

Dear Chief 1051

Chapter 1051: Black-Hearted Aunt

As soon as she finished speaking, she saw Old Master Gu and Xiao Bei looking at her like she was an idiot.

Gu Meifeng didn't pay attention to it either. Instead, she was only focused on urging Gu Xuexue and Mu Liuchuan. "Alright, alright. Our old man is here. He can help to be the witness of your marriage. Later, say that the couple masks are for the sake of not having a new match! Also, spray more perfume. The smell of alcohol is too pungent..."

After dealing with these two people, she called Gu Qiqi in front of Old Master Gu. "Qiqi, I know that it's very embarrassing for you to lose the competition, but you don't have to be too sad. Xuexue's engagement banquet is going to start later. It's at the best seafood restaurant in the capital, Furong Restaurant. Come quickly. Don't worry, Auntie will definitely stop the reporters from asking you about the competition and leave you some face. You don't have to feel too sorry for Grandpa. After all, the most important thing for a girl is to get married. Whether her medical skills are good or not is secondary, right? It's not an honorable thing to show your face outside..."

Gu Qiqi wanted to laugh as she listened.

Gu Meifeng's words were really informative.

Every word had to be heard in reverse.

What she really meant was.

Gu Qiqi, you deserve to fail. I'm so happy!

Fleur House is the most upscale place in the city. You can't afford to eat here, right? If you dare to come, I'll ask the reporters to interrogate you until you're in a sorry state!

Your medical skills are so bad, and you still can't marry anyone. You even embarrassed the Gu family in public. I want Grandpa to be completely disappointed in you and look down on you!

How could Gu Qiqi not understand these subtexts?

Gu Meifeng probably said this because her grandfather was beside her. She wanted to pretend to be a "good aunt", right?

Gu Qiqi sneered. "Sorry, I'm not free."

With that, she hung up!

Gu Meifeng frowned as she looked at the scene of the other party cutting off the call. She complained to Old Master Gu exaggeratedly, "Dad, look, Qiqi is too insensible. I kindly invited her over, but she hung up on me!"

Old Master Gu looked at her, speechless.

He snorted. "Qiqi knows her limits! Stop nagging."

Gu Meifeng was speechless.

The banquet was approaching. Gu Meifeng didn't have much time to gossip about Gu Qiqi.

She thought to herself that there was no hurry. There would still be a chance at the banquet later to remind the reporters that Gu Qiqi had failed. She wanted everyone to see the stark contrast between Gu Qiqi's sad state and her daughter's happiness.

With that thought, she smiled again. "Alright, Father, let's go! Let's announce Xuexue and Liuchuan's marriage first..."

Old Master Gu did not say anything else on account of the couple.

However, he turned back to Xiao Bei and said, "Send a voice message to your sister and tell her not to rush. She should go about her business and tell her to ignore your aunt's nonsense."

Xiao Bei replied obediently, "Got it, Grandpa!"

They all started toward the ballroom's front hall.

They passed the promenade and heard the sound of a flute outside Fleur Court.

Xiao Bei couldn't see, but he could hear clearly. "Grandpa, is the road blocked? Is something big about to happen?"

Old Master Gu said in a deep voice, "Yes, usually only big shots at the president's level have this treatment. They blocked the road and let their cars pass through without any obstruction."

Chapter 1052: The Final Champion Is...

Xiao Bei listened and asked curiously, "But why did they stop in front of our Furong Pavilion?"

Gu Meifeng and Gu Xuexue's hearts skipped a beat. They looked out again. Indeed, a flashy extended Hummer had stopped in the middle of the road!

The door opened and a man stepped out of the car who was six-foot-two. In the dim light of the night, she could vaguely see him helping the woman out.

Gu Xuexue said excitedly, "Brother Liuchuan, did you invite someone from the presidential palace to our engagement ceremony? Could it be Gong Sheng and Ms. Song?"

Mu Liuchuan was drunk and said vaguely, "Hmm... hmm?"

Gu Xuexue, on the other hand, was extremely excited. She couldn't wait to welcome the esteemed guests and proudly introduce them to everyone. The esteemed guests of the presidential palace were also here to witness her and Mu Liuchuan's hundred-year-long marriage.

At this moment, Mu Liuchuan's drunkenness, the Mu family's abandonment of her engagement for an illegitimate child, and her unhappiness at Mu Liuchuan and Gu Qiqi's meeting the day before her engagement instantly disappeared.

So what? As long as the people from the presidential palace could attend her engagement ceremony, it would be a huge honor!

However, in the next second...

Just as she was about to pull Mu Liuchuan out to welcome the guests,

The man and woman walked across the road!

They weren't going to their Fleur House at all.

Instead, they were going to the banquet hall of the presidential palace!!!

The lights blazed. They were many times brighter than they were here at Fleur House.

Gu Xuexue was a little disappointed. "So they're not our guest..."

Gu Meifeng comforted her. "Maybe there's some state banquet at the presidential palace? Alright, let's hurry up and leave. The reporters must be waiting anxiously. It's not good to be late..."

Gu Xuexue took a deep breath and composed herself.

She was too happy just now, so her disappointment was especially fierce. A big shot like Gong Sheng was actually not here to attend her engagement ceremony... It was best if the other party was holding a state banquet. Otherwise, she really couldn't take this lying down.

Apart from the state banquet tonight, what banquet could be more important than Gu Meifeng's daughter and son-in-law's marriage?

They finally dragged themselves to the ballroom.

Gu Meifeng looked at the reporters who had accepted the money. Although she was a little impatient, she still waited for them patiently.

Moreover, the moment Gu Xuexue and Mu Liuchuan appeared, they immediately raised their cameras and took photos of them.

The scene was especially lively. Gu Meifeng was extremely satisfied.

Indeed, those unhappy moments just now were just a small interlude.

She smiled and asked Old Master Gu to officiate the marriage. Then, she went to the side to instruct the sound equipment debugger and began to play one of the engagement procedures on the big screen in the background. The daily warm scenes of the man and woman were shown.

A few images had just played.

Suddenly, it switched to a live broadcast!

This was the scene of Gu Qiqi waiting for the judges to announce the results on the laboratory stage just now.

As the live broadcast was actually delayed by about ten minutes, this scene actually happened ten minutes ago.

Gu Meifeng had clearly deliberately asked the debugger to switch to this live broadcast. At this moment, she pretended not to know anything and exclaimed, "How could this be? Our Qiqi is sad enough tonight.

Not only did she lose the competition, but she was also scolded by the judges. Hurry up and stop it! Stop it! Show the happy moments between Xuexue and Liuchuan..."

Yet.

She deliberately reminded them, but the reporters didn't have any reaction. No one asked her what they thought about Gu Qiqi's defeat.

Gu Meifeng frowned.

She had clearly planned everything. The contrast between Gu Qiqi's failure and Xuexue's engagement was too strong. Didn't reporters like to dig up gossip about wealthy families?

How could they not come and ask?

Finally, one of the reporters lifted a microphone.

Gu Meifeng's face lit up.

However, the other party's words stunned her instantly. "Mrs. Gu, Gu Qiqi is clearly the champion of this finals. How much do you not care about your niece?"

Chapter 1053: Glory Belongs to Only One Person

What? Gu Qiqi was the overall champion of the finals???

Gu Meifeng was stunned for a moment.

That's impossible!

She reacted and scolded the reporter sternly, "What nonsense are you talking about! How can a little bitch be the champion?"

She was so shocked and excited that she forgot to hide it. She even said the word bitch.

"If you don't believe me, you can look at the screen yourself. Isn't that a live broadcast? The news on the Internet has already spread! Can your engagement party be held quickly? We're still waiting to interview Dr. Gu after filming!" The reporter retorted unhappily.

Gu Meifeng turned her head in a daze and looked at the live broadcast she had deliberately switched to. She muttered to herself, "It's impossible for the little b*tch to win the championship. It's impossible..."

Gu Xuexue's face was pale. She didn't have time to stop Gu Meifeng from embarrassing herself in public. She could only hold Mu Liuchuan's wrist tightly and follow his gaze to look at the screen.

On the live broadcast, the judge was making an announcement. "According to our score and the audience's vote, Gu Qiqi and Young Master Ye are tied for the overall champion of the finals with full marks. Professor Brown is ranked second with a ten-point difference. Gu Qiqi and Young Master Ye's medical skills have received the unanimous affirmation of all the audience. Our judges are also gratified by this. We thank them for contributing their unique strength to the promotion of medical skills. Tonight, the organizing committee has even prepared a celebratory banquet. The venue is the

presidential palace's state banquet hall. It's specially sponsored by President Gong Sheng and Chief Gong Jue..."

After that, the judges even gave a long string of passionate praises. They praised Gu Qiqi and Young Master Ye's unparalleled medical skills and their selflessness as their formulas were made public. Thunderous applause came from the audience. The audience was in an uproar.

"Goddess Qiqi, we love you!"

"Young Master Ye, I want to marry you!"

"The goddess and the lord are ours!"

As Young Master Ye was absent, Gu Qiqi stood alone in the middle of the stage during the award ceremony. She was like a queen who was surrounded by stars and accepted the crown that the organizing committee had given her.

Not to mention the abundance of prizes.

There were countless precious medicinal herbs, special passes and honorary titles from various countries that everyone in the world coveted.

It could be said that Gu Qiqi would be unimpeded when she traveled the world in the future.

This world was indeed quite benevolent and kind to top doctors.

As Gu Meifeng watched, her eyes turned red and she staggered. "How can a little b*tch be so lucky... This should have been Xuexue's..."

According to her original plan, Gu Qiqi's medical studies would be used to replace Xuexue's during surgery. Her reputation would be enjoyed by Xuexue!

But for some reason, the situation was getting out of control step by step. Gu Qiqi was not under her control at all.

Now, the glory only belonged to Gu Qiqi!

When Gu Xuexue saw this scene, she found it even more unacceptable.

Today was her big day. Gu Qiqi actually stole her limelight and won some championship!

The most hateful thing was that Brother Liuchuan was actually staring at the scene of Gu Qiqi winning the championship!

Could it be that Brother Liuchuan had really chosen the wrong person and regretted marrying her and wanted to marry Gu Qiqi?!

At the thought of this, Gu Xuexue's heart ached even more. She endured her anger and forced a smile. "Mommy, Grandpa, Brother Liuchuan, should we finish the engagement ceremony first?"

She could not let this little b*tch's accident interrupt her marriage!

She could not afford to lose face!

Chapter 1054: Curse Her to Get a Divorce! Second Marriage!

Gu Meifeng seemed to have woken up from a dream. She coughed dryly. "Yes, yes, the engagement party is more important."

Old Master Gu, on the other hand, looked like he had already seen through the mother and daughter. He said coldly, "You only know that the engagement is more important now? Just now, you tried to slander Qiqi. How could you have forgotten about the engagement?"

Gu Meifeng looked away awkwardly.

Old Master Gu did not want to say anything more on such an occasion. He said coldly and pursed his lips, no longer looking good.

Those who knew that he was here for the engagement ceremony would think that he was here for a funeral.

After all, he had really seen through his daughter and granddaughter today. Previously, he didn't believe it when Xiao Bei said that Gu Meifeng abused the two of them in Qing City. Now, it seemed that Xiao Bei was being reserved!

She called her "little b*tch" so smoothly. It could be seen how she usually called Gu Qiqi behind her back!

Old Master Gu suppressed his anger and felt even more heartache for his biological granddaughter, Gu Qiqi.

After an extremely awkward interlude.

The background screen finally returned to normal and began to play the wedding march and the scenes of Gu Xuexue and Mu Liuchuan.

However, the photos of the two of them looked awkward and even a little distant.

The reporters took the money and could not help but take a few photos.

Meanwhile, the guests looked embarrassed. They looked at the two masked bride and groom on the stage and felt like it was a farce.

Gu Xuexue couldn't help but explain, "Brother Liuchuan and I wore masks to the engagement ceremony today because we wanted to fulfill a dream we had when we were young. Everyone knows that Brother Liuchuan and I were childhood sweethearts..."

Gu Xuexue forced a smile and began to make up a story...

However, as she spoke, she suddenly realized that the audience was getting smaller.

She looked helplessly at Gu Meifeng.

Gu Meifeng quickly stood up and walked to the guests' seats. Indeed, she saw that the guests at the tables behind had already quietly left.

She caught a guest who was about to leave. That person laughed awkwardly. "Mrs. Gu, I still have something on at the company. Look, I'm also here for your engagement ceremony. I'm giving you face..."

With that, he slipped away!

Gu Meifeng did not know where to vent her anger.

This person really did not know how to conduct himself. Hmph, in the future, the Gu family, the Shen family, and the Mu family would not do business with this person and blacklist him!

He actually attended her engagement ceremony and left halfway. How disrespectful.

Just as she was secretly being ruthless, suddenly, several familiar ladies behind her took the initiative to walk up and bid farewell. "I'm sorry, Mrs. Gu. Our husband has an important event at the last minute. We have to accompany him, so we can only take our leave... We'll attend your engagement party next time..."

It stung!

Will the engagement party be held again?

Wasn't this cursing her Xuexue to have a divorce and a second marriage?

Gu Meifeng was so angry that her nose was almost crooked.

However, these wealthy ladies were very influential. It had not been easy to invite them. How could she afford to offend them?

Even though she cursed in her heart, she still had to send them off with a smile!

Gu Meifeng was suspicious. Other than her Xuexue's engagement party tonight, she had not heard of any other major banquets in high society.

These people are in a hurry to leave. What's going on?

Forget it. Maybe it really was an individual coincidence.

However, soon reality slapped her across the face.

How could there be so many coincidences in this world!!!

Chapter 1055: She Should Be The One Worthy To Attend The State Banquet

Gu Meifeng turned around and realized that many reporters were also retreating.

She immediately stopped him nervously.

"Hey, y-you can't leave!"

"Reporter Wang, we agreed on a ten-minute live-stream. You haven't finished filming yet!"

"Reporter Zhao, there's still a segment for the newlyweds to exchange rings later. It's most suitable for a close-up. It'll make the headlines tomorrow. If you leave, who's going to take this photo?"

“Reporter Sun, you said you were going to write a long story. If you leave like this, where will you get the writing material...”

She tried her best to persuade them to stay, but the reporters politely rejected her and left mercilessly.

It was as if there was something especially important that was worth them abandoning the engagement party.

Gu Meifeng simply broke down!!!

Gu Xuexue almost cried on stage.

It was a grand engagement ceremony, but the guests left halfway through. The reporters didn't even finish filming before leaving. Things were in a mess.

Why was it so hard for her to get married?

Gu Meifeng finally caught a reporter who had a good relationship with her. “Where are you guys going? You're not even giving my daughter face? You're not even giving the Mu family face? If you don't think the red packet Mu Liuchuan gave is enough, I'll give you guys an additional 5,000 yuan!”

On account of their friendship, the reporter gave her a piece of information. “Mrs. Gu, didn't you see what was said in the live broadcast just now? The presidential palace's state banquet hall opposite is holding Miss Gu Qiqi's victory celebration. Famous doctors from all over the world are gathered there. I heard that the president, Gong Sheng, and the great painter, Ms. Songsong, are also present. Oh, right, there's also Gong Jue, the Chief of the Empire, who doesn't meet people easily. How can I not rush over to interview on such a rare occasion? If I lose such a big piece of news that steals the headlines, I'll be scolded to death by our president when I go back! So, don't mention adding 5,000 yuan, even if you give me 50,000 yuan, I can't stay longer at your family's banquet!”

The Presidential Palace?

The state dinner hall?

So it was Gu Qiqi's celebration party?!

So, the majestic blockade just now and the noble figures who got off the extended Hummer were all here to participate in Gu Qiqi's celebration banquet?!

That was the state banquet hall. How could a little b*tch be worthy of a celebration in the state banquet hall?

Her Xuexue was only holding an engagement banquet at Furong Pavilion!!! Furong Pavilion and the presidential palace's state banquet hall were simply worlds apart. One was a pheasant and the other was a phoenix. It was too heartbreaking.

Wait, what had the reporter just said? He was going to grab the headlines?

Did that mean that the news of Gu Qiqi winning the championship would make the headlines tomorrow?

What about her Xuexue's engagement news? Was she going to be squeezed out?

Gu Meifeng's vision darkened and she almost fell on the spot.

The shock was overwhelming.

Gu Xuexue, who was on stage making a touching statement about her childhood sweetheart, watched as the number of guests and reporters decreased. When the mocking words of farewell drifted into her ears, it made her head buzz.

The so-called childhood sweethearts, the golden couple... She couldn't make it up anymore.

Didn't she painstakingly marry Mu Liuchuan to humiliate Gu Qiqi?

But now, Gu Qiqi didn't need to cling to any man to achieve a status and achievements that made men and women envious.

This blow was almost devastating to Gu Xuexue.

She didn't know how she completed this engagement ceremony. She only remembered that in the end, all the guests and reporters left. Even her grandfather's face was cold. He instructed Xiao Bei to help him cross the road to the presidential palace state banquet hall opposite to attend Gu Qiqi's celebration banquet.

The vast dining room was empty. Only tea cups were left behind..

It was just like the saying, "When the birds return to the forest after eating their fill, they leave the vast land empty"!

Chapter 1056: The Reporters Are Making Things Difficult For Master Qi!

At the same time.

The Presidential Palace banquet hall was only a road away.

The majestic crystal lights were resplendent, the light music played by the world-class band was comfortable and pleasant, the fragrance of the fresh air-transported flowers and archways on the red carpet was overwhelming, and the people who nodded while clinking glasses were all top figures in high society...

The class of the state banquet was incomparable!

Gu Qiqi took off her surgical gown. The light blue gown on her body was personally chosen by Gong Jue for her. The sea blue sapphire on her neck and the golden little turtle complemented each other. She wore the Patek Philippe watch that Gong Jue had given her on her wrist and held Hermes' latest pearl evening bag in her hand.

Her long hair was pulled back, leaving only two strands behind.

Between her light steps was endless brilliance.

The reporters who rushed over were all stunned. In the next second, they suddenly pressed the shutters and took photos desperately!

In the end, their camera storage was full. They quickly deleted all the photos and videos from Gu Xuexue's engagement banquet.

They had to make room for a world-class event, a world-class doctor, and a world-class beauty!

As expected, beauties were the number one culprits in murder films.

A few reporters surrounded Professor Brown, who was rarely seen. However, more reporters surrounded Gu Qiqi and fired questions at her.

"Doctor Gu, your medical skills are so outstanding. Is it inherited from your family?"

"Doctor Gu, I heard that you're still in university. Your master is a famous apothecary, Feng Yangchu. Why didn't he come to your celebration party?"

"Doctor Gu, will you cooperate with the Chu Group to open a pharmaceutical company in the future? It's said that some venture capitalists have already taken a liking to you. They said that no matter what company you open, they will throw money at you because they bet that you will definitely make money. What do you think?"

Gu Qiqi replied with a smile.

She thought to herself, hereditary? Although the Gu family had established a hospital, they had never produced a famous doctor. Could it be that she was not a child of the Gu family and was adopted?

As for why Feng Yangchu didn't come... Ahem, a few minutes ago, when Feng Yangchu called her, he was choked with emotion and almost couldn't speak. The arrogant old man was probably hiding at home crying tears of joy.

It was a pharmaceutical company. Which one of the businesses that Gu Qiqi had invested in did not make money? Brother Tianyu's law firm was also very profitable. Yang Xiaolan's Lan Ting jewelry was also very profitable!

The reporters realized that Gu Qiqi was an expert in answering questions. No one could stump her.

She did not look like a student at all!

For a moment, the reporters' competitive thoughts emerged. One of them was especially tricky. He mustered up his courage and asked, "Your cousin, Gu Xuexue, is holding an engagement banquet at Fleur House now. As her elder sister, are you going to say anything to her?"

After asking, he smiled provocatively and thought to himself that Gu Qiqi wouldn't be able to answer, right?

Gu Qiqi narrowed her eyes and raised her eyebrows slightly!

Well, this reporter was stirring up trouble.

Wasn't this meant to put her in a difficult position?

If she said her blessings, the reporters could call her hypocritical; if she said something with contempt, the reporters could write that they didn't get along... Anyway, they would just use this as gossip!

Not far away, Gong Jue naturally saw this scene as well. His eyebrows sank as he immediately said to Gong Sheng beside him, "Where did this lousy reporter come from? Chase him out! Also, revoke his reporter pass. Don't let him mix in the media circle in the future with this level of bullsh*t questioning!"

Gong Sheng was speechless.

Chapter 1057: I Won't Give You Face

After Gong Jue finished speaking unhappily, he walked towards Gu Qiqi.

Unexpectedly, Gu Qiqi had already spoken calmly and solved this problem easily. "There's nothing much to say. After all, they once slept together before marriage in a hotel. It's only natural that they get engaged, right?"

With that, she smiled faintly at the reporter, her eyes deep and determined.

The reporter was stunned.

Then, he realized that Gu Qiqi was referring to the scene of Gu Xuexue and Mu Liuchuan fooling around in the hotel and being caught red-handed by everyone.

He almost forgot the big gossip!

Yes, yes, if he wrote the news, writing this gossip would definitely be much more interesting than directly writing about some sister feud!

In the blink of an eye, Gu Qiqi had turned her problem into Gu Xuexue's problem, causing Gu Xuexue to have a headache.

Would her answer ruin Gu Xuexue's reputation?

Of course!

Would it be unkind of her to do so?

Ha ha!

Gu Qiqi smiled mockingly.

Gu Meifeng's hypocritical and sinister call just now had already allowed her to completely see the scheme of the white lotus mother and daughter tonight. Didn't they think that she had lost and wanted to use Gu Xuexue's grand engagement ceremony to humiliate her, a down-and-out loser? They didn't even leave a seat for her at the banquet and were even pretending to invite her over. They were deliberately making her stand awkwardly in the banquet hall and wait for the reporters to take photos of her dazed appearance to further accentuate Gu Xuexue's bird-like loveliness, and successful and perfect marriage, right?

What a vicious scheme.

In that case, why should she be kind to these two disgusting white lotus flowers?

When she couldn't be bothered with them, the shameless mother and daughter insisted on provoking her.

Now, the shameless mother and daughter wanted to secretly save face...

I'm sorry, but I'm not going to let you!

Gong Jue couldn't help but smile when he heard Gu Qiqi's sharp reply!

My woman is so awesome. I don't even need to do anything to beat those reporters up!

Gong Sheng was speechless.

Who was the one who was so nervous and threatening to teach that little reporter a lesson!

Meanwhile, Songsong, who was standing beside Gong Sheng, had admiration and love in her eyes. She sighed repeatedly. "Qiqi is really a perfect child. She has good medical skills, good looks, and a good heart. She's also so smart. What's even rarer is that Gong Ting especially likes her and can't wait to stick to her every day... No matter how I look at it, she's the one most suitable for Jue'er. I don't know what's wrong with your father, but he's so stubborn that he can't think straight. I told him that Qiqi won the world's first place today and there's a celebration banquet, but he actually pretended not to hear me and stayed in his room to look at the military map!"

Gong Sheng smiled faintly and said meaningfully, "Mother, nothing in this world is perfect. Sometimes, you have to trust a man's intuition. However, as long as Miss Gu and Jue think that they're good, I'm afraid no one can shake them, even if there's really something imperfect..."

He already knew that firsthand.

The last time, he only suspected that Gu Qiqi was involved with the people from S Nation and locked Gu Qiqi up for a night.

In the end, Gong Jue led people to cause trouble in the cell.

That night, the entire prison collapsed!

Gong Jue refused to admit that he had done it. However, who could have done it?

Could it be that petite and cute Gu Qiqi?

Even if the evidence was in front of him and he said that Gu Qiqi was a spy from S Nation, Gong Jue would still let her stab him without blinking.

Songsong sighed and suddenly thought of something. "Sheng'er, why didn't you bring the girl you were dating home for us to see?"

Chapter 1058: Long, Deep Love

Gong Sheng, who was watching Gong Jue, immediately felt like he was inviting trouble.

Why was he talking about relationships with his mother for no reason?

See, after worrying about Gong Jue, Mother was worried about him again!

Gong Sheng's expression was calm and collected. "Mother, that girl is just an excuse. You know the political needs."

Songsong frowned. "Impossible. Sheng'er, you're not that kind of person. Mom knows that you're very serious about your feelings. How can you deceive your people?"

Gong Sheng lowered his eyes. "I lied this time. I need a woman by my side to resolve the scandal, and she happened to appear."

In his mind, Yun Qiao's delicate and stubborn face suddenly appeared vividly.

Of course, there was also the taste of ecstasy and pleasure between them all afternoon in the presidential suite.

Songsong was a little heartbroken. "Sheng'er, you're playing with fire! You're being unfair to that girl!"

Gong Sheng raised his eyes. "Mother, a marriage without feelings is the greatest injustice to women."

Songsong was speechless.

After a while, she replied, "But isn't it said that love lasts for a long time..."

Gong Sheng was speechless.

I never thought that Mom could retort!!!

Long time? Deeply in love?'

Gong Sheng's mind couldn't help but replay the scene when he pressed Yun Qiao under him... That scene actually made his abdomen tighten.

Taking a deep breath, he excused himself.

He turned around and called his secretary. "Where is that woman now?!"

= = =

After Gu Qiqi socialized with the reporters, she turned around with her wine glass and bumped into Gong Jue.

The sparkling and translucent champagne in the glass almost spilled all over Gong Jue's military shirt.

Gu Qiqi exclaimed softly, but Gong Jue caught it steadily and placed the wine glass aside.

Holding her hand, he pushed open the glass doors to the balcony and led her outside into the windy night.

Overlooking the endless beautiful night view of the imperial capital.

Behind them, there were also reporters who saw the two of them leave hand in hand. However, no one dared to say anything and pretended not to see them.

Master Jue...

Well, it was better not to provoke that irritable guy.

Everyone knew that he had dealt with all the reporters who had spread rumors about him!

On the balcony, Gong Jue hugged Gu Qiqi from behind and kissed her long hair. "Are you happy after winning the world championship?"

Gu Qiqi leaned against his chest in relief and nodded. "Yes, I'm ok."

Gong Jue chuckled. "Just ok? As expected of my woman! She doesn't even care about being the world champion. I like her!"

Gu Qiqi curled her lips. "I didn't participate in the competition to win the championship, but..."

Gong Jue's face darkened. "Just to flirt with girls as Young Master Ye?"

Gu Qiqi coughed non-stop. "No? Young Master Ye didn't even appear after that, okay?"

Seriously, if she was serious about flirting with girls, how could Gong Jue and Gong Sheng have the chance to show their faces at today's celebration party? Hmph!

Gong Jue narrowed his eyes. "It's good that you know! Also, ignore that brat, Bai Lang, in the future!"

Gu Qiqi said, "I know, I know. I won't plant a grassland above your head! Don't you know who I'm close to?"

Gong Jue's mood improved. "You're so sweet today. Did you eat honey?"

Before Gu Qiqi could react.

The man had gently turned her small face toward him. "Let me taste the honey you're eating..."

With that, a passionate kiss came...

Chapter 1059: Be My Mrs. Gong!

Gong Jue's kiss was so unexpected!

Gu Qiqi was unable to resist his kiss.

Behind her was the starlight and moonlight. In front of her was the man's majestic body and hot lips!

Faintly, through the gap in the sliding glass doors, there was the laughter of the party and the luxurious room...

On this quiet outdoor balcony, his kiss seemed to drive her through time and space, an existence completely independent of the rest of the world...

After a long time, she felt a little dizzy. Her small hands, which were gripping the front of his shirt, dropped gently before she let go.

Gu Qiqi panted slightly in his arms.

Concealing her heartbeat and embarrassment, she pretended to blame him. "You smell like medicine in your mouth. It's so bitter..."

Gong Jue raised his eyebrows. "You can tell?"

Gu Qiqi said, "Who asked you to move your tongue... and stir it everywhere..."

Then her face flushed.

Wasn't this an indirect admission that their tongues had just... during that kiss?

As expected, Gong Jue smiled happily. "Then can you taste what medicine I took?"

Gu Qiqi turned her face away shyly. "How would I know! I didn't taste it carefully..."

She had just been imprisoned by him and kissed him until she was confused. How could she have the mood to carefully distinguish the smell of medicine?

Gong Jue leaned over again. "Then try it again carefully!"

Gu Qiqi wanted to protest.

Bad man! He actually dug a hole for her to jump into!

After a while, a certain woman's lips were red and slightly swollen, and her face was red and charming.

Gong Jue, who was satisfied, asked with a smile, "Did you taste it this time?"

Gu Qiqi said angrily, "No!"

Gong Jue smiled. "Then we'll continue!"

Gu Qiqi was speechless.

When Gong kissed her until she was dizzy and asked for the third time, "This time..."

Before she could finish speaking, Gu Qiqi quickly panted and said, "You drank Luo Han Guo..."

It was slightly bitter, but would soothe his throat.

Why would a stupid man drink such throat-soothing tea? Is his throat bothering him?'

He seemed to have seen through Gu Qiqi's question at a glance.

Gong Jue raised his eyelids angrily. "Why do you think I drank it? I see you in front of me every day. I can see you but can't eat you. Isn't my throat dry??"

Gu Qiqi was speechless. This has nothing to do with me?

Gong Jue bent down to kiss her lips again.

Gu Qiqi gritted her teeth and was determined not to let him kiss her again. Otherwise, when she returned to the banquet venue later, she would be seen through by others. It would be too embarrassing.

Unexpectedly.

This time, Gong Jue wasn't here to bully her slightly swollen lips.

Instead, he brushed past her ear and murmured, "When are you going to acknowledge our relationship, hmm? When are you going to be my Mrs. Gong?"

Mrs. Gong!!!

These three words ignited the little flame in Gu Qiqi's heart.

Gong Jue's hint was already too obvious. She couldn't escape it at all.

He was confessing to her and asking for acceptance.

Gu Qiqi's heart raced. For a second, she really wanted to say, "I'll admit it now."

However, a rational voice grabbed her heart and calmed her down. "Gong Jue, I said... that I want to be honest with you about some things. Do you... want to hear it now?"

The faint smile on Gong Jue's face gradually disappeared and he became serious.

He heard an unusual sense of danger from Gu Qiqi's words!

Previously, she had been avoiding him and kept saying that she had something to confess to him, but he did not take it seriously.

He thought she was just making excuses.

But today, he suddenly realized she meant it.

It was true. There was something unusual she had to tell him!

What could it be?

Why, he wondered, did it feel so wrong that they might not be able to be together if she told him?

Almost instinctively, he blurted, "I don't want to hear it!"

Chapter 1060: Gong Jue's Attitude Is Surprising!

Gu Qiqi stared at Gong Jue's cold face and felt emotional.

Sometimes this man was as wild as a beast, and sometimes he was as willful as a child.

He wouldn't listen, but some things that had already happened couldn't be erased even if he didn't say them.

She had already had her eggs taken by someone, and it had been done in a way that broke her virginity. She had no idea what others had done with those eggs or whether they had given birth to a small life. Not to mention that she had been bullied by a strange man again at the operating table of Qingcheng Hospital after her rebirth...

Even if she didn't confess, these things would sooner or later be a bomb that would blow their relationship to smithereens!!!

If it were anyone else, they might secretly patch up the membrane and let go of the past. However, Gu Qiqi couldn't do that!

Gu Qiqi was very determined. "Gong Jue, you have to listen to me. We've already come to this point hand in hand. I don't want to hide anything from you. I believe you won't hide anything from me, right? Didn't you also bring the little packrat to me and tell me everything about him?"

Gong Jue's heart skipped a beat!

Alarm bells went off!

Could it be...

Gu Qiqi also had a hidden child?

Another man's seed?

Before the jealousy in his heart could appear, he forcefully suppressed it.

He had given birth to a test tube baby himself. What reason did he have to force Qiqi to be flawless?

Besides, she hadn't said anything yet. What was he thinking?

Gong Jue stretched out his cold long fingers and covered her lips. "I don't want to hear your secret. Who said I want you to confess everything? I'm not interested in hearing you say that you peed your bed a few times in elementary school, when your period came in junior high school, when you received a few love letters in high school, when you learned to dress up as a man... I don't want to hear any of it! Also, remember, you just have to accept my confession in the future! I have no secrets from you! However, I allow you to keep your secrets!"

He was willing to go easy on her and let her keep the secret forever.

So what? He can afford it!

The stupid woman would belong to him for the rest of his life. Those bullshit secrets were from 800 years ago. What did it have to do with him?

Gu Qiqi didn't know whether to laugh or cry at his words.

The secrets she wanted to talk about weren't those at all, okay?

It was ten thousand times more serious. It concerned a man's dignity, shame, and bottom line... Gong Jue, do you understand?

However, she had to admit that Gong Jue's "I'll allow you to keep your secrets!" had completely pleased her.

How many men in this world could be so magnanimous and unrestrained?

How could she bear to lie to him when he treated her so well and so genuinely?

Gu Qiqi was even more determined to confess.

'It's only a matter of time. Why don't we take advantage of tonight and get it over with?'

She gave him a chance to choose whether he could accept her past again, and let him know instead of being kept in the dark because of passion.

Gu Qiqi felt a lump in her throat and curled her lips slightly. “Gong Jue, listen to me. Four years ago, I...”

Gong Jue’s eyes darkened and his voice was stern. “I’ve already said that I won’t listen! I won’t listen! If you continue, I’ll slap your butt! Today is your celebration party. Let’s go back to the banquet and get the reporters to interview you. Also, let’s communicate with the doctors from other countries about Xiaobei’s illness. Didn’t you say that the Medicine Manual might be incomplete? Let’s go and find out if anyone from any country has seen a huge rock that looks like the Medicine Manual...”

Gong Jue deliberately changed the topic.

His persistence of not wanting her to say it was ten thousand times stronger than hers!

This attitude really surprised Gu Qiqi.
