

Dark Ages 921

Chapter 921 - Lord of the Three Realms, Kill

“what happened?”

“The sea has changed?”

At this moment, in the kingdom of God hidden in this area, a terrible will spread.

The bounded Lord was awakened, the sleeping immortal will awakened, amazed, looking at the huge waves here.

Within tens of thousands of miles, it was swallowed up by an inexplicable force, and even the tide of the boundless sea and some kingdoms without God were swallowed up.

Seeing this, even the mighty realm master couldn't help but take a sigh of air conditioning. Who dares to devour the realm of the sea?

“Hiss, who is it?”

“How dare you devour the sea?”

Some lords are scared and scared, because everyone who knows that they are lords knows that Jiehai has taboos.

Some things can't be done, such as devouring the spiritual tide of the sea, which is tantamount to self-death and will be wiped out directly.

The spiritual tide in the sea of the sea is like a combination of the will of the universe. Once devoured, it is tantamount to living with the universe.

However, some people even swallowed the spiritual tide of Jiehai, and seemed to have no scruples, as if they did not understand this taboo at all.

boom!

Sure enough, those lords of the world saw with sneer, there was a terrible wave of power in Jiehai, as if the entire Jiehai was provoked and an unparalleled mental storm erupted, sweeping in.

The rumbling mental storm, which rolled up the tens of thousands of tsunamis, rushed towards this side.

“Good job!”

A loud drink shattered the rolling waves around, revealing that arrogant figure.

Qin Tiange watched the turbulent Jiehai mental storm, instead of being shocked, he was overjoyed.

I saw that his body suddenly swelled and turned into a tens of millions of tall giants. He opened his mouth and swallowed the erupting mental storm.

After a bite, the mental storm disappeared without a trace, was swallowed into the stomach, and ate out an empty area directly.

There was silence all around, and many of the world's leaders were dumbfounded and dumbfounded.

The man even took a bite of the taboo storm in the spiritual world, and completely took it as a snack.

“Ha, it tastes good. Come back a few times to complete the kingdom of God in my body.” Qin Tiange devoured, a look of astonishment appeared on his face.

Just one sip gave him great benefits from the kingdom of God in his body, and it suddenly stabilized.

If you take a few more sips, they may be completely completed, which makes Qin Tiange’s eyes glow with faint light, staring at a terrible storm that is constantly shaking and rolling.

boom!

The sea trembled, as if utterly irritated, and a more powerful mental storm hit it.

It was an obliteration from the sea of bounds, and the taboo was untouchable. Once touched, it would lead to crazy obliteration.

Looking at the raging realm of sea, the eradication storm formed will only stop Qin Tiange’s true will.

“Come on, help my kingdom complete.” Qin Tiange shouted, his body shaken, and his terrible breath filled out.

The 60 trillion cells of the kingdom of God released the power of terror, and instantly plundered the sea storm within hundreds of thousands of miles.

Suddenly, Qin Tiange stretched his arms, stirred two terror storms, and broke apart.

With a bang, the mental storm collapsed, and Qin Tiange seized the opportunity to swallow it directly.

He seemed to be an indestructible taboo creature, and any storm that turned into a spiritual tide could not kill him.

Not to mention obliteration, even injuries can’t be hurt, but it has promoted the steady growth of the kingdom of God in his body, and has become more and more mature.

Buzz ...

Within the body, one by one, the kingdoms of God are becoming more mature, and the power that erupts is even more terrifying.

The supreme power from the spiritual realm allowed Qin Tiange to stand invincible, as if incarnation of the immortal supreme master, swallowing the sky.

“presumptuous!”

Suddenly, a roar came, shattering the tide of the sea and exposing a vast country.

In that country, there are three interfaces, which look like three worlds, as if they are composed of three kingdoms of God.

Qin Tiange's eyes narrowed, and he looked at the kingdom of God in surprise, and there were even three interfaces.

Needless to say, this is the composition of the Three Realms, and the Realm Master in it is the real Realm Master.

“The Lord of the Three Realms, hey ...” Qin Tiange said to himself, a cold smile twitching the corner of his mouth.

I saw a huge divine shadow suddenly rising in the kingdom of God, shrouded in divine light, magnificent, and rumbling.

A Lord of the Three Realms appeared, he was awakened, his heart was very angry, and he saw that Qin Tiange wanted to attract his kingdom of God to devour him.

This is provocation. The Lord of the Three Realms, who was just awakened, was so angry that he killed him without thinking.

“dead!”

A roar came, a terrible will repressed, with an immortal blow, the Three Kingdoms of God condensed in the palm.

The Lord of the Three Realms has stronger power and more horrible will. It is not comparable to the Lord of the Realms who just opened up a kingdom of God.

In the face of such a powerful lord, Qin Tiange did not panic, but showed a desire to devour.

“Let me see, how strong is the Lord of the Three Realms?”

Qin Tiange said to himself, suddenly raised his hand and patted it, it was simply a slam in the palm.
boom!

The two palms collided, and huge forces penetrated the sea of sea, shattering the surrounding mental storm.

Next, an incredible scene appeared.

“what...”

With a scream that spread, the Lord of the Three Realms discovered in a terrifying way that his palm was smashed by the opponent.

Even his arms exploded together, and a strong palm blows him out.

With a bang, the Lord of the Three Realms smashed into his kingdom of God, collapsed on the spot, and the broken body floated inside the kingdom of God.

“No, it's impossible ...” The creature was aggressive and didn't believe he was severely injured by the opponent's palm.

The powerful immortal will was broken by Qin Tiange's palm, and he was defeated without any resistance.

“The Lord of the Three Realms is nothing more than that.” Qin Tiange shook his head, as if extremely disappointed.

As his voice just came down, he probed over with one hand, and clicked crunchily, his palm passed through the barriers of the kingdom of God, grasping the Lord of the Three Realms.

“No, no, Rao ...” The Lord of the Three Realms was frightened and begged for mercy, but unfortunately he didn't finish his words, and his body broke apart completely.

Qin Tiange didn't listen to his nonsense at all, crushed the opponent's body with one hand, opened his mouth and swallowed the scattered spirit will.

The Lord of the Three Realms was pinched in a blink of an eye. Can you imagine the reactions of other Lords who are watching?

At this moment, all the main creatures in the world who saw this scene were trembling in their hearts, unable to bear the fear and horror.

“The Lord of the Three Realms, dead?”

“Who is this person?”

“It's too dangerous to hide first.”

A wave of thrilling waves came, and soon, those masters hiding nearby were frightened.

The masters of the Three Realms were easily swallowed up and swallowed. Qin Tiange's brutality scared these masters, one by one, turning around to roll their respective kingdoms, and ran away.

Do n't run, are you waiting to be swallowed by the other side? Even the kingdom of God will not stay, and there is no hope of resurrection.

“broken!”

Qin Tiange glanced around and ignored the fleeing realm masters, but blasted the three kingdoms of the kingdom in front with a single punch.

A huge and vast kingdom of God, and a spiritual world composed of three kingdoms of God, was directly blown by a punch.

The kingdom of God that exploded, let Qin Tiange swallow it in one bite, leaving nothing to eat, and really cleaned it up.

boom!

Suddenly, Qin Tiange shook his body and was bombarded with a terrible force, causing a violent collision.

It was a spiritual shock from the sea of bounds, and a more horrific spiritual shock came up.

Qin Tiange frowned, watching the continuous turmoil of the mental storm, rolling in endless tsunami.

“swallow!”

With a smirk in his face, he opened his mouth and swallowed, as if swallowing a fierce beast, swallowing the endless storm tumbling ahead.

Bite after sip, in the end, all the mental storms used to completely calm down, disappeared, as if never appeared.

“Uh ...” It’s unclear how much he swallowed. Qin Tiange couldn’t help but beat a full stomach, his face turned red, and his head smoked.

Within the body, a stream of spiritual tides is refined, storms are crushed and devoured, and the cost of power has filled countless kingdoms of God.

Finally, when Qin Tiange wiped out all the storms from the Jiehai, the 60 trillion cells in the body of God’s kingdom tended to mature.

“Finally, the transformation is complete, and the kingdom of God is complete and mature.” Qin Tiange looked at the empty sea around him and couldn’t help but say something with emotion.

As soon as the words fell, I saw a distant figure rushing forward, riding the wind and breaking waves, engulfing the endless tide of the sea all the way.

It was Li Luo, but Qin Tiange frowned slightly, because Li Luo’s situation was a bit wrong.

“Hwang, hurry up.”

Li Luo rushed quickly, shouting at Qin Tiange with anxiety, as if looking very anxious.

Before Qin Tiange understood it, he felt a terrible lock and locked him firmly.

“Huh?” Qin Tiange’s pupils shrank, feeling the lock-up will, extremely terrifying.

This will, with supreme meaning, is ancient and vast, as if an ancient horror existed to lock him.

“Moving the sea, touching the taboo, oh!”

When an indifferent voice came, Jiehai was still and suddenly separated a way.

Watching the road that formed by itself Qin Tiange’s pupils shrunk sharply, glowing with suspicious light.

Li Luo stepped forward, his face was tense, and there was still a trail of blood on his mouth, apparently he had just experienced a dangerous fight.

“Hwang, let’s go, this person can’t be rivaled.” Li Luo looked extremely nervous, anxiously proposing.

But Qin Tiange shook his head and calmly said: “It can’t go anymore, the other party locked us.”

“What’s more, how can someone who hurt you let me go?” Qin Tiange snorted, stepped out, and swept away in a breath.

With a loud bang, the lock of will was directly crushed, and Qin Tiange directly shattered the lock of the other party.

But he did not leave, but waited quietly, the mysterious road was boundless and extended to a very mysterious place in the deep.

“Off!”

At the end of the road, a cold word came suddenly, and a horrible palm came through, hitting Qin Tiange and Li Luo in an instant, killing him.

Chapter 922 - One shot across the ages, Lord of the Ancients

Hum!

Slap it down with one hand, with some unknown power, as if not belonging to this era.

That hand, unreal and hazy, is not real, but it gives a terrible feeling that can destroy all living beings.

Almost in an instant, the palm of his hand was photographed in front of Qin Tiange and Li Luo.

“roll!”

Qin Tiange drank violently, his strength suddenly gathered, and he punched his arm with a punch.

The fists hit each other, and a violent shaking came from Qilong, as if the whole sea was about to collapse.

boom!

The waves were soaring and the tsunami was rolling, making a rumbling sound that shook all directions.

The seas of the sea were almost cracked, and the overwhelming force pushed Qin Tiange’s body out and hit a raging wave.

His face was cold, his pupils flashed with a dignity, and he just hit him and fell into the wind.

“Well?” A suspicion came from the endless road. The terrible existence seemed to be surprised. Qin Tiange was able to block his blow.

At this point, Qin Tiange stepped forward, and all around him was surrounded by horrible chaos, converging into an ancient force.

“The power that does not belong to this era is truly extraordinary,” Qin Tiange said, expressing the terrible power of the other party.

shock!

That power does not belong to this era. How did that come?

On the endless road, the hidden creature was silent, and it seemed that he had acquiesced in Qin Tiange’s words and was right.

He does not belong to this era, and even the figure sees a little blurred vision, but he is not in this era.

In other words, the opponent has struck Qin Tiange across the ages, and this power has been shocking.

A blow across the ages was truly terrifying, but Qin Tiange still blocked the opponent's power.

"You, from ancient times?" Qin Tiange stared sternly at the end of the endless road.

The hazy figure, looming, seems to be separated by some kind of barrier, which is the barrier of the times.

An epoch is divided into several eras, ancient, ancient, archaic, barren, and ancient.

These are the past, but they do exist in the timeline.

In order to get rid of the shackles of the spiritual realm, you must break the barriers of the times and enter an older age in order to get rid of that control and restriction.

And this is the epoch level above the world master, or in other words, the master of the age!

"You can stop the deity from hitting it a bit, but you must die if you move the realm and touch the taboo."

There was a long silence, and the endless road came with the words that the creature in front of the barriers in ancient times spoke threatening words.

Qin Tiange rashly moved the world and touched the taboo. He never wanted to attract a cross-temporal creature.

"Although you have surpassed the lord of the realm and crossed the times," Qin Tiange muttered to himself, but sneered: "However, you cannot break the barriers of the times and come to this era, so you cannot kill me."

Yes, although the other party has surpassed the lord of the realm, crossed the barriers of the times, and escaped the restrictions, they cannot come back.

Because the times are different, the ancients existed, but it is difficult to come in the present era. Don't even think about it.

It is already terrifying to strike a blow from the ancient times, even triggering a certain force in the underworld to clean him up.

boom!

Sure enough, terrible energy fluctuations came from the endless road, and mysterious power swept through, directly cleaning the creature that broke the barriers of the age.

"The Roar is the Lord of the ancient times. Immortal. I am still dead in the past. Who can bury me?"

A roar came, shocked in all directions, terrible mightiness, and a fierce struggle came, and then the sound of explosions was rumbling, blocked by the barriers of the times.

Qin Tiange's pupils shrank, staring at the endless road, where a terrible figure emerged, seeing the other party through the projection of the times.

It was a terrible creature, extremely terrifying, with unparalleled superpowers, fighting against mysterious calamities.

“The era is taboo. Don’t touch it. Once you break the barriers of the times and interfere with this era, you are annoying something.”

Qin Tiange said to himself without worry, but revealed a touch of thought, as if he realized what he was touching, and touched a threshold of some higher level.

“Emperor, is this the Lord of the Times that transcended the Lord of the Realm?” Li Luo stood beside him, with a dignified expression.

She had been hit like this before, and she almost fell, and fortunately she carried it down, otherwise she would be wiped out by the blow that crossed the times.

“Don’t worry!” Qin Tiange whispered comfortably and laughed: “It takes a price to transcend the times, and the other party has just struck two times across the ages, angering some kind of taboo power, he cannot guarantee it.”

Qin Tiange sighed in his heart, there are still many taboos hidden in the universe, and various secrets are difficult to see clearly.

Even now, Jiehai can’t see clearly, as if there is some kind of fog blocking it, and you can’t peep.

In addition, the projection of the barriers of the times allowed Qin Tiange to capture certain secrets and even touch higher-level mysteries.

“Roar!”

There was a roar, and the period creature roared angrily against the mysterious force.

Gradually, he blocked the force of taboo obliteration and calmed down.

But he couldn’t be better, the whole person looked more hazy, as if to spread out at any time.

This is the price of breaking the taboos of the era. This era cannot be disturbed, and once power interference occurs, it will be wiped out.

“That power, why can’t we be here, now you can come to repent.”

On the endless road, the terrible creature hit another blow after speaking, and the inter-era bombardment aimed at Qin Tiange.

This time is different from last time. For Qin Tiange’s body, the power now contains a supreme will.

“Want to drag my true spirit into the ancient times?” Qin Tiange’s eyes were flooded, and he looked at the other side’s practice, and he felt a kind of sudden heartbeat.

But he soon suppressed this ridiculous idea. Just now, Qin Tiange actually had an idea to use it to enter the ancient times.

In the end, he resisted and annihilated the idea, because he knew he didn’t have the ability now.
boom!

In the midst, a force exploded in Qin Tiange's sea of knowledge, which has long been transformed into the sea of consciousness, and the sea of knowledge that opened up the kingdom of God even showed signs of cracking.

In the center of the kingdom of God, Qin Tiange's Supreme Spirit suddenly awakened, opened a pair of indifferent pupils, and stared at the force that came in.

"Suppression!"

The indifferent words spit out, the true spirit shot, and rolled down the golden symbols of the sky to suppress it, and the will of the era that broke in was instantly suppressed.

The will from the ancient times, immortal, contains the mighty power that can obliterate the true spirit, and even drag the true spirit of a modern creature into the ancient era.

"Abrasion!"

Another icy word spread, the kingdom of God boiled, and the endless will and spirit power turned into a grinding wheel.

The sound of Kakaka's terrible abrasion came, and soon, the supreme will from ancient times was crushed and crushed.

"Swallow!" Qin Tiange Zhenling opened his mouth, suddenly swallowing the crushed era will, even devouring the secrets of the era.

"presumptuous!"

A terrifying roar came, and the era-level creature was angry, and felt that the era will be swallowed down by repression, and it was almost irritable.

Unfortunately, he couldn't stop the devouring and devouring of Qin Tiange's true spirit, because the force of will entered Qin Tiange's knowledge of the sea, which was uninteresting.

The authenticity of the ground book directly wiped out this cross-era will to suppress and quickly devoured it.

"The secret of the times. That's it."

Qin Tiange slowly opened his eyes, revealing a touch of ancient charm, as if he understood the secret of the times.

He looked at the endless road again. There was no such mystery and fascination. He had a little understanding and saw a lot of secrets.

"I said that you can't kill me unless you really break through the barriers of the age and come to this age."

Qin Tiange said to himself, with a touch of coldness in his mouth, saying, "But do you dare to come?"

There, there was silence on the endless road, and the terrible creature was silent, obviously afraid.

The strike across the era has almost been erased. Once the real person came, it was said that Qin Tiange had not been killed before he was erased by this era.

“This time let you escape, next time, this seat will drag your true spirit into the ancient times, making you worse off.”

Finally, the mysterious creature made a loud roar, looking angry and unwilling.

Unfortunately, he was unwilling and unable to return, only to regress with hate and disappear at the end of the endless road.

The projection of the era there is gradually disappearing as if it has never appeared.

“Era class”

“The Lord of the Ancients”

With the disappearance of that mysterious creature, all kinds of terror waves came from within the sea of sea, which seemed extremely fierce.

Those are the main creatures of the realm, boiling one by one, seeing a hope of breaking away from the limits of the realm of the realm.

This hope is to break through the limits of the realm of the sea, break the limits of the realm, enter the ancient times, and obtain a kind of promotion and transformation.

“This man is so terrible that he can resist the terrible blows from ancient times and cannot be provoked.”

In the end, those hidden powerful masters looked at Qin Tiange in horror one by one, and he could block the inter-era bombardment from the ancient times.

This is horrible. Before the era can be achieved, the master of the era can be blocked. I have to say that he is really terrible.

“Li Luo, let’s go.”

Qin Tiange quietly spread a voice, and took Li Luo to tear the barriers of the boundary sea, and disappeared in the boundary sea in a blink of an eye.

The two left, causing the hidden masters of all parties to boil, because they had just witnessed the terrible and powerful of the Lord of the Times, and had a lot of secrets.

puff!

The universe starry sky, Qin Tiange and Li Luo both stepped out of the cracks in time and space. As soon as he came out, he sprayed blood directly on the sky.

“Hwang, what’s wrong with you?”

Li Luo was frightened, flashed on his body, and helped Qin Tiange, only to find that his body had dense cracks and almost collapsed.

“The blow of the times is not so easy to stop.”

Qin Tiange smiled bitterly, looking at the body that was almost destroyed, and said, “Go, find a withered star field, I want to heal.”

“it is good!”

Li Luo immediately took Qin Tiange to tear the starry sky, stepped into it, and disappeared in a blink.

Chapter 923 - Weird, Huangquan Corpse

In the dull star field, an energy wave came, and gradually converged and disappeared.

There are dozens of withered stars in this star field, and the largest star in the center is still emitting strong energy.

But the light and energy emanating from this star are quickly disappearing, blinking out completely. Inside the star, a chaotic gas pervaded the air, and the energy of the entire planet was swallowed up.

When the chaos dissipated, a figure inside was revealed, his face was fortitude and cold, and he slowly opened his eyes.

Hiss!

Two beams of chaotic light tear the vacuum, shattering the nearby space-time lines, creating a terrible scene.

“Huang, how do you wake up?”

A graceful figure suddenly appeared, with a pretty face full of worries, and watching Qin Tiange woke up, finally relieved.

In the sea of the world before, Qin Tiange seemed to easily block the blow of the era.

Although crushing and devouring the will of the times, he also suffered huge damage and almost collapsed.

“It’s okay.” Qin Tiange smiled, looked at Li Luo, and was relieved when he found that her injury had recovered.

Thinking back on his previous experience, Qin Tiange exclaimed: “I did not expect that it would attract the creatures of the era. Fortunately, that thing cannot come to this era.”

Li Luo frowned after hearing it, and said with some trembling, “Huang, that creature was terrible. I was almost killed by a blow at that time.”

Thinking about the scene at that time, Li Luo had a lingering fear. Fortunately, she had been transformed into a chaotic creature, and she embarked on a taboo path. Her strength was strong and her heritage was deep.

Otherwise, she might have been accounted for by that blow, and she clearly realized the horror of the era.

The creatures that can strike across the ages are naturally extremely scary, but Qin Tiange thinks about it on another level.

“The epoch is not the strongest. At the beginning, in the tomb of the Emperor, I encountered the power that crossed the epoch. Although the power that can be defeated is very weak, it is already terrifying.

Qin Tiange recalled the encounter at the Emperor’s Tomb, the Supreme Master who may still be there, and kept him on his guard.

As for the age class, Qin Tiange is now confident that he will not be afraid as long as the other party cannot come down.

Afraid is afraid of those more horrible beings that can tear the barriers of the era and rush into the present era.

It is rumored that some creatures are taboo in the universe. They can tear the barriers of the era without fear of the eradication of the universe and enter various eras, achieving higher achievements.

Some creatures even broke the barriers of various eras, and even broke into the ancient era, and became the master of the ancient era, we must trace the origin of the universe.

“However, there was a force helping me, who is it?” Qin Tiange thought to himself, thinking about these issues.

There are too many mysteries, and he can’t get answers in his heart. He can only strengthen step by step and slowly unveil these mysteries.

“Well? Where is this?” Qin Tiange was startled quickly, glanced around the star field, and found it strange.

Li Luo shook his head and looked at the starry sky with a bitter smile: “Huang, I don’t know. I came out from the sea near here. I just found this withered galaxy and put you here to heal.”

Qin Tiange bowed his head slightly, scanning his will across the star field, and found that all the galaxies were dead here.

The planet here has no energy and no vitality, it is a dead star field.

“Go and see what it is.”

Qin Tiange got up, took a step to the air, blinked out of the planet, stood on the dark starry sky, and looked at the starry universe around him.

Soon, according to the map of the universe galaxy in his consciousness, Qin Tiange found his position.

What surprised him was that it was extremely far away from the Milky Way, a full 30 million light years away.

He was right, it was 30 million light years away, it was incredible.

“Here, it looks like the Huangquan Galaxy?”

Suddenly, Qin Tiange thought, and was surprised to find that he was outside the Huangquan Galaxy.

The Huangquan galaxy was known by Qin Tiange to devour some ancient remnants.

What's more, he cares about and cares about his daughter, Ziyi, who was once attracted to Huang Quanxing.

Prior to this, Qin Tiange had already planned to leave the Milky Way and head to the Huangquan Galaxy.

It's just that I have n't been free. Now that I'm here, it happens that Qin Tiange is inevitably a little excited. His daughter, Ziyi, has n't seen him for a long time.

It's not clear how the purple clothes are now. Thinking of this, Qin Tiange can't hold back his thoughts.

"My daughter is in purple clothes. She is Huang Quanxing. Now that we are here, let's go and see." Qin Tiange said to Liluo after finishing talking.

The latter nodded, and she smiled, "Hwang, wherever you go, I'll go, and I want to see Princess Purple."

"Hah, let's go!" Qin Tiange smiled, stepped out, and people have disappeared into this star field.

Step by step, the two people quickly moved above the starry sky, and from this small galaxy appeared in another small galaxy.

With Qin Tiange's current strength, he can swim in the cosmic stars without any pressure.

"Hwang, look ahead. The planet is a little weird."

As he was walking, Li Luo suddenly pointed at a solitary huge planet floating on the dark star sky in front of him.

This planet looks very lonely. There is only one planet in the entire galaxy. It looks weird and unique.

Qin Tiange was surprised, stepped across the starry sky, and came to stop not far from the planet.

"This is a zombie star." Qin Tiange frowned, looking at the huge planet.

It's very huge, a whole 10,000 times bigger than the sun, and it's just a super giant.

The strangest thing is that this planet looks alive, but it is actually a dead planet.

Why do you say that, because this planet is dead, countless dead planets merged with each other and revived the planet.

The entire planet looks more like a huge meat ball floating in the universe.

That's right, it is a huge meat ball, the surface of the astral body, and a mass of dark flesh creeping, like a super cell living in the universe.

"This planet is just a natural body." Qin Tiange couldn't help but sigh.

The universe is full of wonders. A fleshy planet is like a natural zombie meat ball. The meat on it is exactly like a zombie flesh.

The appearance of the entire planet is shrouded in a layer of terrible aerosol. It looks like a nebula, but it is a unique and terrifying corpse.

Once a creature approached, even contaminated the planet exuded corpse gas, and immediately became a zombie.

This is the terrible aspect of the zombie planet. Even if the planet is dissolved, even the star level will be polluted and transformed into a zombie.

“Interesting, it is indeed the Huangquan Galaxy, known as the most natural planet of the Huangquan Corps.” Qin Tiange showed a hint of interest and looked at the planet.

He can clearly see that there are a large number of zombies in this planet, and all kinds of creatures.

All creatures living on this planet, regardless of animals and plants, are zombies, and plants have transformed into zombie species.

“Hwang, look there, the biggest tree on the planet, it’s weird to say it’s a tree.” Li Luo pointed to the side of the planet.

There stood a towering giant tree, and the top of the tree extended above the outer space of the planet.

The trunk of the entire tree is completely intertwined with black flesh and blood. The root of the tree is coiled around the planet, and the energy on the planet is used to grow into nutrients.

Qin Tiange knows that the most powerful horror corpse on the entire planet is beyond the star level, and has even begun to transform time and space power.

Once you complete the training of space-time power, you can become a corpse tree of space-time level.

Look at the dense yellow leaves on that tree, and there are sorrowful and struggling souls, all kinds of creatures.

The growing leaves are like the soul body that devoured countless creatures, and they are packed with dense fruits.

The most frightening thing is the fruit from the trees, all of them are little dolls, corpses babies, each with their mouths open to feed.

These corpse babies are a bit horrible and weird. As they mature and fall down, they become powerful horror corpses.

“This is the treasure of the Huangquan Corps, Huangquan Tree, an important source for most members of the Corps.” Qin Tiange shook his head, somewhat helpless, feeling particularly disgusting.

Huangquan corpses, most of them are like the Huangquan corpse on the planet in front.

“Roar!”

At this moment, the Huangquan tree seemed to notice the arrival of Qin Tiange and Li Luo, a huge skull appeared on the trunk, and the opening mouth of Xingpan made a loud roar.

“Huang, I heard that there are very few corpses in Huangquan, which belong to the corpse of the corpses. How can there be a corpse here?” Li Luo asked curiously obviously did not understand.

In this star field, there is a zombie planet with a terrifying tree of Huangquan growing on it.

Depending on the situation, it is still just growing up, ready to mature corpse tree, is ready to step into space and time.

Once you step into the pole of time and space, it is a mature corpse tree. The corpse baby will become more and more powerful and talented.

“No matter what, if you see it, take it away.” Qin Tiange just chuckled and grabbed his hand.

Bang!

The planet shook, as if feeling a threat. The dead tree swelled and rumbled, and numerous roots entangled the entire planet.

It looks like a planet entangled in the roots of a tree, and a huge tree growing up above the starry universe.

However, under Qin Tiange’s palm, the planet could not resist at all, not even that terrible corpse tree.

With a click, the entire planet was sealed in a space-time singularity and disappeared on the spot.

“Exactly, as a gift for Ziyi.” Qin Tiange muttered in a low voice, watching a space-time particle floating on the palm.

Inside it was a corpse tree sealed, which happened to be a gift for her when she saw the purple clothes. This is the symbol of the Huangquan corpse and the royal family.

“It should be the central continent of the Huangquan Galaxy. Alas, I feel the breath of purple clothes.”

Soon, Qin Tiange felt the breath of purple clothes from the Huangquan continent in the center of the Huangquan galaxy, and couldn’t help showing a surprise.

“go!”

With a touch of excitement, Qin Tiange, with Li Luo, tore apart the galaxy barrier, and suddenly came to the central continent of Huangquan Galaxy, Huangquan Continent.

Chapter 924 - Purple clothes, meet again soon

The Huangquan Galaxy, with a span of 300,000 light-years, and the central Huangquan continent with a diameter of 30,000 light-years, is completely a starry giant.

Here, it belongs to the Huangquan corpse. Of course, there are other races, but the most powerful one belongs to the Huangquan corpse.

This family is very arrogant and terrible. The hegemon of the entire galaxy truly rules this galaxy.

Zombies are divided into several systems. There are naturally formed zombies, and there are corpses that have been transformed into human beings for various reasons.

A huge corpse, with strict ranks, belongs to the Supreme Royal Family and is ruled by the Corpse Emperor.

On the central Huangquan continent, more than 50% are occupied by Huangquan corpses, and the rest are occupied by various ethnic groups and some creatures.

In the center of the mainland, a vast long river runs across the two ends of the continent.

“This is the river of Huangquan?”

The torrential current, the roaring roar, rolled up a huge wave, the sound of rumble seems to be extinct.

On this river of terror, there are two men, one man and one woman, Qin Tiange and Li Luo.

Looking down at the vast river below, they are the most striking symbol of the Huangquan continent, the Huangquan River.

According to legend, what is flowing in the Huangquan River is not water, but a kind of corpse blood. The dark yellow corpse blood contains the monstrous corpse gas.

A terrible creature living in the river is corpses, all densely packed, so small they are hard to see with the naked eye.

But once a creature fell into it, it was immediately swallowed up by countless corpses, and even the bones were attached by the corpses and turned into a corpse.

“Huang, there seems to be something hidden in this river.” Li Luo frowned slightly, feeling what was hidden here.

Qin Tiange bowed his head and laughed: “At the source, there should be a terrible corpse buried, apparently this is the source of the river’s mutation.”

“Regardless of this, the breath of Ziyi was just here ...” Qin Tiange said, frowning.

He just sensed the breath of purple clothes and appeared here, but he disappeared when he came here.

Inside the billowing waves, there was a trace of breath from Ziyi, a unique breath that made Qin Tiange determine that it was Ziyi’s stay.

But why don’t you see anyone? Qin Tiange was puzzled, and his mind constantly felt the breath of Ziyi.

Soon, he sensed the breath of purple clothes in a continent of Huangquan mainland, and immediately locked her.

“go!”

With a touch of excitement on Qin Tiange's face, he tore open the space and time, directly stepped tens of thousands of miles, and came to a place.

Here, there is a strong body of corpse everywhere, the earth is black, and powerful zombies are wandering around.

Densely packed, endless zombies remind Qin Tiange of the jade corpse that left the earth, Da Yuer.

She took countless zombies, left the earth, and followed Chen Xi to leave. It is not clear where she is now.

With a sigh, Qin Tiange glanced at this place full of dead corpses, and there was such a vibrant area.

There was an island floating there, exuding strong vitality and a familiar atmosphere, which made him excited.

“Ziyi, finally found you.”

With a touch of excitement, Qin Tiange stepped out and came to the island in a blink, watching the island quietly.

At this moment, inside the floating island, a purple figure suddenly opened his eyes and suddenly looked up to stare into the void.

She was purple, and her heart suddenly jumped on her own, as if she felt a familiar atmosphere.

“This is ... the smell of my father?” The beauty in purple dress flashed a shocked face, then showed a surprised expression.

Huh!

At first glance, the purple clothes quietly appeared outside the island, floating quietly, looking at a figure not far away.

At the moment of seeing Qin Tiange, a pair of amethyst-like eyes in Ziyi instantly flashed a mist of water, and a little fluorescence slipped down.

“father?”

Ziyi's voice was a little trembling, as if she couldn't believe it, and her father, who he deeply missed, appeared in front of her.

Is this a dream again? How many times she was thinking that her father could appear in front of him, but it was a phantom.

Ever since he was taken away from the Earth, even left the Milky Way, and came to the Huangquan Galaxy, Ziyi has lost the sense and orientation of the Earth and the Milky Way, and it is not clear at all whether he can go back.

“Purple clothes ...”

Qin Tiange's pupils were reddish, his nose was sore, and some impulse to tears, remembering the weakness of the past, he watched the purple clothes be taken away.

Now that he has found his own daughter, the daughter and father and daughter that made him unacceptable at first, finally meet again here.

“Father ... Ziyi finally saw you, oh ...”

When Ziyi heard Qin Tiange’s words, he suddenly rushed up and cried in his arms, with joy, surprise, surprise in his heart, and endless grievances and misses.

Finally, seeing his father, he came to find himself.

“You’re all right.” Qin Tiange patted the shoulder of Ziyi gently, letting her cry loudly, silent comfort.

For a long time, when Ziyi stopped crying and raised his head, Li Hua looked at Qin Tiange with rain, grabbed him with both hands and refused to let go, as if it was just a dream.

“Father, is it really you?” Ziyi muttered to himself, purple haze flashing in his hazy eyes.

Seeing this, Qin Tiange felt a bit distressed. He was not a competent father after all.

“Stupid girl, isn’t there anyone else for me?” Qin Tiange laughed dumbly and gently wiped the tears on her cheek.

He laughed: “My family has grown up in purple and almost cannot recognize it.”

“Well, father, mother?” Ziyi smiled, and then looked around without seeing Chen Xi.

But she saw Li Luo who was standing not far from Qin Tiange. Amethyst’s pupil looked at her with a hint of doubt.

“This is Li Luo, my friend.” Qin Tiange introduced Li Luo with a smile, and naturally became the best friend.

“Hello aunt!” Ziyi said hello softly, saying hello.

Regarding this, Li Luo didn’t care, and the smiling protagonist said, “Princess Purple is kind.”

“Father, go, purple clothes show you the territory of your daughter.”

Ziyi suddenly gave a smile and pulled Qin Tiange’s arm toward the floating island.

Here, it was created by Ziyi, and the scene inside made Qin Tiange quite surprised.

Because this is where the city was originally built on the earth, that is the view of the Lotus Mountain.

Flowers, trees and trees here, even with the building, are the only good memories of these years.

She was afraid that she would forget, forget everything, forget Qin Tiange, and forget any memory on the earth.

That’s why I created such a place. I always tell myself that she has a home, and her home is on earth.

“Ziyi, it’s hard for you these years.”

Qin Tiange looked at the familiar scene, as if returning to the beginning of his old business, all kinds of memories came flooding in.

“Ziyi, tell me about your experience over the years.” Qin Tiange stood on the top of Lianhua Mountain, sitting on a stone bench, watching Ziyi.

Today’s purple clothes have changed a lot. Long purple hair flutters, and the fair and beautiful face is like a beautiful jade carving.

The most striking thing is the purple mark on the purple brows, which is a corpse pattern. Qin Tiange did not understand what it was before.

But now it has been understood that this is a sign of Ziyi as the born emperor, a royal symbol belonging to the corpse.

It means that Ziyi’s bloodline is noble, born as a corpse emperor, with an ancient heritage, and even Qin Tiange suspects that Ziyi may be the reincarnation of a strong corpse.

“Father, Ziyi doesn’t want to conceal you.” Ziyi hesitated, and looked at Qin Tiange with fixed eyes. She was very frightened and was afraid of Qin Tiange.

Qin Tiange understood it a little while thinking, and smiled, “Do you want to talk about your identity?”

“Well, I, I am actually ...” Zi Yi wanted to say something, but was interrupted by Qin Tiange.

He shook his head and smiled: “No matter what you are, whether you have restored the memories of the past, as long as you still recognize me as a father, then you are my daughter.”

“Tell me about your experience here over the years.” Qin Tiange quietly looked at Ziyi, listening to her slowly telling her experience over the years.

“Well, I know my father!” Ziyi smiled brightly and began to talk about what she encountered after being brought in from the Earth to the Huangquan Galaxy, one by one, without any concealment.

This lecture lasted for a few days. During this period, Qin Tiange’s expression changed a bit. Li Luo, who was familiar with him, understood that this man was murderous in his heart.

“You said, the guy who brought you in was uneasy and wanted to dig out the imprint of the natural corpse emperor on your body?” Qin Tiange squinted his eyes, revealing a hint of terror.

Ziyi nodded, and said bitterly, “Father, I was led by a royal time-space corpse demon.”

“Unfortunately, her daughter is now unable to break through the space-time level and is not his opponent.” Ziyi said with some concern.

Then she looked at Qin Tiange and said nervously, "Father, why did you come here, this is the Huangquan corpse, so be careful."

"Anyway, you don't have to worry about this." Qin Tiange waved his hand, and then looked at Ziyi.

He could see through at a glance. There was a repressive force hidden in Ziyi's body, which limited the growth of Ziyi.

"Purple clothes, do you know if someone put a ban on you?" Qin Tiange asked with a frown.

After hearing this, Ziyi's face changed greatly, exclaiming: "What, I have a restraint in my body, why?"

Ziyi was shocked and looked surprised, because she didn't feel the power of restraint in her body at all.

"It seems that someone doesn't want you to break through, maybe, to get the idea of your corpse emperor's mark." Qin Tiange thoughtfully, glancing at the purple mark on his purple brows.

This is the only mark in the entire Huangquan corpse, which belongs to the corpse emperor's seal. Even the current Huangquan corpse emperor does not have such a mark.

Because this mark not only represents the status symbol, but also represents a kind of inheritance, a strong bloodline heritage, from an ancient and powerful heritage.

"Huh? Why is she here?"

Suddenly, Zi Yi'e frowned, her eyes glowed with purple light, and she looked out of the island, a strong breath permeated.

Chapter 925 - Corpse, son-in-law

Outside the island, a powerful breath permeated, and then time and space cracked open a gap.

A hazy figure emerged from the inside, covered in a dark air, showing a terrible gloom.

"Who is she?" Qin Tiange asked, surprised.

The atmosphere of the people is very strong. It turned out to be a space-time powerhouse, but also a space-time powerhouse nine-dimensional powerhouse.

This made him curious. It seemed that Ziyi knew this person, or this imperious demon corpse.

Yes, here comes a terrible demon corpse, terrifying breath, fierce and suffocating.

Ziyi frowned and said anxiously: "Father, this man is called son-in-law, which is an alternative to the corpse. It is extremely scary. It is better for you to hide it first. I am worried ..."

She is very worried that if her father is found or if someone sees someone here, it may directly threaten her father's safety.

In this regard, Qin Tiange didn't care about it at all, a corpse of space and time nine-dimensional demons was not killed, the master of the world had been pinched to death, not to mention the space-time level?

"Reassurance, just space and time, you know her?" Qin Tiange smiled and comforted Ziyi, asking softly.

Ziyi was surprised, looking at his father, suddenly felt a bit opaque, as if more and more mysterious. She felt so emotional that she hadn't seen her father for many years, and instinctively thought that her father was not so strong.

But now it seems that I really don't understand his father's ability and can come to the Huangquan galaxy, is it still weak?

Thinking of this, Ziyi felt relieved in her heart, glanced at the people outside and introduced them word by word.

"Father, this person is a special case in the corpse family. It seems that he did not buy the face of Huang Quan Corpse Emperor at all, and seems to go out independently." Ziyi said, can't help frowning.

She said: "I've seen her twice before, and I don't know anything, but I don't know what she came to me today?"

After listening to Ziyi's words, Qin Tiange was surprised and looked at the demons and son-in-law who came out of the cracks in time and space.

This demon corpse was filled with a terrible flame, as if it could burn time and space and destroy all beings.

"What a terrible look, who is it?"

Outside, the corpse girl was shocked in her heart, and as soon as she stepped out of the cracks in time and space, she sensed two terrible glances.

These two eyes made her alarmed, and she almost turned away. It was too scary.

The son-in-law is naturally shocked. With her powerful strength of space-time Jiuwei, who can give her a warning sign with a glance?

Wouldn't it be to say that there are two horrible existences beyond her hidden in the island, which is amazing.

"Is it the Lord of the Realm?" She was hesitating. When she wanted to go in, the words of purple clothes came from the island.

"I don't know what sister-in-law is driving in the cold house. Any advice?"

Ziyi's voice came out, with no intention or intention to invite her to enter, because her father was inside.

She didn't want her father to be exposed, so she refused to invite each other into the island.

"Purple, let her in and see what she is looking for?"

Qin Tiange looked at it, and suddenly said this sentence, so that Ziyi invited the other party to come in and see the intention.

Ziyi froze, but without hesitation, opened the island's ban directly, and a passage emerged.

Outside, the son-in-law's face changed, and he looked very hesitant. It was determined that there were two horrors hidden in it.

After hesitating, she finally stepped into the island and came to the front of Ziyi.

Huh!

As soon as she came in, the son-in-law suddenly felt a shock, her pupils shrank, and she looked at Qin Tiange and Li Luo.

Because before she came, she didn't notice the breath of the two, but when she came, she saw two people here.

Moreover, from the point of view of breath, Qin Tiange and Li Luo are not corpses, that is, they belong to foreign races.

"Say, you come to me for something?" Ziyi frowned, a little strange.

Why the other party came to find her, a powerful corpse of Jiuwei in time and space, came to find herself, something must be wrong.

Sure enough, the son-in-law looked at Qin Tiange and Li Luo before looking at Ziyi without answer.

Instead, she asked with a smile: "Ziyi, why don't you introduce these two strong men to me?"

"Oh?" Ziyi smiled at the corner of her mouth, and said strangely, "You want to know, then I will introduce you."

"This is my father. She is my father's friend." Ziyi introduced it in a simple and clear way.

As soon as this word came out, the son-in-law was dumbfounded on the spot, and there was a bunch of question marks in his head.

"Father?" She was weird. She looked at Qin Tiange, and then looked at Ziyi. It didn't look like her father.

One is a human, the other is a corpse. How could it be a father and daughter?

Seeing her disbelief, Ziyi didn't explain, and asked, "Say, what are you doing to me? I don't believe that a strong and powerful nine-dimensional person will run without any problems."

The son-in-law was very entangled, because there were two strong men of unknown strength, Qin Tiange and Li Luo, and it was not good for a while.

"Don't say, then please come back." Zi Yi looked impatient and dropped off the guests.

Seeing this, the son-in-law smiled bitterly and finally said, "Well, actually, I came for someone else."

"Who?" Ziyi jumped inwardly, secretly.

I only heard the son-in-law said softly: "I owe Huang Quan the corpse emperor for a favor and come and preach for him."

"What does he want to do?" Ziyi's eyes narrowed, the purple light flickered, the killing spirit surging.

"Propose marriage!"

The son-in-law said this lightly, and immediately calmed down the scene. There was a heavy depression in the air.

Zi Yi's face frosted and hummed, "Propose a marriage? You go back and tell him that you want to propose a marriage to yourself, and my parents are the masters of my marriage."

"Okay, goodbye." The son-in-law simply turned sharply and left.

However, before leaving, he gazed at Qin Tiange and Li Luo intentionally and unconsciously, his eyes glowed with light and it was not clear what she thought.

It was Qin Tiange, who was silent all the way, but said nothing, but looked silently without any expression.

When the son-in-law left, Qin Tiange only smiled: "Ziyi, I didn't expect that someone would come to propose to me when I first arrived."

"Father, just make fun of your daughter and ignore you." Zi Yi Qiao blushed slightly, pinching Qin Tiange's arm with a bit of shame.

"Okay, I don't laugh, I don't laugh anymore." Qin Tiange held back a smile, but finally couldn't hold back a laugh.

"Ignore you." Ziyi turned away angrily and looked angry.

Seeing that she was angry, Qin Tiange patted her shoulders and laughed, "Okay, don't be angry, tell me, do you want to marry?"

When Qin Tiange said this, his face was serious, his eyes were serious, and he looked at the purple clothes turning around.

With a look of disgust, she said, "Father, don't mention it, Ziyi doesn't want to marry someone, not to mention that she's always immortal, and she's definitely not at ease, but she just wants to strip my corpse emperor's mark."

"The corpse monster who caught me at the beginning was one of the old corpse emperor's capable staff. They all tried to deprive me of the corpse emperor's mark. If it weren't for your father's mysterious symbol that you had entered into the sea, I might My daughter can't see you now. "Ziyi said, with a hint of fear.

At the beginning, Ziyi was picked up. In fact, the other party was not at ease, but he wanted to deprive Ziyi's imprint of Shi Huang just born.

Once deprived and merged with oneself, it is tantamount to obtaining the ancient inheritance of the emperor, which belongs to the inheritance mark of the Supreme Corpse Emperor.

It is a pity that there is a true book from Qin Tiange that broke into the purple clothes and learned the sea. The complete protection has held the purple clothes. There is no chance to deprive them.

"Is that so?" Qin Tiange's eyes were killing, and he already had an idea in his heart.

Since her daughter has the only mark of the corpse emperor, it means that she can easily control and rule the entire corpse.

Once he came to the throne and ruled the whole corpse, that was the real role of the corpse's mark.

"Ziyi, do you want to be the empress?" Qin Tiange suddenly looked at Ziyi with a smile and asked.

Ziyi froze for a while, then awakened: "Father, do you want me to lead the Huangquan Corps?"

"But, is this possible?" Ziyi had some lack of confidence. She said, "Huangquan Corps has deep foundations, and only the foundations of space-time have terrible outsiders."

"Not to mention the rumors, the Huangquan Corps has terrible deterrence beyond space-time level, which is probably difficult to achieve." Ziyi knows the Huangquan Corps very well.

Because of this, she was a little worried and persuaded her father to give up the plan.

"Father I don't want to stay here, take me away, I want to go home, I miss my mother and sister." Zi Yi Qiao's face was full of thoughts, and she was actually Chen Xi and the goblin I miss it.

Speaking of this, Qin Tiange couldn't help sighing, saying, "Your mother has no news at this time. She is not in the galaxy, and I will go and get them back after a while."

"Mother left the galaxy?" Ziyi froze, worried.

Qin Tiange patted her little hand comfortably: "Don't worry, your mother will be fine. Since you have the mark of the corpse emperor, do you want to sit in the position of the corpse emperor?"

"As long as you have this idea, I will clear all obstacles for you. As for other threats, you don't need to worry about it, I will solve it by myself." Qin Tiange looked at Ziyi seriously, with strong confidence in his words.

He wanted to give his daughter a higher development space, wouldn't it be better to rule the whole Huangquan corpse, otherwise, what is the purpose of the corpse's mark?

"Well, what my father said, I'll do it." Ziyi smiled brightly, like a child who didn't grow up.

“That’s all right.” Qin Tiange smiled and nodded, and gradually cold face, saying one word at a time: “But now let me help you break the restraint in your body and see who dares to give you restraint?”

Hum!

With that said, Qin Tiange pressed his palm against the purple spirit, and a forceful will poured into her body, which immediately caused a mysterious forbidden rebound.

The dense prohibition, even intertwined and coiled in the body of the purple clothes, seems to form some kind of power, invading the seal of the corpse emperor little by little, drawing the power of the seal of the corpse emperor.

“court death!”

Qin Tiange’s eyes were cold and humming, and he rushed out with strong will and supreme strength, and made a sigh, and instantly shattered the dense prohibition.

Chapter 926 - Secret of Ziyi

boom!

A crunching sound came from the body of Ziyi, and the dense restraint was broken and destroyed layer by layer.

As the restraint in the body was destroyed, Ziyi only felt transparent, as if he had taken off a shackle, and was extremely relaxed.

Only then did she realize that she had been secretly banned for the purpose of curbing her corpse’s mark from growing up and waking up.

No wonder she always felt the power to stop trying to make a breakthrough. She couldn’t make that step. It turned out to be calculated.

“Well? Who’s breaking the ban on this seat?”

Suddenly there was a horror in the deep space and time, and a powerful creature was awakened.

The lifting of the ban immediately awakened the existence of the ban, and felt that the ban set by himself had been broken.

“Who is it?” The man muttered to himself, with a hint of dignity, and someone broke the restraint in the purple clothes.

Just as he was stunned, a sudden palpitation came, as if a force was tracing along the power of the ban.

“presumptuous!”

Suddenly I felt that someone was tracing back to the source, looking for him who was under restraint, and immediately angered him.

With the violent drinking, a blast of time and space burst, where layers of space-time storms were rolled up and turned into a force of terror.

However, this power disappeared strangely, as if being swallowed by something.

“Just your hands and feet?”

A voice of indifference came, and I saw three silhouettes coming out of the turbulent space and time, and came to him step by step.

The person who came was Qin Tiange, followed by Li Luo and Ziyi. Ziyi could not enter time and space, but it was natural for Qin Tiange to protect him.

“Is it you? The corpse emperor’s first war general?” Zi Yi Qiao’s face was cold, and her purple pupils showed a hint of killing.

At a glance, she could see the identity of the man, who was the first general of the Corpse Emperor.

“Huh, it’s no wonder that we can break this block. It turned out to be an outsider.” The man grunted coldly, and the fog of time and space dispersed.

He sat on top of time and space, motionless, covered with fiery red scales all over his body, born with a pair of bone wings, his symbols beating, exuding an amazing magic light.

This is a horrible corpse strong, with an ancient atmosphere inside, apparently an ancient corpse.

The ancient corpse glanced indifferently at Qin Tiange and Li Luo, and finally looked at Ziyi, leng hummingly: “I did not expect that the mark of the corpse emperor could hardly be restrained, but I have grown to this extent for you. That will make you a source. “

The imprint of the corpse emperor in purple clothes is very mysterious and has a strong and ancient inheritance power, which is difficult to be suppressed.

Even if a ban is set, her growth cannot be curbed, and even if the power of the imprint is touched, it will attract the backlash of the imprint.

This kind of imprint rarely appears in the Huangquan corpse. Once it appears, it is a generation of super emperors, the true corpse emperor.

The appearance of Ziyi is not clear whether it was an accident, but she appeared with the mark of the corpse emperor, destined to be the natural emperor of the Huangquan corpse.

It was previously introduced to the Huangquan Galaxy in order to obtain the corpse emperor’s mark from the corpse emperor of the corpse.

Unfortunately, trying to capture the Seal of the Corpse Emperor is not an easy task at all. This is why Ziyi was banned, to curb her growth, and then try to find a way to capture the Seal of the Corpse Emperor.

Originally, the corpse emperor intended to erase the true spirit of the purple robe, sealed her body, and occupied her body by the method of looting.

It is a pity that there is a book of true spirit guarding. If you want to obliterate the true spirit, you cannot do it. In the end, you can only seek for inheritance.

That is why the corpse emperor proposed a marriage, in fact, he wanted to give birth to the offspring, and use the Huangquan secret method to transfer the corpse emperor’s mark to the offspring.

Everything is for the imprint of the corpse emperor born in the body of Ziyi. Now that Qin Tiange is here, everything is impossible.

“Two outsiders, this is something inside my Huangquan corpse. You better not get involved, otherwise,” the ancient corpse suddenly threatened.

What he meant was to let Qin Tiange and Li Luo, two foreigners, not get involved in the affairs of the Huangquan corpse, or they would be burned.

“Hum!” Qin Tiange snorted softly and said, “You arrested my daughter and imprisoned it. This account has not been settled yet. Do you want to threaten me?”

“Since the ban is yours, let’s die.”

After that, Qin Tiange’s figure disappeared, and then he appeared in front of the terrible ancient corpse.

Such a ghost charm startled the ancient corpse, instinctively waved a palm and blasted it strongly. when!

Qin Tiange shook his finger, and when the sound of the corpse trembled, the arm of the ancient corpse trembled, then cracked.

Just hearing a “bang”, the whole arm was exploded into powder, and Qin Tiange shook his finger and shattered it.

“His, no, you are.” The ancient corpse horrified and retreated into layers of space and time.

He was terrified, and Qin Tiange killed one arm with a flick of his fingers, which scared him.

You know, this ancient corpse is a powerful ancient corpse that is nine-dimensional in time and space. In addition to the son-in-law, it is the strongest space-time thug received by the corpse emperor.

I never wanted to run into Qin Tiange, but he smashed an arm with a face-to-face encounter, and that understatement almost scared him.

“Are you the lord of the realm?” The ancient corpse screamed, the back of the bone wings shook, shattered time and space, and was about to run away.

He was afraid, and apparently guessed that Qin Tiange’s strength turned out to be a master, this was the most terrifying discovery.

“Want to leave?” Qin Tiange saw the other man running away, couldn’t help sneer, and reached out a hand to penetrate time and space.

Kakaka’s crisp sound came, layers of space and time were torn by Qin Tiange’s arm, his fingers spread out, and he grasped the escaped ancient corpse.

“Uh,” the ancient corpse was pinched by the neck and dragged back. When he saw Qin Tiange in front of him, a horror rose on his face.

In terms of time and space, Qin Tiange could not be blocked, and he held the other side in one hand and dragged it back, bringing it in front of him.

“Ziyi, do you dare to unite with foreigners and collude with foreigners?” The ancient corpse was terrified and could not help but growl.

“Noisy, let’s die!” Qin Tiange snorted, a raging flame was burning on the palm of his hand, and he instantly caught the ancient corpse and smelted it.

It was chaotic fire. This ancient corpse was directly smelted and turned into a mass of space-time origin condensed on the palm of the hand.

“Ah my lord, save me, save me” The true spirit of the ancient corpse issued a stern cry for help.

This voice revealed some soul mystery, the true spirit conveyed the news, but Qin Tiange did not stop.

Soon, the ancient corpse and the true spirit were smelted and turned into a corpse origin.

“Purple clothes, absorb this source, you can fully unlock the power of the emperor’s mark and get promoted.” Qin Tiange turned back, looked at the purple clothes, and passed her the time and space origin.

Ziyi didn’t hesitate at all, didn’t even hesitate, and swallowed up the original source.

boom!

At the moment of swallowing the origin of time and space, the whole person in Ziyi burst into a dazzling purple radiance, and a kind of noble breath permeated.

That was the breath of the emperor. On the purple brows’ heart, the purple mark suddenly emitted a strong light.

There was a faint scent of the ancient emperor inside, as if an ancient emperor was gradually awakening.

Seeing this, Qin Tiange couldn’t help frowning, and kept a doubt and vigilance on the mark of Ziyi.

But what he was worried about was superfluous. Ziyi quickly absorbed the origin of space-time, and the breath on his brows became stronger and stronger.

Huh!

With the sound of a gurgling voice, the glory of the mark gradually converged, and a natural majesty emanated.

There was a hazy purple mist permeating the body of Ziyi, and a spatio-temporal opening suddenly opened above his head, and a door emerged.

That is the gate of time and space, which means that Ziyi is qualified to break the barriers of time and space and achieve the level of time and space.

“Father, what should I do?” Ziyi suddenly opened her eyes, a wisp of mighty power permeated.

She even asked Qin Tiange his father what he should do, and that was why he stumbled.

Breaking through his own affairs, Ziyi asked him, but it made him feel bad.

“Otherwise, you swallowed the door of time and space.” Qin Tiange said the suggestion weirdly.

Li Luo froze, her eyebrows fluttered, and she was speechless about Qin Tiange’s remarks. Do you think everyone is like you?

Ziyi looked down, looked at Qin Tiange, and looked at the splendid space-time door above her head.

She swallowed and embarrassed, “That father, I feel I can’t swallow the portal, as if I can’t swallow it.”

Yes, Ziyi has a feeling that she wants to devour time and space, but the reminder in the mark makes her understand that she can’t do it.

“Forget it, just break the time and space door.” Qin Tiange shook his head with a bitter smile, and finally said something.

“it is good!”

Zi Yi’s face shuddered, purple haze permeated all over her body, and immense force of force was imprinted on her brows.

Along with the purple clothing rising into the air, he waved his arm to make a strong punch, and the crystal fist wrapped in rich purple light on the door of time and space.

哐 Dang!

A loud noise spread through time and space, and I saw that the door of time and space was actually cracked by Ziyi Sheng, and the cracks were staggered.

“Break!” Zi Yijiao drank, his strength gathered, and he punched up again.

Just listening to the bang, the space-time door smashed, and she really broke the space-time door with brutal force.

At this moment,, the door of time and space exploded, and endless space-time power surged into the body of Ziyi.

Pushing open the space-time door to enter and blasting the space-time door is not the same. Pushing open the space-time door to enter it is like walking into the space-time prison.

Breaking the gate of time and space is like blasting the door of the cage, and there is no danger of imprisonment in the future.

It is almost the same as Qin Tiange, but he is even more brutal and swallows the gate of time and space directly, which is like controlling the entire space and time.

“The emperor, the gift of the princess is not profound. The mark is the reincarnation of an ancient corpse emperor?” Li Luo watched Ziyi fall into a breakthrough, and quietly transmitted a voice to Qin Tiange.

Regarding Ziyi’s talent, Li Luo was all moved, but she was worried about the imprint of Ziyi’s brows.

“Anyway!” Qin Tiange waved his hand and looked at the purple clothes in the breakthrough, and said softly, “I have a general understanding of the situation of the purple clothes. That mark belongs to her originally.”

“The emperor meant that the princess was the reincarnation of an ancient corpse emperor?” There was a hint of surprise on Li Luo’s face.

Qin Tiange nodded and then Yaoyao explained, “She is reincarnated, but there is no known memory before, and the mark is broken.”

Hearing this, Li Luo was silent, looking at Ziyi, who was being washed up by the endless power of time and space, and the mark on his brows was devouring the power of time and space to repair himself, but it was really broken.

Perhaps it is unknown that Ziyi has another layer of ancient identity. Qin Tiange has already noticed this.

However, if the purple clothing awakens the ancient memories, where should the delicate relationship between the father and the daughter go?

A corpse emperor of the Huangquan corpse, a human emperor, Ziyi and Qin Tiange, can they still maintain the current relationship?

Chapter 927 - Cut off past life memories

The storm of time and space swept through, and continuously poured into a purple figure. The slender long purple hair danced and pierced the barriers of time and space.

Ziyi is in the process of metamorphosis, the eyebrow mark is gradually repaired, and an ancient memory inside is changed to wake up.

“Purple clothes, we must wake up the memories of previous lives.” Qin Tiange suddenly said this sentence, an inexplicable sigh.

In fact, he was a bit complicated. For a daughter like Ziyi, Qin Tiange really cared.

Looking at the purple clothes immersed in the front, Qin Tiange fell into memories, and the past scenes appeared in his mind.

The birth and encounter of Ziyi was a constant bond between the two, as if destined to have such a daughter.

Qin Tiange suddenly smiled bitterly. He and Chen Xi had no love crystallization, so they had two more daughters.

One is a corpse and the other is a fairy.

“Want to come, is the most confused father in the world me?” Qin Tiange said to himself, a gleam of sadness in his eyes.

Was Ziyi awakening his memory and would he still recognize his father?

What if I do n’t agree? Qin Tiange was entangled in his heart, and Ziyi had completed the transformation and became a strong player in time and space.

Snapped!

Suddenly, Ziyi’s body shook, and a clear crackling sound came from the mark on her brows, as if something had broken.

Immediately, Ziyi gradually awakened, opened a pair of pure and flawless eyes, and looked at Qin Tiange playfully.

“Father, I successfully broke through.” Zi Yi Qiao’s face was full of excitement, holding Qin Tiange’s hand, as if sharing her joy with her father.

The breakthrough is worthy of joy. Qin Tiange naturally feels comforted and happy for Ziyi, but there is a lingering melancholy in his heart.

Because Qin Tiange could see that Ziyi awakened the memories of the previous life, but looking at her pure and flawless eyes, Qin Tiange wondered again.

“Father, do you know what I just saw?” Ziyi looked up with a smile and looked at Qin Tiange.

He thought about it and asked with a smile: “What did you see, did you see the future?”

“No!” Ziyi shook her head seriously and whispered quietly: “Father, I saw my past life’s memories, and here it is.”

As she said, she pointed at the mark on her brows, and there was a hint of brightness in her eyes, revealing two tiger teeth.

“Are you awakened from the memory of the past life?” Qin Tiange sighed and looked at Ziyi complicatedly.

After all, she awakened the memories of the previous life. So, is the purple clothes that awakened the memory or herself?

Qin Tiange never thought about preventing Ziyi from awakening past life memories, nor did she even think about erasing her past life memories.

This is his most real thought. Ziyi, since calling himself a father, must respect her.

Ziyi Qiao’s face was filled with a thick smile, and she laughed and said, “Father, guess what I just did?”

“What?” Qin Tiange looked puzzled.

I saw that Ziyi smiled and said seriously: “Father, I cut off my own memory.”

As soon as this word came out, Qin Tiange froze, Li Luo was stunned, completely surprised by the words of Ziyi.

She said that she had just cut off the ancient memory that belonged to her and completely cut off.

“You, cut off the inheritance memory?” Qin Tiange’s face changed slightly, and he looked at Ziyi seriously.

He did not expect that Ziyi actually cut off past reincarnation memories, which is equivalent to completely abandoning the previous inheritance memories.

This is why, Qin Tiange understands without thinking, there is a deep feeling in his heart, and he almost burst into tears.

“Yeah, father, those memories are fragmented and chaotic. I looked upset, and all of them were shattered.” Ziyi said with a look of course.

To put it lightly, in fact it is really difficult to make. Who can have the determination to cut off past reincarnation memories?

How much determination does that take? Purple clothing, even without hesitation, cut off past memories, which is equivalent to completely cut off any previous memories.

In other words, Ziyi gave up the power of hereditary memory and did not accept this hereditary power at all.

“Why?” Qin Tiange still couldn’t help asking.

Ziyi’s small face was filled with a bright smile, and she looked at Qin Tiange, her silky purple light dazzling, pure and flawless.

She said word by word: “Father, for Ziyi, only the memories of this life are the most authentic and precious. Ziyi does not need other memories.”

“I have your blood in my body. Ziyi only knows that you are my only father and the only relative.” Ziyi has a bright smile on her face, full of seriousness and persistence.

That was her only obsession, and she had been doomed since she had established a constant bond with Qin Tiange.

“Hahahaha” Qin Tiange couldn’t help laughing, with a twinkling of glitter in his eyes.

Qin Tiange quietly covered the blinking tears in the corners of his eyes, and smiled bitterly in his heart, and he was moved to cry.

“With your daughter, I’m satisfied in my life.” Qin Tiange said with a smile.

He turned around and waved his hand, the space-time split, and a vast galaxy emerged. It was the Huangquan Galaxy.

Qin Tiange pointed at the galaxy and laughed, “Ziyi, this Huangquan galaxy will be in your hands.”

“My daughter will be the Supreme King of the entire Huangquan Corps. Whoever blocks it is my enemy.”

This sentence, with a strong conviction, Qin Tiange was determined to push his daughter, purple, to the Supreme Throne of the Huangquan Corps.

“Congratulations!”

Li Luo smiled and smiled softly, believing the slightest anxiety in her heart.

In fact, she was also very worried that once Ziyi awakens the memories of previous lives, once the memories belonging to the strong are awakened, it is bound to break the bloodline that Qin Tiange left in Ziyi’s body.

The two are likely to have a big battle, but Ziyi directly cut off past memories and completely gave up hereditary memories.

Instead of accepting this memory, she chopped it up and completely destroyed her past life’s memory.

In her opinion, Qin Tiange is the most important one. This father is the closest person since she was born.

“Father, Ziyi has grown up and wants to fight alone. I want to prove to the world that your daughter is not weaker than others.”

Ziyi turned suddenly, and Qiao Tiange showed a firm will on her face. She looked at Qin Tiange and said her decision word by word.

She wants to complete the control of the Huangquan corpse alone, and wants to prove to the world that her daughter in purple clothes and Qin Tiange are not weaker than others.

When he heard this, Qin Tiange stunned, and then laughed: “Good to say, I’m relieved that you have this feeling, but you have to remember that I will always be your backing.”

“Well, my father is the best. You have always been a model for Ziyi.” Ziyi smiled and exaggerated Qin Tiange.

“Poor mouth!” Qin Tiange laughed abruptly, suddenly looking at the space and time around him, and a powerful and subtle breath emerged.

The corner of his mouth evoked a stern arc, and laughed: “Purple clothes, can you control the details of these corpses?”

“Father rest assured, the corpses have absolute blood pressure and control. No matter how strong they are, they cannot escape the control of the emperor.” Ziyi said this with a strong self-confidence.

Although she cut off the inheritance memory, she mastered the mark of the corpse emperor and reunited her own mark of the royal road.

In other words, the purple clothes broke the old past life and got the perfect new life. This is the unique, unique purple clothes that was reborn.

A brand new and powerful corpse emperor is slowly rising and really stepping onto her own stage.

“This is for you.”

At this moment, Qin Tiange spread his palm, and there was a tiny particle floating on it, which was a particle of time and space.

Inside it was a corpse of Huangquan, which had been obtained before, and was intended to be brought to Ziyi as a gift.

“Huangquan Dead Tree?” Ziyi was surprised, surprised by the gift.

She received the space-time particles in surprise and directly refined a corpse of Huangquan sealed inside.

“Thank you father. With it, I can re-create a brand new corpse, even if the corpse is extinct now.” Zi Yi Qiao said excitedly.

A horrible tree floating on her palm was the corpse of Huangquan. With it, it was equivalent to re-creating a huge corpse.

Huh!

Ziyi stomped her feet, kissed Qin Tiange’s cheek, looked at him with a smile, spit out his tongue, and was cute and cute.

“Father, where did you get this corpse of Huangquan? You must know that there are only nine corpses of Huangquan in the family of Huangquan. Most of them are in the hands of the corpse emperor.” Ziyi played with the corpse of Huangquan in the palm, and was a little excited.

Hum!

I saw, the purple imprint of the heart of the eyebrows suddenly emitted a bright purple light, constantly pouring into the palm of the Huangquan corpse.

A strange scene appeared. The yellowish and disgusting Huangquan tree immediately changed the world.

Gradually, the corpse of Huangquan became dazzling purple, as if made of amethyst.

The corpse baby formed above turned out to have a faint scent of honor, as if the blood had acquired a transformation and baptism in heaven.

The baptism of the seal of the emperor turned the corpse of Huangquan into a true royal treasure, which is equivalent to the creation of a brand-new corpse of the emperor.

“Father, thank you!”

Ziyi looked at Qin Tiange, and there was a mist of water in her eyes, and she suddenly sighed: “It’s a pity that my mother is not here, father, please hurry to find your mother and Lian’er.”

“Here, Ziyi can handle it by herself.” Ziyi finished and looked at Qin Tiange seriously.

This is to ask Qin Tiange to leave to look for the sister of Chen Xi and the little fairy. She wants to work hard for her own career and not to humiliate her father.

The father and daughter stared at each other and saw Zi Yi’s persistent and determined eyes Qin Tiange couldn’t help sighing.

“Ok!”

Qin Tiange finally nodded and agreed, since Ziyi wants to do some great work for herself, then let her toss.

“This thing is for you, at the critical moment, hide in it.”

Before leaving, Qin Tiange took out a strange bead filled with a vast ocean, which was the tide of the sea.

It can also be called, Jiezhū.

“Purple clothes, take care, take care of yourself!” Qin Tiange stroked the soft purple long hair of the purple clothes gently.

“I’m leaving!”

Qin Tiange tore apart the time and space, and finally glanced at the purple clothes, the two of them showed a bit of perseverance.

In fact, he didn’t want to leave so quickly, but Ziyi insisted that he couldn’t help it. His daughter had grown up and had his own ideas.

“Father, take care!”

Ziyi silently watched Qin Tiange step into the cracks of time and space and disappeared in front of her. Finally, she could not help but shed two lines of tears.

But she knew that her father had a lot of things to do, not only that Chen Xi had no news, but also that the human race was inseparable from Qin Tiange.

“Father, you are the Emperor, and as your daughter, Ziyi, you will definitely not fall behind.”

Purple murmured to himself, with amethyst-like pupils flashing a firm conviction, a ray of majestic majesty revealed.

She slowly turned around and looked down at the entire Huangquan galaxy, stepped out and formally embarked on the road of her corpse emperor.

The corpse emperor, the supreme emperor, created an immortal great cause, destined to be full of ups and downs, because the emperor’s battle for hegemony is more **** and cruel than other races.

Ziyi resolutely embarked on the road of the corpse emperor to kill his own majesty.

Chapter 928 - Hell galaxy, old friend

Outside the Huangquan galaxy, there are two people standing in the starry universe, a man and a woman, watching the huge galaxy ahead quietly.

“Huang, are you really assured that Princess Purple is alone in the Huangquan Galaxy?”

After a long silence, Li Luo finally spoke, looking at Qin Tiange’s resolute face, his eyes revealing a magnificence, he didn’t know what he was thinking.

Can Ziyi work alone in the Huangquan Galaxy and embark on the road of hegemony hegemony, can he be assured?

“Ziyi, after all, has grown up and has her own thoughts and thoughts. I can’t interfere with her.” Qin Tiange shook his head and sighed.

This is something that every parent must experience. When children grow up, they have their own ideas and plans, and even have their own decisions. Parents can only support them silently and not interfere.

Ziyi, since still recognizing Qin Tiange’s father, she wants to fight for the authority of the Corpse Emperor alone, so she can only support her.

Qin Tiange will not interfere, but can only support her silently. As a father, he naturally wants to give his daughter a better future.

“Since Ziyi wants to work hard and create an immortal great cause by herself, let her toss it.” Qin Tiange said to himself, in fact, he was a little uneasy.

But he had to respect Ziyi’s decision. She grew up after all, and Qin Tiange didn’t want to admit it.

“However, the Huangquan galaxy is not as simple as it appears on the surface. Not to mention anything else, it is the current corpse emperor, but a powerful player in time and space. The inside of his hand is huge and amazing.” Li Luo expressed his opinion with anxiety .

She had previously sensed that the Huangquan Galaxy is not as simple as it appears on the surface, although it killed a nine-dimensional strong.

But she understood that the heritage of the Huangquan galaxy far surpassed the heritage of the galaxy and the fairy galaxies.

Qin Tiange was naturally clear about this, he said softly: “The hidden cadaver details in the Huangquan Galaxy are terrible, but they are not monolithic.”

Qin Tiange suddenly laughed: “The corpse, taking Huang Quan as the royal family, that is not fixed, and some other strong corpses are also not weaker than the current royal family, and they have competition with each other.”

“As a brand new corpse competitor, Ziyi naturally has her own plan. Let her toss herself, we don’t have to worry about it.” Qin Tiange finished, turned directly to tear open the starry sky, and walked in one step.

Li Luo stood in place, looking at the direction of the Huangquan Galaxy, and sighed after a long silence.

“Huang, your idea is really complicated. Princess Purple is really inheriting your character.”

Li Luo talked to himself, turned with a bitter smile, followed Qin Tiange’s footsteps, and left the Huangquan Galaxy.

The two walked the starry universe and looked at the dark and cosmic starry sky with a fascinating charm.

“Huang, the **** galaxy closest to the Huangquan Galaxy is in front of us. Are we going to the **** galaxy?”

On the starry sky, Luo Luo was walking, and suddenly found that Qin Tiange’s target turned out to be the nearest galaxy of the Huangquan Galaxy, the Hell Galaxy.

Looking at a large galaxy on a distant starry sky, like a **** galaxy on a starry sky, the red light is diffused.

There is the Hell Galaxy!

Hell galaxy is a very unique galaxy. The planets here are generally blood-red, which makes people feel depressed.

Qin Tiange stopped, looked at the huge galaxy, and smiled: “Yes, I just want to go to the Hell galaxy, but there is an old friend there.”

“Old friend?” Li Luo wondered for a while, and said suddenly: “Huang, you mean that **** businessman?”

“Yes, since it’s here, it’s not bad to see this old friend, and the **** galaxy is the most prosperous commercial galaxy among the universe.”

Qin Tiange said, tearing the starry sky, and quickly rushed to a huge galaxy in front of him, the **** galaxy.

“And, I want to find an ally for Ziyi!”

As soon as the words fell, they both walked out of the starry sky and came to the edge of a bright red galaxy.

Looking at this galaxy full of red, the nebula is like a **** mist condensing, covering the entire galaxy.

The crimson planets look strange and scary, especially the galaxy is filled with the smell of death.

Hell is full of killing and death. Don’t think that the creatures of the Hell galaxy will only do business, but killing is a common thing.

Without sufficient power, how to ensure the development of business and how to ensure your safety in the process of doing business?

If you think that this group of businessmen walking the galaxies of all dimensions of the universe to do business is kind, then you are wrong.

Perhaps this group of businessmen is the most terrible, most rampant and cruel group of creatures.

For the benefit, a ***** businessman can even completely subvert a race.

Merchants profit, and there are benefits, ***** merchants will go there 100%, killing and killing tribe is commonplace, and even subverting a galaxy and civilization is possible.

“I have sensed that familiar atmosphere. I didn’t see the details of the other party in the past. Now it seems that this ***** businessman has great strength.” Qin Tiange’s face was a little surprised, and he felt the “zero” breath of ***** businessman.

This breath is extremely subtle and powerful. Without strong strength or even familiarity with the other party, you may really not find it.

I didn’t think it before, and now Qin Tiange really understands that the ***** merchants who projected onto the earth were really scary.

.....

At this time, a strong and mysterious wave suddenly appeared in the center of the ***** galaxy and in a certain area of the ***** continent.

This wave of radiation radiated, shaking many powerful creatures and species around.

“what?”

For a long time, there was a horror in this area, and a terrible creature was awakened.

In the hazy mist, the blood-stained light shined out, faintly seeing those blood-colored eyes, full of killing and death.

“Who is, peeping at the deity?” The terrible figure said to himself, perceiving a subtle peep.

He just noticed the kind of peeping just now. Although it is not clear who peeped, he must be a strong man.

Just as he was doubting, a quiet voice came from the fog outside, making him all choke.

“Zero, why don’t old friends come to meet you?”

A bland word came in, as if it were a thunderstorm, and the man was astonished.

His pupils shrunk, his face full of suspicion, the expression shrouded under the black robe was wonderful.

“Is he?” Zero, with a look of shock, startled: “How is that possible? He, he is already ...”

Outside, two men and one woman came in the mist, and the young man shocked the ***** businessman.

His eyes were wide, and looking at Qin Tiange and Li Luo as they came, it was astonishing. It was incredible.

“Hi, why, don’t you remember your old friend?” Qin Tiange came to the central core of the so-called death penalty area.

He looked at the figure sleeping in an ancient coffin in front of him, and looked at each other with a playful look.

This is a ***** businessman who once traded with Qin Tiange twice on earth, zero.

The most amazing thing is that this ***** businessman, turned out to be a superpower, beyond the level of time and space, is a master.

A master-level ***** businessman hidden here, projecting various low-level dimensions, doing various businesses.

“Wo Cao, you, how did you become the master of the realm?”

After seeing that Qin Tiange was right, he jumped out of the coffin all of a sudden, with his hair standing upright, unbelievable.

boom!

The huge ancient coffin was smashed, and a figure rushed out from it. It seemed a little shocked and unbelievable, and jumped out from the coffin.

Once again, Qin Tiange turned out to be the master of the realm. As the master of the realm, he naturally knew that the opponent was strong and existed at the same level.

However, how long has it passed before Qin Tiange, the former little villain emperor, has become the master of the world?

“Wait, shouldn’t you come to trouble me?” Zero looked stunned and suddenly waved his hand and said, “I can’t be innocent with you. You know that the transaction between us is yours. , There is no fraud. “

“Hahaha ...”

Seeing the horror and panic of this ***** businessman, Qin Tiange didn’t hold back laughing.

He smiled for a while before saying, “I said, what are you doing so nervous, did you sell me something that was fake?”

“No, absolutely no fakes!”

Zero hurriedly denied that he had a helpless grin, and slowly pulled down his black robe, revealing his true meaning.

He is a family of Hell My Neighbor Totoro, with a pair of small dragon horns growing, the ears of the cat shaking, and a doubt in his ***** pupil.

Zero Cat didn’t know at all how Qin Tiange broke through even the speed made him stunned.

“By the way, how did you come to our **** galaxy?” Zero Cat suddenly woke up and looked at Qin Tiange in surprise.

He looked at Li Luo, and was shocked in his heart. He was a terrible existence of the master of the world. Why didn't he shock him?

Qin Tiange's mouth slightly tilted, and he smiled inexplicably: “I just happened to pass by, look at your old friend, and by the way enjoy the infinite scenery of the Hell galaxy.”

“How about cheating ghosts?” Zero Cat rolled his **** pupils and scorned: “You say that when you travel, you don't believe ghosts, let's say, what are you doing here to find me?”

He didn't believe that Qin Tiange said he would travel, and he was on his way. He didn't believe the ghosts, let alone a savvy **** businessman?

Sure enough, Qin Tiange said helplessly: “It seems that you can't conceal you, a savvy adulterer, I'm here to find you something.”

“I'll just say that?” Zero Cat was smug and smiled. “Dignity, you can't go to the Three Treasure Hall. You came here to make a special trip to me. There must be something, let's say, what?”

Looking at the pride of Zero Cat, Li Luo almost couldn't hold back his smile. In fact, Qin Tiange and she really passed by here.

“That's it.” Qin Tiange sat in front of the table and chairs brought out by Zero Cat and drank a glass of **** wine.

After putting down the wine glass, Qin Tiange slowly said something: “I came here on a special trip to find an ally for my daughter Ziyi, and the only thing I know in the **** galaxy is you, so ...”

With that said, the fool understands that the zero cat is full of black lines and dares to come to him to join him, and wants to pull him into an unknown muddy water.

“I want to ask, who is your daughter?” Zero Cat asked a question mark, and looked at Qin Tiange, looking up and down.

Who is his daughter and why did Da Lao come to him as an ally?

Chapter 929 - My Neighbor Totoro's ambitions, cooperation, occupancy!

“My daughter, in the Huangquan galaxy, is preparing for the hegemony of the dead.”

Qin Tiange spoke slowly, seemingly to say something very ordinary.

puff!

“What did you say?”

Zero Cat heard Lao Gao after listening to a sip of blood wine, apparently shocked by Qin Tiange's words, staring at him with a stun.

Qin Tiange's daughter, fighting for the hegemony of the Huangquan corpse?

Zero Cat looked weird, and looked at Qin Tiange strangely, as if looking at a monster.

You said that you are the emperor, how could you give birth to a daughter of a corpse? How can this be passed?

“Cough ...” Zero Cat coughed twice and asked awkwardly: “You are the emperor ...”

“Your daughter is going to be the corpse emperor?” Zero Cat almost fainted.

Well, this family, Lao Tzu is the emperor, but her daughter wants to be the corpse emperor of the Huangquan corpse and fight for the hegemony of the corpse emperor.

What is it called?

“That ... ask you a personal question.” Zero Cat embarrassedly put down his glass and looked at Qin Tiange strangely.

The latter smiled, and nodded, “What do you want to know, ask, I should tell you what I know.”

Zero Cat rolled his **** eyes, but asked with a serious face: “I want to know, how many children do you have, uh, and, in the Hell galaxy, don’t you have any daughters and sons, right?”

“Are you worried that I have any children in the Hell galaxy, are you going to fight for the Hell Emperor?” Qin Tiange looked at Zero Cat with a smile.

Being poked at the center, Zero Cat smiled awkwardly, “Hey, you know, I’m obviously frightened by what you just said.”

“You are the emperor, why have a daughter to fight for the hegemony of the corpse emperor?” Zero Cat looked weird and shook his head silently.

Qin Tiange shook his head and smiled slightly: “You don’t care about this, I’ll ask you a question, can you join?”

“What’s good for me?” Zero Cat asked with a serious look.

Yes, it is certainly possible to join in to help Ziyi, but it must be beneficial and beneficial. This is the nature of a businessman.

“Benefit, you can’t see it in your eyes?” Qin Tiange smiled, but didn’t answer, but asked a sentence.

After Zero Cat heard silence, Huang Quan Galaxy, the inside information and secrets, he is naturally a strong man near the **** galaxy, it is naturally clear.

It can be said that the Huangquan galaxy and the Hell galaxy have never had commercial contacts, only war.

That ’s right, Huangquan Corps has a perennial war with the Hell galaxy, which Qin Tiange has already seen.

“Your **** galaxy is nothing more than a unique mineral of the Huangquan galaxy. This is the most coveted resource of your **** family.” Qin Tiange said in a word.

He went on to say: “The corpse emperor of the Huangquan corpse is unwilling to trade with the **** galaxy. This kind of resource is dispensable to the corpse, but he refuses to give you the hell.

“Because your **** clans have the lifeblood of the corpses, and your asking prices are too high, which leads to the fact that the two clans cannot form a business relationship and can only fight to the death to rob their resources.”

Line by line, the cat has a weird face, and there is an urge to open Qin Tiange’s brain to see it.

“Well, you said you moved me.” Zero Cat sighed.

He smiled bitterly: “Our **** family and the Huangquan family have been fighting for a whole number of millennia, and no one will give in.”

“This is actually the grudge between the corpse emperor and the **** emperor, but it has affected the interests of the entire ethnic group and has attracted the dissatisfaction of the tribe.” Zero Cat said quietly.

After listening to Qin Tiange’s thoughts, the emperor of the **** clan seemed to have caused internal dissatisfaction because of the perennial chaos between the two clans.

It seems that a new **** revolution is about to emerge. Perhaps, the new emperor is about to overthrow the current **** ruler.

“You should rely on a huge power of the **** tribe. If I guessed well, it should be a brand new **** power, is it about to overthrow the old imperial power?” Qin Tiange drank the blood of **** and asked with a chuckle.

Zero Cat’s pupils shrank and blood lingered, but soon disappeared, and nothing was guessed.

“It is indeed the emperor. You guessed it well. There is a force behind me. It is a force in the **** department to oppose the old imperial rule.” Zero Cat admitted freely.

He said with a firm face: “The old imperial power has been blinded by hatred, lost the tradition of my **** tribe, harmed the overall interests of the tribe, and should not continue.”

“So, you intend to overthrow the old hegemony of Huangquan, and ascend to the hegemonic position of the emperor of hell?” Qin Tiange looked at the other with a smile.

I didn’t see it before, but now I look at Zero Cat, and there is a strong imperial majesty on my body.

My Neighbor Totoro family, in the Hell family, is regarded as the ancient royal bloodline, flowing the noble blood of Hell My Neighbor Totoro.

“Yes, since your daughter wants to overthrow the corpse hegemony, then I can cooperate. The two communities should communicate with each other to form a larger and mutually beneficial institution, so that progress can be achieved with each other.” Zero Cat’s face was full of confidence.

He laughed: “I didn’t expect that your emperor had such a unique daughter. I have to say that I am a bit envious of you.”

“Honestly explain, do you have any daughters and sons? Tell me, so you don’t meet them later.” Zero Cat’s face was shrewd, and there was a faint light in his pupil.

He seemed to see Qin Tiange’s grand plan, as if it encompassed many races, as if gradually building a huge community.

Qin Tiange controls the clan for the Supreme Emperor, and once his daughter controls the Huangquan Corps and becomes the Supreme Corpse, it is a community of two races.

If there are other races in Qin Tiange’s plan, it will be quite scary.

Zero Cat is a bit worried, shouldn’t Qin Tiange aim at the ***** clan?

“One more, but I don’t know where it is now.” Qin Tiange thought and sighed.

He looked at Zero Cat and laughed: “Okay, don’t worry about me planning your ***** tribe, you and I become alliances. Isn’t this just in the interests of you and me?”

“Well, it makes sense.” Zero Cat nodded slowly, then raised his glass and laughed: “Since you have come to invite yourself, if I don’t cooperate, I really won’t give people a face.”

“Happy cooperation!”

“dry!”

Ding ... the two slammed the wine glass and drank it, which was considered as a preliminary cooperation intention.

Zero Cat, a noble Chinchilla family of hell, has huge ambitions and wants to subvert the current ***** kingship.

Since the other party had this intent, Qin Tiange just came in and sought a cooperation opportunity directly.

Not only to bring a strong ally for Ziyi, but also to bring a strong business development for their own people.

Human races, if they want to develop and grow, cannot rely solely on their own races. They must rely on the strength of each race.

There must be alliances. The universe does not only belong to the human race. Qin Tiange has a clear understanding of this.

Don’t make a joke, the whole universe is human, so to speak out is arrogance.

You can rule the universe, but you cannot say that the universe belongs to the human race. This is an understanding.

The coexistence of all races is fundamental in the universe. Even if the current races are destroyed, a new race and civilization are born.

Rather than destroy some powerful races, step on the corpses of hostile ethnic groups, unite allies, rule the universe, and divide the huge interests of the universe.

“Now that I have reached an agreement, I will take a stand and send your daughter a large number of corpses who are most in need and need the lifeblood resources, which is my sincerity.

Zero Cat put down the wine glass and said it word by word. As soon as the voice fell, he waved a message.

Soon, somewhere in the Hell galaxy, immediately another huge army began to go to the Huangquan Galaxy with a unique resource of the Hell galaxy.

This is Huangquan’s most concerned mineral resource, a natural blood crystal, a super resource that can promote the evolution of corpse blood.

Only the **** galaxy produces such strange blood crystals, which is of no use to the **** family, but to the corpse family, it is a lifeline.

This is why the **** clans are firmly in control of this resource and do not give the clans control of these resources. That is because they are worried that the blood of the clans will evolve too fast, which will cause their power to expand too fast.

Once it has surpassed the Hell race, the demise is not far away, and the Huangquan Galaxy holds a resource on which the **** race depends.

If the two communities have formed a stable transaction, it will be a situation of great joy.

The appearance of Qin Tiange showed Zero Cat a huge benefit. Once he obtained the precious resources on which the hells lived from the Huangquan galaxy, that force would inevitably grow explosively.

The imperial power is near.

“I’ve summoned it to my daughter, and she knows how to do it.” Qin Tiange suddenly said with a smile.

Just now, with his true spirit contact, he directly transmitted this message to the purple clothes of the Huangquan Galaxy.

“Father, thank you ...”

In the Huangquan galaxy, Ziyi silently looked at the dark starry sky, as if seeing that her father was paving a wider road for the king for her.

Ziyi was very moved. Perhaps this is an invisible self-instinct as a parent.

At this time, Zero Cat put down the wine glass, stood up with a look of excitement, and pulled Qin Tiange out.

“People, things are initially done. You have a rare trip to the Hell Galaxy. I will take you to appreciate the charm of the Hell Galaxy.”

Zero Cat said, with a strange smile, he whispered as he walked: “I tell you, the beauty of our **** department is like a cloud, all ecstasy, especially the dark Meizu, Raksha beauty, absolutely make you worthy This line.”

“I am the master, and after you leave, I will send you a dozen top beauties of all **** races as slaves. Don’t refuse, this is my meeting ceremony.”

With Zero Cat’s face, you refused to follow your anxious expression, leaving Qin Tiange speechless and pulling away his hand without any trace.

“Okay, you are the host here, you decide.” Qin Tiange didn’t care, smiled and didn’t care.

Soon, Zero Cat took Qin Tiange and Li Luo to the **** imperial city on the **** continent.

This is the core of the **** people, the center of **** rights and business.

Chapter 930 - It’s windy, **** is going to change

The imperial city of hell, located on a sea of blood, is turbulent and slaps against the ancient and majestic walls.

boom!

The blood waves were soaring and rolled up tens of thousands of feet high, and the rumble of power shook the world, making it incredible.

There is blood-sharp air everywhere, other races can’t avoid this blood-shake, but it is the most comfortable environment for the **** races.

“Look, emperor, here is the sea of hell blood, which is the center of the whole hell, and the slaves of the **** tribe, the blood slaves.”

On the city wall, the zero cat pointed at the vast sea of blood, holding a **** jade cup in his hand, his face was indifferent, revealing a noble spirit.

He brought Qin Tiange here to admire the wonders of Hell’s blood sea, and behind him stood a breathless creature.

These creatures, all wearing blood armor, were shrouded in a blood-colored mist, emitting space-time fluctuations.

“Your time and blood are good.” Qin Tiange glanced at the thirty-man squad behind him.

They are the immediate personal guards of Zero Cat. They are both time and space-level powerhouses. They can be described as powerful and amazing.

In this regard, Zero Cat didn't care, and waved, "Don't mention it, it's far worse than your Emperor's Immortal Guard."

After finishing Zero Cat, he shook his head bitterly and said, "I think the biggest headache of all races is your immortal guard."

Qin Tiange smiled and did not respond. The immortal guard has not appeared for a long time.

That is because with the promotion of Qin Tiange, Ren Huangyin cut off the past trance and achieved himself.

He re-created a seal of one seal, which belongs to his own seal, and is sinking and transforming in the river of luck.

As for the immortal guards in the Seal of the Emperor, it has acquired a horrific transformation and has become different from the past.

Because Qin Tiange, the emperor, gave birth to this undead guard who was only loyal to himself with a chaotic birth.

And how strong the current Emperor's Immortal Guard is, it's not clear to outsiders. The Zero Cat just took a look at his guard with a scarlet color, and was beaten to the surface and completely honest.

"By the way, what is the blood slave you said?" Qin Tiange looked curiously at the surging blood.

A group of slaves lived there, known as the most loyal slaves of the **** tribe, blood slaves.

"Come!" Zero Cat said nothing, beckoned to Xuehai, and suddenly Xuehai rolled up a huge wave.

Then, dozens of hazy figures came out from the inside, all of them were charming and sexy.

These are all blood slaves, born with bat wings, and graceful grace, just a perfect creature.

"This is the blood slave, what, if you like, take it away." Zero Cat looked at Qin Tiange with a proud look.

Looking at the dozens of graceful blood slaves recruited by Zero Cat, Qin Tiange said that he was somewhat speechless and beautiful, but he reminded him of a legendary creature of the earth.

vampire!

Yes, when Qin Tiange looked at these blood slaves, he was actually a vampire, a slave of the **** tribe.

"It turns out that this is a blood slave." Qin Tiange shook his head, smiling a little disappointed.

"Don't like it?" Zero Cat grinned, and said, "The common people don't like it, so go and see the best."

“Well, you are so blatant, people who don’t understand think you are the emperor of the **** clan, aren’t you afraid that he will be strangled by the **** emperor?” Qin Tiange looked at Zero Cat with interest.

Since he entered the Imperial City of Hell, this guy seems to have become a person. He is extremely high-profile, which is inconsistent with his previous low-key.

Did he control the entire Hell Imperial City? Or is it that you are not afraid of the old **** kingship now?

“Reassured, that **** emperor is old, the whole **** emperor city, it is not him who has the final say, the royal families of all parties are about to move, he is too busy taking care of himself.” Zero Cat waved his hands, looking confident.

He turned and looked towards the **** imperial city, the vast imperial city, which is the symbol of the supreme imperial power of the whole **** clan.

But now, the **** emperor’s authority has fallen, and various hesitation signs have begun to appear within the **** tribe.

Hell clan, there are royal clan, there are royal clan, all the royal clan has ambition to climb to the top and become the true **** clan.

This is the struggle for power, and the Totoro family of zero cats is no exception, secretly planning and participating in the battle for royal power.

“Do you want to sit and collect fishermen?” Qin Tiange smiled, looking at Zero Cat’s confident expression.

He said, “Although you want to be a fisherman, other royal families may not give you this opportunity, and even the current royal family may not give you this opportunity.”

“It’s impossible to say, they are planning to cut off the dark hands in the dark, and then come to a showdown.” Qin Tiange’s words were very light, but they passed into Zero Cat’s ears and shook like thunder.

The Zero Cat’s complexion changed, and soon calmed down, admitting: “Anyway, my family has endured for countless years, don’t care any more.”

“Blind forbearance can’t be a true emperor. It’s time to take a shot. Now, no royal family dares to jump out and make a head bird.”

Qin Tiange said, his eyes twinkled with a strange light, as if seeing through an undercurrent hidden in the Imperial City of Hell.

In the Imperial City of Hell, there are several forces of the Infernal Royal Family, who are about to move, but restrained none of them from daring to jump out.

Because the early bird did not end well, but there is a saying that the first person to eat crabs is the most successful person.

Sometimes, blindly forbearing, but will miss a great opportunity, just like the current situation of the **** people.

“Do you mean, let me directly subvert the old imperial power of **** now?” Zero Cat frowned, thinking quickly.

He pondered for a long time and said solemnly: “You should know that once I jump out, it will inevitably lead to the joint attack of the **** emperor and even the major royal families.”

“It’s not right. All the royal families will be wiped out in one fell swoop to prevent future troubles. This will strengthen your imperial rule.”

Qin Tiange said lightly and smiled, “Don’t you think there are too many **** princes? If there is more, it will be unstable, so it’s better to take advantage of the opportunity to eliminate it directly.

Zero Cat rolled his eyes and smiled bitterly: “Person, you said lightly, can my strength resist the heritage of the major royal families plus an old royal family?”

“So, there should be deeper cooperation between you and me, what do you think?” Qin Tiange looked at Zero Cat with a smile.

After hearing this, Zero Cat wakes up and understands Qin Tiange’s meaning, which means to deepen the cooperative relationship and even rise to a kind of interest alliance.

“Can you solve the details of the royal family?” Zero Cat squinted his eyes and looked at Qin Tiange, secretly surprised.

In Qin Tiange’s words, there is a sense of self-confidence, as if there is a way to solve the ancient heritage of the royal family and even the royal family.

If this is the case, then this matter is very promising, and it may be able to eliminate all threats in one fell swoop, climb to the top and create a new imperial power.

“It depends on how sincere you are.” Qin Tiange said lightly, the meaning is very clear.

Zero cat is savvy, and naturally the meaning is clear, that is to say that he and even the whole new **** imperial power is tied to the chariot.

Whose chariot, Terran chariot, and Emperor Qin Tiange’s chariot will have to rise and fall with the Terran in the future.

This matter is difficult to decide. One is not good, leading the **** tribe to destruction, or even completely destroying the tribe.

“You think about it. I’m not in a hurry. You have some time, but your time is precious. If you miss this opportunity, maybe someone will come first.”

Qin Tiange said that he intentionally or unintentionally looked at a direction of Hell’s Imperial City, where it belongs to the sphere of influence of a **** royal family.

There was a faint blast of killing there, and from a distance, it seemed as if there was an illusion that the **** dragon would vacate the sky.

With Qin Tiange's gaze, Zero Cat's pupils shrank, and his heart jumped secretly, knowing that the royal family was about to jump out.

“Two hundred percent interest, do it!”

In the end, Zero Cat gritted his teeth and agreed directly. This is an opportunity. With a huge benefit of 200%, if you do n't know how to grasp it, you are not worthy of the most qualified businessman.

Not even qualified to climb to the top, become the emperor of a tribe, create new imperial power, and want to rule the entire **** tribe, it must have enough courage.

Two hundred percent of the benefits he said, half of them came from the Huangquan corpse and half came from the human race.

The emperor Qin Tiange, and the purple clothes that are about to seize the hegemony of the corpse emperor. Both are fathers and daughters. Once they succeed, they are equal to the strength of both groups.

This is not what is the benefit?

“Very well, then you do your thing, me, to clear you the details of time and space, and to look at yourself elsewhere.”

Qin Tiange laughed and made mistakes directly, but I appreciate some of the Chinchilla family's zero This is a blood book, where to go, I will set foot on your warship in the future, I hope not to be you The emperor's cannon fodder. “

Zero Cat smiled bitterly and threw a blood deed. He had to say that he was inferior to the Emperor. Even if he successfully mastered the hegemony's imperial power, it would be difficult to escape from the imperial concubine in the future.

There are gains and losses, and if you want to gain, you rely on yourself instead of external forces, otherwise you will always be coveted by others.

“Rest assured, Terrans don't need cannon fodder, they only need strong friends.” Qin Tiangohaha laughed and completed the final agreement.

“Come, for the glorious tomorrow of our two races!”

“Cheers!”

The two powerful men talked and laughed on the city wall and drank on top of the Imperial City of Hell, as if the entire Imperial City of Hell was seen as nothing.

“It's windy, it's time for the hells to change days.”

Qin Tiange drank the wine, said this quietly, and saw the zero cat next to him waved, and the whole **** imperial city immediately fell into a big shock.

“Order the parties and start the action!” Zero Cat said lightly, and a terror undercurrent raged out, turning into waves of shocking waves, rolling up layers of blood waves in hell, and alarming all parties.

Bang!

With a loud noise, the entire Hell Imperial City shook up and down, countless ***** tribe strong thrillers, and saw an incredible scene.

Some ***** royals have rebelled!

“Bold!”

“My Neighbor Totoro, do you dare commit the crime?”

Both inside and outside the imperial city were shocked. The existing ***** royals were provoked, watching a sudden crowd of masters, and a huge army of hells appeared.

The ***** imperial city is plunged into the flames of war, and a storm of imperial power is beginning from the ***** imperial city, sweeping the entire ***** galaxy.
