

## Dear Chief 1091

### Chapter 1091: Dead People Don't Pretend to Be Wronged, Let Alone Cry!

No matter how gentle a woman was, she would be furious when her precious child was attacked!

Mother Qiu shed tears of heartache. "Mommy will go and reason with your father! That mistress went too far and hit my son. She even pretended to be aggrieved and said that my son hit her. How dare she..."

Qiu Qiu's eyes turned red as well. "Mommy, I just hope that you won't be affected by that shameless old man who cheated on you! Let's leave them, okay? We can only rely on each other. At most, we can just abandon all our assets and sign that divorce agreement. I'll support you in the future..."

Mother Qiu hugged him and cried out, "I don't want you to suffer with me in the future. You haven't graduated from university and studying medicine requires a lot of money. I'm too incompetent. It's my fault. I don't have the ability to support you and still need your father to run the company..."

Listening to the mother and son's conversation, Gu Qiqi raised her chin at Gong Jue and said in a low voice, "Do you understand now? This is the outcome of your simple and crude method of dealing with the mistress. The mistress will turn around and pretend to be aggrieved. She will run to the man and cry. The man will pity her even more! Mother Qiu and Qiu Qiu will be in even more pain!"

Gong Jue said coldly, "Then kill her directly! Dead people won't pretend to be wronged, let alone cry!"

Gu Qiqi shivered. This man was really simple and crude to the extreme.

She glared at him angrily. "It's even worse if she's dead. Did you know that Daddy Qiu is obviously very close to the mistress? Now, she's just a mistress. If she's dead, that man might treat her as his dead wife! From then on, he will hate Mother Qiu even more thinking the mistress died because of Mother Qiu! This thorn will never be removed!"

Gong Jue was depressed. "I can't fight or kill. Then what do you think I should do?"

Gu Qiqi curled her lips. "I think Mother Qiu still has some feelings for Father Qiu and wants to protect this marriage. Although I personally don't agree to keep a scumbag, seeing that she's so loving and good to Qiu Qiu, I also understand her painstaking efforts to protect this marriage. She wants to fulfill this complete family. In that case..."

She stepped forward. "Hello, Mother Qiu," she said gently.

Only then did Mother Qiu look up and notice a room full of classmates. "Qiu Qiu, these are..."

Qiu Qiu wiped the corners of his eyes and quickly introduced, "Mommy, I've mentioned this to you many times. Master Qiqi is very powerful! This is my mistress... Oh no, Master Jue! This is Senior Brother Bei Mingtian and this is Xiaolan..."

Qiu Qiu finished introducing them one by one. "Mommy, it's all thanks to their help just now, especially Master Jue. He directly beat those hooligans until they didn't even dare to fart. Otherwise, our shop would have been smashed into ruins today."

Mother Qiu nodded gratefully. "I'll make you guys something delicious... I used to be a famous chef!"

Gu Qiqi thought to herself, Auntie, we understand. From you and Qiu Qiu's figures, we know that you're a gourmet.

But now there was something more important than food!

"Auntie, do you trust me? If you do, I'll help you get your husband and family back and make that mistress disappear automatically!" Gu Qiqi went straight to the point.

Mother Qiu's eyes lit up.

However, they immediately dimmed again. "How is that possible? He was so obsessed with that woman that he ignored us. He said I was a fat old woman and Qiu Qiu was a fat fool..."

### **Chapter 1092: Divorce! Rebirth after a Death Sentence**

Gu Qiqi frowned. She hated those flirtatious b\*tches the most. They used a woman's figure and appearance to attack people.

Her face and body were given to her by the heavens. Why should she attack others?

Moreover, Mother Qiu was a little fat, but it could be seen that her bone structure was very good. She had delicate features and a kind face. As long as she was kind, she would have natural beauty. As long as she lost a little weight, she would be a beautiful woman.

Gu Qiqi's eyes darkened. "I have a way. Don't worry, as long as you trust me!"

Mother Qiu lit up with hope again. "Really? Young Lady Qiqi, as long as I can protect Qiu Qiu and maintain a complete family, I'm willing to listen to you!"

Qiu Qiu looked at Gu Qiqi and was enlightened. "Master, don't tell me you want to use beauty techniques on my mother?"

The students beside him nodded repeatedly.

Gu Qiqi had just won the World Medical Tournament. On the night of the championship, they were competing in beauty techniques.

If Gu Qiqi used beauty techniques to modify Qiu Qiu's mother...

It sounded quite exciting.

Yet.

Gu Qiqi surprised everyone!

Gu Qiqi said calmly, "I hope you can get a divorce immediately!"

What?

Divorce?!

Qiu Qiu said in a trembling voice, "Qiqi, I understand that you have good intentions and want my mother to be independent and leave the scumbag. Actually, I also want her to get a divorce, but..."

But if divorce was so easy, Mother Qiu would not be in such pain.

Wasn't it because she couldn't let go of that cheating scumbag and that broken home?!

Mother Qiu had a bitter expression. "Young Lady Qiqi, I... It's very difficult for me to get a divorce immediately..."

Gu Qiqi narrowed her eyes. "Let's have a rebirth after a death sentence. Mother Qiu, only by ending this mess can I make the next step of your plan. Don't worry, I already know that you want for this family. I won't let your family fall apart. Divorce is a means, not a goal. If you believe me, divorce him immediately!"

Mother Qiu glanced at Qiu Qiu inquiringly.

Qiu Qiu thought for a moment and nodded decisively. "Mommy, trust Master Qiqi! Master has never promised anything that she can't do. Besides, we're at our wits' end anyway. Now that this small bistro has been discovered by that mistress, she definitely won't let us live in peace. Instead of fighting with her on tenterhooks every day, it's better to end it!"

Mother Qiu's eyes reddened.

The word divorce weighed too heavily on her, a traditional woman.

However, Qiqi was right, and so was her son.

She really had no leverage or confidence in this marriage.

If she didn't get a divorce, she could only let the scumbag and the mistress humiliate her endlessly...

She took a deep breath. "Okay, I agree."

She would trust these young people for once!

Since her life was already in tatters, what was one gamble?

After receiving Qiu Mama's authorization, Gu Qiqi immediately called Mu Tianyu. "Brother Tianyu, there's another case! Please follow up personally. This is a divorce case. My request is to quickly agree to a divorce. The company will belong to the man and the real estate will belong to the woman... How to persuade the man to agree to give up the real estate property will depend on your ability! Thank you, Brother Tianyu!"

Gu Qiqi hung up and met Gong Jue's gloomy face.

Just now, she kept calling him brother on the phone, making Gong Jue very unhappy!

### **Chapter 1093: Scheming Against a Scumbag!!!**

Gu Qiqi reacted and quickly smoothed the large dog's fur. "Ahem, um, Brother Tianyu... Ahem, ahem, ahem, he's my partner... I'm just discussing business with him. Nothing else!"

Yet.

Gong Jue's expression didn't improve at all.

A business partner? That was even worse. She was actually addressing her business partner as brother or sister. What did that look like?!

Did the stupid woman deserve a beating?

Realizing that she had failed to pacify the large dog, Gu Qiqi racked her brains. Suddenly, she had an idea and blurted out, "Mu Tianyu is Xiao Ning's fiancé! Xiao Ning will marry him after graduating from university! Speaking of which, he's my brother-in-law! We're family. Haha, we're family!"

Gong Jue's expression improved slightly.

That man was Xiao Ning's fiancé?

Well, he almost forgot.

He was taken, right? That's more like it.

Gong Jue waved his hand. "Approved! Let him be in charge of Qiu Qiu's divorce case."

Gu Qiqi heaved a sigh of relief. Oh my god, why did she feel like she was accompanying a tiger?

No. What was a tiger?

It should be the feeling of accompanying a large vinegar jar. If she wasn't careful, she would be smashed to death by the vinegar jar...!

On the other side, Gu Qiqi quickly assigned them a lawyer for the divorce case. She put down the phone and started to comfort Qiu Qiu and his mother. "The most valuable thing in your family now is the company's shares. Listen to me. Don't take a single cent of the shares. As long as it's real estate, it's fine. You have some villas and apartments, right?"

Qiu Qiu nodded. "Yes, there are three villas, five foreign-style apartments, and ten acres of homestead in the countryside. We were preparing to build our own resort and haven't started construction yet. However, Qiqi, these real estate properties aren't easy to sell. In the past few years, the real estate market hasn't been doing well, and their value has been falling. However, the company is thriving, and the shares receive more than 30% of profits as the dividends every year! Why are you fighting for the real estate and not letting my mother take the shares of the company?"

Gu Qiqi said calmly, "Your train of thought is wrong. Don't look at the present. You have to look at the long term. Real estate is the best investment. As for the company... it might close down at any time and be in debt!"

Qiu Qiu did not understand. "My father's company is very profitable. It's because of this that he became so smug. How will he go bankrupt and get into debt..."

Gu Qiqi didn't explain further. "Just listen to me."

Mother Qiu was very open-minded. "Since we trust Young Lady Qiqi, don't ask why. Leave everything to Young Lady Qiqi. This is complete trust."

She didn't care that much about money herself. All she wanted was a complete home.

Gu Qiqi was filled with emotions.

Qiu Qiu's mommy was really open and trusting.

That was as good as it was bad.

When she meets a scumbag, this would become a flaw; when she meets her, this would be an advantage.

After all, she had been reborn. As long as Qiu Qiu's mother trusted her and she pointed out her investment direction, it would be easy for her to earn money.

No one present knew that in the next few days, the presidential palace would introduce a real estate purchase restriction policy.

Land and property in the imperial capital would become very scarce resources.

The property prices in the imperial capital would soar because of this policy!

House prices double overnight?

No, no, no. That's unimaginative.

Due to this change in policy, the housing prices in the imperial capital would rise by five times overnight!

What does that mean?

A pharmaceutical company with the best development also had a profit margin of 20 to 30%.

This company had to work for a full 25 years before it could barely catch up to the overnight increase in property prices!

The managers also had to ensure that the company continued to be outstanding and have the ability to make money. There also had to be no interference from financial crises, industry tests, personnel mobility, exchange rate changes, and other factors.

However, no one knew about this policy.

Only she could firmly grasp this opportunity because of her advantage of rebirth and fight for a comeback for Qiu Qiu and his mother!

Well, it could also be said that she had used the advantage of her rebirth to plot against the scumbags...

#### **Chapter 1094: Master Jue's Scheming Intentions Have Been Seen Through**

Ever since her rebirth, Gu Qiqi rarely used the information advantage of her previous life to do anything. Most of the time, she used her medical skills to open up a new world.

But now that Qiu Qiu's family was in an urgent situation and she happened to know about the rapid increase in the value of real estate, she naturally had to spare no effort to help her disciple!

She didn't have any other good points, but being protective was number one!

But how is that enough to plot against a scumbag's property?

Of course she had a backup plan...

= = =

Gu Qiqi called Mu Tianyu over and discussed the details of the divorce agreement with Qiu Qiu and Mother Qiu upstairs.

The rest of them continued to sit around the table where they had the drinking games.

Without Gu Qiqi's participation, Gong Jue wasn't in the mood. He only held his wine glass and drank.

He accepted every toast that was offered.

Unknowingly, another pile of empty wine bottles appeared in front of him...

When Gu Qiqi and Qiu Qiu discussed the details of the divorce and came downstairs, Gong Jue stood up immediately.

He took a step with his long legs and carried Gu Qiqi down the stairs!

Wow!

There were murmurs of envy.

Even Mother Qiu was distracted for a moment.

When she was younger, when she was still slim and her husband was still courting her, had she not been treated like this before?

But now, she was old and fat... It was really sad to think about it.

Looking at Gong Jue's love for Gu Qiqi, she couldn't help but admire and envy them even more.

Gu Qiqi patted Gong Jue's arm. "Alright, put me down. It's not like I don't have feet!"

Gong Jue refused to let go. He hugged her even tighter and deliberately glanced at Mu Tianyu, who was still on the stairs.

When he realized that Mu Tianyu was focused on holding onto the stairs while still carefully reading the contract in his hand through his glasses, he knew that this man was stubborn. He was focused on studying the law and had no ulterior motives towards his little woman.

His mood improved and he smiled. "Your feet are tired from walking all day. I'll rub them for you."

As he spoke, he really pinched Gu Qiqi's ankle in public and rubbed it gently and professionally.

Wow!

This time, everyone clicked their tongues twice as loudly as before!

Perhaps there were many men who doted on their girlfriends in public and hugged them, but men who were willing to massage their girlfriends' feet in public were definitely rare!

Gong Jue didn't care at all. As he massaged his wife's feet, he carried Gu Qiqi out of the door.

Gu Qiqi only had time to say "see you later" to everyone. Moreover, she saw a large pile of empty wine bottles on the table...

Gong Jue had already carried her back to the car.

The space in the car was small, and the smell of alcohol on Gong Jue's body became stronger.

Gu Qiqi thought of so many empty wine bottles and was a little worried. "Gong Jue, you drank a lot of wine just now, right?"

Gong Jue started the car indifferently. "Not much. Just one or two catties..."

One or two catties?!

And you say it's not much!

A few catties could kill you, okay?'

She rubbed her forehead frantically. "Do you know that if you keep getting drunk like this, it'll hurt your body?!"

As a doctor, she was adamantly opposed to excessive drinking!

Gong Jue didn't care anymore. "I've never been drunk before! Even if I drink another two catties, I can drink it like water!"

There seemed to be a special active enzyme in his body that could digest alcohol. Anyway, drinking was really a little like drinking water to him.

Gu Qiqi was speechless.

You never get drunk, do you? You're lying!

However, on second thought, that was not right.

During the celebration party last night, Gong Jue didn't drink as much as he did today. Moreover, it was only champagne with a very low alcohol content. Why was he so drunk the moment he returned home?

He still had to rely on her to wipe his body and was messing around...

### **Chapter 1095: He Will Kneel and Beg You To Remarry!**

Gu Qiqi reacted in a second!

Damn! Gong Jue wasn't drunk last night. So he was pretending?!

It turned out that he could hold his liquor so well that he would not get drunk at all.

Gu Qiqi immediately pouted. “Why did you pretend to be drunk last night, huh?”

Not only did he make her move his heavy body, but he also made her suffer along the way. She was so shy when she wiped his body...

Before Gong Jue could answer, she realized the answer.

Damn, the stupid man was doing it on purpose. He wanted her to wipe his embarrassing parts, right? He just wanted to see her embarrassed!

“Gong Jue! You’re too bad!!! And childish!!!”

Gu Qiqi clenched her fists in protest.

Gong Jue felt guilty after being seen through, but he didn’t show it on his face. “Don’t move. You have to be careful when driving. Follow the traffic rules. It’s not good to be loud!”

Gu Qiqi was speechless.

Hmph, don’t even think about using this trick to trick me into wiping your body again!

Gong Jue rubbed his chin.

Sigh, it would be even harder to pretend to be weak to coax this stupid woman into taking the initiative to serve him in the future.

It seemed that Bachelor Chu’s ultimate move was not so effective.

= = =

Gu Qiqi quickly received the results of the divorce idea she gave Qiu Qiu’s mother.

The next morning, Qiu Qiu’s mother called excitedly. “Qiqi, he really agreed to the divorce! He took away the company and threw those worthless houses and land to me. He even said that it was charity for beggars and told us not to ask him for alimony in the future! I finally see how heartless this man is!”

Qiu Qiu’s father originally did not want to give a single cent to Qiu Qiu’s mother. However, after Mu Tianyu’s powerful persuasion, he made a concession in order to sleep with his mistress as soon as possible!

That was what Mu Tianyu had analyzed for him—

“President Qiu, if you don’t agree to this condition, our client won’t agree to the divorce. Your company income will still be the common property of husband and wife, and we’ll still enjoy half of it! Moreover, even if it’s brought to court, you’ll have to share half of your assets. Not to mention, it’s not that easy for the court to decide on a divorce. It’s not impossible to drag it out for three to five years, or even eight to ten years. After all, it’s hard to prove that a couple’s relationship is broken... Do you think we should agree to this condition now or drag it out slowly?”

Mu Tianyu’s expression was clearly threatening!

Seeing Father Qiu considering it, he immediately brought out a second trump card.

He threw the video of the mistress causing a scene in the bistro yesterday with the hooligans and smashed it onto the table. "Sign it based on our conditions and I'll return this video to you. If you don't sign it, I can't guarantee how the reporters will write about this woman's reckless news tomorrow! I can't promise that the police will take this woman away to interrogate her for destroying other people's property..."

How could Qiu Qiu's father bear to let his delicate and coquettish mistress sit in a cell?

After being persuaded by two reasons, Papa Qiu Qiu obediently signed.

Qiu Qiu's mother didn't know whether to be happy or sad.

This man was so eager to leave her. Was there still a need for her to ask him to stay? Could the broken mirror she'd been looking forward to be restored?

Gu Qiqi told her firmly over the phone, "Yes! I promise that in less than three days, he will cry and kneel down to beg you to remarry!"

Gu Qiqi's firm words of comfort reassured Qiu Qiu's mother.

In an instant, tears welled up in her heart!

"Qiqi, thank you... Thank you for not laughing at me for wanting him to stay... You even spared no effort to help me. You didn't mind that my Qiu Qiu was fat and ugly and took him in as your disciple..."

#### **Chapter 1096: Gong Jue, Will You Cheat In The Future?**

Gu Qiqi held her forehead. "Auntie, I don't think you're ugly at all...! If you're fat, you're slightly fatter. However, as long as you persist in edema and adjust your spleen and stomach, you'll see the effect in less than half a month! It's not difficult to lose weight. It's important to persevere and have a mentality!"

"Alright, Qiqi, I'll listen to you!" Qiu Qiu's mother nodded gratefully.

Gu Qiqi hung up and looked at the man who was reviewing the company's report with mixed feelings.

The incident at Qiu Qiu's house had refreshed her opinion of the scumbag and the mistress again.

They were so arrogant as scumbags and mistresses these days.

They were simply bullying the first wife to death.

Unable to resist, she reached out and stroked Gong Jue's dark, short, stiff hair.

Gong Jue looked up. "What are you doing?"

Gu Qiqi's big eyes flashed. "Gong Jue, will you cheat when you get married in the future?"

Gong Jue's eyes darkened. "Our Gong family members will only marry one wife in our lifetime!"

Gu Qiqi curled her lips. "Before Qiu Qiu's father got divorced, he also had one wife. But that didn't stop him from fooling around with mistresses outside!"

Gong Jue frowned. "Can that kind of scumbag be compared to me?"

As he spoke, he suddenly put down his fountain pen and hugged Gu Qiqi's small waist tightly. He leaned close to her ear. "Do you want me to promise that you'll be the only woman in my life, hmm?"

Gu Qiqi's face flushed red!

Why did such a serious question become indecent in Gong Jue's mouth?

However, on careful thought, Gong Jue's words made sense.

Actually... that was what she meant.

Gong Jue smiled proudly. "Then I'll tell you now—I'll only do..."

Gu Qiqi struggled to escape. "No, no, I'm not listening anymore..."

Gong Jue curled his lips and raised his voice. "I know some shameless men. Even if their wives are as beautiful as fairies, they still have to pounce on them and lick the feces they haven't eaten outside... But you can rest assured that I'm different from them. I love the food at home..."

Gu Qiqi pouted and said angrily, "Y-You mean that I'm..."

That she was the family shit?

In the next second, Gong Jue continued calmly, "I love to eat that steaming hot buns at home!"

1

As he spoke, he looked at Gu Qiqi's chest!

Gu Qiqi crossed her arms.

She shouldn't have asked Gong Jue such a question.

Gong Jue would definitely turn all the questions into shameless answers in the end.

Although, if one savored this shameless answer, it was quite sweet...

= = =

One day passed...

Two days passed...

Soon it was the morning of the third day!

Qiu Qiu's mother followed Gu Qiqi's instructions and insisted on taking medicine to nourish her spleen and stomach. She insisted on exercising and ran until she was drenched in sweat in the gym every day before returning home to take a shower and rest.

Her weight actually dropped by three catties a day!

She didn't have a diet at all!

It had to be known that losing ten pounds in three days was a very significant effect. A 150-pound fatty and a 140-pound fatty were simply people from two different worlds. Their clothes were a size smaller, and they were much more energetic. They walked like the wind.

However, there was still no news of the scumbag.

But Qiu Qiu's mother suddenly had a thought... Even if her husband did not remarry her, she did not seem to care so much anymore.

She was even more looking forward to losing 110 pounds to regain her youth and going out to work in style!

It gave her more motivation than looking forward to salvaging a broken marriage.

She even felt that Gu Qiqi's promise to let her remarry and get her a complete family was really just a kind consolation. In fact, it was to motivate her to lose weight and remake herself... Young Lady Qiqi had really put in a lot of effort. She felt even more grateful.

Just when she had almost given up any hope of remarrying, she went out that morning and...

She found a man kneeling at the door.

#### **Chapter 1097: A Scumbag Kneels and Repents!**

Qiu Qiu's mother winced.

The man in front of her had messy hair and a beard that had not been shaved for a long time.

The clothes on his body seemed to have been worn for a few days without changing. There was a suspicious musky smell.

At first glance, she barely recognized the man.

Of course, the most shocking thing was still this man's shocking kneeling!

He obviously didn't just start kneeling. He had been kneeling for some time.

When he heard her push open the door, the man looked up in surprise. He wiped his snot and took a deep breath. "Wan'er..."

When he heard her push open the door, the man looked up in surprise. He wiped his snot and took a deep breath. "Wan'er..."

But how many years had it been since she'd heard that intimate form of address?

I don't think I've heard it since Qiu Qiu was pregnant nineteen years ago, have I?

Back then, she had escaped death from the birthing bed and dragged herself down. She had thought that she would face the beginning of happiness.

Unexpectedly, although the man felt that giving birth to a son was very honorable, he quickly realized that it was too troublesome and tiring to take care of the child. He began to be unwilling to go home.

She was left alone in the confinement period with a sore back, but she still had to force herself to get out of bed. She soaked in cold water to cook, wash, and feed the baby. She was so tired that she did not have the energy to fix her appearance.

As the child was young, he often fell sick and had a fever. In the middle of the night, she brought the child to the hospital alone to see the emergency department. When she returned, she was hugging the child all night.

Not to mention that she had to personally organize all kinds of gifts for his elders during the holidays. She had to bring her child back to the countryside to visit his grandparents...

Tired? Of course she was!

What happened when a man just gave up? Only a woman could endure it!

For the children, she had to endure it!

As she endured it, dark circles appeared under her eyes. She looked haggard. She was afraid that if she ate too little, she would not have the strength to carry the child and would collapse.

Slowly, the fair and graceful lady became a fat old woman...

The man was even more reluctant to go home. It was even more impossible to call such a fat, haggard face an affectionate "Wan'er."

At this moment, when Jiang Rouwan heard the word "Wan'er" that she had not heard for more than ten years, she thought that she would be very excited. Unexpectedly, she was only surprised for a moment. A hint of bitterness flashed across her heart, and she did not feel anything else.

Jiang Rouwan did not answer.

Father Qiu Qiu was anxious.

What did this woman mean?

He went in a hurry to find Lawyer Mu.

Didn't Lawyer Mu say that as long as he sincerely begged, Jiang Rouwan might agree to remarry?

He was already on his knees. Wasn't he sincere enough?

He suppressed his impatience and forced a smile. "Wan'er, I know my mistake. Are you still not going to forgive me?"

Jiang Rouwan was stunned again.

The scumbag was mistaken?!!!

Only then did her heart beat wildly.

It seemed that everything was really developing in the direction Gu Qiqi had expected.

The scumbag had come to her. The scumbag had knelt down and admitted his mistake. Will the scumbag ask to be remarried next?

Will he

She bit her lip. "Where did you go wrong?"

Qiu Qiu's father lowered his eyes and was a little dejected. "I was wrong for being bewitched by the flirtatious woman outside. I was wrong for not knowing that she was only after my money and didn't love me at all. I was wrong for letting you down. I was wrong for letting my son down. I... I was wrong for divorcing you! I was wrong! Very wrong! Wan'er, I regret it. I want to ask you to forgive me. Please let me correct my mistake! Marry me again!"

### **Chapter 1098: Men Change Their Faces So Quickly**

Remarry!

The word really poked at her!

Everything was exactly as Gu Qiqi had promised.

As long as she divorced him decisively, the scumbag would come begging for a remarry in no less than three days.

However, Jiang Rouwan suddenly realized that she couldn't be happy.

Just three days ago, she had been full of hope that her husband would repent and reunite with her.

However, now that her husband was kneeling at her feet, admitting his mistake with snot and tears, and begging her for forgiveness, she actually realized that her heart would not beat for him at all. She was not touched or expectant at all!

It turned out that the long-awaited return and repentance of her ex-husband and family reunion had really arrived.

Jiang Rouwan said calmly, "Why? Have you seen through the b\*tch's true colors so quickly?"

She had asked the question casually, but to her surprise, it evoked a wave of grief and indignation from Qiu Qiu's father. He wailed, hugged her calf, and started to cry.

"Honey, you don't know how cheap that b\*tch is! My company suffered a loss in an investment and was asked by the manufacturer to pay for the goods in advance. The company's turnover was just temporary. As long as I negotiated another large order, the funds would be transferred into my account very quickly. However, that b\*tch who was helping me with the finances and discovered the company's deficit. She actually had the intention to steal all the cash on the books. Originally, I only needed to make a turnover to tide over the difficulties. This time, it is impossible to save it. No company was willing to take my order! For three whole days, the company's share price plummeted as if it had evaporated. It had already reached the limit down. My ten million yuan is now worthless! Honey! Boohoo, it was all that b\*tch's fault!"

Jiang Rouwan said calmly, "So, you came back to look for me after losing everything?"

For a moment, Qiu Qiu's father did not react. He nodded vigorously. "That's right, I lost everything. That b\*tch ran away with a few million yuan and didn't even have a shadow. If the company doesn't have the

funds to save it, it will immediately enter a bankruptcy liquidation process and be completely destroyed... But as long as someone can give the company a loan of 20 million yuan, I guarantee that the company will immediately come back to life! Wan'er, I heard that the presidential palace has introduced a new property policy these few days. The value of our few houses has increased by five times. As long as we sell two or three of them, 20 million yuan will be at our fingertips!..."

Of course, in fact, those properties now belonged to Jiang Rouwan after the divorce and not "them".

Whether she would sell it or not was naturally up to Jiang Rouwan!

At this point, Qiu Qiu's father realized that he had revealed his motive too quickly and quickly stopped himself.

Instead, he continued to play the sympathy card. "Wan'er, you can't bear to see the company that the two of us worked so hard for go bankrupt, right? Even if you don't give me face, you have to think about Qiu Qiu. How is he fit to be a doctor? Doesn't he still have to inherit our company in the future? We have to leave him an inheritance!"

Ha ha!

Jiang Rouwan smiled bitterly. She really didn't know how to answer him.

Back then, when this man wanted a divorce, he refused to give her a single cent of his shares. At that time, why didn't he say that this was a company that the two of them had worked so hard for?

Back then, this man despised her for being fat and despised her for being stupid. He was insistent on having a better child with his mistress. Why didn't he say that this company would be inherited by his son in the future?

A man's face really changed faster than the sky.

### **Chapter 1099: Women Are Simple-minded**

Seeing Jiang Rouwan fall into deep thought, Qiu Qiu's father rolled his eyes and suddenly hugged her calf tightly again.

"Wan'er, if you don't remarry me, I'll die in front of you! Have you forgotten that at the wedding back then, you promised to love me for the rest of your life? No matter if I lived, died, or was poor, you didn't despise me. Now, you're still hesitating about remarrying me. Have you forgotten your promise? Have you forgotten our marriage vows?"

Yes, she had promised at the wedding that she would not despise her husband, whether he lived, died, or was poor.

But at the same time, hadn't her husband sworn that he wouldn't despise his wife, no matter if she grew old or died?

She only gained a little weight and looked a little haggard. She didn't know how to dress up, but he was already making a fuss about getting a divorce and raising a mistress. Why didn't he say that he'd broken his promise?

Indeed, not only did men change their expressions faster than flipping a book, but they never really admitted that they had made a mistake.

I suppose his apology just now was just a performance to fool me?

Jiang Rouwan's eyes turned sour again.

She suddenly realized that she was sober and not so easily coaxed.

Father Qiu Qiu realized that whether it was pleading, playing the sympathy card, or threatening to die, this woman seemed a little indifferent.

He panicked even more!

He really needed this 20 million yuan!

The company was going down. Without this woman's 20 million yuan, he would be destroyed!

In any case, he was willing to grovel.

However, it had only been three days, and this woman's heart had already become so cold?

He didn't believe it!

He had been married to her for twenty years. He knew her weakness best!

That would be... her son!

"Wan'er, let's think about Qiu Qiu and give him a complete family! Even if you won't forgive me, you should think about Qiu Qiu. Haven't you always wanted to give him a warm and complete family? Just fulfill this family and don't let it fall apart, okay? At most, I'll listen to you in the future, okay?" Qiu Qiu's father lowered his stance.

Now that he was down and out, he naturally knew the rules.

He knelt with sincerity and said it with sorrow.

Indeed.

Jiang Rouwan's weakness had been hit!

She could despair of the scumbag, but she couldn't ignore her son's feelings.

If they divorced, their son would become a child without a home...

Jiang Rouwan closed her eyes. "I'll... think about it."

Father Qiu Qiu hid a smirk.

Well, women are so simple-minded. They can be easily coaxed.

After he used Jiang Rouwan to get through this crisis, wouldn't he be able to do whatever he wanted?

They can always get another divorce!

In this day and age, if a man didn't divorce a few times, get a few more women and give birth to a few more sons with different genes, he would be too embarrassed to go out and mingle!

Although he was thinking this in his heart, Qiu Qiu's father did not show it on his face.

Instead, he got up and hugged Jiang Rouwan. "Wan'er, what are you thinking about? Let's go and get the certificate from the Civil Affairs Bureau..."

Jiang Rouwan said calmly, "Stay for dinner first."

This night.

Jiang Rouwan made dinner for her ex-husband and son.

At the long dining table in the villa, the family of three had not eaten together for many years.

Her ex-husband was unusually warm and her son was unusually cold.

Jiang Rouwan couldn't eat anymore after a few bites. She smiled and said, "My culinary skills have deteriorated."

As he spoke, she silently took out his phone, opened her contact list, and stopped at Gu Qiqi's phone number.

How strange.

Her ex-husband was begging her to remarry him, but she only wanted to chat with Gu Qiqi! She didn't want to chat with her ex-husband at all!

### **Chapter 1100: Bringing the Little Boy to Professor Brown's Event**

Her ex-husband immediately flattered her. "No! Wan'er's dishes are the best! I won't get tired of them even after twenty years! Also, Wan'er is getting prettier..."

He meant what he said at the end.

He was surprised to find that Jiang Rouwan had a waist today.

In the past, Jiang Rouwan was as fat as a pig!

Jiang Rouwan, who had a waist, looked really interesting. Although she was still fat, she looked more like a plump beauty instead of a fat woman!

How strange. Was there something else about the woman that had changed?

She was actually... feminine!

He thought that since he hadn't had sex with a woman for three or four days and the mistress had escaped with the money, he might as well come back and screw his ex-wife... Hehe, maybe it would taste different...

Qiu Qiu sneered and glared at the man, cursing in his heart. Old pervert!

On the other side, Jiang Rouwan had already walked to the balcony with her phone. "Qiqi..."

“Hello, Auntie!”

“Qiqi, call me Miss Jiang.”

“Okay, Miss Jiang. Why are you calling me at this time...?”

“He came back and knelt to me.”

Gu Qiqi said, “Yes.”

Gu Qiqi wasn't surprised at all.

This was all part of her plan.

She designed the divorce agreement and snatched the property that was destined to increase in value by more than five times. Then, she left the company to the scumbag. After she planned for the company to lose money and was on the verge of bankruptcy, she made the mistress think that the scumbag's career had collapsed. She couldn't help but steal some money and escape. Then, the scumbag had no choice but to come back and beg his ex-wife for help...

This was the perfect murder of a scumbag!

The scumbag kneeling down and begging to remarry was simply expected!

Except...

What was Jiang Rouwan's ending?

Gu Qiqi narrowed her eyes and waited for her decision.

“Qiqi, if I agree to remarry, will you look down on me?”

“Of course not!”

“But I feel that I'm very useless. I've clearly recognized his nature and know that he has no love for me and can only use me, but I still want to maintain this family and fulfill our promise from 20 years ago...”  
As Jiang Rouwan spoke, two streams of tears flowed silently.

When they got married, she wanted them to be together forever!

Who would have thought that twenty years later, when the child was all grown up, this man's ruthlessness would become more and more obvious!

Gu Qiqi said softly, “I respect your choice, Miss Jiang. I've helped you do everything I can now. The choice is in your hands. You have your own considerations no matter what you do. I won't make the decision for you because your life is yours.”

Only you can decide if you want to put yourself in front of a scumbag again.

Qiu Qiu's mother pursed her lips. “I understand. Thank you, Qiqi.”

She was about to hang up.

Gu Qiqi added softly, “Miss Jiang, let me give you a word of advice.”

Jiang Rouwan said, "Go ahead."

Gu Qiqi said, "I live for my own excitement, not for others."

After putting down the phone, Gu Qiqi saw that Qiu Qiu had sent a message. "Damn, my parents are preparing to go to the Civil Affairs Bureau to register their marriage and remarry tomorrow. Why do I feel as uncomfortable as if I've eaten a dead fly? Master!"

Gu Qiqi was disappointed.

Jiang Rouwan chose to forgive him. This was also a form of life.

At the side, Gong Jue glanced at her phone in disdain. "That useless woman took that scumbag back? There are too many weak women in this world. That's why that scumbag is so unrestrained!"

Gu Qiqi pursed her lips and said softly, "Don't underestimate women. Gong Jue, this isn't the end."

Gong Jue curled his lips. "I think that man has already eaten her to death!"

Gu Qiqi took a deep breath. "That's her choice. We can't live her life for her. Well, I'm starting to worry about the gathering tomorrow!"

Gong Jue narrowed his eyes. "You've been having too many gatherings recently! You make me see you much less!"

Gu Qiqi held her forehead. "But the banquet tomorrow is the most troublesome. Professor Brown invited us to go to his villa in the suburbs and even invited the little packrat! Do you think we should go?"
