

**Dear Chief 1191**

**Chapter 1191: She's More Like a Boy!**

Gu Qiqi stayed with Bei Mingtian for three days.

Seeing that the prince's wedding day was approaching, she studied the map.

The Treasure Pavilion had now been moved to the king's sleeping chamber, and the king's sleeping chamber was the most heavily guarded place in the entire palace. It was said that the dutiful General Yu Ye was in charge of guarding the king's sleeping chamber day and night.

The Tibetan Mastiff called "Big White" was also on guard duty!

If she wasn't prepared to sneak in, she would definitely be discovered, whether she was invisible or not.

Therefore, she did not leave her room for the past three days. She did not act rashly.

It was not until she heard that the next day was the wedding day of the prince that she was finally prepared to make a move.

The king would certainly have his hands full with the prince's wedding. More importantly, the most important defense troops of the day would be stationed near the wedding ceremony.

Then both the king's bedchamber and the Treasure Pavilion would become less guarded than usual.

She had been waiting for this day!

It was fine if she did not make a move but once she did, she would definitely strike!

"Little Tiantian, do you know what time the wedding is?" she asked as she wrote a guide on the map.

Bei Mingtian gritted his teeth and said helplessly, "Morning."

"Ah? Getting married early in the morning? Then... When will the preparations for the ceremony begin?"

"The royal family has to be up at three in the morning." Bei Mingtian's tone was desolate.

Gu Qiqi thought about it. Then she would walk out in the middle of the night.

Well, she had to catch up on sleep during the day!

Without another word, she rushed upstairs and occupied her small sofa!

Behind her, Bei Mingtian watched her go up helplessly and sighed.

The servant who was preparing the wedding clothes bowed at the door for a long time.

Bei Mingtian's heart sank as he chased everyone away...

If only the bride were her...

Sighing, he made a call. "General Yu Ye, remove two-thirds of the guards around the king's bedchamber tonight. You ask me why? The wedding ceremony is in the early hours of the morning. Why do you say that?"

= = =

In the wee hours of the morning.

Gu Qiqi tiptoed downstairs.

She walked all the way to the king's bedchamber, following the route she had planned.

The journey was unbelievably smooth!

She often saw patrolling soldiers during the day, but more than two-thirds of them were missing at night. How lucky was she?

However...

When she reached the door of the king's bedchamber, she still had a little trouble.

Although there were fewer guards, the famous General Yu Ye was guarding the door with dignity. He was indeed the number one loyal guard of Country H!

Gu Qiqi wasn't sure if she could really become invisible.

The color spots hadn't grown much in the past few days, so there was a high chance that invisibility would fail halfway.

Just as she was hesitating whether to let the little dirty turtle lure the Tibetan mastiff away and see if General Yu Ye would follow...

Suddenly, someone patted him on the shoulder. "It's useless. Yu Ye won't leave his post even if the dog leaves. He's just that rigid."

Gu Qiqi shivered. "Little Tiantian, can you not be so elusive?"

Bei Mingtian held her gaze. "I'll go in with you."

Gu Qiqi said, "You have a way?"

"Yes." Bei Mingtian brought a blazer and put it on Gu Qiqi. He also put a newsboy hat on her to cover her long hair.

She seemed even more boyish.

"Okay, let's go."

He took her arm as if they were close brothers. He looked straight ahead and actually headed straight for the king's bedchamber!

Gu Qiqi was so nervous that her palms were sweating!

Hey, hey, little Tiantian, what are you doing?

## Chapter 1192: Happy Wedding!

Gu Qiqi's heart was pounding nervously, but Bei Mingtian raised his head proudly and walked straight towards the king's bedchamber.

When they reached the door, Gu Qiqi thought that General Yu Ye would swing his saber and cut the two of them.

Unexpectedly, Yu Ye did not move at all. It was as if he did not see them and let them in!

Damn, if Gu Qiqi wasn't sure that they could see each other, she would really think that she and Bei Mingtian were invisible!

After walking along the long corridor of the bedchamber, Gu Qiqi finally had the chance to ask Bei Mingtian in a low voice, "Hey, what are you doing? Don't tell me you have an affair with that Yu Ye... right? Otherwise, why would he let us in so easily? You have to know that he almost let the dog bite me to death that day!"

Bei Mingtian's looks could kill.

Silly woman. He actually said that he was having an affair with Yu Ye. He didn't like men, okay?!

What he liked was clearly—

Bei Mingtian looked at Gu Qiqi deeply!

A group of guards walked over. Gu Qiqi quickly shut her mouth and turned her face away, no longer wanting to discuss this topic.

However, the questions in her mind grew stronger.

This was because this group of soldiers did not make a fuss about Bei Mingtian at all. In fact, they even seemed to salute him?

What was going on!

Bei Mingtian was good-looking, but she wasn't bad looking either. Why were these men conquered by him the moment he arrived?

At this moment, it was still dark. Most of the people in the king's bedchamber had been dispatched to the prayer hall to prepare for the prince's wedding.

It was said that even the king had woken up half an hour ago and personally gone to the Prayer Hall to inspect it. He had to prepare a perfect wedding for his son.

The group of guards just now was also one of the groups that had been transferred to strengthen the guards of the Blessing Palace.

They did not encounter any other soldiers along the way. It went incredibly smoothly.

She only passed by a luxurious bedroom and heard faint voices through the carved colorful glass.

“Princess Xin Ya, good child. I’ll give you this Eight Treasures Glazed Bracelet! I hope you guys have a good night tonight!...”

“Thank you, Queen!”

“Oh, you’re welcome. Do you want me to give you another secret trick? My son is more innocent and might not have much experience. I’m afraid you’ll be let down...”

“Cough, cough, Queen.”

“No, no, no, it’s not a joke. Beigong has to take this very seriously. Let me tell you, being husband and wife is very important. If your relationship harmonious, the sky will fall. You have to take it seriously. It’s best to study it in advance...”

Gu Qiqi was caught off guard and almost laughed out loud.

“Is this the legendary Queen Xiaowu of Country H?” Gu Qiqi asked Bei Mingtian softly.

Bei Mingtian looked away. He didn’t want to admit it.

Gu Qiqi curled her lips. “I think she’s quite funny and extraordinary! She actually... actually wants to give her daughter-in-law a secret trick. How creative!”

Bei Mingtian was even more silent. His face was like a picture of death.

Through the gap in the window, Gu Qiqi curiously sized up the woman beside the queen, Princess Xin Ya.

Princess Xin Ya was dressed in a noble outfit. Her makeup was exquisite, and her sharp chin made one think she was pitiful.

Gu Qiqi sighed. “I heard that female celebrities nowadays are fighting to have plastic surgery to turn their faces into an awl face, but this little princess has a sharp chin. I think your prince is lucky to have married such a natural beauty. I wonder how he will dote on her.”

Bei Mingtian gritted his teeth and glared at Gu Qiqi. “Aren’t you looking for the Treasure Pavilion? Why are you looking at someone else’s wife so enthusiastically?!”

### **Chapter 1193: Royal Bloodline**

Gu Qiqi quickly retracted her gaze and stuck out her tongue. “Yes, yes, yes. Let’s go to the Treasure Pavilion! Can’t I admire another girl’s looks?”

As she walked, she couldn’t help but talk to Bei Mingtian. “Little Tiantian, do you think such a pure and cute Princess Xin Ya will use that secret trick tonight?”

Bei Mingtian was speechless.

God knows! Anyway, he was sure he wouldn’t use it.

He will firmly refuse!

Bei Mingtian continued walking without a word. Gu Qiqi quickly followed.

He was very familiar with the layout of the bedchamber. He passed through the long corridor and took many turns before bringing Gu Qiqi to an inconspicuous side hall.

“This is the Treasure Pavilion?” Gu Qiqi was dumbfounded.

Bei Mingtian nodded. “Yes.”

Gu Qiqi scanned the surroundings. If this was the Treasure Pavilion, wouldn't the king be too careless?! He placed the treasure in such a simple and crude side hall.

The suet white jade dragon on the shelf was probably worth more than the entire side hall's facilities. However, it was just casually placed there without any fear of being taken away.

The people from the royal family was really interesting.

The entire side hall was filled with countless treasures, but there was no sign of the green Tridacna she was looking for.

Seeing the disappointment in Gu Qiqi's eyes, Bei Mingtian pointed at a golden screen. “There's another secret room behind. Do you want to take a look?”

Gu Qiqi's eyes lit up.

“I know that the royal family must still be hiding a big secret. How could they let us see all the treasures so easily?”

She walked behind the screen and saw a bronze lock on the polished marble door.

She tried to unlock it but it wouldn't open.

There was something mysterious about this lock.

Bei Mingtian followed and looked down at the lock. “This lock can only be opened with royal blood.”

Gu Qiqi held her forehead. “If I had known earlier, I would have secretly gotten some blood from the queen... Sigh, but the queen is so beautiful and her words are so interesting. I can't bear to do it...”

Bei Mingtian was speechless.

He also wanted to strangle this silly woman. If she wasn't so cute, he would have done it long ago!

Just as Gu Qiqi was at a loss.

Outside the side hall, there was a sudden shout. “Who is it? Who is being impudent in the Treasure Pavilion!”

It was General Yu Ye's loud voice and the white Tibetan Mastiff he was holding. Gu Qiqi immediately tensed up. “Little Tiantian, run! I'll block anything. I can't implicate you!”

She stood in front of Bei Mingtian without hesitation and was especially loyal.

However, Bei Mingtian sighed softly.

He bit his finger and dripped a drop on the lock.

The bronze lock clicked open.

He grabbed Gu Qiqi and the two of them crashed into the room behind the marble door.

In the next second, the stone door closed silently!

When General Yu Ye and the white dog rushed to the stone door, they only saw a smear of blood on the bronze lock. "Did the queen come just now?"

Yu Ye looked down and thought for a moment before leaving.

Behind the stone door, Gu Qiqi was so shocked that she grabbed Bei Mingtian's sleeve tightly. "Hey, you opened the door just now!"

Bei Mingtian said, "Yes."

Gu Qiqi said, "But only the royal bloodline can open this door lock."

Bei Mingtian said, "Yes."

He thought that Gu Qiqi would understand everything.

And yet...

Gu Qiqi pondered for a moment and suddenly raised her head. "Little Tiantian, when did you steal the queen's blood when I wasn't paying attention?! You're too loyal!"

She punched Bei Mingtian's shoulder in admiration.

Bei Mingtian was in tears.

He really did look defeated. Was it so difficult for her to connect the dots?

#### **Chapter 1194: Never Thought Of It!!**

Inside the chamber, it was another world.

It was originally a small side hall, but she did not expect the hidden chamber inside to be larger than the entire sleeping chamber.

The two of them explored the room for an hour.

Only then did they finally look around the entire chamber.

Gu Qiqi spread her hands in frustration. "It isn't here."

It seemed that the green Tridacna was indeed precious. It wasn't even in the secret chamber of the royal family. Could it be placed at the head of the king's bed for safekeeping?

Bei Mingtian almost lost his temper. "What exactly are you looking for?"

Gu Qiqi said, "It's very complicated and precious. You won't understand even if I tell you."

Bei Mingtian was speechless.

His patience had already worn thin.

Damn, the silly woman despised him, didn't she? Did he look like an idiot who knew nothing?

Seeing that Bei Mingtian's face was dark and he looked like he was about to explode, Gu Qiqi said, "I want to find a green Tridacna. It's very difficult to find one that's green. Forget it, there's none here. I'll return to the country and slowly look for one..."

The trip to H Nation might have been a mistake...

What was never meant to be hers could not be forced...

She couldn't really snatch it from the king's bedside. She wasn't that unscrupulous.

Little did she know.

Just as she finished speaking.

Bei Mingtian pursed his lips and said in a low voice, "Why didn't you say so? Come with me."

Then he grabbed her hand and strode out.

"Hey, do you know what a green Tridacna is? That's not something an ordinary person can find. Even in Country H, there's only a few in the inland sea..." Gu Qiqi protested and retracted her hand without a trace.

Gong Jue wasn't around. When she touched another man's hand, she felt like she had let him down. Cough, cough!

Bei Mingtian said angrily, "Isn't it just green Tridacna? What's so rare about it!"

Gu Qiqi curled her lips. "Stop bragging!"

Five minutes later.

She stood on the second floor of Bei Mingtian's bamboo forest bedroom.

Gu Qiqi was dumbfounded.

She watched as Bei Mingtian smashed the bathtub in her bathroom.

Then, he took out green Tridacnas one by one... She couldn't count the number of pieces!

What the hell!

The royal family actually hid the green Tridacnas in such a place!

The little dirty turtle's eyes widened. Sob, no wonder it really wanted to bathe in this bathtub these two days. It also wanted to gnaw on this bathtub. Its intuition was accurate, sob!

"This tub was originally decorated by green Tridacnas. I found the green color annoying, so I added a layer of white enamel to cover it."

Bei Mingtian removed all the green Tridacnas and placed it in front of Gu Qiqi, forming a small pile.

Surely, he thought the silly woman would be impressed this time?

Would she be overjoyed?

Would she be surprised?

Would she be touched?!

One second...

Two seconds...

Three seconds...

One minute ... !

Bei Mingtian waited for a full minute, but Gu Qiqi didn't react at all.

Could it be that the woman was stunned?

She might have been looking for one green Tridacna, but she hadn't expected him to give her a pile of it.

A minute later.

Gu Qiqi cleared her throat and suddenly raised her head. She grabbed Bei Mingtian and ran again without another word!

"What ... are you doing!"

"Run!"

"Why are you running?!"

"You smashed the bathtub of the royal family like this. If we don't run, won't we be waiting to be beheaded later? Although you're not very handsome, being beheaded makes you even uglier!"

Gu Qiqi said very seriously.

Bei Mingtian looked at the sky and wanted to cry. If he died young in this life, he would definitely be angered to death by this silly woman. He really didn't know how Gong Jue got along with her and how he could talk to her calmly every day.

### **Chapter 1195: Love and Hate!**

Bei Mingtian was dragged downstairs by Gu Qiqi.

He was about to flare up.

Gu Qiqi suddenly pushed him upstairs. "Quick, quick, quick! Hide quickly! I was the one who stole the green Tridacna. It has nothing to do with you!"

Before Bei Mingtian could figure out what was going on, Gu Qiqi locked him in the bedroom on the second floor.

Gu Qiqi held the door open and looked heroically at the group of guards moving up the stairs!

She had only done such a bad thing once in hiserlife. Retribution had come so quickly.

These guards catch thieves, don't they?

To her surprise.

When the guards reached the top of the stairs, they did not move again. Instead, they formed two neat lines and looked straight ahead.

Immediately, a woman in a palace dress separated the crowd and walked lightly to her.

It was the queen!

The queen she had seen in the king's bedchamber two hours ago!

Behind the queen was a middle-aged man. He had a crown on his head and was dressed in auspicious clothes. He reached out and tried to support his wife. He instructed, "Little Wu, slow down. Your dress is long and it's easy to trip. There's no hurry about the child. Anyway, we've missed the auspicious time. Let me reprimand him. Don't be angry..."

Gu Qiqi raised her eyebrows.

This, it seemed, was undoubtedly the king.

And he was a king who doted on his wife...

Her breath hitched, and she cleared her throat, preempting them. "Well, excuse me, but I'm returning the green Tr—"

The queen cut her off before she could explain. "Are you the boy Yu Ye was talking about, the one who is confusing Tiantian every day?"

Gu Qiqi was speechless.

General Yu Ye looked old. His eyesight was failing!

At this moment, Gu Qiqi was wearing Bei Mingtian's clothes, pants, a baseball cap, and a suit jacket. She indeed looked like an unruly boy.

Still ...

"Cough, cough, cough. Are you talking about Little Tiantian? He's my senior brother. We're brothers. However, the matter with the green Tridacna has nothing to do with him! It's me, I took it! If you want to question me, look for me!"

Bei Mingtian, who was locked behind the door, felt his heart surge.

No matter what, Gu Qiqi was very loyal to him.

She trusted him unconditionally and protected him. There was nothing to say about this. She was extremely righteous.

But...

Could he say that he didn't want this kind of brotherhood!?

He would rather she be as frightened as a rabbit and hide behind him, trembling. He wanted her to grab his clothes and say, "Senior Brother Ming Tian, I'm afraid! Can you protect me?"

However, he knew very well that this wasn't Gu Qiqi's style.

Gu Qiqi was the kind of girl who would rush to protect him when she encountered something! Just because he was her senior brother and a member of her former team, she would stand on his side unconditionally.

This made him love and hate her at the same time!

At this moment, Gu Qiqi was clearly doing as Bei Mingtian had expected. She stepped forward and tried her best to protect him, trying to take responsibility for stealing the green Tridacna.

However, everyone present didn't seem to have any interest in this precious treasure. Instead, they focused their gazes on Gu Qiqi.

It was as if she was more eye-catching than the green Tridacna!

This was especially true for the Queen. Her big bright eyes were filled with curiosity that did not fit her age. "Handsome man, do you have any thoughts about my Little Tiantian?"

### **Chapter 1196: Can Two Men Get Married?**

Gu Qiqi almost choked!

This Queen was really unusual!

She had no feelings for Bei Mingtian!

No, no, no. Wait. What did the Queen say?

Her Little Tiantian?

Little Tian Tian—was royal?

Gu Qiqi was stunned.

She could hear the Queen and the others pressing her so enthusiastically that she could barely hear them.

"What's your name, handsome? Which country are you from? Where do you live?"

"Don't tell me you're from the Empire? Why does your accent sound so familiar? Oh dear, actually, my hometown is also in the imperial capital. Maybe we're from the same hometown, handsome!"

“Let me tell you, handsome, if you really like our Little Tiantian, go after him boldly!”

“Cough, cough, cough. Wife, take it easy. Xiao Tian is getting married to Princess Xin Ya today... Besides, the handsome boy in front of you is a man...”

“Man... Oh, right. That’s a little more troublesome. Can two H Nation men get married?”

“Wife!!! I refuse to answer that question!”

Listening vaguely to the Queen and King’s argument, Gu Qiqi was already in a mess.

So, according to them, Bei Mingtian was the prince who was going to get married?

Yes, Bei Mingtian had said that he was going home to get married when he left school.

Besides, the familiarity with the palace that he had shown over the past few days and the tolerance that Yu Ye had shown him were strange.

Just now, he even used his royal blood to open the secret room...

This simple-looking bamboo forest bedroom had hidden green Tridacna...

Damn it, there were so many clues. Why didn’t she expect Bei Mingtian to be a prince?

Perhaps he always treated him as a loser senior brother who she competed with in the team competition?

Little Tian Tian must be having a mental breakdown, right?

But Bei Mingtian’s name... that didn’t sound right either. Didn’t the royal family of Country H have the surname Beigong?

Gu Qiqi was thinking deeply when Bei Mingtian came out from behind her.

He said slowly in Gu Qiqi’s ear, “Beigong Mingtian is my original name.”

Gu Qiqi’s mind exploded.

Having received confirmation from the person involved, this news really drove her crazy.

Gu Qiqi said, “Why did you lie to me? Why didn’t you tell me?”

Beigong Mingtian said, “You didn’t ask me.”

Gu Qiqi said, “I did! The first night I came to the bamboo forest bedroom, I asked if you were here to watch the ceremony! You said yes!”

Beigong Mingtian said solemnly, “I... was just preparing to watch the ceremony. The engagement is not what I want, because I never planned to get married!”

Gu Qiqi was speechless.

Damn, she couldn’t argue with him.

When did Little Tian Tian become so eloquent?

Gu Qiqi finally understood.

It turned out that Beigong Mingtian did not want to marry that little princess at all. No wonder he did not have the aura of a groom at all. She did not even think of him as a prince.

Alright, she had stolen something in Beigong Mingtian's house. Then, Beigong Mingtian personally led the wolf into the house and helped her steal something!

It could be said to be extremely awkward!

However, at this moment, the more the two of them argued, the happier the Queen became.

Her eyes grew brighter. "Um, excuse me. There's a question I want to ask!"

Beigong Mingtian's eyes darkened. "There's no need to ask. I won't marry that woman. I don't want to be tied to the royal family, nor do I want to be married to a stranger of equal status. If you insist, I don't want the position of successor! Choose whoever you want!"

As he spoke, his gaze swept across Gu Qiqi.

### **Chapter 1197: Little Tian Tian Is Too Dirty!**

Beigong Mingtian's resistance to this marriage really shocked Gu Qiqi.

This was no ordinary successor.

This was the heir to the throne.

Beigong Mingtian had actually given up his throne to defend his marriage freedom.

That's very impressive.

She was suddenly impressed with this older boy.

However, within seconds of her approving gaze, she realized that she had rejoiced a little too soon.

The queen said with a smile, "Yes, yes, I understand. Do you have a sweetheart, Tian Tian?"

As he spoke, he kept glancing at Gu Qiqi.

Gu Qiqi's fingertips trembled.

What was happening?

Why did it feel like the flames of war were affecting him?

Indeed.

The next second.

Beigong Mingtian curled his lip. "Well, I have my own aesthetic and my own feelings. I don't like being manipulated."

As he spoke, he was caught off guard and reached out his long arm to hug Gu Qiqi!

Now silence prevailed.

It was self-evident what his taste was and what kind of person his feelings were aimed at!

Gu Qiqi was stunned.

What did he mean?

She looked up and gave him a sharp look.

She couldn't beat him too hard in front of his parents, so she reached out and pinched his back.

Beigong Mingtian felt a sharp pain in his lower back. He didn't frown. Instead, his features relaxed.

Well, as long as he could be intimate with her, even if it meant getting beaten up, he was so willing.

Gu Qiqi was even angrier when she realized that he didn't react.

She whispered in his ear, "Beigong Mingtian, are you crazy? If you want to escape the marriage, why are you dragging me into it? I don't want to be your shield! Let go! Don't force me to beat you up in front of your parents!"

Beigong Mingtian was slightly disappointed for a moment, but he quickly adjusted himself. He raised his chin proudly and replied in a low voice, "Gu Qiqi, isn't this a little unkind? I helped you get the green Tridacna, and this is how you repay me?"

Gu Qiqi felt guilty for a moment.

Yes, everything started because of her.

If she hadn't dragged him to steal the green Tridacna, he wouldn't have missed the auspicious time of marriage.

Even if he missed it himself, it wouldn't make his mother suspect that he'd found someone on the side and refused to marry.

She had basically gotten herself involved.

Even worse, there would be a price to pay for taking the green Tridacna.

She couldn't bring herself to be one of those bastards who stole and denied it.

Gu Qiqi struggled in her heart for a long time before she made up her mind. "Forget it! I don't want the green Tridacna anymore! I'm sorry, the repayment you want is too expensive. I can't afford it!"

With that, she seemed to have the intention of leaving.

Beigong Ming let go and did not force her to stay.

However, he added lightly behind her, "It's not good to leave after taking advantage of people, right? So Gu Qiqi, you're the kind of person who doesn't acknowledge others after eating their things?"

Gu Qiqi staggered. "F\*ck, Little Tian Tian, you're too dirty..."

When had she taken advantage of him!

That was slander!

What blatant slander!

However, Beigong Mingtian opened the door and casually pointed to the side of the bedroom, beside the bathtub. "You didn't eat it. Your pet did."

Beside the bathtub, the precious green Tridacna that had fallen to the ground had already been eaten by the little dirty turtle one by one!

On the other hand, the little dirty turtle, that had eaten until its stomach was round and full, was burping and greeting Gu Qiqi. "Master Silver, it's so delicious... One more piece and I can level up..."

Gu Qiqi was speechless.

Damn, little dirty turtle, you have no morals. You actually... ate it all just like that.

And Beigong Mingtian, aren't your eyes too good?

### **Chapter 1198: I Won't Do Anything Immoral**

Gu Qiqi had been wearing the little dirty turtle necklace for so long, but no one recognized that it was a little dirty turtle. Beigong Mingtian actually... recognized it!

He even did it from such a distance.

He could also tell that it was a pet and not an ornament.

The main point was that Beigong Mingtian had yet to express his surprise that the little dirty turtle had eaten so much green Tridacna.

She could not help but look at Beigong Mingtian in a new light.

However, no matter how impressed she was, she could not agree to be his sweetheart.

If Gong Jue knew about this, wouldn't he break... Beigong Mingtian's legs?

For the sake of Beigong Mingtian's life, it was better for her to cut ties with him.

However, Beigong Mingtian was clearly prepared to be scheming to the end. "Your pet ate all my green Tridacna. As its master, shouldn't you repay me? Unless it can spit it out as it is..."

Gu Qiqi hurriedly asked the little dirty turtle, "Can you spit it out?"

The little dirty turtle burped. "Uh—Master Silver, they've all turned into color points. I can't spit them out!"

Gu Qiqi was speechless.

Beigong Ming's eyes narrowed. "Or perhaps you could find the same weight of—"

As he spoke, he answered his own question. "But that's impossible. These are the only pieces in my bedroom in the entire world. It's impossible to find them again."

Gu Qiqi looked at Beigong Mingtian murderously.

This bastard usually looked quite honest, but he was unexpectedly scheming when it came to deals.

He knew how rare green Tridacna was.

She could not find it even if she searched the entire world. That was why she came to the palace to steal it.

He actually used that as a bargaining chip.

But she was in the wrong!

She was depressed. "What exactly do you want? It's impossible for me to do something without integrity, let alone something that would let Gong Jue down! It's impossible for me to marry you!"

Beigong Mingtian felt a stab of pain in his heart.

He was smiling bitterly, but she was still maintaining her pride. "Who said anything about marrying you? I just want you to act with me and fool my parents. Let that Princess Qingya leave and stop pestering me!"

Gu Qiqi relaxed and whispered, "That's easy. I can testify for you. Just say that you like the school belle of our school... For example, Xiaolan. Yes! Xiaolan is not bad. I still have her photo on my phone! Show it to your mother. She must like obedient girls like Xiaolan..."

Beigong Mingtian's lips twitched.

He cut her off angrily. "No!"

"Why not? It's a good excuse. Your mother seems to be an open-minded person. She wouldn't force you if she knew you had someone in mind."

The veins on Beigong Mingtian's forehead bulged. He said stiffly, "No woman can do it!"

Gu Qiqi said, "Huh?!—"

What was going on?

Beigong Mingtian gritted his teeth in her ear. "Only by making them think that I don't like women can this engagement be broken off!"

Gu Qiqi was petrified again.

Beigong Mingtian, you're ruthless!

You're the only one I admire!

It took a lot of courage to be willing to admit that he didn't like women in order to break off the engagement.

Gu Qiqi suddenly felt that Beigong Mingtian, who was born in the royal family, was a little pitiful.

He couldn't even choose his own marriage and had to suffer by pretending to like men.

She suddenly wanted to speak up and help him escape.

Not to make amends or make a deal but simply to help her poor little friend.

But...

"Since you don't like women, I can't help you. Why don't I testify that you like Qiu Qiu? I have a photo of Qiu Qiu too. It's just that this kid is slovenly, fat, and a little lacking in persuasion. It's a little difficult to convince your mother that you like him, to be honest."

### **Chapter 1199: Wedding with Young Master Ye**

Gu Qiqi casually mentioned that she would let Qiu Qiu be Beigong Ming's sweetheart.

Qiu Qiu?!

Beigong Mingtian wanted to strangle this silly woman again.

He really didn't know how Gong Jue could resist strangling her.

His face hardened. "You don't need to. There's one right in front of me. Why go so far?"

"Ah?"

"Your men's clothes are very suitable. There's a... resemblance to Young Master Ye."

Gu Qiqi was stunned. Only then did she realize that she was dressed as a man.

That's right. Cough, cough, cough. She... could act too.

Beigong Tianzhen had sharp eyes. He could tell that she and Young Master Ye looked similar.

She patted her chest loyally. "All right. I'll promise to help you this time."

Beigong Mingtian's eyes flashed with surprise as he nodded. "Then don't talk nonsense later. Listen to me."

Gu Qiqi said, "Okay."

It's just an act. It's not real.

Alright, even if Gong Jue knew, he would praise her for her kindness and saving lives, right?

After their verbal sparring, they finally turned their gazes to the queen and king, who were eagerly looking forward to their response.

Beigong Mingtian said calmly, "I already have someone in mind."

The queen looked gossipy. "Who, who, who? Son, who do you like?"

Although she asked, she was actually looking at Gu Qiqi expectantly.

Hmph. I knew it. These two young men were flirting and making out. There must be something going on.

Beigong Mingtian coughed, feeling a little embarrassed by his mother's unrestrained actions. He also turned to Gu Qiqi and said in a low voice, "It's him... He's my sweetheart."

The queen's eyes lit up. "What is your name, sir?"

"His surname is Ye, and his name is Ye Mu. You can call him Young Master Ye." Beigong Mingtian rushed to answer.

He was afraid that Gu Qiqi would say something wrong and make his mother suspicious.

However, he was overthinking it. The queen was as happy as ever. "Really, son, you've really found someone you like? That's great. To think that I was worried that you and Princess Qingya would have to develop a relationship. I don't know how long it would take for a blockhead like you to become enlightened. I didn't expect you to become enlightened by someone else. Don't worry, son. Since you really don't like Princess Qingya, I'll talk to her about breaking off the engagement. You'll live happily with your sweetheart!"

Gu Qiqi was dumbfounded.

She was probably the most open-minded queen she had ever seen in her life.

Did she just... dump the princess?

She could not help herself. "Queen, I am a man—"

The king couldn't help but remind the queen, "Honey, there's no law in H Nation that restricts two men from marrying—"

The queen was unconcerned. "The law can be changed. What's the big deal! What's the difference between a man and a woman? It's fine as long as they're truly in love. It's a crime to marry someone who isn't in love, okay?"

Gu Qiqi was speechless.

The queen made a good point, and she couldn't argue with her.

Beigong Mingtian seemed to have expected his mother to agree. He calmly pulled Gu Qiqi towards the bedroom. "Since Mother can help me settle the engagement, I won't appear. We still have to rest."

Gu Qiqi staggered. Rest my ass!

The queen was also anxious. "Wait! Tian Tian, you... I can handle the princess. But the wedding can't be canceled. Why don't we just hold a wedding with you and Young Master Ye?"

Gu Qiqi was speechless.

She knew it wouldn't go so well!

**Chapter 1200: Gong Jue Returns and Blows Up Country H**

The queen's suggestion took everyone by surprise.

The king was the first to advise her. "Wife, this... can we discuss this at length? This wedding is shocking!"

The queen blinked fiercely at him and deliberately lowered her voice, but her clear voice was still heard loud and clear.

"Husband! We can't wait! Didn't you say that you wanted to travel the world with me and eat global delicacies? But how can we do as we please when we're in the position of the king and queen? We have to get our son married quickly, and then let him and his husband sit in our seats. Only then can we not worry about our country and trivial matters. The two of us can go out and play leisurely! If you come up with some long-term plan, our travel plan will be delayed for several years. No, I don't agree!" the queen said firmly.

Gu Qiqi was dumbfounded.

This... this queen was really quite willful and special!

She actually didn't care about such a noble position and could not wait to get rid of it.

However, the king's reaction made Gu Qiqi even more surprised.

The king nodded solemnly. "My wife is right. Let's do as you say and hold a wedding for them immediately. Let's pass the throne to this brat immediately."

Gu Qiqi was speechless.

It turned out that the king was more willful!

He was a perfect wife slave.

She gave Beigong Mingtian a sympathetic look. He must have had a very special childhood with such loving parents.

Beigong Mingtian glared back at her. Well, he was especially... tragic!

These two gluttons basically ignored him when he was young. He was brought up by his uncle! Even his name was so casual. Speaking of it was simply saddening!

The queen and the king had reached an agreement. Beside them, General Yu Ye and the other soldiers could not persuade anyone no matter how shocked they were.

Gu Qiqi and Beigong Mingtian exchanged glances again.

Gu Qiqi was determined not to get married today! They gave each other warning looks.

Beigong Mingtian: You make it sound like you'll allow me to marry you on another day!

Gu Qiqi: Little Tian Tian, don't get too into character! Remember to read the script! Don't act recklessly!

Beigong Mingtian: Got it. I know what I'm doing.

Deep down, he wasn't immune to loneliness.

This silly woman was unwilling to marry him even though she was acting. How much did she dislike him?

He hid his sad heart and kept his expression neutral as he spoke to the queen and king. "The wedding cannot take place today."

"Why?" the two people said in unison, frowning deeply.

Beigong Mingtian said, "I wanted to give him the best wedding. I have to prepare it myself."

Gu Qiqi was speechless.

If those words had not been directed at her, she would have been moved to death!

Unfortunately, she was the main character. At this moment, all she wanted to say to him was, "Best your ass! Thank you, but I don't need it!"

However, the queen and king were touched. "Son, you're really Mom and Dad's biological son. You're so romantic and affectionate!"

Beigong Mingtian took the opportunity to say, "Therefore, the wedding must be canceled today. As compensation, you can announce in writing that Young Master Ye and I have confirmed our relationship."

Gu Qiqi was speechless.

Hey, hey, hey, this line can't be used at will!

What did he mean by confirming their relationship!

She could already imagine Gong Jue exploding when he heard this news!

Beigong Ming turned slightly and gave her a reassuring look that said it was a temporary measure.

Gu Qiqi endured it and knew that Beigong Mingtian was only trying to escape.

Alright, Young Master Ye was just an empty title anyway.

It didn't really exist.

The announcement had no real impact.

The main point was that Gong Jue was very busy now. He shouldn't... have much time to watch the news, right?
