

Dark Ages 91

Chapter 91 - The King of the Past

Sahahahaha ...

Xie Nieteng burst into a wild laugh, and he smiled respectfully, his stomach hurt. He looked at this group of people and even said the words from a mobile game before the end of the world, it was so funny.

“Boy, is it enough to laugh?” Jiuya was so angry that he struck the chest under his hand with a click, and the sternum was broken and broken.

He was so miserable, grieved, and cursed: “Nima’s old thing, isn’t it that you let us play, but now we still rely on us?”

“Jiu Ye spares his life!” His expression suddenly panicked, and he stared in horror at a gun that suddenly pointed at his forehead, the dark muzzle, full of murder.

Grandpa Jiu face was cold and cold, and he pulled the trigger without hesitation, and the begging of the man stopped abruptly, his head burst instantly.

After killing this man, he turned his face and stared at Nie Teng, whispering, “Boy Nie Teng, the best you know is to do my part and work for me, otherwise, I will run your little girlfriend now.”

“Dare you move my girlfriend to try?” Nie Teng smiled convergently, suddenly pulling his clothes, hissing, and the clothes were torn by him, showing strong muscles.

This is not to be noticed. What makes Jiuye and others’ pupils shrink is that Nie Teng’s waist is surrounded by a row of dark-colored things. Round, that is a grenade. Waist.

“You ...” Jiuya’s face changed slightly, his eyes were cold, he suddenly pointed his gun at Nie Teng, threatened: “Your hand is fast or my gun is fast?”

“Even if you come, you will lose your body together and dare to move my woman, no matter who it is, you must pay the price of blood.” Nie Teng said something coldly, without fear of the other party.

Strangling to death, who is afraid of whom? As a man, if he can’t even protect his own woman, is he still a man?

Behind him, the young and beautiful girl moved with a look, holding her hands tightly from behind and holding him, the determination to be buried with the king, how firm this moment is.

Woman, what can there be for such a man to protect himself like this?

“Husband, I am willing to accompany you, live and die together, and never give up!” Young girl, muttering to herself, the whole heart is full of happiness for a time.

Nie Teng was a little drunk, ignoring Jiuye and his group of guns, and he laughed: “Fool, I said I want to protect you for life, I can do it, no one except me can do it. Touch you. “

“well said!”

As soon as the chanting voice fell, they heard a round of applause, and then a group of eleven people appeared in the sight of Jiuye and Nie Teng.

A young man is taking the lead, wearing an armor, his hands are clapping gently, and Nie Teng looks at him with admiration.

“Who are you?” Jiuya was startled, secretly surprised, and suddenly realized that his men seemed to say that the enemy was about to reach the battlefield in thirty seconds.

At this moment, the enemy came. He even neglected the incident and thought that his head was broken when playing the game. Now I know that there is an enemy.

He was surprised, thinking, the whole hotel was controlled by his people. How did these people come in? There are 50 people on the 9th floor, with guns and knives, but they were killed by a group of people on the top floor.

“What’s your name?” Qin Tiange came to him and asked this question curiously. He ignored the Jiuye and didn’t even look at the dozen or so submachine guns aimed at him and ignored them.

What he asked was naturally the young man with a grenade. He was a little curious about this, and even felt a little familiar, but he couldn’t remember it.

“Hello, my name is Nie Teng.” Nie Teng said his name, smiled kindly, and nodded.

No matter what their origins are, Qin Tiange, but when they come up, they come up. It seems that they are not dealing with the group of Jiuye. It is an opportunity.

Xi Zheng’s so-called enemies’ enemies are friends. Since they are Jiuye’s enemies, they are friends. At least it seems that the other party is harmless to him.

“Nie Teng ... one of the thirty-six kings of the previous life?” Qin Tiange looked as usual, but his heart shook slightly, causing a wave of waves, apparently remembering some memories.

He was stunned in his heart, then looked at the little girlfriend behind Nie Teng, and looked at Jiuye with a somber face, and immediately knew what was going on.

“No wonder, the king in the previous life hated Jiuye so much. It turned out that he was enemies before the end of the world. Moreover, he hadn’t heard of a woman in the previous life, maybe something happened during this time.” Qin Tiange thought secretly. , Understand some of the questions of previous lives.

Xie Nieteng, one of the thirty-six kings of the previous life, is a strong man without doubt, and the Jiuya beside him is not an ordinary person. In the previous life, he was a ten-star powerhouse, the leader of one side.

Although Jiuye is not a king, he is definitely a character. Not to mention the ten-star strength, a large force with hundreds of thousands of people is definitely the most valuable person in China.

Jiu Jiye, black-hearted, has killed countless people throughout his life. From the end of the day, it is not clear how many people were killed, he pulled up an extremely brutal team, and even rumors that he eats people and feeds on humans.

Now it seems that the rumors are not false, but it became more powerful later. In order to influence them, they continued to wash white, and even became a big savior in the eyes of some people.

It is a pity that since Nie Teng broke through the ten stars, sealed the emperor, and achieved a generation of queens, the good life of the Jiuye has come to an end.

“It was the brothers Nie Teng. When I settle the matter here, you and I will rejoice again.” Qin Tiange said these words with a smile.

Suddenly, Jiuya was angry at the moment, and coldly hummed, “Boy, who knows the rules on that road?”

“Rules?” Qin Tiange tilted his head, looked at him squintingly, and kept looking, only one glance in his heart became clear, the other side was a strengthener.

Xie Nieteng is also an intensifier. The so-called intensifier is the person who has exchanged for one-star quench body medicine and strengthened it. It is called the intensifier.

I did not expect that Jiuye in front of me was an intensifier, but unfortunately, he only strengthened three times his physical fitness, compared with Qin Tiange, one day, one place.

Even, compared to his casual girls, it's so much worse, naturally not in my eyes. Of course, this is not Qin Tiange's arrogance, but in front of absolute strength, any calculation is futile.

“You called Jiu Ye?” Qin Tiange looked at each other, Jiu Ye also looked at him.

Grandpa Yun Jiu was shocked and secretly said, “A group of people who came out from this place definitely knew the existence of the stele, and even these people's armor weapons were exchanged.”

“You break into my territory, shouldn't you give me an explanation?” Jiuya narrowed her eyes, flashing a dangerous light, asked in a bad tone.

Only, Qin Tiange suddenly sneered at the corner of his mouth, scorning: “I still have a trace of admiration for you at that time, thinking that you are a hero, only by looking at it now, I find that everything is false.”

“Cannibalism, you are anti-human.” Qin Tiange's fluttering words made the atmosphere dignified to the limit. Even Nie Teng quietly pulled his girlfriend back and avoided it far away.

Jiuye's eyes flickered, and she was full of fierceness, and she smiled, “It turned out to be a nosy kid, do you think that with a dozen people, you want to play in front of my Jiuye?”

“Come here!” He said suddenly to a headset in his ear, and as a result, there were only screams from there, and then there was no sound at all.

Jiuye Ye realized that he was not good, and his body receded slightly. He was ready to escape. It seemed that his men were in trouble. In fact, it was not just trouble, but danger.

“I want to run away now? Jiuye, you are too disappointed.” Qin Tiange's mouth evoked a smile, like a demon, inexplicably chilling.

Jiu Jiu 's eyes were fierce, and he raised his gun fiercely, “Boy, you die!”

boom!

The gun went off the next moment ...
