

## Dark Ages 801

### Chapter 801 - Slavery

“Dare you dare to catch us?”

The two star masters, who were bruised and bruised, were thrown in the presence of Qin Tiange by repression, and they were so aggressive.

“Not enough, keep fighting.”

Qin Tiange spit out a faint sentence, You Ji, Fei Rouqi flashed, grabbed the two star masters and threw them into the air, hitting tens of thousands of attacks in an instant.

Bang bang bang ...

“what...”

“Dare you?”

The two star masters roared, their bodies were cracked again and again, blood and water sprayed, and the bones cracked into pieces. The whole thing was miserable.

Originally mighty and domineering, he was beaten into two dying dead dogs and lay faceless in front of Qin Tiange.

“Enough?” Qin Tiange asked indifferently, looking down at the two stars.

This time, the two star masters were terrified and did not dare to speak again. The eyes were full of anger and they wished to kill Qin Tiange and others.

Unfortunately, they are doomed to fail. In the face of You Ji, Fei Rou, the two ancient fierce clan from the exile, how could they be opponents.

Moreover, there was Li Luo, the three of them joined forces, severely injured the two on the spot, and brought the suppression to Qin Tiange.

Now, it is even more stunned by You Ji and Fei Rou that his bones are all broken and cannot be recovered. The flesh is fuzzy and immature.

“You guys love slavery?”

Qin Tiange stepped up and looked down at the two of them, his tone calm, but a icy cold, scared the two star masters.

“You, what do you want to do?” Asked a star master, terrified.

He looked at Qin Tiange’s cold eyes, his heart was cold, and a tremor came from his soul.

“Since you like to enslave the human race, then taste the taste of being enslaved by the human race.” Qin Tiange finished speaking word by word, raised his hand, and a ray of golden light appeared.

Seeing this ray of golden light, the two star masters were horrified on the spot, staring in horror at the ray of golden light in his hand, with the dense symbols beating on it.

“No, you can’t do this.”

The two star masters were really frightened. The real spirit felt a strong threat from the golden mist. The mysterious symbols were dangerous.

Qin Tiange snorted, raised his hand and struck out two golden mists, and instantly fell into the sea of the two masters’ knowledge.

Suddenly, a terrible scream came, and the two slain star spirits were eroded by golden symbols, and they were branded in them.

“Do not...”

“Do you dare to enslave me for the true spirit?”

The two star masters roared fiercely, and struggled and rolled. Unfortunately, there was no sound anymore, and the entire real spirit was enslaved by Qin Tiange with his soul.

The golden symbols are imprinted on their true spirits, fully integrated into them, and are directly controlled, regardless of each other.

“You ... Ah ...” A star master was about to say something, but the real spirit suddenly heard a severe pain, which made him scream.

The more he hated Qin Tiange, the more he suffered, and even a horrible tearing force came from the real spirit. Once he had a bad idea about Qin Tiange, he was torn immediately.

The pain of tearing the true spirit was almost intolerable, and the two powerful creatures at the star level fainted directly.

For a long time, when the two star masters woke up again, their injuries recovered on their own, but they both looked at Qin Tiange with a look of fear.

“Excuse me, let us go.”

Finally, the two star masters begged for mercy, kneeling in front of them, and continually hoeing for mercy, but it was useless at all.

Qin Tiange said indifferently, “These slave seals were invented by the powerful men of you from all ethnic groups. I just borrowed them.”

“This seal of true spirit will accompany your true spirit, life after life, even if it is reincarnated a thousand times.”

“Even this mark will be passed down with your bloodline, and for generations, descendants will be enslaved by this mark.”

Qin Tiange’s words, like the magic sound from hell, caused the two original star masters to collapse on the spot and eat the evil results.

Various races of the starry sky have invented this vicious slavery, enslaved the race, divided the race, and controlled the race, which is extremely vicious.

This is to enslave the human race for generations. Now, Qin Tiange is only treating his body with his own way.

“Come up, in the future, you can only do everything for me, and you can’t say anything about being enslaved, or even about me.”

“If you say it, the true spirit will be annihilated and the clouds will disappear. You, please, make atonement for my people.”

After Qin Tiange said, he went out, Liluo, You Ji, and Fei Rou followed expressionlessly. Behind them, the two star masters looked sad and indignant.

Unfortunately, the real spirit was controlled by slavery, not even committing suicide, let alone rebelling against Qin Tiange.

“what...”

The two star screamed suddenly, rolled over to the ground, got up in horror, quickly followed, and looked at Qin Tiange in horror without looking back.

This power belongs to the slavery of the seal of the true spirit. It is extremely horrible, and the terrible effect of the true character of the earth book, no one can break it except the earth book or Qin Tiange himself.

“Go and bring me all the stars above the stars.”

Qin Tiange went out of the ground and came to the hut before the Prophet, and gave a command to the two star masters who were afraid in the back.

“Yes!”

The two didn’t dare to neglect, they retreated and rushed quickly, because they couldn’t resist and disobey Qin Tiange’s orders at all.

Once violated, the pain of tearing the true spirit will accompany it.

“Huang, are you going to enslave the entire master of Shenshenxing?” Li Luo thought and asked.

You Ji and Fei Rou both looked at him, and sure enough, when they saw Qin Tiange’s head smile, “Isn’t the hundred people like to enslave our people, then, in turn, enslave them.”

Qin Tiange was ruthless In direct turn, whoever enslaved human races would enslave them.

Since you like slavery, be thorough and control the entire race, and be a human slave for generations.

The three of Luoluo looked at each other, and they all felt sad for the races of the enslaved human races, and caused these blood debts, so that Qin Tiange, the powerful human race on the road of the emperor, began to show the \*\*\*\* fangs.

Congestion for blood, tooth for tooth!

Human races, the fangs are not sharp enough, so sharpen them a bit, wipe out the heritage of the Starry Hundreds, strengthen yourself, and devour the heavens.

It didn't take long for the two star masters to return, and brought back a group of strong stars above the stars, all of which are the strong guarded by the Xingluo civilization.

A group of star-studded masters stepped into the hut, and everything they entered was stunned, because it was not a room, but a gray chaos.

**"No, we're doing it!"**

A group of black hole-level strong men woke up and immediately felt bad, as if they were doing something.

Chapter 802 - Control, release slavery

A group of black hole-level powerhouses were suddenly shocked.

**"Roar ... who's calculating us?"**

The strong roared, it was a huge creature, three heads, and huge limbs banged on the chaos, but was directly wrapped and suppressed by the chaos.

**"Ah ... two star owners!"**

Finally, these strong men trapped in the chaos were awakened, seeing that the two star masters looked unnatural, and immediately understood that they were them.

The two star masters have betrayed, and this discovery made a group of black hole-level strong men unable to resist the thrill.

Are the masters rebellious?

**"Why?"** There were black hole-level creatures roaring, and horrible black mangs erupted, turning into a black hole to resist the erosion and suppression of chaos around.

It is a pity that here is the real chaos of one party, although it is only the chaos of the baby, it still has the power that they cannot compete with.

Soon, hundreds of star-studded creatures were suppressed, followed by dozens of black hole-level strong ones, one by one.

They all glared at the two star lords, never thinking that even the star lords had betrayed, so they were drawn here directly to the end.

**"Good!"**

At this moment, a dull voice came, all the repressed strong men looked at them in unison, and saw a man, three women, and four powerful people walking in chaos.

The people who came were Qin Tiange and others. Before that, they asked the two star masters to bring all the stars above the star power here.

Now, hundreds of stars and dozens of black hole-level strong men are brought over, and they are directly suppressed in the chaotic primitive tides.

Qin Tiange has long opened the chaotic elementary fetus, waiting for these creatures to come in and suppress one when they come.

Come here, no one wants to go out, unless it is the time and space-level God has the ability to break through this chaotic imprisonment and escape.

As for black hole and star stars, don't even think about it, even the star master can't do it.

“who are you?”

“Why suppress me?”

Several black hole-level strongmen roared, looked very angry, and stared at Qin Tiange. He was the master behind the scenes. The two star masters were extremely scared in front of him.

One of the black hole-level creatures, three heads swung together and yelled, “Don't you be afraid of the Xingluo royal family to plead guilty?”

“Xingluo Royal Family?” Qin Tiange sneered.

He came to the creature, punched a golden symbol into the three heads of the opponent, and imprisoned the true spirit on the spot, enslaving his true spirit.

“Ah ...” With a scream, the creature was directly enslaved and immediately realized the fear.

Yes, other black hole-level creatures can see that they are enslaving the true spirits and directly controlling their future life and death and destiny.

Moreover, they control their descendants, and as many descendants as possible are controlled by the bloodline inheritance.

fear!

All the repressed beings were terrified and really realized that they were done.

“No, no, I don't want to be enslaved!”

There are black hole-level fears and roars, and the body turns into a black hole, and it wants to explode. Unfortunately, it was suppressed by a force of chaos and it was impossible to explode.

In the end, these black hole-level, star-studded creatures were controlled by Qin Tiange to enslave the true spirit, one who did not stay in control.

A-8 Divine Star, all stars above the star level, including two star masters, are controlled by Qin Tiange.

This is tantamount to controlling the entire Divine Star, disintegrating from the inside, and controlling everything of the entire Divine Star, which is regarded as completing the preliminary plan.

“Lord, although we secretly enslaved and controlled the entire Power of the Divine Star, but listening to the two star-level powerhouses, the Xingluo royal family has a space-time emperor.”

At this time, Fei Rou stepped forward and said something softly. She obtained the memory information of the two star masters with her own ability and peered into the secrets of the Xingluo royal family.

It is rumored that the Xingluo royal family hid a space-time empire, and the entire Xingluo royal civilization was created by him.

Qin Tiange bowed his head and said, "At this time, I know that when they enslaved the true spirits, they have obtained their true memory information."

In fact, after enslaving the two true masters, Qin Tiange obtained the true memory information of the two and learned the secret.

In the Xingluo civilization, the founder of the Xingluo royal family is a hidden space-time emperor.

It is rumored that he has realized the power of one-dimensional space-time and can travel through one-dimensional space-time and hide in one-dimensional world.

Such strong men are hard to find, powerful, and can use the power of time and space to suppress or even exile the enemy.

Facing the space-time level, Qin Tiange was not sure, because there was no detailed information. He had never fought against the space-time level and naturally did not know how strong the space-time level was.

"Before releasing the Asian people here, we need to accumulate more power."  
Qin Tiange finally decided after contemplation.

Dormant. At present, he still needs to dormant. He doesn't want to set foot on the road of expedition now. Everything hasn't accumulated enough, and he hasn't even built his own power.

It is not only the inability to compete with the hundreds of stars in the sky, but also the competition among the same ancestors of the major ancestors of the family.

Don't forget, Ziwei's human race is the strongest ancestor of all human races in history, and its background is so scary.

Moreover, Ziwei Xing controls the inheritance resources of the human race, and the body of the Ten Jade Steles is controlled by a group of old things there.

If resources cannot be allocated to other ancestors, it is tantamount to opening up the evolutionary distance, or even throwing away the races of other ancestors, and it will definitely be ruled by Ziwei in the future.

If you want to become a real emperor, there is also the level of Ziweixing to pass, the competition of the same people will never be less, especially the emperor's competition is the most \*\*\*\* and cruel.

The emperor must grow up under the blood, and only the emperor who contends can lead his family to compete with the hundreds of stars and the universe.

You can't compete with each other, how can you compete with foreigners?

“We’re fucked...”

“Royal Star Luo will not let us go.”

At this point, the enslaved stars and black hole-level powerhouses, as if faced with death, feel that the future is bleak and finished.

Being enslaved, unable to resist, and even unable to escape, can only be controlled by Qin Tiange, and no order can be violated.

Isn’t this betrayal? Think of the horror of the Xingluo royal family, these powerful beings can’t help but be afraid.

“If you don’t want to die, just do as I say, otherwise, you can only be hanged by the Royal Star Luo, and I will not shelter anything that is useless.”

Qin Tiange’s cold words came through, relentless, and he would not sympathize with these slaves.

“We surrender and implore you not to let us attack the ancestor of the Star Luo family.”

The two star masters knelt down directly, all black hole-level, star power staring at each other, immediately kneel down, showing obedience.

However, their only fear was that they did not want to face the Star Luo royal family, because this powerful four-dimensional race was extremely scary.

Qin Tiange is naturally not stupid. What’s the use of sending them to death? Keeping them enslaved is only for the purpose of covering people’s eyes and ears, providing shelter and hiding for the enslaved Asians here, and providing time for accumulation of strength.

“Come up, as long as you are obedient, I don’t need you to fight for me. It’s enough that you do it according to my arrangements. If you can’t do it well, they won’t kill you, I will crush your true spirit directly.”

Qin Tiange’s indifferent words made all the controlled creatures in the presence afraid, and expressed their willingness to obey.

“Well, surrender the true slavery contract you control.”

Finally, as Qin Tiange’s sentence came, two star owners, dozens of black hole levels, and hundreds of star stars took out the slave-indent contract of the planet’s Asian tribe slaves one after another and handed it over to Qin Tian. Go.

He is here to release all the enslaved Asians and return them to freedom, allowing them to reconceive their ancestors and return to orthodoxy.

Chapter 803 - 9 fancy books: Book of Wisdom

The two star masters, dozens of black hole-level powerful men all handed over their true bond of slavery, but only a small part.

In fact, most of the enslaved Asians are inherited from genetic bloodlines and have been enslaved since birth.

This kind of slavery is even more terrible. It penetrates into the bone marrow of the soul and into the genetic information of the gene, which is really difficult to remove.

“Just that?” Qin Tiange’s eyes were cold and he looked at the two star masters, scaring them to kneel quickly.

“Lord, there really isn’t any, this is all the slaves we both control, all here.”

“Yes, most slaves are under the control of the royal family, because they are inherited slave marks.”

The horrified explanation of the two star masters had to explain, otherwise one would not be able to be shot directly by Qin Tiange and would be miserable.

Listening to their explanation, Qin Tiange snorted and looked at the thousands of imprints of slavery on his hands.

Most of the Asian races here have inherited the slave mark since birth, and they are all in the hands of the Xingluo royal family.

It’s really troublesome to run away, and even if Qin Tiange has a way to get rid of it, he will alarm those who control them to enslave them.

“The emperor, let’s leave it first, let the controlled people first cultivate and grow, slowly accumulate strength, and then break the slavery in one fell swoop.” Li Luo thought and proposed.

Only in this way can the safety of those enslaved Asians be temporarily guaranteed, because being enslaved will not limit their cultivation.

Regardless of the extent to which these people practice, they are all under the control of the Xingluo Royal Family, but they are not allowed to cultivate because they are worried about the resurgence of the human race.

“How many people are enslaved above the stars?”

Qin Tiange stood up, looked at the starry sky, and kept silent, thinking that a single Star Luo royal family would enslave so many people, how many people are enslaved by all races in the infinite universe?

Hundreds of stars, thousands of universes ...

Terran want to rise again, it seems not so simple, a great cause can never be completed simply.

Without suffering or suffering, how did the human race rise again and tasted being enslaved and almost annihilated? The truth behind the human race is that the hundreds of stars and even the universe are not credible.

The only thing you can trust is your own tribe. Only the people of your own tribe are the only ones you can trust. Although it is not very harmonious within the tribe, at least it is still clearly divided.

“Do you have a super wormhole across the galaxy here?” Qin Tiange suddenly looked at the two star masters.

As soon as this word came out, the two star masters were chilling in their hearts and panicked: “The Lord must not open the wormhole. Once opened, it will immediately shock the masters of the Xingluo royal family.”

“This wormhole is connected to the central galaxy of the Fairy Nebula. It only opened once in a century of civilization and ethnicity.” Another star master answered carefully.

Here, there is a super galaxy that crosses the wormhole. Unfortunately, it is not the Milky Way, but the central galaxy of the Andromeda Galaxy.

It is the most prosperous and strongest area of the Fairy Galaxy, where all ethnic groups come together to form the largest commercial exchange center of the Fairy Galaxy.

There are a lot of stars here, there are strong people from all ethnic groups, and even major royal families, strong alien galaxies and so on.

Qin Tiange thought, and asked, “It’s almost a hundred years since the last opening?”

“Yes, it is.”

The two star masters bowed their heads and did not dare to conceal them. They told them one by one, because they knew that their true spiritual memory had been obtained by Qin Tiange, and concealing it was to death.

Qin Tiange listened quietly, and soon got an idea, because according to the memory information of the two star masters, it is learned that in the central nebula of the fairy nebula, there is a central wormhole that connects the major galaxies.

Among them is the nearest galaxy, as long as you can return to the galaxy from there, without taking a long time to travel to the galaxy.

“Lord, do you want to go to the center of the Fairy Galaxy and go back from there?” Youying asked softly, with a secret voice.

Qin Tiange bowed his head and groaned, “Yes, the main thing is to return to the Milky Way. My foundation is there, and it will be the main place for competition among the ancestors of the human race.”

“However, if we can connect the two galaxies of the fairy and the galaxy and build a permanent channel to form a connection between the two galaxies, we may increase our heritage.” Qin Tiange said so thinking.

In fact, he came out of the earth to build a frontier base of the earth outside the four-dimensional space-time, and even to build a hidden base to provide an endless source of high-dimensional world resources for the growth of the earth’s peoples.

It is like that kind of \*\*\*\* ore, as well as various high-end resources and technologies, which need to be obtained in four-dimensional higher time and space.

These are Qin Tiange's previous plans, but because of an accident when he went to the Broken Star, he strayed into exile.

Now he came out, but came to the Fairy Nebula. At present, the most important thing is to return to the Milky Way and start to develop his earth arm.

The earth is his root and the key to competing for the emperor. He didn't even bring the ten jewels, because the body of the ten jewels is controlled by the old guys of Ziweixing.

Once the ten robbed tombstones appear, they will inevitably lead to the group of old things, and even be taken away directly by the suppression, then there is no need to play.

Only the Earth's ancestor can block the discovery of those old things. Therefore, Qin Tiange only took the seal of the emperor, and the ten sacred steles remained on the earth.

"You go down ..." Qin Tiange suddenly waved his hands and let the two star masters count down with those who were enslaved.

When they were all gone, Qin Tiange slowly said, "Philip Rouge, you use your ability to quietly leave some inheritance in the memory of all Asian races. Well, cooperate with the prophets to appease those who are enslaved."

"Prophet, you tell the enslaved people that in the near future, they will be able to escape from slavery, regain their freedom, and recognize their ancestors."

After Qin Tiange finished speaking, there was a ray of light in his eyebrows, and he turned into a person, and it was the prophet.

"Yes, my lord's order."

The prophet gently saluted, and she was holding a book in her hands, which was the book of wisdom, which was formed by the prophets of all human races through the creation of supreme wisdom.

The Book of Wisdom, one of the nine wonderful books within the human race, contains the supreme wisdom of the prophets of all ages. Only the prophets of all ages can control this wonderful book.

"This is the Book of Wisdom?" Li Luo curious, looking at the book.

This is the nine mysterious books of the human race under the so-called three books of heaven and earth, the book of wisdom, which was devoted to life by the prophets of all ages, devoted all their heart, and experienced more than a dozen generations of prophets to complete the creation of the extraordinary books .

The book of wisdom can only be controlled by a prophet. No one, even the emperor, can truly control this strange book.

“The Nine Great Books of Human Race, rumored to be second only to the Three Books of Heaven and Earth, have the same mighty power as the various divine books created by various races, and the Book of Wisdom is the most mysterious and the true mystery of the Book of Wisdom, You can find out the fate of the prophet, you must understand the infinite mysterious wisdom of the book of wisdom. “Qin Tiange warned seriously.

The Prophet gently said: “Yes, my lord, rest assured, the minister will seriously understand the supreme wisdom of the prophets of previous generations The clans have left their heritage, and we cannot give them freedom for the time being. “

“Understand.” The prophet bowed his head and immediately joined Philip Rouge to begin a long arrangement, preparing to quietly pass on the inheritance of the enslaved Asians here.

Only in this way can we not alarm the slaves behind, so that the Asian people here can build up their strength and wait for the freedom of life in the future.

The strength is not enough, can only helpless, whether it is Qin Tiange or the people here, it is a helplessness.

If you don't do this, then you will break their bond marks directly, which will directly lead to the space-time emperor of the Xingluo tribe.

“Next, we are ready to go to the Andromeda Nebula core galaxy.”

After Qin Tiange finished speaking, he left here directly, ready to open the galaxy wormhole here to the central galaxy of the Fairy Galaxy.

There, there is a galaxy connected to the central wormhole, which is a space-time wormhole that connects the galaxies and other major galaxies.

Chapter 804 - Gathering of civilizations, gathering of strong races

In a hurry, three years later, the centuries-old galaxy civilization of the Fairy Nebula, the race exchange meeting began.

The Central Galaxy of the Fairy Nebula will bring together the major civilizations and races of the Fairy Nebula. At that time, civilizations will be gathered together with strong ethnic groups. It will be an extremely important exchange event.

The Fairy Galaxy opens a civilization-race exchange every 100 years. In fact, it is the competition between races. Various races and major galaxy civilizations compete for rankings here.

The strength of the race and the level of civilization all require competition. They seem peaceful to each other, but they are the bloodiest in the law of the universe jungle.

In the starry sky, many lower civilizations and races may be destroyed at any time, and even the strong races disappear from the universe overnight.

This is the normal state of competition between starry races and civilizations. Either you are destroyed or I am risen without any mercy at all.

Genocide, on the contrary, is the most common in the universe. It is commonplace and has even become a normal state.

On this day, both the prophets and Philip Rouge returned to report the progress in the past three years.

“The emperor, the Asian people under the control of the Xingluo civilization, have almost left the lineage, just waiting for the opportunity to come.”

The prophet, holding a book of wisdom, whispered the achievements and progress in the past three years. She accompanied the two people, walking the major slaves and miners of the Xingluo civilization, and quietly left the heritage for the enslaved Asians.

This can only be achieved by the Prophet and Fei Rou. The two’s ability to cooperate is almost seamless, no one knows at all, and the large Asian ethnic group under control has quietly mastered the inheritance knowledge.

The specific number of Asian people here is actually unclear to Qin Tiange and looks very large, but it is really small enough to be negligible for the stars.

Compared with Xingluo civilization, it is nothing at all, but it is an important force for Qin Tiange.

Once used well, it may become a powerful boost, which is why he is willing to wait here for three years.

Any success needs to be accumulated bit by bit. Only when you have accumulated enough knowledge can you embark on the road to success.

Rush action, on the other hand, will lead to a momentary glory, and in the end it will die, Qin Tiange does not want to do that.

“Very good, you have worked hard.” Qin Tiange looked at the prophet Feng Fei and Fei Rou. For three years, the two were arduous tasks, but they were at least largely completed.

“Prophet, you go back to rest first.” Qin Tiange opened Qiyun Changhe, holding the prophet’s tired figure to sink into Qiyun Changhe to rest and recover.

After all, she is an ordinary person. She doesn’t have a little strength, she really can’t. She can complete Qin Tiange’s task in three years, thanks to Fei Rou’s talent.

Qin Tiange looked at Fei Rou and laughed: “Your talent is a great help for my people. Fei Rou, you have worked hard.”

“The Lord’s words are heavy.” Philip Rouge explained, “Phil Rouge did not pay attention to these abilities at first, but with the application and development, the evolution of such abilities has become more and more mysterious, let me realize the mystery of talent And powerful. “

“That’s good, you understand.” Qin Tiange nodded, then looked at Li Luo, he asked: “Li Luo, how did I arrange your work?”

I saw Li Luo coming out and whispering softly: “The emperor, has completed the layout, and has arranged eight altars. Just connect the altar in the hand of my emperor, and you can directly form a portal.”

“Very well, I can rest assured.” Qin Tiange finally breathed a sigh of relief, and the three-year schedule was properly arranged.

As for the altar, he rebuilt it, connecting the altar in his hands, forming a unique connection, as long as the altar is opened, a stable passage can be formed.

“We should go.”

Everything was arranged properly, Qin Tiange got up, looked at the starry sky, and went out to himself.

It’s time to leave. After all, this is not his destination. His heart is already flying back to the Milky Way.

When a few people came out, they saw the two star masters waiting here early, and saw Qin Tiange coming out to salute immediately.

“Master, it is ready. The royal family has ordered that the galaxy wormhole can be opened.” A star master said carefully.

Qin Tiange bowed his head and laughed, “Here are two of your caregivers. Take a good look. Do n’t be surprised, otherwise, even if you are far away from the endless star field, I can instantly grasp your every move, even a thought You can kill your true spirits. “

“Dare!”

The two stars were terrified, sad in heart, and the taste of being controlled by slavery was really bad, but they could not resist, only obedience.

With the leadership of the two major stars, Qin Tiange and his party came to the only galaxy wormhole in this Shennian star.

This is a passage specially constructed to transport \*\*\*\*\* mines and trade to the center of the Fairy Galaxy.

It can only be opened once in a century, and this time, no one from the royal family came to preside over it. Only the two star masters received an order from the royal family and asked them to \*\*\*\*\* the \*\*\*\*\* ore accumulated for centuries to the Central Nebula Nebula for trading.

boom!

In space, in the middle of the three forts, a black wormhole was torn, and a huge passage gradually formed.

Qin Tiange, who was hidden among the two star masters, looked at this method of tearing the wormhole in surprise, and for a while had some understanding.

The realization of time and space is very important to him. Maybe one day he can make the actual interplanetary leap without the help of this galaxy wormhole.

But at that time, you must be promoted to space-time level and become a great \*\*\*\* of space-time level. You can use the power of space-time to shuttle galaxies and travel around the galaxies of the universe.

“Perhaps the space-time great \*\*\*\* is the real strong man who can really shuttle between the numerous large galaxies in the universe. Perhaps this is just the starting point of being a strong man in the universe.”

Qin Tiange thought secretly, staring closely at the changes in the galaxy wormhole, capturing every trace of change inside.

This change is peculiar. It involves the space-time field. If he does not have time and space, he may not be able to do it.

Hum!

With a buzz, the galaxy wormhole opened successfully, and a stable and safe galaxy channel was constructed.

“Lord, that’s all right.” A star master quietly transmitted a voice.

Qin Tiange bowed his head slightly, did not speak, followed the two star masters, and dozens of black hole-level strong men stepped into the galaxy wormhole.

In an instant, they disappeared here, heading for the galaxy in the center of the Fairy Nebula.

There brings together the major civilizations and races in the Fairy Nebula.

There are even a variety of starry wanderers, and some powerful starry creatures will come to participate in such events.

Here, it involves not only commerce, but also various aspects. It is completely the communication center of various ethnic groups in the entire Fairy Galaxy.

Here the fish and dragons are mixed, and there are creatures of all races. You can even see some creatures you have never seen before, and have never heard of them.

Since entering the wormhole of the galaxy, Qin Tiange has been quietly comprehending, wanting to understand the mystery of the galaxy’s crossing.

However, this shuttle time is very short, just tens of minutes, directly across countless galaxies and civilizations, came to the core area of the fairy galaxy, a vast galaxy, called the central galaxy.

In other words, the center continent of the Fairy Nebula is a vast expanse of interstellar continents, where all ethnic groups gather and civilizations converge, staged by thrilling competitions and killings.

In a flash, Qin Tiange and others stepped out of the galaxy wormhole and came to this vast intercontinental continent.

Chapter 805 - Fairy tribe, 9th fairyland

In the center of the Fairy Nebula, there is an interstellar continent, a group of thousands of people, and civilizations. The currency in circulation here is the crystal of time.

The time crystal is the only currency in the four-dimensional world. If you don't have a time crystal here, you don't want to buy anything.

Of course, bartering is still possible. After Qin Tiange came here, he directly left the two star masters.

He brought Li Luo, You Ji, and Fei Rou along the vast road and began to understand the basic situation here.

“Lord, what shall we do next?”

In the past three days, several people in Qin Tiange walked around the transit station of this interstellar continent, which is a huge interstellar center.

In this city, a very large space-time wormhole is set up to connect the various large galaxy channels in the entire fairy galaxy.

Qin Tiange swept around people, all races, basically all races, civilizations, and stars are very common here, of course, there are some people below the stars.

As for black hole-level masters, although it is not everywhere, at least it is easy to see some black hole-level strong players.

These creatures are like black holes shrouded in mist and covered by the mist, and their true bodies are not visible at all.

For example, Qin Tiange's four people are surrounded by a fog outside their bodies. Outsiders can't see the true appearance, and they all know that these four people are at least black hole-level strong men.

Only the strong can survive on such a vast stage, and the weak have no dignity and status.

“Four adults, do you need any help?”

In front of it, an ancestral creature nodded his head and waist, two tentacles with the same tentacles trembled, and looked at Qin Tiange with a flat face.

These people are the free receptionists in the city, which are equal to some low-level creatures. Here, they will introduce the way for some of the strong ones to come and earn some benefits.

“You take us to the best rest area here, and also, tell me what's interesting here recently.”

“If you speak well, this is yours.” Qin Tiange said, a thumb-sized crystal appeared on the palm of his hand.

That is the time crystal, which is a kind of vigilant currency with the smallest denomination. The time crystal has been regarded as the circulating currency between four-dimensional galaxies.

“Thank you!” The ancestral creature thanked him again and again and said with surprise: “Four adults, the best rest area here is the Royal Star Club, which is jointly established by the Nine Fairy Nine and the Supreme Royal Family. It's accessible, the consumption is high, and the average daily cost of living a day is 1,000 spar. “

The Qin Tiange four listened quietly, in fact, compared with some information collected by Fei Rou. Just listening to this ancestor-level creature walking and saying, “Sir, in addition to the Royal Star Club, there is an eighteen-floor \*\*\*\*\* exchange opened by a \*\*\*\*\* merchant, a paradise opened by the \*\*\*\*\* wing tribe, and a ninth fairy land opened by the fairy tribe. Waiting for a luxury consumption place, which integrates one-stop services of auction, residence, consumption, entertainment and so on. “

The four Qin Tiange heard each other face to face, the news was really not obtained, Fei Rouqiao was embarrassed, and his face was flushed.

She whispered: “It’s Philip, who is negligent, Lord. Please ask the Lord to punish him.”

“It doesn’t matter.” Qin Tiange waved his hand and smiled. “Small things, when people are always negligent, just remember next time.”

“Thank you, Lord.” Philip Rouge breathed a sigh of relief, and Qin Tiange did not blame her.

Qin Tiange thought that \*\*\*\*\* merchants are worthy of being called merchants in the Starry Hundred Clan, where they can see the business activities of this clan.

“The eighteen-floor Hell Exchange, when you hear the name, it makes people feel a hairy urge, and I don’t know what this \*\*\*\*\* businessman thinks.” Qin Tiange couldn’t help crying.

The most speechless is that the God Wings set up paradise, which is not exactly against hell, which is interesting.

Qin Tiange remembered that he still had a membership card from a \*\*\*\*\* businessman. He didn’t care about it at first. Now it seems that it may be useful.

As for the Nine-Fairy Fairy opened by the Fairy tribe, Qin Tiange’s attention was drawn, because the Fairy tribe is the only hegemon in the Fairy galaxy and controls the entire Fairy Nebula.

“Well, you took us to the Nine Fairy Realms of the Fairy Tribe.” Qin Tiange thought about it and made a decision directly.

He didn’t go to the Royal Star Club, the eighteen levels of \*\*\*\*\* of the \*\*\*\*\* merchants, nor did he go to the paradise of the \*\*\*\*\* wing family, but went to the Nine Fairy Worlds set up by the fairy galaxy overlord.

Qin Tiange wants to know about the Fairy Tribe and can become the sole hegemon of the Fairy Nebula, which is extremely powerful.

He was cautious about this, and needed to know some information about the dominant ethnic civilization of the Fairy Galaxy.

“I don’t know, what race is the dominant civilization in the galaxy?” Qin Tiange thought of this question curiously.

Among the hundreds of galaxies, who can lead the galaxy and become the superlord in the four-dimensional space-time galaxy of the galaxy?

“The emperor, the fairies should stand out in the battles between civilizations and become the overlord of the fairy galaxy.” Li Luo whispered his guess.

Qin Tiange nodded slightly, and spoke to Philip Rouge: “Philip Rouge, you leave with You Ji, carefully collect some information to see if you can get more information about the Fairy Tribe, or other strong races and powerful civilizations. Information, we may be here for a long time. “

“Okay, Lord, rest assured, that Fei Rou left first.” Fei Rou Qiao’s face immediately took the order.

You Ji arched, “Lord, that subordinate retreated.”

She said, along with Philip Rouge, disappeared here, left, and went to collect information alone.

It is naturally easy for the two to cooperate, and as the star-level powerhouse, apart from the space-time level, it is the strongest, and naturally there is no danger.

“My lord, I’ve arrived. The Nine Heavens of the Fairy is in front. The young can only take you here, because creatures like the small cannot enter.”

The ancestral creature bowed carefully, pointing at the cloud-covered area in front, which was the Nine Heavenly Celestial World opened by the Fairy.

Here, in fact, as long as the soul can enter, there is no limit at all, as long as you have time for spar, then you can go anywhere, provided that you have the ability to protect wealth, of course, access is charged.

“Okay, this is for you.” Qin Tiange threw a spar of time for him, and took Li Luo into the Nine Immortals in front.

It is rumored that the Nine Fairy Realms of the Fairy tribe are different every day. The first day is a common living and consumption area. Most of them are ordinary star-level, one-star to ten-star living quarters.

As you go up, your status and strength are different, and the grades are different. There are even treasures you can not imagine in the trading area above.

Those who come here are either rich or expensive, or rely on forces, or their powerful beings can enter.

Moreover, it is rumored that the ninth heaven, outsiders can not enter, unless it is invited by the fairy master of the Nine Fairy Realms of the Fairy tribe.

“Welcome to the Nine Fairies, please come with me, two adults.”

Just entering the misty area, I saw a beautiful figure coming out in front of me, filled with fairy spirit, like a fairy.

Moreover, behind this girl, there is a mouthful of colored apertures, three-colored apertures, representing the Peugeot and status of the fairy race.

“Sir, how many days do you need to travel?”

At the front, the fairy maid of the way asked softly, her smile was bright, and she was unconsciously addicted.

Qin Tiange thought for a while laughed: “I’m here for the first time, I don’t know, can you introduce me?”

“of course can!”

The fairy maidservant’s eyes brightened, and she immediately explained to Qin Tiange some situations and precautions of the Nine Fairy Realms, as well as the differences and limitations of each heavy heaven.

Listening and listening, Qin Tiange understood in general, and was surprised at the fact that these races knew how to do business like this.

Whether it is the Nine Fairy Realm, the eighteenth-floor hell, or the paradise of the God-wing tribe, it is actually a super-large space exchange created by all ethnic groups.

“Take me to the seventh day ...”

While walking, Qin Tiange suddenly said this, and asked the fairy maids who led the way to take him to the seventh heaven.

“Okay, sir, please come with me!” The fairy maidservant was surprised and immediately took Qin Tiange to the seventh day.

There is a luxury area where the stars and above live and live. The status is naturally different from the seventh level.

Chapter 806 - Seventh day, slaves of all races

The seventh heavy heaven is the most prosperous and lively heavy heaven in the world of Nine Dragons. Here, there are living creatures of all ethnic groups and creatures of major civilizations.

“Sir, the seventh heaven is here ...”

A flash of light flashed, Qin Tiange and Li Luo swept around in surprise, Xianxia diffused, clouds misted, as if stepping into a fairyland.

Here is a piece of space, a super-empty world created by humans, condensed with clouds, and buildings and platforms floating on the clouds.

“Sir, the island over there is the seventh-day residence area, which is divided into permanent residence area and temporary residence area.”

The fairy maidservant introduced it softly, and the ethereal voice was comfortable to listen to. She smiled and introduced: “Sir, if you like the Nine Fairy Realm, you can buy a fairy house here, or temporarily rent a fairy house for you live.”

“Oh?” Qin Tiange chuckled after hearing it. “Then how much time does it take to buy a fairy house here?”

Just listen to the fairy maidservant said: “My lord, the permanent fairy house, is divided into ordinary, esteemed, and third-class, with a minimum of 100,000 time crystals and a minimum of 300,000 time crystals. Stone, a set of at least one million time spar, more preferably five million, ten million. “

After she spoke, she looked at Qin Tiange, her eyes flickered, and she smiled: “Of course, if you buy a fairy house, you will receive a fairy girl for free.”

After listening to his eyes narrowed, Qin Tiange secretly said nothing. This fairy’s means of doing business was really speechless.

When buying a house, renting a house, consuming, or even sending any fairy girl, this is not to tell customers directly that if you buy a fairy house, you can get a fairy girl of the fairy family for free?

Fairy Ji, in fact, are the lowest fairies, all beautiful, just like the fairy maid in front of them, is actually the lowest fairies.

These are all used to give away people as living things. For example, you can get a fairy girl for free when you buy a fairy house. This is for you. You can do whatever you want.

“Let’s take a look at it for a moment and talk about the house later.” Qin Tiange groaned.

The fairy maidservant’s eyes flashed with disappointment. In fact, she really hoped that Qin Tiange could buy a fairy-class fairy house so that she could get a lot of commission.

However, she didn’t care, and began to introduce a sweet smile: “Look at me, the huge fairy island over there is the trading area, where you can buy anything, and there is an auction house, which holds an auction event every ten days. , Everything. “

“Of course, if you are an adult, you can apply for a distinguished fairy card, then you can spend a discount here. In your status, do you want to apply for one?” This fairy maidservant once again sells.

Qin Tiange is inevitably embarrassed. He has seen a lot of commercial sales methods on the earth. Suddenly he met here and felt weird.

What kind of membership card, discount, promotion, when you hear it, the first two are big, it all costs money.

“My lord, look, our Xian card represents a distinguished status symbol. The Xian card is divided into three levels. The first level is the Xianren card, the upper level is the Xianjun card, and the highest is the Xiandi card. “

“Fairy card, you can get a 10% discount here, 40% off the Xianjun card, Xiandi card, you are like an emperor, any purchase is 30% off, and you will receive a free top-tier fairy girl for free.” A torrent of introductory sales.

Qin Tiange could hear the black lines on his head, his eyebrows fluttered, and he almost thought that he had returned to the earth.

Li Luo said nothing, followed Qin Tiange, silent, as if a bodyguard was guarding him.

“Master, do you listen to me?” The fairy girl looked at Qin Tiange and said softly.

Qin Tiange was depressed, and reluctantly laughed, “You tell me, what are the requirements for these cards?”

“Master, the immortal card is not in line with your distinguished status. The slave thinks that only the fairy king card can barely meet your noble status. Even from the slave’s point of view, such a distinguished and unique status, only the immortal card can match. It is the heroic pose of the adult. “Fairy maidservant said with admiration and compliment.

At this point, I heard Qin Tiange was very unpleasant. Suddenly there was a weird feeling like that. Whoever likes to listen?

But he was sober. What did the other person say to him was to let him apply for a fairy card?

“Xiandi Card, how to handle it?” Qin Tiange asked with a light smile.

The fairy maidservant looked slightly greeted and immediately said: “Master, fairy card, you need to pre-store 1 million time spar. If you want to do it, the slaves will take you to do it immediately.”

When Qin Tiange heard this, he almost wanted to catch the fairy high business guy and ask if he was a traitor.

“Well, this is not urgent. You take me here to familiarize yourself with the environment. If I am satisfied, it is not a problem whether it is Xiandi Card or Xianzhai.” Qin Tiange answered with a smile.

This disappointed the fairy girl, and she couldn’t help crying or laughing. It was really the first time that a guest like Qin Tiange had met.

She didn’t refuse, but didn’t handle it. She said that she would look at it first, which made her feel depressed, and she felt a waste of words.

“Well, lord please, slaves will show you the seventh immortal world.”

She finally raised her smile, took Qin Tiange and Li Luo, and began to walk around in the Seventh Fairyland, introducing all the functions and areas here.

“Sir, there is a fighting area over there, divided into two areas, one dedicated to fighting gladiators and one dedicated to war slaves.”

Watching her point to a huge building on a distant cloud and mist, Qin Tiange was surprised that there was a fighting area.

But what he cared about the most was the so-called war slaves. He asked, “Are you the war slaves, are you some slaves who are dedicated to fighting?”

“Yes, we have a specialized slave trading place here, right in front of you. There is a slave exchange. There, you can see war slaves of any race. Of course, if

there are adults, your tribe, please do n't misunderstand. It wasn't from my family. "She explained carefully, but didn't mean to be afraid.

Fairy tribe, the supreme overlord of the fairy nebula, how could it be afraid? The explanation was just to tell Qin Tiange that the slaves here were not arrested by their fairy clan.

Qin Tiange bowed his head and said, "I understand this. You don't have to explain. Take me to see."

As for slaves, he didn't pay much attention at all. Looking at the current situation of the human race, it became clear how many human races were enslaved by various races.

If he was angry when he saw it, then Qin Tiange would surely be directly burned to death by his anger, and he would be annoyed without being burned to death.

"Sir, please!"

In front of a huge building This fairy maidservant brought Qin Tiange and Li Luo into this slave exchange.

Here, slaves of various ethnic groups, and even slaves of the fairy tribe's own tribe, why do the fairy tribe ignore it?

Now that you have been enslaved by captives, it proves that you are not strong enough, or in other words, you are defeated, but after all, you are in the minority.

There can be fairy slaves here. Most of them are fairy people with low status and identity. These people have no fairy strong people to care about and pay attention to.

For example, if this fairy girl who leads the way is arrested and sold as a slave, no one will control it. Of course, as her original master, she will not allow it.

"Sir, what kind of slave do you want? Do you want beauties of all races or war slaves of all races?" Fairy maidservants asked softly.

Qin Tiange looked at a specially-built room here, holding a large number of slaves of various ethnic groups.

It's really all kinds of people from all races and civilizations. Qin Tiange can be dazzled and eye-opening.

Chapter 807 - War slave, born for war, died for war

Each room, separated by an energy wall, was filled with creatures of one race or civilization, some were captured and some were prisoners of war.

Slaves, without any status and freedom, all looked a little devoid of eyes, because being slaves was the most tragic.

However, some people voluntarily become slaves, such as war slaves!

War slaves, born for war, die for war!

Some were originally slaves and became war slaves, while others were prisoners of war of powerful races and became war slaves.

And some are born to be slaves, voluntarily becoming war slaves, just to gain greater strength or a better life.

Everything is forced by the situation and becomes a slave. Then never want to escape until death, unless the family is willing to redeem them, or release their slave seal to be free.

There is almost no such chance. As far as Qin Tiange knows, among the hundreds of stars in the sky, each of them has a tacit understanding. Any prisoner of war captured is sold as a slave, and no one has broken this balance.

Inter-ethnic wars, sometimes the huge number of war slaves captured, the only way to deal with them is to redeem them, but this is rare.

The best way is to sell it to other races. These unwritten rules are normal in the various races in the sky.

“Sir, this is a mermaid beauty, the price is fair ...”

“This is a catwoman, a foxwoman, and a butterflywoman. You have everything you want.”

The fairy girl’s maidservant introduced Qin Tiange and introduced the slaves of these races one by one.

As she said, there are all kinds of slaves here, even some rare ethnic slaves, such as elves, all kinds of elves.

There are also racial slaves. Only you can’t think of them. There are no racial creatures here.

“This is a slave of our fairy family. She is rumored to be from a large princess of one of my family’s fairy stars, but because of her crime, she became a slave.”

I saw a beautiful woman in a silk dress locked in a room, and the iris behind it was dim, apparently locked and repaired.

As a fairy maid, the maidservant introduced her with a flat tone, without any waves, or even sympathy.

In fact, compassion is useless, because she has no identity and status. How can she buy these slaves? Not to mention release, it was to death.

The fairy slave slowly raised her head, glanced at a few people, her eyes were apathetic and confused, and she finally lowered her head.

Qin Tiange looked away and no longer paid attention to the slave or something. Actually, he didn’t need it. He came here just to understand.

“Sir, do you want to buy it? It only takes 10,000 spar time to buy her.” The fairy maidservant saw Qin Tiange leaving and asked carefully.

In fact, she was not indifferent, but she was powerless. The words proved that she really wanted Qin Tiange to buy it at the moment.

Because once slaves are not purchased for a long time, they are treated as waste products, and raising is a waste.

“No, I don’t need a slave.” Qin Tiange decided, what is the purpose of buying a slave and going back?

Except for the good looks, what else is useless? If he wants a woman, is he missing a woman?

The fairy maidservant was disappointed, but forced to laugh: “Master, if you look down on these weak beauties of all ethnic groups, maybe only the slaves can meet your aesthetic.”

“Rest assured, there are also beautiful slaves of all races in the battle slave camp. They are powerful and good-looking, and will not let the adults down.” She said, and brought Qin Tiange and Li Luo to the other side.

War slave camps, where the slaves are not the same, are all powerful slaves with arrogant means.

These slaves are dangerous, because many slaves kill all year round, causing their consciousness to become extremely addictive, and some even eat the Lord.

“Adults, war slaves, who live for war and die for war. They are dangerous. It is better not to buy war slaves without certain strength. Some powerful war slaves can even kill their masters in turn.” The sister-in-law carefully introduced and reminded.

She pointed to a small house in front blocked by an energy wall, and inside it was sitting a creature full of scale armor.

“This is the Golden Horn family. The first-born Golden Horn has the talent of different powers, the combat ability is extremely powerful, and the price is 10,000 spar.”

Her introduction made Qin Tiange more glances and then shook his head, but he was just a king-level slave.

Seeing him dissatisfied, the fairy waiter immediately took him to the other room.

“Lord, look, this is the blood demon tribe. It’s bloodthirsty throughout life, and it’s extremely powerful to kill. It costs 155,000 time spar.”

Qin Tiange shook his head and calmly said, “These slaves are too weak. What are they going to do? It’s better to grab a few directly.”

“Uh ...” The words made the fairies’ niece hold back, and she was speechless.

You speak nicely, do you dare to catch it here? Of course, if you go out of the city, you will catch whoever you want, provided that you can withstand the chase and kill of the strong men of all races.

When they see their ethnic group being arrested, as a strong member of the same ethnic group, they will help, and if they can, they will be saved. Of course, this rarely happens.

“Sir, the war slaves here are more powerful, and they are generally at the ancestor level. Of course, there is no shortage of constant star war slaves.”

She said, pointing at the rooms, the war slaves, from all races, were fierce and powerful.

Seeing that Qin Tiange was not impressed, she had to introduce: “Sir, you might as well buy some war slaves and go to the arena of the war slave camp, let the war slaves go up and play a few games, and even bet to earn time Shi, entertainment income is right, why not?”

“Oh?” Qin Tiange thought, thinking that he did n’t have much time spar now. He was thinking about how to earn time spar. Hearing that he could bet in the battle arena, this is a bet.

After thinking about it, Qin Tiange took notice, slowly nodded, and smiled: “I really am interested in hearing you say so, and introduce me to some of the strongest war slaves.”

“Okay, sir, please come with me.” The fairy girl showed a surprise in her face, and immediately took Qin Tiange to the deepest part of the battle slave camp.

This is the area where the best war slaves are in the war slave camp. When you come here, you can see a lot of people from all ethnic groups who come to buy war slaves.

“This is good I want it.”

There was a burly creature in a luxurious robe, staring at a room with three eyes and a war slave in it.

This is a war slave with arms like swords and biplane wings. It is extremely fierce and strong, and it is definitely a star war slave.

Of course, there are almost no black hole slaves, because the creatures who reach the black hole level are rarely caught, or rather difficult to be caught.

In addition, the star-level powerhouse has nothing to do to catch black hole-level creatures for sale, which will cause many star-level bombers to kill.

Therefore, the highest level of war slaves that Qin Tiange sees here is the star star. If you want a stronger war slave, you can spend your resources to cultivate it.

“Presumptuous, as a war slave, why don’t you kneel when you see the master?”

At this moment, an icy word came from the front, revealing Senhan, and caught Qin Tiange’s attention.

He looked around. After seeing the situation there, he couldn’t help but frown, and his pupils showed the icy murderousness.

Chapter 808 - Terran, would rather stand dead than live on knees

boom!

With a muffled sound, a figure smashed against the wall, blood flowing, bright red.

It was a person, a human race, turned out to be a human war slave, and it was the first human war slave Qin Tiange saw here.

Because after the human race was defeated, the number of human races on the starry sky dropped sharply, and even many enslaved sub-human races were not considered human races.

The real human race is actually very few above the starry sky. Now you can see a human race here, and it has become a war slave.

This scene inevitably caused some fluctuations in Qin Tiange's heart, watching a tribe of his own family be beaten, and a word of war imprinted on his brows.

He, a war slave of the human race, refused to kneel, but was struck by the creature who bought him, and stepped on his face.

War slaves, unable to resist, can only be tortured by their masters. Just like this celebrity war slave, they did not kneel when they saw the purchase of their master.

The other war slaves here kneel to the master to show obedience and obedience, but this human war slave alone cannot die.

“Humble, cheap stuff, I bought you without even kneeling?”

The creature, with a huge body, looked very bloated, but his face was covered with dense scales, looking extremely terrifying.

Especially his growth has two mouths, and he can see the dense teeth in the open, flashing a radiant light.

“Small war slave, how dare you disrespect the master?” The creature said, leaning over, holding the man's neck and lifting it.

His eyes were cold and he hummed, “Ask you again, are you kneeling or not?”

The human war slave being lifted up, spreading his hair, slowly raised his head, revealing a pair of evil eyes.

His voice was hoarse, and he said, “My tribe, the king of the kneeling tribe, the kneeling parents, besides, no one can make my tribe kneel, and would rather stand dead than live on knees!”

In a word, he revealed his identity and the unyielding belonging to the human race. Even if he became a slave, he would still not kneel.

There is an unyielding belief in the bones. Human races can stand dead, but they can't live on their knees, especially when facing foreign races, let alone be subdued.

The human race, even if defeated, even if it has fallen, the blood is still there, and the unyielding faith is still passed on. In the blood, genes, and soul there is an unyielding faith belonging to the human race.

“You ... bold!” The creature was furious after hearing it, raised his hand and slashed down, and he would kill this human war slave.

I just bought it, but I have n't been able to take them to the battle slave arena, but I was so angry that if the other party did n't bow down, it was tantamount to submission.

boom!

There was a muffled sound, flesh and blood, and the scene was a bit bloody, but the result was unexpected.

I saw that the fleshy body flew a hundred meters across, lying there motionless, the flesh and blood scattered all over the ground, and the entire upper body exploded, completely dead.

shock!

The creatures all around were startled, and backed away, one by one looking at the man who suddenly appeared.

It was Qin Tiange who shot the creature with a single palm, so he simply did not give the other side a chance to live.

“Huang, this is the other person’s family, all here.”

At this time, Li Luo slowly walked up and searched all the homes of that creature and handed it to Qin Tiange.

Watching the two men kill the treasure without fear, and it was so light, as if they were not afraid of any threat at all.

The fairy maidservant was stunned, suddenly awakened, her expression changed, and Qin Tiange looked a little differently.

She stepped forward, solemnly admonishing: “Sir, you cannot fight and kill at will, you violate the rules of the Nine Immortals.”

“Oh, how about it?” Qin Tiange asked lightly.

Looking at Qin Tiange, she had a complex expression, and suddenly said: “The adult killed him and must pay half of the harvest as punishment.”

“Here, take it!” Qin Tiange didn’t even look at it, and threw it directly to her, just by killing that creature.

He suddenly turned his head, looked at the other creatures, and whispered, “If I kill everyone here, will I be fine by paying half of what I have gained?”

“what?”

The living creatures around them suddenly felt cold, and they all stepped back, looking at Qin Tiange in horror, with some fear.

Because the strongest of them is the black hole level. The one who was killed just now is actually a black hole level creature, but was instantly spiked.

Seeing this, those creatures were afraid, and immediately turned around and left. They did not dare to stay, and left all at once.

The fairy maidservant stunned, and then warned solemnly: “Master, don’t do this kind of thing, because once you are alarmed, you may not be able to walk.”

“Okay, thank you for reminding me, this human slave, I want it.” Qin Tiange pointed at him and looked at his slave in surprise.

He is a human war slave, watching Qin Tiange kill the creature who bought him directly, and he simply shocked him in one shot.

“His previous master is dead, naturally belongs to you.” The maidservant just looked at it and said.

Qin Tiange killed that creature, and this human war slave belonged to him, so he no longer needed to buy it.

“That’s good, starting today, you follow me.” Qin Tiange looked at each other and said this.

The war slave didn’t speak, and didn’t kneel or anything, just nodded slightly, his eyes were full of surprise.

“Sir, if you like human war slaves, I’ll take you there. There is a human war slave over there. It’s almost time to deal with it.”

At this moment, the fairy maidservant said something suddenly, letting Qin Tiange’s eyes flicker slightly, could not help looking at each other carefully.

This looked a little unnatural to the other person and asked, “Sir, what am I doing wrong?”

“Very wrong!” Qin Tiange said with a smile, and said softly, “You don’t seem to be in a low status. It’s not as simple as a maidservant. Look at all the commissioners who were originally introduced here, so there is a problem. “

“You, maybe your status is not low here?” Qin Tiange asked with a smile, changing the expression of the fairy girl.

Sure enough, Qin Tiange’s guess was correct. The identity of the other party was not as simple as the niece. Otherwise, why did the staff in the war slave camps around not come up?

“Master laughed.” She still covered it up and didn’t admit it.

Qin Tiange smiled without saying a word, but didn’t say more, but followed her to an area of the war slave camp. Here are some war slaves that are too long to prepare for handling.

Because no one buys it, some war slaves must be disposed of. Of course, it is not killing. Killing is equivalent to blindness. The war slaves are all thrown to major mines or some places for waste.

For example, there are a batch of war slaves ready to deal with. Generally speaking, there are three methods to deal with, one is to sell at a reduced price, the other is to send it directly to others, the other is to throw it into the mine to mine.

“Lord, look, that is the only two human war slaves here, and it has been nobody’s attention for a long time, because the human race is very weak, and becoming the slave is the weakest tribe.” Introduce softly.

To her knowledge, the human race is really a tribe, almost small enough that many races think it has become extinct.

In the room, a woman wearing leather armor was sitting, her figure was good, her face could not be seen clearly, and her scattered red hair was covered with sloppy hair.

“Just her, I want it.”

When Qin Tiange saw this human war slave, she turned out to be a woman there was a bit of depression in her heart.

“Since you think my people are vulnerable, then I will let you take a good look at them. Humans are not the weakest.”

Qin Tiange looked at the female slave who was released, and the thought flashed in his heart, and a killing intention was brewing.

The weakest human race? Then show the races whether my race is the weakest. Let 's start with the arena and kill the reputation of the race. Even the war slaves, the race is the strongest.

“Let me rent a fairy house. I will live for a while.”

Qin Tiange said, he threw a storage ring to the fairy girl, which contained 50,000 time crystals.

This is obtained by killing the previous creature, not enough to buy a set, but it can be rented for a period of time, and this is enough.

“Okay, sir, I will do it for you immediately.”

The fairy girl flashed a little, and immediately took Qin Tiange and others to handle it, which happened to be a fairy house close to the gladiatorial arena.

Chapter 809 - 9th Heaven, Peek of the Immortal Lord

Nine heavy immortals, the ninth heavy heaven, an immortal palace floats, and three ancient fonts of “Immortal Hall” are written, which are the fairy tales of the fairy maiden.

“Is it clear?”

In the main hall, a hazy figure sat there, hidden in the mist of the fairy mist, and could not see the truth, only the clear and cold voice came out.

Below, a maid Shi Li replied: “Master, he hasn’t appeared in a fairy house for a month, and the origin of this person cannot be found. His body is covered with fog, and there is a mysterious force blocking the investigation.”

This maid was the fairy girl who Qin Tiange introduced in Qizhongtian all the way.

As for the hazy figure sitting high on the main hall, a round of colorful apertures behind her represent her lofty status and rank as the first class of blood in the fairies.

Just listened to her and asked: “Can’t even find out his ethnic origin?”

“Yes, master, this person is extremely mysterious, but there is nothing special. Why does the master pay so much attention to him?” The fairy-maidservant asked a little puzzled.

“Hmm!” The hazy figure hummed softly on the hall: “Don’t ask, don’t ask, follow the instructions of this palace, be sure to find out his specific identity, this person is not simple, and can even hide it Explore the palace. “

“Yes, slavery convicts!”

The girl knelt down in horror, a little afraid, after all, she was just a niece.

The person on the main hall is the person in charge of the Nine Fairy Realm, known as the Immortal Lord. As for the maid, she is her personal servant. Although she is a maid, she has the same high status.

After all, there is a good master, and it is good to be cool under the big tree, and others will be polite to her, which is enough to see that the status and strength of the immortal master are extremely tyrannical.

However, why did she pay attention to Qin Tiange’s party or focus on Qin Tiange himself?

“Observe carefully to see what his origin is. If necessary, this palace will directly give you your reward, and do it for you.” The immortal master said lightly.

As soon as this word came out, the kneeling fairy maidservant looked terrified, but did not dare to have the slightest dissatisfaction, only a sorrow permeated in her heart.

“Yes, slavery knows.” She responded respectfully, dare not resist half.

Being a niece is actually such a fate. It is normal for him to be used as a gift by his host, and even to give it away for some purpose.

“Come on, try to let him live in the Nine Fairy Realm, this palace is very curious to him ...” The fairy master waved and let the maidservant go down.

In the hall, only the hazy fairy master was left alone and meditated alone. In fact, how Qin Tiange got into her sight was because there were three people around him.

Philip Rouge, You Ji, Li Luo, three people, although she can not see the details of the three, but can clearly feel that it is the star master level is right.

Followed by the three star masters, this caused her to be curious, and immediately searched, but found nothing, which was even more curious.

“There are very few people who can’t see through this palace. There are really few people on this road. What surprises will you bring to this palace?”

The immortal said to himself, becoming more and more curious about Qin Tiange, trying to understand the origin and details of the other party.

...

On the other side, there is a huge fairy house on a fairy island, which is where Qin Tiange rents it.

At this time, inside the fairy house, Qin Tiange sealed the Pangu seal, covering the entire hall, making it impossible for people to peep and eavesdrop.

“Hwang, if there was any peep before, it must be this high level of the Nine Immortals.”

In the hall, Qin Tiange sat quietly, and the opposite Luo Luo whispered, reminding him of the previous peep.

Qin Tiange's head said: “I have noticed that if it is not bad, it should be the person in charge here, the so-called fairy master.”

“Just don't know, why is this immortal peeping? Did he notice our pedestrians?” Qin Tiange frowned secretly.

He has long blocked all his information with the power of time and space and even chaos, let alone detection, even standing in front of him without trying to see him through.

It made him feel a secretive peep, which was secretive, and it had appeared since entering the Nine Immortals.

“Huang, so what do we do next?” Li Luo asked softly.

Qin Tiange didn't speak, looking at the man and woman who had been silent not far away, it was the two human war slaves he bought back.

After thinking about it, he said, “Now, we live here for the time being. Since there is a place to earn time spar here, then we don't have to go far.”

“Huang, do you want these two slaves to participate in the fight to get the time spar?” Li Luo frowned slightly.

She reminded: “Although it can be said, after all, the two are very weak. Once they participate in the fight of slave slaves, it is very dangerous.”

“And why didn't my queen identify?” Li Luo looked at him puzzledly.

Qin Tiange, it is strange that he did not identify the two war slaves, which makes people wonder.

I saw him chuckling and said, “Actually, what can you do to show your identity? Not yet. I want to see if these two people are worth training.”

“If you can't, just let them go freely. It doesn't matter how I will be in the future. If it is worth training, it means that there will not be two more soldiers.” Qin Tiange said, looking at those two people.

A man and a woman are the only two human war slaves in this camp.

“Jingshan, Ruby, you two come up.”

Qin Tiange suddenly said something, and saw the two war slaves coming forward together, standing in front of him three feet apart, motionless and silent.

Jingshan is the war slave who was rescued by Qin Tiange. As for the red jade, it is the red-haired woman who bought it.

Both were dumb, maybe they didn't want to talk in their hearts, because they were war slaves.

"How do I master what you teach me?" Qin Tiange asked lightly.

For one month, he has been using the blood of the devil to temper the bodies of the two, and even taught some advanced spiritual practice and fighting skills.

For a full month, let the two originally weak war slaves jump into first-rate masters.

Moreover, the two were able to condense into their own black holes within one step, but Qin Tiange made them not allowed to condense the black holes, and compressed them directly to continue to condense the stars in their bodies.

This caused the strength and combat effectiveness of the two war slaves to skyrocket, giving a hint of respect and awe to Qin Tiange, the mysterious master.

Training like Qin Tiange who spares no effort is very rare, unless the war slave is highly valued.

"Jesus, Jingshan has mastered everything, please ask me to order." Jingshan is cold and cold, like a cold killing machine.

In fact, he has his own blood, but that belongs to the human race. He treats other races, he is a war slave, extremely humble.

"How about ruby?" Qin Tiange nodded, looking at Ruby.

She said her name was Hongyu As for the surname, she refused to say, no matter how you asked, she even said less than Jingshan.

Ruby slowly looked up, and there was a hint of color in those pink eyes, and she spit it out coldly.

"Master, Ruby has done all the exercises and masters, please ask the Lord." Then, Ruby gently arched his hands and lowered his head.

Looking at the changes of the two, Qin Tiange didn't say much. He dropped a lot of resources. If he was still not satisfied, he threw himself to death.

"Very good!" Qin Tiange stood up, looked at the two of them, and said quietly, "Since you and the two have fully grasped, then the next time is to test you."

"Let's go with me to the battle slave arena. Let me look at the strength of the two of you. Let me see if the potential of the human race is really as fragile and vulnerable as the races say."

After Qin Tiange said indifferently, he took Liluo to turn away the seal of Pangu and walked out of this fairy house. The rest of Jingshan and Hongyu squeezed their fists, their faces were iron and blue, and they were filled with anger.

Human race, belittled, as long as individuals will feel the contempt and humiliation.

Chapter 810 - Bloody fighting, 1000 times odds

The arena is located on a floating island, floating above the clouds.

There is a huge building there, condensed and bloody, this is the cruelest slave arena.

“Two adults, but want to participate in a slave fight?”

As soon as I arrived in the gladiatorial arena, I saw the fairy waitress who was waiting here. When I saw Qin Tiange and others coming, I smiled and stepped forward.

Watching her appear, Qin Tiange’s eyes flashed with a smile, and he laughed secretly, and someone was spying on him.

“Yes, are you here waiting for me?” Qin Tiange asked with a smile.

The fairy girl face was a little unnatural, and she smiled, “The grown-ups joked. In fact, everyone who comes here has someone’s guidance, and the slaves are the adults’ receptionists, so they must wait for them at any time.

Qin Tiange smiled without saying a word, and said, “Take me in, then my two slaves want to participate in the fight.”

“Okay, my lord, please follow me.” She said the way, and led Qin Tiange into the arena.

When I walked into it, I found that there was a space inside. It turned out to be an open space, layer upon layer, and there were completely separate areas around it, all for people to watch the gladiatorial.

It’s literally a crowd of people, countless creatures, creatures of all major races, gathered here and watched the gladiatorial battle on the spot.

Qin Tiange swept around, and was shocked to find that it was a broken starry sky. There were separate spaces in the central area, and there were all arena.

“Sir, there are ten arena arenas here, from No. 1 to No. 10. Of course, there are \*\*\*\* messy arena, which is the broken land in the center.”

Upon entering, the fairy maidservant immediately introduced that there are ten arena arenas for singles fighting, and there is also a broken land in the central area, which is a chaotic arena.

There were hundreds of war slaves fighting together at one time. Only the one who survived was the ultimate winner.

“kill him!”

“Blast him!”

One cry, full of excitement, one by one, the roaring and roaring, the sound shook the whole gladiatorial space.

Here, you can see a creature with a crocodile head roaring and shouting, yelling at the two war slaves who were fighting in the gladiatorial arena.

You can even see various creatures, cheering, and some roaring angrily. This is like a \*\*\*\* casino.

These creatures came here to enjoy the \*\*\*\* scenes of entertainment, and to see that kind of excitement by watching slaves slaughter.

And, the biggest reason is that there is a huge market here. You can buy any war slave to win, but you can't lose. You can only buy a war slave to win. If you win, you will get double to hundreds of times. Generous returns.

This is the spar of betting time!

It's a gladiatorial arena. Almost every one has two war slaves fighting for life and death. It's terrible. One side will die when the battle ends.

Or they both die together, even until they can't move, anyway, there is no mercy on the war slaves.

Come here, all war slaves are only \*\*\*\*\* fights, fights, keep fighting until you die.

Cruel, bloody!

This is the battlefield of hundreds of races, the war slaves of all races, and the souls of all races, where the most primitive fighting methods are staged.

You kill me, I kill you, just for fun, or for the spar of time.

"Sir, are your two war slaves, are you sure you want to go to the competition?" Seeing Qin Tiange not talking, the fairy maidservant directly asked.

Qin Tiange nodded slowly, and under her leadership, soon came to handle the formalities for participating in the war. In fact, it was very simple, just to apply for a few temporary cards.

A card with a minimum of 10,000 spar is pre-stored in it, and then the two war slaves are placed here, waiting for the next round of drawing. Naturally, they can play in the game.

"Save me 100,000 time spar." Qin Tiange put all the time spar in his body.

After that, Jingshan and Ruby were taken to the competition area, and Qin Tiange led by the fairy maids to a special room, where you can watch the ten gladiatorial arenas.

"Master, you can participate in the market here, all information is confidential" Fairy maidservants gently introduced and reminded.

She pointed to a light curtain in front of which was a bet, listing ten markets, all of which were wrestling with two slaves.

Of course, it is not possible to place a bet at the beginning of the game. You can only place a bet before the game. Qin Tiange has never played these games.

But he needs time spar, because he can absorb the power of time contained in time spar, which is the main reason why he is here.

Come here to earn faster, Qin Tiange looked at the ten gladiatorial battlefields in the void ahead, one of which has ended the game and an unknown ethnic war slave died tragically.

The other one won, but he didn't have any joy of victory, but looked very lonely, looking at his dead opponent, wondering if the next one would be himself.

War slaves have no freedom but only endless killings and struggles until they die in battle.

“The battle at the Colosseum No. 8 is over, the next round will be played, and the draw now starts”

With a sweet voice, a light curtain emerged from the No. 8 gladiatorial arena, with numbers and names flashing on it.

“Next game, Yan Mo Clan, No. 1 War Slave, Yan Shi Battle Terran, No. 8 War Slave, Jingshan.”

“Begin Hand”

As soon as the words fell, the scene was boiling, and the emotions of countless watching creatures were extremely excited and excited.

“Human race?”

“That weakest race?”

“Ha ha ha ha, getting rich.”

“I buy the Yan Mo tribe to win!”

The scene was hot, one by one, when the human slaves heard the appearance of the human war slaves, they immediately became excited and bought the Yanma war slaves to win.

Only no one buys human slaves to win, because from the perspective of these race creatures, the human race is the weakest race and the fighting power is too weak.

Looking at the hot scene, the eighth gladiator handicap, the bet between the Yanmu tribe slave and the human tribe slave, the human tribe slave, turned out to be zero, no one cares.

“1000 times magnification?” Qin Tiange said to himself, expressionless, and could not hear any emotion in his tone.

However, Qin Tiange evoked a sneer, without hesitation, throwing away the 100,000 time spar in his hand, swiped the card, and bought Jingshan to win.

“I rub, which silly x actually bought a human race to win?”

Someone burst out with swearing words, looked very surprised, and then burst into a laugh, which instantly caused countless creatures in the whole arena to burst into laughter.

A thousand times magnification, it looks very high. In fact, no one will buy it because the human race is too weak.

“Smile!” Qin Tiange sneered, unmoved, and bought Jingshan to win, quietly waiting for the game to begin.

At this time, with the emergence of human slaves in the eighth gladiator arena, all the living creatures and strong men of all ethnic groups on the scene bought the Yan Mo tribe to win.

The bet increased and went up, it was billions in the beginning, and then it went up sharply, almost buying the entire market.

In the end, after 100 billion hours of spar, the handicap was closed, and no more bets could be purchased, and the game officially started.

“Now, the eighth gladiatorial arena, the game has begun, please invite both sides to play.”

As soon as the words fell, I saw two lights suddenly appearing in the closed arena. Then two figures appeared on it.

“Human race, trash, trash!”

“Kill that human war slave!”

“Yan Shi, pinch him!”

“Pyro! Pyro! Pyro!”

Watching the two war slaves appearing, the Yan Mo and the human war slaves, the atmosphere at the scene was suddenly burst, and a roar and shout sounded earth-shattering.

All creatures shouted unanimously, making the Yan Mo Yan Yan Shi on the field show a faint smile.

“Human war slaves, kneel down and ask for mercy, I might be able to leave you a whole body.” Yan Shi said with a smile to Jingshan.

Unfortunately, Jing Shan’s face was cold and cold, his eyes stared coldly at the tall Enzo.

“Game start!”

With the ringing of the bell, the eighth gladiatorial battlefield started, and the Yan Mo tribe played against the human tribe.
