

Dear Chief 101

Chapter 101: A Powerful Dog Was Slandering Her for Cheating and Plagiarizing

Indeed, a dog with power was powerful.

This change in attitude was faster than flipping pages of a book.

Just now, those classmates who were passionately calling her “our top student Qiqi” and trying their best to curry favor with her were now avoiding her like snakes.

Their eyes were filled with suspicion and disdain.

Their words were filled with the most vicious and mocking tone.

Gu Qiqi looked at these people coldly. They really perfectly demonstrated what was meant by “stepping on someone when they were down”!

She didn’t take these people’s curses to heart.

She looked at that notice.

It was just released at night.

It was signed off by the college entrance exam results review team.

The results of the college entrance examinations were out long ago. Back then, they didn’t accuse her of cheating.

Why did it happen now?

What was the Results Review Team?

Could it be that... Gu Meifeng and the rest knew that she had changed her application form and became desperate? Could it be that they secretly found someone and used this killer move to prevent her from getting into any university?

That’s right. Those with low scores could also attend specialized courses.

If she cheated and plagiarized, no school would take her in.

She had really underestimated Gu Meifeng’s ability!

She actually managed to turn her into a plagiarist!

Gu Qiqi clenched her fists.

Her English results were perfect. She was the only perfect score in the entire province.

Who was she going to copy from?

In the corner.

Gu Xuexue’s wasted face was filled with alcohol and dirty vomit.

Yao Dazhuang relied on his father's connections to get into a specialized school. He was very happy and let go of her for a while. Finally, she was able to catch her breath for a while.

When she heard that she had been admitted to the forensic profession, she was delighted.

Although forensic science wasn't the best profession at Imperial Medical University, at least she attended the best medical university.

She had another asset to inherit the Gu family!

Then, she heard everyone cursing at Gu Qiqi and saying that Gu Qiqi had cheated so her college entrance exam results were invalid. She couldn't even get into a university.

She was simply overjoyed!

Her alcohol-soaked face shone with a strange red light as she muttered, "Gu Qiqi, so what if you're a top student and a top scholar? Just now, you tried to be brave and showed off. So what if you won the bet with alcohol? In the end, you were still ruthlessly stepped on by me!"

She twisted her high heels and stepped on the alcohol stains on the floor smugly.

She imagined the ground to be Gu Qiqi's face. She couldn't wait to use her heel—which was as sharp as an awl—

Crush!

But when she looked at Gu Qiqi with the eyes of a victor...

She was greatly disappointed.

Gu Qiqi remained calm and collected as she continued to sit on the sofa.

His expression remained unchanged.

She still looked so imposing and breathtakingly beautiful.

It was as if those accusations couldn't hurt her at all.

Gu Xuexue gnashed her teeth fiercely.

On what basis?

How could a nerd who couldn't even attend university not go crazy, lose her bearings, cry loudly, and shed tears?

Her lips were swollen and jealousy and hatred surged in her heart.

She suddenly remembered her original plan for tonight.

That's right. She was the one who organized this class gathering tonight and forced the class monitor to invite Gu Qiqi over to participate. Wasn't it to teach Gu Qiqi an unforgettable lesson?

Wine gambling was just a small appetizer.

An even more exciting show was about to happen.

Gu Xuexue licked the dirt on her lips. Suddenly, she felt that Yao Dazhuang's saliva wasn't that disgusting anymore. Even eating it made her a little excited.

She gently pulled on the arm of Yao Dazhuang—who was reveling in the admission notice—and said in a coquettish voice, “Brother Zhuang, congratulations on getting your name on the list!”

Chapter 102: The Little White Lotus's True Scheme!

Yao Dazhuang suspected that she was a virgin.

Gu Xuexue smiled shyly. “Oh, how hateful! That was my first kiss with your wine bottle just now...”

As she spoke, she secretly pointed in the direction where Gu Qiqi was and said in a low and ambiguous voice, “She's still a virgin... Brother Zhuang, do you want to try breaking through the status of a top scholar? What would that feel like?”

“Imagine that it's your wedding night and your names are written in gold. Which man wouldn't want to try it?”

The vulgar Yao Dazhuang licked his saliva and rubbed his hands.

It was also hard for him to say these slightly uncultured words in his life.

Gu Xuexue covered her mouth and laughed. “Brother Zhuang, I've prepared the ‘bridal room’ for you. Go to the private room next door... Like this...”

Gu Xuexue whispered into his ear.

Yao Dazhuang pinched her face. “You're on the right track!”

The anger in his body was strong. Yao Dazhuang called a few male students to support him. The group of people staggered out and went to the private room next door. They tugged at their pants and waited.

Gu Xuexue threw Zhu Fen a look. “Hurry up and lure the nerd over.”

Zhu Fen was a little afraid and didn't dare to move.

Gu Xuexue glared at her with an unpleasant expression. “Are you stupid? There's such a good opportunity today. If you don't mess with that bookworm until she can't get up, she'll take the opportunity to come back in the future. Will you have a good time then?”

“I...”

“Have you forgotten that your father is still in jail? If it weren't for the fact that the nerd was cunning and refused to take the blame, would your father be in jail?”

“Xue Xue...”

“Think carefully. If you don't crush her to death today, she will flaunt her prowess in the future, and you will only be the prisoner's daughter! Have you forgotten the slap she gave you? You didn't return the slap today because you wanted to keep it for the new year?”

That's right. Gu Qiqi was too dazzling.

Especially during this period of time, she had been trampled on so much that she couldn't even raise her head.

In the past, it was common for her to bully Gu Qiqi. But now, she saw that Gu Qiqi was as timid as a mouse.

She really wanted to start over again and bully Gu Qiqi enough!

She wanted to step on Gu Qiqi until she couldn't get up!

Cruelness triumphed over cowardice.

Zhu Fen stopped hesitating. Eyes shining, she said, "Okay, I'll go! But, why would she believe me?"

Gu Xuexue rolled her eyes. "Stupid. Do you need me to teach you this? Of course..."

A minute later.

Zhu Fen carefully approached the sofa where Gu Qiqi was sitting.

"Qiqi, I forgot to tell you something..."

Gu Qiqi was thinking about where the news of slandering her for cheating in the college entrance examination came from. Upon hearing this, she looked up lightly. "What is it?"

"I checked the hospital video that you were looking for previously."

"Yes. So?"

Upon hearing that Gu Qiqi was interested, Zhu Fen licked her lips and said excitedly, "I found another segment. I don't know if it's what you wanted..."

Gu Qiqi's gaze was deep as she stared at Zhu Fen. "What I want?"

That sharpness nearly made Zhu Fen give up.

Zhu Fen avoided eye contact and nodded vigorously. "That's right. After you took away that videotape the last time, didn't you ask if there was anything else? I've been keeping an eye out for you... But there are many people here and everyone's talking. Why don't we talk outside?"

After speaking, she carefully observed Gu Qiqi's expression.

When she realized that there was no obvious change in Gu Qiqi's expression and that she was getting up leisurely to walk out of the private room with her, she secretly breathed a sigh of relief.

Whoosh—

It turned out that Xue Xue was right. A bookworm was a bookworm.

Her IQ wouldn't rise just because she occasionally became lucky and vicious.

Wasn't she so stupid that she managed to fool her in an instant?

Zhu Fen excitedly led Gu Qiqi out of the private room.

She didn't notice that a trace of coldness—that resembled a sharp blade—flashed across Gu Qiqi's palm!

Chapter 103: Luring Gu Qiqi Into The Room Next Door

Zhu Fen led Gu Qiqi to the corridor.

She pretended to be very intimate and even casually took two glasses of wine and handed one to Gu Qiqi.

She took the initiative to clink glasses with Gu Qiqi. "Qiqi, what's the use of looking for that videotape?"

What was the use?

Wasn't it all because she wanted to find out the b*stard man who bullied her at the operating table that night?

But of course, she couldn't tell Zhu Fen her motive.

Gu Qiqi said lightly, "Finding a patient."

"Oh." Zhu Fen agreed absent-mindedly, but her gaze swept across Gu Qiqi's wine glass.

She used the "that type of medicine" that Gu Xuexue gave her and spread it around the wine glass.

As long as Gu Qiqi took a small sip, her insides would definitely burn.

In a while, this bookworm would cry and beg Yao Dazhuang and the rest to attack her ruthlessly.

When the time came, it would be quite exciting to record the entire process using the camera in the room.

Tsk, Xue Xue is really a genius!

What a great plan.

Just thinking about how she could execute this plan personally made her a little excited.

But...

Why was this bookworm not drinking alcohol for so long?

"Qiqi, can't you hold your liquor well? Why aren't you drinking? Are you looking down on me?" Zhu Fen was a little anxious and couldn't hold her anger back.

She watched as Gu Qiqi's slender fingers slowly rubbed against the crystal glass.

But she had no intention of putting the alcohol into her mouth.

Zhu Fen said anxiously, "Qiqi, come, I'll toast you. After we're done, I'll get you the videotape. If you want to find any more videotapes in the future, I guarantee that I can find them."

"Yes."

Gu Qiqi smiled lightly.

This time, she actually raised his glass and drained it in one gulp!

Zhu Fen was overjoyed.

The excitement in her eyes couldn't be concealed. She stretched out her hand and wanted to pull Gu Qiqi along. "Let's go. I'll hand the videotape to you now."

As she spoke, she walked towards the private room.

However, it wasn't the private room for their class reunion.

It was the private room next door!

The high-end private room for the Jasper Flower Feast Bar looked similar from the outside.

It was equally dazzling and luxurious.

However...

As soon as she entered the room, Zhu Fen staggered.

Her arm hurt badly and was twisted up by Gu Qiqi.

"Qiqi, what are you doing?" She cried out in fear. The fear she had for Gu Qiqi surged once more in her heart.

"Zhu Fen, I said that you're pig dung. You're really worthy of this pig dung name. Your IQ isn't good enough. Do you think that others are like you?" Gu Qiqi laughed sarcastically. "There are two different private rooms. On what basis do you think that I'm blind and can't tell the difference?"

"Qiqi... This is a misunderstanding... Let go of me first. My hand is going to break..." Zhu Fen begged with a sobbing tone.

Gu Qiqi was unmoved. She laughed coldly and said, "Also, you clearly said last time that the video had already been packed away by the laboratory people. Where did you create a video for me now, huh?"

Zhu Fen was embarrassed.

Her face burned.

It was the anxiety of lying.

However, her arm hurt even more from Gu Qiqi's pinch!

Her heart turned cold. Only then did she realize that Gu Qiqi had long seen through her and Gu Xuexue's schemes.

She had cooperated with her and walked over step by step just now but she might be laughing at her ignorance in her heart.

She was done for.

Gu Qiqi was vicious and couldn't be provoked.

How could she have forgotten?

Why was she tricked by Gu Xuexue and wanted to bully and provoke Gu Qiqi again?

Despair filled her heart.

Suddenly, she remembered that Gu Xuexue said that Yao Dazhuang had brought a few boys to the private room next door.

Something was wrong!

Why was this private room so quiet?

Was it too dark? Were those boys drunk and hiding behind the sofa?

Zhu Fen quickly gathered her courage and shouted, "Yao Dazhuang, hurry up and deflower Gu Qiqi!"

Forget it. As long as Gu Qiqi could be gang-raped by the boys...

Zhu Fen would be able to escape.

No matter how vicious and ruthless Gu Qiqi was, could she still struggle against a few strong male students?

The disparity in strength between men and women wasn't a joke.

Chapter 104: The Ending Of A Dog!

However...

Zhu Fen's screams reverberated in the quiet private room.

But there was no response for a long time.

"Where... is he?" she asked in a trembling voice.

Where were those strong male students?

Something was wrong.

There was no one in this room at all!

In a flash.

Zhu Fen finally felt complete terror.

At the same time, her mind was in a mess. She felt dizzy and her body started to heat up suspiciously.

"Yes..."

She couldn't help but moan.

Hot!

It was as if ten thousand ants were biting her heart.

"Qiqi, I was wrong... Please let me off. It's all Xuexue's rotten idea. I just..."

“You’re just a lackey, right?”

Gu Qiqi looked at Zhu Fen coldly without the slightest sympathy.

Some people had clearly done all kinds of evil deeds, but they could always find excuses for themselves.

I was coerced.

I was fooled.

I’m innocent...

Disgusting!

Finding excuses for her own greed and cruelty was more selfish than being a completely bad person.

What was detestable was that such a person would lower your vigilance and bite you fatally when you weren’t paying attention!

Dog!

Gu Qiqi would never pity Gu Xuexue’s dog.

“Since you’ve so carefully designed a trap for me to fall into, it would be a waste not to use it,” Gu Qiqi said lightly.

Her words were calm, but each word struck fear into Zhu Fen’s heart.

“Use... how?”

She and Gu Xuexue were going to break Gu Qiqi’s body... Could it be that...

“Ah—!”

Before Zhu Fen could say a word, Gu Qiqi casually picked up a smelly rag from the bar counter and stuffed it into her mouth.

She pulled open the door, twisted Zhu Fen’s arm, and pushed her into the private room opposite!

That’s right. These private rooms looked very similar.

Thus, when Gu Qiqi clinked glasses with Zhu Fen just now, she deliberately changed her direction without a trace. As Zhu Fen was too nervous and was too focused on Gu Qiqi’s glass, she didn’t notice the change in their positions at all.

That room just now was only an empty room.

At this moment, the room that Gu Qiqi was pushing her into was Yao Dazhuang’s room!

Gu Qiqi stuffed Zhu Fen’s mouth with a smelly cloth and wrapped a napkin around her head. Then, she pushed her into the dark private room.

She casually locked the door!

Dog, enjoy the medicinal energy in that glass of wine!

Please don't use medicine the next time you plot against me.

I had been a chief surgeon for ten years and taken care of countless patients, do you think that I wouldn't be able to detect the medicine?

It was simply a joke!

After a while, a suppressed moan could be heard from the locked door.

Then, it turned into piercing screams and a rhythmic struggle.

She didn't know how many male students were inside.

Zhu Fen, enjoy yourself.

Gu Qiqi dusted off her fingers.

It wasn't difficult to deal with Zhu Fen. She didn't even use scalpels.

But she twisted Zhu Fen's arm just now and dirtied her hand.

She strode towards the washroom.

The music was deafening in the corridor of the VIP floor of the bar, but there was no one in the washroom.

It was probably because there was a specialized washroom in every private room. Guests wouldn't come out alone to use it.

Gu Qiqi washed her hands.

She was about to leave and look for Xiao Ning outside.

The Dirty Turtle cried out. "Master, be careful behind you!"

A trace of coldness quietly came from behind her. The person had a strong smell of alcohol and directly pressed against her neck.

Gu Qiqi looked up calmly.

The mirror at the sink reflected Yao Dazhuang's fierce-looking face that reeked of alcohol.

"Hehehe... Gu Qiqi, I knew that you, this little b*tch, are the most cunning. Gu Xuexue even said that she would send you into the bridal room for me to play with as I please. That stupid b*tch of hers wasn't able to do anything at all. I even had to do it myself! How about it? Do you like to play in the room or the bathroom, little b*tch?"

In Yao Dazhuang's hand was the fruit knife in the room.

It was quite sharp.

The blade was pressed against Gu Qiqi's slender and fair neck.

It seemed that in the very next second, it would pierce through her jade-like skin and light blue blood vessels!

Chapter 105: She Made The Plot Change!

The blade was pressed against her neck.

The stench came from the back of her neck!

Gu Qiqi looked at Yao Dazhuang's fierce face and drunken ugliness in the mirror calmly.

Instead of being nervous, she laughed lightly. "At least you have some anti-detection abilities. You know how to wait here."

Yao Dazhuang was bubbling with pride. "Of course! Your Brother Yao isn't bragging in society! I'm waiting here for you, adorable bunny..."

Don't mention that disgusting feeling!

Gu Qiqi's expression didn't change and her tone was calm. "Aren't you afraid of going to jail? Don't forget that this is a high-end bar. There are cameras everywhere."

"Pfft! Your Brother Yao isn't stupid. Did you see that? I smashed the cameras on this floor. Nothing can be captured. Hahaha!" Yao Dazhuang became even more pleased.

Having seen the world with his rich father, he felt that he was invincible.

Just as Gu Qiqi said, her anti-reconnaissance ability was top-notch!

Gu Qiqi curved her lips and reminded him as if she was chatting. "Don't forget that there are waiter and security guards outside!"

"Tsk! Do you think that I didn't consider this? That d*mned waiter and security guard rolled far away obediently after I stuffed a handful of money into their mouths. Little bunny, little b*tch, even if you scream your throat dry, no one will definitely hear you!"

The more Yao Dazhuang spoke, the more he felt that he was domineering.

He completely controlled a female student like her who had no social experience.

The fierce-looking expression on his smug face trembled. "No, your Brother Yao has an even more powerful ability. Do you want to try it? Little Rabbit, Little Bitch, you smell too good. Brother Yao can't hold it in anymore. I think here is fine—"

Before he could finish speaking...

Yao Dazhuang, who was staring at the mirror, suddenly let out a tragic cry.

"Ah!"

Then, his hands swiftly withdrew from Gu Qiqi's neck and covered his lower body abruptly.

Gu Qiqi turned around lightly.

The blade in Yao Dazhuang's hand was pressed against his neck!

"Oh, that was too ruthless! Spare my life!"

Yao Dazhuang howled like a pig being slaughtered.

He bent down. The excruciating pain from below made him hunch over like a shrimp.

Damn it! Gu Qiqi actually took advantage of his smugness just now to cut him with some broken blade!

Perhaps that blade was too small. Otherwise, this woman would definitely be more ruthless!

Indeed.

Gu Qiqi sighed regretfully. "The blade was too small. It made such a small wound. I'm really sorry!"

This apology.

This was probably the most terrifying apology Yao Dazhuang had heard in his life.

It was simply terrifying!

"Gu Qiqi, aren't you afraid of going to jail for provoking me?"

"I'm not even afraid of death. Why would I be afraid of this?" Gu Qiqi smiled lightly. "Besides... what evidence do you have that I cut you? Don't forget that you've already broken all the cameras."

Gu Qiqi's gaze swept across the broken spots on the ceiling above the washroom door.

Yao Dazhuang gnashed his teeth. "There are still people outside. You won't be able to escape even if things escalate!"

"Really? Could it be that you didn't give them enough money just now and they didn't get far?" Gu Qiqi laughed sarcastically.

Yao Dazhuang was speechless.

D*mn it!

Why did he feel that Gu Qiqi's words were the same as the ones he used to scare her just now?!

She was simply returning it all to him.

Yao Dazhuang suddenly shivered.

Gu Qiqi wasn't trying to scare her.

This was real.

He had shot himself in the foot!

Without the cameras as evidence and without the security staff as witnesses, his balls had been crushed for nothing!

Cold sweat formed on his forehead!

"Master Qi, please let me off. I'm a b*stard! I deserve to die! I shouldn't have been tricked by that b*tch Gu Xuexue..."

Heh heh.

Another coward who pushed the blame onto others when something happened.

Gu Qiqi laughed coldly and disregarded the fruit knife in Yao Dazhuang's hand. She kicked Yao Dazhuang's knee.

Chapter 106: Whose Phone Did She Call At This Critical Moment?

Translator: Atlas Studios **Editor:** Atlas Studios

Plop!"

His fat body was immediately kicked to the ground.

There was blood on one hand.

It was too dirty.

Gu Qiqi frowned. She didn't have any disinfectant tissues on her anymore. She turned on the tap and washed her hands vigorously...

Behind her, Yao Dazhuang, who was covering his lower abdomen and lying on the ground, revealed a sinister hatred in his eyes.

"You dare to scheme against your Brother Yao... I'll skin you alive one day..."

He mumbled incoherently. His hands trembled as he dug out a thin syringe from his pocket.

While Gu Qiqi was washing her hands.

"Whoosh—"

With a sound.

Fine needles flew out from the syringe and entered Gu Qiqi's ankle!

1

Hiss!

Gu Qiqi felt as if she had been stung by a mosquito. Her feet trembled and she immediately realized that something was wrong.

She turned around and glared at Yao Dazhuang. "Do you want to die?"

Yao Dazhuang observed her expression and saw that her face was flushed red. He calmed down and pulled her up. "I can't bear to die before I play with you, bunny! You ruined my d*ck. When I'm tired of playing with your body, I'll cut off your breasts too. Hmph, let's see who's worse..."

He wanted to cut off her breasts?

Dream on!

A cold glint flashed across Gu Qiqi's palm as she pressed the blade on the top of his head. "You talk too much!"

With a backhand swipe!

Yao Dazhuang's heart skipped a beat.

Damn it! He had never seen such a ruthless woman!

He was so frightened that he covered his head and hid.

Gu Qiqi's scalpel brushed past his thick lips and blood spurted out instantly.

It looked like he was vomiting blood.

Yao Dazhuang saw his miserable state from the mirror and was so frightened that he couldn't speak properly. "You, you... I'll get my father to lock you in a jail cell like a prostitute..."

Gu Qiqi's eyes were cold. She didn't say a word.

She raised the scalpel again...

If she could save people, she could kill people!

No one knew better than her which artery to stab than her.

However...

A strong dizziness swept across her mind.

Even the little dirty turtle's voice couldn't be heard clearly. "Master, run! He gave you an anesthetic needle just now..."

Gu Qiqi sheathed her saber and staggered as she ran outside.

No wonder she didn't stab that b*stard's eyes and poke his smelly mouth blind just now. It turned out that her nerves had been anesthetized and she couldn't aim accurately.

Behind him, Yao Dazhuang—whose face was stained with blood—finally laughed wildly as if he had gotten his way. "Hahaha, what did I say just now? You just didn't want to listen? Let me tell you the truth—in our Qing Cheng High School, there's no woman who can escape my grasp... Back then, I didn't fancy you but now that I've taken a fancy to you, you refuse to give me face! Then, don't blame me for being ruthless. Later, all the male students in the class..."

Yao Dazhuang smiled wickedly as he crawled forward on the ground.

Anyway, Gu Qiqi had already been struck by the anesthetic needles. She would faint on the floor after taking two steps.

When the time came, wouldn't he be able to do whatever he wanted?

The more Yao Dazhuang thought about how Gu Qiqi had arrogantly dealt with him just now, the more unhappy he became.

When he crawled to the door, he picked up a steel wire broom by the door.

“Little b*tch, do you think that just because you stabbed me, I can’t do anything to you? I’ll sue you! In a while, I’ll use this steel wire broom to break you! I will kill you!”

Yao Dazhuang’s evil laughter rang indistinctly behind him.

Gu Qiqi’s footsteps became heavier.

Her eyelids grew heavier.

She ran out of the bathroom door.

But there was no one outside the door!

The security guard and the waiter had really been bribed by Yao Dazhuang. There wasn’t even a trace of them.

All the doors to the private rooms were tightly shut. The customers were all crazy and didn’t care about what was happening outside at all.

Furthermore, the deafening music was enough to swallow any cries for help.

Gu Qiqi’s consciousness became more and more scattered.

She grabbed her phone weakly and dialed a number...

Plop!

Her petite body finally lost control and fell to the ground.

Chapter 107: Like A God Looking Down at an Ant

Gu Qiqi tried her best to widen her eyes.

In her field of vision, it was a blur.

That feeling of losing control was very, very bad.

However, her willpower was still depleting bit by bit.

Her phone fell to the ground and beeped.

Although she was brave, ruthless, and had the foresight to strike first to gain the upper hand, her body was still too weak in the end.

At the last second before she closed her eyes,

Gu Qiqi only saw a pair of black leather boots stop in front of her.

She could vaguely hear the man’s cold and arrogant voice above her head.

“Stupid woman. You were so smug when you had the ability to administer anesthesia for me. How did you end up being anesthetized without even knowing it? Tell me, are you stupid?”

Gu Qiqi tried her best to use the last bit of her consciousness. Puzzled, she thought, Nonsense. When did she administer anesthesia on others randomly?

In the washroom, when Yao Dazhuang heard the sound of Gu Qiqi's body falling to the ground, he couldn't be any more excited.

Although blood was still flowing from the corner of his mouth, it couldn't stop his evil thoughts of immediately bullying Gu Qiqi.

Go away!

That woman was so beautiful when she was angry.

Her small mouth was red.

Her face was as fair as snow.

Her small waist was slender.

How beautiful!

How exciting!

Tsk. Tsk. He couldn't bear to use a steel wire broom to stab her.

Yao Dazhuang was unable to contain his joy. He used all his strength to climb out of the door sill.

Eh?

Where was she?

He raised his voice and said, "Little b*tch! I know you can't run far! You better lie down obediently and wait for me—"

Yao Dazhuang's voice was abruptly interrupted.

Then, screams filled the entire corridor and nearly broke the ceiling.

"Roar—Roar—Roar!"

His hand was ruthlessly stepped on by a black leather boot.

His knuckles cracked.

His chin trembled and he looked up in fear.

He saw a strong man hugging Gu Qiqi's soft little body. Like a god looking down at an ant, he was looking down at him.

Their eyes met.

Yao Dazhuang shivered from the coldness in that man's eyes!

"Who... Who are you?" He tried to withdraw his hand.

In the end, the man snorted coldly and ignored him completely. He casually squashed him with his leather boots.

His pig-like screams resounded in the corridor once more.

Yao Dazhuang's hand was crushed forcefully.

"You're not fit enough to know who I am."

Gong Jue said coolly.

His gaze landed on the bloodstains on Gu Qiqi's palms that had not been washed clean.

His handsome eyebrows frowned slightly as his anger surged.

His thin lips said coldly, "Special Assistant Lu."

"Here!"

"Ask him clearly which dirty hand he used to touch my woman. You know what to do."

"Yes!" Special Assistant Lu stepped forward and hesitated for a second. "His hand is already crippled."

It would be strange if he wasn't crippled after being stepped on by Gong Jue.

"Then, cripple an entire arm."

"Yes! What if he touched both hands?"

"Nonsense! Then, cripple both of them!"

"Yes!"

With a cold expression, Special Assistant Lu carried out his mission.

His steel-like arm dragged Yao Dazhuang into the female washroom without a camera.

Yao Dazhuang was so frightened that he was about to be scared to death. "Who are you? My family has money. My father is Yao... You will die a horrible death like this... Ah... wu..."

The sound of dislocation could be heard continuously from the female washroom.

Special Assistant Lu swiftly completed his task.

He said in disdain, "Moron, it's fine if you didn't say anything about your father. But since you did, you'll die faster."

The steel wire broom poked his buttocks!

Yao Dazhuang fainted from the pain.

Chapter 108: Piercing Gong Jue's Eyes

Outside the washroom.

Gong Jue stared at Gu Qiqi's pale little face. A strange fluctuation arose in his heart for no reason.

What would happen to her if he didn't return tonight?

If Bai Lang didn't send him two consecutive photos and agitate him, rushing back from the Imperial Capital thousands of miles away overnight to take care of this disobedient little thing, would she be bullied badly by her male classmates?

Stupid women only knew how to cause trouble. Furthermore, they loved to go to troubled places.

She deserved a beating!

An unnoticeable crack appeared on his cold face.

Hugging her, he picked up his phone from the floor and was about to leave.

He turned around and saw a series of calls for help that she had made on her phone.

Little Master Xiao Ning...

These four words pierced Gong Jue's eyes!

The warmth that had just melted froze like ice.

Damn it! This stupid woman was in danger, but the first thing she thought of was another gigolo?!

The arm that was hugging Gu Qiqi couldn't help but tighten a little as veins appeared on it.

That's true.

This was the truth. As a young high school student, she would naturally like a gigolo as childish as her.

In her eyes, he was probably an uncle—someone on the level of a father.

Although he wasn't much older than her!

But he had experienced a bloodbath before. At this moment, he was in control of the Gong Clan's authority. He was at a height that even her father's generation couldn't see!

Their seats were very far away.

"Master Jue, are you going to send Young Lady Qiqi to the hospital?"

"There's no need." Gong Jue's voice turned slightly cold. "Get Bai Lang over here!"

In the private room.

The students checked the college entrance examination admission results and were all extremely high.

The activities in the small private room were really boring. Everyone was drunk. They supported each other and went to the hall to dance.

Gu Xuexue leaned against the sofa alone and held her phone as she waited for news from Zhu Fen.

"Why hasn't this stupid pig come back to report yet? It's fine to publish a few photos of Gu Qiqi being gang-raped by them first. He really doesn't know how to handle things! Why did I find such a dog back then?" As she cursed, she dialed a number.

But Zhu Fen refused to answer.

The waiter covered his nose and handed her the bill. "Miss Gu, please foot the bill! I'll give you a discount. It's nine hundred thousand dollars."

Gu Xuexue frowned and raised her voice arrogantly. "Are you blind? Who said that I would foot the bill?!"

The waiter said in a businesslike manner, "You booked the private room. Also, everyone's gone now. You're the only one left."

This indecent girl had drunk so much and vomited all over her body. Could it be that she was trying to renege on her debt?

There was a trace of disdain in the waiter's eyes.

Gu Xuexue was furious. "Who said that? I'll find someone to foot the bill for you now!"

Hmph! She didn't care about this terrible debt.

If Yao Dazhuang wasn't willing to pay, then she would wait until Gu Qiqi was done being toyed with by them before throwing Gu Qiqi's broken body here to pay!

Can't afford it?

Heh heh, it's fine.

Then, she would let the boss of the Jasper Flower Feast sell Gu Qiqi as a prostitute and return the favor slowly.

She stood up and walked towards the private room next door. "Wait for me. The person who is going to foot the bill is next door!"

In the private room next door,

the locked door was opened by the waiter.

Gu Xuexue frowned. She immediately saw an unbearable scene in the dark private room.

The waiter was stunned.

Gu Xuexue couldn't help but laugh.

Heh heh, Gu Qiqi must be done being played with, right?

Bottles of alcohol on the floor were crooked and piles of toilet paper were stained with unknown stains and blood.

She saw a pair of girl's legs sticking out from among a group of drunk boys like dead fish.

The bruises were all over the place.

Gu Xuexue couldn't contain her joy. She felt carefree as if she had gotten her revenge.

"Enough, enough. Let her live. She still has to foot the bill!"

Chapter 109: Tricked Gu Xuexue's Money

How could Gu Xuexue be that kind?

Would she help Gu Qiqi escape from this predicament?

She just so happened to hear a series of footsteps in the corridor.

The students who had gone to dance had returned and were walking towards the private room.

Her exaggerated cry of "Enough! Let her live!" immediately attracted the attention of the students.

"Xuexue? That's Xuexue's voice, right?"

"What happened to Xuexue? Is she okay?"

"Let's go and take a look!"

As everyone's curious footsteps approached, Gu Xuexue's lips curved up smugly.

Everything went according to her plan.

There was even an additional live broadcast!

This time, the entire class will be able to see the tragic look of that bookworm. She believed that such a magnificent scene would definitely be unforgettable for everyone for life.

Gu Xuexue waited for everyone to walk over before she stepped forward and stopped those male students hypocritically.

She pulled "Gu Qiqi" out from under the crowd.

"Gu Qiqi" had disheveled hair and her clothes were long gone. Her dry voice could only emit hoarse whimpers.

Green, purple, so shocking!

"Gosh, how can it be so terrifying?!"

"Aiyah, it's too unbearable to watch!"

"What happened to those boys? Why would they do such a disgusting thing? They're her classmates!"

"Did Qiqi do this willingly? Or did she offend them?"

"Look, their gazes are abnormal!"

Those boys flew over like crazy.

They snatched away "Gu Qiqi".

Those pair of red eyes seemed to have lost their focus.

Even if everyone wanted to pull her out, they wouldn't be able to!

The male and female students—who had always lived in simple environments—were stunned.

Only Gu Xuexue knew that these boys had eaten the medicine that she had gotten Zhu Fen to send over early in the morning!

Otherwise, how could they give Gu Qiqi an unforgettable memory?

“Enough, enough. Everyone, don’t watch anymore. Although Gu Qiqi’s character is immoral, she’s going to foot the bill tonight at least. Everyone, on account of her paying the bill, don’t spread this matter out!”

Gu Xuexue smiled and reminded everyone.

Don’t spread the matter?

Heh heh, gossiping was human nature. Such a shocking scene would probably spread throughout Qing Cheng tonight!

However, as soon as her voice fell, only a few people responded.

What happened?

Could it be that the scene was really too terrifying that it scared these students, who had never seen the world, to the point of speechlessness?

But in the very next second, she heard a scream. “This isn’t Gu Qiqi at all! This is Zhu Fen! Zhu Fen!”

Gu Xuexue felt as if she had been struck by lightning.

What?

She shifted her gaze down again in disbelief.

The girl on the floor had piercing red hair.

That’s right.

Gu Qiqi’s hair was black while Zhu Fen’s was newly dyed red!

At this moment, Gu Xuexue was furious.

Where was Gu Qiqi?

Gu Qiqi actually escaped calamity?

This was impossible!

Zhu Fen, you pig-head! It’s fine if you’re incompetent, but you even lowered my intelligence! You deserve to be unlucky!

She was so angry that her fingers were trembling. But at this moment, the waiter said with a cold face, “Miss Gu Xuexue, shouldn’t you settle the bill now? Oh, I forgot to say that your classmate ruined the private room next door like this. It’s dirty and messy. This score has to be written on you too. So... the total bill isn’t 900,000 dollars anymore, but 1 million dollars!”

One million!

Gu Xuexue was really going crazy.

Chapter 110: I'm Such A Honest Man!

"No, this is impossible!"

Gu Xuexue shook her head desperately.

"How can this be Zhu Fen? This should be Gu Qiqi..."

Before Gu Xuexue could finish speaking, some students realized that something was wrong.

"Xuexue, how did you know that it should be Qiqi?"

Gu Xuexue was at a loss for words!

The waiter urged impatiently again, "Miss Gu Xuexue, if you don't foot the bill quickly, according to the rules, we will detain you. You aren't thinking of using your body to repay the debt, right?"

"No, no, no. We have so many classmates. We know how to do an Dutch system..."

She wanted to repay the debt with her body?

The students' gazes became complicated.

Didn't that mean that if Gu Xuexue didn't have money, she would... sell herself?

Everyone shivered and hurriedly scattered.

Gu Xuexue was the one who suggested this gathering. It had nothing to do with them.

One million dollars!

Who could afford it?

They didn't want a Dutch system.

Gu Xuexue wanted to cry but had no tears. Seeing that everyone had dispersed, she could only call Gu Meifeng with a sobbing tone, "Mommy, quick, save me..."

At the entrance of the bar.

Beneath the tall French parasol tree.

Bai Lang was leaning against a tree in a carefree manner. Dressed in a white suit, he looked indescribably coquettish. He even had a golden Dendrobium Grass in his mouth. He threw flirtatious looks at the beautiful women passing by.

Opposite him, Xiao Ning stood uneasily and twisted her fingers. "Uncle Bai Lang, I beg you. Don't tell your family. I'm here to play in the bar, all right?"

Bai Lang squinted and looked away. "So, you want me, an upright and honest man, to lie?"

Xiao Ning was about to cry. "It... It's not a lie either. Can't we just say that it was a class gathering? Let's not talk about the venue, okay?"

“So you also know that you can’t come to such a place where fish and dragons mix together?” Bai Lang curled his lips. “You’re committing a crime despite being aware that it is a crime. Little Lemon, if that person at home finds out...”

Xiao Ning’s small face instantly turned pale. “Uncle Bai Lang, I beg you not to say anything! I just want to talk to Qiqi for a while. Ten minutes will do! I guarantee that I won’t drink alcohol or cause trouble. Can’t I go home obediently after ten minutes?”

Bai Lang blinked his amorous eyes. “Conditions.”

Xiao Ning was stunned.

She gnashed her teeth.

This Uncle Bai Lang was never serious.

How could he have the cheek to negotiate with a junior like her?

“Yes, go ahead.”

But she still agreed in a very useless manner.

Who asked her to be so afraid of that person?

“Tell me everything you know about Gu Qiqi!” Bai Lang said lazily.

“Qiqi? Why are you investigating her?” Xiao Ning was vigilant.

She definitely wouldn’t sell out her friend.

Even if that person really... she couldn’t use Qiqi’s secret to exchange for her freedom.

“I checked on her because—”

Bai Lang had just brought up the topic when his phone suddenly rang.

He had two phones on him.

The phone that rang was a very private number.

Only Gong Jue and the others knew.

Indeed, as soon as he picked up the call, Bai Lang exclaimed, “Damn it! Master Jue rushed back from the Imperial Capital overnight!”

Wow, wow, wow! He must be pissed watching that little vixen drink with a man. They’re arguing. I have to watch the commotion!

Without even thinking, Bai Lang left Xiao Ning behind and ran into the bar with his long legs.

In the blink of an eye, that white-suited figure disappeared.

Xiao Ning was stunned on the spot.

She still didn’t know what had happened.

She took a deep breath and decided to return to the private room quickly. She would go home after speaking to Qiqi for a while.

But she didn't expect that before she could take a step out...

She heard a cold man's voice behind her. "Little Lemon, you're already five minutes late."
