Chapter 95

Autumn

I didn't mean to cut the link so fast but his words kinda hurt. I know he's only wanting me to be safe but all my life everyone treated me as if I would break even at school having the extra help in the classes and even at home. Yes I love my family they did wrong by hiding things from me but I can understand why they chose to do so,

But I'm different now I'm not better than anyone or should be treated differently. I feel like the part that was missing my whole life is finally filled, I don't want to be put higher then anyone I want to be equal to them Reins is a strong person he leads a great pack but I can't be seen weaker then him it could hurt him or the pack and I don't want that.

I want them to see me as a strong leader like Reins, I need to be strong for them.

"We will be you will see, they will all respect you and so will our mate, he's just worried about losing you again,"

Gem words warmed my heart knowing she had my back. I know she was all ready to go crazy on them two but I'm glad we are taking a different approach I don't think I would handle blood on my hands,

"Thanks Gem, I'm happy we finally found each other It's nice having someone in your corner,"

"We are a team now nothing can change that, and I'm happy to be in your corner,"

"Do you think they will find us?"

"Ariel could do a tracing spell, she used one to find me before,"

"I'm sure they will, our mate will be able to track us no matter what his wolf will lead him here,"

"Yes, I'm sure she will be helping now let's focus on keeping an eye on these two if they decide to move we need to let Reins

Turning our attention back to the two people Gem crouched down again as we peeked under the bush...

"Oh my god Gem are they!!"

"Yes they are,"

"Ugh yuck look away I don't want to see that!"

know,"

"Boy it don't take her long does it,"

"Gem!!"

"Alright Alright,,"

We had been so into our conversation we had noticed what the two had been doing. He had her on her knees as he pounded into her from behind. He was getting so hard as she was a moaning mess clawing the ground in front of her.

That was an image I don't want to ever see again.

"Guess as long as we hear then we know they're there,"

"This isn't any better our ears are gonna bleed I'm gonna be permanently traumatized now that was absolutely gross," "Oh don't be so dramatic its not like we don't do those things with our mate,"

Sliding out Gem laid with her back to the bush we couldn't see then but god could we hear them.

"Oh my god Gem that's different he's our mate, that's two people and it's just gross,"

"Gem!"

"Oh let him that way he knows what he will be getting when we get home,"

"Ok ok, But our mates better though,"

"Gem stop, I think im blushing even though im not in human form, and Reins is gonna feel it through the bond,"

"What? He is just thinking about him and Mmmmm,"

"How did I end up and a hornie wolf!"

"I'm not hornie all the time,"

We both laughed at that but she was seriously always ready to jump out mate.

"Right and I fly over the moon at night,"

Laying her head down we just waited for the others trying our best to tune out the sounds of the activities going on behind us.

Reins.

Ariel did the spell as we were following her she made her way through the woods. When suddenly I was hit with a feeling of embarrassment then it turned to want and I do believe lust.

What was Autumn doing? Was she seriously turned on right now? And what or who was making her feel this.

That wolf was always after something she has a s****l appetite that was never fully satisfied.

Just thinking of what I would do to her when we get back was a very pleasant thought.

I'm sure the embarrassment was Autumn she wasn't as open as Gem.

Then I felt it again and I realised who it was coming from. Gem,

Dam Keaton I didn't even hear him come up next to me.

"Nothing just impatient to get to Autumn,"

I punched his arm playfully,"

"What you smiling about?"

"Yeah right, I can see by that smile you were think bad thoughts,"

"Shut up!" I snortted at him.

We were moving at a good pace we can't shifted yet cause we didn't want anyone picking up or scent. "Hey no judgment here,"

"Do you think we are getting closer," "I don't know she didn't say how long she was tracking them but she figured left the pack territory."

"Wouldn't you have felt it if she had left the pack?" "No cause she didn't sevor the connection,"

"I don't smell any thing."

"Autumn where are you?"

I couldn't the snicker that left my mouth.

"Right here,"

"Yeah true, "

He holds his hands up.

My wolf perked up as he wanted put to find his mate,

"I can here this way," I take off running everyone follows me.

"They must be close I can pick up her scent," I told Zach he shut his eyes taking in a deep breath.

Stopping behind Zach as he stopped behind Ariel she was in front, Ever so softly the wind pick up. Her scent hit me full force.

Weaving through the trees jumping down branches her scent was getting stronger I could also pick up another smell and then I

"Reins quick if I can hear you so can they!" Her voice went off in my head

knew why I could feel those emotions through the bond those two idiots were actually stopping to do that.

Hearing a small russling she stepped out but I wasn't expecting her to be in wolf form, she was absolutely beautiful. "This way, they are still in the same spot finally they are taking a break,"

Slowing down I held my hand up signaling for the other to slow down.

"Yes now can we move on," Her voice saying she was over it.

Ariel held her hand over her mouth to muffle her laugh.

We followed Autumn to a spot when covered by bushes.

had a good view of them but they couldn't see you.

says as he looks at the others.

"Is that? Were they really?" Zach asked with a look of disgust on his face.

Sliding back out turn to the others.

"We need to come up with a plan, I don't want either one escaping or getting pass us,".

"Alright but be quiet I don't want them running,"

"You can see if you pay down and peek u der the bush they can't see you," Laying down I slide myself under she was right you

"Well why are busy taking a break, why don't we all spread out and surround them there plenty of us to cover all sides," Oscar

Scooting closer to her inreached out running my hand through the fur. She wasn't looking at me but as soon as I touched her she

Everyone started to fan out Autumn stayed with me which I was happy she did I thought after the way she sounded through the link earlier she go with them.

"Link once you are all in place," Keaton whispers.

turned her head looking at me with those crystal clear eyes. "I'm sorry love I don't mean anything by what I said,"

She leaned forward licking my face I couldn't help but laugh at her silliness.

"I know and I'm sorry I left without telling you but I needed to do this," "I know I understand,"

"Alpha we are all in place," Keaton linked me.

of surprise on their faces.

"Good wait for my signal Im going in first if they try to run you all move in,"

Rubbing her head against me I knew she wasn't mad at me anymore.

"Yes we shall," She growled lowly as she stood up walking front of me we rounded the bush those two didn't move as we approach passed out from all the extra activities.

We reached them with in seconds Gem letting out a growl woke them. Jumping up with a startle grabbing clothes as they did look

"Yes Alpha," they all said in sync. "Shall we?" I asked her
