

## Dark Ages 751

Chapter 751 - Demon creature, unknown flesh

boom! With a muffled sound, the demons' blood disintegrated, revealing a huge creature, full of fangs and fangs, eyes shone with scarlet light, filled with fierce killings.

This is a terrible creature that lives under the blood of the demon. It is extremely powerful, thick-skinned, and wild-powered. It is simply scary.

“This is the demon creature?” Qin Tiange frowned, looking at the sudden and terrifying creature, which is exactly the demon creature.

He looked at the creature, with a huge body, ten meters high, sharp claws, covered with thick gray-black scale armor, opened his mouth to swallow endless magic blood, and his breath burst.

Roar! With a roar, the demon creature savagely killed, a claw broke through the blood barrier of the demon, and severely hit Qin Tiange's brain.

This claw carries terror, and is extremely powerful, and it is difficult for ordinary people to stop or even avoid.

哐 Dang! Qin Tiange waved his fist to greet him, and when he heard a loud noise, his claws hit each other, and a dreary force spread out.

Both are very powerful, but Qin Tiange is still strong, punching the opponent back with one punch, the figure flashed, and his fist hit the stomach of the demon creature.

With a bang, the demon creature was beaten out, smashed away around the blood, and lay there motionless.

There was a huge blood hole in the stomach, which was punched by Qin Tiange, but he had not died yet. The wound absorbed the magic blood around him and recovered quickly.

“Dead!” Qin Tiange stepped forward with a cracked palm and a rattling sound. The skull of the demon creature was completely shattered and completely died.

It failed to resurrect, was blown to the head, died on the spot, and the body was swallowed and refined by Qin Tiange.

I devoured the corpse of this demon creature, Qin Tiange felt that his body was a little stronger, and he couldn't help but startled, there was even a demon creature here.

“Men, these creatures are contaminated, or they are terrible creatures that live here, like parasites.”

Li Luo came to her side and said something softly.

She brought back a huge corpse, which was different from the previous demon creature, but also had a weird and weird look.

“Demon creatures, are they all from the ground?” Qin Tiange frowned, watching a few powerful breaths around, needless to say, they were all demons.

Sure enough, with a wave of air breaking away, a horrible cricket creature came to Lianren. The slap face and fierce breath were all weird and powerful demon creatures, and they were killed directly.

“Roar!” The roar burst, causing the demon blood to boil, and all the creatures of the devil seemed to be born here, rushing with terrible strength.

These demon creatures have thick skin and thick skin, extremely strong defense power, and more terrifying and scary power. Qin Tiange feels the pressure.

Several demon creatures rushed, Qin Tiange and Li Luo started a slaughter, and soon killed them.

After killing these creatures, Qin Tiange devoured them directly, carefully sensing the strange power in the demon creature’s body.

“These demon creatures have a pure ancient energy in them that can be absorbed without refining.”

Qin Tiange discovered this problem.

Compared to demonic blood, this is much safer, but it is also very dangerous. The demonic creatures are very strong, and even some demonic creatures are extremely scary.

“Be careful, I always lift, we get into something.”

Qin Tiange frowned secretly, making a guess.

“Do you feel the direction of the magic blood flow?” Qin Tiange asked suddenly.

Li Luo’s eyes flickered, and he looked at the magic blood flowing around, pointing at the front and saying, “I sensed that the magic blood was flowing from that direction and flowing towards this side.”

Qin Tiange nodded after seeing it, he felt it, it was like a river with a source.

Qin Tiange is curious about the source of the magic blood.

“Let’s take a closer look at the source of the magic blood?” Qin Tiange blinked his eyes and made a decision.

Li Luo agreed with almost no thought. She also wanted to see, where was the source of the chaotic magic blood? If you can find stronger magic blood there, maybe you can repair the stump faster, this is the temptation.

boom! Qin Tiange and Li Luo combined forces, both breaking through the power of the magic blood, and constantly rushing in the direction of the demon blood.

Both wanted to see what the source of the magic blood would be.

Here, it is like entering the sea of blood, endless, boundless, and the margins are not seen at all.

The more he moved forward, Qin Tiange found that the pressure was stronger, and the magic blood contained heavy pressure, as if it were very heavy.

“It’s heavy, it’s violent blood.”

Qin Tiange stopped and looked at the chaotic magic blood that swept in front.

The gray-black demon blood, with the potential of destroying the sky and the earth, rumblingly crushed and destroyed all living beings, infecting all living beings.

Here, demon creatures are everywhere, and even some large creatures can see them wandering freely.

“There, it’s not the source, but a fork.”

Li Luo’s eyes were flooded, and Sisi Liuli’s light flowed.

She saw the sight ahead, not the so-called source, but a gap like the ocean, pouring endless magic blood.

At the gap, surrounded by dense crowds of demons and creatures, it flows upward, as if to enter the larger sea of blood behind the gap.

Demon creatures scrambled and swam with the blood of the demon blood, but unfortunately they were still hit by the torrent of demon blood.

Those who can enter are all extremely powerful demon creatures.

How did he feel wrong? Is there such terrible magic blood hidden beneath the ground of the exile?  
“Can’t come closer.”

Qin Tiange passed a word with a solemn tone.

It can be seen from here that, rushing into the gap of the demon blood torrent, it is bound to enter a larger area, where the demon blood is almost black.

It was real demonic blood, chaotic, violent, and full of destruction. Even the current Qin Tiange could not consume those demonic blood.

“Go, let’s hide here and practice for the time being.”

Qin Tiange thought about it and decided to cultivate here.

He didn’t want to take risks, there were terrible crises there, and perhaps, more powerful demons.

Immediately, the two looked around quietly, not far from the gap, and saw a strange black wall.

boom! Qin Tiange hit with a punch, but the dull sound came, but left only a white mark, and it was unscathed.

Looking at the unbreakable black paint wall, the degree of firmness was beyond imagination. Li Luo looked at it and stepped forward, raising a broken arm and slamming it up.

A crackling noise made the wall crack, and there was a gray airflow inside, which knocked them out at once.

“His, don’t you think, isn’t that dirt?” Qin Tiange took a sip of air-conditioner, watching the cracks recovered.

He was dignified, saying, "That's the flesh and blood of living things, don't we run into a living thing?"

"Perhaps, I guess, hidden beneath the banishment is probably some extremely ancient and terrible creature."

"Don't forget, the star sea monsters feed on the stars, and there are many more creatures than them, but they haven't seen them yet."

Li Luo said quietly.

She was well-informed, and her voice was certain: "Here, it must be the body of a certain organism, or the capillaries."

"Well, in this way, these magic blood may be the blood of a certain creature, no wonder it can increase the physical strength of the soul."

Qin Tiange said to himself, and then two eyes glowed with scorching light.

He stared at the dark wall in front, and Huer laughed. "What do you say, if we swallow the flesh and wash the flesh?"

"Do you want to use flesh and blood to cleanse the flesh?" Li Luo's eyes flickered.

Qin Tiange nodded gently and said with a smile: "You see these flesh-and-blood substances have strange effects, and may speed up the repair of your stubble. Once it can be repaired, then you and I don't have to worry about the eight island owners in Chaos Now. "

"Well, maybe it works, try it."

Li Luo thinks for a while, then he directly agrees, he wants to give it a try.

Consuming flesh to repair itself This is the most basic method, provided that the biological flesh is strong enough.

Flutter! Qin Tiange drank low, with five fingers like a knife, stabbed into the dark paint wall fiercely, and only pierced three inches, he could no longer pierce.

"Swallow!" He began to devour, absorbing the mysterious energy hidden in the wall, and engulfed with the strong and strong demon flesh around him, and began to formally cleanse the flesh.

Violent, violent, and chaotic forces came in, impacting Qin Tiange's body, making him feel like it would burst apart at any time.

The terrible energy is endless, and even if Qin Tiange unleashes his maximum power, he still does not see a slight decrease.

The roaring demon blood boiled, and Huer was swallowed by two black swirls, and the endless demon blood flowed into it and was absorbed by the contents.

Qin Tiange and Li Luo joined forces to open the walls of flesh and blood, burying the body in it and swallowing continuously, and the body was covered with dense shreds of shreds.

The black shredded meat twined the bodies of the two like snakes, as if to swallow the assimilation of the two, watching the scalp numb.

Chapter 752 - Physical transformation, devouring everything like a black hole

The black shreds covered the bodies of the two, and gradually wrapped into a meat dumpling, and the black magic blood poured out.

Huh! faint, faintly seen Qin Tiange eyebrows in a pan character, with a breath of horror, shattered a string of black shreds, gradually eroded and devoured.

This ancient word, gray all over the body, looks like an ancient word in chaos, with all the power to obliterate, crushes the strange flesh and blood around it, and turns it into energy into the body.

In Qin Tiange's body, the chaotic membranes gradually changed and began to spit out a gray chaotic essence.

These chaos and surprises poured into the body, the internal organs were transformed, the bones became stronger, the flesh and blood genes were being transformed, and the cells were expanding.

Absorbed the chaos essence, the huge energy contained in the magic blood and even the strange flesh flew outside was directly crushed and assimilated, and then turned into pure chaos essence and poured into each cell of the body, becoming stronger.

Gradually, Qin Tiange found that his body became different, as if he had turned into a black hole, and devoured it continuously.

It is the physical body that is transforming, growing to a higher level, becoming more and more terrifying, exuding a simple atmosphere, desolate and mysterious.

Click! With the sound of a crisp sound, a cell in Qin Tiange's body broke apart, and the huge energy hidden in it, Huer, gathered again, and became a more powerful and perfect cell.

Immediately afterwards, the cells continued to shrink, getting smaller and smaller, and getting larger and larger, and finally turned into a gray dot.

This gray dot is like a small vortex, full of powerful devour, unfolding insanely devouring, absorbing endless chaos.

Clicks, clicks and crunches continue to come, Qin Tiange's body, one cell produced the final transformation.

At last, when the upper and lower cells of the whole body turned into gray dots, the cell vortex gradually formed and connected with each other, forming a dense vortex.

boom! Suddenly, there was a terrible shock in Qin Tiange's body, and then an extremely horrible suction voluntarily emitted, instantly devouring the magic blood within a few kilometers.

Even the inexplicable flesh wrapped around the body turned into the essence of energy and was swallowed up, more and more, and finally swallowed a cave hundreds of meters away.

A powerful breath came out, and there was a whirlpool of terror, and there was a person sitting cross-legged.

That is Qin Tiange, who is like a black hole, constantly devours everything, and cooperates with the chaotic membrane to absorb and refine it into his own chaos essence.

The Chaos Membrane devours the surrounding magic blood and various chaotic energies, and then spit out more pure chaos essence to strengthen the body.

This phenomenon is accelerating. In the chaotic membrane, a half-step space-time royal corpse quickly melts, turning into a vast energy absorbed by the chaotic membrane, and then exhaling a more powerful spirit of chaos.

In addition, in the eyes of Chaos Spring, an endless amount of essence was rolled up, and it burst out instantly, entered the body, and merged into the cells, causing the vortex to become more violent.

Devour, devour! Qin Tiange resembled a gray hole in the dark, and swallowed endless energy and matter, forming a gray vortex around his body.

Chaos mist filled with chaos, covering his true body. This was not his intention, but the transformation of the physical body, and finally successfully entered the black hole level.

Yes, this is a black hole-level body. It is powerful and matchless, and contains endless chaos. Each cell is filled with the chaotic force belonging to the Pangu tribe.

Furious, full of destruction, constantly increasing, accumulating, becoming more and more horrible, devouring endless energy like a bottomless pit.

Each cell is like a small black hole. Numerous cells throughout the body are transformed into black holes in a flash.

Qin Tiange's body turned into countless small black holes in cells, forming a huge black hole as a whole, forming a terrible engulfment.

Cells are used to spawn black holes, devour everything, and obliterate the matter of the heavens. This is the terrible part of the Pangu body.

No matter what matter, any energy can be captured and absorbed by his body, and then annihilated into a more pure chaotic spirit to strengthen himself.

The Pangu tribe eats chaos essence. The Pangu tribe with chaos essence is the most powerful and terrible race.

Hum! A strange buzz came from Huer, and Qin Tiange's body turned into a cloud of fog, which was invisible.

It can only be seen faintly, a looming figure sitting cross-legged, as if incarnate as a terrible chaotic black hole, where it swallowed the octagonal matter and energy.

That is, light and heat are captured by voluntary absorption. It has to be said that Qin Tiange has completed his first metamorphosis this time, and has stepped onto the powerful black hole level faster than the stars in his body.

The pressure and threat made Qin Tiange's breakthrough, and his physical breakthrough, on the contrary, his combat effectiveness became more horrible.

“Black hole-level body, it seems that this is a good place to sharpen the body.”

Qin Tiange woke up and looked at the strange flesh growing around him, but was quickly swallowed and torn by his own body.

Fully kept within a hundred meters of space, all those strange flesh growing and spreading over were swallowed clean, unable to approach his body.

“Swallow!” Suddenly, Qin Tiange opened his mouth and sucked. A loud rumbling came, and endless magic blood from all directions rushed in and was swallowed directly.

Powerful phagocytosis, coupled with the transformation and refining of chaotic membranes, has no energy or material to escape at all.

Looking at the increasingly powerful physical body, Qin Tiange couldn’t help laughing, and this was the beginning of real strengthening.

Even Qin Tiange has an urge to swallow all the magic blood underground and even these strange and unknown flesh and blood.

Unfortunately, that is an extravagant hope. He knows that it is impossible. He can only use these magic blood and unknown flesh to promote his own physical practice.

The black hole body is complete! Click! Qin Tiange stood up and watched the chaotic mist emanating from his body, covering his body.

Within a range of three feet around, a gray vortex was formed, and endless energy rushed to be devoured into the body, and it was devouring the surrounding energy all the time.

This is the black hole level, the real body of a black hole, devouring all energy and matter.

“Well, Li Luo’s breath has become stronger and stronger. Obviously the remains are recovering. Let me help you.”

Qin Tiange lifted his eyes and looked at a strong breath a few kilometers away. It was Li Luo.

She absorbed and devoured the rest of the body over there, seeing that, Qin Tiange stepped forward without hesitation, and gathered a pure chaos essence in her palm.

“Go!” Qin Tiange slammed a chaotic spirit into Li Luo’s body, causing a great response.

“Chaos spirit?” Li Luo opened his eyes suddenly, staring in amazement at an ancient energy flowing into the body, chaos spirit.

She looked up at Ye Qing, flashed a look of surprise, and then said in her heart: “Chaos essence, unique energy belonging to the Chaos era, it turns out that he came from the Chaos era.

This is her guess. Seeing that Qin Tiange can condense the essence of chaos, and it is still extremely pure, repairing the incompleteness is simply a rocket.

The originally broken arms gradually recovered, and the pierced heart was miraculously healed by the endless gray chaotic essence repair.

Qin Tiange was shocked, but he took endless chaos essence from the eyes of Chaos Spring, and it took so much to gradually repair the incompleteness of Li Luo, it was incredible.

Hum! When Li Luo's body was intact, Liu Li's nucleus cracked on the spot and was swallowed by her at once, and the whole person appeared in front of her eyes.

Perfect, flawless, her body looks like glazed, shiny and exudes an ancient and powerful atmosphere. Except for the crack in her eyebrow, which has not been repaired, her injuries have been repaired one by one Thank you "Li Lome's eyes flickered, and a faint glance passed across, and a different kind of emotion was added to Qin Tiange's eyes.

Watching her recover, Qin Tiange smiled and said, "Congratulations on your recovery, but unfortunately, I can do nothing about your true spirit."

"Anyway, the recovery of the stump is already the best result, and beyond my imagination, I never thought I would recover so quickly."

Li Luo blinked playfully and smiled happily, in fact, she was already very satisfied with the result.

"Go, I feel a strong breath, hiding somewhere, let's go and see."

Qin Tiange Huer said the news with a smile, his eyes were a little cold, the gray mist outside the body, and the swirls were terrible. As he passed, everything was swallowed and digested into chaotic essence.

The two walked side by side, like two black holes, Qin Tiange's body was covered with gray chaotic mist, Li Luo's body was filled with a hint of glazed light, hazy, they could not see their true body.

The strong man may be like this. Zhen Rong can't peep. To see the true face of the strong man, he must have enough strength.

Qin Tiange finally took the first step towards the strong

Chapter 753 - Li Luo recovers and is overwhelming

Booming, the black wall in front of Kakaka cracked, shattered piece by piece, and was absorbed by two terrible black holes one by one.

Qin Tiange and Li Luo walked side by side. Wherever the two passed, there was nothing to stop, but the strong flesh wall became fragile and was swallowed and crushed.

Moreover, the rich black blood and the endless chaotic power are absorbed by both of them, not deliberately, but a kind of predatory body instinct.

Yes, the cultivation of souls to the level of black holes is an evolutionary instinct to plunder the matter of the heavens.

Black holes originally rely on engulfing to grow themselves. Once a black hole is formed, it is engulfing everything and growing.

Just like now, Qin Tiange has completed the physical transformation and stepped into the black hole level. His true body is like a black hole and devours everything.

“Hwang, your physical body has become stronger, and there is a faint atmosphere that makes me feel oppressed.”

While walking, Li Luo said quietly.

She was curious about Qin Tiange’s physical body, but did not ask, and it was clear that Qin Tiange might be an ancient life form from the Chaos era.

This makes Li Luo attach great importance to chaos, and only the life of the chaos era can condense.

Qin Tiange didn’t answer, but asked: “How much can you do with your current strength?” Li Luo had moved his stiff body. After all, he hadn’t been active for several epochs, and his blood had already coagulated.

“It is estimated that time and space can’t beat, but the other party doesn’t want me.”

Li Luo thought about it and made a guess.

At present, there is no energy in her recovered corpse, and some are only the original immortal body, which is the strength of the body.

The \*\*\*\* of time and space wants her, but she can’t kill anyone now, because the time and space are hidden deeply and can escape.

After hearing this, Qin Tiange was relieved and laughed: “You have been inactive for a long time. The breath in front is very strong. You go to exercise and wake up the cooling blood and strength in the body as soon as possible.”

“Okay, I mean the same.”

Li Luo showed a thrilling smile, but no one could appreciate it.

Her complete appearance is that Qin Tiange has never met, after all, it is wrong to peep at others.

“In front of.”

They crossed the seemingly endless wall of unknown meat, opened a passage, and reached a more chaotic area.

Inside, there is chaos of demonic blood, violent breath, full of destruction.

However, this force could not obliterate and block Qin Tiange, but was absorbed and captured by his body and devoured cleanly.

In front of the two, there is a dark swirl, which is devouring endless magic blood to cultivate.

In the vortex, a powerful creature was hidden, and the appearance of Qin Tiange and Li Luo immediately caught the attention of this creature.

“Who are you?” A icy word came from the black vortex.

Two green beams of light shine through the black hole, and the horrible eyes glanced at Qin Tiange and Li Luo, but unfortunately they could not see through.

Even, he couldn't see which race Qin Tiange was, completely blocked by a mist of fog, and his breath was taken without any leak at all.

Become a black hole body, absorb all things all the time, there is no possibility of leaking his breath, so we can not see the origin of Qin Tiange.

As for Li Luo, it is even more impossible. She is surrounded by a glazed light. The closer she gets to her body, the more she feels a dim light. The heat of light and even material energy are captured and absorbed by her.

“The one who killed you.”

As soon as Li Luo's voice fell, the figure had come to the whirlpool, and she lifted her crystal palm to take a photo.

“Look to death!” The creature in the vortex was so angry that he roared out a hand covered with scale armor and hit it \*\*\*\* Li Luo's palm.

Two hands, one large and one small, collided, and a crackling sound came, and a cloud of blood burst apart.

“Ah,” a scream came from the vortex, and the creature broke his arm with a flutter of Li Luo.

Then she moved her arms and felt that the blood in her body, which had cooled for tens of billions of years, burned and gradually awakened.

boom! With one palm down, the vortex collapsed and dissipated, revealing the creature inside, huge in size, and covered with a black hole.

But it was now extremely frightened. Looking at Li Luo, the body kept receding and looked very frightened.

“Wait, who are you?” The creature exclaimed.

But unfortunately, Qin Tiange just looked at it quietly, and said nothing, and Li Luo didn't even say a word. The dead did not need to know too much.

Click! Li Luo's arm was raised, and he fluttered lightly with a click, and the space in front of him and even the flesh and blood flew into powder on the spot.

The powerful palm force broke up the material and destroyed the powerful creature on the spot.

“Ah \*\*\*\* it.”

The creature screamed in horror and turned and ran.

No way, he still wanted to resist, but saw Li Luo's body with a terrible energy gradually awake, terrified all three souls, and turned around and ran away.

“Let’s die!” Li Luo spit it out lightly, spreading his fingers with five fingers, and a rattling sound came. The escaping creature’s body was crushed into flesh by inexplicable power, and then devoured by the surrounding blood. assimilation.

After killing a powerful creature three or two times, Li Luo was very dissatisfied: “The body has been silent for too long, and the blood awakens so slowly. It seems that I need to be active.”

Seeing this, Qin Tiange walked with a smile: “It’s okay. You can recover after being silent for tens of billions of years. That’s already a godsend.”

“Look here, the energy of the demon blood is stronger, and the creature just now is one of the hundred strong men. It seems that the strong people of the hundred races temper themselves in the underground demon blood.”

Qin Tiange looked around and said to himself.

Li Luo said for a moment: “I have just repaired my blood, but I haven’t recovered yet. You are here to practice, and I will recover my blood.”

“Go, be careful.”

Qin Tiange nodded gently, not paying attention.

Li Luo is going to start a killing to stimulate the quiet blood in the body with the killing fight and awaken a strength.

Watching her break away from the magic blood, Qin Tiange groaned for a while, and finally sat here on her knees and practiced directly.

Having just been promoted, he needs to feel the changes of his Pangu body well and control this wonderful transformational power.

Of course, with the transformation of the physical body, Qin Tiange held up his time, and the power of space seemed to become more powerful.

And, now Qin Tiange can easily incarnate the black particles, attached to the space of the exile, and not popped up like before.

He thought that as long as he could freely break through the air in the place of exile and set up a tearing space, he could completely get rid of the influence of the place of exile and fight out.

The black particles swirled around Qin Tiange’s body, and gradually, these black space particles merged into the chaotic mist outside the body This mist gradually became more and more strange, as if with a terrible The lethality has formed a powerful means to defend and kill the enemy.

Chaos fog, incorporating black particles in space, seems even more bizarre.

In the end, Qin Tiange merged the power of time with time, and as a result, the chaos mist around the body became more viscous after the three were combined.

Everything around began to change slowly, and the tumbling boiling blood gradually stopped and was swallowed one by one.

Anyone who was close to Qin Tiange's body three feet away stopped inexplicably, and then was smashed and swallowed, and the speed became faster and faster, forming a strange phenomenon.

Ok? As he was practicing, Qin Tiange suddenly opened his eyes, frowned slightly, and received a wave of thoughts after a little induction. It was left to the elder by the elders, and they called for him urgently.

At that moment, the idea had been broken, indicating that the elder was calling on him, what happened? "Did it come from the chaotic sea powerhouse?" Qin Tiange stood up with a doubt and flickered, tearing the barrier of the demon blood, and quickly returned to the ground fissure pool.

#### Chapter 754 - Imperial Seal Core Fragment

On both sides of the ground fissure blood pool, caves have been excavated, which can accommodate hundreds of thousands of people to practice here at the same time.

In addition, more caves have been excavated and connected into a whole. Qin Tiange means to make it a place for gathering and living.

The number of human races is not large originally, it is just right to cut out an area enough to accommodate the cultivation of human races.

At present, the elders have been drenched by magic blood, and their vitality has renewed their vitality and become radiant.

"Elder, what's the matter with you calling me out?" Under the blood of the demon, a figure suddenly flew into the air, covered with mist and mist, and couldn't see clearly.

When the elder and Zi Ji saw someone, they stunned and stared at the chaotic fog around Qin Tiange's body, silly.

However, he soon came to his senses and respected and saluted: "I sue my emperor, and you have recovered your declining blood, and have just returned to the place where my clan originally lived, and found that there was an unknown change in the desert of God Eater."

"Denying the desert?" Qin Tiange frowned, watching the elder who had recovered a black hair and flesh and blood, wondering.

Devouring the desert, it is a ferocious land in the exiled land with the same name as the Red Mist Sea, where there is no entry or exit.

It is rumored that all creatures who entered the desert of God's desert, no matter whether strong or weak, never came out again, and the human race was driven to the edge of that fierce land.

Originally, I knew a lot about it. Now, after the elders have recovered their blood, they go back and feel an unknown movement that eats the desert.

He realized that this was important, and Qin Tiange must be reported to understand that any change in the ferocious land would bring terrible disaster.

Qin Tiange naturally knew how to devour the desert, and the memory of the ancient remnant was related to this notorious area.

Moreover, the ancient remnant was caught and suppressed after coming out of it, which caused Qin Tiange's attention.

"I understand this. Ignore it first. I'll check it out when a friend comes back."

Qin Tiange bowed his head and said he understood.

He looked at the elder and Ziji, and asked, "What else do you have?"

"Return to the Emperor!" Ziji stood out, arching: "Ziji once obtained an ancient thing, its purpose is unknown, and it has been stored. Recently, it has frequently produced inexplicable responses, and asked the Emperor to look around."

She said, and gently took out the sealed thing, which was a piece of fragmentation. Recently, she frequently trembled voluntarily.

Huh! As soon as this piece appeared, a burst of gold and iron maggots was issued, which immediately broke the seal of Zi Ji, and flew to the buzzing trembling in front of Qin Tiange.

"This" Zi Ji froze, feeling a little at a loss as she watched the sudden situation.

She also did not expect that the broken ancient thing she had obtained broke her seal and flew directly to Qin Tiange.

Fortunately, this thing did not attack Qin Tiange, otherwise it would be equivalent to her attacking the Emperor. That is a serious crime.

Zi Ji secretly squeezed a cold sweat. Qin Tiange was very strong before, and she could feel the tyrannical breath, but now she can no longer sense the strength of Qin Tiange, and even her breath cannot be captured.

"This is it?" Qin Tiange squinted his eyes and stared at the piece of debris floating in front of him, broken and dusty.

At this moment, Qin Tiange sensed a violent shock from the sea of knowledge, and suddenly the Emperor Seal came with a word of excitement and surprise.

"Master, this is a fragment of my body, and there are several epochs left."

The sound of excitement from the Emperor Yinji was extremely exciting.

This is the Fragment of the Emperor's Seal? Qin Tiange stunned, released the emperor's seal, and radiated from his eyebrows.

Hum! As soon as the seal of the Emperor came out, it immediately caused the buzz of the fragment and was extremely excited, and the two constantly surrounded each other, emitting a radiant glow.

I saw that the shards gradually crackled, and the dust on the outside gradually fell off, revealing the crystal luster inside.

As the dust was shattered, the true appearance of the piece was revealed, which turned out to be a small jade seal.

“Really, it is the core of my body, which is equal to my heart. I did not expect that several epochs have been left, and it turned out to be in the place of exile.”

The Emperor Seal was shining, and a hazy figure emerged.

Qi Ling was excited and looked at the small jade seal, which was her most important core part.

Looking at the heart that has been lost for many years, the emperor’s spirit is very excited, and he opens his mouth to swallow this small jade seal heart.

Huh! At first a crisp sound came, deafening, which inspired a hot blood in countless human races.

The emperor seal recovered the most important core that he had lost, and the whole spirit body became more and more real, and gradually, it had the breath of real life.

Seeing this, Qin Tiange said with emotion that the seal of the Emperor was broken and incomplete. No wonder she has been unable to exert her due power.

Moreover, after hearing this, Ren Huangyin has lost a part of the most important core, the heart of her body, since the second era.

It turned out to be a place of exile, no wonder it can’t be found, it can’t be sensed, and it’s no wonder that it can be sensed here.

Huh! The instrumental spiritual light flew into the emperor’s seal, and at that moment, the light was exuberant, and a powerful emperor’s magnificence was emitted.

The imperial seal of the Emperor turned swiftly, the breath was more simple and powerful, as if suddenly it was complete.

Of course, Qin Tiange understands that the human emperor’s seal is not complete. She said that there are other fragments in some ethnic ancestors.

“Thank you,” a clear word came out from the seal of Emperor Ren. It seemed to become more emotional, and the instrumental spirit became more agile.

As the emperor printed and thanked her, Zi Ji Qiao blushed slightly, and gave gently.

She laughed: “I didn’t expect that the old fragments I accidentally got were the fragments of the emperor’s seal, maybe this is the chance.”

Qin Tiange nodded with a smile, and said, “Ziji, thank you for taking back the core of the Emperor’s Seal. This is very important to me. Say, what do you want?” Ziji face looked solemnly, “People The emperor’s words are heavy, Ziji doesn’t need anything, I just hope that when the emperor leaves, I can bring my Ziling tribe together. “

“As a human ally, the Ziling clan will leave for a few days. Naturally, the Ziling clan cannot be a lot.”

Qin Tiange made a promise, and he had this intention.

He went on to say: “Ziji, you helped me find the core of the Emperor’s Seal. I have written down this relationship.”

“Thank you, Emperor!” Zi Ji was excited and won the favor of the Emperor, and that was the best report.

In the future, if there is something about the Ziling clan or she, as long as Qin Tiange is informed, he will definitely get Qin Tiange’s help.

“Well, my friend is back.”

Qin Tiange suddenly looked up, and sure enough, the next moment he saw a glazed light emerged quietly next to Qin Tiange.

The elder and Zi Ji looked at each other, who was curious about the Emperor’s friend? This was unbelievable. I felt my eyes stabbed for a moment, and it was very painful, and even a strong pain came from my soul.

The two looked down in horror, staring at each other, and they saw the shock in each other’s eyes.

Li Luo is very strong. It is not clear how strong Qin Tiange is, or even how strong she was.

How powerful is it to survive several epochs without immortality? “Li Luo You came back just right, follow me to eat the desert of God, there are unknown changes there.”

Watching Li Luo return, Qin Tiange nodded with a smile, and invited her to take a look at the desert of God.

“it is good.”

Li Luo didn’t hesitate and simply agreed.

Subsequently, Qin Tiange explained to the elders and Ziji that they were careful to watch out for the strong man on the other side of the sea of chaos, and took Li Luo to leave the city of chaos.

The two hurried on their way to the area where the Terrans had been hiding, and lingered in the vicinity of the desert of God.

It is barren and barren, and it is difficult to grow food, let alone find resources for cultivation.

When he came here, Qin Tiange realized that it was extremely difficult for the elders to cling to their teeth with the clan.

“The emperor, in front of it is the desert that eats God. I feel a strong soul wave, and even there are ancient remnants hidden inside.”

When she came here, Li Luo’s eyes brightened, and she captured the breath of those ancient remnants, which made her heart uplifted.

Qin Tiange squinted his eyes and looked toward a horrible desert ahead, looking at the endless black-grey desert, the black sand filled the sky and covered the sun.

Chapter 755 - Into the desert, black yellow keel

The wind and sand are long, and after being rolled up dozens of meters high, they fall strangely, and the grains of black sand are extremely heavy and hard.

The terrible sound of crackling came from the body. If the body was not strong enough, steel might have penetrated.

The black sand was rolling, two figures step by step into this barren and dead, but strange and changeable desert.

Detective Qin Tiange grabbed a handful of Sha Shuo and stretched out his palms. Each grain of Sha Shuo was like a black crystal with a strange breath.

“The Sha Shuo here is very heavy. It’s incredible that a grain of sand can have thousands of pounds.” Qin Tiange looked at these heavy Sha Shu, and was very surprised.

A grain of sand weighs thousands of pounds. What is it like? Moreover, this kind of Shashuo is extremely hard and scary with high density, that is, Qin Tiange took a lot of effort to crush it.

“Hwang, the magnetic field here is changeable, and it has a strong suppression of the true spirit of the soul. Do not move the true spirit, otherwise you will be bound by the strange magnetic force here or even sucked away.”

Aside, Li Luo warned, and felt that the magnetic field here was weird, and could bind the real spirit, and even if exposed, he would be dragged into the ground by the bondage.

This phenomenon is terrible. Qin Tiange carefully sensed that it really has a special power to restrain the true spirit.

It’s just that this power is isolated by the true character of the ground book, so Qin Tiange didn’t pay attention. It now seems reasonable to hide many ancient remnants here.

Perhaps the ancient remnants here are not hidden, but bound here. Thinking of this, Qin Tiange is inevitably curious. What is the power to bind these true spirits here, and what secrets are hidden?

Click ...

Was walking, there was a crisp sound under his feet, looking down, it turned out to be a broken bone, stepped on and turned into fine powder, assimilated by Sha Shuo.

Qin Tiange crouched down, reached out and dug out some black Shashuo, and saw countless bones buried under the sand.

Some of the broken bones were still crystal clear, and knocked up and made a rattling sound, which was very strong.

“I hold it. There has been a fierce battle here. Look at the bones under these sandy soil, and there are creatures of all ethnicities.”

There are all kinds of creatures, and even some strange creatures. They have never been seen before, and their origins are unclear.

“Huang, look over there ...” Li Luo pointed to the front.

Through the rolling sand, Qin Tiange saw a black skeleton standing there, lying on his back, half of his head was missing, and the dark air of a single eye was seeing through.

When I came closer, I found that the skeleton was extremely huge. Lying in the sand, half of the body was buried, and the exposed part was 100 feet tall.

“This is the remains of a giant star, killed in battle.” Qin Tiange glanced, and knew the origin of the bones.

The star giant is already very strong. No matter the body or the bone, it is still immortal after being dead for countless years. The bone is not weathered, and it is hard to see through the black crystal light.

“Huang, do you think that the black Shashuo here seems to have been formed by the condensation of various bones?” Li Luo suddenly made his own guess.

Qin Tiange froze, and carefully discerned that it was really possible. Sha Shuo contained a lot of vitality in it, and the bone powder condensed?

Ok?

Suddenly, Qin Tiange and Li Luo both looked up, their eyes shining through, staring at a black dune in the distance.

The two sensed a wave of waves almost at the same time, which was the wave of the true spirit, just below the dunes.

“An ancient remnant, look over ...” Qin Tiange made a decision, walked quickly, gray mist was swirling around his body, swirling around it, devouring the strange crystals around him and turning into chaotic energy absorption.

The two are like black holes. When they go, they will devour the material around them and use them as energy to absorb and strengthen themselves. Their powerful strangulation power cannot even stop the heavy and hard black Shashuo.

Soon, they came to the sand dunes hundreds of feet high and looked at the sand dunes in front of them, which was strange.

The shape of this dune looks like a huge black horn, towering over it, exuding crystal light, the breath is revealed faintly.

boom!

Qin Tiange stepped forward, slamming into the air with a bang, the dunes collapsed, and the sand and dust rolled up and scattered around the sky.

The original dunes were gone, and a huge horn appeared. Hundreds of centimeters long horns exuded black and glaring like jade. It looked amazing.

“What a big horn, what kind of creature?” Qin Tiange was surprised and looked at the huge horn.

Immediately, he and Li Luo nodded to each other, suddenly leaped, and slammed the sand under the horn.

With a bang, the dust swept through, and a violent vigour rolled around the sky and the black sand spread out in all directions.

A huge pothole emerged, and under the horns, there was a huge skeleton with a yellow body and a dragon head exposed.

“Dragon bone?” Qin Tiange squinted his eyes and saw a creature like a dragon here for the first time, because there are no dragons in the Starry Hundreds.

In fact, the Dragons belonged to ancient species. They were creatures of the ancient era. They were extremely powerful, and then became extinct.

As for the current dragon, it is not counted at all. It can only be regarded as a dragon blood creature, which contains the dragon blood of the Taigu dragon tribe.

In front of this huge keel, a gigantic dragon’s head was exposed, the bones were crystal clear, and the whole body was yellow, exuding a sense of terror.

“This dragon was at least a half-step time and space level in his lifetime. When he died here, the first cave in the dragon was the most deadly.” Li Luo pointed at the huge cave covered by the dragon’s first spirit, and died of something.

Qin Tiange didn’t pay attention to this, but stared suspiciously into the dragon’s head, where there was a faint wave of true spirit.

“Is it a dragon spirit?” He said in surprise.

Waiting to be observed, two hot rays of light suddenly appeared inside the eyes of that huge keel.

With a bang, the earth roared, and Shashu rumbled around, as if there was an earthquake.

Qin Tiange and Li Luo both leaped back, looking with surprise, the originally buried dragon head was slowly raised.

A huge dragon head, a hundred feet thick, one of the two dragon horns was broken, leaving only one dragon horn still shining.

The dragon’s head was lifted, and then there was a violent shaking from Sha Shuo, and a terrible dragon claw suddenly protruded out and grabbed it fiercely.

Boom!

The earth sag, the huge keel slowly crawled out, a keel with a length of thousands of feet, four dragon claws, the whole body is yellow, exuding a radiance.

Among the dragon heads, a powerful soul wave came, and it turned out to be a dragon spirit that had not died.

“A dragon spirit, hey, it’s a bit interesting, but he can still manipulate his bones. It seems that this dragon spirit was very strong before his death.” Qin Tiange looked at the xuanhuang bone dragon with a trace of interest, and was extremely excited.

An ancient dragon spirit, the true spirit energy contained in it is absolutely strong, and it can also manipulate the bone dragon body, which is equivalent to its huge energy.

“Li Luo, dismantled its keel, and captured this dragon spirit.” Qin Tiange simply emptied away.

He launched the attack directly, to dismantle the bone dragon and capture the dragon spirit hidden inside.

This is a powerful lunch of energy, catching dragon spirits and devouring their true spirits. This is the idea of Qin Tiange and Li Luo.

Huh!

The bone dragon yelled at the sky, unable to fly, the huge skeleton body turned over fiercely, four dragon claws fell, and the tail swept across.

A loud bang came, and for a while flying sand and rocks, the black soil swept across the sky, and it turned into a huge storm flooding it.

The two started a fierce battle with a bone dragon, and the powerful bone dragon blocked the cooperation of Qin Tiange and Li Luo.

Unfortunately, this bone dragon only resisted for less than ten seconds, and the tail black dragon bone was removed one by one by Qin Tiange and Li Luo.

Huh!

The bone dragon roared in the sky, with a fierce ferocity, but unfortunately only the first half of the body was removed.

The last half of the bone dragon was removed, leaving only the half of the dragon's head there, with a burning soul glow in his eyes, fierce and angry staring at Qin Tiange and Li Luo, like two Shenyang Xiang was embedded in it, shining brightly.

“Damn, why are you hostile to this seat?”

Suddenly the bone dragon roared and vomited the truth, which was the universal language of the stars.

Chapter 756 - Dragon Spirit, the power to reverse time and space

The keel spit out the truth and was so prestigious that it seemed like a thunderous billowing, which shook Shao around.

The terrible momentum could not conceal the fear in his heart at the moment. The powerful keel was half-opened by two people.

This bone dragon stared with scorching eyes, staring at Qin Tiange and Liluo in front of them, two like black holes, holding the removed keel, crushing and consuming directly.

“Well, the keel contains a lot of energy, which is good.” Qin Tiange swallowed the keel in his hand and said with a smile.

This made the bone dragon chill, and the dragon spirit was a little shivering. The two demons swallowed while dismantling its keel.

“Oh ...” Bone Dragon roared, opened its cage mouth, and a cold dragon's breath condensed inside.

With a bang, the dragon's breath rushed out, directly submerging the figures of Qin Tiange and Li Luo.

The terrible dragon's breath was not hot, but cold, freezing Shashu, and completely turning into black ice crystals within dozens of miles.

Click! Click!

The next moment, there was a crackling sound in the ice crystal. Then, Qin Tiange and Li Luo both broke through the ice crystal to freeze and walked out.

Wherever the two passed, the black ice crystals melted and were absorbed by the black holes formed by the body.

All material energy was swallowed up by Qin Tiange's body. This terrible sight made the bone dragon thriller.

"Well ... can't you mess with this, can't you hide it?" Bone Dragon screamed in a bang, and the remaining first half of the dragon's body rushed away.

The two dragon claws sifted through the sand, plunged one end under the billowing black Shashu, and disappeared in a flash.

Seeing this, Qin Tiange did not panic, a smile arose from the corner of his mouth, stepped forward, and walked step by step.

"Run, can you run?" Qin Tiange sneered, seeing that Luo Luo beside him suddenly vacated, and Jingying's palm protruded.

With a bang, Sha Shuo was flying, dark air rolled up, and there was a huge pothole, which revealed the bone-drilling dragon, who was frightening into the sand and fleeing furiously.

It was frightened, the bone dragon's remnant was fast, the dragon's claws fluttered, and Sha Shuo dug to flee forward.

In the back, Qin Tiange and Liluo followed all the way, from time to time, he smashed the rolling black sand with one palm, hitting the remaining half of the keel and flying out.

"Why, why are you killing me?" Bone Dragon growled in horror, and when he saw that he couldn't run, he came out directly, angrily screaming.

Qin Tiange stepped in, his tone indifferent: "No, in fact, we have given you a chance from the beginning, but when you appear, you are trying to devour us."

"Don't deny that if you want to devour us to restore the bones and flesh, then you are ready to be swallowed by us." Qin Tiange said, flashing forward and punching the bones dragon's skull.

"No, I ..." Gu Long opened his mouth and screamed, waiting to be explained, but was beaten back with fists.

There was a thump, a heavy fist cracked the keel, the dragon's inspiration inside was threatened, and a horrified open mouth sprayed a cold dragon breath.

The black dragon's breath froze the Quartet. As a result, Qin Tiange could not be frozen at all, but let him absorb the energy that consumed this dragon's breath.

"Dead!" A hazy figure emerged, Li Luo came to the top of the bone dragon, and smashed it into the cave covered by its heavenly spirit.

Clicking, Bone Dragon's head shattered, and a glowing glow flew out, entangled with an inexplicable magnetic force, and then dragged into the underground Shashuo.

"Ah ... I hate this." The terrible roar from the Dragon Spirit, the glowing glow of the Dragon Spirit, could not stop the fetters and engulfment of that strange power.

Seeing that the dragon spirit was dragged into the ground, Qin Tiange naturally did not want to see the cooked dragon spirit fly like this?

"Blocked!" With a loud shout, the dragon spirit was imprisoned with a strange power pouring out.

Even with that strange magnetic force was imprisoned, then Qin Tiange stepped forward and split it, as if the sky knife cut the void.

A click sounded a crisp sound, the strange magnetic force was cut off, and Dragon Spirit restored its freedom, and a terror force broke out on the spot.

"Roar ... reverse time and space!"

The dragon spirit roared, directly igniting the power of the dragon spirit, sending out a force to reverse time and space.

It was a half-step terrible dragon in its time and space. It was ancient and strong, and now it directly explodes the power of the true spirit. With the help of Qin Tiange to cut off that magnetic bondage, he hit Xeon.

Reversing time and space, this is a tyrannical means belonging to the time and space-level strong. Once exiled to chaotic time and space, everything is really done.

Looking at the twisted forces of space and time around, Qin Tiange was surprised, but not panic, but he was very interested to realize it.

Gradually, he captured a force that belongs to the time and space class to understand the power of application, the power of time and space.

Yes, the time and space-level strong man can travel through time and space and hide in endless time and space. That is the power of mastering time and space.

"Ah ..." Suddenly, a scream came, and the dragon spirit was suddenly bitten by a terrible force.

It was a mysterious force in the place of exile, which directly crushed the power of time and space and smoothed the power of chaotic time and space here.

Longling screamed, and was swallowed down by this force. He fell on the spot and lay in front of Qin Tiange with a dying breath.

“Poor, don’t you know that time and space are blocked here?” Qin Tiange sneered.

He stepped forward and reached out to grasp this ancient dragon spirit, and its power was blocked in the time and space forbidden area.

“Li Luo, half for you.” Qin Tiange said, and directly asked the dragon spirit to give half.

“No, no, wait, don’t eat me, I’m willing to take you to find other ancient true spirits, I know the specific location, and I’m still useful.”

The dragon screamed screaming, panicking, begging for mercy, and even uttered a shocking secret.

“There is a terrible true spirit awakening in the central part of the desert of God. It will devour all the true spirits. I have little use for you.” Dragon Spirit repeatedly asked for forgiveness in terror.

The words made Qin Tiange move and looked at Li Luo beside him, their eyes flashed slightly.

“I sense it, the breath is strong, the true spirit reversed, as if to resurrect it.” Li Luo passed a sentence.

Qin Tiange thoughtfully. In fact, he also felt that there was a terrible true spirit awakening in the middle of the desert of God. He was about to devour all the true spirits here to reverse life and death, and to resurrect completely.

Click!

“what...”

A crisp sound, accompanied by the scream of Dragon Spirit, and then completely extinguished, was cut into two directly by Qin Tiange, and swallowed one by one with Li Luo.

What does this dragon spirit keep? Qin Tiange disdain, if it is a complete ancient true dragon, maybe he will keep it.

But you have a broken dragon spirit, you have a ball, and you have to help it restore the true spirit, it is better to swallow it to recover yourself.

Moreover, Qin Tiange cares about Dragon Spirit’s understanding of space-time level, and that kind of self-cultivation is of great help to him.

Uh ...

The eyebrows glowed, and the slightest rush came, and swallowed half of the power of the dragon spirit. Qin Tiange gained a sense of cultivation and was complete.

When I cut it, I deliberately kept this memory and sentiment. After all, Li Luo didn’t need these. Qin Tiange just needed to verify his own way.

“Well, time and space, this is the mystery of time and space.” Qin Tiange absorbed, and the true spirit recovered a lot. He also gained the mystery of time and space, as if he saw the door to time and space.

Unfortunately, his realm is not enough to touch the door. The only way is to accumulate these details temporarily.

After his cultivation is enough, he flew into the sky and went directly to the temporary air gate to enter the temple belonging to the space-time class.

“An ancient spirit wants to grab our food.” After eating Dragon Spirit, Qin Tiange suddenly sneered.

In the God-Destroying Desert, there is an ancient and terrible true spirit awakening to devour all the remnants to reverse life and death, and to resurrect and return.

Isn't this grabbing food? Qin Tiange and Li Luo originally had the desire to devour the ancient remnants to repair their true spirits, but now they ran out to grab a vegetable and naturally had to be killed.

“Let's eat that big meal first, then small snacks.”

Qin Tiange smiled indifferently, and the figure flew away, and Tongliluo rushed towards the central area of Desperate Desert to eat a big meal.

The two flew across the air, and were about to rush to the central desert of God Eater, but suddenly stopped.

Click!

A crack came, and Qin Tiange frowned, looking down, and a crack appeared in the dark desert.

The sound of thunder came with terrible vibrations in the ground, and then, the huge bones hidden under the black Shashuo climbed up frantically.

“Hmm ...”

A huge skeleton crawled up from Sha Shuo, panicked, and then frightened.

Chapter 757 - All souls flee, the desert is swallowed up

“What's the matter?” Qin Tiange frowned, looking at these huge bones that suddenly came out, all kinds of beings.

He even saw a terrible skeleton crawling out of Sha Shuli under his feet, with a trace of black dead meat hanging on it, and his breath was overbearing.

But this hundred-foot-tall skeleton scrambled up and ran, panicked, and ran away.

Inside these bones, there are still broken thoughts, which are not really true spirits, or fragments of true spirits.

They are very incomplete, but they have a self-crisis instinct, as if they sensed that the crisis was coming, and climbed out to escape.

“Ah ... who is going to bury me and wait ...”

A terrible roar came, and saw that a black gas rose in the distance, and then a huge head rushed up, and a huge body would stand up from Sha Shuoli.

As a result, it was constrained by strange energy, pulled into Sha Shuo, struggling madly, and roaring.

“It’s so strong, ten times more powerful than that dragon spirit.” Qin Tiange was surprised, looking at the huge bone, struggling, his body crawling out of Sha Shuo half.

Unfortunately, it couldn’t escape after all, and was bound by that strange energy, pulling it back a little bit.

“No ...” The domineering ancient remnant was dragged back to the ground in this way, and lost his voice in a blink of an eye.

Seeing this, Qin Tiange felt that something was wrong, Tong Liluo watched vigilantly, and all the skeletons around him got up and fled wildly.

The scene was extremely shocking, all souls fled, and a broken and broken real spirit dragged the broken bones and kept climbing.

The whole God-destroying desert shook, the fissures permeated, and a horrific creature remnant crawled out of it.

It feels like an ancient battlefield. There are countless souls buried underneath, some of the powerful souls’ true spiritual thoughts remain, and the fragments are attached to the bones.

Gradually some bones were formed and turned into terrible dead souls, but they were dead, only supported by a disillusionment.

“Uh ... hoo!”

The god-destroying desert was boiling, Sha Shuo swept through, and a bone appeared in front of Qin Tiange and Li Luo, escaping frantically, trying to escape this desert.

“Huang, there was a terrible breath in the desert, so let’s leave first.” Li Luo frowned, and suddenly said this.

Qin Tiange frowned, a little reconciled, just give up the opportunity to capture the residual spirit, is he willing to see it?

“No matter, first capture those relatively complete ancient remnants, how much can be caught.” Qin Tiange gritted his teeth, ruthlessly, and started to snatch.

No matter what is happening here, why do these remnants run out one by one and flee, grabbing first and then talking.

“Suppression!”

Speaking, Qin Tiange walked away, suppressing directly with a huge remnant who was climbing up.

The time and space were closed, and then the powerful and violent force smashed the opponent's body and caught the ancient remnant on the spot.

“Duck!” The remnant roared and was suppressed by Qin Tiange as soon as he crawled out, which made him angry.

Unfortunately, it failed to resist, and was directly suppressed by Qin Tiange and thrown into the sea of knowledge. His figure flashed and his fists danced, smashed a skeleton, and captured these crazy escaped ancient ghosts.

boom!

With one punch and one palm, Qin Tiange launched a mad \*\*\*\*\* and suppressed one ancient remnant.

This is the only opportunity. Where did I miss to find so many ancient remnants?

“Well ... you \*\*\*\*\* it!”

There is a roar of powerful remnants, and madness gathers endless spiritual power. Unfortunately, it still cannot escape the fate of being suppressed.

Qin Tiange killed him all the way, specially selecting those relatively complete remnants, energy and huge remnants to start with.

This time, it could anger the other remnants around, and gathered together into a bone. Wang Yang swarmed towards Qin Tiange and Li Luo.

No way, they want to escape here, but someone came to stop the repression, which had to join forces.

boom!

The sky's bones surged, and even Qin Tiange couldn't stop it. The impact was only to break open these bones, and the powerful energy almost knocked him out of the desert.

Looking at a large group of ancient remnants who escaped frantically, Qin Tiange smiled bitterly and cursed with a vague tone.

“Hwang, leave now.”

At this point, Li Luo flashed forward, grabbing Qin Tiange and rushing away. She looked a little anxious, with a dignified expression, as if she felt something terrible.

Sure enough, as the two figures passed over the desert, a stream of black sand suddenly rolled and boiled down, like a sea of boiling sand.

boom!

A cloud of black dust rolled up and banged directly on Qin Tiange, blocking their way on the spot.

After being blocked, Qin Tiange and Liluo stopped, watching the endless dust suddenly rolling around, turning it into a storm, sweeping the entire area completely closed.

“Want to stop us?” Qin Tiange snorted, Pangu’s blood was boiling, his arm waved, and his fist hit.

With a loud voice, the storm in front was directly blown off and turned into a spitting sky, and two figures rushed out of the encirclement.

At the back, more storms rolled up in all directions, and a black sandstorm rumbled around, directly blocking the way of Qin Tiange and Li Luo.

“Forbidden time and space, open!”

Qin Tiange drank, and his body turned into a forbidden space of time and space, and all storms were stopped wherever he went.

The black particles are surging, the time is surging, and they are blended into the gray chaotic mist outside the body, forming an absolute defense.

Qin Tiange froze coldly, with Li Luo, and the two of them blasted all the black storms in front of them and rushed out.

However, as soon as Qin Tiange rushed out, they couldn’t help but change, because they came to the wrong place.

“Oops, broke into the middle of the desert of biting God.” Qin Tiange frowned and said to himself.

The two looked at it, not outside the desert, but in the central area of the desert. They were reversed and turned into the wrong place.

“It seems that this thing doesn’t want us to leave.” Qin Tiange smiled suddenly, without the slightest nervousness.

There was a icy flash on Liluo’s hazy face, and he hummed, “I didn’t want to meet it so quickly, but now it seems that it wants to eat us.”

“Let’s see, whoever eats who.” Qin Tiange snorted and swept out of his body.

He stood quietly in the air, looking down at a huge vortex below, a black vortex formed in the sand.

Around, the endless black desert is gradually being swallowed up, and the entire God-dessert desert gradually becomes smaller, shrinks and then shrinks, and is swallowed by this vortex.

Even the black mist in the void is sucked into it, and the powerful devouring force will swallow the entire god-destroying desert into it.

boom!

Qin Tiange erupted into a powerful force, forming a powerful black hole outside his body, and directly launched a confrontation.

Li Luo simultaneously opened a hazy whirlpool. The two resisted suction and swallowed each other over the huge vortex below.

“Power of Chaos, drive!”

Suddenly, Qin Tiange opened the chaotic tire membrane, drawing a violent force of chaos, and instantly opened the terrible suction.

“God finger, pierce through!” Qin Tiange pointed with two fingers, and a crack cracked in the space. He grabbed Li Luo and dipped into this tiny crack that was as thin as a hair, and disappeared.

Qin Tiange used the power of the chaotic membrane to forcibly tear the space of the exile, rushed in, and soon fell out of the soul-eaten desert.

boom!

Two figures fell to the ground, Qin Tiange was embarrassed, and bloodstains staggered, looking very scary.

He forcibly ripped the space and penetrated it. It was to be strangled by the inexplicable force here. Fortunately, it was not long, otherwise it was really torn.

“Huang, are you okay?” Li Luo frowned and looked at Qin Tiange worriedly.

“I’m okay.” Qin Tiange stood up, and the injuries on his body were repaired instantly, without any problems.

He raised his eyes and looked at the desert of God. At this moment, he had been swallowed up by a vortex of terror, and the remnants who had not had time to escape were miserable.

“what...”

“Who is going to bury all souls?”

There is a powerful ancient remnant struggling and roaring hard, trying to escape from that terrible swirl.

An overbearing remnant, dying and struggling there, roaring unwillingly, as if he understood something.

They were buried, and there were creatures who wanted to bury them, and they seemed to be planning something, which led to many ancient relics hiding the desert of God, running away one by one, but it was slower after all.

“Ok?”

Qin Tiange’s eyes moved slightly, staring at the desert that had been swallowed up for the most part, where a huge hand cracked the black gauze and probed out.

boom!

A huge hand is broken, blood and flesh are faintly visible, and there are traces of rust like copper on it.

It was about to crawl out, and the force of force broke out, resisting the vortex, and crawling out of the vortex, it ran out.

“Roar, ancient spirits, are you willing to be swallowed up and used?”

The real spirit uttered a low, horrifying roar, unwilling, and immediately stirred the mad roar of countless devoured remnants.

“Explore the true spirits, and teach them a lesson.” The creature growled, his voice rolling away, containing some terrible power.

Suddenly, many lingering spirits became unconscious and became crazy, and Huer spontaneously exploded the lingering true spirits and ideas.

boom!

Almost instantly, hundreds of thousands of ancient remnants blew themselves up, exploding the corner of the vortex, and letting the ruthless remnant true spirit take the opportunity to crawl out.

Chapter 758 - Is Yue extremely sad?

Roar!

The giant creature roared, his corpse struggling hard, and he climbed out of the vortex. The powerful breath burst out.

With the help of thousands of ancient remnants' self-explosion power, it seized the moment and immediately broke away from the swallowing of the vortex and climbed out.

“Hahaha, I shouldn't die ...”

This imperious ancient true spirit, after dragging up the residual body, ran quickly, his body was incomplete and rusty.

Its breath is very strong, full of oppression, it is a near-integrated true spirit, and apparently it is about to recover.

Uh ...

A dull sound came, and the ancient true spirit dragged the corpse and kept running, and finally got rid of the sucking and devouring of the terrible vortex.

It turned around, staring at the whirlpool that was constantly engulfing, and Huer opened his mouth and roared.

“Roar ... you will bury all souls, sooner or later, you will eat your own evil fruits.” It has a fierce face, and some rusty flesh on its bones, it looks hairy.

Even more frightening is that in its remnant, half of the heart was beating, gushing strong blood, spreading the whole body, and wanted to reverse recovery.

“When this seat recovers, I'll come back to you, hahahaha ...”

It laughed wildly, and seemed very excited, because it was out of the terrible whirlpool of eating the desert.

The entire Devouring Desert was swallowed up by that dark vortex, where tens of thousands of huge whirlpools whirl around and devour everything.

All black Shashuo, including countless bones and even ancient remnants, were engulfed and buried by this vortex.

It was the real corpse that was gone, swallowed by the vortex, there was a horrible breath faint, terrifying.

“Hey hey hey, this seat is finally free, first find the soul to devour and recover ...” This remnant grinned, and turned to leave.

As a result a word came from behind, and its laughter came to an abrupt end.

“You are too happy.”

The indifferent words made the remnant smile stiff, stopped for a moment, suddenly turned and stared at the void ahead.

Two hot glowing blooms bloomed in the eyes of its two eyes, staring at the two figures appearing there, a man and a woman, like two black holes swallowing around.

“Who are you? Dare to stop this seat?” The lingering spirit, Xiao Xiao, went all out.

Qin Tiange snorted softly, and the rushing evil spirit collapsed on the spot and dissipated in front of him, it didn’t matter at all.

He stepped forward, his body boiled, and the intention of killing directly locked the only ancient remnant who finally escaped.

Its true spirit, infinitely close to completeness, contains ancient and powerful divine power, which is exactly a great supplement to repair the true spirit.

Watching it come out, Qin Tiange was naturally happy, but he did not expect to encounter an ancient and incomplete spiritual spirit.

“Li Luo, look at the vortex, I will suppress it first.” Qin Tiange finished, his figure disappeared.

With a bang, there was a muffled sound in front, and then Qin Tiange and the ancient remnant both retreated.

“Roar, \*\*\*\* shit!” The true spirit roared, and the corpse stepped back three steps before stopping.

The huge body of a thousand feet, with eight huge tentacles on its head, is like a dragon dancing wildly, exuding a sense of terror.

It screamed in anger, the huge bone hand waved fiercely, the clicked void was cracked, and a faint crack was revealed.

Powerful and violent forces bombarded, and the earth rolled up in smoke and dust, and Qin Tiange’s body was weighed down by the terrible vigor.

“Kill!” Qin Tiange’s body suddenly swelled, full and tall, looking much smaller than the other side, but not weak at all.

The fist waved, and with a loud bang, the two fists collided with each other, the bone hand cracked and cracked, and the \*\*\*\* were directly crushed and flew out, inserted into the ground not far away.

Qin Tiange's extremely wild punch broke his opponent's two fingers, his fist cracked and staggered, and almost broke.

“Good strength, what kind of strong are you?” The remnant was extremely shocked. Looking at Qin Tiange, he could not see what race he was.

With the transformation of Qin Tiange's physical body and promotion to the level of black hole, the arrogance of the Pangu tribe finally showed.

Moreover, he is now shrouded in gray chaos, like a vortex devouring the surrounding material, it is impossible to tell which race it is.

“Don't say, this seat breaks your body.” The true spirit howled, his arms stretched and hit hard.

The two bone-hands flooded, the powerful light lit up the darkness, broke the black mist, and smashed Qin Tiange's location with a punch.

With a bang, the sand rolled, the rubble penetrated, and a large pit was smashed there, and in the smoke, a figure vacated.

The Qin Tiange people were at a high altitude, raised their arms, and slammed the opposite door. With a bang, the broken bone collapsed and penetrated the distant soil and stuck there.

The true spirit leaned backwards, the frontal bone was split open, exposing an extremely thick light inside, the light of soul fire.

The powerful soul fire, almost condensed into a liquid, was incredible, and Qin Tiange revealed a burning gaze.

“The power of the true spirit is very good. If you swallow it, you will be able to repair a large part of my true spirit.” Qin Tiange was so excited that his combat strength skyrocketed and he flew away suddenly.

“Roar!”

The remnant roared, grabbed directly with one hand, wanted to pinch Qin Tiange, five bone fingers pinched hard.

Qin Tiange's face didn't change color, his fists hit, the air made a buzzing sound, a rattling sound, and several bone fingers flew away.

The fist was covered with a layer of gray mist, and its strength was wild. It directly broke the bone hand and hit the opposite door all the way.

With a bang, the huge bone was knocked to the ground with a punch, and half of the bone was lost. The situation was miserable and scared it.

“Ah ... I want you to die!”

The remnant was provoked, and suddenly two horrible rays of light bloomed in his eyes, burning dazzlingly, and instantly turning into a sharp gun.

It was a bombardment from the will of the true spirit, and the idea gun rushed directly to Qin Tiange's eyebrow position to run through his soul will.

Huh!

Qin Tiange's eyebrows flooded, and then a Shenmang emerged through the air, slamming on the will of the Will.

I saw that the two wills collided, and then that magic gun was crushed by the willpower sent by Qin Tiange, crushing and consuming the willpower all the way.

"It tastes good, come again." Qin Tiange licked his lips and said intently, flashing away.

The remnant was swallowed with a will, and screamed, looking a bit painful, but seeing Qin Tiange rushing forward, immediately waving his left arm to counterattack.

boom!

Click, click ...

With a punch, the last arm was broken in the air, Qin Tiange struck to the fore, and patted his opponent's frontal bone with one palm.

With a crash, the frontal bone burst, and the huge head bone fell down completely. It was not broken by Qin Tiange, and it was cut directly from the neck.

The head bone rolled down, and inside the broken skull, there was a thick stream of viscous soul fluid.

This peculiar fluid is the powerful true spirit energy that the ancient true spirit devoured to recover itself, and is intended to reverse life and death and resurrect.

Unfortunately, it was so proud when it ran out before that that led to extremely sadness in music, and Qin Tiange directly killed him.

"Roar .... This seat won't die, it won't die."

It roared wildly, a real spirit came out, exuding the momentum of the weather, like an old and complete true spirit, with the power of destruction.

Just as it was about to fight back, trying to crush Qin Tiange with a powerful true spirit force, a mysterious force spread and the parties were still.

"The power of time?" The real monster screamed, screaming in horror.

It wanted to struggle, but unfortunately the real spirit was imprisoned in time and space, and then saw Qin Tiange's figure emerge, and his palm was permeated with a golden mysterious symbol.

When these symbols came out, this ancient true spirit almost collapsed, because it felt the death threat, a strong threat from the true spirit. The true meaning of the book, no, who are you? "It screamed in horror, and the true spirit was suppressed by every rune.

The true spirit was shrouded in golden light, and each symbol was branded directly, banning its true spirit, unable to move, and only uttered unwilling growls.

The true book of the earth book, specifically to deal with the true spirit, is the ancient and mighty spirit in front of him, even the imperious true spirit who is about to return from the sky, has been suppressed by the true book.

**“Blocked!”**

Qin Tian Ge Huer drank, his hands were intertwined, and he quickly typed a series of golden symbols to block the ancient true spirit.

boom!

However, just as he was about to take it away, the huge vortex suddenly changed, and a sudden shock came out of it. A sudden force emerged from it, and Qin Tiange and the repressed true spirit rolled up.

**“Bold!”**

Just listening to Jiao drinking and shaking the Quartet, Li Luohuoer, who was already alert to the whirlpool, rushed forward, and slashed with a palm of his hand.

Chapter 759 - Fighting unknown creatures

Bang!

Li Luo's body burst out, the surrounding void burst, his energy scattered, and the dust was rolled up and scattered.

She had a dignified face, her eyes flashed with glaze, staring at the terrible power that was blown away by her.

“what?”

There was a horror in the nothingness, and then a terrible breath spread, and he saw a hand protrude out of the black mist and grabbed Liluo instantly.

That hand, not an illusion, but a real hand, was extremely large, gray and black all over, and surrounded by a trace of weird lines, full of oppression.

When the five fingers passed by, the void was broken into cracks, which were grasped down so that Qin Tiange's face could not help changing.

**“It's that unknown creature.”** Qin Tiange drank it, his body was boiling with pangu blood, the chaotic membranes in his body opened, his body swelled hundreds of feet.

He was about to come forward, but Liluo sent a sentence: “Huang, you can't expose it, give it to me and let me test it out.”

After Li Luo finished speaking, the whole person bloomed an endless glass of light, the flames burned, and Huer took a shot with a vacant air.

boom!

The void shuddered, forming an extremity there, torn apart by two terrible forces, revealing a hidden horror figure, and saw a corner of the shadow.

There was a head there, half of his face was exposed, covered with dense black and gray lines, eyes cold and ruthless, staring at Li Luo.

“Very well, it’s enough to catch you back.” The unknown creature opened his mouth and spit out, one hand continued to poke down.

Seeing this, Li Luo burned a glass fire with a strong atmosphere, the petite body emptied, turned into a glazed light, and directly entered the exposed corner of the picture.

“Kill!” Li Luo drank angrily, and Jingying’s palm slammed into the sky, with a snapping sound, the palm of his hand trembled and the blood splattered.

Li Luo was so powerful that he went straight up and rushed into the open corner of nothingness, banging his fist into it.

哐 When there was a loud noise, a terrifying sound came out.

“Ant, dare you?”

The cold words came out, and then came a violent shock, where a fierce fierce battle occurred, which was very scary.

The powerful energy wiped out the black mist, and there was a terrible unknown creature hidden in that corner of the world, which was extremely huge and terrifying.

It is very powerful, that is, Qin Tiange feels the crisis and looks at the scene of constant explosion with his eyes.

“Come on, boy, go on.”

At this moment, the repressed remnant was horrified, opened his mouth and screamed, and let Qin Tiange go quickly.

It looked terrified and exclaimed: “Damn, you have stunned the guardians of the exile. These watchdogs are terrible, go away.”

Listening to its words, Qin Tiange’s eyes flashed, his heart shook, and looking at the scene of constant explosion there, he couldn’t help worrying about Luo Luo.

Li Luo has just recovered the stubble, but there is no cultivation at all. Only the body’s self-power can fight against the guardian in the mouth of the soul.

There are guardians in the place of exile, and there are more than one, a group of watchdogs guarding the place of exile?

boom!

Click ... Click ...

Above the void, a violent shock came, shaking the whole exile, and shocked the strong of all races.

They looked at the horror in horror, where fierce fighting was taking place, and tyrannical creatures were fighting the guardians.

“who is it!”

“It’s a strong breath, it even broke into the land of protection. Is this a land of exile?”

Some hundred powerful men were shocked and looked up at the terrible scenes here. The space collapsed and caused a great collapse.

These strong men of all races were shocked because they faintly learned that there were guardians in the exile, but they had never seen them before.

At first glance, this is indeed the case, and now some strong men have entered it, as if fighting.

“There really are guardians, running dogs who care for the exile.”

There was a roar of powerful creatures, and it seemed very unwilling. He was exiled here for countless years, unable to break through the blockade.

They can only die here. It is impossible to kill. It is rumored that in several epochs, it is not clear how many times the organization has to kill.

Unfortunately, repeated failures led to the exile of the powerful creatures in the exiles.

Perhaps the countless bones buried in the desert of God Eater, those ancient remnants, are left over after failing to strike the exiled place again and again.

“Asshole, let go of this seat. If you don’t leave, this seat will leave.”

The remnant became even more frightened, watching Qin Tiange have no intention of leaving, struggling, trying to escape.

“Noisy!” Qin Tiange was upset and suppressed it with a single palm, then sealed in the sea of knowledge and suppressed with the Pangu seal.

He then looked at the broken corner, and there was a continuous burst of glazed light, fighting fiercely with unknown creatures.

“Li Luo!”

Qin Tiange’s eyes were cold, and his strength skyrocketed, and he directly vacated and killed him, trying to break into it.

The body of hundreds of feet was permeated with gray chaos, and all the power burst out.

boom!

One punch broke those violent energy that escaped, and Qin Tiange broke into that broken corner of the world.

With a click, the void collapsed inside, Li Luo unfolded to the best of his ability, and fought a terrible creature.

“Liu Lili, kill!”

Suddenly, Huer shuddered and shook all directions, and he saw that a shocking glass emerged, and Liu Luo turned into a divine light, and a huge virtual shadow condensed, splitting the sky and tearing everything.

With a bang, the unknown creature was robbed, flesh and blood flew, and a miserable growl.

“Ant, you’re looking for death!”

The creature roared and slammed it down with a severe palm. Li Luo fisted to block it, but was knocked out of the void and fell down.

Qin Tiange’s face changed slightly, and he rushed up to catch the falling Luo Luo, watching her cracked, and was hit hard.

“Hwang, let’s go ... huh ...” Li Luo said on the spot that there was a spatter of glazed blood dripping, and a little blood stained his chest.

Qin Tiange gritted his teeth, his eyes were red, and he stared at the unknown creature, seeing through the other’s true features.

Huh!

He didn’t stop, holding Li Luo’s injured body and turning around, burst out of this terrible world.

At the back, the unknown creature roared, watching Qin Tiange and Liluo two ants trying to escape, and pressed it down with one hand.

“Go!” Qin Tiange was furious, Pan Gu’s power was fully opened, and an endless chaotic force poured out from the chaotic membrane, turning back with a punch.

When the bang was loud, Qin Tiange used this power to fly out of this broken and terrible world, and then tore through the space and disappeared.

“Hoo ... shit!”

Watching Qin Tiange disappear with Li Luo, the unknown creature was furious, roaring again and again, pulling out two giant hands and crushing them down.

The rumbling boom shook the world. In the entire place of exile, countless creatures were frightened. Watching the two giant hands swept continuously. Unfortunately, Qin Tiange and Li Luo could not find the trace or breath.

After venting, the two hands slowly receded. The strong man with intentions could find that the two hands were covered with cracks and blood stains. It must have been hit by an unknown strong man and injured it.

“The guardians are injured, don’t they lose their power?”

The minds of some powerful people of the hundred races were alive, and looking at the injured unknown creatures, their minds began to turn. It seemed that this was an opportunity.

“Just now, who is fighting the Guardians?”

Next, the strong men of all ethnic groups gathered immediately, discussing and guessing who the strong men who had just entered the area.

The breath is very strange, but it is very powerful and extremely ancient. I guess it should be some ancient supernatural being.

“It’s Emperor!”

At this time, the chaotic capital, the elders and Zi Ji looked horrified, and watched the fluctuations calmly there.

They naturally knew that it was the breath of Qin Tiange and his friend Li Luo, and before that, Qin Tian Ge took Li Luo to the Desperate Desert to check.

It now seems that they are undoubted.

“People, don’t worry.” The elder secretly was worried and worried Unfortunately, he couldn’t go there.

When the strong men of all races discussed the speculation, somewhere in the exiled place, two silhouettes of the wolverine fell to the ground, and the thick dust covered them.

boom!

Suddenly, one hand probed out the dust, and then, a gray figure climbed up, and sat down embarrassed, his body covered with scars.

He was Qin Tiange, the scars were staggered, and he soon recovered.

“Li Luo, what’s wrong with you?”

Qin Tiange stepped forward and gently lifted up a broken figure. It was Li Luo, with a pale face, and suffered huge trauma.

Seeing Li Luo’s originally repaired body, it cracked again, a huge crack was exposed in the heart, and a glazed heart was clearly visible.

Li Luo’s eyebrow heart, the original scar was cracked even bigger, so Qin Tiange was very angry, but moved a bit.

“The emperor ...” Li Luo slowly opened his eyes, and the traces of blood dripped down, making Qin Tiange’s heart tight.

Chapter 760 - Reversing the origin, transforming into a chaotic creature

Li Luo opened her eyes, but dripped two rows of gray-black blood, seeing Qin Tiange’s heart tight, this is not Li Luo’s blood.

“You ...” Qin Tiange’s face changed slightly.

I saw Li Luo chuckled: “Huang, I was eroded by that biological force. It’s weird, maybe my eyes are going to be blind.”

“Blindness in both eyes?” Qin Tiange’s pupils shrank, as blind as Luo Luo?

Li Luo's eyes were blind, and his body was broken again, leaving Qin Tiange with a stone in his heart.

Li Luo didn't care, and said with a chuckle: "I miscalculated the creature's strength, and repaired it without recovery. I can't fight it just by physical power."

"However, that creature was also severely damaged by me, and for the time being we can't come to us. This is an opportunity." Li Luo said, looking seriously, looking at Qin Tiange with no eyes, really invisible.

But her true spirit can still see Qin Tiange, just listen to her say: "Then you need to rely on my emperor, as soon as it is injured, ascend as soon as possible, or repair the true spirit."

"I didn't expect that I had just repaired the stump, but had to fall asleep again, otherwise my body would gradually dissipate." Li Luo's voice was bitter.

Immediately after recovery, I encountered such a serious injury, a bad one is likely to cause the smoke to disappear.

Qin Tiange blinked his eyes, watching Li Luo's hidden gloom, and made a decision in his heart.

"Don't say anything, you will be fine." Qin Tiange looked seriously, and suddenly smiled: "You have tested the details of those unknown creatures for me, causing serious damage. Among them are my faults. I tried those things too early but not nice."

"The emperor ..." Li Luo opened her mouth, trying to say something, but was stopped by Qin Tiange.

His expression flashed cold, looking at the void, and snorted coldly: "Sooner or later, this account will be counted back, and I will return to you."

Li Luo froze for a while, and saw Qin Tiange clenching his teeth and slamming his own Dantian position, clicking with a crisp sound, and a strong and ancient breath came from inside.

The chaotic membrane trembled, and then, a cloud of spring that had been stored in the chaotic membrane for energy supply and the growth of the membrane flew out.

That is the Eye of Chaos!

Qin Tiange clutched this spring eye in his palm and shrank it into a slap.

Looking at this spring eye, Li Luo's expression changed greatly: "Huang, this is the eye of chaos spring, you should not waste it on me."

"No, in my opinion, everything is dead. You are very important to me. I will give it to you in this mouthful." Qin Tiange said solemnly.

After hearing this, there was a wave of waves in Li Luo's heart. There was a touch of emotion in Liu Li's eyes. Chaos Spring Eye, that is the treasure of Chaos Era.

“Although this mouthpiece claims to have endless chaos, it takes time to accumulate.” Qin Tiange said with a smile and looked at Li Luo.

He held Chaoquan Eye and pressed it directly on Danluo’s Dantian with a single palm, and drank lowly: “Now, I give it to you. I hope you can use this opportunity to reverse the origin and achieve the chaos essence.”

Li Luo’s expression changed greatly, and a look of horror appeared on Qiao’s face. Qin Tiange wanted her to use this opportunity of broken body to directly break the origin, merge the eyes of chaos, reverse the origin, and set foot on a more ancient level of life.

That’s the only chance for Chaos Era creatures to reverse their origins, spawn Chaos Sperm, and completely transform into Chaos Creatures.

Chaos Spring Eyes, originally born with intelligence, can be regarded as the body of a chaotic creature. Li Luo comes from the first era and is very close to the chaos era. Once this kind of chaotic treasures have the source of inversion, it is bound to go further.

boom!

Before Li Luo refused, Chaoyan Spring’s eyes broke into her body, directly occupying the originally empty and broken Dantian.

Suddenly, an ancient spirit of chaos sprang up, sweeping the empty Dantian world.

“The emperor ...” Li Luo had a complex expression and whispered, “Why is this such a precious treasure wasted on me? Isn’t it more important to you?”

Qin Tiange smiled and shook his head: “You don’t need to say much. My own situation is clear to me. Keeping it is a waste and giving it to you, but it can play a better value.”

“Don’t talk, seize this opportunity at once, rebel against the origin, I expect you to become a chaotic creature. Maybe, can you take this opportunity to repair your damaged true spirit in one fell swoop?” Qin Tiange smiled and comforted.

Li Luo fixedly looked at him. After a long time, he closed his eyes slowly, his mouth filled with a touch of smile.

Seeing that Li Luo began to use the power of Chaos Spring’s eyes to reverse the origin, Qin Tiange slowly got up and left a little.

He had a complex expression, watching Li Luo’s body permeate with a chaotic essence, directly covering her broken body.

Click!

Suddenly, Li Luo’s body turned into fragments on the spot, gathered by a chaotic essence, and floated there as a spring eye.

Li Luo, all the origins and true spirits sank into the eyes of Quan at an instant, and let Qin Tiange sigh slightly after seeing it.

“Forbidden space and time, Kai!”

“Pangu Seal, Town!”

I saw that Qin Tiange released the space-time forbidden area, blocking all the breath and energy fluctuations around the two.

Don't worry, even the Pangu seal was taken out, directly covering the two people for dozens of miles, completely disappearing here.

Doing this well, Qin Tiange glanced at the floating chaos spring, which gradually revealed the breath of Li Luo, getting stronger and stronger.

Seeing this, he was relieved and found a not far place to sit cross-legged.

“Damn, let go of this seat.”

Qin Tiange took out the ancient true spirit that was suppressed, and glanced coldly at the other side, letting the remnant's voice tremble and instinctively tremble.

His eyes were terrible, the kind of light that would devour the heavens, made this ancient remnant extremely fearful.

“You, what do you want to do?” The ancient remnant was horrified, looking at Qin Tiange, looking very panicked.

Qin Tiange showed his white teeth and laughed hesitantly: “You said, what I want to do, of course I swallowed you.”

As he said, he rubbed his hands, and the golden symbols flickered and intertwined, smashing the ancient remnant directly, and even being unable to resist could be worn away by the true spirit consciousness.

“No ...” If the scream came, the ancient and powerful creature was thus wiped out of consciousness.

The book of the earth is a true character, and in the face of the suppressed ancient true spirit, even if it is strong, it cannot escape its fate.

Qin Tiange was expressionless and swallowed his mouth to swallow this majestic true spirit energy, which was a near-integrated true spirit, and he had to reverse life and death and resurrect.

Unfortunately, it was out of luck and originally escaped the whirlpool, but it did not wait to escape Qin Tiange's magic claw.

Now that his consciousness has been eroded, Qin Tiange swallows up the origin of the true spirit, repairing his true spirit.

Hum!

In the sea, a terrible suction came from the real spirit space, and a buzzing sound came out, and then a black hole emerged, directly swallowing this majestic true spirit energy.

Qin Tiange is immersed in the restoration of the true spirit, and constantly draws the huge memory contained in the true spirit.

It was an ancient memory, which was absorbed and devoured by him a little bit, and gradually acquired all the memories belonging to this true spirit, as well as cultivation for insight, various powerful techniques and ability to use skills.

These things across the field one by one, let Qin Tiange completely absorb, turn into his own things, and enhance self-understanding.

Huh!

In the process, the mysterious fragments of the real spirit came bursts of gurgling sounds. With the influx of this huge true spirit energy, it was quickly repaired.

This speed is very fast, and as Qin Tiange swallowed the other side, he realized that the other side was powerful and terrible.

But unfortunately, this true spirit had bad luck. When he met Qin Tiange, who had mastered the true character of the earth book, he encountered this calamity and fell completely.

Buzz ...

The real spirit space trembled. Inside, the dim real spirit fragment was constantly repaired, and gradually began to reveal the original appearance of the body.

This is the true spirit of Qin Tiange, mysterious and unknown, strange and unpredictable, making him always curious, what is his true spirit?

Now, after consuming this ancient, almost complete true spirit, Qin Tiange's true spirit finally began to show its original appearance.
