

Dark Ages 841

Chapter 841 - Weird, yet another killing of interests

A ray of light came, cut through nothingness, and came into a white world.

Here, luck is everywhere, rich and incomparable, and boundless and boundless, as if it were a world of luck.

“So rich, so pure luck.”

When someone just arrived, he suddenly exclaimed, exclaimed, and seemed shocked and curious.

Luck is hard to see, but it is a completely new embodiment here.

The white mist is the force of luck, or the power of civilization.

“Brother Qin, I didn’t expect you to come.”

At this moment, a white light flashed in front of him, and several figures emerged. The first one was Nalan Feiyu.

He looked at Qin Tiange with a complex look. He never thought he had come, and it seemed that he followed the fairy princess Shangguan Xianer.

“Brother Feiyu, are you here too?” Qin Tiange nodded slightly and said hello.

This made Shangguan Xianer couldn’t help but glance at Nalan Feiyu, and then laughed: “Brother Qin, I didn’t expect you to meet the big prince of Nalan royalty. Are you friends?”

Qin Tiange smiled and said, “Forget it, Brother Feiyu is my first friend in the Fairy Nebula.”

“What about me?” Shangguan Xianer blinked playfully and looked at him.

This made Nalan Feiyu’s eyes widened, a little stunned, and looked at Shangguan Xianer and Qin Tiange strangely.

Because according to his knowledge, Shangguan Xianer, the fairy patriarch princess, was a woman who was unsmiling and extremely serious and powerful.

No one has ever seen her smile at any man, but she showed such a little girl’s mischief to Qin Tiange, and her bright smile could not be faked.

Qin Tiange looked at her and laughed abruptly: “Aren’t you and I a friend?”

“Of course, we are friends!” Shangguan Xianer grinned and replied seriously.

At this time, many people have noticed the situation here, Nalan Feiyu came over, and Siebian followed two young royal guards.

“Brother Qin, what do you think of this place?” Nalan Feiyu suddenly asked.

This surprised the two strong royal guards, and some were uncertain about the origin of Qin Tiange.

“What can I think?” Qin Tiange shook his head and smiled: “I was invited by Xianer to see the world.”

Nalan Feiyu’s face really looks like this, you know you will say so, helpless sigh.

He had some regrets. In fact, he originally wanted to invite Qin Tiange together, but in the end, he thought that he owed too much and did not speak.

Unexpectedly, Shangguan Xianer, the fairy patriarch princess directly invited Qin Tiange to come, it seems that the two have a good relationship.

No wonder Qin Tiange lives in the Nine Fairy Realms of the Fairy Tribe. It seems that Qin Tiange and the long princess of the Fairy tribe are friends.

Perhaps Qin Tiange is from the hegemon royal family of the galaxy?

Some people speculated that, unfortunately, Qin Tiange said nothing, just looked at the surrounding scenes quietly.

“These luck, it feels like it can be absorbed.” Someone muttered, tried it, and it could be absorbed.

This time, the hundreds of thousands of young and powerful civilizations of various ethnic groups who came to the scene burst out, one by one, opened their minds, madly absorbed the luck here, and strengthened their luck.

“absorb!”

One by one, the luck here can absorb and strengthen one’s luck, which has created a kind of chaotic scene.

Almost everyone began to absorb the luck here, and even the princes and queens were no exception.

Even Nalan Feiyu was so excited that she was about to devour and absorb, but stopped abruptly.

Because Qin Tiange’s eyes were glowing with faint light, looking at a certain area, he immediately realized that Qin Tiange didn’t move, but he was very mysterious.

“Brother Qin, don’t you absorb?” Nalan Feiyu asked curiously.

In fact, Shangguan Xianer was very emotional, and absorbed and strengthened his luck. He did not do it, but he always felt a bit wrong.

She frowned, thinking for a while, and asked, “Brother Qin, did you find anything? Can you tell me?”

Qin Tiange chuckled, looked at the two, and whispered, “Do you want to hear the truth or the truth?”

Nalan Feiyu and Shangguan Xianer froze, looking at each other, they could see the shock in each other’s eyes.

“What’s the truth and what’s the truth?” Shangguan Xianer asked solemnly.

Qin Tiange looked inexplicable, looking at the white expanse in front, faintly seeing a touch of purple luster.

“The truth is that there is no free lunch in the world, and the truth is that it can really absorb luck.”

This sentence is inexplicable, and most people don't understand, but Nalan Feiyu and Shangguan Xian'er suddenly changed their faces and looked at him in shock.

The two heard the hidden secret from these words, and their hearts were shocked.

"Walk, there is a purple sea. If you want to absorb it, wouldn't it be better to go there to absorb those purple qi?" Qin Tiange smiled inexplicably, stepped across the nothingness, and blinked out thousands of miles away.

Nalan Feiyu, Shangguan Xianer glanced at each other, stepped forward one by one, followed Qin Tiange's body later into a vast golden ocean.

Here, there is golden gas everywhere, extremely noble, with noble charm.

"Golden luck ..." Nalan Feiyu looked solemn, and here were all gold-level luck. Wasn't it silver-level luck before that?

But several people kept going through this golden ocean and entered a purple ocean.

Here, there is purple gas everywhere, purple gas comes to the east, endless, exuding the mysterious breath of nobility and supremacy.

"Purple luck ..."

Shangguan Xianer solemnly, looking at the immense fortune, couldn't help but want to swallow and absorb directly, it was too tempting.

But she kept holding back and looked at Qin Tiange, feeling in her heart what he knew.

That intuition told her that Qin Tiange might be the only one who could help her.

"You see, the purple qi comes from the east. This purple-level luck, it can be said that the winners are only one royal family, even the royal ones."

Qin Tiange pointed to the mighty ocean of purple gas, saying, "If you want to absorb, then you can absorb it quickly, maybe you can condense a purple-level imperial destiny here, and even create a heyday royal family. come out."

Nalan Feiyu and Shangguan Xian'er were silent, and neither spoke, her pupils twinkling with light.

"Did the testers of the past come here, and all the royal families created by absorbing these purple-level qi?" Nalan Feiyu looked very dignified, because his father had never said anything about it here.

No one knows what happened to the people who came in the previous generation and how they got their luck.

All I know is that the people who went out created a generation of civilizations one by one, and then stepped up, and finally became a powerful royal family, and the fairy female became the overlord.

"The central region has a heart, that is the heart of civilization."

Qin Tiange suddenly said something that shocked the two of them, and looked at them together. Through the endless purple gas sea, she really saw a bright heart floating there.

Around, surrounded by layers of purple crystal flames, that is amethyst-level luck of luck.

In the center of these amethyst-level fires, a dazzling heart floats, saying that the heart is actually a sphere.

Above this sphere, there are strange flowers floating, as if a sphere is full of flowers.

Those flowers have different colors, some are silver and white, some are golden, like gold is cast.

Some purple gold is extremely noble, and there is also one of the largest glamorous flowers, which is bauhinia.

These are the fires of civilization, converging on the center of the sphere, forming a unique scene.

“Heart of civilization?” Shangguan Xianer’s pupils shrank, watching such a scene in horror.

At this time, other people also caught up, watching this scene in shock, fiercely, one thought suddenly came to mind.

“If you have the heart of civilization, you can become the master of civilization!”

This mysterious idea passed into everyone’s mind, causing a huge wave.

The mysterious voice, where it comes from, rises inexplicably from the bottom of my heart, giving endless mystery.

Qin Tiange squinted his eyes and was surprised to find that he could not capture the source of the sound.

“Master of civilization?”

Everyone was short of breath, all eyes flushed, staring at the basketball-sized light ball, full of burning greed.

With the heart of civilization, you can become the master of civilization!

“mine!”

“I am the master of civilization!”

For a time ~ www.mtnovel.com ~ thousands of people on the scene were confused, one by one burst out of speed, and rushed towards there frantically.

The scene was chaotic and even caused a horrible chaos. All at once, they started to kill each other to kill the opponent’s heart of civilization.

“Kill, the heart of civilization belongs to my black rock royal family.”

Heiyan royal prince Yanmo roared, fell into madness, and killed several nearby strong young men.

Looking at thousands of civilized masters in chaos, Qin Tiange looked expressionless, motionless, and looked coldly.

Beside, Nalan Feiyu and Shangguan Xianer were cautious, and looked at each other with a vigilance.

However, due to the presence of Qin Tiange, the two could not kill them, and did not want to do anything in front of Qin Tiange.

A killing started like this without warning. For the sake of their own interests, the people who had been laughing and laughing all became individuals, terrible, cruel and cruel. This is the interest.

Recommended new book by the old city god:

Chapter 842 - Choice, 1 dangerous attempt

Rumbling rumbling

Someone released the black hole celestial body and devoured the void. The violent black hole distorted the surrounding space and engulfed numerous purple gas.

Looking at the people and parties involved in the chaos, some people did not move, but watched the war from afar.

“Hit, a bunch of idiots.”

In a mass of purple air, a figure was hidden, young and powerful, and exuding a strong royal majesty.

The young man sneered, watching the scenes of chaos, his eyes mocking.

Not far away, a few young and powerful figures did not move, pushing away with vigilance and not participating in the killing.

These people are very shrewd, watching silently, each with their own plans.

“Does the competition between civilizations and ethnic groups really rely on the heart of civilization?”

There was a young queen, looking at all this, with a sneer of disdain on her face.

Not far away, a young man wearing a royal robe was filled with a strong breath, and the mist was covering the true body.

He said indifferently: “Any race and civilization depends on its own strength, and all status needs to be killed. A civilized heart can control all ethnic groups. Is this sad or not?”

“Our ancestors, perhaps, have fallen into other people’s cages and cannot come out.”

“Do we still need to respect these methods that we know are traps and cages?”

These people, one by one, said what they knew in their hearts. No one was a fool. Looking at the situation here, it was exactly like playing house.

Moreover, it is basically a competition controlled by people, the heart of civilization, to put it plainly is a prisoner, imprisoning civilizations of all ethnic groups.

They have a higher spirit. Who wants to be controlled? The ethnic movement, the prosperity of civilization, requires an unknown thing to identify and control, that is sadness, unhappiness.

“These people seem to see something.” Nalan Feather frowned, looking at the young strong men of all civilizations without any movement.

They all represent their respective royal families and are competitors of this generation, but they have not participated, and it seems that they have some kind of intention.

Shangguan Xianer frowned deeply, looked at Qin Tiange, and asked softly, “Brother Qin, I always feel that such race and civilization competition is as if someone else arranged it.”

“Does it feel like a game?” Qin Tiange smiled inexplicably.

As soon as this word came out, Nalan Feiyu and Shangguan Xian’er shrank their pupils, and they couldn’t help jumping inwardly. They all understood that someone was manipulating all this behind the scenes.

“Our ethnic civilization has been manipulated.” Nalan Feiyu muttered to himself.

In fact, they can all understand that the ancestors of various ethnic civilizations who did not make sense are unclear and may have their own helplessness.

“I don’t want to go on like this. My fairy clan looks like the overlord of the galaxy. In fact, it is really like walking on thin ice, and it will be destroyed at any time.”

She had a plan in her heart and made a decision. Perhaps the ancestors of all ethnic groups were aware of it, but they were helpless.

Now, we need to go on like this, let people secretly manipulate all of this, what glory can be expected in the future?

“Freedom is always the most important thing for all living beings.” Qin Tiange said to himself.

No matter whether they are human or ethnic, they all want freedom. Who wants to be controlled by others?

However, if you want to be free, you must have the ability to be free, otherwise you have to be honest.

“So, let’s just let the rise and fall of the controlled ethnic civilization up and down, can’t we be free?” Nalan Feiyu looked dignified and heavy.

As the successor of the next generation of emperors, naturally there is a layer of consideration for the fate of the clan. Will the future continue to be controlled, or will it rise up?

“Could you come back in time and space among your clan?” Qin Tiange asked suddenly.

After hearing this, Shangguan Xian’er and Nalan Feiyu stunned at the same time, and then trembled suddenly, faintly not aware.

Because it seems that the time and space-level strong of each race have not contacted their race for a long time.

“It seems that the last ancestor of my fairies to break through time and space has not contacted this tribe for thousands of years.” Shangguan Xianer said a dignified voice.

Nalan Feather changed his face and suddenly said, “My Nalan tribe hasn’t appeared for two thousand years.”

After listening to Qin Tiange, he had realized in his heart that perhaps the space-time levels behind these ethnic civilizations were either controlled or something had happened.

“There is no such thing as a time and space-level strong, how do you deal with those orderers in the court of life?” Qin Tiange looked at the two and asked.

He said to himself, “Here, most of it has to do with the court of life. The orderer controls the competition here. If it doesn’t matter, the fool will not believe it.”

“So, how do we get rid of this fate?”

“Perhaps, as Brother Qin said, our ancestors of time and space can no longer help our tribe.”

Shangguan Xianer looked dignified, realizing that something might have happened to his family’s time and space.

Nalan Feiyu gave a message, saying: “It is rumored that the court of life once stated that no one who is strong in space and time can stay in the galaxy.”

“Perhaps all time-space-level powerhouses are controlled somewhere and cannot come out.”

“I really want to remember that the oldest ancestor of my family who broke the time and space suddenly came back wearing a secret message one day after leaving one day.”

As soon as the Shangguan Fairy’s expression moved, she immediately remembered something, which was a top secret of the Fairy tribe.

Once she didn’t understand what it meant, but now she felt that there seemed to be something wrong.

“What’s the news?” Qin Tiange was curious.

Just listen, the word from the Shangguan Fairy came word by word: “There is only one inexplicable word, just a few words.”

“It seems to be a prisoner in time and space,” said Shang Guanxian, a shock in his heart. When he was connected to the situation here, he immediately thought of a terrible fact.

“Did all the promoted space-time classes be imprisoned?” Nalan Feiyu was startled.

Some people have imprisoned the spatiotemporal strongmen of various ethnic civilizations and cannot come out, which has led to the fact that each ethnic group may be really in control of something.

“Time and space, forbidden, prisoner?” Qin Tiange said to himself, his eyes continued to shine, it seemed to realize what.

He looked at a civilized heart there, and quickly thought in his heart, not clear what he was thinking.

“You guys, it’s not impossible to break away, but be prepared to deal with space-time strikes. Perhaps, once you move, it will lead to the destruction of space-time strong.” Qin Tiange warned the two words one by one .

This is an opportunity, and separation from nature is feasible, but once the separation is bound to shock the guardians here, it must be space-time.

Moreover, Qin Tiange speculated that the orderer of the life court was monitoring various ethnic groups. If he found that race was out of control, he might go back and wipe out this ethnic civilization.

“Think about it, if I decide, I can help you, but you are prepared for the threat of space and time.” Qin Tiange passed the word.

Nalan Feiyu, Shangguan Xianer was shaking, his face changed, and he seemed hesitant.

In the end, Shangguan Xianer was the most decisive, preaching: “Brother Qin, I believe you, rather than being controlled like this, you can’t be independent in life and death, but you might as well fight and regain your freedom.”

“It’s a big deal, it’s a big deal. Anyway, the current situation of my tribe is not very good. It can be destroyed at any time. It is a matter of others.”

Nalan Feiyu also made a decision. Instead of being killed by others and manipulating the rise and fall of ethnic civilization, it would be better to fight directly.

Anyone who achieves a big thing is unrestrained, and if he keeps going on, he will suffer chaos.

“Very well, I’ll help you, I hope you two future clan emperors, don’t regret everything you do today.”

Qin Tiange laughed, watching the two people decide, naturally reminded one, do not regret it.

As for why they helped the two, in fact Qin Tiange wanted to see what was behind everything.

Perhaps, the fairy and Nalan people can do a good temptation and let him peep into the higher level secrets.

“Those people, they seem to have noticed and decided. In this case, I will help you.”

Qin Tiange smiled in his heart ~ www.mtlnovel.com ~ Looking at the heart of civilization, the fire of luck belonging to all ethnic groups.

He knew from the words of the prophets that as long as the flames of civilization of these races were cut off, there would be an opportunity to get rid of control.

Even breaking up the luck stars in the galaxy outside can completely get rid of the fate of civilization of all ethnic groups being controlled by luck.

“Let me see who is manipulating it all.”

Qin Tiange said, his eyes flickered with two horrible rays, and suddenly a gush of chaos and fog covered him.

Suddenly, when Qin Tiange disappeared, he suddenly appeared in front of the heart of civilization.

“I dare you!”

“court death!”

The strong men of various races who were fighting in chaos suddenly saw Qin Tiange suddenly appear in front of the heart of civilization, and suddenly panicked, and rushed to drink.

Seeing this, the faces of Shangguan Xianer and Nalan Feiyu changed, but they didn't hesitate to stand in front of them and stop these people.

Chapter 843 - Stealing the Mysteries of Civilization

“Stop them!”

Suddenly, the big royals who watched one by one came together to stop those who wanted to attack Qin Tiange.

One by one, the Xeon Power broke out, and they calmed down hundreds of crazy participants of all ethnic groups.

“Fairies, Nalan, Royal Sun, and Golden Feather, what do you want to do?”

Hundreds of powerful people such as Yan Mo were furious and watched the royal princes release their respective galaxies, directly covering here.

It seems that it is to stop them, but they are very tacit to stop these hundreds of people, not to mention Shangguan Xianer and Nalan Feiyu, even Qin Tiange is surprised.

“Interesting!” Qin Tiange swept over these people and smiled in surprise. These people are not easy.

It seems that all of them have great wisdom, and they are the successors of the next generation of emperors.

When these people come to participate, as long as they go out, they will be the next emperor and the ruler of all ethnic groups.

Qin Tiange learned that in the major royal civilizations, the transfer of power is actually changed every 1,000 years because of the above regulations.

Whoever stipulates it means that the court of life stipulates that as long as the next generation participates in the race of civilization, it will be the next emperor.

No one can resist this kind of regulation, otherwise, the trial of the life court will be welcomed.

“Although I don’t know what you want to do, I think it’s a good thing for my tribe. You can do it. We can help you stop it.”

Someone said, confident, as if they weren’t worried about Qin Tiange taking the heart of civilization, or they all saw what Qin Tiange wanted to do.

“Yes, you let it go and we will help you stop these stupid guys.” Some queen said sternly.

Looking at these princes and queens, they all said that they wanted to help Qin Tiange block this group of idiots who only knew to fight and kill.

“you guys!”

Yan Mo flushed and almost ran away, but soon calmed down, but here there are major royals, even fairy shangguan fairy.

These all represent their respective ethnic civilizations, and each is succeeded by the next generation of emperors. Once they fall out, they may usher in the fierce blow of these royal and even fairy overlords.

“Don’t worry.” Qin Tiange’s eyes flickered, and he suddenly changed his mind.

He turned around and came to this group of people, watching a group of hundreds of representatives of ethnic civilization calm down.

They are the leaders of the younger generation, or the strongest, the successors of each ethnic civilization.

“I only say one thing, you guys, if you want to get rid of this kind of so-called competition in children’s play, then it’s better not to act rashly.”

Qin Tiange warned, looking at everyone, he said, “I help you to cut off the air transport links of all ethnic groups. If you want to be free, you will go back and break the air transport stars of all nationalities.

“Go ahead, what to do, don’t say more.”

After Qin Tiange said, he nodded to Shangguan Xianer and Nalan Feiyu and turned to the heart of civilization.

His words surprised the representatives of hundreds of civilized races present, and most of them were unclear how it could be done.

However, those princes and princesses were all staring at each other, and looked at each other, blasting away at speed.

Where did they come from and where did they return? Before that, the luck of Xinghe was their natural way. After listening to Qin Tiange’s words, they acted immediately.

Whizzing!

The fastest is Shangguan Xianer and Nalan Feiyu, because they have a greater trust in Qin Tiange. Needless to say, Nalan Feiyu, Qin Tiange rescued him, and helped his sister to recover her wisdom. Not to mention Shangguan Fairy, there is a natural sense of instinct, Qin Tiange played a vital role in her to the fairy race.

This is why she is willing to lay down her heart and make friends, and even draw Qin Tiange to help.

“Go, break the luck and the stars.”

Yan Mo’s expression changed, he stared at Qin Tiange for a while, finally gritted his teeth, and turned to catch up with those princes and daughters.

He is not a fool, are those princes and queens idiots? Are Nalan Feiyu and Shangguan Xianer fools?

No, why are you willing to listen to Qin Tiange’s words? Perhaps, what people say is true and true.

Looking at hundreds of representatives of various ethnic groups that had been killed in a group, their expressions changed one by one, and eventually they gritted their teeth and followed the withdrawal.

This is to go to the Qiyun Xinghe, to break up the Qiyun stars, the Qiyun stars belonging to various races.

“Come on, let this universe be a little more chaotic, so my people will have the opportunity to take advantage of it and rise.”

Qin Tiange said to himself, his eyes glowed with silver and silver, staring at the heart of civilization floating in front of him.

He broke out with the strongest will, stripped away the layers of protection and secrets of the heart of civilization, and wanted to peek into the mysteries of civilization.

This is an opportunity, not only to disturb the entire starry sky, but also to peek into the mysteries of civilization.

Otherwise, how can Qin Tiange be kind to help those civilizations without interest?

The universe, the more chaotic, the better. If there is a peaceful scene, how can the human race rise?

As for breaking the fire of civilization here, Qin Tiange didn’t even care what the consequences behind the cut off were to control this fairy galaxy.

It is not even clear whether this will lead to the demise of many ethnic civilizations.

He cares about who is behind him, and whether the black hand behind is the so-called life court.

Only by knowing the black hands and enemies and disturbing the starry universe can we profit from it.

Death is inevitable, not to mention the death of hundreds of stars, Qin Tiange is willing to see that at least it is not a human race.

“Mystery of civilization” Qin Tiange said to himself, stripping away the heart of civilization a little bit, and seeing the core mystery.

The layers and layers of runes, entangled with endless mysteries, turned into a magical heart, the heart of civilization.

Inside, there are endless secrets that make Qin Tiange mad like a black hole constantly learning the secrets inside.

He wanted to steal the secret of this civilized heart, so as to transform his own civilized heart, the biggest plan was this.

Zizi

At this time, inside the heart of civilization, dense symbols and various mysteries were entangled, Qin Tiange carefully learned the mysteries inside, and analyzed and understood the secrets.

“Prophet, help me!”

I saw that the true spirit of Qin Tiange screamed suddenly and sent a message. At that moment, in the long river of luck, the Prophet suddenly opened a pair of eyes full of wisdom, and instantly merged into his eyes.

That endless wisdom can see through any secret in the world, and there seems to be no secret in the eyes of the prophet.

With the help of the Prophet’s Eye of Wisdom, Qin Tiange’s speed of realization has soared, and he has developed 100% of his brain’s potential. With the Eye of the Prophet’s Wisdom, he instantly sees the whole civilization inside and out.

Countless secrets, no longer esoteric, no longer secrets, have been branded and understood by Qin Tiange, and successfully interpreted the real mysteries inside.

The heart of civilization, all mysteries were mastered by him, and here, Qin Tiange’s purpose has been achieved.

“Prophet, how to cut off the fire of civilization above?” Qin Tiange asked seriously.

Just listen to the prophet saying: “If you do this, you will attract space-time and even higher-level terrorist attacks behind you, and you will even be obliterated at all costs.”

Qin Tiange squinted his eyes after listening, but sneered: “Anyway, the universe will not be chaotic, our people will not have much chance, and will even go a bit harder, and this is an opportunity.”

“The heroes are born in troubled times, and the universe is in chaos. In this era, there should be a big reshuffle of the nations.”

With an endless **** tone, Qin Tiange’s tone is about to set off a big turbulence in the universe, and the civilizations of all ethnic groups will come to a big shuffle.

“My emperor, with the power of my wisdom and the power of my emperor’s time and space, to cut off the layer of code lock of this civilization’s heart can release the fire of these civilizations.” The prophet finally came up with a solution.

The only way is to cut off the layer of code lock inside the heart of civilization, which is the power that locks the fire of civilizations of all ethnic groups.

Hearing here, Qin Tiange knew how to do it, and felt a mysterious force from the prophet, which was the light of wisdom of the prophet.

“Wisdom, time and space, chop!”

With a deep, heavy drink, Ye Qing saw his hands intertwined, and a horrible light knife split.

It is a combination of the power of wisdom and time and space. The two are combined to cut off the imagination and break the code lock of the heart of civilization.

The crunching sound of Kakah came, the heart of civilization shook, and a dense layer of yoke on it suddenly popped apart.

The combination lock smashed, and the flames of civilization that originally surrounded the heart of civilization suddenly fled away, disappearing in a blink of an eye.

boom!

At this moment, a terrible shock came from outside, and a violent explosion came from Xinghezhi.

Hundreds of stars were smashed on the spot in the Xinghe River of Fortune. They were blasted by strong men from all ethnic groups.

“broken!”

Shangguan Xianer Li Xiao, sent out the power of Xeon, the star field behind him slammed the huge luck star belonging to the fairy genus.

Suddenly, the starry sky collapsed, and Shangguan Xianer completely destroyed the lucky star belonging to his own family at the cost of destroying most of his star area.

Slightly!

The luck of the stars collapsed ~ www.mtlnovel.com ~ Endless luck spread away, but strangely rushed towards Shangguan Xianer.

A fire of civilization, brilliant, so bright, flew out of her eyebrows, and made her whole body choked, wrapped in endless luck.

At this time, the people who broke their own luck stars were wrapped in endless luck, and the fire of civilization that burst out burst into their eyebrows.

At this moment, everyone understands that they and even their ethnic civilization are out of control and completely out of control.

“Bold!”

At this moment, an angry roar came, shaking from the midst of nothingness, setting off a terrible storm of extinction.

Faults appeared in time and space, and horrible cracks emerged into an opening, where a horrible breath was revealed.

“Space-time level?”

“Orderer?”

Everyone woke up and looked at the cave. A terrible figure emerged from it. It was the strong man in time and space, the orderer.

Chapter 844 - Forbidden space and time

With a click, time and space burst, and an endless storm surged from inside, roaring through.

“Orderer?”

“escape!”

The storm of time and space swept through, hundreds of thousands of civilizations represented in panic, screamed and fled.

However, dozens of people were caught up in the storm of time and space on the spot, crushed into ashes, and completely destroyed.

“what”

A scream came, and soon, hundreds of civilized young strong men and future clan emperors died in the storm of time and space.

The others fled quickly, rushing forward, standing on top of the broken galaxy, looking at them in horror.

“You, destroy the civilized order, be foolish!”

Cold words came, a horror figure slowly stepped out of time and space, and a space-time tunnel under his foot extended.

That person is the orderer of the life court, monitoring the order of the civilizations of the Fairy Nebula.

But he just discovered that some people here have destroyed the heart of civilization, and also cut off the fire of civilization of all ethnic civilizations, releasing the luck that these civilizations controlled.

The consequence is that the orderer was shocked and appeared directly. Once it came out, dozens of hundreds of civilized competitors were destroyed.

“Orderer, everyone here is the future emperor of all ethnic groups, are you trying to destroy the future of our ethnic groups?”

Nalan Feather is cold, even if the space-time level is different, now the other party obviously wants to destroy all of them.

As the fire of civilization flew back, and even broke the luck star of each race, everyone understood. Their ethnic civilizations are controlled and blackhanded, which is extremely horrible.

“Those who break the order must die!”

The orderer, his eyes cold, and the thick fog of time and space covering his body, could not see the real, but exuded a terrible breath.

Oppression, tyrannical oppression rushed to the face, deterring everyone present, even the strongest royal prince, the queen felt horrible.

“This is space-time class?”

At this point, Qin Tiange set foot on this broken galaxy, and most of the luck stars have been completely destroyed.

Here, on the torn star river, a crack in time and space is appearing there, and there is a terrible figure, which is the orderer of the court of life.

He supervises the civilizations of the various races of the Fairy Nebula and maintains the order here, but he is actually monitoring the races.

Qin Tiange found that the power of this orderer is surrounded by the power of time and space, and he can use the power of time and space dimension at any time. No wonder he is extremely powerful.

Any star master is not an opponent of time and space unless you also have the power of time and space.

However, the power of time and space can only be borrowed by those who are very strong in time and space. If they do not achieve the power of time and space, they may have the power of time and space. Maybe only Qin Tiange.

He understood that the space-time level is in the space-time dimension, using the power of space-time to destroy the enemy's strong.

If you lose the power of time and space, then the space-level powerhouse is actually not much stronger.

“Just now, who is destroying the heart of civilization?”

The ruthless words of the orderer came, his eyes were ruthless and swept across all the people present.

Here, many people are panicked, the space-time powerhouses simply cannot cope, even hundreds of star powerhouses can't beat others.

Because you can't reach the level of time and space, people are hiding in the space and time, looking close to them, but they are far away in time and space.

“Why are you afraid?”

At this moment, a bland voice came, all faces changed, especially Nalan Feiyu and Shangguan Xianer.

The two looked together, just to see Qin Tiange step by step up, stroll the stars, calm and calm.

In his eyes, it seemed that the orderer of space-time did not exist at all, which shocked many people.

“Brother Qin, you” what Nalan Feiyu wanted to say was stopped by Qin Tiange.

He came near, looked at hundreds of people who had not died here, and finally looked at the space-time orderer.

The two looked at each other, and the orderer Moran said, “You broke the heart of civilization and disrupted the order of this galaxy?”

“One-dimensional time and space strong, if you lose the power to mobilize one-dimensional time and space, what would it be like?” Qin Tiange did not answer, but said this to himself.

As soon as this word came out, the scene was dead silent, and the future heirs of hundreds of civilized races looked at him in horror.

Everyone was shocked, and heard a meaning from this remark, that is, to kill the time and space-level strong.

“You, want to rebel against this seat?” The space-time orderer said coldly.

Qin Tiange sneered coldly: “How do you know if you don’t try? I would like to see that once the space-time level loses the power of space-time, will you still be so high?”

“Orderers, courts of life, you are shepherding thousands of people.”

Qin Tiange said, looking at everyone around him, he said quietly: “You see now, you know each other clearly, the civilizations of all ethnic groups are under control. You are now free and the fire of civilizations of all ethnic groups has returned. , The future will be out of control. “

“How to do it, I don’t need to say more. If you don’t resist, you will also be obliterated by this orderer. Resistance, there is still a way to live. At least you have won freedom for your civilization.”

As soon as the words fell, Shangguan Xianer, Nalan Feiyu flashed together, standing behind Qin Tiange, the meaning is self-evident.

“A dead man before and after, then bite him a piece of meat.”

Some royal princes smirked and stood together, meaning to fight against the order of time and space.

“Count me in.”

“My tribe is free again. There’s nothing to say.”

“kill!”

Dozens, hundreds, and even the last one followed, because there was no way back.

If you don’t kill, you will be killed. There is still a glimmer of hope in the resistance, even if that glimmer of hope is very slim.

“A group of ants, you will pay for what you do today, and it will also destroy your own civilization.”

The orderer looked indifferently, without paying any attention to them, not even paying attention to them.

Below the level of time and space, all are ants, unable to hit his true body, and can not compete with the power of time and space.

“Ant, I can kill you!”

Qin Tiange stepped out and yelled, “Dear everyone, I will help you suppress the power of time and space in each other, and lock up time and space, and leave the rest to you.”

Speaking, everyone was shocked to see that Qin Tiange’s eyebrows suddenly flew out a bright book.

That is a book of time and space, which is exactly the treasure created by Qin Tiange before, which is specially used to deal with the time and space-level strong.

He is still unable to break through the promotion of time and space. The only way is to create a book of time and space, sink into the time and space to draw endless order of time and space, and fight against time and space.

“Forbidden time and space, town, never, forbid!”

With a loud shout, accompanied by the book of time and space flying, the endless force of time and space, a chain of order flying around the rao, completely suppressed this area.

All of a sudden, everyone felt that it was isolated and imprisoned into an independent world.

The orderer of time and space could not help changing his face, because he felt that the space and time around him were suddenly isolated and imprisoned.

“Impossible!” He screamed in horror, being caught off guard, and imprisoned in time and space before he could escape.

The imprisonment of time and space surprised the orderer, and he couldn’t help but have a sense of confusion, because he could no longer hide time and space and was forced out.

“You guys, not at this time, when will you stay?”

Qin Tiange maintained the book of time and space, could not help but scream, and awakened everyone in a daze.

They looked at him in horror, then all looked cold and looked at the orderer of time and space.

“kill!”

With a roar, everyone killed all together, this is to kill time and space.

Hundreds of young and powerful star masters rushed straight away, each bursting out the strongest force, and blasted toward the orderer of time and space.

At this moment, the orderer who is stronger than the space-time level is panicked, because he uses the power of the dimension of time and space.

Space-time is isolated and imprisoned.

“Impossible, this is impossible, how can you have time and space treasure?”

The orderer growled in horror, looking very irritable and disturbed.

In the face of hundreds of tyrannical star sieges ~ www.mtlnovel.com ~ What would be the miserable scene when he lost the shelter of time and space?

Losing the dimensional power of space-time level, unable to use the power of space-time, is equivalent to a tiger with its teeth pulled out from the space-time level.

“Dare you, this is the order of life court, who dares to kill me?”

The orderer was in a panic, could not help Li Xiao, shouted a threat, and really deterred many people.

However, Shangguan Xianer directly and simply, behind the colorful aperture suddenly soared into the air, turned into a brilliant colorful fairy light, like a fairy disk turning, suppressing the orderers.

“Open the bow without turning back, kill!”

There was a loud shout, and the roar filled with lore was heard. One after another, the princes and princes of the royal family, completely ignored the life court behind the other party, and directly killed them.

Bang!

Suddenly, Xinghe collapsed on the spot, and it was plunged into a great collapse. Dozens of Xeon forces bombarded it, and the damage caused was beyond imagination.

Chapter 845 - Order Killer

Dozens of star masters made a powerful blow, and the damage caused directly detonated the entire galaxy, shaking the heart of civilization.

boom!

In the center of the explosion, there was a terrible wave. Gradually, when the energy storm was extinguished and the space cracks staggered, a terrible figure came out slowly.

The man looked a little embarrassed, but was not injured. It was the orderer who could withstand the bombardment of dozens of star-level powerful men without being injured.

“The ants, do you think you can kill this one without time and space?”

The orderer’s face was cold and his eyes were full of anger, and he was attacked by a group of ants.

As a space-time great god, looking at the star master is like treating a group of slightly larger ants, but he did not expect to be attacked by the ants, and lost his face.

“Okay?”

Everyone’s face turned wild, and the hundreds of civilized young strongmen who had been deterred and dared not to take action were all frightened.

As for the dozens of strong shots, all are the most powerful civilizations of the Fairy Galaxy.

They looked dignified. They looked at the orderer just a little embarrassed, but were not injured, and some were unbelievable.

“Space-time, is it irreversible?” Yan Mo’s face was heavy, his eyes were fierce.

At this point, I can’t even retreat if I want to retreat. If I don’t, I will die.

“How to do?”

Almost everyone looked at Qin Tiange, with the book of time and space floating above his head, spilling endless space-time power and isolating the barriers of time and space.

Looking at the unspoiled space-time powerhouse, Qin Tiange finally clearly realized the power of space-time level.

Not only relying on the power of the space-time dimension, but also one of the most important is that the time-space-level powerhouse is extremely powerful in time and space.

Because, all time and space-level strong can use the power of the space-time dimension to temper the body and become a body of time and space.

The strong who tempered the body with the power of time and space, even if there is no movement of the power of time and space, have the ability to crush the star-level creatures.

“His body has been tempered by the strength of time and space. It is very powerful, but it also has limits. All people work together to break his physical defense.”

Qin Tiange said word by word, extremely calm, without any panic and fear, but a kind of burning warfare.

He saw the hope of counter-killing the space-time level. After isolating the power of the space-time dimension, as long as he could break the defense of the opponent’s body, he would definitely kill the strong in the space-time level.

In the world, there is no absolute defense, the other party can defend, because the strength is not strong enough.

Dozens of star masters are not enough, then add everyone, but here there are hundreds of star masters.

“Still still, do you want to die?” Qin Tiange looked at the group of people and sighed coldly.

Everyone was awake, looking at the orderer, and as he said, his face changed slightly.

What Qin Tiange is saying is true. The other side loses the strength of the space-time dimension, and the body is really strong, because it is naturally strong when tempered by the force of the space-time dimension.

However, there is a limit to that intensity, and it can be broken. As long as this limit is broken, it will inevitably hurt the other party.

“You, we have no way back.”

“kill!”

Shangguan Xianer Jiao drank and took the lead in launching an attack. Endless fairy light emanated from behind, and gathered into a mouthful of colorful fairy wheels.

She showed her skills and finally used all the hole cards at the bottom of the box, which was a desperate rhythm.

“Reversed blood, Nine Dragons.”

With a loud shout, Shangguan Xianer broke out, and a colorful fairy wheel emptied, wrapped in stars surrounded by fairy lights, and turned directly into a fairyland to suppress it.

The ultimate means, the strongest blow, everyone saw this, and one after another broke out. Hundreds of civilized and powerful people joined forces.

They understand that at this moment, they are killed by the other party. It is better to take advantage of the other party's inability to move the space-time dimension directly.

“For freedom, kill the order!”

“kill!”

A roar, containing the angry blow of the respective strong, was a kind of queasy anger.

The fate of racial civilization is controlled, shepherds, rises and falls are up to others, and no one wants to continue this kind of encounter.

If you have a chance to get rid of it, why not grab it?

“You look for death!”

Looking at the hundreds of star powerhouses being mobilized, Qi Qi blasted up. The orderer was so angry that he felt itchy to Qin Tiange.

If it were not for him, nothing would happen, which made the orderer want to kill Qin Tiange first, because he could cut off the dimension of time and space.

boom!

The war broke out, hundreds of star masters were killed, and the siege orderer was a time and space-level powerhouse.

For a time, the chaotic energy turned into a torrent, and it was sweeping and sweeping.

The space collapsed, the galaxy fell, and the entire world was shattered.

“Kill kill!”

Hundreds of strong men were mad, rushed up completely, and one after another horrible black hole celestial bodies emerged from the body, turning into a star field, covering large and small.

It belongs to the main body of the star domain, released directly, and turned into the strongest means to bombard opponents.

This is the final fight, and no one dares to keep it, because no one knows whether it is possible to kill the orderer at the time and space level.

boom!

The chaos was extremely fierce. Someone was blown out and his body was ruined. The orderer broke his body and the galaxy was broken.

“what...”

A scream came, and one after another, the star-level powerhouses, were destroyed by the orderer with one punch and one punch, blasting their bodies.

However, what is shocking is that it was not the real body, but after death, the consciousness was even obliterated by the other party.

At the time and space level, abilities are not covered, and arrogant willpower directly obliterates the will of these people.

Detonating the phantom body and obliterating the will is equivalent to losing the subjective consciousness one by one, although the outside real body is fine.

“It won’t work like this.” Qin Tiange looked at him and was killed by dozens of strong men of various races, frowning secretly.

How can you kill each other? Don’t think that he can’t do anything by manipulating the book of time and space to suppress and isolate time and space.

Hum!

At this time, Qin Tiange raised his hand into the nothingness and caught a terror horde. A force of time and space surrounds the halberd, revealing terror.

As Qin Tiange gathered together, he raised his hand and threw it over there, and the ancient halberd turned into a flash of lightning and went away.

“Danger!”

The orderer was suddenly vigilant and felt a crisis was about to dodge, but was suppressed by one side of Xianyu.

As a result, his action was slowed by a half-beat, that is, a little slower, and a horrible ancient halberd penetrated his chest and emerged through his body.

“Ah ...” The orderer screamed, his chest was pierced by ancient halberds, and the force of time and space order lingered on the halberd front.

Seeing this, the orderer’s face was terrified, and he looked back, facing the cold eyes of Qin Tiange, and did not know when he had come behind him.

“You ...” The orderer opened his mouth and was about to push away, but Qin Tiange cracked it in his head.

With a bang, the orderer’s brain cracked, and his tyrannical body was split apart with a single palm.

That was the power that Qin Tiange’s body burst out with hundreds of black holes, brutal and violent, splitting the other’s head.

“What about space-time, dare to come out, kill you!”

Qin Tiange was ruthless, his eyes were full of sensational killings, one step over, and he punched in front of the orderer.

There was a dull and loud noise, the orderer’s face collapsed, a clear imprint of the fist marks was there, and the blood overflowed from Qiqiao, very miserable.

“The power of time and space, one-dimensional world ...”

Suddenly, the orderer roared with a sneer and suddenly broke the isolation of the book of time and space, and drew a force of dimension.

That is a one-dimensional force ~ www.mtlnovel.com ~ It is not a space-time pole. Once swept by this force, it is instantly decomposed by one-dimensional space.

“Brother Qin, be careful!”

Shangguan Xianer’s face changed dramatically, and he quickly retreated, avoiding the mighty one-dimensional force.

That kind of power is extremely horrible. It is not space-time extreme. Without understanding the one-dimensional power, you simply cannot fight.

Everyone stepped back and looked there in horror, completely shattered by the one-dimensional world.

“Ha ha ha ha, die, a group of ants, all die!” The orderer laughed wildly, as if proud.

Flutter!

A slight, crisp sound came, and everyone held their arms, including the orderer’s smile stiff, and slowly lowered his head, looking at his heart.

At this time, his heart was penetrating from the back with one hand, and his fingers were like a sharp, holding a heart, which was the heart of the orderer.

“No ...” The orderer sent a scream of screams, and the roar of panic alarmed the heart of civilization.

Chapter 846 - Decompose Order Corpse

“Do you dare to kill me?”

The orderer screamed in horror, with a grimace and a threat, and said, “This is the orderer of the court of life. How dare you kill?”

As soon as this word came out, everyone looked at Qin Tiange, but his face was calm, his eyes were as plain as water, without any expression at all.

“The court of life can’t protect you.” Qin Tiange said indifferently. As soon as his voice fell, he saw that he grabbed the heart of the orderer and withdrew his arm.

Then, a golden symbol penetrated the sea from the back of the orderer, revealing a golden ray from the front of the eyebrow.

This sharp edge directly penetrated his sea of knowledge, and the imprisonment suppressed the true spirit, and even obliterated the other’s consciousness.

Grunt!

Qin Tiange swallowed the true spirit of the orderer, refining the real spirit of the opponent’s space-time level on the spot, and obtained all the memory information.

With that magnificent memory used, Qin Tiange finally saw some real details about the court of life.

However, some memories are obscured, erased by a certain force, and cannot be viewed at all, which is terrible.

The fact that these memories can be affected must be the true core mystery of the court of life. Unfortunately, this orderer is only the lowest-ranking person after all and cannot access higher information at all.

Qin Tiange sighed and shook his head with some regrets, but he didn’t care, and he must unveil the opposite step by step in the future.

“Space-time level, one-dimensional power ...” At this time, Qin Tiange said to himself, and obtained the mystery about space-time level.

Even some information about the one-dimensional time and space is understood, and there is a strong mysterious breath all over and around.

However, this change came and went quickly. Qin Tiange looked at the dead corpse of the true spirit and sealed it with his heart.

After doing this, he looked at Shangguan Xian’er and others, and everyone couldn’t help the cold.

“Brother Qin, the orderer is dead, it will inevitably attract the attention of the court of life. What shall we do now?” Shangguan Xianer came up and asked softly.

Nalan Feiyu, as well as the princes of other royal families, came forward and looked at him. This mysterious strong man who cut off the fire of civilizations of various ethnic groups made them care.

Qin Tiange looked at the crowd and said suddenly: “The orderer is dead. It is certain to attract the attention of the court of life, but not too much attention, because the other party is just the lowest employee.”

To put it bluntly, the orderer is the lowest level of existence. The person who monitors the major galaxy civilizations is tantamount to the most unidentified ordinary employee.

He looked at the anxious expression of everyone, and laughed, "Why, you are free, aren't you happy?"

"If you want to be free, you have to pay for it. Without strong beliefs, how do you get rid of the control of each other?"

After Qin Tiange said, he laughed: "I help you get here, the fire of civilization has been released, the luck stars have burst, and even the orderly people have killed."

"Don't you still expect me to help you fight the court of life?" This remark was ironic, making everyone present awkward.

Yes, everyone has helped this, chopped out the fire of civilizations of various ethnic groups, broken the luck of the stars, and even killed the order-monitoring powerhouse.

A time and space-level strong was killed, and Qin Tiange had already helped them a lot.

"Sorry, we are abrupt."

A group of princes and princes apologized in succession, and all knew clearly that Qin Tiange's help was over.

As for the future, how to fight the life court has nothing to do with him, whether it is destroyed or not.

"Let's go."

Qin Tiange swept around, retrieved the book of time and space, then turned and left here.

The heart of civilization has no secrets, and he has completely stolen the core mysteries inside.

As long as he goes back to enlightenment and outlines his own civilization, little by little, in the future, he will be able to consolidate a complete civilization.

It belongs to Qin Tiange and belongs to the heart of civilization of the human race. It is not controlled or restricted by any force.

Soon, everyone left the heart of civilization, blurred consciousness, and then returned to their bodies.

Huh!

Qin Tiange slowly opened his eyes and looked behind him, Li Luo was keeping his guardian.

"Tough work." Qin Tiange smiled at Li Luo with a smile.

Li Luo smiled, didn't speak, and stood quietly. At this time, Shangguan Xianer was awake.

"Thank you, Brother Qin!" Shangguan Xianer stood up and bowed down in gratitude.

From this moment on, Shangguan Xian'er will be regarded as the quasi-queen of the fairy queen. In the future, the whole fairy maiden will be under her rule.

Qin Tiange nodded and laughed: "After this battle, you may soon be able to break through time and space."

"Eh ..." Shangguan Xianer froze, then surprised, because she felt that her cultivation seemed to have faint signs of breakthrough.

Yes, from the heart of civilization, she had been stuck in the star master for countless hours and was completely released.

The fire of civilization was fused by her, and the luck stars were blown out, and the luck belonging to the fairy genre was completely integrated into her body.

It is equal to saying that her luck was blocked by her family because she was stolen and controlled, so she couldn't break through.

It is incredible that the entire fairies have not broken through time and space for a whole thousand years.

"It turned out that no one in my tribe had broken through the space-time barriers for thousands of years because the luck of this tribe was taken away."

Shangguan Xianer vaguely understood.

There was a horror in her face, and it was extremely terrible that someone had seized the luck of all nationalities.

What happens if you lose your luck? For example, races will decline more and more, and even natural disasters and man-made disasters will continue, and geniuses will have a lower chance of appearing, and even the strong will begin to appear faults.

Because of luck, it is not enough to support the birth of more strong people in this tribe, and eventually the ethnic civilization becomes weaker and weaker.

"I have sensed the gate of time and space. Within a hundred years, I will be able to break through the barriers of time and space and achieve the level of time and space. It turned out that everything was due to luck." Shangguan Xianer looked a little frightened.

Instead of being happy because of this, there was a creepy feeling. If Qin Tiange was not invited for this competition, she might not be able to get rid of the fate of her predecessors.

For a moment, she felt a sorrow in her heart, and a sense of rejoicing. Looking at Qin Tiange with a dull face in front of her, a wave of fluctuations appeared in her heart lake.

"Understood?" Qin Tiange looked at her expression and smiled. "It's good if you understand. Now the whole fairy's luck is coming to you, and your future is the source of hope for the fairy."

Yes, Qin Tiange can clearly see that a spate of luck is converging on Shangguan Xianer, which means that the luck is controlled by her, but it is on her. In the future, she will be the hope of the fairy.

Of course, there is also the threat from a higher level, that mysterious life court.

Breaking through this layer of shackles, the major ethnic civilizations in the Fairy Nebula may have a huge explosion, but they are even more dangerous.

“I see, thank you, Brother Qin.” Shangguan Xianer solemnly said something.

Soon, the fairy boat made a U-turn and directly advanced the space jump, shattered the space into it, and disappeared here.

The teams from other ethnic civilizations all turned around, as if there were flood beasts here, jumping in space and leaving.

This time, the competition of civilizations and races, instead, made all races directly out of the control in the deep.

Moreover, Qin Tiange here has obtained benefits beyond imagination, peered into the mystery of the heart of civilization, and ignited the fire of his civilization.

Even, for the first time, he really faced the space-time powerhouse for the first time, even if it was only one-dimensional time-space powerhouse, he still benefited a lot.

This harvest is invisible, but it can erupt in the near future and accomplish everything for him.

In the fairy boat, Qin Tiange kept Li Luo beside him, defended by the Pangu seal, and the Book of Time and Space isolated time and space.

“Li Luo, prepare, see the mysteries of time and space. After all, this era is different from your era.”

Qin Tiange solemnly said something, UU read the book www.uukanshu.com and then took out the one-dimensional space-time strong body, and the body of the orderer appeared.

This corpse contains the mysteries of time and space, and has been tempered by the power of one-dimensional space and time, and has extraordinary abilities.

Unfortunately, such a strong man is still destroyed by Qin Tiange. The Book of Time and Space isolates the space-time dimension, which makes it impossible for the space-time level to mobilize the power of the space-time dimension.

This orderer, when he met Qin Tiange’s freak, was considered unlucky, and eventually he hated it here.

“Open!” Qin Tiange and Li Luo sat cross-legged, and they joined forces to break open the corpse of the time-space orderer and peep at the mysteries of time and space inside the corpse.

This is to look at the secrets of one-dimensional space-time with the help of the opponent’s body, so as to grasp the power of one-dimensional space-time and achieve a breakthrough.

Uh ...

There was a slight gurgling sound in the body of the orderer, and a string of hair-like things were drawn by Qin Tiange and Li Luo together.

That's the breath of one-dimensional space-time, the power of one-dimensional space-time.

Chapter 847 - 1-dimensional secret, swallowing time and space

A wisp of strange breath was stripped out, floating in front of the two, more and more, and finally turned into a mysterious force.

That is the power of one-dimensional space-time, the power from the terrible dimension of one-dimensional space-time, which can decompose everything.

One-dimensional refers to a line, and one-dimensional space is a straight line. This dimensional force can decompose any creature that does not have one-dimensional power.

It's like lines of space and time, densely composed of one-dimensional space-time forces, sweeping through, breaking down any living body that has not reached the level of space-time.

This kind of power is terrible because it can't be blocked. Unless you can have the same time and space to fight, you can only be cut and broken by these one-dimensional lines.

"Originally, this is the power of one-dimensional space-time?" Qin Tiange looked at his eyes, looking at these strange lines.

This is one-dimensional power. With the help of one-dimensional power, the space-time class continuously trains the body and transforms the body into a one-dimensional form. Each cell has obtained corresponding changes.

Withstand the tempering of one-dimensional force, you can walk time and space with the help of one-dimensional force, but you can only walk on one line.

That is the same as the space-time tunnel. In the eyes of the space-time class, one dimension is a line and a channel leading to the galaxies of the universe.

With this in mind, you will be considered a true cosmic star powerhouse and will be able to travel across the vast and cosmic starry sky.

"The era is changing, so this is the space-time level?" Li Luo had a kind of enlightenment, and a strange ray of light bloomed from her body.

That is a kind of dimensional power. As an ancient creature of the First Age, Li Luo naturally has power beyond the level of time and space.

However, due to the changes of the epoch, the power system is different, and the rules of the universe are different, so they are limited and cannot break through.

Now seeing the mystery of real space-time level, the strength of one dimension, and the secret of dimension, she made her whole person consciously realize the signs of breakthrough.

Zizi ...

A strange weirdness bloomed in Li Luo's body, and time and space suddenly became confused.

Qin Tiange and Li Luo both disappeared into the fairy boat, appearing in a chaotic space-time, with endless chaotic dimensions all around.

“Here, it is a time-space interlaced zone. It turns out that the power of the epoch is different.” Li Luo’s eyes brightened and he realized the secret.

Qin Tiange’s eyes glowed with radiance, seeing through time and space, the dense space and time dimension, and really saw it for the first time.

At this moment, above his head, a spatio-temporal door emerged, and a series of spatio-temporal orders penetrated the blood of the body, densely locking him.

This is a restriction that makes it difficult for Qin Tiange to remove these chains of order, but he has no intention of removing them.

“Can you devour these chain of time and space order?” Qin Tiange thought in his heart.

He didn’t think of breaking up the order of time and space, but devouring it and turning it into his own thing, even the door of time and space had an idea.

The gate of time and space is a strange treasure. If it can be swallowed and completely occupy this gate of time and space, can it become one of its own?

Uh ...!

Order was rampant, and the door of time and space shook, as if feeling a threat, even shaking voluntarily.

Seeing this, Qin Tiange looked weird, his eyes became brighter and brighter, with a burning light, staring at the door of time and space, as if he saw delicious.

“Huang, you are going to swallow the time and space door?” Li Luo was startled and asked in horror.

Qin Tiange slowly nodded, and smiled, “Can’t it? Space-time gate, plainly speaking is a form, the gate of time-space dimension.”

He looked serious and said with a look of expectation: “If you think about it, if you can completely control the gate of time and space, can I travel in any dimension?”

This kind of thought is too scary. No one has ever thought about it. It may have taken time and space. Some people may have thought about it, but it has not succeeded.

Qin Tiange’s thinking is understandable, because he has the gift of time and the power of space. The fusion of these two forces is time and space.

As long as you swallow the gate of time and space and integrate the two powers of yourself, you may really be able to create a powerful and terrific gift of space and time.

“Li Luo, you understand the mystery of the dimension of time and space. You are ready to break through. I want to see if I can realize my idea.” Qin Tiange said this seriously.

Li Luo bowed his head, without further comment, carefully comprehending his own understanding, there is no secret of space-time level.

It is only limited to the mystery of the epoch, it is limited. Now that I have mastered the mystery of time and space in this epoch, there is nothing to stop her from promoting.

boom!

Li Luo suddenly broke through the interlaced dimension of time and space, stepped directly into it and disappeared.

She broke through, looking for a suitable hidden space-time dimension, traveling through it, drawing on the power of the dimension inside, and completely transforming.

As for Qin Tiange, he began to try his own ideas, devouring the order of time and space, and even the gate of time and space.

That is, eat!

He must not only eat the chain of time and space, but also eat the door of time and space to take complete control of this thing.

Click!

I saw that Qin Tiange really grabbed a chain of order and bit it up with a rattling sound, which was sour.

He actually bite the chain of time and order, and really wanted to eat these chain of order, which was appalling.

“The order of time and space is an energy. Why can’t it be swallowed?” Qin Tiange frowned, his unbelief erupted directly, his teeth were fierce, and his horrible sharp edges appeared.

With a little whistle, when I really bite on a chain of time and space order, a slight crack appeared.

The chain of time and space order was actually bitten by him, and the force of space and time poured out and was swallowed into his stomach.

“It’s delicious, and the taste is really extraordinary.” Qin Tiange swallowed the power of time and space, and his eyes suddenly lighted.

Not really delicious, but swallowing the power of time and space, can actually strengthen their time and space capabilities.

After discovering the benefits, Qin Tiange was full of energy and teeth, and bite open the chain of time and space.

He bit his arm around the chain of time and space, and bite by bite.

As he ate more, the heart of time in the body was strengthened, and the black particles in space continued to boil and burn.

One silver, one black, two strengths, rapid growth and constant growth, made Qin Tiange even more excited, and finally took a bite and swallowed a chain of time and space order.

Wow!

At this time, the chain of order was dancing wildly, and coiled in Qin Tiange's body, as if feeling a threat.

They counterattacked, they had to counteract instinctively, but Qin Tiange was eaten a little bit.

In the end, all the chain orders of time and space were eaten clean by Qin Tiange's crickets, which were really clean.

Above the head, the space-time door constantly emits the sound of vibration, and those broken space-time orders are like crazy hair dancing and want to re-enter.

Unfortunately, the gate of time and space was inserted by the ancient sword, and even blocked by the seal of the emperor. The two forces combined to block the gate of time and space, and no more power could flow from the inside.

“it's your turn...”

Qin Tiange's eyes were dim, staring at the door of time and space, licking his lips as if he didn't eat enough.

He stepped forward, approached the door of time and space, and directly pulled two chains of time and space order, breaking his stomach and swallowing.

“Open a rift, I'm going to swallow the time and space door.”

Qin Tiange looked serious and said this sentence. Immediately, the ancient sword and the Emperor Yin printed together, and slowly opened a gap.

boom!

Suddenly, an endless stream of time and space gushing out from the inside, impacting Qin Tiange and drowning him completely.

This is to destroy this guy who dared to devour the gate of time and space. It is so scary that he wants to devour the gate of time and space.

“rise!”

Suddenly a roar came, and the low roar sounded like a horrible chaos demon rumblingly breaking through the torrent of time and space. In front of him, the huge space-time gate directly turned into a small bean.

Bang!

A hand came over, grabbing the space-time door, stuffed it directly into the mouth, swallowed up.

With a grunt, Qin Tiange swallowed the entire space-time door, and then, his huge body was in the chaotic space-time dimension.

Uh ...

Inside the body, a terrible clang came out, and a terrifying force of time and space broke out, raging the body, but was suppressed by Qin Tiange.

He swallowed the space-time gate directly, and began to digest in the body. He wanted to completely swallow the space-time gate and turn it into his own thing.

At this time, the black holes in Qin Tiange's body opened madly, sending out terrible devouring power, obliterating the space-time door.

Thousands of black holes in the body erupt at the same time. What a horror?

Chapter 848 - Make your own way

The rumbling sound came out of the body, as if it were ground breaking, a burst of strong light was emitted from the body, shining through.

Vaguely, there is a door in the body, which is swallowed and twisted by thousands of black holes, trying to tear the door.

The power of endless space-time order is flowing, and Qin Tiange is to be destroyed, but no matter how much space-time power is flowing, he is absorbed.

Uh ...

Chains of order fluttered, like thousands of snakes shuttled in Qin Tiange's body blood, spreading his whole body.

This chain of order turned into blood cells, crisscrossing it, and finally locked the whole body up and down.

Qin Tiange didn't worry, he was locked by countless time and space order, but he opened every cell of the body unhurriedly.

Poppy ...

With the sound of a fried bean sound, the cells opened one by one, like black holes one by one, suddenly releasing the horrible devouring power.

Suddenly, the endless devouring power poured out, chaos surging, and the chains of order were completely swallowed into the cells.

That's right, every cell of Qin Tiange turned into a black hole, and even swallowed up, swallowing chains of order into the cells.

The crunching sound of Kacha Kacha kept coming out, and those order chains were like enemies, shattered and swallowed into the cells.

At this moment, the space-time gate really felt the threat, but unfortunately it couldn't escape, and it was finally broken up by thousands of black holes.

boom!

The door of time and space exploded, crushed by thousands of black holes, and eventually turned into endless energy that swept the whole body.

As the door of time and space smashed, an endless storm of space and time sprang up inside, and a terrible stream of space and time poured out.

At this time, in the heart of time, the black particles of space poured out and began to devour, madly grabbing this endless stream of time and space.

It contains the power of time, space and even dimensions. Qin Tiange's body began to show cracks, but it was quickly repaired.

One tear, one repair, just go back and forth, and continue to be repaired after being torn apart.

In this process of death and life, the body becomes more and more tyrannical, and the space-time order begins to surround the body surface.

That is, the cell has swallowed up the chain of time and space and turned it into a kind of self-defense instinct, like the dense chain of order surrounded by the cell.

This kind of power is derived from the cells of the body itself, and starts to become more powerful, transforming towards the physical body of space-time level.

Qin Tiange did not push open the space-time door, nor did he step into it, but directly swallowed the space-time door.

Inside the body, the space-time door was completely swallowed by him, which is equivalent to eating his own stuff.

Generally speaking, as long as you open the space-time door and step into it, the door will disappear and it will not appear in the future.

But Qin Tiange swallowed the door directly, which is equivalent to completely refining the door of time and space, and even disappeared.

The power of more than a thousand black holes, combined with chaotic elemental fires, crushed the gate of time and space and directly devoured their own things.

This does not step into the space-time door, can it be considered a space-time level? Qin Tiange is not clear, but he knows that he is in control of something extraordinary.

The space-time door did not disappear, but in his body, completely transformed into a part of himself, which is equivalent to the time-space door integrated into the body.

Devouring the gates of time and space, Qin Tiange felt as if he had become a gate, together with the world of various dimensions, and could even easily draw out the power of various dimensions.

Of course, the premise is that he can withstand the scouring of this power, strange and horrible phenomena, which are unimaginable.

“One-dimensional strength, temper the true body.”

With a low drink, accompanied by a roar, a black hole in Qin Tiange's body suddenly burst into a terrible energy.

That is the power of time and space. It contains time, space, and dimensional power. It is extremely chaotic and terrible.

These forces surged wildly out of the black hole. It was incredible that Qin Tiange's black hole seemed to constitute a bridge of time and space.

Swallowing the gate of time and space and merging into the black hole of the body immediately caused the black hole to connect endless space and time, and opened it directly to draw out infinite energy.

There was a crackling sound, Qin Tiange's body burst, and a storm of time and space burst out, billowing and mighty.

In his body, it is exactly the place of the storm of time and space, which is full of the chaotic power of time, space and dimensions.

The silver time particles are constantly floating, and there is also a black space particle. The two particles are entangled with each other and eventually become space-time particles.

Each space-time particle is a point, as if it is a singularity in space-time. Gradually, countless space-time particles converge into a line.

That is the one-dimensional space-time line, which belongs to one-dimensional power.

boom!

Cunningly, a terrifying blast came from Qin Tiange's body, just like the explosion of time and space, full of the impact of destruction.

The flesh and blood flew apart, leaving only a pair of sensen skeletons, constantly flashing silver and black.

That is the result of the entanglement of time and space particles, the bones are extremely strong, and only one heart is still beating.

Zizi ...

I saw a sudden burst of noise on the skeleton, and the invisible particles of time and space were constantly intertwined, and gradually began to build a new flesh and blood, which was quickly derived.

Flesh and blood were reborn, and Qin Tiange's body recovered again perfectly, becoming more powerful and no longer destroyed by the explosive force of space-time particles.

The particles of time and space are extremely terrible and can wipe out matter, and they almost wiped out Qin Tiange's entire body just now.

Fortunately, he had the heart of time and space particles, so he wasn't blown away. At last, he took the opportunity to jump up and die, and finally made a breakthrough.

Qin Tiange's physical body now is a space-time-level body. In addition to the power of chaos in each cell, there is also a power of space-time particles.

This force created a phenomenon that every cell in the body was evolved into a black hole.

It is as if Qin Tiange's body cell at this moment is a singularity. A new body is composed of numerous cell black hole singularities, full of horror power, and every action seems to shake time and space.

Huh!

Qin Tiange opened his eyes suddenly, two beams of terror shattered time and space, revealing two cracks in time and space.

He looked cheerful and said to himself: "This is the power of time and space. The body seems to be connected with endless time and space, and the power is endless."

Speaking, Qin Tiange stood up slowly, with a look of relief that he had never seen before, as if he had taken off a layer of shackles.

That is the shackles of time and space. From now on, endless time and space can no longer restrain his body, and traveling in time and space will become one of his most basic abilities.

Moreover, unlike other space-time classes, he only relies on the power of the space-time dimension, but completely treats the body as a container.

Every cell in the body contains a stream of space-time particles. If it bursts out, it will be a terrible destruction.

Others rely on the power of time and space, but Qin Tiange devours and absorbs the power of time and space and uses it as his own ability, which is fundamentally different.

Maybe someone can block the dimension of time and space, so that the strong at the same level cannot use the power of time and space, but no one can stop Qin Tiange's connection with the endless dimension of time and space.

Because in his body, each black hole forms a strange thing like the gate of space-time, connecting the space-time dimension.

As soon as the black hole is opened, there will be endless space-time power, and there is no fear of exhaustion and blocking.

“Me, time or space?” Qin Tiange said to himself, with a smile on his lips.

Is he now considered a space-time powerhouse? Because Qin Tiange did not step into the gate of time and space, he did not leave his mark in time and space at all.

Equally, everyone thinks that he is a star-level creature, but does not think he is a strong person in space-time.

No one can see through the terrible black holes in his body, running through endless space and time, connecting the dimensions of space and time, and introducing infinite power of space and time.

boom!

Qin Tiange moved a little, and his body shook around the space and time, causing chaos and cracks in space and time.

It was really powerful. Shredding time and space is really easy for Qin Tiange now, and finally he can travel the starry universe as he pleases.

Huh!

Qin Tiange's body returned to its original size, stepped out of the space-time tunnel, and returned to the starry universe.

He looked at a huge star in front of him and suddenly raised his hand and pointed it out.

As I saw, a huge star separated by at least hundreds of thousands of kilometers was directly distorted by inexplicable power and disappeared instantly in an instant.

That planet is gone, the space and time around it is distorted, gradually subsides, and it has completely disappeared.

“This is the power of one-dimensional space-time?”

At this point, Qin Tiange spread his palms, mumbling at a black particle floating on his palm.

It was a black spot, with a breath of horror, as if it were a kind of horrible energy that exudes world-wide fluctuations.

This black dot is a space-time particle, a singularity, and even the previous star, which was instantly turned into a singularity by Qin Tiange.

“go with!”

Qin Tiange flicked gently, and the star compressed into a singularity turned into a black line across the starry sky.

Then he smashed into another star instantly, and only heard a whistle, that star directly annihilated and disappeared, completely annihilated into nothingness.

This is the one-dimensional power, which directly penetrates everything into one dimension, turning it into a singularity in space and time, producing a force of annihilation.

“This is one-dimensional power.” Qin Tiange said to himself, turning and stepping into time and space.

He shuttled in a line ~ www.mtlnovel.com ~ It was a space-time tunnel, but it was exactly a one-dimensional space-time line.

call!

For a moment, he returned to Xianxian’s room as if he had never left.

At the same time, Li Luo, who entered the endless time and space, returned, stepped out of the one-dimensional line, and stood beside Qin Tiange.

She has completed the promotion, and the whole person has become different. It seems that it is not the same as time and space. No change in Li Luo can be seen.

However, Qin Tiange knows that Li Luo has really broken through the space-time level, and that it is not the kind of stepping into the space-time gate, but has a different path like Qin Tiange and went his own way.

Suddenly a violent sound came, and the whole fairy boat trembled, attracting the attention of Qin Tiange and Li Luo.

“what happened?”

Qin Tiange frowned, put away the seal of Pangu, and went out with Liluo, but saw the people in the whole fairy boat mess up.

Chapter 849 - Wu Chuang restricted area, star ghost

The fairy boat trembled and encountered horror. Countless people messed up, and the strong women of the fairy maiden flew out, each occupying a fighting position.

“Encountered by unknown creatures!”

“Everyone is ready to fight!”

An audible alarm came, and the whole fairy boat entered a combat state. A horrible divine cannon opened, and the energy was shining.

Qin Tiange and Li Luo came out, just seeing Jingshan and Hongyu with anxious faces outside.

“Lord!” Jingshan and Hongyu were relieved to see Qin Tiange coming out, apparently just anxious.

Qin Tiange frowned, looking at the crowd around him, and asked, “What happened, was the ship attacked?”

“Yes, Lord.” Hongyu explained immediately, she said, “Lord, the fairy boat was attacked by unknown creatures. Shangguan Xianer instructed that if the Lord came out, go to her.”

“Let’s go!” Qin Tiange bowed his head without saying more, and took the three of them to the command room where Shangguan Xian’er was.

There are many combatants gathered here, one by one, powerful and unmatched. They are all the strong women of the fairy genre and the loyal guards of Shangguan Xianer.

“Brother Qin, you’re here. Our fairy boat jumped wrong and broke into a restricted area on the mainland.” Shangguan Xian’er said anxiously.

Her explanation made Qin Tiange understand that it turned out that the fairy boat had made a mistake when it just made a space jump and broke into a restricted area of the mainland directly.

After hearing this, Qin Tiange looked weird, looked at Li Luo, and knew what was going on.

Generally speaking, the technology of space jumping is very mature and can’t go wrong at all, but it just happened.

The only explanation is that there is energy that affects space jumps, that is, the force of space and time can affect space jumps.

Before, Qin Tiange and Li Luo tore apart the space-time and directly entered the chaotic space-time interlaced with space-time. After coming out, they just took a trace of the power of space-time confusion.

After thinking about it, Qin Tiange inevitably felt a little embarrassed and touched his nose, but didn’t say much.

boom!

The immortal ship shook violently, as if it had been attacked by a terrible creature. Outside, dark clouds rolled, endless fierceness pervaded, and it was shocking.

The entire immortal ship was hit violently, and the powerful vibration caused violent fluctuations in the energy defense wall, which was broken at any time, and the alarm sounded harsh.

“Not good. The energy wall factor has dropped by 40 percent.”

A monitor looked at the energy defense data in horror, but suddenly lost forty percent, which was horrible.

This fairy boat can defend against any star-level strong attack, and it cannot be broken any more, but the only thing that cannot be defended is space-time.

Thinking of this, Shangguan Xian'er's face changed slightly, and he was startled, “Does sometimes space-level creatures attack us here?”

boom!

The voice had just fallen, and there was another violent shock, and then a crisp sound came into the whole fairy boat, and everyone looked at the energy defense wall blankly.

Cracks spread, and then slammed apart, the fairy ship's defense was broken.

“Fire!”

“Fight back!”

Almost immediately, Shangguan Xianer ordered that the dense energy cannon roared above the immortal ship, sending out a terrifying light of destruction.

Countless **** ore was dissolved, gathered into a stream of extinct **** light, hit the dark clouds rolling in the sky.

A loud rumbling came, the black clouds collapsed, the light of the gods was vast, and the tears continued there.

Gradually, when the divine light dissipated, a behemoth hidden in the dark cloud was revealed.

Huh!

A fierce roar came, and the prestige was shocked. The roar passed into the fairy boat and directly killed some weak people on the spot.

Many people were taken out by Zhenfei, and they were seriously injured.

Just a roar caused such a horrible scene. The hull of the fairy ship was crumbling, and a crunching noise came from it.

“Oh my God, this is the ghost of the starry sky?”

A terrifying scream came, waking everyone up, looking up, dark clouds covering the sky, and a huge creature squeezing over the fairy boat.

In front of it, a huge immortal ship is exactly like an ant and a star, this is a terrible starry ghost.

The ghost of the starry sky is rumored to be a plankton from the starry sky. It reminds of nothingness and is scarce. It is hard to see.

Only in some dead starfields can you see such starry ghosts wandering.

However, how can there be a starry ghost here? This forbidden area is no wonder that it is a restricted area. There was originally a starry ghost living here.

“The ghost of the starry sky?” Qin Tiange squinted his eyes and looked at the terrible plankton.

Its body is very large, it is really incredible, the whole body is like a dreamless body, hazy, like a cloud.

It is more like a huge nebula wandering in the dull and dark star field, this is the starry sky ghost.

Moreover, the most terrifying aspect of the starry ghost is that it is immune to any physical strike, and can even reduce various energy attacks.

In other words, when the star master meets the ghost of the starry sky, he must drink and hate it because he cannot hurt the other party.

And you are easily injured or even devoured by the other side. This is the terrible thing of the starry ghost.

Unless, sometimes, the power of the space dimension strikes to completely destroy this terrible starry plankton. Unreal and unreal things do not seem to exist in the real world, between real and unreal.

“Hmm ...”

The ghost of the starry sky opened the mouth of the star basin, and roared suddenly, the sound of waves rolling down, causing a blow of the will level, one wave after another, the star master vomiting blood one by one, and wounded.

Shangguan Xianer's brows glowed, blocking the sound wave, while Qin Tiange and Li Luo were expressionless and looked at the plankton quietly.

“Princess, give up the fairy boat and run away.”

At this moment, an old figure appeared, looking at the terrible starry ghost with a grim look.

She is a personal guard of Shangguan Xianer, with the strongest strength. It is rumored that she has touched the boundaries of time and space.

But she couldn't break through, because the fairy's luck was exhausted, and she couldn't support her to break through the space-time level.

“Mother-in-law, I can't leave everyone, so how will I lead the fairy race in the future?”

Shangguan Xian'er's face was unshakable, his eyes showed a fortitude, and he didn't want to escape at all.

If you have run away now, how will you lead the entire fairy clan in the future, or will you continue to give up the people and run away?

What else can we talk about to become the emperor and lead this tribe?

“However, we are not the opponents of the starry ghosts at all, unless sometimes the space-level strong.” The old woman said solemnly.

Shangguan Xianer had a complex expression. Looking at the people who were shocked by the consciousness around him, almost all the people on the whole fairy boat were wounded, which meant that the fairy boat was paralyzed.

“Brother Qin, can you please help me?” Shangguan Xianer turned back and looked at Qin Tiange seriously.

Before she finished, Qin Tiange understood what she wanted to say, and shook her head and smiled, “Isn’t it just a ghost of the starry sky between fantasy and reality?”

“Need to be so pessimistic?” Qin Tiange finished, Shangguan Xianer, and the old woman was stunned.

The two looked at him with no words in their hearts, and the ghost of the starry sky couldn’t kill them. This is a kind of understanding among various races ~ www.mtlnovel.com ~ However, Qin Tiange didn’t think so much. Kill the starry ghost.

Illusion is a cloud in front of tyrannical will, no matter if you are real or illusory, anyway, as long as it is the level of energy and matter, it can be destroyed.

The ghost of the starry sky, to be clear, is the soul and the real body, strange and powerful, but not immortal.

Qin Tiange looked at the open-air mouth to swallow the ghost of the starry sky of the immortal ship, and he turned his head and said something to Li Luo.

“Li Luo, grab it for research, I think this thing may be useful to us.”

As soon as the words fell, Li Luo’s figure disappeared. No one except Qin Tiange knew how she disappeared.

Huh!

The next moment, the huge starry ghost suddenly heard a miserable roar, looking very scared.

Everyone couldn’t help looking up, and immediately saw a scene that shocked them.

Chapter 850 - particle

In the void, a terrifying roar came from the dark sky, showing fear and fear, as if something had happened.

The ghost of the starry sky, the huge body like the sky, presses on the sky above the immortal ship, covering all the sight.

I saw that the dark sky suddenly contracted quickly and turned into a point in a flash.

“Yi” the starry ghost screamed, his voice rolling, getting weaker, and finally disappeared.

Even the huge body with it disappeared, and disappeared strangely in front of everyone. In the fairy boat, everyone was dull, staring blankly at the empty void.

In the restricted area, the boiling mist was gone, and the terrible starry ghost disappeared in front of everyone.

“Eliminated?”

Some people are aggressive, watching this scene, they do n’t understand what happened, how can the terrible starry ghost disappear in such a blink of an eye?

Not to mention ordinary people, even the star-level powerhouses are aggressive, looking at all this silly.

“What about the starry ghost?”

The old fairy of the mighty fairy clan was full of horror, looking at the disappearing starry ghost, and before he understood what was going on, he saw a figure walking down the void.

It was Li Luo, who had disappeared before. Now he walked back from the void, crossed the fairy boat, and stepped in front of Qin Tiange.

“Hwang, it has been banned.”

Li Luo whispered softly, handed a black particle on the palm of his hand, and caught the attention of Shangguan Xianer and the old lady.

The two eyes were burning, staring at the particle, and they were horrified, realizing that the particle might be the ghost of the starry sky before.

From that weird particle, the two felt the terrible breath, the terrible breath belonging to the ghost of the starry sky.

“Space-time level?” Lao Yao’s face shook with shock, looking at Li Luo’s eyes changed.

And Shangguan Xianer’s pupils contracted, looking at Li Luo’s bland expression, as if it was effortless to catch a starry ghost.

They didn’t even see how the ghost of the starry sky was caught, and how did Luo Luo catch the seal of the starry ghost?

There wasn’t even a fierce fight, the powerful starry ghost fell on Li Luo’s hand, and that strange ability was beyond imagination.

“Space-time level must be a time-space-level powerhouse.” Shangguan Xian’er was shocked by the waves.

She looked at Qin Tiange’s calm face, and it seemed to have been expected that the peerless woman beside her who hadn’t spoke much at all turned out to be an extremely powerful person in time and space.

It seems that Qin Tiange’s personal guard is simply incredible. A time and space guard, this is amazing.

“That’s right.” Qin Tiange took the space-time particle, which was a singularity, and the starry ghost was sealed inside.

The ghost of the starry sky looks very strong, but in front of the space-time level, it is really the delivery of food, although the opponent is also a space-time level creature.

However, it was still not enough to face Li Luo, and he was sealed into the singularity of time and space without any resistance.

It is not that the starry ghost is not strong enough, but Li Luo is too scary. As an ancient creature, her strength is a mystery.

“Well, the danger has been lifted. The starry ghost is enclosed in the particles of time and space, and I will take it back to study it.” Qin Tiange said to Shangguan Xianer with a smile.

The latter was awakened, a bright smile appeared on Qiao’s face, and he proclaimed, “Brother Qin, you have the final say. I did not expect that Brother Qin was sometimes guarded by an empty god.”

Said, Shangguan Xianer glanced at Luo Luo who was standing behind Qin Tiange quietly. Such a beautiful woman might be willing to follow Qin Tiange?

“It’s just space-time. You can break through soon. Hope, you and I can see you again in the future.” Qin Tiange said with a smile, and didn’t care.

The space-time level is just a level of cultivation, not the end, and there is nothing to be proud of.

After listening to frowning, Shangguan Xianer asked, “Brother Qin, are you leaving?”

She heard that Qin Tiange was about to leave, and she was inevitably reluctant and anxious, and then she left?

Qin Tiange is leaving, which means leaving the Fairy Nebula and returning to the Milky Way. The two galaxies are separated by 2.5 million light-years.

“Yes, I am ready to return to the Milky Way.” Qin Tiange nodded gently, grasping the space-time particle, turning it gently, looking at the sealed starry ghost inside.

He looked out at the stars and whispered, “It’s been a long time since it’s time to go back.”

Qin Tiange’s thoughts had already flown to the Milky Way and to the earth, and he wanted to return to the earth.

He doesn’t know what’s going on on the earth right now. He has to go back and build a leading-edge base station on the galaxy that leads to the four dimensions of the galaxy.

“Brother Qin, I haven’t known your identity since I met you, can you tell me?” Shangguan Xian’er didn’t stay, but wanted to know the specific identity of Qin Tiange.

For example, what kind of race is Qin Tiange, at least you must know this, otherwise you don’t understand anything and panic.

Qin Tiange looked at her, his eyes flickered slightly, and asked, "Are you sure you want to know where I come from?"

"Yeah!" Shangguan Xianer nodded fiercely and looked at him seriously: "Brother Qin, you and I are friends, you know my identity information, but you and I know nothing."

Looking at her serious expression, Qin Tiange smiled, a ray of light condensed at his fingertips, and clicked on the eyebrow of Shangguan Xianer.

The latter did not dodge or dodge, leaving Qin Tiange's fingertips to the eyebrow, a ray of light passed through the sea of knowledge, and a message came.

Incorporating this information, Shangguan Xian'er was completely stunned, and the whole person stayed as if seeing something that shocked her.

She opened her mouth a few times and eventually didn't say it. Since Qin Tiange only told her one person, it proved that she didn't want anyone outside her to know.

"I see, Brother Qin, my Shangguan Xianer will always be your friend. In my case, it represents the entire fairy genre."

Shangguan Xianer said this sentence solemnly, so that the old lady next to her face turned wild, this is on behalf of the entire fairy clan.

Of course, Shangguan Xianer has this ability and identity to say this, because after returning, she is the next empress of the fairy genus.

"Ha, with your words, I'm not in vain. I will see you again in another day." Qin Tiange smiled cheerfully, feeling a firmness and sincerity from the words of Shangguan Xianer.

That's right, Shangguan Xianer knew Qin Tiange's identity, but he had a firm belief that it was to become friends, not enemies.

Not to mention anything else, just say that this time Qin Tiange helped her to get rid of the fate of being controlled, and even cut off the fate of civilization of all ethnic groups.

This is a kindness. The decision of Shangguan Xianer was actually not this, but Qin Tiange.

"Farewell!"

Qin Tiange smiled and bowed his head, stepping in the void, and took Liluo, Jingshan, and Ruby out of the boat.

Stepping out of the fairy boat, Qin Tiange turned around and looked at Shangguan Xianer on the fairy boat. The two looked at each other for a long time.

"Hope, we will see you again in the future, we are still friends." Qin Tiange said with a smile, and turned around with the three Luoluo to tear time and space, disappeared in an instant.

Seeing this, Shangguan Xian'er was shocked, and a look of surprise appeared, because she saw Qin Tiange tearing a one-dimensional space-time tunnel.

“Space-time level, he is also space-time level?” The old woman exclaimed, really scared.

I never thought that the people associated with Shangguan Xianer turned out to be space-time powerhouses, and the two space-time levels were really shocking.

Not to mention her, Shangguan Xian'er was holding her back, her heart shaking, her confusion about Qin Tiange's speculation became more and more confused.

Previously, she thought Qin Tiange was a star master, half a step in time and space, just like her, but now it seems not.

“Brother Qin, it seems that I still don't know you.” Shangguan Xianer muttered to himself.

The previous message from Qin Tiange contained the origin of Qin Tiange. He did not hide it, but told her that she was a human race.

The human race, here in the Fairy Nebula, is completely a lower race. Each race has a human slave. The fairy race is no exception.

Thinking of this, Shangguan Xianer frowned, and suddenly realized what Qin Tiange said before leaving.

See you tomorrow, if not friends, then enemies.

“The former universe dominates the human race,” Shangguan Xianer said to himself, then his expression was firm and he made a decision.

“Mother-in-law, after you go back, you bring me all the slaves in the clan ~ www.mtlnovel.com ~, and don't leave any of them behind me.”

Shangguan Xianer suddenly said, let the old man stop, still did not understand how the fire.

Seeing Shangguan Xian'er continued, “Remember, don't bully, I need you to bring it intact, who will stop and kill.”

This revelation revealed a sense of murder, with an unquestionable will, and a faint ray of emperor's majesty gradually pervaded his body.

Shangguan Xianer, the next emperor of the fairy maiden, finally set foot on her own stage.

“Observe!” The old lady shook her heart, took the lead seriously, and did not dare to neglect, this was the first order of Shangguan Xianer.

Human race, but there are many slaves here, at this moment, the future emperor of the fairy race finally made a decision.

Since you are friends, you cannot be enemies. See you soon, you will not be enemies, but you will still be friends.

This is the meaning of Qin Tiange's sentence before he left. He is from a human race. It is such a brief message, but Shangguan Xianer has learned a lot.

For example, Li Luo had suppressed the ghost of the starry sky before returning to Qin Tiange's title. That emperor represented Qin Tiange's identity.

“Human race, Emperor?” Shangguan Xianer muttered to himself.

She had a complex look, and the person she never wanted to invite herself turned out to be the lowest-ranked people of all races.

Moreover, Qin Tiange was full of fog and couldn't see through it. He just showed a powerful force, which was a kind of shock.

You can be friends, but you must have sincerity. Shangguan Xianer understands Qin Tiange's meaning, and then orders to bring all the slaves of the whole fairy race, that is, to release them.

If you can't even do that, you won't be able to become friends, and bye bye will be the enemy.
