

Dark Ages 95

Chapter 95 - Solicit

Late at night, on the tenth floor of the hotel, more than 300 people gathered for nearly 400 people, and the scene was extremely hot.

Yes, they are at a dinner party, everyone is excited, and they are filled with all the dining tables in the hall, and they are waiting for the food to come up.

“Ki, are we really going to be dead?”

In the corner of the hall, the group of hundred people gathered here, and no one dared to join them. At one table, a young man asked the middle-aged man with a pained face. This brother, Ji Ge, was an underling of Jiuye and was very good at fighting.

Brother Ji Jiu bowed his head, sips drunk, and said nothing, he was not sure what he was thinking.

The young man was anxious, and whispered, “Ge Ge, there is no way to live if we are dead, why don’t we try to escape?”

Snapped!

As soon as the young man’s voice fell, his face was slapped, and the corners of his mouth were bleeding from the fan. The brother raised his head and stared sharply at him, saying, “You want to die, but don’t pull us all. Now the situation is that you die first if you don’t do it.”

“Yeah, I’ll be killed by that person without being dead.” Someone shook his head in distress.

Why are these people willing? What else can they do now? Listening to what Qin Tiange, the current big man said, he seemed to want to kill them all. He had already issued a total killing order, but in the end he left them.

Brother Ji Ji shifted his gaze and looked at a luxurious box, where a large group of people gathered, and it was Qin Tiange who gathered for dinner.

He is very clear that these people can survive because of the first proposal of the woman named Long Xiaoya, that Moda, who led the Sword Shield, will arrest them instead of hacking them.

It’s luck, Ke Ge sighed in his heart, and murmured: “You think I want to die? If it wasn’t for the dragon Xiaoya who talked to the big brother, do you think we can eat here now?”

He said, pick up a piece of meat with chopsticks, this is pork. It’s mutated pork, and even a pot of snake meat and green snake meat on the table, how extravagant.

A big man chewed a piece of pork and mumbled, “Pork, it’s so ***** delicious, it’s better to eat people ...”

boom!

But unfortunately, before he finished speaking, he was grabbed by one hand and pinched his hair fiercely on the ground. It was Ge Ge who shot it with staring eyes and staring at the big man.

“You better shut up and forget what you have done before. Be at ease and be the gangster’s deceased. If you really want to die, I can kill you first!” Jige’s words revealed endless murderous power , Warned.

Aversion to cold, dozens of people around immediately immediately bowed their heads, and did not dare to say anything. Jige stood up and snorted coldly, “Whoever dares to mention those two words, I will kill him first.”

A group of people shivered and kept silent, eating their meat and drinking alcohol one by one, and there were unexplainable depression and bitterness in their hearts. Once they went wrong, it was really difficult to turn back.

Now it’s okay. They have a chance to reform and rehabilitate. As a group of dead men under Qin Tiange, at least they can survive.

A group of dead men gathered here, and there was a group of survivors who were raised in captivity, all with excitement on their faces, eating a lot.

“It’s delicious, it’s delicious.”

“Variable pork, I have never eaten such delicious pork.”

These people, crying and running while eating, are so happy that they shed tears of happiness, so happy.

They have n’t eaten for a long time. Even Jiuye only gave them water. The name is so beautiful, it ’s for them to clean their stomachs and cook.

“Oh my God, this is really snake meat?” A middle-aged man sandwiched a large piece of meat, it was snake meat.

They were shocked and couldn’t believe that a snake had grown so big? They didn’t believe it, but they had to believe it when they saw the huge bodies of green snakes.

It ’s the end of the day. Not only are zombies, but these even more terrible mutants. Look, a domestic pig has become cruel and terrible, let alone other fierce beasts?

Have a dinner, let the survivors have a very happy and satisfied. But some people are worried. They stare at the hundreds of people in the corner from time to time.

“Hello, do you think about it, once we follow these people, will we be slaughtered as food in the future?” Someone asked this question carefully.

Most people are silent. The women are holding their children and they are silent. They have no right to speak or dare not speak out.

For men, relatively speaking, a part of them are silent, and a small number of them say nothing but stop talking. After all, they don’t say it, and they don’t fear that it is false.

“Shall we stay in this hotel?”

Someone made this suggestion and immediately won the approval of many people. They did not want to follow Qin Tiange and they left. There were also a group of cannibalistic anti-human elements in the team, which was absolutely dangerous.

A young man whispered, "I agree to stay and we can wait for government rescue. Didn't we hear the broadcast last time that the Guangcheng Military District has started to form fortifications?"

"Shall we just find a car and go directly to the Guangcheng Military Region?"

These people are negotiating here, and it is not clear at all that there are several people nearby who listen carefully with their ears open. These people are girls and are bold and daring.

Their physical fitness is strong, and their hearing is not weak, so they can clearly understand the words of these people, keep in mind the appearance and conversation of these people, and prepare to report to Qin Tiange.

Uh ...

At this time, in the luxurious suite, a group of people gathered at a dining table, talking and laughing.

"Brother Nie, what are you going to do next?"

After three rounds of drinking alcohol, Qin Tiange smiled and asked Nie Teng, who was drunk, a seemingly inadvertent question, but hidden some of his thoughts.

Nie Teng listened and put down the wine glass, and smiled bitterly: "Brother Qin, seriously, I haven't figured out where to go yet. We just escaped from home, and our loved ones are gone."

He was talking about his inner suffering, his relatives were gone, and he took his daughter-in-law to escape from the house. Now he is confused, where to go next.

"It's better!" Qin Tiange listened to him and suddenly proposed: "You follow us first, and decide what to do after you think about it, and it's not too late to leave at that time."

"Thank you Brother Qin!" Nie Teng's face was slightly ecstatic, he stood up directly, raised his glass, and said, "Brother Qin, my brother respects you, thank you for your life-saving help today. If Brother Qin used his strength, he would directly Ordered. "

"Go!" Qin Tiange smiled, touched his glass, and they drank one. Qin Tiange sat down, put down his glass, and Liu Yan on the side immediately picked up the treasured wine in the hotel.

I thought for a while, Qin Tiange laughed and said, "Nie Teng, I have an errand here. I wonder if you would like to help me?"

As soon as Nie Teng listened, he put down his glass and said earnestly: "Where Brother Qin said, the brother and daughter-in-law's lives were saved by Brother Qin Although Brother Qin ordered, he would never quit.

"That's good, I will not be arrogant." Qin Tiange looked serious, he said: "Nie Teng, you also saw, just now the group of people was temporarily formed by me as a dead camp, but lacked a competent management I think you are just right. I wonder if you are interested in bringing this team to my brother? "

“Dead camp?” Nie Teng paused, looking at Qin Tiange with a serious expression on his face, but he did not expect him to bring him that dead camp camp.

“What? Are you not willing, brother?” Qin Tiange looked at him and asked.

“No, no ...” Nie Teng came to his senses, stood up, and said excitedly: “Brother Qin, brother I am naturally very willing, but I don’t know if I can handle this position. If I can’t do it, I can lose Qin Brother’s face. “

“It’s okay!” Qin Tiange smiled on his face, stood up, patted his shoulder and encouraged: “It doesn’t matter, everyone has the first time, isn’t it? Just work hard, everything will be handy when you have experience. I believe Nie Brother, you are a personal talent, and you are a general talent. “

“Thank you brother Qin for cultivation!” Nie Teng was excited and could not understand anything.

Can you not be excited? He was thinking about how to follow Qin Tiange, a group of powerful people. Now he is not only invited by the other party, but even let him directly lead the newly formed dead camp.

“Come and come, happy today, everyone will not get drunk!”

Qi Qin Tiange was happy, Nie Teng was also happy, Liu Ye and others were just as happy, and toasting Nie Teng, the new upstart insider, was to draw closer to each other.

Qin Tiange was excited about a happy dinner. Not only did he set up a camp for dead men, but he also obtained the preliminary approval and allegiance of previous kings. What luck?
