

Dauntless 117

Dauntless God Of War

Chapter 117

Levi looked at Harold to see if the latter had any other instructions.

"There's no need for that. I've already given orders to pass that information to the relevant departments," Harold said as he shook his head.

Right at that moment, the phones of the heads of the Big Four started ringing.

"Sir, this is bad. Wood Corporation has been forced to shut down."

"Something terrible happened, Sir. Scott Group's accounts have been taken away for inspection."

Panicked voices sounded over the phones.

All the heads of the Big Four instantly turned pale.

"It's over. Everything is over!" Declan cried out in agony. He was already furious at what had happened to his son.

Now that another blow had been delivered, Declan could no longer take it and spat out a mouthful of blood. He collapsed to the ground and stopped moving after twitching a few times.

The head of the Scott family, who had heart complications, also fainted.

The other two, too, had similar reactions.

They did not even have the guts to find out what was going on with their own companies.

The people who had been crowding around them witnessed how the Big Four crashed from the top of the mountain to the bottom of the valley. The entire process from glory to gloom only took less than an hour.

Many onlookers gulped in fear.

However, there were also some people who were overjoyed at what had happened. They had been put under pressure by the Big Four for a long time.

Now that those families had fallen, it was their chance to rise to success.

“Remove their membership status and kick them out. Disperse the crowd,” Levi instructed the security team according to Harold's orders.

The security guards who were surrounding Harold instantly broke out in a cold sweat.

If Levi had not arrived just in time, their entire family would have landed in trouble because of Oliver.

When they realized that Levi did not pursue their actions of disrespecting Harold, they were extremely relieved and quickly carried out his orders.

In less than a few minutes, the heads of the Big Four had been carried out of the hotel and flung to the side of the road. Even the younger ones were chased out as well.

The spectators quickly dispersed and left Paradise Hotel when they heard Levi's words.

At that moment, an old man around the age of sixty walked out of the guest room, supported by a beautiful lady.
