

89 Chapter 89

"So, Mr. Grant, are we going to do the interview in front of your guest?" Erin asked in a seductive tone as she eyed Michael from head to toe and then licked her lips. "He can even join in if he wants. I don't mind, the more the merrier, right?" 1

Erin already had plenty of experience with threesomes, and this man, though not as handsome as Henry, was still quite good-looking, above average at least.

He had that military cut, his body was well-built just like Henry, and his rough facial features reminded her of a battle-hardened soldier. He was her type, and rough men were usually equally rough in bed as well. 1

Meanwhile, Michael felt goosebumps all over his body. He was shuddering when he thought about sleeping with that woman. It was so gross that he couldn't wait to get the fuck out of Henry's office and take a shower to rid himself of her dirty looks. 7

Michael glanced at Henry, who was grinning, and he cursed his best friend in his mind, 'You

goddamn monster! Why would you trap your only best friend in this kind of dangerous mission?!" 5

'I'd prefer to get deployed in a real war again instead of having to handle this woman! Arrrrghhh!' Michael screamed internally, but he was a professional so he kept his stoic expression despite the urge to shout and walk out. Since his boss ordered him to do this, he had to.

Michael stood up and approached Erin whose cheeks reddened when she saw the man smirking at her.

Michael gently took Erin's hand and held it with his coarse one and then kissed it like a gentleman, "My name is Michael Eckermann. I was sent by the parent company to help Henry run Emperor Publishing as a Co-manager until he successfully integrates into the system. I will be watching the interview today." 5

Erin was surprised by his introduction. She didn't expect this man to kiss her hand so brazenly in front of Henry, who was obviously into her as well. She also noticed the interest in this man's eyes. He looked like he couldn't wait to strip Erin naked and touch her all over! She

could feel her pussy getting damp just thinking of these two hot men sharing her. 11

She looked at Henry, who didn't seem mad at Michael's advance toward her.

"He is also my best friend. I told him to join the interview because he is eager to see what you have in store for us, Miss Ross," Henry said.

"Yeah, I don't mind sharing at all," Michael added, allowing Erin's mind to go wild with assumptions based on his words. He leaned forward and whispered in Erin's ear with his gruff voice, "I don't mind interviewing a beauty like you in private either, if you are willing." 1

Erin's body trembled all over when she heard that. Her pussy got even damper at the notion that she'd be shared and thoroughly fucked by these two men, and these men weren't just insignificant people."

They were both very handsome and powerful. 2

Henry was an absurdly handsome hunk with a perfect body and a deep wallet. He could pamper her to the moon and back and still have more than enough money left over to buy her a huge mansion!

Though she didn't know how rich Michael was, to be best friends with Henry, surely he must've come from a rich family as well, right? He was also handsome, with a military-esque figure. She had always dreamed of getting fucked by a hot military man!

'Damn, I never realized how sexy I was. Turns out, I'm just so HOT that it's enough to hook these two! I bet I can seduce even more powerful men, and I will be surrounded and pampered by them!' Erin was excited but tried to conceal it in front of Henry and Michael. 2

She wanted them to make the first move. She knew that most men loved a meek woman who would fall into debauchery after getting fucked!

"W—Well, I don't mind having an interview with both of you," Erin said. "But I'm here for an interview with Mr. Grant, I hope you don't mind if I do it with him first, Mr. Eckermann?"

"Hahah, sure, you can do an interview with her first, Henry," Michael said without hesitation. 'In fact, you can do whatever to her, so I can get the hell out to find a mouthwash. God, why do I have to do this?!' 4

"Sure, it's me who initially offered her the job

anyway, isn't that right, Miss Ross?" Henry walked to his desk and sat on his chair. He rested his hand on the desk and instructed, "You should sit in front of me, Miss Ross. We can continue where we left off yesterday."

"Yes!" Erin intentionally made a small jump each time she took a step towards Henry to get that effect of bouncing breasts, which men usually loved. It was a fail-proof technique that Erin usually used to seduce men.

She stole a glance at Henry, who couldn't help but to stare at her breasts, making her even more excited!

'Heheh, I know from our last time together, Mr. Grant is definitely into my boobs. I know that he was trying his best to fight off the urge to suck on my tits yesterday. That's why I'm using this kind of tight shirt, to accentuate my boobs until he can't resist them,' Erin was proud of her brilliant idea.

Naturally, she knew that men were dogs. They might claim they were in a relationship or married, but once Erin showed how sexy and skillful she was, those men would quickly change their tune and cheat on their wives or girlfriends just to have a night with her. 1

In fact, one could say that it was her hobby to become a homewrecker. She loved seeing those ugly women crying in pain because they got cheated on by their men. 4

It would be a reality check to those ugly wives because they were nothing but ugly hags who thought they could keep their husbands with their sagging tits. 6

'They have to be as good as me if they want to keep their husbands,' Erin thought with pride. 'Unfortunately, I think that's impossible. I'm too sexy, too cute, and just too perfect. I will absolutely crush the competition if I have to fight against those saggy-tited women, hihi~.' 1

Erin's little world popped when she finally sat on the seat facing Henry. She leaned forward and said, 'I am ready for the interview, Mr. Grant. Just tell me what to do, I am sure you won't be disappointed after hiring me.'
