## Chapter 119

Autumn

Waking up to find myself alone in bed I sat up looking around for Reins.

Placing my hand on his side of the bed was cold so he was gone for a while.

Looking to the window I saw it was starting to get dark out I felt my heart pick up a bit. Tonight was the full moon.

Was all that Ryker said true? Would everything happen as he said it would?

Sliding to the side of the bed I groaned just a bit at the sore feeling I had.

God, he definitely gave me a workout.

Standing I went to the bathroom and did my business washing my hands I decided to shower I needed to get dressed and go find Reins.

Plus I don't think everyone would appreciate me walking around smelling of s\*x.

Reaching in turning the shower on and letting the water adjust I stepped in feeling the warm water run down my body.

It relaxed my muscles along with the soreness. I quickly didn't think I didn't need to be in here super long.

Getting out I wrapped a towel around me headed out of the bathroom went to the closet grabbed whatever I found slipped it on.

Walking to the bedroom door and pulling it open I about had a heart attack as Oscar stood in the doorway hand up like he was about to knock.

"Dam Oscar!"

Placing a hand to my chest feeling my heart beat hard against my hand.

Letting out a chuckle.

"Sorry Autumn, I was just coming to get you,"

I c\*\*\*\*d a brow at him.

" For what?" I asked as I stepped out pulling the door closed.

"Alpha asked me to come and escort you out to the back of the house,"

I stopped looking at him why would Reins be out there and why did I need an escort?

"Um, Oscar why do I need someone to take me it's just out back. And why didn't Reins come get me?"

"Well, it's not exactly out back it more kind of off in the woods a bit he was worried you wouldn't find it. And as for him, he is busy giving out orders to others as to what will take place tonight."

"Oh, " Was all I said. What was going to all happen? Was he going to follow what Ryker has suggested we do?

"Don't worry our mate knows what he's doing. Trust him." Gem suddenly spoke causing me a small startle.

"I do trust him Gem. I just don't know what's going on. He didn't talk to me about any of it and left me to wake up alone."

"I know, but he talked to me, "

"To you? What about why didn't I know or hear any of it?"

"You were asleep, he asked me why I was blocking my mate,"

"Blocking? I don't." Then I remembered Lyon. Reins wolf was now just as present as Gem was.

"We had a good talk. He helped ease some of my worries. I spoke a little to Lyon, but I haven't fully opened up and let him bond with me,"

I wasn't paying attention to where I was walking cause I was too busy talking to Gem I missed the first step and about fell down the steps. Oscar was quick to catch me.

"Whoa there, you alright?"

Setting myself. I shook my head.

"Sorry, wasn't watching,"

"You good?" He asked placing a hand on my shoulder.

"Yeah, let's go,"

I started moving down the steps this time watching where I was stepping. Making our way out back Oscar led us across the yard

into the small patch of woods.

"Where are we going?" I asked him as im stepped over a few branches and ducked under a low-hanging vine.

"Not much farther. Just a few more minutes,"

was cleared he let them go hearing them snap back into place.

There was a small tent with some chairs and a little table. I noticed two coolers were sitting by the tent. I heard rustling looking

Groaning a bit I continue to follow him. He pushed some branches out of his way holding them back for me to get through once I

over I saw him kneeling he was doing something on the ground.

up when he saw it was me he stood walking over.

I stood there staring at Reins as he was building a small fire pit. He must have sensed me cause he stopped lifting his head to look

Dipping his head to my neck I felt him breathe in deeply. A shiver ran down my back at his touch. Clearing my throat.

Reaching me he pulled me to him wrapping his arms around me.

"What's all this?" I asked him.

Pulling back he smiled.

"Well seeing as we are not sure what is true and what isn't true to what Ryker told us, I thought we would take precautions this is

where I and I will be staying for the full moon, away from the pack house and it's not easy to find it as you saw yourself it's rather hard hiking in here,"

"Yes, it was," I say to him I glance around at what he did, he did this to protect me from others and make sure no one could find

us, my heart jumped at this.

"You did all this?"

Smiling a me. "Yes, I did I need to make sure you are safe during this full moon, I'm not messing this up again, not letting anyone get a chance to do something,"

I could feel how he blamed himself for what happened but it wasn't his fault we were all tricked and didn't see Ryker's true colors.

"This is so sweet, I love it it's like camping it's romantic, "I tell him leaning up to place a soft quick kiss on his lips.

He turned looking at Oscar.

"You all know the plan,"

"Yes, Alpha,"

"Head out,"

Oscars bows. "Alpha, Luna," He turns going back through the branches letting them go back into place.
