

Dark Ages 89

Chapter 89 - Sin should be ended

They're crazy!

These four people have completely lost heart and become extremely sick. Because of eating human flesh, their mentality has changed, and they have become extremely cruel and horrible.

Cannibalism, that is anti-human!

In the previous life, Qin Tiange encountered many such crazy perverted people, who could do anything when they were hungry and red-eyed, but they did not dare to kill the zombies, but they aimed at the same kind with the knife and slaughtered the same as food.

These people are hiding in the dark corner to sharpen their swords, but all the same kind they encounter will be ruthlessly slaughtered and used as food to store and eat, a group of perverts against humanity.

"We're right, what's wrong with eating people. Weak and strong food, we can eat them better than them." A young chef waved a cleaver in his hand, screaming wildly, like a beast, a demon in human skin .

These people completely tore up the human skin in disguise, completely released the demon in their heart, and completely turned into an outrageous cannibal demon, their eyes reddish, and the green light shining.

They seem to have seen countless foods, delicious food, they are chopping Qin Tiange side, it is incredible.

flutter!

The guillotine flashed and thumped, and a head soared, and after a few laps it rolled to the ground. The headless corpse sprayed blood, fell slowly to the ground, and no sound was heard after a few twitches.

Qi Qin Tiange didn't move, didn't even do anything, it was a girl standing on his right. She was Kiki, who dared to attack Qin Tiange with a stab, and the remaining three chefs were completely crazy, screaming and wielding a cleaver to kill them.

"Look to death!" Qi Qi looked cold, and took the knife to step forward, chopped one person's neck with a click, his head soared, and then drew the knife sideways, the blade of the knife pierced into one's mouth fiercely, and pierced.

The last person was clearly awake, his face was terrified, and he screamed, "I don't want to die, I won't die, I want to live, you all deserve to die, you all have to be food."

"Ah ... go to death!"

He made the last crazy growl, holding his cleaver high in his right hand, and split it down. Unfortunately, Qi Qi took the lead to pierce his neck with a stab, struck it fiercely, and killed him on the spot.

Fifty people, except for the one who was brought up by Moda's neck at the beginning, the remaining four chefs were killed by the girl Qiqi within three seconds

After she killed the four people, Ying Mo waited for the three chefs to wake up in horror and looked at the dead four chefs in silence.

Especially looking at Qi Qi's eyes, with a touch of awe, this girl was too killing.

"Don't make it so **** next time, just crush the neck." Qin Tiange frowned slightly, reprimanded in a low voice.

Qi Qiqi lowered her head, as if a child had done something wrong, and dare not refute it. She knew that this was a warning from Qin Tiange to keep her from getting into the perverted pleasure of killing, otherwise she would become less and less herself and become a murderer.

Many people in the previous life became such people, killing too much, leading to a change of mindset and distortion, and eventually formed a scary murderer.

Although in the last days, you will kill me or I will kill you, but once you fall into it and you cannot extricate yourself, then you are not far from madness and death.

"Yang Xiaolin, take someone to clean up ..." Qin Tiange waved his hand and called Yang Xiaolin to clean up the body.

He was expressionless, glanced at Ying Mo and the two chefs who claimed not to eat human flesh, without saying a word, but brought great pressure to the three, and his eyes were terrible.

Qin Tiange pondered a little, looked at Moda, and suddenly said, "Moda, take someone to clean up those corpses, whether it is refrigerated or collected and hanged into meat, and collect them. "

He said, he gave Morda a potion of corpses and asked him to take people to clean up the corpses, including the bacon hanging up.

Vomit ...

I heard the words "bacon", corpses and other words, Liu Yan and others were vomiting and vomiting again, and that pale face almost spit out the bitter water in the stomach.

After explaining this, Qin Tiange took Qiqi to the elevator on the fifth floor and watched that the elevator could still be used. I thought it should be a backup power source in this hotel, otherwise the whole city is out of power. Is there electricity?

"Stop the elevator and the corridor and see someone come down and grab me directly for questioning. Once it is determined that they have eaten human flesh, all are killed."

In a cold confession, Qin Tiange turned around and left with a group of people. On the fourth floor, he started an inspection and clearance of a suite, and when someone saw it, he immediately killed and resisted.

On the fourth floor, there are dozens of suites, thirty ordinary suites, fifteen luxury suites, eight presidential suites, a western restaurant, and a dance hall.

“Brother Qin, found eighteen survivors, six of whom were killed by our resistance.”

Soon, all suites on the fourth floor of the hotel were cleaned up. Moda came back with a dripping steel knife and reported the situation.

Throughout the fourth floor, there were eighteen survivors, six of whom were killed in rebellion. These people are almost the people of Jiuye, some of whom were originally brought by Jiuye, and some were originally customers in the hotel, and later joined them.

“Who are you?”

“Why grab us?”

In the hall, twelve people were trapped on the ground. When they saw Qin Tiange coming over, he immediately questioned. The tone of the tone should be as much as possible, as if he didn’t understand the situation at hand.

Looking at this man, his arms and face are tattooed, three big and five thick. At first glance, he is a thug who licks blood on the tip of his knife. His eyes are fierce, he is not afraid, and he wants to die in his hands. Few people.

“Slaughter!” Gently waved his hand, Qin Tiange dropped a sentence, and the boy holding the big man immediately showed a faint smile, his arms gripped the other person’s neck fiercely, twisted fiercely, and only heard a click The big Han suddenly collapsed and lost his breath.

I saw another one died, followed by Ying Mo and the two middle-aged chefs with a chill in their hearts, listening to the crisp click, couldn’t help tightening their necks, feeling cold.

“Win Mo, talk about these people, who has eaten human flesh?” Qin Tiange suddenly turned back, and Chong Ying Mo asked such a sentence.

As soon as the latter heard it, the cold sweat on his forehead overflowed, his eyes filled with panic, and his heart was extremely contradictory. Should we blame these people?

Once she pointed out that the other party did eat human flesh, the next ending was doomed, and Qin Tiange would not allow such people to exist.

Those who eat cannibalism are no longer humans, they have stood against humans and are anti-human. People who eat together with the class or are they humans? Just kidding, you even oppose your own race, what else do you do?

“They ... have all eaten.” After finishing Ying Mo, the whole person slumped on the ground, as if exhausted, and it took a lot of courage to say this.

Sure enough, because of this sentence, among the arrested group, one by one, screaming in horror, twisted their necks, and completely ended their sinful lives.

Human beings, facing the last days and facing disasters, should have the courage to take up arms against human enemies, instead of picking up knives and guns at the same kind, and even killing and eating the same kind. This is beyond the tolerance of humanity in the world .

“Everyone prepares, each team is responsible for one layer, and we are cleaned layer by layer.”

In front of the elevator entrance on the fourth floor and in front of the stairs, the team was divided into several squads. Qin Tiange would clean all the cannibalists and anti-humans in the entire hotel, leaving no one.

This evil force against humanity must end, otherwise it is unclear how many people have been mutilated as their food.
