Chapter 86 - Strange bacon

In front of the Weiner Hotel, a group of uninvited guests, more than two hundred people, was led by a young man wearing an armor, holding an electromagnetic light blade, all the way to kill the zombies blocking the road.

flutter!

Moda chopped off a zombie head, stepped on it and dug out the brain crystal, and enviously said: "Brother Qin, your laser knife is too powerful. When do I have one?"

He looked at the electromagnetic light blade in Qin Tiange's hand enviously, he felt itchy, and wanted to have such an electromagnetic light blade.

Like everyone else, he stared at the light blade in his hand with envious and longing eyes, and gave me strength.

"This is not a laser knife, but an electromagnetic light blade." Qin Tiange chopped off a zombie head, explained after removing the crystal nucleus.

The laser knife in his hand is not a laser knife, but an electromagnetic light blade. The laser knife is different from this, just like the laser gun and the electromagnetic light gun are two different products.

"Don't be envious, everyone will have even better things in the future." Qin Tiange smiled and encouraged everyone with an envy.

Later, he stood in front of the huge hotel door and looked a little, and found that the hotel door was open, and there were still a few zombies swaying, guessing whether there were any survivors inside.

"Morda, close the door!" He commanded and rushed in first, slashed several zombies inside, and Moda and others immediately stepped forward and closed the hotel's door with a few boys.

Outside, a large number of zombies were attracted, but Qin Tiange and others had already entered the hotel and closed the door again.

"Everyone be careful, divide into two teams to check and clean up one by one."

After Qin Tiange finished speaking, he led a group of people into the hotel lobby. Liu Ye brought a group of girls with him. As for the other team led by Moda, Long Xiaoya followed with half a steel crossbowman.

Yang Xiaolin took the long-sought to split into two parts, followed the two teams to clean up the hidden safety hazards in the hotel.

As for the more than eighty ordinary people who followed up, they were divided into two parts, and they followed the two teams to clean up the hotel lobby.

There are not many zombies in the lobby of the hotel. There are dozens of them scattered. They were quickly cleaned up and started to go up to the second floor.

There are a few more zombies on the second floor, and there are actually hundreds of them, but these people are not enough to see Qin Tiange, and they are cleaned up soon.

When the crowd came to the third floor of the hotel, they saw a buffet hall, which was full of dense meat. This was bacon. There were no zombies in the hall, which seemed strange.

What's even stranger are those bacon, how can there be bacon in the hotel cafeteria? Who hangs here is a little weird at first glance, and it feels like something is wrong.

“Bacon?” Qin Tiange saw the bacon at first glance, his pupils shrank, and he stared at them twice, his heart could not help but flash of murder.

Moda and others looked around and found that there were no zombies, and then looked at these bacon strangely one by one. Many people saw the bacon and couldn't help remembering that they hadn't eaten meat for a few days and could not help but drool.

“Bacon, it's so fragrant, I haven't eaten meat for several days.”

“Yeah, my stomach is screaming.”

A few people touched the bacon hanging here, swallowed, and touched their stomachs. They hadn't eaten a good meal for several days, not even rice and meat.

I looked at the expressions of these people, Qin Tiange sneered at the corner of his mouth, did not explain, ignored the talk of these people, and waited for them to vomit.

“Muda, vigilance, one by one search, be careful of zombies, especially the survivors here.” He said such a sentence, came to the door of an ordinary standard room alone.

Suddenly Moda and others listened to him, it was strange, why be careful of zombies and survivors? Of course, weird and strange, they still carried out honestly, carefully searched from room to room, cleaning up possible zombies and other dangers.

“Xiaoya, don't you think there is something wrong with these bacon?”

In the girls' team, Liu Chang'e's eyebrows kept squinting, her eyes flickered, and she constantly looked at those dense bacon, always feeling something wrong.

Long Xiaoya on the side nodded slightly and stared at a long bacon for a long time before whispering, “I have seen many kinds of bacon, but I have never seen such bacon. I have an unpredictable feeling in my heart. . “

“Me too, the moment I step into the hotel, I feel uncomfortable, as if I didn't walk into the hotel, but in a dark place.” Wu Xinlan said cautiously beside her.

Click!

The door of the room is opened. Inside is a standard double room, two beds, a bathroom and a balcony.

The moment he opened the door of the room, a stinky smell rushed out, making Qin Tiange's brow unbearable for a moment, and then his pupils shrank, staring at the room full of dense bones.

Yes, that's the bone, that's the human bone. When I saw these bones, there were at least 20 of them, which looked very incomplete, more like they were chopped up.

Xu gently, Qin Tiange closed the door, his face was gloomy, so that Liu Yan and others who followed him were very puzzled.

“Ten Ge, what's wrong?” She asked, worried.

Qi Qin Tiange shook his head and sneered: “Look at it yourself.”

After speaking, he walked directly to the door of a standard suite not far away, leaving only Liu Yan who was curious and opened the door.

“what...”

The next moment, Liu Yan and others whispered and screamed, they were stunned by the scene in the room, startled, the white sheets were all black, it was blood, all over the floor. The bones were scattered everywhere, and there were more than twenty people faintly scattered.

Wu Xinlan's face turned pale, and she turned her eyes in horror and closed her eyes. After a squirm in her throat, she stooped and vomited. She vomited all the dry food she ate today.

“Everyone come!”

Suddenly, Qin Tiange's expression was gloomy, his eyes were filled with icy killings, and the cold words could not help fighting a cold war.

Moda and others gathered immediately when they heard, and looked at him nervously, especially after opening the door of the room here to see the scene inside, everyone's face was not good.

“Qin brother, there are some bones in the room over there, big and small, I guess it should not be zombies, but man-made.” Moda put forward his own opinions directly.

Qin Tiange Han sneered, he said with a sneer: “These bones were killed by nature. There are survivors in this hotel, but be careful, once you see other living people, no matter who gave me the first time Down and grab, rebels kill, remember?”

“Remember, Brother Qin!”

“remember!”

They didn't know why Qin Tiange ordered it, but they felt something wrong, and immediately realized there was a problem in the hotel.

Qi Qin Tiange sneered, and looked at the standard suite in front of him, which also had a large pile of human bones, which were cut bones.

He took another look at the bacon hanging in the outside hall, and with a slight twitch of his mouth, his heart became colder, and almost all the killings came out.

The crowd continued, carefully inspecting and cleaning all the hotel rooms. There was no zombie on the third floor, but only a pile of bones and dense strange bacon.

“Xiaoya, you said, would those bacon and those bones be ...”

On the road, Liu Yan asked Bai Xiaoya next to him with a pale face, looked at the strange bacon, and looked at the bones piled up in each hotel room, as if thinking of something, and felt a chill in his heart.
