

Dark Ages 92

Chapter 92 - Nishio Mochi

A bullet hurriedly flew, and the target pointed directly at Qin Tiange's brows.

His pupil narrowed, his left eye flickered a little silver, saw the bullet, and even saw the bullet's trajectory. It was very slow, very slow, as if being slowed down.

Draw a knife, run!

A crackling sound made the bullet fall off and was blocked. Yes, this bullet was easily blocked by Qin Tiange and couldn't believe it.

Jiu Jiu froze a moment, his heart tightened, his pupils were full of incredible light, and the other party easily blocked his bullet.

“Shoot them, kill them!” Thinking of this, he didn't hesitate to yell, but he turned around and quickly hid behind a sofa.

The machine gun roared, ten bodyguards fired at once, the tongue fired, the bullets flew, and the scene was a little chaotic and hot for a while.

Qi Qin Tiange and others immediately ducked to avoid, several girls hurriedly turned to the side of the nearby seats, while the boys set up steel shields and backed up while protecting them next to the girls.

The bullet was hitting the steel shield, and the terrible sound of tinkering came, that is, the steel shield could not be penetrated. This is a fine product exchanged from the heritage stele. How can ordinary guns penetrate?

But if the bullet hits the armor of the body, it will still dent a mark. The pain caused by the severe impact is very strong. Several boys were hit by the bullet in the steel armor of the body, and the pain was grinning.

“Shoot, shoot!”

Some boys shouted, and the girls quickly retaliated with steel crossbow, but they seemed a little flustered. They were better than the dozen or so bodyguards on the other side who were suppressed.

After seeing here, Qin Tiange shook his head secretly and sighed helplessly. After all, it was just a group of students who had not experienced systematic training. Naturally, they could not be beaten up in the face of the trained bodyguards.

As for Nie Teng, as soon as Jiuye fired, she pulled her daughter into a distant corner and looked at the situation. After seeing Qin Tiange they were suppressed, they immediately pulled out one of their waists. Grenade.

Huh!

There, a bodyguard shot from behind the sofa, but a grenade rolled down at his feet, making him sting a bit, and then a loud noise blew his whole body into pieces.

Nie Teng looked murderous, took out another grenade, bite the pull ring, and threw it towards another bodyguard.

Boom!

I heard only a loud noise, the flames soared, and the sofa and chairs were all torn apart. Although the bodyguard tried to dodge, he was finally killed.

Seeing this, the ten boys and girls brought by Qin Tiange immediately seized the opportunity and rushed out, and the steel crossbow was aimed at the remaining bodyguards.

The boy accelerated, his body leaped up, raised his steel knife and slashed hard at those outcropping bodyguards, splitting in half on the spot, venting his anger and depression.

“Ah ... I fight with you.”

Suddenly, a bodyguard stood up frantically, raised his assault rifle and a burst of blasts was fired towards him, but the sound of the gun came, but the next moment, his eyebrow was pierced by a steel arrow.

Humph!

Tamarix came out from the corner, looking cold, looking at a wound on his left arm, bloodied, obviously injured by a bullet.

She was so angry that she was hit, and she was injured alone in the presence. She was naturally angry, and the consequences of the woman being angry were serious.

The stiff expression of the bodyguard fell slowly, and before his death, Liu Yan, who was still infuriated, stepped on his life.

“Dare to hurt me, I really want to die!” Liu Ye was angry, and cursed while pulling out his steel arrow to take it back.

“Brother Qin, that Jiuye ran away.” At this moment, Qi Qi quickly stepped forward and reported the news.

That Jiuye ran early and saw that the situation was not good. In fact, Qin Tiange saw it early, but he did not go after him. He didn't even shoot.

This is a chance for the boys and girls to experience, so that they can grow up quickly in the end, otherwise, even if there is no power, it will not be used.

“Okay, I know where he is and can't run away.” Qin Tiange waved his hand gently and didn't care.

He turned and watched Nie Teng, who was pulling his little daughter-in-law, came over, and said with a smile, “Brother Nie, you are good at your skills. The two grenades are extremely explosive.”

Xie Nieteng smiled awkwardly, scratching his head and smiling: “The Qin brothers have won the prize. My trick can't catch your eyes. I still have to solve the Jiuye quickly, otherwise it will be very troublesome to let the tiger return to the mountain.”

“Yes, this man is cruel and ruthless. I don't know how many women have been violated and killed them.” Nie Teng's little daughter-in-law said angrily.

Qin Tiange nodded slightly, then said: “Stay two people to clean up the scene, others, come with me to solve the eschatological hero.”

He said, the corners of his mouth were slightly tilted, and his heart was full of murderous power, even Liu Yan and others who followed him clearly felt it.

“It feels so strong, isn’t it the so-called murderous spirit?” Nie Teng followed them, and he was surprised that Qin Tiange’s breath was too terrible.

The crowd was so aggressive that they came to the luxurious suite on the top floor. Here, the three halls and two bedrooms are extremely huge and luxuriously decorated.

Ye Jiuye, just ran here.

“You are still chasing ...” In a luxurious room, Jiuya was sitting alone on the bed, his eyes flickered, his tone was low, and it was confusing.

His eyes were very calm, one by one swept in, and finally locked Qin Tiange. This is the culprit of all. He suddenly led people into the hotel, and even silently touched the top floor so that he didn’t know, and had to say that the other’s toughness shocked him.

“You are strong, a person. I want to know who my Jiuye planted.” Jiuya asked with a dignified expression.

He would like to know who he planted in, but he came to the top floor of the hotel without even knowing it. Is his group of people eating dry rice?

“It doesn’t matter who I am. What’s important is that today, your Jiuye will be a thing of the past, and there will be no one in your world.” Qin Tiange couldn’t help sighing, looking at the lonely Jiu in front of him, can’t help It’s weird that the sadness of a dead rabbit that raises an apocalyptic doom is sad.

Ye Jiuye, the ten-star powerhouse in the previous life, is the leader of one side, and is ruthless. He sits on a huge base of hundreds of thousands of people and has tens of thousands of people. It can be said that he was a famous figure in the previous life.

Now, such a person is about to be solved by him. There is a weird feeling in his heart. kills some celebrities in the past life, and that kind of taste makes Qin Tiange’s calm heart have a slight wave.

“Hey, hey ...” Jiuye smiled, and smiled strangely, making people shudder.

He stared at everyone in Qin Tiange and said, “Become the king and defeat the king, even if you kill me, do you think you can leave this room alive?”

When Nie Teng heard these words, he felt unconsciously chilling, and suddenly felt an extremely cold breath, exuding in the corner of the room.

“Oh!” Qin Tiange grinned suddenly, revealing a white tooth, and smiled: “Jiuye, do you rely on your mother who became a zombie?”

“You, how do you know?” Jiuya looked startled, then calmed down and murmured: “Also, I should be under your control, want to know this news is not a big deal.”

“Wrong!” Qin Tiange shook his finger and corrected: “Your group of people are not controlled, but killed. They should have all eaten human flesh, so I will not allow them to live.”

“That’s it!” Jiuya understood, but he suddenly yelled, “Since you won’t let me go, let’s finish it together.”

“Mom, come out and kill these people, they are all your food.”

Suddenly, Jiuyao growled wildly, and then a bang, an inner door in the room slammed and broke, and a swift figure rushed out.

Roar!

It was a zombie, an old face, a pair of white eyes, black claws, horrible blood, and a **** mist permeating all over him, it was a **** evil spirit.

“Samsung blood corpse?” Qin Tiange narrowed his eyes, snorted secretly, his anger could not help burning, immediately flashed forward, and slashed across the head of the zombies that flew.
