

Dark Ages 72

Chapter 72 - Gorgeous flower

Bang bang bang ...

A dull thumping sound, accompanied by the scream of the little girl, many people were stunned, staring at the little girl stupidly, stepping on the belly of the huge mutant bat, the little fat hand was waving and beating. In the bat's belly, the little feet still stomped on the bat's head.

The small body was disproportionate to the one-meter-large body of the mutant bat, but it was surprising that the bat was killed.

Yes, I was killed by Xiao Yinyin, and I used my little pink fist and trampled her to death. The mutant bat's head was trampled into a mud by her, and her belly was beaten with flesh and blood, and her death was terrible.

"Mom, save me, mother save me!" Yin Yin is like a fearful child, closing her eyes, waving her little hand and beating constantly, stepping on her feet in pink shoes.

She cried, stepped on, and stepped on while crying. The mutant bat was killed by her, but she still asked her mother for help.

Suddenly, her beautiful young mother had been stunned for a long time, not even knowing that a mutant bat that had been madly embraced was killed by a girl who came.

She looked at her daughter, three years old, yes, her daughter was only three years old, but why such a shocking power burst out, her small body, killed a mutant bat.

That mutant bat is very powerful, at least twice as strong as an adult, that is, the one she hugs cannot catch directly. If a girl rushes over and stabs the bat with a knife, she is likely to be In turn bite the neck to **** the adult dry.

"Yin Yin, Yin Yin, what's wrong with you, mother is here, don't be afraid, the monster is dead."

Wu Yinyin's mother quickly stepped forward, hugged Yin Yin gently, apprehensive comfort in her mouth, and soon the mad Yin Yin calmed down and threw her mother into a cry.

She was scared, really scared, the monster wanted to eat her, and the kind of horror really scared the little girl.

However, the girl next to him looked at the mutant bat that could not be beaten like a bat, and looked at the crying little girl with a speechless expression on her face.

Her mother was even more shocked and didn't know what to say. She looked at the mutant bat killed by her daughter, and looked at her daughter's helpless face. Tears ran down, somehow in her heart. I feel awkward.

Yes, very awkward. Her daughter is only three years old. How can she kill a mutant bat?

At this time, Liu Ye, who had cleaned up other mutant bats, brought a group of girls and saw this scene, and understood it.

She stepped forward and smiled gently: "Yin Yin is very brave, mutant monsters have been killed by you, Yin Yin really need not be afraid."

Wu Xingxu was the affinity of her teacher, or her words caused Yin Yin's curiosity, and she immediately stopped crying. She raised Lihua's small face with rain, big eyes, and looked at her blinkingly.

"Really?" Yin Yin asked crisply, she crooked her little head, and looked at the mutant bat that had been smeared with flesh and blood, and her mouth was big.

She pointed to the mutant bat and said, "Mom, was this monster really killed by Yin Yin?"

After saying that, she also raised her little pink fist symbolically, full of monster blood, and the pretty pink shoes on her little feet were long covered with the blood of bats. She really killed her.

"Your daughter drank one-star body quenching potion, her physical quality has begun to change. Although she has just tripled, she has the strength of three adult men. If you can trust me, you can let me teach her How to use this soaring power, otherwise it will easily hurt others. "Liu Yan and Yan Yuese explained the changes of Yin Yin.

This young mother suddenly realized that she was thinking of what Qin Tiange drank to Yin Yin. It was the strange and mysterious liquid that turned out to be this way.

She understood, she was excited, but she was a little worried. After all, her daughter was only three years old and she had such a powerful power. Moreover, listening to this beautiful teacher named Liu Yan said that Yin Yin still had those medicinal properties in her body. Did not play it out.

Because her body is too small and has not yet developed, the natural medicinal properties can only be hidden in the body, waiting for Yin Yin to grow into adulthood before she can begin to play, but it has improved her original physical life potential.

For this, Qin Tiange is not worried at all, I believe that people such as Moda and Liu Ye can cope with the attacks of these mutant spiders and mutant bats.

Uh ...

In the cockpit of the train, the bodies of two mutant bats were lying on the ground, Wu Xinlan looked back, looking at the dead mutant bats, and recalled the thrilling scene at the time.

She looked up and looked at the young man in front of her. The more she looked at it, the more she liked, her face could not help raising two blushes, which was extremely charming.

It was Qin Tiange who saved her, and killed two mutant bats that broke into the car with two sharp cuts. Fortunately, the train captain was calm enough, wiped a cold sweat on his forehead, and looked at the dead mutant bat with fear.

"Finally passed!"

He watched the train drive out of the terrible jungle, couldn't help but breathe a sigh of relief, and finally came out of that terrible primitive jungle.

However, Qin Tiange shook his head slightly and said something that made the two startled.

“It’s not that simple. This is just the beginning. A thrilling journey has just begun. Next, you will see the horror side of this eschatology.”

Speaking of him, Wu Xinlan, who had just settled down, trembled, terrified, thinking that it is not over yet?

After Qin Tiange finished speaking, he leaned down and cut a mutant bat carcass with a knife, as if looking for something. His approach attracted the attention of Wu Xinlan’s flight attendant and train conductor, and they all seemed curious.

“What are you looking for?” Wu Xinlan asked curiously, forgetting the fear.

Qin Tiange, who was cutting the corpse of the bat, did not answer, and carefully rummaged over and over again in the belly of the mutant corpse of the bat. Soon, he dug out a bowl-sized blood-colored skin.

Is this thing, Qin Tiange looked slightly happy, looking at a bowl-sized blood-red skin bag dug out, it is the baby produced in the mutant bat.

This thing is the same as the blood sac of the blood-sucking mosquito. There is no mutated crystal nucleus in the blood-sucking bat. Instead, this strange blood sac is produced.

“That’s it.” Holding the huge blood sac in his hand, Qin Tiange laughed: “This thing is very precious. It is a wonderful medicinal material naturally derived from mutant bats. It is called a blood sac.”

This kind of blood sac is very huge compared with mutant mosquitoes. It has a stronger medicinal properties and is an extremely precious medicinal material.

“Treasure of the blood sac?” Wu Xinlan was curious, looking at this thing, full of subversive shock.

The train conductor came here with curiosity, and would like to ask, what is the use of this thing, is it used to eat it? Just wanting to ask, but at this moment, the cockpit came in, one man and one woman.

The male is Moda, the female is Liu Yan, and he is holding a little girl, which is Yin Yin.

“Qin Brother, this is what we found from the mutant spider, and this is the blood sac found from the mutant bat.” Moda came up and passed three things directly.

One is the blood sac of the mutant bat’s body, the other two, a bowl-shaped black meat sac, emitting terrifying black light, very scary.

And one of them is immaculate, like a string ball, a little sticky. This is the spider silk sac inside the mutant spider. It is very tough and powerful. It is an extremely precious and powerful material that can be used to make ropes or weave into amazing defense forces. Najia.

This mutant spider silk is fireproof and waterproof. You are right, fireproof and waterproof. It is so tough that ordinary swords and even one-star knives cannot penetrate. It is very precious.

“This is the poisonous sac of the mutant spider. It is very toxic and can instantly paralyze a one-star mutant and even two-star mutants.” Qin Tiange carefully took the black meat sac, which is a mutant spider sac. The toxicity very horrible.

He said to Liu Yan: “After the collection is finished, ask the girls to come and infuse half of the steel arrows with this mutant toxin in case you encounter a powerful mutant creature or you are in danger of life. Poison arrow. “

After I said that, he took the white line ball again and exclaimed: “Yes, this is a good thing, all of them are collected, these are all treasures. I will explain the role of these things in detail to you later.”

Qi Qin Tiange put away these things with a smile, and let Moda go to collect other treasures in the corpse, then turned to look at Liu Yan with a questioning look.

“Yin Yin just killed a mutant bat.” Seeing his doubt, Liu Ye whispered the reason directly before he understood.

Wu Xinlan, who was aside, stared at her, and looked at Yin Yin, a three-year-old girl, in shock. It was imaginable that she heard it wrong.

The captain was unbelieving. Looking at Yin Yin’s small body, she said, “Can a three-year-old girl kill a mutant bat? Is this world too terrible, or am I completely old?”

After hearing this, the train conductor began to doubt his life. Should he hit people like this?

“I know, Yin Yin will let you teach Be sure to let her adapt to this skyrocketing power, and guide her properly and don’t go awry.” Qin Tiange warned Liu Yan seriously Alas.

Qiu Liuxun nodded earnestly, and she promised: “Rest assured, I won’t let her go awry, and I must be a teacher.”

“That’s good!” Qin Tiange reassured and comforted the little girl, which made Liu Ye take her out of the cockpit.

“Look at it, what’s that? It’s so beautiful ...”

At this moment, Wu Xinlan looked at the front of the train, and a large colorful sea of flowers appeared in front of everyone’s eyes, as if entering a fairy tale world, people were addicted.

Amami, it’s so beautiful, it’s dreamy and unreal.

The train slowly entered a sea of flowers. Here is a sea of flowers. It was originally a flower planting base, a variety of flower types, and a huge flower base covering an area of hundreds of acres.

At this moment, the flowers in the mountains and the mountains are colorful and open. They are all mutated flowers. The variety is unique, and they are more charming and colorful.

“Beautiful flowers, oh my god, we won’t enter the paradise?”

“Rainbow, look, that’s the rainbow ...”

In the carriage, some survivors who came back were stunned by the scene outside the car window. The endless flower ocean and the huge beautiful flowers bloomed as if they had entered Xanadu.

What’s more amazing is that in the sky above the sea of flowers, there are colorful clouds, like a rainbow, splashing a bit of colorful light and mist, people can’t let it go, just like being in a dream.

“That’s not a rainbow ...” In the cockpit of the train, Qin Tiange stared gazefully, staring at the colorful clouds floating in the sea above the sea. It was clear to him that it was not a rainbow, not a cloud, but a creature.
