ling Sha?”

Qi Qin Tiange’s tone was affirmative, as if he had identified the identity of the black robe man in front of him, and looked at her quietly.

Biao Lingsha, the silly woman who lost her eyes, but was willing to spend her life with the dead merchant, and bought many good things for Qin Tiange.

Once, Qin Tiange tried to find her many times, but unfortunately, he never saw it, and only recently he caught a faint familiarity in the vagueness.

It was this breath that made him sure that he was the Lingsha he was looking for. The young girl had disappeared for a long time and had been hidden for a long time. He never participated in the legion war organized by Qin Tiange.

She just helped Qin Tiange silently in the dark, eradicating all enemies. This is Ling Sha, the **** of death hidden in the darkness.

The founder behind the Hunter League is actually the girl in black robes, Lingsha.

“Brother Ye” Ling Sha stood up and slowly dropped off her black robe, revealing her original appearance.

She still hasn’t changed, the only change is that her looks are better than before, and the scarlet eyes are the most conspicuous.

Looking at these eyes will give people a feeling of ingestion, as if with a strong breath of evil and death.

Qin Tiange looked at her quietly, the two gazed for a long time, after all, he broke the silence.

“I’m going to go.” Qin Tiange said.

Su Lingsha’s cold and pretty face suddenly raised a smile, and she smiled brightly: “Brother Ye, you can come forward, I am very satisfied.”

“Go, one day, you will find that a group of undead people behind you have been silently following your steps.” Ling Sa finished, took the first two steps, lifted his toes and kissed him gently on the cheek. Took a sip.

“Brother Ye, take care!”

After Ling Lingsha finished speaking, she stepped back and put on a black robe. The whole person turned into nothingness and disappeared. When Qin Tiange woke up and saw that there was no trace, the beauty had disappeared long ago.

This had to make him feel lost, and smiled bitterly: “I can be neat and clear when dealing with the enemy, but why can’t I be neat and sharp when dealing with feelings?”

“I like it if I like it. As a strong person, why not have a few beauties?”

“Who dares to say no?”

Huo Ran, Qin Tiange's momentum shook, and the whole person was filled with a different temperament. It seemed that his true spirit had repaired a lot in a flash.

Yes, he suddenly found that he had communicated a little earlier, which caused the true spirit to repair itself directly, and repaired 30.

Now, his true spirit knows the sea. The broken true spirit has been repaired to 30, and it has skyrocketed by 20, and a little bit of the original outline is faintly visible.

I watched as his true spirit was repaired here, Qin Tiange suddenly chuckled and thought, a few thoughts rushed into the void, and rushed in several directions quickly.

At the JiuLi Li Forbidden Land, Kunlun, and Ten Jade Monument, Long Xiaoqian, Xi Xi, and Liu Ye suddenly received this idea message from Qin Tiange.

“Lingsha, protect yourself!”

Qi Qin Tiange spoke into the void, with a smile, turned away and disappeared.

After he left, Ling Sha emerged quietly, took off the black robe, and a bright smile appeared on Qiao's face.

“He finally got rid of it, or Chen Xi has a way.” Then, she smiled inexplicably, turned around and disappeared.

At Huang Quan's corpse, a graceful figure dressed in jade armor stood pretty there, watching the person quietly.

“Good brother, today the sun came out to the west, you will come to see my sister?” Dayuer was surprised and surprised.

Qin Lairen was Qin Tiange. He came, a smile arose from the corner of his mouth, and came to Dayuer to stare at her.

怎么 “Why, aren't you threatening to accept me as your first face?” Qin Tiange asked with a smile.

Wu Dayuer gave him a white look and laughed, “How dare you, sister, now you are the big leader of the Great Terran Alliance.”

要 “Well, your sister is your little lover?” Dayuer looked at him with a smile.

How did you know, Qin Tiange nodded and smiled: “Okay, how can I refuse to have a little lover?”

“Uh” Da Yuer froze, and was dumbfounded, looking at Qin Tiange as if he was a ghost.

I saw, Qin Tiange whispered in her ear and said, “When I come back, practice well, don't be left too far.”

After he said that, he turned around and disappeared, leaving only the jade corpse alone and drowsily, his brain was messy, or was it the first time he began to wonder if he had hallucinations?

“That cold-hearted man would tell me this, the iron tree is blooming?” The jade corpse muttered to himself, in her opinion, Qin Tiange was cold-hearted.

Iron tree is blooming!

婧 The Ministry of Science and Technology, the Department of Pharmaceutical Research, Du Jing was wholeheartedly devoted to the experiment and completely forgotten.

最近 She seems to have become a person recently. She is crazy about her work. She is completely sleepless and forgets to eat. She doesn't care at all and makes many people worry.

怎么 "Why, in a few days, you become a workaholic?"

Suddenly, a familiar but dull voice came from behind, breaking Du Jing's heart. At the moment, a medicine in front exploded and turned into a flame that dissipated.

Du Jing 愣愣 turned around and looked at the person who came. It was Qin Tiange. She had a complex complexion. Suddenly, a calm wave suddenly set off in her heart.

"Don't be so desperate, if you are gone, where can I find another Du Jing?" Qin Tiange smiled and reached out his hand, touching her messy hair.

He took out an undead tao peach and laughed: "Eat, I went to Kunlun to pick it up for you before leaving."

"Huh!" Du Jing said silently, picked up Tao Tao and ate, his eyes stared at Qin Tiange straight up and down, showing a ray of surprise and excitement.

He seems to have changed, um, to become more real, as if the previous Qin Tiange was the same machine that only calculated benefits for himself.

But now it's different. It seems that the emotional process is more vivid and even more real.

"Do your research, you can't let yourself down, but even if you can't practice to the state of the Xeon, I will find you an eternal medicine for you to take."

Qi Qin Tiange smiled lightly and said a sentence, like a promise, which made Du Jing somewhat flattered, feeling very unreal, and the change was sudden.

"I'm gone, wait for me to come back" Qin Tiange turned around, waved his hand and disappeared in front of her, leaving Du Jing, ignorant, almost thinking that he had hallucinations and dreams.

"Daddy"

At Wanwange Pavilion, the little fairy leaped up cheering and looked very happy at the coming Qin Tiange.

Qin Tiange smiled, and patted her with a fragrant shoulder and laughed, "Lianer, why aren't you practicing?"

“Daddy, why didn’t your mother come?” The elf asked crisply.

I didn’t see Chen Xi, she asked a little strangely, Qin Tiange crouched down and smiled: “Your mother retreats with Neptune.”

“Oh, would that dad send me over, okay? Lianer wanted to talk to her mother.” She blinked and looked at Qin Tiange.

“Okay!” Qin Tiange only nodded in agreement, then opened a space channel directly to Neptune, and sent the demon to Chen Xi.

After doing this, he got up and looked at a woman in a red robe who had been standing aside and lowered his head without talking.

She is a phoenix, with her head down, afraid to look at Qin Tiange.

“Phoenix, this is for you, practice well” Qin Tiange looked at her with a smile and took out a powerful blood, which was the hard work of a star powerhouse and a star.

Wu Huohuang suddenly looked up, looked at him in surprise, and nodded fiercely. Qin Tiange smiled and nodded at her, turned around and disappeared, leaving here.

出现 Appeared again ~ www.mtlnovel.com ~ He came to the base in Jingnan, but Qin Tiange just came here but felt wrong, he stopped for a moment.

“Snow Girl isn’t there?”

After I came here, Qin Tiange suddenly noticed that Snow Girl wasn’t there, feeling a little, but couldn’t help frowning because she didn’t find the Snow Girl’s breath.

Immediately, Qin Tiange traced back to the scene with the power of time, and soon, the trace of Xue Nu surfaced in front of him.

“Lord of the Ice Palace?”

Qi Qin Tiange’s pupils shrank, staring at the ephemeral ancient atmosphere, it turned out to be the Lord of the Ice Palace, and she took away the Snow Woman.

Thinking of this, he looked so cold that he didn’t even know it?

“Liluo, has the Lord of the Ice Palace ever been here?” Qin Tiange asked without a expression, and he said a word gently when the void broke open.

“She never appeared after she left. I guess it should be a treasure left to the little girl before she left, and let her leave.” Li Luo could see at a glance.

When I heard this, the Qin Tiange people couldn’t help being depressed. At the moment when the Lord of the Ice Palace was born, he was on the scene, and the Ice Silkworm was also there. I did not expect that the Lord of the Ice Palace quietly left something for the Snow Girl. And I don’t know.

“Forget it” Qin Tiange sighed, was about to leave, and suddenly saw the old general Mu Hua came up.

“Leader, before Mu Xue left, let me see you here and hand it over to you.” Mu Hua looked a bit old and handed a box.

This was left by Snow Girl before he left. Mu Hua thought Qin Tiange would not come, but he didn’t expect to come.

Qin Tiange took the box and opened it gently. When he saw that the contents of the box were stubborn.

Chapter 709 - Shuttle accident, blocked starry road

On the edge of the solar system, Qin Tiange stared at Neptune in front of him, where a shadow of the shadow silently looked up at the void, as if seeing each other.

Next to “It’s time to go ...”, such a voice came from a fist-sized glass star core.

That is Li Luo, shrinking the star core, floating three inches above Qin Tiange’s shoulder, quietly emitting the dim glaze light.

After hearing her reminder, Qin Tiange nodded, and finally glanced at the direction of the earth, and stared again at Neptune’s inner figure.

“Chen Xi, take care ...” Qin Tiange spread a word with a strong will, then turned around and crushed a piece of jade plate.

Suddenly, an immense amount of light erupted above the jade plate, covering Qin Tiange’s body, and disappearing from the solar system.

“Treasure all the way, my man!” Chen Xi’s eyes were twinkling, two drops of tears rolled down, with deep perseverance, watching Qin Tiange disappear in the solar system, as if he lost the most important person, and his heart was empty. Nowhere to go.

Parting is always the saddest

At this moment, Qin Tiange was looking at the strange scenes around him, as if traveling through time and space, and flashing scenes around him, fleeting.

These scenes are difficult to grasp and even difficult to capture. Even his mighty will can only see some scenes in vagueness.

Gradually, he felt a strong fluctuation of space and time. The combination of the two turned out to form a strange shuttle scene.

He was wrapped in a peculiar force, and constantly hurriedly shuttled, rushing quickly along some established guidelines and directions.

This speed is extremely fast, even surpassing the speed of light, breaking through the starry sky towards the location of the broken star. For a distance of more than a thousand light years, if you walk at the speed of light, it will take a thousand years, but if you are at the current speed, Qin Tiange calculates that it takes at least three days to reach that position.

The journey to the sky is full of unknowns, and often even some accidents occur.

Boom!

At the moment, a sudden accident happened during the shuttle. A strong shock passed over, making Qin Tiange's face slightly changed.

意识到 He realized that it was not good. It seemed that there was an accident in the shuttle star space, and sure enough, the next moment, a mysterious energy poured directly from the front, the space collapsed, and the space-time fell into a moment of chaos.

“Not good!” Li Luo exclaimed from the core of Liuli. Without her reminder, Qin Tiange already knew that the two were in a bad situation and an accident occurred during the shuttle process, which caused the front passage to be blocked.

The inexplicable power blocked the shuttle guidance of the two, and the designated information guidance of Xingying was blocked, causing the shuttle chaos on the spot.

Rumble ...

The channel collapsed and caused a great collapse. A terrible force of strangulation was born, and the crisis came.

“Pangu blood, burning!” At an emergency, Qin Tiange roared, and Pangu's blood boiled suddenly, as if burning, the endless Pangu clan's strength was surging, and his body became extremely arrogant.

Suddenly, the torrent of destruction swept over, flooding Qin Tiange and Li Luo instantly.

“Person, the passage guidance was blocked, and our shuttle failed.”

In the midst of the devastating torrent, a glass of light shrouded Qin Tiange's body, combined with his powerful body and strength to withstand the terrible torrent.

No chaotic energy can destroy his body, how can the destruction energy shake the Pangu power? However, even if he was not injured, Qin Tiange's face was not good-looking, because the force of star attraction completely collapsed and lost its effect, which means that he was discarded in the shuttle passage.

意外 What is the danger of the accident during the shuttle process, leading to the destruction of the channel and the destruction of the star guide? Not only can't you go to your destination, but you're caught in a state of despair, and it's hard to have someone alive and detached.

“Who is it, calculating me?” Qin Tiange looked cold and muttered to himself.

On her shoulder, Li Luo opened her mouth in the liu star core. She said, “Someone should not be calculating. I checked it by the method of the Great Spirit. There is no calculation, and there should be an accident.”

After listening, Qin Tiange was silent, staring at the power of destruction that was constantly rolling and sweeping around him. This is the space-time mezzanine. The failure of the shuttle process is equivalent to being abandoned here.

Once you can't get out, it's likely that the energy will be exhausted, and then strangled to ashes by the devastating storm here.

"What do you mean, there was an accident with the Broken Star?" Qin Tiange became clear with a little thought. The star attraction was inexplicably destroyed, and even the passageway was blocked. The only possibility was that an irresistible side appeared on the Broken Star Accident.

Thinking of this, he looked somber and coldly hummed, "Isn't the broken star hidden in the edge of the galaxy?"

"Perhaps, there are hundreds of strong people who have discovered the remaining power of the Broken Star Era ..." Li Luo expressed his guess.

Qin Tiange was annoyed, watching the storm of time and space full of destruction and chaos around him, and they might drown them completely at any time. It's dangerous here, and it will disappear with a little carelessness. Now, how do you go out and how can you get out of here?

"The Broken Star can no longer be counted on. It seems that the Void Array there has been destroyed, which has led to the collapse of the Star Trek and blocked our shuttle." Qin Tiange said, starting to think quickly, the most important thing at present is to find a way out of this chaotic space.

I am trapped in the space-time mezzanine. Once you have broken into the space-time fault by mistake, you should never think of it unless you reach the space-time level to freely shuttle these space-time faults.

As for Qin Tiange now, he doesn't have this ability at all. Even the ancient strong man Luo Luo, who is in the First Age, has no such ability. Because she is incomplete and seriously damaged, it is a miracle to live to this day. How strong can she be now?

"People, go out as soon as possible ~ www.mtlnovel.com ~ Otherwise, we are likely to be brought into the spatiotemporal fault by the chaotic flow of time and space, and we will not be able to get away at that time." Li Luo reminded him solemnly.

Qin Tiange bowed his head and said, "I understand. It seems that the only hope is to break through the barrier of this space-time mezzanine."

"Okay, you and I work together, even if I do my best to save the strength, I will fight with you." Li Luo said in a serious voice.

刚刚 She has just woke up, and she has a lot of opportunities to regain her former heyday. How can she be exiled in the mezzanine of time and space?

“Come, join forces to break time and space!” Qin Tiange drank angrily, his whole body condensed, Pangu’s blood turned into flames, and Pangu’s power inside every cell in the body sprayed out as much as possible.

At the same time, the glazed nucleus is blooming with immense light, and the little divine energy that has accumulated so hard has erupted one by one, making a final blow.

Together, the two have enough strength to shake the barriers of time and space, break the barriers of the shuttle tunnel, and hit this dangerous place.

“Open the sky!” “Starfall!”

Two yelling came at the same time, and then saw a vast ancient force pouring out, converging a glorious light into an endless divine power that blasted time and space.

Qi Wei’s power was mighty, and a bang banged into space and time, and a loud noise continued to come, shocking the four sides.

“Not good!” Li Luo drank a little, feeling bad, Qin Tiange felt the same, but at this moment his whole body broke out, that is, the power of the chaotic membrane was used, and there was no time to gather.

With a click, the space-time in front collapsed, and the strong suction force swallowed both unprepared Qin Tiange and Li Luo.

Chapter 710 - Fall into exile

The dim sky, the stars are faint, and a thick dust cloth covers the void, as if blocked by a sky, giving a very heavy pressure

Click!

Suddenly, a sudden crack came in the fog, and there was an inexplicable crack in the space, and a terrible torrent of energy swept out.

The rumbling energies came forth, spraying out, sweeping everything within a few kilometers into ashes, and the already barren land seemed more barren.

Along with this terrible torrent of destruction, a wolf howling, wrapped in energy, slammed out, and fell to the ground fiercely.

boom! The figure fell, the dust was flying, the energy gradually disappeared, the cracks in the space healed, and the gushing torrents gradually dissipated.

At this moment, the talent slowly climbed up, with scars and scars on his body, and the chaotic breath was intertwined, making the wound difficult to heal.

Dozens of wounds to the bones and bones covered his whole body, making him look extremely embarrassed and miserable.

“Finally detached.” This man slowly opened his mouth and raised his head. It turned out that Qin Tiange, who had been trapped in the space-time space before, was smashed by inexplicable force on half of his face, leaving only Sensen bones.

He touched his cheek. Under the influence of the overbearing Pangu body and undead force, he was quickly devouring and eliminating those chaotic powers, and soon repaired.

When the whole was restored, Qin Tiange was relieved and looked around.

“Where is this?” He looked for a moment, and couldn’t help frowning. At this moment, there was a faint wave of true spirits in the glazed nucleus on his shoulder.

“Princess, I’m exhausting too much. I have to sleep for a while to recover. It won’t help you.” Li Luo’s weak voice came out, making Qin Tiange a little worried.

古老 The ancient creature was consumed several times. Before that, in the chaos of time and space, the power of the true spirit erupted, preventing Qin Tiange from consuming too much of the power of chaotic membranes, just in case.

Qin was out now, but she was going to fall asleep, which made Qin Tiange feel a little unhappy.

“You rest assured that you can recover yourself first. I am alone enough to wait for me to capture a few ancient remnants before letting you recover.” Qin Tiange said slowly.

Liuli star trembled and gave out a faint light, Li Luo said: “Be careful then, I have compared the ancient star field map, combined with the current star field map, and come to a conclusion, you are ready for the mentality.”

“What?” Qin Tiange froze.

He saw Li Luo solemnly said, “Here, maybe this is the place where the legend has always existed.”

“Land of Exile?” Qin Tiange frowned slightly, immediately gushing information about the land of exile, from ancient memory legends.

According to rumors, after the chaos was broken, there was once such a vast area that was regarded as a place of exile. There, several rulers of the universe are regarded as exiles of those fierce and evil creatures.

Some ferocious species that are indestructible or difficult to kill are exiled here, and over time, it has become a place for exile of various ethnic groups to suppress other creatures.

I even developed to the exile of all races. The most terrifying place here is that you can’t go out when you come.

Moreover, after the last era, the exiles were inexplicably lost and undetectable, and many powerful beings and races thought they had disappeared.

Yes, this is where the mysterious disappearance exiles. Qin Tiange frowned deeply, quickly comparing the star map, and even after combining the two, he was surprised to find that it did not exist.

The area where he is now is no longer in any star field, no longer in any galaxy.

“Can’t fly?” Qin Tiange’s complexion changed suddenly, he suddenly had to vacate to watch the starry sky, and found that he could not fly.

There is a mysterious force here that suppresses all living things, can’t fly, can’t fly high, and can’t even escape the ground.

Even if he broke out of Xeon Power, he could only jump more than three meters high, making it difficult for him to accept this fact.

“Without effort, there is a terrible mysterious force in the place of exile. It suppresses all creatures who enter here, no matter who they are, how strong they are, they cannot escape the void.” Li Luo said gently.

接着 She went on to say: “The land of exile is the place where countless ferocious species are exiled. That is the peculiar character here, and it cannot go out.”

所以 “So, be careful yourself, I’m going to sleep.” Li Luo finished speaking, his breath became weaker and weaker.

With a crackling noise, the star core fell on the ground, and the heavy star core couldn’t hit a little pit on the ground, which made Qin Tiange look surprised.

He picked up the dim glazed nucleus and carefully stored it in the 99 stars in his body.

Boom! Suddenly, Qin Tiange stumped, and a powerful roar came. The strange thing was that the ground was only sunken a little, and a footprint was faintly visible.

The powerful force can’t break the ground. This makes Qin Tiange feel a little dignified, and it feels weird here.

Moreover, Qin Tiange sensed the surrounding air slightly, and the corners of his mouth couldn’t help twitching, because there was no trace of energy fluctuation here.

In other words, in this mysterious and horrible place of exile, he is unable to absorb a trace of energy from the outside world to cultivate, or even ingest energy to recover consumption.

Once the energy in the body is exhausted, it is tantamount to losing one’s self-cultivation, and what is waiting will be endless terrible exile until Shou Yuan runs out and dies.

“It’s really troublesome. Fortunately, I have Pangu blood, and I have a chaotic fetal membrane, otherwise it will be miserable.” Qin Tiange muttered to himself, cautiously.

He looked around ~ www.mtlnovel.com ~ casually found a direction, and ran directly and quickly, the speed was limited to a terrible degree.

“Well, can the power of space be used?” He was running wild, Qin Tiange suddenly stopped.

I thought for a moment, he thought about it, he was covered with a black particle, and suddenly went through.

boom! As a result, as soon as he turned into a black particle, he was inexplicably shaken out, lying on the ground, shouting mud in his mouth, his face horrified.

Just now his incarnation of black particles wanted to travel through space. As a result, he was prototyped by an inexplicable force and even shattered the space particles condensed on his body.

“Even space particles can’t work here?” Qin Tiange’s face changed slightly, his expression gloomy.

Immediately, he tried the power of time again. As a result, time could be applied, but it became extremely weak, as if restricted.

Time is limited and space is confined, as if trapped in a cage. This is a terrible situation in exile.

“Forget it, let’s look at what’s going on here.” Qin Tiange stopped trying. He understood that there is a mysterious force that suppresses all forces. Although time is limited, it can still be used, proving that as long as it continues to improve, it is strong enough. Can break the mysterious power here.

He wanted to see what mystery was in the place of exile, and even to find a way out of the place of exile.

Huh! Boom! Boom

Suddenly, a terrible roar came from the darkness in the distance, and the ground shook slightly, which aroused Qin Tiange’s attention and looked up alertly.

Alas.
