

Dear Chief 1061

Chapter 1061: Release a Tempting Ultimate Move!

Gu Qiqi's heart ached even more.

When this man was stubborn, not even ten cows could move him!

She lowered her eyes and was silent for a few seconds. Suddenly, she raised her head and stared at him. "Gong Jue, do you know that my period today is over..."

Gong Jue's breathing stopped!

In the past, every time he wanted her and wanted to go crazy, she would always say that her period was here or that it hadn't ended... She would cruelly block him!

This had tortured him for months!

Today, the stupid woman actually took the initiative to tell him that her period was finally gone! Gone!

It wasn't as if he didn't know the rich implications and implications of those words. Did he have to ask?

He gazed at her exquisite little face. It was so pure and flawless in the moonlight, yet so extremely seductive!

His Adam's apple bobbed. With all the self-control he'd ever had in his life, he resisted the urge to rip off her little dress and pin her to the balcony.

His voice was hoarse. "You don't have to report such things to me in the future!"

Hmph, when he married the stupid woman in the future, he could check on her period every day and record it in his notebook so that he would know what was going on. There was no need for the stupid woman to report it to him!

Gu Qiqi realized that her ultimate move actually didn't work. To her surprise, she had no choice but to make this hint clearer. "Gong Jue, what I mean is that if you can calm down and listen to me talk about the past now, I can..."

She probably didn't need to make the rest more obvious, did she?

If he was willing to accept her past, she was willing to become one with him!

He could do what he always wanted to do to her.

Surely he could feel the sincerity?

And yet!!!

Gong Jue turned his face away and wiped the string of blood from his nose at an angle that Gu Qiqi couldn't see...

Then, he turned around handsomely and pretended that nothing had happened. He replied expressionlessly, "Am I the kind of person who takes advantage of others when they're in danger? Do you f*cking think that I have to check the goods before I marry a wife? Let me tell you, I've decided on

you. It's you! I can f*cking wait until our wedding night to have sex with you!!! If you don't believe me, try it!"

Gu Qiqi's heart skipped a beat!

Gong Jue was so straightforward and respectful to his wife, although the language he used was a little lacking.

However, the meaning was sincere!!!

If she hadn't had those troubled pasts, she would have been very, very touched and she would have stayed a virgin with him until their wedding night. They would have explored that mysterious realm together.

But now...

Gu Qiqi was a little sad. "Gong Jue, you don't know what I want to say at all..."

She didn't manage to finish.

This time, Gong Jue wasn't so nice to her.

He leaned over and kissed her roughly!

He covered her lips!!!

Stupid woman. You can't say it this time, can you?

Gong Jue's ultimate move worked.

Gu Qiqi's lips were already swollen from the kiss, but she could no longer withstand too much love.

After Gong Jue started another round of crazy kissing, she finally stopped talking about things that happened "four years ago".

She panted as she leaned on Gong Jue's arm. Her face was red and her lips were as translucent as cherry blossoms.

In the end, she was helped into the banquet hall by Gong Jue.

Fortunately, in the center of the banquet hall, Professor Brown was performing something that attracted the attention of most people.

Only then was she able to silently take a snack to calm her nerves.

Gong Jue knew that he couldn't use this method tonight forever.

The next time Gu Qiqi insisted on 'confessing', how should he deal with it?

He leaned over and whispered in her ear—

Chapter 1062: Romantic Promise

"You'll be on winter break next month, right?" Gong Jue's magnetic voice swept past Gu Qiqi's ears.

It tickled her.

“Yes,” she answered, blushing, wondering what he was up to now.

“I’ll take you somewhere during the winter break. If you have anything to say, you can say it then!” Gong Jue pretended to be serious.

In fact, he could not help but feel smug.

A few days ago, he started a huge renovation project on an independent island in northern Europe. He had personally drawn the blueprints, personally directed the construction team to renovate the buildings, redesign the beach facilities and greenbelts, and strived to build the most romantic marriage proposal sanctuary in his heart and wedding venue!!!

His requirements were too high. This project was too huge. The construction period that he had thought would be completed in a few days would take at least half a month even if he exhausted all his manpower and resources.

After all, when others got married, they would just renovate a three-bedroom apartment.

Gong Jue wanted to renovate an entire island and rebuild an entire country for his wedding!!!

He and Gu Qiqi had agreed to discuss that matter next month during the winter break. He was even more scheming. At that time, he would bring her to the independent island to propose and coax her into agreeing to get married first!

He didn’t believe she’d be able to come up with any nonsense when the time came.

Even if he did, it would be useless!

He already forced her to get a marriage certificate, ha ha ha.’

Gong Jue concealed the smugness in his heart and stared at Gu Qiqi silently.

He only felt relieved when he saw Gu Qiqi say, “Okay.”

As they spoke, guests began to notice them.

The top doctors from the various countries couldn’t help but surround Gu Qiqi.

“Doctor Gu, so you’re here. We’ve been looking for you for a long time!”

“Our entry visa in the empire is only a few days away. I was just about to make use of the time to chat with you about your medical skills!”

“Doctor Gu, we sincerely invite you to be our guest!”

“Doctor Gu, who’s the man beside you? He doesn’t look bad...”

Gong Jue’s face darkened.

How could these ignorant foreigners not recognize him?

However, when he thought about how Gu Qiqi's value and reputation had soared, someone actually didn't say that she was Gong Jue's woman but used a probing gaze to hint that he was Gu Qiqi's man...

Well, this experience was quite new.

Gong Jue narrowed his eyes and controlled his temper. He didn't flare up.

For the first time, he allowed Gu Qiqi to be surrounded by a group of male doctors and be asked questions.

Special Assistant Lu stood at the side worriedly. He thought to himself, "Is the Chief treating Young Lady Qiqi less and less seriously?"

There were actually men surrounding Young Lady Qiqi. Wasn't the chief jealous? Although they were a group of old doctors with white beards, no matter how old they were, they were still men.

That's not normal!

This was so abnormal!

No, he had to expedite his plan.

He took out his phone and sent a message to Bai Lang. "Young Master Bai, do you really want to know Young Master Ye's whereabouts? I have a small suggestion..."

The message wasn't finished.

Suddenly, a cold snort came from behind. "Special Assistant Lu, what are you doing?"

Special Assistant Lu shuddered.

Oh my, wasn't Master Jue still by Young Lady Qiqi's side a second ago?

Why was he behind him a second later?

Don't tell me his master found out what he was up to?

"Master Jue, I'm doing this for your own good... I..." Special Assistant Lu was about to confess.

Sob! Did he have to be so unlucky!

Chapter 1063: You Must Destroy the Male Vixen!

However, Gong Jue's heart felt heavy. He didn't pay attention to his phone at all, let alone what he was saying.

Instead, he ordered in a deep voice, "Special Assistant Lu, go and investigate something. Quickly! In detail!"

Special Assistant Lu's nervous little heart finally came alive. "Yes! Chief, what do you want to find out?"

Gong Jue said in a low voice, "Investigate everything about Qiqi from four years ago! I want everything!"

Special Assistant Lu shuddered.

He felt even more uneasy.

“Chief, didn’t you once say you wouldn’t check any of her private affairs?”

Back in Qing City, the Chief clearly had a chance to investigate Young Lady Qiqi thoroughly, but he insisted on not investigating and respecting her privacy.

Later on, in the capital, when Gong Qing wanted to investigate Miss Qiqi, the Chief directly issued a ban, making him unable to find anything!

Chief used to respect Young Lady Qiqi and protect her.

But now, he actually wanted to investigate Miss Qiqi!

Was he going to catch Young Lady Qiqi’s weakness and break up with her?

Special Assistant Lu couldn’t help but feel his heart ache for Gu Qiqi.

The more Master Jue doted on her in the past, the colder he looked now.

It seemed that his lord was really interested in that male vixen, Young Master Ye. That was why he was so cold to Young Lady Qiqi...

The more Special Assistant Lu thought about it, the more his heart ached. However, the decision was not his...

Gong Jue said coldly, “Why are you talking so much nonsense?! Hurry up and investigate! If you delay my good plan, I’ll blame you!”

Good plan?

Sob sob sob. Could it be that his Master Jue wanted to have a good relationship with a male fox?

Special Assistant Lu broke down inside, but he could not disobey the order. He could only reply, “Yes!”

In his heart, his thoughts of chasing away that male fox, Young Master Ye, were already as firm as a rock!

He had to act quickly! He had to kill the male fox spirit!

He had no idea. When he turned around, he was at an angle where he could not see Master Jue.

Gong Jue’s eyes instantly softened. His gaze on Gu Qiqi’s back was filled with endless love. Stupid woman, don’t worry about what happened four years ago.

I’ll check everything for you. I’ll check everything you’re worried about. Then, I’ll solve all your worries for you. When you come clean, you won’t have to feel burdened anymore. You’ll happily accept a romantic proposal!

At this moment, as he looked at Gu Qiqi’s back view, his heart had already transmigrated to the sea of flowers on the independent island of Northern Europe half a month ago...

At this moment.

Gu Qiqi and the doctors from various countries were exchanging their medical insights. Gu Qiqi's kind personality and fluent foreign language received everyone's love and admiration.

Everyone extended their olive branches and invited Gu Qiqi to their respective countries.

Dr. Brown had just finished performing the cello. At this moment, he put down the heavy cello and walked over. He smiled and said, "Everyone, don't fight with me. I've long wanted to invite Young Lady Qiqi to dinner."

They were all old men, so they didn't stand on ceremony with him. "Hey, hey, Old Man Brown, you can't snatch our Qiqi away halfway!"

Dr. Brown smiled until his eyes narrowed. "I have a reason that Young Lady Qiqi can't refuse. You don't!"

"And what reason would that be?" everyone asked curiously.

Gu Qiqi couldn't help but look over.

She had heard nothing from Professor Brown about an invitation to dinner.

What was the reason she couldn't refuse? What if she didn't even know?

Chapter 1064: It's My Honor

What was this "special reason" of Professor Brown's?

Gu Qiqi's curiosity was piqued. She really wanted to know a little!

Someone said with a smile, "Professor Brown, we've all heard from your daughter, Susanna, that Dr. Gu is her savior. She admires her so much!"

Someone immediately echoed, "Yes, yes. That child Susanna also said that she wished that Dr. Gu was a boy so that she could marry him!"

Everyone laughed when they heard that. "That's a good reason!"

Even Gu Qiqi felt that this was the only reason that could make Professor Brown insist on treating her to a meal and she was too embarrassed to refuse.

Unexpectedly, Professor Brown smiled and said, "No, no, that's not the reason. The matter between Susanna and Dr. Gu will be settled themselves. I want to treat Dr. Gu to a meal purely because Dr. Gu defeated me in the finals. As Dr. Gu's defeated opponent, I sincerely invite Dr. Gu to a banquet. I hope Dr. Gu won't despise me!"

When he said that, everyone was stumped!

Christ, I can't believe that's the reason.

No wonder Professor Brown was so confident that Gu Qiqi wouldn't reject him.

This... this attitude was too humble.

Who was Professor Brown? He was the world's top medical figure and the overall champion of the World Medical Competition in the past.

However, for some reason, he lost to Gu Qiqi this time.

But no matter what, his qualifications and experience were not something that a rising medical star like Gu Qiqi could compare to.

However, he could say that he was Gu Qiqi's defeated opponent without changing his expression...

If Gu Qiqi didn't agree to his invitation, she would really be rude.

In fact, Gu Qiqi really couldn't refuse.

In front of so many people, her red lips parted slightly as she slowly said, "It's my honor to accept it."

It was a few words that were elegant and refined, a textbook example of good socializing.

Everyone gathered around for more small talk.

While no one was paying attention, Professor Brown quietly approached Gu Qiqi and said, "Dr. Gu, you're invited to my house for this dinner. You don't have to be restrained. Just treat it as a gathering at a friend's house. You can bring your friend along."

Gu Qiqi raised her eyebrows. "You have a home in the capital?"

He wouldn't have asked her to fly to America for a meal, would he?

Professor Brown laughed loudly. "In the early years, my wife and I came to the empire for our honeymoon. We liked this place very much, so we invested in buying a villa in the outskirts of the capital. Unfortunately, my wife passed away early, so we can only reminisce now."

Yes, Professor Brown doted on his wife who had died many years ago. This was also something that the entire world knew. He had raised his daughter alone and had not remarried for many years. This was also a rumor.

It could be said that Professor Brown's international reputation was really very good.

He had good medical skills, good morals, and good connections.

It was impeccable.

It would really be strange if Gu Qiqi refused.

Therefore, Gu Qiqi nodded and smiled. "Then I'll have to trouble you. But as my friends... Forget it. It'll disturb you too much."

Professor Brown thought for a moment. "How about the little boy you took with you the last time you were in the children's park. My daughter loved him. Susanna felt very bad about hurting him last time. If it's convenient... Why don't you bring him along to play? My villa has a game room. The children will definitely love it."

Professor Brown invited the boy?

Gu Qiqi was surprised for a moment.

Chapter 1065: The Queen of the Headlines!

As if sensing Gu Qiqi's surprise, Professor Brown smiled and explained in a low voice, "I know you don't want to tell everyone that you have a child. Don't worry, I won't tell anyone."

Gu Qiqi glanced at him coolly.

Professor Brown, you are so... understanding.

"Doctor Gu, just promise my father. We're really looking forward to you and the little packrat coming as guests..." Susanna jumped out of nowhere and held Professor Brown's arm as she persuaded Gu Qiqi.

Gu Qiqi facepalmed.

Well, it was most difficult for her to reject a girl's coquettish words.

Pursing her lips, Gu Qiqi said calmly, "There's no problem with me going. As for the little boy... I have to go back and ask for his opinion."

Professor Brown said, "Okay, I'll wait to hear from you."

Susanna was starry-eyed and almost pounced over to hug Gu Qiqi. "You must come. I'll wait for you!"

As they were chatting, the host announced loudly in the distance, "Next, let's welcome the champion of this competition, Miss Gu Qiqi, to start the ceremony by pouring the champagne down the tower for everyone!"

"Whoa—!" A cheer went up.

Everyone clapped in envy as they watched Gu Qiqi slowly walk towards the center of the stage.

There, dozens upon dozens of sparkling crystal champagne glasses were stacked high.

What Gu Qiqi needed to do was to open a huge bottle of champagne. Then, she would pour the first glass of champagne slowly from the top so that the entire champagne tower would be equally full.

With a bang—! Gu Qiqi opened the champagne cork and began to pour the wine elegantly.

Champagne and a beauty. The room was filled with the scent of wine and the beauty was filled in all her glory.

The reporters frantically took photos. The Gu Qiqi in the photo was too beautiful and elegant. There was even a hint of handsomeness.

Only the most noble person present could receive the honor of opening the champagne bottle. Gu Qiqi's temperament was very fitting for it.

This scene quickly spread to live streaming platforms all over the Internet.

Not to mention becoming the next day's headlines!!!

In contrast, Gu Xuexue's cold, chaotic, and disheveled engagement ceremony didn't even cause a ripple.

Of course, with the big news of Gu Qiqi winning the championship, who would have the time to care about the shabby marriage of those two down-and-out wealthy families??

Other than leaving behind a trail of laughter and being mocked by a certain bold reporter along the way, Gu Xuexue did not have much exposure.

That night, Gu Qiqi returned happily.

On the way home, Chu Junmo's call came late.

He had just finished his heart surgery. He couldn't even get out of bed during the finals, let alone attend the celebration banquet. He definitely couldn't participate in it.

He couldn't help but call to congratulate her. "Qiqi, you're really beautiful tonight. I saw it on the live broadcast. The dress suits you very well. It's so elegant and perfect... Congratulations on becoming the queen of the headlines!"

Gong Jue's eyes turned cold when he saw Chu Junmo's call.

When he heard Chu Junmo praise Gu Qiqi for being perfect, he snorted coldly. "That's the dress I chose!"

However, after being praised by Chu Junmo for the beautiful dress, he had the urge to tear it apart immediately.

Gu Qiqi chuckled. "Thank you for your praise, Brother Chu. How's your body? Are you recovering well? You have to tell the nurse to apply more of the medicine I brought you last time. This way, your wound will heal faster and there will be less sequelae..."

There was a moment of silence on the other end of the line.

In the next second, Chu Junmo replied faintly, "They were too rough. I was unwilling to let them touch me."

Chapter 1066: Master Jue Pretending to Be Drunk

The moment Chu Junmo said this, Gong Jue exploded in the next second.

Damn, Chu Daiyu was doing this again?

Are you addicted to acting weak?

Gong Jue clenched his fists. He wished he could punch that shameless man through his phone.

Hmph, if you dare to pretend to be weak and covet my woman again, I'll... act even weaker than you!!!

Indeed, Gu Qiqi's tone was a little pitiful. "Why don't I help you find a nurse who's familiar with the technique? The wound is very tender. If one's hand is too rough, it will tear. Seriously, they don't know how to be gentler to you..."

Chu Junmo thought to himself, It's not that they don't know how to be gentle, but... I just want you to touch me.

Gu Qiqi suddenly thought of someone. "By the way, my classmate, Xiaolan, is not bad. She's very enthusiastic. She was especially experienced in taking care of her father's cancer some time ago. Why don't I ask her to help take care of you..."

Gong Jue was in a good mood.

Well, a wife knows how to behave.

Just let Xiaolan go!

At most, he would pay the salary!

However, as expected, Chu Junmo decisively refused. "No, Qiqi, your studies are more important. I heard that the final exam is coming soon, so you should hurry up and study. I... will endure it myself."

Gu Qiqi felt even more guilty when she heard that. "Brother Chu, I'll visit you when I have time..."

Chu Junmo pursed his lips in relief. "Alright. When you're free, we'll discuss how to promote the award-winning beauty treatment in this competition. Many manufacturers have already come knocking on our door. Qiqi, you're going to become a popular female miracle doctor in the business world..."

Gu Qiqi smiled. "You know, Brother Chu, I'm not magical. You can decide on business matters. Just give me a little money to spend."

Chu Junmo said, "Of course not! This is a project between the two of us."

He emphasized the words "the two of us" and continued, "In the future, the decision-making and the direction of the company's development will require your participation. By the way, Qiqi, in order to better promote Chinese medicine and participate in international competitions, I plan to register a new pharmaceutical factory that specializes in producing our medicinal herbs. What do you think the name should be?"

Gu Qiqi said, "I don't have any experience in this. It's all up to you, Brother Chu."

Chu Junmo suggested, "Junqi Pharmaceuticals... What do you think?"

Junqi Pharmaceuticals?

Well, that sounds rather grand.

Gu Qiqi agreed without thinking. "It's quite smooth. I think it's not bad."

Jun... Qi?

Gong Jue eavesdropped from the side, and his handsome face turned even colder.

What do you mean?

Why didn't it sound nice to him at all?

What the hell was this?

Besides, something didn't feel right!!!

Only Chu Junmo was filled with joy as he silently chanted, “Junqi, Junqi, Junqi, Junqi... I can’t wait.”

Qiqi, we can finally be closely connected.

Qiqi, wait for me. I will use my strength to prove that I’m more suitable than Gong Jue to protect you and accompany you!

Gu Qiqi hung up and realized that Gong Jue’s expression was a little off.

She thought he was angry and carefully adjusted her tone. “Brother Chu is a patient so I talked to him for a while. I don’t have time to visit him at the hospital anyway. If I hang up on him again, it would be too unkind, don’t you think? You can understand that, right? Our chief is the most humane and magnanimous...”

The free praises and hot flattery kept hitting Gong Jue.

However, Gong Jue’s expression didn’t seem angry. Instead... Why did he look a little uncomfortable?

Gu Qiqi felt guilty. Could it be that her call to Brother Chu had angered Gong Jue?

On closer inspection...

No, why did Gong Jue look a little... drunk?

Chapter 1067: Am I Not Good at Kissing?

Gong Jue’s face was slightly red as he looked at her with narrowed eyes.

She thought he looked grim. In fact, he looked a little confused.

She sniffed the air, and the faint smell of champagne wafted through the car.

Gu Qiqi’s heart skipped a beat. “Gong Jue, did you drink a lot of champagne at the celebration banquet just now?”

Gu Qiqi recalled that many people surrounded Gong Jue and wanted to toast him. The cold and aloof chief originally rejected them, but she was also surrounded, so she didn’t notice if he rejected them to the end or if he really drank them all...

Gong Jue didn’t answer her. Instead, he leaned closer to her and said in a hoarse voice, “It’s very fragrant. I still want to drink...”

As he spoke, he actually buried his head in her neck and kissed the tender spot on the back of her neck.

Gu Qiqi’s face turned red.

Fortunately, Special Assistant Lu, who was in the driver’s seat, had already silently closed the partition between the front and back rows. He was praying that these two would develop their relationship and kick the male mistress out...

Gu Qiqi’s neck felt itchy as she gently pushed Gong Jue. “You’re drunk, Gong Jue.”

“I’m not drunk!” Gong Jue said in a muffled voice as his large palm wantonly roamed over her body.

Gu Qiqi was helpless. "Drunkards never admit that they're drunk. Seriously."

She fumbled out the hangover pills, fed him one, and supported him with her hand.

Fortunately, Gong Jue only touched her and didn't really do anything too embarrassing to her.

They traveled in silence.

Back at the hospital.

The boy was waiting excitedly at the door of the ward.

As soon as he saw Gu Qiqi helping Gong Jue back, he exerted strength in her short legs and ran up to hug Gu Qiqi's thigh. "Big Sister, you're finally back! I miss you so much!"

When Gu Qiqi saw how clingy the little packrat was, she was indescribably satisfied. In an instant, her heart almost melted.

Oh God, her maternal love was going to overflow...

She threw Gong Jue on the bench by the door and freed her hand to hug the little packrat. "You missed me. How should you express your longing?"

The little boy's face was flushed red.

He closed his big eyes and kissed Gu Qiqi's face. "Is this okay?"

Gu Qiqi pretended to be serious. "No."

The boy was confused and cautious. "Miss, is my kissing technique bad? I'm sorry, I'm too young and inexperienced. I've never kissed anyone before..."

Then, as if he had made a decision, he said forcefully, "But I can study hard! And... and I can practice hard. I must satisfy you more and more each time!"

"Pfft..."

Gu Qiqi almost couldn't hold back her laughter.

Were all children so cute these days? Or was the little boy especially rare?

Why couldn't she love this little guy enough? She loved him when he was arrogant, and when he was stupid and cute. She loved him more than her own flesh and blood.

The biggest reason why she couldn't bear to leave Gong Jue was because of the little packrat.

She curled her lips slightly. "Yes, it's not that your skills are bad, but the number of times is not balanced. You only kissed Sister Qiqi's left cheek and not her right cheek. It's too unfair."

She stifled a laugh, feeling like a big bad wolf trying to bait a child.

Was she too bad?

But the boy was enjoying it. His big black grape eyes were shining. "Really? Can I really kiss you again?"

“Of course!”

A loud kiss filled the hallway.

The little packrat was satisfied, leaving glistening saliva on both sides of Gu Qiqi’s face.

Gong Jue was burning with jealousy!

Chapter 1068: How to Bathe Gong Jue

At this moment, Gong Jue was left alone on the bench at the door of the ward as he watched the little packrat kiss Gu Qiqi.

Seeing that Gu Qiqi only cared about the little packrat but left him alone, he couldn’t be bothered to complain.

But the little packrat had come up with a mushy “I miss you” and even dared to take the initiative to hug and kiss her. What the hell was this?

When did this brat become so good at flirting?

Not only did he kiss her once, he even kissed her twice!!!

Damn, he hadn’t even gotten this treatment yet.

Gong Jue was very unhappy. He clenched his fists and wanted to snatch Gu Qiqi back.

But on second thought, that wouldn’t do. He was pretending to be drunk like Chu Daiyu.

How could he do it?

Wouldn’t that give it away in a second?

How could he continue to take advantage of stupid women in bed tonight without anyone knowing?

This was a rare chance as her relatives weren’t home!

Gong Jue suppressed his anger.

Unexpectedly, the little packrat suddenly noticed Gong Jue sitting beside him. “Daddy, what’s wrong?”

Only then did Gu Qiqi remember that she had been kissed by the little packrat and had completely ignored a certain man.

She couldn’t help but feel apologetic. She put down the boy and supported Gong Jue again. “Your father is drunk. I’ll take care of him to rest first...”

The boy said suspiciously, “That’s not right. Papa never gets drunk...”

Gong Jue’s heart skipped a beat.

Little brat, not only did you steal my woman, you even want to expose me!

Gong Jue beat her at her own game. He burped and hugged Gu Qiqi's waist with both hands. He muttered in a muffled voice, "Drink with me again... Hurry up and give me champagne! Otherwise, I'll beat someone up!"

Gu Qiqi looked at the little packrat helplessly. "Looks like he really drank too much today and started acting crazy..."

The boy pursed his lips and studied his father. Something was wrong.

Gu Qiqi was worried about Gong Jue's health and had already started to discuss with him. "Little boy, let's talk tomorrow, okay? Your daddy really needs to rest. Oh right, this is a gift from Auntie."

The boy was disappointed.

However, when Gu Qiqi handed the gift to him, his eyes lit up again. "This is... a tool for repairing mini robots!"

He saw a set of very mini repair tools, all made of good steel. There were small scissors, small knives, small screwdrivers...

Each of them was as small as a needle. However, they were very handy for small hands like the little packrat.

No wonder the little packrat thought of repairing the mini robot in a second. This tool was very small!

Gu Qiqi's lips twitched. "Yes! You can repair robots too!"

This set of tools was a carefully crafted surgical tool model from the world's best medical device manufacturer.

If the designer knew that the little packrat was using it to repair robots, he would probably cry.

However, it was fine as long as the little packrat was happy!

Finally, holding the gift, the boy reluctantly returned to his room to rest.

Gong Jue was already smug as Gu Qiqi helped him into the ward.

The softie wins at the end of the day!

Gu Qiqi helped Gong Jue onto the bed and started to worry.

How do you bathe a stupid man?

There was no way she could get him into the bathroom.

Special Assistant Lu had gotten off work. It was too late to disturb General Gong Qing, let alone ask the female nurse for help.

She was depressed. She thought to herself that her hangover pills had always been effective. Why didn't they work on Gong Jue?

Chapter 1069: Master Jue Regrets

When Gu Qiqi turned around and added a few more pills, she didn't know that Gong Jue opened his eyes a little on the bed and curled his lips slyly.

She helped to feed Gong Jue the medicine again before helplessly fetched hot water to wash him.

She took off Gong Jue's shirt and gently wiped his body.

The man's skin was actually very clean, but for some reason, he was sweating when she cleaned him.

Gu Qiqi muttered as she wiped, "Could it be that the air conditioner was too hot?"

Gong Jue closed his eyes and the veins on his forehead throbbed. Stupid woman, why are you so hot? Don't you know that it's very dangerous for your little hand to move around my body like this?!

In that second, he felt a twinge of regret.

Why did he hold back and not bully her when she said softly to him on the balcony of the celebration party that her period was already gone!

He even swore that he would hold it in until they got married.

Why was he so righteous and ethical?

See, you're suffering now, aren't you? You're suffocating, aren't you?

What retribution!

A promise felt good for a moment, but it was unbearable later!

Gong Jue was about to explode.

In fact, Gu Qiqi had also broken down.

She helped him wipe his sweat and wanted to stop. However, she was caught off guard and her hand was slapped!

Oh God!!!

It was horrible...

Wasn't the stupid man drunk? Why was he still excited?

However, on second thought, in medicine, being drunk could easily cause a certain level of excitement. Gu Qiqi didn't think too much about it.

She hurriedly wiped Gong Jue and changed him into a bathrobe.

After the ordeal, she was sweating instead.

Just as she was about to take a shower, Gong Jue reached out from behind and pulled her onto the bed!

What shower? Hurry up and accompany me to sleep!

Gong Jue was shockingly strong. Gu Qiqi was trapped in his arms and couldn't move at all.

At the thought that she was still sweating and would be sleeping without showering, Gu Qiqi couldn't help but struggle.

However, Gong Jue's nose burrowed into her hair. He felt that it smelled very good and refused to let go.

In the end, Gu Qiqi couldn't argue with a "drunk" person. She could only lie down in his arms and sleep...

Gong Jue hugged her in satisfaction and was secretly pleased. Chu Daiyu was inferior to him in other aspects, but this trick of pretending to be weak and deceiving a beauty was really useful!

Oh dear, the night was long. Where should he start nibbling...

The night passed uneventfully.

When she woke up in the morning, Gu Qiqi became very busy.

The World Medical Competition was over. Countless jobs and offers were waiting for her!

The reporters had blown up her phone and asked for interviews. The pharmaceutical companies had gotten her contact information from somewhere and asked for face-to-face meetings, not to mention the various schools, institutions, and radio stations that had invited her to give lectures...

She rejected them one by one, feeling exhausted.

One of the emails caught her eye.

That came from Bai Lang.

Bai Lang had been searching for Young Master Ye during this period of time.

Fortunately, she had hidden her whereabouts well and was not discovered at all.

However, when she went to Dige to look for Seven Leaf Flower, she had once left an email address for Manager Dige.

At this moment, Bai Lang had used this email address to contact "Young Master Ye".

He couldn't tell that the sloppy Young Master Bai could be so refined and elegant when he wrote letters—

"To my brother Xiao Ye:

Brother Bai misses Brother Ye very much today and has no one to share the joy of winning the championship trophy with. I miss Brother Ye even more... I hope Brother Ye can come and have a chat. I'll keep all the medicinal herbs for you for the time being and return them to you when I see you..."

Gu Qiqi coughed awkwardly.

Chapter 1070: Master Qi Has Too Many Dates and Master Jue Is Jealous

It was normal for Bai Lang to say something plain. Such awkward words were really not suitable for his playboy style.

He would usually just say, "Brother Ye, I miss you. Hurry up and come to my place to receive your award."

Wouldn't that do!?

Gu Qiqi originally didn't intend to pay attention to Bai Lang's words.

However, just as she read the letter.

Gu Qiqi suddenly remembered that Young Master Ye's championship gift was completely different from hers.

One of them looked like a small chunk of arctic cold stone.

Arctic cold stone was good for clearing heat and detoxification. It was especially suitable for Xiaobei.

Although it could not cure Xiaobei's eye disease, it could ease his pain.

She could forgo other expensive herbs, but she had to retrieve this cold stone.

"I guess I'll have to make the trip," she muttered.

Gong Jue opened his sleepy eyes. "Where are you going?"

Gu Qiqi's phone trembled. "Cough, cough, cough. It's nothing. I'm going to the Bai family to get something. I'll be back soon."

"The Bai family? You want to see that brat Bai Lang?" Gong Jue wasn't as adorable as usual. Instead, he was fiercely jealous.

How would Gu Qiqi know that he had woken up long ago? He stared at her slender back for a long time.

Even her changing her clothes was a feast for the eyes.

However, Gu Qiqi knew one thing very well.

Gong Jue had already made it clear that he didn't like Young Master Ye and Bai Lang fooling around. She had to quickly end this and not let Gong Jue, the jealous man, explode.

She put on a sweet smile and waved her phone. "I'm going to the Bai family to get Xiao Bei's medicine. Look if you don't believe me."

Gong Jue glanced at Bai Lang's awkward text and got impatient. He only hurriedly glanced at the words "prize medicinal herbs" and knew that Gu Qiqi wasn't lying to him. Only then did his expression improve.

Gu Qiqi struck while the iron was hot. "Besides, I'm so busy today. Many people asked me out. I can't even stay in the Bai family for two minutes! Look, Qiu Qiu and Xiaolan are also asking me out. Our team has to celebrate in private..."

As she spoke, she showed Qiu Qiu and the others' information to Gong Jue.

Gong Jue was very satisfied that Gu Qiqi was so honest. "Come back quickly."

Just as Gu Qiqi was rejoicing in her heart that the stupid man was so easy to deal with today and that two messages had actually suppressed his jealousy—

Gong Jue suddenly said again, “Wait!”

“Ah? What else?” Gu Qiqi’s heart trembled.

Gong Jue narrowed his eyes and said unhappily, “They clearly invited me too. Why didn’t you say so? Don’t you want me to go out and meet people?”

“Huh? Were you?”

Gu Qiqi read the message again.

Damn, she missed it.

In the middle of the message from Qiu Qiu, there was a sentence: “Master, remember to bring Mistress along!”

The corners of Gu Qiqi’s lips twitched a few times. Why was this stupid man so self-aware that he actually took on the role of a mistress?

She spoke reluctantly. “I know you don’t like crowds, and you certainly don’t like eating with people you don’t know.”

Gong Jue said calmly, “Who said that? I like crowds. Besides, I know all those brats.”

Gu Qiqi said, “But you have a noble status. Those brats invited me to eat at roadside stalls...”

Gong Jue said, “It’s not like I haven’t eaten at roadside stalls before. Remember the first time you treated me to a meal. Didn’t we go to a roadside stall? How dare you say that?”

Gu Qiqi was speechless.

It was the truth!

The first time she invited him to dinner was at a roadside stall to eat spicy skewers...
