

Dark Ages 79

Chapter 79 - Scum

Completed this promotion. At present, Qin Tiange can reach the limit of the medicinal properties, and it is impossible to improve it, unless it is formulated with a more pharmaceutical agent or a two-star agent.

“The next step is to formulate a more pharmacological agent, or to refine and formulate the two-star marrow washing agent, wash muscles and marrow, and reborn.” Qin Tiange looked solemnly and looked forward to the next stage of improvement.

He secretly thought about the preparation method and materials needed for Erxing pulp washing agent, reviewing them one by one, keeping in mind whether he encountered this kind of material, or looking for all kinds of medicinal herbs for preparing Erxing pulp washing agent as soon as possible.

The main medicine of the marrow washing agent, the vital fluid, the mutant beast bone marrow, and other kinds of medicinal materials are not difficult, but they are not found for the time being.

“Well, it grows a bit, and the flowers are brighter.”

I looked at the change of the lotus flower and found that it grew a little bit. Five lotus flowers of different colors were more bright and delicate, but the other ones did not change, but only one brain crystal was missing.

I took out a brain crystal to supplement it, Qin Tiange got up, opened the cockpit door, and went in.

“Train Captain, where are we now, and how long will it take to reach Shenzhen?” Qin Tiange opened the door and asked the train captain as soon as he entered.

The train leader Fei Changping turned back and laughed: “At present, we are thirty kilometers away from Shenzhen, and it is estimated that we can arrive soon.”

“As for the location here ...” He checked the electronic map, and then said, “It was just across the river bridge a short time ago, and it was Yongxian a little further up, and it would take 25 kilometers to reach Shenzhen.”

Qi Qin Tiange nodded, glanced at Wu Xinlan who was resting aside, maybe he was tired, and he didn't even know he came in.

“Let me go to the other compartments first and ask her to notify me if there is any situation.” Seeing nothing was wrong, Qin Tiange left directly, and told him to tell him if something happened.

After the train captain expressed his understanding, Qin Tiange left, and just after his forefoot left, Wu Xinlan, who had been resting, opened her eyes immediately, her face turned red.

She pretended to sleep just now, but she didn't dare to face Qin Tiange. After all, the previous picture was still vivid, and she even did that kind of shameless thing.

“Everyone is gone. If you are afraid, just grab it.” The train captain said with a smile.

Wu Xinlan’s face was bright and charming, but it was charming, but she was ashamed and stomped. “Trainer, don’t make fun of me, everyone is ashamed.”

“Hehe ...” The middle-aged train captain smiled indifferently, and said nothing, thinking about his mind. In fact, he was in a fantasy and was reunited with his wife and son at home, but it was just a dream.

Uh ...

I walked out of the cockpit and Qin Tiange came to the second compartment. As soon as he entered here, he heard a quarrel.

“Husband, why, why do you abandon me so heartlessly?”

In the carriage, an ordinary-looking young woman was kneeling on the ground, crying heartbreakingly, holding her hands tightly to a young man in a suit and leather shoes.

This man, a talented person, looks dignified, carrying a briefcase, 咋 I really looks like a successful person.

But what is happening at the scene has made many people realize that one person’s appearance is different.

“Baba, let go, I don’t know you at all.” The young man pushed away the young woman who begged him.

He looked disgusted and scorned: “Who are you, and where is the village aunt who confessed to relatives, I have never been married, how can you say that I am your husband?”

“It’s ridiculous, is it true that a country girl like you has a bad brain?” The more he spoke, the more he was disgusted, and his eyes were full of contempt.

“No, no, we’ve been married for five years, have you forgotten it?” The young woman Pear, begging with rain, begging bitterly, telling while crying.

“Go away, I don’t know you!”

The young man was upset, kicked the woman with one kick, and cursed: “You shrew, I said we don’t know each other, don’t talk nonsense, I’m not married.”

“Li Ziqi, did you forget your original vow?”

“Did you forget the promise you told me at the beginning?”

Suddenly the young woman yelled suddenly, crying sadly on the ground, she begged: “Ziqi, husband, don’t you leave me okay, am I not good enough?”

“You forgot. At the time when your career was just starting, it was my parents’ life savings from home to start a business for you.”

“Did you forget it? I secretly went to the bank to mortgage my parents’ real estate loan, and repaid the company’s debt to you, so that you can start your own business without worries and succeed in your career.”

The young woman was talking, and the more she said the more sad, the more she remembered the past, she couldn’t help crying. A woman, for the sake of her husband, had to save her parents’ savings and even mortgaged her parents’ real estate loan to start a business for her husband.

“Scum!”

“Fuck, this man turned out to be a crowned beast.”

In the carriage, when others heard these words, many people screamed angrily on the spot. Some middle-aged men even pointed at the young man, scolding clothing and beasts. Such people should not be alive.

I have such a wife, who silently supports him behind the scenes, and even helps him start a business. If the career is successful, no one else is needed, let alone the end of the world is now coming, and there are dangers everywhere. This man should abandon his ending wife?

“Scum, kill him!”

I was filled with indignation and threatened to hit him, but no one moved, but anger and scolding. Snapped!

There was a clear slap, and the carriage was quiet, and everyone was stunned. The young woman was stunned, eyes wide, and couldn’t believe looking at the husband who had loved him.

Just now, the young man named Li Ziqi came up to give her a slap, and her face was swollen and the corners of her mouth were bleeding.

The bodily injury was not as good as the pain in her heart at the moment, the heartbreaking pain, and the sad and desperate blow made her crumbling and unbearable.

“Splashing people, are you talking nonsense?” Li Ziqi frowned, almost growling.

The movements on Lu’s side caught Liu Yan’s attention and rushed over to check.

As soon as they came in, they saw such a scene, and when the young man saw Liu Ye they came over, his eyes brightened, and the original sloppy face immediately turned into a gentleman, like a very polite person.

He straightened his suit, stepped forward, smiled, and ignored the young woman who was crying to the heart. The former wife was just ruthlessly abandoned by him this Can you meet the beautiful lady, Li Ziqi, who is the chairman of Jintang Pharmaceutical Co., Ltd. I don’t know if I have been invited to be a friend ... “Li Ziqi’s face was full of confidence, but he didn’t finish it. Was interrupted.

“Go!”

Qiu Liu opened his mouth and spat a word, interrupting his chatter. Just now, she could see very clearly that this handsome young man would do such a shameful thing.

This kind of unscrupulous scum, clothing and beasts, even with a face running to her, looks like she is pursuing her, and it is disgusting to her.

Yan Liuxuan didn't look at him directly, and walked directly over.

"Ms. Liu, I really like you, that madwoman is telling lies. I don't know her at all. Don't get me wrong ..."

Snapped!

His face was sincere, and he was trying to catch up with what he wanted to say, but Liu Ye turned around and slapped him in the air. The huge force slammed the person directly and slammed him in the corner. Without moving there, his face swelled like a pig's head.

Humph! Liu Yanhan faced, grunted coldly, cursed a scum damn, and dared to say such words in front of her, and Qin Tiange was watching at the door over there, but she was very nervous, Worried about this misunderstanding, he stunned people directly with a slap.

She walked quickly to Qin Tiange, opened her mouth to explain, but saw a rush of Qian Ying rushing, her face panicked.

"No, no, Tian Ge, come here and see, we are in trouble."

The caller was Wu Xinlan, the beautiful flight attendant, who ran out of breath, and opened his mouth to say this, so that everyone at the scene was a little bit nervous and something happened.
