

86 Chapter 86

"Second job interview?" 1

"Yup~," Erin nodded. "Mr. Grant was so excited to meet me again, so he told me to return today for the second interview."

"Guess what we did together in his room, Sis?" Erin teased. Of course, truthfully, she did nothing with Henry. She had been painfully rejected by the man, but she wanted to make her sister jealous, it's not like Erin thought Kate would have known the truth.

After all, a plain woman like Kate would never have a chance with a man like Henry. It was her life mission to make Kate's life miserable, and she was enjoying every miserable moment of Kate's life. 1

It was a good payback for all the misery Kate had brought to their lives when Erin was young. This whistleblowing bitch had to suffer for telling the truth about what their father did back then. 1

Kate went silent after that. She felt nothing but hatred for her sister, which was sad because Kate had genuinely cared for Erin since she was little.

She wanted Erin to grow up to be a successful woman and meet the right man that could make her happy.

But life was full of surprises, and this was a bitter surprise she got for reporting their father to the police. 6

"You won't be able to seduce him, Erin. He's not that kind of man."

"Well, too bad, I successfully seduced him and we did it yesterday!" Erin claimed. She knew that Kate wouldn't be able to get the truth from Henry anyway.

She expected Kate to look shocked, saddened, or at least lowered her head as she didn't want Erin to see her tears.

But Kate was indifferent. She just stared at Erin coldly and replied, "Alright."

"Hmm? You're not going to scold me for sleeping with your boss?" Erin asked. "I mean, if I can sleep with him, surely I can also tell him to fire you, right?" 1

"I'd like to see you try. I have more power than him," Kate said matter-of-factly. "Now get out of my way, I have to prepare to go to work." 3

Erin pouted, seeing that Kate wasn't shocked by what she did. She moved aside allowing Kate to pass and enter her apartment. She then tailed Kate from behind.

Erin finally noticed that Kate was wearing an oversized shirt that covered her like a bed sheet up until half of her thigh, giving the illusion that she wasn't wearing any pants.

Obviously, Erin knew that it was a man's shirt, she'd been in the same position before. The owner of that shirt must've been a tall man with wide shoulders, probably muscular as well.

Erin raised her brow and commented, "Wow, Sis, I didn't know that it'd be easy for you to move on from Matt. Look at you, already wearing a man's shirt coming home from what must have been a wild night."

Erin chuckled as Kate continued to ignore her.

"Tell me, who is this unlucky guy? I mean, judging from the size of the shirt, it could be a fat fuck suitable for a documentary about obesity, or an ugly construction worker nearby. Those two would be the only ones willing to fuck you."

Kate stopped her tracks and looked over her

shoulder. She smirked as she stared at Erin, "What if I told you that I had amazing sex with Mr. Henry Grant last night?" 2

"Pfft—Hahaha!" Erin laughed as she thought that was so funny. "Oh come on, Sis, no need to lie. We both know that you are too plain for him. He doesn't want an average spare tire like you. A man like him wants an equally amazing woman like me."

"That's fine if you don't believe it. But don't you think this shirt will fit so well on his body?" Kate asked as she taunted Erin. 3

Erin stared at the shirt Kate was wearing, and she gulped nervously.

That shirt definitely would fit Henry's body so well. It seemed to be just right for his size.

But that kind of white shirt was very common.

'I must've been a bit insecure because I couldn't bag Henry yesterday,' Erin thought to herself.

'But no matter how crazy it is, there is no way that Henry would want to sleep with a woman like Kate. That's just unbelievable.'

Thus, gathering her confidence, she sneered, "Yeah, sure, Sis. You can keep dreaming. I know

that you must've been desperate to find a good man after Matt chose to be with me over you. That's why you're willing to let random men fuck you last night." 2

"Well, that's up to you to believe or not," Kate shrugged. "Anyway, I'm going to get ready for work. If you want to come with me, then you can wait for me, or else, scram."

Kate walked to her bedroom and slammed the door shut.

Erin was stunned by her sister's harsh words. She wasn't this curt to her usually. 3

'Hmm, could it be that I've gotten soft with my threats?' Erin wondered. 'Should I call Mom and tell her that Kate cheated on Matt by fucking a construction worker?'

'Eh, no, Mom will die,' Erin rolled her eyes. 'I need her to stay alive, at least until Matt is obsessed with me, then I can tell her everything and let her get some cute heart attack and die. I don't care about Kate after that happened.' 8

Kate sat in front of the vanity mirror, applying her red lipstick skillfully. She wasn't a fan of red lipstick, especially not in the office. Because the last time she wore it, her coworkers gossiped,

saying that she wanted to seduce Mr. James Grant.

So when she went to the office she wore nude lipstick instead.

But she wore this red lipstick as a reminder to Henry that they were in cahoots and he would be rewarded for helping her. Since the last time they did it, Henry kissed her fervently until her lips turned red.

"I know that you're probably thinking about calling Mom again since I'm not kissing your ass right now, Erin. That has always been your weapon against me, because you know I'm not a heartless bitch like you."

"But worry not. You will be super satisfied with your life. You will be the queen in my office," Kate said. Her lips perked up, giving her that enchanting look that made Henry crazy for her. "I will make sure that you will have everything while I have nothing, just like what you've wanted all this time."

Kate put the lipstick back into her bag and added, "Then I will throw you to the pits of hell, so you will know what kind of hell I've experienced for putting up with your bullshit for

so long." 2

“

*Ohh! Things are cooking up in both
Henry and Kate's side!
Let's see what will happen next~*
