once the door closed I looked to the two sitting in front of me. I could tell the boy wanted to say something but he was respecting the fact he was in front of a Alpha.

“I know there’s a lot to talk about,”

I spoke first I see the father nodding his head. I see he’s about to speak but his boy beat him to it.

“How do we know your not just claiming her to be your mate for the power?”

A sudden growl came from my chest his words angrier my wolf. I felt him pushing forward he was looking to teach this boy a lesson.

“Look here young pup I have waited a long time I even searched for years for my mate, I would not put up a fake claim for power, I have the largest pack not to mention the strongest,”

I all but growled at him. I see him bow his head showing his submission to me.

“I’m sorry Alpha, I just want to protect my sister,”

“Look at me boy,” My voice deeper and raspier this was my wolf pushing his way to the surface.

The boy looks up once he see my eyes are black he looks back down.

“I do not tolerate disrespect, I also do not take the mate bond lightly if I lay a claim then she is my mate,”

Both them bow thier heads.

“Yes Alpha,” They say in unison.

Closing my eyes taking a breath I force my wolf back down pushing him to the back of my mind.

“Now,” I say opening my eyes I look at them two.

“I want to discuss how we are going to explain this all to her, You as her family now her better,”

“She needs to get to know you, See your not gonna hurt her she alittle on edge right now especially with what happen when we stopped for the night on our way here,” Her father spoke up.

“Why! What happen?”

“We stopped for the night she wanted to walk around at the small shopping center across from the hotel, When she was coming back a group of rogues grabbed her, We heard her screams Zach fought them while I held her so she couldn’t see what fully happened,”

I was seething with anger just hearing that rogues had touched her.

“What happen to them?”

“They took off, but we know they followed us here,” He father says which only made me more angry.

“Why was she left alone?”

“I know it’s hard to understand but we let her have space as long as it’s not to far from us were we can keep track of her,”

“I see, now do you happen to know where exactly this rogues are hiding?”

“Yes,” The boys says. “They are camping in the small wooded area across from our house,”

Another rumble leaves me as the thought of those rogues so close to my mates house.

“I will deal with them, but until then she is not to be left alone, I would like for you and your family to move to the pack house,”

“I understand your worry Alpha but that will to much for her right now, we need to first explain all this to her,”

“Alright but we need to do this soon my wolf won’t handle being far from her for long,”

“We understand we just don’t know where to begin, I’m not sure if her wolf will ever surface,” Her father says and the sadness in his voice show how much he cares for his family.

“First let’s start with small steps, Let’s introduce her to some of the kids here that will be attending the same school as her, Let her make some friends first,”

They both agree her brother tells me some of her interest she seems to really like any of her classes. She is a straight A student she makes all the honor rolls she even taking some college courses. Dam my mate was smart.

“Now I need to do some research on your old pack I need to know what we are up against.”

He begins to tell me about his old pack and Alpha. Matt tell me that he was the Beta there as was his father before him. That would explain as to why he has the strength and the boy is just as strong.

He told me that the Alpha was a good leader but he became mean and unfair when his sights sat on Autumn he started to go crazy.

His name was Alpha Darrel His pack is the Red River Pack they were in Chicago.

He went as far as rejecting his own mate just to claim Autumn.

“Alright I will pass this information on to my Beta Keaton he will look into it,”

“Thank you Alpha,” He says you can hear the appreciate in his voice.

“Your welcome, Now let’s go find them I will link some of the teenagers to meet up with us,”

We stand walking out I link Keaton to see where they are.

Alpha Darrel

I sit in my office looking at the photos that my people have managed to take of her. Got she was gorgeous I have been buying my time till I can claim her I

know her birthday is next week she will be eighteen perfect time for me to make her mine.

I have sent a team of scouts to watch her as well as to bring her to me. I want to mark her on her birthday.

I hear a knock on my door.

“Enter,” Is all I say.

The door opens in walks my beta Dan he walks over I can sense his nervousness.

He wasn't as strong as Matt but when he decide to run off with my mate I had to fill the spot.

“I'm sorry to bother Alpha,”

“What is it!” I growled at him.

“The scouts have returned,” With his words I jump up cutting him off.

“Where is she! Bring her to me now!”

He flinches back lowering his head.

“I'm sorry Alpha but they don't have her,”

“WHAT!” I roared

He steps back even more.

“When they went to get her the father and brother interfered,”

“Bring them in here NOW!” I yelled before he could finish what he was saying.

I see two of my men walk in their head down they walk next to Dan.

“Explain your self,”

“We had her she was alone but her father and brother caught us, we had to take off so we wouldn't blow our cover but we did manage to follow them we know where they are at now,”

“Where?”

I see his hesitation his breathing had picked up his heart rate was going higher.

“I’m waiting!”

“Alpha they are at Reins Blackwood Pack,”

“DAM IT!” I yell slamming my fist into my desk.

“Alpha we left three guys there to watch them but sir if Alpha Reins finds us you know we don’t stand a chance not against his pack,”

“We need to get her,” I growled at him.

“Alpha we need a better plan they have already met with Alpha Reins,”

“sh!t!”
