

## Dark Ages 931

### Chapter 932 - King of Hell

In time and space, a group of arrogant people came out and directly surrounded Zero Cat, Black Prison King, Raksha King and others.

The first one, wearing an imperial robe, wearing a blood-colored crown, was full of blood, and the emperor swept in all directions.

“Hell King!”

Qin Tiange looked at the man and noticed that the strong man headed by it was the emperor who ruled the \*\*\*\* galaxy for 9,000 years.

The emperor of hell, the supreme emperor, can be described as a glorious moment, unrivalled.

“Intent to rebel, you should be guilty of crime!”

When the emperor of \*\*\*\* arrives, the opening is a charge of rebellion, so that the zero cat, the king of black prison, and other people will not change color.

Because they felt the threat of terror from the emperor of hell, it was a powerful death threat.

Zero Cat looked dignified and looked at the Emperor of Hell, saying, “It turns out that you broke through the Three Realms, created the Six Hells, and became the Lord of the Six Realms.”

“I know, I’m going to catch you now?”

The Emperor of Hell’s face was indifferent, with blood-stained killing in his eyes, staring at the zero cat, as if treating a dead person.

The Lord of the Six Realms is extremely powerful and terrifying, because he has already opened the Six Paths of Hell and successfully broke through as the Lord of the Six Realms.

The same is true for the Lord of the Realms, the Lord of the Realms, the Lord of the Three Realms, and the Lord of the Six Realms.

The emperor of \*\*\*\* has successfully broken through and opened up six hells, which is equivalent to a master of the six realms.

Moreover, the most terrible thing is that he was followed by two powerful guards, both of which were masters of the world.

Around, the six kings of the \*\*\*\* royal family, all tyrannical, are all lords, not weaker or even stronger than the zero cats and others.

For the bottom line, the \*\*\*\* royal family, together with the other six royal families, add up to more power than this.

For a moment, the black prison king and others were secretly vigilant and felt an oppression, seeming to jump out and make some.

The details of the \*\*\*\* royal family have not really been revealed. Although they each have huge hidden details, they still cannot compare with each other.

Think about the \*\*\*\* king who has ruled for nine thousand years.

Add six Hell royal families like them, naturally, no one can shake.

“Get off the hook?” Zero Cat snorted, disdainful: “The royal family has lost their way, and has departed from the tradition of the \*\*\*\* tribe. Look at the current \*\*\*\* tribe, what did you do?”

“Yes, if you want us to grab it, it’s impossible. Even if we lose it, we will have to kill a fishnet.” The black prison king laughed.

Now that this step is reached, it is impossible to shrink back. Even if they shrink back, the emperor of \*\*\*\* will not miss this opportunity.

Instead of this, it is better to fight vigorously, even if you can’t subvert the \*\*\*\* kingship, you will have to fight the opponent.

“Stubbornness, do you still think that with the power of the six major royal families, you can subvert the majesty of the emperor?” The \*\*\*\* of the emperor’s words was cold, showing endless slaughter.

He slowly raised his hand, and behind him a vast expanse of hell, there were countless \*\*\*\* demon who was full of six floors, mourning.

“Six hells, you really are the Lord of the Six Realms.”

The pupil of the Hell King shrank, staring at the vast world appearing behind the Emperor of Hell, which was the projection of the kingdom of hell.

The six hells really created the Six Realms of Hell, which are extremely scary. Projected from the sea of the realm, they can suppress all enemies.

“Order, destroy the rebellion, and uproot the six royal families!”

Finally, the emperor of \*\*\*\* waved indifferently, and issued this order to kill the six royal families and uproot them.

This is the best opportunity to completely uproot these six \*\*\*\* royal families and remove these hidden dangers.

“Hahaha ...”

But at this moment, Zero Cat laughed, which was unclear.

The emperor of \*\*\*\* squinted his eyes and hummed, “You can still laugh when you die. My Neighbor Totoro will be erased from the \*\*\*\* galaxy.”

“I don’t know who is dead yet!” Zero Cat sneered, looking at the kings of the six \*\*\*\* royal families on the opposite side.

He said, “I am the same as the Twelve Hells, and I have the same status. There should be no so-called emperor in the Hell galaxy, because we are business-oriented.”

“Yes, our \*\*\*\* tribe is the most outstanding businessman traveling the universe, but this \*\*\*\* emperor has led the \*\*\*\* tribe to a path of extreme destruction.” The king of \*\*\*\* stood up and said rightly The sentence.

Aside, King Rakshasa laughed and said, “Our twelve royal families, together with the same spirit, originally control the \*\*\*\* family together, but the addition of this \*\*\*\* emperor is an obstacle.”

“Everyone, the emperor of \*\*\*\* refuses to open commercial relations with the Huangquan galaxy. This is to cut off the hope of our \*\*\*\* people. Is such an emperor necessary?”

“Giggle, I think, there is no emperor who is more comfortable, and the twelve royal families will jointly manage the \*\*\*\* clan, and it will be more prosperous when they think about it.” The Dark Meizu queen walked up and stated directly.

She threw a wink at the six royals on the other side and let the six royals look at each other.

“You guys, want to betray my emperor too?” The emperor of \*\*\*\* gloomily swept over the six royal kings around him.

The meaning of this threat is obvious. It is to warn the kings of the six royal families not to make mistakes, or they will clean up together.

“Hey, you better think about it. The reason why the emperor of \*\*\*\* dare not move our twelve royal family is that the twelve royal family can unite to subvert his imperial rule.”

Zero Cat suddenly spoke and smiled: “Everyone wants to be clear. Once our six royal families are destroyed, the next thing is that your six royal families are threatened and they will be destroyed by him.

“Stupefying, what are you still doing, go and hang these rebellions.” After hearing this, the emperor of \*\*\*\* realized that it was not good, and immediately sang.

boom!

A terrible force swept across all directions, and the hell’s emperor took the lead to directly destroy the six royal families here.

Zero Cat is right. Once their six royal families are destroyed, the next six royal families will be wiped out one by one.

If the twelve royal families are united, they will pose a great threat to the emperor of hell. As long as the six royal families are removed first, the remaining six are not a problem.

“kill!”

A chaotic battle began, and the powerful men of the six royal families drank violently, joined the war circle, and mingled directly with the powerful royal people who came across from them.

Time and space collapsed, and a series of strong horizontal figures entered the chaos of time and space, and disappeared into it.

“For the future of the hells, kill!”

Zero cat drunk, turned into a terrifying chinchilla, directly showing that the body killed.

Huh!

The black prison king roared, his body full of black gas, and turned into a black prison dragon roaring loudly.

The other great kings, one after another, came up to block the strong of the \*\*\*\* royal family, and a fierce war began.

The emperor of \*\*\*\* stepped up step by step, the mighty, unstoppable, as if no one was his opponent.

Around him, powerful royal guards rushed out, and the masters of the six royal families defeated again and again.

“what should we do?”

At this moment, the kings of the six royal families who originally belonged to the royal family seemed a little hesitant.

Because Zero Cat’s words are correct, once the six royal families are destroyed here, their six royal families also come to an end.

“What else can we do, waiting for the Queen of Hell to wipe out our royal threats one by one?”

His face was dumbfounded, his forehead was flushed with blood, and his intentions were killed, and he yelled, “Now we are not against it. Afterwards, we will not have the ability to resist.”

“The twelve royal families, with the same spirit, can compete with the power of the royal family. Once they are broken, they are scattered.”

“Let’s go together, persecute the emperor of \*\*\*\* and let him stop.”

Finally, the six royal powers here have made a decision. To combine the powers of the twelve royal powers to compete with the emperor of hell.

They did this just to protect themselves. If the other six royal families were destroyed, they would not be far off from death.

The last thing the emperor wants to see is that there is a huge threat around him. The royal family is a threat to the \*\*\*\* royal family.

“You guys, really dare to rebel?”

Seeing that these six royal families are united, the twelve royal families are collectively united to fight against the \*\*\*\* emperor.

Suddenly, the emperor of \*\*\*\* was full of anger and yelled furiously: “Will you find death, can you really believe that the emperor can’t help you?”

“Since you are looking for death, the emperor will fulfill you, and from that time the twelve hells will be removed.”

“kill!”

The emperor of Hell was so angry that he directly transmitted a slay order. As soon as the voice fell, a hole was exploded in time and space. A group of horrible strong men came out of the cave, all of which are the powerful heritage of the \*\*\*\* royal family. .

Bang!

At the same time, in the Imperial City of Hell, an overbearing \*\*\*\* army started.

These are the legionaries directly under the royal family. They are elite and powerful, and they are the huge hidden secrets of the royal family.

The entire Hell galaxy was suddenly caught in a civil war, and the twelve royal families started to work together to overthrow the old imperial power of Hell.

“Men, don’t do it yet, we can’t support it.”

At this point, the zero cat suppressed by the royal family could not help but growl and shocked all parties.

All the kings of the \*\*\*\* royal family, as well as the strong royal family, and even the hell’s emperor brushed their eyes together.

Only then did he find out that there are still two strong foreigners here, not strongmen of hell.

At first, the emperor of \*\*\*\* hadn’t noticed. Hearing the roar of Zero Cat, he couldn’t help but startled.

“People!”

“The Emperor?”

The parties in the chaos were stunned. Except for the Zero Cat and the Black Prison King, Qin Tiange was not known among the other royal families.

Even the emperor of \*\*\*\* was shocked. How did he run out of a human race and still be an emperor?

“You are, the emperor of the human race?”

The face of the emperor of Hell changed slightly, and his pupils suddenly shrank. He stared at Qin Tiange and looked more and more shocked, because he couldn’t see the depth of the other party.

“Okay, hell’s emperor, who just solved you.”

Qin Tiange said to himself, expressionless, as if to say another trivial matter, as if killing the emperor of \*\*\*\* was as simple as killing a chicken.

As soon as this word came out, the audience was dead, and all the \*\*\*\*\* powerhouses, regardless of the \*\*\*\*\* royal family or the royal family, were shocked.

Chapter 933 - 9 head dragon

Qin Tiange's words left the scene dead, and the emperor of Hell was full of fierce faces and murderous.

Humph!

Hell's emperor Lengheng: "If you want to kill my emperor, then see if you have this ability."

"Go, kill this so-called Emperor of Man." The Emperor of Hell waved, and the two personal master guards around him jumped up immediately.

The two masters rushed directly to Qin Tiange and raised their hands to suppress the vast and hazy world.

That is the projection of the kingdom of the two \*\*\*\*\* tribe strong, extremely tyrannical, three layers of \*\*\*\*\* shrouded down.

"presumptuous!"

A shout of coquettishness shook the Quartet and was shocked to see that a graceful figure appeared quietly, blocking the two \*\*\*\*\* tribe masters.

The person who came was Li Luo, who flashed forward, raised his hand and smashed it up, and the crystal jade hand glowed with chaotic glazed light.

That ordinary hand contained unmatched power, and thundered through a projection of the kingdom of hell.

Click!

Just hearing a click, the \*\*\*\*\* projection was punctured on the spot, and countless \*\*\*\*\* deities mourned.

Li Luo was so powerful that he stepped forward, raising his hand again with a smash in the sky, and banged on another projection of hell.

boom!

In just one blink of an eye, the two \*\*\*\*\* projections were both blown out, and the mighty power was unbelievable.

"His, why?"

The two masters were horrified, and they were scared to see their respective \*\*\*\*\* projections were exploded.

They didn't believe that someone could use their strength to blow up the projection of their kingdom of God with their bare hands.

"on!"

The two looked at each other, nodded solemnly, and sang loudly, both of them broke out to kill each other.

Faced with the toughness of Li Luo, the close guards of the two \*\*\*\*\* emperors were extremely dignified, and they dared not take the slightest care.

boom!

The outbreak of the war, Li Luo with one enemy and two, even suppressed the two realm masters on the opposite side, fought back and forth.

Seeing this, whether it is the Twelve Kings of Hell or the Emperor of Hell, they can't help changing.

Li Luo's strength is beyond imagination, can't believe such a powerful woman?

"Clan, please."

At this moment, the emperor of \*\*\*\*\* had a dignified expression, and said this to the nothingness.

Before everyone could react, a terrible opening burst in the space-time mezzanine, and a vast torrent of blood flowed from it.

With a bang, time and space shattered, a terrible figure came out of the vast \*\*\*\*\* torrent.

His \*\*\*\*\* long hair fluttered, like a blood armor made of blood, carrying a \*\*\*\*\* war rifle.

"Old man?"

The faces of the twelve royal families changed greatly. When they saw the people, they were all horrified and somewhat hairy.

That man, an old tyrant of the imperial family, was rumored to have fallen to ash, but he did not expect to be there.

Moreover, the breath of this man is frightening, unfathomable and unclear how strong he is.

"interesting!"

Qin Tiange looked at the person with a strong breath, but failed to pose a threat to him, so he didn't care.

There was a faint smile on the corner of his mouth, watching the \*\*\*\*\* long-haired \*\*\*\*\* elder, killing Li Luo ahead of time.

Qin Tiange was not worried about this at all. At the main level, Li Luo had few opponents.

How strong Li Luo is, Qin Tiange can vaguely sense it, so she is very relieved.

As long as a strong person who is not beyond the realm appears, there will be no threat to Li Luo.

boom!

With the tyrannical mysterious old man joining, three to one, Li Luo's situation looked a little bad.

The four penetrated into the depths of time and space, and even penetrated the space and time.

But that is impossible. It is very difficult for the owner of the world to enter the sea of the flesh. Of course, Qin Tiange and Li Luo are just an accident.

"My lord, your men are dying, now it's time to solve you!"

The emperor of \*\*\*\* glanced, nodded with satisfaction, then turned to look at the emperor Qin Tiange.

There was a strong sense of killing in his words, the blood was permeated, and six hells banged behind him.

The six hells are overwhelming, as if to drag Qin Tiange into \*\*\*\* to be punished.

“Princess, you should be punished in the six hells of the emperor.”

The emperor of \*\*\*\* sneered, watching the six hells envelope Qin Tiange, and suddenly showed a madness.

How do you know, Qin Tiange looked indifferent, looking at the six hells shrouded in his eyes, showing a slight disdain in his eyes.

“It’s just a projection of a kingdom of God, let alone just a projection, even if it is a real kingdom of God, I can shatter it with one hand.”

Qin Tiange’s words showed strong self-confidence. The voice just fell, his body rose into the air, and he punched his arm with a punch.

Bang!

With a punch, the void collapsed, layers of \*\*\*\* burst instantly, and they were blasted by a brutal force.

Six hells let Qin Tiange punch directly, and his fists penetrated out, hitting the emperor of hell.

The powerful fist wind shocked the emperor of hell, and he looked at his six \*\*\*\* projections in disbelief.

boom!

I just wanted to escape, but unfortunately, the emperor of \*\*\*\* was one step too late. The face door was hit by a fist, and the whole thing flew out, spilling a bright blood.

The powerful emperor of \*\*\*\* was shot and flew face-to-face by Qin Tiange.

“Damn, the Kingdom of God can’t suppress you?”

The emperor of \*\*\*\* was furious, and touched the flesh on his face, and soon recovered.

He looked at his six \*\*\*\* projections, and was beaten down. Fortunately, it was just projection. If the real kingdom of God was blasted, then he would really cry.

“kill!”

Endured with anger, the emperor of \*\*\*\* was killed forcefully, and he did not flinch at all. There is no reason for him to shrink as an emperor.

As the emperor of hell, he has his own pride and dignity.

Because Qin Tiange is the emperor, if he flees without a fight, then don’t really want to continue to be the emperor of hell.

Bang bang ...

The figure flickered, a fierce muffled sound spread, and time and space cracked and turned into cracks staggered and spread.

Hell's Emperor roared violently, waved his arms, and struck out his strongest power. The power of the Six Realms increased and turned into a \*\*\*\* demon.

Qin Tiange was even more calm, and his fists waved a wave of annihilation and destroyed the world.

The power hidden in his body was too horrible. Every move carried the power of crashing time and space, and the emperor of \*\*\*\* was frightened.

“Roar ...” A loud roar came, all the powerful men looked at, and saw in horror that the emperor of \*\*\*\* was punched through Qin Tiange's body.

With a click, the flesh was penetrated by the fist, and his chest was punched through. Fortunately, the emperor of \*\*\*\* retreated in time, otherwise he was really hit on the spot.

“Hell, there is no \*\*\*\* king from today.”

Qin Tiange's indifferent voice came, step by step step by step in the broken time and space, and came to the emperor of hell.

As soon as the words fell, the emperor of \*\*\*\* was shocked to find that a gray fist had hit him in front of him, killing surging and thrilling.

“The kingdom of God, come!”

At the critical moment, the emperor of \*\*\*\* could not care much, which directly led to the advent of the kingdom of gods in the sea.

That was not a projection, but the real kingdom of God came, blocking Qin Tiange's fist.

boom!

Along with a roar, the six kingdoms of God shook, and countless \*\*\*\* deities inside screamed.

The six layers of \*\*\*\* were actually penetrated by the three layers of Qin Tiange's punch, and easily penetrated the three layers of hell.

It wasn't over, Qin Tiange was blocked with a punch, but with a sneer, he struck his fist.

“Break!” Just hearing a low drink came, the emperor of Hell trembled suddenly, and he saw in fear that the six hells that were standing in front of him collapsed and destroyed.

As the fist passed, \*\*\*\* collapsed, and no force could stop Qin Tiange's fist.

Click! Click!

The grey fist, with its simple and desolate meaning, condensed with the power belonging to the great chaos, and the world was destroyed for it.

The six hells collapsed and dispersed, and the kingdom of God created by the hell's emperor was destroyed. ,

“No ...” The kingdom of God collapsed, watching the unstoppable fists come, the \*\*\*\* emperor could not help but growl.

The terrifying roar spread to all sides, stopping the twelve royal and royal powers in \*\*\*\* who were in chaos.

boom!

A muffled sound came, making all the \*\*\*\* strong strong jumped, all eyes widened, horrified watching the emperor of \*\*\*\* was punched through the door.

The fist came out through the back of his head, and the emperor of \*\*\*\* was punched through the door by Qin Tiange.

“Ah ...” The screams were screaming Constantly came, the \*\*\*\* emperor was struggling madly and wanted to bomb Qin Tiange away.

But unfortunately, Qin Tiange's arm trembled and shattered his head before he started. The headless \*\*\*\* emperor retreated quickly.

He wasn't dead, his head was gone, and he still wasn't dead. Instead, a head grew from the broken neck.

“Good personal emperor, you are the first person to persecute my emperor to this point.”

The Emperor of Hell had a cold tone and a bleak face, almost turning into an ugly demon in hell.

Roar!

A sudden roar, the emperor of \*\*\*\* emerged from the body, turned out to be a nine-headed dragon.

With a huge body, nine heads are high, one of which has been smashed, apparently a head that has just been blasted by Qin Tiange.

Seeing this, Qin Tiange understands that the emperor of \*\*\*\* is a nine-headed dragon, and it is no wonder that it is overbearing.

“Nine-headed monster dragon, unfortunately, the shape is not good, otherwise it is good to pull the car.” Qin Tiange looked at the emperor of \*\*\*\* who turned into the body, and said this to himself.

Everyone who heard these words chilled and looked at Qin Tiange in horror, all stunned by the words.

He actually wanted to grab the emperor of \*\*\*\* to pull the car, which was appalling and terrifying, completely angering the emperor of hell.

“People, you look for death!”

The roar came, and the nine-headed dragon raised eight complete heads, opened their mouths together, and spewed a terrible torrent against Qin Tiange.

This terrible torrent is the talent of the nine-headed dragon, which is extremely weird and terrible. The masters of the world must be careful, otherwise they will be miserable when they are contaminated.

“impossible!”

But then, the scene that made the Emperor of Hell panic and despair ...

Chapter 934 - The beginning of civilization

Eight forces came in, drowning Qin Tiange, but a thrilling scene appeared.

boom!

I saw that the eight talents spurted out by the emperor of \*\*\*\* were absorbed by Qin Tiange's body autonomously.

That's right, it is absorbed and devoured, without causing any harm at all, but absorbed and devoured.

Qin Tiange just stood there, and the power of talent flowing around him was swallowed up and shattered into his own origin.

“Hell Dragon Breath, contains the power of talent, but unfortunately, you are too weak.” Qin Tiange said to himself, opened his mouth to swallow all the talented Dragon Breath.

Suddenly, all the power was swallowed cleanly, and nothing was left, and many \*\*\*\* powers saw the cold in their hearts.

“Impossible, the power of the Emperor can't be swallowed up by you.” The emperor of Hell was frightened, eight heads growled together.

He didn't believe it, but the fact was that Qin Tiange's body was composed of dense black holes.

It has even become a kingdom of gods, and any power can be crushed and devoured, not to mention the talent of the \*\*\*\* emperor?

Any strength that comes over, as long as it does not exceed the limit of Qin Tiange's own endurance, will not be able to hurt his body, but will be crushed and devoured.

This is a taboo path that Qin Tiange embarked on. Instead of being recognized by the universe, it will lead to many calamities.

But he didn't care what happened to the calamity. He had to break it up and swallow it up. He was like a virus in the universe and couldn't be removed.

“Hell King, your way is done, rest in peace!”

Qin Tiange walked step by step, and the low words revealed the horrific murderousness, which was frightening.

The emperor of \*\*\*\* was horrified, backed slightly, eight heads raised, and the light of fear in his pupils.

He was scared. He was really scared. He was horrified by the monster Qin Tiange and had no war heart.

The only thing I want to do is escape. How Qin Tiange took it away may be his only thought at the moment.

“Even if you kill my emperor’s physical body, you cannot slay my emperor’s immortal will.” Helllord roared, eight heads shook, and the ninth head that had been broken grew back.

The nine-headed dragon roared, and the time and space were shattered. The scene shocked all parties. As a generation of \*\*\*\*\* emperors, they were even forced to this point.

It is conceivable that the experience of the \*\*\*\*\* emperor shocked the twelve hells and the \*\*\*\*\* powers of all parties.

“Immortal will?” Qin Tiange smiled, came to the emperor of \*\*\*\*\* not far, stepping on the fragments of time and space, and quietly looked at the crazy \*\*\*\*\* emperor.

He showed a hint of contempt, his eyes glowed with a horrible light, and his huge will tore open the barrier between the positive and the negative universe.

“I thought, hiding in the sea, I can’t destroy the true spirit of your will?”

Qin Tiange snorted, stepping forward with a loud noise, a nine-headed devil wailed, and his body was stomped under his feet.

Qin Tiange stepped on the huge body of the \*\*\*\*\* emperor who was supposed to be huge and unmatched.

The huge body, which does not know how many kilometers, stands in space and time, arms stretched, shattering the layers of space and time, and grabbed the nine-headed dragon.

“嗷”

“you dare?”

The emperor of Hell growled in horror, and Qin Tiange’s two heads were grabbed by his two hands, his arms were torn apart, the sound of crunching, the blood and water spurting.

Two heads with necks were torn by Qin Tiange Sheng, and the tragic scene made the strong men of all hells horrified.

Especially when he saw the tragic appearance of the emperor of hell, his body was bleeding, and his two skulls were torn apart, which scared the strong.

“Do not”

The emperor of \*\*\*\*\* screamed, and his huge body tried to struggle, but was stepped on by his feet.

He shook off the two huge heads in his hand, and then grabbed the other two heads of Hell King again.

Hiss!

Another two heads were torn down, and the emperor of \*\*\*\*\* mourned in a horrible manner, making people scary and unable to bear the fear.

Strong as the emperor of hell, all were tortured by Qin Tiange, and nine heads were torn off one by one.

Eventually, the mournful sound of the emperor of \*\*\*\*\* gradually extinguished, and after the last head was torn off, there was no sound at all.

The powerful emperor of \*\*\*\*\* was just torn away nine heads by Shengsheng, completely ending his life.

“Refine!”

Qin Tiange spit out a word indifferently, the body of the \*\*\*\*\* emperor demon dragon under his feet was smelted on the spot and poured into the body as a force of origin.

The emperor of \*\*\*\*\* was swallowed up, and his body could not be left, except for the immortal true spirit hiding in the sea of bounds.

“Dead, dead?”

At this moment, the masters of the \*\*\*\*\* royal family were stunned, watching the swallowed \*\*\*\*\* king, one by one could not help but be afraid.

However, the more frightening scene has just begun. They don’t know. In the realm of the sea, in a kingdom of six \*\*\*\*\* gods, the immortal true spirit of the hell’s emperor is staring at the people who suddenly visit.

In other words, it was an overbearing will that descended directly into his six hells.

“You, how did you come here?”

The true spirit of the hell’s emperor, like a \*\*\*\*\* demon, is overwhelmed by it, but it seems a little fearful.

Because a figure in front of him was the incarnation of the true spirit of Qin Tiange, which emerged directly into the six hells of the emperor of hell.

“Jie Poseidon Kingdom, how mysterious do you think?”

Qin Tiange said something lightly, exuding soaring will, and a wave of golden symbols, directly covering the entire six hells.

Suddenly, the six hells created by the emperor of \*\*\*\*\* were imprisoned on the spot and completely blocked.

In other words, now he has no ability to escape at all, and the only possibility is to be swallowed up by Qin Tiange relentlessly.

“No, it’s impossible. The sea is so big. How can you find the six hells of the emperor in an instant?”

Unfortunately, Qin Tiange did not talk nonsense to him, but directly launched the iron blood to kill.

Bang!

A fierce battle broke out, and the fighting that belonged to spiritual will began. The immortal true spirit of the \*\*\*\* emperor was transformed into six \*\*\*\* demon gods, very powerful.

However, in the face of Qin Tiange's onslaught, he was still unable to stop and could not change the situation of destruction.

“Ah, the emperor is not willing, not willing!”

After some fighting, the emperor of \*\*\*\* was defeated fiercely, the entire six kingdoms of God were shattered and broken, and countless \*\*\*\* deities fell and disappeared.

He was left with a broken spirit, roaring wildly in the broken six hells, and seemed extremely unwilling.

How can you not reconcile? In the end, you still cannot escape the fate of being swallowed up by Qin Tiange and completely disappear.

boom!

One palm shattered the immortal true spirit of the hell's emperor, and Qin Tiange swallowed it on the spot, refining it into his own origin.

Since then, the emperor of \*\*\*\* has completely fallen, and it has died. There is no creature like \*\*\*\* emperor in the world.

Of course, before he finished, Qin Tiange devoured the true spirit of the emperor of hell, and even absorbed six hells.

“Master, ready to welcome the luck of the prison community.”

Suddenly, a clear and mysterious voice came from the sea of knowledge. It was a prophet from the long river of Qiyun.

After listening to the prophet's words, Qin Tiange's real spirit moved and disappeared into the realm of the sea.

He returned to his body, and instantly felt a mighty stream of fortunes swept through.

The unseen luck, turned into a torrent of humanity's longevity, and one of the purple-level emperor's luck flowed into Qin Tiange's body.

This luck is very powerful and extremely noble. The luck from the Hell Emperor is mysterious and powerful.

The luck of the emperor can only be owned by the emperor belonging to a family. The emperor of \*\*\*\* has ruled the \*\*\*\* galaxy for a full nine thousand years.

Almost instantly, Qin Tiange's imperial fortune increased by more than ten times, and even caused a strange change.

Huh!

A sound of chanting came from Qin Tiange's body, mysterious and full of unknown rhythm.

I saw that the heart of Qin Tiange's body was sending strange sounds of crickets, as if something had condensed and formed.

**"This is, the heart of civilization?"**

At this moment, Qin Tiange was stunned by this change, and his heart suddenly had a mysterious change.

In the heart, the fire of civilization is burning, condensing and compressing, and then condensing and compressing, completely transforming the entire heart.

Along with the explosion of imperial fortune, as the prophet buried some of the hell's fortune, a complete civilization was born.

The fire of civilization transformed and advanced, and successfully bred a heart of civilization, turning Qin Tiange's heart into the heart of civilization.

Huh!

Accompanied by an extremely high-pitched cymbal, the heart suddenly compressed, then swelled suddenly, swallowing a fire of civilization sweeping all over the body.

Almost instantly, Qin Tiange's 60 trillion-cell God Kingdom was surrounded by a holy fire of civilization.

This fire of civilization, with the holy power of the human race, is constantly burning, tempering the kingdom of God, making all the kingdom of God even more sacred.

**"Heart of civilization, it's done!"**

Qin Tiange was overjoyed in his heart. It was an unexpected delight. He never wanted to kill the emperor of \*\*\*\* to make him successfully consolidate the heart of civilization.

This is the initial transformation and maturity of the fire of civilization, the transformation of the heart of civilization has been completed, and the initial condensation has taken place.

In other words, Qin Tiange has successfully condensed the heart of civilization belonging to a brand new human race at this moment, and is not controlled by anything and power.

In the future, as long as continuous efforts are made, both Qin Tiange and the entire human race will enter an unlimited development.

Without a puppet, free from the shackles of civilization, the human race and Qin Tiange completed the latest step of transformation and growth.

**"Very good, the Prophet, you have worked hard." Qin Tiange was filled with a smile, wearing a thought sinking into the river of luck.**

In the Changhe, the emperor's body was motionless, and the prophet sat on the shoulders of the emperor's body, his white hair fluttered, and a bright smile appeared on his pretty face.

The stronger the human race, the stronger she is, and the greater her luck, the more she can feel that she seems to have broken the layers of hesitation and curse that belonged to the prophets of all ages.

**"In the future, no one can stop the footsteps of the human race."**

Qin Tiange opened his eyes, and two holy rays of light swept the four sides, making the hells of all \*\*\*\*\* inexplicably chilling.

“Hell’s emperor is dead. From now on, hell’s clan will be jointly controlled by the \*\*\*\*\* twelve kings!”

As this sentence spread, everyone stopped and the battle was over.

Because, the emperor of \*\*\*\*\* completely fell, and the gods disappeared!

Chapter 935 - Hell Without Emperor, 12 Kings Court

In the chaos of time and space, a series of strong horizontal figures stopped the fierce battle and looked at each of them dully.

The emperor of \*\*\*\*\* has fallen completely, and everyone can clearly sense that the will of the emperor has extinguished.

In other words, not only did the Emperor of Hell really die, but the true spirit in the boundless sea was completely dead.

“Hell emperor, fallen.”

The twelve hells of Hell stayed, and the strong and the royal family had fallen into silence, and no one acted arrogantly.

Because the \*\*\*\*\* emperor is extinct in form, the impact is too great, even the true spirit in the sea of bounds is extinct. What else can be said?

Resist? Just kidding, try to resist, and see the end of the two close guards who are loyal to the emperor of hell.

“Roar My King”

“Be loyal to your Majesty!”

The roar came, shaking time and space, two personal masters of the realm, fighting frantically, and dying.

As the Hell Emperor fell, the two loyal guards fell into madness, regardless of life and death, and wanted to pull down their opponents and die together.

Unfortunately, Liluo is not something they can shake, despite the will to die, it is difficult to change the outcome after all.

boom!

Sure enough, one of the guards accidentally smashed the breastbone with one hand of Li Luo, and half of his body was blown open.

The powerful Li Luo did not give the other party a chance to recover, and split the remaining half of his body with one palm.

One of the world’s main guards fell, and the remaining one was completely ruined, his eyes were red, and his eyes flashed crazy.

“Let’s die together, burst!”

Finally, the last guard rushed in, his strength reversed, and he exploded.

The powerful self-destructive torrent swept through time and space, shattering the layers of time and space, and was full of destruction.

However, such a destructive power still couldn't bring much damage to Li Luo, so she could easily block it.

boom!

As the storm broke down, Li Luo stepped out step by step, each holding a tumble of rolling light.

“Roar”

The two groups of aura, the immortal true spirits belonging to the two guards, were passed through the sea by Li Luo's will and caught directly.

Li Luo flashed lightly, came to Qin Tiange, and handed the two real spirits up.

“Imperial, fortunately shameless!” Li Luo returned with a smile.

Qin Tiange glanced at the two true spirits and smiled: “You can make it yourself, I don't need it.”

“Xiewuhuang!”

Li Luo thanked him, stepped aside, and quietly looked at the stagnant \*\*\*\*\* tribe.

In particular, the Twelve Kings of Hell looked at each other and had a depression in their hearts.

This emperor is too strong and terrifying!

“Everyone, the \*\*\*\*\* emperor has fallen, and the \*\*\*\*\* tribe will be left to you.”

Qin Tiange watched them silent, uttered this sentence with a smile, and awakened the strong men from all sides, all timid, afraid to look directly into his eyes.

The emperor, too powerful, even the \*\*\*\*\* emperor was beaten to death, or he was swallowed up, naturally frightened.

Not only is the Emperor strong, but even the close guard Li Luo, who is next to him, is extremely terrible and invincible.

“Thank you, Emperor!”

The Zero Cat came out, looking complex, but thankful.

He was actually a little shocked and bitter. He never thought that the mortal ants of the same mortal world had grown to this point.

In the past, in the eyes of Zero Cat, Qin Tiange was still the bottom-most human kid, and even bought various treasures from him.

But in a blink of an eye, Qin Tiange reappeared, but became the existence he wanted to look up to, which is naturally a bit complicated.

“People, don't be enemies.” The black prison king sighed secretly.

Qin Tiange's toughness exceeded their expectations, and it was simply unmatched.

In this way, none of the twelve royal families in the Hell galaxy dared to confront Qin Tiange.

The next thing is simple, the emperor of \*\*\*\* is dead, and the twelve hells are left.

But the twelve royal families want to become emperor, it is impossible at all. One is that the luck of the \*\*\*\* royal family has been absorbed by Qin Tiange and transformed into their own civilization.

One is that the luck of the \*\*\*\* tribe has been swallowed as much as 30%. Although it is harmless, it will never give birth to a powerful emperor.

There is another one, the twelve royal families are afraid to look at the end of the \*\*\*\* emperor, they can't help it.

The emperor, although it sounds good, but once faced with this powerful man emperor, it is not enough to look at.

"Hell, never again!"

"My \*\*\*\* tribe, this time it is not clear whether it is right or wrong."

"Ugh!"

The hearts of the twelve royal families are complicated. It is clear that the future \*\*\*\* family will enter an era of imperialism.

As the emperor of \*\*\*\* died, the twelve \*\*\*\* clan took charge of the entire \*\*\*\* galaxy, and no more emperor could be born.

Unless the twelve royal family is destroyed, the \*\*\*\* family will only be in the hands of the twelve royal family in the future.

In other words, the future \*\*\*\* people can only be attached to the human race and the emperor's men, and they cannot be out of control.

Qin Tiange mastered 30% of the luck of the \*\*\*\* clan, and swallowed up all the luck of the \*\*\*\* royal clan, which is equivalent to destroying the foundation of the \*\*\*\* royal family.

The path of the \*\*\*\* emperor has been cut off. In the future, no \*\*\*\* emperor will appear.

"You guys, don't be pessimistic. Hell people don't have emperors. It may not be a good thing."

Qin Tiange smiled, looked at the Twelve Hell King, and said softly, "I won't intervene in anything of the Hell family, you Twelve Hell King will have the final say, but the alliance is unbreakable."

"Yes!"

The twelve kings of \*\*\*\* bowed their hands, respecting each other, and dare not have the slightest objection.

What Qin Tiange said is what is now. Now, it is too late to speak. He has set foot on the battleship of the Emperor.

“Very good!” Qin Tiange nodded with a smile, his eyes glanced, the Quartet’s instinctive fear of the figure.

In particular, the power and heritage of the \*\*\*\* royal family, one by one inexplicable fear.

“We are willing to surrender to the twelve royal families and surrender to the emperor.”

Suddenly, the major facts that originally belonged to the \*\*\*\* royal family made their own choices and directly expressed their integration into the twelve royal families.

He even stated that if he wanted to surrender to the emperor, he would totally lose his resistance and even abandon his identity as a royal family.

Hell family, no royal family exists in the future!

“You guys, next, \*\*\*\* will be judged by you, and I, the outsider, will not intervene.”

Qin Tiange said with a smile, and nodded to Li Luo, the two turned and tore apart the time and space, disappeared in a blink.

They left, but relieved all the hells who were present, and the depression in their hearts disappeared.

“Huh, finally gone!” Some royals smiled bitterly, relieved, and almost collapsed.

There is no way, Qin Tiange puts too much pressure on them, and instantly destroys the emperor of hell.

Even if Qin Tiange had no intention of killing them, standing here had a strong oppression, and his heart was severely shadowed.

“Zero Cat, are you satisfied now?”

The black prison king looked at Zero Cat with a smirk, and kept sighing, saying that it was not complicated. It was false.

The Zero Cat itself is more complicated and a bit bitter: “How do I know that the Emperor is growing too fast. Fortunately, I had a little friendship before, otherwise it is estimated that it is not in charge of our Twelve Kings, but is directly annexed by the Emperor. Now. “

“Don’t forget, everyone came from the Milky Way. One group has been completely erased by the human race.” Zero Cat said to himself, looking at the direction of the Milky Way.

As a well-known businessman in the universe, he is the most informed, especially the Hell prisoner who specializes in information business.

After hearing this, the black jail king’s face was even bitterer, and he sighed, “I have received news for a long time. I never thought that the emperor would come to the \*\*\*\* galaxy.”

“Okay, it’s too late to say anything now, got on the thief ship of the emperor, oh no, it’s a warship, we can’t go any further.”

King Rakshasa said, changing his mouth quickly, all his face was bitter, that was already on the thief ship, how can it easily go down?

“Forget it, \*\*\*\* tribe has no emperor, there is no emperor, and our twelve kings will rule together, and it may not be bad.”

Zero Cat was confident and smiled, “You guys, now, let’s start evaluating the \*\*\*\* galaxy and completely clear the relics of the royal family.”

“it is good!”

“It should be so!”

“In the future, there will be no royal family in Hell, only the Twelve Kings!”

The Twelve Kings of Hell figured it out. Now that they have reached this point, regret is useless, and there is no way back.

Rather than assessing the chaos of the Hell galaxy as soon as possible, clearing the \*\*\*\* of the Hell royalty.

At least The \*\*\*\* tribe is still in the hands of the twelve kings of hell. Without the emperor, there are \*\*\*\* twelve courts.

With the fall of the emperor of hell, the power of the royal family disintegrated, and the details were completely invested in the twelve royal families.

Soon, the chaos in the entire Hell galaxy was extinguished, and the rest of the royal family was cleared away.

The entire \*\*\*\* galaxy has been completely renewed. Without the emperor, there is one more \*\*\*\* twelve court steward.

“Hwang, will the Hell galaxy stay like this, won’t it happen?”

Outside the Hell galaxy, a man and a woman silently looked at the \*\*\*\* galaxy, after all, Luo Luo asked his own worry.

Qin Tiange smiled and comforted: “Don’t worry, the Twelve Kings of Hell form the Twelve Kings Court to manage the hell, and I can’t take my palms away.”

His self-confidence comes from the heart of civilization that has just emerged, with a \*\*\*\* flame attached to it.

It was the fire of the \*\*\*\* people’s civilization, which was directly controlled by the heart of Qin Tiange’s civilization.

“Next, the \*\*\*\* clans became allies in the purple clothes, and the Huangquan corps was not a problem.”

After Qin Tiange finished speaking, he looked at the distant Huangquan Galaxy and looked at it for a while.

“Let’s go, we should go.” After a long silence, Qin Tiange finally turned around and was about to leave here.

Li Luo looked at the Huangquan and Hell galaxies and asked softly, “Wong, are we going back to the Milky Way or next?”

“Well, the galaxy will not go back for the time being, there is no major issue there, and the people are still stable.”

Qin Tiange thought about it and decided not to return to the galaxy first, because he was going to find his own woman.

“Follow me to Chen Xi them.”

After speaking, Qin Tiange tore apart the space and time, stepped into it with Li Luo, and disappeared.

Chapter 936 - Cosmic panorama, extreme cold star field

The universe is deep, vast and vast, and cold and extremely cold.

In some star fields, most of the stars are super stars, emitting terrifying light and heat, and the entire galaxy seems to be a sea of fire.

Looking from a distance, it is like a sea of fire on the stars, extremely gorgeous and terrifying.

Other galaxies are extremely extreme, with temperatures as low as a space-time freeze.

The universe is so big and strange that you never know how many weird galaxies are born in the universe.

“Hwang, according to the information we have obtained, the Milky Way is currently in the outer part of an original galaxy cluster, which contains hundreds of galaxies such as the Fairy Nebula, Hell Galaxy, and Huangquan Galaxy, which surround the original galaxy cluster . “

On the dim starry sky, a man and a woman are stopping outside a nebula, looking at the entire deep space of the universe.

The two are Qin Tiange and Li Luo, who are observing the information about the big universe that they have learned so far.

Before leaving, Qin Tiange obtained more cosmic information from the \*\*\*\*\* clan, combined various galaxy maps, combined with the information he captured from the space-time information stream, and slowly peered into the tip of the iceberg of the universe.

I saw an imaginary panorama of the unreal universe created by the two.

In this panorama, the vast universe is dark, representing unknown areas that have not yet been established and proven.

Many regions and galaxies have been marked out, among which there is the Milky Way galaxy. It is shocking that the supposedly huge Milky Way galaxy is the size of a rice grain.

That’s right, the Milky Way is the size of a rice grain. In the panoramic image of the big universe, there is a record of the known big universe area.

Containing the area where the Milky Way galaxy is located, it is a large source galaxy cluster. The Milky Way is in the vicinity of this source galaxy cluster.

This original galaxy cluster includes hundreds of huge galaxies, including the Milky Way, the Fairy Nebula, Hell, and Huangquan.

A more terrifying source galaxy cluster consisting of hundreds of huge galaxies, the central region, is known as the galaxy source.

There is the origin of the birth galaxy. All galaxies in this range are born there.

“The original galaxy has gone beyond four-dimensional space-time, and it is completely above a five-dimensional original galaxy.”

Qin Tiange looked at the panorama of the universe and said to himself, thinking fast.

According to the large universe star map he assembled, the known area contains a huge area of hundreds of original galaxy clusters.

These original galaxy clusters have at least hundreds of galaxies like the Milky Way inside, or even larger.

Looking at the star map of the part of the universe in front of him, Qin Tiange beating inexplicably, suddenly there was a throbbing in the 999 cosmic membranes in his body.

It seems strange that there are changes in the cosmic membrane of the body, but if I look closely and capture, nothing is found.

This made Qin Tiange very vigilant, and suddenly felt that the big universe is not as simple as it looks now.

Such a vast and vast universe, in the currently known universe, contains hundreds of millions of galaxy-scale galaxies.

“At present, our location is here. There are a dozen large galaxies nearby, of which the Lieyang galaxy and the extremely cold galaxy are the closest.” Qin Tiange pointed to a point in the light map in front.

This is the area of the starry sky where the two are located. Closest are two large galaxy groups, one hot galaxy and one extremely cold galaxy.

Both galaxies are at two extremes. The stars in a galaxy are all super-heated stars.

These superstars are thousands of times hotter than the sun, and some even tens of thousands of times stronger than the sun.

The extreme cold galaxy is another extreme, where the normal temperature is absolute zero, and the scarier thing is that the planets in this galaxy have lower temperatures and surpass absolute zero.

A temperature that can freeze time and space is the most common in this galaxy.

Is there a soul in such a terrible galaxy? The answer is yes, in these two galaxies, there are two extreme races in the universe.

A fierce Yang clan who is born with fire, and an ice clan that is born with extreme cold. The two clan are two extremes.

Due to the close distance between the two galaxies, war between the two groups has been perennial, because two extreme forces have caused mutual disgust and hostility between the two groups.

You said that you were a fire man, and suddenly met an ice man, one who hated water and ice, and one hated flames and high temperatures, and naturally hit each other when they met.

“Huang, are we going to the Arctic Galaxy?”

Li Luo suddenly understood Qin Tiange’s idea, this is to go to the extreme cold galaxy.

Qin Tiange was silent for a while, his eyes flashed with a ray of past scenes, and a hazy snow-white figure flashed from time to time.

Snow Woman, the old man of the past, does not know where she is now. Since Snow Woman left the earth, there has been no news.

And her grandpa, General Mu Mu, has not let go of the Snow Girl’s thoughts and worries over the years.

As he got older, General Mu Mu was most concerned about his only granddaughter. He contacted Qin Tiange several times and asked him to bring Mu Xue back to Earth.

“Let’s go and look at the extremely cold galaxy, maybe, where will she be.” Qin Tiange said to himself, waving his hand to put away the panorama of the universe in front of him.

His voice had just fallen, and he stared into the deep space of the universe. Through the thick nebula, he seemed to see an extremely cold and horrifying galaxy.

There, like a forbidden place in the universe, the extremely cold temperature blocked many foreigners from entering.

Over time, very few alien creatures like to visit here, and even instinctively avoid these two galaxies.

Except for the main star class, the creatures of all ethnic groups who come here may die there if they cannot bear the extreme environment there.

boom!

Stepping out, the nebula exploded in front, revealing a huge channel, let Qin Tiange and Li Luo both walked over.

A long passage, surrounded by thick interstellar dust, and various cosmic radiation full of killing.

This power is very chaotic, disturbing the space-time dimension around you. If you are not careful, you may lose your way, and you may even walk into some real universe forbidden zone.

“Huang, I feel that the closer you are to the extremely cold star domain, the more you feel that time and space are frozen.”

As he walked away, Li Luo became more surprised. When he sensed that he was approaching the extremely cold galaxy, he had the illusion that it was difficult to break time and space.

Qin Tiange nodded with a smile and said, "You feel right. There is a power here that has frozen the surrounding space and time, even on the extremely cold continent in the center of the galaxy, where space and time have been truly frozen.

Li Luo thoughtfully, looking at a cold star field closer and closer, it was the extremely cold galaxy.

Here, the planets are all in a state of ice crystals, flickering with a little gloom, cold and terrible.

For example, in front of Qin Tiange and Li Luo, there is such a frozen planet, which is completely composed of the true ice of the universe.

The temperature is so scary that the space around the frozen planet is frozen, and even time has slowly slowed down.

This phenomenon is weird, and such terrible extreme cold power is already fearful.

"My queen, shouldn't the queen be in this galaxy?" Li Luo asked curiously.

She didn't believe that Empress Chen Xi would be here, and Qin Tiange shook his head and stopped, with an inexplicable sigh.

"Well, Chen Xi's breath induction, I have been searching, even traversing the fragmentary information of the entire nine-dimensional space-time dimension, I have not found any information about her, only the record that left the earth."

Qin Tiange said, anxiety flashed in his eyes, and he has been trying to find the trace of Chen Xi.

But it just doesn't exist, there isn't even a record, as if it didn't appear on this cosmic starry sky.

The only record is that in the years of the Earth, when Qin Tiange and the Terran race broke into the four-dimensional galaxy, some information about the Terran could be erased.

In the dimensional space, there is a time scale that can record some cosmic information.

From here, some cosmic information can be read. Qin Tiange used his own ability to peek at the information from here.

Unfortunately, Chen Xi's information was not found, and even those who followed Chen Xi disappeared without a trace.

The only explanation is that Chen Xi is not in this starry sky, or she has achieved her ability to erase this information. Qin Tiange would rather believe that it is the latter, because he has the ability to erase this information, and many The space-time strong have the ability to erase their information and not be recorded by the universe.

"Chen Xi's trail, for the moment, I have no clue, but I found a little information of an old person." Qin Tiange said, his eyes became extremely deep.

He looked at the extremely cold galaxy in the distance, as if he had seen the old man of the past. Now that he has found it, he will naturally take a look.

Moreover, Snow Girl's grandpa did miss her, and taking her back to see her grandpa was a good thing.

"Let's go, the extremely cold galaxy contains a strange power that freezes and isolates time and space. I'm really curious."

Qin Tiange smiled suddenly and had a strong curiosity about the extreme cold star domain. What is the power to freeze the space-time dimension?

Because he knows that in the extreme cold galaxy, it is impossible to connect the space-time dimension, and it has terrible power to freeze the space-time dimension information.

Here, it is impossible to open up the space-time dimension, and even you can't even do it by induction, which is weird.

Huh!

In a blink of an eye, Qin Tiange and Li Luo both walked out of the Nebula Tunnel and came into a galaxy full of extremely cold air.

This is the extremely cold galaxy, a mysterious and extreme galaxy, living such a race.

"Snowgirl, does she remember me?"

Qin Tiange stood in the extremely cold galaxy, thinking silently in his heart, suddenly a bitter smile.

Shaking his head, he sighed and led Li Luo towards the central cold continent of the galaxy, because that was where he felt the source of his old days.

Snow Woman, just above the central cold continent of this extreme star field.

Chapter 937 - Snow Woman, lost her memory?

A continent is like a cluster of ice crystals. In fact, Qin Tiange has understood the origin of the central continents of these galaxies.

These continents, seriously, are fragments that are separated from the super galaxies of the original star cluster.

Including the central continent of the Milky Way galaxy, fragments are separated from the original galaxy. With endless material, the galaxy evolved over time, and densely populated planets were born.

At present, the temperature of this frozen continent is so low that you cannot sense the power of time and space, and it is completely frozen.

It can be said that the extremely cold continent is an extreme forbidden area, but there is a huge ethnic group, the Bing ethnic group.

The Bing is very large. There are many ethnic divisions inside, but they are all born to be extremely cold.

"So weird."

Just coming here, Li Luo couldn't help but marvel, she couldn't really sense the dimensional power of time and space.

“Look at these plants, there is some kind of strange power.” Qin Tiange looked at the crystal plant in front of him, which was a tree.

But this tree is a bit weird. The whole body is like ice crystals, and the leaves are like ice, exuding a strong cold.

Rumbling

In the distance, an iceberg crashed, and snow and ice flew across the sky, and from there stood a huge snowman.

It's the Frost Giant, a powerful ethnic group belonging to the extremely cold galaxy. Its body is huge and looks like a mountain, but it is white and icy, and is full of frost.

There are also all kinds of weird creatures that have adapted to the extreme environment here, completely transformed their bloodlines, and are suitable for this extremely cold continent.

Extremely cold continents, the temperature is terribly low, but if you think it is ice and snow, you are wrong.

Not far away, Qin Tiange saw a large lake. The lake water was not frozen into ice, but was in a liquefied state.

“These waters” Li Luo was surprised.

Nourish

As a result, as soon as the palm of the hand touched the ball of water, it was immediately frozen into an ice hand. The strong cold wanted to invade the body, but it couldn't.

Even so, Li Luo couldn't help but be shocked. With her current ability still frozen, it was a little amazing.

“Everything here has gone to an extreme.” Qin Tiange glanced and said to himself.

He can see that the species living in this galaxy have embarked on an extremely alternative evolutionary path.

In other words, it is a mutation of the biological bloodstream here, which has become extreme and terrible.

The two stood in the void, on an ice mist, looking down at the vast continent.

Here, there are huge ice cities surrounding a huge area in the center, which is completely a royal area.

“Huang, this is the center of the extremely cold continent, which should belong to the ice royal family.” Li Luo glanced at it and made a guess.

In fact, it is clear without guessing that this is the area of the extreme cold star area and the ice royal family.

Looking at the towering horror building, it is clear that it is the Ice Emperor's Hall, the hall where the entire ice tribe's highest ruler, the Ice Emperor, is located.

“Xue Nu’s breath is inside. How did she become a royal member of the Ice Clan?”

Qin Tiange frowned, looking at the vast ice palace, with a breath familiar to him.

This breath belongs to the Snow Girl’s breath, and it can’t be wrong, although some changes have become even more terrible.

But Qin Tiange can be sure, that is the smell of Snow Girl, but how did she become a member of the Ice royal family?

Because the Ice Palace is a symbol of the royal family, not members of the royal family cannot enter it, let alone live in it.

Looking at the ice palace from a distance, Qin Tiange was lost in thought, his eyes flickered, and he wanted to see the scene inside the palace.

But a scene that surprised him appeared, as if the entire Ice Palace was shrouded in some kind of crystal and holy mist, which could not be seen at all.

Even Qin Tiange was hard to see through, and he couldn’t help secretly wondering that he couldn’t see through an ice palace?

“There’s something weird!” Qin Tiange said secretly, there was something weird here, what was the power that blocked him?

Qin Tiange did not believe it, his eyes suddenly burst into a ray of silver and black light, the eyes of time and space opened.

Zizi

A ray of weird light tore a kind of diaphragm, and with the eyes of time and space opened, Qin Tiange finally saw through the layer of mysterious ice and mist in the Ice Palace and saw the scene inside.

When he saw the scene in the Ice Palace, Qin Tiange jumped to his heart and saw the familiar figure.

Inside the ice palace, in a sleeping palace, was sitting a graceful figure, covered with a mysterious ice mist.

She is Snow Girl!

A long white hair fluttered, sprinkled a few ice crystals, frozen the Quartet, and time and space were completely frozen to death.

On the Snow Woman, the breath was extremely chill, the pretty face was full of coldness and indifference, her eyes closed, and she opened suddenly.

Huh!

Two bunches of Hanmang looked through the nothingness and looked out of the Ice Palace. Their eyes were intertwined, and there was a hissing sound.

Jing, a dead silence spread all over the place, with the eyes of the two men intertwined, facing each other silently.

Qin Tiange was shocked, and from those eyes, he saw a kind of indifference and a icy killing.

Yes, from the eyes of Snow Woman, he saw a cold and indifferent murderous act, not the kind of surprise when he met by old people.

“She, don’t you remember me?” Qin Tiange’s heart shook, and suddenly such a bad thought flashed.

There was a faint sense of unpredictable feeling in his heart, and it seemed that some changes had taken place in Xue Nu’s body.

A change that he didn’t want to see made Qin Tiange’s face sink, his face a little hard to look.

Because, Qin Tiange saw an ice crystal mark on Xue Nu’s brows. It was this mark that made him unbearably discolored.

This weird mark reveals the coldness of the frozen heaven and earth, giving people a chill and coldness.

“Did the Snow Woman come from a certain reincarnation?” Qin Tiange looked grim, looking at Snow Woman’s cold and indifferent eyes.

There was no trace of emotion in it, as if it lost its former self and became a cold and ruthless person.

Snow Girl, amnesia?

“who are you?”

In the Ice Palace, a voice suddenly appeared, indifferent and cold, showing endless chill, and it was frozen all around.

After hearing this, Qin Tiange’s heart sank, and her own speculation really came true, and Snow Maiden really suffered a great change.

Seeing such a snow girl, Qin Tiange’s heart was extremely complicated, and it was unclear how to face such a former acquaintance.

“Huang, we are surrounded.”

At this point, Li Luo said quietly, his eyes glanced coldly around, and found that the two were surrounded.

Qin Tiange didn’t bother, but stared at Xue Nu’s pupils stiffly. Those ice crystal pupils were beautiful, but they didn’t contain a trace of emotion.

“Human race?”

Around, icy mists poured out, turning into terrible figures, surrounding the area.

They all came from the superpowers of the ice clan, one by one, and their breath was not weaker than the space-time level, but the strange thing was that they were not very strong.

It feels like they are not in time and space, but they can freeze time and space. This is extreme transformation.

The Ice Clan has embarked on an alternative extreme, not entering time and space, but freezing the dimension of time and space.

“Li Luo, stop them. I’m going in.”

Qin Tiange was silent for a long time, and suddenly spoke, breaking the cold killing atmosphere around him.

As soon as the words fell, he ignored the dozens of ice clan strongmen surrounded by him and stepped into the ice palace.

“presumptuous!”

“Stop!”

Seeing Qin Tiange’s actions, dozens of ice-powered strong men surrounded by him were furious and erupted instantly, trying to stop Qin Tiange.

Dozens of cold air surged, freezing Qin Tiange’s area and completely turning it into an ice crystal prison cage.

collapse! collapse! collapse

However, the next scene shocked the Bing clan powerhouses. In the frozen area, Qin Tiange’s figure kept on going, step by step.

Wherever he passed, all the frozen ice crystals shattered, inexplicably shattered by a force.

“Quick, stop him!”

Seeing this, the group of ice clan powerhouses was furious and wanted to intercept Qin Tiange again, but was blocked by Li Luo.

“Your opponent is me, to be honest.” Li Luoshen came and waved his hand to break the terrible cold.

Her face was cold and stern, and she hummed, “Dare to shoot at my emperor. If it were not for my emperor’s order, you would have died long ago.”

Li Luo was very angry. Anyone who dared to do anything with Qin Tiange would be ruthlessly obliterated by her. If Qin Tiange had only told her to block these people without ordering him, this group of Ice Clan powerhouses would have been destroyed.

Just when Li Luo stopped the group of ice clan strongmen Qin Tiange walked into the ice palace, came to the ice palace, and stood in front of the snow girl.

The two were ten meters apart, and looked at each other quietly. Snow women’s eyes showed a cold chill, and they did not know Qin Tiange at all.

“Snowgirl, you, really forgot?”

After a long silence, Qin Tiange finally spoke slowly, his voice with a hint of husky and complexity. For Snow Girl, Qin Tiange has always been very complicated inside. At first, Snow Girl suddenly left the earth and left without saying goodbye, which made him feel a little sorry.

I saw it now, but without the joy of meeting, there was a kind of cold chill.

Snow Girl, amnesia, or she became another person?

“Who are you?” Xue Nu’e frowned, her eyes were cold, and the terrible cold was permeating, freezing the ice palace and forming a prison cage.

Between the two, the war was about to start, and the old people met again in the past.

“Mu Xue, have you forgotten it, or have you replaced it with that ancient memory?” Qin Tiange’s face gradually became colder, and a ray of anger showed through his pupils.

Looking at the ice-cold mark of Xue Nu’s brows, he vaguely guessed that this might be some kind of ancient heritage mark.

Perhaps the Snow Girl was born with the power of ice and snow, and was itself a reincarnation of an ancient creature.

As for why the reincarnation came to the human race, Qin Tiange didn’t understand it and didn’t want to understand it. I just wanted to know. Is Xue Nu still the original Mu Xue?

“Breaking through the Ice Palace, you can’t go.”

Snow Girl did not answer, but said such an indifferent word, as if to leave Qin Tiange, an intruder outside.

Killing intentions, a cold killing intentions permeated, making Qin Tiange’s heart cold, Snow Girl, is it really not the Snow Girl of the past?

Chapter 938 - Cut off the past, why bother?

Click! Click!

In the ice palace, a cold air permeated. Everything that was passed was frozen and the air condensed into mysterious ice.

The snow woman’s silver hair fluttered, like a thousand-year-old ice needle, pierced the space, and cracked in space and time around her.

The strong cold current surged, directly freezing the entire ice palace, completely covering Qin Tiange.

“You want to kill me?” Qin Tiange looked complex and looked at the Snow Girl in front of him, step by step.

Ice formed under her feet, and black ice thorns condensed outside, exuding a terrible chill.

This mysterious ice thorn can pierce the barriers of the space-time dimension, one-dimensional lines, and two-dimensional mirrors are unstoppable in front of it.

Doesn't Xue Nu really want to kill Qin Tiange?

call!

Fraudulently, dozens of ice shots spurred, and instantly stabbed in front of Qin Tiange, blocking all major points in the body.

Once pierced, there will be no doubt!

The Snow Girl directly started, and dozens of ice thorns tore through time and space, piercing the dense space-time defense of Qin Tiange's body.

One-dimensional lines were broken, two-dimensional mirrors were broken, three-dimensional solids were crushed by impact, and four-dimensional time was frozen.

In the end, dozens of ice spikes finally stopped in front of Qin Tiange, only a millimeter, but did not advance a trace.

Qin Tiange didn't hide, not to mention defense, but looked calmly at the dozens of black ice thorns in front of him.

The icy bones can be clearly sensed, but in the end dozens of mysterious ice thorns stopped.

"Why not hide?" Xue Nuo's face flashed a hint of complexity, and her cold pupil stared at Qin Tiange without blinking.

He saw a slight chuckle: "I believe that Mu Xue will not kill me, nor will he do anything to me."

"But I'm not!" Xue Nuo shook her face, and dozens of Xuanbing thorns buzzed.

It seemed that Qin Tiange's body was going to be pierced in the next moment, but it was strange that he didn't move, but instead clicked and crashed.

Xue Nu looked at Qin Tiange with a complex look. She had a kind of instinct in her heart that restricted her from doing Qin Tiange.

Seeing this, Qin Tiange was certain that she was Mu Xue, but some changes had taken place.

He said softly: "Mu Xue, although I don't know what happened to you, but I know you are Mu Xue, the old Snow Girl."

"However, I want to know what happened to you, sorry, offended."

Click!

As soon as the words fell, Qin Tiange disappeared, and the Xuanbing wall in front of him cracked, unable to stop him.

In the blink of an eye, he came to Mu Xue's presence. The two were only one foot apart, with four eyes facing each other.

Xue Nu's pupils suddenly shrank, showing a touch of shock, but soon replaced by a cold killing intention.

Qiang Qiang Qiang

Mysterious Xuanbing converges, and it turns into countless Xuanbing thorns. They are unfortunately unable to penetrate Qin Tiange's external space-time defense layer.

It seems that Qin Tiange is in front of him. In fact, he is surrounded by dense barriers of space and time.

The power that was struck could not pierce these defenses at all, but was crushed and devoured by the power of space-time dimension.

“Let me see, what happened to you?” Qin Tiange's eyes flickered, and his fingers ran into Muxue's brows with lightning.

That finger could not be avoided, could not be blocked, and even the Xuanbing Wall condensed by Snow Girl was instantly broken.

Nourish

When the finger point on Mu Xue's eyebrow, the whole ice palace fell into silence, and the cold air around Xuanbing stopped immediately, then gradually subsided.

Soon, the entire ice palace fell into silence, and the two face to face, standing still.

Xue Nu's face was dull and her eyes were awkward, as if she had lost her soul. In her knowledge of the sea, a golden light swept through, turning into a figure quietly appearing here.

Qin Tiange's will came, and came to the space where the snow woman knew the sea, and saw Mu Xue's true spirit, looking at him coldly.

“Who the \*\*\*\* are you?” Mu Xue said crisply, the true spirit exuding a strong cold.

The entire cognizance of the sea does not seem to be a dim gray, but a crystalline frosty world.

It's like a country of ice and snow here, with black ice everywhere, crystal clear and exuding a terrifying chill.

Even Qin Tiange felt that here, outside conscious thoughts would be frozen.

Fortunately, his will is arrogant enough, and not affected by the freezing of this mysterious power.

“What is hidden in this mark, if Snow Maiden's consciousness is swallowed by you, then”

Qin Tiange said that his eyes were cold, his intentions were pervasive, his voice just came down, and the avatar of consciousness emerged quietly, pointing at Mu Xue's imprint of the true spirit.

Suddenly, mysterious ice was boiling and the cold was surging, and a terrible cold current swept out. The mightyness froze and frozen the entire sea of knowledge.

That is the self-protection mechanism of the mysterious mark. Freezing the sea and even the true spirit is equivalent to self-defense.

However, this horrific cold current was still broken by Qin Tiange, instantly breaking the seal of the mark, invading it, and checking the memory inside.

He had no choice but to look at Mu Xue's memory forcibly, and wanted to see what happened to her and why it was like this.

But then I discovered that Qin Tiange was completely chilled, because there is no previous memory of Mu Xue in the true spirit memory.

“Why?” Qin Tiange's face changed, and his pupils continued to flash a ray of shock and complexity.

From the imprint of Muxue's true spirit, he did not see any memories of Muxue on earth, but only a strange memory of being in an extremely cold galaxy.

Yes, this strange memory makes Qin Tiange very strange, because he sees the source of this memory, which is an ancient inherited memory.

“You, devouring Mu Xue's true spirit?” Qin Tiange's face was iron-blue, and he stared at the true spirit of Snow Maiden in front of him.

At this moment, Snow Maiden's true spirit was sober, backed up quickly, and looked at him with an angry look. This person even captured her true memory?

“I don't know what you're talking about. You peep at my true spirit. I am at odds with you.”

The Snow Woman is as cold as a glacier, without any emotion at all, as if she has completely changed another person.

Seeing this, Qin Tiange's face was even worse, and his heart was a little confused, and it was unclear how to solve the problem in front of him.

Mu Xue's memory is gone. It seems that being swallowed up by this ancient inherited memory is equivalent to disappearing completely.

But can he kill Mu Xue? No, Qin Tiange asked himself that it was impossible for him to kill Mu Xue, even if she was not the original Snow Girl.

For a long time, Qin Tiange gave an inexplicable sigh and looked at the irritated Snow Girl in front of her, not feeling in her heart.

“No more, forget it!”

Qin Tiange shook his head, glanced at Xue Xue, turned around, and disappeared into her knowledge of the sea.

In the end, Qin Tiange still did nothing, and did not erase this cold and ruthless consciousness.

Because even if the memory that belongs to Snow Girl is gone, it disappears without a trace, as if she had never been this person, but she is still Mu Xue.

Qin Tiange clearly felt that only Mu Xue was in her body. She was very familiar with it. It was Mu Xue that was right, but she had no memories of the past.

Huh!

Outside, Qin Tiange opened his eyes, looking at the Snow Woman who also woke up, and the two eyes stared at each other.

What he saw was still cold, no longer familiar, but a strange chill.

“I didn’t expect that you and I would meet again. You are right and wrong. You are not the same as you were before.” Qin Tiange said to himself, his expression was extremely complicated.

Qin Tiange cannot do anything about the change of Xue Nu. If it is true that Mu Xue’s original consciousness has been devoured and assimilated as guessed, it will not be possible to be born again.

Qin Tiange himself couldn’t do this, unless he could cut out Muxue’s fusion spirit again and separate it, but don’t even think about it, a bad snow girl fell directly.

Ding!

Suddenly, Xue Nu flashed forward, a Xuanbing sword stabbed up, but Qin Tiange pointed at it.

Looking at the murderous Snow Woman in front of her face, Qin Tiange lost her heart, shook her head and smiled bitterly: “I never thought that you would become like this, how can I go back and tell your grandpa?”

The thought of Snow Girl becoming like this, let General Mu old know, how big a blow?

boom!

As soon as the voice fell, the snow woman was shaken back by three steps, and the Xuanbing sword in her hand cracked open.

She looked dignified and looked at Qin Tiange, realizing that she was not an opponent. If she did not intend to kill her, she might have died.

“Who the \*\*\*\* are you, do you know me?” Snow Girl said coldly and indifferently, her eyes showing a touch of complexity.

Looking at her, Qin Tiange shook his head, sighed, and said nothing.

Suddenly, Qin Tiange looked at the inner door of the Ice Palace and said, “Did you come out to meet me?”

As soon as this word came to an end, the Snow Girl opposite felt a horrible killing intention, and even the undisguised killing intention felt a cold for a while.

Qin Tiange was really angry. In the past, why the Snow Girl left was because of an ancient creature that had awakened from the earth’s South Pole.

The powerful creature, who claimed to be the Lord of the Ice Palace, left the Snow Girl to leave before leaving the earth.

This led to the disappearance of Snow Girl, leading to the complex situation now. How could Qin Tiange not be angry?

“When the emperor is approaching, the ice tribe is flourishing up and down, naturally dare not neglect.”

With a cold voice coming, I saw that a graceful figure came out slowly from the inner layer of the ice palace.

This man was shrouded in mysterious mist, and he could not see the truth, and he was not clear about her specific appearance.

But Qin Tiange can clearly feel that the breath on her body is the ancient existence that once woke up from the earth. An ancient creature who claims to be the Lord of the Ice Palace. He left after not long after waking up Earth, there was a side of the original.

I never thought I would see this scene again, Snow Girl, I don't remember the previous memories.

This made Qin Tiange furious, staring at the ice palace lord, saying one word at a time: “You should know what happened to Snow Girl, originally told me otherwise, otherwise, I will subvert your entire ice clan and uproot Up. “

“The Emperor must not be angry!”

The Lord of the Ice Palace smiled indifferently, glanced at the Snow Woman, but said helplessly: “This is not caused by me. As for why this is the case, you ask yourself, and the little girl Mu Xue herself wants to cut off the silk, Cut off past memories. “

“Cut love silk? Mu Xue's own meaning?” Qin Tiange was shocked, his eyes were complex and he looked at the snow woman with a cold face.

At this moment, he faintly understood that Mu Xue wanted to cut off the past, forget everything, and start again.

Mu Xue waved her sword to cut love, cut off her past memories, and became what she is now. Is this what she wants?

Qin Tiange stared at Xue Nu, his eyes were intricately complicated, and he said nothing in the end.

“It's nothing, you and I got to know each other. This is what I prepared for you. There are some secrets about time and space and even the spiritual world in the dark world. I hope it will be useful to you.” Thrown into Snow Woman's hands.

He had a complex face, a flash of loss in his eyes, and finally glanced at the stunned and complicated Snow Maiden, turned around and stepped out of the ice palace, and disappeared in front of them in a blink.

“Why are you here?”

Watching Qin Tiange turn and leave, the Lord of the Ice Palace inexplicably sighed, bitter, and fell into silence.

Chapter 939 - About to hide in antiquity

In the ice palace, Snow Girl looked dull and stared at a golden light cluster floating on her palm.

This is what Qin Tiange left before leaving. What's in it?

In fact, it contains a ground truth, wrapped in secrets and information about the dimensions of space-time and the dark side of the universe.

In addition, there is a memory information about Muxue's past. Qin Tiange condensed the relevant information of Muxue in it.

**“Remorse?”**

It took a long time for a quiet word to come from the ice palace, and the Lord of the ice palace spoke.

She disappeared all over the fog, revealing that delicate face, wearing a black ice crown.

The Lord of the Ice Palace, who has a large identity, is an ancient ice clan emperor. It is unclear why he slept in the earth's ancestral land.

She had a complicated face, and looked helplessly at the dazed Snow Lady, and couldn't help smiling.

The Lord of the Ice Palace revealed a ray of helplessness, and a strange mysterious ice mark on the eyebrow glowed, and a faint wave of true spirit loomed.

**“Me, why is there a kind of sorrow?”** The Snow Woman muttered to herself, suddenly a sorrow came from her heart.

For no reason, she looked at the moment when Qin Tiange departed, and her frosty heart suddenly trembled, as if she had a sorrow that could not be broken.

Snow Woman looked blankly, looking at the Lord of the Ice Palace, and asked, “I know him right, why don't I have any memory, and I can't fight him.”

Yes, Snow Girl is at a loss at this moment, feeling a sense of confusion, like a acquaintance, but no memory.

The loss and sorrow could not be resolved, and she panicked, and could not help asking the Lord of the Ice Palace, the ancient ice clan emperor.

**“You, I knew you would regret it.”** The lord of the ice palace smiled bitterly, sighing at the snow girl who looked blank and lost.

She glanced outside the Ice Palace, Qin Tiange and Li Luo blinked and disappeared into the extremely cold galaxy, completely missing the trace.

Seeing this, the Lord of the Ice Palace sighed quietly: “I once warned you that you would regret doing this, and you would not believe it.”

**“Now, he's here for you, but you don't know him, is this what you want?”** After that, she looked at Xue Nu.

In the past, after the Snow Girl came to the extremely cold galaxy, the whole person became more and more cold, but she could not forget the old feelings.

Eventually, she sought the help of the Lord of the Ice Palace and wanted to forget her past, so she embarked on this path.

Cut off past memories, become a brand new self, start again, once the Lord of the Ice Palace warned that she would regret it.

Now that Qin Tiange came to her, she didn't know her, and she lost her memories. This is the most helpless of the Lord of the Ice Palace.

“What was it like in my past?” Xue Nu's eyes showed a strong light.

Suddenly there was a longing in her heart, and she wanted to know what her past memory was like.

Seeing her expression, the Lord of the Ice Palace smiled bitterly, patted her shoulder, and said a word softly.

She said, “Fortunately, I know you will regret it for today, so I helped you save that true memory.”

“Well, now that you belong to the original owner, you are still back to where you were. This is the real you.” The Lord of the Ice Palace chuckled, the mark on his brows glowed, and a ray of ice crystals came out.

It was a wave of true spirit, which belongs to the true power of the Snow Maiden. It contained all the memories and memories of the Snow Maiden on the earth.

A mass of true memory that should have been cut out and dissipated by her was sealed by the Lord of the Ice Palace and saved to this day.

She knew that Snow Girl would regret it, so it was retained, and indeed, it was fulfilled today.

In fact, the Lord of the Ice Palace did not expect that Qin Tiange would find here, so he had to show up.

Just now, if she didn't come out, Qin Tiange might have demolished the entire Ice Palace, or even subverted the entire Ice clan. Uprooting that sentence was not empty words.

Fortunately, the change of Snow Girl was not made by her, otherwise, regardless of the existence of the Lord of the Ice Palace, she would be bombarded by Qin Tiange.

“This is my memory of the past?” Snow Girl looked at a ray of ice crystals passed by the Lord of the Ice Palace.

There is a familiar and unfamiliar atmosphere in her, and the true spirit breath belongs to her.

Zi!

The ice crystal ball of light just melted, and it instantly melted into the body of a true spirit, returning to the true spirit itself.

Upon receiving this memory, Snow Maiden's expression shook, her consciousness seemed as if she had returned to the earth.

The memory from birth was gradually played back, and gradually integrated into her knowledge of the sea.

Everything that she experienced on the earth returned, reintegrated into her true spirit, and restored her integrity.

At this moment, Xue Nu, can be regarded as the real Mu Xue, she is a complete person.

She was not complete before, and cut off all her memories of the past, it is equivalent to give up everything before.

Now that everything is back, as if asleep, Mu Xuan wakes up, Mu Xue pauses for a moment.

“Tian Ge ...” Mu Xue muttered to himself, his eyes shining brightly, as if he was fully awake and returned to himself.

She woke up completely and recovered her original self, but a sudden loss of regret and remorse burst into her heart.

The man she couldn't forget came, and came to her, but the meeting between them was not the one she expected.

Qin Tiange is here, but he is gone. This makes Mu Xue feel bitter. Why did he cut off his past memories?

“I regret it?” The Lord of the Ice Palace was crying and sighing, “You, you, fortunately, I have saved the true memory you cut out, otherwise you don't want to recover today.”

“Thank you!” Mu Xue said thank you gently, then lowered her head, looking at the bright golden light ball in the palm of her hand.

This was left by Qin Tiange before leaving. It was a farewell gift, which made Mu Xue feel complicated for a while.

“This is what your love man left to you to see what it might be. Maybe it is what you expect to see?” The Lord of the Ice Palace joked.

After hearing this, Mu Xue's frosty face rarely appeared a touch of redness. Without saying anything, he took the golden light ball into the sea and quietly examined and absorbed it.

Soon, a golden symbol melted into the real spirit, shaking Mu Xue's true spirit and realizing what it was.

“A true book of the earth, the immortal mystery of the true spirit ...”

Mu Xue murmured to himself, shocked, and then moved, Qin Tiange left her something like this.

Soon, another mysterious knowledge flooded, the secrets of the dimension of time and space, and the secrets of the dark seas of the universe, and a spiritual tide of the seas of the seas merged into the sea of knowledge and transformed.

“Time and space, the Lord ...”

The huge memory contains endless mysteries. Mu Xue was immersed in it and could not extricate herself, as if she suddenly saw the essence of time and space and witnessed all the secrets of Jie Hai, and suddenly opened up.

In the end, a hazy memory came about Qin Tiange's memory from the moment he knew Mu Xue.

Bit by bit poured into the mind, making Mu Xue's heart shake, awakening that unforgettable emotion.

"You're here, but you're gone. Is it sad to me?" Mu Xue murmured, unable to help but laugh at himself.

She said to herself: "In the past, you broke my heart, and this time I broke your heart. Is it really impossible between you and me?"

Mu Xue, known as the Snow Woman, looks as cold as a frost and is not close to a stranger, but she is extremely passionate in her heart.

She is extremely serious and dedicated to the relationship, otherwise she would not forget her relationship that did not begin.

In the end, she savagely cut off the past, just to forget the pain, but did not expect to recover, but fortunately.

"Xue Er, why are you suffering?"

The Lord of the Ice Palace couldn't stand it. She took Mu Xue's hand and walked out of the Ice Palace, looking out at the dark starry universe.

Pointing at the starry sky, she said, "I can feel that he is looking at this place. If you have the heart, you are brave enough to pursue your own happiness. Why should you be afraid?"

"I ..." Mu Xue opened her mouth, and eventually remained silent.

Chasing your own happiness? Mu Xue's heart was bitter, and a figure flashed in her head. In the past, the news of Qin Tiange, the leader's big wedding, was a big shock to her.

The Lord of the Ice Palace shook his head and sighed, "You're not good at all. Since you can't put it down, just point it out directly. What the role of fear and tail is will increase troubles."

"Xueer, I am about to return to the ancient times. I will not be able to come out when the time comes. I will give it to you."

The lord of the ice palace suddenly announced the news. She looked at the dark starry sky as if she saw two figures looking at it outside the extremely cold galaxy.

She said softly: "After I leave, you will take over the new emperor of the Clan. Anyone who does not obey you will be destroyed directly, no need to take care of it."

Speaking of this The Lord of the Ice Palace has a complex look, saying: "Also, your own happiness requires you to fight for it without fear. If you think you are not enough, then lead the whole ice Tribe, becoming the Supreme Ice Queen, so you have enough confidence to pursue your own happiness? "

"Aunt Bing, are you leaving?" Mu Xue was startled and looked at the Lord of the Ice Palace.

The ancient ice emperor, who was just like her own daughter to her, had to leave, and listening to her, seemed to be going back to the ancient times.

“Oh ...” the sigh of the Lord of the Ice Palace sighed, she said, “You and I will meet again in the future, breaking the barriers of the times and hiding in the ancient times. It is also my helpless move. Who can make an exception?”

“Aunt Bing, can’t I avoid it if I have to hide in the ancient times?” Mu Xue didn’t understand, she was reluctant.

The Lord of the Ice Palace shook his head, and bitterly said, “When you reach this stage, you will understand that everything is a prisoner. Only by hiding in ancient times can you temporarily avoid a calamity, but that is also a prisoner’s cage, never Stop it.”

“Freedom, this is the ultimate pursuit of the universe’s powerful people. You have to speed up, because your love man has reached this level.”

The lord of the ice palace sighed sighing, and then turned around and disappeared without a trace, leaving Mu Xue alone in a daze.

Suddenly she looked up and looked out of the distant galaxy, as if feeling a gaze, her familiar gaze could make her heart beat.

“After all, I still can’t forget the feelings I have for you ... you, are you okay, you have to hide in the ancient times ... can you and I see you again?” Mu Xue muttered to himself, a little surprised.

At this moment, outside the extremely cold galaxy, Qin Tiangoe silently looked at the galaxy, stared at the extremely cold continent, and felt Mu Xue’s familiar and strange atmosphere.

Chapter 940 - Invisible "robbery"

Outside the galaxy, Qin Tiango silently looked at the direction of the central extreme cold continent, silent, and never spoke for a long time.

Li Luo beside him was very clear. Qin Tiange was in a bad mood. When he met an acquaintance, he met but did not know each other. He had an inexplicable sorrow.

“The emperor, the Lord of the Ice Palace, seems to be preparing to hide in the ancient times.”

After a long silence, Li Luo still broke the silence and diverted the topic and attention.

The lord of the ice palace she mentioned was the ancient ice emperor of the ice tribe. The one who was not simple and could return to sleep in the earth’s ancestral land had to make people look.

Qin Tiange blinked his eyes and said, “The Lord of the Ice Palace has reached the limit, and her” robber “is coming.”

Robbery, can it be robbery?

Li Luo couldn’t help frowning and asked, “The emperor, what is the so-called robbery?”

He looked at the extremely cold galaxy in front of him, and said to himself: “There is a mechanism and power in the big universe for self-cleaning threats, and it is constantly cleaning up the potential threats of the big creatures in the universe, which is robbery.”

“Thousands of creatures cultivate in the universe. That is to steal the energy of the universe, such as material energy, dark energy. If you want to advance, you must grab the power of the origin of the universe to advance. This is the threat.”

Qin Tiange said as he couldn't help but sigh, and said quietly, “I always feel that there is an invisible hand that is driving some of the promoted strong men in the universe into prisons one after another.”

The words made Li Luo shocked and startled. Judging by Qin Tiange's meaning, wouldn't it mean that there is a terrible invisible hand controlling the operation of the universe.

There are some powerful people in the universe, and once threatened, a robber will be landed to eliminate the cleanup.

“Cultivation is robbing the origin of the universe, and it is normal to be cleaned up, just like a parasite.” Qin Tiange said, unable to help but grin.

Millions of creatures in the universe are like parasites of the big universe itself. They draw nutrients from the universe to grow and become things that threaten the universe, and they must be cleaned up naturally.

And some powerful people destroy the sky and destroy the galaxy. The destruction of space and time is normal. This is the threat, which destroys the universe and threatens to be eliminated.

There is a so-called robbery. After cleaning up the potential threats in the universe, after the promotion to a certain level, this terrible robbery will be incurred.

And this kind of robbing of all living beings is claimed to be ten dead without life, and there is only one way, which is to avoid.

Li Luo's brow was deep and dignified, “Huang, I have felt a threat. I didn't know why, now I understand. My calamity is coming.”

“Have you reached the limit?” Qin Tiange looked at Li Luo and couldn't help frowning.

He didn't sense the breath of robber, as if it didn't exist at all, but Li Luo sensed that it was her limit.

The only way is to break through, break into the barriers of the sea, avoid the ancient times, and be promoted to become the master of ancient times.

This is how the powerful people of all ethnic groups can hide in ancient times and other ancient times, break the barriers of the times, and enter the major eras to avoid their own calamities.

At the level of space-time, sometimes empty cages, if you want to seek a breakthrough, you must break the barriers between the positive and negative universe and enter the spiritual world.

There, a transformation and promotion of a spiritual will will become the master of the realm, but it is actually a larger prison, a spiritual prison.

And at this step, once you don't have the ability to avoid that sort of cleanup, you may fall completely and disappear.

If you want to escape, you must break the barriers of the times and hide in the ancient times to avoid the fate of being cleaned up.

But this is not eternal. If you hide in ancient times, it will be destroyed, and you must hide into the older times again.

Layer by layer, one after another, Qin Tiange concluded that an invisible black hand was pushing behind him, and drove all those threatening creatures into each one.

“Well, the longer I practice, the more I feel small, parasitic in this big universe like a parasite, and it will be cleaned up at any time, and it feels very unreliable.”

Qin Tiange sighed and said that he could not help showing a bitterness in his face, and he felt more and more terrible now.

He looked at the extremely cold galaxy, as if he saw the graceful figure, Snow Girl, who was silently looking up at the starry universe.

“Let’s go. You and I don’t have much time. Be prepared. Maybe the moment of the calamity will come. You must make adequate arrangements. Otherwise, the entire human race will be greatly impacted.”

After Qin Tiange finished speaking, he finally glanced at the extremely cold galaxy, turned around and shredded time and space, and disappeared here with Li Luo.

He didn’t stay. Now that Mu Xue has forgotten and doesn’t remember himself, there is no reason to stay.

And he has more important things to do, that is, to prepare for the so-called calamity that may come.

This is the power of self-cleaning from the universe. Rumors are unstoppable.

In this regard, Qin Tiange has a way to look at it. Try it. Is this really impossible to resist?

And now that Luoluo has reached the limit, he has felt the sort of cleanup. If you don’t want to open the barriers of the times and hide in it, you may have to face this terrible cleanup.

“He is gone” As Qin Tiange disappeared, Mu Xue was shocked, and instinctively felt that Qin Tiange’s breath disappeared without a trace.

She knew that Qin Tiange had left and left the galaxy, for a moment, a little dazed, and her heart was empty.

People who wanted to forget and want to be cut off, but couldn’t forget, finally picked up again, but this was the encounter.

“I will catch up with you.”

For a long time, Mu Xue’s expression was shocked, and the former coldness and indifference were restored. The enthusiastic heart at that moment in dimension had completely returned.

There was only one man in her heart, and this relationship was doomed by ups and downs, and it was not even clear whether it would bear fruit.

But she doesn't regret it. Since she can't forget and keep cutting, then go ahead, maybe this is the best way.

"Xueer, come as soon as possible, my" robber "is coming"

At this moment, a deep voice came from deep inside the Ice Palace, the voice of the Lord of the Ice Palace, with a slight tremor.

She felt the terrible robberies, the sort of cleanup from the big universe, as if threatening the cleanup of the universe.

That feeling is terrifying, as if the next moment will be dead, it is simply frightened, no matter how strong, there is a kind of fear born.

"Aunt Bing, are you leaving?" Mu Xue hurried up, watching the Lord of the Ice Palace exude a strange breath.

As if she didn't exist here, she seemed to break some kind of barrier and disappear into this era.

That is to break the barriers of the times, hide in the ancient times, successfully step out of the promotion path, and become the master of ancient times.

It sounds that breaking through the realm of the world and becoming the master of the ancient times is very majestic, but it is a kind of sadness.

Listening to prestige, but just a more advanced prisoner, a prisoner in the cage of the universe.

"My time is up, Cher, take care of yourself and look forward to seeing you again in the future."

The Lord of the Ice Palace murmured to himself, staring at the deep space of the universe with a sudden horror of surprise, showing the color of fear.

She saw the coming of her calamity, the unknown coming, and even the inexplicable coming, which appeared directly.

"Go!" The lord of the ice palace was horrified, and threw the snow girl out of the ice palace.

boom!

Suddenly, in the mezzanine of time and space, the inexplicable disintegration of the ice palace burst into pieces, turned into countless fragments, and was erased by an invisible force.

The entire ice palace disappeared in this way, the powerful space-time treasure was so inexplicably wiped into powder.

"Freezing time and space!"

With a chic drink, with the endless cold, the space and time were frozen and fell into a temporary weirdness.

I saw that the Lord of the Ice Palace exudes a terrifying atmosphere, a beam of mysterious light rises above his head, tears the barriers of the positive and negative universe, and draws an immortal true spirit, carrying a vast kingdom of God.

“The soul is in the body, the kingdom of God is eternal, and the barriers are broken.”

The Lord of the Ice Palace drank in anger, gathered his strength, penetrated the space and time, and opened up an ancient road to ancient times.

Combining her own power, she broke through the barriers of the era, directly tore the barriers and step into them, entering the ancient times, and avoiding her own calamities.

boom!

As she disappeared and disappeared there, it was completely erased, as if any breath with her was cleared away.

An invisible and intangible terror force claims: robbing, erasing and cleaning up the existence of threats in the universe.

The Lord of the Ice Palace was almost cleared away, but fortunately, he responded quickly enough to break through the barriers of the era, enter the ancient times, and hide inside.

“This is robbery?”

At this point, Qin Tiange and Li Luo, who were far away in another galaxy, stopped abruptly, tearing apart time and space, and seeing this thrilling picture.

The moment when the Lord of the Ice Palace opened the barriers of the times, Qin Tiange captured a breath that he had encountered before, that is, the breath that once wanted to kill him across the barriers of the times.

This is not what he cares about most. Qin Tiange pays attention to the so-called robbery, which is invisible and intangible, but has the ability to wipe out all threats.

“What a terrible power, the Lord of the Ice Palace can’t even block.” Qin Tiange’s face was extremely dignified, and he had a new understanding in his heart.

Li Luo had a pale face, and even a little fear and panic elicited in her heart, as if her own calamity was coming at any time.

Seeing her panic, Qin Tiange comforted: “Don’t panic. The cleanup of this robbery is not unbreakable, and at least it will be able to hide in antiquity.”

Li Luo gradually calmed down, chopped off the inexplicable inner confusion, and looked at the deep space of the universe with a dignified expression.

She cautiously reminded: “Hwang, just a force has intangibly affected me and made me afraid.”

“Oh?” Qin Tiange blinked his eyes, blinking constantly, not sure what he was thinking.

He was silent for a long time before he said, “Let’s go into this galaxy first. I will prepare for you and welcome your calamity. I want to see the so-called big universe cleanup. What is so terrible?”

After that, the two stepped into this vast unknown galaxy and disappeared in a blink of an eye.
